County Youth Place In District Show

Eight young Knox County 4-H fashion experts participated in the Rolling Plains District 3 fashion show held June 29 in Albany. Themed "New and Old Favorites in 4-H Fashions," the show was sponsored by West Texas Utilities. Winners in county fashion shows qualified for the district competition.

Robyn Clem of Munday placed second in the intermediate non-tailored daywear division and also won the cotton award for the intermediate category given by Rolling Plains cotton growers. Kacy Longan, also of Munday, was second place winner in the senior buying division, a new area of competition this year.

Other county participants were Stefani and Suzanne Stephens of O'Brien, Tressie Boyd and Amanda Baker of Knox City and Andrea Longan and Melissa Berryhill of Munday.

Shanna Murphy of Weinert, representing Haskell County, won first place in intermediate sportswear. First place winners in all senior divisions will advance to the state 4-H fashion show.

MUNDAY LITTLE LEAGUE ALL-STARS will play Seymour at 7 p.m. Monday, July 11, to kick off the annual tri-city tournament between Munday, Seymour and Knox City. The winner will represent this area in the district playoffs. Shown above with coaches Stephen Kuehler, left, and Jamie Welborn are, back row from left, Phillip Bowen, David Castorena, Rudy Jacques, Jeff Cook, Joe Bunton, Ricky Thomas, Terry Tomlinson, Rene Nunez and Kole Sanders; in front row are Bobby LanFranco, Donny Browning, Chris Torres, Freddie Castorena and Keith Myers.

Little League All-Star Games Set In Seymour

Little League All-Star teams from Munday, Knox City and Seymour will begin their annual tri-city tournament at 7 p.m. Monday, July 11, at Seymour. Munday will play the home team in the first game of the double elimination tourney.

The winner of Monday night's game will be Knox City's opponent in the second game, which is set for Tuesday night at 7 p.m. Losing teams from the first two games will compete Wednesday night, winners from Tuesday and Wednesday will face each other on Thursday, and if two teams still have only one loss each they will play for the championship on Friday night. All the games begin at 7 p.m. at the Seymour Little League field.

Munday players include Rene Nunez, Freddie Castorena, Rudy Jacques and David Castorena from the league-winning Cardinals, Terry Tomlinson, Bobby LanFranco, Joe Bunton and Phillip Bowen of the Braves, Ricky Thomas, Kole Sanders, Jeffery Cook and Donny Browning of the Red Sox and Chris Torres and Keith Myers of the Yankees. Alternates are Kevin Stone, Doug Edrington, Trey Harlan, Ryan Cottingham and Tony Morgan. Coaching the team are Jamie Welborn and Stephen Kuehler.

The district playoffs, featuring Little League All-Stars from four

areas, will be held in Munday beginning July 18. More information about the playoffs will be available next week.

Pee Wee baseball action ended for the summer with an All-Star game held Friday night pitting the young players against the nine and ten-year-old Little Leaguers. The Little League won the game 14-10, but Perry Kuehler, one of the Pee Wee coaches, remarked that he felt the youngsters on both teams played very well, with the difference being a little more experience on the part of the Little League group.

Weather Report

Following is the weather for seven days ending Monday, July 4, 1988, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

Next Conservation Reserve Sign-Up Period Begins July 18

by Donnie Peters

Knox County Agricultural Extension Agent

The seventh round of sign-ups for the government's Conservation Reserve Program is July 18 - August 5 at the Knox County ASCS office.

This sign-up period will give Texas farmers another opportunity to put highly erodible land into CRP for a 10 year period.

CRP is a part of the 1985 farm bill that is aimed at curbing crop production on highly erodible land and protecting that land from wind and water damage. And the program has been effective. Thus far, figures from the U.S. Department of Agriculture show that CRP has reduced soil erosion by 17 percent, more than 530,000 tons, since 1986.

In Knox County, 58 contracts have been made, putting 8400 acres into the reserve program. Estimates were made that soil erosion has been reduced 25 tons per acre since signing.

Some 45 million acres have been targeted for the program across the U.S. Currently, 56 percent of that goal has been contracted nationally. Texas farmers have enrolled 3.2 million acres.

Farmers enrolling qualified land, as determined by the Soil Conservation Service, must keep the land out of production for at least 10

years and must plant a cover of grass or trees. During this period they will receive an annual "rental" payment from the government plus half the cost of establishing the ground cover.

Several new rules that took effect with the last sign-up will continue. One new rule requires that acceptable bid levels not exceed the local cash rental rates for comparable land, as determined by local ASCS committees. Thus far, 40 dollars per acre has been top rental rate accepted in Knox County.

In addition, filter strips along creeks may be enrolled even though they do not contain highly erodible land. Such strips must be 66 to 99 feet wide and must be parallel to and adjacent to perennial streams, permanent ponds or permanent lakes.

Farmers with highly erodible land also must have an approved conservation plan filed at their local SCS office by January 1, 1990. Failure to do so will result in a loss of USDA farm program benefits on all cropland. And the approved plan must be implemented by January 1, 1995, to retain government payments.

Chamber Grateful To Festival Helpers

Kay Looney, manager of the Munday Chamber of Commerce and Agriculture, has expressed thanks on behalf of the Chamber directors and staff to everyone who supported the 1988 Knox County Vegetable Festival. "All the efforts by chairmen, volunteers and participants made it a complete success," Mrs. Looney said.

