

# Munday Teams Advance To Regional Track Meet

STATEBOUND! These MHS literary students are preparing for the State UIL Academic Meet May 2-4 in Austin. Shown left to right are: Chris Burnett (poetry interpretation), Beth McPherson (literary criticism), Ronnie Whitfield (editorial writing) and Kacy Longan (prose interpretation).

## Four Qualify For State Academic Meet

Four students from Munday High School have qualified for the University Interscholastic League Academic State Meet, May 2-4 at the University of Texas at Austin.

Beth McPherson, Chris Burnett, and Kacy Longan will advance to the state meet, while Ronnie Whitfield will attend as an alternate. The students placed within the top three individuals in their categories at the Region II competition last Saturday in Abilene to earn this honor. They competed against contestants from 79 other Class A schools at the regional meet.

Beth McPherson, daughter of Jim and Susan Edwards, placed first in Literary Criticism at the regional meet. Chris Burnett received second place in regional Poetry Interpretation. Her parents are Bobby and Judy Burnett.

Kacy Longan, daughter of Bill and Karen Longan, placed third in Prose

Interpretation. Receiving fourth place, or first alternate, in Editorial Writing, was Ronnie Whitfield, son of Rodney and Marilyn Bennett.

Students who participate at the State Meet represent the elite in their field and will qualify for Texas Interscholastic League Foundation scholarships.

The girls were under the direction of Nahwana Donoho, while Becky Ratliff coached Ronnie.

Other Munday students participating at the regional academic meet were: Chris Key, Charlie Terrill and Dixie Reid, who won first place at District in the Current Events category (Dixie was named second highest individual at District, while Charlie was named third highest in their category); Andrea Longan, who placed second at District in Poetry; and Laura Burnett, who placed second at District in Prose.

## D-FY-IT Program Planned For Knox County Youth

D-FY-IT (Drug Free Youth In Texas), a unique drug and alcohol program geared to the youth of today, is coming to Knox County.

The D-FY-IT program, under the direction of James Victory, Munday Chief of Police, will be implemented in county schools at the beginning of the fall school term. The Knox County Chapter will have three divisions: Munday/Goree, Knox City/O'Brien and Benjamin.

Each school will elect one student from each grade, 7-12, to serve on a Student Leadership Panel. This panel will decide the rules and regulations for their club, which puts the students in charge. Each division will have a program coordinator and each school will have an advisory board of adult members from various professions in the community. Teachers and law officers, as role models, are the only adults allowed to become members.

No one sets out to become an alcoholic or drug addict. This program promotes prevention, instead of prosecution. The key to behavior modification is through motivation. This program is unique in that it combines positive motivation with positive peer pressure to encourage students to become or remain drug-free.

In order to become a member, the student must voluntarily agree to a drug test and submit to a re-testing whenever their name is randomly

selected. Once they test "clean", each student will receive a T-shirt and I.D. card for members only. With the I.D. card, students receive rewards and discounts from various merchants. Merchants of the community who wish to be involved in the program will offer these members discounts on purchases such as clothing and food. As an extra incentive for those students who are "clean", one member each month will be randomly selected to receive a cash reward for being drug-free.

If a student ever tests positive for drugs, the membership card is collected and the student loses all

(Continued on Page 7)

## Sarpalius' Mobile Unit To Visit May 1

U.S. Representative Bill Sarpalius' mobile office will be at the Munday City Hall on May 1 from 2:00-3:00 p.m.

The mobile office allows the congressman to bring his office's services directly to his constituents. A representative from the Congressman's office will be on hand to assist with constituent questions.

The mobile office will be traveling to each town in the district on a monthly basis. For more information contact Aaron Alejandro, District Coordinator, at (817) 767-0541.

With the District win behind them, the Munday Moguls and Moguelettes now head for the Regional Track Meet this Friday and Saturday at Levelland.

Both teams have ranked high in every competition faced this season.

The boys' team, composed of Jerry Wayne Branam, Brett Bruce, Perry Collier, Terry Collier, Bobby Dockins, Andrew Serrato, Tyler Thompson and David Wilde, is coached by Jim Edwards.

Munday has five boys entered in field events at the Regional Meet. Jerry Wayne Branam will compete in the shot put division. He won first at the district meet with a throw of 51'4". Brett Bruce, who placed second in both shot put and discus at the district contest, will compete in both events at the Regional Meet. David Wilde, who won first place in the district discus competition, will also be entered in the discus event at Regional.

Other entries in field events will be Perry and Terry Collier. Perry will compete in the long jump, while Terry will enter both the high jump and triple jump.

In running events, the Moguls will have entries in seven separate categories. The 400 and 1600 meter relay teams, composed of Tyler Thompson, Bobby Dockins, Perry Collier and Terry Collier, are hoping for another first place win. Tyler, Perry and Terry were on last year's 1600 meter relay team, which won the state title.

Perry and Terry are also entered in the 400 meter dash at the Regional Meet, while Tyler will compete in the 800 meter dash. Bobby will run the 110 meter high hurdles, which he won first in at district with a time of 14.36.

Also running for Munday will be Andrew Serrato, who will be entered in both the 1600 and 3200 meter runs. Andrew has dominated both events in previous track meets.

Brandy Branam, Michelle Berryhill, Sherita Jones, Kacy Longan, Nikki McGaughey, Beth McPherson, Angie Offutt, April Offutt, Kerri Smith and Christy Williams comprise the girls' team. Dan Sloan is their coach.

