TIGERS FALL 21-7

Tough Moguls Stay Unbeaten At Electra

The Electra Tigers were hungry for a victory Friday night in front of a homecoming crowd calling for revenge after an upset loss in Mogul town last year, but the Tigers were denied their goal, as the Munday Moguls battled their way to win number four in the 1987 grid season. Munday's 21-7 victory was spearheaded by the running of senior Anthony Stinnett, who gained almost 300 yards on 24 carries.

The first quarter of the game consisted mostly of a Tiger drive that carried the team from their own 27, where Munday's Lowell Hutchens had missed a field goal attempt, down to the Mogul 12, where the march stalled. The teams exchanged punts in the second period, then did the same with turnovers as Stinnett fumbled at the Electra 37, but Marc Andrade got it back on an interception six plays later.

From there, the Moguls set up shop at their own 18 and began capitalizing on the steady ground game featuring Stinnett, Chad Bordovsky and Trey Thompson. On ten successive running plays, only one failed to gain yardage. At the Electra 19 a penalty drove Munday back five yards, and when Andrade stepped back to pass to Stinnett, he found his target smothered by red uniforms. But freshman Perry Collier made it to the back of the end zone and Andrade was right on target for the first score of the game. Hutchens was good on the extra point, and Munday led 7-0 with 22 seconds left in the first half.

Stinnett increased Munday's lead on the second play from scrimmage after the second half kickoff. Two runs, one for 39 yards and the other for 21, put the Moguls back on the scoreboard. A Mogul penalty helped Electra make one first down, but Munday's defense was tough to penetrate, and the Tigers were forced to punt.

Having to find running room from behind the 20 didn't intimidate Stinnett, who found an open spot on the left side of the line and burst through to scamper 83 yards to the goal. In the process he outran Tiger defender Lenard Leviston, who almost caught up with the speedster but couldn't quite make it.

In the fourth quarter, with their backs to the wall, the Tigers finally mounted a drive of seven plays that took them 57 yards for the touchdown. An 18-yard pass from Travis Box to Luke Kimbro was the scoring play, and Grant Johnson kicked the extra point. The Tigers tried the on-side kick, and although Munday has

seen plenty of those this year, Electra was able to recover, giving Tiger fans a little more to cheer for.

Their cheers soon turned to moans, however, as Perry Collier intercepted a Tiger pass before the drive had time to get very far. Munday had to give the ball up on downs one more time, and Electra's last drive was killed by a fumble after Terry Collier landed the ballcarrier a massive hit on what turned out to be the final play of the game.

The junior varsity, seventh and eighth grade teams all lost to stronger Electra squads.

Spook House On Halloween Scene

The Munday Chamber of Commerce will sponsor a Halloween spook house during Halloween week this year. A house has been chosen to be "haunted" that week, and plans for other activities to be held in conjunction with the spook house are still being discussed.

Perry Kuehler is chairman of the Halloween events committee and he will announce specific dates and other events at a later date, so watch for more details.

Yule Tree Garners More Contributions

Donations to the community Christmas tree fund have been received from Mr. and Mrs. Worth Gafford, Mrs. John Spann, Mr. and Mrs. Philip Homer, the First National Bank, Charles Baker Insurance, Farmers Grain Co-op and M.L. Wiggins.

These donations will help decorate and maintain a tree that the community can enjoy for several years. Contributions to this fund may be made to Kay Looney at the Munday Chamber of Commerce and Agriculture.

A PROJECT LONG-AWAITED by residents of the North Park addition in Munday is now underway. A drainage ditch is being dug along North Munday Avenue in hopes that it will alleviate the problem that occurs in this part of town after any large or heavy rain. John Lee Wilde, right, of the building company of the same name, directs the concrete into the ditch as an employee, Terry Bufkin, helps other workers to smooth the substance along the trough.

Taxes On Sales, Other Services Increase Today

Many new services will become taxable on October 1, when the state's sales tax rate increases from 5 1/4 percent to 6 percent.

"The tax change will not only hit items which are now currently taxed, but a number of newly taxable items and services," said State Comptroller Bob Bullock.

The expanded sales tax base was a major element of a \$5.7 billion tax bill approved by the Legislature this past summer.

October 1 is also the effective date of an increase in taxes on cigarettes, going up from 20.5 cents a pack to 26 cents a pack.

The Legislature extended the sales tax to several broad categories of services such as real property services, including landscaping, janitorial, garbage collection and pest control; security services, including private investigators and armored car services; information furnished

by credit bureaus; and debt services, such as adjustments and repossessions.

It will also include information services like financial research, specialized information and insurance services including damage appraisals, investigations and claims adjustments, but not premiums paid for insurance.

The expanded tax base is expected to add more than 64,000 Texas businesses to the state's tax rolls, joining the more than 420,000 merchants and businesses already collecting sales taxes.

Newly taxable items include custom computer programs, labor on installations of tangible property, some transportation charges on the sale of goods, telephone service and membership and dues to private clubs.

"Businesses need to reprogram cash registers and alert workers and staff of the new rate taking effect October 1," Bullock said.

There is no increase in the one-percent local option tax collected in some areas of Texas.

A fee for getting a sales tax permit and an increase in the state's motor vehicle sales and hotel/motel room taxes went into effect on September 1.

A rollback in the state's motor fuels tax from 15 cents to 10 cents a gallon was also cancelled on September 1.

Starting January 1, 1988, the sales tax will be further extended to data processing services, including word processing, data entry, retrieval and search as well as payroll and business accounting, data production, time sharing and computer management.

Taxes will also be due on repair and remodeling services, except on new construction and owner-occupied residences starting January 1, 1988.

Changes in the state sales tax law will bring Texas into compliance with federal regulations on food stamp purchases. Texas law exempts all food stamp purchases from the state's sales tax starting October 1.

The exemption will cost the state about \$5 million in lost revenue in 1988 but will prevent the federal government from withholding a projected \$808 million in annual assistance to 1.4 million Texans.

Last year's reauthorization of the federal food stamp program added new language that prohibits states from receiving food stamps if they collect taxes on food stamp purchases.

Although most food items are exempt in Texas, the state does collect tax on candy, soft drinks, diluted juices and other foods.

