Views From Another Point

by Joyce Beecher Greenwood

There's something exciting about September. Something that puts a spring in the step and perks up spirits. The long hot days of summer are drawing to an end and the grass will only need mowing a couple more times. We can turn off the air-conditioning and open the windows to the cool night breezes and the nocturnal sounds of God's creatures.

On my way to school last week, I noticed some snow white bolls peeking through the green foliage of the cotton plants - a sure sign that fall is on the way. It won't be long until the cotton strippers and the module builders will be busy in the fields and the sounds of the cotton gins can be heard day and night.

Cotton harvest has come a long way in the past three decades. Cotton strippers have replaced the people who picked the first white cotton from the bolls and then went over the fields again, gathering the bolls off the cotton stalks by hand. Module builders have replaced the old cotton scales and wagons. Farmers can get their crops harvested in just a couple of days or so. It's more efficient - more industrialized, but somehow, something was kind of lost along the way.

Do you remember how it used to be at harvest time? Remember how people would spread out all over the fields, dragging long white canvas sacks behind them - shouting to each other - making goodnatured wagers as to who could pull more bolls in a day?

From the time I was two years old until I was twelve, my family farmed the Bardwell place between Munday and Goree where B. E. Smith later built his home.

There was a big metal building on the place with a cement floor when we lived there, and every year around the first of September, my mother and dad would start to make preparations for the coming of the harvest hands. The same family came every year. Daddy would let them live in our "tin building" until they gathered our crop and then other crops around the area.

He would set up bedsteads and long wooden tables with benches. A kerosene stove sat in one end of the building with a flue going out a hole in the back. Mother would scrub everything with soap and hot water until the place smelled fresh and clean and then she'd take out the same old patched sheets and quilts, the same old pots and pans and chipped dishes each year.

They usually arrived around the middle of September - three or four car loads of them with mattresses tied on the top of their cars - honking as soon as they were in sight of the house. There was a grandmother and grandfather, their sons and daughters-in-law and a car full of little cotton headed kids. There was nearly always a new baby and kids to play with Nell and me. Some of them went to school, but the older ones pulled bolls alongside the adults and didn't start to school until after Christmas when they returned home to east Texas. I thought they had to be the luckiest kids in the world.

The grandfather seemed very old and had thick white hair that he claimed never to have shampooed in all his life. (I hope he was putting us on.)

Our dog barked at almost everybody who came around, but the old "Grand-pa Man" would round his shoulders, poke his head way out

(Continued on page 2)

MOGULETTE CROSS-COUNTRY team members are pictured with the trophy they won at the Abilene Christian University invitational meet held Saturday in Abilene. Kneeling at front is Bridgett Beaty; second row, Dan Sloan, coach, Kathy Welch, Alicia Cook, Mindy Myers, Robin Reneau, and Jae-Jae Reneau; third row, Denise Kuehler and Missy Reneau, and perched at top is Kacy Longan.

MOGUL CROSS-COUNTRY runners Isais Campos, Mike Yzaguirre and Massey Campos are pictured with their coach, Dan Sloan. The boys team, which is just starting this year, ran very well in their first meet at Abilene on Saturday.

Cross-Country Teams Compete At Abilene

Cross-country teams from Munday High School competed in an invitational meet given by Abilene Christian University on Saturday, September 10. The girls' meet was run over a two mile course at Nelson Park in Abilene. The Moguettes won the Division II (A and 2A schools) over eight other schools with a total of 24 points. Finishing a distant second was the team from Eldorado, with a team total of 76 points.

Munday runners, their time and position was as follows: Mindy Myers, 13:02, first; Kacy Longan, 13:50, third; Bridgett Beaty, 14:01, fourth; Robin Reneau, 14:01, fifth; Alicia Cook, 15:06, eleventh; Denise Kuehler, 15:14, fifteenth; Missy Reneau, 15:39, twentieth; Jae-Jae Reneau, 16:15, thirty-second; and Kathy Welch, 17:20, fortieth.

The top five finishers on the team receive points. The other girls are very important in that they push the other team's members back. There were 56 runners, so all Moguettes beat a number of runners and the times were very good for this time of the year.

The boys' team is just starting this

year and has only three members. Because of the limited number of members, they were not eligible to compete as a team. Their individual efforts on the three mile course was impressive, however, as they competed against 63 other entrants.

The Moguls' times and places were: Mike Yzaguirre, 19:47 for seventh place; Isais Campos, 19:55, eighth place; and Massey Campos, 21:17, thirty-third place.

"This was the first meet ever for the boys," said Coach Dan Sloan. "They handled themselves well and ran very competently."

The next meet will be in Abilene on September 24.

Golf Scramble Planned Sunday

There will be a three-man golf scramble at the Lake Creek golf course beginning at 1:30 p.m. Sunday afternoon.

A dozen golf balls donated by Bob Bowen will be awarded for the longest drive on the #2 hole.

Local golfers are invited to participate in the scramble for lots of fun and great exercise.

Water Authority Clears First Hurdle In Boat Ramp Project

The North Central Texas Municipal Water Authority has received word that the boat ramp project for Miller Creek Reservoir has been approved by the Texas Parks and Wildlife Department for \$205,313 in matching funds.

Since federal funds are being utilized for this project, it has now been forwarded to the U. S. Fish and Wildlife Services for approval.

When the U. S. Fish and Wildlife Services have approved the project, it will be sent back to the Texas Parks and Wildlife Department and

contracts will then be sent to the Water Authority for execution. Upon receipt of contracts, final designs, specifications and construction drawings by Freese and Nichols Engineering firm in Fort Worth will begin.

"If all goes as planned, we should be able to begin advertising for preliminary estimates around the 15th of January," said Dolan Moore, Water Authority manager, "and hopefully, we can anticipate the beginning of construction the first of March."

Holliday Beats Munday In 20-19 Heartbreaker

Holliday squeezed past Munday in a 20-19 heartbreaker in the Mogul stadium on Friday night, despite the Moguls valiant attempt to come back during the fourth quarter.

Holliday had first possession of the ball, but made little progress with 2 penalties and no first downs.

Taking advantage of a spearing penalty and a short punt, the Moguls took over at the Holliday 40 yard line on their first possession.

Terry Collier picked up three yards on a rush around left tackle and a 31 yard pass from Andrade to Michael Waggoner put the Moguls on Holliday's 6 yard line. A fumble on the next play prevented a trip into the end zone for the Moguls, but on their second possession, Marc Andrade started a 56 yard drive with a 15 yard keeper off right tackle. Terry Collier gained 21 yards and Chad Borovsky fought for 10 more to put the Moguls on Holliday's 1 yard line where Andrade went "sneaking" across the goal line for a Mogul score with 57 seconds remaining in the first quarter. Lowell Hutchens booted in the extra point and the Moguls led 7-0.