A new festival event, the team penning, drew an unusually large group of contestants. Thirty-nine teams entered the contest, paying a \$35 entry fee. Winning the \$317 championship purse was the team of Wayne Hutchinson, Greg Melton and John Brueggeman with a time of one minute and 12 seconds. Mike Stewart, D.B. Darnell and Bill Brown compiled a time of 1:25.97 for second place, and Eddy Bailiff, John McGowan and Mike Sheedy pulled in third place with 1:29.77.

Other events were successful by varying degrees, but overall the festival, which originated as a promotion idea for Munday's vegetable production potential, fulfilled its purpose and brought several out-of-town shoppers in to sample the items available. It took a great deal of time and effort on the part of festival planners to carry their plans through to success, and they are to be commended for their hard work.

LOCAL

Mr. and Mrs. Roger Johnson of Alvarado visited her mother, Lala Morgan, last Saturday night and Sunday. After church services, they visited Mr. and Mrs. Nolan Phillips and their guests, Mrs. Irene Carmichael, Miss Lenora Carmichael and Mr. and Mrs. John Etheridge, all of California. The Johnsons returned home Sunday afternoon by way of Abilene where they visited Roger's parents, Mr. and Mrs. Vernon Johnson.

Munday Students Test High On State Exams

Students in grades one, three, five, seven, nine and eleven in the Munday Independent School District have successfully completed their T.E.A.M.S. tests for the year, and superintendent Doyle Lowrance said the majority of the results were very positive.

Munday students tested above the

statewide average in all but one area of one grade in the examinations, which are given in math, reading and writing to alternate grades each year.

The following chart shows a comparison of Munday's results and the state average except in grade one, where no state-wide results were documented.

Grade	MATH		READING		WRITING	
	M.I.S.D.	STATE	M.I.S.D.	STATE	M.I.S.D.	STATE
Eleventh	86	75	100	89		
Ninth	97	83	92	79	89	67
Seventh	100	91	95	87	100	80
Fifth	96	89	96	88	92	79
Third	100	91	70	84	86	76
First	90	NA	97	NA	89	NA

IN-STORE PROMOTION ALSO ANNOUNCED

Munday Osbornes Employee Promoted To Vernon Store

Osbornes, Inc. of Vernon has announced the promotions of two Munday store personnel.

Manuel Hernandez, who is currently serving as assistant manager of the Munday store, has been promoted to assistant manager of the Osbornes store in Vernon. He will assume his new position in Vernon effective July 11. Hernandez has been employed by Osbornes in

Munday for the past seven years, serving as assistant manager in the local store for the last three years.

David Hernandez has been promoted to assistant manager of the Munday store. He has been employed by Osbornes for five years and will also assume his new position on July 11.

Andy Duffie of Vernon, store supervisor for Osbornes, noted "We are very pleased to offer these two young men their respective promotions and look forward to their continued growth in management roles. Both Manuel and David have benefitted directly from the leadership and training of Dub Moon, our Munday store manager. They couldn't have had a better teacher than Dub and we will expect big things from both Manuel and David in the future." Duffie also noted that the vacancy created by Manuel Hernandez' transfer to Vernon will be filled from local applicants within the next week to ten days.

Osbornes operates stores in Vernon, Munday, Stamford and Gainesville, Texas as well as Altus, Oklahoma.

Tyler Phillips of Abilene spent last week with his grandparents, Mr. and Mrs. Douglas Myers.

SUNBURNED BUT VICTORIOUS, the winners of the Lake Creek Golf Club July 4 scramble took home a larger-than-usual purse, courtesy of an extra-crowded field of golfers in the tourney. Gary Schur, Jimmy Harlan, Wynette Moore and Terry Bufkin shot a 62 in the 18-hole contest for an eight under par championship.

Golfing Excitement Featured On July 4

A big group of contenders squared off Monday for the purse in the Lake Creek Golf Club's July 4 scramble. Ten teams entered the golf action, with the foursome of Terry Bufkin, Gary Schur, Wynette Moore and Jimmy Harlan shooting scores of 31 on both nine-hole rounds for a total of eight-under-par 62 and the championship.

Tying for second with scores of 64 were Kipp Cotton, Mark Dobson and Barbara Ratliff, who followed a first round 34 with a sizzling 30 on the second nine; and W.O. Ratliff, Felton Jackson, Stacia Cook and

Ricky Harlan. Four strokes off the pace with 66 were Ed Lane, Richard Albus and Mary Smith.

Playing to an 18-hole total of 67 were Richie Smith, Kristi Bufkin and Oscar Cypert; and Raymond Carden, M.L. Waggoner, W.R. Moore and Louis Wise. Don Coffman, Neil Waggoner and Alvin Michalik had a 68, followed by Jerry King, Chris Moore and Becky Ratliff at 69, Ronnie Baker, Daniel Ramirez and John Phillips with an even par 70 and Jack Nuckols, Bob Bowen and Danny Sloan one over at 71.

The Lord's Corner

by Dr. Pete Bradfield, pastor
First Baptist Church

THE PARABLE OF THE DEAD CHURCH.

A person once called a pastor to say he wanted to join the church. But, he went on to explain that he did not want to worship EVERY week, study the Bible, visit the sick, witness to non-Christians, or serve as a leader or teacher.

The pastor commended him for his desire to join, but told him the church he sought was located in another section of town. The man took the directions and hung up.

