City Council Considers Varied Items On Agenda

The City Council of the City of Munday, Texas met in regular session Tuesday, July 8, at the Munday City Hall.

Members present were Mayor Doris Dickerson and Aldermen Jessie Tucker, Gene Brown and Richard Albus.

Members absent were Garon Tidwell and Jessie Andrade.

Mayor Dickerson called the meeting to order. Minutes of the June 10, 1986 meeting were read. Brown moved for approval of minutes as written. Albus seconded; all for.

First business was discussion of airport lease of farmland. Brown moved Reinhart Redder lease be renewed for one year at same price conditions and consideration as the 1985 year. Tucker seconded. Voting for were Brown, Tucker and Albus. Motion carried.

Next discussed was pouring of concrete curbs adjacent to walks at city hall. The Sesquicentennial committee has offered to pay 50 percent of cost. Munday Home Building Center is to pour and finish these curbs. Recommended width is 8 inches. Brown moved the city share in 50 percent of cost. Tucker seconded; all for.

Next, the City Administrator updated the Council on drainage ditch improvements. The ditch extension west from the southwest corner of the Corps ditch is progressing nicely. The concrete chute has been poured by Wilde Construction Company. Espinosa and Sons has been awarded the dirt contract and Crownover Dozier Company has almost completed the right-of-way clearing on Patterson right-of-way. It now appears the work may be completed by approximately August 15, weather permitting.

A letter from Drucilla Bearden in reference to additional land for landfill was read and discussed. The City Administrator is to write Mrs. Bearden to attempt to secure a firm offer for land purchase.

Mayor Dickerson next gave the Council a brief report on an approximate two hour meeting with

Knox City Ambulance Service. In substance, he said he believed the problem of frequent calls on Munday's Ambulance Service has been resolved.

Mayor Dickerson next briefed the Council on the pre-construction conference with Ken Martin of Jacob & Martin, and with Hulon and Dickie Wall of High Plains Pavers Inc. The meeting was held at Munday City Hall on July 2. Work order was issued to commence on July 12. Completing time from July 12 is 150 calendar days, he said.

