Well, gee whiz, do you reckon it will ever come to this:

"I believe it was Abraham Lincoln who commented on how much power and energy there was in the wind.

"We have had a lot of wasted power the past few days, as the wind raged by us at 5 to 70 miles per hour.

"In the next 100 years, we may have wind tunnels under our houses that will furnish central heating and cooling. Things happen so fast.

"We look back over the years of the Bi-Centennial when the mode of travel with horse and buggy was about eight miles per hour, and today, you can fly from London to Washington, D. C. in about 4 1/2 hours.

"We can imagine a lady telling her husband in the morning not to let the kids stay up too late waiting on her, as she has her day planned for a style show in Paris, France, in the morning, an art show in Sweden in the afternoon, and there is a new show in London she will see later on in the evening and with an arrival in home before midnight which would be a pretty full day.

"Of course, with that kind of speed, we will have disposable clothing that will not have to be washed and ironed, and another help will be that they will have their meals in capsules. If you want a turkey dinner, just pick up the capsule with the picture of a turkey on it, swallow the capsule and you have had that turkey dinner. The other meals will have the branded capsules of what you eat, and you will not need a dishwasher.

"With the present advancement in hybrid seed, we will probably buy seed for our grassy lawns that will only grow just so high and will save all the mowing, as you tell your dealer that you want 2, 3 or 4-inch grass. Another thing that could happen 200 years from now with the speed we are making, I would compare with a feat the railroad mail car used when traveling at a good speed and when coming through a town where the train did not stop there was a crane on the mail car that would catch the hook on the mail bag on a pole and would pull the bag into the mail car, where the mail was sorted in the mailbags that were open on racks. The mail was sorted all the way into Fort Worth and Dallas.

"Well, this performance gave me this nightmare of 200 years from now:

"On a special excursion day to London or Paris, you could load yourself in a plastic capsule that would take you up 500 feet and hook on the tower; and, as the plane came by with a large hook, it would grab the capsule, swing you in the plane, and you would be ready for a day in Europe.

"I don't know what kind of Watergate we will have 200 years from now. We have come a long way on this. I can remember 70 years ago when Cyclone Davis and other candidates spoke at picnics. The only Watergate we had was a wooden barrel

Munday Moguls 'Serve Notice' By Victory Over Seymour's Panthers

GOLD STAR WINNERS: Louis Lee Baty, 15, son of Mr. and Mrs. Louis Baty of Gilliland, and Susanne Esquivel, 15, daughter of Mr. and Mrs. H. C. Esquivel Jr., of Munday, have been named 4-H Gold Star winners for Knox County.

Gold Star Winners Named At Banquet September 5th

The annual Knox County 4-H Awards Banquet was held at the Benjamin school cafeteria on Monday evening, September 6.

Master and Mistress of ceremonies were Louis Lee Baty and Tammy Carver of the Benjamin 4-H Club. The event is sponsored by the Citizen's State Bank of Knox City; the First National Bank of Munday, and the Knox County 4-H Council.

The highlight of the evening was the announcement of Gold Star boy and girl, the highest honor a boy and girl can achieve in 4-H. The awards went to Suzanne Esquivel and Louis Lee Baty.

Susanne, daughter of Mr. and Mrs. A. C. Esquivel, Jr. of Munday has been a member of the Munday 4-H Clubs for six years. She has exhibited prize winning swine in livestock shows and competed in the county and district dress revues. She has attended the district 4-H leadership lab at Brownwood and served on the county council. Susie, 15, has also been among the "top salesmen" in 4-H fund raising activities.

Susie is a freshman at Munday High School where she also participates in basketball and band.

Louis Lee is the son of Mr. and Mrs. Louis Baty of Gilliland and has been in 4-H for seven years. His major projects include swine (having shown in the county and Fort Worth livestock shows), leadership, field crops, dog care and poultry. He has served as president of both the Gilliland and Benjamin 4-H Clubs and has attended the district 4-H leadership lab at Brownwood.

Louis Lee, 15, is a sophomore at Benjamin High School where he has consistently been the high ranking student of his class. He is also a member of the Benjamin football team and the Future Farmers of America.

Other awards given were: achievement - Louis Lee Baty; agriculture - Dave Partridge, Munday; bread - Brand Cude, Goree; clothing - Julie Partridge and Janie Phillips, both of Munday; dress revue - Suzanne

There was cause for celebration Friday night! Everything and everyone seemed to work out just right-and even the Mogul Band did a superb job-as the Moguls gained their first victory over the Seymour Panthers in 27 years!

Mogul fans couldn't ask for a better season's opener!

After a scoreless first period, with both teams seemingly feeling each other out, the Moguls finally "broke the ice" and scored a 6-pointer with 3:27 left in the second period. Robert Spells dashed for the final 17 yards, but the extra point kick failed, after the 9-play, 76-yard drive ended.

The Panthers took the third period kickoff from the 37 and moved for their first touchdown after 16 plays. Quarterback Dirk Davis tossed a pass to End Chuck Barron for a 13-yard TD. Their running attempt for two extra points failed.