Juniors To Take State Exit Exams

The exit level TEAMS (Texas Educational Assessment of Minimum Skills) test will be given to all Munday High School juniors on October 27 and 28.

The exit level test is made up of math and language arts portions, each containing 72 items. Eleventh graders taking the test this year will face tougher passing standards on the math portion of this year's test. Students will be required to correctly answer 50 of 72 items on both the math and language arts portions. Juniors taking the test last year were required to answer 39 of the 72 items on the math test to receive a passing score.

All students must pass the exit level TEAMS to graduate from a Texas public school. Those who do not pass the test this fall may retake the test in the spring. They will have two additional chances to pass the test during their senior year.

New Business Opens Its Doors In Munday

Munday's business community has been enlarged and local residents' choice in retail clothing has widened a bit with the opening this week of S&L Apparel. Owned by Sam and Lydia Tyra, the store is located in the former Munday Furniture building on the corner of Munday Avenue and Highway 222.

The business opened with limited stock due to delays in merchandise arrival, but more stock is arriving daily. Items that customers can choose from include western and conventional clothing in dress and sports styles for men, women and children. Shirts, pants, jeans, sweat-shirts, sports jackets, work clothes, windbreakers, accessories, lingerie, towels, jewelry, boots and belts are all available.

Some of the brands carried in the store are Panhandle Slim, Wrangler, Rocky Mountain,

Lions Set Broom Sale

Munday Lions Club members are gearing up for their annual fall sale of mops, brooms and other items made by the blind. The sale will be held Tuesday, October 6, on the west side of the City Hall square.

Philip Homer is chairman of the project this year. Sales of products made by blind and visually impaired workers at the Lighthouse for the Blind will benefit blind and multi-handicapped employees by creating more jobs and financing other related services. The community is urged to support this effort by purchasing these good-quality, reasonably priced items.

Soil Conservation Board Election Set

An election for a director to serve in Zone 3 on the Wichita-Brazos Soil and Water Conservation Board is scheduled for Friday, October 2, at Charlie Myers Grain in Knox City. According to L.D. Offutt, chairman of the SWCD Board, the election will begin at 9 a.m.

To vote in the election, a person must own agricultural land within the district, which consists of Knox County. Voters must also live in the county and be at least 18 years of age.

Candidates for the office of director must own land in the zone they are to represent, be at least 18 years of age and be actively engaged in farming or ranching. The candidate must also live within the boundaries of the Soil and Water Conservation District. All Soil and Water Conservation District directors serve a four-year term of office.

Current members of the board of directors of the Wichita-Brazos SWCD are Billy Kinnibrugh, Vera (Zone 1); L.D. Offutt, Munday (Zone 2); Clifford Cornett, Knox City (Zone 3); Charles Griffith, Benjamin (Zone 4); Louis Baty, Gilliland (Zone 5). The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its activities.

Seniors To Serve Chili Friday Night

The senior class at Munday High School will sponsor a chili supper Friday, October 2, prior to the Munday Mogul-Seymour Panther game which will kickoff at 8 p.m. Serving time will be from 5-7 p.m. in the high school cafeteria.

Big helpings of chili, beans, crackers, cobbler, tea and coffee will be served. Tickets, which are available from any senior or at the door, are priced at \$3 for adults and \$2 for children under 12. Takeout suppers will be sold to persons who bring their own containers.

Proceeds from the meal will help finance the senior trip and other class projects, and the public is encouraged to support the class in its endeavor.

