Views From Another Point

by Joyce Beecher Greenwood

In my eleventh summer, my family attended a Harlan reunion at Crystal Falls Park near Lubbock. Except for the few members of the family who attended from Gorce, I knew very few of the people there and I kind of wandered around by myself.

I had started across a stone path that spanned a pretty little bubbling brook when I looked up to see a girl about my age with dark eyes and curly brown hair starting across from the other side. I had half turned to go back when she suddenly thrust out her chin and said, "Back up. I started across first."

I was pretty sure I had started first and her command made me determined that I wouldn't back up. At my refusal, she looked at me defiantly, folded her arms and stood firmly on her rock. I stood firmly on mine as we faced each other without a word--neither of us yielding while the hot summer sun beat down on us. Neither of us knew then it was the beginning of a very special friendship that will last for as long as we live.

We would probably be standing there on our rocks still, if she hadn't said finally, with a giggle just below the surface of her voice, "I'll step one foot in the water if you will."

We learned that our mothers were related and our families had visited when we were babies. Perhaps that explained the bond of familiarity that grew between us that day as we played in the brook and roamed the grassy hills.

That was the first of many summers we spent together. Part of the summers were spent at my house, part of them at her house in Post. The first summers were spent with picnics and paper dolls, but gradually the picnics were replaced by parties and the paper dolls by dates as we reached our teens.

We both loved swimming, but I was very tall and very skinny, all knees and elbows, and she was very short and leaned toward the plump side. When we began to care about our looks, we realized how we must look walking from the pool dressing room together, so one of us would leave the dressing room, then the other would follow.

Our sizes were not the only thing about us that was different. In fact, probably never two such opposites existed. Lorrye Lou is spontaneous in her laughter--and her temper. I am not. She was always outgoing and adventurous. I was shy and never took chances. My reticent nature kept her from driving ninety miles per hour on the curving roads from her house into town, and her devil-may-care spirit prompted me to dare things I never would have dared at home.

My parents had come to Post to get me at the end of one summer and as was the custom on Saturday night, our families went into town to sit on the street and "visit". Some Post teenagers came by and asked Lorrye Lou and me to ride around. We were given permission by our parents, but with specific instructions not to leave town. No sooner were we in the car than the kids announced their intentions to go to Snyder, fifty miles away, to a drive-in theatre. I whispered to Lorrye Lou that we were not supposed to leave town.

"Hush," she whispered back. "Do you want them to think we're babies?"

Not only was the theatre fifty miles away, but when we got there, a double feature was playing so by the time we arrived back to her house, it was very late.

"We are in deep trouble, my friend," she said as we pulled into the yard of her house. "My mother's car is gone and that means she's out hunting me. Don't tell we went to Snyder."

She gave me hurried instructions on

Munday To Host Annual Junior Livestock Show

LLOYD WELCH busily works on the wash rack area of the newly remodeled building which will become the home of the Knox County Junior Livestock Show. Brazos Valley Young Farmers, sponsors of the county show and owners of the building, have made a number of improvements in the former potato shed in preparation for this weekend's show.

It's stock show time again around the area, and Knox County 4-H and FFA members from throughout the county will converge on the Knox County Livestock Show Barn in Munday this weekend for the annual Knox County Junior Livestock Show. The show, sponsored by the Brazos Valley Young Farmers, is set for Friday and Saturday. Chairman for this year's event is Lloyd D. Welch.

Rabbit, poultry, and lamb entries should be in place at noon on Friday, and the poultry show will begin at 12:30 p.m. with the rabbit show to follow. Judging of lambs will begin at 5:30 p.m.

Swine should be in place for weigh-in at 8 p.m. Friday and the swine show will begin at 8:30 a.m. on Saturday. The heifer show will begin immediately after the swine judging, and steers will be judged after the heifers.

The premium sale is scheduled to begin at 3 p.m. Saturday with Royce Miller as auctioneer.

Superintendents for the various categories are David Bordovsky and Jerry Pearce, rabbits and poultry; John Godsey and Daniel Godsey, swine; Lloyd D. Welch and George Oustad, sheep; and Fred Carver, Royce Miller and Randal Kinnibrugh, cattle.

Judging the stock entries this year will be David Finley, rabbits and sheep; Ed Blankenship, poultry; and Don Ballard, swine and beef.

The Knox County Junior Livestock Show sales committee is made up of John Reneau, Sonny Moore, Floyd Reed, Jr., Leland Floyd, Vernal Zeissel and Joe Lowe, Munday; David Albus, Butch Stevens, Greg Clonts and Jon Godsey, Knox City; Homer Rolston, Sammy Pierce and Donnie Ryder, Benjamin; Ronnie Simmons, Gilliland and Demp Emerson, O'Brien.

Members of the stock show committee include Cindy McWhorter and Ralph Cypert, Munday; Ed Daniels and Mary Ann Boone, Knox City; Homer Rolston, Benjamin; Louis Baty, Gilliland; Bob Cude, Gorce; J.M. Emerson, O'Brien; and Don Daniels and Robert McElroy, Jr., Truscott.

Assisting the young stockmen at their duties will be the vocational agriculture teachers in the county, Steve LeFevre of Munday, Leon Burkham and Jim Dillon of Knox City and Jim Dickson of Benjamin, and county agriculture agent Donnie Peters. Parents will also be lending a helping hand wherever needed.

1988-89 officers for the Knox County Junior Livestock Show include J.M. Emerson, Knox City, chairman; Ray Crager, Knox City, vice-chairman; Cindy McWhorter, Munday, secretary and Leona Burkham, Knox City, treasurer. Board members include Lloyd D. Welch, David Bordovsky, Jim Reid and John Reneau, Munday; and Jack Whitten and Homer Rolston, Benjamin.

MHS One-Act Play Cast Chosen

The cast for Munday High School's one-act play has been chosen and rehearsals will begin soon for the production, "Cheaper by the Dozen", a comedy about an attractive high school girl from a large family, headed by a father who is one of the great pioneers of industrial efficiency. When the father decides to apply his unorthodox methods to the family, the results turn out amusing, and somewhat moving.

Winning spots on the 15 member cast are Lowell Hutchens as Mr. Gilbreath, Angie Partridge as Mrs. Gilbreath, Holly Jackson as Ernestine, Marc Andrade as Frank, Shanna Murphy as Jackie, Kent Latham as Dan, Ronald Edrington as Bill, Jonathan Smith as Fred, Kacy Longan as Anne, Shawna Simpson as Lillian, Ann Parker as Martha, Cheryl Bunton as Mrs. Fitzgerald, Jeff Herring as Joe Scales, Jenni Bowman as Miss Brill and Chad Bordovsky as Larry.

The crew includes Rita Ramos as stage manager, Debbie Cypert as lighting technician and Marguerite Jackson

THE NEWLY REMODELED Knox County Livestock Show Barn stands ready for its inhabitants this weekend during the annual junior livestock show. Members of the young farmers group have made extensive improvements and additions to the building with the help of donations from local individuals and businesses. The facility was originally the Colville and Wilson potato shed building, and is located in the southeast part of Munday.

Show Has Newly Remodeled Home

For the first time in several years, Munday will host the annual Knox County Livestock Show. The show, scheduled Friday and Saturday, January 13 and 14, has been held in Knox City in recent years after facilities used for the show in Munday were purchased by General Shelters.

