## Munday 4-H'ers Win Gold Star Awards

Two Munday students won top honors at the 1986 Knox County 4-H program achievement day held Sunday, October 5, in Benjamin. Angie Partridge was mistress of ceremonies for the program.

David Tunmire and Jane Rowan, Knox County Extension Service agents, presented the annual Gold Star awards, the highest awards given by the 4-H organization on a local basis. Winners of this year's honors were Angie Partridge, senior champion, and Andrea Longan, junior winner. They are the daughters of Mr. and Mrs. Wendell Partridge and Mr. and Mrs. Bill Longan, all of Munday. Angie is a sophomore student at Munday High School, and Andrea is a sixth grade student at Munday Elementary School.

Andrea led the 4-H members in their pledges during the achievement day ceremony. Knox County Commissioner Lee Patterson gave the welcome, and Sandy Patterson of Benjamin worded the response. Robin Reneau of the Munday club reviewed the year's happenings, and Missy Reneau and Commissioner Bobby Roberson presided over the achievement award presentation.

Rebekah Duke of Benjamin recognized group leaders, and Jae-Jae Reneau presented the Meritorious Service Award, which went to the Cactus Growers Ranch of Benjamin and its general manager, Charles Durham, for contribution to and support of the Knox County 4-H program.

Receiving achievement awards in various areas of participation were the following:

Clothing - Robin Reneau, Angie Partridge, Robyn Clem, Missy Reneau, Amy Carver, Bonnie Bohannon, Jae-Jae Reneau, Rebekah Duke and Sandy Patterson.

Home design - Susan Whittemore and Andrea Longan.

Leadership - Angie Partridge.

Horses - Leah Boone.

Poultry - Billy Large.

Fashion show - Robyn Clem, Jae-

Jae Reneau, Amy Carver, Missy Reneau, Bonnie Bohannon, Robin Reneau and Sandy Patterson.

Swine - Justin Emerson.

Beef - Angie Partridge.

Sheep - Robin Reneau, Jae-Jae Reneau and Missy Reneau.

Foods and nutrition - Andrea Longan, Kathy Welch, Kim LeFevre, Missy Reneau, Farrel Selzer, Kacy Longan, Jae-Jae Reneau, Angie Partridge, Tessa Kiser, Leah Boone, Robin Reneau and Sandy Patterson.

Breads - Angie Partridge.

Rabbits - Billy Large, Todd Faulk, Chad Bordovsky, Aimee Ford, Donnese Fritsche and Jacy Dillon.

A reception was held for the 4-H'ers and guests after the awards presentation.

## Rhineland Women Compile Cookbook

St. Anne's Christian Mothers' Society of St. Joseph's Catholic Church in Rhineland has published a cookbook entitled, "Cherished Recipes." The cookbook contains over 700 recipes provided by ladies of the church.

These personalized keepsake cookbooks are priced at \$8.50 per book and will be available at the Mothers' Society bazaar which will be held in conjunction with the Knights of Columbus sausage dinner on Sunday, October 12. Also available at the bazaar, which begins with the dinner at 11 a.m. in the Columbus Club Hall in Rhineland, will be homebaked goods and handmade items.

Cookbooks may also be purchased at Jeanene's Beauty Shop, T-Shirts, Too and the Shamrock Cafe or by calling 422-4496, 422-4990, 422-4950, 422-4894 or 422-4828.

## Unseasonal Storm Leaves Path Of Destruction

A storm that passed over the Knox City, Rhineland, Munday and Goree area last Wednesday, October 1, left a trail of damage in its path. According to BK Electric officials, approximately 60 poles were down in a path between Rhineland and Munday. They were leaning in several different directions, which means a twister must have been the cause of most of the damage.

There were several homes out of electricity until late Wednesday. Contractors were called in immediately to help restore things back to order. They returned home Tuesday or Wednesday of this week since the continuing rains caused it to be too

## MOGULS SUFFER FIRST LOSS

### Panthers Rally Late To Overcome Munday

The term 'moral victory' sounds kind of shallow to a team who thought they should have won the game, but nevertheless, the Moguls did win a moral victory of sorts in a disappointing 18-17 loss to the Class AA Seymour Panthers in Seymour Friday night. The game was Munday's first regular-season loss since the 1983 season and brings the team's 1986 record to 3-1-1. In two and one-half seasons, Munday has won 33, lost two and tied one contest.

The Panthers, rated ninth in Class AA with a pre-district record of four wins and one loss, had a weight advantage of about 12 pounds per man over the Moguls, along with the services of Mark Peters, one of the area's leading rushers. Peters gained 119 yards on 19 carries against the Moguls and scored two of the Panthers' touchdowns.

Going into the final quarter, Munday led 17-6, but the Panthers scored two touchdowns in the last period to pull ahead of the Moguls, and Munday fans left Seymour with a bitter taste in their mouths, feeling their team should have won the game.

No doubt both players and coaches have re-played those final minutes many times in their minds since Friday night, but even though they lost, the Moguls were not defeated, because they played a great game against a very good team that most prognosticators thought would win by a much larger margin. So it can be looked upon as a moral victory that should have the team in good shape for the district contests that begin this week.

The Panthers took the opening kickoff and returned it to the 49, driving 44 yards in nine plays to the Mogul 7. At that point Munday's defense forced a fumble, and Ricky Taylor recovered for the Moguls. Junior quarterback Anthony Stinnett uncorked his passing arm during the team's first possession, throwing four times to four different receivers, among them a 36-yard strike to John Paul Browning. Running back J.B. Jones was the

## Phone Courtesy Requested By Firemen

Members of the Munday Volunteer Fire Department have a very special request. The firemen ask that if a local resident dials the Fire Department by mistake, they should let the person who answers the phone know that the wrong number has been dialed.

When someone dials the fire phone and hangs up when it is answered, firemen don't know whether they have received a prank call, a wrong number or a real emergency call in which the caller possibly got cut off or was not able to finish the call.

Just saying, "Sorry, wrong number," will save the firemen from worrying that their services are needed when they have no way of checking to find out for sure.

## Commodities To Be Given Tuesday

The Aspermont Small Business Administration will distribute USDA surplus commodities on Tuesday, October 14, at the following locations and times:

Knox City City Hall, 8:30-10 a.m.; Truscott Community Center, 9-9:30 a.m.; Benjamin courthouse, 9:30-10:30 a.m.; Gilliland school building, 10-10:30 a.m.; Vera Methodist Church, 11-11:30 a.m.; Munday Community Center, 1-2 p.m.; and Goree Community Center, 3-4 p.m.

man who carried the ball across the goal from the two, and Lowell Hutchens kicked the extra point to give Munday a 7-0 lead with 3:02 left in the quarter.

The Panthers roared right back, moving 51 yards in only five plays. Peters did the scoring honors, twisting his way in from 23 yards out. But the point after attempt was wide, and the Moguls still retained the lead. Munday immediately began driving to the goal, with a 31-yard pass to Browning keeping the drive going. But a fumble inside the five-yard line was scooped up by Seymour's Chris Beamon and the

## New Manager Named At Local WTU Office

There's another Sellers at the Munday West Texas Utilities office! Leon Sellers is the new WTU manager here, and he says he's not related to Goodson Sellers, a former manager.

A native of Quanah, Sellers attended schools there and began working for WTU in 1973 at the Quanah office. He was transferred to Vernon and then served four years as manager of the office at Iraan, coming to Munday from that

LEON SELLERS

position. He replaces Frank Jackson, who had managed the local office for several years. Jackson was recently transferred to San Angelo.

The Sellers family includes Leon's wife, Debi, and their daughters, Toni, 11, and Niki, 8. They attend the Church of Christ and Sellers is also a member of the Lions Club. The family is presently residing in Wilkie Guinn's rent house on North 8th.

## WTU Refund To Be Issued In December

A continuing price decline in the natural gas market means another refund to West Texas Utilities Co.'s retail customers in December.

