Large Voter Turn Out Expected In Democratic Primary

MUNDAY GARDEN CLUB MEMBERS pictured above with their winning entries are: (seated) Mrs. Nolan (Ursel) Phillips, who won the Sweepstakes in Artistic Arrangements and the Tri Color Award; and Mrs. Weldon (Flora Lee) Floyd, who received the Sweepstakes in Horticulture, Award of Distinction in Horticulture and Award of Merit.

The May 6th Democratic Primary will be held Saturday, will have two propositions on the ballot. Proposition 1 if passed by the voters would allow the 1979 legislature to authorize higher interest rates on loans under five thousand dollars. Proposition 2 is expected to draw a lot of attention at the polls. Its content has to do with pari-mutuel wagering on horse races by local-county option.

Church groups over the state are strongly against pari-mutuel wagering and are staging an all-out battle for the defeat of proposition 2 on the ballot. A lot of interest is being shown in two races for political seats. The governor's race, forecast to be between Dolph Briscoe and John Hill, is very close with the polls showing Briscoe to be in the lead by a small margin. Others running for governor are: Preston Smith, Donald R. Beagle and Ray Allen Mayo.

Another race creating a lot of interest is United States House of Representatives for the 17th Congressional District. The seat is being vacated by Cong. Omar Burleson, who is retiring this year. Seven Democratic candidates are campaigning for this office with a possibility of a run-off after Saturday's election. Those in pursuit of the vacated seat are: Fike Godfrey, Jim Snowden,

Crews McCulloch, A. L. (Dusty) Rhodes, James B. (Jim) Sharp Jr., Jim Baum and Charles W. Stenholm.

The only contested race in the county will be between Bobby J. Roberson of Benjamin and Boyd Meers of Munday. Both of these men are running for County Commissioner, Precinct 2. Roberson is seeking his third elective term and Meers is challenging him for the office.

Bobby Roberson Issues Statement

I want to thank the citizens of Precinct Two for their friendliness, support and encouragement in my campaign for re-election. I have enjoyed my personal contact with each of you.

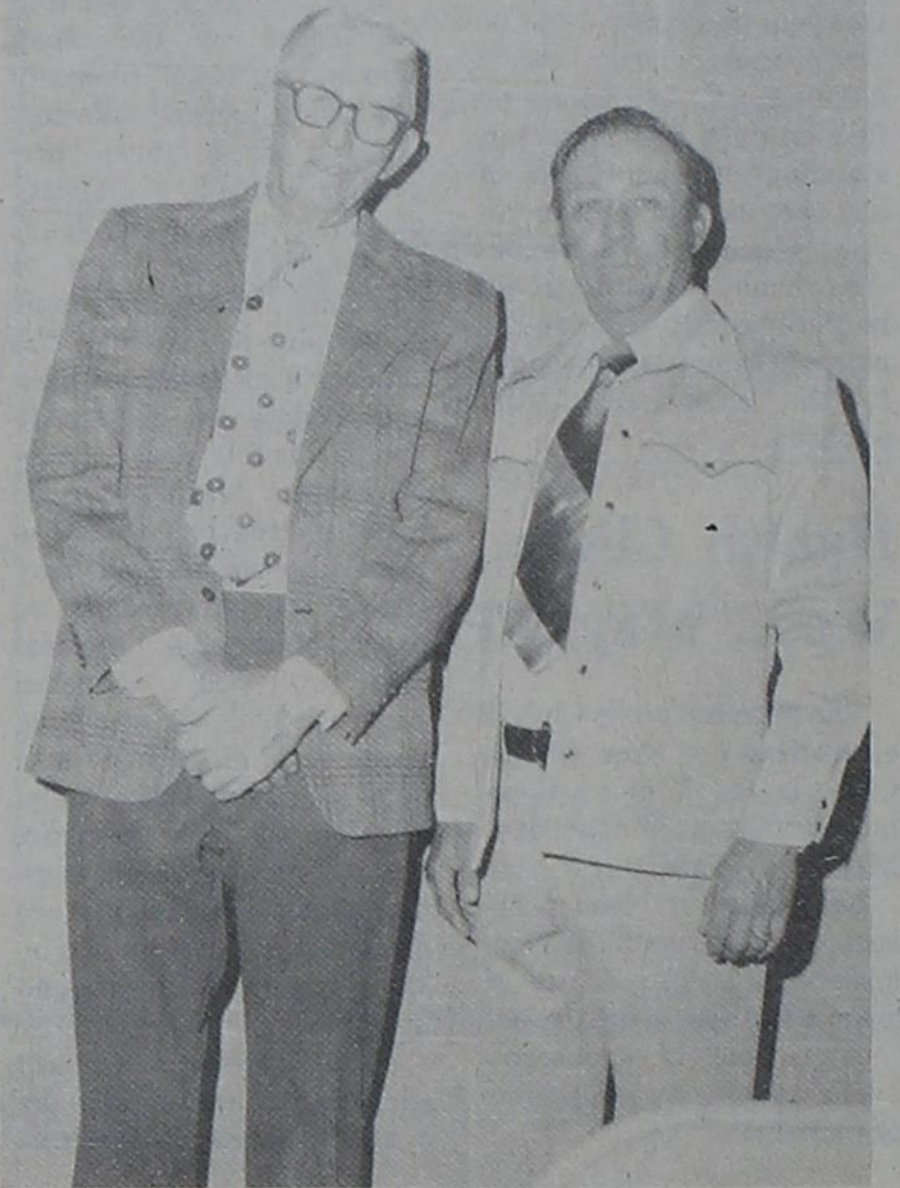

In my tenure in office as Commissioner, Precinct Two, I have enjoyed the fine cooperation of citizens and the Commissioners Court of Knox County in providing good government for the County. This background of experience as a Commissioner is one of the assets I can contribute to the office when

Although I have tried to meet and see each of the voters personally, I realize that I have not been able to contact everyone. I hope that the friends I have not been able to see personally will continue to support me and will vote for me on Saturday, May 6, 1978.

tested races in the county are: H. T. Melton, County Judge; Gloria L. West, District and County Clerk; J. T. Cypert, County Treasurer; B. B. Benson, Justice of the Peace, Precinct 2; Raymond Wilde, Justice of the Peace, Precinct 3; Jackie Beaty, Justice of the Peace, Precinct 4; Guy Bradley, Justice of the Peace, Precinct 1; Sam Leaverton, County Democratic Chairman; and Precinct Chairman for 11 precincts. Names on the ballot in your precinct for Precinct Chairman will depend upon the precinct in which you vote.

