1978 FOOTBALL SEASON was underway in Munday Friday night as the Seymour Panthers downed the Moguls 7-2. Quarterback Randy Routon, 15, has eluded one Panther to be caught from behind on a play around right end. Douglas Michalik, 22, is caught in the action looking to provide a block for the Mogul ball carrier.

Authority Begins Sterilization Process

Personnel of the North Central Texas Municipal Water Authority located in Munday began operations Monday to sterilize lines and tanks to member towns, according to Pete Beecher, manager. Lines to the towns have been drained and water is being treated with 40 to 50 parts of chlorine per million gallons of water to begin the sterilization process. This hot solution will remain in the lines and storage tanks from 24 to 48 hours to kill any bacteria that might have accumulated. After this process has been completed, the lines and tanks will again be drained before water treated with the proper amount of chemicals are put

into the lines for distribution to storage facilities. An amazing amount of water has to be treated in the sterilization process. Transmission lines will require approximately 1 million 900 thousand gallons and storage tanks will take another 1 million 714 thousand gallons of treated water. The water involved in the sterilization process will be checked at various points to make certain the proper amount of chlorine is at an acceptable level as it continues on its destination. Employees at the sterilization plant have been working seven days a week balancing the chemical levels. The balance has been determined and at full

capacity the station will process approximately 3 and one half million gallons of water a day or whatever below that is necessary to serve the towns. Beecher stated, "The Department of Health will conduct tests on the properly treated water at storage facilities before it is allowed to be pumped into the member town lines for

transmission to its customers." He further stated, "With no problems and approval from the Department we hope to have soft, approved water to our customers in approximately two weeks." The price the Authority will charge for water has not been set as of Monday, September 11. Various factors and costs incurred

during the acquisition and continuing expenses will be figured and a budget will be adopted to set the water charge. The Authority being a non-profit organization will sell water to member towns at the actual cost it takes to maintain the Authority. Here's hoping we get to taste the water after it is approved in approximately two weeks.

Moguls Lose Opener, Host Windthorst Friday

The Munday Moguls and Seymour Panthers fought a battle of defense Friday night in the season opener

with Seymour being the victor in points by a score of 7-2.

Moguls won the toss and elected to receive. Randy Routon took the kick-off on his own twenty and returned it to the 36. After one first down, Munday was forced to punt on fourth and long. Welch punted the ball to Seymour's 5 yard line with a return of 7 yards. The Panthers then moved the ball down the field collecting two five yard penalties on their way to the Munday 14 yard line. Jeff Styles, quarterback, then hit end Francis Perkins for a 14 yard TD with Royce Miller making the extra point. Seymour lead 7-0.

Seymour recovered a Munday fumble early in the

second quarter only to see Mogul Montie McAfee intercept a Panther pass two plays later.

Score at half time Munday 0 Seymour 7.

Munday threatened to score in the third period as they drove to the Seymour 2 yard line. On fourth and two Otis Adams was stopped up the middle and Seymour took over. After four penalties and not enough yardage for a first down, Seymour was forced to punt.

Moguls took over in the fourth and with Routon back to pass was dropped for a loss on fourth down. Seymour couldn't move the ball and again was forced to punt. Munday ran into the same trouble as the Panthers and Welch dropped back into punt formation. Willie Beamon fumbled the punt on the 41 and Mogul Isom Murray recovered the loose ball. Murray then took a hand off and was tackled by the face mask with the penalty giving the Moguls first and 10 at Seymour's 25. Routon passed to Larry Welch for 11 yards and another first down. Routon again put the ball in the air to have it intercepted by Panther Jimmy Mayers. Both teams then punted with Adams recovering a fumble. Kevin Herring then fumbled on the Panther 11 with Seymour recovering. A penalty and a loss five yards by quarterback Styles put the Panthers on their 1 yard line. With fourth down Styles in punt formation in his own end zone, he stepped out to give the Moguls a 2 point safety.

After a free kick by Seymour, quarterback Routon threw two incomplete passes before his third attempt was intercepted by

a Panther. Seymour then ran the clock out and won the game 7-2.

COACHES COMMENTS:

Our game with Seymour

Richard Scarborough...Evangelist

was a learning experience for our kids. Seymour did what they had to do to win the ball game. We felt that we had enough opportunities to win the game, but our own mistakes would kill our drives. (This is not taking anything away from Seymour) The mental mistakes we made can be corrected. We were pleased with the work and hustle of our kids. We should have a better test with Windthorst this week. They have a larger line and backs than did Seymour. Our kids will have to be ready to play ball.

Junior Varsity, seventh and eighth grades will host Archer City beginning at 5:00 p.m. Thursday, September 14. The seventh and eighth grades will be combined for this game.