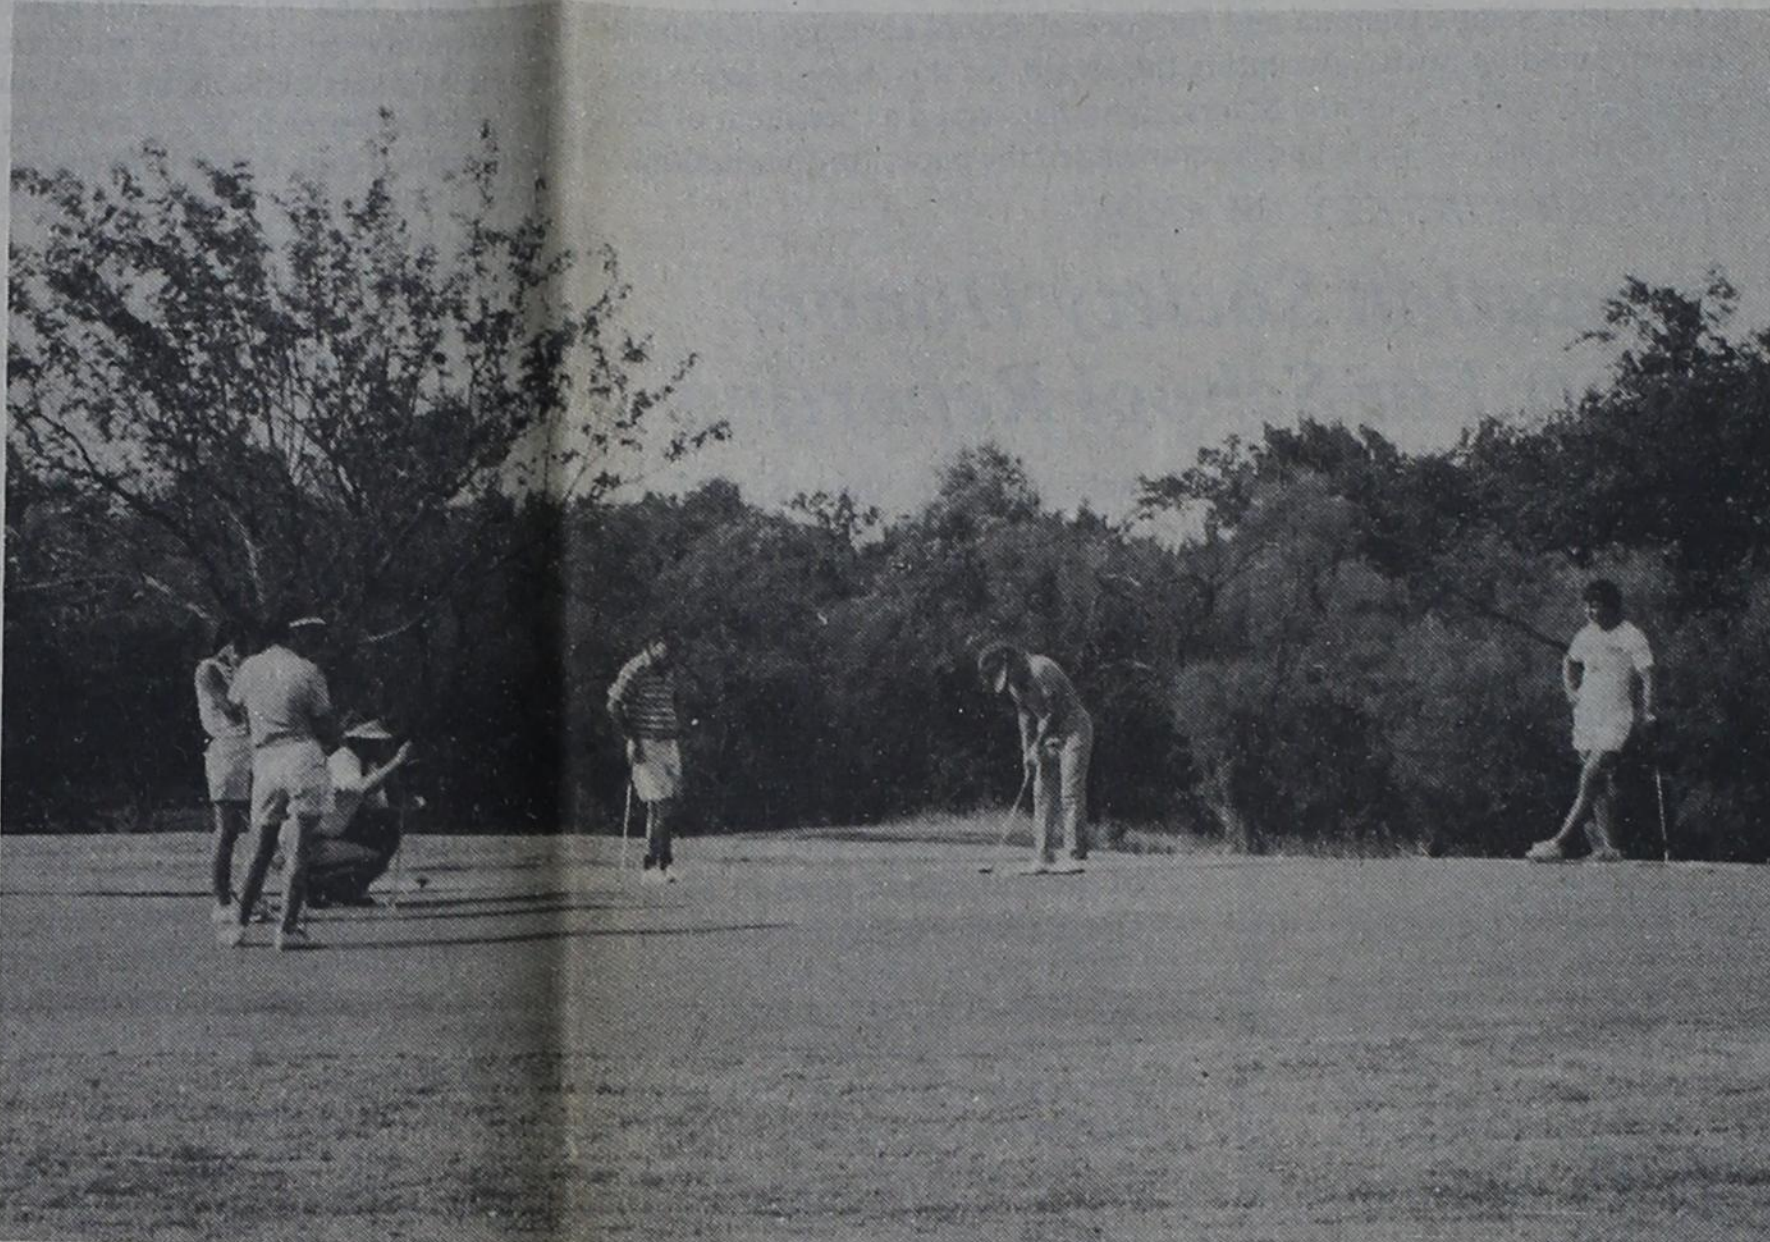

Five typewriters were priced and demonstrated by three companies. Typewriters considered were Brother, Sharp, IBM and Silver Reed. After discussion and examination of brochures and prices, Brown moved the City purchase the Sharp typewriter for \$1,635. Tucker seconded the motion. Voting for were Brown, Tucker and Albus. Motion carried.

Several copy machines have been left at City Hall and demonstrated over the last 30 days. New and used machines were tried. After evaluation, the Council decided to purchase either the new Ricoh or Sharp. After discussion, Brown moved the Council purchase the Ricoh due to its better price. Tucker seconded; all members voted for.

Next discussion was A&M Fire School. Alternatives included city financing of two or three firemen to the school. After consideration of city's financial condition, Tucker moved the city finance two firemen to the school as follows: first fireman, \$550; second fireman, \$350; with party furnishing vehicle to be paid \$100 extra for furnishing vehicle and fuel cost. Brown seconded; all in favor.

Jessie Tucker moved bills be paid as follows: from airport fund, \$35.04; from ambulance fund, \$292.29; from swimming pool fund, \$606.65; from operating fund, \$11,997.74. Albus seconded; all for. Albus moved meeting adjourn. Brown seconded, and the motion carried.

County-Wide Festival To Honor Our Heritage

A NUMBER OF COUPLES tried their luck on the Lake Creek Golf Course near Munday in a Guys and Dolls tournament held Sunday afternoon. Troy Nuckols and Mary Smith of Munday teamed up to take the championship after beating an out-of-town couple in a tie-breaker. Special prizes were awarded to the player hit-

ting closest to the pin and for the longest drive, and a meal was served at the conclusion of the tourney. Despite the heat, the golf course continues to be a favorite spot for many Munday residents to while away a summer afternoon.

USDA Conservation Reserve Program Signup Announced

Secretary of Agriculture Richard E. Lyng announced that signup for the 1987 Conservation Reserve Program will take place August 4-15 at county Agricultural Stabilization and Conservation Service offices.

According to Lyng, farmers may volunteer highly erodible cropland for entry into the Conservation Reserve Program under a provision of the Food Security Act of 1985.

"We are pleased with the response from farmers during the 1986 signup," said Lyng. "Now that producers are aware of the other provisions of the act, such as sodbuster and conservation compliance, we expect even more interest by producers in the Conservation Reserve Program this year."

Producers wishing to put land into the program are eligible for cost-share payments of up to 50 percent of the eligible costs to establish a cover crop. The annual rental payments are for 10 years.

The total amount of rental payments for any fiscal year may not exceed \$50,000, or its equivalent if in-kind payments are made. Lyng said producers will be allowed to harvest their 1986 crop before the contract becomes effective, if necessary.

Land that is designated may not be grazed after the Commodity Credit Corporation approves the contract.

Munday Residents Take Guys And Dolls Tourney

Troy Nuckols and Mary Smith of Munday took the tie breaker to win the Guys and Dolls golf tournament held Sunday at the Lake Creek course. They won out over the team of Roger and Jill Bell. Both teams shot a score of 64 in the tourney. Third place in the championship flight went to Richie Smith and Betty Hord with a 67.

Others in the championship flight were Wayne Zeissel and Stacia Cook, 67; Weldon and Estelle Skiles, 68; and Jack and Ruby Medford, 69.

Winners in the first flight were Wayne Hutchinson and Kelly Earp, who shot a 71. Following them were Allen Strickland and Donna Markey, 72; James and Sue Holt, 73; Howard and Scooter Cook, 73; Jimmie Cooke and Sue Tiffin, 74;

Terry Bufkin and Kristi Smith, 74; Bobby and Chris Burnett, 74; Bully and Barbara Ratliff, 75; and Edwin and Freda Fly, 78.

Tying for first in the second flight were Dent Offutt and Kelli Smith and Dick Moore and Janice Wilde with 79. Others were Stella Steele and Louis Wise, 82; Mont and Marion Frierson, 82; Charles and Betty Baker, 85; and Sammy Grindstaff and Barbara Zeissel, 89.

Mary Smith also won the prize for the longest drive, and Allen Strickland of Haskell had the shot closest to the pin.

Comptroller Issues Tax Rebate Checks

Munday is just holding its own on the sales tax rebate charts, according to statistics released this week by State Comptroller Bob Bullock. The city received a check for \$3,635.31 this month representing taxes collected on sales made in May. The total collected for the first six months of 1986 is \$27,200.22, a .77 percent increase over the \$26,993.56 taken in at this point in 1985.

Knox City's check for \$5,159.56 brings their 1986 total to \$46,177.93, up 6.25 percent from last year.