It was a see-saw battle in the third period, but Spells "came into his own" in the fourth, as the Moguls salted the game away. Spells broke the tie as he went eight yards for Munday's second counter, then was on the receiving end of a pass from Andy Haynie, quarterback, for two extra points.

The Moguls again worked the ball into scoring position, and Spells ran the one remaining yard for his team's third touchdown. David Kuehler added the extra point.

The jinx of 27 years' standing, ever since 1949, was broken!

Spells was aided by a line which blocked extremely well, and a defense that was clicking added its part to the difference in score. Line-

backer Jimmy Cook, and Halfback Robbie Thompson were in the right places, helping hold the Panthers to 141 yards rushing and 12 yards passing. Munday got two less first downs than the visitors, 8 to 10, and only had 14 less total yards.

GREAT PURPLE CLOUD A BIG HELP, TOO!

As if initiating their new band director, Jerry Frazier, into the club, the Munday Mogul Band gave a great half-time performance and drew many favorable comments from the fans.

The band, which has become known as "The Great Purple Cloud", went through the exercises with perfection and did a fine job of playing the type of music everyone loves.

It is predicted that the Great Purple Cloud will go far in band performance and competition this year.

Where They Play

Games scheduled this week in District 7-A football are as follows:

Rotan at Roscoe; Motley County at Paducah; Munday at Rochester; Knox City at Rule; Crowell at Seymour; Aspermont open.

Horton Shows New Tractors In This Area

Area farmers can now get a good, close look at International Harvester's much-talked-about new series 86 tractors at Horton Equipment Co. in Munday.

The culmination of years of research and testing, International Series 86 Tractors "pro-ag line" started with the traditionally powerful IH engine and ended with a control center which comany officials liken to the cockpit of an airliner.

Among the many features cited by engineers is the quiet operating level, less noise than similar size tractors; more cab glass area for more visibility than the leading competitive models; more lugging power; a smoother ride, thanks to a design concept that moved the seat forward, away from the jolts of the rear axle.

Reports from farmers who tested the new tractors revealed some other "surprise" features, such as an improved positioning of headlights for better nighttime visibility. And from farm wives came the claim that hubby "comes home so much cleaner," thanks to the air-tight control center. In fact, when the doors close on a Series 86 tractor, control center air is forced back through the control center air filter with a self-cleaning "poof."

Ernest Horton, who has been an IH dealer for the past 25 years, already has full parts and service capability on the new line. The dealership is open daily from 7:30 a. m. to 5:30 p. m., Saturdays from 7:30 to 12:30 p. m.

TRACTOR DOES IT: The tractor does the heavy work when Norm (Andy) Anderson gets busy at opening cemetery lots. Anderson has established his factory in Munday.

Dallas Man Establishing Business

Norman (Andy) Anderson of Dallas is completing plans this week for establishing a new business in Munday.

He has leased the Leflar building, just east of Munday, and plans to begin operation within the near future. Mr. Anderson has moved into the residence owned by Mrs. Rudell Wallace.

Mr. Anderson will be contracting with funeral homes of this area for cemetery

services, such as opening and closing and setting up cemetery lots. He will also manufacture fiberglass burial vaults and containers.

Included in his plans is the manufacturing of fiberglass boats, and camper tops.

This is something new for Munday, and the Andersons are welcomed into our midst.

His decision to locate the business in Munday was due to some extent to the influence and encouragement of Richie Smith of McCauley-Smith Funeral Home. Anderson hopes to have the business in operation within the next few days.

THANKS TO YOU: Douglas Myers, right, superintendent of the Munday schools, expressed thanks to Dr. R. L. Newsom, Mogul team physician, as he presents him a plaque in appreciation of his services to the team and community. Dr. Newsom has served for about 40 years.

Physician Awarded Plaque

A most avid football fan and loyal booster of the Munday Moguls for many years received an unexpected award last Friday night just before the opening kickoff of the Mogul-Seymour Panther football game which officially opened the 1976 season.

He is the team physician, Dr. R. L. Newsom of Munday, who has served this "position on the team" since beginning his medical practice in Munday about 40 years ago. It has been a "common sight" to view this devoted doctor on the sidelines, together with his medical satchel, as each home game began. If an injury occurred on the field, Dr. Newsom was among the first to reach the injured player to survey the injury and render emergency treatment if necessary.

Following the invocation Friday night by Rev. H. B. Graves, pastor of the First Baptist Church in Munday, and playing of the national anthem and the Munday and Seymour school songs by the bands, Dan Stone took the microphone and read the following tribute over the public address system:

"Tonight, ladies and gentlemen, we, the Munday Moguls and coaches, ask you to pause with us and pay our respects to a man who has been a bulwark in our community for many, many years. His untiring and unselfish efforts to help, not only our athletic teams, but every individual that comes his way, has set for us an example that someday we hope to be men and women enough to follow. Dr. Newsom, on behalf of the Moguls and coaches of 1976, we want to present you this plaque of appreciation for all the kind things you have done for us."