Holliday began a 57 yard march in 9 plays to tie the game in the second quarter on a 2-yard run by Robert Lindley and an extra point by Scott Belcher with 9 minutes and 30 seconds left in the first half.

A fumble gave possession to Holliday immediately following a 15 yard penalty against Holliday for spearing. They began a nineteen yard rush, but had a pass intercepted on the 29 yard line by Munday's Perry Collier to thwart efforts for a touchdown.

Munday picked up a first down

Elementary School Open House Planned

Tuesday, September 20, has been set for the Munday Elementary School Open House. There will be a general meeting in the gymnasium at 7 p.m. to introduce the school staff and the Parents Advisory Committee and to discuss regular school programs. Information concerning some of the specialized programs, including Chapter I Regular, Chapter I Migrant, English as a second language and special education will be made available to the parents and visitors, as well as reports on discipline management and student study skills.

After the general meeting, parents are encouraged to visit the classrooms and meet the teachers on an informal basis.

Cholesterol Screenings Scheduled This Month

Don't forget about the cholesterol screenings scheduled this month. The first one will be from 9 a.m. to 4 p.m. on Tuesday, September 20, at the Knox County Aging Services building in Knox City. The next one will be from 9 a.m. to 4 p.m. on Wednesday, September 28, at the community center in Munday.

This is a nonfasting test which takes approximately five minutes. American Red Cross asks for a \$5.00 donation to conduct the test.

Homecoming Plans Are Being Finalized

Plans for the Munday Homecoming on October 15 are being finalized according to Homecoming Committee Chairman Lyndle Reeves.

Guest speaker will be Gary Wood, a 1962 graduate of Munday High School who is currently serving as President of the Texas Research League in Austin.

Registration will begin at 9 a.m. and continue until 2 p.m. at which time there will be a general assembly.

Morning activities include a coffee and visiting time from 9 a.m. until 11 a.m. with football films to be shown by the Quarterback Club. Lunch will be from 11:30 until 1:00 and will be a brisket luncheon served by the Lions Club.

Following the general assembly program, there will be a pep rally at 3:30 and a chili or stew supper from 5 until 7 p.m. The football game will begin at 7:30. It promises to be a good game as the Moguls take on Motley County.

A Homecoming Dance will follow the football game to wind up the day's activities.

Anyone planning individual class reunions is asked to contact Lyndle Reeves.

See Football page 2)

Council Discusses Care For City Hall Lawn

The City Council of the City of Munday met September 6 at 7 p.m. at the city hall in regular session.

Members present: Mayor Doris Dickerson and Aldermen Gene Brown, Richard Albus, Jessie Tucker and Jessie Andrade.

Members absent: Garon Tidwell. Mayor Dickerson called the meeting to order. Minutes of the August 16 special meeting were read. Brown moved minutes be approved as written, Andrade seconded, all for.

First business, Mayor Dickerson stated, is to call to order a public hearing to secure citizen input for the proposed 1988 Munday Community Development Program proposed application. Virginia Carey was the only person present. She requested cleanup of the 13th Street Munday Housing Authority area; also dirt or gravel for the drive area south of the red brick units; a letter was received from Mrs. Charles Haynie Jr. also requesting that this same general area be cleaned up of papers, debris, etc. and requested everyone in this area be asked to help make this area litter free. Mayor Dickerson stated citizens would be heard, after other business, if anyone else appeared, leaving the hearing open.

Next Paula Schur and Phillis Urbanczyk met with the council to give a report on progress by the Sesquicentennial committee. Paula informed the council about the very nice granite stone which has been installed atop the old City Hall cornerstone on the front lawn. Citizens are invited to view this attractive addition which names those most instrumental in the City Hall landscaping and planning. The committee, Paula said, recommends that the city council consider regular lawn care such as watering, fertilization, mowing and edging and hiring a caretaker in summer to maintain the lawn, trees and hedges so the lawn would be a 'showplace' for the downtown area. Also requested was that a book be placed on the city hall counter for people to look at which names persons who contributed to the Sesquicentennial fund for trees, landscaping, sprinklers, etc. Phillis also requested that the trees and lawn be cared for to enhance its attractiveness. Also discussed was possibility of drilling a water well for lawn watering. Paula and Phillis then left the meeting and thanked the council for the opportunity to appear. Council action at this time was to commend the committee for the beautiful stone, also to allow placement of the book on the city hall counter, and to use our present labor due to lateness of the

season to maintain the lawn and trees until fall with more emphasis to be placed on watering and general lawn care due to the upcoming Homecoming. Lawn, tree and shrub care is to be reconsidered next spring and summer with further consideration of the water source.

Next the Council reviewed the minutes of the Munday Housing Authority and also statement of policy governing admissions. No Council action required.

The new proposed 911 service was discussed. According to Jim Compton of WCTCOG it could be installed without Knox County having a 24 hour dispatch service. Cost is estimated to be 50¢ per month per phone customer. Tabled until next meeting to secure citizen comments and for more information.

Next considered was examination of the 1988 tax rolls as prepared by Knox County Appraisal District. Brown moved the 1988 tax roll be approved as presented, Albus seconded, all members voted for.

The council next discussed the

See Council, page 2

Window Decorating Contest Announced

Perry Kuehler, chairman of the Munday Retail Merchants Association, has announced plans for a window decorating contest to be held prior to the October 15 homecoming.

All Munday merchants are asked to decorate their windows with a homecoming theme. They can be painted or decorated to the merchant's own discretion, just so long as the theme of Homecoming or the Homecoming football game is followed.

Cash prizes will be awarded to first, second and third place winners.

For more information contact Perry at Buds for You.

The Lord's Corner

by Dr. Pete Bradford, pastor
First Baptist Church

He was not too well educated and his manner was somewhat crude and rough. He became a Christian and was on fire for the Lord and was constantly pestering the pastor to help him be of some genuine service to his Savior.

In his desperation, the pastor handed him a list of ten names with this explanation: "These are all members of the church, but they seldom come to the services. Some of them are prominent men of the city. Contact them any way you can and try to get them to be more faithful. Here is some church stationery to write letters on. Get them back in church!"

The man accepted the challenge with rugged determination and enthusiasm. About three weeks later, a letter from a prominent man in the city reached the church office. His name had been on the list. Inside the letter was a check for \$1,000.00 and this note:

"Dear Preacher: Enclosed is my check for \$1,000 to make up for my missed offering. I'm sorry for missing worship so much, but be assured that I will be present this coming Lord's Day and every Lord's Day following. I will not, by choice, miss services again.