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, July 23, to assist citizens in filing applications for Social Security retirement, survivors, disability, Medicare or Supplemental Security Income benefits.

To conduct Social Security business by telephone, call the Vernon office at 817-552-9346 from 9 a.m.

Courier To Feature Art Lawler Column

Courier readers can expect a new feature in the paper, beginning with this issue. Through the sponsorship of Munday Auto Supply and the Munday Courier, we will run a weekly column by Art Lawler, a well-known former writer for the Abilene Reporter News.

Lawler, 42, is a native Oklahoman who has lived in Texas the past 20 years. He began his writing career on the Odessa College paper in 1968 and joined the Reporter-News in 1970, where he covered sports for 11 years as sports writer and editor. He became general columnist for the paper in 1981 and began writing editorials and serving on the editorial board in 1985.

He recently resigned from the Reporter-News after deciding to offer his columns in syndication to progressive weekly newspapers. He and his family make their home in Buffalo Gap. Lawler was one of six Texas columnists chosen to write in the official publication of the state's sesquicentennial, and his writing has earned him numerous honors from Harte-Hanks Communications, the Associated Press and the Texas Sports Writers Association. He has been nominated for Texas and Lone Star Conference Sportswriter of the Year honors.

As a student at McMurry College, he was listed in "Who's Who in America" his junior and senior years. An English major and history minor, he earned membership in national English and international historical societies.

Lawler's work should be familiar to local readers, as his Reporter-News columns have often been a popular topic of conversation in the

Big Country. He is known for his wit and for his talent for reaching straight to the heart of the matter. His columns can be poignant, touching, humorous or controversial, but all have one common thread throughout - they stimulate peoples' emotions.

We hope our readers will be entertained - and stimulated - by this new feature. And Lawler welcomes your comments - he has courteously provided an address at the bottom of his column so readers can express their opinions of his viewpoints.

WTU Announces Third Refund To Customers

West Texas Utilities Company's retail customers will receive another fuel cost refund and a significant decrease in their future electric bills if a request filed Tuesday in Austin is approved by the Public Utility Commission of Texas.

WTU is asking permission to refund a total of \$5.7 million in retail revenues collected in excess of actual fuel costs, and to lower its fuel charge rate for the months of September, October and November. The total refund includes \$5,425,372 in actual fuel cost savings which have accumulated from March through June, plus \$306,511 in interest.

This would be the third time for WTU to make a refund and to lower its fuel cost factor since its last rate increase in November, 1984. Over \$17.6 million was refunded in August, 1985, and \$9.3 million was refunded in May, 1986.

"This is not an actual rate case filing," WTU president Glen Churchill explained. "It is an adjustment possible because the price of our boiler fuel has been declining. Any savings we can make on fuel cost is passed on to our customer as soon as permitted."

The due amounts on customer

bills include both fuel costs and base rates. Utility companies are not allowed to make money on fuel. WTU has had no change in its base rates since 1984.

If a reduction in fuel rates, technically known as the Interim Quarterly Fixed Fuel Factors, is approved, WTU officials estimate the fuel cost charges to its customers will drop by 24 percent, or \$7.9 million, during the three-month period beginning in September.

After the state's Public Utility Regulatory Act was amended in 1983 the PUC ordered the use of the fixed fuel factors and their use was recently re-adopted in an emergency fuel rule. Previously, an automatic fuel adjustment matched fuel billings to fuel expense each month. These immediate adjustments prevented over-recoveries of fuel costs and made refunds unnecessary.

Under WTU's proposal, all existing retail customers would receive refunds through one-time credits to

A full lineup of activities is planned for the Knox County Sesquicentennial celebration to be held July 25 and 26 in Benjamin. Sesquicentennial committee members have put in many hours of preparation for the big weekend, and everyone in the county should take advantage of this unique opportunity to salute our state's 150th birthday.

Kicking things off on Friday evening will be a barbecue set for 6:30 p.m. B&D Barbecue will cater the meal, which will be held at the Benjamin football field until 8 p.m.

The Sesquicentennial pioneer presentation will be at 8:30. Descendants from pioneer Knox County families have been chosen for this event, and the pioneer king and queen will be chosen based on their family's longevity in the county and on the family's contributions to their community and county. The candidates for this honor will not be disclosed until the presentation.

A Knox County historical pageant will unfold at 9 p.m. Each community in the county will depict a phase in the county's history. All of these events will take place on the football field.

Booths will open at 9 a.m. Saturday on the south side of the Knox County courthouse square. Among those featured will be arts and crafts, commercial displays and food and drinks booths, including hamburgers, hotdogs, barbecue, sausage on a stick, ice cream, popcorn and other popular concessions. Sesquicentennial souvenirs will also be on sale.

Some booth spaces are still available. To rent space, contact Homer Rolston at 454-2191 or 454-3341 after 5 p.m.

An art sale will be held all day in the Benjamin Memorial Building located a block south of the courthouse. The "Happy Birthday, Texas" parade will begin at 10 a.m. Local businesses, organizations and individuals who wish to enter the parade should contact the fire department or City Hall for more information.

Games for all ages are planned after the parade, including a jackpot horseshoe pitching competition. An old fiddlers' contest will be held at 2:30 p.m. at the Memorial Building, followed by an old fashioned waltz contest.

The courthouse will be open from 9 a.m. until 12 noon on Saturday for visitors to see the exhibits of pictures and collectibles that will go in the Knox County Museum. The festivities will conclude with a dance from 9 p.m. until 1 a.m. The popular band Sage will play country and rock favorites at the Memorial Building.

Area Gymnast Earns Nat'l Gold Medals

Gymnast Dusty Bradley, son of Max and Sandra Bradley of Knox City, participated in the national championships in Mobile, Alabama July 2-6 as a member of the Tri-City Boogie Bouncers team. The team of four boys placed second in the 13-and-over team competition.

Bradley won gold medals in floor exercises, competing in the elite bracket, and in the 13 and over platform competition. He was also fifth in trampoline and mini-tramp contests in the elite division. Between 700 and 800 young gymnasts performed in the championship.

Bradley, a member of the Munday Gym-Dandeez coached by John Mix, is the grandson of Leta Stubblefield of Munday and Lee and Jerry Smith of Knox City.

More Vegetable Festival Winners!

During our coverage of the Knox County Vegetable Festival, we inadvertently left out the names of the horseshoe pitching contest winners.

First place winners were Dana Haynie of Lubbock and Greg Zeissel of Munday, and Jerry Cobb and Chris Scott of Munday were runners-up. The horseshoe contest was held in conjunction with the stew cookoff.

THE MUNDAY COURIER was presented the Key Award from Delta Kappa Gamma Society International for coverage of the Beta Chi chapter of Delta Kappa Gamma and for general school coverage in Munday and surrounding towns. Accepting the award for the paper is Joyce Nix, editor, at left. Mrs. Dorothy Myers, right, has served as president of Beta Chi for the past two years and recommended the paper for the citations.