The Brazos Valley Young Farmers, sponsors of the event, purchased the Colville and Wilson potato shed in March of 1988 and began making improvements on the building to be used as the official Knox County Livestock

Show Barn. Purchase of the building was made possible by income from the annual Young Farmers Auction and donations of time and materials from individuals and businesses have made the remodeling possible.

Improvements made to the show barn include complete enclosure of the building, relighting, a speaker system and concession stand. Workers hope to have the newly installed wash rack working by the weekend and fences will be placed between the wash rack and show area. Grounds around the barn have been leveled for easier access to the building.

The Young Farmers Association is pleased with the newly remodeled facility and expressed their appreciation to all those who helped make the project possible.

Ginning Season Comes To Close

Compared to last year's rain, ice and cold, weather conditions this season have been close to perfect for ginners, according to reports around the area.

A check with gins early this week revealed that cotton ginned at the four facilities in the Goree-Munday-Rhineland area is running close to the total for last year. At this time last year, gins still had cotton on the yards and were behind schedule; but as of Munday, all the businesses were ginning their last bales and Goree Producers Co-op had already shutdown and disassembled equipment.

Farmers who had crops damaged in the November 11 hail storm managed to salvage part of their crops with the help of a Rood machine used in this area for the first time.

Approximate bale totals for the season are 4,150 for Munday Gin and Seed, 5,500 plus at Knox Prairie Co-op, 3,250 at Goree Producers Co-op and 12,500 at Rhineland.

Bloodmobile Is Result Of Volunteer Effort, Planning

"Blood drives don't just happen," said Latrece Lane, local Red Cross Bloodmobile chairman. "They take a lot of planning and the planning begins when the annual Bloodmobile calendar is prepared up to a year before our community's visit."

The first regular Bloodmobile visit for 1989 has been scheduled for Monday, January 16 at the Community Center. Donations will be taken between the hours of 2:45 and 6:30 p.m.

Meeting To Focus On Hwy 277 Project

An informal public meeting will be held on Thursday, January 12, (tonight) at 7 p.m. in the fire department meeting room of Munday City Hall. Purpose of the meeting is to discuss the need for and suggested alternatives for the possible improvement of U. S. 277, from the east city limit of Munday west and south to the Knox-Haskell county line.

Gary Mizer, resident engineer of the State Department of Highways and Public Transportation in Munday, urges interested persons to attend and express views on the proposed Hwy 277 project. Meetings such as these have proved invaluable in the past to gather comments, opinions and ideas, Mizer said.

Persons unable to attend the meeting can make their views known by calling the Munday Highway Department office at 422-4115 or 422-4350.

Weather Report

Following is the weather report for seven days ending Monday, January 9, 1989, as compiled and recorded by Goodson Sellers, local U. S. weather observer.

	TEMPERATURE	
	HIGH	LOW
January 3	65	44
January 4	65	35
January 5	75	52
January 6	74	33
January 7	63	38
January 8	40	25
January 9	57	22

For convenience, persons wishing to make an appointment to donate can do so by calling 422-4024.

"Although we feel we're too busy to donate when it's our turn to host the scheduled visit, we're really just one link in the big picture," continued Mrs. Lane.

The Red River Region Red Cross Blood Services is the steward of voluntarily donated blood in a 35 county area of North Central Texas and Southern Oklahoma. Making sure that all testing is accomplished is a vital part of providing a safe unit of blood. However, failure to have 100 donors donating blood daily will create an emergency situation which endangers the safety of the community's blood supply and that of 40 area hospitals.

"It is this very reason why having area donors to donate at our upcoming Bloodmobile is so very important. Since a chain is only as strong as the weakest link, let's have our community be the strongest link in our regional community network," said Mrs. Lane.

Band Boosters To Have Concession Stand At Show

The Munday Band Boosters will have a concession stand at the Junior Livestock Show to be held this Friday and Saturday. They will be serving barbecue sandwiches and Frito pie made with homemade chili.

Senator Gramm To Visit Here Friday

United States Senator Phil Gramm will visit the Texas A & M Research Station in Munday on Friday, January 12. He will arrive at the facility at 7:30 a.m. where he will receive a briefing on cotton, wheat research, insect damage and its prevention, and minimum tillage research.

The Senator will be available to the media.

Avoid storing ice cream in the front of the freezer near the door where it is constantly exposed to fluctuations in temperature.

VIEWES

(Continued from page 1)
 where I was to say we went as we went in to find our dads waiting for us.
 "Where have you been?" Thank goodness her dad asked the question and not mine. My dad would have seen the lie in my face.

"Ask Joyce," Lorry Lou told him. "You never believe me anyway."

"We went to Tapioka to the drive-in," I blurted. Lorry Lou groaned and covered her face as her dad's anger dissolved into laughter. I was supposed to have said Tahoka and in the early 1950's, there was not a drive-in theatre there.

We married within a few months of each other, and our first babies were born only weeks apart. They were both girls and I was elated, until a few days after she was born, Lorry Lou's little girl died. There was something wrong inside her tiny body and Lorry Lou never even got to take her home from the hospital.

She came to see my baby a few months later, and while I was anxious for her to see my beautiful little girl, I didn't want my baby to make Lou sad. She walked into the house where I stood holding my baby, uncertainly. She took her from my arms and cuddled her with tears rolling down her cheeks.

"I guess we'll have to share her," she said.

Tommy was a farmer and with our three children and helping him with the farm, I couldn't get away to go to Post very often, but Lorry Lou continued to come to see us each summer. Later she brought her daughter, Tina, and her son, Tracy, so that as the years passed, most of our visiting was done over the sounds of children at play and a mound of laundry on the kitchen table to be folded and put away.

She had just arrived one summer when her four year old, Tracy, picked up my Butch's B-B gun and shot his sister in the face. We rushed her to the clinic where Dr. (David) Eiland made an incision inside her mouth and extracted the small pellet from where it had lodged beneath her cheek bone.

The following afternoon, all five children walked the two blocks to the grocery store for ice cream. When they came back, Tracy told us a wild tale about how he had taken a bean out of a tub and pitched it into the air. When he looked up, he said, the bean had gone up into his nose. We looked in his nose, but the story was so wild and he was accustomed to telling wild tales, so neither of us believed him. I guess once the bean stalks began shooting out his nose, we

would have known there was some truth to his story, but that day we dismissed it.

The next day when we took Tina back to Dr. Eiland, Lorry Lou mentioned that Tracy said he had a bean in his nose and that he did sound a little wheezy. When Dr. Eiland examined him, Tracy had in fact pushed a pinto bean far into one nostril and it had swollen twice its size. Because he couldn't take a chance on pushing the bean even farther into his nasal passage, Dr. Eiland had to hold him in a sitting position while he dug the bean out—bit by bit.

When we returned home, Lorry Lou began to pack.

"I'm taking my kids home while I still have them," she said. "I'll be back when they're grown and married."

She came the next summer, however, and many summers to follow until grown children and jobs and other things got in the way so that now our time together has become infrequent.

We don't see each other very much anymore, but I know she's only a phone call away and if I get really bogged down in life, she's there on the other end of the line. I know she will say simply: "Watch for me. I'm on the way to your house."

She rejoices with me over the good things in life as I rejoice with her, and she shares my pain as I share hers. Time nor distance will ever change that. She is my friend.

And I am blessed.

