

MUNDAY HIGH SCHOOL'S head coach Jim Edwards explains to Mogul, Bronco Flye, how blocking assignments should be carried out during Friday night's game against the Olney Cubs. Bronco ran the opening kick-off back 84 yards for a touchdown.

## Goree Seventh Grader Helps A Friend In Need

by Joyce Greenwood

Pearl Bederka has operated *The Game Room* in the old bank building in Goree since she first came to town several years ago. The situation in Goree is the same as in all small towns, there is nothing for kids to do on Friday and Saturday nights, so *The Game Room* became a popular hangout. The small, gray-haired grandmother became someone special in the lives of the Goree kids.

A very unique bond developed between Pearl and Traycee Lynn Harlan, a seventh grader at Goree Junior High and the daughter of Jimmy and Carlene Harlan. Though years apart in age, Pearl and Traycee enjoyed talking to each other and just spending time together.

Then, several months ago, Pearl became ill, sometimes too ill to wait on her customers or even to cook the delicious hamburgers for which she had come to be known. It was then Traycee could pay back some of the kindness Pearl

TRAYCEE HARLAN

had shown her. She waited on Pearl's customers, cooked for her, did everything she could to help her friend, and Traycee couldn't believe it when Pearl was diagnosed as having cancer and was hospitalized in Dallas.

Traycee missed her very much and decided Pearl was probably needing some extra money, so she sat down and designed raffle tickets for a drawing to give away \$25 worth of groceries. She sold the tickets for a dollar each and in one afternoon had made \$110 to send to Pearl. Joy Hord won the groceries and, touched by Traycee's willingness to help her friend, gave the \$25 back to Traycee for her "Pearl Fund".

Mrs. Bederka is reported to be seriously ill at a daughter's house in Dallas at this writing. It may be that she won't be able to return to her home in Goree for a long time, but she has a very special friend who misses her.

# Moguls Beat Cubs 32 to 15

The Munday Moguls jumped over the .500 mark in the win/loss ratio last Friday night by beating the Olney Cubs 32 to 15. The Moguls now have a 3-2 record.

Bronco Flye didn't seem to be interested in running any offensive plays first. Flye received the opening kick-off for the Moguls and returned it 84 yards for the touchdown with only :12 seconds off the clock. The extra point was no good.

The Cubs had to punt on their first possession, but it didn't take long to get the ball back. On Munday's first offensive play, the Moguls fumbled the ball and it was recovered at the 14 yard line.

Olney's Curt Shawver scored after 4 plays from 1 yard out with 7:51 left in the first. Brandon Cook then took a fumbled snap in for a 2 point conversion. The Cub's went on top 8 to 6.

The Moguls couldn't seem to keep the ball in the first quarter. On the second play of their next possession, linebacker Ernest Koester intercepted a pass for the Cubs from Dustin Kiser. Koester returned the pass 9 yards to the Mogul 45.

Munday's defense kept Olney from taking advantage by stopping the Cubs 1 yard short on fourth down.

After taking over Munday moved the ball across to the Olney 47. On second and five a bad snap went past runningback Aaron Kiser and the Moguls had to take an 11 yard loss. An incomplete pass on third down forced the Moguls to punt.

Olney took over at their own 30 yard line. On the next play a speedy Chris Hardesty ran around the left end for a quick 55 yard gain putting the Cubs inside the Mogul 20 yard line. Six plays later Chris Hardesty took the ball in from inches out with :16 left in the first quarter. Brandon Cook kicked the extra point.

With Olney leading 15 to 6 at the beginning of the second quarter, Munday didn't start off very good. The Moguls fumbled the ball on the first play and the Cubs recovered at the Mogul 45.

Olney fumbled the ball on fourth down and Munday took over at their own 35.

The Moguls were finally warmed up. The Munday offense moved the ball down field 50 yards on 9 plays to the 15 yard line. With a 10 yard penalty against the Cubs the ball ended up at the 7. Two plays later Dustin Kiser took the ball in from one yard out with 5:55 left in the second. Munday couldn't turn a two point conversion so the score was Munday 12, Olney 15.

The Moguls shut down the Cub offense and soon took over at the 50 yard line with a good punt return by Donny Browning. The Moguls averaged over 6 yards per carry on 8 plays for their next touchdown. This time Aaron Kiser took the ball in from 1 yard out with 1:00 left in the half. Again the run failed. Munday led 18 to 15 at the end of the first half.

The third quarter was all Moguls with two more touchdowns scored. Dustin Kiser scored from 4 yards out after a 6 play 48 yard drive midway through the third. Ky Edwards kicked the extra point. Munday was on top 25 to 15.

Munday scored on their next possession on a five yard run by

Aaron Kiser. The Moguls started from their own 40 and made a quick first down to the Cub 47.

Dustin Kiser hit receiver Donny Browning for a 33 yard pass gain to the 14 yard line. Aaron took the

ball on the next two plays for the TD. Ky Edwards kicked the extra point.

The Moguls defense held Olney to only 1 yard total offense in the third on 11 plays. Jeff Cook helped spark up the defense by getting in on two quarterback sacks. Dustin Kiser and Gerald Taylor assisted on the first for an 8 yard loss. The second went for a 5 yard loss with Junior Perez and Jason Hise in on the sack.

There were no scores in the fourth quarter. Munday had a drive that began from their own 24 late in the third which carried over into the fourth. The Moguls moved the ball down the field to the Cub 10 yard line. The Olney defense held tough and kept Munday from scoring.

The fourth quarter ended and the Moguls were victorious over the Olney Cubs 32 to 15.

### COACH'S COMMENTS

We were slow starting in this game but we really came out in the second. Our offensive line did a superb job of blocking enabling our backs to gain yardage. Gerald Taylor had a great defensive game, so we named him our defensive player of the week.