COURIER WINS KEY AWARDS

Education Society Honors Paper For School Reporting

The Munday Courier has been named a recipient of the Alpha State Key Awards for giving consistently fair and comprehensive coverage to news of education and to the Beta Chi chapter of Delta Kappa Gamma Society International. Mary Martin of Haskell represented Beta Chi at the state convention in El Paso and

acknowledged the awards, which were presented to Joyce Nix, editor of the Courier, by Dorothy Myers of Munday, past president of Beta Chi.

The awards, which were originated in 1985, were presented in a dual capacity, both for coverage of Beta Chi's events and meetings during the past two years and for coverage of general school news in Munday, Goree, Weinert and Benjamin.

The paper was recommended for the Key Awards by Mrs. Myers, who presented a length scrapbook consisting of news articles concerning the chapter or area school news to the committee on communications, which in turn submitted the entries for citation.

Over 17,000 women educators hold membership in the 292 Delta Kappa Gamma chapters in Texas. In addition to a number of area women, some 20 teachers and former teachers from Munday are members of the Beta Chi chapter. Mrs. Myers was responsible for assisting the Courier in reporting Beta Chi's news during her term as president.

Reneau Services Are Held At Rhineland

Dr. John Bryant Reneau, Jr., 72, a longtime Munday resident, died Friday, July 11, at the Haskell Memorial Hospital. Rosary was held at 8 p.m. Sunday, July 13, at McCauley-Smith Funeral Home in Munday.

Funeral mass was held at 10 a.m. Monday, July 14, at St. Joseph's Catholic Church in Rhineland with Father Bob Strittmatter, pastor, officiating. Burial was in Johnson Memorial Cemetery.

Serving as pallbearers were Al Cartwright, Travis Lee, Jerry Kane. Clint Norman, Vernal Zeissel and Gerard Kuehler.

He was born September 9, 1913, in Logan, New Mexico, and moved to Munday in 1918. He graduated from Munday schools in 1933 and received a degree in veterinary medicine from Texas A&M University in 1937. Moving to Paducah, he did veterinary work on area ranches.

He entered the U.S. Army in 1941 as Veterinary Corps officer and served with the First Cavalry Division in the southwest Pacific. After his release from the service in 1946, he returned to Munday to maintain his practice and to farm. He was a member of the Texas Veterinary Medical Association, the Disabled American Veterans and St. Joseph's Catholic Church.

He married Alice Beatrice Frerich August 9, 1939, in Childress. Two sons preceded him in death.

Survivors include his wife; two daughters, Mary Ann Favela of Gilroy, Cal., and Fran Markowski of Austin; three sons, John Reneau III, Charles Reneau and Kenneth Reneau, all of Munday; and seven grandchildren.

ART LAWLER

Somebody has stolen the flag of the United States right off the Mason County courthouse lawn.

If that somebody is apprehended any time in the near future he (or she) may wind up being attached to the same pole.

Toes first. Glenn Marshall was so incensed by what he saw as "un-American" behavior he wrote the editor of the *Mason County News*. He hoped the thief might be literate enough to read his words. But Glenn had his doubts.

The thief, you would figure, could not be much of a reader - or classroom listener. To him, the name Jefferson would mean the family on a television sitcom. Washington would be a place where the Redskins play football. King would be a rock singer who drugged himself to death.

"Someone (or several), decided their personal gain was worth more than the respect and admiration the community has shown to the flag. So they stole the American Flag and the banner below it," wrote Marshall.

He holds little hope the criminal will ever be apprehended, fearing instead the flag will wind up as a curtain in a decrepit van.

He wants to believe the theft was committed by a transient who will never pass through the county again. "We certainly do not need that type of demented person in our county again," he says.

I don't blame Marshall for being angry. Americans have seen too many flags that were sewn into the crotches of Levis, or torched during acts of social defiance.

But rather than hanging the culprit by the toes - in the unlikely event he is ever apprehended - it might be better to educate him. Better yet, give him (or her) a choice. Jail, or history class.

Since it doesn't seem likely the flag was stolen as an expression of social or political protest, (kids aren't that political these days) we can probably assume the thief just liked the colors. Rather than a willful act of treason, we are probably dealing with an act of hard-earned ignorance.

Take up a community collection. Then find a local historian to escort the villain on a journey. Depending on the amount of money raised, it might be possible to lead him through the Civil War battlefields in Virginia. Or maybe just through the top museums in the country, or in Texas. If it's a rebel he aspires to be, introduce him to Robert E. Lee. He'll be impressed. If it's a macho man he admires, expose him to U.S. Grant.

When it's all over, have him write a paper. Have him include the number of U.S. war dead in each of those battles. Ask him to explain why anyone would be willing to chance a bullet piercing his heart for an intangible goal like freedom. Not the freedom to steal flags, but the freedom to work toward a democracy.

Let him know it didn't just happen, too. Tell him we've been fighting wars - often with ourselves - while trying to define it. Sometimes the flag is the only thing united about us.

Let him know, though, when the squabbling stops, and we're all in agreement, we won't be interested enough to continue with the goal of democracy any longer.

He may want to mull that over for a while. But don't let him off with a shrug.

In the end, take him back to the courthouse square. Have him hoist the flag back to the top, if he hasn't already destroyed it. Otherwise, have him work until he can pay for a new one.

If, while he looks up at the flag, the people of Mason County see goose bumps where there ought to be goose bumps, I say spare him.

If the bumps aren't there, give him a cigarette and a blindfold. Some people you just have to shoot.

Nearly 40 attended the first Grandma's Sunday Dinner at the Community Center Sunday. Everyone seemed to enjoy the meal and the company, and more than one commented on the great variety of pies.

Sunday was Dale Potter's last day at the Truscott Church of Christ. The Potters ate dinner at the Community Center then left for Dallas. Terri and the children will spend two weeks with her parents at Farmersville while Dale drives to Ft. Dix, N.J. There he will report for duty as an Army chaplain and look for a house to rent as no on post housing is currently available. Dale was minister at the Truscott Church of Christ for two years. He received his masters degree in the spring. Terri also completed her masters degree while they were living in Abilene.

Mr. and Mrs. Frank Langston moved to Seymour last Friday. We will miss them.

Mrs. Peggy Plunk of Stratford had ear surgery at St. Paul's Hospital in Dallas last Tuesday. Several family members were with her including her husband and their son Wade, her parents, Mr. and Mrs. Owen New of Truscott, a daughter and son-in-law, Mr. and Mrs. Rick

Feemster and their sons, Jim Owen and Kevin of Dallas.

Avis and Son Propps were in Guthrie Sunday to visit their son, Joe Propps, and King County friends.

Lee and Gail Whitley were in Shallowater over the Fourth of July weekend to visit his sister and her husband, Pam and Charlie Key.

Paul and Ila Mae Bullion and their granddaughter, Crystal, were due to return home Monday following a vacation at Lake Hamilton near Hot Springs, Ark. Also at Lake Hamilton were Murry and Shelley Bullion of Plano and their children, as well as Shelly's parents and the families of their children.