Most of the races for State offices are contested and a sample ballot will be in this week's Courier. The only changes on some of the ballots will be in the County races where you are voting in precincts.

Voting is a privilege, so be sure and vote in the May 6 Democratic Primary.

RETIREMENT plans were announced at the stockholders meeting of the Rhineland Co-op Gin by Coy Tuggle, manager. Tuggle, left, is shown with the president of the board of directors, Marvin Zeissel. Coy will retire as soon as the board hires a new manager.

Tuggle Announces Retirement As Manager Of Rhineland Gin

Over 170 patrons of the Rhineland Co-op Gin attended the annual stockholders meeting, Tuesday night, April 25, in the Knights of Columbus Hall at Rhineland. A delicious meal of barbecue, catered by Dairyland of Jacksboro, was enjoyed by all. The invocation was given by Father Bartholomew Landwermyer of St. Joseph's Catholic in Rhineland.

Marvin Zeissel, president of the board of directors, welcomed guests and patrons and expressed the appreciation of the board to the patrons for making this year a prosperous one for the stockholders. The stockholders are the patrons, who ginned their cotton at Rhineland in the current year.

The minutes of the 1977 stockholders meeting was ready by secretary, Bernard Brown.

Coy Tuggle, manager, took the opportunity to express his appreciation to the board and the patrons for their cooperation and patronage over the years. He also announced his retirement to the members present.

In announcing his decision to retire, he stated, "I need to slow down a little, and I'm going to fish, hunt, do some work and mainly enjoy being able to do what I feel like doing."

Coy started his career in the ginning business in 1935 as a suction hand at the Paymaster Gin in Munday. He later became the ginner at

the Farmers Co-op Gin of Munday and left the area in 1964 to work in gins on the High Plains. Coy worked for gins in Tahoka and Lorzeno before accepting the position of manager of the Rhineland Co-op Gin in 1974. He has held this position for four years.

Coy and his wife, Jauna,

moved back to Munday in 1974, where they own their home and plan to retire. Coy's mother, Mrs. Ben Tuggle, also resides in Munday. The Tuggles have one daughter, Mrs. Billie Jean Bradford of Tuttle, Okla.

Mr. Tuggle will terminate (Continued on page 2)

"Vacation Paradise" Theme Of Spring Flower Show

"Vacation Paradise" was the theme of the annual spring flower show sponsored by the Munday Garden Club, Thursday, afternoon April 27, at the Munday Community Center.

One hundred sixty-four entries were displayed for public viewing from 2 to 6

p.m. Coffee and a variety of baked goods were also available to all who came to see the display.

Sweepstakes winner in the horticulture division was Flora Lee Floyd. Sweepstakes winner in artistic arrangements was Ursel Phillips.

Linda Latham received award of distinction for artistic arrangement. Flora Lee Floyd was the recipient of the award of distinction in horticulture. Award of merit went to Sarah Offutt and Flora Lee Floyd.

Ida Jo Adams claimed the creativity award while Ursel

Phillips was given the tri-color award.

In the open class, open to anyone in Munday that wanted to submit an entry, and the "Schools out" division, open to all school children, the winners were Chris Baker and Cherie Welch.

As shown by the number of entries, the show attracted wide interest this year and weather has been favorable to plant life. Flowers of every kind, color, and family were displayed and very effectively portrayed "spring in bloom."

Myers' To Compete Saturday At Austin

Two Mogulettes will be traveling to Austin, Saturday, May 6 to represent themselves and their team in the state track meet.

The two qualifiers for the meet are Julie Myers and Caroline Myers. Julie qualified in the mile run and Caroline in the 880. Julie won the mile at state last year and returns this year to defend her title. Caroline is a freshman and this is her first year to be able to qualify for the state meet.

In every meet entered this year by the girls they have won their respective event and added strength to

the other events of the Mogulette track team.

The running events will take place in Memorial Stadium at Austin starting at 1:00 p.m., Saturday.

Good luck, Julie and Caroline.

All-Sports Banquet

The second annual All-Sports Banquet for athletes of the Munday schools has been set for Tuesday, May 9, at 8:00 p.m. in the high school gymnasium.

Honors will be awarded to boys and girls who have taken part in the 1977-78 sports program. Sponsor for the event will be the Munday Quarterback Club. Tickets are on sell for \$4.00 each by most all the club members and at the Munday High School.

Special guests will include a group from the Munday Mogul Band and members of the pep squad.

Speaker for this event will be Dewitt Jones, head coach at Abilene Christian University.

A large crowd is expected to be on hand to honor these athletes.

The meal will be catered by Curly Awalt.

Rain Appears In Munday Area

Tuesday morning, May 2, brought cloudy skies to the Munday area with the approach of a cool front.

Light showers began early that morning, and during the day heavy showers fell in the area. The heavy showers continued off and on during the afternoon.

Unofficial amounts reported up to press time, Tuesday afternoon, totaled three-quarters to one and one-quarter inches.

With the planting date for cotton set for May 20, the moisture received so far has been a blessing. Farmers and ranchers would appreciate more of the dust settling water and with the cloudy skies still prevalent, they may get their wish.

Potatoes are up and growing with very little milo

and cotton being planted due to the lack of moisture.

With the hope of more rainfall during the late afternoon and night time hours, it would be quite a site to see the fields standing full and the creeks running bank to bank when arising from nightly slumber.

Rain and more rain, just what everyone has ordered.

Meers Urges Voters To Vote

I would like to take this opportunity to thank the citizens for their support and encouragement in my bid for the commissioners seat in Precinct 2.

I have been a lifelong resident and farmer of the area and am familiar with its problems. I have been active in community affairs and involved in church work.

Meers stated, "I believe my knowledge of the county and precinct, having lived in the rural areas for so many years, gives me a better insight of the needs to qualify me for this office."

"My main purpose in seeking this office is to give me an opportunity to serve the people of this area. This I shall do if you, the voters, see fit to elect me to this important office.

"In closing I would like to urge each and every qualified voter to go to the polls May 6 and exercise this great freedom for which many Americans have fought and died.

Brown Aces 18th At Local Golf Course

Sunday, April 30 was a very special day for local golfer, Bob Brown. On the 18th hole the little white ball left the tee and came to rest in the cup for a hole-in-one.

Brown was playing in a foursome with Rhoades Allen, Oscar Cypert and Doris Dickerson.

The event occurred at Lake Creek Golf Course and we're sure if you would like the details, Bob would be glad to tell you all about it.

Braves And Cards Win League Openers

The Red Sox and Braves opened the Little League season on Monday night with the victory going to the Braves by a score of 13-2.

