NEW FAMILY IN MUNDAY: Frances and Doug Parker are shown here with their daughters, who are, from left, Ann, Amy and Lynn, who recently moved to Munday. Mr. Parker purchased Horton Equipment and is operating the IHC dealership under the firm name of Parker Implement Co.

Parker Assumes Duties As Local IHC Owner

After an absence of a few years, C. D. (Doug) Parker has become a "familiar face" in Munday again. Parker assumed his duties as local owner of the International Harvester Co. dealership in Munday, formerly operated by E. L. Horton, Jr.

Mr. Horton announced that the change became effective on Thursday, June 1. Horton has relinquished ownership and management of the Horton Equipment Co. after a period of 24 years in Munday.

"Your business during the past 24 years has been greatly appreciated," Ernest said, "and we know you will continue to do business with the IHC dealership in

Munday. We wish to thank you for the wonderful business given us during these years."

Mr. Parker, who was reared in Peacock, was in Munday for a period of four years, 1968-72, when he was vocational ag teacher in the local schools. In August, 1972, he joined the International Harvester Co. in Dallas.

He and his wife, Frances, have three children: Ann, 6 years of age, who is a first grader; Lynn, 7, a second grader; and Amy, 9, a fourth grader, in the schools. They are members of the Church of Christ.

In assuming management of the local dealership, Parker said he will retain the same personnel that has served local people under Horton's managership. He will deal chiefly in new farm

Stenholm Is Victor In 17th Congressional Race

Charles Stenholm is receiving congratulations!

He surprised a whole batch of people. Many had pegged him to be winner in the 17th Congressional District race, but few ever dreamed he would be the overwhelming victor he proved to be last Saturday. He polled a runaway victory over Abilene attorney Dusty Rhodes.

As the Democratic nominee for the position held by Omar Burleson of Anson for 33 years, Stenholm will now face Bill Fisher of Abilene, the Republican candidate, in November's general election.

Stenholm carried all but two of the district's 33 counties by margins ranging from 5 to 1 in his home Jones County, to win the election by a vote of 45,500 to 22,368, better than a 2 to 1 margin.

The victor was also a big favorite of Knox County voters, who gave him a margin of 615 to 186 in the total 801 votes cast last Saturday. Due to the light ballot, all three of Munday's voting boxes were held together, at the Munday Community Center.

The complete tabulation of Saturday's election, as reported by the County

Democratic chairman, with a total of 1,602 votes cast, is as follows:

Benjamin: Stenholm, 59, Rhodes, 10; Sadler, 20, Poerner, 48; Dickenson, 38, Daniel, 30.

Truscott: Stenholm, 18, Rhodes, 13; Sadler, 9, Poerner, 22; Dickenson, 19, Daniel, 10.

Gilliland: Stenholm, 24, Rhodes, 6; Sadler, 14, Poerner, 15; Dickenson, 19, Daniel, 8.

Vera: Stenholm, 40, Rhodes, 1; Sadler, 15, Poerner, 24; Dickenson, 20, Daniel, 14.

Goree: Stenholm, 31,

Rhodes, 7; Sadler, 8, Poerner, 30; Dickenson, 25, Daniel, 11.

Munday: Stenholm, 189, Rhodes, 52; Sadler, 68, Poerner, 170; Dickenson, 137, Daniel, 91.

Sunset: Stenholm, 25, Rhodes, 2; Sadler, 14, Poerner, 13; Dickenson, 11, Daniel, 13.

Knox City: Stenholm, 229, Rhodes, 95; Sadler, 86, Poerner, 233; Dickenson, 154, Daniel, 159.

Totals: Stenholm, 615, Rhodes, 186; Sadler, 234, Poerner, 555; Dickenson, 423, Daniel, 336.

Lions Broom Sale Tuesday

At 8 a.m. Tuesday, June 13, members of the Munday Lions Club will assemble on the west side of City Hall Square to begin their annual broom and mop sale.