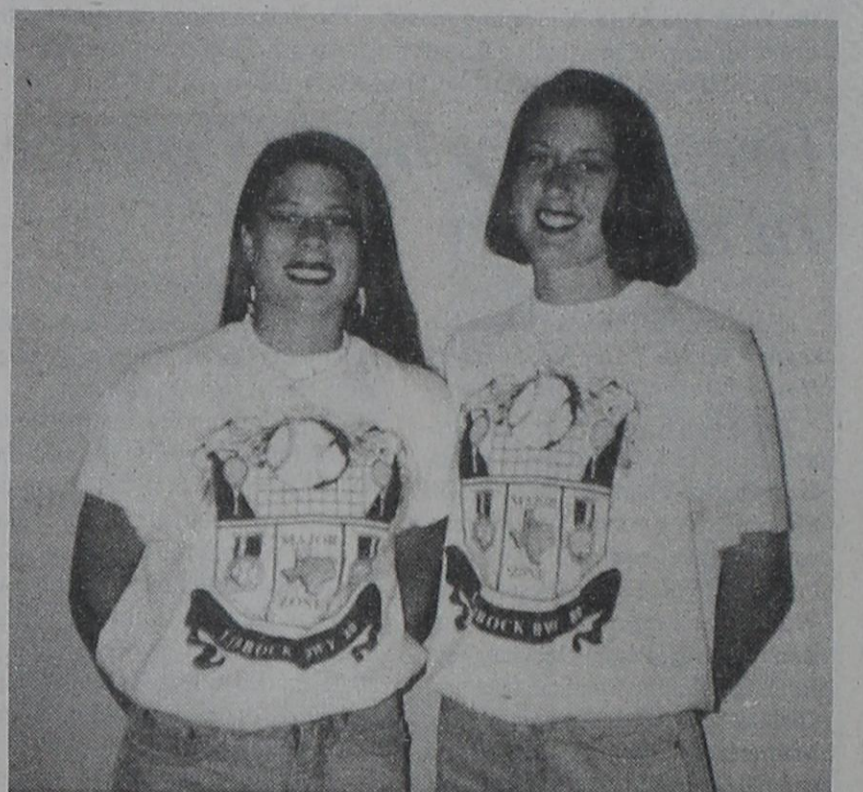

The Munday girls will be represented in the field events by Angie Offutt and Sherita Jones in the long jump, who ranked first and second at district, respectively. Sherita will also

compete in the triple jump, as will April Offutt. Nikki McGaughey will throw her best in the shot put competition, which she won at district with a distance of 33' 1 1/4".

The girls' relay teams, which won the regional title in 400, 800 and 1600 meter relays last year, will try for another victory this year. The Offutt twins are on all three teams. Others on the team are Michele Berryhill, 400; Sherita Jones, 400 and 800; Brandy Branam, 800; and Beth McPherson and Kacy Longan, 1600.

Beth will also be entered in the 400 meter dash, while Sherita will run in the 200 meter dash. Brandy will compete in the 100 meter hurdles at the regional level, and Kerri Smith and Kacy will run in the 3200 meter race. Kacy holds the district title in this event, while Kerri ranks second.

The Regional Meet will begin at 2:00 p.m. Friday at South Plains College in Levelland. Saturday's events will begin at 10:00 a.m. Girls will run first in every event, with the exception of the 400 meter dash.

MISSY AND JAE-JAE RENEAU will represent our district at the Region I Class A tennis competition on April 25-26 at South Plains College in Levelland. The girls, daughters of John and Jean Reneau, won the girls' doubles contest at the district meet held recently in Knox City.

## Present Texas Revenue Budget Means Less Money For County

A budget we can live with...or can we? The House Appropriations Committee is trying to get the message to the people that the State has no money, no accounting tricks, as used in the 71st session, and no surplus to help bring the budget in line with needs of the State.

The "bare-bones budget" that was passed recently by the House Appropriations Committee has a devastating effect on counties in the 78th House District. The most harm will come to the already battered human services program and the public school finance program with court orders to equalize funding.

With this budget, the state would be deprived of \$4 billion in federal funds, which would translate into a shortfall of more than \$8 billion.

Commenting on the budget crisis, Rep. David Counts (D) Knox City, stated, "I would like to know how the people in the District feel about the level of services provided. How should we go about raising the money to provide the services at the present level plus projected needs, if wanted? I continue to hear the 'no-new taxes' slogan, however, taxes equate to services and this is the equation we must work to balance." "I need to hear from you."

The existing revenue budget would affect Knox County as follows:

**PUBLIC SCHOOLS**  
Goree ISD and Benjamin ISD would not lose any funds. However, the total proration (loss) for the Munday ISD would be \$3,230 in 1992 and \$3,192 in 1993, or \$8 per student each year. Knox City ISD would lose \$49,567, or \$113 per student in 1992, and \$143,579, or \$325 per student, in 1993. This is a county-wide average of \$52,797, or \$53 per student, in 1992, and \$146,772, or \$145 per student, in 1993.

**HUMAN SERVICES**  
In long term care, the difference in the number of nursing home and private ICF-MR clients would be 15, with the difference in these payments being \$578,577. Five less people would be served by Community Care for Aged and Disabled.

The difference in payment for hospitals, physicians, laboratory, X-ray and other services now offered by Medicaid would be \$645,466, while the dollar value difference of prescribed medicines would be \$84,942.

The number of people receiving In-home Protective Services for

Children would drop by three, and the number of Aid to Families With Dependent Children (AFDC) clients made ineligible would differ by seven. This amounts to an \$81,177 difference in AFDC payments.

**PUBLIC HEALTH**  
One child would be dropped from the early childhood intervention program. The difference in state funds for the supplemental feeding program for women, infants and children program (WIC) would be \$1,563.

The figures stated for Human Serv-

ice and Public Health reflect a biennial impact (1992-93).

These losses bring the biennial difference for Knox County, due to the existing revenue budget, to \$1,592,857. A budget we can live with...or can we?

David Counts, State Representative for this District, may be advised of your opinion by writing to him at either of the following addresses: David Counts, Capitol Office, P.O. Box 2910, Austin, Texas 78768-2910 or David Counts, District Office, P.O. Box 338, Knox City, Texas 79529.

## Purple Cloud Band Attends Concert-Sightreading Contest

The Munday High School Purple Cloud Band participated in the Region II Concert and Sightreading contest on Wednesday, April 17, at Wilbarger Auditorium in Vernon.

The Munday band received a first division rating in sightreading, and a second division rating in concert. Each band is rated by three judges in each event and must receive a I from at least two judges in order to receive a first division rating. Munday received a I and two II's in concert competition, thereby giving them a II rating. Of the eight Class A bands participating in the competition, only one, Petrolia, received first division

ratings in both events. The MHS band presented a superb performance of "American Way March" by King, "Blue Ridge Saga" by Swearingin, and "Slavonic Folk Suite" by Reed.

Other Class A schools participating in the North Zone contest and their ratings (in concert and sightreading, respectively) were: Throckmorton, II and II; Paducah, II and I; Muenster, III and III; Crowell, III and III; Knox City, II and II; and Windthorst, III and II.

The band is under the direction of Rodney Bennett, and assistant director, Marilyn Bennett.