Pat Angerer hit the first home run of the season with two men on base in the fourth inning. The Braves runs came on 6 hits. Pitching from the mound for the Braves were Pat Angerer and Jessie Ramirez. Darren Jordan and Jim Dockins had

the pitching chores for the Red Sox. The Sox had their runs on 1 hit.

In the second game of the night the Cardinals downed the Yankees 9-0.

David Hernandez and Kip Cotton pitched 3 innings a piece and allowed no runs and no hits striking out 13 Yankee batters. Quincy Adams and Quinn Smith of the Yankees allowed 4 hits as the Cardinals scored 9 runs.

Educational Meeting Informs Public Of New Teaching Methods

The Munday Chapter of the Association of W's (Women Who Want to be Women) sponsored a program April 25 which was designed to enlighten parents and educators about alarming trends creeping into public school education today. The program was entitled "Humanistic Philosophy Creeping Into Public Schools."

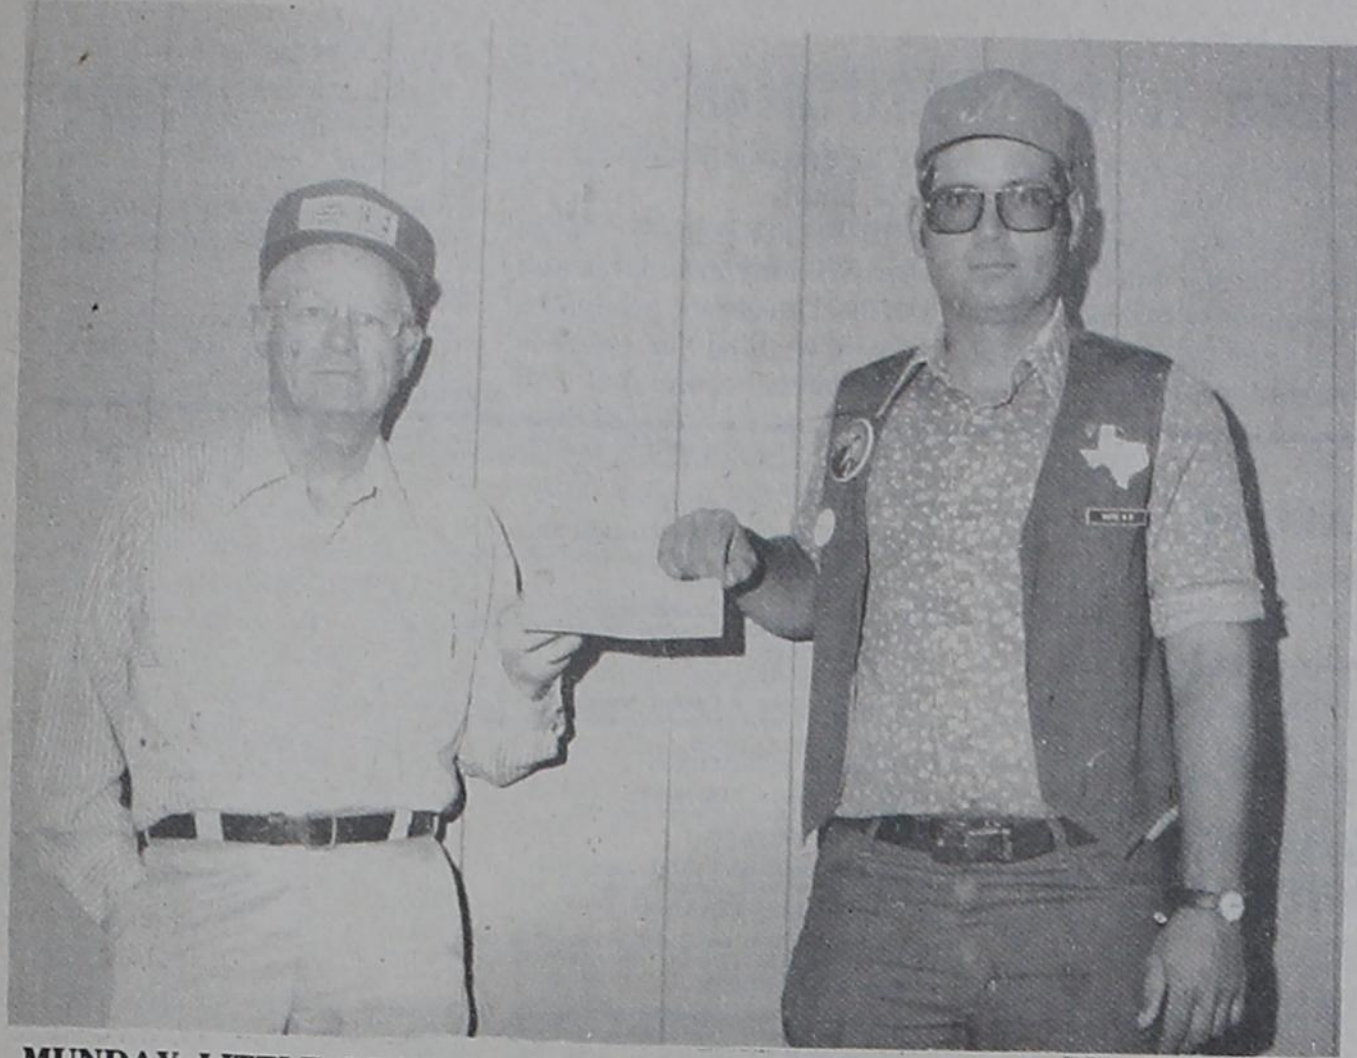

The audience listened to Mrs. Anna Kennedy of

Coleman, a former teacher and concerned parent, Mrs. R. C. Bearden of San Angelo, textbook chairman for the Daughters of the American Revolution, and Mr. James Binion of Abilene, former teacher and a member of the State Board of Education.

Mrs. Bearden, who is responsible for critiquing hundreds of books up for adoption as textbooks for Texas public schools, ex-

plained the process by which books are accepted or denied by the SBE.

She shared her concern about what education is producing today and is alarmed at trends which seem to be redesigning education. She feels these trends are subtle (and some not so subtle) enough that they are being utilized without teachers, administrators, or parents understanding. (Continued on page 2)

MUNDAY LITTLE LEAGUE was presented a check for \$250.00 from the Munday Jaycees. Gene Thompson, president of the Little League, (left) is shown accepting the check from Frank Dutton, local Jaycee president. The money was raised at the Lake Creek Arena Jr. Rodeo and presented to the Little League for improvements at the local ball park.

