THE MUNDAY HIGH SCHOOL Purple Cloud band, under the direction of Rodney Bennett, won its third Sweepstakes award last week at UIL concert and sightreading competition. The band has received overall first division ratings in marching, concert and sightreading contests for three consecutive years, an occurrence that

constitutes a "first" at the local school. The successful band program results in more students getting involved - Bennett said he would march "right at 80" eighth through twelfth graders next fall.

Track Teams Ready For Regional Meet

Persons journeying to Abilene this weekend for the regional track meet will find plenty of action to watch. Events begin at 9:30 a.m. Friday with high jump and discus for boys and girls and triple jump for girls. The 3200 meter run is next on the list, then preliminaries in all other running events will be held throughout the remainder of the day.

More field event finals are set for 9:30 a.m. Saturday, beginning with shot put and long jump for girls and boys and the boys' pole vault. Running finals are set to start at 1:30 p.m. and the events of both days should be finished about 5 p.m.

Munday track teams have received a good bit of publicity during the last couple of weeks, with both being featured prominently in the sports section of the Wichita Falls Times-Record News. Munday is expected to bring a number of trophies home from this meet and qualify several athletes for the state contest, so it should be worth the trip to Abilene for fans who enjoy track and field.

In addition to track, Munday athletes will also be involved in regional golf and tennis contests this week, and results from all the events will be published in next week's Courier.

Cemetery Trustees Discuss Inventory

Trustees of the Johnson Memorial Cemetery met April 19. Euris Reid and Merle Dings were elected honorary trustees, and Shirley Amerson and Wanda McAfee were voted in as active trustees of the cemetery endowment trust.

The group discussed the upcoming cemetery survey to take place throughout the county. A map will be made of Johnson Memorial Cemetery which will show all grave locations and vacant lots in the cemetery. Done at the request of the county historical commission, the map will be included with others in a notebook which will be made available to the public for researching information about family histories in the county.

Band Captures Third Sweepstakes Award

The Purple Cloud band at Munday High School is making a habit of making history! The band, the first from Munday to reach the state marching contest, has also become the only local band to receive Sweepstakes honors three consecutive years.

"Yes, the third time is even sweeter," bragged band director Rodney Bennett after the third Sweepstakes was in the bag Wednesday in Vernon. Bands achieving the Sweepstakes distinction are awarded

first division ratings at marching, concert and sightreading competition. Three judges rate bands in each contest, and at least two of them must consider a group first division for it to receive an overall I rating.

Petrolia and Baird were the only area Class A bands to duplicate Munday's Sweepstakes achievement. Jayton, which also went to the state marching contest, received two second division ratings. Other ratings for area bands included: Knox City,

III concert, II sightreading; Crowell, IV concert, III sightreading; Paducah, II and II; Windthorst, II and II; Rochester, III and I; Roscoe, II and II; Throckmorton, I and II; and Loraine, III and III.

Regarding the band's performance in the concert and sightreading contests, Bennett continued enthusiastically, "They were 'on' that day - everything clicked. It was fantastic - it was absolutely beyond my wildest dreams."

Indeed, a layman would be hard put to find anything wrong with the tape Bennett brought home from the contest. The judges, of course, did make some criticisms, but most of their comments were complimentary, especially in the sightreading portion of the competition. Fine musical sound, evidence of pride in school and band, the ability to follow instructions and the use of dynamics and articulation were some of the elements which came in for special notice, and one judge summed up the performance by noting that it was a "generally fine job" by a well-taught band.

"I think sightreading is the hall-

mark of a good band," Bennett said. "The band sounded great during their concert, then they went back and played almost as well in the sightreading; it sounded like they had played that music before and I know they hadn't."

The band is practicing marching techniques this week in preparation for its Austin trip, and band personnel for next year will be chosen. After returning from Austin, the Purple Cloud will have just another few days to work on Musicade selections before that event is held May 17.

Rhineland Gin Has Stockholders' Dinner

Stockholders and guests of the Rhineland Co-op Gin attended the annual dinner Monday night, and manager Gary Wilde said the 154 persons registering made up the largest crowd seen at the gin dinner in some time. Dairyland Barbecue of Jacksboro catered the meal.

At the business meeting, Robert Elliott and Alfred Kuehler were re-elected to the board of directors. Wilde gave the manager's report, and the yearly audit report was given by James Castagna, CPA, of Seymour. Dividend checks of \$25 per bale of cotton were presented to growers.

Door prizes for the meeting were furnished by the gin, Munday Cotton Company, Zeissel Fertilizer and Seed and Parker Implement Company.

Cotton Program Is Slated Tuesday

The Brazos Valley Young Farmers will sponsor a program for cotton producers at 8 p.m. Tuesday, May 3, at the Munday High School vocational agriculture building.

Emory Boring, entomologist for the Texas Agricultural Extension Service will address the group with a presentation on boll weevil population in the county as it relates to the uniform cotton planting date. The information contained in his program is important to cotton growers and to the success of this year's crop, and all producers are urged to attend.

Munday Voters Have Election Choices

In addition to voting for city council and school trustee candidates in the May 7 election, Munday residents will also help select two persons to sit on the Knox County Hospital board of trustees. A race has developed in this election as well as in the two local contests.

Submitting the necessary paperwork to be listed on the hospital board ballot were incumbent trustee Vernal Zeissel of Munday, board appointee Jerry Williams of Knox City and a last-minute filer, Roland Marion, also of Knox City.

Local residents know that Zeissel is a partner in Zeissel Brothers Fertilizer and Seed in Rhineland. Williams is employed by Gunn Management, an oil-related business in Knox City, and Marion works at Marion Conoco station in Knox City and is associated with the city's fire department and ambulance service.

In the city council race, voters will choose between incumbents Gene Brown and Richard Albus and challenger Gary Howry. Three incumbents, Dan Offutt, John Reneau and Joe Tidwell, are unopposed for their school board seats, but Larry Smith and Floyd Reed Jr. are vying for a two-year unexpired trustee term. Munday mayor Doris Dickerson is also running unopposed this year.

Absentee voting for these elections ends Tuesday, May 3.

New County Agent To Begin Working May 1

Donald (Donnie) Peters has been named county Extension Agent - Agriculture for Knox County, according to district Extension director Ed Garnett. The Knox County Commissioners Court appointed Peters to replace David Tunmire, who resigned to take a similar position in Comanche. Peters will assume his duties May 1.

A graduate of Sunray High School, the agent received his bachelor of science degree in animal science from Panhandle State University in Goodwell, Oklahoma. He is currently doing graduate course work at Tarleton State University.

Peters was active in the Moore County 4-H program for ten years. During his 4-H work, he completed projects in leadership, citizenship, livestock judging, horses, foods, method demonstrations and livestock. He was a member of the meats and livestock judging teams and was on the executive committee of the Block and Bridle Club at Panhandle State.

He has served as assistant agent and county Extension Agent in Wichita County for the past four and one-half years. He shared responsibility for the overall 4-H program as well as the adult agricultural program. Peters was instrumental in implementing the club managers' concept of 4-H programming in Wichita County.

Coming to Knox County well versed in the agricultural situation in the Rolling Plains, Peters will work with Jane Rowan, county Extension Agent - Home Economics, to carry out a total Extension Service

program in Knox County.

Peters is the son of Mr. and Mrs. Don Peters of Sunray and is married to the former Amy Allen, daughter of Johnny Allen of Seymour and Ann Andrews of Moore, Oklahoma. They have one daughter, Amber, who is 19 months old and are members of the Catholic Church.

TROTLINE PRIZES: Rhiney Redder, left, and son, Rickey, pose with two yellowcat taken off a pair of adjoining hooks at Miller Creek last week. One of the fish weighed 53 pounds, while the other tipped the scales at 39 pounds, and both measured four feet long or more. The Redders took another monster - this one a mere 37 pounds - off the trotline Monday morning, but said the granddaddy of all these fish had apparently escaped.

