Full Council Meets To Discuss Agenda

The City Council of the City of Munday, Texas met in regular session September 9, at the Munday City Hall.

All members, Mayor Doris Dickerson and Aldermen Jessie Andrade, Jessie Tucker, Garon Tidwell, Gene Brown and Richard Albus, were present.

Mayor Dickerson called the meeting to order. Minutes of the August 12, 1986 meeting were read with no alterations. Mayor Dickerson stated minutes are approved as written.

First business was a requested audience with the council to discuss City employment policies; also to review condition of privately owned uninhabitable buildings on Fir Avenue. The party so requesting did not attend the meeting. The council discussed employment policy of the City. The council decided more detailed employment guidelines are needed. Tidwell moved the City Administrator secure Council of Governments help and develop the proposed guidelines, if possible, by the next council meeting. Andrade seconded. All in favor. Buildings on Fir Avenue are privately owned. Owners will be contacted to try to encourage owner cleanup.

Several volunteer firemen attended the meeting to discuss the demise of state funding for the Firemen's Pension Fund. The City and State of Texas formerly financed this system 50/50. The State began the system many years ago with no city funds required. The council, after discussion, decided to continue its funding as now budgeted, reduce pensions and benefits accordingly, and see if possibly the next State Legislature might be more receptive

to restoring funding. Approximately 40 towns are affected.

Next discussed was the need for a new landfill. No official action was taken; to be further discussed at next meeting.

Two letters in reply to ours were read: One reply in regard to highways from Senator Farabee; one in regard to tax exempt status of city bonds; reply from the White House. No council action required.

Next presented was a request from Texas Civil Justice League requesting \$100 to support tort reform. Council instruction was to support this effort after further Texas Municipal League contact with their attorney. After evaluation, the Mayor and Administrator are authorized to either join or decline.

Council decision on insect control for the City Hall and Fire Station at this time was to use one-time control and treat as needed instead of a monthly contract.

After examination of the 1986 tax roll, Brown moved the City Council of the City of Munday, Texas, according to Section 26.09E of the Texas Property Tax Code, has passed a resolution approving the 1986 Tax Roll. Albus seconded. Voting for the resolution passage were Brown, Albus, Tidwell, Tucker and Andrade.

Mayor Dickerson reminded the council of a Council of Governments annual meeting to elect area officers will be at noon September

School Board Hires New Teacher Aide

Members of the Munday Independent School District board of trustees met September 11 for their regular monthly session. "We had more of a discussion agenda than an action agenda," said school superintendent Doyle Lowrance.

Among business items handled was the employing of Mary Denise Groves to serve as a teacher aide at the elementary school. She replaces Charlotte Jackson, who recently resigned.

The board also paid bills and adopted policies concerning teacher evaluation.

AT MUNDAY NURSING CENTER

Volunteer Group Organized To Provide Personal Service

If any area women have some spare time - especially on Mondays - a newly developed organization can certainly use your help!

The Sunshine Ladies is a group being formed to provide volunteer services to the Munday Nursing Center. The idea was the brainchild of Imo Brockett, who saw the need for more volunteers at the home while visiting her mother. This group will not replace the volunteers who are now performing volunteer duties at the home but will fill other time slots for group activities and will also provide a variety of personal services for the residents.

"The staff at the nursing center is so competent and compassionate," Mrs. Brockett said. "I see the Sunshine Ladies as an extension of that staff. We will stress the personal touch to each resident in a one-on-one capacity."

Sunshine Ladies will read or write letters for the residents, will run errands, take the residents for walks - needed services that a busy staff may not have time to give. "And we will let them talk to us," Mrs. Brockett added. "Sometimes the residents just need someone to listen

to them."

Members of this organization will wear yellow and white checked gingham aprons with smiling face badges or pins, so they will be highly visible to residents of the nursing home and to citizens in town. Classes in various arts and crafts may be taught in conjunction with the Sunshine Ladies' efforts.

Monday afternoon will be their regular time at the center but the volunteers may also help the staff on special occasions.

An organizational meeting of the group has been set for 2 p.m. Monday, September 22, in the home of Shirley Welch at 943 Cisco. Interested persons are urged to attend the meeting. Ladies who can be contacted for more information include Imo Brockett at 673-4671, Muryse Stone at 422-4572 or Nancy Cypert, Munday Nursing Center activities director, at 422-4541.

"Working with the residents at the nursing center is contagious," Mrs. Brockett enthused. "We will get more out of it than they will. We'd like to interest lots of volunteers so we can keep this project going for a long time."

EATING A HEARTY MEAL: Joe Tidwell, left, and his son, Doug, are shown filling up on pancakes and sausage at the Lions Club pancake supper held Friday night before the Munday-Knox City ball game. A large crowd of residents were served stacks of pancakes to benefit the local Lions organization.