Sincerely yours,
(Name signed)

P.S. Would you please tell your secretary that there is only one "T" in dirty, and no "C" in skunk. Thank you."

See you next week, and remember: nothing should take the place of church attendance in your life - NOTHING!

(Continued from Page 1)

and glare at that dog until he ran off whimpering. I didn't blame old Tag. It sure scared me.

When they were all settled in, the yellow lamplight would start to flicker through the doorway and the smell of frying potatoes would settle on the still autumn air.

They all played musical instruments and they'd tune up their fiddles and guitars every night after a hard day's work. Daddy would take his guitar and go down to pick and sing along with them. Nell and I would clap our hands in time to the music until they hurt. I suppose my life-long love for country music had its beginning in that little tin building.

After Mr. Smith bought the place, Daddy went to work for Broach Equipment in Munday and we moved into the house in Goree where my mother still lives. Daddy continued to farm a small part of my Grandfather Harlan's land, but he hired some people from town to gather the cotton in the fall.

Nell and I would go with Daddy out to the field late in the evening to bring the cotton trailers into the gin. The workers would be singing as they finished their long day's work. A beautiful lady by the name of L. E. Kidd more or less led them in their singing. Sometimes the songs would be happy and lively and sometimes they were soft and haunting as the melody blended and wafted on the late evening breezes. Nowhere has singing ever sounded more beautiful.

The old tripods that held the cotton scales are put away now in the backs of barns and sheds. The old canvas cotton sacks have been thrown into dark corners - never to be used again. I don't even know if the old tin building is still there, but if it is, I'm sure it doesn't look as big as it once did.

New inventions make life easier for us all and get jobs done faster. Progress is good. Without it, we'd still be going to town in buggies.

But always, the sounds of the music and the laughter of simple people trying to make money to get through the long winters, will live on - even if it's only in the attic of memory of sentimental old romantics - like me.

4-H's To Compete At West Texas Fair

Five Knox County 4-H's will be competing in the West Texas Fair in Abilene September 9-17.

Youth exhibiting animal projects include Bryan Latham, steers and heifer; Jason Patterson, heifer; and Kent Latham, Melinda Latham and Tyler Thompson, lambs. Parents of the youth will also attend the show.

Have a nice day!

Council

(Continued from page 1)

recent rate increase granted by the Public Utility Commission to West Texas Utilities Company; also several cities efforts, including Munday, to have part of the increase changed since this increase made West Texas Utilities the highest electric rates in Texas. Also discussed was notification of an additional increase (estimated at 6%) which will be added, probably in January and is a fuel cost adjustment which will further increase electric bills. Munday will continue with our consultants if requested to do so.

A letter was read in regard to rural health care. It reminded Mr. Sam Goren, executive director of the task force on rural health care, that Medicare and Medicaid payments are much lower in rural areas and unfair sanctioning of rural doctors. No council action required.

Mayor Dickerson reported on a phone call from General Telephone Co. They asked, why is Munday opposing our rate increase request? The mayor invited telephone company officials to meet with the council for an explanation and none came. No council action required.

Albus next provided the council with a report on key rates for fire insurance. Not having a night watchman now has no bearing on the key rate. Also Munday's key-rate is lowest in Knox County at 32¢, followed by Knox City at 41¢, Benjamin at 57¢ and Goree at 78¢. This was to answer a previous council question.

Mayor Doris Dickerson called the Council into executive session to discuss a personnel issue. Time 8:50 p.m.

At 9:10 p.m. Mayor Dickerson stated that the executive session ended.

Mayor Dickerson next asked if anyone else had a presentation in regard to the Community Development Program. Solving of problems with cleanup of an area as presented by Mrs. Carey and Mrs. Haynie will be checked out by City Administrator Hertel to try to resolve them. The city administrator read paragraphs of several letters which were from the Texas Health Department. They consider elevated water storage in Munday too low even though no difficulty has been experienced in our operations. Mayor Dickerson suggested we see if they might accept ground storage with an alternate power source. Further street paving was also discussed. The Council will decide its course of action prior to public hearing No. 2.

No one else appeared. No further Council comment. Mayor Dickerson next declared the public hearing closed.

An additional phone for the ambulance service was discussed. A list is needed showing present phones.

After discussion, Brown next

moved that Robert Thomas be granted a permit to operate a cafe/pool hall on the same terms and conditions as made in the last permit. Andrade seconded. All in favor.

Albus moved that bills be paid as follows: airport fund \$45.09; ambulance fund \$191.97; swimming pool fund \$63.33; operating fund \$11,763.90. Tucker seconded, all for.

Brown moved the meeting adjourn, seconded by Andrade.

Funeral Services Held In Abilene For David Samya

David Smaya, 29, of Abilene, died Wednesday, September 7, at an Abilene hospital. Services were held Saturday, September 10, at North's Memorial Chapel in Abilene with the Rev. Mark Woodruff officiating. Burial was in Elmwood Memorial Park.

Born in California, he moved to Abilene in 1969. He graduated from Abilene High School in 1978 and attended Hardin-Simmons University. A former Munday resident, he worked in the oilfields and was a member of the Catholic church.

Survivors include his mother, Lidia Tyra of Goree; his father, James Samya of Abilene; two brothers, Raymond Samya of Dallas and Richard Samya of Stamford; and several aunts and uncles.

Lunchroom Menu

- September 19-23, 1988
- BREAKFAST**
- Monday - Cereal, juice, milk.
- Tuesday - Cheese toast, juice, milk.
- Wednesday - Toast and jelly, juice, milk.
- Thursday - Doughnuts, juice, milk.
- Friday - Cereal, juice, milk.
- LUNCH**
- Monday - Burritos, cheese wedge, salad, corn, cobbler, milk.
- Tuesday - Hamburger patty, mashed potatoes, gravy, carrot stick, half bun, peanut butter cup, milk.
- Wednesday - Fish, macaroni and cheese, lettuce wedge, cornbread, cake, milk.
- Thursday - Bean and meat chulup, cabbage slaw, peaches, sugar cookies, milk.
- Friday - Cheeseburgers, trimmings, potatoes, fruit, milk.

Football

(Continued from page 1)

down to the Mogul 24, setting up a Lindley score 6 plays later from the 3 yard line. Belcher's PAT made it Holiday 14, Munday 7, with 1:07 remaining in the first half.

In the third quarter, the Moguls, plagued by fumbles and penalties, allowed the Eagles to score again on a Scott Belcher 7 yard play. The extra point attempt went wide and the score was a discouraging 20 to 7 lead for the Eagles with 4 minutes 38 seconds left in the third quarter.