WTU officials announced last week that a request was being filed with the Public Utility Commission of Texas for permission to refund a total of \$6.9 million in retail revenues collected in excess of actual fuel costs, and to lower its fuel charge rate for the months of December 1986 through April 1987. The total includes \$6,740,467 in actual fuel cost savings accumulated in July and August, plus \$149,003 in interest.

Under WTU's proposal, all existing retail customers would receive refunds through one-time credits to their bills in December. A typical residential customer would receive about \$17.

## Renew Your Courier Subscription Early

Since most Courier subscriptions are due in November, we are asking you to renew yours early and help us avoid the rush in November.

You can tell if your subscription is due by looking on the bottom of your address label. If it has 86/11/04 on it, yours will be due next month. We also have a list of October subscriptions due now.

Postal regulations require us to mail only paid subscriptions, so pay yours early so you won't miss a single issue.

## Hospital Trustees Adopt Tax Roll; Discuss Changes

Five members of the Knox County Hospital District board of directors were present for a meeting August 19 at the Citizens State Bank in Knox City. Attending were trustees Bill Baker, Maurine Reeder, Ray Lynn Hardin, Greg Clonts and Benny Grill and administrator Randy Abernathy. Trustees Vernal Zeissel and Bernard Brown were absent.

Minutes of the July 15, July 22 and August 7 meetings were read by the administrator and approved by a motion and second made by Grill and Hardin. A lengthy discussion on LVN staffing patterns was held but no decision to change was reached. The linen service contract was also discussed with no change made.

The fuel rate -- known as the "fixed fuel factor" -- is approved by the PUC. When the actual cost of fuel is below the approved rate, the over-recovery is returned to the customers, with interest.

WTU's base rates have not changed since December 1984. Company officials have indicated that a rate increase likely will be necessary next year after the new coal-fired Oklaunion Power Station near Vernon is completed and placed in service. The assured supply of coal under a long-term contract is expected to stabilize WTU's power plant fuel costs and to partially offset the necessary base rate increase.

Persons who order bulk sausage should remember to pick it up Saturday at Brown's Store in Rhineland.

## Hospital Trustees Adopt Tax Roll; Discuss Changes

Hardin moved to authorize Vernal Zeissel to borrow \$59,000 from the First National Bank in Munday to pay the July accounts payable. Grill seconded the motion, which passed unanimously. The meeting was then adjourned.

The hospital board met again on Tuesday, September 19, at the Citizens State Bank. Trustees present were Clonts, Mrs. Reeder, Brown, Baker and Hardin, as well as the administrator, Zeissel and Grill were not in attendance.

After board president Clonts called the meeting to order, Bill Baker moved to adopt the hospital district's 1986 tax roll. Brown seconded the motion and it carried unanimously. Motion was made by Baker and seconded by Hardin to accept the payroll and accounts payable as presented. Zeissel was authorized to borrow \$32,000 to meet these debts.

Ray Carter from Kemper Resources of Austin met with the board about a contract to recruit a physician for the hospital. No decision was made at this time. Abernathy discussed the possibility of beginning a home health agency run by the hospital. The board decided to obtain more information on such an agency before making a decision.

## MHMR Treatment Is Free Only When Patients Can't Pay

County Judge David N. Perdue has received a letter from the Texas Department of Mental Health and Mental Retardation asking him to remind area residents that treatment at any MHMR facility is not free unless the patient is not able to pay any part of the cost.

The letter states that for over 50 years Texas law has provided that persons who are able must reimburse the state for services provided by institutions for the mentally handicapped. Those who are not able to pay any part of the cost receive the services without charge. The laws are applicable for hospitals, schools and centers operated by the Texas Department of Mental Health and Mental Retardation, including the Vernon facility.

Perdue added that the law applies equally to all persons who receive services, whether they are committed involuntarily or admit themselves voluntarily for treatment. Parents of minors who receive services, or spouses of such persons, are also liable for part of the cost if they have the ability to pay.

The MHMR central office in Austin asks that Knox County residents who come in contact with persons requiring treatment at an MHMR facility understand the laws of this state that require payment for the services provided according to that person's ability to pay or the ability of some other responsible person.

## Sausage Dinner On Tap Sunday

For mouth-watering German sausage, fried chicken and homebaked items, Rhineland is the place to be Sunday when the Knights of Columbus host their annual sausage dinner. Serving hours are from 11 a.m. to 1:30 p.m. at the Columbus Club Hall, and plates are \$5 for adults and \$3 for children under 12.

St. Anne's Christian Mothers' Society will hold a bazaar in conjunction with the dinner. In addition to homebaked and handmade items, they will be selling copies of "Cherished Recipes," the recently published cookbook featuring favorite recipes of women in the parish. Also, as a Sesquicentennial celebration, tours of historic St. Joseph's Catholic Church will be given throughout the day.

Persons who order bulk sausage should remember to pick it up Saturday at Brown's Store in Rhineland.

### STORM

(Continued from page 1)

Among those receiving hail damage on their cotton crops were Zeissel Brothers, C.H. Cornet, Jerry Wilde, Louis Redder and Gene Brown. Wilfred Bellinghausen also had some damage. The storm lifted and settled down again around Hefner near Goree. Bill Myers was among those receiving damage in that area.

The hard rain washed some of the young wheat out of the ground and flattened the rows. Hay grazer which was head high was flattened out, also.

Now all we need is lots of sun to dry up the fields and roads and get things back in working order.

## ★ MUNDAY NURSING CENTER NEWS ★

By Nancy Cypert

J.C. and Katie Reagan of Crosbyton visited his mother, Maude Reagan, and his sister, Ruby West.

Henry Liberda of Wichita Falls visited his uncle, Joe Kubena.

Almeda Blair and Alva James came Tuesday afternoon and called bingo for the residents. Each player received a prize and had a good time. Thanks to these ladies for coming.

Susie Jones and Clara Sandifer visited Beulah Hosea.

R.L. and Winnie Trammell of Springtown visited his mother, Susie Trammell.

Martyne Hargus and Leona Stone of DeLeon visited Porter Blankenship last week.

Elizabeth Watson and Nora Pressnall of Goree visited Charles Pressnall and other friends in the home.

Lahoma Smith of Austin visited her mother, Lorean Pope.

Ray Hunter came Wednesday morning and held devotional with the residents. Everyone looks forward to Ray's visits and his devotionals. Thanks to Ray and his church members for coming each week.

Eddie Sanders visited friends in the home last week.

Mr. and Mrs. T.A. Miller visited Ruby McNeill.

Charlie and Betty Bellinghausen of Bedford, Charlie Koenig of Harlingen and Mr. and Mrs. Allan Bellinghausen and Nathan of Amarillo visited Hubert and Rosa Bellinghausen.

Marcelle Jackson and Vina Clark of Dallas, Joyce King of Houston, Red West of Red Springs, and Sue and Paula Duncan of Lubbock visited Linnie West, Ruby West and Maude Reagan.

## Corps Of Engineers Praised For Flood Control Measures

When the Flood Control Act of 1936 was passed by President Franklin D. Roosevelt, the U.S. Army Corps of Engineers was authorized to conduct a number of examinations and surveys on potential flood problem areas and flood control measures. The federal government was responsible for the \$320 million project.

The Corps team of military and civilian engineers, construction managers, architects and other professionals, working at the direction of Congress for the American public, has developed flood control solutions that have saved an estimated \$150 billion in flood damages since 1936, which represents a return on investment for the American taxpayer of \$7 for every dollar invested.

In 1986, the 50th anniversary of

the Flood Control Act, City of Munday officials are praising the Corps of Engineers for the work that has saved literally thousands of dollars in flood damage for the city. The \$1 million dollar drainage ditch that was completed in the mid-1970's was constructed by the Corps, and the agency also contributed engineering advice when the city built the recent extension to the original ditch.