A loaded "rig" from the Lions Caravan for the Blind in Fort Worth will locate here at about the same time.

Team captains and their team personnel will load pickups in quick order, then fan out to the four corners of the town to present blind-made products to the people. These will include various types of brooms, mops, dish cloths and dish towels, oven mits, and various other related items.

"We plan to cover Munday 'like a blanket' and complete our sales as quickly as possible," Douglas Myers, broom sale chairman, stated. "We hope you will receive the teams with a welcome and will make your selections of items offered in this sale."

Purchases may also be made at the blind caravan vehicle during the sale.

Rev. Allen Is New Munday, Goree Pastor

The Methodist parsonage in Munday is undergoing a change in occupants this week!

The Hardy Coles, who have occupied the parsonage for the past four years, were moving out the first of this week, and the Ivan Allens, formerly of Sweetwater, were just awaiting the opportunity to occupy this residence.

Rev. Allen, who has served Highland Heights United Methodist Church in Sweetwater for the past three years, has been named pastor of the Munday-Goree Methodist churches. His appointment became official at the closing session of Northwest Texas Conference in Midland last week.

Rev. Allen has served the following charges during his ministry: Morse, King Memorial in Childress, New Deal, Sunrae, Stinette, and Highland Heights in Sweetwater. He and Mrs. Allen have three children, all of whom are "away from home." Their daughter, Leta, is married to Roger Loyd, who is serving as Wesley Foundation director at Texas Tech in Lubbock.

"We are looking forward to locating in Munday," Rev. Allen told a Courier representative by telephone Monday, "and to getting acquainted with local Methodists and the townspeople of Munday."

Rev. Cole was appointed to Trinity UMC in Amarillo, after having served four years on the Munday-Goree circuit. He and Mrs. Cole departed for Amarillo on Wednesday of this week. Their son, Ernest, plans to be employed in Alaska during the summer months, and will enter McMurry College next fall.

Rev. Cole said Sunday he wasn't making a farewell speech, but that he would be "on the road" for Amarillo when his pastorate officially ended here at 1 p.m. Wednesday. He expressed his thanks to local Methodists for "four good years" as minister in Munday.

ANTIQUe DISPLAY: Mrs. Mauryse Scott poses with some of her antiques which will be exhibited on Thursday of this week, which will consist of Victorian Age furniture. At her left is a pier mirror and a crystal Madonna which reflects light to attract growing plants. At far left are wedding gifts of her parents, Dr. and Mrs. A. A. Smith, in 1906.

Rains Delay Wheat And Potato Harvest

This is the time of year for it!

It's not unusual in any year for spring rains to delay harvesting of wheat and potatoes in the Munday area. This year is no exception.

Although coming in amounts that fail to bring the annual precipitation up to normal, showers of the past week have brought enough moisture in the county to keep farmers out of the fields.

Munday has received a total of 1.10 inches during the past week, up until Monday, according to the records of Goodson Sellers, local U. S. weather observer. We received .67 of an inch on Friday, June 2, and .43 on Monday morning, June 5. Various amounts were reported in other sections of the county, including .7 of an inch at Truscott Sunday night.

Farmers of the Truscott-Gilliland areas have been unable to get cotton planted, following the May 20 uniform planting date, due to continued rainfall. Wheat

Mrs. Leflar continually studies and works with furniture. Her home is a show place of fine pieces. During this visit, Hazel Pruitt will use the Leflar's home to describe and tell about different furniture periods.

Each person is contributing their time and talents as a community service. The Munday Homemaking Departments, hopes you will take advantage of this opportunity to study housing and home furnishings. It is Mrs. Winchester's desire that through this program one will become aware of the potential within your own environment.

IN THE HARNESS ONE MORE TIME!

Aaron Edgar, former publisher of The Courier, was conscripted to help out with the writing and proof reading this week, so he got back in the harness after an absence of several months. After the news deadline Tuesday afternoon, he began to get "saddle sores" and decided to go back into retirement! We of the Courier force appreciate his help. Maybe we'll call on him again!

