TYRE GREENWOOD

Greenwood Attends Texas Lions Camp

Attending the Texas Lions Camp in Kerrville was Tyre Greenwood, 10 year old son of Mr. and Mrs. Mike Greenwood. The Greenwood family has recently moved to Wichita Falls. Sponsored by the Munday Lions Club, the camper rode horses, went swimming and even camped out under the stars while enjoying fun and fellowship with the other children.

Located on 500 acres of beautiful hill country, the camp serves children, ages 7 through 18, who are visually or hearing impaired or have physical disabilities. Camp programs are adapted, if necessary, so that everyone may participate. A well-trained staff supervises each camp activity at a ratio of one counselor to two campers. The Texas Lions Camp is a non-profit organization funded by generous individuals interested in providing challenging programs for handicapped youth. This service is provided free of charge to eligible children.

If you know of someone who can benefit from these programs, call your local Lions Club or write: Texas Lions Camp, P.O. Box 247, Kerrville, Texas 78029-0247, or call (512) 896-8500.

Bloodmobile Scheduled To Visit Next Monday

There is a greater need for blood during the summer months. It is a difficult time for the Red Cross Blood Services because donations decrease as the need for blood increases. This is primarily because the summer is such a busy time, with many taking time off to travel and be with family and friends. Some are just too busy that they don't think about donating blood.

Because about twenty-five percent of donations come from students, blood donations drop during the summer when high schools and colleges aren't in session.

Little League All-Stars Compete In Area Playoffs In Knox City

The Little League All-Stars area competition was held last week in Knox City.

On Monday, July 6, Knox City took on the Seymour All-Stars, defeating them by one point, with a final score of 10-9.

On Tuesday, Munday was also defeated by the Knox City boys by a score of 9-0.

Seymour and Munday battled it out Wednesday night, with Munday coming out on top in an exciting, close game. The final score was 5-4.

Once again, Munday had to face off with Knox City. It was a high scoring game, with Knox City winning 18-12, ending the local All-Stars '92 baseball season.

In other area playoffs, Stamford defeated Haskell and Twin Cities All Stars.

Junior Golf Clinic Set For Next Week

If you are age 9 to 17 and interested in learning to play golf, or if you just need a few extra pointers, you're invited to a Junior Golf Clinic to be held at the Lake Creek Golf Course. Instruction will begin at 8 a.m. each day July 20-24, and is open to boys and girls.

There will be a \$10 per person fee.

ing the summer when high schools and colleges aren't in session.

With the increase in travel and outdoor activities, the chances for accidents increase. Memorial Day weekend, the Fourth of July, and Labor Day weekend are Red Cross' peak times for blood usage.

"It is very clear that the summer months are an extremely important time for blood donors to remember the American Red Cross. I encourage all past donors, and new ones, to please give the gift of life," stated Brenda Smith, Bloodmobile Coordinator.

The Bloodmobile will be in Munday from 3 p.m. to 6:30 p.m. on Monday, July 20, at the Perry Patton Community Center.

Munday Hires New Principal

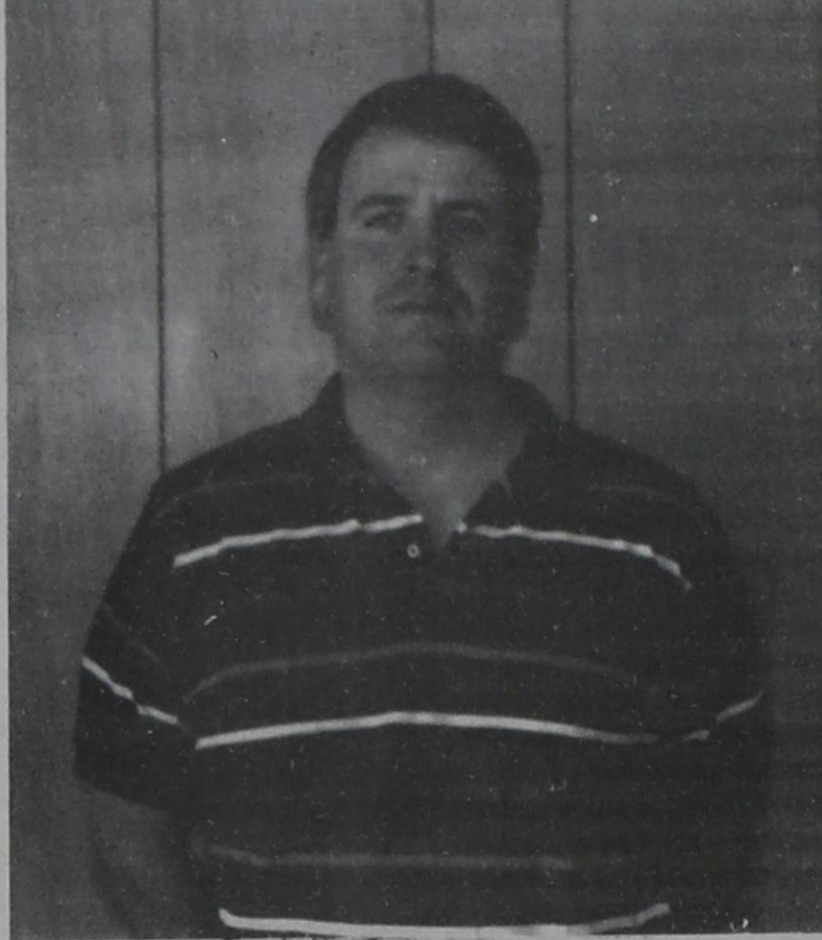

Munday Independent School District has hired a new high school principal, Phil Hall, to fill the vacancy left by Bill Kingston.

Mr. Hall was born in California. He moved to Wisconsin where he graduated from high school. He is a graduate of West Texas State University, and has been involved as head coach for girls' volleyball, the last four years at Grand Prairie High School.