"Thanks to the Corps of Engineers, our drainage ditch should now adequately hold any flow of water," said Munday city administrator Walter Hertel. "This ditch has made an enormous difference in our ability to control high water after heavy rains, and we can't thank the Corps of Engineers enough for their expertise and efforts to help us in our drainage projects."

## Mrs. Cowan's Quilts Are Shown At Beta Chi Meeting

The Beta Chi Chapter of Delta Kappa Gamma met for the first time this fall Saturday, October 4, in the First United Methodist Church in Munday. Munday members were hosts for a brunch.

Chapter president Christie Stapleton called the meeting to order, and Shirley Sloan, secretary, read the minutes. Margaret Chafin gave the financial statement.

Ina Cowan, a Beta Chi member, presented the chapter's Sesquicentennial program featuring her hand-pieced quilts. Mrs. Cowan has never sold any of the more than 100 quilts she has pieced by hand. They are made for family members, and family legend holds that it is lucky to sleep under one of these special quilts.

A display of Mrs. Cowan's

favorite quilts was shown in the church fellowship hall, which was decorated with antiques for a country atmosphere. Early-day American patterns for quilts were named for things associated with rural life such as straight furrow, barn raising and courthouse steps. Other quilts shown included a triple Irish chain with 49 one-inch blocks in a square, an around-the-world pattern quilt, and clam-shell pattern, a drunkard's path or Solomon's puzzle quilt that she made in 1931 using a flannel lining, the nine-patch quilt, a cross-stitch quilt made in 1962 using polyester batting for the first time, blue jean quilts and a Sesquicentennial quilt.

Mrs. Cowan also showed an antique sunlight and shadow quilt pieced by her husband's grandmother 75 years ago and her "treasure" quilt made by Beta Chi members. She said quilting is a good hobby that is wonderful for relaxing, and also said she memorizes scripture to help her sleep.

Greeting and serving refreshments to about 40 guests were Munday chapter members Judy Burnett, Ina Cowan, Nahwana Donoho, Janice Dutton, Linda Edrington, Ruth Ishmael, Karen Longan, Alta McGuire, Dorothy Myers, Ida Owens, Alice Partridge, Leona Partridge, LaRue Reeves, Maurys Stone, Ann Therwanger, Debbie Wilson and Penny Winchester.

## Munday Resident's Kin Buried Sunday

Cecil F. Gonzales, 82, of Wichita Falls died Thursday, October 2, in a hospital there. Services were at 2 p.m. Sunday, October 5, at the First Spanish Assembly of God Church in Wichita Falls with Rev. Rudy Lanam, associate pastor, officiating. Burial was in Rosemont Cemetery under direction of Owens and Brumley Funeral Home.

He was born June 5, 1904, in Abilene and had lived in Wichita Falls 30 years. A retired city employee, he was a member of the First Spanish Assembly of God Church.

Survivors include his wife, Jesusa; four daughters, Eva Mascas of Munday, Mary Servantes and Jane Gonzales, both of Wichita Falls, and Benita Sanchez of Jacksonville, Fla.; a stepdaughter, Amada Perez of Midwest City, Okla.; five sons, Mike, Cecil Jr., Jesse and Henry, all of Wichita Falls, and Eusevio of Lubbock; four sisters, Benita Hernandez and Nellie Zamora, both of Wichita Falls, Betsy Molina of Holliday and Cruz Gonzales of Garden, Montana; three brothers, Henry of Garden, Mont., Frank of Wichita Falls and Reyes of Modesto, Cal.; 39 grandchildren and 35 great-grandchildren.

The Statue of Liberty in New York Harbor is one of the largest statues ever made. It stands 305 feet tall.

JULIE PARTRIDGE

## MHS Grad Tapped For College Honor

Julie Partridge, daughter of Mr. and Mrs. Wendell Partridge of Munday, was one of 24 nominees for Texas Tech's 61st homecoming queen during recent festivities. Julie was nominated by the Farm House organization at Tech.

Candidates for homecoming queen modeled in a fashion show prior to the election. The queen and her court were announced at pre-game ceremonies before the Tech-Baylor homecoming football game and reigned over all the festivities.

Julie is an honor graduate of Munday High School.

Mrs. Frank Nance returned home last Wednesday from a three week's visit with her daughters, Mrs. Kenny Smith and Mrs. Jenny Leach and family, of Midland.

## Band Gears Up For Marching Contest

A crowd of parents and other fans is expected to follow the Munday High School Purple Cloud band to Wichita Falls Saturday for the 1986 University Interscholastic League Fall marching contest. The band was in Wichita Falls on Monday night of this week for a band festival, enabling the musicians to practice on the astroturf.

The competition will be held at Memorial Stadium on Southwest Parkway. Class AAA, AAAA and AAAAA bands will begin marching at 9:42 a.m. sharp and will continue until 12:06 p.m., after which a break continues until 4:30. Class A and AA bands will march in the afternoon. The reason for the break, according to Munday band director Rodney Bennett, is that judges for the smaller bands will be working the south zone contest in Abilene that morning, and they will switch with the north zone judges in Wichita Falls after lunch.

Crowell will be the first Class A band to march at 4:30, followed by Windhorst, Petrolia, Munday, Knox City and Paducah. Munday's time slot begins at 5:06 p.m. Judges for the competition are from Stephenville, Kermit and Plainview.

The Purple Cloud will be shooting for its third consecutive first division rating in marching and is hoping to win its second appearance at the regional contest. Bennett said the band performed an excellent show at the festival Monday night, and he has asked a clinician to watch the band another day this week for a final critique before the

contest. Admission to the competition is free, and anyone who likes to hear good band music played by fine young musicians is urged to attend.

## Students At MHS Vote Class Leaders

Class officers were recently elected at Munday High School. Leading the respective classes are the following:

Freshman class president is Jenni Bowman. Serving with her are Ann Parker, vice-president; Youlanda Wright, secretary; Mindy Myers, treasurer; and Rohn Kingston, reporter.

Michael Waggoner was re-elected president of the sophomore class. Other officers are Kent Sanders, vice-president; Chad Bordovsky, secretary; Brian Ramirez, treasurer; and Angie Partridge, reporter.

Leading the junior class this year will be Sam Hunter. Assisting him are Anthony Stinnett, vice-president; Trey Thompson, secretary; Glen Reid, treasurer; and Alexis Bordovsky, reporter.

The senior class elected Howard McPherson as president for its last year in school. Also elected to senior offices were David Hertel, vice-president; Jay Donoho, secretary; Christy Morgan, treasurer; and Chris Baker, reporter.

It's believed the word *brat* meaning "child" comes from the Welsh *breth* meaning baby clothes.

## Senior Citizens To Plan Abilene Trip

A proposed trip to the movies was the subject at the recent meeting of the Munday Senior Citizens. Renne Patterson, president, was in charge of the monthly session. She voiced the opening prayer, after which the Pledge of Allegiance was recited. Minutes of the previous meeting were read and approved, and the treasurer's report was given.

Ruth Horton and Grace Hutchinson reported on the possible use of the Knox County Aging Service mini-bus. Mrs. Horton read a list of movies being shown at the Paramount Theatre in Abilene and told the group they could get a senior citizens discount for the Saturday matinee performance. Euris Reid moved that they attend a show and do some shopping before or after the movie. Maggie Gaines seconded the motion and it carried. Several members of the organization expressed interest in making the trip, and anyone who did not make their wishes known at the time and decides later to attend can call Mrs. Horton or Mrs. Hutchinson to get their names added to the list of those attending.

Mrs. Horton said she would soon receive a list of the movies to be shown next year. Ruby Roden moved that she give the list to the newspaper; motion seconded by Grace Hutchinson and carried.

Grace for the noon meal was voiced by Grace Hutchinson, and a period of fellowship was enjoyed after the covered dish meal. Ella Gresham gave the program for the afternoon. In observance of Halloween month, she asked everyone to put something from their pockets or purse into a basket, then the items were auctioned off, with the owner getting the last bid. It was a fun way to raise money for the group's expenses.

