Views From Another Point

by Joyce Beecher Greenwood

My mother turns the volume on her television set off when the old woman in the bonnet for a certain truck advertisement demands, "Don't you buy no ugly truck!"

"That's absolutely the worst commercial I've ever seen," declares my mother. "Not only do they make fools of themselves, but they put that poor little innocent girl up there who doesn't even know what she's saying."

The truth is, advertisements can be just a touch too much sometimes. Why then, would any fairly sane person sit up until way past midnight on a Saturday night reading them? That's how I spent last Saturday night. But then, the advertisements I was reading were pretty extraordinary. There were no ads for Apple Computers or trips to Alaska via Delta flights. These were advertisements for anyone needing dry services - and before anyone under sixty becomes completely perplexed, a dray was a heavy wagon that hired out to transport heavy loads - a little like a moving van.

There were also ads for "modern new Emerson surries and hacks. Buy on time payments or pay cash". There were ads for corsets for the ladies and overalls selling for 98¢ a pair for the men. There was an ad for a "face-saving Valet Auto-Strop Razor for a lightning shave - 78 seconds from lather to towel".

Nesco circulating kerosene heaters were recommended for "fireside warmth and enjoyment". Haarlem Oil capsules promised to "correct internal troubles and rid the body of kidney, liver, and bladder disorders, rheumatism, lumbago, and uric acid conditions". Crazy Water Crystals were a sure cure for constipation, indigestion, stomach trouble, sleeplessness, and nervousness while Pabst Extract was guaranteed to renew vigor and energy and to "put a spring in the step". (Don't you wish you could still buy that by the gallon?)

Margie Allen of Goree was kind enough to share with me her priceless collection of magazines dating back to 1905 and several copies of the Goree Advocate dating back to 1917. I felt as though I had been transported back into time as I read the 1917 issues and the names of the boys who were entering World War I. There was the copy from 1930 describing the floods that caused Miller Creek and Lake Creek to overflow their banks, making the rivers more than a mile wide, washing away an entire (Tidwell) family in the rampaging, muddy waters.

In a 1922 issue, there was an account of a little girl in Benjamin, the 12-year-old daughter of Floyd Brown, who had her long braids cut off by an unknown intruder in the home while the family slept. The braids were found "lying in the hall of the family home and no reason is known for this outrage". The incident was under investigation by the sheriff.

In an editorial by Advocate Editor, E. L. Covey in 1929, it was suggested that tests might be given to drivers of automobiles and driving permits issued "due to the increasing number of automobile accidents". And a clipping from 1918 told of a visit to Knox County by Colonel W. H. Harvey when he had "passed very favorably on the road through Knox County. The proposed road will enter the county across Lake Creek to the north east of Goree and follow the Wichita Valley as nearly as possible through the county." This, I presume, was later to be known as Highway 277 and descendants of the men who proposed it would travel it daily in modern

MOULTON WIGGINS, left, chairman of the Knox County Cemetery Survey Committee, accepts a plaque of appreciation from Clara Brown, county Historical Society chairman, at a special meeting held Sunday in Benjamin. Cemetery survey ledgers were presented to the Historical Commission at that time to be placed on display in the county museum.

In Special Dedication Ceremony

County Cemetery Surveys Become Part Of Museum

A large crowd of Knox County residents and guests from surrounding areas was present at a special meeting on Sunday, September 17 in the Benjamin Courthouse as cemetery survey ledgers were presented to the Knox County Historical Commission, culminating months of tireless effort by many dedicated citizens.

Knox County Cemetery Association chairman, M.L. Wiggins of Munday, opened the dedication service by welcoming the guests and after a prayer by Rev. Crow, retired minister of the Vera Baptist Church, spokesmen for the individual cemetery committees were asked to give a brief report on the earliest burial in each cemetery.

The earliest recorded graves in Knox County are those of an infant son of Dr. Malcom Henry in Benjamin in 1885 and Ruby M. Sheik who was entombed in the China Creek Cemetery of Truscott also in 1885. Mrs. Christine Patterson of Benjamin gave the report for her city while Mrs. Ila Bullion reported for the China Creek Cemetery. Mrs. Bullion also gave the report on the Truscott Cemetery where the oldest grave there is that of James H. Ravage, buried in 1891, who served as a member of the South Carolina volunteers in the Civil War.

Mrs. Francis Brown gave a brief history of the Rhineland cemetery and the

Retired Teachers Plan Meeting

The Knox County Retired Teachers Association will meet at 2:30 p.m. on Tuesday, September 26, at the Knox City Community Center.

All members are encouraged to attend.

County Commissioners Adopt 1989 Budget, Set New Tax Rate

Money in reserve will have to be used in order to balance the 1989 budget for Knox County, according to Knox County Judge David N. Perdue. The decision came following a commissioners court meeting and public hearing held September 11 in Benjamin. The court also voted to increase the tax rate from .448 cents per \$100 valuation to .4916 cents per \$100.

Knox County suffered a loss of \$7 million this year in property devaluation. Property in Knox County in 1988 was valued at \$152,831,020; in 1989 that value has dropped to \$145,509,377. Budget expenditures were increased for 1990 in anticipation of a pending capital murder trial that could be very expensive. "\$100,000 may be a conservative estimate for that trial," Perdue stated.

The Commissioners Court also voted to impose the optional County Road and Bridge fee from \$5 to \$10, Perdue said.

earliest burial there of Mrs. John Rookner in 1898. The Rhineland Cemetery is located just northwest of St. Joseph's Catholic Church and Mrs. Brown gave an account of how for many years the coffins were carried by the pallbearers from the church to the final resting places in the cemetery.

M.L. Wiggins, reporting on the

FmHA Meeting To Focus On Loan Servicing Options

Knox County farmers with loans from the Farmers Home Administration are invited to a meeting on Thursday, September 18 to see how FmHA's computer program is used in considering loan servicing options such as rescheduling and write-downs.

The meeting will be held at 10 a.m. in the Willbarger Auditorium, 2100 Yam-parika, in Vernon.

FmHA County Supervisor Bobby Cude said the meeting is particularly important for FmHA borrowers behind in their payments and those having difficulty with their loans.

"We will go over all the options available to those borrowers and explain how to go about finding one that will keep them in operation," Cude said. "We will be putting emphasis on the Debt and Loan Restructuring (DALRS) computer program that was developed just for this purpose."

Cude said DALRS does many mathematical calculations quickly and in a number of combinations in helping in the analysis of farm financial plans.

"This option was passed during the last Legislature and will remain in effect until the order is suspended by an order to decrease the established extra fee, or is rescinded in its entirety. These additional fees will be applied to pay for right-of-way costs and utility relocation for the two new farm-to-market roads in Knox County," he continued.

Projected revenue for 1990 is \$1,217,174, with projected expenditures of \$1,356,728, a difference of \$139,554, which will come from reserves.

1988 revenues for Knox County were \$1,687,564, while expenditures were \$1,675,858.

City Council Ok's Employee Pay Increase

The City Council of the City of Munday met in regular session at 7 p.m., September 12, 1989, in the City Hall.

Members present included Richard Albus, Jessie Tucker, Gene Brown, David Booe and Jessie Andrade.

Mayor pro-tem Albus called the meeting to order. Minutes of the August 22, 1989 special meetings were read. Brown moved minutes be approved as written. Booe seconded; all for.

The Council discussed the appointment of someone to preside in the event Mayor pro-tem Albus is absent at some future meeting. Booe moved that Gene Brown be designated to preside in that event. Tucker seconded. Motion carried; all in favor. (Until a Mayor is appointed or elected).

Mayor pro-tem Albus next presented a request from Knox County Appraisal District for Munday to consider those now on the Knox County Appraisal District Board of Directors. They are W.R. Moore Jr., Charles Griffith, W.R. (Bill) Baker and Byron Gass. (Bud Carver has resigned). John Grindstaff will accept the position vacated by Carver if elected. Following discussion, Brown moved Munday vote 40 votes each for Moore, Griffith, Baker, Gass and Grindstaff. 200 total votes. Tucker seconded. Motion carried; all members voted for.

The next order of business was consideration of Munday's employee salaries, benefits and City budget set for this purpose. An employee questionnaire,

which asked each regular employee four questions, was reviewed by the Council. Requirements is that all employees participate in a retirement system, in addition to Social Security, is adopted. Employees voted 60% in favor of a salary increase instead of retirement plan adoption. This could possibly be again reviewed by the Council in a few months, Mayor pro-tem Albus said. Discussion followed. Last salary percent raise was given December of 1987. Brown moved that Stephen Lusk be given a \$50 increase as agreed to previously and that all regular salaried employees be raised by 4%, this to commence on October 1, 1989, first raise reflected in October 15, 1989 checks. One part-time employee is to be discharged as of September 30, 1989, since extra help will probably not be needed until

early next year. Booe seconded the motion. All members voted for. Mayor pro-tem Albus expressed his sentiments and that of the Council and Administrator Hertel by saying "We do appreciate our employees and the job they do."