This past year, Hall has been a fulltime graduate student at Texas Women's University. He and his wife, Stacie, have a 2-month-old son, Jacob.

"I am excited to be in Munday. I've enjoyed the people we've met so far. They are a lot friendlier here than in the Dallas area!" stated Hall.

Welcome to Munday, Mr. Hall!

PHIL HALL

Field Day and Tour To Be Held August 6th

A field day and tour will be held at the USDA Soil Conservation Service Plant Materials Center near Knox City on August 6th.

During the noon lunch, a formal program will be held.

Morris Houck, SCS Plant Materials Center Manager at Knox City, said guided wagon tours are planned through the Center starting at 9:00 a.m. Tours will run continually until lunch, then again

Sunday's Golf Scramble Winners Announced

Eighteen golfers came out to Lake Creek Golf Course Sunday, July 12, to participate in the golf scramble.

Winning first place with a 65 score were Mary Smith, Jim and Susan Edwards. Second place team, with a score of 67, were Gaylon Albus, Oscar Cypert, and Becky Ratliff. Tying for third with a 68 were Gary Schur, Richard Albus and Bob Bowen, and Mark Dobson, Ronnie Baker and Chris Moore.

Danny Owens, Felton Jackson and Stacia Cook ended up with a 69, and Robert Alcala, Bully Ratliff and Nancy Whittemore, 70.

until about 3:00 p.m. For those individuals who want to venture off and explore other areas and see the wide variety of plant species, a self-guided walking tour will be offered.

Several selections of plants are being grown at the Center that were not being evaluated during the last field day in 1989.

To reach the Center, go north of Knox City on State Highway 6 about 2 miles, then turn left on FM 1292 for 2 1/2 miles. There are signs at both the turn-offs and

the Center.

Morris said Knox City has a 3,200 foot all weather runway near the Center for those wanting to fly to the Field Day in private or chartered planes. Transportation from the airport to the Center will be furnished by the Knox City Chamber of Commerce.

Grass seed dealers, seed growers, conservation district directors, research workers, wildlife enthusiasts, livestock producers, and others interested in the search for better plants are invited to

attend. The Center was established in 1965 and serves both Texas and Oklahoma. Since the Center first began, a total of eighteen cultivars of improved species have been released from the program at Knox City. Some of the more common varieties include 'Alamo' switchgrass, 'Selection 75' kleingrass, 'Haskell' sideoats grama, and 'Rainbow' wild plum.

Lunch will be served by the Knox City Chamber of Commerce for a prepaid fee. The deadline for making lunch reservations is July 27, 1992. Tickets will be held at the registration desk and no refunds will be made. For more information, contact Doris Crowover, Chamber of Commerce, P. O. Box 91, Knox City, Texas 79529, phone 817-658-3442, or the Plant Materials Center at 817-658-3922.

Three Munday Students Attending Debate Camp

Cameron University in Lawton, Oklahoma, is holding their 18th annual summer speech workshop July 12-17. Among the 355 students and teachers enrolled in the camp are Heather King, Danette Owens, and Kerri Smith, all juniors at Munday High School.

The workshop will include programs in speech, theatre, and debate.

The girls are the daughters of Donnie and Dena King, Danny and Pat Owens, and Coyt and Sandy Smith.

Agricultural Extension Agent Receives Achievement Award

Knox County's own Donnie Peters, County Extension Agent - Agriculture, has been selected to receive the Achievement Award by the National Association of County Agricultural Agents.

To qualify for this highly prestigious award, which is given to only one agent in each state annually, an agent must have less than 10 years of service as a county agent and must have exhibited the highest of standards and achievements as a county agent. Peters has developed an outstanding extension program in Knox County which resulted in his being selected for this award.

He has provided leadership to the adult agriculture program in Knox County where production meetings and tours of cotton, wheat, canola and peanuts were conducted, as well as numerous result demonstrations in these areas, and works with producers in water conservation.

Peters has stressed the importance of producers learning to use advanced marketing strategies to reduce risk and has conducted training in this order. He also works with 4-H youth, homeowners, chamber of commerce, personnel and media representatives.

He will receive his award at the annual meeting of the National Association of County Agricultural Agents Association in Little Rock, Arkansas, during the week of August 9-13. He will also be recognized at the Texas County Agricultural Agents Association's

DONNIE PETERS

annual meeting in El Paso August 2-5.

He and his wife, Amy, reside in Knox City.

Hospital Board Holds Monthly Meeting

The Knox County Hospital Board of Directors met in regular session on Thursday, May 21, 1992 in the Hospital Dining Room. The meeting was called to order by President W. R. Baker at 7:15 p.m.

Present were: W. R. Baker, Dolan Moore, Peggy McGaughey, Don Bunton, Ronnie Webb, Rob Harrison and Stephen Kuehler. Absent were: Greg Clonts and Benny Grill.

Rob Harrison, chairman of the Knox County 911 Committee, addressed the Board on the activities of the 911 committee.

The Board considered the minutes of the Regular Meeting held on April 23, 1992. A motion by Don Bunton and seconded by Peggy McGaughey to approve the minutes as presented. Motion carried unanimously.

The Board considered the Financial Statement and Accounts Payable for the month of April, 1992. A motion by Peggy McGaughey and seconded by Dolan Moore to approve the Financial Statement and Accounts payable guidelines for Disproportionate Share money that it Payable for the month of April, 1992. Motion carried unani-

mously.

The oath of office was administered to Don Bunton and Peggy McGaughey.

Election of officers was considered. A motion was made to reelect W. R. Baker as President, Benny Grill as Vice-President, and Greg Clonts as Secretary. Motion carried unanimously.

Stephen Kuehler presented the Administrators Report. He reported that the Texas Department of Health - Radiation Department had been at the Hospital checking the x-ray equipment. Stephen reported that he had received the paperwork for the continuation of the Transition Grant. The Grant is to be used for establishment of the physician practice and continuing education for the physician and staff.