Letters To The Editor

June 6, 1978

Dear Editor,

If you are not a concerned citizen, and not willing to become involved with the American Agriculture Movement, don't bother to read this letter, but if you like to eat, and if you like to live in a free country, you are involved.

The "insiders" or bureaucrats of our National Government in Washington, are counting on you being too preoccupied with your personal problems, or just plain too lazy to fight back, while the leaders of our Nation, who are members of the Trilateral Commission (a private club of billionaires and their advisors) continue to plan for the takeover of our Government to form what they call the Third World Government, hope-

fully as early as 1980. Remember, the "insiders" don't care how much you know about their conspiracy, so long as you don't do anything about it, so keep reading, then act!

Congress must be forced to take a public stand on the Council on Foreign Relations, and the Trilateral Commission. Once Congressmen are elected, we must make sure that they do not succumb to the political pressures in Washington.

If some of you are unwilling to become involved because it may be bad for business or jeopardize your social standing, or because you are too lazy, or don't care, just look your children and grandchildren in the eye and tell them that making a buck and climbing the social ladder mean more to you

than their future. Ask yourself how you feel about your children and grandchildren living in a Communist America. Impossible, you say! Not if the Trilateral Commission and CFR succeeds in their goals.

If you decide to become involved, support your American Agriculture Office with your donations, and your presence at their meetings to learn what they are doing and planning against the conspiracy at the Nation's Capitol. No burglar ever tried to rob a house when the spotlight was on him. With all our efforts together, Congress can be that spotlight, and that conspiracy can at least be delayed until we can elect some honest men and women to lead our Nation.

To fellow members of the American Agriculture Movement, don't give up. The AAM is neither dying or dead. We have just begun. We have had a long and tiring eight months, many of us have spent our own

money lobbying in the Halls of Congress, and when it becomes necessary, we will go back by the thousands.

Farmers, ranchers, bankers, business people, professional men and women, blue collar workers, we should all be in this together. Go to the AAM meetings, and bring your friends and family with you. Learn about the

Trilateral Commission, the conspiracy to do away with the American way of life and our freedom.

We as farmers, will continue to work and keep farmers and ranchers in Washington to put together a new farm and ranch program by farmers and ranchers who understand their own problems, but we

need the help of every fellow citizen to make America worthy of God's blessings again.

The choice is yours. Act now! It's time we all proceed together for our homes, and our country, or we will all together see it taken over.

Sincerely,
Mrs. Betty Albus

City-County Library Sponsors Summer Reading Program

Young readers in 24 libraries in the 32-county area served by the Big Country Library System will participate in the Summer Reading Club sponsored this year by the Texas State Library and local public libraries. They will be among 140,000 young Texans taking part in the

program. Since summer provides a time for recreational reading and for pursuing special interests, it is usually the busiest time of the year in children's departments in public libraries. The City-County Library in Munday is one of the many libraries in this area participating in the summer

program. Participants in the Summer Reading Club for 1978 will be invited to "Come to Chimera!" Their trip will take them to a fantasy land where any dream can come true. To mark their journey, they will receive a reading log that shows mountains, swamps, and castles inhabited by fantastic creatures. Libraries will also be planning special activities. And while young readers

are discovering the Reading Club and these activities, they will have an opportunity to find out that using the public library can be fun. In fact, it can become a lifelong habit that will continue to enrich their lives. The theme for this year's Reading Club appeals to the imagination and spotlights imaginative literature available in public libraries. Librarians, however, know

that reading will not be limited to that. Some boys and girls will read everything available on dinosaurs or horses or volcanoes or some other topic they become fascinated with. Participants will receive recognition at the end of the summer. Most important, however, they will have discovered that the informal atmosphere of a nearby public library makes reading fun.