Operation of the landfill and the emergency dumping site were next discussed. "We are required to operate by Texas State Health Department rules and ask public help in cooperating with us," Albus said. Albus offered a suggestion as to tire disposal - which is a major problem. Solutions to this and other problems are being sought, Albus said, and we still plan to try to get our new site eventually approved if financially feasible and the State should approve our permit application. If not, then we will

(See COUNCIL, page 2)

THIS PICTURE PERFECT pass to Terry Collier, was one of two touchdowns passes caught by Collier at Holliday last Friday. The Moguls, winning the contest by a 47-17 score, launched a massive offensive attack led by quarterback Marc Andrade and the "touchdown twins" Perry and Terry Collier. Terry rushed for 140 yards on nine carries and scored on runs of 43 and 65 yards, as well as his two touchdown catches. The Moguls will host Archer City this week with kickoff time at 8 p.m.

Moguls Outscore Eagles 47-17

With the memories of last year's 20-19 loss to Holliday still fresh on their minds, the Munday Moguls took to the field Friday night with a vengeance. The Moguls ran and passed by the Eagles claiming a 47-17 victory and a 2-0 start for the 1989 season.

The Moguls won the game in the same fashion that they defeated Haskell, with a massive offensive attack led by quarterback Marc Andrade and the touchdown twins, Perry and Terry Collier.

Behind a small but scrappy offensive line of Bryan Latham, Brett Bruce, Jerry Brannam, Jeff Herring and Dwayne Redder, the Moguls were forced to punt only one time.

Munday took the opening kickoff and drove 55 yards for the first score with Andrade passing for 29 yards, hitting Terry Collier for 18 and Bobby Dockins for 11 in the 12 play scoring drive. Andrade ran seven yards around right end for the TD. Bobby Dockins kicked the extra point.

The first time the Eagles got their hands on the ball, they drove to the Mogul 48 yard line and punted to the Munday 25. After an incomplete pass Perry Collier raced 75 yards around left end for the second touchdown. The kick was wide.

Holliday marched downfield on their second possession to be stopped on the 6 yard line by the stubborn Mogul defense.

Unable to generate any offense, the Moguls punted 37 yards to the 40 yard line where Holliday took over. After picking up one first down, the Mogul

defense stiffened, stopping the Eagles twice for a minus 8 yards. Two incomplete passes gave the ball back to Munday on the 43 yard line. Moving the ball on the ground for three first downs, Marc Andrade then hit Terry Collier racing down the left sideline for a 20 yard scoring pass, making the score 19-0. Holliday then blocked the extra point try with Colin O'Brien picking the pigskin up and racing 80 yards for two points with 51 seconds left in the half.

The Eagles came out clawing in the second half, marching 66 yards in eleven plays with Robert Lindley capping the drive with a 24 yard scoring play around right end. Lindley also ran in the two point conversion, making the score 19-10 with 6:57 left in the third quarter.

It took Munday only 1:55 and four plays to bounce back to a 27-10 advantage with a 44 yard scoring run from Terry Collier, who also added the two-point conversion.

The next possession Holliday ran five plays and punted to the 48. Andrade took the snap from Latham and hit Terry Collier on a 45 yard scoring pass. Dock-

ins added the extra point for a 34-10 lead.

The Eagles ran three plays before punting to the Mogul 35. One play later Terry Collier raced 65 yards off right tackle, putting 6 more points on the scoreboard. The kick was wide, leaving the score 40-10.

Marc Andrade fell on a Holliday fumble on the 36 yard line, and three plays later Bobby Dockins carried for 6 yards, scoring the final Mogul TD of the night. Dockins' kick was good for Munday.

Holliday marched 59 yards in eight plays for a TD in the final series with QB Brian Roland hitting Scott Anderson on a 24-yard scoring play. Robert Lindley added the extra point for a final score of 47-17.

The Moguls will host the Archer City (Continued on Page 2)

Weather Report

Following is the weather report for seven days ending Monday, September 18, 1989, as compiled and recorded by Goodson Sellers, local U. S. weather observer.

VIEWS

(Continued from page 1)

cars with little thought of the planning and labor that made it possible.

One of the most interesting articles was from a *Woman's Home Companion* published in 1908, and advising "young ladies on proper behavior while traveling on a train". It was not ladylike to sleep in an upper berth of a sleeping couch even to the point of booking reservations on another train if possible. If, however, it was absolutely unavoidable for a lady to have to accept a journey with upper berth accommodations, she should "confine your dressing and undressing to the privacy of the berth, after you have mounted to it by steps which a porter will bring. A woman can be in no more embarrassing situation, a fact which is recognized by the railroads, and must make every effort to avoid it. When the porter is ready to begin on your berth, you must take your bag and retire to the dressing room. There, you must make your evening toilet and loosen your shoes and any fastenings that will not mar your appearance on the way back to your berth".

In the reading of these old papers and books, I realized that people have not really changed so much. We share the same hopes and dreams for a brighter future. We want the best for our families, just as people did almost a century ago. We strive for better health, a more youthful appearance, recognition in some small way, just as our ancestors desired.

While attending the special ceremony to present the cemetery books to the County Historical Society, I felt a sense of pride that so many people still care about our heritage - that our roots and our beginnings are still important.

There was almost a tangible air of reverence in the room as stories were related of a little girl who fell from a wagon and became the first person to be buried in the old China Creek Cemetery; of Civil War veterans and ordinary hard working men and women who shaped Knox County from the rock and soil of an untamed land.

Clara Brown of the Truscott community told me how the trails in that area were first traveled by the buffalo hunters and the Indians and in my mind's eye, I could almost see the bewiskered faces of the burly hunters and the impassioned black eyes of the Indian.

Our heritage includes all of these, and the people of Knox County share a rich and colorful history. These are not just names carved into a marble stone nor faded photographs nor even forgotten items printed on a yellowed page of an old newspaper. These were our ancestors. Some mother's heart was broken as she watched her son wave from the train that would carry him to join the fight for our country in 1917. A community was shocked and saddened in 1930 that a gentle little creek could suddenly become a raging tempest, bringing death and destruction to everything in its path.

I wonder if, in seventy-five or eighty years from now, someone will spend an evening carefully scanning the weathered and yellow pages of one of our newspapers and smile at the pictures of our 1990 cars and our "old jet plants"? I wonder if flights to points in outer space will be as commonplace as a flight to California? Or if our descendants will wonder how in the world we managed to get by with all our old appliances - not even robots to do our work? I wonder if there'll still be trees and babbling brooks? Do you think everything may be all concrete and steel - all efficient and time-saving and necessary?

I hope not. Don't you?

COUNCIL

(Continued from Page 1)

have to seek other solutions. If garbage transfer to another site is required, bills to customers are expected to be much higher and a lot less convenient than if we can get our own site approved, he continued. Council advised the City Administrator to continue efforts to try for approval on the site and secure professional help and advise when needed in this effort.

Munday's liability and property insurance coverage, which expires on September 30, 1989, was next on the agenda. Three proposals have been submitted; another one may be presented in a few days. The three proposals in hand were carefully evaluated and discussed. Andrade moved that, on or before September 21, 1989, Mayor pro-tem Albus and City Administrator Hertel check all possibilities of combinations of coverage offered in the three (possibly four) proposals, select the best package of benefits and purchase the new policy for one year, coverage commencing October 1, 1989. Brown seconded this motion and all members were in favor.

Mayor pro-tem Albus next briefed the city council in regard to the status of possible legal action against the city. "Our attorneys have received a reply to the initial response. A special meeting will possibly be called if necessary," Albus said.

The council discussed the Munday City Charter and members were reminded that the city operates under the "General Laws of the State of Texas." Most small cities in Texas are governed in this manner, although some have their own charter.

Next discussed is the most recent plan for 911 service. Munday's plan is unchanged in the latest proposal and progress is reported on this plan. Time requirements for implementation is still unknown.

A letter was read by Mayor pro-tem Albus giving a progress report on delinquent tax collection by attorneys McCreary, Veselka, Beck and Allen. The council expressed satisfaction with their efforts and will continue with other taxing units in this regard.

Next discussed was the high cost of workers compensation. Garbage workers, for example, is \$23. premium for each \$100 salary paid (since the late increase). A letter was read by Albus from David Counts about this problem. Passage of a reform package that is designed to protect and lower rates is a must the council feels. Citizens are urged to contact our Senator and Representative in this regard.

Needed repairs from hail damage to City Hall was discussed. Brown moved the council get at least two bids on the following: replacement of west facade, repair to north, east, and south facade, fireproof paint all facade, replace two bent pieces of metal cap, all vent caps; also re-roof Pioneer Hall and re-roof the cemetery maintenance building; bids to be opened at next council meeting. Andrade seconded; all in favor.

Bids were opened on the 1974 pickup. Booe moved all bids be rejected and the City Administrator be allowed to sell the vehicle for the first \$300 cash offer. Brown seconded; all for.

Brown moved bills be approved as follows: from airport funds, \$141.53; ambulance funds, \$129.91; pool funds, \$35.81; and operating funds, \$13,260.27. Andrade seconded; all in favor.