As Mr. Sloan completed this tribute, Dr. Newsom

was presented the plaque by Douglas Myers, superintendent of schools. It was worded as follows: To Dr. R. L. Newsom. Small token of appreciation for great deeds given to us by "our doctor". Presented by the Munday Moguls and Coaches of 1976-77. Then the game began; and, as if inspired by their devoted doctor, the Moguls won a victory over the visiting Seymour Panthers for the first time in 27 years!

As Mr. Sloan completed this tribute, Dr. Newsom

Do You Need An Appointment?

The budget and admissions committee of the Chamber of Commerce will hold hearings on Thursday, September 14, at 1:30 p. m. All organizations and agencies are asked to make their request.

Cross; 2:15, Northwest Texas Council of Boy Scouts; 2:30, NorCenTex Council of Girl Scouts; 2:45, City County Library; 3:00, Munday Little League baseball; 3:15, West Texas Rehab Center; 3:30, Munday Bicentennial committee.

Written requests will be reviewed at the completion of this schedule.

Ice Cream Supper To Honor Collier

Knox County 4-H Club members, adult leaders and their families will honor Knox County Extension Agent, Herman Collier and his wife, Mary, with an ice cream party at the Munday Community Center from 4 to 5 p. m., Sunday, September 12.

Anyone who wishes may bring a freezer of ice cream. For further information contact Mrs. Stanton Brown, Benjamin. Collier, who has accepted a position as Extension Agent at Groesbeck in Limestone County, has served as Knox County Agent for 9 1/2 years. He has assisted and encouraged Knox County youngsters in many 4-H programs.

A wide variety of demonstrations and programs have been made available to Knox County adults also through Collier's efforts during his years here.

COMING EVENT

The B&PW Club will meet September 14th. Be sure to attend.

**ASPERMONT 9
RULE 6**

Aspermont, opening the
season against the Rule
Bobcats at Rule on Friday
night squeezed in a 25-yard
field goal just before the half
to give the Hornets a 9-6
victory.

Rule scored in the second
quarter, while Aspermont
added the field goal, then
went ahead deep in the third
quarter with seven points.

**CROWELL 33
QUANCH 6**

The Crowell Wildcats
coasted to an easy victory
over the Quanch Indians
Friday night to open the
season.

The Wildcats ground out
190 yards on the ground and
completed two of six pass
attempts. Quanch was held
to seven yards rushing and
88 in the air.

**BENJAMIN 21
WOODSON 38**

The Benjamin Mustangs

suffered defeat at the hands
of Woodson's Cowboys, 38 to
21, as they hosted the Pokes
in their six-man season
opener Friday night.

Benjamin drew first blood
as Keith Pierce brought fans
to their feet with a scoring
pass interception, but the
Mustangs couldn't hold on.

**ROCHESTER 27
KNOX CITY 0**

Rochester's Class-B
Steers added over 400 yards
rushing Friday night to
defeat the visiting Knox
City Greyhounds by a score
of 27 to 0.

Rochester, picked as a
contender for the Class B
title, scored in each quarter
to post the win over the
Class A Greyhounds.

**NOTRE DAME 16
GOREE 6**

The Goree Wildcats lost
their season opener Friday
night when they hosted
Notre Dame of Wichita
Falls. The visitors won by a

score of 16 to 6.

Coach Gus Dormier is
looking for better times in
the future for the Wildcats.

**HAMLIN 13
STAMFORD 7**

The Hamlin Pied Pipers
knocked down the visiting
Stamford Bulldogs 13 to 7
Friday night. Stamford
scored first in the second
period, while Hamlin added
seven in the third and six in
the final period.

Stamford drove to the
9-yard line in the first
quarter, but failed to score.
Stamford made 12 first
downs to Hamlin's 10.

**HASKELL 20
ANSON 13**

Haskell's Indians had a
strong defense that came to
their rescue twice Friday
night, enabling them to hold
the 20-13 score for a victory
over Anson's Tigers.

Rex Pittman, back, played
a major part in Haskell's
victory with three pass
interceptions. First downs
were 10 for Anson, 13 for
Haskell.

**WEINERT 41
HOBBS 26**

Racking up points in great
fashion, the Weinert Bull-
dogs gained victory over the
Hobbs Panthers in a scoring
spree for both teams, 41 to
26, in six-man football.

Scoring two touchdowns
each for Weinert were
Walter Patton, Kevin Swan-
ner and Mike Stewart. Mike
Martin scored two for
Hobbs, while Frank Miranda
and Mark Anderis added one
each.

OTHER GAMES

In other games of District
7-A, Spur was victor over
Rotan, 34 to 6; and Childress
won over Paducah by a score
of 44 to 8.

**County Native
Dies Saturday
At Lubbock**

Mrs. Dessie Hazel Bur-
kett, 66, of Morton, a native
of Knox County, passed
away at 5:30 a. m. Saturday
in Methodist Hospital in
Lubbock.

She was born in the
Munday area and moved
from Haskell to Morton with
her husband in 1952. She
was a charter member of the
Eastern Star in Haskell and
a member of the Second
Street Church of Christ in
Morton.