## Local Bank Awarded 18th Five-star Rating

Bauer Financial Reports, Inc. of Florida, a bank research and rating firm, is pleased to announce that First National Bank in Munday has been awarded its 18th consecutive five-star rating. This prestigious, nationally recognized award ranks First National Bank in Munday superior for safety, strength and performance.

The rating is based on the analysis of March 31, 1993 financial data as filed with federal regulators.

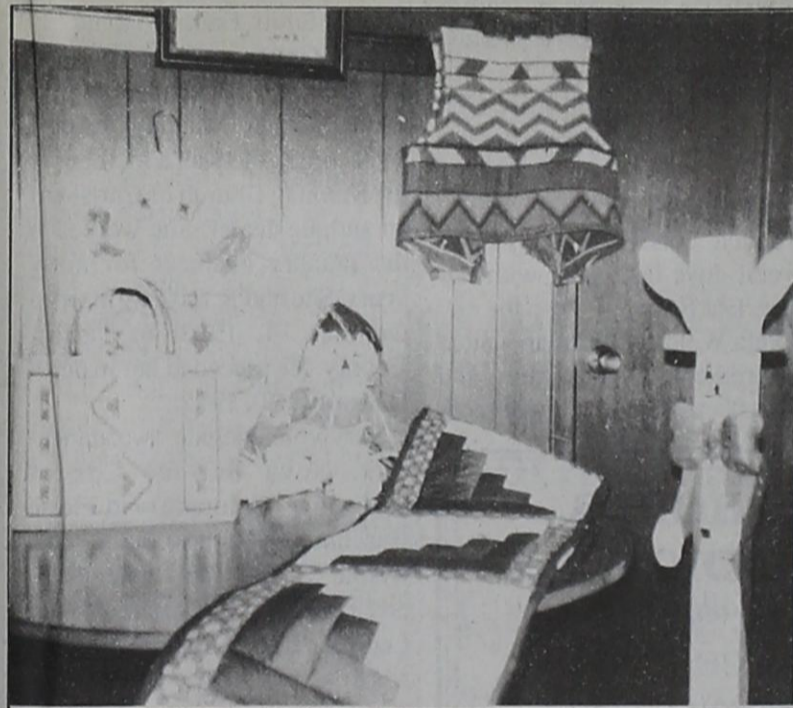

A five-star rating, the highest on a scale from 0 to 5 stars, indicates that the local bank's tangible capital exceeds 9.0% of tangible assets, its risk-based capital ratio exceeds 10.5%, delinquencies and repossessed assets are manageable, the institution is soundly invested and it earned a profit for the quarter ended March 31, 1993. The tangible capital level required for Bauer's five-star rating is twice that required by federal regulators.

"First National Bank in Munday has displayed uninterrupted

excellence in banking. With 18 consecutive five-star ratings, First National Bank in Munday continually demonstrates its commitment to being a well capitalized, profitable bank serving its community of customers and neighbors with integrity and excellence," said Paul A. Bauer, president of the research firm.

Gary Schur, president of the local bank, said "We're pleased to have been able to receive the award this many quarters, and hope to continue to serve the community in a worthwhile way."

Bauer Financial Reports, Inc. analyzes and rates all U.S. banks, thrifts and credit unions. Obviously, not all financial institutions are as strong as First National Bank in Munday. If you are interested in the condition of your bank, thrift or credit union, call Bauer's BankRater® at 1-800-388-6686 between 8 a.m. and 8 p.m. Monday through Friday. Hundreds of institutions sponsor this program to provide their ratings to you free.

## Harvest Fest '93 Set For Saturday

Lots of fun and delicious food will be plentiful at the annual Harvest Fest sponsored by the First United Methodist Church in Munday. The activities will begin at 9:00 Saturday morning, October 9, at the church.

The Country Store will be open from 9 a.m. to 12 noon with lots of arts and crafts, baked goods, children's toys, Christmas ornaments, and a White Elephant booth.

Children will be busy from 9:30 to 11:30 at all the games in store, including a basketball throw, sponge painting, cupcake walk, sponge throw, and \$Dig for Dollars.

A delicious lunch of brisket, beans, salad and dessert will be prepared by Wink Partridge, David McGaughey and Kenneth Hen-

drix, and will be served from 11:30 to 1 p.m. Take outs are available.

An auction will be held at 12:30. Some of the items to be sold are hand crafted items, Wayne Baize Print, needlepoint picture of the church, painted tuxedo shirt, quilted Santa doll, tube vest, blanket vest, two cross and flame pendants by Kenneth Wyatt, a bale of cotton, and an elegant ladies' luncheon for the genteel.

The winner of the handmade quilt, constructed by the ladies of the church, will be announced during the activities.

There will be something for the entire family, so come on out and enjoy the fun.

If it decides to rain on Saturday, the activities will be moved to the elementary school.

**ABOUT OUR ILL**

Togo Moorhouse was admitted last week to Bethania Hospital in Wichita Falls for observation. If all goes well he should be able to return home next week.

Tom Moorhouse is also a patient in Bethania. He is undergoing tests and hopefully they can find his problem soon and he will be on the road to recovery.

Pat Barton was dismissed Wednesday from Bethania after being admitted Monday for tests. She's at her daughter's home in Knox City but should be able to come home in a few days.

Ruth Ressel was in Wichita Falls on Thursday for tests. She got a good report.

Many of the school kids have had the chicken pox. Most I've heard from have not been real sick just very uncomfortable.

**JR. HIGH FOOTBALL**

The Benjamin Colts traveled to Vernon Northside last Thursday and came home with a victory, defeating their hosts 26-6.

Scoring started with a 34 yard touchdown run by Jonathan Sanchez. The second came from the defensive unit. Billy Clark caused a Northside fumble and outside linebacker Wade Pierce scooped it up and ran 13 yards for the TD. Billy Clark added the 2 extra points, putting Benjamin ahead 14-0.