Brown moved meeting adjourn. Booe seconded; all for.

Sunset Exes Enjoy Reunion At Gillespie

Some 75 Sunset School ex-students gathered at Gillespie Baptist Church fellowship hall on September 2 for class reunions and visiting.

Exes attending and their class included:

Class of 1945, Lendan Walling, Joyce Voss Walling, and Mr. and Mrs. Wendell Partridge of Munday, Loyce Voss Yancy and Forrest Yancy of Abilene, and Mr. and Mrs. Weldon Walling of Knox City;

Class of 1946, Mr. and Mrs. Leo Reddell of Seagraves and Evelyn Hardin Followill, Gordonville; Class of 1947, JoAnn Whitmore Stone of Dallas and Dorman Followill of Boulder, Colorado;

Class of 1948, Joe Lynn Yost of Ft. Worth, Gene Russell of Graham, Bob Gray and Tommy Joe Richardson of Haskell, Teresa Harber Davis of Lometa, and Mr. and Mrs. Randall Walling of Dublin;

Class of 1949, Lorene Bales Davis and husband of Lavan, Virginia Butler Teaff and husband of Dover, Ark., Marjorie Freeman Compton and husband of Port Mansfield, Margie Hollis Tidwell of Lubbock, Patsy Matthews Followill of Boulder, Colo., Sammy Tankersley of Knox City, Mr. and Mrs. Merle Tackitt of Granbury, Dennis Walling of Paducah, Edward Decker of Pacifica, Calif., and June Sparks Blake of Goree;

Class of 1950, Leo Hill and wife of Greenville, Royce Harber of Granbury, Joy Jones Ordener and friend of Humble, JoAnn Tackitt Maddox and husband and June Lowrey Tankersley of Knox City, Lois Reddell Richardson of Haskell, Mr. and Mrs. Royce Reddell of Phoenix, Ariz., Lola Minchew Finley and husband of Dell City, Okla., Tommie Yost Raynes of Sulphur, Okla., and Martha Gentry Neathery and husband of Universal City.

Representing the Class of 1951 were Mr. and Mrs. Gerald Ray Myers of Goree, Marge Hardin Weaver of Crosbyton, D.B. Jones of Wetmore, La., Gloria Michels Cone of Mansfield, J.L. Walker of Haskell;

Class of 52-53, Louis Bales Whitten of Granbury and Jenny Walker Brazell of Haskell;

Class of 54, Loretta Floy Gray of Haskell, Patsy Walker Gray of Abilene and Carroll Clayburn Blair of O'Gessa. Other guests included Mr. and Mrs. Brownie Tackitt, Frankie Yost Ponder, Mary B. Welsch, all of Munday, Mrs. Opal Hill of Coffman, Marie Bales Riggins of Hurst, Treasure Walling of Seymour and Don Ausder of Arlington.

Local Men Enjoy Cruise To Bahamas

Six local men returned September 15 from a week's cruise to the Bahamas.

Perry Kuehler, Kenny Brown, Todd Meers, Stan Decker, Steven Smith and Gary Kuehler flew from Dallas/Ft. Worth Airport to Ft. Lauderdale, Florida on September 9 where they boarded the cruise ship TSS Mardi Gras.

Sightseeing tours in Nassau took them to Paradise Island and the Crystal Palace on Cable Beach. Special activities on board ship in which the men participated included a talent show and an unusual style show for men.

The "Texans" returned with tales to tell and pictures to show and will be glad to share their adventures with anyone who has courage enough to ask.

Over two million Americans are 85 and over.

Moguls

(Continued from Page 1)

Wildcats Friday night with kickoff at 8 p.m. The junior high and junior varsity teams will travel to Archer City on Thursday for games beginning at 6 and 7:30 p.m.

COACH EDWARDS' COMMENTS

The team seemed to really be up for the game; they remembered the score last year and wanted to avenge themselves. In fact, they felt like a big cloud had been over their heads for a year.

We had an excellent offensive night, but let up defensively the second half. We must improve in our intensity and tenacity when we get ahead in the score. I felt that we lacked stunt discipline and defensive execution.

Archer City is an excellent football team, big and strong and they are going to try to cram the ball down our throat. We have got to be prepared not to let them do it.

Munday School Lunchroom Menu

September 25-29, 1989

BREAKFAST

Monday - Cereal, juice, milk.
Tuesday - Cheese toast, juice, milk.
Wednesday - Toast, jelly, juice, milk.
Thursday - Cinnamon toast, juice, milk.

Friday - Cereal, juice, milk.

LUNCH

Monday - Steak fingers, mashed potatoes, green beans, hot rolls, brownies, milk.

Tuesday - Green chili casserole, corn, lettuce, hot rolls, fruit, milk.

Wednesday - Hamburger patty, half bun, mashed potatoes, carrot sticks, cookies, milk.

Thursday - Macaroni and meat, black-eyed peas, lettuce, batter bread, cobbler, milk.

Friday - Hamburger with trimmings, potatoes, fruit, milk.

America's first compulsory education law was passed in 1647 in Massachusetts.

Cemetery Survey

(Continued from Page 1)

Johnson Memorial Cemetery in Munday stated that the oldest grave there is that of James M. Campbell in 1898. The land for the cemetery, he reported, was given by the Johnson family of the Munday area.

The first grave in the Vera Cemetery, as reported by Mrs. Clyde Beck, was that of Mac Bradford who died in 1890.

Mrs. Ballie Cooksey of Goree gave a brief account of how the Cowser children who lived just north of Goree were on their way to school one early spring morning in 1906 when they saw what they supposed to be some men grubbing trees in a wooded area there. It was in fact the burial ceremony of the first person to be entombed in the Goree Memorial Cemetery, the infant son of Mr. and Mrs. Jim Morton.

The earliest recorded grave in the Gilliland Cemetery is that of a little girl, Clarice Lively, who at the age of 1 year, died in a wagon accident in 1915. Mrs. Ila Bullion of Gilliland told how the child was traveling from Paducah to Gilliland to visit relatives. She fell from the wagon under the wheels and was killed.

Reports from other cemeteries in the county are inconclusive, but are in the process of being completed at this time.

Guest speaker for the occasion were Mrs. Ann Huskinson, Director of the Red River Museum in Vernon.

"Our history and our heritage must be preserved," Mrs. Huskinson said. "Museums are one small way of preserving them."

Judge David Perdue accepted the presentation of the cemetery books on behalf of Knox County. They will be placed on display in the county museum in Benjamin.

A special memorial for the late Sue Moorhouse of Benjamin was presented by Mr. Wiggins to her family. Kay Looney, former Munday Chamber of Commerce chairperson, read the Twenty-Third Psalm followed by a moving tribute entitled *Sue is Special*, written by a friend of Mr. Wiggins.

Mrs. Clara Brown, chairperson of the Historical Society presented a plaque to Mr. Wiggins for his many hours of dedicated service to this project. Wig-

gins began this endeavor in March of 1988 by requesting survey reports from each member town. He has volunteered many hours of service and tireless effort to make it successful. He, along with Carolyn Welch, has invested months of time and talent in preparing forms for other towns and gathering information for the area.

Mrs. Brown has also been instrumental in the planning and implementation of these historical books which will serve as a record of the births and deaths of the founders of our county. She, as well as all the committees of the various towns, is to be commended for a job well done.

"As far as I know," Mr. Wiggins said, "Knox County is the first county in West Texas -- and maybe the entire state -- to conduct a survey of this kind. I don't begrudge a minute of the time I've spent researching this information and would be happy to share with other Texas counties the procedure we have used to compile these records."

The cemetery books are on display in Benjamin and in each city courthouse for inspection by the public. The books contain a detailed account of the establishment of each cemetery along with lists of person who served in the United States armed forces dating back to the Civil War.

Visiting Mrs. Winnie Lambeth during the weekend was her granddaughter and family, Lisa and Scotty Wells and Christopher of Andrews. Mrs. Pam

Bowman of Munday visited in her home Friday afternoon.

Mr. and Mrs. Buddy Cypert, Cody, Jacy and Kristin, of Haskell visited her parents, Mr. and Mrs. Jack Steward, during the weekend.

Mrs. Elizabeth Watson and Mrs. Marsha Hale attended the funeral of Elizabeth's cousin, R.B. Shelton, in Graham last Wednesday.

Mr. and Mrs. David Oaks and son, Robert Neil, of Lubbock visited during the weekend with her parents, Mr. and Mrs. Gary Hale. They also visited her grandmother, Elizabeth Watson.

Mr. and Mrs. Felton Lambeth visited on Sunday with Rev. and Mrs. Russ Byard and Pat in Ralls.

Mr. and Mrs. Taylor Allen visited on Friday with their son and family, Mr. and Mrs. Kevin Allen and Cameron in Abilene.

Mr. and Mrs. Lloyd King and Eddy of Abilene visited her sister, Elizabeth Watson, on Friday.

Mr. and Mrs. LeRoy Brooks of Lake Kickapoo visited Mr. and Mrs. Elkin Warren last Tuesday.