Clara Owens and Vivian Brown were in Knox City on business last Saturday.

Mrs. Margaret Daniel visited her aunt, Mrs. Ruth Stoker, in Mineral Wells Saturday and Sunday. Also visiting Mrs. Stoker were Clyde and Jane Bullion of Austin.

Rutledge-Presnall Vows Are Read In Afternoon Ceremony

Jennifer Michelle Presnall became the bride of Roy Lynn Rutledge in a ceremony held at one o'clock in the afternoon Saturday, July 12, at St. Joseph's Catholic Church in Rhineland. Father Carmen Mele, a visiting priest from Fort Worth, officiated.

Mr. and Mrs. Bob Presnall of Goree are the bride's parents. The groom is the son of Mr. and Mrs. Bunkie Rutledge of Van Horn.

A pair of Boston ferns on pedestals flanked the altar, and lighted candles illuminated the setting.

The bride, given in marriage by her father, wore her mother's wedding gown of Chantilly lace over satin. The fitted bodice was designed with a high neckline and long lace sleeves and came to a point at the waistline. The full lace skirt featured tiers of lace ruffles that swept into a short train. Her Chantilly lace mantilla fell from a caplet dotted with seed pearls, and she carried a cascade of white and ivory roses entwined with her grandmother's rosary beads. She also carried her great-grandmother's handkerchief.

In keeping with tradition, the bridal gown was something old, her veil was borrowed, a diamond teardrop necklace, the gift of the groom, was something new, and she wore the traditional blue garter.

Leta Boswell of Brownfield was maid of honor. Her ankle-length gown was of scalloped-edged crocheted acetate lace over taffeta in

pale rose.

Allison Rutledge of Van Horn, niece of the groom, was bridesmaid. She wore a pale rose dress with an empire bodice featuring a lace stand-up collar and flounced front and back illusion yoke of point d'esprit. Both attendants carried nosegays of pink and white roses.

Ron Homes of Brownfield served as best man. Justin Rowe of Pelham, New Hampshire, the bride's cousin, was groomsman. Ushers were Jeff Presnall, Matt Presnall and Mitch Presnall of Goree, brothers of the bride, and Paul Rowe of Pelham, New Hampshire, the bride's cousin. Dwayne Birkenfeld of Goree was altar boy.

A reception was held after the wedding in the home of the bride's parents in Goree. The groom's parents hosted the rehearsal dinner the evening before the wedding at the Shamrock Cafe in Munday. The table was set with a centerpiece featuring the bride's chosen colors with favors at each place setting.

The bride is a 1979 graduate of Goree High School and received a degree in secondary education from Texas A&M University in 1983. She is employed as a high school math teacher in the Brownfield school system. The groom is a 1975 graduate of Van Horn High School and graduated from Angelo State University in 1979. He is a coach and teacher at Brownfield High School.

The couple will make their home in Brownfield.

Wedding Shower Honors Bride-To-Be

Sharla Bryan, bride-elect of Phil Riggs, was honored with a bridal shower on Sunday, July 13, at the First Baptist Church fellowship hall in Munday. Receiving guests with Miss Bryan were her mother, Mrs. Spike Bryan, and her grandmother, Mrs. Cotton Smith, both of Munday.

The bride's chosen colors of lavender and purple were used in the decorations. The serving table was covered with a lavender cloth overlaid in white and an arrangement of lavender and purple silk flowers accented the setting. Kathy Pennartz registered guests and Donna Welch and Sheryll Elliott served.

Hostesses for the shower were Leona Elliott, Brenda Shawver, Christine Meers, Helen Patterson, Helen Homer, Etta Searcey, Bobbie Kegeley, Tracee Herring, Gay Yost, Gay Way, JoAnn Norman, Linda Jackson, Carmen Munoz, Dorothy Brown, Norene Hawkins, Rose Mary Martinez, Jane Wilson, Anita Hosea, Alta McGuire, Nell Sloan, Joan Hutchinson and Wanda Welch.

SODIUM LABEL REGULATIONS TAKE EFFECT THIS MONTH

Consumers should find it a little easier to cut back on sodium in their diets, thanks to a new Food and Drug Administration (FDA) regulation.

Beginning July 1, 1986, the FDA requires that the sodium content be shown on any food that provides nutrition information on the label. The regulation should be of real help to people who are concerned about the hidden sources of sodium in processed food.

Sodium content will be listed in milligrams per serving. Consumers can use that information to see if they are staying within the recommended sodium intake of 1,100 to 3,300 milligrams a day. In addition, the FDA has defined the various terms that manufacturers may use to describe the sodium content of their products. These terms include: "Sodium Free" -- less than 5 ml. of sodium in each serving.

"Very Low Sodium" -- 35 ml. or less a serving.

"Low Sodium" -- 140 ml. or less

per serving. "Reduced Sodium" -- the usual level of sodium for this product has been reduced by at least 75 percent.

Sodium-conscious consumers should keep in mind that a product with little or no salt is not necessarily sodium free, since at least 70 sodium compounds, such as monosodium glutamate or sodium bicarbonate, are used in processed foods.

An FDA survey shows about half the food products available would already qualify as being "low sodium" products. Among these foods are hot and cold cereals, fresh meats and poultry, some fish, frozen vegetables, and some desserts and snacks.

Ambulance Service Report For June

Munday Ambulance Service volunteers made a year-high total of 27 ambulance calls during the month of June, according to ambulance coordinator Bobby Hutchinson. In a change from recent months, no calls were made for the Knox City ambulance service.

Thank You
We wish to express our many thanks to all Committees, their chairmen and certainly a host of volunteers who helped to make the Knox County Vegetable Festival a huge success.

MRS. WILLIE CUBA
the former Caroline Myers

July 4 Wedding Vows Unite Miss Myers, William Cuba

St. Joseph's Catholic Church in Rhineland was the setting for the July 4 celebration uniting Caroline Lu Myers and William Edwin Cuba in marriage. Officiating at the double ring ceremony was the bride's brother, Rev. Jeremy Myers, O.S.B. of Subiaco, Arkansas. Concelebrating the nuptial mass were Rev. Bartholomew Landwermyer of St. Mary's in Windthorst and Rev. Harry Fisher of Sacred Heart in Seymour.

Parents of the couple are Mr. and Mrs. Billie Jake Myers of Rhineland and Mr. and Mrs. Henry Cuba of Megargel.

Vows were exchanged before an altar set with gold arched candelabras holding red candles and flanked by matching basket arrangements of red, white and blue flowers. Boston ferns in brass stands decorated the sanctuary, and the unity candles was surrounded with plumosa and sprengeri fern with baby's breath and red and white lace ribbons. Pews were marked with white dogwood blossoms, red rosebuds, navy carnations and English ivy.