Game nights for the month were set for October 9, 16 and 30, and October 23 is singing night. The Senior Citizens will meet again at 10:30 a.m. Thursday, November 5, at the Munday Community Center, and any senior citizens will be welcome.

People once thought it good luck to carry key rings made of stone and horn.

and Drug Administration regulates use of the term, consumers can be assured that all foods labeled "pasteurized" have gone through the same type of process.

By contrast, terms like "natural", along with "organic" and "health", also appear on food labels. But these terms are being used to promote the food rather than to describe its scientific properties. Because these terms aren't regulated by the FDA, consumers have no way of knowing whether they accurately describe the product or not.

But many consumers believe that "natural" foods have more vitamins and minerals and less sodium, cholesterol, fat, white sugar and chemical additives than ordinary products. That may or may not be true. And in some cases, the differences between "natural" and regular products may not be significant.

With some products, such as unsalted potato chips, there is an obvious difference between the food labeled natural and the regular product. And while the reduction in sodium is a plus, the natural potato chips have just as much fat and calories as standard chips.

But the difference between a preservative-free "natural" cookie, made with honey and conventional cookies made with white sugar is probably insignificant. Both the honey and sugar provide calories without nutrients, and there is no scientifically established benefit to preservative-free foods.

Before you select a product because it's advertised as "natural", compare the list of ingredients on the label to the list on a similar "regular" product. Then decide whether any differences are significant in terms of your overall diet.

Thirst is a poor gauge of a body's need for fluids, particularly among older people exercising in warm climates. To prevent dehydration: Weigh yourself several times a day, and drink a pint of fluid for every pound lost. Also: Drink one to two pints of fluid 30 minutes before any prolonged exercise.

**Natural Foods - A Matter of Definition**  
Consumer surveys show that people are attracted to -- and buy -- food products that are supposed to be "natural."

But the term "natural" on a food label can mean almost anything, because its use is not regulated by the Food and Drug Administration.

Here's an example of a food labeling term that is regulated. "Pasteurized" is the term which refers to the heat treatment that kills bacteria in foods. It's most often used for raw milk. Because the Food

## Six Flags Admits Senior Citizens Free

Senior citizens will be admitted to Six Flags Over Texas free of charge on Sundays during the month of October.

The event, called "Silver Sundays," is part of the Arlington theme park's 25th anniversary celebration. The offer of free admission will be extended to all visitors age 55 or older.

"Folks in this age group have been among our regular visitors since Six Flags opened in 1961," said general manager Bob Bennett. "During our early years, many of these people came to the park with their children. Now they come with their grandchildren, and we appreciate that kind of loyalty."

Bennett continued, "In addition to a wide variety of rides, there are literally hours of live shows to be enjoyed. Our entertainment lineup includes something for everyone."

Senior citizens who visit during the Silver Sundays event are asked to bring their driver's license, or other identification showing their date of birth, to the park's main gate ticket booths. All persons 55 or over will be admitted free. The normal senior citizen discount price is \$9.95. There is a \$3.00 parking fee.

Silver Sundays will include all Sundays in October and the first Sunday in November, which will be the final day of Six Flags' 1986 season.

ELAINA MORGAN

## Engagement Announcement

Mr. and Mrs. Gerald Morgan of Munday are pleased to announce the engagement and approaching marriage of their daughter, Elaina Gayle, to Ronald Gene Reece, son of Mr. and Mrs. Danny Reece of Knox City.

The bride-elect will be a May graduate of Munday High School. The prospective groom graduated from Knox City High School and is serving in the United States Army, stationed at Ft. Lewis, Washington.

The couple will exchange vows on Wednesday, December 31, at the First Baptist Church in Munday.

## Munday School Lunchroom Menu

Oct. 13-17, 1986

BREAKFAST

Monday - Cereal, juice, milk.  
Tuesday - Toast, jelly, juice, milk.

Wednesday - Doughnuts, juice, milk.  
Thursday - Cheese toast, juice, milk.

Friday - Cereal, juice, milk.

LUNCH

Monday - Fish patties, macaroni and cheese, lettuce wedge, hot rolls, brownies, milk.

Tuesday - Green chili casserole, blackeyed peas, carrot sticks, sopapillas, honey, butter, milk.

Wednesday - Pigs in blanket, pinto beans, cabbage slaw, peanut cluster, milk.

Thursday - Spaghetti and meat, green beans, corn, hot rolls, Rice Krispies cookies, milk.

Friday - Cheeseburger and trimmings, potatoes, fruit, milk.

## Attention Senior Citizens

All senior citizens who want to travel to Abilene Saturday, October 18, should meet promptly at 12:00 noon at the Munday Community Center. We will leave for the Paramount Theatre to see "Camelot".

The planet Neptune is temporarily the one furthest from the sun. Pluto's orbit brought it inside Neptune's in 1979. It will remain that way until 2000.

# Local Florists Stay Abreast Of Changes

What kind of flowers do Munday men send their sweethearts? Roses, says Perry Kuehler, owner of Irene's Flower Shop. Traditions may change with time, but that is one sentimental favorite that has remained the same here and all over the country.

Kuehler, who has owned the flower shop since February, 1984, is one of Munday's youngest businessmen. But he has worked with flowers off and on since he was just a child, so he was not in unfamiliar surroundings when he took the job.

Munday was without a florist business until 1968, when Irene Earle put a shop in where Jo Heard's beauty shop is today. Mrs. Earle moved the business to its present location, which used to be the City Grill cafe. In addition to the flower shop, she and Earlene Kuehler, Perry's mother, ran a catering service from the store, and at one time a line of clothes was carried there.

LouAnn Kelton bought the business in 1978, and ran it until Kuehler bought her out. "It was something I had always wanted to do," he said. When his mother helped her catering associate out during busy times in the flower shop, young Perry went along to help. But he decided to follow in the footsteps of his older brother, Greg, and go to mortuary school when he finished his high school studies.

"Then Greg bought the lumber yard in Knox City and wanted me to help him, so I stayed home. I worked there for three years and I

**SURROUNDED BY THE TOOLS** of his trade, Perry Kuehler, owner of Irene's Flowers in Munday, makes flower arranging look easy as he creates an arrangement of carnations and daisies in a ceramic bulldog. The workroom at his flower shop is filled with vases and other items for holding arrangements, ribbon of every shade, and other trappings of the business. This young businessman says the florist trade is not much different in Munday than anywhere else.

was happy with my job, but when LouAnn wanted to leave, I made the decision to buy the flower shop. I wanted to be my own boss."

He took the business over during one of the busiest times of the year - Valentine's Day - and had no time for second thoughts. Since then he has been assisted by Pat Smith, another Munday native who began working part time for Irene Earle in 1974.

The floral business fluctuates according to the economy, the men say, with flower prices bouncing

with the change of seasons. "Sometimes we have different prices from week to week," Kuehler said.

European imports, especially those from Holland, have expanded the market and varieties of flowers. Designs are constantly changing, and Kuehler goes to design schools so he can give his customers the most current and popular ideas and trends in design and arrangements.

There is a huge market for silk flowers and plants, he said. The demand is great for these long-lasting items, and although some types of exotic silk flowers may cost more, the investment is worth it because they last a lifetime.

"Silk mums have revolutionized the homecoming tradition," Smith added. "We sold just a few fresh mums for our last homecoming. The silk ones are no more expensive and can be worn through all the activities without showing any damage." They are easier for the

florists, too, since they can be made ahead of time.

Homecoming is one of the shop's busiest times, although Mother's Day and Valentine's Day take the honors for the very busiest. Funeral arrangements claim the biggest percentage of work done in the business, with holiday designs and weddings next in line. Special occasions and weddings are the most financially profitable for the florists.

Carnations are still the favorite fresh flower in Munday, since they come in such a variety of colors and can be used in many different ways. And as traditions and styles change, so do popular colors. "Many of our arrangements are oriented toward the earth tones," Smith explained, "but pastels are popular, too." The men say they look forward to holidays, when they can experiment with different designs and displays.