Stephen presented the QA Report, which was accepted.

Stephen presented the Medical (Continued on Page 2)

Safety Tips For Applying Fertilizer By Chemigation

Chemigation is the practice of applying fertilizer or pesticides to a crop through the irrigation system. This practice is becoming more popular each year as the number of center pivot irrigation systems increase.

The most widely used form of chemigation is the application of fertilizer through the irrigation system. Nutrients can be applied at any time during the growing season on the basis of crop need. Contamination of groundwater is sometimes less likely since fertilizer can be applied at any time and is often applied when crop uptake of nutrients is at the maximum.

It is very important to check the application efficiency of the center pivot before starting a chemigation program. Because the uniformity of the fertilizer or pesticide application is only as good as the uniformity of the water applied by the irrigation system, an efficiency test on the system should be conducted.

Using chemigation through your center pivot irrigation system requires that certain safety devices be installed to prevent back-siphoning or direct injection of chemicals into the well. These components are: (1) check valve between well and injection point; (2) vacuum relief valve between check valve and well; (3) low pressure cut off; (4) low pressure drain; (5) anti-back flow injection valve - 10 PSI on the injection hose; (6) normally closed solenoid valve between injection pump and chemical tank; (7) a metering type injection pump; and (8) functional systems interlock capable of causing shutdown of the chemical injection pump and water power pump.

After chemigation is complete, flush the injection system with clean water and run the irrigation pump for at least 15 minutes to wash the remaining chemicals out of the irrigation system.

The label on the pesticide will state whether the product can be applied through chemigation equipment in a mixture with irrigation water and the type of irrigation system allowable.

Chemigation should only be used under conditions that do not lead to drift or runoff of the chemicals applied.

For more information on chemigation, call the Seymour Aquifer Project office at (817) 864-3334.

Exchange Students Need Home In Texas

Host families are needed for students enrolled in the Academic Year in America program, a non-profit high school/homestay experience sponsored by the AIFS Scholarship Foundation.

The program's local representative, Mary McCorkle of Dallas, is interviewing families in this area who would be interested in hosting a boy or girl who would arrive in mid-August to begin the fall term with their American classmates.

Students have been carefully screened, speak English, and have their own spending money. All a family needs to provide is a bed, a place to study, two meals a day, and an open heart - ready to receive a "son" or "daughter" from another country.

Interested families should call Mary McCorkle at (214) 553-8444 or Regional Director Karen Hall at the AIFS national office in Connecticut at 1-800-322-4678.

She's Maxine! Hear her roar!

She's a hit on our Shoebox birthday and friendship cards. Come in, you'll love these cards.

SHOEBOX GREETINGS

Locals' Granddaughter Heads Tech Fraternity

Buffie Anderson, daughter of Mr. and Mrs. Max Anderson of Olney, has been elected president of Phi Sigma Beta, a professional business fraternity at Texas Tech University. Her term begins in the fall and continues through the spring semester. A senior finance major, she has also served as secretary and Internal Relations.

Anderson has also been elected to serve as president, for the coming year, for the University's President Hostess Organization. This organization serves Texas Tech through promoting Tech to visiting dignitaries and guests. She will also be recording secretary of Kappa Alpha Theta sorority.

She is presently attending summer school and working as a receptionist for a Lubbock dentist. Buffie is the granddaughter of Jeff and Merle Anderson, and LeeRoy and Audrey Leflar.

Isais and Shari Dena of Lake Arrowhead are proud to announce the arrival of a new addition to the family. Isaiah Nikolai Dena was born at 9:45 p.m. Saturday, July 4, 1992 at Wichita General Hospital. He tipped the scales to 6 lbs. 6 oz., and measured 21 inches long.

His brother, John Matthew, and his sisters, Rhiannon, Isairael De'lorris and Bethany Elaina, are proud to have Isaiah II in the family.

Grandparents are Jaun and Dolores Dena of Munday and Mr. and Mrs. Woodrow Wilson Elliott of Wichita Falls.

Hospital Board

(Continued from Page 1)

Staff Report, which was accepted.

Stephen presented the Clinic Management Report, no action needed.

The Board considered some improvements to the Hospital. Ronnie Webb addressed the Board on these improvements. Items discussed: Exterior painting, doors, carpet, and ground keeping. A motion by Peggy McGaughey and seconded by Don Bunton to proceed with the improvements as presented. Motion carried unanimously.

A list of accounts to be written off and turned over for collection was reviewed by the Board. A motion by Dolan Moore and seconded by Don Bunton to enter update member contract with Blue Cross/Blue Shield. Motion unanimously.

The Board considered some will receive. These guidelines were put out by the Texas Hospital Association. The District will be held accountable for how it chooses to spend these funds. A motion by Peggy McGaughey and seconded by Dolan Moore to follow these guidelines put out by THA for the expenditures of Disproportionate Share funds. Motion carried unanimously.

tion carried unanimously. The Board considered the destruction of old Medical Records. An approved list had been received from the Texas State Library. A motion by Dolan Moore and seconded by Peggy McGaughey to approve the destruction of Medical Records that were on the approved list. Motion carried unanimously.

Stephen updated the Board on the CLIA 88 Regulations and their effects on the Hospital Laboratory and the Laboratory at the Munday Clinic. These regulations will effect all Laboratories across the nation.

A motion by Don Bunton and seconded by Dolan Moore to adjourn. Meeting adjourned at 10:15 p.m.

Memorial Services To Be Held Saturday

A memorial service will be held for Madge Christene Mace, sister of Mrs. Mauryse Stone, at 2 p.m. Saturday, July 18, at the First Baptist Church in Munday. Pete Bradfield, pastor will officiate.

Visiting Bea Mitchell recently were Grace Welch of Knox City, Burnice Kyle Mitchell and wife of Mineral Wells, and Janet Mitchell of Wichita Falls.

The Country Bears have come to town!!

Come by and see which one will win a place in your heart!!