The third score came on an exciting 64 yard kickoff return by Jay Whitten, with key blocks by Jacy Collins and Justin Home. Benjamin's final TD came after a lengthy drive by the Colts, culminated by a 10 yard run by Billy Clark.

Leading rushers for the Colts were Wade Pierce, Billy Clark, Jonathan Sanchez, Justin Home and Cory Kimmel. Leading receiver was Jay Whitten. Doing an outstanding job of blocking were Jacy Collins, Clint Home, Eric Corley and Jesse Grimaldo.

Leading the defensive unit were: Billy Clark, 11 tackles, 7 sacks; Wade Pierce, 7 tackles; Jay Whitten, 1 interception; Billy Clark caused 4 fumbles; and Jesse Grimaldo recovered a fumble for the Colts.

**HERE AND THERE**

"Dutch" Jones of Hawley spent several days last week with her mom, Era Brown.

Oleta Welch of Gorman visited her brother, Bill Rutledge, and friends here during the weekend.

Recent guests of Odessa Cox have been Larry and Glenda Bearly of Eric, CO, Charlie and Reba Morrill of Humble, Harry Cox of Prairie Hill, Don Morrill of Charleston, SC, Jim Cox of DeSoto and Dale Cox of Bartlett, TN.

Linda Cox, who has been working out of town, was here for a weekend visit with her family. They all got their hammers and saws out and helped to get Charlie's woodworking shop almost complete. Charlie and Reba plan to retire here someday.

Mrs. Cox said there were no real problems while they were all working together except Glenda broke Larry's foot when she dropped a board on it. They're still speaking so guess he realized it was an accident. They all had fun and got lots of work done.

Terry, DeeAnn and Chase Cartwright of Plano visited his parents, Dub and Jo, and his brother and family, Tracy, Susan and kids, a few days last week.

Brenda Gollaher of Wichita Falls visited her family, Dutch and Imgean Young, and DeeAnn and Anthony Lamb, during the weekend.

Mr. and Mrs. Chester Bohannon of Colorado City visited his aunt, Era Brown, on Friday. They were enroute to Scymour to attend the funeral of J. O. Archer on Saturday.

**Funeral Services Held October 4 For Jewel Gray**

Long time Munday resident, Jewel Bernice Gray, 87, passed away Friday, October 1, 1993, in the Seymour hospital.

Funeral services were held at 11 a.m. Monday, October 4, at the Munday Church of Christ with Larry Fitzgerald officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

Mrs. Gray was born February 11, 1906, in what is now Colgate, Oklahoma. A Munday resident since 1923, she was a member of the Munday Church of Christ and an antique dealer. She worked in the laundry business for many years. She and R.D. Gray married October 14, 1923, in Tarrant County. He preceded her in death December 30, 1992.

Survivors include two daughters, Neva Bernice Cox of Cedaredge, Colorado, and Eloise Buschman of Lufkin; three sons, Derald Glen of Hale Center, Robert Howard of Munday and Melvin Leon of Tigard, Oregon; a brother, Murl Nutt of Pope, Mississippi; two sisters, Oncida Caputo of Clovis, California and Helen York of Fowler, California; 13 grandchildren; 26 great-grandchildren; and 2 great-great-grandchildren.

Pallbearers were Jack Stewart, Angel Munoz, Jerry Gray, Tom Oustad, Billy Paul Cypert, and Coyt Smith.

**Munday 4-H Club News**

by Amber Reed, reporter

Attention 4-H members! Don't forget the meeting October 12.

The Munday 4-H Club recently held a meeting in which they elected officers. They are proud to announce that this year they have eight new members: Brittany Alexander, Eric Brown, Jamey Brown, Chris Rocha, Toni Tidwell, Krissie Maston, Dawn Urbanczy, and Michael Josselet. Other members include Briana Alexander, President; Erik Sosolik, Vice-President; Jeremy Lowe, 1st Vice-President; Alishia Herring, Treasurer; Amber Reed, Reporter; Mandi Myers, Historian; Jennifer Carden, Sentinel; Jarred Crownover, Jr. Club Manager; and Jessica West.

When electing officers, those who wished to hold an office would stand and state their reasons for wanting to hold that office. Each officer has a special duty: the president calls the meeting to order, the vice-president leads the Pledge of Allegiance, the 1st vice-president leads the 4-H pledge. The secretary calls roll and collects dues with the assistance of the treasurer. The minutes are then read by the secretary then the historian and treasurer give their reports. The sentinel then introduces the guest and visitors. The reporter then states announcements and refreshment duties are assigned by the junior club manager. The president then adjourns the meeting.

The 4-H'ers would also like to recognize Terra Searcey, their senior member, and would like to invite anyone interested in joining 4-H. They would also like to thank Paul Weiser, Jane Rowan, Mrs.

Jerry Lowe, Beverly Crownover, and Pam Reed for all their help and support.

The Munday 4-H Club meets the second Tuesday of the month

at the high school library. We are excited about our activity plans for the month of October whether we will go on a hayride and have a weenie roast or a masquerade party or a lock-in, we will be discussing this at our next meeting.

**NO SAG**

It's a coincidence, but all well known mattress makers' names begin with "S". They are Spring Air, Simmons, Sealy, and Serta. In national sales, these are the top four. Who is number 5? Most people don't know, but it is **Restonic**, the fastest growing bedding manufacturer in the United States. With 28 factories scattered across the country, **Restonic's** growth is due to a relatively simple idea. That idea is to make the middle 1/3 of the bed firmer than the ends. They call it the "Marvelous Middle". It's surprising that this hasn't been thought of before, but it is a new concept. While lying on a bed, 70% of the body weight is concentrated in the middle area of the bed. Therefore, this 1/3 of the bed needs more support. We have all seen old worn out beds that sag in the middle. Not only are these uncomfortable, they can give you a serious backache. **Restonic's** "Marvelous Middle" helps in preventing this sag, eliminates roll together by two people in bed, and adds an extra degree of comfort to their beds.