Lighting candles were Lori Kimmel of Canyon and Phil Hoedebeck of Wichita Falls. Organists were Lisa Myers, sister-in-law of the bride, and Nancy Wilde. Vocal selections of *Just You and I*, *To Me, Surround Me With Love* and *Thee Our Father* were sung by Shaunette Hildabrand, Willie Sandusky, Kristi Underwood and Curtis Knobloch.

The bride, escorted by her father, wore a formal gown of organza and Venise lace featuring a Queen Anne neckline. The bodice was encrusted with Venise lace, and the sheer sleeves puffed to the elbow, where

they were adorned with small bows, then fit closely to the wrist with accents of lace. The back waistline was designed with a flat organza bow and streamers sprinkled with Venise medallions. Bands of Venise lace circled the long full skirt, which extended into a semi-cathedral train. The skirt was edged with an organza ruffle and scattered with small satin bows. The bride wore a tulle covered open-crown picture hat outlined with seed pearls, sequins and irridescent. A puffed plume at the back extended into a waist length veil. She carried a bouquet of white roses, phalaenopsis and cymbidium orchids, jasmine, sprays of seed pearls and gypsophilia with red and white lace streamers.

Annelle Welch of Munday served her sister as matron of honor. She was attired in a red taffeta tea length dress with a sweetheart neckline and puffed sleeves. Bows accented the shoulders and the gathered drapes on the front panels of the skirt, and the waistline featured a sash tied in a bow. Her halo of tiny white silk flowers and red rosebuds was trimmed with red lace ribbons, and she carried a white silk magnolia blossom tied with a red bow and red and white lace streamers.

Dressed identically to the matron of honor were the bridesmaids, Janet Myers, Laura Myers, Julie Myers and Mindy Myers of Rhineland, Darla Coffman of Weinert and Mary Beth Larson of San Antonio, all sisters of the bride, Tammy Cuba of Wichita Falls and Elizabeth Styles of Seymour, sisters of the groom.

Flower girls were Ambra Welch of Munday and Erica Larson of San Antonio, nieces of the bride. Kyle

Myers of Rhineland, nephew of the bride, was ring bearer, and Kevin Myers and Keith Myers of Rhineland, also the bride's nephews, were acolytes. They were dressed like the honor attendants, and the flower girls carried lace baskets of silk flowers.

Jeffrey Cuba of Wichita Falls was his brother's best man. Groomsmen were John Cuba and B.J. Cuba of Megargel and Matthew Cuba of Wichita Falls, brothers of the groom, and Billie Myers, Larry Myers, Danny Myers and John Myers, all of Rhineland, and Tony Myers of Munday, brothers of the bride.

Ushering guests were Larry Welch of Munday, Eric Larson of San Antonio and Mark Coffman of Weinert, brothers-in-law of the bride, Gary Kuehler of Munday and Phil Hoedebeck and Dean Davis of Wichita Falls.

The groom elected to wear a white tuxedo with tails and all white accessories complemented by a red rose and white orchid in his lapel. The men in the wedding party wore navy blue tuxedos with white shirts and red cummerbunds and ties. Their boutonnières were white roses.

The bridal party marched out to the strains of *Stars and Stripes Forever*.

A reception, dinner and dance were hosted at the Knights of Columbus Hall immediately after the wedding. Registering guests was Mary Myers of Rhineland, sister-in-law of the bride. Assisting at the bride's table were her cousins, Corrine Kuehler, Jill Myers and Betty Franklin. The three-tiered cake, decorated with irridescent grape clusters and doves, sat upon a satin-covered table with a tulle overlay. The sides were draped with red and white lace bows. The table was centered with an arrangement of white silk magnolias, dogwood blooms, red geraniums and red and blue gypsophilia in a crystal bowl. A brass champagne urn and crystal appointments completed the table setting. A white lattice screen festooned with grape ivy, dogwood and red love birds formed the backdrop, and matching dogwood trees with red birds and ribbons stood at either side.

A red satin cloth covered the groom's table, which was centered with a huge red wicker basket filled with ivy. A white lattice backdrop was hung with English ivy. Red velvet cake and coffee were served by Kaye Anne Cuba and Kelli Cuba.

Distributing rice bags for their aunt and uncle were Amanda Myers, Laci Myers and Lindsey Styles.

The groom's parents were hosts for a rehearsal party at the Knights of Columbus Hall on July 3.

After a wedding trip to Las Vegas, Nevada, the couple will reside at 4700 Taft in Wichita Falls. They are both graduates of Midwestern State University. The bride is also a graduate of Munday High School, where she was class valedictorian, Miss MHS and a four-time state track champion. She is employed as a teacher in the Wichita Falls Independent School District. The groom, a graduate of Megargel High School, will pursue graduate studies in the fall.

David Tunmire, County Agent

FALL VEGETABLE GARDENING

The quality and yield of many vegetables from a fall garden are often better than from a spring-summer garden. The cooler weather of fall will result in a longer harvest period for many vegetables. Lettuce and leafy greens are sweeter and more tender. Buttercrunch lettuce, collards, Green Comet broccoli, Prince Marvel brussel sprouts and rhubarb chard will continue to grow to be a part of your Thanksgiving feast.

Careful planning of the fall garden is very important. The first fall frost occurs in early November in Knox County. Planting must be timed to allow the frost sensitive vegetables to mature and be harvested before frost. Those which will tolerate frost are planted to permit harvest to continue after the first fall frost.

Vegetables adapted to fall gardens can be divided into four groups by their tolerance of freezing temperatures. Some warm season vegetables adapted to fall gardens but killed by frost are snap bean, southern pea, summer squash, winter squash, cucumber, sweet corn, and early maturing pepper and tomato varieties. The second group includes cool season crops usually damaged by light frost when mature, such as head lettuce, cauliflower, kohlrabi, English pea, celery, cabbage, and broccoli.

The third group contains those which are moderately tolerant of repeated light frosts: carrot, parsnip, beet, brussels sprouts, leaf lettuce, endive, radish, rutabaga, turnip, and watercress. Members of the fourth group, which tolerate night after night of freezing and have even survived a mild plains winter, include bulb onion, green onion, chives, garlic, leek, multiplier onion, shallot, spinach, parsley, collard, kale and the buttercrunch and romaine varieties of lettuce.

Seed of snap bean, baby lima bean, broccoli, cabbage, carrot, collard, chard, sweet corn, cucumber and summer squash sown in early to mid-July will produce crops ready for harvest before the first fall frost. Beet, kohlrabi, leaf lettuce, English pea, and spinach seed sown in early to mid-August will likewise provide abundant fall harvests. Mustard greens, radish, turnip and watercress sown in early to mid-September will make it to the table in October and November.

Gardeners have several choices for starting their fall gardens. Summer vegetables seedlings require constant attention. Seed sown in the garden in summer is one choice, but will require repeated irrigation and careful attention to pest control. It is often easier to start seedlings of tomato, pepper, cabbage, broccoli, cauliflower, brussels sprouts and parsley in boxes or pots of potting soil, culture them in or near the

house, and transplant them to the garden when they are four to five weeks old.