SERVING IT UP: Kathy Byard and Daniel Ramirez were part of the serving line at the Munday Lions Club pancake supper Friday night. In the background preparing more pancakes and sausage are Lions Wilfred Bellinghausen and Bob Brown, and Mrs. Bobbie Kegley, head of the Munday High School cafeteria staff, who helped cook and serve the meal.

Two Local Bids Accepted For Conservation Reserve Program

Bids on 827,991 acres of land in Texas were accepted by the Agricultural Stabilization and Conservation Service in the U.S. Department of Agriculture's latest Conservation Reserve Program sign-up for 1987. Bids were accepted from 2,953 farmers. In Knox County, two bids were accepted on 250 acres.

The state was divided into seven bidding pools. The highest bid accepted from pools 1 and 2 was \$40.00 per acre on 769,656 acres. These two pools make up the western one-third of the state.

Bids of up to \$35.00 per acre were accepted from pool 3 on 5,019 acres. This area includes Central Texas west of the Texas Blacklands.

Bids of up to \$40.00 per acre were accepted on 33,025 acres in pools 4, 5, and 6. This area includes the Texas Blacklands, East Texas, and part of Southwest Texas.

Bids up to \$55.00 per acre were accepted from pool 7 on 20,923 acres; this pool covers the Coastal Prairie and the Lower Rio Grande Valley.

Bids have now been accepted on a total of 4,086 farms totaling 1,137,454 acres. The latest sign-up period, August 4-15, follows earlier ones held in March and May.

Cropland that is in Land Capability Class VI, VII, and VIII or land that appeared to be eroding at greater than 3.5 times the tolerance level at sign-up time is automatically accepted. Land that appeared to be eroding between 2.5 and 3.5 times the tolerance level was declared questionable; Soil Conservation Service personnel will determine final estimated erosion rates on a field by field visit to this land.

Any questionable land that is determined to be eroding at an estimated rate of more than three times the tolerance level with an acceptable bid will be placed in reserve.

In determining estimated erosion, SCS personnel use the Universal Soil Loss Equation for water erosion and the Wind Erosion Equation for wind erosion.

SCS conservationists are now in

the process of preparing conservation plans on land accepted in CRP. Cropland will be planted to grasses and legumes, wildlife plantings, windbreaks, or trees.

For land accepted into CRP, farmers will receive their per acre bid annually for ten years. They will also receive 50 percent cost-share assistance for establishing permanent vegetation or trees.

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, September 24, to assist citizens in filing for Social Security retirement, disability, survivors, Medicare or Supplemental Security Income benefits.

Moguls Blast Hounds In Hometown Debut

The Munday Moguls extended their win streak over the Knox City Greyhounds with a 41-16 drubbing in their home opener Friday night. Munday jumped out to a quick 20-0 lead in the first quarter after a blocked punt, a pass interception and a fumble, and the Hounds had to play catch-up the rest of the night.

Munday's J.B. Jones blocked Eddie Lasoya's punt just seconds into the game and Jimmy Sosa scooped the ball up and ran it down to the Knox City 23. From there, two running plays by Ricky Taylor gained the necessary yardage for the game's first score, and Jones kicked the first of his five extra points. Munday kicked off to the Greyhounds, and on the second play from scrimmage, Jones continued his heroics, intercepting a Gonzales pass on the 41 and returning it 21 yards. The Moguls stayed on the ground for five plays, with Jones capping the drive on a five-yard plunge into the endzone.

Knox City's troubles were far from over, as the kickoff return team fumbled the ensuing kick and Lowell Hutchens was right there to recover. This time it was Curtis Taylor who bolted across the goal from 29 yards out, and the Moguls led 20-0 less than halfway into the first quarter.

The Greyhounds came back to mount a 15-play, 66-yard drive that ended on the Mogul three. Four plays inside the 11-yard line netted the Hounds only eight yards, and the ball turned over on downs. Munday lost no time in getting out of home territory as Jones rushed 52 yards on the first play from scrimmage. Curtis Taylor, Ricky Taylor, Anthony Stinnett and J.B. Jones took turns carrying the ball downfield, and Curtis Taylor did the honors with a one-yard burst across the goal. Jones' kick made the score 27-0.

Knox City finally got on the scoreboard late in the first half.

Runs by Trent Driver and Anthony Oudems got the Hounds inside Mogul territory and a pass to Oudems kept the march alive on a crucial third down. Another pass for three yards to Oudems gave the Hounds six points, and Driver ran the ball in for the two-point conversion, narrowing the Mogul lead to 27-8 at halftime.

But the Moguls increased that lead with two quick touchdowns in the third quarter. Trey Thompson recovered a David Gonzales fumble at the Knox City 29, and two plays later Stinnett kept the ball for a 19-yard scoring sprint around right end. Knox City was forced to punt after three plays, with a swarming Munday defense pushing them farther back towards their own goal line. A short punt was returned to the 28, and it took only five plays for Munday to add another seven points to their score. Jones tallied his second touchdown of the night and kicked the final extra point, giving Munday a 41-8 lead.