Funeral services were
held at 10 a. m. Monday from
the Second Street Church of
Christ in Morton with Clyde
Mansfield of Brady officiat-
ing. He was assisted by
Dennis Hamil, minister of
the Second Street Church of
Christ. Burial was in Morton
Cemetery under the direction
of Singleton Funeral Home
of Morton.

Surviving her are her
husband, George Burkett; a
son, Billy Burkett of Terrell;
two daughters, Sylvia Lou-
ise Roberts of Morton and
Janett Crawford of Conway;
two sisters, Mrs. Clarence
(Amy) Booe and Mrs. Cecil
(Faye) Booe, both of Munday;
two brothers, Roy and
Sam Faught, both of Has-
kell; nine grandchildren and
13 great-grandchildren.

**Everlasting
Light Bulb
A Reality!**

Imagine a light bulb
without filaments to wear
out that lasts many years-
but uses only one-fourth the
electricity of a standard
bulb.

Mrs. Janice Carberry, a
family resource manage-
ment specialist, says that
the technology needed for
producing a longer-lasting,
less expensive light bulb has
been known for many years.
She is with the Texas
Agricultural Extension Ser-
vice, The Texas A&M
University System.

"According to a report
called 'The Short Life of the
Electric Light Bulb', pub-
lished by the Government
Activities Subcommittee of
the Committee on Govern-
ment Operation, the idea has
only been partially devel-
oped because of the posed
threat to the light bulb
industry.

"The Energy Research
and Development Adminis-
tration (ERDA) liked the
idea and awarded a Califor-
nia company a \$310,000
one-year contract to produce
the energy-saving bulb," she
said.

Water District and Red
River Authority, when an-
nouncement was made of
approval of \$6,000,000 in
federal funds for a chlorine
control project on the south
fork of Wichita River.

The U. S. Army Corps of
Engineers, based at Tulsa,
Okla., said plans for the
project, consisting of a
pumping station, service
road and low flow dam, are
nearing completion. Con-
struction costs are estima-
ted at \$500,000.

Fred Parkey, general
manager of the Wichita
County Water District, said
he figures much of the
money will be used for
purchasing right-of-ways,
land fees and land for a
proposed reservoir near
Truscott, in Knox County.

Remainder of the work on
the project will consist of
pipelines and pumps to
convey the brine water from
the low flow dam to the
brine storage tank near
Truscott.

This is part of a long-
range study of chloride
control authorized by Con-
gress in the flood controls
acts of 1966 and 1970, and is
the only area approved for
construction at this time.

Plans of the corps of
engineers call for dams to be
located at south, middle and
north portions of Wichita
River, with brine water to
be pumped to the reservoir
by low flow lines. Another
reservoir is to be construc-
ted northwest of Crowell, on
Canal Creek, and water from
the North Fork will be
pumped to the Crowell
location.

Parkay said this project
will give complete control of
natural pollution on the
Wichita River system, and
will be the most feasible plan
to control salt water on Red
River.

Construction will include
three rubber dams, to hold

back water on the normal
flow, and during flooding
they will be collapsed. The
dams, Parkey said, will be
reinflated when the water
drops to its normal levele.

It was estimated that 18
per cent of the natural
chloride in Red River is
contributed by Wichita
River, and that 80-85 per
cent of the salt will be
extracted from Red River
and its tributaries.

Parker said: "It will be a
gradual process. I predict it
will take five years to
complete the project, and it
will be the greatest thing
that has ever happened as
far as efforts to improve the
quality of water at Lake
Kemp and Diversion are
concerned."

**OPEN HORSE SHOW
TO BE IN ANSON**

An open horse show will
be held in conjunction with
the Jones County Fair on
Saturday, September 11.
The show will start at 9 a. m.
in the arena next to the fair
grounds in Anson.

A complete line of halter
and performance classes will
be held in both the open and
youth show. Two age groups
in the youth show are 12 and
under and 13 through 18.
Trophies will be awarded
first place and ribbons
through fifth.

Performance classes will
include western pleasure,
reining, barrel racing, pole
bending and flag race in the
youth show only. All horses
must show at halter to be
eligible for high point
trophies and all horses
competing in the youth show
must show at halter.

Advance entries may be
sent to John Deatherage,
Rt. 1, Box 62, Anson, Texas
79501. Telephone 823-3614.

WORK IN TELETHON: These FTA members participated in "Labor of Love" for the Jerry Lewis Telethon against Muscular Distrophy. They are, from left, Perry Kuehler, Robbie Baker, Diana Redder, Leala MacDougall, Janie Phillips, Ana Andrade, Scotty Abbott and Alma Sosa. They presented the \$949.68 in cash to television personnel in Abilene.

Teacher, Students Work In Jerry Lewis Telethon Here

Munday was praised time and again for their generous contributions during the 21-hour Jerry Lewis Telethon Against Muscular Distrophy last Sunday and Monday. In the final hours, only San Angelo, Snyder and Abilene did better than Munday in the "Big Country."