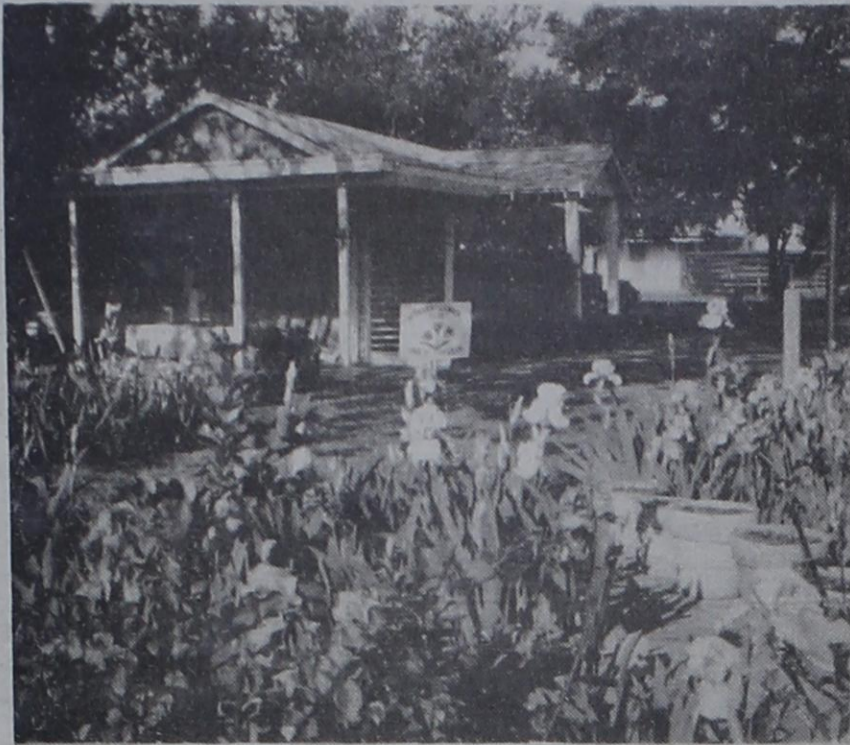

WHOA! Better slow down for another look at this bale of hay! No, that's not a "real" cowboy...only his boots! Someone thought it would be a clever idea to transform this bale of hay into a bit of comic relief for local residents. It's located just north of the Exxon station, if you'd care to drive by and see for yourself.

## WEATHER REPORT

Following is the weather report for seven days ending Monday, April 22, 1991, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

TEMPERATURE		
	HIGH	LOW
April 16	87	57
April 17	84	68
April 18	78	55
April 19	78	60
April 20	71	48
April 21	77	54
April 22	67	42
Rainfall Monday, April 22 - .03		
Rainfall year to date - 3.92		

MILDRED McCRARY, of West Bowie Street, was awarded the first Yard of the Week honors for this spring season. The judges chose the yard for the beautiful array of snowballs, peonies, iris and roses. The flowers offer a lovely rainbow of color against the backdrop of a green lawn.

## Dr. Aung To Begin Practice In Knox City May 1

(Following are the minutes of the regular session of the Knox County Hospital District Board of Directors.)

The Knox County Hospital District Board of Directors met in regular session on Thursday, March 21, in the conference room. The meeting was called to order at 7:10 p.m. by President W.R. Baker. Present were W.R. Baker, President; Greg Clonts; Benny Grill; Peggy McGaughey; John B. Martin; Stephen Kuehler; Glenda Moore and Ronnie Webb, Maintenance Engineer. Dolan Moore entered the meeting late. Absent were Don Bunton and Bernard Brown.

The minutes of the regular meeting held on February 21 were read. A motion was made by Greg Clonts, and seconded by Benny Grill, to approve the minutes as read. Motion carried unanimously.

Under old business, Stephen reported that uncollected Accounts Receivable were being aggressively pursued. He reported on the status of the accounts, and the ones which would be filed on in small claims

court. Stephen also reported that the Health Benefits for employees became effective on March 1.

Mr. Martin reported on the status of obtaining a new Heart Monitor. Peggy reported that the Hospital Auxiliary will hold a benefit on April 25 to raise funds for this purchase.

The Financial Statement for the month of February was reviewed. A motion was made by Greg Clonts, and seconded by Peggy McGaughey, to approve as presented. Motion carried unanimously.

Mr. Martin presented the Administrator's Report. He presented a letter from First National Bank of Munday outlining the Depository Arrangement. Mr. Martin reported that the Depository Contract is to be renewed thirty days after the Hospital Board reorganizes. He reported that he and Stephen would be attending the THA Rural or Small Hospital Spring Forum in Dallas on April 11 and April 12.

Mr. Martin reported that Dr. Aung had signed the Physician Agreement and mailed it to the Hospital. He hopes to begin practice in Knox City by the first week in May. Mr. Martin also gave an update on the Hospital computer system which was installed. It was on-line as of February 1.

Floyd Brown of Garlington-Brown of Seymour entered the meeting and submitted a proposal to replace the heating and cooling system in the kitchen and dining room. He explained his proposals. The Board agreed that System 3 would meet the Hospital's requirements. A motion was made by Benny Grill, and seconded by Dolan Moore, to enter into an agreement with Garlington-Brown to install heating and cooling in the kitchen and dining room and install a make-up air system on the kitchen exhaust system as detailed in the submitted proposal of System 3. Motion carried unanimously.

Dr. Pennington addressed the Board, updating them on her medical practice. No action was taken.

Mr. Martin reported on the Clinic

Management. No action was taken. Mr. Martin gave the QA Report and the Medical Staff Report. No action was taken.

W.R. Baker reported on a new lawnmower purchased for the Hospital.

Stephen Kuehler gave his report. No grant had been obtained as a result of the energy audit. He outlined a proposal by Benefits Plus in which the Hospital would be a preferred provider of Hospital Services. A motion was made by Greg Clonts, and seconded by Benny Grill, to execute a corporate resolution in which the Hospital agreed to become a preferred provider of Hospital Services with Benefits Plus. Motion carried unanimously.

Stephen reported on the requirements for a drug policy per the new workmen's compensation law. He also reported on the "Cafeteria Plan" for the Employee Health Benefits. The Board instructed him to pursue this.

Ronnie Webb presented a Hospital Remodeling Proposal. He explained the necessary repairs needed to the Hospital building in the next five years. His proposal included explanation of the projects and projected costs. The Board thanked him for his

proposal and indicated they would incorporate it into future budgets. No action was taken.