American Ag News

by Betty Albus
Springfield American Agriculture strongly encourages **NO SELLING OF GRAIN.** News from Springfield further states, "it appears that a grain shortage exists. We will get the prices we want, and have to have, if we will hold our grain. Encourage those who can, to buy contracts on the futures market. Contracts can be bought cheaper than farmers can produce grain." We've got the key to grain prices. Let's keep it in our pocket by **NOT SELLING GRAIN.**

Thousands of farmers, disgusted with Farm Bureau for trying to kill AAM efforts to bring parity back to agriculture, have canceled their Farm Bureau memberships. This makes one feel better for the moment, but is of no value if Farm Bureau continues to fight us. A message from the Hereford AAM office encourages all farmers who are still members of FB, to take an **ACTIVE** part in changing that organization. We must start at the county level and bring resolutions forward from every county in the nation, asking for full parity in the market place, along the lines asked for by AAM. If most of the county FBs will bring forward this type of resolution, the Farm Bureau will have no choice but to adapt these as state and national policy. The by-laws of Farm Bureau call for all policy to come from the grass roots level, and it is up to each of us to provide that input.

John Hill has met with AAM leaders and stated that he wants a 50 man committee, representing all farm organizations, to work with him and his campaign staff to draw up a platform for the Democratic Convention. If anyone is interested in serving on this committee, please call 806-364-7820.

Farmers and ranchers are urged to write, call or telegram their congressmen, Senators, and the President immediately, expressing dissatisfaction over Carter's plan to flood the market with imported beef. We must protest loudly.

AAM delegates met in Washington Monday, June 5, and voted to support the 4 year Nolan bill, HR 12 869. This bill is similar to the Tower-Dole sliding parity

bill. Efforts are being made by our delegates, to get all Congressmen who support this bill to sign their name-pledging to vote for it before the bill comes before Congress. Delegates report good cooperation from the Congressmen contacted thus far. The delegates also made plans for a massive public education program, using a slide production and speaker to tell what the farmers' situation is, and what we are trying to achieve. Delegates will remain in Washington most of the week, meeting and putting pressure on Congressmen.

Vernon Man Named As District Chairman

Gene N. Heatly has been named District Chairman of the Greenbelt District of the Northwest Texas Council, Boy Scouts of America, according to Ben Prickette, Greenbelt's District Executive. Heatly is a native of Paducah, where he was a Scout for several years and he remembers while at Philmont, the High Adventure Boy Scout Ranch in New Mexico, that it was hot and he killed a rattlesnake. He

still likes to get out-of-doors and is an avid wildlife photographer. To carry on the Scouting tradition of his father, Michael Heatly is an active member in Cub Scouting. Mike belongs to Pack 48, sponsored by the First Baptist Church in Vernon; and he has completed his Bear badge. "We are very fortunate to have Gene Heatly to help Greenbelt District in securing adequate support for its

Scouting program," Prickette said. The Greenbelt District includes the nine counties of Baylor, Childress, Cottle, Foard, Hardeman, King, Knox, Throckmorton and Wilbarger and is currently serving approximately 700 youth in 32 Cub packs, Scout troops and Explorer units. "With Heatly's support, we will be able to expand our Scouting program and give more youth an opportunity to join in Greenbelt," Prickette said.

Solvency Of Trust Fund

During the past few years the American public has received more information about the Social Security Trust Fund than about any other part of the Social Security system. Unfortunately, most of the news concerned negative aspects of the fund and problems that had arisen concerning its future solvency. The Social Security administration never denied any financial problems, and the reserves in the trust fund were used to offset the deficits. Although no social security beneficiaries were in any immediate danger of losing their benefits, these "sensationalized" stories frightened many beneficiaries and contributors to the trust fund. With the passage of the 1977 amendments, the entire program has been assured financial stability well into the next century. Therefore, we will have sufficient time to work out any foreseeable problems that may arise in future years well before they become a threat to the trust fund.

Although the measures taken to insure financial stability will result in higher social security taxes, no one should have to worry about "social security bankruptcy scare stories" that a few self-proclaimed "investigative reporters" have seen fit to write for their own personal gain.