VERA NEWS
By Mrs. Thelma Coulston

Walter Junion Clowers, 66, passed away in the Veteran's hospital in Big Spring Tuesday, July 7. Graveside services were held Friday morning, July 10, at 11 a.m. in the Vera Cemetery. Survivors include his wife, Thelma Ruth, of the home; two daughters, Cynthia Overton and Suzanne Dawn of Odessa; and three sons, Steve and Rod of Odessa and Jeffery of Jacksboro.

His wife is the former Thelma Ruth Boone, daughter of the late Mr. and Mrs. Bud Boone, a pioneer family of the Vera community.

Out-of-town relatives attending the graveside services and visiting in the Clifford Boone home were Ernest Boone and daughter, Diane of Odessa, Mr. and Mrs. Dan Boone of Jacksboro, Joe Wayne Roberson of Garland, Charles Roberson of Plano, Mrs. Lois Jennings of Bryson, Mr. and Mrs. Tony Ray Boone of Run Away Bay, David Boone of Georgetown, Keith Boone of Hobbs, NM, and Mr. and Mrs. Harlan Boone of Jacksboro.

Mr. and Mrs. Larry Bratcher, Elizabeth, Heather and a friend, Samantha Mayers, Mr. and Mrs. Rob Bratcher and Lauryn of Seymour, spent July 4th in the Claudell Bratcher home.

Mr. and Mrs. Carl Coulston were holiday visitors with a son, Mr. and Mrs. Benny Coulston and Ryan in Seguin.

Mrs. E.K. Koelder of Plainview and Mrs. Willie Jennings of Rule were visitors of Mrs. Bertha Faye McKinney.

Bob McGaughey was a recent visitor of Dr. and Mrs. William McGaughey in Manhattan, Kansas. After spending the night in the

McGaughey home, he accompanied William to Brookings, South Dakota, where they attended a family reunion of their Brookings relatives. Visiting Bob on Sunday were Mark and Marsha McGaughey and daughter, Tamara of Knox City.

Mr. and Mrs. R.J. Trainham attended the Seymour rodeo Friday evening.

The Bill Miller family were holiday visitors of her mother, Mrs. Violet Patterson. Bill, Christy and Gidget have moved from their home in Sterling Heights, Michigan, to Clovis, New Mexico, where Bill is now employed. Visiting Violet this weekend were the Millers, Dick Patterson of Allen, Scott, Tina, Derick and Marisa of Midlothian, Adell Pierce of Arlington, Mrs. Tom King and Mrs. Kay Pruitt of Munday.

The Benny Coulston family of Seguin were weekend visitors of his parents, the Carl Coulstons.

Mr. and Mrs. Duward Richards spent the July 4th holiday in their travel trailer at Bay Landing. They were joined there by Wayne and Janie Richards of DeLeon. Duward and Wanda also visited his mother, Mrs. Blondie Richards, in Leisure Lodge Nursing Home in Weatherford.

James McGaughey is a patient in the Seymour hospital.

Mr. and Mrs. Gordon Thomas and daughter, Brianna of Woodson, were recent visitors of her parents, the Billy Kinnibrughs.

Mrs. Maurine Parris visited Mr. and Mrs. R. L. Tucker in Sanger, and a friend, Mrs. Ellen Wood, in Whitesboro, Sunday through Thursday.