A pass interception late in the third quarter gave Knox City the ball in the Munday end of the field. But Chris Baker and company held the Hounds for only seven yards in four plays, and Munday got the ball back. This time the offense broke down and had to punt. On the first play from scrimmage, Gonzales hit

17 at the Shamrock Cafe in Munday. All council members are invited, he said.

The Munday Housing Authority's annual report and minutes were reviewed. No council action required, however the council requested Mayor Dickerson to appoint one member to the Housing Authority Board for a two year term to replace Frank Jackson, who has resigned, also to appoint someone for a two year term as Dorse Collins' term expires in October. Mayor Dickerson said he would take care of these appointments.

Next, the council considered pay-off the 1985 GMC fire truck. Approximately \$2,761 would be required from the current budget. After review, Tidwell moved the truck not be paid off at this time due to budgetary considerations. Albus seconded; all for.

MOGULS

Oudems with a 48-yard strike down to the Munday four yard line. On the next play, Curtis Taylor grabbed a Greyhound fumble, then the Hound defense forced Munday to cough the ball up. Richie Saxton pushed it in from the two, giving Knox City a six-pointer courtesy of a Munday miscue. Shane Lewis caught a pass for the two-point conversion.

The teams exchanged punts for the rest of the fourth quarter, and the game ended with Munday having penetrated in Knox City territory on a 31-yard run by Stinnett.

A balanced rushing attack by the Moguls had to be the key to this game. Stinnett led the team with 96 yards on nine carries, followed by Jones with 76 yards on 11 tries. Brothers Curtis and Ricky Taylor ran for 70 yards each on ten and nine carries, respectively.

Oudems was the leading rusher for Knox City with 88 yards on 19 carries. Trent Driver carried the ball ten times for 31 yards. Greyhound quarterback David Gonzales found Oudems and Brian Correll for his six completed passes.

Munday will journey to Archer City Friday, September 19, for an 8 p.m. kickoff with the winless Wildcats. Junior varsity and junior high games will be played here Thursday beginning at 5 p.m.

Coach Steele Comments

I was tickled to death with our win against Knox City. It was a super ball game. The whole offense looked good, and I am certainly happy we made the offensive changes we did. The way the kids played was a pleasant surprise.

Our running backs had a good game. Ricky Taylor not only ran well, but he made several key blocks that showed extra effort. We didn't need to throw the ball much, but we know that Anthony can throw when

we need to put the ball in the air. The line blocked real well. Chris Baker, Howard McPherson, Glen Reid and Lowell Hutchens are some players who come to mind as putting out some real effort, and Jay Donoho had a good game, too.

Defensively, Chris, Lowell, Ricky and Curtis Taylor had outstanding efforts, as did Trey Thompson. David Hertel and Jimmy Sosa played well at the end spots. It's hard to single anyone out, because the whole team played very well.

We gave up one long drive on defense, but also held Knox City on three big fourth down plays to stop drives.

Archer City is a young team but I feel they are well coached. The thing that scares me about a team like the Wildcats is that you never know what night everything is going to click for them and they are going to come out and play really well. So we

need to be prepared and ready for a hard-nosed game. Anthony is still only about 85 percent effective on his sore ankle.

It's A Boy!

Billy and Rhonda Richardson of Munday are proud to announce the arrival of their son, Dustin Andrew. The young man made his first appearance Saturday, September 6, at Wichita General Hospital. He tipped the scales at 9 lbs., 2 oz., and measured 21 inches long.

Happy grandparents are Billy and Jeanene Redder of Munday and Jacky and Joann Richardson of Seymour. Great-grandparents are Mr. and Mrs. Jack Richardson of Ninneka, Okla. Dustin Andrew also has a proud uncle, Dwayne Redder, who is ready to help spoil his new nephew.

We would like to take this opportunity to express our heartfelt thanks to the people of Munday and surrounding area for the many kind deeds shown to us during Keith's surgery. The prayers, cards, visits and food were appreciated very much.

We especially want to thank those who donated their blood for Keith.

Thank you again for your loving concern.

Keith and Jinx Burnison

We would like to express our deepest gratitude to all our friends for the many acts of kindness extended to us during my stay in the hospital and since my return home.

We appreciate so much the prayers offered in my behalf, the food, flowers, cards, calls, visits and concern.

Please continue to pray for my recovery. May God bless each of you.

"Your Satisfaction Is Our Security"

ART LAWLER

Dear Clarence:

Thank you for your interest in Mox Nix the family step-cat. It will, however, be impossible for me to fulfill your request for an update column about our cat's most recent activities.

Please don't take this wrong. When you hear what I have to tell you, I think you'll understand my reluctance.