When he arrived at the church, the man came face to face with the logical result of his own apathetic attitude. There stood an abandoned church building, boarded up and ready for demolition.

See you next week, and remember: the person who does not have time to go to church is like an automobile which does not have time to stop for gasoline.

Local Shop Offers Tanning Products

Kountry Kuts, located at 214 W. Main in Munday, offers the newest in tanning technology with the Solana Sunflower sunbed. Wilma Hogan, owner/operator at Kountry Kuts, says the sunbed offers a no-sunburn, even, all-over body tan in a few short sessions.

This year Mrs. Hogan is also selling a new line of tanning lotions which are scientifically planned to produce maximum tanning effects without the use of sunscreens. The products available include moisturizer, accelerator, tan amplifier and tanning base.

Mrs. Hogan will offer a July special for new customers as well as regular "sunnings." Prices and other information can be found in an ad elsewhere in this week's Courier.

Child Safety Not Accidental; Result Of Parental Caution

Citing a national survey which shows parents underestimate the greatest everyday risks to their children, a coalition of national organizations has declared war on preventable childhood accidents.

"The leading causes of accidental death in children are passenger fatalities in car accidents, pedestrian and bicycle accidents, drownings and fires and burns," said Dr. Sarah L. Anderson, a family life specialist with the Texas A&M University Agricultural Extension Service.

"Yet a 1986 national poll showed parents most feared drugs and kidnapping, while only 2% or less expressed concern about the risk from bicycle accidents, burns and drowning," she said.

Minor Chords To Attend Convention

The Minor Chords barbershop quartet of Munday will be in some very prestigious company this week when they attend the International Barbershop Singing Convention in San Antonio. The convention began Monday and will continue through Saturday night.

The Munday quartet, which is composed of Russ Byard, Ray Hunter, Pat Smith and Lyndle Reeves, have tickets for competitions on Thursday and Friday evening and hope to purchase tickets for Saturday's finals. Only a few quartets will actually be involved in the competition, but men's and women's quartets and choruses from all over the world - some 15,000 people are expected - will be at the convention.

"We hope to come back with a lot of new music and a lot of new ideas," said Russ Byard, lead singer of the Minor Chords. In addition, they plan to do some sight-seeing and enjoy the spontaneous singing characteristic of barbershop quartets.

Knox City Golf Tourney Results

Knox City's annual two-man low ball 4th of July golf tournament was held Saturday and Sunday. Winners were as follows:

Championship flight - Boyer and Fudge, first, 124; Nuckols and Scarlott, second, 127; Hastings and Rust, third, 131; Wyatt and Helms, consolation, 138.

First flight - Meinzer and Strickland, first, 138; Smith and King, second, 140; Correll and Sallee, third, 140; second flight - Hutchinson and Harlan, first, 144; Garcia and Gonzales, second, 145; Skiles and Abernathy, third, 146.

"Through its home economics and 4-H programs, the Extension Service in Texas and other states is joining with 23 national groups including the American Academy of Pediatrics, Red Cross, Boy Scouts of America and the Department of Health and Human Services to engage in a 5-year public education campaign to increase child safety," Anderson said.

As part of the National Safe Kids Campaign, she said parents are urged to take the following steps:

*Have your child wear a bike helmet when cycling to prevent head injuries.

*Practice crossing streets with your children before letting them cross one alone, since children often dart out into traffic.

*Always use automobile safety belts and child safety seats, no matter how short the ride.

*Supervise children in and near water. It takes only an inch of water and a few moments for a young child to drown.

*Install smoke detectors and practice a fire escape route. Otherwise, small children may panic and hide when fire strikes.

*Store matches and lighters out of reach. Over one-third of the burns to children ages 3 to 8 result from playing with matches.

*Prevent scalds by lowering the temperature of your hot water heater to 120 degrees Fahrenheit.

*Keep common household poisons and medicines out of the sight and reach of young children.

*Keep small objects out of reach to reduce the danger of choking in young children.

*Install window guards and stairway safety gates to prevent falls.

Bruggeman Reunion

A Bruggeman family reunion was held last Sunday, July 3, at Rhineland with 83 members reuniting for the first time.

Members of the L.J. Kuhler family, M.C. Kuehler, Connie Kuehler, Lewis Kuehler and Phillip Bruggeman families came from distances including Connecticut, Texas, Oklahoma, Kentucky and New Mexico.

A good time was had by all attending.

Park Workday Set

The Munday Chamber of Commerce has called a park workday for 5 p.m. Tuesday, July 12. Persons interested in helping keep the park in good shape are urged to bring edgers and mowers, paint brushes and other painting accessories to give the park a new look and make it a more inviting place.

KNOX COUNTY PARTICIPANTS in the district 4-H fashion show last week were, left to right, Robyn Clem, Melissa Berryhill and Andrea Longan. Robyn brought home a second place ribbon in her sewing/modeling division and also won a cash award for first place among garments made from cotton fabric. All three girls were entered in the intermediate age group and had won blue ribbons at the Knox County fashion show held recently.

"Think Safety" For Memorable Vacation

Now that school is out, family vacations are just around the corner. The Texas Medical Association reminds you to "think safety" to help avoid some of the most common accidents that can spoil your vacation.

If you are driving long distances, you or a mechanic should give your car a thorough inspection. Check the brakes, battery, fluids, oil and tires, including the spare.