Munday Senior Citizens Hold Regular Meeting

Munday Senior Citizens met Thursday, January 5, for their regular meeting with Ella Gresham, president pro-tem, presiding.
 Opening prayer was given by Euris Reid, followed by the Pledge of Allegiance said in unison. Minutes for December were read and approved. The treasurer's report was given and accepted.
 Ella Gresham read an item on New Years resolutions that was interesting to the group. The date was set for August 16 for the birthday party at the nursing home.
 With no other business, Renvie Paterson gave grace for the noon meal. All enjoyed a delicious covered dish lunch and a period of fellowship.
 Games times and dates were set for January 12, 19 and 26 from 2 to 4 p.m. The next meeting will be held February 2 at 10:30 a.m. Any senior citizen will be welcomed.

Truscott-Gilliland News

By Mrs. Clara Brown

Valoise McGuire is in Bethania Hospital in Wichita Falls. She had a heart attack Thursday and was rushed to the Knox County Hospital and was transferred to Wichita Falls Friday. Frances Cook reported Sunday morning that Valoise would be at Bethania about a week. Glen called in Monday and said more tests were being run.

The monthly supper at Gilliland on Saturday night was very successful. People attended from Seymour, Benjamin and Knox City. After supper, everyone enjoyed dominoes and other games. This is a monthly fund raiser and social for the Gilliland Community Center.

Grandma's Sunday Dinner at Truscott was attended by a good crowd including Marion and Shirley Holford of Ft. Worth; Rozelle Wilkerson of Haskell; and her cousin, Dorothy Beddingfield of Muleshoe; and Vernon residents, Phil and Stacey Bartlett and Kim and Mike Renfro.

All the guests mentioned had read about the dinner in Texas Highways' "Calendar of Events." The Hal Ford's left Ft. Worth at 8 a.m. and were planning to visit Copper Breaks State Park on their way back. They were told that the Firehouse Museum in Crowell would also be a good stop.

Those readers who only occasionally get back to the Wichita Divide Country should also try to visit these two attractions. Despite the Texas Monthly writer who said the Crowell museum was a fire department memorabilia museum, it is not. It is a history museum.

Kathy Lowrance caught everyone's eye Sunday when she wore her Christmas gift from Eddie, an ostrich feather jacket. She said that despite its airy look, it is actually warm. The Lowrances are raising ostriches, but the feathers were not from one of their birds.

The Gilliland Community Center will be open each Wednesday night this

winter for games. Everyone is invited to the 7 p.m. get-together.

Christmas visitors in the John Kin-nibrough homes were their daughter, Beverly of Abilene, and John Mark of Garden City. On December 24, the family visited Arnold and Larue Reeves in Munday.

Visiting in the Jo and Loyd Heard home New Year's Eve weekend were their grandchildren, Justin and Amanda Keesler of Newcastle.

Scotty Burgess reports that all her children were home the Sunday before Christmas. Christmas day Scottie was in Cleburne to visit daughter Joan Pointer and family. While down that way, she also visited another daughter, Sharon Wingfield.

Charles and Kenneth Carroll and families celebrated Christmas with their parents in Crowell. The Charles Carrolls also visited in Dallas during the holidays.

A.L. and Frances Cook had as Christmas visitors, Fred Cook of Mesquite and Sherry Miller and family of Merkle. For New Years the Cooks visited their children at Mesquite and McKinney.

Venta Home is back home in Gilliland after spending three weeks in Richardson and Granbury with her children during the holidays.

Sunday dinner guests of Venta Home were Dud Ellis, Margret Jane and Dunc Duncan, and Mildred Cook.

The Johnny Kimmells visited his parents at Deleon over the Christmas holidays.

Owen and Irene New enjoyed Christmas dinner with their son, Jimmy, and his wife, Cathy, and children. Her parents, Mr. and Mrs. Edsel Simmons of Graham, also attended.

The Thursday after Christmas, Mrs. Peggy Plunk and son, Wade, and her daughter, Kim Feemster, spent Thursday night and Friday with the Owen News. Thursday they all enjoyed dinner at the Ranch House.

Mrs. Warren Everson visited Mrs. Owen New Sunday afternoon.

Mike Shaw of Mansfield visited in Truscott over the weekend.

Holiday visitors in the Clarence Miller home were the Jerry Hays family of Abilene and the Kevin Hinds family of Dallas.

On New Years weekend, a nephew of Jodie Miller's, Don Myers, visited her. He also visited relatives in Vernon, Benjamin and Ft. Worth.

The Truscott Community Center has two new folding chairs bought with S & H green stamps. Anyone with some extra green stamps, no matter how old, is asked to donate stamps to this project at the center.

Edgar Jones had as Christmas Eve guests, Vernon Jones of Crowell, Joyce and Q.D. Williams of Floydada, Norma Lee of Vernon, Sonseeahray Mobley and sons, Montana and Cody, of Vernon, Lou Lee of Lubbock, Charlie Lee of Austin, and Greg, Tanja and Kristy of Ft. Worth, Jacquelyn Brown of Houston, Bill Brown of Brownfield, and Jack and Clara Brown of Truscott.

Christmas day visitors in the home of Vivian Brown included Mac, Mary and Kim Harbour of Owasso, Oklahoma, Jack and Clara Brown of Truscott, Jacquelyn Brown of Houston, Bill Brown of Brownfield, Joyce Williams of Floydada, and Edgar Jones of Truscott.

Last Week's News

Christmas Eve and Christmas Day were clear and sunny on the Wichita Divide. There were lots of Christmas visitors and lots of Christmas trippers, but this reporter took that weekend off. New Year's weekend fared little better since your reporter didn't get in from a family wedding in Tulsa until late Sunday evening. A few calls were possible Monday morning and attempts will be made this coming week to catch readers up on the details of the holidays.

The Elmo Shaws' Christmas visitors included his brother, Tommy Shaw of Hurst, and their children and families. These were Christy and Jim Lynn Shook and children of Lillian and Tracy and Ken Smith and children of Graham. Billy contacted a virus at some point but reported she was feeling better January 2.

Mrs. Alma Lowrance of San Antonio visited her son and daughter-in-law, Eddie and Kathy Lowrance and their sons December 20 through 27.

Florence and O.R. Miller celebrated Christmas Tuesday, December 27. Guests included Jackie Miller and family of Slaton, Royce Miller and family of Vera; Rhonda Miller of Kerrville; and Wanda and Joe Hardin of Seymour. Jackie Miller was back for a brief visit Sunday, January 1. Some trouble with his pickup caused him to borrow a pickup from his parents, the O.R. Millers, so he could get back to teach at Slaton this week.

Randell Hord of Odessa visited his parents, Vula and Derrell Hord for 10 days during the holidays. He returned to Odessa December 31.

Gail Whitley, Crystal Dishman, and Paul and Ila Mae Bullion visited the Murry Bullion family in Plano December 25 and returned home December 26. The packers were due Tuesday and Wednesday and the movers were to

come Thursday. Murry and Shelly planned to drive to Florida then with their three sons. They will live at Winter Springs, near Orlando, Florida.

Christmas visitors in the home of Mr. and Mrs. L.D. Welch were Bob and Wanda Partridge of Arlington; Ken and Renae Jones and Jordan of Arlington; and Lloyd and Jaquita Welch and daughters of Munday.