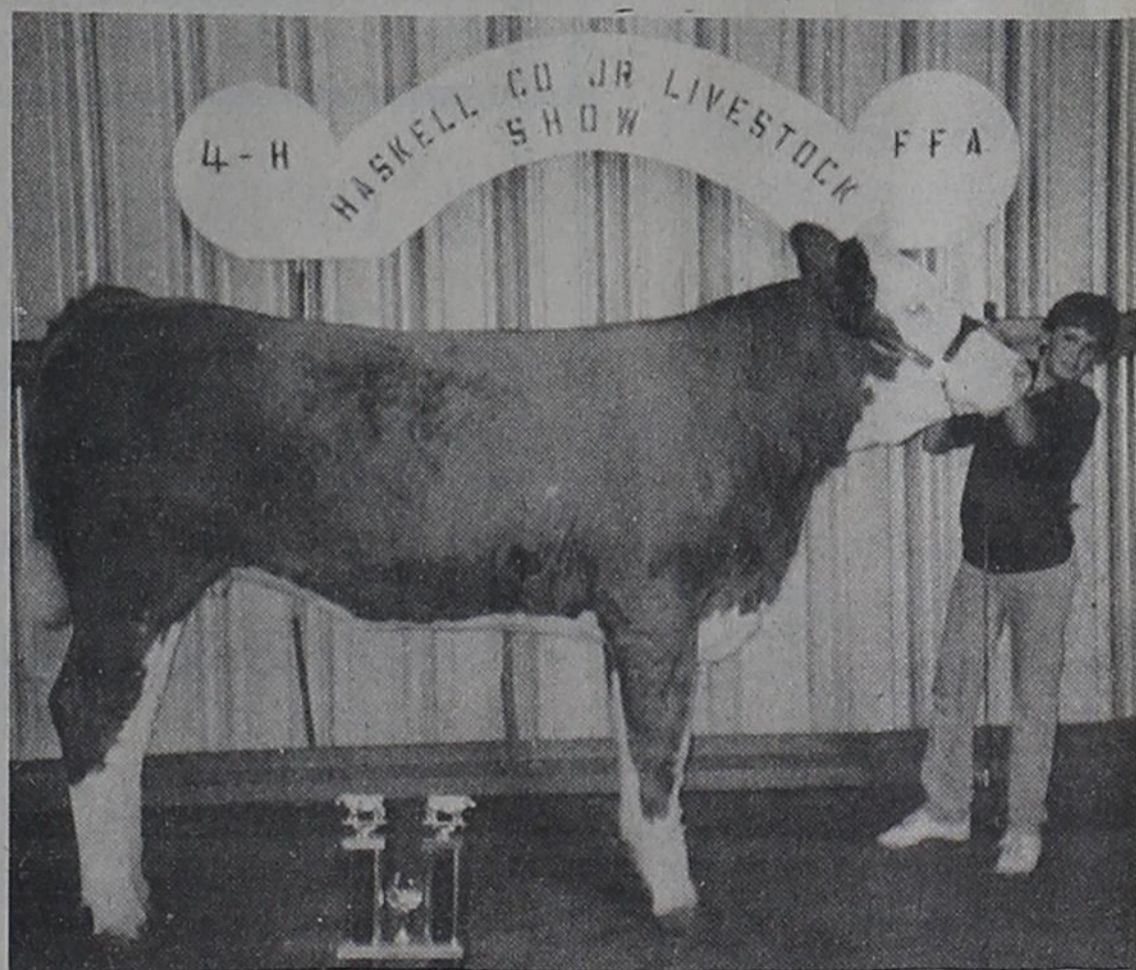

KC Sausage Meal Planned

The Knights of Columbus of St. Joseph's Catholic Church in Rhineland will host their annual sausage dinner at the KC hall in Rhineland on Sunday, October 11. The meal will be served from 11 a.m. to 1:30 p.m. and the menu includes sausage, fried chicken, various vegetable dishes and homemade desserts. Tickets are \$5 for adults and \$3 for children under 12.

St. Anne's Mothers Society will hold a bazaar in conjunction with the meal. Homebaked and hand-made items will be sold, and a quilt made by the society will be presented to a fortunate contributor.

Bulk sausage will be sold at \$2.50 per pound to those who order in advance. To place orders, call 422-4828, 422-5531, 658-3416, 422-5344 or 422-4775. The sausage will be ready on Saturday, October 10, and may be picked up at Brown's Store in Rhineland.

Members of St. Joseph's parish invite everyone in the community to join them for this annual fall meal. David Kuehler is dinner chairman and Larry Welch is Grand Knight for the organization.

THIS SIMMENTAL HEIFER won the grand championship of the heifer show at the Haskell County Fair last week. Thirteen-year-old Kent Latham of Munday showed the animal, which he purchased with funds contributed by his sponsor after he won a Houston Livestock Show and Rodeo prize last winter. Kent and his brother, Bryan, also took honors in the lamb show at Haskell.

Munday Entries Tower At Haskell County Fair

As usual, Munday youths brought home an overwhelming number of ribbons from the Haskell County Fair held last week. Munday entries were found in almost all areas of the fair, and although we have a long list of results, we know we're going to leave someone out just because we didn't know they won!

Munday 10K Runners Compete At Ranger

Two Munday Junior High students were the best in their age division at a 10k run held Saturday in Ranger.

Running against a crowded field on the 6.2 mile course, eighth grader Bridgett Beaty, daughter of Allen and Nancy Beaty, placed first in her age division with a time of one hour and 36 seconds. Coming in second was her classmate, Missy Reneau, daughter of John and Jean Reneau. Missy's time was one hour and 1.48 minutes.

These young ladies are active in basketball and track for the junior high Moguelettes and are honor roll students, as well.

tested by another Class AA team, the Seymour Panthers. The Panthers were responsible for Munday's only regular-season loss last year but are stumbling this year with a 1-3 record. But they are expected to be eager to improve their record with an upset this week, and it should prove to be a good game.

Coach's Comments

by Coach Ron Steele
I don't really have anything critical to say of our team this week. This was by far our best blocking game of the year - when Anthony runs for 296 yards on 24 carries, it says a lot about what the offensive line, receivers and fullbacks were doing - they were blocking.

Our defensive ends played well to have been tested on almost every snap of the ball. Chad was impressive running at fullback, plus he did a great job at outside linebacker. Having Trey Thompson back helped us too; he had 21 tackles at his defensive linebacker position. The twins (Perry and Terry Collier) had some real big plays for us, and Marc Andrade showed unbelievable composure in throwing to Perry for the touchdown. He got hit right after he released the ball.

Chad suffered a hip injury in the game and will not work much this week. We will just have to see how he progresses before we decide whether he should play or not.

Seymour's three losses are very deceptive. In their 50-0 loss to Iowa Park, several of the Panthers' starters were out. I certainly think they are a better team than Electra. They have a big strong fullback (Monty Worthington) who just plows his way through the line, and (Chris) Hardamon is a good running back. We've been looking at their films, and I think this will be a tough game for us.

Our JV had a tough night without Tyler Thompson and Bryan Latham. Their subs did a good job, but the regulars were missed. We won't be healthy this week either, Jonathan Smith and Marty Navarrete will both be out. This team is getting better but can't seem to get over being injury-prone.

Ray and Betty Ostlund of Lorida, Florida, visited L.B., Dot and Patsy Patterson Thursday and Friday of last week. Ray Ostlund and L.B. Patterson became friends when they were in the service and it had been 42 years since they had seen each other.

"Remembering A Special Person"

Phillip was a friend to many people in Munday, especially to the members of the football team.

Because of him, many of us have learned that nothing is more precious than life and good health. We became more acutely aware that tomorrow is not promised to us, and therefore each day should be lived to the fullest.

We will remember Phillip for all those lessons, but we will remember him even more for the kind human being he was. He was a gentle young man who loved the outdoors and the freedom it offered. He also loved people and in his own quiet way he made those closest to him feel genuinely loved.

OUR THANKS

Our hearts are truly overflowing with happiness and gratitude to our children, grandchildren, relatives and friends for the wonderful golden wedding anniversary celebration we enjoyed Sunday. We were so glad to see or hear from everyone who came by or called, and the many cards, floral arrangements and pot plants were greatly appreciated. Every small gesture helped make our day complete.

We owe special thanks to Mr. Donoho and Mr. Lowrance for allowing us the use of the elementary cafeteria after the cooling system at the Community Center quit, and we appreciate the ladies who helped out in the kitchen. They are such good friends, we consider them "our own."

We will cherish the memories of this special day for the rest of our lives.

Clowdis Services Held In Abilene

Barney Doyle Clowdis, 80, of Abilene died September 18 at an Abilene hospital. Private graveside services were held September 21 at Elmwood Memorial Park with Chaplain Gene Griffin officiating. Arrangements were made by Elliott-Hamil Funeral Home.

Clowdis was born in Arlington and grew up in the Munday area, attending the Gillespie school. He served with Gen. Patton's Third Army in France during World War II and received the Purple Heart for wounds suffered there. A graduate of Gail Business College, he was a retired service station attendant and a Presbyterian.