The last time I wrote a Mox Nix column a normally placid individual threatened me with bodily violence. "I can't help it," he said. "I'm a peaceful man by nature. But I'm sick of reading about a cat with no tail, a plastic spine and a Billy Martin disposition. If I ever read that name (Mox Nix) again, I'll probably lose my mind and not be responsible for my actions."

I told him I didn't want to have anything to do with his losing his mind. Besides, I told him, once lost they are almost impossible to recover, and, in fact, my wife had been searching for the one I misplaced several years ago.

Had I felt safe enough to write a column about Nix I would have told people about her most recent confrontation with a rattlesnake. As it is, it'll just have to be our secret.

What happened was this: Mox Nix had finally tired of dragging half-eaten cottontails to our backdoor and had persuaded a rattlesnake to follow her home. It was only when the rattlesnake had slithered up to one of the windows beside our bedroom that she started clawing at him.

This provocative action resulted in the rattler coiling up in the traditional obstinate manner. The snake also made divisive rattle noises, which in time, caught the attention of my wife, who was in bed reading.

"What's that noise," she said. "Just locusts," I said.

"Sounds like a rattlesnake to me." "Don't be silly," I said. "A rattlesnake wouldn't be outside our window?" "What about Mox Nix? She's not in the house."

"Don't worry," I said. "The last thing

she's going to get hooked up with is another snake."

Apparently my voice lacked reassurance because a moment later we were both standing on the deck in our underwear and looking around the corner of the house.

"It is a rattlesnake and Mox Nix is standing right in front of it," she said, as if I'd been stricken with blindness. "We've got to do something," she whispered.

"What do you want me to do, strangle it?"

"I didn't have a gun and the hoe was all the way around on the other side of the house and my feet were frozen to the deck."

"Don't just stand there," she said. "Mox Nix will be killed. Please do something."

That's when I began whispering to Mox Nix. "Here Mox Nix. Here Mox Nix. Come here, please. We're both in trouble if you don't."

Mox Nix, who was in a "charge," motionless state, caught my grotesque appearance with her peripheral vision. Even now, in the midst of all this danger, she had a perturbed look on her face - probably because I was her as if she were a dog.

For once, though, she followed instructions, delicately back-pedaling to safety while the rattler rattled relentlessly.

To make a long, scary but uneventful story short, we got her in the house safely and closed the door. The rattlesnake slithered quietly away into nearby vegetation.

When outraged friends scolded me the next day for not killing the snake, I told them I wasn't the kind of person who would thoughtlessly fool with the delicate balance of our ecological system.

Nor with a steamed-up rattler.

Illumination Facts

Last week we took a look at the energy efficiency of incandescent light bulbs. Today we are going to look at ways to use incandescent bulbs more efficiently.

Wherever you can, use a single high-wattage bulb instead of several low-wattage ones. High-wattage bulbs don't last as long as low-wattage bulbs, but the money saved in electricity will more than compensate for the price of a new bulb. Be sure to check to make sure your fixture can accommodate high wattage bulbs before installing them.

In fixtures with two or more sockets, use just one high-wattage bulb. Place burned out bulbs in the empty socket. Moisture can penetrate an empty socket and cause a short circuit.

Look for bulbs marked "energy efficient". Although they may be more expensive than standard bulbs, the energy-efficient models should save you money in the long run. Don't confuse "energy efficient" bulbs with those marked "long life."

With three-way bulbs, you can adjust the light to your particular needs and eliminate waste. For added savings, try the new energy-saving 30-70-100 watt and 15-35-150 watt three way bulbs. They produce more light per watt than the standard version.

A new family of incandescent bulbs in 34, 52, 76, 90 and 135 watts are available to replace the standard 40, 60, 75, 100 and 150 watt bulbs. These new bulbs also have higher lumens per watt than the bulbs they replace.

Barrett, Edrington Exchange Vows In New Braunfels Hotel

Darla Lemari Edrington and James Lawrence Barrett were married in a double-ring ceremony August 17 at the Hotel Faust in New Braunfels. Claude J. Tunstall officiated the 3 p.m. vows.

Recorded music featured *My Treasure* by Scott Wesley Brown.

The bride is the daughter of Maidee Tunstall of New Braunfels and Homer Edrington Jr. of Carrizo Springs. The groom is the son of Teresa Barrett of Bryan. The bride is the granddaughter of Mr. and Mrs. Homer Edrington and the late Mr. and Mrs. B.E. Smith of Munday.

Escorted by her brother, Danny Edrington of New Braunfels, the bride wore a tea-length embroidered chemise dress with a venise lace border over a satin sheath. A fingertip veil and blusher fell from a pic-

ture hat trimmed with rachele lace, pearl and white silk roses. The bride carried a cascading bouquet of large red silk roses with silk English ivy and gray streamers.

Matron of honor was JoJon Brown of Carrizo Springs. Bridesmaid was Carol Edrington of New Braunfels, sister-in-law of the bride. Attendants wore knee-length red taffeta sheath dresses with jackets of red lace and carried nosegays of large red silk roses and gray streamers.