NOTICE TO PET OWNERS

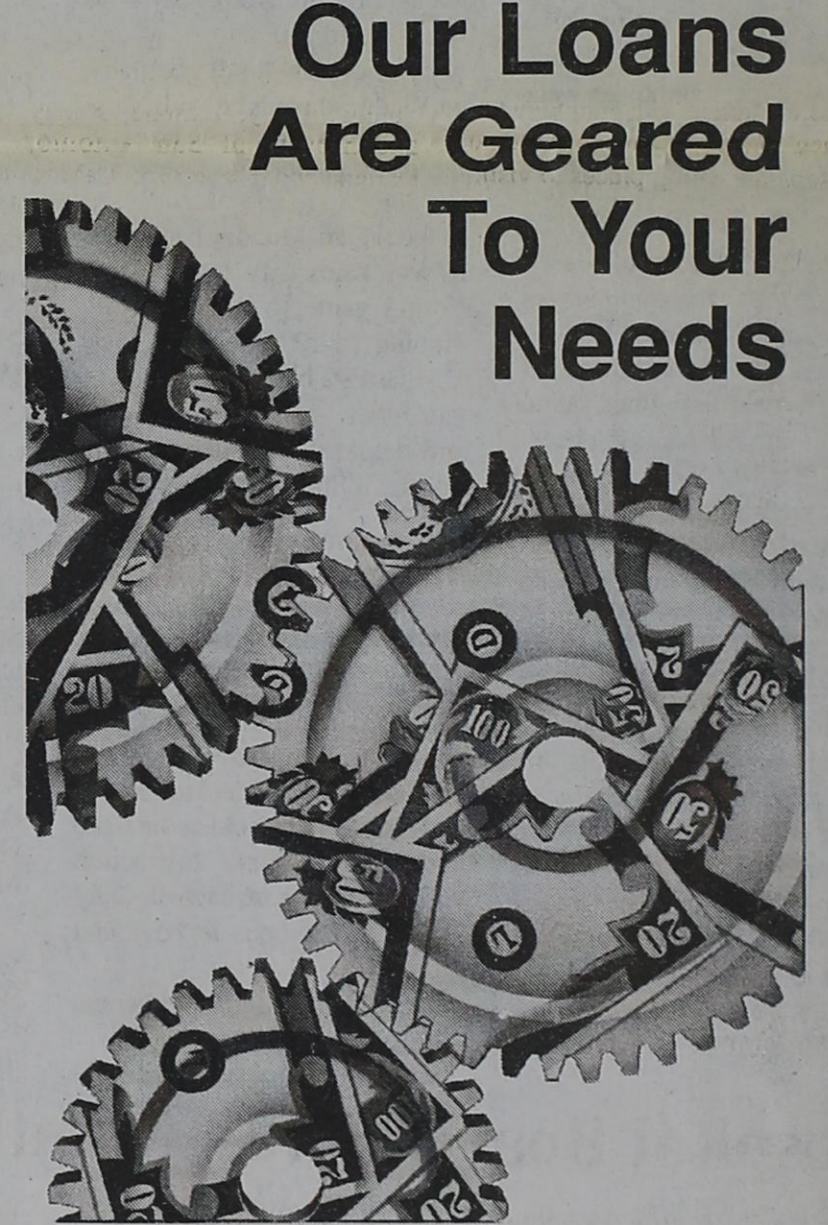

The Dog Tags that are required to be worn by your pet have arrived. Please come by City Hall with your dog(s) over the age of four (4) months old and proof of rabies vaccination. You must bring your dog(s) so that we can take photographs of each side of your pet for identification purposes. Do not bring photographs of your dog. We must take our own. No tag will be issued without proof of vaccination within the last three (3) months.

The fee for the tag will be \$2.00 each. The owner of any dog not wearing a collar will be fined \$50.00 per day. The owner of any dog not wearing a current City tag will be fined \$50.00 per day. The owner of any animal not vaccinated will be fined \$50.00 per day. Any owner that allows their dog(s) to run free without restraint or control will be fined \$50.00 per day. Any pet owner with more than four (4) animals, combination of dogs and cats, will be fined \$50.00 per day. Any stray dog or any dog considered to be a stray by the Animal Control Department will be impounded. The owner of any animal impounded will be subject to all applicable fines in addition to all costs of impoundment.

Fierce, dangerous and/or vicious dogs shall be confined within a secure building or enclosure and such dog(s) shall not be removed unless securely muzzled. Violation of this portion of the Ordinance will result in a fine of \$200.00 and forfeiture of the animal to be destroyed by the Animal Control Department.

Most of us like to have a pet around, especially if we have children. It is not the intent of the City to deprive anyone of their pet, but we must take the responsibility of our pets seriously. All pet owners must adhere to the rules. There will be times when your pet gets loose. These things happen, but flagrant violation will not be tolerated.

YARD OF THE WEEK HONORS go to the yard of Mr. and Mrs. Howard Myers at 440 North 5th Street. The lovely petunias, cannas and marigolds, as well as the overall neatness of the lawn and beautiful shade trees caught the eyes of the Garden Club judges.

Phemister Family Enjoys Get-Together In Austin

The Crest Hotel on Town Lake, in Austin, was the scene of the 53rd annual reunion of the descendants of V.F. and Ida Phemister on July 3, 4, and 5.

Dr. Lola Williams of Harlingen and Mrs. Jennifer Pollastro of Austin were hostesses for the event, and had many activities planned for 51 family members who attended.

On Friday evening, a picnic in Zilker Park preceded a swimming party and visitation period at the hotel.

On Saturday morning, several played golf, while 35 of the group enjoyed a guided tour of the Capitol building, compliments of Representative David Counts, the Hospitality Staff, and Marvin Phemister, who arranged for the tour. Each family received a book about Texas, and a new Texas map.

The new Austin Convention Center, as well as a tour of the steam engine and locomotive that will soon be on the tracks, were other points of interest enjoyed before a "lunch with your bunch", when family members gathered at separate eating places to visit.

In the business meeting at 3 p.m., Dr. Williams had prepared a slide presentation of the Phemister ancestors, with many grave sites shown at many country cemeteries in Cook, Collin and Grayson counties where many of the family are interred.

The Sheraton Hotel in Wichita Falls was selected as the site of the 1993 meeting, with Jenell McCoy, Hugh Phemister and Raymon Boykin in charge of affairs.

On Saturday night, a catered dinner, followed by a talent show of the children's own creation, was held in the Texas room. (A skit by Joseph and Geoffry Phemister was decidedly the most

entertaining.)

The "Austin City Fourth of July Fireworks Spectacular" was on docket at 10 p.m. and the lawn, the top floor of the Crest Hotel parking lot, and the bridge on Congress Avenue across Town Lake was crowded with spectators who came to enjoy the show. We shared the sight with over 150 people from India who were also staying at the hotel.

After Sunday worship period and lunch together, the family parted to go their separate ways to the 15 cities in Texas that were represented.

There were only four of the original nine children present, with two being deceased. There are approximately 147 family members in all.

Registering were Marvin and Myrtle Phemister; David and Peggy Phemister, Greg and Marcus; Wayne and Linda Phemister, Laura and Lincoln, of McAllen; Mr. and Mrs. Jimmy Terrell of Austin; Mr. and Mrs. Tommy Perry, Barbara, Nancy and Steven, of San Antonio; Darlene and Eddie Kirk, LaMar, David and John, of Salado; Mr. and Mrs. Jimmy Trammell, Sarah, Rebecca and Arthur, of Abilene.

Also, Mrs. Emmitt McCoy of Wichita Falls; Hugh and Norma Phemister of Montague; Raymon and Janie Boykin of Vernon; Shelly and Randy Boykin of San Angelo; Rita and Doyle Boykin of Texas City; Helen Boykin of Weinert; Randy and Lisa Phemister, Dacia, DeShea, Joseph and Geoffry, and Missy Phemister, all of Haskell; the host families, Lola and F.D. Williams of Harlingen, and Jennifer and Gene Pollastro, Emily, Nicky and Christopher of Austin.

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: Why am I sad all the time? I thought Christians were supposed to be happy?

A: True joy does not mean that God will make everything easy for you. On the contrary, there is almost a promise of suffering (Mark 10:30). But in the midst of this suffering, a Christian can have true joy (1 Thessalonians 1:6; James 1:2). Perhaps we should learn the motivation of the apostles who counted themselves fortunate to be able to suffer for the cause of Christ (Acts 5:41).