A delegation of eight students from the Munday FTA presented a representative of Channel 12, Abilene, with the \$949.68 in cash. He called it "a Munday explosion that rocked the Big Country." After speaking informally with each student, he remarked that "they possessed a drive and spirit comparable to students that any college would be proud and honored to have."

After the appearance of Munday's delegation, donations by phone flooded in. An Abilene woman called KTXS and said: "I've got \$20 to put in with that group from Munday." After a \$30 contribution from the Pope children, one from Mr. and Mrs. Joe Bailey King, a \$100 donation from Christensen Flying Service, and a \$30 pledge called in by Mr. and Mrs. Kenneth Crownover, the total climbed. At the close of the telethon, the Munday group was over \$1,000, but they weren't told of the final figure.

Special thanks goes to Earlene Kuehler, who stayed up to answer the telephone during the night after Perry fell asleep.

The participating students learned many valuable lessons from people who performed in the Jerry Lewis Telethon. Such themes as "Don't give 'til it hurts, give 'til it helps" inspired the groups. One of the most inspirational messages came from Oral Roberts, who told Jerry Lewis: "Your life is God's gift to you. What you do with your life is your gift to God."

"We all learned from these special words of truth that whenever we give of ourselves, God's most bountiful resource, we truly are receiving more than we are giving."

Farm And Ranch News

BY HERMAN COLLIER

Moisture received was very spotted this past week over Knox County with small scattered areas reporting 1:00" to 2:00", but in general the majority of the county remains dry.

Summer time high temperatures returned the last half of the week and by the weekend grain sorghum harvest was active again. Producers with grain to harvest were glad to see harvesting weather prevail again. As an average Knox County farmer is harvesting a fair grain sorghum crop.

Cotton is opening at a fairly fast rate recently and if hot dry weather hangs around for a while some producers will be considering preparing some dryland fields for harvest soon. Many cotton producers have signed up for the fall cotton boll weevil diapause control spraying program. This program could be of great benefit to Knox County if all producers would participate by greatly decreasing the number of boll weevils going to winter quarters. Some fields were hit early this summer by boll weevils coming out of winter quarters and some of these where early controls were not applied have a very poor crop.

No it wasn't Hilary this time, even though it does sound just like something he would do to us. It was the late Oscar Spann and he was another one that got a big kick out of kidding us, and we kidded him right back. He was always a special friend. He and Bera both were tops in our books.

One great-grandfather, O. V. Milstead, challenged us on that statement. He really thinks his are as great as ours. Oh well, why not? It takes all of us grand and great-grandparents to keep this old world rotating.

We are going to challenge one brand name bathroom cleaner. We have yet to see any little scrubbing burshes, except the elbow grease behind the one we use. Think we have told you how we are a commercial push-over. And you'd know that was the truth if you'd invade our premises and see the different items in stock, each one so enticing in the commercial that we just had to try them.

We have on hand ten different kinds of hand cream and our hands are not those soft hands each one says they are good for. Why do we try to be a beautiful doll when nothing helps. Guess we should have just been born beautiful. We do remember saying to someone that we wish we had as much money as we had looks and that person handed us a dime and said "Here, you poor thing." You better believe we kept his dime.

Bill's Blabbin

By Bill Bowley

We are bound and determined that we won't get beat out of writing our two bits worth again, even though it was our own fault. We got our days mixed up and didn't get our column written on Monday like we usually do, so we are taking time out on Wednesday, September the 1st, to get our blabbin ready for next week's paper.

Not that we had anything of importance to write about, but then we never do, however some of you like our foolishness. Even met Erin McGraw in the grocery store and she said that reading our column about the ice cream deal made her hungry for some. We asks her if she was going to make some and she said "nope" just buy some from the store.

MHS Tom Tom News

by Tim Hertel

Two new members have been added to the Tom-Tom staff over the past week. Tim Hendrix and Wayne Melton will be doing the sports writing this year, starting off with football action. We are looking forward to their first article on the Munday Mogul-Seymour Panther football game which was played here Friday, August 3rd.

The Tom-Tom staff hopes to make an addition of two or three more writers in the near future.

by Tim Hertel

Mrs. Jancy Rodgers, wife of Mogul coach Steve Rodgers, is our new fourth grade teacher. Mrs. Rodgers holds a B. S. in Home Economics Education and Child Development and has her teaching certification for elementary education.

Mrs. Rodgers has spent four years teaching Home Economics, three years at Lockney, Texas and the other year at Texline, Texas.

Hobbies that Mrs. Rodgers enjoy include sewing and crewel embroidery, along with other crafts and playing with her ten-month-old son.

A FOREIGNER AMONG US

by Marshall Smith
There was a foreigner in our midst last Friday morning. Dr. Gerhard Duesterhaus visited the 3rd period English classes in the library. Dr. Duesterhaus is from Germany and teaches English at Bonn University in Bonn, Germany. He is in the United States studying in San Francisco, California on a scholarship.

Dr. Duesterhaus is in this vicinity visiting relatives. He talked on school life in Germany and the students asked a few questions afterwards. It was a very interesting session and we appreciate him sharing his time with us.