And the business is not without its exciting moments. Smith was working for Irene Earle when the shop's ceiling caved in. "It was in July, 1976," he remembered, "and we were busy. We really suffered with the heat and humidity until we got the ceiling fixed. We borrowed every box fan we could find in town, and Irene, Earlene and I took turns going into the flower cooler to get a little relief from the heat."

"We get pretty silly," Kuehler put in, "when we have to work late at night for special occasions. Lots

of things are funny at 1 or 2 in the morning."

Delivering flowers can be interesting - and frustrating, Kuehler attested. "Don't think you can't get lost in a small town," he laughed. "I sure got lost in Goree. It's pretty hard to deliver when you don't know where people live in a town without street names. And directions aren't always as complete or correct as we need them to be."

Our slumping economy has affected the business, Kuehler admitted, but both men feel they are in a rewarding business. "It is satisfying to know that your product is good and you have made the customer happy," they said.

Kuehler and Smith can wire flowers anywhere in the world with their affiliations with Florists Trans-

world Delivery and other floral delivery services. During busy times they are helped by Kuehler's mother and by Bobby Hudson of Benjamin, a talented artist who creates unique designs. Kuehler said he also tries to help high school students out by hiring them to deliver on special occasions.

For a few years there were two florists in Munday, but Kuehler said there is really not enough business to support two shops. "When I started this people told me I might make a living at it but I would never get rich. And that's just about right. But Munday residents need a florist shop for the convenience and individual attention they can get here. I think we provide that without digging too deep into anyone's pocketbooks."

## ★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Mrs. Clyde Feemster is spending two weeks in the home of a daughter, Mrs. Bob Darling and Charley Mac in Norfolk, Virginia.

Mrs. Ricky Busby and daughter, Brooke, were in Ruidoso, N.M. recently, where they visited in the home of Ricky's mother, Mr. and Mrs. Chuck Townsend, and attended the wedding of Ricky's sister, Darough Fox. They were accompanied home by his grandmother, Mrs. Percy Jones of Seymour, who had been visiting in the Townsend home.

Mr. and Mrs. Jerrell Trainham are entertaining the forty-two club with a party and dinner in their home last Monday evening. Present were Mr. and Mrs. Clyde Beck, Mr. and Mrs. Armon Smith, Mr. and Mrs. Claudell Bratcher, Mr. and Mrs. Loran Patterson, Mr. and Mrs. George McKinney and Mr. and Mrs. Carl Coulston.

Robert Coffman of Goree and Jud Lane of Archer city visited in the home of Mr. and Mrs. Olen Coffman Sunday.

Mr. and Mrs. Harold Beck spent Saturday with a son, Mr. and Mrs. Kent Beck and family in Duncan, Okla.

Mrs. J. Winston Feemster visited in the home of her mother, Mrs. Edna Sullivan in Woodson Tuesday through Friday.

Mr. and Mrs. Royce Miller and children visited her parents, Mr. and Mrs. Morris Christian, Sunday and celebrated Brenda's birthday.

Mr. and Mrs. Weston Parris were in Dallas recently to attend a re-

ception honoring their friends, Mr. and Mrs. Art Griffen, on their fiftieth wedding anniversary. The reception was held at the Hilton Hotel in Dallas. They also visited Mr. and Mrs. R.L. Tucker in Sanger.

Murl Trainham and family of Azle spent the weekend with his mother, Mrs. J.L. Trainham, while J.L. made a business trip to Houston.

Mr. and Mrs. Ernest D. LaFrance have moved from Arlington to their home on their farm east of Vera, which was formerly owned by the late Mr. and Mrs. Willis Peddy.

Rev. Delmer McBeath is spending this week with a daughter and family in Hurst.

Mr. and Mrs. Eddie Stephenson and children of Levelland were weekend visitors with her parents, Mr. and Mrs. Gaylon Scott.

Visiting in the home of Mr. and Mrs. Loran Patterson Saturday were Mr. and Mrs. Loyd White Jr. and Justin of Dimmitt; Deshan of Canyon; Sgt. and Mrs. Phillip White, Robert, Thomas and Victoria, of Fort Polk, La.; Mrs. Tom King of Seymour; Mr. and Mrs. Sonny Crawford, Mr. and Mrs. Bill Longan, Kacy, Andrea, Kandis and Will, Mr. and Mrs. Gary Crawford, Brandi, Amanda and Wes and Mrs. Regina Howry, Jami and Jason, all of Munday; and Mr. and Mrs. Rex Patterson of Benjamin. The family get-together was to celebrate the birthdays of Mrs. Tom King and Loyd White Jr.

Mrs. Reba Nix of Munday visited her mother, Mrs. Henry Patterson, Sunday.

## Automobile Show Planned In Haskell

Every decade beginning with the 1920's will be represented at the Haskell Chamber of Commerce's automobile show set for Saturday, October 18, at the Haskell fairgrounds. Antique, classic and new cars will be featured at the show, which will run from 10 a.m. to 7 p.m. Admission at the gate will be \$2 for adults and \$1 for youths, according to general chairman Bud Lane.

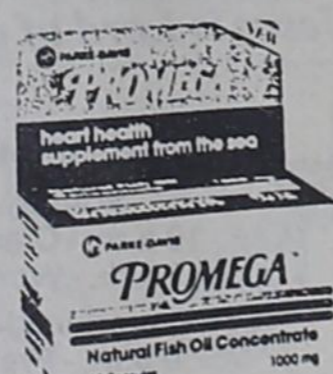

In addition to the automobiles, new tractors and other farm vehicles will be shown. Antique and classic cars to be presented include a 1929 Rolls Royce, a 1938 Mercedes, a 1956 Thunderbird, a 1927 Model T hot rod, a 1969 Chrysler 300 roadster, a 1970 Cadillac convertible, a 1956 Cadillac convertible, a 1938 Ford sedan, a 1957 Chevrolet, a 1937 Chevrolet, a 1930 Ford Model A Ford and a 1949 Oldsmobile.

## Any New E.S.P. Home Will Save You Money!

### SAVE MONEY ON BILLS

You will save money in energy bills for years to come when your new home meets the requirements of WTU's NEW and IMPROVED Energy Saving Plan.

### COMPARE THE SAVINGS

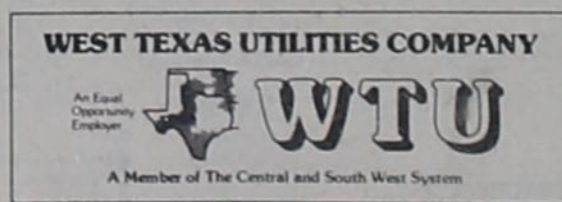

You can save up to twenty-six percent in home energy bills a year with an E.S.P. Home. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. The same size E.S.P. Home will cost approximately \$570 a year to heat and cool. That's an annual saving of over \$200! (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

### CASH ALLOWANCES

The NEW and IMPROVED Energy Saving Plan also offers you LARGER cash allowances for installing energy-efficient equipment in your home. The allowances have been restructured, so now, the higher the efficiency rating of the equipment, the more money WTU will pay you through the E.S.P. program. To qualify for the cash allowances, your new home must meet the E.S.P. requirements and be served electricity by WTU.

### THE NEW E.S.P. BOOK

For more information on the NEW and IMPROVED E.S.P. program, pick up your FREE copy of the new E.S.P. Book at any WTU office.

Remember REDDY Supplies the energy —  
 but only YOU can use it safely!

**MOGULS**

(Continued from page 1)

Moguls lost a scoring opportunity. Seymour didn't keep the ball long, as three plays only netted them seven yards. Then a mishandled punt only went seven more yards, and Munday was back in business at the Seymour 17. It took five running plays for the Moguls to find the end zone, with Stinnett stepping off the final four yards for the score. Hutchens was again good on the PAT, and Munday led 14-6.