A motion was made by Benny Grill, and seconded by Greg Clonts, to adjourn. Meeting adjourned at 9:50 p.m.

## Seminar On Grieving Set For This Sunday

A seminar on grieving, entitled "Healing The Heart", will be hosted this Sunday, April 28, by the Munday Church of Christ. The meeting will be from 9:30 a.m. until 2:30 p.m., with a concluding worship service at 6:00 p.m. A pot luck luncheon will be served at noon.

John Scott, counselor and minister from Ft. Worth, and Dr. Larry Fitzgerald, local minister, will be the featured speakers.

The seminar is for those who have experienced recent severe grief, or are having trouble coping with a loss. All topics discussed will be based on the special recovery provided by the Bible.

There is no charge for the meeting, which is open to the public. For more information, contact Dr. Fitzgerald at 422-4731.

## The Fishing Doc

By "Doc" Fitzgerald

MILLER CREEK RESERVOIR  
Level & condition: full & clear  
Temperature: 63° F

**Black Bass:** Good to 7 lbs. on rattle lures, spinners and jigs. Favorite colors include blood, sand, black, yellow and blue. Hitting all depths.

**Striper:** Good to 15 lbs. Best on deep-running trolling lures near dam areas.

**White Bass:** Fair. Mostly small in creeks but several good keepers caught in deep water on live minnows or jigs.

**Catfish:** Good to 10 lbs. on trotline. Still not taking shad. Best baits on lines are goldfish, large minnows, small perch. Few being caught on poles on Tan Bait, liver and minnows.

**Crappie:** Fairly good. Best in quiet, green-brushed areas. Some limits reported but mostly small. Best on slow moving jigs and minnows.

**Rough fish:** Good to 12 lbs. on Tan Bait, crawfish, minnows and worms.

Q: How does one go about entering a fish for a lake record or state record?

A: The Texas Parks and Wildlife Dept. has set out the regulations concerning these two types of records in this state. Often "lake records" are kept informally but not recorded. To legally record a fish you must weigh it on scales certified by the Federal Government (Agriculture Dept.). Then the appropriate forms must be filled out. The fish had to have been caught legally and by state guidelines. For instance, if you take a game fish other than catfish off a trotline or out of a trap then this isn't eligible because it is illegal. Game fish caught on pole or rod and reel must have been taken with only two hooks (or devices in the case of lures). I used to use 3 jigs when fishing for crappie. While this isn't illegal, it does not meet the state standards and would have made any fish I caught unacceptable.

For more information concerning state and local record fish call the Texas Parks and Wildlife at 1-800-792-1112. If fishing in a different state or country, contact the authority in that area.

## ONE-TWO PEST CONTROL FOR A HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

**WEED CONTROL**  
PROWL® herbicide delivers long-lasting control of grasses and certain broad-leaf weeds, without root pruning, stunting or carry-over. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start, for a higher-yielding quality bottom crop.

**INSECT CONTROL**  
THIMET® 20-G soil and systemic insecticide provides early-season control of aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leafhoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter® dealer.

Always read and follow label directions carefully. THIMET is a Restricted Use Pesticide. ® Trademark, American Cyanamid Company © 1991.

## MJHS Places Second And Third At District Track Meet

The Munday Junior High track teams finished their seasons in style last Thursday at the District Junior High Track Meet. The meet, which was hosted by the local school, ended with the Munday girls ranked second and the boys in third place.

The Knox City-O'Brien team won the girls' competition, followed by Munday, Aspermont, Spur and Throckmorton.

In the boys' contest, Spur came in first, with Knox City-O'Brien ranking second, Munday, third and Throckmorton, fourth.

Munday's results and times were as follows:

### GIRLS

3200 Meter Run - Robin Welborn, fourth, 17:35.84.

800 Meter Dash - Lorin Clem, first, 2:40.83; Jennifer Baker, third, 2:49.52.

100 Meter Dash - Gina Vaughn, third, 14.44.

400 Meter Dash - Cathy Nelson, third, 72.31.

200 Meter Dash - Michelle Sosa, fourth, 31.32.

400 Meter Relay - Munday, third, 58.60.

100 Meter Hurdles - Michelle Sosa, third, 20.90.

800 Meter Relay - Munday, fifth, 2:09.31.

300 Meter Hurdles - Heather Brown, second, 56.48.

1600 Meter Run - Jennifer Baker, first, 6:25.29; Kelly Jo Munoz, third, 6:48.81; Lorin Clem, fourth, 6:44.01.

1600 Meter Relay - Munday, second, 4:47.43.

Shot Put - Haley Hutchinson, sixth, 23' 7 1/8".

High Jump - Michelle Sosa, first, 4'6"; Gina Vaughn, sixth, 4'2".

Discus - Robin Bowen, fourth, 70'. Triple Jump - Michelle Sosa, fifth, 26'6".

### BOYS

3200 Meter Run - Doug Edrington, fifth, 13:36.64.

800 Meter Dash - Brady Smith,

third, 2:29.56.

300 Meter Hurdles - Jeff Cook, fifth, 52.94.

1600 Meter Run - Doug Edrington, sixth, 6:17.28.

400 Meter Relay - Munday, third, 52.97.

110 Meter Hurdles - Donnie Browning, fourth, 20.89.

400 Meter Dash - Chris Torres, second, 59.19.

200 Meter Dash - Christopher Aguayo, sixth, 27.94.

1600 Meter Relay - Munday third, 4:09.43.

Pole Vault - Christopher Aguayo, second, 8'0".

Shot Put - Joe Bunton, fifth, 33'11".

Discus - Joe Bunton, third, 108'6".

The Munday Junior High girls' team was coached by Dan Sloan. The boys' team was under the direction of Jim Edwards.

### The Lord's Corner

by Dr. Pete Bradfield, pastor  
First Baptist Church

What do you think about when you're not thinking about anything? Where do you find your mind wandering during the moments before you fall asleep? What is the first thing that crosses your mind when you awaken in the morning? Answer those questions honestly, and you will discover the greatest passion in your life.

Filling your mind with the things of God takes a deliberate act of the will; it won't happen by accident! Take a brisk walk sometime today; and as you exercise your body, exercise your mind as well with Bible verses, hymns, and thoughts of God. It's habit-forming.

See you next week and remember: we lose the peace of years when we hunt after the rapture of moments.