Buckle up every time you get into the car. If you have toddlers, be sure to have child restraint seats - not only for safety reasons, but also to allow the child to see outside and en-

joy the ride more.

Being outdoors in the summer sun and heat can cause unpleasant side effects such as sunburn and heat exhaustion if you're not careful. Use a sunscreen whenever you plan to be outdoors - even on cloudy days. Wear protective clothing such as t-shirts, hats and sunglasses. Take the sun in small doses, and don't over-exert yourself in the heat. Drink plenty of water to replace what you lose through perspiration.

Review first aid, pack accordingly for your trip and remember to pack a first aid kit. Finally, use your common sense and "think safety" to make your vacation accident free.

MUNDAY'S KACY LONGAN finished second in her event at the Rolling Plains district 4-H fashion show held last week in Albany. Kacy was entered in the senior category of the buying event, which was new in the 4-H competition this year. A state fashion show participant in 1987, she only missed a return trip by one slot this year.

Former Benjamin Resident Is Buried

Jack H. Waldron, 55, of Fort Worth, a former Benjamin resident, died Sunday, July 3, at his home after a brief illness. Graveside services were at 2 p.m. Tuesday, July 5, at the Benjamin Cemetery with Rev. K.E. Woolley, retired pastor of First Baptist Church in Benjamin, officiating. Arrangements were directed by Smith Funeral Home of Knox City.

Waldron was born December 8, 1932, in Knox City and grew up in Benjamin. An Army veteran of the Korean War, he had lived in Fort Worth for the past 27 years.

Survivors include two sons, Jack Waldron Jr. of Benjamin and Pete Waldron of Syria; a daughter, Teri McNitt of San Antonio; two sisters, Barbara Pierce of Benjamin and Pat Garza of Lubbock and four grandchildren.

Jane Rowan
County Extension Agent - Home Economics

CLOTHES THAT CHANGE COLOR

A new process has been developed that may revolutionize the apparel industry, particularly the children's market - clothes that change color!

A finishing corporation has developed a color-changing system that works like this. A color series is built into the dye formula. When a change of color is desired, the garment is washed in chlorine bleach. The change can be as subtle or dramatic as the amount of bleach added to the wash. For example, red jeans can be bleached to orange, then bleached again to yellow. Another spectrum ranges from purple to royal blue to aqua. In fact, any range of colors can be achieved. Even patterns or messages can be painted on the fabric at home with a paint brush or Q-tip following a prescribed method, and removed at a later date in a bleach wash.

The manufacturer claims that the process works on any type of fabric. Such products are not yet in the market place, but may be soon.

WAYS TO SAVE ON AUTO INSURANCE PREMIUMS

If you're looking for ways to reduce your auto insurance premiums, consider these suggestions from the Insurance Information Institute.

Start by looking at the provisions of your policy. Raising the deductible is a way to reduce the cost if you can afford to pay the higher deductible in case of a claim. If you have a car that's over seven years old, consider dropping collision coverage. Because of depreciation, it may not be worth insuring for collision.

Then consider the discounts that apply to you or family members because you fit into special categories:

- *Drives over 50 may qualify for up to a 10% discount.
 - *Good driver discounts are available to motorists with accident and violation-free records.
 - *Some companies offer discounts to non-smokers and non-drinkers.
 - *Some companies offer 10% discounts for a female age 30-64 who is the only driver in the household, because of favorable claim experiences.
 - *Completing a driver training course may give you a discount of up to 10%. Young drivers who have a B average in school can qualify for a discount of up to 25%.
- The kind of car you buy may also qualify you for an insurance discount. Premiums are usually higher for autos with high collision or bodily injury claim severity or for those that are common targets of

thieves. Discounts of 5-15% are offered for autos with a hood lock and an alarm or disabling device that prevents the car from being stolen.

Finally, don't forget the company's policies. They may give a multicar discount for insuring more than one car or a credit for buying all your insurance from them.

CLOTHING COSTS WILL SURGE THIS YEAR

Historically, clothing prices have risen only half as fast as overall inflation. This year, though, they're likely to surpass it.

In 1987, prices for apparel, as measured by the Consumer Price Index, rose 7.3% over 1986. This is the third consecutive year in which the rate of increase in clothing prices was greater than that for the overall CPI.

One reason for cost increases is the weak dollar, which is making some imports more costly and allowing domestic manufacturers to raise prices as a result.

Balancing out the increases, however, is tough competition among retailers and the trend toward more casual, less expensive clothing. You'll still be able to find bargains by being a careful shopper.

THE STAINED GLASS EFFECT

Colored glass is a dominant home fashion trend this year, whether it be for stem, bar or serveware. The emphasis will be on the solid color, particularly for bowls and stemware. The colors for this year's glass are varied. Peach is considered right on target. It goes well with the understated earthy hues that are appearing in the rest of the home, and it is definitely fashionable in its own right, appearing on everything from linens to bathing suits. Other popular colors for glassware include slate blue, misty blue and mauve as well as green, violet and black.

Farmhands Covered By Social Security

An important change in the Social Security rules covering the earnings of farm workers makes it easier for them to have their earnings covered under Social Security.

Frances Braden, Social Security representative in Vernon, said that as of January 1, 1988, farm workers now get Social Security credit for all of their earnings, regardless of the amount of cash paid or time worked, if their employer pays at least \$2,500 for agricultural labor during the year.