Saturday, December 31, Kimberley Ann Harbour, daughter of Mac and Mary Ann Harbour of Owasso, Oklahoma were married in Owasso to Bryon Fry of Owasso. Attending the wedding from Truscott were the bride's grandmother, Mrs. Vivian Brown, and her uncle and his wife, Mr. and Mrs. Jack W. Brown. Her cousins, Jacquelyn Brown of Houston, and Bill Brown of Brownfield, also attending the wedding.

A certain reporter has been rebuked a time to two for failing to note in this column the Truscott visits of a certain person who is rather closely related to this certain reporter. May the record show that Ruth Brown Mescall and Meagan Mescall of Baytown fully intended to attend the Owasso wedding also but Meagan developed fuel containment problems so they were unable to make the trip. Problems, if that poor kid had been a space craft all the manufacturers would have been sued. However, being an 18-month-old human, she had bounced back enough, the day after the wedding, to make my telephone conversation with her mother mostly a series of "Meagan, quit that!" orders, on her mother's end of the telephone.

Sorry for the delays on holiday news, but we will try to include more next week since those who live out of town always look forward to reading about who was in for the holidays.

Assume for the next few minutes that you are a doctor. Write down the first five "vital signs" you would check to determine if a patient was sick or healthy.

Now change roles and pretend that you are a spiritual doctor. What five "vital signs" would you check to determine if you are spiritually sick or healthy?

You have the privilege of making your voice heard for God and for good through letters and phone calls. And those around you need to know that God specializes in healing spiritually sick people. Will you take ten minutes today to use that privilege?

See you next week, and remember: Whenever you have a fight with your conscience and lose, you win.

Visiting Mary Johnson and Latreace Lane recently were Wanna Hunter and Tammy, Mr. and Mrs. Tim Hunter, Ky and Lindsey, all of Iowa Park; Mr. and Mrs. Floyd Patton of Weinert; Debra Stevens and Bryan of Abilene; Joe Stevens of Clyde; Barrie and Hui Chong Stevens of Concord, California and Mr. and Mrs. Perry Patton and Chelsie of Munday.

Moorhouse Named Outstanding High School Student

Amy R. Moorhouse, of Keller, has been selected as a new member of Outstanding High School Students of America and will be included in the 1988-89 OHSAA directory.

Selection by the organization is based on outstanding merit and accomplishments as an American high school student.

Miss Moorhouse is the daughter of Mr. and Mrs. W. W. Moorhouse Jr. of Keller and the granddaughter of Mr. and Mrs. W. W. Moorhouse Sr. of Munday and Mr. and Mrs. Barton Carl of Goree.

The Truth About Stress Supplements

Stress is a "hot-button" word these days, especially for women who are trying to juggle multiple roles as wives, mothers, employees, community leaders, athletes or students.

Some manufacturers of supplements would like us to believe that a pill is the answer to stress. Stress tablets are based on a formula originally developed for post-operative patients and victims of severe trauma.

While the actual stress of surgical procedures or injuries can increase energy and nutrient needs, psychological stresses such as fear, anger and tension fall into the category of normal stresses of daily living and do not substantially increase nutrient needs.

Supplement marketers try to convince the public that the RDA for some nutrients is not adequate to cope with day-to-day stress. The adrenal glands are involved in the stress reaction, they say, and because the adrenal glands have high amounts of vitamin C, stress requires supplements of this vitamin. Clinical studies at this time do not support this claim.

Individuals under stress need supplementary B vitamins, say supplement manufacturers. Vitamin B6 (pyridoxine) is included in stress formulas because it is thought to raise serotonin levels, thus improving mood. Recent research shows neurologic damage in women who take high doses of B6 for

SSA In Search Of Correct Address Of Direct Depositors

After extensive attempts to locate nearly 20,000 direct deposit social security beneficiaries, the Social Security Administration (SSA) suspended payments on January 3, 1989, according to Frances Braden, Social Security representative of the Vernon Social Security office. A number of these suspensions occurred in the Munday area.

The 20,000 suspensions represent one-twentieth of one percent of the 39 million Social Security beneficiaries. Most of the suspended benefits have been going to banks or other financial institutions through direct deposit, but SSA has no current mailing address for these social security beneficiaries.

Direct deposit presents unique problems for the Agency with respect to communications with beneficiaries, death reports, and recovery of erroneous payments, officials said. While it is not the primary solution, the address verification project represents one extreme effort SSA makes in locating good addresses.

In a recent study, \$1.7 million in directly deposited benefits was found in bank accounts throughout the country belonging to beneficiaries whose deaths had not been reported. The Agency expects to recover all of this money.

SSA began early in 1988 to look for correct addresses for 250,000 beneficiaries whose annual Social Security Benefit Statements were returned by the Post Office as undeliverable mail. By December 1988, SSA had either corrected or verified over 230,000 of these addresses.

People who find they are missing their January 3 direct deposit payment need to contact a social security office with their correct address. It will take 2-3 weeks to receive the reissued benefit, officials said.

SSA's efforts to find its missing beneficiaries began with a search of its computer records and remailing the Benefit Statement, officials said. An SSA representative personally contacted each financial institution to ask for the current address for its direct depositors. The post office and telephone director assistance were also checked.

Social security beneficiaries should always be sure to report changes of address even though their direct deposit information does not change. To contact social security call 1-800-234-5772.

One male juvenile has been detained and a warrant has been issued through the Knox County Sheriff's Office for one male adult in Plainview following an incident Sunday morning involving the city fire hydrants in Munday and Goree.

Suspects allegedly opened the valves of six fire hydrants in Munday and four in Goree in the early hours Sunday morning, somewhere around 2:30. Some 140,000 gallons of water went through the Munday lines, and Goree lost 60,000 gallons, leaving holding tanks at a dangerously low level.

City workers in the two towns spent several hours on the job Sunday morning repairing the damage. Monetary value for labor and water loss has been estimated at \$228.02 for Munday and \$91.00 for Goree.

There is evidence to support increasing potassium intake during stress, but nutrition experts recommend doing this by eating more fruits and vegetables and drinking fruit juices.

So what can you do when you're experiencing day-to-day stress? Try taking these steps:

- * Eat regular meals in small amounts, since stress can slow the digestive process.
- * Increase the amount of fruits and vegetables in the diet.
- * Eat high quality protein foods to protect against muscle breakdown.
- * Drink plenty of fluids.
- * Exercise to reduce anxiety and to feel a sense of control.
- * Use relaxation techniques to counteract tension.
- * Enjoy comforting foods like baked custard or chicken soup in moderation. Individual comfort foods are more likely to relieve stress than a pill!

An Acrylic Cutting Board Is Safest

Try using an acrylic cutting board. Knives won't leave grooves in it where bacteria from fresh meats and their juices can hide. So it's much easier to keep this kind of board safe from use to use.

It may be surprising to learn that sour cream contains only 25 calories per tablespoon while mayonnaise contains 101 calories per tablespoon.

Seventh Grade Girls Defeat Knox City 22-21

The Munday seventh grade girls played Knox City last Thursday night and won by a 22-21 score. Munday led most of the game, but a rally by Knox City gave them a one-point lead until Munday scored the winning basket with a little over one minute left in the game.

Sixteen girls suited up for Munday, and all of the girls played in the game. Scorers for Munday were Melissa Berryhill 12 points, Michele Berryhill 7 points, Robyn Clem 2 points, and Danette Owens 1 point.

Munday's next action will be against Vernon and will be played at Munday on Thursday.

JV Moguelles Defeat Knox City

The junior varsity Moguelles went head-to-head with their cross-county rivals, the Knox City Houndettes, Monday in MHS gym and came out on top by a 36-30 score. The girls now have a record of 7 wins and 4 losses.