In the fourth quarter, the Moguls began a desperate drive for survival with 24 yards rushing by Perry Collier, a 9 yard pass from Andrade to Waggoner and a 2 yard Andrade sneak. The Collier twins carried 5 more times for 65 yards in the drive, and then, Terry Collier broke loose for 10 yards rushing to score - putting the Moguls back into the game. The PAT attempt failed, making the score 20-13 with about 8½ minutes left in the game.

Mogul defense, heartened by the offensive attempts, did its job by holding the Eagles to 1 yard on 3 carries.

Munday's Perry Collier latched onto the ball on a 25 yard punt by Holliday's Scott White with just over 6 minutes left in the game, dodged 2 Eagle tackles and raced down the right sideline for a touchdown in one final, desperate act making the score 20-19. The PAT attempt failed.

The Moguls kept the Eagles away from their end zone, but failed to pull the game out as time ran out for them.

"If we'd had another minute, I think we would have beaten them," said Mogul coach Jim Edwards.

He commented that Holliday is a strong team and the Moguls knew they were a strong team when the game started.

"We don't like getting beat," Ed-

wards said, "but then nobody does. Hopefully, the next time we come up against a strong team, this will help us to remember that we can't fumble so close to their end zone and get by with it. Our kids played well. David Owens did a super job coming in after Bryan Ramirez hurt his leg. Lowell Hutchens got 'chop-blocked' early in the game, but came back and played well. We have to quit making so many mental mistakes, but we'll get it worked out. I think the kids did all right."

Munday will travel to Archer City on Friday, September 16. Kickoff time is 8:00 p.m.

Munday	Holliday
11 First Downs	17

Breast Cancer Detection Unit Available To Area Women

Call 422-4222 For Appointment

Friday, September 16, 1988
Munday, Texas

A Service Of
The American Cancer Society

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 422-4222.

- The Mobile Breast Cancer Detection Unit will be in Munday on Friday, September 16.
- The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:
I. 35-40 years of age - One baseline mammogram.
II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
III. 50 years of age and over - An annual physical examination and annual mammogram.
IV. Asymptomatic women under 50 years of age with signifi-

cant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

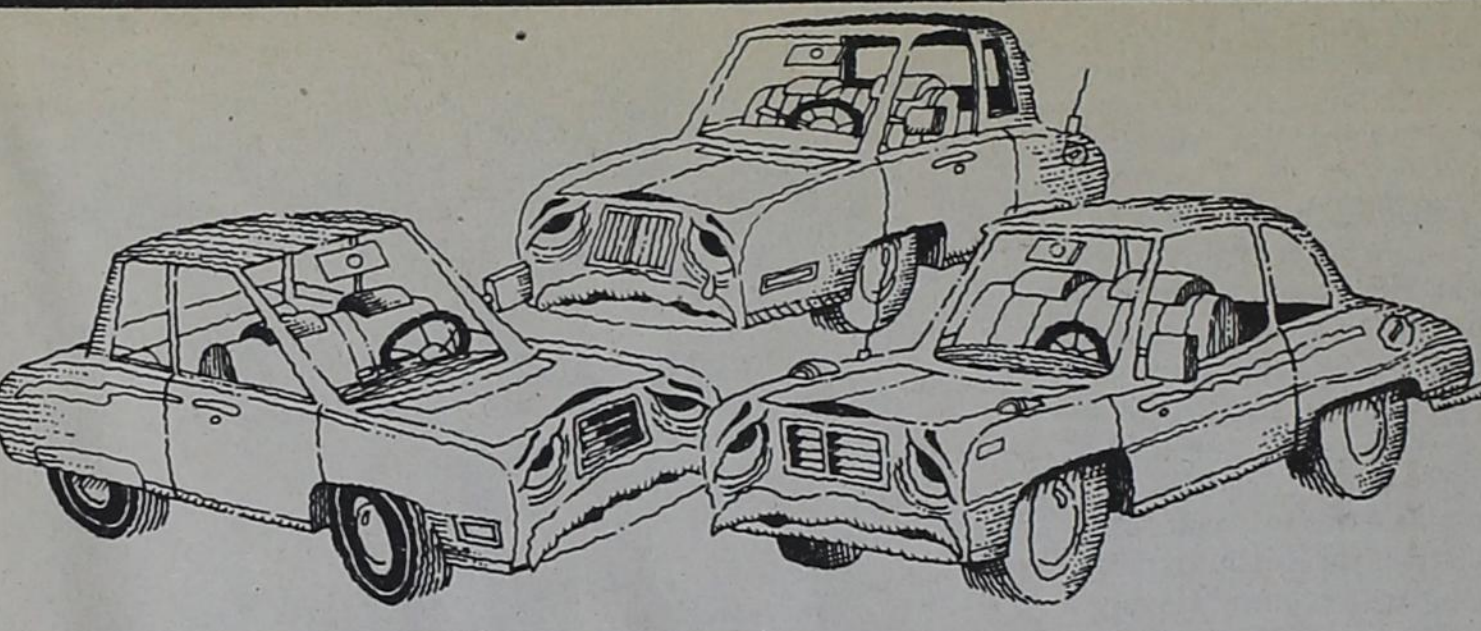

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment, call 422-4222.

Got the transportation blahs?

Cheer Up!

Now you can get a low finance rate on an auto loan AND the new car you want. When car dealers advertise low finance rates, they usually mean low rates on specific cars...not necessarily the make or model you want. Our solution is to offer auto loans at a great low rate and to let you choose the car...any car, foreign or domestic. We offer a variety of convenient terms, and you needn't be our customer to apply. Stop in.

By Mrs. Gladene Green

NEW ARRIVAL

Aaron and Seth Kuehler are proud to tell you that they have a baby sister! Kaitlyn Amanda was born Monday, September 5, 1988 in the Wichita General Hospital at 9:01 a.m. She weighed 9 lbs. 1 oz., and was 21 inches long. She is the daughter of Stephen and Sheila Kuehler of Benjamin.

Grandparents are Billy and Pat Benson of Benjamin and Gerard and Dale Kuehler of Munday. Great-grandparents are A. J. and Genevieve Kuehler and Dale and Jeannette Phillips of Munday, and she has a great-great-grandmother, Iva Reddell of Munday.

Both mother and daughter are doing fine. Kaitlyn gets much attention from her "big" brothers. She's just a new "plaything" in their household right now, and they are most happy to show her off when you go to see them.

SUFFERS INJURIES

Former resident Tommy Latimer, suffered serious injuries Saturday when he was hurt in a freak accident. Tommy was putting booster cables from one car to another. Rather than having the automobiles sitting side by side, they were facing each other. When the car being boosted was started, it was in gear and lunged forward pinning Tommy between the cars. As a result, both legs were broken and he is facing many weeks of problems. First reports were that he had suffered internal injuries but that has proved to be just very painful bruises. He is in the Bexar County Medical Center Hospital in San Antonio.