"However, if the farmer spends less than \$2,500 for agricultural labor, workers are still covered if they are paid cash wages of at least \$150 during the year by the employer, as under the old law," Braden said.

The new law eliminates an alternate test which covered a person's wages if they worked for a farmer on at least 20 days during the year for cash pay based on hours of work or other time basis.

The change is included in the Omnibus Budget Reconciliation Act of 1987, enacted December 22, 1987. Any questions about the provision can be answered at the Vernon Social Security office located at 1701 Cumberland. The telephone number is 817-552-9346.

To conduct Social Security business by telephone, call the Vernon office at 817-552-9346 from 9 a.m. to 4:45 p.m. Monday through Friday.

ODESSA WOMEN'S & CHILDREN'S HOSPITAL BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Call 422-4222 For Appointment

MUNDAY, TEXAS July 9, 1988

A Service of
The American Cancer Society

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 422-4222. The Mobile Breast Cancer

Detection Unit will be in Munday on Saturday, July 9.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appro-

priate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment, call 422-4222.

EDWARD CHERRY of Vernon, Texas, is a sophomore microcomputer major, who also happens to be a single parent. Edward chose his degree field for the challenge and for a career in computers. The major factors in choosing to attend college in Vernon were convenience and costs; however, Edward has been extremely pleased with the friendly and caring faculty at VRJC. He has received assistance through the scholarship, Pell Grant and Carl Perkins Work Study programs. He has been able to get on the job training by working in the VRJC computer labs. When he leaves VRJC, he plans to work in his field while continuing his education part time.

VRJC IS AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION INSTITUTION

Senator
Lloyd Bentsen

Watching Washington

During the evening hours of February 9, U.S. Customs officials detected an airplane in the northern Bahamas dropping what appeared to be narcotics into the water.

In tracking this airplane, Customs and the Drug Enforcement Administration (DEA) got into a squabble over who should be taking what action. Because of that squabble, a speedboat picked up the contraband and slipped through the net, into our country.

Upon learning of this snafu, the U.S. Ambassador to the Bahamas fired off a cable of protest to Customs and DEA. "The situation that arose in this pursuit is an example of poor cooperation and coordination," the Ambassador said.

I couldn't agree more.

This is just one example of the lack of coordination—and the turf battles that have erupted—between U.S. agencies involved in this far-flung war on drugs.

Some problems, such as the use of different agency radio frequencies in joint operations, have been resolved successfully. But major jurisdictional disputes have broken out, including fundamental disagreement between the Coast Guard and Customs over interdiction responsibilities and between the FBI and DEA over enforcement of our federal drug laws.

Note that our country will spend nearly \$3 billion next year to fight drugs. Since 1981, the federal drug effort has been one of the fastest growing in history, rising more than 360 percent from \$1.1 billion.

But despite these expenditures and the efforts of many dedicated local, state and federal drug-enforcement officials, we're losing that war.

Part of the reason is that the effort is spread over eight Cabinet-level departments—from the Justice Department to the Agriculture Department—and 26 agencies, including the CIA. They all report to the National Drug Policy Board, which has those eight Cabinet officers as members and the Attorney General as Chairman.

But all of them do this part-time because they have full-time duties elsewhere.

Everybody is in charge, yet no one is in charge.

We need a full-time professional to coordinate enforcement of federal drug laws, and I am drafting legislation to create such a position—a drug czar.

Let's put an end to bureaucratic squabbling and drug boats that speed through jurisdictional disputes.

Let's get on with the challenge of winning this war on drugs.

A drug czar would help us do that.

THANKS

On behalf of the Munday Little League Association, I want to thank all the people who helped make 1988 another successful year for Little League and Pee Wee League baseball in Munday. The coaches and assistants, the umpires and all the others who helped in any way can feel proud of their part in providing a fun learning experience for the boys and girls involved. Thanks for your interest and support.

Daniel Ramirez
President, Munday Little League Ass'n

One-Time Goree Resident Observes 100th Birthday

A former Goree resident, Lizzie (Hutchens) Mullens Davis, celebrated her 100th birthday June 15, in Yuma, Arizona, a shining example of good health and the benefits of keeping busy.

Born in 1888 in Brentwood, Arkansas, she came to Texas before

her first birthday, traveling with her parents in a covered wagon. They settled in Bartlett between Temple and Austin, and she graduated from high school there in 1907. She left business college in Waco to help take care of a sister with tuberculosis.

Atkinson Rites Held Saturday In Goree

Lock Atkinson, 90, a longtime resident of Goree, died Thursday, June 30, at the Haskell Memorial Hospital. Funeral services were at 10 a.m. Saturday, July 2, at the First Baptist Church in Goree.

The Rev. Wayne Varnell, pastor, and the Rev. Paul Cheatham of Haskell officiated. Burial was in Goree Cemetery under the direction of McCauley-Smith Funeral Home of Munday.

Lock Lewis Atkinson was born December 19, 1897 in Newton County, Mississippi. He was married to the late Vera Jones on October 27, 1915 in Lawrence, Miss., and moved to Goree that year. He lived in Goree until December, 1986, when he entered the Munday Nursing Center. He was engaged in farming until 1965 and was employed at the Munday Post Office until 1980.