Scoring for the Moguelles were Misti Zeissel, 12; Susan Whittemore, 7; Bridgett Beatty, 6; Missy Reneau, 5; Beth McPherson, Kathy Welch and Maria Jones, 2 each.

The JV girls will travel to Rotan on Friday night.

Wichita Falls, TX

Free hearing tests will be given Wednesday, January 18, at the Munday Clinic by Belltone of Wichita Falls. Hours: 9 a.m. to 12 p.m.

Those who HEAR but have trouble UNDERSTANDING conversation are urged to have this modern electronic test to find out if their loss is one of many that can be helped.

Everyone not hearing clearly should have a hearing test. Even people who wear aids, or those who believe nothing can be done for them, should be tested. Today, most hearing problems can be helped. No hearing problem should ever be ignored.

OUR THANKS

Words cannot express how we truly feel, but we would like to extend our heartfelt "thanks" to each of you who helped make the loss of our loved one, Beatrice Hutchinson, more bearable.

To the employees and director of the Munday Nursing Center, we truly appreciate and thank you for all the care and support you have given these six and a half years.

To Dr. Neufeld, we thank you for attending to her and for coming in the middle of the night like you did.

To each of our relatives and friends, we thank you for caring; for being there for us; for your love and support; for the food brought to our homes; for your visits, calls and cards; for the beautiful flowers and living memorials.

To our escorts, the Sheriff's Department; to Richie and Gayle for making her look so pretty and making possible a beautiful service; to those of you who performed the service with words, music and song, we "thank you".

To the memory of a loving, lovable lady

We say "Thank You"

Weinert Students Participate In Weekly Reader Program

Students in Janet Frazier's prekindergarten and kindergarten classes at Weinert Elementary School are currently participating in a Writing Pals program sponsored by *Weekly Reader*. The students are writing to pen pals in a kindergarten class in Waterville, Vermont.

The students have identified the location of their pen pals' hometown on the map, and through their letters, have found some similarities in their towns. Both are small towns, with small schools. Both groups enjoy books and their pets. Agriculture plays a role in both locations: the Vermont children told of "maple sugaring" while the Weinert children told of cotton, hay, wheat, and cattle. Mrs. Frazier's class sent cotton bolls with their last letter.

The students have also noted some differences. The Vermont children help cut their own Christmas trees, and some of their parents work at snow skiing resorts. The Weinert boys and girls watch cotton grow in the fields and noted that it snows more in Vermont than it does in Texas.

In February, Mrs. Frazier will receive a complimentary kit, which includes a Polaroid Sun camera and film, from the Polaroid Education Program for her participation in the Writing Pals program. The Polaroid Education Program is cooperating with *Weekly Reader* to expand the Writing Pals program. *Weekly Reader* will provide a full-color classroom poster designed to look like a page in a photo album which has been die-cut to hold Polaroid photographs. The Writing Pals are encouraged to exchange photos with each other. The Weinert students sent a group photo with their introductory letter and look forward to posting the Vermont photos

in the Weinert School halls for all students to view.

Dr. Lynell Johnson, Executive Editor of *Weekly Reader* says, "It's great to see how excited children and their teachers get about the Writing Pals program. Because it's not just fun, it's also very much worthwhile. The program builds friendships across the miles. It teaches kids about other parts of their country. And it gets them writing."

Mrs. Hutchinson Buried Thursday

Beatrice Hutchinson, 80, died Wednesday, January 4, 1989 at the Munday Nursing Center.

Services were held at 10:30 a.m. Thursday, January 5, at the First Baptist Church in Weinert with Jimmy Hackney and Roy Herricks officiating. Burial was in Weinert Cemetery under the direction of McCauley-Smith Funeral Home.

Mrs. Hutchinson was born September 20, 1908, in Garmian, Oklahoma. She was a homemaker and a member of Munday Church of Christ. She and Robert Earl Hutchinson were married October 28, 1927, in Knox County. He died February 28, 1969.

Survivors include three daughters, Eunice (Mrs. Jimmy) Cox of Breckenridge, Christine (Mrs. BoydLynn) Meers of Munday and Jean (Mrs. Ben) Curd of Arlington; three sons, Lester Hutchinson of Weinert, Bobby Hutchinson and Jerry Don Hutchinson, both of Munday; a sister, Oleta Fitzgerald of Knox City; a brother, R.D. Humphries of Wichita Falls; 14 grandchildren; and eight great-grandchildren.

Weinert News

By Mrs. Myrtle Phemister

Our weather has continued to be cold, windy and dry. We hope for some moisture, and colder weather to kill the insects that farmers fear.

Our sympathy is extended to the Raynes family upon the death of Mrs. Jiggs (Margaret) Raynes in Great Bend, Kansas, a few days ago. Margaret succumbed to cancer after many years of battling the disease. Her memorial services were held in Great Bend on December 26. Attending from Weinert were Mr. and Mrs. Bob Raynes and Mr. and Mrs. Bobby Raynes.

The friends of the Hutchinson family offer our condolences to the family upon the passing of Mrs. Robert (Beatrice) Hutchinson last week. The memorial services were conducted on January 5 with Jimmy Hackney and Roy Herricks officiating, with burial in the Weinert Cemetery beside her husband.

Beatrice was a resident of the Munday Nursing Center for 6 1/2 years after suffering slight strokes and hardening of the arteries prevented her from living elsewhere. We remember the beautiful Christian life she lived in our community. The many hours of service she gave to others, sitting with the sick, babysitting, club work and or course, work in the Church of Christ. She is gone, but not forgotten.

She raised six wonderful children and her influence continues to live through them.

The family has asked that through this column their gratitude for the comforting sympathy offered them, the bountiful meal the community prepared, and the use of the Baptist Church facilities, be expressed and conveyed to each one of you. They are very appreciative of it all, and wanted you to know.

We will sing the birthday song to Herchel Alexander, Gail White, John Bruggeman, Ruben Castillo and Ann Horan this week. (And to Martin Luther King on Sunday.) Happy Birthday, all!

Visitors to Weinert includes the LaRoque family from Odessa, who came to visit their mother, grandmother and great-grandmother, Frances Mahan. They are Ruby LaRoque, her son, Mr. and Mrs. Bruce LaRoque, and children, Justin, Chad, Paul and Jessica. Bruce is a fireman in Odessa, and CRP technician.

Bertie Alexander had some surprise guests when her granddaughter, Donna and Bryan Cotten, and Krista, arrived for a visit from Memphis, Tennessee.

Other guests were Mr. and Mrs. Arby Touchstone of San Antonio and Wanda Smith of Wichita Falls, nephew and nieces of Bertie's.

Guests in the Brockett home were children and grandchildren, and included Mr. and Mrs. W. C. Nance of Summerville (near Houston), their grandson, Mr. and Mrs. Ricky Nance, Clint, Shannon and Ricky, Jr. of

Garden Club Meets In Amerson Home

The Munday Garden Club held their first meeting of 1989 on January 3 in the home of Louise Amerson.

Mrs. Lonnie Offutt, president of the group, presided for the meeting. Mrs. Floyd Reed, program chairman, introduced Betty Kramp, research associate with the Texas A&M Research Station in Munday, who presented a program on water and fertilizing plants.