Plans For Cemetery Survey Are Finalized At Meeting

Goals for the Knox County cemetery survey and methods for reaching those goals were discussed at a Sunday afternoon meeting at the Knox County courthouse which was attended by almost two dozen citizens from all over the county.

All were united in wishing to see the project completed. "This needs to be done," was heard several times during the afternoon.

Moulton Wiggins, survey chairman, presided at the meeting. First on the agenda was a demonstration of tombstone rubbing by Ila Mae Bullion, president of the Lubbock chapter of the Colonial Dames of the Seventeenth Century. Using newsprint and a chunk of shoe wax, she showed how to bring out time-worn tombstone inscriptions without any damage to the marker. One example done with a pencil showed the superiority of the wax rubbing methods.

Wiggins explained to those present that they were being asked to carry information about the survey back to their communities. He explained that each community will be asked to produce a typed report and to make a photocopy for the archives of the Knox County museum. Each community will work out its own methods for meeting expenses and assigning the needed work. The county survey committee will provide a county map marked with all the cemeteries and burial places in the county for inclusion in each report. He also said that if a community has trouble getting the photocopy work done that if they will supply the paper he will find help for them on photocopying.

No time limit has been set but communities were urged to organize the effort and start work soon. All were asked to use Memorial Day as a starting date goal, though some have already begun some preliminary work.

Each community was asked to report on local progress. Mrs. Christine Patterson of Benjamin explained how she has begun using the death certificates in the county records to help supplement information gained from tombstones. With these county records, she has discovered about 20 names of persons buried in the Benjamin cemetery

whose names are not on markers or other cemetery records.

She said that if a person dies in an out-of-county hospital then the record and information is reported there, not in Knox County. This would leave local cemetery records the only local source of information on this person's death, especially if an out-of-county funeral home was used.

Clara Brown reviewed the order of the information requested for the report. This includes the title (name of cemetery), county cemeteries map, local cemetery map including section maps, history of the local cemetery, local funeral and burial customs, biographical information, isolated graves not in the community's regular cemetery, optional sections and index.

Suggested optional sections include one to identify the veterans buried in a cemetery, a list of persons believed to be buried in a cemetery but for whom no marker or other record can be found, and Indian graves.

Those at the meeting received copies of the survey worksheet which will be the basic tool for survey workers. Anyone not at the meeting can get worksheets by contacting Moulton Wiggins. Basic information being sought on each burial will be the name of a person, his or her grave location and the wording on the grave markers.

No community committee is being asked to go beyond this basic biographical information, but the worksheets provide space for answers to many more questions if a committee has the help to do additional research.

Families are invited to request and fill out sheets on their family members.

Those who attend the meeting included Corinne New, Thelma Coulston, Ballie Cooksey, Alline Seale, J.T. and Lora Murdock, Louise Finley, Carol Godsey, Moulton Wiggins, Christine Patterson, Maurine Parris, Frances Kuchan, Violet Patterson, Paul and Ila Mae Bullion, Collins Moorhouse, Frances Brown, Doris Crownover, Doris Jones, Juanita Burnett, Vivian Brown, Clara Owens and Clara Brown.

 MASONIC LODGE NO. 851
 MUNDAY TEXAS**

IMAGINE OVER 23,000 people working together to clean more than 2,500 miles of Texas highways. Imagine using over 1 million litter bags to hold the trash picked up off the highways. It all happened Saturday, during Texas' statewide "trash-off". Munday Masonic Lodge No. 851 adopted the two miles just south of town on Highway 277, and the sign proclaiming their assistance in the anti-litter program was just erected last week. Participating in the cleanup Saturday were, from left, Ralph Cypert, Dorse Collins, Truman Cypert, Lee Patterson, Joe Roberts, Gene Brown, Troy Moore, Oscar Cypert, Arnold Reeves, Gary Crawford, Sonny Crawford and Raymond Carden. The Lions Club also cleaned their section of highway east of town.

Students Compete In Academic Meet

Eleven MHS scholars participated in the regional UIL academic meet Saturday at McMurry College in Abilene. None qualified for the state contest, with the highest results being Chad Bordovsky's fifth-place finish in Lincoln-Douglas debate and Beth McPherson's sixth place in literary criticism.

Twenty-four competitors participated in each event, and MHS principal Bill Kingston said the local students did very well against very extremely tough standards.

Others qualifying for the regional meet were Kent Sanders, Lincoln-Douglas debate and persuasive speaking; Glen Reid, literary criticism and science; Chris Burnett, ready writing; Alexis Bordovsky, ready writing and spelling; Mindy Myers, news writing; Kathy Wilde and Angie Partridge, feature writing; and Jenni Bowman and Ann Parker, team debate.

Listings Needed

Shirley Bowman, president of the Munday Band Boosters, has announced that persons who missed the deadline on submitting listings for the 1988-89 band calendar can send late listings in through next week.

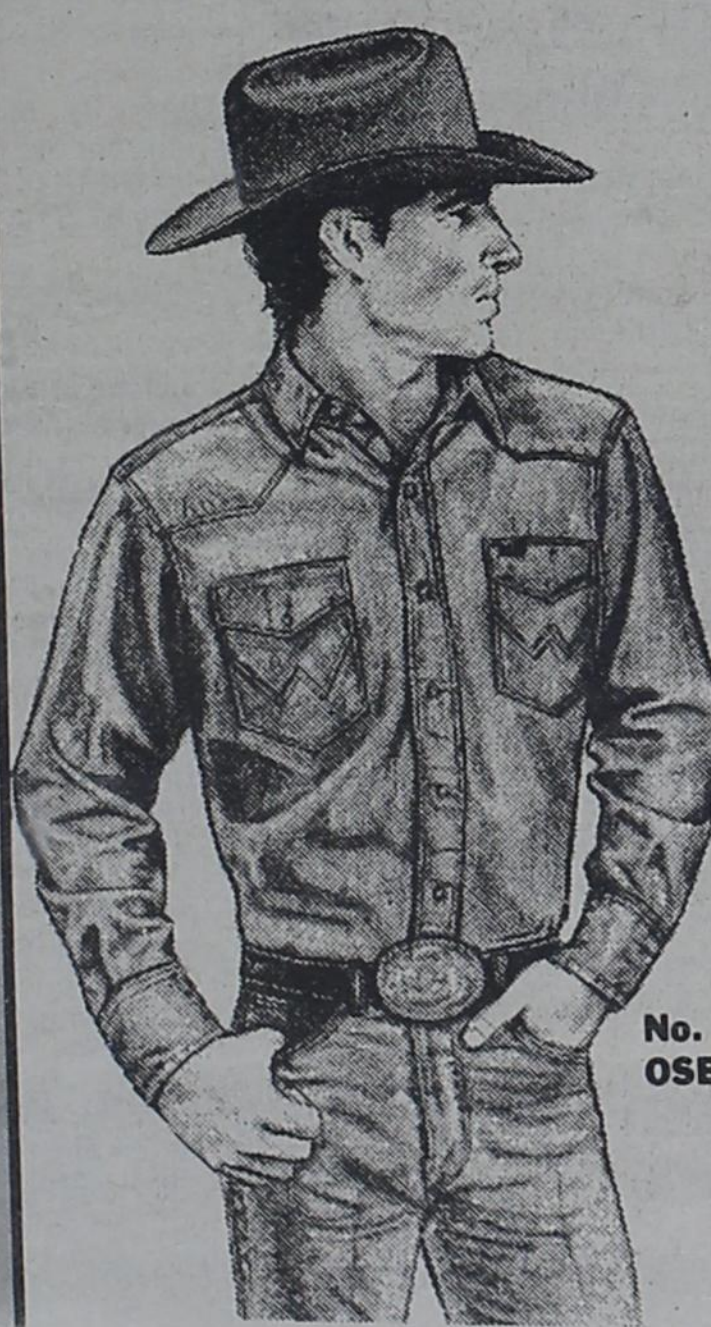

A birthday or anniversary listing is 25 cents, and the calendar itself costs \$2.50. Persons who want a birthday or anniversary listed on the calendar or who wish to purchase one can send a check for the total amount to the Band Boosters, and they will add the new listings to those already sent in.