Just remember that any statements or implications that the social security trust funds are in a state of financial insolvency or will become insolvent within the course of this century are simply not true regardless of the source and however the statement is phrased. If you have any questions about news items or programming related to social security financing, please contact the Vernon Social Security office at 1701 Cumberland in Vernon, Texas.

International® Series 86 Tractors

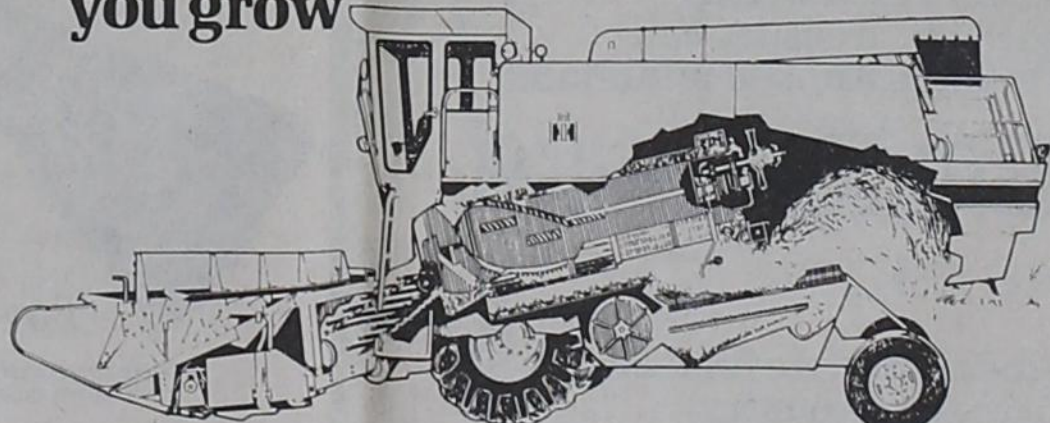

... offering power and comfort far beyond anything you've ever experienced

This is the year to go International. Because Series 86 tractors offer operating sophistication that exceeds that of any tractors ever built. Plus maintenance and service ease not previously achieved in farm tractors. Add in many other design advancements that sweep away preconceived ideas about tractors, and you're left with only one decision: What size International to settle on!

- **Mid-mount Control Center.** Puts you far forward, so your ride is better, handling is easier, visibility is unexcelled.
- **Clear-view Design.** You look out through large expanses of tinted safety glass. Lighting patterns, front and rear, are unequaled.
- **Control System.** Armchair consoles... extra-convenient throttle... power-assisted brakes and clutch... modular instrument cluster.
- **World of Quiet.** Interior sound levels are reduced dramatically... as low as 78.5 dB(A) on some models.

All horsepower figures are official test

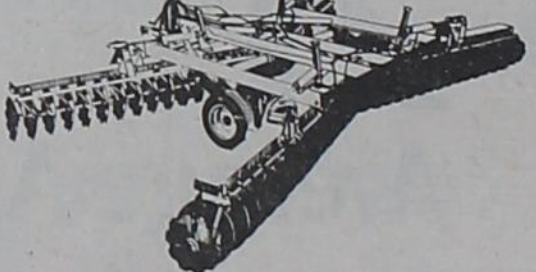

The inside story on a new combine that lets you harvest more of what you grow

- International® Axial-Flow Combines. The world's most advanced. A single rotor takes the crop from the feeder and whirls it in a spiral path through the machine. The crop makes multiple contacts between rotor rasp bars and rotor cage concaves for thorough threshing. It is simplicity itself. There is no cylinder, no cylinder heater or heater gate, no straw walker and no rack. You harvest more grain with less kernel damage. More than that, Axial-Flow combines give you greater productivity, reliability and easier serviceability.
- 1440—135 hp diesel engine, 145 bu. grain tank, 13 thru 24 ft. grain headers, 4 and 6 row corn heads.
 - 1400—170 hp diesel engine, 100 bu. grain tank, 13 thru 24 ft. grain headers, 4 and 6 row corn heads.
 - 1480—190 hp diesel engine, 200 bu. grain tank, 4 and 6 row corn heads.