Tommy is the son of Betty Mancille and the nephew of Benjamin resident Juanita Burnett. I wish Tommy a speedy recovery.

SOROSIS CLUB MEETS

The Benjamin Sorosis Club met Saturday, September 10, in the Memorial Building for a salad luncheon and their first meeting of the new year. The program was given by Rita Schreiber on the "Right To Life". Mrs. Schreiber, who is president of the Wichita Falls chapter of the "Right To Life", showed very interested slides of this very controversial topic.

The sorosis club has a very interesting year planned and all are fired up and ready to go.

Officers for the coming year are: president, Jessie Roberts; vice-presi-

dent, Bertha Driver; recording secretary and reporter, Virginia Griffith; corresponding secretary, Bea Parks; federation counselor, Pearl Ryder; and parliamentarian, Gave Neal.

The club is proud to have three new members who are Jo Etta Cartwright, Louise Hertel and Eunice Friday.

Those attending the meeting were members Lucille Moorhouse, Bea Parks, Jessie Roberts, Virginia Griffith, Bertha Driver, Pearl Ryder, Luella Tolson and Eunice Friday, and three guests, Nancy McGreger, Pam Duke and Earlene Meinzer.

LABOR DAY GET-TOGETHER

Earlene Meinzer had family members in during the Labor Day weekend for an enjoyable time of fun and fellowship.

Those on hand for the reunion were Charlene Guier of McDermitt, Nevada; Herbert and Boots Struck of Mangum, Oklahoma; Gary Siton of Abilene; Janet and Misty Mitchell of Wichita Falls; Irene and Archie Struck, John Cole and Maed and Jeannette Jacobs of Goree; Rick, Patsy and Trapper Meinzer of Rhineland and Wyman, Hunter and Pate Meinzer of Benjamin.

FHA NEWS

The Benjamin FHA chapter met September 8 for the first meeting of the year. Officers were elected and the ground work was laid for the year's activities.

New officers are: president, Shannon Parker; vice-president, Sandra Bolanos; secretary-treasurer, Nora Bolanos; reporter, Christi Whitten; typist, Rebekah Duke, and advisor, Mrs. Rebekah Baker.

Other FHA members are Jennifer Rolston and Rhonda Whitten.

The club discussed plans to attend a meeting in Knox City later this month. Their next meeting will be October 3.

ATTENDS JP SCHOOL

Imagean Young, Justice of the Peace of Precinct 2, attended a Judge's Seminar in Amarillo last week at the Sheraton Hotel. The school is mandatory. JP's are required to attend to keep up with the changing laws. Imagean said the school was geared for more populous areas but she did learn a lot that will benefit her here in Knox County.

HERE 'N THERE

Corrine Parish of Franklin is here for a few days with the Bobby Robertsons, her folks at Vera, and her mom, Lona Feemster in the Brazos Valley Care Home.

I was in Paducah Saturday for the funeral of Hubert Adams. Mr. Adams was my son-in-law, Gordon Taylor's step-father.

Bea Parks and Kenneth and Jessie Roberts visited the ladies' brother, Art and Mary Stoy, in Haskell last weekend. While there, they also visited the Roberts' son, Ken and Gaye Roberts.

YARD OF THE WEEK, chosen by Munday Garden Club members, is that of Leon and Maxine Ivy at 840 W. Houston. The well cared for, green lawn, shrubs and trees are enhanced by the colorful zennias and periwinkles along the fence and in front of the home.

September 18-24 Focuses On Farm And Ranch Safety

Farming and ranching continues to rank as one of the most hazardous occupations in the nation, so it's appropriate that a special week be set aside to focus on farm and ranch safety, said a safety engineer at Texas A&M University.

National Farm Safety Week is September 18-24, and that week also has been declared Texas Farm and Ranch Safety Week by Governor Bill Clements, said Thomas D. Valco with the Texas Agricultural Extension Service.

Theme of the weeklong observance is "Ensure Your Future With Farm Safety".

"This theme stresses the hazards involved in agricultural production and the effort into preventing injury and illness on the farm, especially during times of economic stress," Valco stated.

The engineer said that each year there are about 100 Texas fatalities from farm and ranch related accidents. Also, an estimated 10,000 disabling injuries and 100,000 injur-

ies requiring medical attention occur annually in the state. According to National Safety Council figures, some 1,600 deaths resulted from farm accidents in 1987, with most fatalities caused by tractors, firearms, drowning, burns, falls, electrical shock and machinery. "Through a continuing educational effort in safe farming and ranching operations and improved safety design in machinery and equipment, rural fatalities have been reduced by 50 percent in the past 10 years," stated Valco.

"That's why it's so important to continue to focus on safety awareness in farming and ranching," he said. "Simply following safe work procedures and keeping equipment and machinery in good repair can make a big difference."

"Giving attention to safety can reduce needless suffering of rural accident victims and prevent the financial burden of agricultural accidents on productivity and family income," Valo said.

Class Of '68 Plans Reunion Party

The class of '68 is planning a special twenty-year reunion party during the 1988 Homecoming. They want to invite all graduates plus students that went to school with them several years, but moved before graduation.

If you have an address or phone number of any of the following people, the class of '68 would appreciate you help: Eliza Garza, Becky Howard, Marilyn Price, Nancy Blakely, Margie Reed Chapman and Frances Sarabia.

If you know anything about these people, please call 422-4894, 422-4717 or 422-4440. If you live out-of-town, please send any information you may have to Box 607, Munday, TX 76371. Any help you can give will be sincerely appreciated.

Dovie Partridge Receives Award

Mrs. Dovie Partridge of Munday was one of approximately 1,900 top independent Stanley dealers and directors who were recently honored at the 1988 Pilgrimage held at the Grand Ole Opry, Nashville, Tennessee, hosted by the Stanley Home Products Division of Stanhome, Inc.

An independent Stanley group leader, Partridge was recognized for outstanding 1987 sales achievements and was presented a 4-diamond service pin for twenty-eight years of association with the company at award ceremonies held during the annual four-day event.

A member of the President's V.I.P. Club, she also received a unique VIP wine goblet for the exceptional sales record of her group during a special president's reception for top quotamakers.

Stanley Home Products direct selling groups conduct business in the United States and twenty-one countries throughout the world, selling high quality household cleaning products, health and personal care items, and designed giftware.

Meet Each Wednesday

Adult Children of Alcoholics are invited to attend meetings held every Wednesday at 8 p.m. at the AA building in Haskell.