Following reports from various committee members, refreshments were served to Mmes. Weldon Floyd, Lloyd Mathews, Wallace Moorhouse, Louise Moore, Lonnie Offutt, Tince Offutt, Joe Roberts, and Betty Kramp.

John and Frances Hamm of Austin spent the Christmas holidays with her mother, Mrs. A.R. Bayers, in Gilliland.

Alamos, N. M. was in town to accompany them to Winters.

Those club members who were in Abilene to view the donated items for the Rehab Auction were Jimmy Weinert, Betty Sanders, Alice Yates, Faye Jetton and Myrtle Phemister. This is the 10th year that the Extension Club has made a quilt for the Rehab Center.

We had much illness in Weinert last week, that hit several homes with strep throat, viruses, flu and other symptoms. The Woods, Forehands, Walkers and others were quite ill for several days.

Ted Jetton was rushed to the Haskell Hospital with a breathing problem, and spent the night before coming home on Monday.

D. I. White had a problem with his heart, and spent a few days in the Abilene hospital as the doctors worked to regulate his heart beat.

The Weinert Elementary School is involved in midterm tests this week, and look forward to Friday when the students will enjoy a day out of school. The teachers will have a work day.

The basketball team was involved in a tournament in Rochester this past weekend. They will meet the Benjamin team in the Weinert gym on Thursday, January 12, at 5:30 p.m.

Thought for the day: Look at others with your heart. Your eyes might not see so good. (Barbara Metcalf)

TAKE THE CHILL OUT OF WINTER HEATING BILLS.

WTU has these suggestions for lower energy bills.

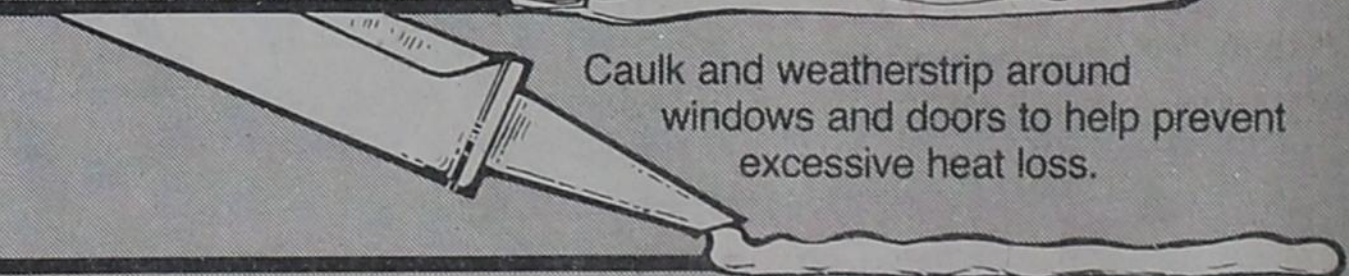

Clean or replace filters monthly in your heating unit.

Set the thermostat at 68° or lower.

Check the attic for adequate insulation; R-30 is recommended.

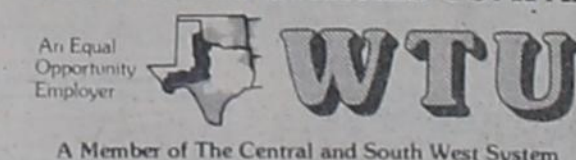

Caulk and weatherstrip around windows and doors to help prevent excessive heat loss.

Tightly close the damper in the fireplace when not in use.

Open drapes and blinds during the day to let in sunlight and close them at night to hold in warm air.

For a more comfortable home and an electric bill that won't give you a chill, contact your local WTU office for more conservation tips.

JV Boys Fall Victim To Tough Competition

Since the Christmas holidays, the JV boys have been up against some stiff competition, including Stamford, Bridgeport, Hamlin and Knox City.

On December 27, the boys faced Stamford with four players, three of them starters, still on vacation. Stamford won the contest 56-28. David Owens was pulled down from the varsity team and contributed 19 points against Stamford. With only six players, the boys were playing positions they normally wouldn't play and defensively, guarding people they normally wouldn't guard. Other scorers in the game were Kent Latham, three points; Tony Hunter, Jason Bowman and Bryan Latham, two each.

The first game of the new year was against Bridgeport at Archer City. The Moguls were outscored 67-38, but Coach Mark Dobson felt the boys played a good game. The difference in the score was a result of turnovers, which can be expected from a young team. High scorers in the game were Kent Latham with 11 and Tony Hunter with nine. Chris Scott came in for six points, Mark Smith and Jayson Morgan had four each and Bryan Latham and Jayson Bowman each had two.

On Saturday, January 7, the JV boys traveled to Hamlin for a contest against the freshmen. The boys managed to cause a great deal of turnovers for Hamlin and began to feel comfortable with their pressing game. It was a close scoring game throughout the contest,

Seventh Grade Boys Lose To Knox City

The seventh grade boys had an off night last Thursday against Knox City's seventh graders. The first half of the game went well with Munday controlling the ball. At the half Munday was down by seven points and one of the main ball handlers, Jake Jordan, was in foul trouble. Kole Sanders and Aaron Kiser played well against Knox City's press and accounted for a large number of points in the game. Terry Tomlinson, Brandon Milhoan and Jason Bowman were a good match in size for the Knox City boys, but regardless of what Munday did, things didn't seem to go their way. High scorers in the game were Kole Sanders with five points, Aaron Kiser and Dustin Kiser with four points each and Terry Tomlinson with two.

The boys are 0-5 for the season, but Coach Dobson feels that with a little more experience, the boys will be on the road to success.

CARD OF THANKS
Bill and I thank everyone for the prayers, get-well cards, visits, telephone calls, flowers and food while I was in the hospital and since I have been home.
God Bless each of you.
Myrtle and Bill Everett

with the score 20-19 in Munday's favor at the half. At the end of the third quarter, Hamlin went ahead 31-27. Hamlin had a couple of runs extending their lead to 15 points causing Munday to play catch-up ball. Outcome of the game put Hamlin on top 46-35. Bryan Latham, Chris Scott and Jayson Morgan each had eight points followed by Kent Latham with 6, Tony Hunter with 3 and Jason Brown with 2.

The junior varsity boys faced off with cross-county rivals Knox City on Monday. Although the boys did not pose much of an offensive threat to Knox City, they did play a very good defensive game and put a lot of pressure on their opponent, causing several turnovers. Munday, however, was not able to capitalize on all the turnovers. Knox City came out on top by a 39-25 score. High scorer was Jayson Morgan with an impressive 19 points, followed by Bryan Latham with 6.

Coach Dobson commented, "For the fifth time this year we kept our opponents under 40 points, three of these games were victories. If we can play this type of defensive game every time and become more of an offensive threat, we should develop to be a strong threat to all of our opponents."

The junior varsity Moguls hold a 3-9 record for the season. ***

KC Eighth Grade Boys Take Win

The eighth grade boys traveled to O'Brien to play the Knox City Greyhounds last Thursday. Key turnovers gave Knox City the advantage to a 40-29 win.

The Greyhounds had one scorer that dominated the game with 22 points. The first half of the game belonged to Munday with a six point lead in the first quarter. At half time the lead had narrowed to two points, with a 20-18 score. In the second half, the boys came out cold, scoring only three points in the third quarter and six points in the fourth. Knox City was consistent with 11 points in each second half quarter.

"I think once we got behind we began taking shots that we normally pass up," Coach Dobson said. "Also, we missed a few fast break layups. Overall the boys are playing well and are continuing to improve."