The slicer. The mixer. The crusher.

International 485 Wing-Type Disk Harrow

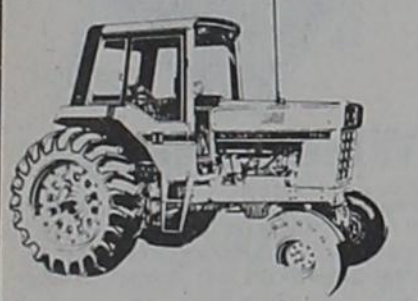

- This one handles the tough jobs when hitched to big horsepower, high-speed tractors. And for extreme conditions, extra penetration, just fold the wings over the top for up to 435 lbs. per foot of cut! Control the wings hydraulically from your tractor cab. Self-locking latches hold wings securely in working position. Unit is easy to adjust with rear gang hydraulic power angling... and power depth gauging... to disk deep and clean at acre-eating speeds.
- Sizes: 19'1", 20'6", and 23'4"
 - Unit-built disk gangs are the strongest on any line of disks anywhere

Truscott Regional Runner-up In Rural Community Program

The top four rural communities in Texas will be recognized at a special Governor's Luncheon at the Marriott Hotel in Austin, June 14.

They are Wildorado in Oldham County, Gause in Milam County, Dike in Hopkins County, and Mirando City in Webb County.

The communities have each been selected as regional winners in the Texas Community Improvement Program (TCIP) conducted by the Texas Agricultural Extension Service and the investor-owned electric utility companies of Texas.

According to Tim Shaunty, community improvement specialist with the Extension Service, local leaders from each of the four communities will be presented a special plaque and a check for \$300. The four communities along with 10 others had already won \$100 by being selected the top community in each of their respective Extension Service districts.

The other 10 communities (and their counties) which were district winners and runner-ups in the four regions were Imperial, Pecos; Sudan, Lamb; Truscott, Knox; East Sweden, McCulloch; Era, Cooke; Lone Star, McLennan; Kendleton, Fort Bend; Lone Star, Freestone; Bayside, Refugio; and Fashing-Peggy, Atascosa.

"A total of 155 rural communities under 1,000 population entered competition in the TCIP this year," notes Shaunty. "These represented 78 counties. The communities shared a total of \$6,400 in prize money

provided by the utility companies."

The TCIP has been in existence for well over 20 years, its purpose being to stimulate community improvement through organizational efforts. Each community sets specific goals for the year.

"Over the years the program has been a leading force in getting local community leaders together and organized for action," points out Shaunty. "This has led to improved community services and facilities and a better way of life."

As It Looks From Here

by Omar Burleson
The barbarian armies which finally sacked Rome were smaller than the armies which had been turned back and cut to pieces by Roman legions in earlier times. The barbarians were not stronger - Rome was weaker - self-weakened. At the time Rome was burned, each Roman legion was smaller than before, less heavily armed and less disciplined.

The Roman aristocracy no longer provided officers for her legions. Emperors no longer led them in battle and Roman youths increasingly evaded military service. The Romans had become wealthier and afforded "Bread and Circuses" for the idle, both rich and poor. Rome's enemies, who had been defeated in each invasion attempt in the century before, were able to overrun and burn it out only after the Roman's will to resist was lost.

Could it be that America's will to defend our national interests is being eroded? No one suggests that we are about to fall apart tomorrow, a year from now or perhaps in the next decade. A civilization does not go that way but some of our actions in the aftermath of Vietnam and Watergate are not lost on our adversaries in the world. Our scoring, or a lack thereof, includes the abandonment of our defense of American vessels seized on the high seas - both fishing boats and U. S. Naval craft. Our once superior military power is reduced to what we now hope is "parity" with Russia, as more and more of our military share of the Federal budget has been

diverted to "social services." Rome did that too - it made politicians popular in the short run as it does today.