AARON KLAUSE, ambulance director, displays the equipment purchased recently by the Munday EMS with funds from public memorial donations. Two heart monitors, two defibrillators, a suction machine and a back board capable of holding 400 lbs. were added to the life-saving equipment used by the emergency medical technicians.

## Munday EMS Offers Life-Saving Services

With the nearest trauma-equipped hospital being at least 75 miles from Munday, we are fortunate indeed to be blessed with emergency technicians trained in advanced life support.

The old days of simply loading a patient in the ambulance, rushing to a hospital, and hoping that there is enough time, are over. Munday's Emergency Medical Service is now able to offer more than that. These qualified technicians can do everything a hospital emergency room crew can do, with the exception of x-rays and some lab tests. This provides the patient with immediate life-saving care and increases the chances of survival.

Ambulance director, Aaron Klaus, stated that the Munday EMS has answered approximately 100 calls since January 1. Of these, 75% were estimated to be emergency calls. Klaus, a trained paramedic, said that he and the trained volunteers are capable of handling all kinds of emergencies, from accidents to heart attacks.

The Munday EMS was recently able to purchase two heart monitors, two defibrillators, a portable suction machine and a backboard to aid in their life-support techniques. This equipment, valued at close to \$13,000, was made possible by memorial donations from the public.

The EMT's are looking forward to the addition of the 911 emergency system next January. This system, along with the new equipment, will allow them to better serve the community.

Volunteer members of the emergency crew include Jeanie Carden, Reba Redder, Jim Carden, Pam Reed, Beverly Crownover, Mickey Jackson, Lissa Myers and Joel Greenwood.

DAVID RAY BALL

## Ball To Receive Religious Degree

David Ray Ball will receive the associate in religious education degree from Southwestern Baptist Theological Seminary during commencement ceremonies May 10.

Ball is the son of Ralph E. Ball of Breckenridge and the late Leona Ball. He is married to the former Joy Shawver, daughter of Tony and Brenda Shawver of Munday.

Ball is currently serving as minister of youth and education at the First Baptist Church in Albany.

# Benjamin News

By Mrs Gladene Green

Our news concerning our sick friends is very encouraging this week. Hes and Louise Hall are both back at home after several days stay in the Seymour hospital. She underwent surgery on Monday of last week and he had a bout with pneumonia. They both are much improved.

Bill Ryder, a patient at Bethania in Wichita Falls, is also very much improved and he hopes to return home this week.

Virginia Griffith was in Lubbock for a checkup on Friday and Saturday. Her reports continue to be very encouraging.

Jan Carver is still recovering from her recent surgery. She stayed last week with her sister-in-law and brother in Miami and enjoyed visiting while recuperating. She is glad to be back home now, even though her trip was a restful one.

Slick Benson was in Wichita Falls for tests last week.

Our Benjamin friends in the care home, Audrey Nolan, Myrtle Jones and Lona Feemster, are all doing well. Audrey and Lona, after undergoing surgery recently, have done remarkably well for folks their age.

Bud Clower returned home Thursday after several days stay in a Dallas hospital. He continues to have back trouble but medication is helping some.

I apologize if I missed anyone, and send good wishes to everyone who may be ill.

### H. D. CLUB MEETS

The Little Ole' Hens H. D. Club met Tuesday in the home of Eunice Friday. Donnie Peters, Knox County Agent, gave the program on lawn care. Those present were Jimmie Klutts, Bea Parks, Virginia Griffith and the hostess.

It's congratulations again to the Knox City One Act Play cast who won the alternate spot at the regional competition Saturday, and also to the players who were named to the All Star cast and those who received honorable mention. Everyone is proud of you.

Congratulations to the Knox City Little Dribblers who are going to the national finals next week. We all hope you do well.

### HERE 'N THERE

Tres Pierce spent the weekend with relatives and friends in Megargel.

Jeff Conner of Vernon visited his mom and brother, Judy and Jim Bob, on Thursday. Friday, he and Jim Bob went to Lubbock to visit their dad.

Calvin and Thelma Brown of Perryton spent the weekend with the Stanton Browns. Shari Brown returned home with them after a couple weeks visit with her grandparents.

My grandchildren, Beckie and Cody Taylor, returned to their home in Childress Friday after a weeks visit with me and their friends here, and also friends and relatives in Munday. Their mom, Debbie, came after them and visited awhile.

Dee Ann and Anthony Lamb spent the weekend with relatives in Wichita Falls.

Michelle Bufkin spent the weekend with her sister and brother-in-law in Ft. Worth.

Shannon Parker and Scott Chandler of Wichita Falls spent the weekend with Shannon's parents, Jerry and Linda Parker.

Barbara Kilgore of Los Angeles, California, visited her mom and brother, Ozelle and Galen, several days last week.

The firemen expressed their appreciation to everyone who contributed in any way to help make the dinner last Sunday such a success. Lots of folks attended and enjoyed the good meal.

The following notice was given to me to put in the paper to try to clear up any misunderstanding concerning the water line that was put in last week:

To the Citizens of Benjamin - The City of Benjamin did not pay for the water line going past the cemetery. Private individuals paid for this line. The City of Benjamin will receive revenue from the water sales. If anyone has any questions, Buddy Tolson, Mayor, will be more than happy to answer them.

As a footnote to the above, neither did the Cemetery Association pay for that line or any part of it. Here's hoping this subject now can be dropped and we can dwell on something else for awhile!

**ENGAGEMENT ANNOUNCED:** Mr. and Mrs. Dennis Duke of Benjamin announce the engagement and approaching marriage of their daughter, Rebekah Anne, to Phillip Marshall Boone, son of Shari Henderson of Mineral Wells. The bride-elect is the granddaughter of Mr. and Mrs. Kenneth Roberts and Elnora Duke, all of Benjamin. Phil's grandparents are Mr. and Mrs. Clifford Boone of Vera. The couple will be married June 22 at the First United Methodist Church in Benjamin.

## Truscott-Gilliland News

By Mrs. Clara Brown

Ruth Mescall called her parents, Jack and Clara Brown, on Saturday to check out plans for attending the Foard County Centennial celebration this weekend, and reported that Baytown has had 11.5 inches of rain this month.

The annual Gilliland Cemetery Association meeting will be held Monday, April 29, at 7:30 p.m. at the Gilliland Community Center. New officers will be elected, donations accepted, and any other business that arises will be taken care of.