GREG WALLING...district FFA officer

Walling District Officer

Greg Walling was elected secretary of the Oil Belt District Future Farmers of America at a meeting in Jacksboro held Wednesday, September 6.

Munday School Homecoming Plans Complete For Oct. 21

Football Game 7:30 Munday vs Knox City

The 1978 Munday School Homecoming activities will begin with registration at 9:00 a.m. in the high school with Mrs. Christine Nelson and Mrs. Flora Lee Floyd in charge. Doris Dickerson will welcome everyone and direct them to different points of interest. These will include a display of old annuals, pictures and other things of interest. Mrs. Sue Bryan in charge. Old football movies will be shown with Mrs. Juanita Nelson taking care of this and a concession stand will be open all day for the convenience of all ex's and visitors.

To really get in the spirit

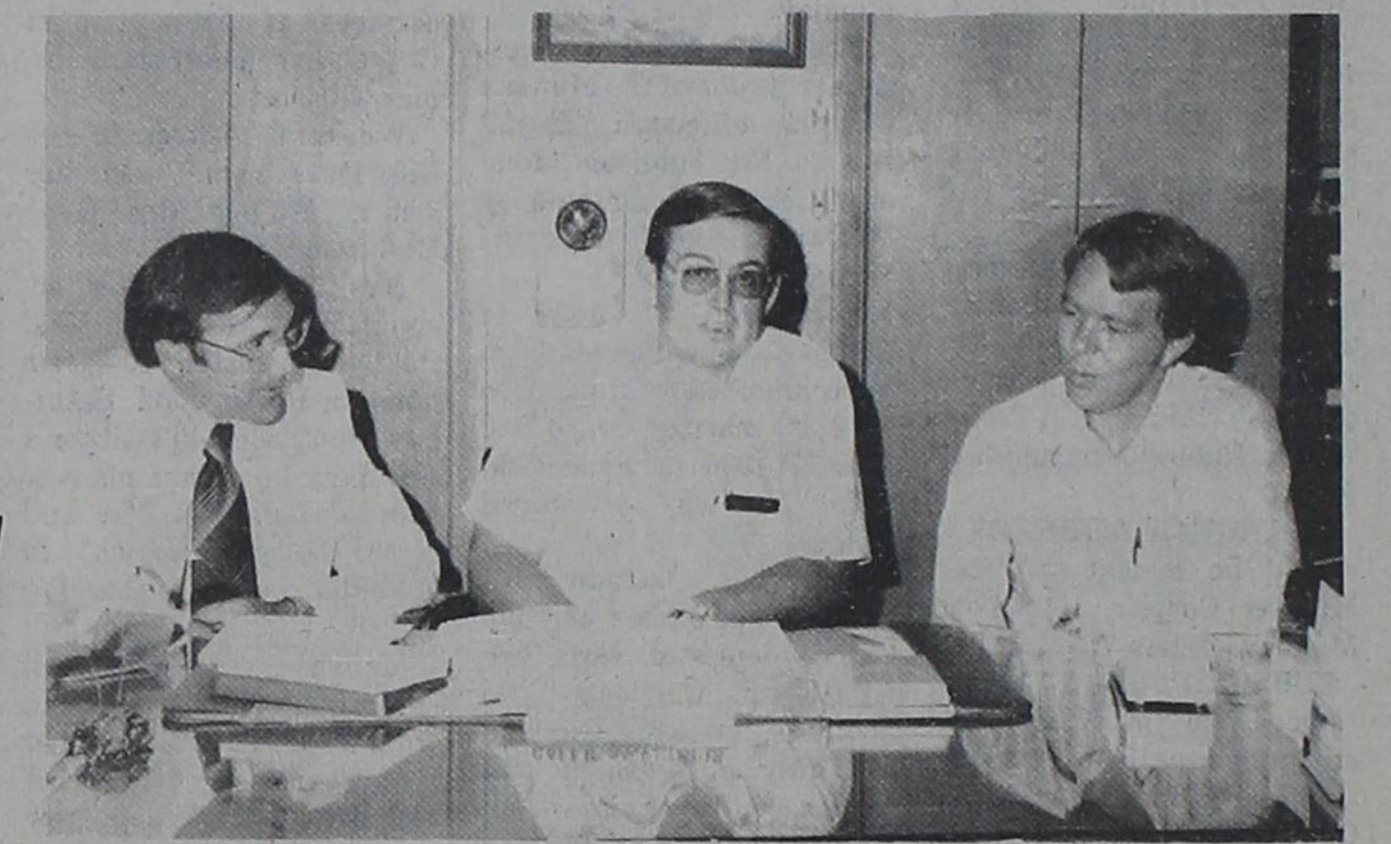

for the football game, join the cheerleaders, pep squad, and the big purple cloud in the high school gym at 3:30 for a pep rally. This will follow the general assembly program at 2:00 p.m. in the high school auditorium. Charles Baker will serve as Master of Ceremonies.