During the Panama Canal Treaty debate, there were continuous references to our "generous" or even "courageous" act by yielding to pressures, not only from Panama but other nations jealous of our power. There was also the "of course we could defeat Panama militarily if we wanted to." The question is not our ability but our will.

The will to resist or not to resist has been demonstrated by nations since the fall of Rome. Western democracies were nearly destroyed when Hitler began his rampage in the 1930's. There are always probes for the testing of wills. Small powers test soft spots, first seeking small concessions and, if successful enough, grabbing for the whole thing.

We can be sure that the Soviets were not looking the other way while we paid ransom for American fishing boats seized by some South American countries, or while we quibbled and palled to get back the crewmen of the Pueblo, or while derision greeted President Ford's attempt to reverse this trend by using troops to recover the crew of the Mayaguez. Our sophisticates howled at the decision, similar to those of the 1930's who asked, "Why die for Danzig?"

In the aftermath of World War I, disillusionment caused young men to take the "Oxford pledge" which meant never to fight for their country. But when they saw bombs falling on their homes, that generation vindicated themselves in the skies over Britain and the beaches of Normandy. A terrible price was paid and it was almost too late. No such timetable can be adopted in a nuclear war.

Once we have traded away what has been our

superior technology - since we no longer challenge missiles placed in Cuba, have failed to develop the neutron bomb, and have vacillated on developing and maintaining our strength - we are in effect indulging ourselves with "Bread and Circuses."

Funeral For J. D. Lankford Held Tuesday

Funeral services for J. D. Lankford, 61, well known resident of Goree, were held from the First United Methodist Church in Goree at 2:30 p.m. Tuesday. Officiating were Rev. REPLACEMENT HEIFERS FOR EARLY CALVING--Select replacement heifers that will calve early their first year and reproduce regularly, advises a livestock specialist with the

Texas Agricultural Extension Service. Heifers that calve early normally have fewer rebreeding problems, produce more calves during their lifetimes, and wean more pounds of calf per year

than late-calving cows. To calve near two years of age, a heifer will have to reach puberty by 13 to 16 months. Heifers of most breeds will reach puberty by this age provided they have sufficient weight.

McMahon-Berkowski Marriage June 3rd In Baptist Church

First Baptist Church, Munday, was the setting for the wedding of Miss Mickey Lynell McMahon to Michael John Berkowski on Saturday, June 3, 1978 at 7 o'clock in the evening. Rev. H. B. Graves Jr., pastor of Oak St. Baptist Church in Graham, officiated. Parents of the couple are Mrs. Elba McMahon, Munday, and Mr. and Mrs. John Berkowski, Wichita Falls.

The church was decorated with palm trees in back of the altar with 7 candle candelabra and greenery on either side.

Miss Nancy Patterson, Munday, played the organ and accompanied Sedelia Hoffman, Wichita Falls, who sang "The Wedding Song" and "We've Only Just Begun."

Joe L. McMahon, brother of the bride from Dallas, escorted her down the aisle. The bride wore a long white gown of organza over taffeta with lace inset yoke. The gathered skirt, trimmed in lace, extended into a chapel train. Her veil of illusion was held by a cap of lace and seed pearls. She carried a cascade of carnations in yellow, blue, green and pink with baby's breath and streamers in the four colors.

Matron of honor was Mrs. Diane Inman, sister of the bride from Wichita Falls. She wore a dress of yellow chiffon over polyester crepe made with fitted bodice and scoop neckline with self ruffle. The gathered skirt was slightly flared with self ruffle. She carried a nosegay of carnations and baby's breath with streamers to match the dress.

Bridesmaids were Mrs. Cheryl Donaldson, sister of the bride, Wichita Falls, and Laura Johnson and Tammi Ray, both of Munday. They wore costumes and carried nosegays like the maid of honor's except in green, blue and pink, respectively.