Citizens Meet With Council

The City Council of the City of Munday, Texas met Tuesday, April 25 at 6:30 p.m. at the Munday City Hall in Special Session.

Members present: Mayor Dale Selzer and Aldermen Ray Lynn Hardin, M. M. Booe, Von Marr, Donald Hobert and Jessie Andrade. Members absent: None.

Mayor Selzer called the meeting to order. Ray Lynn Hardin led in prayer at the Mayor's request. Minutes of the April 18, 1978 meeting were read and approved with no alterations.

Mr. Sam Baize, Raymond Franklin and Virginia Carey met with the Council to discuss the old Church of Christ building on N 1/2 of Block 23 in the R. P. Munday Addition to Munday. They requested the City consider possible condemnation proceedings for the old building since it is in a "delapidated" state of repair and an eyesore and possible hazard to children playing in the area.

The Council next discussed the City's water supply system. In a recent test to determine well production, Walter Hertel, City Administrator and E. Y. Johnson determined that water from Wyatt #1 and 2 and the park well will not be enough to supply the City on hot days without using the "Old #1" well which the Texas State

Health Department has recommended the City not use. After discussion, Hardin moved that the Wyatt North well be repaired and other necessary steps be considered to increase the City's summer supply from the existing wells. Andrade seconded. All for. (Hobert is to make a report to the Council on Thursday night as to his recommendations).

The Council next discussed swimming pool operation. The discussion on this was delayed until Thursday night.

7:00 p.m. Hearing: The Council went into session in regard to a public hearing. Notice had been given to determine the needs of the community in the Munday Addition to Munday. Word was also circulated in the community by personal contact to secure public input.

Persons appearing and registering at the hearing were: Emma Mae Jones, Addie Lee Smith, Lustine Hemphill, Jessie Thomas, S. T. Durham and Edward Dixon, (several others came and went but failed to sign the register). Letters also received by the Council were from the following persons: Y Ramirez, Raymond Sanchez, Rev. Sarah Sanchez, Horace Spells, Mrs. Horace Spells, Martha Andrade, Dolores Dena, Manuela Sanchez, Abraham Lopez, Frank Lopez, Maria Lopez, Secundino Lopez, Catarino Luna, Sam Alcala, Mary Alcala, Lupe Dena, Vera Dena, Juan Dena, Jamie Dena, Aline Johnson.

The primary requests were for street paving and drainage in the Fir Street area and streets adjacent to it. The general consensus of those appearing and from information contained in the letters cited bad problems in the area during rainy seasons in regard to flooding due to bad drainage, bad roads, and health problems. (Some homes are not on the sewer system with a few homes not on water).

Those present left the meeting. Marr moved for adjournment. Hardin seconded. All for. (Another public hearing will be at 7 p.m. on Thursday, April 27, 1978 at the City Hall.

John Hill Opposes State Income Tax

When he announced for Governor, Attorney General John Hill said that he would oppose — and would veto — a state income tax or any other new tax bill. He has repeated that pledge many times since. Anyone who says that Hill would support a state income tax is just trying to mislead the public.

As Attorney General, John Hill cleaned up political corruption in Duval County, sued the phone company to stop an increase in rates and worked for a national energy policy that would be fair to Texas.

As Governor, John Hill will use the state's budget surplus to reduce property taxes and to help pay more of the cost of our public schools. There will be no state income tax and no other new taxes if Hill is elected Governor.

"MUSICADE" by Diana Redder
 The sounds of music were heard on Tuesday night as people enjoyed the annual Musicade. The concert band performed, playing selections from songs such as "Festivo," "Satellite," "Strike Up The Band," "Brandy," and "An Occasional Suite."

The choir also sang for audience. The songs they sang included "The Theme From Rocky," "You Light Up My Life," and "Make Your Own Kind Of Music." The stage band pleased everyone when they performed. They attended two contests recently, winning

3rd place at Bronte and 2nd place at Olney. The songs the stage band played included "Foxy Funk," "Song For Christy," "Sax Appeal," "Free Spirit," and "Gospel John."

The audience also had the chance to hear the 5th grade and 6th grade bands perform and it was obvious that Mr. Frasier's hard work with these two groups had paid off. The 5th grade band played "The Marines Hymn" and "Aura Lee." The 6th grade band played "Mellow March," "America The Beautiful," and "Soul Rock."

A cornet quartet, clarinet, quartet, and drum ensemble also entertained the crowd.

Zanelle Franklin entertained the crowd by singing "Misty."

Everyone involved certainly put forth a lot of effort to make the Musicade entertaining and I believe that everyone would agree that the result was certainly worthwhile.

Mr. Frasier presented awards to outstanding band members in each classification. Receiving awards from 7th through 12th grades respectively were: Kristi Smith, Jessie Andrade, Kelly Fisher, Robin Elliott, Nikki Urbanczyk and Danny Brown. Receiving an award for Overall Outstanding Band Member was Danny Brown.

STAGEBAND CONTEST

by Gala Myers
 The Stageband worked hard on getting ready for contest. On April 25 the stageband went to Bronte. They were competing against eight other bands in Class A. Roscoe placed first, Sonora-second, Munday-third. After the contest the judges choose soloist from each class for the All Star Band. Lyndle Reeves, Danny Brown, Kelly Fisher, and Alton Cotton were chosen from Munday.

On April 26 the choir and stageband went to Olney for a combination tour and stageband contests. There were four bands from Class A competing with each other. Roscoe placed first, Munday-second, Dublin-third, and Holiday-fourth. The All Star Band Members from Munday were Danny Brown, Kelly Fisher, Lyndle Reeves, Gala Myers, Johnny Andrade, Nikki Urbanczyk, Alton Cotton, and Junior Andrade. Danny Brown was awarded a trophy for the Outstanding Soloist in Class A.

CHOIR AND STAGE BAND TOUR

by Robbie Baker
 Last Wednesday the Choir and Stage Band went on tour. The Stage Band attended a festival in Olney and won second place. The Choir sang for the students at an assembly. The group

then went to Megargel where they received a warm welcome from the students.

The Choir and Stage Band are both extra activities. Practice takes place before and after school. These people deserve recognition for their hard work.

SENIOR SUPPER

by Brenda Bruggeman
 The Senior class enjoyed a delicious supper sponsored by Saint Joseph's Catholic Church on Monday, April 24th. The supper was served in buffet style. The tables were lighted by candlelight and decorated with green trimmings. At every place setting was a scroll which contained a prophecy for each one of the Seniors. Father Bartholomew Landermeyer led the group in a blessing of the food. The class of '78 would like to thank everyone who helped make this night so enjoyable.