Raynes-Redder Vows Pledged Saturday Afternoon In Weinert

Miss Renita Ann Redder became the bride of Robert William Raynes III in a late afternoon ceremony Saturday, April 23, at St. Joseph's Catholic Church in Rhineland. Father Robert Strittmatter, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Reinhart Redder of Munday. Parents of the groom are Mr. and Mrs. Robert W. Raynes Jr. of Weinert.

The couple exchanged their vows before a backdrop of cathedral candelabras with white candles and baskets of Boston fern. The unity candelabra was embellished with flowers in the bride's chosen colors, and the pews were marked with white bows.

Rhonda Richardson of Munday, cousin of the bride, and Theresa New of Haskell, the groom's cousin, provided traditional wedding music. Ron Redder of Austin and Wade Raynes of Munday, brothers of the couple, lighted candles.

Given in marriage by her father, the bride wore a formal gown of white organza and lace. The fitted bodice was fashioned with a deep V-shaped lace ruffle extending from shoulders to waist which framed a high-necked sheer lace yoke edged in satin ribbons and accented with a lace medallion embroidered with seed pearls. Close-fitting sleeves of organza and lace came to points at the wrists. Five tiers of lace ruffles banded in white satin ribbon formed the semi-full skirt, which swept to a chapel-length train. Her fingertip veil of lace-edged illusion was attached to a Juliet cap of lace and seed pearls, and she carried a cascade bouquet of white, Williamsburg blue and peach roses with azalea blossoms, daisies, stephanotis, lilies and seed pearl accents and ribbon streamers in matching colors.

Mary Decker of Dallas was maid of honor, and Michelle Johnson of Wichita Falls, sister of the groom, was bridesmaid. They wore taffeta gowns in pastel shades of peach and blue designed with v-necklines, fitted bodices and puffed sleeves. In

MRS. ROBIN RAYNES

their hair were combs of flowers in peach and blue, and they carried satin and lace fans decked with roses, daisies and alstromeria lilies with matching ribbons in peach and blue.

Jennifer Carden of Munday, the bride's cousin, was flower girl. She was dressed identically to the bridesmaids. Micah New of Haskell, cousin of the groom, was ringbearer.

Shane Stout of Haskell served as best man, and Mark Jimenez of Weinert was groomsman. Ushering guests were Ron Redder and Wade Raynes, brothers of the couple, and Phil Johnson of Wichita Falls, the groom's brother-in-law. The male attendants and ringbearers wore dark blue suits with pale blue shirts. Amy Greenwood of Goree regis-

tered guests at the wedding.

The bride's parents were hosts for a reception and dance at the Knights of Columbus hall in Rhineland following the wedding. Gay Raynes of Munday, sister-in-law of the groom, registered guests. The bride's table was covered with a white satin cloth overlaid in lace and flanked with Boston ferns. The four-tiered cake was decorated with peach flowers and topped with a porcelain bride and groom figurine. Punch was served from a crystal bowl, and other appointments were crystal and silver. Amy Greenwood, Rhonda Richardson and Jeanie Carden of Munday, the bride's aunt, served.

The groom's table was covered with an ecru cross-stitch cloth complemented by brown napkins and a silver coffee service. A candle decorated with cotton bolls centered the table setting, and a chocolate cake etched with the initial R was served by Kelly Myers of Munday, the groom's cousin, and Darla Griffith of Weinert.

The groom's parents were hosts for the rehearsal dinner at the

It's A Girl!

Phil and Sharla Riggs of Stephenville are proudly announcing the arrival of a precious little girl, Randi Jo Riggs.

Randi was born Friday, April 22, 1988 at 11:26 in Harris Methodist Hospital in Stephenville. She tipped the scales at 8 lbs. 13 oz. and was 18 1/2 inches long.

On hand to welcome her home were her maternal grandparents, Sue and Spike Bryan, and her paternal grandparents, John and Merline Riggs of Little Rock, Arkansas.

Great-grandparents who are anxiously waiting to spoil her are Cotton and Marie Smith of Munday, LaVerne Bryan of Archer City, Buddy and Arnice Spence of Houston, and Ralph and Louise Riggs of Willis.

Haskell Country Club.

The bride is a 1987 graduate of Munday High School, where she was active in Future Homemakers of America and band. She attended Vernon Regional Junior College. The bridegroom graduated from Weinert High School in 1987. He was involved in athletics and earned his Greenhand, Chapter Farmer and Lone Star Farmer degree in Future Farmers of America. He is engaged in farming in the Weinert area.

After a wedding trip to Abilene, the couple will make their home in Weinert.

Garden Club Plans May 3 Salad Lunch

The Munday Garden Club will end its meeting year with a salad luncheon at 12 noon Tuesday, May 3, in the home of Sara Offutt. All members are encouraged to bring a salad and join in the activities.

Mrs. Offutt, president, will conduct the business meeting. Plans for the flower show to be held in conjunction with the Knox City Vegetable Festival will be finalized. The show is set for June 18 in the front hallway of the Munday City Hall.

Reports from all standing and special committees will also be heard.

LOCAL

Cotton and Marie Smith spent their Saturday afternoon visiting with their new great-granddaughter, Randi Jo Riggs, daughter of Phil and Sharla Riggs of Stephenville.

Also there to welcome Randi home were Shanna and Bryan Welch of Fort Worth.

Book Receives Award For Sales Achievement

Don Book, Edward D. Jones and Co.'s Stamford representative, is a recipient of the firm's sales manager award for excellence in sales and service during 1987.

Book, whose office is located at 118 S. Swenson in Stamford, joined Edward D. Jones & Co. in 1984. He is a member of Stamford Chamber of Commerce, Rotary and Exchange Club.

"I'm very honored and pleased to receive this award," Book said. "Because of Edward D. Jones & Co.'s conservative philosophy, I've been able to help the people in my area meet their investment needs in the past, and I look forward to continuing this relationship in the future."

Edward D. Jones & Co. has been serving the needs of conservative investors since 1871. Today it is the largest financial services firm in the nation in terms of retail offices, with more than 1,350 offices in 37 states.

VERA HAPPENINGS

By Mrs. Thelma Coulston

The Knox County hospital board election will be held at the Vera Community Center Saturday, May 7. Absentee voting for the hospital race began last Monday.

Mmes. Loran Patterson, Weston Parris, Carl Coulston and Frances Kuchan were in Benjamin Sunday afternoon where they attended a meeting of persons interested in the upcoming Knox County cemetery survey. Worksheets were distributed to the leaders of each community survey. The survey goal is to gather information on every burial site in the county, including location, and where possible, the name of the person buried along with some simple biographical information. Each community or cemetery group will survey its own area, then compile the typed information in a notebook form. One copy of this notebook will be retained in the community and one copy will be given to the county historical commission for the Knox County Museum. Moulton Wiggins of Munday, survey chairman, presided at the meeting, at which goals and methods were discussed.

Bill Rutledge is a patient in the Seymour hospital. Elmer Rutledge of Odessa has been visiting his father.

Mr. and Mrs. Clyde Beck spent the weekend with their son, Mr. and Mrs. Russell Beck and family, in Wichita, Kansas.

Social Security Sets Time Limits On Appeals

A person who wishes to appeal a decision on a Social Security or supplemental security income (SSI) claim should make certain that the request is submitted within the specified time limits, says Frances Braden, Social Security representative in Vernon.