He was preceded in death by a sister, Paralee 'Pat' Searcey of Abilene, who died June 4.

Survivors include his wife, Helga Stein Clowdis; a daughter, Barbara Clowdis of Abilene; a sister, Christine Barnes of Abilene; and several nieces and nephews.

EAT TO WIN

Eating right may give you just the winning edge you've been seeking. But like athletic training, you've got to do it every day, not just the day of the competition.

On the day of an athletic contest, you should eat at least five hours before participating, especially if it's a large meal. However, a meal high in carbohydrates can be digested quickly, so it can be eaten up to three hours before game time.

Dehydration can be a problem during athletic events that also can be helped by a good pre-game meal.

A few glasses of liquid at this time may prevent loss of stamina and strength due to dehydration. During the contest, special types of drinks aren't needed. Their sugar content might even add to your dehydration. All you need are a few drinks of water to keep you going.

Smart athletes understand the importance of beginning their good training habits early and sticking with them to get the best results. Eating right for competition is part of their training, and contributes to their winning edge. It could help you be a winner, too.

FACTS AND MYTHS FROM "AGING AMERICA"

Myth: Milk is only for children and pregnant nursing women.

Fact: Everyone needs calcium throughout their lives, and milk is one of the best sources of this nutrient. Calcium is needed for healthy bones and teeth, and small amounts of it help muscle tone, blood clotting and normal nerve function.

Myth: Skim milk is less nutritious than whole milk.

Fact: Skim milk contains the same nutrients as whole milk, but less fat and fewer calories.

Myth: Natural vitamins are nutritionally better than synthetic vitamins.

Fact: The body can't tell the difference between synthetic and natural vitamins because they are identical, and the body gets the same benefits from both.

Myth: The more vitamins the better.

Fact: Taking too many vitamins is not only a waste of money and effort, it can also be harmful.

Myth: Conventional foods don't provide enough vitamins.

Fact: A reasonable varied diet of wholesome foods should provide enough vitamins, without supplements. However some people, especially the elderly, don't get enough vitamins in their daily diet and may require supplemental vitamins and minerals.

Offutts Celebrate Golden Anniversary

A crowd of approximately 160 well-wishers greeted Lonnie and Sara Offutt Sunday as the couple celebrated 50 years of married life. The reception was held at the Munday Elementary School cafeteria and was hosted by their four children.

Colors of pink and burgundy were used in decorations. A table displaying Mrs. Offutt's wedding dress (which she can still wear!) and some of their wedding gifts completed the setting. A grandson, Brian Offutt, greeted guests, and their granddaughters served refreshments while the other grandsons assisted in various ways.

The couple, who exchanged wedding vows in Jacksboro on September 26, 1937, was presented a scrapbook containing stories and memories offered by friends and relatives. In addition, they received numerous phone calls and cards during the day, as well as several pot plants and flower arrangements. A special highlight of the day was their attendance at the Munday Church of Christ along with all their children and grandchildren.

Guests at the reception were from Vera, Red Springs, Seymour, Weinert, Knox City, Gilliland, Lubbock, Midland, Seminole, Abilene, Houston, Coleman, Burk Burnett, Bridgeport, Stephenville, Glen Rose, Arlington, College Station, Stratford, Childress, Austin, California and Munday.

Mrs. Adkisson Of Goree Enjoys Party On 87th Birthday

The family of Bettie Adkisson gathered at the Goree Memorial Building on Sunday, September 27, to celebrate Mrs. Adkisson's 87th birthday. Five of her six children were able to attend the happy occasion.

Mrs. Adkisson was born September 30, 1900, in Polk County and married George Adkisson November 1, 1914. She bore ten children, six of whom are still living, and has 23 grandchildren, 45 great-grandchildren and two great-great-grandchildren.

Fifty-one family members were present from Levelland, Lenorah, O'Brien, Knox City, Albany, Haskell, Dumas, Seymour, Abilene, Brownfield and Goree.

Garden Clubwomen Plan Salad Lunch

Members of the Munday Garden Club will kick off their club year with a salad luncheon at 12 noon, Tuesday, October 6, at the home of Mrs. Christine Nelson. The program will include a discussion of plans for the upcoming year and an old-fashioned "talk-fest."

All members are encouraged to be present, and anyone who is interested in joining this club is cordially invited to attend the meeting.

Awards Earned By Cancer Volunteers

Four Knox County women attended the district annual meeting of the American Cancer Society held September 22 at the Women's Forum in Wichita Falls. Virginia Griffith of Benjamin, Myra Busby of Vera and Ruth McElroy and Grace Welch of Knox City represented the Knox County unit at the meeting, during which volunteer awards were presented and program ideas were shared.

Myra Busby gave a brief account of the successful talent show she organized at Vera during the summer. Crusade chairman Grace Welch accepted the Golden Achievement Award for leading the unit to an all-time high total of 7,752 in contributions in 1986-87.

The local unit also won the Quality of Life Award for an increase in the number of patients served during the year.

It's A Girl!