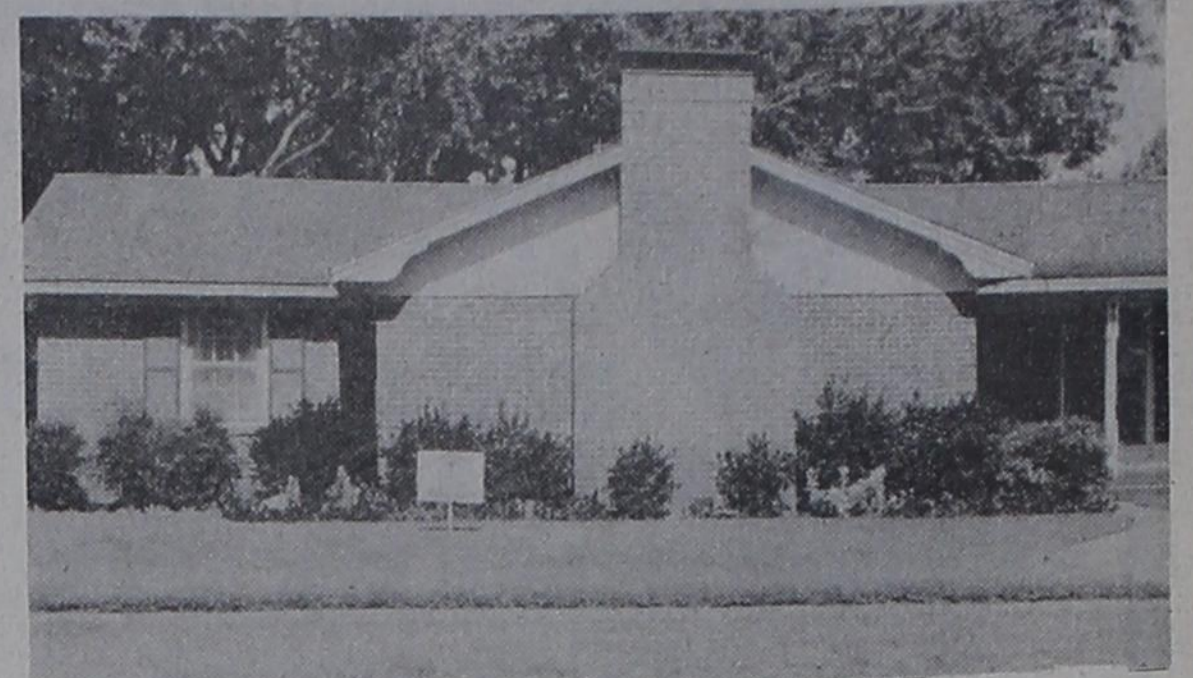

Surviving him are a son, Charles Wyndel Atkinson of Goree; four grandchildren, seven great-grandchildren and one great-great-grandchild.

Serving as pallbearers were Wesley Jones, Lee Patterson, Lyndel Lambeth, Sandy Lambeth, Curtis Seale and James Peek.

Locals' Son-In-Law Is Senior Airman

Martin L. Meek, son of Terry and Rennee Meek of Broken Bow, Oklahoma, has been promoted to the rank of senior airman in the U.S. Air Force. Meek is a communications-computer systems operations specialist with the 2006th Communications Squadron in Turkey.

A 1985 graduate of Broken Bow High School, he is married to the former Susan Morrow, daughter of Joe and Dean Morrow of Munday.

THE YARD AT 451 South 11th is really an "outstanding yard," according to this week's Munday Garden Club judge. Boasting red petunias and yellow day lilies along with contrasting greenery, the lawn also contains the Yard of the Week placard. Proud homeowners are the J. Weldon Smiths.

ATTENDS FUNERAL

Visiting in the Charles Atkinson home and attending the funeral of Lock Atkinson Saturday morning were Mr. and Mrs. E.J. Jones, Abilene; Mr. and Mrs. Wesley Jones and Mrs. Margaret Jones, Haskell; Mr. and Mrs. Wayland Jones, Floydada; Mrs. Jean Chatman, O'Brien; Mr. and Mrs. Junior McAnally, Edmondson; Mrs. Blanche Atkinson and Mrs. Vanessa Nelson and Tragenia, New Deal; Mr. and Mrs. Steve Jones and Kristi, Las Cruces, N.M.; Mrs. Janie Atkinson, Darrell Ugless, Charie and Sharon, Amarillo; Benny and Mariann Wallace and Kristi, Spring, Texas; Mr. and Mrs. Scott Atkinson, Charlie and Kristi, Houston; Mr. and Mrs. Jerry Atkinson and Matt, Wichita Falls; Sandy Lambeth, Elmer Hutchens and Mrs. Nahwana Donoho, Munday; and Mr. and Mrs. Lyndal Lambeth, Mr. and Mrs. Merle Lambeth and Mrs. Lois Howard of Goree.

HERE AND THERE

Mr. and Mrs. L.O Chamberlain spent last weekend visiting her daughter and husband, Mr. and Mrs. Ronald Coody, in Farmers Branch. While there she attended a

baby shower for her granddaughter, Mrs. Mike Del Valle.

Visiting Mrs. Judy Frazier last Thursday night was her daughter, Mrs. Jan Cadwell of Abilene. Her daughter Julann, who had visited for several days with her grandmother, returned home with her mother on Friday.