If a request for a review is not submitted before the end of the time limit, the person may lose their right to that review and may not be eligible for the next step in the review process. When the last day of a time limit falls on a Saturday, Sunday, or national holiday, the time limit is extended to the next workday.

A person may not want to take advantage of all the review steps, Braden said. But anyone who wants to must follow them in order.

Additional information about the appeals process for either Social Security or SSI can be obtained from the Vernon Social Security office, located at 1701 Cumberland, Vernon, Texas. The telephone number is 817-552-9346.

Flower Roundup Is Planned June 18

The Munday Garden Club will host a summertime flower roundup at the Knox County Vegetable Festival June 18. The roundup is designed for those who enjoy growing and arranging flowers, fruits and vegetables.

Entries will be received early in the day June 18. When the judging has been completed, the displays will be opened to the public. Entries are limited to Knox County residents, and horticulture must be grown by the exhibitor.

For a complete list of rules, contact Sara Offutt at 422-4335 or Kay Looney at the Munday Chamber of Commerce, 422-4540.

Red West and Jo of Red Springs visited Ruby West.

Ray Hunter came Wednesday morning and held devotional with the residents. Thanks to Ray and his church members.

The ladies of the Believers' Chapel came Wednesday afternoon for the birthday party. Residents always enjoy this and want to thank these ladies.

Alvin and Dolores Bellinghausen of Amarillo visited his father, Hubert Bellinghausen, last week.

Rosemary Bellinghausen and Annie Smajstrla called bingo for the residents Thursday afternoon. Each player received a prize of their choice. Our thanks to these ladies for a good time and nice prizes.

Margaret Funk of Hemet, California visited her mother, Eugenia Searcey, this week.

Howard and Ruby Myers came Friday afternoon and held Bible study with the residents. Thanks to Howard and Ruby for coming each week.

Visiting Beulah Hosea last week were Don Swope of Talco, Sarah Hosea of Goree and Ada Snyder of Seymour. Ada also visited other friends in the home.

The Community Choir came Friday night and presented a

The Senior Citizens came Saturday afternoon and held sing-along with the residents. Thanks to this group for their faithfulness.

Mr. and Mrs. Bobby Prater of San Angelo and Mr. and Mrs. Leo Prater of Artesia, New Mexico visited their mother, Coila Prater, over the weekend and helped her celebrate her birthday.

The First Baptist Church in Munday sponsored church services Sunday afternoon. This means a lot to the residents and we want to thank Bro. Pete and this group for their visit.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

CORRECTION!

Have you ever done something, then regretted it and had to re-track your doings? Such was the case of the donation to the Benjamin Volunteer Fire Department by Togo Moorhouse. As stated in this column last week, Mr. Moorhouse gave a sizeable contribution (\$1,500) to the BVFD but after consideration thought he might ought to have the department void that check and he in turn gave another one but for not as much. The Moorhouses stated that since they had so many places to give that a lesser amount would be more practical. This is in no way meant to reflect on Togo and Lucille but written at their request as they wanted the readers to know where they stand.

The fire department assures me however, that we will have a new siren but do need money for the installation.

(Incidentally, all the information concerning donations was given me by the members of the fire department for reporting to the readers. The department appreciates all they get - be the contribution large or small - and wants the public to know).

CEMETERY ASSN. TO MEET

The Benjamin Cemetery Association will meet at 7:30 p.m. Tuesday, May 3, in the assembly room at the courthouse. The public is invited and urged to attend.

HERE AND THERE

Grace Snailum returned home last week after several days stay with her daughter and family in Amarillo.

Leroy and Gloria West were in

Abilene Friday for Leroy to undergo some medical tests and x-rays at Hendrick Medical Center.

Betty Parker and Sabra of Aspermont were Sunday guests of her parents, Leroy and Gloria West.

Virginia Griffith was in Lubbock Sunday and Monday of this week undergoing medical tests. We hope all our friends who are having health problems get good reports.

Sue Moorhouse has been a patient in the Seymour Hospital several days. Sue is much improved and should be able to return home today (Monday).

Sue Gideon of ACU in Abilene was a weekend visitor in Benjamin.

Dee Ann Lamb and little son, Anthony, have returned to Benjamin to live. We're glad to have Dee Ann and Anthony here and hope she enjoys being back home.

Work is nearing completion on the home of Dutch and Imagean Young, which suffered lots of damage from a fire in early March. If progress continues, they should be ready to move in within the next two weeks. Work is being done by Rick Herring Construction of Munday.

Friday guests of Buster and Louella Tolson were Jeanne Worthing and Josephine Hudson Michna of Burkburnett and Bobbie Rauch and Evelyn Hudson of Wichita Falls. Joining them for lunch were Nell and Danny Hudson and Nell's sister-in-law, Evelyn Trimmer of Hale Center.

Visiting Ruth Ressel and the W.T. Cartwrights recently were Katie New and daughter Katelyn of

Andrews.

I talked to Kathleen Melton on Friday and she said Homer T. is gaining some strength daily. However, he still is in the hospital and will be until he's much stronger. His address is H.T. Melton, Methodist Hospital, Room 628, Lubbock, Texas 79408.

Letters To The Editor

Dear Friends,

I've goofed again and forgot to send my money for renewing the paper. I miss knowing what is happening in Goree and Munday.

Enclosed is a check for \$14. If this is not enough, please let me know.

Thanks,

Dear Editor:

Please renew subscription for the Courier for Clyde Hutchens, Box 86, Flatonia, TX. 78941.

For his friends around Goree, he fell about a month ago and broke his hip. He is recovering in a nursing home in La Grange, Texas. He will be 97 years young on the 23rd of April. He still loves to read the news about his old friends who are still around.

Thank you,

Mr. and Mrs. Morrison Harber visited Mrs. Claudia Harrell several days last week. The Harbers had come for the funeral of his sister-in-law, Mrs. Gladys Harber, at the Gillespie Cemetery.

SOIL CONSERVATION POSTER winners Kandis and Andrea Longan proudly show off their trophies. Kandis, whose poster won reserve champion honors at the district level, won third place in the Area V contest. Big sister Andrea drew the champion poster in the district contest, and Kate Grill of Benjamin had the grand champion poster. Kandis and Christi Whitten of Benjamin, whose conservation essay also won third at the area competition, will receive their awards at the area banquet in Mineral Wells Monday night.

County Extension Agent - Home Economics

Last week we began a series of articles on back care. This week we will discuss care of the back when bending and lifting.

Doctors tell us that most back pain results from having bad "back habits." So what can you do for a healthy back? One important bad "back habit" to correct is improper bending and lifting. When bending or lifting or even just reaching down for that matter, follow these rules:

*Face the object you'll be picking up; don't twist your body.

*Bend from your knees and hips - not from your waist. And bend down as far as necessary to reach the object you'll be picking up.

*Then tuck under your buttocks and pull in your abdominal muscles. This helps reduce swayback by flattening the lower back.

*Pick up the object and hold it close to your body.

*Then lift with your legs, using the large muscles of the thighs, not the small muscles of your back.

*A general guideline to follow is to lift a heavy object no higher than the waist, lift a light object no higher than the shoulders - greater height tends to sway the back.

*To turn with an object in your hand, turn your entire body as a unit. Do not twist to turn or to set the object down.

*And when setting the object down be sure to follow the same steps you used in lifting the object. Hold the object close to your body, and bend down from your knees and hips, not from your waist.

One last caution - don't be a hero with a heavy load or one that is especially large or awkward so that it can't be held close to the body. Get help!

RESTORING GLASSWARE

Treatment for Removing Streaks and Filming.

Glass that is used in bakeware, cookware, coffee makers and microwave may develop a cloudy, spotted or streaked appearance. This is usually caused by hard water.