Joy comes from believing in God (Romans 15:13). Joy dwells in the hearts of godly people therefore true fellowship spawns true joy (Philemon 7; 2 John 12). Be-

cause of this it is important that you participate fully in the fellowship of your congregation.

Joy and suffering are both here, today. But there is a time coming where there will be no sadness of any kind (Revelation 7:17).

If nothing brings you out of your depression, then I suggest that you see a physician for a check-up. Some "blue times" can be caused by undetected illnesses. If your check-up is negative, then you might try a counselor. Write back and let me know how it works out because I care.

If you have a question for Larry, write him c/o Box 211, Munday, TX 76371.

Womble, Patterson United In Afternoon Ceremony

Amanda Leigh Patterson and Dane Lewis Womble were united in marriage Saturday, June 6, 1992 at Faith Baptist Church in Wichita Falls. The two o'clock ceremony was officiated by Don Oldfield.

The bride is the daughter of Mr. and Mrs. Terry Patterson of Wichita Falls and the granddaughter of Mr. and Mrs. Lee Patterson of Goree and the late Mr. and Mrs. O.R. Garner of Seymour. The groom is the son of Mr. and Mrs. Lewis Womble of Amarillo, and the grandson of Mr. and Mrs. Richard Jowell of Kingsland and Mrs. Tom Hall and the late Tom Hall of Hereford.

Providing wedding music was pianist Mrs. Marsha Brown, and organist Mrs. Debbie Watson, both of Wichita Falls. Vocalists were Whitney Patterson of Wichita Falls, sister of the bride, who sang *Surely The Presence* at the beginning of the ceremony, and Adam Patterson of Wichita Falls, brother of the bride, singing *I Will Be Here*. Together they sang *Household of Faith*.

The bridal party entered to the *Trumpet Voluntaire*, played by Jason Frey of Wichita Falls.

The ceremony was held in front of a beautiful altar decorated with greenery and filled with candelabrum and caladiums trailing down the steps. Several fescue trees and the unity candle completed the decorations.

Escorted by her father, the bride chose an elegant gown of candlelight satin fashioned with a sabrina neckline and elbow length, puffed sleeves. The basque bodice was embellished with antique ivory French Alencon lace detailed with pearls and iridescent sequins. The keyhole back was trimmed in seed pearls, finished with classic cov-

MRS. DANE WOMBLE
... nee Amanda Patterson

ered buttons and a large butterfly bow which accented the chapel length train. Antique ivory French Alencon lace with pearls and iridescent sequins encircled the gown and train. Her traditional elbow length veil of imported candelight silk illusion, scattered with pearls, was attached to a wreath of candelight illusion, iridescent pearls, sequins and leaves.

The bride carried a bouquet of calla lilies and greenery attached

to her first Bible. She followed the traditional custom of having something old, which was her grandmother's first wedding ring, her wedding gown was something new, she borrowed her mother's pearls, she wore a blue garter, and had a sixpence in her shoe given to her by a special friend, Kay Patrick of Wichita Falls.

Eric White of Waco and Jeremy Tittle of Camenton, Missouri were the candle lighters.

Whitney Elizabeth Patterson served as maid of honor. Bridesmaids were Mrs. Karie Lavell of Graham, Mrs. Laurie Dobson of Munday, cousin of the bride, Mrs. Denise Kauffman of Orlando, Florida, sister of the groom, and Mrs. Susan Patterson of Round Rock, aunt of the bride. They wore floral tea length dresses with puffed sleeves and carried a single long stemmed calla lily.

Samantha Dobson of Munday and Kellye Patterson of Round Rock, cousins of the bride, served as flower girls. Their dresses were identical to the bridesmaids, and they carried baskets of miniature calla lilies.

Lewis Womble of Amarillo, father of the groom, served as best man. Groomsmen were Dusty Womble of Lubbock and Dudley Womble of Norman, Oklahoma, brothers of the groom, Lance Kauffman of Orlando, Florida, brother-in-law of the groom, and Adam Patterson of Wichita Falls, brother of the bride.

The groom was attired in a black Christian Dior tuxedo with tails, and a candlelight shirt. Groomsmen wore single breasted black tuxedos with candlelight shirts.

Seating the guests were Mike Dobson of Garland, Mark Dob-

son of Munday, and Greg Dobson of Dallas, all cousins of the bride, Greg Chatham of Canyon and Matt Miracle of Dallas. They wore tuxedos identical to the groomsmen.

Mrs. Cindy McWhorter of Munday, cousin of the bride, registered guests.

A reception was hosted by the bride's parents in the fellowship hall of the church. The hall was decorated with silk fescue trees accented with miniature white lights, white lattice panels, white balloons and baskets of fern and other greenery.

The bride's table was covered with a candlelight satin cloth. The wedding cake was a Victorian Lady Windemere, decorated with calla lilies, orchids, petunias and greenery, and set on a round mirror. Silver and crystal appointments completed the setting. Serving guests were Mrs. Teresa Austin, Mrs. Paula Newton, Mrs. Gayle Ritchie and Mrs. Sharon Oldfield, all of Wichita Falls.

The groom's table was covered with a candlelight satin table cloth and held a chocolate cake with hand-dipped fresh strawberries. A silver punch bowl and silver coffee samovar completed the setting. Mrs. Leisha Womble of Lubbock, sister-in-law of the groom, Mrs. Jodi Mathews of Amarillo, and Mrs. Jamie Land of Comfort, cousin of the bride, served cake, punch, mints and nuts to the guests.

Balloons were distributed by Brook Womble of Lubbock, niece of the groom. They were released as the bride and groom left the church.

A rehearsal dinner was hosted by the groom's parents at the Wichita Falls Sheraton. The bride's chosen colors were used in flower arrangements to complement the tables. Guests included the wedding party, family and friends.