Best man was Luke Cemino of Bryan and groomsman was Mario Scamardo of Elgin. Ushers were Brandon Barrett of Round Rock, son of the groom; Mike Moehle of Austin and Rick Bosley of Bryan.

Following the ceremony, a reception was held in the Hotel Faust banquet room. Dana Clement of Matamoros, Mexico, sister of the bride, was in charge of the bride's book.

After a wedding trip to Colorado Springs, the couple will live at 2306 Lasso Drive in Round Rock. The groom is employed at Jim Barrett's Hairstyling in Burnet and the bride is employed at Lawyer's Title Company in Austin.

Jim Barrett hosted the rehearsal supper at the Hotel Faust banquet room.

The Grandma Sunday Dinner drew a good crowd Sunday despite threatening weather. Next event at Truscott will be the red bean supper on October 4, the first Saturday in October.

Clara Brown spent September 7 and 13 visiting. In Houston she visited her daughter, Jacquelyn Brown, and had a coke with Leon McNeese and Bobbie Abston Hubner. In Baytown she visited her daughter, Ruth, and son-in-law and grandson Steve and Alex Mescall. She also visited Edgar Jones's first cousin, Jacqueline Spradlin Kilgore, of Baytown. On the way back to Truscott she spent Friday night in Blaco with Wayne and Laverne Brown.

Has everyone had enough rain for a while? Looks like all of our rain prayers got answered at once.

Word was received here Monday that Charlie Caram, a former Truscott merchant, died Sunday, September 14. Burial will be in Fort Worth.

If you stare for a long time at a bright yellow light and then look at a white ground, you'll "see" violet. This is known as an "accidental color." Staring at red produces an accidental turquoise; at orange, navy, and conversely.

THE BIG 34

Father Of Goree Woman Dies Friday

Joe Soliz, 76, a resident of Anson for over 30 years, died Friday, September 12, in the Anson hospital. Services were at 11 a.m. Monday, September 15, at St. Michael's Catholic Church in Anson with Father Thekkedam officiating. Burial was in Mount Hope Cemetery under direction of Lawrence Funeral Home.

He was born in Cameron and moved to Anson in 1952. A retired farm laborer, he was a Catholic.

Survivors include his wife, Patricia; two sons, Narciso of Anson and Joe Jr., of Abilene; six daughters, Mary Zambrano of Titon, Calif., Ramona Aguilar and Margarita Martinez, both of Goree, Bonita Valdez of Florida, Simona Jacques of Stamford and Dorothy Rodriguez of Abilene; 45 grandchildren and 28 great-grandchildren.

Oliver Services Held In Knox City

Noba Oliver, 90, of Knox City died Saturday, September 13, in an Abilene hospital. Services were at 2 p.m. Monday, September 15, at the First Baptist Church in Knox City with Rev. Ronnie Travis, pastor, officiating, assisted by Rev. Bill Trice. Burial was in the Knox City Cemetery under direction of Smith Funeral Home.

Born in Haskell County, she was a longtime Knox City resident and a member of the First Baptist Church and the Eastern Star. She was preceded in death by her husband, Roy Ross Oliver.

Survivors include four daughters, Lila B. Giddens of Brownwood, Ala Jo Parrott of Marfa and Jean Banner and Ida Fayne Harvey, both of Littlefield; two brothers, Joe Smith of Rule and Tanner Smith of LaGrange; eight grandchildren and six great-grandchildren.

Gymnasts' Parents To Meet Wednesday

A meeting for parents of local gymnasts will be held at 5:30 p.m. Wednesday, September 24, at the Munday Elementary School gym. Any parents who are interested in gymnastics lessons for their children are invited to attend.

Eighth Graders Notch First Win As Other Teams Lose

Several Munday sixth and seventh grade football players got their first taste of competitive action in their game with Knox City last Thursday afternoon in O'Brien. The host squad won the game 28-8 with Daniel Serrato scoring the lone touchdown for Munday.

Coaches Ron Steele and Bill Kingston said the young boys had only practiced a few times, and many of the players were seeing their first action on the field. Munday had several breakdowns on defense, and Knox City had a big, fast running back who was able to run over the inexperienced Braves. But the coaches say they will spend lots of time with this team and they expect to see plenty of improvement.

Brothers Terry and Perry Collier scored a touchdown apiece to lead the eighth grade team to a 14-0 shutout in O'Brien. Tyler Thompson also ran well for the Braves. "We made lots of mistakes, but this team is going to be awesome one of these days," the coach said.

The Mogul junior varsity was defeated 18-8 in their first outing of the season. Donald Edrington accounted for the touchdown. "We had some opportunities to get in the game," Coach Steele commented, "but we had breakdowns on the option. We let Knox City score some

big plays on us. But we are playing without the services of our starting guard and linebacker Ronald Edrington. Jonathan Smith stepped in and did a good job in those positions.