Restore the glassware using the following method. Soak the items in a vinegar-water solution, ½ cup of vinegar to a gallon of water. Then wash in a detergent solution and hot water and rinse.

A vinegar treatment to remove spotting and filming can also be accomplished in an automatic dishwasher. Start by putting the dishwasher load through a complete wash and rinse cycle. Remove all metal items such as flatware and pans. Pour 2 cups of white vinegar in a container and place on the bottom rack of the dishwasher. Then run the load through a complete cycle.

There's no substitute for quality when it comes to investing in replacement parts for your farm equipment.

Every OEM dealer recommends genuine OEM replacement parts as your guarantee of maximum performance and dependability. OEM parts certainly meet high quality standards, but they don't always meet your budget.

At Osbornes, we believe that smarter investment requires a high degree of concern for quality as well as low prices. That's why we order our parts directly from manufacturers who MAKE the parts, not from middlemen or distributors.

In fact, many of our supplies MAKE identical parts for the OEM's, complete with the OEM label and paint color.

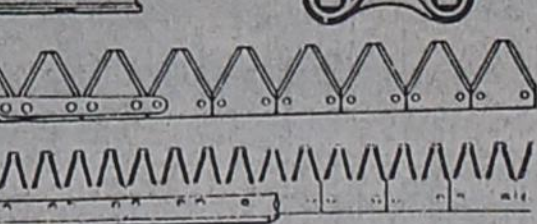

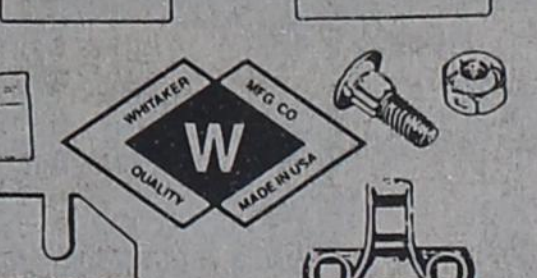

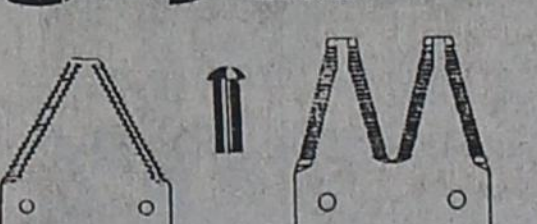

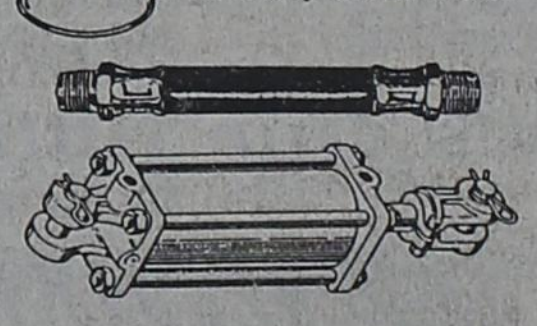

Our direct large volume purchases enable us to offer you the highest quality replacement parts at the lowest prices in the area without sacrificing the quality you've come to expect from OEM parts.

We don't specialize in parts for one particular OEM either. We specialize in parts for ALL OEM's in our area.

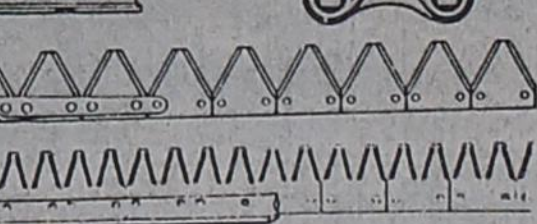

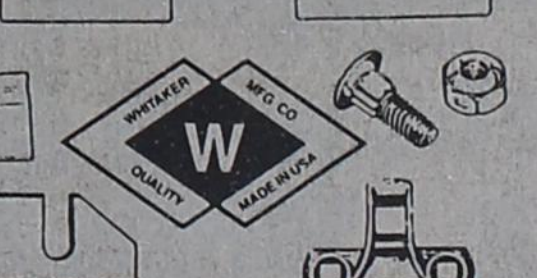

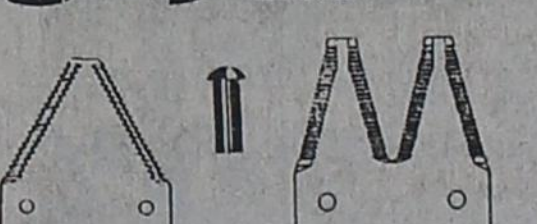

QUALITY, SELECTION, LOW PRICES.

At Osbornes, we give you an alternative.

EVERYTHING YOU'D EXPECT FROM OEM PARTS, EXCEPT THE PRICE.

★ Weinert News ★

By Mrs. Myrtle Phemister

As we say goodbye to April and "Hello, May" we hope to have fewer windy days, more rain, and perhaps more time! The days are passing so quickly.

We have an election coming up on Saturday, May 7, and I hope each of you will go to the polls. If you are not in favor of the candidates, then black out the names and write in one of your choice. Weinert will elect a mayor and some city councilmen, two school board members, and some water district directors. Vote!

Those listed on our birthday calendar in Weinert for this week included Ezekiel Estrada, Gilbert Jimenez Jr., Jerry Walker and Gus Rueffer. Happy Birthday!

Helen and Floyd Stout will observe a wedding anniversary. Congratulations!

We welcome our newest residents to Weinert, Mr. and Mrs. Robin Raynes, who were married on Saturday afternoon at the Catholic Church in Rhineland. Congratulations and a long, happy life together!

We also welcome Mattie and D.I. White who have moved into the former home of Mike Stewart. We hope they will enjoy many happy years in our town.

Sue and Jimmy Hackney, with Todd and Talinda, of Ft. Worth were in town to help her parents, the D.I. Whites, as they moved into town, and also help Jimmy and Gayle White move into the farm home the D.I. Whites vacated. (I heard there was some trouble on Sunday morning as each tried to find ties and hats and shoes to match!)

Helen and Floyd Stout have returned from Hays, Kansas after a visit with Helen's youngest sister, Sherril Forstythe and family, whom Helen had not seen in over seven years. It was a joy to renew acquaintances and meet little ones for the first time.

Mr. and Mrs. Alton Caddell of San Diego, California were guests of the Glenn Caddells, and they were all in Weinert on Friday to visit friends and relatives and reminisce about the "old days."

Bill Alexander of Plains was in town to visit his mother, Pearl Alexander, and his sister, Erlinda Mayfield and family.

Myrtle and Eddie Sanders, Myrtle and Marvin Phemister and R.S. Sanders were in Wilson, Oklahoma to visit relatives last week. Myrtle and Eddie spent the night with their daughter's family, the Wayne Offutts, in Wichita Falls.

Jo and Roy Luker of San Angelo were in town for a visit with Jo's sister, Helen and Buck Turnbow. Roy's health is greatly improved.

Florence and Pearl Alexander are happy that an older sister, L.B. and "Bill" White have purchased a home in Haskell and have moved back home after living in Arizona for over forty years.

We congratulate Kenny Forehand for entering the UIL track meet in Aspermont and bringing home a fourth place ribbon in the mile race. We have other good athletes, but none chose to enter the events with

Kenny. We are proud of him!

Several of our residents have been seriously ill for a time with bouts of flu and virus. Lucicle Adams and Elmer, Wayne Stout and others were on the sick list, but are back to normal now.

Helen Turnbow fell at her home on Wednesday and broke her right arm. She is convalescing at home, learning to use her left arm for various tasks. Her daughter, Jeanine Perry of Stanton, is spending a few days with her mother and dad.

Trecia Ann, little daughter of Ann Horan, was bitten in the face by a dog last week. Fortunately, it was not rabid, and she is doing well.