Jason Simmons, son of Ronnie and Derinda Simmons, entered two head in the B-K Prospect Show at Seymour Saturday. His polled Hereford steer won first in the Polled Hereford class, grand champion of English breeds, and reserve champion of the show. His Maine-Angus won first in European cross.

Kaye and Jerry Hayes of Abilene spent Saturday with her parents, Mr. and Mrs. C. W. Miller.

Last Wednesday, April 17, Sybil Simmons, Jodie Miller and Frances Cook, Virginia Carey of Munday and Vera Reid of Knox City met agent Jane Rowan in Knox City to travel to the district TEHA meeting at Anson.

The eighth annual Bates cousins reunion was held at the Crowell bank's community room Saturday. Thirty-two descendants of J. L. Bates, Sr., enjoyed lunch and lots of visiting. J. L. Bates, Jr., youngest son of J. L. Bates, Sr., was able to attend for the second year. He lives in Ore City, north of Longview.

Several Truscott and Gilliland people attended the firemen's dinner at Benjamin Sunday, including Ruth and Shirley Moore, Ruby and Homer Martin, Irene and Owen New, Clara Owens, and Vivian Brown.

Jo Heard was at Lake Ray Roberts Sunday fishing with Tracy and Becky (Welch) Beaty.

Be sure to check the Foard County News this week for the program of events Friday through Sunday. The play will be presented Friday and Saturday night, but since the auditorium only holds about 400, the tickets will go fast.

## Services Held For Marsalaus Hendricks

Funeral services for Marsalaus Hendricks, former Munday resident, were held Tuesday, April 9, at 11:00 a.m. at Allen Chapel Baptist Church in Dallas. Rev. J.R. Allen, pastor, officiated.

Mr. Hendricks was born June 3, 1899, in Calvert to Wyatt and Mattie Hendricks. He attended schools in Calvert. He resided for many years in Munday, where he was a speaker, teacher and superintendent of the Sunday School of his church. He moved to Dallas several years ago to be near his family.

He is survived by one son, O.T. Hendricks of Dallas; one daughter, Katie M. Hayes of Dallas; a daughter-in-law, Gestine Hendricks; five grandsons and six granddaughters, all of Dallas; eight great-grandchildren; and a host of nieces and nephews.

## Munday Schools Lunchroom Menu

## NOTICE TO PROPERTY OWNERS

Appraisal notices on all property that has increased in value will be mailed this week from the Knox County Appraisal District in Benjamin. Personal property, which consists of cars, pickups, trucks, motor homes, boats and motors, motorcycles and travel trailers, have all been re-appraised for the tax year of 1991. We urge you to look at these values, and the values of any other property that you may have a question about. Most value questions can be answered by contacting the Knox County Appraisal District. However, if the taxpayer wishes, he may protest to the Appraisal Review Board. The Appraisal Review Board will meet to hear protests on May 22, 1991 at the Courthouse in Benjamin. There will be further announcement of this at a later date.

## Local Fifth Graders Write Creative Poetry

*"Silently, one by one,  
In the infinite meadows of heaven,  
Blossom the lovely stars,  
The forget-me-nots of the angels."*

Poetry, the art of composing verse that is more vivid and intense than ordinary prose, was recently the subject of study for Mrs. Leona Partridge's fifth grade English class.

After studying different poetry patterns, each class member was asked to write a poem in Haiku, a form devised by the Japanese. These poems, relating to an element in nature, were composed of three lines of varying syllables.

Following this experience, the class used their love of special colors to create "Color Poetry". They chose to use rhyming verse for these personal creations and produced some very unique poetry.

Mrs. Partridge stated, "We have possibilities of a future Emily Dickinson, Walt Whitman, or Carl Sandburg here in our midst!"

She chose the following six poems as a cross-section of verse representing the entire class.

#### RED

What is red? What is red?  
Red roses in the flower bed.  
Red stop signs on the street,  
Red satin shoes on ballerina's feet.

#### SUN

Red wrappings on presents.  
Red caps on peasants.  
That is red.  
----- Andrea Brown

Yellow, oh yellow  
the color of the sun.  
Yellow, oh yellow  
Isn't it just fun?  
Dark yellow, light yellow,  
orange or white.  
Yellow, oh yellow  
the color so bright!

----- Robert Thomas  
BROWN

What is brown, what is brown?  
Brown is soil on the dirty ground  
Brown branches on trees in town.  
Brown feathers on a bird high above  
Brown desks in a room filled with love.  
Brown horses in a pasture.  
Brown dogs running faster and faster!

----- Junior King

#### BLUE

What is blue? What is blue?  
Blue cotton candy that I dropped  
on my shoe.  
A blue jacket I bought for you.  
I have blue pencils, blue paper and  
glue for me and you.  
Blue eyes are like the sky and your  
skirt.

The Munday Courier, Thursday, April 25, 1991, Page 5

While I have a blue shirt that's  
burnt,  
All in blue, All in blue.  
----- Michael Navarette

That is rose.  
----- Shelley Scott  
BLUE

#### ROSE

What is rose? What is rose?  
The lily flowers where the water  
flows  
Roses on the bushes that grow  
Peaches in the orchard  
Peach blossoms that bloom in  
spring.

What is blue? What is blue?  
It is in the sky  
Watch the birds fly.  
Blue on water jugs  
Blue on bugs  
Blue as a cloud  
Blue is loud.  
Blue on flags  
Not on bags.  
----- Timmy Perez

NANCY CASTILLO &  
MICHAEL BERGSMA

### Engagement Announcement

David and Vera Castillo of Goree are proud to announce the approaching marriage of their daughter, Nancy Marie Castillo, to Michael William Bergsma, son of Ralph and Nell Bergsma of Kentwood, Michigan.

Nancy was a 1988 graduate of Goree High School, and Willmar Vocational Technical Institute, where she majored in cosmetology.

Michael graduated from East Kentwood High School in Kentwood, Michigan in 1985. He enlisted in the army and served on active duty for 4 years in the 3rd Armored Division 23rd Engineer Battalion. He is currently serving in the reserves, and is employed by Lescoa Incorporated.

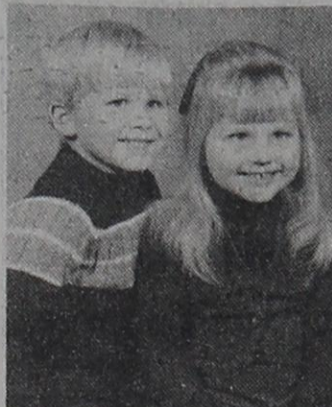

The couple reside in Belmont, Michigan.