"We played hard and are getting experience," the coach concluded, "but are not as physical as we need to be."

Brian Ramirez and Marc Andrade ran well, the coach said, and Kerry King and Chad Yost had good games on the line.

Junior high and junior varsity teams will host Archer City squads here this week. Games will begin at 5 p.m. Thursday, September 18, and all fans are urged to be present to support these future Moguls.

Extension Service Says Tax Reforms Beneficial To Farmers

Most farmers and ranchers will likely benefit from the tax reform bill currently awaiting approval in Congress.

"While there are both pluses and minuses in the bill as far as farmers and ranchers are concerned, generally 80 percent should come out ahead," says Dr. Wayne Hayenga, economist with the Texas Agricultural Extension Service. The proposed tax bill is expected to cut individual taxes by an average of 6.1 percent, says the economist.

However, the effects of the bill will not be uniformly spread around. Livestock producers will lose the important benefit of capital gain treatment on raised breeding stock. Purebred breeders and crop

farmers especially will miss the benefit of the 10 percent investment tax credit on purchased depreciable tangible property, Hayenga points out.

Income averaging, which was used by 10 percent of farmers in the past, will be gone. Expensing of up to \$10,000 worth of equipment will be possible in 1990, but if one needs to depreciate capital items, all depreciation schedules will be lengthened.

Cash accounting will still be allowed but with restrictions on some deductions for unused supplies. This restriction may also help curb some perceived abuses of the accounting rules by investors.

Farmers and ranchers will be able

to deduct 25 percent of their health insurance costs under the new tax plan, says Hayenga. Also, the income level at which no taxes would be paid will increase. A family of four could make up to \$13,000 a year and not pay any taxes. This compares to the current cut-off point of \$10,000.

As far as tax cuts are concerned, families with annual gross incomes between \$10,000 and \$30,000 will see about a 10 percent reduction in taxes, mainly due to increased personal exemptions from the current \$1,080 to \$1,950 in 1988.

The life span of many Texans extends to and beyond the century mark, as reflected by death reports in 1985. Last year, deaths were recorded for 445 Texans - 347 women and 98 men - who were at least 100 years old.

FARM AND RANCH REPORT

David Tunmire, County Agent

HARVESTING PRECAUTIONS FOR REDUCING BARK IN COTTON

Proper cotton harvesting practices can top off a good season by reducing bark in the crop—a problem that annually penalizes farmers. Watching the following harvesting practices will help reduce bark cotton and thus reap higher prices:

*Use chemicals to prepare cotton for harvesting to suit your schedule. Waiting too long for a frost when the crop has matured can result in yield and quality losses in the field.

*Use harvest-aid compounds according to label instructions once fiber and seed have matured.

*Start harvesting only after harvest-aid chemicals (or frost) have

caused adequate defoliation and plants have dried out.

*Defoliant used before desiccation can reduce foreign material going to the gin, especially in rank cotton. This practice can improve grades and reduce ginning cost.

*Don't spray more acres than you can harvest before growth starts or stalk deterioration sets in.

*Don't spray when there is clear evidence that the next four or five days will be cool or rainy; boll openers, defoliant and desiccants need warm weather for good plant response.

*Build modules on clean, high ground to reduce the risk of picking up grass, weed residue or old cotton stalks when the module is loaded.

*Don't harvest too early or too late in the day; moisture is the top enemy of cotton quality and trash is the main source of moisture in the harvested crop.

*Check the moisture content of both seed and lint cotton before harvesting. The combined moisture content should be less than 12 percent, preferably under 10 percent, for safe storage in trailers or modules.

*Adjust the stripper to the crop, especially when you move from one field to another, when changing varieties or when stalks are more deteriorated in some fields due to different age cotton.

*Root-rot areas that kill the old stalks completely tend to produce barky bales, so harvest them separately to prevent contaminating otherwise clean bales.

Area Teams Football Review

QUANAH CRUSHES ARCHER CITY

The Archer City Wildcats lost their second game of the new football season Friday night as the Quanah Indians notched a 35-6 victory at Wildcat Stadium. Len Winter rushed for 163 yards to pace the Indians to their second win.

The Indians racked up 369 yards total offense both in the air and on the ground. Scoring for Quanah were Winter on runs of three, 17 and 19 yards and Setrick Dickens on two short bursts. Archer City finally got on the scoreboard in the last quarter on Nicky McCorkle's seven-yard tally.

After giving up 28 points in the first half, the Archer City defense settled down and played better ball in the remainder of the game, but the score was out of reach.

ELECTRA TIGERS GET FIRST WIN

Quarterback Rodney Bell threw for 156 yards and scored two touchdowns on his home turf Friday night as the Tigers blanked Jacksboro 28-0 for their first win of the 1986 season. Bell, who led the team to the Class AA state championship last winter, also handled kicking and punting duties.