Mrs. Elizabeth Watson and Mrs. Jo Jarvis of Munday took Mrs. Jarvis' grandson, Robbie Thompson, to Abilene last Tuesday. While in Abilene they visited and Mrs. Lloyd King and Eddie.

BIRTH ANNOUNCEMENT
Donna and Leslie Hale are proud to

announce the arrival of their nephew, Robert Neil Oaks, on August 25. He weighed 7 pounds, 14 ounces and was 21 inches long. The proud grandparents are Gary and Marsha Hale of Goree and Robert and Dorothy Oaks of Princeton, Illinois.

Great-grandparents are Raymond Arnold and Charles Oaks of Illinois and Mr. and Mrs. Loyd Reeves of Weatherford and Elizabeth Watson of Goree. Great-great-grandparents are Lenora Wallace of Munday and Maude Hale of San Angelo.

By the way, the parents are Marcie and Dave Oaks of Lubbock.

W. G. Club Holds Meeting In Home Of Allene Beaty

The W. G. Club met in the home of Allene Beaty last Saturday evening for their monthly salad supper and games.

After a brief business meeting, Elaine Gulley was honored with a birthday song, led by Viola Cude. Gifts were exchanged and Secret Pals revealed.

Attending were Pauline Morrow, Juanita Massey, Elaine Gulley, Frankie Ponder, Viola Cude, Ruth Griffith, Dorothy Putnam and hostess Allene Beaty.

Adult ants can swallow nothing but liquids.

MR. AND MRS. ELKIN WARREN

Mr. and Mrs. Warren Observe Fiftieth Wedding Anniversary

Mr. and Mrs. Elkin Warren of Goree were honored with a dinner party on Saturday, September 16 in observance of their 50th wedding anniversary.

Hosting the event at the Fish Fry Restaurant in Paris were children and grandchildren of the couple, Mr. and Mrs. Roger Dawdy and Stacy and Mr. and Mrs. Sam Dobbs and April of Honey

Grove and Kristy Dawdy of Searcy, Arkansas.

Other guests attending were Mr. and Mrs. Wesley Taylor of Dallas and Mrs. Mary Lou Dobbs of Honey Grove.

The Warrens were married September 17, 1939 in Frederick, Oklahoma. They lived in Dallas until 1944, moving to Goree at that time. They are members of the Goree Church of Christ.

Knox County Konnections

By Jane Rowan
County Extension Agent

PACKAGE YOUR HOME TO SELL

Grow your own "Curb Appeal". First impressions count. They count when we meet people, and they count when we buy products. When price, quality and other features of two products are essentially the same, consumers will pick the one most attractively packaged. It's no different when the product is your home.

Real estate agents call a home's first impression "curb appeal". When potential buyers get out of their cars at the curb in front of your yard, what do they see? Remember, you're selling both a house and a yard.

The easiest and least expensive way to improve "curb appeal" is to make sure your yard is clean and well-kept. The lawn should never look overgrown,

and flower beds must always be weeded. Unkept yards remind buyers of how much yard work they'll have to do!

Keep the yard as clean as the inside of the house. That means bicycles, toys and garden equipment need to be stowed when not in use. It's also a good idea to move cars and recreational vehicles out of the driveway. That gives buyers a clear view of your home.

Next, consider the landscaping. Numerous studies have shown that similar houses in the same area, with and without attractive landscaping, are regarded differently by buyers. The attractively landscaped home will usually sell faster and for more dollars. A good landscaping job is one home improvement that adds more value to a house than the costs required for labor and materials.

You can invest in professional landscaping or do the work yourself. Here are some suggestions for an attractive yard:

-- Fertilize, trim and water shrubs to insure a healthy look.

-- Add evergreen foundation plantings. Foundation plantings cover bare concrete and create an impression of continuity between house and yard.

-- Extend foundation plantings past corners and around the house's sides. You never know from which direction a prospective buyer's car will approach the house.

-- Cultivate a thick, healthy-looking lawn by using appropriate weed killers and fertilizers. Hiring a professional lawn service may be worth the money in the long run.

-- Remove all dead or unhealthy looking bushes, flowers and plants and replace with healthy ones.

-- Hide brown spots under shade trees with round covers.

-- Mask unpleasant views with hedges to create a natural private boundary.

-- Use accent plantings of various colors that will contrast against one another. If you don't want to plant and maintain flower beds, plant flowers in containers to add color to the home exterior.

-- Set the stage for buyers to imagine pleasant outdoor living by setting out lawn chairs, picnic tables and grills.

These are just a few of the things you can do to improve your yard and the chances of selling your home.

A skywriter travels about 20 miles for a three-word advertisement.

To remove shine when ironing, run a dampened sponge over the shiny area and press lightly over a pressing cloth.

A Serious Weight Loss Program Shouldn't Be Without A Physician.

Obesity is a serious disease that deserves a serious treatment.

That's why the MEDIFAST® Program is offered only under the care, encouragement and supervision of our physician.

The MEDIFAST® Program is the finest medical treatment for obesity in this country. Based on ten years of clinical research, it has proven its effectiveness nationwide.

The MEDIFAST® Program will enable you to lose three to five pounds per week without feeling hungry. The benefits are immediate improvements in your health and appearance.

Once you've lost your excess weight, our medical staff will also help you develop the LifeStyles™ changes and nutritional practices necessary to maintaining your weight and health for the rest of your life.

So if you're serious about losing weight, do it the safe and effective way. Call our office today.

Truscott-Gilliland News

By Mrs. Clara Brown

Members of the Scott family met for supper at the mall in Wichita Falls last Saturday.

Sisters Billy Joy and Virginia Hodges of Valley View picked up Sally Shores and Marilyn Davis of Ardmore, Oklahoma, and took them to Wichita Falls. Debbie Scott of Archer City had to leave early to practice for the street dance scene in the "Texasville" movie being filmed in Archer City.

Others attending were Mark and Barbie Lytle and children, Matt and Jay, of Quanah, Louis and Lula Baty, and Louis Lee Baty, all of Gilliland.

Attending from Crowell were Keith and Carol Sue Nichols and Amie, George and Pauline Scott, Mrs. Emma Scott, LaRue Russell, and Jana Nabors and Benny and Amber.

The Scott clan agreed that Aunt Mary Cox and Aunt Jim Hollis of Midland were needed to complete the gathering and were very much missed by all.

The quarterly birthday dinner will be held at the Gilliland Baptist Church on Sunday, September 24. Everyone is invited to bring a covered dish and enjoy the fellowship at the birthday dinner.

Ila Mae Bullion attended a Colonial Dames workshop at Salado September 9-11. After the workshop ended, she and three cousins visited Mr. and Mrs. Guy Keeling and their family at Palestine. Ila Mae returned home September 12.

Allen and Peggy McGaughey of Knox City visited his uncle, L. D. Welch, and Loys Sunday.

Loys Welch sends thanks to everyone for being so kind and helpful to her during her recent illness. She is home and doing well.

Crystal Dishman celebrated her thirteenth birthday with a slumber party the past weekend.

Lloyd Heard celebrated his birthday Saturday. He and Jo visited Lois and John Chilcoat at Olney. They were met there by their daughter, Rhonda Kessler, and two grandchildren, Justin and Amanda.

Paul and Ila Mae Bullion were with the Bullionaires Tuesday night to play at the Vernon Care Home on Texas Street.

Ila Mae and Clara Brown attended the program at Benjamin Sunday which marked the official conclusion of the Knox County Cemetery Survey. The Ruby M. Sheen grave at China Creek and a Baby Henry grave at Benjamin were the oldest marked graves in county cemeteries, with tombstone burial dates of 1885.

Unofficially Truscott and Gilliland have some typing to complete before their reports are done. The total number of graves in the county is still being

tallied, but will be well over 10,000. Goree reported 2,700 graves in four thick notebooks. Someone laughed and said, "There are more people in the cemeteries than in the towns."

Mrs. Christine Patterson of Benjamin gave the Truscott group several obituaries on Truscott people. These will be placed with the information sheets in the cemetery books. Anyone who has family buried at Truscott or Gilliland is invited to send copies of obituaries to place in the Truscott and Gilliland cemetery books. It should be remembered that two copies are needed, one for the county record and one for the local record.

Irene New and Scottie Burgess also helped. Ila Mae and Clara walked the Truscott Cemetery last fall.

The Gilliland Cemetery survey work was done by the Gilliland Extension Homemakers Club.

Copies of obituaries are helpful to this survey as an extra check on information. More than one person has one year recorded for the death date on the tombstone and another year named in the family story in "Between the Wichitas". A woman from Seymour at the meeting said her own brother's tombstone had the wrong death date engraved on it.

Miss Morgan Receives Scholarship Award

Christy Morgan, a senior at Midwestern State University, was recently awarded the Katherine Oldham English Scholarship award for the fall 1989 and spring 1990 semesters.