Services Held For Roy Day

Charles Roy Day, 78, a resident of Knox City for 65 years and a prominent farmer and rancher in Knox and Stonewall County, died at 9:10 p.m. Saturday in the Methodist Hospital in Lubbock. Services were held 2:30 p.m. Monday at Knox City Church of Christ.

Travis Boyd, pastor, and Payne Haddox, Church of Christ minister from Stephenville, officiated. Burial was in Knox City Cemetery, directed by Smith Funeral Home.

Born April 7, 1900, in Haskell County, he married Essie Mae Stamps, Dec. 23, 1927, in Munday. He was a member of the Church of Christ.

Survivors include his wife, two daughters, Romain Stubbs and Dessie Egenbacher, both of Knox City; five sons, Roy Dwain of Knox City, Hardy of San Diego, Calif., Kenneth of Littlefield, Bobby and Clyde, both of Lubbock; two brothers, Gentry and Joel,

both of Knox City; 15 grandchildren; and a great-grandchild.

Pallbearers were Boots Walker, Sam Leaverton, Jimmy Albus, Banty Bradley, Joe Marion, Barney Arnold, Dee Stamps and Monk Smith.

Sosa To Be WTSU Grad.

Approximately 935 West Texas State University students will receive degrees during spring commencement exercises May 13 at the Amarillo Civic Center Coliseum.

The ceremony will start at 4:30 p.m.

To be honored are more than 695 May graduates and the 240 December graduates who have filed for degrees and have completed all

requirements.

Graduate from Munday is Salvador Sosa Jr., with a Bachelor of Art in Education. He is the son of Mr. and Mrs. Salvador Sosa Sr.

Stephenville And San Antonio Host Public Meetings On Conservation

Public meetings will be held at Stephenville and San Antonio to let interested persons give their views on present soil and water conservation programs and to propose needed changes or additions to present approaches.

The Stephenville meeting will be held May 16 in the Humanities and Business Building on the campus of Tarleton State University. The San Antonio meeting will be in the Fiesta Room of the Convention Center on May 18. Both meetings will start at 9:00 a.m. with registration starting at 8:30 a.m.

George C. Marks, state conservationist for the USDA Soil Conservation Service and Carl Spencer, executive director of the Texas State Soil and Water Conservation Board will co-chair the meetings.

"The meetings are being held as a result of the Resources Conservation Act of 1977, which was signed into law by President Carter last November," Marks said. "The Act recognizes the need for public participation to insure that conservation programs are effective and responsive to public needs."

"Soil and water conservation programs - from their beginning - have sought public participation, and the RCA Act further insures that conservation programs will continue to be responsive to public needs," Spencer said. The Act re-affirms the need for public leadership and we hope to receive public input so that a meaningful appraisal of grass roots conservation programs will provide the means for their improvement.

"However, the right to private ownership and management of land is one of the most cherished privileges of

American citizenship," Spencer stressed. "As the general public becomes more involved with the growing shortage of soil and water resources we see more proposals in legislative form concerning what landowners ought to do in the way of erosion control, flood prevention, protection of wildlife habitat and providing public access to private property."

"Any approach to soil and water conservation problems or issues must first consider that a high percentage of farm and ranch land is privately owned and that the interests and the welfare of the owners must be served. Programs must be acceptable to them."

"Laws pertaining to the organization and functioning of soil and water conservation districts provide that their programs and plans of work be developed by local interests and be a voluntary program. No program is more acceptable to a landowner than a voluntary type and one in which he had a part in developing," Spencer said.

Individuals or groups with an interest in conservation should attend one of the statewide meetings or a meeting in a local soil and water conservation district. Interested persons are being encouraged to bring written or oral statements reflecting the direction they think conservation programs should take in the future. Such statements will be accepted, made a part of the record and considered fully.

The date for the Resources Conservation Act meeting in Knox County has not been set, Arche Lieb, district conservationist for SCS, said.

From information and suggestions received at public meetings as well as

data collected from surveys and inventories, RCA calls for determining:

- quality and quantity of soil, water and related resources,
- ability of these resources to meet current and future demands,
- changes in resource condition resulting from past uses,
- costs and benefits of alternative soil and water conservation practices and
- alternative irrigation techniques and their effects on conservation and the environment.

Based on inventories, survey data and public input, the Soil Conservation Service will work together with soil conservation districts, state soil and water conservation agencies, local governments and individual landusers to enhance present conservation programs and set multi-year objectives. Accomplishments will be monitored at least annually.

The appraisal and program provided for by the newly enacted law will be presented to Congress by the end of 1979. This will be followed by the first evaluation report on existing services of the Soil Conservation Service which is to go to Congress by the end of fiscal year 1982.

Jim Baum To Accept Calls Thursday, May 4

Jim Baum, one of the top candidates in the May 6th Congressional election, has announced yet another move to communicate further with voters. Baum announced today that he will accept collect calls from anyone in the District all day Thursday, May 4th.

Baum noted, "I have conducted a door-to-door campaign and now I want every voter who wants to talk to me to call me Thursday. If I'm elected to Congress, I want our voters to know my office will be responsive to their needs. I hope my campaign headquarters telephone rings off the wall Thursday. Baum's telephone number is area code 915 263-1313."

The Baum campaign has been geared toward middle-income families and farmers. "I know the majority of us are fed up with big government and bigger taxes," Baum said. "The only way we're going to get things turned around in Washington is to elect a man who knows the problems of middle-income families." Baum and his wife, Margaret, have four children.

Baum voiced optimism that he would gain a run-off spot despite the fact he is being outspent by two other opponents. "My farm support is solid," Baum pointed out, "and I'm proud of it. The time has come for farmers to get their operations back into the profit column and they have legitimate grievances."

Baum also called attention to a recent news release in the Dallas MORNING NEWS. It stated "if he (Baum) had the money, he would be tougher than the others because he sounds good and talks the language the people out here respond

Program In Song Given Lions Club

A family group of singers—father, mother and three daughters—gave an enjoyable program of religious songs at Tuesday's meeting of the Munday Lions Club. They are Mr. and Mrs. Billy Simmons and daughters of Pecos.

They furnished their own accompaniment of guitar music as they sang a number of inspirational songs. Mr. Simmons also gave some of their experiences of how they determined to give full time service to God through their personal ministry of testimony and song. The Lions were liberal in their praise of this program.