One of the game's turning points came on the second half kickoff return. Jay Donoho and John Paul Browning each tried to catch the ball, and it was knocked forward where a Seymour defender fell on it. Luckily, the Moguls didn't give up a score because of the fumble - Seymour drove to the six and went for a field goal on fourth down, but the kick was wide, and Munday fans breathed a collective sigh of relief.

Stinnett then led the Moguls in a ten-play drive into Seymour territory, where the Moguls lined up for a field goal on the Panthers' six. Unlike the Panther kicker, however, Hutchens kicked the ball through goalposts, upping Munday's lead to 17-6.

But disaster, for the Moguls, began shortly thereafter. Seymour returned the kickoff 20 yards, and four plays later the second questionable call in two games went against Munday, this one a roughing the passer flag that was thrown several seconds after the pass had been intercepted near mid-field by Munday's Curtis Taylor. The play was called back and the Panthers were given 15 yards on the penalty against Munday, as well as retaining possession of the ball. Four running plays netted Seymour 41 yards, then Peters powered his way in for 21 yards and his second touchdown. The Panthers chose to go for the two-point conversion, and a tough Munday defensive effort kept them from crossing the goal, leaving the score 17-12 early in the fourth quarter.

The fired-up Panthers stood Munday up for two losses on the next series and Munday punted for the first time. Seymour began a march to the goal, but the Mogul defense was determined not to let them reach the scoring stripe. Twice Seymour was faced with fourth down, and both times the Panthers were able to get themselves out of trouble, the first time on Chris Beamon's 16-yard run to the 14, and the second time when backup quarterbacks Scott Porter tossed a touchdown pass to Chris Hardamon. Again the Panthers went for two points, and again they were stopped short.

But a confusion about the scoreboard clock, which appeared to read 17-16 instead of 18-17, and the excited Panthers combined with the Moguls' loss of energy after 37 minutes of hard hitting on a hot, humid field, and Munday just couldn't get it going to score again. Jones carried ten yards for the first down, but seconds later, faced with a fourth and six, Stinnett leveled a pass that fell through Jones' hands, and the Moguls' last chance was lost. Seymour was able to run the clock out the remaining few seconds.

It was a hard loss to swallow for everyone associated with the Moguls, but it's time now to forget about the non-district games and focus on the contests that will take teams toward the playoff road. Munday opens district action at home this week against the Rotan

Yellowhammers. Rotan has a 4-1 record this season after losing to Hawley 7-0 last week. It will be another tough, exciting game, and Mogul fans are urged to attend the game wearing the school colors to show support for the team. Fans are also reminded that the district games will begin at 7:30 p.m.

**Coach Steele Comments**

We played well enough to win the ballgame, and we should have won. We didn't call the right plays on our last drive; had we called them differently, I think we would have won.

The roughing the passer call turned the ball game around. After viewing our films, it just looks like a bad call. Even so, we had opportunities to stop them and we didn't. After they made their go-ahead touchdown, we still had an opportunity to win. We should have at least got within field goal range.

Overall, I think we did a pretty good job of containing Peters until the end of the game when we got tired. We feel that we lost to a good team, and the coaches were really proud of the way the boys kept battling.

John Paul Browning had a super effort in receiving Anthony's passes, and Sam Hunter did a great job on offense starting at guard. Chris Baker had another good game, and Curtis Taylor looked good in the secondary as well as having a fine running game.

This was a moral victory to some extent, although that is hard to see when you feel you should have won. But we are ready to get the game out of our minds and get ready for Rotan. I think the kids feel good about themselves; they certainly are not down about the game. And we didn't suffer any more injuries, which is a very important factor going into district.

We think now that we can play anybody in our classification. The scrimmages and non-district games against bigger teams are good for the players, because beating or playing right with those teams is very encouraging for us.

We also were pleased with the great fan support we got at Seymour. That can play a big part in a close game, and we hope to see that kind of support during the rest of our schedule.

Rotan is a good team with big linemen. The Yellowhammers have plenty of speed in their backfield and can throw the ball pretty well. We will have to execute and not make mistakes to win.

From here on out, every game is a big one because every one counts. We can't get too peppy, thinking we're too good and forget fundamentals, but I don't think that will ever happen to this team. Our goal is not to lose another game, because these players make no bones about it - they intend to play in the state championship.

Our eighth grade team had our only win against Seymour. We were pretty much oversized in all our games, but our eighth grade talent was more than enough to balance the size difference.

The junior varsity lost 21-0. We were on the goal line when the clock ran out. Seymour was much more physical than we were, although we played much better in the second half. The seventh grade team also lost to a bigger, better team.

The eighth grade Braves are now undefeated with a 4-0 record. The Mogul JV is 2-2, and the seventh graders haven't won a game yet, but they are showing improvement every week.

WEINERT HOMECOMING QUEEN STACIA ADAMS escorted by her father, Elmer Adams

**Weinert Homecoming Success Despite Rain**

Approximately 400 persons attended the 1986 Weinert homecoming festivities held Saturday, October 4. In spite of steady rainfall all day, those present enjoyed a full day of visiting and reminiscing.

The afternoon program began with an invocation led by Johnny Earp III from the class of 1946. Superintendent H.L. Guess welcomed all the guests, and Cecil Davis of the class of 1967 responded with several funny occurrences from his school memories.

Vice-president Melanie (Vojkuka) Wood, class of 1973, introduced the 1986 homecoming queen candidates, Stacia Adams, Laurie Hester, Lupe Estrada and Tina Herricks. The girls were escorted by their fathers. Coming home queen candidates were chosen at the afternoon program. Representing the classes before 1941 was Ernestine (Howard) Dickerson of the class of 1939. She was escorted by W.H. Earp, class of 1940. Chosen to represent the classes from 1941 to 1959 was Christine (Hutchinson) Meers of the 1958 class. She was escorted by Bill Guess, class of 1957. Anita Edwards Watkins, class of '67, represented the classes of 1960-1970, and she was escorted by Frank Dutton, class of '68. The classes from 1971-1986 were represented by Dorethy (Freeby) Harrison of the class of 1972, escorted by Joe Yates, class of 1970.

Carrying flowers were DeAnna Hurst, daughter of Cam and Joan (Caddell) Hurst of Abilene, and DeShay Plemister, daughter of Randy and Lisa (Dutton) Plemister of Haskell. Crown bearers were Heath Guess, son of Hal and Cindy Guess, and Dusty Yates, son of Joe and Caron (Guess) Yates, all of Weinert.

The business meeting was called to order by president Truman Therwhanger. New officers elected for the 1988 homecoming were Mary Nell (Raynes) Coltharp, class of '61, president; Hal Guess, class of '73, vice-president; and Sue (Hager) Stewart, class of '72, secretary-treasurer. A motion was made and carried to permanently set the Weinert homecoming date for the first Saturday in October every other year.

All current and ex-students, superintendents, principals, teachers, athletes and patrons were recognized by the homecoming staff. An addition to the recognition service was begun this year. The Outstanding Citizen Service Award

A delicious barbecue supper was served at 5:30 p.m. Following the meal, homecoming and coming home queens were crowned. Stacia Adams, representing the senior class, was crowned 1986 homecoming queen by her father, ex-student Elmer Adams. Ernestine (Howard) Dickerson was named coming home queen.

After the coronation, a program titled "Weinert Through the Years" was presented by Durwood Bruton, a member of the class of 1958. He was assisted in the production by Erlinda (Alexander) Mayfield, class of '59. The play was celebration of the state's 150th birthday, Weinert's 80th birthday and the twentieth homecoming. The cast included many talented Weinert and ex-Weinert fans and was enjoyed by all. A VCR tape of the program can be purchased from the Weinert school for \$10.

On Friday night before the activities, a good crowd of Weinert exes was on hand to see the Weinert Bulldogs defeat the Trent Gorillas 52-6. Coach Chet Forehand's Bulldogs pleased the crowd with their ability and set the stage for a successful homecoming.