At **KINNEY FURNITURE in Stamford**, you can see and try four different **Restonic** mattress sets with the "Marvelous Middle". We have 3 sizes (full, queen and king) in each model in stock. All are reduced for our **61st Anniversary Sale**. We offer quick, free delivery, and free removal of your old bedding. And as always, your satisfaction is guaranteed at **KINNEY'S**. Come see us on the north side of the square in Stamford. For more information, give us a call (it's free) at 1-800-256-2232.

### At Your Service

by Dr. Larry Fitzgerald  
Minister, Munday Church of Christ

Q: I prayed and prayed for a special miracle to occur in my life and it didn't happen. It's hard to have faith when God doesn't listen. Why didn't He answer my prayer?

A: One of the most difficult principle to understand concerning prayer comes from Jesus' words: "Not my will but your will

be done" (Matthew 26:39). These words were not said lightly. Jesus knew that he was about to suffer one of the most brutal and painful deaths a person could endure. He wanted this cup of suffering to pass from him but he told God: "It's your will not mine which I want to do."

God is not some sort of Genie that comes up every time we rub our Bible to grant us our wish. He is our Heavenly Father and a good father knows when to say no to his children. In your best interest, He told you no to your request.

Too many people present solutions to problems and ask God to do those solutions (often by miracle). However, I have found the best approach is to present a problem to God and ask Him to guide me to a solution. After all, God is much wiser than any of us.

John makes it clear: "This is the confidence which we have in God, that if we ask anything according to His will he hears us" (1 John 5:14). Instead of praying for a miracle, present your problem to God and ask Him for guidance... according to His will.

### Munday Braves Beat The Olney Cubs 18 To 6

The Munday Braves won their fourth game in a row against the Olney Cubs.

The Braves met up with their toughest competitor of the season so far but still came out victorious 18 to 6.

Peevee Reagins scored from 49 yards out with 6:04 left in the first quarter. The PAT failed keeping the score 6 to 0.

It was a defensive battle from then on, but Munday was able to score with 1:26 left in the half. Peevee Reagins took the ball in from 1 yard out. The PAT failed again and the Braves kept a 12-0 lead til the end of the first half.

Olney scored early in the third quarter making the the score 12 to 6.

Munday's defense stopped two drives by the Cubs with two interceptions. Nathan Urbanczyk picked off the first one and Daniel Anchondo took the second one 55 yards for a touchdown as time expired. Munday won 18 to 6.

The Braves remain undefeated going into Thursday's game against the O'Brien Bulldogs. The game will be at O'Brien and will start at 6:00 p.m.

### Young Farmers Loan Applications Now Available

Applications for up to \$50,000 in loan guaranties through the Young Farmers Loan Guarantee program are now available as of October 1, according to the Texas Department of Agriculture.

About \$1.7 million has been raised for the program from a \$5 farm motor vehicle fee that was collected beginning January 1, 1992. However, in order to keep the program constitutional, this year's Legislature designated the \$5 fee as voluntary. Those who paid the fee between January 1, 1992 and August 29, 1993, and who want a refund must file for a claim by November 1 with the state Comptroller. After November 1, refund requests will be processed by the local county tax offices.

Written comments about the program and loan application requests should be sent to Robert Kennedy, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

W. T. GREEN CELEBRATED HIS 100th BIRTHDAY with family and friends. Pictured above with Mr. Green (center front) are his five children, Margarette Dozier, Harrell, Ted, George and Dewitt.

# W. T. Green Turns 100

family honors him with a birthday party

by Nancy Green, Mathis, Texas

On the occasion of his 100th birthday, W.T. Green of Olney was honored with a party at the Seven Oaks Nursing Home. Hosting the special occasion were his children and their spouses, Harrell and Vonie Green of Midland; Margarette and S.R. Dozier, and Fred and Loretta Green, all of Graham; George and Frances Green of Olney; and Dewitt and Marion Lee Green of Goree.

W. T. was born in Ellis County, near Alvarado, Texas, on September 11, 1893 to Mr. and Mrs. F.C.

Green.

In 1906 W.T.'s father bought a 1,330 acre ranch for \$3 an acre in the Midway area south of Archer City, which was later known as the Anarene area. In December of that year, W.T. and his father traveled to Graham by train with their wagons, mules, horses and two milk cows. (At that particular time there was no railroad service to Archer City.) At Graham, they bought supplies at the general store and headed out for their Anarene ranch.

During the next several months,

they worked very hard in building a house, pens, and preparing the land so that the rest of the family could join them at their new home in 1907.

Daddy John, as he is fondly called by his grandchildren, used to love to tell the story of how Anarene was once a boom town. There was a post office, general store, railroad station and a church that was also used as a school.

In the spring of 1911, there was a church revival in Anarene. It was at this revival that W.T. met Miss Fannie Mac Huff. On January 7, 1912 they married in Olney with Rev. Roach officiating. They raised four sons and one daughter. At the time of Mrs. Green's death in August 1981, the couple had been married for 67 years.

The youngest child, Dewitt, and his wife Marion Lee, celebrated their golden wedding anniversary in November of 1989. W.T. had the distinction of seeing each of his five children celebrate their 50th wedding anniversary. On November 26, 1989 W.T. was the special guest of honor at an anniversary reception for all five of his children and their spouses for their 50 and 50+ years of marriage.

W.T.'s centennial birthday cake was decorated with a ranching theme, and along with punch, nuts and mints was enjoyed by his grandchildren, great-grandchildren,

great-great-grandchildren, nieces, nephews and friends, as well as a very special guest, his 98 year old sister, Mattie Morris of Olney.