Daughter of Beloved Pioneer Munday Pharmacist Visits in Wichita Falls

Miss Margaret Cousins, daughter of pioneer Munday residents, Mr. and Mrs. Walter Cousins, visited recently in Wichita Falls with several of her cousins.

Miss Cousins, a former editor of Good Housekeeping and Ladies Home Journal; a former editor of Doubleday books, and short story writer and author, criticized today's reading material such as magazines, books and newspapers for their many grammatical errors. "A decline in civilization," she commented.

The critic is a Texan who made the "big time" in the literary world and lived in New York City for many years. She is now retired and living in San Antonio.

The beloved Walter Cousins, her father, knew Munday in its infancy and operated the first drug store in the little town. He later became editor of the Texas Pharmaceutical Journal.

He was noted for his barbs about Munday, his loyalty to the town. Often referred to by old timers was his poem "Old Times in Munday" in which he referred to many of the pioneer citizens.

Returning to Munday many years ago as speaker at the annual Chamber of Commerce banquet, he commented about his profession by stating "A pharmacist is the only person in the world that can sell a bottle of rain water for \$16.00."

Miss Cousins expressed her love for San Antonio, although it is far removed from the activity of New York City. "I love San Antonio. It has an old-world

charm about it. The river is wonderful, and I stay busy." Mr. and Mrs. Howard Smith of Fort Worth visited his brother and wife, Mr. and Mrs. J. Weldon Smith, a few days last week. While here, the brothers got in a bit of dove hunting.

Harvey and Sidney Lee of Fort Worth were here at mid-week for their annual dove hunt and to visit with old-time friends.

MISS MARGARET COUSINS of San Antonio, daughter of the late Mr. and Mrs. Walter Cousins, early-day residents of Munday, recently visited several of her kinspeople in Wichita Falls.

TEXAS TALK
By Tommie Harper

Narrowing the row may mean widening the profit...if you're involved in growing dryland grain sorghum. Many sorghum producers have paid special attention this year to the results of tests performed at Agricultural Experiment Stations in Texas where scientists showed yield increases of 15 to 20 percent by using narrower spacing between planted rows. According to the reports by the researchers, the narrow row spacing had some unexpected benefits. Among those aspects not foreseen was the formation of a more complete leaf covering which caused better utilization of sunlight and rainfall and also acted to deter evaporation, thereby increasing water availability for the soil. Specifically the study involved spacing the sorghum in rows of 27 to 30 inches in areas where a 40 inch row had been most commonly used.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

MRS. RICKY LOWELL ARNOLD
formerly Elizabeth Marie Kuehler

Beth Kuehler, Ricky Arnold Wed In St. Joseph's Church

Elizabeth Marie Kuehler and Ricky Lowell Arnold were united in marriage in Saint Joseph's Catholic Church at Rhineland, September 3, 1976 at 7 o'clock in the evening. Mr. and Mrs. Alphonse M. Kuehler of Route 2, Munday and Mr. and Mrs. Lester Arnold Jr. of Seymour are parents of the couple.

Father Bartholomew Landwermyer, minister of St. Joseph's, officiated at the ceremony. The church was decorated with two spiral candelabra and yellow ta-

pers entwined with greenery. Palm trees were on each side of the altar.

The bride wore a long gown of candlelight organza over crepe. The empire bodice featured a lace bib yoke. Lace accented the standup neckline and completed the cuffs on the sheer organza sleeves. A three-tiered mantilla of illusion net was edged in matching lace and held by a lace cap. Her flowers were a single camelia encircled with white and yellow roses.

Maid of honor was Ms.

Kim McLaughlin of Vernon. Her gown was of lime green crepe, featuring an empire waist, a full skirt with a ruffle around the bottom, scoop neckline and sheer mira mist sleeves. She wore a green picture hat accented by a velvet ribbon and a small gamelia. She carried a larger gamelia encircled with illusion. Bridesmaids, Lou Ann Kuehler, sister of the bride, and Charlotte Harrington, were dressed like the maid of honor except in lemon yellow.

Best man was Del Shumate of Seymour. Greg Hertel and Gary Myers, both of Seymour, served as groomsmen. Ushers were: Terry Arnold, brother of the groom, Seymour; Mike Lane, Wichita Falls; Raymond Sosolik, Seymour, and Terry Landrum of Mt. Pleasant.

Traditional wedding music was provided by guitarist Mrs. Leo Fetsch, guitarist Mark Hertel and soloist Mike Shipman.

The bride is a graduate of Munday High School and Midwestern State University where she was a member of Alpha Lambda Delta Sorority. She is presently employed by Seymour Hospital Authority. The bridegroom, a graduate of Seymour High School and Vernon Regional Jr. College, is employed by Flint Bibb Construction in Seymour.