Mr. and Mrs. Malcolm Jacobs of Ft. Worth visited his mother, Mrs. Mable Jacobs and Jeanette last Thursday. Mr. and Mrs. Cloyce Mitchell and Misti of Wichita Falls visited her mother and Jeanette Sunday and Monday.

Mr. and Mrs. Cherry Moore of Clovis, New Mexico visited Mr. and Mrs. Billy Moore on Friday.

Jerry Decker of Carroll is spending the holidays visiting his parents, Mr. and Mrs. Bill Decker, and other relatives here.

Mrs. Karen Jones and Tammy of Wichita Falls visited her parents, Mr. and Mrs. Harold Jones, on Sunday.

Mr. and Mrs. Gregg Melton, Taylor and Brady, of Haskell were dinner guests in the Ruby Hammons home on Sunday.

Mrs. Elmer Rutledge returned to her home in Odessa on Sunday after visiting for several days with her parents, Mr. and Mrs. Ira Hargrove.

Mrs. Sharon Fox of Ft. Worth has been visiting her parents, Mr. and Mrs. George Hunt.

Mr. and Mrs. David Hutchens of Petrolia visited his parents, Mr. and Mrs. Louis Hutchens, during the weekend.

Dr. and Mrs. Garry Land, and daughters, Emily and Erin, of Clinton, Iowa, are visiting his mother, Mrs. Virginia Land. Also visiting Mrs. Land and her son and family was her daughter, Mrs. Sandra Hicks of Seymour.

Rev. and Mrs. Wayne Varnell were dinner guests Sunday in the Mutt Chamberlain home.

Mrs. Ruth Hammons and Mrs. Estelle Rinehart visited Mrs. Tommie Polson at Munday Nursing Center Sunday afternoon.

Mr. and Mrs. Wesley Kinman of Seymour visited Mr. and Mrs. Archie Struck last Thursday evening.

Sisters, brother, nieces and nephews of Mrs. Effie Neighbours met for a reunion in Spearman during the weekend. There were 27 attending the reunion.

Visiting Mr. and Mrs. Marshall Gass last Tuesday were Mr. and Mrs. LeRoy Davis of Grassland, Texas.

Mr. and Mrs. Forrest Kinny and Brandon of Mesquite visited her parents, Mr. and Mrs. Felton Jackson, during the holidays. Mr. and Mrs. Joey Gray and Angela of Seymour visited in their home last Sunday night.

Mr. and Mrs. Felton Jackson visited Mr. and Mrs. Joe Bob Gray, Cami and Crysta, of Stephenville at Miller Creek Reservoir on Saturday.

Many Times Burns Can Be Prevented

Burns have been with us since the discovery of fire and are one of the most painful injuries we can face. Despite recent techniques that have greatly improved the treatment of seriously burned victims, the Texas Medical Association says prevention is still the best medicine.

Infants should be watched closely during their crawling stages. Tiny children often pull themselves up with table cloths and other items which may permit scalding liquids to fall on them.

Inquisitive toddlers also should be kept away from scalding liquids, hot appliances and matches. The loose end of an extension cord left plugged into a socket presents another kind of hazard. If the plug comes into contact with saliva in the child's mouth, an arc will form causing an electrical burn to the mouth. This can be fatal.

Young children should be permitted to wear only fire retardant sleepwear which meets the standards of the Consumer Products Safety Commission. All sleepwear up to size 14 purchased in retail stores is fire retardant, but homemade sleepwear may be made from flammable fabrics.

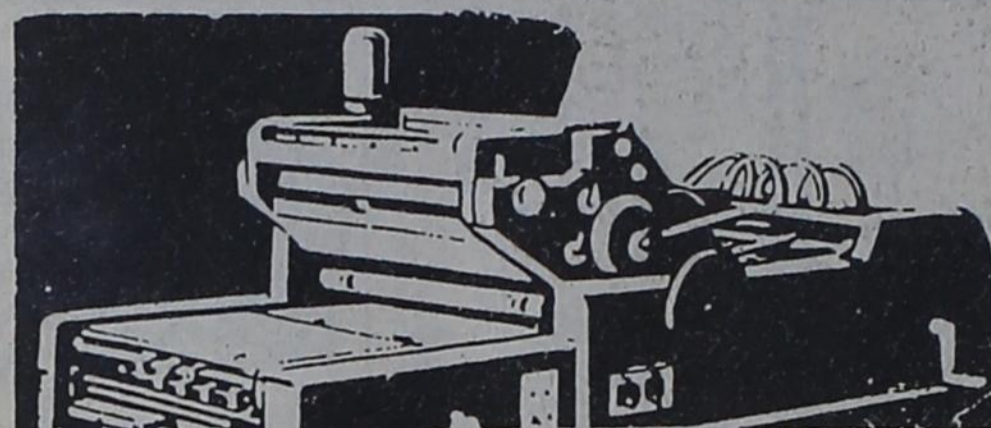

Older children and adolescents may develop a fascination for fire. It is the responsibility of a parent to see that children who are known fire setters receive counseling.

Adults should not light fires with gasoline, white gas or kerosene. Carburetors should not be started by priming and firing. Flashback can cause a serious injury. Smoking in bed is particularly dangerous. Many other things can be done to prevent fires in your home. Smoke alarms should be in each hallway and all family members should know exit routes. Keep a fire extinguisher in the kitchen, where many fires begin. Your water heater should be kept at about 120 degrees, -- hot enough for bathing but not hot enough to cause severe scalds.