A 1987 graduate of Munday High School, Miss Morgan is majoring in elementary education with minors in music and English. She is an active member of Tau Beta Sigma, a national band sorority and currently serves as treasurer. She plays baritone and trombone in the MSU marching and symphonic band and recently participated in the filming of "Texasville" with other members of the MSU band.

In addition to her school activities, Christy has been employed as student secretary by the Bureau of Business and Government Research at MSU for a year and a half under the supervision of Dr. Yoshi Fukasawa, leading economist and professor.

The daughter of Melton and Kathy Morgan, Christy plans to graduate in the spring of 1991.

New Officers Elected At Young Farmers Meeting

The Brazos Valley Young Farmers met in regular session Tuesday, September 5.

The first item of business was to elect officers. Elected were Lloyd Welsh, president; Floyd Reed Jr., vice president; Royce Miller, secretary; George Oustad, treasurer; David Key, reporter; and Ricky Moeller, adviser.

Plans for the coming year were set. The first program will be a hunting safety course, held by Ricky Moeller. It will include ten hours of classroom study.

Other programs will be the annual Christmas dinner, stock show, and farm auction.

The Young Farmers would like to invite anyone interested to attend the meetings and programs.

Goree Native Selected To Teach At MSU

Dr. Michael Land, a former Goree resident, started teaching at Midwestern State University this fall. He is an authority on the use of computers in the classroom.

Land has authored many articles and four books on computers in the classroom.

His research background was one of the things that appealed to the West Foundation, established by a Wichita Falls family with a strong interest in education. The West Foundation is funding Land's salary for five years, and MSU will take over the expense after that.

He is the son of Virginia Land and the late Arnold Land of Goree.

Senior Magazine Sale Underway In Munday

The senior class is once again selling magazines as a fund raiser. If you would like to renew your subscription to a magazine, or take out a new subscription, contact any senior class member.

Those who bought magazines last year might want to renew their subscription once again, and help the seniors.

Ted Arnold Buried Tuesday In Goree

Graveside services for Ted Arnold Sr., age 85, were held at 2 p.m. Tuesday, September 19, in Goree Cemetery. Arnold died Sunday, September 17, 1989, in an Arlington hospital.

The Rev. James T. Stone of Arlington officiated at the graveside. Services were under the direction of McCauley-Smith Funeral Home.

A former resident of Goree, Arnold was born October 4, 1903 in Wellington. He was an auto mechanic and a Baptist. He and Ethel Norine Patton were married April 2, 1959, in Weatherford.

Survivors include his wife; two daughters, Joan Williams of Arlington and Linda Clark of Amarillo; one sister, Eloise Dowell of Manteca, Calif.; a brother-in-law, Floyd Patton of Weiser; seven grandchildren and two great-grandchildren.

Counts Resigns As County Democratic Party Chairman

State Representative David Counts has resigned his position as chairman for the Knox County Democratic Party.

"I cannot continue to hold two elected offices past the time for filing for the next period, which will begin in early December," Counts said.

Counts' resignation will become effective upon the executive committee naming a replacement. The executive committee is made up of county and precinct chairmen, and Doug Myers, vice-chairman of the committee, will be in charge of the selection process.

TEHA Delegates Attend Convention In Corpus

Texas Extension Homemakers Association (TEHA) met at the Bayfront Plaza Convention Center in Corpus Christi for their 63rd annual convention on September 12-14, 1989.

Theme of the convention was "Strengthening Families Through Education," and Thresa Leatherman, TEHA president, presided, with the help of Pat Bandelman, vice president and others on the State TEHA Board of Directors.

Several professors from A&M University presented workshops and Dr. Bill Welch and Dr. Jennie C. Kitching were among them.

Other speakers included Becky Barker, author, and publisher; detective Floyd Price of the Lubbock Police Department, who spoke on crime prevention; and Ketha Stevenson, Texas representative to the National FCL Federation.

Mayor Turner welcomed the 967 visitors who registered, with 487 being voting delegates, to the assembly. There were 37 Extension agents in attendance, with 12 guests. Mayor Turner is female, and was an enthusiastic speaker and she felt quite at home among the almost 1,000 women at the convention.

District 3 director is Lila Lackey of Avoca, and she hosted a party for her delegates on Wednesday night.

Haskell County delegates were Mildred Robertson, TEHA chairman, Alice Yates and Myrtle Plemister, delegates and Margaret Jones, member.

Membership Drive Planned By Quail Hunting Group

Individuals interested in the sport of quail hunting are invited to attend a fun day and membership drive on October 7, planned by the newly formed Hubbard Creek Chapter of Quail Unlimited.

Fun Day activities will begin with a jackpot skeet shot at 3 p.m. at John Cook's skeet and trap range, located five miles south of Breckenridge on Highway 183 and one mile West on FM 576 (then south on the first gravel road). Shooters attending are asked to bring their own gun and shells.

A catered barbecue meal will be served at 7 p.m. and reservations for the \$5 meal are due September 29. To make a reservation, call 1-817-559-2222 or 559-3333, or 1-915-928-5712. The meal is being catered by J.D.'s Barbecue of Breckenridge.

Quail Unlimited is a nation-wide organization dedicated to habitat management and improvement. Quail Unlimited provides seed for farmers and ranchers to plant and leave, unharvested as a year round food source. QU can also show landowners how to use other methods to improve habitat and improve income from hunting leases for the bird.

All area bird hunters and landowners are encouraged to attend.

WCTCOG Sub-Region Meeting Set In Knox City

The West Central Texas Council of Governments Sub-Region III meeting will be held at 12 noon on Thursday, September 21 at the Senior Citizens Center in Knox City.

The meeting will consist of a noon luncheon followed by a business session.

Items on the agenda include the designation of one county representative from Haskell, Kent, Knox, Stonewall, and Throckmorton counties to the board of directors, selection of one executive committee member and one alternate to represent counties, selection of two city officials to the board of directors representing cities under 10,000 population, selection of one school official to the board of directors representing school districts under 10,000 enrollment, selection of one official to the board of directors representing soil and water conservation districts, selection of one official to the board of directors representing special districts, and discussion of council programs and activities.

Elected and appointed officials of all governmental entities in the five-county sub-region and their guests are invited to attend and participate in the selection of representatives to the Council's Board of Directors and Executive Committee.

Farm and Ranch Report

By Donnie Peters

TOP SORGHUM VARIETIES NAMED

Many area producers raised sorghum this year and got respectable yields with such a dry year.

This year two sorghum demonstrations were conducted. One was an irrigated variety demonstration that was conducted by Zeissel Brothers of Rhineland. In that demonstration, the plots were planted on April 12, 1989 on 40 inch rows with actual fertilizer applied at 120 pounds of nitrogen, 40 pounds of phosphorus and 10 pounds of potassium per acre. Each variety was planted in 1.28 acre plots and harvested on August 27, 1989. The plots were irrigated three times during the season. All

varieties were provided by Warner Seed Co.

The top variety was Warner 844-E with a yield of 6680 pounds per acre followed by Warner 839-DR at 6391 pounds and Warner 917-E at 6215 pounds. Other varieties included Warner 902-W-DR, 6145 pounds; Warner 685-DR, 6093 pounds; Warner 632W, 6051 pounds; Warner 695E, 5996 pounds and Warner 560T, 5063 pounds per acre.

The dryland variety demonstration was planted on May 11, 1989, at 2.8 pounds per acre by Julius Pennartz of Rhineland. The plots were harvested on September 6, 1989.

The top yielding variety was Conlee Towhead which yielded 3495 pounds per acre followed by Golden Acres TE-Y 45 with a yield of 3432 pounds and Conlee Pronto at 3051 pounds per acre. Other varieties in the test were Warner 560T, 2983 pounds; Warner 585-DR, 2910 pounds; Warner 564T, 2462 pounds and Warner 695-E at 2445 pounds per acre. All plots were side dressed with 75 pounds of anhydrous ammonia.

In another part of the Pennartz demonstration, a return of \$48.45 per acre was received over cost of weed control by "rope wicking" with Roundup herbicide at \$3 per acre. The check plot yielded 2569 pounds per acre and had one weed per yard. The treated plot had an increased yield of 1372 pounds per acre over the check plot.

Farm Bureau Hosts Annual Convention

Approximately 125 members and guests attended the annual Knox County Farm Bureau Convention held September 11 at the Knights of Columbus Hall in Rhineland.

Special guests included State Director for Farm Bureau, Mr. and Mrs. C.H. Dowdy of Wichita Falls, and District Field Director, Mr. and Mrs. Bryce Myrick of Abilene.

Convention-goers were entertained during the meal by the Brownie Tackitt Band. Games of bingo followed. Alene Beaty of Munday was lucky winner of a \$50 gift certificate from the Safemark dealership in Munday.

During the business meeting portion of the program, Spike Bryan was elected president of the Board of Directors. Louis Lee Baty and Charles Escobar will serve as secretary/treasurer and vice president of the board, respectively.

Knox County Farm Bureau manager is John Lofin and secretaries are Nancy Beaty and Linda Oustad.