The reception was hosted by the bride's parents in the Knights of Columbus Hall at Rhineland. Members of the house party were: Mmes: Norman Clark of Red Springs; Marvin Zeissel, Vernal Zeissel, Frank Steinbach and Miss Joyce Steinbach, all of Munday. Also assisting with the reception were the bride's sisters: Mrs. Terry Landrum, of Mt. Pleasant; Mrs. Mike Lane, of Wichita Falls, and Mrs. Robert Thompson, of Daily City, Calif. Guests were registered by Mrs. Marion Kuehler, of Wichita Falls, sister-in-law of the bride. Angela Kuehler and Casey Massengill distributed rice bags.

The rehearsal dinner was hosted by the groom's parents at Mitchell's Restaurant in Seymour.

Miss Shirley, Mr. Wallace Marry Thursday In Crowell

Miss Kristi Ethel Shirley of Crowell and Dennis Charles Wallace of Vernon were married at 6 p. m. Thursday, September 2, 1976 at the home of the bride's parents in Crowell with relatives and close friends as guests. Gary Goble, assistant pastor of Trinity Baptist Church in Abilene, officiated at the double ring ceremony.

The bride's parents are Mr. and Mrs. Ray Shirley of Crowell and groom's parents are Mr. and Mrs. Jake Wallace of Munday.

Decoration of the home consisted of twin candelabra with cathedral candles forming an arch in front of the fireplace. The candelabra was covered with lemon leaves. The mantel was accented by a cupid with porcelain wedding slippers. The kneeling bench held the prieu dieu the bride's maternal grandmother made and used for her wedding which was also used at the wedding of the bride's mother and sister.

Mr. Curtis Casey of Truscott was organist and Mrs. Wallace Pierce of Thalia was soloist.

The bride was attired in a formal white peau de soie styled with an empire waist. The wedding ring neckline and square yoke was made of antique white cotton lace. The long Victorian puffed sleeves were trimmed in the antique lace. The full skirt ended with a deep full ruffle accented at the hemline with the lace. The full detachable wateau chapel length train was also trimmed with the matching lace. The elbow length veil fell from a peau de soie Dior bow. Her bouquet was a cascade of spider mums, carnations and pom poms accented with greenery atop Bible. The bride was given in marriage by her father.

Mrs. Sherry Steedley of Vernon served her sister as matron of honor. She wore a turquoise eyelet formal gown styled with empire waist, sweetheart neckline

trimmed with white ruffled pleating and full skirt. She wore a garden hat trimmed with turquoise ribbon and carried a single spider mum with turquoise streamer.

Floyd Douglas Moller III of Vernon, brother-in-law of the bride, was best man.

A reception was held in the dining room of the bride's parents following the wedding.

The bride is a graduate of Crowell High School where she was vice president of FHA, treasurer of Pep Squad and was a member of the 1973-4 football and track team and Sub. Jr. Adelpian Club. She is employed by Monterrey Nursing Home in Vernon.

The groom is a graduate of Munday High School and has been in the Vernon Police Force for two years. After a short wedding trip they will make their home in Vernon.

MRS. ROBERT ANTHONY VADNEY
Formerly Kathleen Alice Gilliland

Gilliland-Vadney Wedding In San Antonio

Kathleen Alice Gilliland became the bride of Robert Anthony Vadney of Temple Saturday afternoon, August 28, in the Coker United Methodist Church in San Antonio.

The bride is the daughter of Mr. and Mrs. E. James Gilliland. The bridegroom is the son of Mr. and Mrs. Richard Vadney of Temple.

The Rev. Robert Grimes officiated at the double-ring ceremony. Mrs. Barbara Newkirk, organist, and C. O. Crawford, soloist, provided the wedding music.

The bride's father gave her in marriage. Embroidered lace covered the fitted bodice and cap sleeves of her A-line gown. She carried a crescent shaped arrangement of white phalenopsis orchids and miniature pink carnations.

Maid of honor was Miss Rebecca Gilliland, sister of the bride, of Houston. Bridesmaids were Miss Deborah Gilliland, sister of the bride, of Austin, and Laura Glenn of Bryan.

Best man was Stephen Vadney, brother of the bridegroom, of Chanute, Ill. Groomsmen were J. W. Michels of Munday and Chris Descoteaux of Mansfield.

Ushers were Brian Gilliland, the bride's brother, Stephen Hinze and John David Hinze.

The reception was at

Canyon Creek Country Club. The bride graduated from Texas A&M University with a bachelor of science degree in horticulture.

The groom graduated from Texas A&M University with a bachelor of science degree in wildlife and fisheries.

After a wedding trip to the Gulf Coast, the couple will live in Corpus Christi. Robert is employed at the Texas Agriculture Research and Extension Center.

The grooms parents were hosts for the rehearsal dinner at Canyon Creek Country Club.