★ Weinert News ★

By Mrs. Myrtle Phemister

We have not had as much rain as many of those in neighboring areas, but what we had has changed old dry, dusty Weinert into a "garden spot", with verdant green everywhere. Having no early rains limited our wild flowers, but now the country roads are lined with lovely sunflowers and other wild flowers.

The cotton crops are really growing, and the outlook is good for an abundant harvest at this time. The milo is also doing well.

Many from Weinert attended the Stamford rodeo, and we had an entry in the wild bull riding. But a delayed exit of the bull caused Todd Hackney to have to ride after most of the spectators had gone from the grounds. Better luck next time, Todd!

Marcus Phemister enjoyed a couple of nights as night watchman, as he kept Randy Phemister company at the Heads or Tail booth at the rodeo.

Our birthday people this week include Gracie Griffith, Marcus Phemister, Sandra Nichols, Daisy Horan and Michael Adams. Happy birthday, all.

Congratulations are extended to Jerry and Wanda Hester and to Russell and Hazel Rainey who will be celebrating wedding anniversaries.

Eddie Sanders was honored on his 74th birthday with a family dinner on Friday. Eddie will enter the hospital in Ft. Worth on Tuesday for back treatment. Our prayers are extended on his behalf.

"Scooney" Vojkufka is recuperating at home following surgery in Haskell Hospital last week. He is doing well and was able to attend worship services on Sunday.

Bertie Alexander had a spell with her heart last week, but is doing well. Her daughter, Faye Crawford and daughter-in-law, Sue Alexander, came up from San Antonio to be with her for a few days. That kind of attention makes any mother feel better.

Lt. Col. W.B. Guess Jr., who is stationed at Kelly AFB in San Antonio, came down from Tinker AFB in Oklahoma City to see his mother, Mrs. W.B. Guess, the past two weekends. He was on T.D.Y. duty at Tinker.

Congratulations are due Kim Taylor, daughter of Mr. and Mrs. Pete Brockett, who has just purchased the Omar and Gwen Cure home in Munday, and has moved there with her children, Reneau, Jimmy and Justin.

Kim has accepted a job with Dr. Tom Hairgrove who recently purchased the veterinary clinic in Munday, previously owned by Dr. Stewart. We are happy for Kim, and wish her well.

Dacia, Joseph, Deshea and Geoffrey Phemister have been visiting relatives for several days while their mother, Mrs. Randy Phemister, recuperated from surgery. They spent some time in Rochester with the Bill Hesters; in Avoca with the Wayne Phemisters and in Weinert with great-grandparents, Mr. and Mrs. Phemister.

Other guests in the Phemister home were Wayne and Linda Phemister and Missy, of Avoca; Lola and F.D. Williams of Harlingen, Jennifer Pollastro and Emily Jean of Phoenix, Arizona, and Ray Forehand of Haskell.

Recent guests in the Pud Brockett home included Mark and Darla Coffman, Drew and Jordan, of Bridgeport; Mrs. Ruth Coffman of Gooey; Courtney Reeves of Lubbock, Pete and Imo Brockett, and Reneau, Justin and Jimmy Taylor.

David and Tabitha Crump are spending the week with their grandparents in Blue Grove, Texas.

Eric and Susan Turnbow of Wichita Falls spent a few days in the home of Eric's parents, Woody and Georgia Turnbow. Eric has volunteered for service in the U.S. Navy, and will be leaving soon for training.

Greg Turnbow is spending the summer months helping his father on the farm.

Rance Parrott, son of Cindy and Stacy Parrott, of Wichita Falls, was honored on his second birthday with a party hosted by his grandparents, Jerry and Doris Walker. Other family members present included his brother Justin, his aunt Deena Hacker of Knox City, and uncle Barry Walker of Weinert.

Bob and Melanie Wood entertained his brother's family, Mike and Cindy Wood and their two children of Dallas, for the 4th of July weekend. His mother of Canyon was also a guest in their home.

Retith and Coy Keahey of Rule and Richard and Edith Davis of Haskell were in Weinert and attended worship services at the Church of Christ on Sunday night.

Willie and Ida Farrel were in Olney last week for a visit with Ida's sister, Maxine and Roy Boling. They are helping with Ida's brother, Garth Garrett, who is in very poor health.

All roads will lead to the Classic Inn July 9-11, when the Phemister clan gathers for their annual family reunion.

SHANNA MURPHY PLACES FIRST AT DISTRICT SHOW

Shanna Murphy, daughter of Mary and Ed Murphy, won first place in her division in the Rolling Plains District 4-H fashion show held at Albany High School last week. She entered in the intermediate casual attire section of the show.

Shanna was accompanied by her mother and grandmother, Alice Yates, who was also her coach in the sewing project, a casual sports jumper of striped ticking.

Heather Guess, daughter of Hal and Cindy Guess, also competed in the show. Heather was accompanied by her mother and grandmother, Sara Guess and Dorothy Brown of Munday. Her entry was a bubble skirt, her first sewing project.

Guests of the fashion show were directed on a tour of interesting places in Albany, which included an art museum in the old jail, the railroad depot and a sampler of the Albany Fandangle held at the First Presbyterian Church where lunch was served to the guests.

Alice Yates served as one of the judges in one of the 4-H divisions. Congratulations from each of us to you, Shanna, and to Heather and Alice.

Have a nice day!