The first-year offensive line was the second key to the win, giving Bell time to throw and opening holes for fullback Grant Johnson, who ran 74 yards on 18 carries. Electra controlled the ball twice as long as their visitors.

Jacksboro missed two scoring opportunities in the first quarter and could only manage four first downs in the game. Also scoring for the dominating Electra team was Leonard Levinson, who caught one of Bell's passes for a three-yard score and ran 15 yards for the final tally of the game.

SEYMOUR RUNS OVER WYLIE

The Seymour Panthers scored 13 points before Wylie ran a single play from scrimmage, then went on to log a 31-14 victory over their Abilene opponents Friday night. Seymour is now 2-0 for the year and Wylie falls to 1-1.

Panther tailback Mark Peters rushed 24 times for 247 yards and three touchdowns. Peters scored on the second play from scrimmage with a 72-yard race down the sidelines less than a minute into the game. Then Wylie fumbled the kickoff and Seymour recovered. On the next play, Seymour quarterback Cornelius Hardamon tossed a 30-yard scoring pass to Joe Pribyla.

Peters scored again in the quarter on a 49-yard sweep, but the Panthers seemed to let up after that. Two drives inside the Wylie ten-yard-line were stopped short of the goal, and a field goal attempt was unsuccessful. After halftime, Wylie took the kickoff and drove 67 yards in 14 plays, scoring on a 16-yard pass from Jeff Quick to Scott Bible. On their next possession, Quick threw for 21 yards to Mark Mc-

Clellan, and the PAT pulled the Bulldogs to within one touchdown of the Panthers.

But Seymour coach James Ivy put Scott Porter in as quarterback, and Porter directed the Panthers to the Bulldog 5, then Hardamon kicked a 22-yard field goal. Peters scored his final touchdown in the fourth quarter to put the game out of reach.

HOLLIDAY EDGES PAST HASKELL

The offensive and defensive lines of the Holliday Eagles stopped Haskell throughout most of the game as Holliday defeated Haskell 21-7 on the Eagles' home field Friday. Eagle backs Tim O'Brian and David Hoepfner alternated carrying the ball for a combined 237 yards.

Scott Broyles picked off a Mark Young pass to set up Holliday's first touchdown. Hoepfner capped the eight-play drive with a one-yard plunge. O'Brian was featured in the second scoring drive, running nine yards for the six points after gaining 33 yards up the middle dragging three Haskell defenders.

Haskell scored just before intermission on a 10-play, 95-yard drive. A third-and-seven pass to Stephen Brockington kept the march alive, and Louie Torres took the ball into the end zone for the score.

But Holliday got it back on the first possession of the second half, with O'Brian adding his second tally and third extra-point kick. Brockington, Haskell's premier running back, only gained 29 yards in the game. The Indians were flagged for 102 yards on penalties.

YELLOWHAMMERS RALLY OVER ABILENE CHRISTIAN

The Rotan Yellowhammers came from behind in the second half to register a 21-14 win over Abilene Christian High School Friday night in Abilene. The Yellowhammers are 2-0 in the new season.

ACHS led 14-0 in the second quarter on first period scores by Chris Anderson and Carl Dickson. But Rotan's junior quarterback, Steve McClain, caught an 80-yard touchdown pass from substitute Jerry Cater to put the Hammers on the scoreboard just before halftime, and the momentum continued.

McClain intercepted two Panther passes in the second half and scored the final touchdown, a 67-yard option run with 4:59 to play, to put Rotan ahead for the first time.

ROSCOE NUDGES WINTERS 8-7

After a first half defensive struggle, both teams scored in just over a minutes at Roscoe Friday night, but the Plowboys followed their touchdown pass with a two-point conversion to defeat Winters 8-7. Class A Roscoe is now 1-1 on the season and Winters is 0-2.

John de la Cruz ran the ball in from 16 yards out with 1:46 left in the third quarter to put the Blizzards on the scoreboard. Wayne Poehls' kick made it 7-0. But Roscoe struck back quickly. Michael Herrera and Lee McFaul connected on a 57-yard strike, then the same combination worked again for the two-point conversion and the Plowboys took the lead for good.

HORNETS OUTSCORED BY THROCKMORTON

The Throckmorton Greyhounds broke open a tight contest in the third quarter and went on to score a 26-7 victory over the visiting Aspermont Hornets, who are now 1-1 on the season. Throckmorton is 2-0.

Kevin Latham's 25-yard run accounted for the only score in the first half. But the Hounds owned the third quarter as fullback Dave Davis

with Robert Masterson's four-yard run. Buster Redwine evened the score in the second period, and the half ended on a 6-6 tie. But Johnny Sanchez gathered in a 20-yard scoring pass from Kevin Clopton to retake the lead for Guthrie, then Scott Perryman scored three successive touchdowns to give Guthrie an insurmountable lead.