During a business session, the club was reminded of the health fair held in Benjamin on Tuesday, and members turned down a request for \$1.00 per member for this year and next year toward campaign expenses of Ebb Grindstaff of Ballinger, who is a candidate for third vice-president of Lions International.

When using garden and farm chemicals, select the right product for the job, follow label directions, wear needed protective gear, and keep children out of the work area, advises the Texas Agricultural Extension Service.

One for the people.

As Chairman of the State Insurance Board, Joe Christie slashed proposed insurance rate increases by more than \$500 million and he shocked the politicians by asking the Legislature to reduce the Board's budget.

His opponent, who has only lived in Texas 11 months out of the last 19 years, is the hand-picked candidate of Big Oil, and he votes their way every time no matter what effect it has on Texans' utility bills or the skyrocketing rate of inflation.

For the people for the taxpayer.

Stenholm Stresses Three Issues Before Primary

Seven questions were asked all the candidates on the Texas State Teachers Association evaluation published in the April issue of Texas Outlook magazine. Stenholm disagreed with the other candidates on two of the issues.

Number One - More federal aid to education. Stenholm's answer was, "No." Explaining his reasoning, he said, "We do not need an arbitrary level of minimum federal participation in our local schools. I think we need less federal involvement in all areas of our daily lives. If we are to have federal funds, they should flow as directly as possible to the local school district with a minimum of federal control."

Number Two - Separate Department of Education. Stenholm again answered, "No." He explained, "We cannot afford another federal bureaucracy. The need for funds at the local level for all purposes is too great to permit any additional loss of tax revenue at the Washington level. Due to the rural nature of the 17th District, we would have difficulty meeting the criteria of an urban dominated Department of Education."

Number Three - Inflation. Stenholm advocates balancing the budget and reducing bureaucracy as the best way to fight inflation. He proposes a "Sunset Law" similar to the one Texas now has. Under such a law, each federal agency, such as OSHA and EPA, would be required to periodically justify its existence. He suggested a review every five years.

Views On Pari-Mutuel Gambling Presented By Texas Baptist News

Backers of legalized pari-mutuel gambling in Texas claim that legal gambling will drive away its illegal counterpart and organized crime.

Parroting a claim made in many states which have fought the legal vs. illegal gambling problem, they vow that legalization of pari-mutuels, which Texans will accept or reject in the May 6 referendum will ease the burden of law enforcement officials.

Despite the debate about the pros and cons of what legalized gambling will do, what does the record show in states which have already legalized some type of gambling?

"I've got just one response to that question," declares Phil Strickland, Dallas, an attorney with the Texas Baptist Christian Life Commission who has researched the subject. "As one observer put it, and I agree: to claim—as does gambling's big lie—that flowing dollars will feed off organized crime is

like saying that a bleeding swimmer will repel sharks or that wounded prey repulses vultures."

The record in state after state which has legalized some form of gambling shows a documented history of increase in illegal activities following legalization of gambling, ranging from bingo to casinos, pari-mutuels and lotteries.

The Massachusetts Crime Commission, for example, has reported that book-making did not even exist as a crime problem worthy of mention until pari-mutuels were legalized. "There is considerable evidence to indicate that legalization of pari-mutuel gambling represented a greater boon to the mob than prohibition," the commission said. "Bet-ting at the tracks fostered betting off the tracks and gambling mushroomed quickly into a multi-billion dollar business..."

Billions of dollars in gambling revenue, numerous authoritative sources

have proven bankrolls the activities of organized crime. Even Joseph Valachi, a defector from La Cosa Nostra and its annual take estimated from \$7 billion to \$50 billion a year, said, "organized crime can live on its gambling and loan sharking, if it has to give up prostitution and narcotics."

Wherever legalized gambling, which has been called a "kindergarten" for neophyte gamblers, flourishes, illegal gambling "finishing schools" increase dramatically—offering juicier "action," more exciting odds, high paybacks, no income tax, and "easy credit" from loan sharks.

A privately circulated white paper by the New York Police Department, according to a "New York Times" report, concluded that off-track betting (OTB) led to a 62 percent increase in illegal betting and brought more mob-connected figures into bookmaking.

"A climate has been created to gamble," Chief Paul F. Delise of the Public Morals Division of the NYPD's organized crime control bureau, told the Times. "Because it is now possible to bet on the horses, thousands of people who never in the world would have thought of betting on football or basketball or baseball are now betting with the Bookies."

"The whole history of gambling shows it is impossible to regulate and keep honest," says Hank Messick, who spent two years studying organized crime under a Ford Foundation Grant and has written 15 books on the Mafia.

"The very nature of gambling attracts gangsters: a cash business, with odds favoring the house and money easily manipulated," Messick told the "Christian Science Monitor."

James Ritchie, executive

director of the commission on the review of national gambling policy, told a U. S. House of Representatives Committee that tens of thousands of Americans were attracted to illegal gambling after being introduced to gambling by legalized state-run games.

"Wherever legal gambling exists illegal gambling increases," said Ritchie, noting that off-track betting, state-run lotteries and numbers games educated individuals about wagering and then propelled them to illegal bookmakers who offer better odds and more return.

Study and study also reveals that gambling interests systematically corrupt police departments. "To protect its gambling income, organized crime spends millions of dollars bribing and suborning law enforcement officials," declared "Easy Money," a report of the task force on legalized gambling sponsored by the fund for the city of New York and the Twentieth Century Fund. "The pattern of corruption varies, but the practice is pervasive."

The report adds: "Gambling does not have to be illegal to result in official corruption. In the legal sector, the stakes are somewhat different—track licenses, extra racing days, state tax favors, authority to hold bingo games—but the public record raises serious questions about the ability of the political system to police the gambling industry. "Human frailties being what they are," a special New York Investigating Commission wrote in 1962, "it is difficult to predict whether the area of legalized gambling will ever be successfully administered and controlled."

"People should not be embarrassed about opposition to legalized gambling," declares Strickland. "It's not a narrow-based moralism to oppose gambling but a responsible opposition to bad social and public policy which will adversely affect human beings."

Even Jimmy, the Greek, who makes his living setting odds, opposes legalized gambling, says Strickland, who points to a recent interview of the Greek in "Braniff Place Magazine."

"I'm not a gambler," the Greek said in the interview. "I used to be, but I gave it up years ago. I'm not a bookmaker, either. I don't make bets and I don't take them. I set odds..." "Wherever I go I speak against legalized gambling...I'm not

talking about Nevada," the Greek declared. "There are other areas that are talking about legalized gambling,

and I'm against it because it doesn't make sense...when you put legalized gambling into a community you ruin the community around it."