The choice of a vegetable variety for the fall garden is very important. The early maturing, determinate tomato hybrids (those requiring 65 to 75 days from transplanting to produce their first ripe fruit), Spring Giant, Big Set, and Jackpot, have produced 30 to 50 or more large fruit per plant within a period of 60 to 90 days from transplanting in Extension fall variety demonstrations. In contrast, the late maturing, indeterminate tomato varieties (those requiring 80 to 90 days from transplanting to produce their first ripe fruit) may ripen only six to a dozen fruit by frost when planted in mid-summer.

Green Comet broccoli, Stonehead hybrid cabbage, Pioneer hybrid carrot, Snow Crown cauliflower, Honeycomb sweet corn, Sweet Success and Liberty hybrid cucumbers, and Buttercrunch lettuce are superior varieties which grow rapidly and reliably.

Convert Cropland To Pasture, Says Soil Conservation Agency

Tired of farming that sandhill or rock pile? Why not convert it to improved pasture or native grass? Those Knox County farmers involved in raising stocker cattle will find improved grass or native grass pasture useful for shaping up cattle in the fall. Many improved grasses are also good sources of hay. Sandhills and rocky soils are the

most erosive soils in Knox County. Several cost-share programs are available to assist landowners with seeding grass on these highly erodible lands. The Annual Conservation Program will pay half the cost of grass seeding within certain limits. The landowner must maintain the grass stand for at least five years with this type of cost-share.

Another program is the Conservation Reserve Program. Landowners must bid their land into this program for a ten year period. Grass seeding is cost-shared at a fifty percent rate. Landowners receive annual payments during the ten year contract period.

Converting cropland to pasture can be beneficial. It will definitely reduce erosion on highly erodible land. Landowners can contact the Soil Conservation Service in Knox City for more information on converting cropland to pasture and cost-share programs.

1987 Wheat Program Provisions Released

Secretary of Agriculture Richard E. Lyng set the national average loan and purchase level for the 1987 wheat crop at \$2.28 per bushel, down from \$2.40 per bushel for the current year.

Lyng also announced the following additional provisions for next year's wheat crop:

*A marketing loan program will not be implemented;

*Offsetting compliance requirements will not apply, meaning that eligibility for a program payment and loan for a commodity on a farm will not be affected by actions taken with respect to that commodity on another farm;

*The upper limits on the farmer-owned reserve quantity will be no more than 17 percent of the esti-

mated domestic and export use for the 1987/1988 marketing year. If reserve quantities exceed the upper limit at the time that 1987 crop wheat loans mature, no entry into the reserve will be permitted;

Actual crop yields for 1987 and subsequent years will not be used to establish 1988 and future farm program payment yields.

Lyng said he will reserve the right to initiate cost reduction options as outlined in Section 1009 of the Food Security Act of 1985. These options may include reopening and changing a contract into by a producer under a program if the producer voluntarily agrees to the change.

The enrollment period for the 1987 wheat program will begin October 1, 1986 and end March 30, 1987.

Lifestyle Changes May Be Keys To Stroke Prevention

Although great advances have been made in surgical prevention and treatment of stroke, it remains the third leading killer in the country, outranked only by diseases of the heart and cancer. According to the Texas Medical Association, lifestyle changes such as controlling high blood pressure are a key to preventing stroke.

A stroke occurs when the blood supply to a part of the brain is cut. As a result, the nerve cells in that part of the brain cannot function. When nerve cells in the brain are not able to function, then the part of the body controlled by these nerve cells cannot function either.

Stroke was once viewed as a single devastating attack, but we now know it develops over a period of many years. There are three major types of stroke. The most common form of stroke, cerebral thrombosis, occurs when one of the arteries supplying blood to the brain is blocked by a clot that forms inside the artery.

Stroke may also be caused by a wandering clot carried in the bloodstream until it becomes wedged in an artery leading to the brain. A third form of stroke occurs when a defective artery in the brain bursts, flooding the surrounding tissue with blood and depriving cells of their blood supply.

A stroke requires immediate medical care. Treatment begins as soon as the stroke is diagnosed to ensure that no further damage to

brain cells occurs. Major strokes may result in paralysis of one or both sides of the body. Loss of vision and speech also can result.

Rehabilitation should begin as soon as possible after the patient's condition is stable. Progress in rehabilitation varies from person to person. For some, recovery is completed within weeks following a stroke; for others, it may take many months or years.

The risk factors or conditions that lead to stroke include high blood pressure, heart disease, smoking, and being overweight. You can help prevent stroke by taking these steps:

*Control your blood pressure.

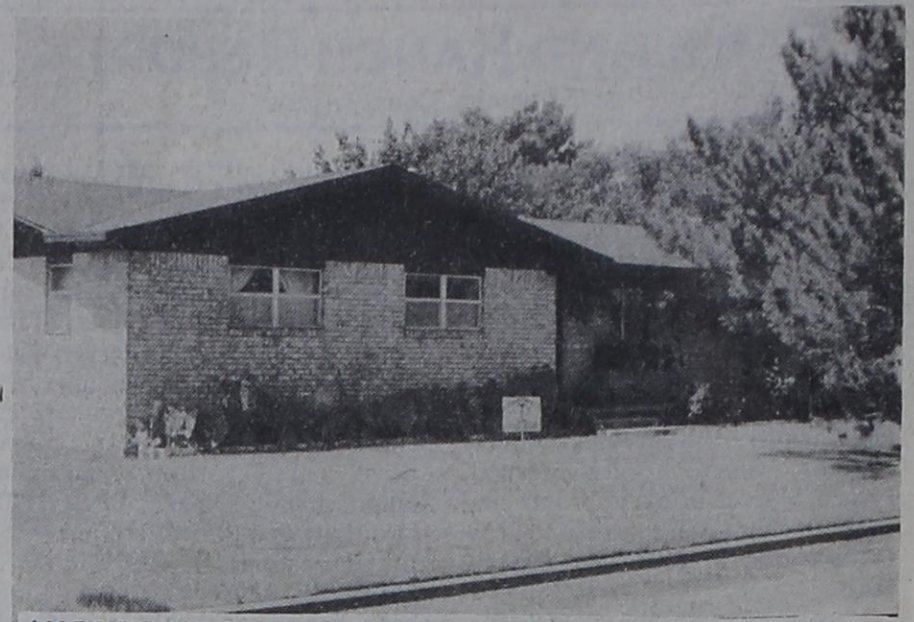

*Stop smoking.

*Eat a healthy diet that includes protein sources low in cholesterol (such as chicken, turkey, fish and beans, skimmed milk, fruits, and vegetables).

*Exercise regularly. There is evidence that exercise strengthens the heart and improves circulation. It also will help in weight control.

*Control diabetes. If untreated, diabetes can cause destructive changes in the blood vessels throughout the body.