Weinert holds a very special place in the hearts of many of its exes, as is evidenced by the number of people who return to enjoy the homecoming activities.

**THIS WEEK'S YARD OF THE WEEK** is beginning to show the signs of fall weather with a sprinkling of leaves in the grass. The yard of Tom and Ida Oustad on North Fifth is always one of the prettiest in town. These days it features lots of greenery and hedges with a few flowers that look just right with the unusual windows and accessories on the porch.

★ **BENJAMIN NEWS** ★  
By Mrs. Gladene Green

**SHOWER HONORS  
NEW BRIDE**

A post-nuptial gift tea honoring Stacia Propps, the former Stacia Ryder, was held Saturday afternoon, September 27, in the Benjamin Memorial Building. A country theme in fall colors was used in decorating. Yellow daisies centered the serving table which was covered with a brown cloth with an antique white crochet overlay. Splatter crock serving dishes were used.

Receiving guests with the honoree were the young couples' mothers Jimmie Kay Ryder and Dickie Propps, and their grandmothers, Mrs. Bill Ryder and Mrs. Dick Harper.

Guests were registered by Lorrie Rolston, and SuLynn Oxford, Becky Griffith and Sue Gideon served.

Hostesses were Jan Carver, Jan Rolston, Stasia Antille, Tammy Collins, Janice Tolson, Linda Griffith, Amy Tolson, Shirley Brown, Jane Gideon and Barbara Pierce.

**BVFD READYING  
FOR HALLOWEEN**

The Benjamin Volunteer Fire Department will again sponsor a "Spook House" during Halloween. More will be said about this later but keep it in mind as it's a lot of fun and the money goes to a good cause.

**HERE AND THERE**

Van and I spent a few days in Red River, N.M. last week. It was cold-sleeted and snowed Friday afternoon. Quite a change from our weather here but it was nice.

Rose Ellen Albus of Lubbock visited her mother, Nora Hertel, and her son and daughter-in-law, Brett and Shawna Glenn, and other relatives and friends a few days last week.

Allie Green and Dale Green of Denton visited their son and brother, Van Green and family, last week.

Visiting Clodell Duke during the weekend were Darr, Judy and Toby Jackson of Bedford. Joining them for lunch was Jan Pollock.

Louella Tolson called to tell me that she and Buster visited the Norris Prices in Ada, Okla., recently. She thought the people in Goree might be interested to know that Norris was in the hospital. He has had Parkinson's disease for nine years and is rational at times, but not all the time. The Price children are Lou Price Stone and Tom Price. Lou and her husband, Keith, live on the Price Ranch near Roff, Okla. Tom is a geologist with Texaco and is now living in Africa. He and his family lived in Venezuela and Argentina for 35 years.

Norris Price and his wife, Pansy

are former Goree residents.

Louella also told me about their great-grandson, Rusty Brown, 6 years old, who lives in Sylvia, Kansas, who underwent surgery for a brain tumor in Wichita, Kansas, about two weeks ago. The youngster is doing fine and is now undergoing radiation therapy as further treatment and he's responding well to the treatments.

Rusty's parents are Bob and Carla Brown and his grandmother is Dolores Tolson Brown.

**LOOK WHO'S HERE**

Matthew Casey Tolson was born Tuesday morning, September 30, 1986, at 7:40 a.m. in the Seymour Hospital. He weighed 7 lbs. 12 oz. and was 18 1/2 inches long. His parents are Amy and Chad Tolson.

Grandparents are Charles and Linda Griffith and Buddy and Janice Tolson. Great-grandparents are Buster and Louella Tolson, Roy and Mary K. Daniel of Truscott, the late Evelyn Daniel, Thelma Hawkins of Gilmer and Wilma Dean Petty of Brownfield. Also several aunts and an uncle are sure to help "care" for him.

**HERE AND THERE**

Lori Griffith, a student at Baylor University in Waco, was a weekend guest of her parents, Charles and Linda Griffith, and her sister and family, the Chad Tolsons. She also got acquainted with her new nephew, Matt Tolson.

Beverly and Alan Beaty of College Station visited her parents, Buddy and Janice Tolson. They also visited Chad, Amy and Matt Tolson. (You see little Matt is getting a lot of attention.)

Van Green was in Abilene Wednesday for a check-up with his radiation therapist. He got a good report and will go back in six weeks for follow-up checkup.

Lana Gideon of Texas Tech was a weekend visitor with homefolks.

Cody and Becky Taylor of Munday spent the weekend with their grandparents, the Van Greens.

Gary Hamilton of Azle was a Benjamin visitor last week.

Craig Hertel of Midwestern University was a weekend guest of his parents, the Don Hertels.

The rains have been nice but I think everyone agrees we have had enough for a few days. We've had over seven inches since last Sunday. Now a few days of sunshine would be nice!

We had threatening weather last Thursday night. Hats off to the Benjamin Volunteer Fire Department for keeping us "weather wise". The sirens sounded as a bad looking cloud approached and I am very grateful to those who were watching. Thanks again!

★ **GOREE NEWS ITEMS** ★

By Mrs. Grace Smith

**HOSPITAL NOTES**

Mrs. Vera Bell is a patient in Bethania Hospital in Wichita Falls. Mrs. Elizabeth Watson and Mrs. C.H. Presnall were in Wichita Falls on Monday for Mrs. Presnall to see her doctor.

**ATTENDS REUNION**

Mr. and Mrs. Ewen Beaty and Mr. and Mrs. Modrell Howard of Seymour attended the Shaw reunion at the Kenneth Hendrix home in Munday Sunday afternoon.

Mrs. Etta Mae Frazier is visiting her sister and husband, Mr. and Mrs. Bill Williams, in Houston. Mrs. Williams is seriously ill and is in a hospital there.

Mrs. Ruth Hammons returned home last Tuesday from a week's visit with her son and wife, Mr. and Mrs. Cecil Temple in Lawton, Okla. Mrs. Hammons and Mr. and Mrs. Temple also visited Clyde Rodgers, who was a patient in the Duncan, Oklahoma hospital.

Mrs. Pauline Beecher and Mr. and Mrs. Tommy Greenwood spent the weekend visiting Mr. and Mrs. Calbert Haskin in Lipan. They all attended the Cross Timber Grand Ole Opera at Stephenville Saturday evening. The Greenwood's daughter, Mrs. Christy Gannaway of Haskell, sang on the program.

Brice Blake of Archer City spent the weekend with this grandparents, Mr. and Mrs. Elvis Blake.

Rev. Rudy Farmbrough was a dinner guest in the L.O. Chamberlain home on Sunday.

Mrs. Elaine Rutledge and son,

Steven Don, of Odessa spent the weekend visiting her parents, Mr. and Mrs. Ira Hargrove. Steven Don also visited his grandfather, Bill Rutledge at Vera.

Mr. and Mrs. Gus Dormier, Susan, Jeff, Josh and Sarah, of Throckmorton, spent the weekend visiting her parents, Mr. and Mrs. Carl Echols.

Jay Wallsworth, who is attending Angelo State University at San Angelo, spent the weekend with his grandparents, Mr. and Mrs. George Hunt.

Mr. and Mrs. Don Lambeth and daughter, DeeDee, of Anson visited his mother, Mrs. Winnie Lambeth, on Saturday.

Mrs. B.J. Roberts and her daughter, Mr. and Mrs. Harry Woodward and daughter, Stephanie, of Fort Worth spent the weekend visiting Mrs. Ina Roberts and in the Wallace Roberts home.

Visiting Mr. and Mrs. James Peek, Jamie and Betsy, Saturday night were her sister and husband, Mr. and Mrs. Joe Sanders of South Lake.

Mrs. Goldie Brown spent the last weekend with her sister, Mrs. Allene Parham and Jeanette in Wichita Falls.