Persons Possibly Eligible For Food Stamp Benefits Should Contact Local Office

Persons who received notice of a possible eligibility for back benefits under the Food Stamp Program should first contact their local food stamp office, according to the U. S. Department of Agriculture.

The Texas Department of Human Resources recently sent notices to welfare households of their possible eligibility for back benefits. However, these benefits are limited to just a few people with very low incomes whose food stamp applications were delayed or denied — or who contacted food stamp offices but did not apply because they thought the 1974 verification procedures would cause delays or other problems.

"We are concerned because quite a number of people have made special trips to our regional office to see if they qualify," said W. F. Warren, regional administrator for USDA's Food and Nutrition Service, Dallas, Texas. "In many cases this has caused an unnecessary hardship, since determining whether or not people qualify for back benefits must be done at the local Department of Human Resources office."

A State Income Tax. A Hangman's Noose For Texas.

If you think taxes are choking you now, consider the possibility of a State income tax. It would be a noose around your neck. Around the neck of every Texan. And around the future of Texas.

A vote for John Hill is a vote for:

- bigger government.
- more government spending.
- more inflation.

AND FOR A STATE INCOME TAX.

A vote for Dolph Briscoe is a vote for:

- fiscal responsibility
- less — not more — government.
- continued economic growth.

AND FOR NO NEW TAXES.

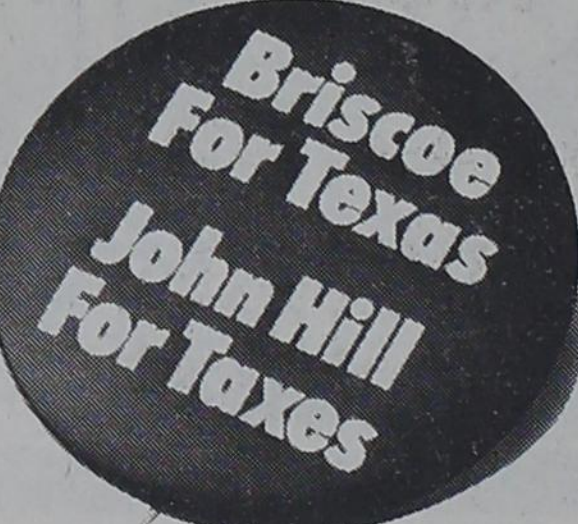

- We don't need New York-style government in Texas.
- We don't need Washington-style bureaucracy in Texas.
- And we don't need a big spending liberal activist as Governor of Texas.

LET'S KEEP DOLPH BRISCOE AS OUR GOVERNOR.

"We are already footing the bill for run-away government in Washington. As Texans we should not have to foot the bill for run-away government in Austin.

"I don't think Texas should spend itself into a state income tax. That is exactly what will happen if Mr. Hill fulfills only some of his political promises."

Highlights Of Annual RPCCA Meeting

Rolling Plains Production Credit Association held its 44th Annual Stockholders Meeting in Childress, Friday, April 28, and in Stamford, Saturday, April 29, with over 700 stockholders and guests attending.

Highlighting the Meeting was the election of two Directors. Stockholders elected Bill H. DeBusk, Anson, for a 3-year term to replace Mack T. Claburn, retiring Board Chairman. W. J. Boykin, Northfield, was re-elected for a 3-year term. In later action, J. P. Perrin, Haskell, was elected Chairman of the Board and W. J. Boykin, Vice-Chairman. Present Association officers were reappointed. Lloyd M. Blackwell, Stamford, was promoted to Vice-President and Randy Arnold, Spur, Assistant Vice-President. Arnold will remain as manager of the Spur Office.

R. C. Cobb, President, reported Association loaned over 70 million dollars in 1977. In his review of the Statement of Condition, he told stockholders that the Association has capital and surplus of nearly 8 million dollars.

W. J. Boykin, Director from Northfield, gave a report from the Board. He said, "...even though farm operators are declining in number each year, the Association membership continues to increase..."

Stockholders adopted a Resolution in Recognition of Mack T. Claburn, retiring Director, for his 23 years of service on the Board. John Tower's Assistant, Chris Steed, speaking at the Childress section presented three major issues confronting congress and the administration since the first of the year. First, the problems of the agriculture industry; second, Consideration of the Panama Canal Treaties; and third, continuing work on the Administration's Energy Bill.

Congressman Bob Krueger, speaking at the Stamford section supported the American Farmer. It is his opinion that additional credit may keep farmers in business on a short-term basis, but only increased

prices can solve the long-range problems farmers face. He feels, "We need comprehensive planning measures incorporating not just flexible parity, which will provide higher prices, and additional credit, which will provide needed cash on hand, but also definite proposals to achieve overseas sales and equitable inspection standards for farmers who compete with foreign producers. Expansion of world trade is of

paramount importance to American agriculture." Elected to serve on the 1979 Nominating Committee were M. C. (Salty) Jones, Quitaque; Billie J. Holley, Paducah; Walter Heller, Lueders; John Ben Glover, Rochester; and Norman E. Hardy, McAdoo.

A barbecue lunch was served to stockholders and guests.

Think I'll turn on the electricity and watch T.V.

Sounds strange, doesn't it? No one ever thinks about the role electricity plays in making most of our activities possible. But without it, our lives would come to a virtual standstill.

At West Texas Utilities Company, we don't expect you to think of electricity directly each time you turn on the T.V. or cook dinner or wash clothes. But maybe, every once in a while, you'll think of what it takes to make your life so comfortable.

We've aimed our sights in but one direction, year after year — to meet your needs. You may not always think of us, but we're always thinking of you. Because electricity is such a versatile energy source, it will play an increasingly important role in all our lives.

So, when you think about the comforts and necessities of your life, think about WTU. We're dedicated to providing you with a reliable supply of electricity. We hope you'll use it wisely.

Remember, Reddy supplies the energy, but only you can use it wisely!

PLANT CERTIFIED

For Higher Cotton Yields

Yields from certified cotton planting seed were up to 18 percent higher than yields from caught or non-certified seed according to research by Dr. L. L. Ray at the South Plains Research and Extension Center in Lubbock, Texas. Certified seed has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollination are eliminated. And certified seed from Pioneer is free from pests and weeds which often accompany non-certified varieties. See your ginner or Pioneer brand seed dealer for these certified varieties.

Dependable even in dry country!

Certified LX571* You can't control the weather. So, you need a hedge against drought. . . . and that's where the Lankart variety LX571 fits in. It consistently produces top yields of high quality cotton . . . even under tough, dry conditions. And you don't have to give up anything to get this outstanding drought tolerance, either.