Jean Forehand, with Kim Stewart and baby Paden, were in San Angelo and Robert Lee to check on the progress of Jean's mother, Grace Skipworth, who has been hospitalized with pneumonia. She is at home and improving.

Freddy Horan will enter Hendricks Medical Center on Tuesday for tests and will undergo surgery on Wednesday to remove the growths on his neck. We pray for a good report for him and a speedy recovery.

As our country is observing Soil and Water Conservation Week, would you carry out your plans to fill a ditch, plant a tree, stop a leaky faucet, take a shower instead of a tub bath; there are so many small things that add up big! Do something!

The annual Haskell County SWCD awards banquet will be held at the Haskell Civic Center on Thursday night, April 28 and many in our district will be honored. The outstanding conservation farmer, rancher, teacher and homemaker will be revealed and honored, as will be winners of the SWCD poster contest of the elementary students in the county. Each winner, with their parents and teacher, will be special guests at the banquet and the posters will be displayed. First place winners will be entered in the region, and winners will be sent to state.

Have a nice day!

Baseball Tryouts Rescheduled Friday

Munday Little League and Pee Wee League Association will sponsor another tryout day at 5:30 p.m. Friday, April 29, at the Little League field. Officials say the number of participants has dropped off this year and more interested persons are needed to fill four complete teams in each league.

All boys and girls who will be seven years old by August 1, 1988, and who will not be 13 years old by that date, are eligible to join a Little League team. Young people who are interested in playing baseball and have not already been chosen for a team should be present for this tryout.

Wilson's Are Proud Of Grandchildren

Jana Tiner, 15-year-old granddaughter of Lowry and Jane Wilson of Munday, won the gold medal in the District 3-2A 800 meter run with a time of 2:33.81 and will compete in the AA regional track meet in Big Spring April 28-30.

A freshman at Hale Center High School, Jana is a member of the student council and band and is a cheerleader. She ran on the varsity cross country team last fall and started for the varsity Owlette basketball team. She will also participate in the regional golf tournament as a member of the girls' golf team which finished second in district.

Jana's 18-year-old brother, Jason, is a member of the bi-district champion Owl basketball team and was awarded district honors. He suffered a broken hand at mid-season and missed 11 games, but came back during district play to average 13.5 points and eight rebounds per game and had a 68 percent free throw average. He is a senior at Hale Center High School and plans to attend Abilene Christian University in the fall, possibly to play basketball at ACU.

They are the children of Mike and Kathy Tiner of Hale Center.

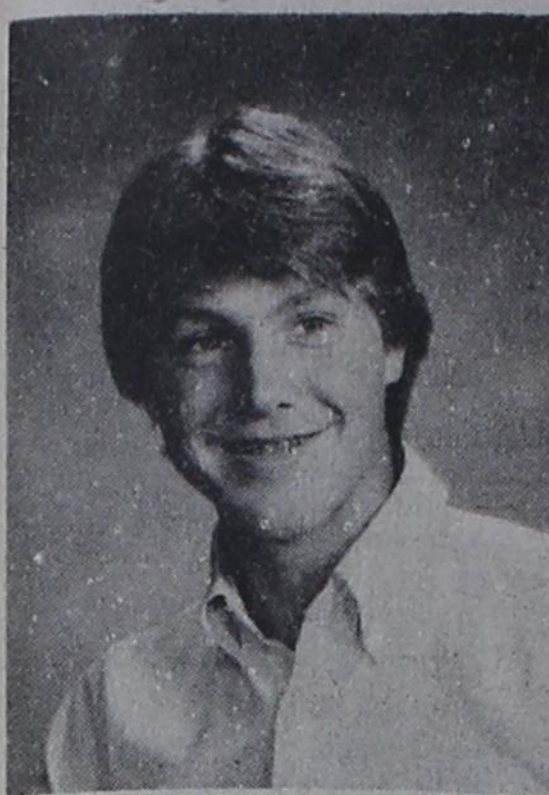

Goree Seniors To Hold Car Wash This Friday

The Goree senior class will hold a car wash at 3 p.m. this Friday, April 29, across the highway from Goree high school. The price will be \$7.00 per vehicle which includes a wash and cleaning the inside.

Everyone is urged to support the students in their efforts.

LOCAL

Mrs. Sandy Morgan of Ft. Worth visited her parents, Mr. and Mrs. Joe Morrow, and Lala Morgan over the weekend.

WILL HERRING, son of Steve and Connie Catlege of Grandfield, Oklahoma and grandson of Mr. and Mrs. Billy Mitchell of Goree, has been named a scholastic All-American by the National Secondary Education Council. A student at Grandfield High School, Herring was nominated for the national award by Coach Tom Newport. All-American scholars must earn a 3.3 or better grade point average and are nominated by secondary school instructors, counselors or other qualified sponsors.

What the lost person without Christ discovers 60 seconds after death:

1. Death does not end it all.
2. God has a record of his sins.
3. Satan has lied to him.
4. There is literal fire in hell.
5. He has missed the greatest thing in life.
6. He still has a memory.
7. All opportunities to be saved are gone forever.

Prescribed Burning Must Be Planned To Insure Success

Prescribed burning has become increasingly popular. More controlled burns have possibly been done this year than ever before.

Weather conditions play an important part in the success or failure of a controlled burn. Relative humidity, temperature, wind speed and direction and soil moisture are some of the factors that need to be considered. Conditions that create a "cool fire", such as low temperature and high humidity, may not give satisfactory results, especially when trying to manage mesquite, juniper or other brush species.

On the other hand, conditions that result in an extremely "hot fire", such as low humidity and high temperature along with high

winds can create a hazardous wild-fire situation.

Within the last month in several areas of North Texas, dry conditions along with high winds and very low humidity have created extremely hazardous burning conditions. There have been several instances where controlled burns have gotten out of hand and caused damage to property and life.

It is important that all controlled burns be properly "prescribed" in order to insure a successful burn and also a safe burn. To achieve the best results, next spring's prescribed burns should be planned within the next couple of months. The Soil Conservation Service Field Office at Knox City can assist with the planning and implementation of a successful prescribed burn.

Tomato sauce is high in sodium (salt), but tomato paste is low in sodium.

SPRING COMES TO MUNDAY in the form of abundant flowers, especially in yards where residents have been willing to increase their water bill a bit to turn the hose on. This rock-bordered flower bed at the J.S. McCrary home sports assorted irises, snowballs and petunias, all showing bright colors to welcome the warmer days.

Welfare Services List '87 Knox County Expenditures

Health care accounted for most of the welfare benefits received by residents of Knox County during the past year, according to the recently released annual report of the Texas Department of Human Services. "By far the largest amount of welfare money goes toward the health care of elderly and disabled Texans," said regional administrator Ray L. Dunavant of Abilene. "As a result, the Texas Department of Human Services is the largest purchaser of health care in the state."

For the fiscal year ending August 31, elderly and disabled residents of the county received \$847,030 in medical assistance, with \$589,304 of that sum going toward nursing home care, for hospital, physician and other medical services and for prescription medicine. Needy children and impoverished elderly or disabled individuals are the main beneficiaries of the department's programs and services. Food stamps valued at \$353,886 put food on the tables of a monthly average of 664 county residents. Food stamps are redeemed like cash by local grocers. The program is 100 percent federally funded. The de-

partment pays half of the administrative costs of determining eligibility and issuing the coupons. Aid to Families with Dependent Children, the department's only cash grant program, distributed \$120,741 to 62 families living in poverty in Knox County. Monthly grants average about \$57 per month for each individual, less than half of the national average monthly grant of \$122. The money is designed to help poor families pay for necessities.

The typical needy family receiving this aid consists of a mother and two children. Texas ranks 46th among the states in the size of its public assistance grants. Only Alabama, Louisiana, Mississippi and Tennessee offer less.