The group is an extension of Alcoholics Anonymous and are meetings designed to aid adult children of alcoholics.

Tuggle Family Has Reunion

One hundred Tuggles and friends gathered the weekend of August 27-28 at Munday.

Only at reunions they all come back - the pupils of Lake Creek and Munday, the cotton pickers, egg gatherers and wood choppers, the riders of ornery calves and dodgers of cotton bolls. Wherever we all have gone, however far we have grown from our young days on the farm, at reunion time we come, driving cars and bringing mates and families.

Saturday evening we gathered at Billy and Billie Bradford's summer home at Munday for the evening meal. We later enjoyed watermelon and fellowship at Evelyn Elliott's. Dorris and Louise Tuggle hosted the gathering on Sunday at the Munday Community Center.

Handmade door prizes crafted by different family members were handed out by Randy Tuggle and Billy Bradford. Wilma Tuggle Kirkland of Lake Worth received the last door prize - a watercolor of the Ben and Leoma Tuggle home - painted by Billie Tuggle Bradford. We enjoyed music, talking, reminiscing, playing dominos and the delicious meal.

Rev. Charles Elliott delivered a brief reading from the Bible and Rev. Bill Fitzgerald read a poem he composed about the love he has for Grandpa and Grandma Tuggle.

Everyone had a good time and enjoyed coming home once again.

He Is Alive!

by Rev. Wayne Varnell,
First Baptist Church, Goree

There are two key words for the Christian life. They are "choice" and "change." Some people refuse to be Christians because they don't want to make changes in their lifestyle. However, the main thrust of the Christian message is not just in our making changes in our life. The main thrust is for us to make the right choices in our life. Joshua called on Israel to make a choice: "choose you this day whom ye will serve; whether the gods which your fathers served...or the god's of the Amorites...but as for me and my house, we shall serve the Lord." This Sunday we will make a choice. Every day of our life we make a choice.

The Christian message gives us one primary and essential choice - we must choose to trust in Jesus Christ the Lord for salvation. Once we make that commitment to Him then the changes begin to happen to us. You and the Lord, in accordance with the Bible and along with other believers, can begin to work out the changes He wants in your life. The Bible says: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new." (II Corinthians 5:17) That is Good News. All of this and more is possible because He is alive!

Local Store Will Participate In Food Festival

The American Heart is Food Festival, September 11-17, will be observed in the M-System store in Munday.

More than 11,000 supermarkets nationwide will participate in American Heart's Food Festival. The festival is a national event that focuses the attention of the American public on the selection of foods that meet AHA dietary guidelines.

The AHA's guidelines for wise eating patterns emphasize weight control; a limited intake of cholesterol, saturated fats, refined sugar and sodium; and the assurance that the diet includes a variety of foods.

Have a nice day.

OLIVIA MARTINEZ, nineteen year old granddaughter of Rue Del Roberts and great-granddaughter of Mrs. Genevieve Tyler, both of Goree, received her cosmetology license on August 23. She is a 1987 graduate of Bryan Adams High School in Dallas and attended Metroplex Beauty School in Mesquite. She is currently employed by Bo Rics Hair Care in Dallas and is enrolled in the make-up artist course at John Roberts Powell professional modeling agency in Richmond. Olivia is the daughter of Joe and Exa Lee Martinez of Dallas.

Ladies Auxiliary Has Meeting At Sellers Home

The Ladies Auxiliary of the Munday Volunteer Fire Department met Thursday evening, September 1 in the home of Leon and Debi Sellers.

With eight ladies present, the members discussed upcoming fund raising projects.

Refreshments were served following the meeting and Sue Bryan was winner in the drawing for a door prize.

Next meeting for the Auxiliary will be October 6 at 6:30 p.m. in the Fire Hall.

Lady Cats To Host Volleyball Tourney

The Lady Cats volleyball team will host an invitational tournament in Goree on Saturday, September 17, beginning at 8 a.m.

Teams participating in the tournament will include Goree, Wichita Falls Hirschi varsity and junior varsity teams, Rochester, two teams from Knox City, Lueders-Avooca and Chillicothe.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the state government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium. The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecen en la boleta el día 8 de noviembre de 1988. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

★ Weinert News ★

By Mrs. Myrtle Pheonster

The cool nights we are experiencing are a boom to the late cotton and to us, as well. We have had no rain, and the brief respite from the intense heat is welcomed.

A few farmers are putting "drop-leaf" on their cotton, as it is opening now, and the beginning of harvest is near. It will be a slim harvest in 1988.

Weinert had a tragic, sorrowful, Labor Day weekend, as we laid to rest two of our beloved citizens.

C. W. (Bud) Offutt was killed instantly as he was walking across the highway, and was interred in the Weinert Cemetery on Saturday, September 3.

Sallie Sanders succumbed to complications following a heart attack. She was laid to rest beside her husband, Jack Sanders, in the Haskell Cemetery on Tuesday, September 6.

Weinert Extension Homemakers Meet

The Weinert Extension Homemakers Club met in the home of Mrs. Harlan Weinert on September 6 for a regular meeting.

Roll call was answered with "My most memorable household accident", to stress safety in the home.

Opening exercises were the TEHA prayer and Creed, read in unison, led by the hostess.

Faye Jetton, president, called for reports of the various committee chairmen. Alice Yates, council delegate, reminded the group of the County Fair to be held in Haskell September 22-24. She urged members to enter and participate.

Betty Sanders and Debbie Crump will be in charge of the educational display for the Weinert club, and the title will be "Food Storage and Safety".

TEHA donations were made, and the treasurer gave a report of the club's finances.

Jimmie Weinert was program chairman, and showed a tape of "Alaska". Several of the members have made the trip, and enjoyed doing some reminiscing as they viewed the pictures.

Seven members and one guest, Erma Liles, enjoyed a delicious refreshment plate served by the hostess. They were Faye Jetton, Alice Yates, Cordie Cunningham, Agnes Winchester, Henrietta Rueffer, Debbie Crump and the hostess.

Next meeting will be hosted by Cordie Cunningham.

We were also grieved at the passing of a former Weinert student, Dean Partridge, 38, of Austin, who suffered a fatal heart attack that same week. He was interred in the Johnson Memorial Cemetery. His parents are Wendell and Leona Havran Partridge.

We extend our condolences to each family involved. Their loss, and grief, are shared by us all.

HOME COMING PARTY We are three weeks away from our Homcoming events, and the excitement and plans are gaining momentum.

Fretta Edwards Wright will open her home in Rochester for a reunion of the class of 1950 on Friday, September 30 at 2 p.m. and for a dinner at 6 p.m.

Plans are for visiting and to catch up on 38 years of living. Anyone who has even been a part of, or wishing to visit with this class, will be welcome.