BOOES CELEBRATE LABOR DAY WEEKEND

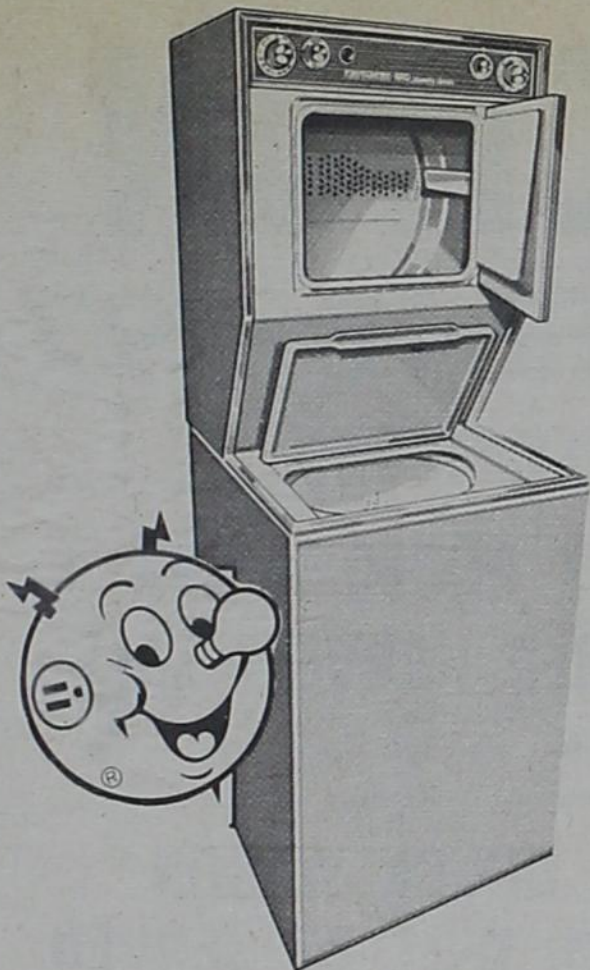

The descendants of the late A. R. and Mollie Booe all gathered, one by one, on the trails of the Pitchfork Ranch which lead them to the home of Gene and Willie Floyd in Guthrie, Texas.

Some families arrived with camping gear on Saturday morning and others continued arriving until Sunday. The fellowship with everyone was great and slowly everyone departed around 2 a. m. for a little sleep for at 7 o'clock sharp Norma Cox rang the huge bell and the chimes filled the air telling all to arise for the beautiful day and the delicious breakfast cooked outside on the camp fires by Gene and his helpers.

At noon the 'ole mighty bell tolled again and everyone gathered together for our blessing of thanks for the delicious food and the hands that prepared each dish.

Those attending were Clarence and Amy Booe, Edward and Mozelle Smith, Martha Faye Booe, Gordon and Shirley Smith, Steven and Jonathan all of Munday; Randell and Peggy Brown, Melinda and Lance, Vernon; Larry and Linda Smith and Ricky Cox of Lubbock; Ervin and Lenora Booe and Sherry, Oklahma City; Chester and Lillian Hodges, Haskell; Gary and June Hodgin, Tiffany and Allison, Abilene; Jack and Norma Cox and Chris, Noodle; Vern and Mildred Waller of Guthrie, Okla.; and last but not least our gracious host Gene and Willie Floyd and their children, Travis and Brenda Floyd, Heather and Misti of Sweetwater and George and Paula Key of Wichita Falls. Reported by Mr. Gordon Smith.

Reddy's Helpful Tips For your Home Laundry

- ☆ Utilize the washer's full capacity. Wash larger loads — wash less often.
- ☆ Same goes for dryers: dry more than just a few items at a time.
- ☆ Use the washer's load selector to save on hot water when you must wash small loads.
- ☆ Use a cold rinse whenever possible to conserve hot water.
- ☆ For more efficient drying, clean the dryer lint screen after each load.
- ☆ If your dryer has an automatic cycle, use it to prevent unnecessary overdrying. Also, when allowed to overdry, clothes tend to wrinkle, thus require more ironing.

AARP Meets September 2

The Munday Chapter #1437 of AARP met in regular session Thursday, September 2, at the Munday Community Center with the president, Mrs. R. M. Almanrode, presiding. Opening prayer was led by Mrs. Grace Gollehon. The pledge to the flag was given and members joined in singing America, with Mrs. Almanrode directing and Mrs. M. L. Raynes at the piano.

Merle Dingus recorded the report of civic activities of members. At the conclusion of the business session table grace was voiced by Mr. J. F. Cannon of Crowell. A great variety of most delicious food was enjoyed by everyone.

The afternoon program was conducted by E. V. Shackelford. The audience joined in singing Love Lifted Me. Mrs. Almanrode read the poem "When God Created Fathers." Then each man was requested to

read or tell a joke. The song Standing On The Promises was led by Mr. Cannon after which Mrs. Porter Blankenship read the poem "When God Created Mothers." It was then the womens turn to read or tell a joke.

Several other numbers were sung including a duet by Mrs. Almanrode and Mrs. Raynes and a quintet sang "I'll Meet you in the Morning." Other numbers were given, some with group participation. It was a good program enjoyed by everyone.

There were 38 members and one visitor, Mrs. Raynes, present. Our thanks to her for assisting so graciously with the musical program.

Game nights will be September 17th and 24th. The next regular meeting will be Thursday, October 7th. Members are urged to attend and visitors are always welcome.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intrastate gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.