During the celebration, a special birthday prayer and blessing was provided by long time family friend Bro. Lloyd McIntosh of Seymour.

Attending this happy occasion were Melvin and Patricia Green, Ronnie and Christal Green, James and Angela Bailey, Melissa, Percilla, James III and Chelsea, all of Breckenridge; Melvin Jr. and April Green of Arlington; John and Linda Robinson of Amarillo; Paula Willis, Amber and Alyssa of Levelland; Charles Baker of Lubbock; Barbara Gaskin of Dal-

las; K.T. Gaskin Sr. and Jennifer and K.T. Gaskin Jr., all of Roanoke; and Dewie N. Turner of Eugene, Oregon.

Others attending were Beckie and Charles Horry and Bessie and Don Bowen and Ashley of Wichita Falls; Jackie and Nancy Green of Mathis; Dickie and Peggy Green, Wade and Justin Green and Shelly Oder, all of Crowley; Bill and Joyce Green of Sapulpa, Okla-

homa; Johnna Winingham of Midlothian; Brother and Sister Lloyd McIntosh of Seymour; Virginia Fox, Jewel Dean Freeman and Gene and Wanda Dozier, all of Graham; and Mr. and Mrs. Obie Green, Anita Northrup, Kay Dixon, Margie Mixon, Mattie Morris, Darlene Kissinger, Lloyd and Bobbie Clanahan, Robert and Trula Burkett, Ida Dodson, and Myrtle Cooper, all of Olney.

## Joe Bailey King Passes Away In Abilene Hospital

Joe Bailey King, 86, passed away Monday, September 27, 1993 in an Abilene hospital.

Graveside services were held at 2 p.m. Wednesday, September 29, at Johnson Memorial Cemetery with Rev. Don Whetsell, pastor of the First United Methodist Church in Munday, officiating. Arrangements were under the direction of McCauley-Smith Funeral Home.

Pallbearers were James Amerson, Douglas Myers, Travis Lee, Tom Oustad, Jack Stewart, Truman Cypert, Kenneth Baker and Charles Baker.

Mr. King was born January 31, 1907, in Sipe Spring, Texas. He moved to Weinert in 1915, where he graduated from high school. After moving to Munday in 1933, he owned and operated a dry goods store and Kings Cleaners. He was a member of the First United Methodist Church. On September 30, 1932, he married Ruth Womble.

Survivors include his wife; one brother, Owen of Godley; and several nieces and nephews.

### Financial Consultant Speaks To Retired Teachers Group

Eighteen members of the Knox County Unit of Texas Retired

Teachers Association met at 2:30 p.m. September 28 in the First United Methodist Church fellowship hall.

Dorothy Myers, president of the Knox County RTA, welcomed members and guest and presided over the business meeting. Kenneth Roberts gave the invocation.

Dan Sloan, vice president, presented program books for the new year and gave a brief preview of upcoming programs which prom-

ise to make for a very enjoyable year. Grace Hutchinson and Euris Reed were honored with year-books dedicated in their memory.

Bill Baker, legislative chairman, shared latest legislative update, and gave each member a TRTA Legislative Committee survey to complete which will help determine legislative priorities for 1993-94 and 1994-95.

Douglas Myers, publicity chairman, encouraged members to attend the Fall Drive-Inn Conference October 20 at Ramada Hotel in Wichita Falls.

Dan Sloan introduced Donnie Roberts, Merrill Lynch Financial Consultant of Wichita Falls, who gave an informative and interesting talk on differences in stocks on bonds, and ways consultants help private clients manage money to fit their lifestyle.

Following the program, refreshments were served by Benjamin and Gilliland members. After the meeting adjourned, members enjoyed a time of visitation.

### BENEFITS OF PROBLEMS

Most of us don't think of having problems as being beneficial. But here are some good things that problems can bring you.

\*Problems remind you of who you are. They cause you to stop and take a look at yourself as well as the problem

\*Problems allow you to demonstrate courage and stamina. Conquering problems builds confidence.

\*Problems reduce complacency and force growth. Problems make you stretch, which helps you in the long run.

\*Problems keep you humble. They give you perspective on both yourself and the problem situation.

\*Problems make you appreciate others more. You need to enlist the cooperation of others to solve most problems.

TEACH LATCH KEY KIDS ABOUT FOOD SAFETY

Millions of youngsters who will be on their own at home after school this year could benefit from a few food safety rules to prevent foodborne illness.

Children usually prepare their own snacks when they return from school. Parents can help prevent foodborne illness by reviewing the following list with children:

\*Deposit books and book bags somewhere besides the kitchen. They can harbor many harmful germs.

\*Throw away any left-over perishable foods brought home from a carried lunch. An exception to this might be unopened cans of foods that are shelf-stable and don't require refrigeration, such as canned fruits and canned meats.

\*Always wash hands before

touching food.

\*Use only clean utensils.

\*Keep cold foods refrigerated. Always put milk, meat, cheese, etc. back in the refrigerator immediately and be sure the refrigerator door is closed tightly. Take out only what you plan to eat and refrigerate leftovers from any cans that are open.

\*Don't eat any food that looks or smells "funny".

\*If you are going to allow children to use a microwave, or any appliance for that matter, teach them to use it safely. Teach them to always use potholders and warn them about burning steam from popcorn or any closed container in the microwave.

Play it safe to keep youngsters safe and free of foodborne illness.

# Water Quality In The Seymour Aquifer Project

The Seymour Aquifer Water Quality Project is a collective effort of Texas Agricultural Extension Service, Soil Conservation Service, Agricultural Stabilization and Conservation Service, and Texas State Soil and Water Conservation Board.