Fretta and Wanda Dunnam Ham of Arlington are hosting the event. They may be reached at 817-743-3312 in Rochester, and 817-277-2979 in Arlington.

Those in the class were Bobby Carroll, James Yandell, Bobby McKinney, Charles Sargent, Carl Marshall, Floyd McGuire, Jr., Robert Gaines, Wayne Hix, Joe David Walker, Mavis Alexander, Edith Alexander, Fretta Edwards, Jenella Couch, Gay Reeves, Doris Anderson, Donna Grimsley, Dorothea Forehand, Lavon Ferguson, Winoma Pace, Wanda Dunnam and Pansy Wiggins.

BIRTHDAYS & ANNIVERSARY The birthday people in Weinert are many for this time of the year. We toast Gilbert Jiminez, Russell Rainey, Jerry Don Hudgens, W. R. Hager, Jr., Tinka Herricks, Alton Sangers, E. S. (Rabbit) McGuire, Bob Wood, Douglas Boling, David Crump, Melvin Vojkufka and Rubye Castorena. Happy Birthday!

Anniversary congratulations to Toby and Alice Yates on September 21.

GARZA FAMILY NEWS Most of our migrant workers have returned home, and we are glad for the population increase.

Anita Garza, and her children, Alicia, Adam, Arthur, Anthony and Andrew, spent the summer working in Benson, Minnesota, as did her mother, Janie and Frank Diaz, and daughter, Donna Castorena and little Rubye.

Everyone returned home except Donna and Rubye, who chose to remain in Benson. Donna is in training to become a police woman, and we extend our congratulations and encouragement to her for this effort.

While they were in Minnesota, they were pleased to have a visit from Anita's son, Lance Corporal Alfred Garza, who is stationed with the Marine Corp in Brunswick, Maine.

Alfred graduated from Weinert High School in May, 1987, and en-

tered the Marine Corp in September that year. Besides his two advancements, he has received two medals, one for Best Rifleman, and one for Best Pistol Shooter.

We are very pleased and proud of him and congratulate Anita for doing such a good job of rearing such a fine young man. We extend our congratulations to Alfred for his achievements, and know he will continue his good work.

BIRTHDAY CELEBRATION

The children and grandchildren of Ernest S. (Rabbit) McGuire hosted a birthday party on September 11 to honor him on his 80th birthday.

The party was held in the Weinert Community Center and approximately 70 guests registered. Presiding at the registry table was a granddaughter, Kelly McGuire, of Keller.

Refreshments of cake, punch and nuts were served by granddaughters Jo Beth and Karen McGuire of Keller and Sebina McGuire of Haskell. Weinert colors of royal blue and white were used in the decor for the party.

Receiving guests with "Rabbit" were his wife, Louise, their daughter, Becky Fry of Bowie, and son, Budge McGuire of Keller, and his wife, Nancy.

Others hosting the party included Danny McGuire of Keller, Tommy McGuire of Haskell, and great-grandchildren, Brooke and Brandon McGuire of Haskell.

The McGuires are life-long residents of our community, and we all wish for many more happy birthdays for Ernest.

Out-of-town guests besides the immediate family were Paris and Fannie Barton, Rob and Suzanne Starr and Braden Rodriguez, all of Haskell; Evelyn Underwood of O'Brien; Eron McGuire and Bill McGuire of Rochester; LaQuita Whitely of Pampa; Dean Cunningham, Steve Dye and Freddie Garcia of Ft. Worth.

HERE AND THERE

Mr. and Mrs. H. H. Grimes were in Wichita Falls on Sunday to visit her son, Mr. and Mrs. Ricky Hamilton, and children, Scotty and Mindy. Our recent out-of-town visitors include Dorothy Myers of Munday, who visited in the home of Ima Stewart last week.

Edna Mae Haynes of Abilene came for a few days to check on her parents, Edward and Zella Alexander, and her brother's family, Veta, Randy and Missy Alexander. Congratulations are due Veta for her new job as teacher's aide in the Munday school system. Missy is a freshman and Randy a 6th grader in Munday, and they will commute each day from their home here in Weinert.

Garth and Ocie Garrett of Haskell were luncheon guests in the home of his sister, Ida and Willie Farrel, on Sunday. Garth went to Wichita Falls on Monday for evaluation tests at the Red River Clinic. We pray for good reports for him as he continues his battle with Alzheimers disease.

Carl Garrett, a cousin from Stamford, was also a guest in the Farrel home.

We are happy for Mike Stewart who has purchased a lovely home in Munday and is no longer a "country boy". Congratulations, Mike! But we loved you as you were, too.

Goree Loses To Milford; Shahan Out For Season

"The score looks bad, but they really didn't play that badly," said Coach Cliff Gilmore after his team was defeated by Milford Saturday night by a score of 45 to 0. "They were bigger and faster and had more experience and they are ranked 11th in the state. We just didn't have much of a chance."

He contributed much of the Wildcat's crushing defeat to senior Lonnie Shahan's inability to play because of a previous back injury. "He was complaining with his back on the trip down there," Gilmore said, "and I decided I had better not play him."

Shahan's physician examined him on Monday and found that his injury is a career ending one.

"I know he's disappointed and so am I," Gilmore said, "but a football game is just not worth taking a chance on crippling a kid for life."

Only one senior remains on Gilmore's starting line-up with one junior. The remaining members are sophomores and freshmen.

"I know we lack experience," Gilmore said, "but they are a willing bunch of kids and I have high hopes for them."

Goree will host Paint Creek this Friday night at 7:30, with junior high playing at Paint Creek on Thursday at 6:00 p.m.

Birthdays And Anniversaries

Smith-Pendleton Exchange Wedding Vows On Saturday

Julia Neale Smith and Jeffrey Ward Pendleton were married Saturday, September 10, in the home of the bride's parents. Dr. H. B. Graves Jr., officiated.

Parents of the couple are Mr. and Mrs. James N. Smith of Munday and Mrs. and Mrs. Ward Pendleton of Olney.

Parents of the bride hosted a reception following the ceremony.

The bride is a graduate of Hardin-Simmons University and is employed by Olney Savings Association. The groom is a graduate of Olney High School and attended Tarleton State University. He is employed by Pickard Motors of Brownwood.

The couple will live in Brownwood.

4-H Horse Club Meeting To Be Held September 18

The Knox County 4-H Horse Club meeting will be held on Sunday, September 18, at 7:30 p.m. at the Munday rodeo arena.

All youth age third grade to 19 years of age and interested in horses are urged to attend and bring their horses to the meeting.

Mary Ann Boone serves as the manager for the horse club.