Benjamin added their last score in the fourth quarter on a three-yard run by Redwine. The Mustangs dropped to 1-1 in 1986.

GOREE DEFEATED BY HARROLD SCORING SPREE

The Goree Wildcats, back on the football field after a year's absence, lost their 1986 debut 53-13 to the host Harrold Hornets. A 21-point first quarter put the game out of reach for Goree before they ever scored.

John Paul Welch accounted for three Harrold touchdowns, the first a 30-yard pass from Ricky Gillespie. Casey Selman also scored in the first quarter for Harrold.

Leading the Hornet attack in the

second quarter were Minh Winger, Curtis Segler and Shawn Daniel. Goree's Jimmy Castorena put the Wildcats on the scoreboard just before halftime with a 26-yard run. Grady Weaver also scored for Goree during the third quarter. The 0-1 Wildcats travel to Lueders-Avoca this week.

★ GOREE NEWS ITEMS ★

By Mrs. Grace Smith

THE MUNDAY MOGULS did, indeed, "grab the Greyhounds"; several times, in fact. The cheerleaders worked hard on their original sign, just so it could be torn by the Moguls as they burst out onto the field. Hometown fans were treated to an offensive explosion by the Moguls, who won the game 41-16 over our county rival, Knox City.

Ex-Resident Earns Nursing Stripes

Glenda Anderson, a former Goree resident, was among 47 nursing students at Midwestern State University who received their nursing stripes during a ceremony held Sunday, September 7, in the MSU fine arts theatre.

Major Janet Barber of the U.S. Air Force was speaker for the occasion and music was provided by vocal groups and by soloist Carl Haenel. A reception was held for the students after the striping ceremony.

Mrs. Anderson is employed by Bethania Regional Health Care Center. She is the daughter of John Cole of Goree and is married to Jerry Anderson, formerly of Munday. The couple resides in Wichita Falls with their daughters, Kim and Krysta.

Former Resident Is Buried In Benjamin

Gene Hamilton, 61, a former Knox County resident, died Saturday, September 13, at an Amarillo hospital. Services were at 10:30 a.m. Monday, September 15, at the First Baptist Church in Benjamin with Rev. Demp Emerson, pastor, officiating, assisted by Rev. K.E. Woolley, retired pastor. Burial was in the Benjamin Cemetery under direction of Smith Funeral Home of Knox City.

He was born in Benjamin and was a longtime resident of Knox City before moving to Amarillo in 1981. A district director of the United States Department of Agriculture, he was a member of the Benjamin Baptist Church. He married June Stockton in 1943 in Benjamin.

Survivors include his wife; a son, Ronnie of Fort Worth; a brother, Gary of Azle; and a sister, Juanita Dykes of Fort Worth.

WG's Draw New Secret Pals

Members of the W.G. club met recently in the home of Allene Beaty for a salad supper. After the women tried to guess who their secret pals were, the names were revealed and new names drawn for secret pals.

Those enjoying the meal and games were Elba McMahon, Ruth Griffith, Dorothy Putnam, Elaine Gully, Juanita Massey, Viola Cude, Pauline Morrow, Alta Bowden and hostess Allene Beaty.

Tax Rebate Checks Register Decrease

Dwindling economy in Munday is shown clearly by the sales tax rebate checks that are mailed every month by the state comptroller. This month's check, representing taxes collected on sales made in July and reported in August, was only \$2,830.62, compared to the \$3,391.12 received in September of 1985.

The city's total thus far in 1986 is \$35,906.06, a 5.29 percent decrease from the \$37,912.45 received up to this point last year.

Knox City is still holding its own in the rebate statistics, gaining a 1.07 percent increase in rebates this year. The check received by our neighbor to the west was \$5,176.50, bringing their total to \$59,152.31. Knox City's rebate check in September, 1985, was \$4,358.22.

Goree and Benjamin did not receive checks this month. As a whole, the county has earned \$102,571.22 in tax rebates this year, and this figure represents less than one percent increase from the total at this time last year.

To catch the overflow from the bathroom's medicine cabinet, attach spice racks inside the linen closet door.

HOSPITAL NOTES

Mrs. Marsha Hale received medical treatment in the Haskell Hospital a few days last week.

Word was received here that Vernon Moore, a longtime resident of Goree, who is now making his home at 314 S. Oran St., Cleburne, Texas 76031, will undergo corrective surgery at the Harris Hospital in Fort Worth on September 25. Cards and letters can be mailed to the above address.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 4, 1986

PUBLIC NOTICE

PROPOSITION NO. 1 ON THE BALLOT
Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.
The proposed amendment would appear on the ballot as follows:
"The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT
Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Currently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.
The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.
The proposed amendment would appear on the ballot as follows:
"The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.
The proposed amendment will appear on the ballot as follows:
"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT
Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.
The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."