On April 25, a bridal shower was given in the home of Mrs. Darlene Skinner of Wichita Falls. On May 15, a miscellaneous shower was hosted by friends in Amarillo. On June 6, a bridal brunch was held at the Wichita Falls Country Club by Mr. and Mrs. Bobby Patrick. The wedding party and a host of relatives and friends attended.

A graduate of Rider High School in Wichita Falls, the bride is a senior at Midwestern State University, majoring in elementary education.

The groom is a graduate of Tascosa High School in Amarillo and Midwestern State University in Wichita Falls, where he received a BBA in management information systems. He is employed by the Wichita Falls Clinic as Operations Supervisor of the Data Processing.

Following a trip to Orlando, Florida, the couple reside in Wichita Falls.

There are 32 permanent teeth, 16 in each jaw.

Ma's 80th Birthday Celebrated

An 80th birthday bash was the scene at the Seymour Community Center in honor of Mildred Fitzgerald, sometimes known as Middy, Mother, Mom, but better known as "Ma", the world over. This was a surprise to her on Friday the 3rd day of July, as her birthday was the 1st and was celebrated once on that date already. The party began with the singing of Happy Birthday, then various other songs and hymns, with guitarist Bill F. Fitzgerald, her son from Abilene, leading. After this, many were asked to tell fond remembrances, which could have lasted the rest of the day, but it was held to only one per person present. Other tales were told during the meal. Gifts were

opened and the meal began. The birthday cake was lit with candle which could not be blown out. Ma didn't give up, she kept blowing until the blowout level was reached.

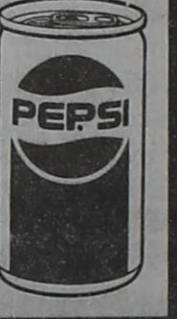

Those who attended were Brenda Knight from Anderson, A. Lee and Linda Ward from Knoxville, Tennessee, Wynel Craft of Post, Sudie, Heathe Brian, and Ashley Miller from Houston, Larry, Kim, Mace, Meagan and Mitchell Mills from Post, Toby and Coby Craft from Lubbock, Holly Robertson of Lubbock, Sharlene and Bill George Drennan of Dickens, Stefanie Drennan of Spur, Becky Roy, Amanda and Ty Gibson of Vernon, Shelly Crader of Lubbock, Bill F., Barbara, Rachel Angelyne, Aimee, and Michael Fitzgerald of Abilene, JoNell and Lee Patterson of Goree, Loren Hunt of Goree, Evelyn Elliot of Munday, Ralph and Pauline Murray of Brownfield.

KNOX COUNTY KONNECTIONS

By Jane Rowan, County Extension Agent

Problems arise when we push our children to grow up too soon. Is a child who has extra-curricular activities every day being pushed too hard? What about a 12 year old boy who takes care of his little brothers and sisters while his mother works the night shift?

A few years ago, such children might have been considered models of industriousness, but today there is growing concern for the way in which our children are being pushed into maturing too quickly.

The term "hurried child" was coined by David Elkind, a professor of Child Study at Tufts University who was disturbed by the increasing pressures on children to think, dress and act like adults. "Today's child has become the unwilling, unintended victim of overwhelming stress -- the stress borne of rapid, bewildering social change, and constantly rising expectations." Rising divorce rates, growing numbers of single parent families, and more dual income families mean that children are assuming more responsibility at younger ages. In school, an increasing emphasis on test scores is combined with pressure for earlier and earlier academic achievement.

The side effects of the hurried child are overwhelmingly negative. The U.S. has the highest rate of teen pregnancies, in the past 20 years. As SAT scores continue to decline, our school systems battle increasing violence and drug abuse. Pediatricians, meanwhile, report a greater incidence of stress related ailments in children, such as headaches and stomach problems.

The challenge that faces parents, is figuring out ways to encourage children without pushing them inappropriately in school, extra-curricular activities, and life in general. All children need time to daydream and play to find ways to occupy their own time creatively. By forcing them to grow up too fast, we rob them of something that can never be replaced.

How can we avoid the Hurried-Child Syndrome? Psychologists and therapists agree that children are the best guide to whether they're being pushed too hard.

1) Watch for changes in your child's behavior, moodiness, change in diet, sleeping patterns, frequent headaches, or upset stomach can often be signs of trouble.

2) Talk to your children about what is bothering them.

3) Let your children know that while you want them to do their best, your love isn't dependent upon their school grades or performance on an athletic team. SOURCE: V. Wilhelm. Care Connections - Children's Enterprises, Inc., 3rd Quarter 1992.

Future Track Star Has Arrived!!

Danny and Kayla Sloan of Crane are announcing the arrival of a future track star. Kyra Danielle crossed the finish line at 1:05 p.m. on Thursday, July 2, 1992. She weighed in at 7lbs. 3 oz. and is 19 3/4 in. long.

Grandparents are Glen and Diane Gleghorn of Monahans and Dan and Nell Sloan of Munday. Great-grandparents are Gladys Tipps and May and Glen Gleghorn of Seymour, and Glea Conatser of Levelland.

MRS. WESLEY DEAN WESTBROOK
...nee Stacy Hutchens

Goree Ceremony Unites Westbrook, Hutchens

Stacy Deanna Hutchens and Wesley Dean Westbrook were united in marriage Saturday, June 27, 1992 at the First Baptist Church in Goree. Rev. Tony McGee officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Billy Don Hutchens of Goree and the late Mary Hutchens. The groom's parents are Glenna Westbrook of Idalou and Wes Westbrook of San Antonio.

Rosemary Martinez, the bride's aunt, was pianist for the ceremony. Vocalists were Karen Munoz, cousin of the bride, and Jack Westbrook of San Antonio, uncle of the groom. Musical selections were *There Is Love*, *The Father Says I Do*, *The Lord's Prayer*, and a song written by the groom's uncle, *I Just Know*.

Linda Harding of Goree registered guests.