The goal of the Seymour Aquifer Project is to help producers with water quality practices that lessen the possibility of nutrient or pesticide leaching into the groundwater. The project area covers the northwest part of Haskell County and the southern part of Knox County.

During the past year, water quality work was supported by producers in the project area through soil testing, irrigation scheduling, water testing, pesticide management, irrigation efficiency testing, and fertilizer demonstrations.

Two free soil testing programs were offered in the project area in 1993. Four hundred fifty-two soil samples were submitted during these sampling periods.

Irrigation scheduling work performed in the area during 1993 included installing gypsum blocks and tensiometers on 60 fields. The gypsum blocks and tensiometers provide producers with informa-

tion on the amount of moisture in the soil at 1, 2, and 3 feet.

Water tests for nitrates were carried out on 285 samples during 1993. Drinking water too high in nitrates is a health hazard and nitrates in irrigation water can be credited for fertilizer use.

Budworm moth, bollworm moth, and boll weevil traps were established in the area during 1993. By knowing the activity and numbers of the pests, producers can emphasize field scouting.

Irrigation efficiency tests were carried out on 15 center pivot systems this year. Application efficiencies averaged 80 percent on the conventional pivot systems. Three Low Energy Precision Application (LEPA) center pivot irrigations systems were checked. The LEPA systems had application efficiencies averaging 98 percent.

Four fertilizer demonstrations were conducted in the project this year. Soil sampling, differing fertility rates, and yields were evaluated in these tests.

For information on these or other water quality related practices contact the County Extension Service or the Soil Conservation Service office.

## Pathways

by Randy White, pastor  
First Baptist Church

What is a leader? Is it one who forces his way on others? Is it one who insists that she is right and you are wrong? Is it one who has all the answers?

Our world lacks in good, solid leadership. We have plenty of people willing to fill positions of leadership, but we have very few real leaders.

A leader is sure of himself. He has come to grips with how God has created him and the gifts God has given him. He does what he can do well, he doesn't attempt to do what he knows he can't do. He is not intimidated by bullies, because he is confident.

A leader is a thinker. She can analyze, prioritize, and organize. Her thinking is sensible, straight, and sound. She doesn't speak or act on a whim, but thinks through first.

A leader takes the long look. He knows that today is not the end, that tomorrow will come. He knows that you can charge today, but must pay tomorrow. He knows that you can invest today, and harvest tomorrow.

A Christian leader puts her relationship with the Lord first. She does not allow self, others, position, duties, or anything else to pull her away from the Lord. "In all your ways acknowledge Him, and He will direct your paths."

"Lord, help me to become the kind of leader our world needs. Amen."

# Fire Safety Stressed During National Fire Prevention Month

The winds of winter carry one of the deadliest seasons for home fires. Woodstoves, fireplaces and alternative heaters are often necessary to fight the cold, but if not used properly they can become fire hazards. The increase of fires during the winter months is particularly ominous for the state of Texas, which ranks among the nation's top states in fire deaths.

The need for fire safety information is critical. Fire kills close to 5,500 people in the United States every year -- more than all other natural disasters combined. October has been deemed National Fire Prevention Month. The United States Fire Administration (USFA) has issued the following recommendations to reduce the number of fire related deaths this winter.

### ALTERNATIVE HEATERS

\*Use space heaters in well-ventilated rooms.

\*Place heaters where they will not be knocked over easily and away from curtains, furniture and other items that burn.

\*Plug heaters directly into wall sockets, not into extension cords.

\*Unplug heaters when they are not being used.

### WOODSTOVES AND FIREPLACES

\*Use seasoned wood and protective screens at all times.

\*Clean interiors, hearths and chimneys yearly.

### SLEEP SAFETY PRACTICES

\*Never smoke in bed.

\*Use only electric blankets approved by testing labs.

\*Don't run cords under beds or trap against walls.

### SAFE COOKING PRACTICES

\*Don't leave the stove unattended while cooking.

\*Keep clothing, curtains and other fabrics away from the stove.

\*Make sure the stove is off and

all small appliances are unplugged before going to bed.

USFA also aims to reverse a trend toward a complacent attitude about smoke detectors. "Nearly 86 percent of homes in the United States have smoke detectors -- the problem is with people maintaining them," said USFA Assistant Administrator James Coyle. "It's tragic to see so

many deaths occur in homes when firefighters are able to look right at the wall or ceiling and see the detector in plain view, only to open it and find the batteries missing or wires disconnected."

The best way to ensure the effectiveness of the detectors is to test the batteries monthly and change them at least twice a year. A working smoke detector doubles a person's chance of surviving a fire.

HAVE A NICE DAY!

### AIMEE MELISSA DAVIS

born August 26, 1975 died September 17, 1993

Aimee's family and friends would like to share some of her short poems and writings with you.

#### "The Future"

*I don't know what lies ahead for me. With my past experiences, I hope the future holds peace, and tranquility. I don't look back on my past with regret and I don't look forward with fright. Growing is learning and all experiences, even the bad ones, are meant to be learning ones. So the future to me is exciting and not close enough.*

10/27/92

#### "Thanksgiving"

*This day is a special day to me. Not only does it mean the gathering of my family for a day of bonding but it means time for my family to give thanks for all the precious time we have been given to grow and learn the values of life. No, Thanksgiving isn't just a day for the football games, or early Christmas shopping; it's a day I spend thanking God, my friends, and my family for all the beautiful things I have in life. I forget all the downfalls and misfortunes and focus on the good things I do have.*

11/91

*To see the sun is like feeling secure arms around me.*

*To see the clear skies brings forth warmth and love.*

*I'm mesmerized by the cold wind blowing and satisfied by the beauty of a new day.*

Undated

*I am no longer afraid of tomorrow. I have given up on the hurt and I've given up the pain. My heart still holds love and my mind is now at peace. I have forgiven my flaws and forgiven my mistakes. Tomorrow is not close enough, my life is not so bad.*

### METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device
- (2) Preventing electric service from being correctly registered by a meter device
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

## Gilliland Couple Honored On Forty-Fifth Anniversary

Jack and Eloise Horne of Gilliland were the honored guests at a 45th wedding anniversary reception on Sunday, October 3, in the home of Dennis and Charlotte Welch, also of Gilliland.