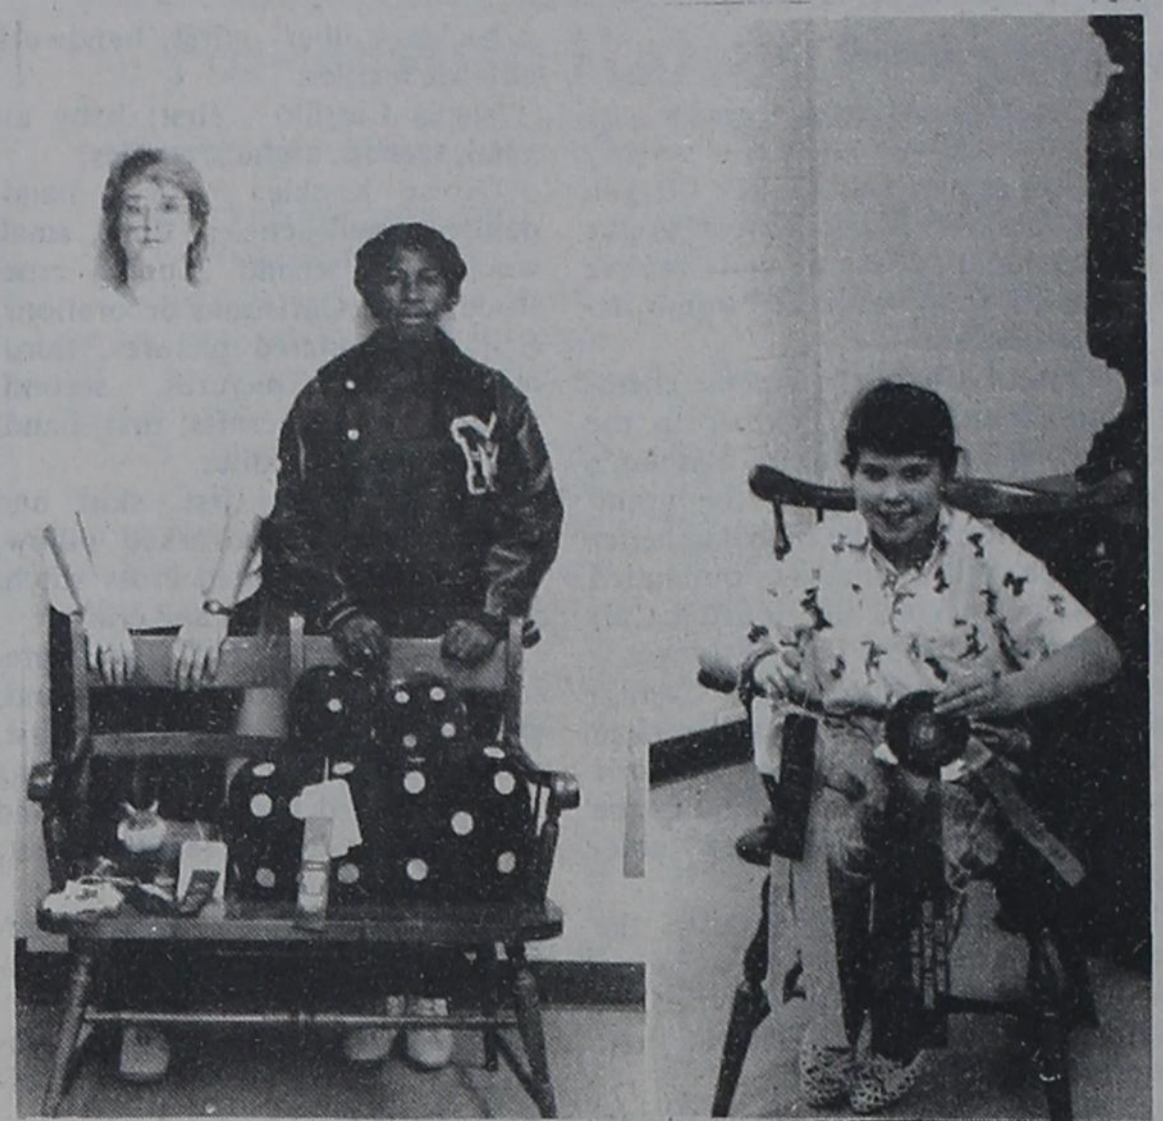

Randy and Susan Patterson of Round Rock are pleased to announce the birth of their daughter, Kelly Jo, born Sunday, September 20, 1987, at Round Rock Community Hospital. She weighed 8 lbs., 5 oz., and was 20 inches long.

Grandparents are Lee and Jonell Patterson of Goree and Freeman and Margaret Strickland of Dallas. Great-grandparents are Mamie Fitzgerald of Goree and John Strickland of Many, La.

Senior Citizens Enjoy Evening Of Singing

Approximately 20 singers enjoyed the monthly Munday Senior Citizens singing held September 24. Leona Elliott and Eunice Raynes accompanied the vocalists on the piano and the Loyd Robertsons and Marie Parker helped with the event. The Senior Citizens refreshment committee provided food and drinks.

Another singing will be held next month, and the date will be announced later in the Courier.

SENIORS DEBBIE BROWN and Nickie Collier show ceramic and stuffed handmade items that won awards at the Haskell County Fair. Debbie won Best of Show honors in the ceramic division. Sixth-grader Andrea Longan, at right, is not seated in the rocker that she refinished, but it won her the ribbons she displays proudly, including a Best of Show in the educational category. Other senior entrants were Jennifer Wren and Natalie Hernandez.

Others Help With Bloodmobile

Winters Matthews' service to Munday Bloodmobile was listed in last week's paper as seven years, but Mrs. Matthews has actually served in this capacity for 17 years.

Left out of the Bloodmobile article was Jinx Burnison's name. She contributed food for the canteen. These women's contributions are greatly appreciated.

Co-op and Color — one saves money — one gives clout

Retailers should take advantage of those \$illion\$ of co-op dollars being offered to help pay for their ads, and for using color in the copy. Co-op saves you money. And color adds clout to your message.

- Use of color increases sales of the advertised product by as much as 64%
- Use of color increases readership of the ad by 50 to 80%.
- Over \$3-billion in offered co-op dollars were left on the table unspent in 1986.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

Retired Teachers Meet

The Knox County Retired Teachers met for the first 1987-88 meeting at 10 a.m., September 22 in the home of Louise Kemletz in Knox City.

A refreshment plate was served to thirteen members and four visitors.

Mrs. Peggy Hughey entertained the group with several organ selections.

The next meeting will be in the Knox City Community Center on October 26. Topic for discussion will be souvenirs of travel.

Retired teachers are invited to attend.

Classified ads in the Munday Courier bring results. Call 422-4314 before noon Tuesday.

JUDGES ATTEND SEMINAR — Ninety-five justices of the peace from region 10 recently attended a 20-hour seminar in Amarillo conducted by the Texas Justice Court Training Center. Topics covered included a review of new legislation impacting the justice court system passed by the 70th Legislature, civil law, Code of Judicial Conduct, criminal trial procedure, forcible entry and detainer and lease agreement laws, contracts and torts, justice court vs. small claim court jurisdiction, regulatory law review, inquests, autopsies and a review of the Penal Code. Shown here are, left to right, Ruthy Gobin of Wilbarger County, Imagean Young of Benjamin, John L. Phillips of Munday, Jane Short of Rochester and Guy Bradley of Knox City.