*Promptly report warning signs to your doctor. Transient ischemic attacks (TIA's) are the clearest warning that a stroke may occur; they produce temporary stroke-like symptoms such as numbness or weakness in an arm or leg, difficulty with speech, unexplained headaches, dizziness, momentary blindness and impaired judgment.

AN UNUSUAL WINDOW TREATMENT of thickly massed caladiums and a beautiful bed of huge elephant ears won the Yard of the Week title for the Allen Beatys at 110 W. M Street. Hanging baskets, flowering shrubs and tall pine trees make the most of this yard's potential for beauty. This is another first-time award winner, and it is certainly well deserving.

EXHIBIT I: Environmental Requirements

"The Farmers Home Administration (FmHA) has received an application for financial assistance from the Town of Goree. The specific element of this proposed action is to replace the existing wastewater treatment facility. Improvements will include one facultative lagoon, two wastewater stabilization ponds and necessary piping and flowmeter, to be located on and adjacent to the site of the existing facility.

FmHA has assessed the potential environmental impacts of the proposed action and has determined that it will not significantly affect the quality of the human environment. Therefore, FmHA will not prepare an environmental impact statement for this project.

Any written comments regarding this determination should be provided within fifteen (15) days of this publication to Mr. Charles B. Hart, Community Programs Loan Officer, Farmers Home Administration, 101 South Main Street, Suite 102, Temple, Texas 76501, telephone 817-774-1306."

FmHA will make no further decisions regarding this proposed action during this fifteen day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to the above address. 41-2tc

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

NEW ARRIVAL

We have a new resident in Benjamin. He's Kenneth Alan Russell, who arrived on July 1, 1986, at 6:37 p.m. at the Seymour Hospital. He tipped the scales at 7 lbs. 12 oz. and was 20 1/2 inches long.

His very proud parents are Randy and Susanne Russell. He also has a brother, Robert, and a sister, Dawna, who are doing their share to help spoil him!

His maternal grandparents, Mr. and Mrs. Horst Gross, live in Germany. Paternal grandparents are Mrs. Iva Skains of Arcadia, La. and Clifford Killian of Munday.

I received a letter from my good friends Maudie and Clarence Clower on Saturday. They are at their daughter's at Midland for a while until they are able to come back home. Maudie broke her hip in late February and has not been home to stay since that time. She says they are doing fine and I thought a note from their friends here would cheer them up. Their address is: Mr. and Mrs. C.B. Clower, Route 7, Box 7308, Midland, Texas 79701.

HERE AND THERE

Bill, Sue, Jennifer and Kevin Roberts of Woodbridge, Va. visited their folks here last week, the Kenneth Roberts, the Dennis Dukes, the Fred McGregers and the Don Roberts of O'Brien. On Friday, the Kenneth Roberts and the Bill Roberts went to Lubbock and toured the Ranch Heritage Center.

Earlene Meinzer returned home Thursday after a week's visit with her sister, Charlene Giver and family in McDermott, Nevada. She reported a fabulous time, but glad to be home!

Lil Moorhouse called to tell me of her guests during homecoming. They were Sue Dunkle and Joan Lacy of Dallas, Mona Holcomb of Arlington, Ertice Galloway of Bartlesville, Okla., Ruby Melton of Lubbock, Charles Bisbee of Dallas, Helen Bisbee of Lubbock, Grace Bisbee of Haskell and Jim Bob Bisbee of Wichita Falls. She said they all had a glorious time!

Lorrie and Jennifer Rolston are spending a few days with friends in Abilene.

Visiting Imogean and Dutch Young during the weekend were DeeAnn, J.D. and Anthony Lamb and David and Brenda Gallaher of

TANYA GREENWOOD, six-year-old daughter of Mr. and Mrs. Butch Greenwood of Goree, is shown beside the okra she planted in a small garden plot behind her house. Tanya planted the seed and has watered and cared for "her okra" and is justly proud of the lavish plant, which stands a little over six feet tall. Tanya's grandparents are Mr. and Mrs. Tommy Greenwood of Goree and Mr. and Mrs. U.J. Bellinghausen of Munday.

Munday All-Stars Are Runners-Up In Little League Play

After losing their first area playoff game, the Munday Little League All-Stars roared back to defeat Knox City 10-7 in the third round of the double-elimination tourney. Gene Shields, Jai Reed, Daniel Serrato, Ray Hernandez, Chris Scott, Kevin Myers, Freddie Sosa Jr., Mike Bunton and Matt Angerer all pushed across the plate for scores as Angerer pitched all six innings. An eight-run explosion in the second inning carried the team through for the win.

This left Munday and Seymour to tangle, and they did just that, with Munday winning another game on Thursday night. But Seymour

avenged themselves Friday, defeating Munday 4-2 to win the tournament. Munday's players, coaches and parents were pleased with the team's performance during the tourney, feeling that our town was well represented by these All-Stars.

County Woman Is New Director Of Headstream Center

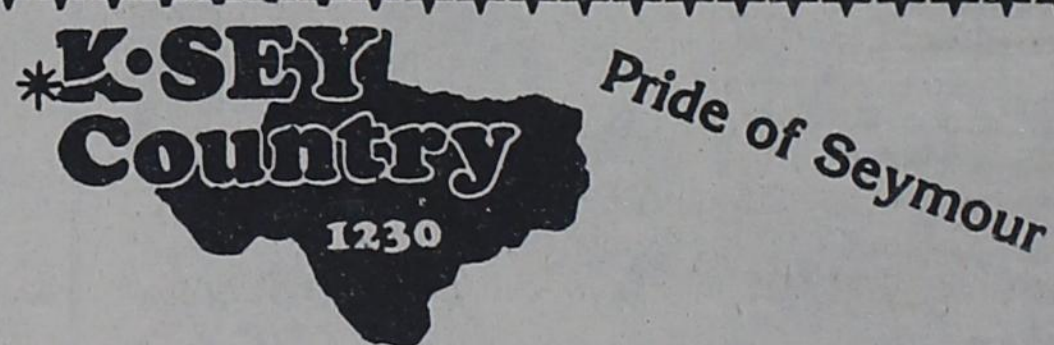

Sarah Bellinghausen of Benjamin has been named director of the Headstream Memorial Center in Haskell. She replaces David Smith, who resigned from the position in May. The Headstream Center is an outreach department of the Vernon State Hospital serving Haskell, Knox and Stonewall Counties.

A 1974 graduate of Knox City High School, Mrs. Meinzer received a bachelor of arts degree in sociology with a minor in psychology from Midwestern State University in 1978. A certified social work associate, she was previously employed as a social worker for the Texas Department of Health's long term care unit. She serves on the Knox County Child Welfare Board and is a past member of the Headstream Center's advisory board.

She and her husband, noted wildlife photographer Wyman Meinzer, live in the refurbished old Knox County jail with their two sons, Hunter and Pate. *****

Mr. and Mrs. Jackie Morrow, Dustin, Nicole and Sara, of Danielsville, Georgia, visited his mother, Pauline Morrow, and other Munday relatives during the July 4 weekend. *****