Mr. and Mrs. Horne were married September 28, 1948 in Seymour.

Jack Horne is the son of the late James Elmer Horne and Ida Lee Dockery Horne of Gilliland. Eloise Faye Davis Horne is the daughter of the late Joe E. Davis and Emma Lois Armstrong Davis, formerly of Gilliland.

Jack and Eloise have two daughters, Charlotte Ann Welch of Gilliland and Phyllis Elaine Horne of Vernon, and one son, Tim Dewayne Horne of Gilliland. They have four grandchildren, Julie Ann Welch, Adam Todd Welch, Justin Daniel Horne and Clinton Wayne Horne, all of Gilliland.

Decorations included a purple cloth with an ecru lace overlay

covering the refreshment table, which was adorned with purple candles held by golden candelabras. Refreshments included sherbert punch, cake, and a fruit and nut tray.

Children of the honored couple, along with their families, served as hosts for the reception.

Those attending included: Paul and Erma Lee Horne and Leola LaQuay of Seymour; Dud and Ruby Myers of Red Springs; Elvis Ray and Neva Davis of Crandall; Doyle and Loretta Davis of Wichita Falls; Emma Jo Davis, Floyd, Sue, Jennifer and Amanda Davis, and Jimmy Dale Davis, all of Iowa Park; Margaret Wallace, Gregg, Johnette and Taz Carter Wallace, also of Iowa Park; Lloyd Davis, Edwina Shiflett and Shirley Meharg, all of Henrietta; Elaine Horne of Vernon; Tim, Barbara, Justin and Clinton Horne, and Dennis, Charlotte, Julie Ann and Adam Welch, all of Gilliland.

## October 3-9 Is Mental Illness Awareness Week

HEREAS, the Congress of the United States, through a joint resolution, has signated October 3 through October 9, 1993, as "Mental Illness Awareness Week"; and a proclamation in its observance has been issued by the Congress the United States; and the Texas Alliance for the Mentally Ill and affiliates ve worked tirelessly with other advocates to educate the public and obtain eded services for persons with mental illness; and

HEREAS, approximately 2.55 million Texans will suffer from serious ental illness, mental illness with substance abuse or mental illness with ental retardation, and mental illness does not distinguish among those whom affects: the rich and poor; old and young; male and female; black, white, spanic, and Asian; friends and relatives; and

HEREAS, the catastrophic nature of serious mental illnesses means thouns of persons with mental illness must depend on the public mental health stem for care and treatment, and

HEREAS, the mission of the Texas Department of Mental Health and ental Retardation is to afford Texas citizens with mental illness the oppority to live as useful and productive lives as possible and to develop their pective capacities to the fullest extent possible; and

HEREAS, there are situations where stigma, rooted in fear and lack of derstanding, has prevented persons with mental illness from receiving the vices that could help them live independently, has discouraged some rsons with mental illness from seeking services in any setting, has prevented milies from receiving the support and understanding they need to keep their mily member with them in the community; has prevented children from aching their full potential; has led to the placement of many elderly persons long-term care facilities that are inappropriate; and

HEREAS, most mental illnesses can be treated, symptoms can be allevied, dysfunctional behaviors and thinking patterns that once crippled can now e corrected, and most persons with mental illness with support can live oductive and fulfilling lives; and

HEREAS, a certain percentage of persons with mental illness will experi- ce ongoing symptoms of mental illness which will keep them from safely ring independently in the community; and intensive services in state hospi- ls will continue to be needed and be improved; and

HEREAS, today's research is opening new insights into the causes, treat- ment, and possible prevention of mental illness and bringing new hope to the ves of persons with mental illness; now, therefore, be it

ESOLVED, that the Texas Mental Health and Mental Retardation Board is eased to recognize "Mental Illness Awareness Week" as a means of omoting an understanding of mental illness that will lessen stigma, reduce ar, and result in more persons with mental illness having the opportunity to e in the most appropriate setting possible and function to their fullest ssible capacity.

## It's Time To Get Your Home Ready For Winter

Summer heat is finally fading, but it's not too early to think about staying warm this winter. West Texas Utilities Company suggests a yearly checkup to get you ready for the chilly months ahead. Just a few home repairs can keep you comfortable all winter and keep your home at peak energy efficiency. The best time for your home checkup is right now - every month you delay, your energy costs will be unnecessarily higher.

Here are the basic steps for a do-it-yourself home energy inspection:

- Check the caulking around doors, windows, and other parts of the house. Letting air leak through small cracks and holes in a home's exterior is a major reason for heat loss in winter. Don't think those tiny cracks and holes are no big deal. If you added together the area of all these small openings on a typical older home, you'd have a hole at least five feet by five feet.
- Check weather stripping along sides and bottoms of doors. A 1/16

inch wide crack around a door is the same as a 4x4 inch hole, as far as your heating is concerned. Make sure storm windows and storm doors still fit tight, too. Replace cracked or broken window panes.