IF YOU ARE NOT PREPARED TO DIE...

DON'T ride in or get in the way of automobiles, as they are the cause of over 20% of all accidents.

DON'T stay at home, as over 17% of all accidents happen inside the home. If you must stay at home, stay outside; because only 8.5% of all accidents occur around the outside of the house.

DON'T walk on the streets if you can avoid it, as 14% of all accidents occur to pedestrians.

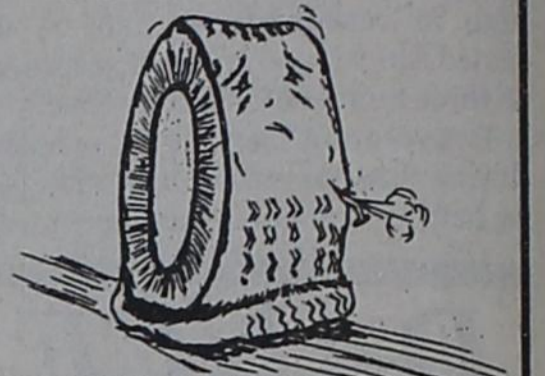

DON'T travel by air, rail or water, because 6% of all accidents are the result of traveling.

DON'T indulge in sports or recreation under any circumstances, for nearly 20% of all accidents result from this cause.

DON'T do anything nor go anywhere, for the remaining 14.5% are miscellaneous accidents.

See you next week, and remember: don't go around with a chip on your shoulder; people might think it came off your head.

Civic Involvement Group Formed At High School

The Community Life Involvement Council at Munday High School held a regular meeting at the school on September 24 to discuss Christmas decorations for the City Hall. Council president Alexis Bordovsky conducted the meeting as the students talked about the Christmas scenes they plan to construct to be placed on the City Hall lawn during the holiday season. They also discussed various other projects and reported on current activities.

The CLIC has a continuing "Just Say No" drug program at the local high school. Members Anthony Stinnett and Donald Edrington helped unload the truck at the recent Bloodmobile visit, and many other projects are planned. The group's purpose is to enter into activities which will have a positive impact on community life, and the CLIC extends special thanks to Karen Longan and Kay Looney for the time, effort and interest they have invested in this project.

Officers of the CLIC are Alexis Bordovsky, president; Angie Partridge, vice-president; Rita Ramos, secretary-treasurer; and Corey Moore, reporter. Annette LeFevre and Ronald Edrington represent the band in the group, while Cheryl Bunton and Lowell Hutchens represent athletics. Representing their respective classes are senior Jeremy Hutchinson, junior Lynn Parker, sophomore Ann Parker and freshman Kacy Longan.

Other members are Perry Collier, Jayson Morgan, Leon Leonard, Natalie Hernandez, Melissa Zachary, Christie Wilde, Teresa Smith, Robin Reneau, Alicia Cook, David Leija, Melissa Nuckols, Sam Hunter, Jenni Bowman, Neomi Hernan-

dez, Russell Reddell, Holly Jackson, Youlanda Wright, Lisa Steedley, Donald Edrington, Anthony Stinnett and Chris Burnett.

Vera Native Dies Monday at Seymour

Jimmy Levoyn Kinnibrugh, 62, died Monday, September 28, at the Seymour Hospital.

Services were held at 3 p.m. Tuesday, September 29, at First Baptist Church with Rev. Douglas Crow, retired pastor of the Vera Baptist Church, and Rev. Joe Ainsworth, pastor of the First Baptist Church in Seymour, officiating. Burial was in Vera Cemetery directed by Archer Funeral Home.

Born in Vera, he had been a long-time resident of Seymour. He was a U.S. Army veteran of World War II. He was a member of the First Baptist Church and Veterans of Foreign Wars. He was a farmer and rancher.

Survivors include his wife, Peggy; a daughter, Donna Kay Kinnibrugh of Lubbock; two sons, Douglas Kinnibrugh of Lubbock and Dennis Kinnibrugh of Seymour; his father, Jim Kinnibrugh of Vera; three sisters, Marie Coffman of Midland, Doris Thomas of Wichita Falls, and Bonnie Crownover of Hamilton; three brothers, Orville Kinnibrugh of Vera, Sylvan Kinnibrugh of Floydada, and John Kinnibrugh of Gilliland; and four grandchildren.

All of the other plants in our solar system could be placed inside the planet Jupiter.

LATCHHOOK, CROCHET and all kinds of cookies were winners for this group of eighth grade pre-vocational students. The assortment of Adams Extracts on the table is an award won by the best cooks in the show. Students pictured are, left to right, Bridgett Beaty, Susan Whittemore, Misti Zeissel and Kathy Welch. Their vocational teacher is Mrs. Penny Winchester.

VARIOUS AREAS of expertise are represented in this shot, and the masters of these skills are juniors Lynn Parker, Denise Kuehler and Maria Castillo. Junior Dale Fernandez was not shown. Sewing, canning, painting, woodwork and handstitching are some of the items that won ribbons for these girls at the Haskell County Fair.

FARM AND RANCH REPORT

David Tunmire, County Agent

WINTER HERBICIDES FOR CROPLAND

Farmers can get the jump on winter and early spring weeds by spraying a herbicide on prepared cropland this fall.

Such a herbicide application can take the place of winter and early spring cultivation to control henbit, seedling dock, annual thistle and other weeds. It can take the worry out of weed control during times when wet fields prevent cultivation, such as was the case last winter in many locations.

Several herbicides are labeled for control of winter weeds. These include atrazine (Aatrex 80W, 4L or Nine-O) on land to be planted to corn and grain or forage sorghum; Bladex (80W or 4L) for corn or grain sorghum land; and Igram for sorghum land. All should be applied with a surfactant or emulsifiable oil to increase their effectiveness if weeds have emerged.

Herbicides applied this winter are a good investment. For example, a pound of atrazine can be applied for less than \$3 an acre. One tillage operation will cost about that much, and using a herbicide can offer

peace of mind when wet weather sets in.