Secretary Of Agriculture Announces Changes In 1990 Wheat Program

Secretary of Agriculture Clayton Yeutter announced September 13, his intention to offer producers the option to modify their 1990 wheat program contracts.

"This action is necessary to maintain our humanitarian food aid commitments while adding slightly to U.S. carryover supplies following two consecutive years of drought," Yeutter said.

The U.S. Department of Agriculture requested and received presidential authority to use 1.5 million metric tons of wheat for fiscal year 1989 and has requested 2 million metric tons for fiscal year 1990 from the Food Security Wheat Reserve to meet U.S. international food aid commitments.

"The action today does not suggest that we expect another year of less than average wheat yields, nor will it boost stocks significantly," Yeutter said. "But it will help restore stocks to safer levels. In view of the tight U.S. and world supply and demand situation we should give wheat producers the option to increase plantings if they wish to do so."

Producers will continue to have the option of signing up for and complying with requirements of the 1990 wheat program as announced May 31, and the common program provision requirements announced August 7. These requirements include a 5 percent acreage reduction program and limited cross compliance.

This change will give producers the opportunity to modify their original contracts to allow them to plant more than 95 percent of a farm's wheat base. For each acre producers plant above 95 percent of the wheat base, the acreage used in determining the producer's deficiency payment will decrease by one acre.

To remain eligible for these reduced deficiency payments, producers may not plant more than 105 percent of their wheat base. Overall income of wheat producers is expected to increase slightly as a result of these modifications.

The original program announcements provided the following:

- A 5 percent acreage reduction program (ARP).
- A target price of \$4 a bushel.
- A price support loan and purchase rate of \$1.95 a bushel.
- Limited cross-compliance provisions.

-- Advance deficiency payments at 40 percent of the estimated deficiency payment rate.

These provisions will remain applicable to all producers who enroll in the 1990 wheat program. For those producers who elect to modify their contracts, the following provisions will also be in effect:

- Modified ARP.
- Producers may plant wheat in excess of 95 percent of a farm's wheat base, but in no event more than 105 percent of the base.
- There will be no acreage conservation reserve requirement for wheat for that farm.
- For each acre of wheat planted in excess of 95 percent of the wheat base,

the acreage used in determining deficiency payments will be reduced by one acre. The minimum acreage for payment will be 85 percent of the farm's wheat base if the producer plants the maximum acreage of 105 percent of the base.

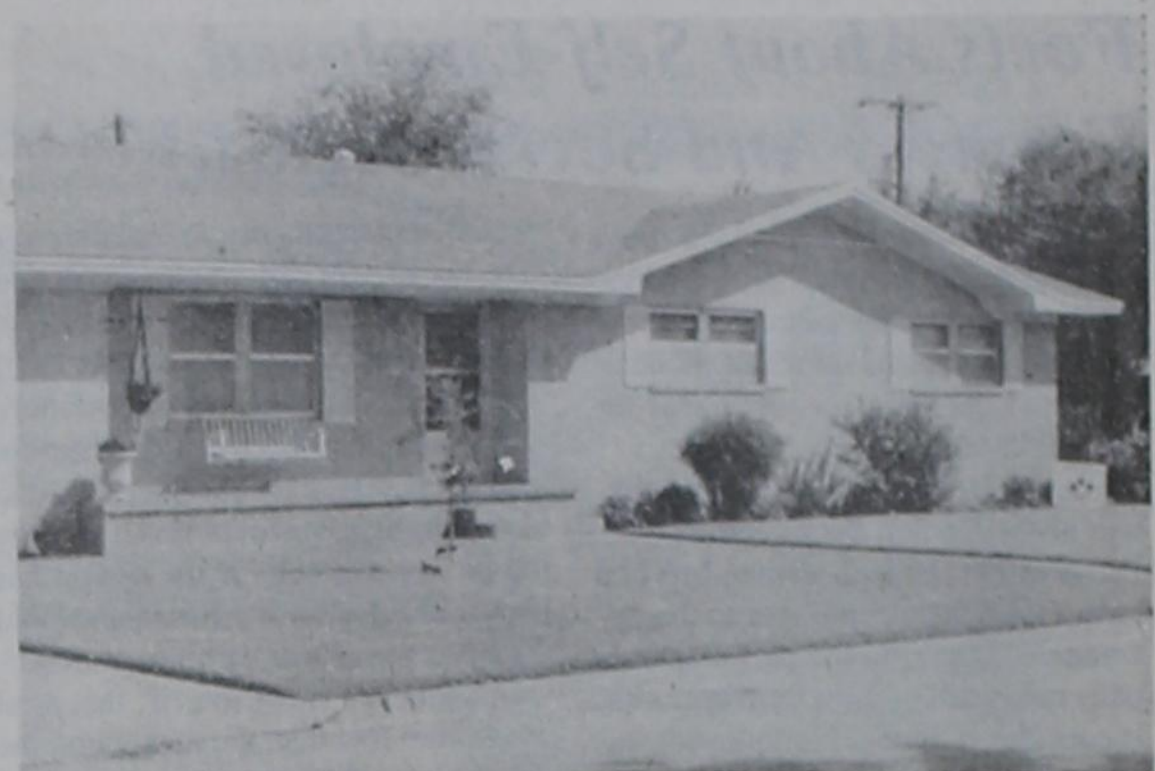

-- Producers may not build future wheat base acreage on the farm. The planted and considered planted wheat acreage for 1990 may not exceed the 1990 wheat base.

-- If wheat plantings in excess of the wheat base cause plantings of other program crops to fall below the permitted acreages established for the other crops, the excess wheat acreage will be considered as planted to the other program crop.

-- The 0/92 provision of the 1990 wheat program, the soybean and sunflower replacement option and the transfer of wheat base to oats base are not applicable and producers may not credit other nonprogram crop acreage as acreage considered planted to wheat.

Based on current USDA estimates due to this change, harvested wheat acres are estimated to rise to 69.6 million acres from 67.5, resulting in an expected 2,596 million bushels of wheat compared to 2,530 million bushels.

Producers may obtain further details from their local Agricultural Stabilization and Conservation Service office.

A STUDY IN GREEN should be the theme of this picture. The beautiful manicured lawn at the home of Dr. Pete and Jea Bradfield, 411 W. Cisco, features newly planted shrubs and trees and beds of summer flowers. The Munday Garden Club chose the yard as this week's Yard of the Week.

Facts About Self-Employed Farmers And Social Security

Self-employed farmers have been earning social security credits since 1955. Under the law, a farm operator is a person who farms for profit, whether an owner-operator, partner, renter, or share farmer.

Frances Braden, resident representative of the Vernon Social Security office says that although all members of a farm family may contribute to the operation of the farm, the person principally responsible for the farm operation is considered to be self-employed, and all income realized from the operation of the farm is credited to that person. In some cases, however, where members of a family operate the farm as a partnership, all can earn social security credits based on the farm income. The actual arrangement for social security purposes is determined by the facts in each case.

Farmers with net earnings of at least \$400 a year receive social security credit for all net earnings up to \$48,000 for 1989; this is the maximum amount on

which social security taxes are paid. The tax rate for self-employed persons for 1989 is 15.02 percent; a 2 percent credit makes the effective tax rate 13.02 percent. If a farmer earns wages from a job in addition to self-employment income, the wages are considered first in determining payment of social security taxes. For example, if the person has wages of \$48,000 or more, there would be no tax payable on earnings from self-employment. However, if the total wages are less than the maximum, the farmer is liable for the self-employment social security tax on the difference between the total wages and net earnings, up to the social security maximum.

Farmers with net earnings of \$400 or more during a year must submit Form 1040 (U.S. Individual Income Tax Return), Schedule F (Farm Income and Expenses), and Schedule SE (Computation of Social Security Self-Employment Tax) to the Internal Revenue Service.

Additional information about social

security and farm work can be obtained from any social security office. Information concerning taxes is available at any Internal Revenue Service office.

Munday FHA'ers Plan Activities

Members of the Munday High School Future Homemakers of America Chapter are making plans for the upcoming year, focusing their projects on various issues of concern to teens as evidenced by a poll conducted at the National Leadership Meeting of FHA last year.

Projects to increase self-awareness are planned in areas of drug abuse, home safety and world hunger.

Secret Brothers and Sisters, the first project planned the FHA'ers this year, will begin soon. The "brothers and sisters" will be chosen from the sixth grade class.

High School students interested in becoming a member of the FHA are encouraged to pay their dues now and join other members for an exciting year of fun.

Parents talk with their youngsters only about 20 minutes a week on the average.

The Cross and The Flame

Munday, Goree

TAKE A DOSE OF PSALM 23!

The way a man thinks will eventually determine the way he lives. How important, then, to have the "mind of Christ" (1 Cor. 2:16). Recognizing the spiritual therapy of reflecting upon the good, the true, and the beautiful, Paul instructs us to cease from worry and to concentrate on lovely, helpful things (Phil. 4:6-8).