State law requires the department to respond to reports of abuse and neglect of children, without regard for a family's income. In Knox County, the department served 22 individuals in troubled families. Reports of abuse and neglect are received through the local office of the Texas Department of Human Services or through a toll-free hotline telephone number, 1-800-252-5400.

The department took action on one case of alleged AFDC and food stamp fraud in the county. Suspected fraud can be reported on a toll-free fraud hotline, 1-800-2152-2526.

and family in Munday.

Jimmie Dale Beaty of Greenville, Miss., visited his parents, Mr. and Mrs. Ewen Beaty, several days last week. Also visiting in the Beaty home Thursday and Friday evening were Mrs. Karen Patton of Munday and Mr. and Mrs. Danny Wainscott and Phillip of Knox City.

Mrs. Grace Smith visited her sister, Mrs. Helen Patterson, at Munday Friday evening. She also visited her son and family, Mr. and Mrs. Gordon Smith, Steven and Jonathan.

Mrs. Elizabeth Watson, Mrs. Jo Jarvis of Munday and Mrs. Jewell Ford of Knox City visited in Wichita Falls Friday.

Mr. and Mrs. Bob Rodgers of Azle visited Mrs. Ballie Cooksey last Thursday.

Mr. and Mrs. Danny Wainscott and Phillip of Knox City and Jimmie Dale Beaty of Greenville, Miss.

visited Mr. and Mrs. Jack Beaty on Saturday.

Mrs. Debbie Collier of Krum visited Mrs. Elizabeth Watson and Mrs. Jo Jarvis on Sunday.

Mrs. Ballie Cooksey and Mrs. Alene Seale attended the Knox County Historical Commission meeting at Benjamin Sunday afternoon.

Mr. and Mrs. Leon Looney of Dallas visited her parents, Mr. and Mrs. Felton Jackson, during the weekend. Mrs. Daisy Gaither of Munday visited in their home Saturday afternoon.

Rev. and Mrs. Wayne Varnell visited Mr. and Mrs. Melburn Morris at Wichita General Hospital on Friday. They visited them again Tuesday and also saw Beckie Horry and other patients in the hospital.

Mrs. Dorothy Yates of Dimmitt spent the weekend visiting Mr. and Mrs. Archie Struck.

I am running for a seat on the board of directors of the Knox County Hospital District because I am vitally interested in quality medical care within our county.

The struggle to re-open our hospital has been won. The struggle to keep it open is going on now. I want to help win that struggle.

I have one year of experience on the board. Thank you for your consideration Saturday, May 7.

★ TRUSCOTT-GILLILAND NEWS ★

By Mrs. Clara Brown

Last Thursday morning was a beautiful spring morning. Purple verbena and yellow and white daisies were blooming in pastures filled with that tender green look of early spring. There was very little wind and everywhere you could see that fresh sparkle spring can give the sky and landscape. The world looked ready to take off and grow. That picture didn't last long though, because by afternoon a sand storm had moved in and there wasn't much sparkle after the sand hit. Sunday we missed a couple of good chances for rain. At noon and again around four the sky looked ready to dump a downpour. Nothing resulted here though except for a few drops of rain and a wind that lasted for several hours. There was a heavy shower out toward Antelope Flat and the Middle Fork of the Wichita.

Visiting in the home of Mrs. Bert Welch last Thursday and Friday were her son and daughter-in-law from Garden City, Kansas, Weldon and Joan Welch, and her daughter and son-in-law, Margaret and Lloyd Jones of Abilene.

Mrs. Thelma Jamison and Mrs.

Frances Cook met Frances' daughter, Sherri Miller of Merkel, in Haskell Saturday and enjoyed lunch together.

Seven were honored at the monthly birthday dinner of the Gilliland Baptist Church Sunday. They were Glen Heard, Jason Simmons, John and John Mark Kinnibrugh and Louis and Alan Ray Baty.

Winners of the recent Gilliland volleyball tournament were Gilliland, first; Bomarton, second; and Goree, third.

Attending the district extension homemakers meeting at Vernon last week were Frances Cook, Thelma Jamison and Florence Miller.

Last Monday the Gilliland Extension Homemakers put a quilt in the frames and by Friday had finished quilting it. It is now ready to be given away at the next meeting.

Gwen Cure of Wichita Falls found good news in last week's column. It was her keys that Lula Baty found.

Wednesday Geneva Navratil of Seymour visited Fannie Lois Bayers at Gilliland. Thursday visitors in the Bayers home were Mrs. Stan Duckworth of Ft. Gibson, Okla., and her sister, Lina Redwine of Knox City and her children.

Visiting in the home of Paul and Ila Mae Bullion Wednesday were Mr. and Mrs. John Turpin of Leveland.

Friday the Paul Bullions visited Lake Hubbard at Breckenridge, Ft. Phantom Hill Lake near Abilene and Possum Kingdom. They spent the night camping at Possum Kingdom where they met deer so gentle they could be fed out of hand.

Sunday afternoon several from Truscott and Gilliland attended the Knox County cemetery survey meeting at Benjamin. They were Paul and Ila Mae Bullion, Clara Owens, Vivian Brown, Corinne New and Clara Brown. The cemetery made by Kristy Kimmell was used for a practice survey by several and everyone enjoyed using it. After the meeting everyone had a little trouble getting away. Somehow the doctors were locked, and the 23 people at the cemetery meeting couldn't get out of the building. They were finally rescued by Gloria West.

Dallas Resident Is Buried At Gillespie

Gladys Ivena Nix Harber, 83, a former Munday area resident, died Tuesday, April 19, in a DeSoto nursing home. Funeral services were at 11 a.m. Thursday, April 21, at the Gillespie Baptist Church with Rev. Russ Byard, pastor of the First United Methodist Church in Munday, officiating. Burial was in the Gillespie Cemetery under the direction of McCauley-Smith Funeral Home of Munday.

Born March 2, 1905, in Dallas to Morris G. and Sallie Nix, she moved with her family to the Gillespie community in 1907. She graduated from Gillespie High School and married Thomas Wilson Harber June 22, 1930, in Munday. They moved to Wichita Falls in 1941 and to Dallas in 1944, and she had resided there since that time. A homemaker and member of the Tyler Street Methodist Church in Dallas, she was preceded in death by her husband on February 28, 1985, by a daughter, Nancy Wild, on October 18, 1983, and by several brothers and sisters.

Survivors include two daughters, Teresa Davis of Lometa and Ivena Lester of Leona; one son, Royce Harber of Granbury; two sisters, Dolly Hill of Westford, Vermont and Nell Bauman of Huntsville; one brother, Foreman Nix of Waco; nine grandchildren and five great-grandchildren; and several nieces and nephews.

Pallbearers, all nephews, were Howard, Gerald, Glenn and Kenneth Myers, Gene Nix and Morris Hicks.

The first record featured inventor Thomas Edison singing "Mary Had A Little Lamb."

Next-To-Last Honor Roll Is Released By School Principal

Nearly 70 Munday secondary school students were listed on the honor roll for the fifth six weeks grading period. The race for end-of-school academic honors is getting tight in the eighth grade class, as seven pupils made all A's during the six weeks, while 13 seventh graders and 12 freshmen achieved the B honor roll.

The complete list - with only one remaining for the 1987-88 school year - follows.

You'll Probably Never Take Advantage Of This Advantage

Every Case IH MAGNUM tractor comes equipped with dozens of exclusive features that put it in a class by itself.