PECAN SEMINAR AND TRADE SHOW

The fifth annual Permian Basin Pecan Seminar and Trade Show will be held at the University of Texas at the Permian Basin in Odessa and at the John Sims Pecan Orchard in Gardendale October 9 and 10. The seminar will feature speakers from all over the state on subjects such as the effects of salinity on pecan trees, the effect of new immigration laws and the impact of pollination or lack of pollination on pecan yields and quality. There will be a short course conducted by the Texas Agricultural Extension Service specialists and county Extension Agents on Friday afternoon between 1 and 4 p.m. The information will apply to any one with a pecan tree or a pecan orchard. Contact the Knox County Extension office at 422-2651 for further information.

The human body is built around a frame containing 206 bones. The whole works is linked together with 60,000 miles of blood vessels.

CAPITOL JOURNAL

STEVEN A. CARRIKER
House of Representatives

This is the second in a series of informational columns on the constitutional amendments and referendum propositions which Texas voters will consider on November 3. The amendments are presented in the order in which they will appear on the ballot, and my intention is to provide you with arguments for and against each proposal.

Amendment No. 4: "The constitutional amendment authorizing the Legislature to provide assistance to encourage economic development in the state."

The Texas Constitution prohibits the use of state funds for private use. This proposed amendment would allow the state to use public resources to encourage economic development in Texas. The proposal would authorize the Legislature to create the loans and grants that would fund various state programs dependent on the passage of Amendment No. 6 (outlined below). Also, local governments would be permitted to issue general obligation bonds for local economic development programs, subject to approval by local voters.

Amendment No. 5: "The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

This amendment would fund metropolitan transportation pro-

jects through a coordinated effort of state and local entities. The proposal would affect the areas around Houston, Dallas-Ft. Worth, San Antonio, El Paso and Austin. Any property taxes levied by local governments in these areas for metro transportation projects would be subject to local voter approval.

Amendment No. 6: "The constitutional amendment authorizing the Legislature to provide for state financing of the development and production of Texas products and businesses."

This amendment is dependent on the passage of Amendment No. 4, discussed above. Following passage of this proposal, the Legislature could authorize up to \$100 million in general obligation bonds for a Texas Agricultural Fund to foster the production, processing, and marketing of Texas agricultural products grown by small Texas agricultural businesses. Supporters say that this amendment is a key part of the economic development package passed by the recent Legislature, and is an effective way to diversify the state economy.

Amendment No. 7: "The constitutional amendment providing for the issuance of general obligation bonds to finance certain public facilities."

This is part of Lt. Gov. Bill Hobby's "Build Texas" program. The amendment would allow up to \$400 million in bonds for loans and grants to local governments to build such facilities as jails, libraries, airports, convention centers, hospitals, parks and other such facilities in an effort to create jobs and provide valuable public facilities.

Book Limited Partner In Jones Financial Network

Don Book, the Edward D. Jones & Co. representative in Stamford, has accepted an invitation to become a part owner in The Jones Financial Companies, the newly created holding company for Edward D. Jones & Co., managing partner John Bachmann announced recently.

"This is our way of showing our deep appreciation for Don's hard work and dedication to the firm's conservative philosophy," Bachmann said.

"I feel honored to have been offered a limited partnership in the organization," Book said. "Working at Jones is a real pleasure, and the firm's conservative philosophy and concern for individual investors is reassuring to me."

Book, who has been with the firm since 1984, is an active member of the community, involved in Stamford Rotary and Exchange Club and the Stamford Chamber of Commerce.

Jones Financial Companies were created so Edward D. Jones & Co. could remain a partnership while expanding into other areas of potential business. Jones Financial Companies currently owns Edward D. Jones & Co. and EDJ Leasing Co.

Meeting Planned

The Munday Band Boosters will hold a meeting at 7:30 p.m. Monday, October 5, at the band hall. All interested persons are invited to attend and support the Purple Cloud band.

UNLEADED REGULAR

GOREE WILDCAT football players have won three games this year, looking very successful in their second season after a year-long layoff. Team members shown here are, back row, left to right, Jay Hutchens, Grady Weaver, Victor Garcia, Lonnie Shahan and Floyd Smith; second row, new coach Cliff Gilmore, Spencer Dixon, Walter Smith, Don Patterson, Gary Dixon, and manager Scott Castillo; front row, manager Angel Lucio, Jimmy Castorena, Chris Lucio, Floyd Smith, Paul Lucio and manager Otis Dixon.

Wildcats Gain Third Win Of 1987 Season

Spencer Dixon and Grady Weaver combined for 265 yards and five touchdowns at Woodson Friday night as the Goree Wildcats rolled to their third victory of the year, dropping the Cowboys 52-6.

Weaver, who began the scoring with a one-yard plunge in the first quarter, led all rushers with 139 yards on 10 carries. He also scored the next two touchdowns. Dixon contributed a pair of scores while rushing for 116 yards on 12 carries. Freshman Gary Dixon had 85 yards on nine carries and a short scoring run, and quarterback Jimmy Castorena completed 4 of 8 passes for 76 yards and two touchdowns. Lonnie Shahan also scored for Goree.

Jay Potts tallied for Woodson in the third quarter. Goree's junior high Kittens stomped the Woodson team by a 40-0 score. Sergio Mateos contributed two touchdowns to the win and Otis Dixon accounted for three more. The young team is 2-0 this year. The Kittens will play at Paint Creek Thursday evening, October 1, while the Wildcats will host the Pirates at 7:30 p.m. Friday, October 2.

Moore Fries Fish For Neighborhood

Local fisherman Troy Moore entertained his friends in the neighborhood with his annual fish fry last Tuesday night. Two tables in his home were laden with potato salad, pinto beans, coleslaw, onions, tartar sauce, and, of course, the fish.

An invited guest, Lyndle Reeves, who is the darling of the ladies in the area, entertained the group with Bible trivia and played jokes on those attending. They thought about chunking him but decided to keep him around to tease and love, according to one onlooker!

Others present were Louise Amereson, Frankie Ponder, Beatrice Campsey, Jeannie Haynie, Thelma Lewis, Allene Koenig, Alta Bowden, Elaine Gulley, Ruth Griffith, Viola Cude, Pauline Morrow, Dorothy Putnam and the host.

Oh yes - the bunch did have dessert, too, lots of peach cobbler and pecan pie, and it was all "scarfed up" in record time!