A certain preacher has a splendid prescription for nervous and unhappy people who came to him for counseling. He tells them to "take the Twenty-Third Psalm" six times a day for two weeks! "Read it" he says, "even before you get out of bed in the morning. It is necessary to go very slowly over the verses, interspersing them with prayer. Do the same immediately after breakfast and lunch, again before and after dinner, and finally upon retiring. You must not read it in haste; and if you know it from memory, still take out your Bible and go over the passage

word by word." It sounds simple, yet many violate the rules. One man read it quickly six times before work, and complained that it did him no good. He was told that the way he proceeded would be like taking all the medicine a doctor prescribed in one swallow rather than extending the treatment over a period of time. He saw the point, then followed directions and was greatly helped.

The blessed Twenty-Third Psalm is a pattern of thinking, and when a man's mind is restructured by those 117 words, it can greatly change his attitudes and undergird his faith. I challenge you to take a dose of Psalm 23 six times a day quietly and prayerfully for two weeks. You'll be surprised at the results.

THE TWENTY-THIRD PSALM

1 The Lord is my shepherd, I shall not want,
2 He maketh me to lie down in green pastures; He leadeth me beside the still waters.

3 He restoreth my soul: He leadeth me in the paths of righteousness for His name's sake.

4 Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me; thy rod and thy staff they comfort me.

5 Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over.

6 Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

The letter "T" is the second most frequently used letter in books, newspapers and other printed material in English.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows:

"Authorizing the members of a hospital district governing board to serve four-year terms."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and state law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

providing a bill of rights for crime victims."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

TYING FOR FIRST PLACE at the golf scramble held last weekend at Lake Creek Golf Club included the teams of Jerry King, Bully Ratliff and Mary Smith and Oscar Cypert, Wayne Zeissel and Alvin Michalik. The teams shot a 7-under-par 63 in 18 holes of play.

Weinert News

By Mrs. Myrtle Phemister

Things are looking good in Weinert! We've had rain, cool weather, no new illnesses, our sick are all out of the hospital and are recovering, so...we have much to be grateful for.

Bill Bailey Guess III spent several days in the home of his grandmother, Mildred Guess. Bill graduated from A&M in the spring, and is now employed in San Antonio.

Mary Nell Coltharp of Seymour, Paisy Lee Salyers of Holliday, and their mother, Crystella Raynes of Weinert, joined Roberta Jenkins of Haskell for a mother-daughter day on the town last week.

Alice Yates returned from Corpus Christi in time to entertain brother, Mr. and Mrs. Bobby Cypert of Odessa, and Mr. and Mrs. Ralph Cypert of Munday. Toby enjoyed a couple of days fishing while Alice was away.

Henry Rueffer is home from the hospital and recovering nicely, and he and Mrs. Rueffer had several guests to entertain, including their two daughters, Richard and Verlene Whiteley, and Emilee of Alvin, and H.C. and Ema Quiram and Gary of Duncanville. Also a son, Melvin Rueffer of Waco.

Other out-of-town guests included Wanda Pace, Jason and Leslie, also of Duncanville.

Grenetta and Phil Bledsoe, and Tammy of Weatherford, spent the weekend with her parents, Thurman and Feba Stout. Others present for Sunday were Wayne and Jeanie Stout

and Shane, of Haskell, and Michelle Rawlings of Abilene.

Mr. and Mrs. Mac Turner of San Antonio and Dan McIntire of Corpus Christi were recent guests of Sandra and T Nichols and Bernice Mathison.

The Foursquare Gospel Church had a special series of sermons on Saturday night and Sunday. Special out-of-town speaker was a representative of the Council of Foursquare Men (CFM). The members enjoyed a fellowship meal together at the noon hour on Sunday.

Mildred Offutt and Myrnie and Eddie Sanders were in Wichita Falls on Saturday where they attended the 25th wedding anniversary celebration of their children, Shirley and Wayne Offutt, hosted by Tammy, Marty, and Cindy Offutt, their children. Other guests included Mr. and Mrs. R.W. Anderson, Valerie and Melissa, of Wylie.

Buck and Helen Turnbow returned home Tuesday from Midland where they were staying with their daughter, Jeanene Perry, who underwent emergency surgery last week. She is recovering and expects to be released the first of this week.

Alton and Mildred Sanders were in Henrietta for a Discipleship weekend at the Grace Baptist Temple, and returned home Sunday night. Alton was music director and Mildred served as coordinator for the children's choir.

They were in Abilene on the 14th in celebration of Alton's birthday, the anniversary of their son, Jerry and Joyce, and the almost miraculous recovery of their grandson, Jeremy, who recently developed severe diabetes and is doing well.

Recent guests in the Sanders home were Royce and Virginia Teaff of Dover, Arkansas. Sympathy is extended to Virginia upon the recent death of her older sister, Wanda.

Congratulations are in order for Sarah Guess upon the arrival of twin nieces, 7 lb. Amanda and 8 lb. Dianne, who arrived in San Angelo to bless the home of Sarah's brother, Mr. and Mrs. Bruce Young.

Birthday balloons will fly this week for Melvin Vojkufka, Hellen Stout, Eric Hager, and Georgia Turnbow. Happy Birthday all!

Scramble Draws Large Group Of Contenders

Twenty-one local golfers teamed up for competition Sunday in a scramble held at Lake Creek Club.

The teams of Jerry King, Bully Ratliff and Mary Smith and Wayne Zeissel, Alvin Michalik and Oscar Cypert tied for first place, shooting a 7-under-par 63 for their afternoons work.

Coming in second with a score of 64 was the team of Richie Smith, Raymond Carden and Marion Waggoner followed by Jack Nuckols, Bill Hurly and Christy Bufkin with a score of 67. Finishing fourth were Don Coffman, Lewis Wise and Barbara Ratliff. Fifth and sixth place finisher were team members Ronny Baker, Stacia Cook and Felton Jackson and Danny Owens, Bob Bowen and Terry Bufkin.

Wayne Zeissel was named winner in the closest to the pin contest on holes 9 and 18 and also had the longest drive on number 3 and 12. Bill Hurley was closest to the pin on the number 5 and 14 hole and Oscar Cypert had the longest putt on 8 and 17.

County Heart Chapter Meets In Knox City

The Knox County Chapter of the American Heart Association met in Knox City Tuesday, September 12, with 12 board members present. Attending were Peggy Guinn, president; Winters Matthews, treasurer; Nancy Whittemore, secretary; Ernestine Dickerson, Alice Reneau, Bob Presnall, Audie Johnston, Florence Miller, Wendell Partridge, Sybie Simmons, Janoma Stephens, June Tankersley and Dawn Flavin, division director.

Dawn presented an overview of the American Heart Association and distributed handbooks and interest surveys to each board member.

Board solicitation was discussed and each member was encouraged to make a contribution. This year's goal was set at \$8,775. It was reported that Knox County rated second highest in contributions per capita in the division last year. Other business included a report of the Food Festival held in Munday; there was no report from Knox City.

The annual Turkeywalk for Heart has been set for November 4 in Knox City with Grace Welch as chairman. At this time no date has been set or chairman chosen for Munday.

The nominating committee will be: Audie Johnston, Florence Miller, Janoma Stephens, June Tankersley and Nancy Whittemore.

The next meeting will be at 6 p.m. Tuesday, November 14, at the Benjamin Memorial Building.

Redder Services Held Thursday

Fred Joseph Redder, age 86, died Monday, September 11, 1989, in the Knox City Nursing Home.

Rosary was held at 7 p.m. Wednesday, September 13, at McCauley-Smith Funeral Home. Funeral services were at noon Thursday, September 14, at St. Joseph's Catholic Church with Father Jeremy Myers of Dallas, officiating. Burial was in St. Joseph's Catholic Cemetery in Rhineland.

Born October 17, 1902, in Rhineland, Redder was a farmer and a lifetime resident of Rhineland. He was a member of St. Joseph's Catholic Church and an honorary life member of Knights of Columbus Council No. 1766 in Rhineland. He and Emma Martha Simonizh were married April 24, 1929. She died August 26, 1980.

Survivors include one son, Louis of Munday; one daughter, Geneva Pennartz of Rhineland; eight grandchildren and one great-grandchild.

Pallbearers were Robert Dorough, Randal Redder, Wayne Pennartz, Jerry Pennartz, Gary Pennartz, and Kynn Patterson.

Munday FFA's Exhibit Stock At West Texas Fair

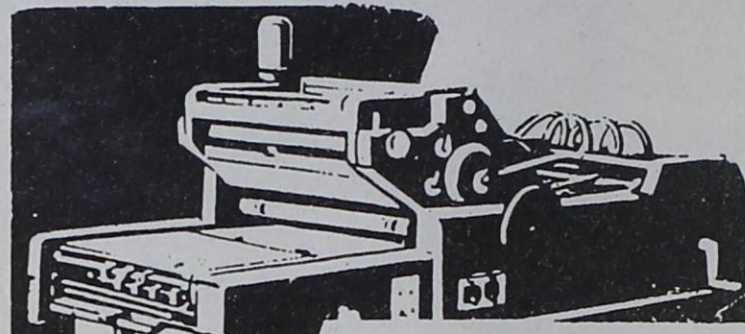

Munday FFA's Jeff Herring, Kent Latham and Bryan Latham exhibited their livestock in the West Texas Fair last weekend in Abilene.