- Inspect your attic. Heat rising through the ceiling into the attic is a major source of heat loss. If your attic insulation measures six inches or less, you probably need to add more. Talk to an insulation contractor to learn the type and amount you need. Look for leaks in the roof. Wet insulation is less effective and the moisture can damage your home's structure. One place you don't want covered with insulation are eaves vents; the attic needs ventilation to prevent unwanted moisture.
- Check the duct insulation to see that all tears and separations are taped and the insulation is securely wrapped around the ducts. Ducts that aren't properly sealed and insulated leak as much as 20 percent of heated and cooled air into your attic. This means you're paying to heat and cool your attic as well as your home, and wasting energy and dollars.
- Check floors over unheated areas, such as crawl spaces, garages or basements. These areas can be major sources of heat loss in an otherwise well-insulated house. If you already have insulation in these areas, make sure the support rods or wire mesh is secure. Be sure and add insulation

where needed. Whether you do the work yourself or hire a contractor, you're conserving energy. By following the above guidelines, you help

WTU achieve its main goals: to help reduce the drain on fossil fuels in short supply, and to help you keep your monthly energy bill as low as possible.

### Three Munday WTU Employees Receive Awards

West Texas Utilities Company employees were honored Thursday, September 9, for service to WTU and its customers during the company's annual service and safety awards dinner held at Elk's Lodge in Childress.

Attending the event were employees from the Northern Division and Oklahoma Power Plant, just a small part of the 52,000 square mile service area.

Receiving awards from the Munday office were Jessie Mae Johnson and Leon Sellers for 20 years service, and Mickey Jackson for 15 years service.

### From a Carpenter's Son

By Don Whetsell

Pastor, First United Methodist Church

There's been a lot of talk these days about the obscene content of rock and rap music lyrics. And some of the people that I serve, who also happen to be in high school, have even asked me my thoughts on the subject.

I have made no secret of the fact that I listen to Christian rock and that it has been a major spiritual influence in my life, and that I really don't have much use for most of the stuff I hear on the radio nowadays.

With that said, let me say that I think we miss the point when we take a song and count four letter words or look for veiled references to suicide or Satanism. It doesn't take Billy Graham to figure out that a song can be "obscene" even without any warning labels. I don't get nearly as upset about what a song or band contains in content or theme as I do about what is missing. And there is plenty missing.

I don't listen to Christian rock

because they stay away from risqué lyrics and Satanic references. I listen because they glorify my Lord and Savior, Jesus Christ! They lift my spirit with the equivalent of modern day Psalms and because, like the prophets of the Old Testament, they make a point of telling us the difficult things about our lives and our world that we sometimes don't want to hear.

Please, don't think for a minute that I am saying that all Christians should listen to my kind of music. What I am saying is that it really doesn't matter if a song has no dirty words or content if it doesn't help us in our relationship with Christ.

And if the message is The Gospel and it's being conveyed authentically by those who seek to win the lost, then who cares what style it is!

I'll close with the words Michael Card said before his concert last night in Wichita Falls--

"I'd like to warn everyone right

now, that every song I sing tonight is going to be about HIM, 'cause I haven't found anything else that's worth singing about!"

### Knox County Child Welfare Board Minutes

The Knox County Child Welfare Board met September 28 in Munday.

The meeting was called to order by Vice Chairman Judy Burnett. Those present included Judy Perdue, Judy Lowe, Debbie Sosolik, Dixie Elliott, Lynward Wilcox, Linda Haynes, Christi Richardson, Debbie Welborn and Sara Gamble.

Treasurer's reports were given as follows: Knox City balance, \$1615.79; Munday balance, \$2228.97.

Debbie Welborn introduced Sara Gamble, Certification Specialist from Wichita Falls. Ms. Gamble informed the board about the foster parenting program and the need for foster families. Information was distributed to the board.

The next meeting was set for October 26 at 6:30 p.m. in Knox City.

### Child Protective Services Looking For Volunteers

Knox County is in need of foster homes and adoptive parents.

Sara Gamble, Certification Specialist from the Wichita Falls office of Child Protective Services spoke with the Knox County Child Welfare Board Tuesday, September 28, about the need for foster parents and adoptive parents in Knox County.

Families are needed to provide temporary or extended care for abused and neglected children. Children needing foster care need a home with a safe and caring environment, until their families can deal successfully with the problems that lead to the abuse and neglect. If those problems can be resolved, adoptive parents are needed.

Training for foster parents and adoptive parents is required and all families must meet State Licensing Standards to be approved.

Anyone interested in becoming foster parents or adoptive parent for CPS may call Debbie Welborn at the Knox City office of CPS at 658-3524 or Ms. Gamble at the Wichita Falls office at (817) 766-3371.

#### IN MEMORY OF BERTHA MOORE

To Those I Love and Those Who Love Me

When I am gone, release me, let me go -  
I have so many things to see and do,  
You mustn't tie yourself to me with tears,  
Be thankful for our beautiful years.  
I gave to you my love.

You can only guess  
How much you gave to me in happiness...  
I thank you for the love you each have shown,  
But now, it's time I traveled on alone.

So grieve a while for me, if grieve you must,  
Then let your grief be comforted by trust.

It's only for a time that we must part,  
So bless the memories within your heart.

I won't be far away for life goes on,  
So if you need me, call and I will come.

Though you can't see or touch me, I'll be near  
And if you listen with your heart, you'll hear  
All my love around you soft and clear.

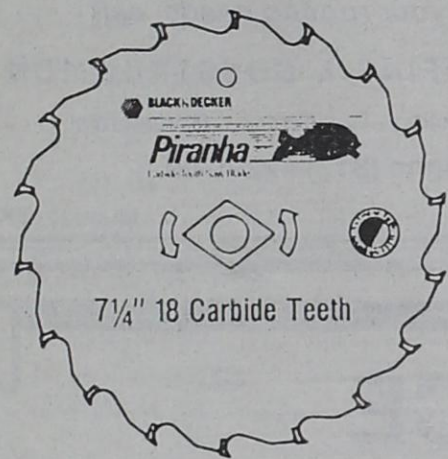

And then, when you must come this way alone,  
I'll greet you with a smile, and say - "Welcome Home!"