High scorers in the game were Ray Martinez with 8, Mike Bunton, 6; Noel Campos and Chad King, 4 each; Jay Kingston, 3, and Daniel Serrato, 2 points. Freddie Sosa, Jay Kingston and Ray Hernandez had a good defensive game and Brandon Cottingham, Gene Shields, Lance McWhorter and David Tidwell came into the game to help out.

Benjamin News

By Mrs. Gladene Green

It's getting to be a habit! This week's apology goes to Stanton Brown. Stanton's name was left off in the listing of those county officials and employees who attended the swearing in ceremonies in Seymour of Judge Hajek and District Attorney Williams. Stanton began work in the appraisal office December 1. I do apologize to Stanton and appreciate these mistakes being brought to my attention.

INJURED IN ACCIDENT

Kelly Moorhouse, daughter of John and Carolyn Moorhouse of Seymour, suffered massive head injuries in an automobile accident on Sunday night. Kelly underwent surgery in the Wichita General Hospital and at this time (noon Monday), she is in ICU with her condition being listed as critical. Our prayers certainly go out to Kelly's family. She is the granddaughter of Benjamin residents, Togo and Lucille Moorhouse.

Nell Hudson is a patient in the Knox County Hospital. She was admitted early Sunday morning and according to her family, she is resting pretty well but will be there probably for a few days. We wish Nell a speedy and complete recovery.

Word concerning Grace Snailum is that she is doing quite well these days. Several have talked to her and report that she sounds good, feels pretty good, and sends her best to all her friends here at home.

Audrey Nolan and Lona Feemster, who reside in the Knox City care home, are also doing pretty well. They enjoy company so why not take a minute

when you're over that way to run by and see them. A little effort on our part means so much to them.

BALL NEWS

The junior high teams played Goree on Thursday. I was not there but am told that the boys won and the girls lost. The boys' score was 35-15, and the girls' score was not available.

The high school girls bagged a couple of wins this week. On Tuesday night, they went to Harrold coming home victorious. The score was not available.

Then on Friday night, in a packed gym, they defeated the Munday Mogulettes by a score of 29-26. It was a good game. Munday had us out numbered but our girls' height proved to be a disadvantage for our visitors.

Scoring for the Lady Stangs were Francine Redder 11, Kelly Westmoreland 10, Shannon Parker 4, Sandra Bolones 3 and Christi Whitten 1.

Friday night, we host Goree and next Tuesday night, we play Knox City also here at home.

HERE 'N THERE

Dee Ann Lamb and I visited the Gordon Taylors in Childress last Monday. They are all settled into their new home and are really liking Childress.

Weekend guests of Dorothy and Randy Hibdon and Lois Golden were Mary Ann and Bruce Paxton and Linda of Lubbock and Connie Harvey and Paula of Haskell.

Kathie and Jack Waldron have taken over the cafe formerly operated by Bud and Von Conner. They opened for business today, (Monday) and invite everyone to come by to see them.

Soil Test Now To Determine 1989 Crop Needs

Soil Testing should be one of the first steps in planning your 1989 crop production, and now is the time to collect soil samples from fields to be planted to spring crops.

Cost of a soil test is a minor investment to make for the peace of mind it brings when faced with making fertilizer decisions.

Limited rainfall in many areas of Texas in 1988 resulted in crop yields below the yield goals for which crops were fertilized. Thus, some soils have fertilizer nutrient carry-over that could reduce 1989 fertilizer requirements. But only soil testing can determine that carry-over.

Following soil test recommendations can effectively reduce the per unit cost of producing a commodity and increase the chances of making a profit.

Of course, a good fertility program can only insure optimum yields when other conditions affecting crops yields are favorable. A good plant stand, adequate moisture, good physical condition of the soil, and insect, disease and weed control are all important in obtaining profitable returns from money invested in fertilizers.

Crops producers who have not yet made a final decision about which crop to plant on which field should submit soil samples now and request fertilizer recommendations for several cropping alternatives per soil sample. This information can be helpful in making final cropping decisions.

Soil sampling bags and information sheets can be obtained from the county Extension office.

Moguls Land Spots On All-State Team

Even though the 1988 Munday Mogul football season ended earlier than anticipated, honors for the team continue to roll in. The Texas Sports Writers Association all-state teams were announced Sunday, and four Moguls landed spots on the teams.

Look Who's Here!

Tony and Sharon Duesterhaus of Pep announce the birth of their son, Layne Steven, on December 24, 1988. He arrived at Methodist Hospital in Lubbock and weighed 7 pounds, 14 ounces.

Layne was welcomed at home by two brothers and two sisters, Keith, 20, Bonnie, 15, Byron, 14 and Sheila, 13.

Grandparents are Emma Duesterhaus of Munday and Erwin Bartels of Hereford. Great grandmothers are Amelia Halfmann of Olfen and Frieda Bartels of Hereford.

Look Who's Here!

Mr. and Mrs. Andy Searcey are proud to announce the arrival of their son, Andrew Philip Searcey, born December 28, 1988. He weighed 7 pounds, 5 ounces and was 20 1/2 inches long.

Andrew has an older sister, Courtney, who is 5 years old.

Proud grandparents are Mr. and Mrs. C.E. Searcey of Munday and Harry and Mary Esteve of Colorado Springs, Colorado. Great-grandparents are Mr. and Mrs. Eugenia Searcey of Munday and Mr. and Mrs. Frank Oman of Haskell.

Senior Lowell Hutchens, a third team selection at offensive tackle last year, moved up to second team offense this year and also received honorable mention as defensive lineman.

Senior Chad Bordovsky, honorable mention pick last year, was chosen third team defensive linebacker this year, and sophomore Terry Collier received third team running back honors. Honorable mention went to sophomore defensive back, Perry Collier.

The only other District 9-A players picked to the all-state team were Knox City tackle Fred Ledesma and Rotan tackle Lance Ragan.