Kent Latham placed twelfth with his medium wool wether, while his brother, Bryan, had a 9th place finewool, 6th place finewool cross and 10th place medium wool lamb.

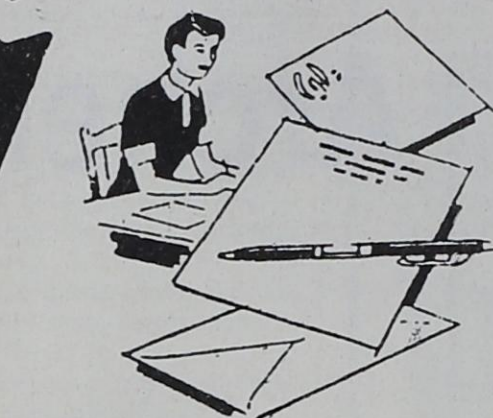

Jeff exhibited his AOB steer to 7th place and Bryan exhibited his Simmental steer to 5th place.

The young men were accompanied to the show by Ricky Moeller, VoAg instructor, and their parents Rickie and Diane Herring and Ruddy and Linda Latham.

GTE Asks Hunters To Use Care While Dove Hunting

With the dove season here again, GTE Southwest is reminding hunters not to shoot in the direction of telephone lines and poles, according to Robert J. Meyers, general manager for GTE Southwest's Mid-Texas Division. Already in the beginning of the season, long-distance service to at least two towns has been interrupted and a number of individual customers isolated due to unthoughtful shooters in the Mid-Texas Division.

Meyers urged hunters to remember that each minute a telephone is out of order, the safety of many people may be threatened, which is reason enough not to shoot birds on telephone lines or poles.

The Commissioners' Court reserves the right to reject any or all bids. 52-2tc

September 23-30 Designated As Texas Rural Health Week

To recognize the Texas Rural Health Association and its efforts to ensure continued availability of health care services, the Texas Senate in August passed a resolution designating the week of September 23-30 as "Texas Rural Health Week."

"The causes of the present crisis in our rural health care delivery system are complex and not easily resolved;

with the leadership of organizations like the TRHA and the combined efforts of all Texans, we will continue to seek positive and effective solutions to the critical situation," Senator Carlos Truan said in the resolution he sponsored.

The Texas Rural Health Association was formed in 1985 to advocate the improved availability and accessibility of health care services to Texas' rural areas. It will hold its fifth annual conference September 27-30 in Corpus Christi.

The conference, themed "Rural Health Care--Towards the Year 2000", will bring together health care professionals, administrators, educators, policymakers and other community leaders to discuss problems common to many communities and identify potential solutions.

"There is no simple solutions to the problems in our state's rural health care delivery system," Jim Shannon, president of the TRHA, said. "However, the Legislature creating the Center for Rural Health Initiatives assures that we can look forward to some real improvements." Shannon's role as TRHA president is one facet of his public relations position at Brazos Electric Cooperative, headquartered in Waco.

"Our goal at Brazos Electric is not only to provide dependable, economical electricity, but also to enhance the quality of life for residents in our service area," said Richard E. McCaskill, Brazos Electric's executive vice president and general manager. "The Texas rural health care delivery system is now in very poor condition, and we feel it needs all the help we can give it."

Currently, 52 Texas counties have no hospitals and 14 counties are without physicians. The number of Texas rural residents affected by the health care crisis exceeds the total populations of Alaska, Delaware, Nevada, Vermont and Wyoming combined.

Local Man's Kin Is Buried In Seymour

Albert Joe Smajstrla, age 64, died Tuesday, September 12, 1989 in the Seymour Hospital.

Rosary was held at 7:30 p.m. Wednesday, September 13, at Sacred Heart Catholic Church in Seymour. Funeral services were at 10 a.m. Thursday, September 14, at Sacred Heart Catholic Church with the Rev. Richard Flores officiating. Burial was in Sacred Heart Catholic Cemetery with military graveside rites under the direction of Archer Funeral Home.

Born April 24, 1925 in West, Smajstrla moved to Rhineland in 1938. He and Mildred Stengel were married November 4, 1947 in Rhineland and moved to Seymour in 1950. He was a veteran of World War II, a member of Sacred Heart Catholic Church, Knights of Columbus, and Veterans of Foreign Wars No. 7871.

Survivors include his wife; five daughters, Sandra Lane and Patricia Sturgeon, both of Seymour, Phyllis Flowers of Brownwood, Diane Price of Mahomet, Ill., and Margaret Rogers of Wichita Falls; four sons, Jimmy, Richard and Robert, all of Seymour, and John of Lone Oak; two sisters, Georgia Kleypas of Houston and Betty Lou Barrett of Garland; his stepmother, Anna; a stepbrother, Alvin Michalik of Munday and 12 grandchildren.

What Jesus Taught by Dr. Larry Fitzgerald Minister, Church of Christ

Is the Bible from God and without error?

Jesus Christ unqualifiedly endorsed the Scriptures as the inspired word of God without error (Matthew 5:18; John 10:35). Today's theological world calls this belief the plenary theory of inspiration. Unfortunately, many theologians believe in "thought" inspiration which allows for errors in the original writings of the Bible. Thought inspiration simply says that the Bible is just a good book similar to the writings of good men like Shakespeare, Plato, et al. Yet, this is not what Jesus, his apostles and the prophets taught.

The Old Testament writers believed their message to be from God without error. "Thus says the Lord" or an equivalent appears more than 2,000 times in the Old Testament (2 Samuel 23:1-3; Isaiah 8:1-11; Micah 5:10; Ezekiel 3:4, etc.).

Jesus' apostles believed the whole of Scripture to be without error and from the Lord (1 Corinthians 14:37; Galatians 1:11-12; 2 Timothy 3:16; 2 Peter 1:21).

Besides these witnesses, there are six forms of evidences to prove that the Bible came from a superior intellect. First, the history of the Bible is remarkable. Throughout the span of the Bible, there have been repeated attacks on the Bible. During the first few centuries of Christianity, it was a capital offense to have a copy of the Christian Scriptures. Those caught with such writings were put to death and the scrolls burned.

Since then, the persecution has been intense to either destroy the Bible or to discredit it. Yet, in spite of these attacks, there are about 5,357 original (early aged) Greek manuscripts of the New Testament along with over 10,000 early copies in Syriac, Coptic and Latin.

The discovery of the Dead Sea Scrolls in the 1940s reconfirms that not only is God watching over His word but that it has not been corrupted in the translation and duplication processes as claimed by some liberals and cultic groups. Voltaire, the French philosopher who led an attack against the Bible, once boasted that it took 12 ignorant fishermen to establish Christianity, and he would show how one Frenchman could destroy it. Today, Voltaire's home is used by the Geneva Bible Society to distribute Bibles.

The second evidence that the Bible is God's word without error is the uniqueness of the Bible. Even though it was written by more than forty authors over a period of 1400 years, it is unified in its teachings. It does not contradict itself (although some of our English translations have given the appearance of error through mistranslation in a few places). The Bible continues to prove itself as without error.

The third line of evidence is the pragmatic argument: if it works, it is true. The Bible certainly works in our lives. If the principles of God's word are followed, they will make us better neighbors, employers, employees, husbands, mothers, daughters, sons, grandparents and grandchildren. The Bible will work if followed.

Fourth in this series of evidence is the witness of archaeology. Last century it was fashionable to try and disprove the Bible through archaeology. This explo-

ration led not to disproving the accuracy but its reliability. (There are many books which show that archaeology confirms the Bible as God's word without error. One such book is More Evidence that Demands a Verdict, by Josh McDowell.)

Fifth is the evidence of scientific foreknowledge. Today, we know that the earth rotates in empty space, the earth is round, the necessity of isolation of communicable diseases and the use of pure water for cleaning. But did you know that the Bible taught these things over 2000 years ago? (Job 26:7; Isaiah 40:22; Leviticus 13:45; Leviticus 14). There are many such dramatic scientific evidences in the Bible which can only be explained by advanced knowledge.

The final evidence of the Scripture being from God without error is the amazing evidence of fulfillment of prophecy. In the birth, life and resurrection of Jesus, there were fulfilled not less than 60 prophecies. The chances of these bring mere circumstance is 1 out of 3,000,000,000,000,000,000. (This was calculated by Dr. H.O. Taylor, see B.B. Baxter's I Believe Because, pages 186-196). There are many other dramatic examples of the fulfillment of specific prophecy (not the obscure prophecies of such uninspired men as Nostradamus).

For more study, I recommend you read the two previously mentioned books and other writings such as The Bible Was Right, by Hugh Schonfield; You Can Trust Your Bible, Neale Pryor; and Why We Trust the Bible, by George Dehoff.

By the way, does your preacher believe in plenary inspiration (the Bible is God's Word without error)? Ask him!

Gingham got its name from a town in Brittany, France called Guingamp.