Community Calendar

September 15 - Chamber of Commerce.

September 16 - Archer City/Munday, there, 8 p.m.

September 19 - Munday Volunteer Fire Department meeting.

September 20 - Lions Club; Moguls Booster Club, 7:30.

STOP --THINK ABOUT THIS--

There is a situation which deserves our attention.

It's the first of the school year - a homecoming year.

It will be exceptionally busy. First on the agenda are the schedules, i.e., football, basketball, band, and track. There are concession stand items, radio, and other ads of various types, tickets to purchase, specialty items to buy, many volunteer jobs to do in order to have a successful year. All this is worth our time, money, and efforts - it's something we want to do.

Where do we begin to ask for this assistance? We start with the local business district; the parents certainly do their part and nearly every individual contributes something. In all seriousness, the merchants and business community of Munday bear a very heavy part in filling these needs. The business community is always willing to give time and money to their children and their neighbors' children.

Our community success record shows a strong commitment toward this. The question to ask ourselves is: Are we really being fair to our business community when we leave town to purchase items? Sure, we might save a few dollars, but do we not feel a need to return what has been given to us.

This is not written to criticize. But when you consider these facts, are we really doing the best thing for us and our community by not supporting our local business community more?

DEADLINE: SEPTEMBER 30

Special Books Donated To Munday Sixth Grade Students

The sixth grade students of Munday Elementary School will receive a gift-book titled *The Way To Go*. Presented to them by Ray Penman of Penman Conoco Service, Inc., and Tommie B. Harper and Floyd Reed, Jr. of Quality Implement Co., *The Way To Go* is the centerpiece of the Youth Development Program. Many communities throughout the nation are participating in this program.

The Way To Go, handsomely bound and illustrated in full-color, is a collection of eight short stories. Written to appeal to young people in today's world, the stories reinforce traditional moral values. For instance, one of the stories emphasizes the importance of being a responsible person; another shows how highly honesty should be valued; another focuses on the danger of drugs and alcohol.

The program is described as being a response to a growing concern felt by parents and others throughout the nation. Too often, it is maintained, young people are the innocent victims of harmful influences that undermine the sound values parents are trying to teach their children in the home. National statistics on drug and alcohol related accidents involving teenagers, on missing children, teenage pregnancies, teenage suicides, are cause for alarm. The great majority of parents do not have these problems. Nonetheless, they worry about them: peer

pressure is a strong influence on young people.

The response of the local sponsors of the program, when asked why they are participating in it, can be summed up as follows: "This community means a lot to me. Our young people are our most precious resource. They are our future. This program is good for our young people, their parents and our community."

Girl Scouting To Start In Munday

Fall membership recruitment has begun for Girl Scouting in Munday. Girls will be given flyers to take home for their parents to sign and return to school, and will be contacted with the time and place of the first meeting.

There are five age levels in Girl Scouting. Daisies are the kindergarten girls, who participate in activities geared to the five year old in small troops. Brownies are the first, second and third grades. They have a patch program where they explore various fields of endeavor. Junior are fourth, fifth and sixth grades and they work on a badge program with 83 areas of interest. Cadettes and Seniors are the junior high and high school girls. They work on interest programs ranging from automobile mechanics to make-up and dress. There are activities for all girls with many interests.

The Girl Scout program depends on volunteers to be troop leaders and administrative volunteers. Training is provided for both new and experienced leaders. There are girls waiting for you to help them grow up to be all they want to be. If you can give a few hours of your time each week, please call the Girl Scout Service Center at 723-4336.

We welcome calls regarding the Girl Scout program or about being a Girl Scout volunteer. If you want your daughter placed in a Girl Scout troop, call Debi Sellers, 422-5355.

LOCALS

Mr. and Mrs. Bill Williams of Newcastle and Randy, Debbie, Jenny and Bryan Collier of Krum visited recently in the Jo Jarvis home.

The girls' parents are Jerry and Vicki Branam, Daron and Christi Parker, Steve and Patsy LeFevre and Buford and Cheryl Berryhill.

★ FARM AND RANCH REPORT ★

by Donnie Peters

Fall Lawn Planting

As a homeowner, many people have planted fruitless mulberry trees in their yards. If your tree is very large you probably have problems growing grass under the tree. There is a grass that is well adapted to low light and now is the time to plant.

Homeowners should be planting their tall fescue in the early fall to ensure good root development before the first killing frost.

To prepare the seedbed prior to planting, first remove all debris such as rocks, wood, etc., from the area. Next apply the fertilizer. A high phosphorus fertilizer such as 8-16-8, 18-0 or 10-20-10 should be added so that 2 pounds of phosphorus is added per 1000 square feet.

Phosphorus stimulates root development in plants and makes a good foundation for the tall fescue lawn. After the fertilizer has been applied, lightly rake the soil to incorporate the fertilizer.

The seed should be broadcast at 8-10 pounds per 1,000 square feet as tall fescue is a branching type grass and thus there must be high plant numbers to have a thick, lush, tall fescue lawn.

Tall fescue varieties that have been proven well in the north Texas area include Kentucky 31 and Kenwell.

After planting the seed, the area

should be watered regularly and avoid getting a crust on top of the soil. This procedure should be continued until the grass seed begins to germinate and a green tint can be seen on top of the ground.

The tall fescue should be mowed at 1½ to 2 inch heights and should be fertilized lightly monthly with a balanced fertilizer.

The information given herein is for educational purposes only. Reference to a commercial product or trade name with the understanding that no discrimination is intended and no endorsement by the Texas Agricultural Extension Service is implied.

WILD OAT CONTROL OPTIONS

Around late May when wheat is beginning to ripen, a major weed is becoming more evident in fields and highway right-of-ways.

I'm referring to the wild oat which is really becoming a problem to wheat producers in the area.

Studies have shown that one wild oat head per square foot can cut yields by six percent and one wild oat plant produces 3-6 heads.

So what can be done to combat the wild oat problem?

Wheat producers have four options.

1. Do nothing and take the losses. Meanwhile the problem will only get worse.

2. Rotation of crop land to a spring and summer tilled crop. This method has shown to have reduced wild oat stands as much as 95%.

3. Delay planting of wheat as late as possible so that wild oats can germinate. At that time apply Roundup at 12-16 ounces per acre in 10 gallons of water or less with a surfactant.

Planting of wheat should be done without reworking the soil and possibly disturbing more wild oats.

In years when there are no early fall rains this treatment may not work well.

4. Apply Hoelon in fields where wild oats are a problem. Chemical measures should be taken before wild oats reach 3-4 leaf stage at 2½ to 3½ pts. per acre.

The big drawback about this is that Hoelon has grazing restrictions and the product is expensive.