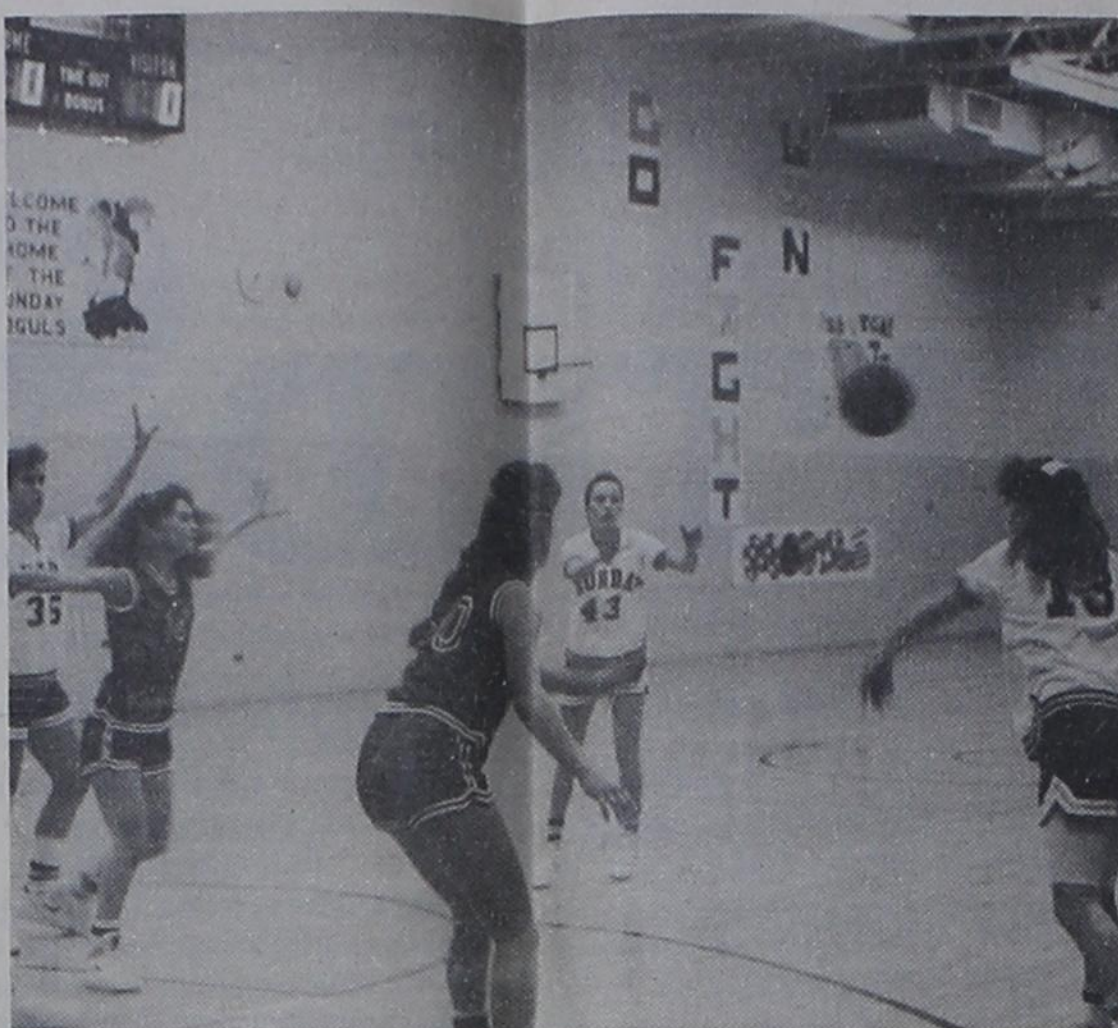

State champions, White Deer, had two players on the first team, while runner-up Flatonia had three players honored.

Headstream Center Seeks Donations

The Headstream Memorial Center in Haskell, a branch of the Texas Department of Mental Health and Mental Retardation, is currently trying to raise funds to add additional space to their facility.

Persons interested in helping in the fund raising effort are encouraged to do. Sarah Meinzer, Headstream director, reminds area residents that donations to the fund can also be made in memory of loved ones.

The Headstream Center serves Haskell, Stonewall and Knox Counties.

DISTRICT 18-A CAGE ACTION continued Monday night, as the Munday Mogulettes hosted cross-country rivals Knox City, coming out on top 46-28. The girls are now 11-8 for the season and 2-1 for district, and hold the second place slot. Photo by Susan Edwards

Moguls Take Lead In In District Cage Action

The Munday Moguls took the lead in district action Monday night defeating the Knox City Greyhounds by a close 54-51 score. Last Tuesday the Moguls posted a solid 75-34 win over the Rochester Steers and on Friday they traveled to Archer city to do battle with Class AAA Bridgeport Bulls. The Moguls hold a 12-7 over-all record and a 2-0 in district.

The Mogulettes split two games last week, easily defeating the Rochester team 62-29, then falling 29-26 to Benjamin. The girls are now second place in district action following their win over Knox City on Monday night. The Mogulettes hold an 11-8 record for the season and are 2-1 in district play.

The Moguls opened a 23-20 first quarter lead against the Steers. Kent Sanders, with assists from Perry Collier and Marc Andrade, netted 11 points during the quarter. The Moguls continued their assault on the basket and took a 42-17 halftime lead. With Chad Bordovsky and Sanders doing most of the damage, the Moguls opened their advantage to 63-27 by the end of the third quarter.

The Mogul reserves took the floor during the latter part of the quarter and all of the fourth quarter, padding the lead to the final 75-34 margin. Each of the Moguls scored during the contest. Sanders finished with 25 points on 11 for 13 from the field and 3 for 3 from the line. Chad Bordovsky followed with 16 and Perry Collier had 13. Lowell Hutchens led in rebounds with 10.

The Moguls opened a 13-8 lead in the early stages of the game against Bridgeport, but the Bulls came charging back during the second quarter to take a 20-13 advantage. The Bulls maintained that lead and went in at halftime with a 26-21 lead. At the end of the third quarter, the Moguls had narrowed the difference to only one point, using a zone press and sticky man defense. The Moguls dominated the fourth quarter and salvaged their 11th victory of the year. During the fourth quarter, Lowell Hutchens hit a big jump shot and Marc Andrade hit a three point shot that broke the game open for the Moguls. Perry Collier had a big scoring night, hitting 19 points. Kent Sanders continued his hot shooting by hitting 6 of 7 from the field and finishing with 14 points.

A very talented Knox City team, led by senior forwards, Pat Wupperman and Jim Ford, jumped out to a 15 point second quarter lead in Monday night's game. With Marc Andrade leading the way, Donald Edrington coming off the bench contributing five points, the Moguls edged back to within five points

by halftime. The Greyhounds led at this point, 35-30. The Mogul surge continued during the second half with Chad Bordovsky leading the way, garnering 14 of his 21 points. The Moguls gained the lead with about six minutes to go in the fourth quarter and built their lead to four points with three minutes remaining. They managed to run the clock out to capture the win. Lowell Hutchens again led the Moguls in rebounds, grabbing 10.

The Mogulettes led the entire game against Rochester, with all the girls seeing a considerable amount of playing time. The scorers for Munday were Mindy Myers, 28; Christy Williams, 12; Robin Reneau, 6; April Offutt, 6; Denise Kuehler, 4; Jae-Jae Reneau, 4; and Alicia Cook, 2. The Mogulettes hit 49% from the floor for some of their best shooting of the year.

On Friday in Benjamin, the Lady Mustangs jumped into an early lead and were able to slow the game down to the tempo they wanted to play. Munday led briefly in the third quarter, but were not able to hold on for the win. Scorers for Munday were Mindy Myers, 11; Christy Williams, 9; April Offutt, 2; and Jae-Jae Reneau, 2.

The results of the game against Knox City will be printed in next week's Courier.

COACH SLOAN'S COMMENTS

We played two games this week. In the Rochester game, we played well and shot well, and in the Benjamin game, we played an excellent floor game, both offensively and defensively, but we were not shooting as well as we did against Rochester, and this probably cost us the win.

The girls have played very hard this year, and I do not think this one loss will put them in a tailspin. Our spirits are high, and we think we have a good shot at winning district.

This week should be very interesting, as we host Knox City on Monday night, and this is always an entertaining game, and then travel to Rotan on Friday night to play another good team.

January 13 - Teacher in-service workday; Knox County Junior Livestock Show.

January 14 - Knox County Junior Livestock Show.

January 16 - Red Cross Bloodmobile at Community Center; Munday Volunteer Fire Department.

THE MUNDAY MOGULS took the lead in district basketball action Monday as they defeated the Knox City Greyhounds 54-51. The Moguls' record is now 12-7 for the season and 2-0 in district. The boys will play Rotan on Friday in a non-district contest. Photo by Susan Edwards