Carl Katcaman, Wichita Falls, served as best man. Groomsmen were Charles Inman, Brent Blaylock and Denny Cothran, all of Wichita Falls. Ushers and candlelighters were Larry Donaldson, Wichita Falls, and Dennie Carrington, Seymour.

The bride, a graduate of Munday High School, attended Draughtons Business College and is employed by Albertsons Food and Drug.

covered with a floorlength soft yellow cloth with ivory net overlay and ivory bells draped at intervals on the overlay. The three tiered wedding cake, which served as centerpiece, held a trail of yellow, blue, green and pink roses, flanked on outside by tiny white candles, which led to the top of the cake where stood a miniature bride and groom encircled by white roses. Four tiny bridesmaids stood on the steps leading to the top of the cake. Fruit punch was served from a crystal bowl and mints and nuts were on the table. A Bible lay on the table along with the bride's and bridesmaids' bouquets. Mrs. Joe L. McMahon, sister-in-law of the bride, registered guests. AARP Meets On Thursday

The Munday chapter of American Association of Retired Persons met in regular session at the Munday Community Center on Thursday, June 1. The invocation was voiced by Earl Ponder at the request of Virginia Cary, president.

The pledge to the flag was given, and the group joined in singing "America." Several items of business were discussed and voted on. Mrs. Ina Cowan urged everyone to vote on Saturday, June 3, and in the November election. "The multitude of AARP members in our nation should exercise their right to vote; and, thereby, let their voice be heard in Washington," she emphasized.

Mrs. Logan of Knox City discussed the possibility of securing a van to be used to transport elderly persons. She had met with the Commissioners Court, and she reported that they voted to accept a 12-passenger van when one is available for the county. More information on this will be available later.

The group sang "Happy Birthday" to three members who have birthdays this month. Thanks for the meal was given by Frank Hendrix. During the lunch hour, everyone enjoyed the abundance of delicious food, as well as the fellowship together.

In the afternoon session, Tuck Whitworth, program chairman, showed two films: "Texas Missions" and a very amusing Laurel and Hardy comedy, "Laughing Gravy".

The next meeting will be July 6, with sing-song nights scheduled for June 5 and 16 at 6 p.m. Game nights will be June 12 and 23.

Thirty-three members and one visitor were present. Mrs. Maurayse Scott was welcomed as a new member.

Henry B. Jackson, Virge Landreth, Mac McRae, J. C. Mitchell, J. D. Moffett, Jack Moody, Jack Pool, Jack Ray, Frank Rutledge, Paul J. Solansky, Ralph Speer, Donald Stephenson, Aubrey Walters, Henry Gore and Derrell Creek.

Assisting the bride with her gifts were Paula Speer and Camey Mitchell. Punch and cake were served the guests by Susann McRae and Tanya Towerton.

Former Munday Graduate To Conduct Workshop

Olivia Palacios, branch manager for SIC Credit Company, knows a lot about women and credit. She will be the first to conduct a series of workshops designed for women and sponsored by the Wichita Falls chapter of National Organization of Women. The series was the result of feedback from the workshops held at the regional meeting in Wichita Falls earlier this month.

The workshops will be held at 7:30 p.m. Thursdays at the Wesley Foundation

once a month. Other topics include women and health, management, consciousness-raising and others. Purpose of the workshops are to give those who could not attend NOW's meetings the opportunity to hear these informative seminars. They will be held evenings to accommodate working women.

Mrs. Palacios was born and reared in Truscott. She is the daughter of Mr. and Mrs. Ralph Caram of Truscott and the sister of Freddie Caram of Munday. A graduate of Munday High

School, she began working for SIC in 1961 as a discount clerk and worked her way to assistant credit manager effective January 1975. In June of 1977, she became assistant branch manager, and January of this year was named branch manager.

She is the first woman manager SIC has had in

their 128 offices in several states, including Texas, Oklahoma, New Mexico and California.

Mrs. Palacios will speak on credit problems pertaining to women, how to get credit and what to do if problems occur. She is a member of the B&PW Club and the mother of one daughter.