Mrs. Nina Redding returned home Sunday night from several days visit with relatives in Oklahoma. Mrs. Redding reports that it rained all the time she was in Oklahoma. She visited her son and family, Mr. and Mrs. Gary Lamm and sons, Mark, Travis, Chris,

Riley and Matt, at Lawton, Okla. She went on to Cleveland, Okla. for a visit with her sister and husband, Mr. and Mrs. Fred Crimer. Their son and family, Mike and Renee Crimer, were visiting his parents. They had to evacuate their home due to the high water. Mrs. Redding also visited her mother, Mrs. Ancil McDonald, and her sister, Colleen Harris in Tulsa, Okla.

Mr. and Mrs. Joe Roberts visited their son and family, Joe and Paula Roberts, Mark and Holly Lynn, in Waco last weekend. They also went to Palestine and rode a train to Rusk. It went through the Piney Woods where the scenery was beautiful and very interesting. The railroad was built by prisoners long ago.

# ★ TRUSCOTT—GILLILAND NEWS ★

By Mrs. Clara Brown

It rained Sunday night with reports ranging from .6 at Gilliland to as high as .9 west of Truscott. Some who were already sowing had to stop, but others who had decided to plow first to get rid of heavy weed and volunteer wheat growth, were saying that the Sunday moisture was just right for them.

Paul and Ila Mae Bullion returned last week from a trip to South and Central Texas. September 15, they picked up an awning for their camper in Lubbock and then headed south. Tuesday through Saturday they visited Ft. Davis, Presidio, Big Bend National Park, and the McDonal Observatory. Saturday they arrived at Fredericksburg and spent Sunday with Mr. and Mrs. John Summers. Mr. Summers is the only surviving member of Ila Mae's father's family. While in that area they also visited the LBJ ranch. They enjoyed seeing mule deer and antelope while in South Texas and white tail deer near Fredericksburg.

Folks living on the Wichita Divide are having trouble conversing right now. They are so used to talking about how dry everything is that all this rain has them confused. After all, when you've had more than five inches of rain in a week, China Creek is running, the salt water lake

is finally getting water (even if it took an act of God to do it), and front porches are spotted with earth worms that crawled up looking for a dry place, then it's sort of out of place to reply to the standard greeting of "How're things out your way?" with the standard reply of, "Weeellll, we sure do need a rain." When you have used this pre-programmed answer all your life it is very, very difficult to get started talking.

It has rained so much, and everything is so wet, that on the morning of October 6, 1986, just as a few feeble rays of sunlight were filtering through the clouds and bouncing off the mesquite on the eastern horizon, that Jack W. Brown, at his home on the banks of China Creek, was heard to say in a soft and most deliberative way, "It probably wouldn't hurt if we had a few days of sunshine and dry weather." There was only one witness, but let the public record show that a native from between the Wichitas has hollered "calf rope" on rain!

Mr. and Mrs. J.C. Langston spent September 15 through 21 visiting in Missouri. One of their stops was in Lincoln, Mo., where they visited Jew and Nina Myers.

Mrs. Martha Riley of Seymour is visiting in the home of her daughter, Mrs. J.C. Langston.

Dennis Duke reports that salt water is being pumped into the lake intermittently. They are still "tuning up" the pipeline system from Guthrie. Great care is being taken since a salt water pipeline break could do quite a bit of damage. The lake is up 5 feet since the end of June, with 2.32 feet of that being from recent rains. The lake is now about 34 feet deep in the channel. Duke reports. Anyone wishing to inquire about recreational use of the lake may inquire at the office there.

Betty Adkins visited her parents,

Mr. and Mrs. Harold Barry, a few days early last week.

Jan Richardson of Levelland visited her parents, Orville and Scottie Burgess, on Thursday night.

Jack and Clara Brown were in Breckenridge Saturday for the annual meeting of the Rodeo of the 50's Association.

Phillip Cook of Mesquite spent several days last week visiting his parents, Mr. and Mrs. L.A. Cook.

Sherry Cook Miller will be teaching a pre-school class at Abilene this year, according to her mother, Frances Cook, who helped her prepare some teaching materials recently.

Friday at the South Wichita bridges south of Gilliland, the water was up over the road on the south side. The river was out of its banks and spread across the pasture. The bridge was raised not too long ago or it might have been under water.

Rhineland is reported to have received hail Wednesday and Thursday nights.

The Horne reunion list isn't available, but it's promised for next year.

Mildred Black attended the tenth birthday party of grandson, Jeffrey Cook, at Munday last week.

Gail Whitley and Barbara and Leah Wall of Crowell visited relatives in Lubbock two weeks ago then attended a school at Brownfield for gymnastic coaches and judges. Gail attended the judging sessions while Mrs. Wall took the novice coaching test. Audrey Kajs of Crowell took the novice and advance coaching test.

Recently Lee and Gail Whitley visited in Guthrie when his mother, Mrs. Fran Fox of Playa Del Ray, California, was there.

Visiting Maggie Gaines recently were Mr. and Mrs. Robert Gaines of Houston, Richard Whitworth of Long Beach, California, Patsy Combs of Rockwall, Mr. and Mrs. Craig Combs, Jeremy, Josh, Jacob and Jonathan, of Lubbock, and Mr. and Mrs. John Cortest, Dee Dee, Carrie and Chris, of Leon, Kansas.

**CYNTHIA LIN COCKRELL**, 14-year-old daughter of Mr. and Mrs. Harold Cockrell of Bastrop, La., has been chosen to participate in the Monroe Youth Symphony Orchestra in Monroe, La. A student at Bastrop Junior High, Cynthia is first chair violin of 25 violinists in her junior high orchestra and was the only student from her school to be chosen in auditions for the youth symphony. The group will practice at Northern Louisiana University in Monroe and will present their first performance December 2 at Parkview Baptist Church in Monroe. Cynthia is the granddaughter of Louise Fruehwirth of Munday and the late John Fruehwirth.

## Conservation Tillage Gives Cost-Effective Protection

With increasing fuel and labor costs, today's farmer is looking for a cheaper way to grow crops. One of these ways is conservation tillage. Not only does conservation tillage protect the soil from erosion, it also helps maintain or develop good soil tilth or desirable water infiltration rates.

Conservation tillage systems are forms of non-inversion tillage that retains protective amounts of residue mulch on the surface throughout the year. These include no-tillage, strip-tillage, and stubble mulching. Conservation tillage may be a once over operation, such as no-till or strip tillage; or it may be sweeping, chiseling, or disking, then planting. Regardless of the system used, it is the amount of residue on the soil surface and condition of the soil that is critical for erosion control.

No-till systems kill, suppress, or treat growing crops and residue with the use of selective herbicides and without mechanical seedbed preparation. This means relying on herbicides for weed control and knowing what weeds you have plus what type herbicide to use on specific weeds. It all boils down to substituting herbicides for horsepower.

No-till saves water and soil. With no-till, you can expect 80 to 90 percent less runoff of water and even greater reduction in soil erosion. The protective mulch on the surface

lets you plant and harvest earlier when conventional farmers can't get into the field due to wet weather. No-till also cuts down compaction.

Non-inversion tillage uses sweeps, chisels, rowdisks, or similar equipment to kill growing crops before or after harvest to retain residues on the surface. Enough mulch cover after planting should remain on the soil surface to provide protection from erosion (1,000 lbs. of grain sorghum or 500 lbs. of small grain). Seedbed preparation and planting may or may not be in the same operation.

Strip tillage operations for seedbed preparation are limited to a strip not to exceed one-third of the distance between rows. Tillage and planting are normally accomplished in the same operation. Two-thirds of the area is left untilled with protective cover mulch to prevent erosion.

No-till lets you expand without adding more labor or machinery. If a farmer had 792 hours of labor available he could plant 400 acres of conventionally tilled corn. But with non-till and 792 hours of labor he could handle 1,015 acres of corn. Likewise he would use 5.33 gallons of diesel per acre on conventionally tilled corn and only .90 gallons per acre by switching to no-till.

For more information on conservation tillage call or come by the Soil Conservation Service office in Knox City.