The wedding has been set for Saturday, April 27, at Saint George Catholic Church in Haskell.

## FRAUD AND HOME WATER TREATMENT

Consumers should beware of salespersons using free in-home tests to sell water treatment devices.

The in-home test will show minerals in your drinking water, and perhaps the acidity/alkalinity level. The testing procedures use a chemical that combines with dissolved minerals, such as calcium and magnesium, and causes them to settle to the bottom of the bottle. Keep in mind that all water, except distilled water, contains some minerals.

In general, the presence of minerals is not a health threat. In fact, many of the minerals are beneficial to the body. However, some do cause water hardness and an undesirable taste. Another demonstration is done with a face cloth that has been previously washed. The demonstrator puts the cloth and a water softening agent into a jar of tap water and shakes it vigorously. Suds will occur in the bottle, but this is normal because some detergent residue remains in all washed articles.

These free in-home "water quality tests" are merely sales ploys designed to sell you a water treatment system. Often the "test report" on your tap water is given in a way that implies that your water contains a lot of minerals that are not good for your family's health.

People who do the home testing usually require that both spouses of a married couple be present for the demonstration. This prevents one spouse from using a delaying tactic by insisting on talking to the other spouse before making a decision to buy a water treatment system.

## BUTTERMILK

Buttermilk, despite what its name implies, is not high in butter or fat. In fact, only 20% of the calories in a 99 calorie cup come from fat, which makes it even a little lower in fat and calories than one percent fat milk. If a recipe calls for buttermilk and you do not have any on hand, you can make it yourself. Add two tablespoons

## CAN FORMER FRIENDS BE FRIENDS AGAIN?

Broken, injured friendships are the source of pain and guilt of Christians. Often forgiveness is expressed, but the hurt party is unable to do with the heart and mind what his mouth says. The result is alienation, disinterest, indifference. Somehow the hurt and anger caused by the offense must be released; fact and feeling must be separated.

Wightman Weese says the analogy between the long-term healing process for physical injuries and for broken friendships is not applicable. The offended may be withholding full restoration based on this incorrect analogy, blaming reluctance to let go of hurt feelings on humanness, rather than accepting the true dynamic of forgiveness that is available to us in Christ. "We are hurt most by those we love, and the fact that it still hurts may mean there is something there to build on, a latent feeling of love that really does want the relationship to be restored." "Can Former Friends Be Friends Again?" by Wightman Weese, Moody Press Feb. 1990 Pages 46-49.

As Christian forgives is the basis for a relationship. This is true whether it is a relationship with God or with other human beings. When forgiveness is withheld or not offered, there isn't, nor can there ever be, any real

### Tour Scheduled For Soil Stewardship Week

April 28 through May 5, 1991, has been proclaimed Soil and Water Stewardship Week. To kick off this special week, a tour is planned for any interested pastors by the Wichita-Brazos Soil and Water Conservation District. The tour will concentrate on conservation practices being utilized to protect our natural resources.

Those pastors interested should meet at the Soil Conservation office at 1101 East Main in Knox City at 9 a.m. Saturday, April 27. The tour will conclude with a meal at Michel's Corner in Munday, furnished by the Wichita-Brazos SWCD Board.

### Goree VFD To Sponsor Volleyball Tournament

There will be a mixed volleyball tournament this Friday and Saturday at Goree High School, sponsored by the Goree Volunteer Fire Department. Games will start at 6 p.m. on Friday, April 26, and again at 8 a.m. Saturday.

Hamburgers, fries, and much more will be available for the fans and players. Everyone is invited to come out and watch the games.

### D-FY-IT Program

(Continued from Page 1)

membership privileges for a determined amount of time set by the leadership panel. Once the student can re-test "clean", he/she receives their card back and all membership privileges are re-stored.

The D-FY-IT program was started in Smith County, Texas, in 1987. Whitehouse High School, a 4-A school with 769 students, has had monumental success, with participation in the 90% range. Tyler schools started their program with 36-37% participation on the first day. Two days later, a second test was offered and participation increased to 40-50%. As of April of this year, Tyler has 92% of their student body involved in D-FY-IT and Drug-free. Overton schools, with 203 students enrolled, has 100% participation in this program.

Discipline problems in the schools have taken a dramatic decrease and juvenile crime has dropped drastically where this program has been implemented. In Whitehouse, for example, the juvenile crime rate dropped 71% with the program.

The D-FY-IT Program is run through community support by fund-raisers and individual and business donations. All T-shirts, testing and I.D. cards are distributed to the students at no cost.

For more information on how you as an individual or business can help make this program a success, please contact county coordinator James Victory at 422-4223, or Kim Brockett, assistant, at 422-4051.

### Jamboree To Be Held In Knox City

The Knox County Hospital Auxiliary are sponsoring a Jamboree, "I'm Proud To Be An American", Thursday, April 25, at 7:30 p.m. in the W. R. Baker Auditorium in Knox City. All proceeds will go toward the purchase of a new heart monitor system for the Knox County Hospital.

There will be lots of music, songs, and skits from local and out-of-town talent. Over 30 door prizes will be awarded, and an auction will be held. Everyone is invited to attend.

You may kiss under the mistletoe, but the ancient Druids believed the plant had the power to miraculously cure disease and counteract poisons.

### MOGUL REGIONAL QUALIFIERS

### Services Held For Lillie M. Wardlaw

Lillie Mae Wardlaw, 80, of Denton passed away Monday, April 22, in Denton. Graveside services were held at 4 p.m. Wednesday, April 24, at Johnson Memorial Cemetery in Munday, with Rev. Pete Bradfield officiating.

Born Feb. 22, 1911 in Blue Ridge, Texas, she married Don Wardlaw November 3, 1928, in Seymour. He passed away May 7, 1979.

She was member of the Baptist Church and was an alteration lady for several stores in Denton.

Survivors include one brother, Ezelle Reynolds of Munday, and several neices and nephews.

### CPIC Taking Pizza Orders

The City Park Improvement Committee (CPIC) is now taking orders for pizzas...pizza kits, that is!

CPIC is selling pizza kits to raise funds for the planned park renovation. The kits are fresh, not frozen, and include all the necessary ingredients and instructions for baking a yummy pizza.