Presented in marriage by her father, the bride wore an elegant white satin gown featuring a sabrina neckline with jeweled trim work. The fitted princess bodice was accented with Juliett satin sleeves accented with pearl swags and iridescent sequins. The bodice was adorned with Schiffli lace embellished with pearls and sequins. The back of the bodice was an open keyhole romantically draped with swags of pearls. The basque waistline allowed the ballgown skirt to float to the floor

and sweep into a cathedral length train. The hemline was finished with scalloped schiffli lace.

For her hair, the bride chose a tiara that was fully beaded with pearls and Austrian crystals. A pillow pouff accented the back of the headpiece, and attached was a veil of illusion which cascaded down the back.

For something old, she wore her mother's first set of wedding rings, something new was her dress, something borrowed were pearl stud earrings belonging to the groom's mother, and her garter served as something blue. She also wore pennies in her shoe minted in the years the couple were born.

The bridal bouquet was a crescent cascade of white roses and white stephanotis.

Pam Lawson of Levelland was her sister's matron of honor. Gina Hutchens, Cynthia Smith, Martha NuHall of Arlington, and Kyla Baker of Lubbock were bridesmaids. Their dresses were of tur-

quoise iridescent taffeta with a sweetheart neckline. The fitted princess bodice had a dropped waistline and shirred elbow length sleeves. The back had a heart shaped cutout that was accented with a bow. The full skirt flared into a high-low hemline.

Joshua Lawson, nephew of the bride, served as ring bearer. Jordan Lawson of Levelland, niece of the bride, was flowergirl. Candlelighters were Missy Woodley of Littlefield and Jerry Lawson of Levelland.

Scott Larentree of Lubbock served as best man. Groomsmen were Jay Hutchens of Goree, brother of the bride, Joe Wayne Holtman of Lubbock, Rick Westbrook of San Antonio, brother of the groom, and Richard House of Lubbock, the groom's uncle. Jeff Dormier of Goree was usher.

The bride's parents hosted a re-

ception in the fellowship hall of the church following the ceremony. The groom's mother hosted the rehearsal dinner which was a backyard barbecue held at the home of Jay Hutchens, the bride's brother.

Following a wedding trip to Dallas, the couple will make their home in Lubbock where the groom is employed at McLane Food Service. The bride is currently attending Methodist Hospital School of Nursing and is employed by Methodist Hospital in Lubbock.

About 425 million telephones serve people all over the world. The U.S. uses about two-fifths of this total amount, about 162 million telephones.

Farm and Ranch Report

By Donnie Peters

Knox County Extension Agent - Ag. Texas Agricultural Extension Service

CONTROL BRUSH AND SAVE FENCE AND PASTURE

When plants develop full foliage in early summer, many farmers and ranchers notice the increasing density of brush in their fence rows and pastures. It's also a good time to do something about it.

Left alone, brush decreases productivity of a pasture and shortens the useful life of fences -- fences that will cost \$2,000 or more per mile to replace. It's usually easier, cheaper and more effective to treat brush when it's small and scattered, before it grows into a bigger problem.

At this time of year, a good solution is to hand spray the brush with foliar herbicides -- herbicides that work through the leaves. Sometimes called "high volume foliar application", this method can be handy and effective for treating fence rows and scattered stands of brush.

With this method, a diluted solution of herbicide is hand sprayed directly on the leaves and stems of the target plant until they're dripping wet (thus "high volume"). Only the targeted plant is sprayed. Selective herbicides -- those that control brush and weeds but won't harm established grasses -- are the best choice.

Getting good control with this method requires spraying the brush when it's susceptible, covering the plant thoroughly with the herbicide solution, and using an effective herbicide or tank mix.

Here are a few tips for and managers interested in foliar sprays for fence row brush.

* Most brush plants are susceptible when they're actively growing. For best results, spray after the leaves have matured (turned light green to dark green), and before they develop a waxy layer as they will later in the summer. The foliage should be full and healthy, not damaged by disease or insects. In Texas, optimum conditions usually are in mid-May through late June.

* When spraying, cover all foliage thoroughly with the herbicide spray. Use a sprayer with sufficient pressure to cover any tall or dense foliage you have to treat. Pump-up garden sprayers and backpack sprayers work well on small and scattered plants, but a power sprayer equipped with a hose and handgun makes it easier to cover larger, thicker brush and overgrown fence rows.

* Be aware of any potential for drift. Avoid herbicide contact with any desirable and sensitive plants in the area, especially gardens and crops. Use the minimum spray pressure that will provide adequate plant coverage. Keep the spray no higher than the tops of the brush. Use a coarse spray, not a

mist, and include a drift control agent in the mix. Carefully read the herbicide label, and follow any recommended safety precautions.

* Use a herbicide or combination of herbicides labeled for pasture so grasses won't be harmed. Otherwise, with a non-selective herbicide or soil sterilant, you may kill grass and create the potential for soil erosion beneath the fence line.

The choice of herbicide or herbicides should depend on the predominant species to control. For foliar application, a tank mix combination of two herbicides generally will broaden the spectrum of control. Susceptible species and directions to mix effective combinations usually are on the product labels.

Grazon ET herbicide, often used in high volume foliar treatment, has a new name. The same product now will be sold as Remedy. Grazon ET will continue to be sold until existing supplies are exhausted. However, Remedy has the same ingredient, same formulation and same uses as Grazon ET. The herbicide also is used in broadcast and basal applications.

For high volume foliar applications on dense stands of hard to control brush species, a solution of 1 to 2 quarts of Remedy (Grazon ET), 1 gallon of Grazon P+D herbicide, 1 to 2 quarts of an agricultural surfactant and water to make 100 gallons of spray. This broad spectrum combination will control most mixed hardwood species and suppress many others including greenbrier. The combination will have to be altered in areas of Knox County where the hormone herbicide law is in effect.

In addition to foliar sprays, you may want to consider other control options such as basal treatments and soil applied herbicides such as Spike 20P or Balpar herbicide. Always read the herbicide label for complete instructions.