LX571 produces fairly long, strong fiber . . . with micronaire normally in the premium range. And storm resistant bolls strip well in one pass through the field. Add up all the good things about LX571 . . . then it's easy to see why this is one of the most planted cotton varieties in the Rolling Plains, Central Texas and Southwestern Oklahoma.

*LX571 is a U.S. protected variety (Plant Variety Protection Certificate No. 7200018). Unauthorized propagation and unauthorized seed multiplication prohibited by law. LX571 cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

Long-time favorite.

Cotton growers in Texas, Oklahoma and Eastern New Mexico have relied on certified Lankart 57 for consistently high yields for years. This variety has vigorous plants with short main stems and short fruiting branches. Leaves are large and dense. And this medium-early maturity cotton has storm-proof bolls. Lankart 57 is a good stripper cotton, too. . . . well-adapted to Texas and Oklahoma dryland production.

Certified LANKART 57

High yielding, early variety.

This cotton variety was developed for the early maturity needs of dryland farming . . . especially in the Blackland and Rolling Plains of Texas and Southwestern Oklahoma. Vigorous plants with short main stems and close fruiting branches produce large bolls of high quality lint. A good stripper cotton for the Southern High Plains on wilt-free soil.

Certified LANKART 611

Certified LANKART® and LOCKETT® brand cotton planting seed is available from your ginner or Pioneer® brand seed dealer.

Caram Certified By Texas Volunteer Firefighters Board

The City Council of the City of Munday, Texas met April 27, 1978 in Special Session at the Munday City Hall at 7:00 p.m.

Members present: Mayor Dale Selzer and Aldermen Donald Hobert, Jessie Andrade, M. M. Booe and Ray Lynn Hardin.

Members Absent: Von Marr.

Mayor Selzer led in prayer. Hobert moved approval of the April 25 minutes with no alterations. Andrade seconded. All for.

A public hearing was held in regard to community needs. Emma Mae Jones, Addie Lee Smith and Edward Dickson met with the Council. Their request was for paving and drainage in the Fir Street and adjacent areas, and basically the same as that presented by oral requests and letters at the April 25th meeting.

The Council stated support has been indicated through personal contact during the last several days for the same basic project for street drainage and paving in the area around the "boulevard and east into the Fir Street area". The administrator was instructed to proceed as follows: Upon a motion by Hobert, the City of Munday is to file its pre-application with Housing and Urban Development for a \$250,000 grant for paving and drainage as shown on a map of record in the H.U.D. 1978 file. Some water improvement extensions are to be included as shown and funds are to be requested for water and sewer re-locations. Andrade seconded. Carried with all members in favor.

Next business was recognition of Freddie Caram who, Dr. Selzer said, has satisfactorily completed 160 hours of schooling and has satisfied the requirements for certification by the Texas Volunteer Firefighters Certification Board. Caram was commended for his efforts and was presented his official certificate by the Mayor. Mayor Selzer thanked Caram for his efforts for himself, the Council and people of Munday and noted his achievement in being the first Munday Firemen to be certified.

Next business was discussion of the old Church of Christ building on 3rd Ave. Several complaints have been received about this building as being unsightly, a hazard to children playing in the area and also as a fire hazard. The matter was discussed with Raymond Franklin who was present.

Hobert moved the City Administrator call the T.M.L. in regard to legal advice and possibly securing a sample ordinance to help the City in decisions such as this in the future and to legally facilitate orderly removal of hazardous and unsightly structures in Munday. Andrade seconded. All for. (Re-consideration of this matter will be at a later date.)

Swimming Pool operation was discussed for the summer of 1978. After discussion, Hardin moved that Phillis Hutchinson be hired as operator and that Perry Kuehler (her choice for life-guard) also be hired, salaries for both to be the same as last year. Jessie Andrade, Alderman over parks, and Walter Hertel, City Administrator are to interview the parties and work out necessary agreements with each and set out pool operation procedure to the satisfaction of Phillis, Perry and the City. Andrade seconded the motion. Carried with all members in favor.

Next discussed was the City's water supply. Hobert moved that the well North of the booster station is to be checked for production in G.P.M., also the park well. Pumps are to be repaired and switched from the well North of the booster station to the park well, then the one from the park well to Wyatt North well if water production so warrants, when tested. Necessary pump repairs are to be made. Hardin seconded. All in favor.

No other business. Meeting adjourned upon a motion by Hardin. Andrade seconded. All members voted in favor.

Zeissel Wins At Throckmorton

Eight Munday golfers entered the Throckmorton Tournament this past weekend.

Championship flight honors were won by Wayne Zeissel with a score of 147. Zeissel's win obtained him a set of irons for his victory. Second flight honors went to Richie Smith, first 159 and third place was won by Buddy Latham. Smith won a set of irons and Latham brought home 3 dozen golf balls.

Other entrants from Munday included: Dick Moore, Phillip McAfee, Troy Nuckols, Bobby Burnett and Bruce Burnett.

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record. The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open. If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house. You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

SI PERCIBE OLOR A GAS NATURAL OBEDEZCA ESTAS 3 NORMAS DE SEGURIDAD.

La industria del gas natural tiene un récord de seguridad excelente. El hecho de que Usted pueda percibir el olor a gas natural se debe a que se le ha añadido un producto químico extra, que no es nocivo. De lo contrario, el gas no olería. Si detecta ciertas ráfagas de olor que cree son producidas por escape de gas, investigue. Es posible que se pueda corregir fácilmente y sin peligro, por tratarse de que una llama-piloto se ha apagado, o que una válvula de algún aparato está parcialmente abierta. Cuando suceda que a pesar de que su equipo aparentemente funciona bien, pero el olor a gas se intensifica y se siente en todas partes, entonces siga estas precauciones:

1. No conecte ni desconecte ningún aparato eléctrico. No use el teléfono de su casa. No prenda fósforos. No haga nada que pueda producir chispas.
2. Haga que todos salgan de la casa inmediatamente, dejando las puertas abiertas para que se ventile.
3. Vaya a un teléfono cercano y llame informando a la Compañía Lone Star Gas Co., y espere hasta que los encargados de la Compañía investiguen las causas y determinen si se puede o no retornar a casa. Es muy posible que Usted nunca tenga que enfrentarse con escapes de gas, pero queremos informarle por si acaso le sucede alguna vez. Asegúrese que toda su familia conozca estas normas de seguridad. Le aconsejamos también que guarde este aviso como referencia para el futuro. Gracias.