All orders must be received by May 8. The pizza kits will be delivered during the week of May 20. Several packages are available. For more information, or to place your order, call 422-4685 or 422-5100.

### Farm and Ranch Report

By Donnie Peters

#### HONEYDEW IN SPRING - SOMEWHAT SURPRISING

Homeowners may be surprised to find honeydew from landscape trees such as live oak trees. Upon close inspection in looking for aphids, few or none will be found. This problem was found by W.R. Moore in Munday.

The problem is scale insects are heavily infesting live oaks. The scale insects produce honeydew, and under very heavily infested trees, the honey dew produced by these scale insects can be seen drifting down onto the ground. The honeydew is sticky and will adhere to anything onto which it drifts.

The scale insects grow rapidly in the spring and early summer and at this time cause the greatest damage. Eggs are deposited under the female scale. After hatching, the young, which are called crawlers, emerge from beneath the female shell and migrate to infest the newly developed plant tissue.

Lecanium scale populations increase and decline rather abruptly. Their decline is apparently due to a great many parasites and predators

which attack this scale. Weather conditions which limit the development of the predators and parasites, but do not adversely affect the scale, may account for the development of large scale populations.

The scale, which resembles little turtles lined up along the twigs, can be controlled by spraying two to four times at seven to ten day intervals. Insecticides that might be used are malathion, diazinon, dimethoate, or acephate. Summer oils alone or in combination with these insecticides might be used. Treatment should be made when temperatures are below 90°F. for 24 to 48 hours. When using any of these materials, read and follow carefully the instructions on the container label.

#### Calendar Of Events

Friday, April 26 - School holiday; High School Regional Track Meet at Levelland.

Saturday, April 27 - Regional Track Meet at Levelland; Junior High Band Festival at Jacksboro.

Monday, April 29 - FFA/Young Farmers Banquet.

HAPPY BIRTHDAY TO YOU! These Munday Nursing Center residents were guests of honor at the April birthday party held recently at the center. Those celebrating birthdays were Myrtle Tomlinson, Ninfa Aldaco, Coila Prater, Etta Frazier, Helen Hutchinson and Dessie Decker.

### NURSING CENTER NEWS

By Virginia Williams

Marie Smith and Sue Bryan from the First Baptist Church called bingo Tuesday afternoon. Edith Runnels won the blackout game.

Dorothy Reddell visited Lizzie Reddell Monday afternoon.

Bro. Pete Bradfield held Bible study Monday afternoon.

The Believers' Chapel hosted the birthday party on April 17. Those assisting were Mr. and Mrs. W. O. Smith, Pat Owens, Cindy Thompson, Tommie Crawford and Bea Mitchell.

Those celebrating birthdays this month are Ninfa Aldaco, Dessie Decker, Etta Frazier, Myrtle Tomlinson, Helen Hutchinson, and Coila Prater.

Jean Kiser of Munday played the piano while we sang several songs. It was "Granny" Myrtle Tomlinson's birthday. She is 95 years old. She asked us to sing *Amazing Grace*, then she sang two songs as good as we did!

Polly Decker visited Dessie Decker and Myrtle Tomlinson to help celebrate their birthdays Wednesday.

Faye Stone, Eula Mae Parks and Bea Mitchell visited their mother and attended the birthday party.

Bertie Ivie and Betty Poe of Knox City visited Mrs. Ellen Ball Thursday.

Frances Brown and Vivian Steinbach of St. Joseph Catholic Church called bingo. Coila Prater won the blackout game. Everyone got a gift of powder, hand cream or other useful item. We want to thank Mrs. Brown and Mrs. Steinbach for the lovely bingo party.

Ola Mae and Billie Edwards of Seymour visited Ammie Edwards Saturday afternoon.

Alma Phillips visited the residents

and came for the singing Saturday evening.

Willie Floyd visited her brother, Clarence Booe, in the rest home.

Naomi Barger of Waco visited her sister, Ella Mae Frazier, on Saturday.

Genevieve Taylor of Goree played some tapes from a singing convention in Abilene at the Saturday afternoon singing. Those helping were Virginia Cary, Tom Hamilton, Ella Gresham, and Jane Kiser.

Mrs. Bertha Roy of Santa Rosa, California, and Ethel Birkenfeld of Goree visited their Aunt Annie Lorán Sunday.

The Church of Christ held church services Sunday afternoon. Larry Fitzgerald brought the sermon, Dale Carrol led the singing, and several members came to assist.

### At Your Service

by Dr. Larry Fitzgerald  
Minister, Munday Church of Christ

Q: Is it true that Moslems believe in the Bible? What is their faith?

A: The Moslem religion is one of the several post-Christian faiths that borrowed freely from God's word. Others include the Gnostics, (condemned in 1 John and other New Testament books), the Nicolaitans (condemned in Revelation 2), the Antinomianists (condemned in Romans 6:1), Rigid Ebionites (condemned by Galatians 5), Manichaeists (similar to the Gnostics), etc. Each of these religions adopted some Christian beliefs and even some of the Old and New Testament books but each had an over-riding non-Christian doctrine. Add to this list the Celsusians and Neoplatonists we have quite a collection of pre-sixth century faiths coming from Europe, Asia and the Middle East.

Mohammed was born in Arabia in about 570 A.D. He taught that he was the successor to Abraham, Moses and Christ. Of course, he also taught that he was greater than any of these prophets. He sought to unite Christianity, Judaism and Middle East heathenism into one religion (a sort of early day ecumenicalist).

His book is called the Koran and is a little smaller than the New Testament. The Koran relates many stories from the Old Testament. It does teach the following truths: idolatry is wrong,

all people of all nations will participate in a judgement, Christ was born of a virgin and was a miracle-worker. However, it denies the Christ-hood of Jesus. It also teaches that heaven is a large harem filled with beautiful women. The Koran teaches fatalism which results in a fanatical, intolerant militarism which spreads its religion by the sword and not love as Christ taught. True followers of this religion are extremely dedicated to God (as they perceive him) but many only give "lip service" to their belief (just like many in our faith).

If you have a question for this column write Box 211, Munday, TX 76371.

### ONE-TWO PEST CONTROL HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

**WEED CONTROL PROWL®** herbicide delivers long-lasting control of certain broadleaf weeds, without root pruning, stunting or carryover. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start, for a higher-yielding quality bottom crop.

**INSECT CONTROL THIMET®** 20-G soil and systemic insecticide provides early-season control of

aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leathoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter® dealer.