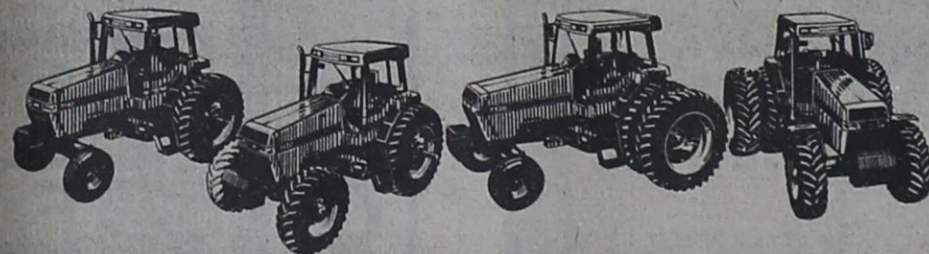

But none is more impressive than the 5-year/5,000-hour MAGNUM tractor warranty.

It covers every MAGNUM tractor — from top to bottom, front to back, for 5 years or 5,000 hours, whichever occurs first.* It's the best warranty in the business. By far.

But the way MAGNUM tractors are built there's a good chance you'll never need to take advantage of this advantage.

See the all-new MAGNUM tractors at your Case IH dealer. And learn more about the best warranty . . . and the best tractors in the business.

*Excluding tires, which are covered by their own manufacturers' warranties. A \$200 deductible applies to each repair after the first year.

Munday Stands Out At Qualifiers Meet

With some good competition from large-school athletes, Munday's best track and field participants shone in the regional qualifiers' meet held here April 22. No team totals were calculated, but if they had been tabulated, Munday would have been at or near the top in both divisions.

Both coaches are cautiously optimistic about their chances to win the regional meet, which is set for Friday and Saturday at McMurry College in Abilene. Both teams will send nine athletes to the meet, and several are expected to qualify for the state contest.

"If everything goes accordingly," head coach Jim Edwards said, "we should have a real good chance to win. That is, if we don't drop batons or make other mistakes on our relay handoffs. If both our relay teams can win we should be in good shape."

Mogulette coach Gina Farmer is also depending heavily on relays. The girls' contest features three relay events, and Munday will participate in all three. "If two of our relays get to state we will have a good chance to win," she explained. "But if three go to Austin, I will feel much better about it. Unfortunately, it's going to be hard to qualify more than one - we have some good competition at regional."

The reason the coaches look to the relays to help them win team championships is that a relay win brings in 20 points, while a win in an individual event accounts for 10. Munday teams are in the fortunate position of having skilled people in both relay and individual events.

Munday's results from the qualifiers' meet follow.

Hospital Recovers Money Claimed By Medicare System

Dick Stout, administrator of the Knox County Hospital District, has reported that the hospital has recovered \$86,538.50 from the Federal government's Medicare program.

This recoupment of funds was brought about by a hospital governing board decision to have a recently hired hospital accounting firm look into a charge made by Medicare auditors that the hospital owed \$29,273 to settle the hospital cost report for the 1985-86 fiscal year. The money allegedly owed by the hospital was from DRG payments based on statistical data from the 1981-82 fiscal year.

But researching the Medicare charges brought a favorable outcome for the hospital, Stout said, and the challenged reimbursement and final recoupment has resulted in an overall hospital gain of over \$115,000.

"Just goes to show that giants can still be defeated if someone is willing to stand in the gap and throw the right stones," Stout commented, and added that the extra money would definitely give hospital officials some "breathing room" in the facility's tight budget.

PUBLIC NOTICES

BECAUSE THE PEOPLE MUST KNOW

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING

The State Department of Highways and Public Transportation is planning the construction of F.M. 267, from SH 222, S & E to US 277, and F.M. 3490, from F.M. 267, 1.0 mile north of SH 222, East to FM 2811.

The above proposed roads will follow existing County roads, but will require extra right of way. F.M. 267 will require a total of 100' of right of way and F.M. 3490 will require a total of 70' right of way. The roads will consist of 2-10' travel lanes of Asphalt surface. F.M. 267 will have shoulders of 4'.

Maps and other drawings showing the proposed location and design, preliminary environmental assessment, and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's office at Munday, Texas. Also the maps and drawings showing the proposed location and design have been placed on file with the county.

Information about the State's relocation assistance program, the benefits and services for displaced and information concerning the relocation assistance office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Resident Engineer's office.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's office on or before May 10, 1988. The address of the Resident Engineer office is P.O. Box 349, Munday, Texas 76371.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

EXHIBIT I: ENVIRONMENTAL REQUIREMENTS

"The Farmers Home Administration (FmHA) has received an application for financial assistance from Rhineland Water Supply Corporation. The specific elements of this proposed action are to make improvements which include construction of a 64,000 gallon standpipe and distribution system to serve 91 meters, utilizing treated water to be purchased from the North Central Texas Municipal Water Authority.

FmHA has assessed the potential environmental impacts of the proposed action and has determined that it will not significantly affect the quality of the human environment. Therefore, FmHA will not prepare an environmental impact statement for this project.

Any written comments regarding this determination should be provided within fifteen (15) days of this publication to Mr. Charles B. Hart, Community Programs Loan Officer, Farmers Home Administration, 101 South Main, Suite 102, Temple, Texas 76501, telephone: 817-774-1306."

FmHA will make no further decisions regarding this proposed action during this fifteen-day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to the above address.

ADVERTISEMENT FOR BIDS KNOX COUNTY, TEXAS T.D.C. PROJECT NO. S706055

Separate sealed bids for the construction of a Rural Water Distribution System will be received by Knox County, Texas in the Commissioner's Court Room of the Knox County Courthouse in Benjamin, Texas, until 1:30 p.m., May 17, 1988, and then at said location publicly opened and read aloud.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid Proposal, Bid Bond, Contract, Performance and Payment Bonds, General Conditions, Notice of Award, Notice to Proceeds, Plans, Specifications, Wage Rate Determination, Addenda (if any) and Project Contracting and Compliance Provisions may be examined at the following location:

Jacob & Martin, Inc.,
Consulting Engineers
3465 Curry Lane,
Abilene, Texas 79606

The Owner reserves the right to waive any informalities and to reject any or all bids. Bids may be held by the Owner for a period not to exceed 60 days from the date of bid opening for the purpose of reviewing the bids and investigating the qualifications of Bidders prior to awarding of the contract.

Copies of the Contract Documents may be obtained from Jacob & Martin, Inc., 3465 Curry Lane, Abilene, Texas 79606 (915-695-1070), upon payment of \$40.00 (nonrefundable) for each set.

A certified check or bank draft, payable to the order of the Knox County, Texas negotiable U.S. Government bonds (at par value) or a satisfactory Bid Bond executed by the Bidder and an acceptable surety in an amount equal to five percent (5%) of the total bid shall be submitted with each bid.

Bidder's attention is called to the fact that not less than the federally determined prevailing wage rate, as issued by the Texas Department of Community Affairs and as set forth in the Contract Documents, must be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

In addition, if the prime contractor is not a minority-owned business, the prime contractor shall ensure that at least fifteen percent (15%) of the funds subcontracted under this contract are awarded to minority businesses. In the event the prime contractor does not subcontract any portion of the construction work funded under this contract, the prime contractor shall ensure that at least 15 percent (15%) of the work force employed by him is composed of minority group members.

For the purpose of definition, the following words and terms shall have the following meanings:

1. "Minority Business" means a corporation, partnership, sole proprietorship, or other legal entity formed for the purpose of making a profit, if at least 50 percent of the business is owned by minority group members, or in the case of a corporation, at least 51% of its shares are owned by minority group members.

2. "Minority Group Members" are Black Americans, Mexican Americans and other Americans of Hispanic origin, Asian Americans, American Indians, Pacific Islanders, and Alaskan Natives.

GIVE US A CALL!

To the wonderful people of Munday - words cannot express the gratitude and love we feel for you. During Pat's long stay in the hospital your love and concern has been felt in so many ways. Your cards, calls, flowers, gifts, goodies baskets and especially all the prayers have made our stay bearable. May you continue to remember us in your prayers during the rest of the treatments. May God bless each of you.