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

The Benjamin Mustangs have another victory under their belt with the defeat of Paint Creek Friday night. Congratulations are in order and we hope they continue their winning ways as the school year progresses.

The junior high lost to Guthrie but they did score and since they are a young team, we're proud of everything they do. Congratulations to the junior high bunch too!!

It's a cloudy, rainy Monday morning. The thunder in the distance sounds like rain in store. Farmers have different ideas about the rain. Some want a light shower, some want a good bit and there are some who hope it holds off a few days until the wheat is all sowed. Bet we take it when and how it comes. I've always heard that we should never turn down a rain in Knox County! That's probably a good philosophy.

SOROSIS CLUB NEWS

The Benjamin Sorosis Club, with the help of the Benjamin school children, celebrated the 200th birthday of the United States Constitution on September 17. The event took place in front of the Benjamin school. Helium-filled balloons of red, white and blue were released, and bells were rung, followed by the group singing "America" and giving the Pledge of Allegiance to the flag.

The club expressed thanks to Benny Grill, school superintendent, for letting the children take the time from their classes to help in the celebration. Many local residents also joined in on the occasion and everyone seemed very impressed by it.

KNOX COUNTY CANCER SOCIETY WINS AWARD

The Knox County unit of the American Cancer Society has been awarded the Golden Achievement Award for 1986-87, having reached an all time high in contributions - a total of \$7,751.58. Pearl Ryder of Benjamin is vice-president of the Knox County unit and Virginia Griffith, also of Benjamin, is secretary. These ladies have given a lot of time to this very worthwhile cause and we appreciate them for it. Let's all give and take part in the fund raising activities in the coming year. Maybe some day the dreaded disease of cancer will be conquered.

HERE AND THERE

Kenneth and Jessie Roberts and Bea Parks spent the weekend with Kay, Gaye and Mark Roberts and Art and Mary Stoy in Hereford.

David and Val Milson of Cedar Hill and Kermit, Kathy, Daniel and Jamie Woolley of Spur visited Bo Milson during the weekend.

Leroy and Gloria West visited Roger, Betty and Sabra Parker in Aspermont Sunday.

Grace Snailum returned home Thursday after several weeks stay in Amarillo undergoing medical treatment. Grace is reported to be feeling pretty well. Her daughter, Shirley Jordan, is here with her for a few days.

Clodell Duke visited her daughter and family, the Denny McCarthys, in Iowa Park a few days last week. She got to see granddaughter, Marci, perform as junior high drum major Tuesday night and grandson, Will, and his team play Hirschi High on Thursday night and the Iowa Park team won!

Jerry, Linda, Sheri and Shannon Parker and Homer, Jan, Lorrie and Jennifer Rolston spent the weekend in Dallas. The kiddoes attended a White Snake and Motley Crue (whatever that is!!) concert on Saturday night. They said they enjoyed it and that's what counts. They probably wouldn't care a thing about or even know Stonewall Jackson or Faron Young. Could be the age difference.

Aaron Kuehler spent several days last week in the Knox County Hospital. He came home Friday and is feeling fine now. We're glad to be able to report that good news.

Corrine Parrish of Franklin is visiting the Bobby Robersons, her mom, Lona Feemster, in the Brazos Valley Care Home and her brothers and their wives in Vera a few days.

Judy Conner continues to improve after her recent hip surgery in Lubbock. She has to take it real easy and is home most of the time. The healing process is slow and she doesn't want to chance undoing what her good doctors did for her. I'm sure a cheery card would pep her up while she is convalescing.

Bill Benson is in Wichita Falls today for a chemotherapy treatment and to plan his schedule for radiation therapy.

.....

MUNDAY HIGH SCHOOL sophomores didn't do too badly at last week's Haskell County Fair. Ann Parker, Shawna Simpson, Youlanda Wright, Neomi Hernandez and Estella Fernandez, from left to right, won ribbons on each of the items they are displaying here.

FRESHMEN HOMEMAKERS SHOW the assortment of items they made for the Haskell County Fair last week. This group won a sizable number of first, second and third place ribbons. Shown from left are Melissa Nuckols, Jae-Jae Reneau, Christy Williams, Kristi Dutton, Tessa Kiser and Rosalinda Castillo, standing, and Dixie Reid, seated. Kacy Longan was absent.

Special Week Devoted To Nation's EMS Teams

The week of September 29-October 5 has been devoted nationwide to emergency medical service personnel. Sponsored by the American College of Emergency Physicians, the special observance marks 21 years of EMS in Texas.

According to the Texas Department of Health, the time between an injury or sudden illness and the start of competent medical treatment often decides the severity of an emergency. Needless delay can cause the victim's disability or death.

Even so, studies show that as many as one quarter of victims of accidents or sudden illness underestimate the seriousness of their situation - they do not recognize that an emergency exists. According to the TDH, if the victim or a witness cannot decide if an injury or illness is an emergency, the victim should get medical help immediately. And the fastest way to receive medical attention is to call an emergency medical service. The purpose of EMS is to reduce the time between trauma and treatment of victims.

"Thousands of Texans owe their lives and current health to the EMS teams licensed by the Department of Health. These specialists ensure speedy medical assistance and emergency transportation to trauma victims around the clock," said Gene Weatherall, chief of the TDH Bureau of Emergency Management.

Nearly 38,000 persons are certified by the TDH to practice emer-

gency medical service in Texas. This figure includes about 14,000 law enforcement and fire personnel who join about 24,000 members of EMS teams.

In Munday, the 10-person EMS team volunteers is considered a model for surrounding services to emulate. The local ambulance crew has, for ten years, contributed frequent and much-needed emergency service to not just the citizens of Munday, but also to persons living in other area communities. When nearby towns have experienced problems with their ambulance or emergency medical personnel, the Munday team has been counted on to step in to fill a void.

So, this week and every other week, we salute Bobby and Pat Hutchinson, Mickey Jackson, Reba Redder, Jeanie Carden, Betty Hamilton, Melvin Cypert, Pam Reed, Mickie Sanders, Marsha Hale, Carol Cottingham and Sherry Baker, the 12 area residents who hold current Emergency Medical Technologist or Emergency Care Attendant certification. They are to be commended for the hours they have spent receiving their training and putting it to use in a way that benefits the entire community.