The Pep squad is sponsoring a Homecoming Mum Sale. Contact a girl in pep squad to turn in your order. The Senior class will sponsor a chili supper from 5:00-7:00 in the High School cafeteria. You may get your tickets from any senior as a limited number of tickets will be on sale at the door.

The highlight of Homecoming will be the game at Scroggs Field between the Knox City Greyhounds and the Munday Moguls. These two teams always give the fans lots of thrills. Halftime activities will be the crowning of Coming-home Queen and Homecoming Queen.

Everyone make plans now to make this 1978 Homecoming the biggest and best yet. The Homecoming committee is hard at work to see that everyone has a very enjoyable and memorable Homecoming this year on Saturday, October 21.

THREE LOCAL BUSINESSMEN (l to r) Gary Schur, president of First National Bank in Munday, Dr. Bill Kingston, president of Chamber of Commerce, and Davey Abell, Abell Ag Company, recently enrolled in a Rural Industrial Development Self-Study Course and Workshop. The study course will last 10 weeks ending at a 3-day workshop at Texas A&M University.

Local Businessmen Enroll In Industrial Development Course

The Munday Chamber of Commerce and Agriculture has enrolled three local businessmen in the Rural Industrial Development Self-Study Course and Workshop which is jointly sponsored by the Texas Industrial Commission, Texas Agricultural Extension Service and Texas A&M University.

Dr. Bill Kingston, President of the C of C; Gary Schur, President of First National Bank in Munday; and Davey Abell, Abell Ag Company and a past president of the C of C will take the 10 week study course which began on September 4th and will end at a three-day workshop at Texas A&M University, November 14, 15 and 16.

The study course and workshop is for community leaders from cities and towns under 50,000 population. It is designed to serve the needs of volunteer industrial development leaders from non-metropolitan areas and elected officials in city and county government; prepare community leader-

ship with methods needed to understand an area's economy and provide information desired by prospective industries. The practice of industrial development will deal with conducting labor surveys, collecting community data, financing industry and prospecting for industry.

Registration is limited to 60 persons for this session. Tuition for the course is \$25.00 per person which includes a study manual, "Bringing in the Sheaves." Two self-study lessons based upon this text will be mailed to the coordinator of the

study course each week for 10 weeks. Questions will cover each chapter in the text. Meaningful participation in the workshop requires completion of the study course.

"We are very grateful to have local leaders in this study-course and to attend the workshop in November," states Mrs. Callie Ann Combs, manager of the local Chamber of Commerce. "We believe this training will be very helpful to our community in its endeavor to get industry to the Munday area."

SCS Plant Materials Center To Host Field Day

A field day will be held at the Soil Conservation Service Plant Materials Center at Knox City on September 27, 1978.

Arche Lieb, district conservationist for SCS at Knox City, said the public is being invited to the event. The center serves both Texas and Oklahoma.

A. C. Spencer, executive director of the Texas State Soil and Water Conservation Board, will be the principal speaker. Spencer will speak at 12:30 p.m.

Guided tours will be conducted through the 90-acre center from 8:30 a.m. to 3:00 p.m. The center is located on FM 1292, 2 miles north and 2 1/2 miles west of Knox City.

A barbecue lunch will be available on a prepaid basis at \$3.00 per plate. Payment should be sent to Ms. Doris Crowner, Chamber of Commerce, Box 91, Knox City, Texas 79529 by September 15.

Seed or rootstock from native plants that show potential for solving specific soil and water conservation problems are collected, then grown and evaluated at the Knox City Center. The more promising ones are then

tested under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections which prove superior to commercial varieties are than released to seed growers. These producers then grow seed and sell it to the public.

More than 1100 strains of grasses, legumes, forbs, and woody plants are being tested at Knox City.

About 9,000 pounds of seed were produced at the center last year, mostly for trial plantings across Texas and Oklahoma. Some 5,000 woody plant seedlings were also produced as well as 250,000 rhizomes of plants that have to be propagated by planting underground shoots.

Two new plant varieties - 'Alamo' switchgrass and 'Aztec' Maximilian sunflower - were certified and released earlier this year as a result of work done at the center.

Mrs. Pearl Walker, Haskell, spent the weekend with her sister, Mrs. Leoma Tuggle.

Two FFA Members Win At West Texas Fair

The Munday FFA Chapter was represented by five members at the calf scramble held in Abilene at the West Texas Fair during the rodeo competition.

Gary Birkenfeld and Randy Waggoner managed to corral and halter their calves and in doing so earned a two hundred dollar certificate toward the purchase of a calf. Greg Birkenfeld will compete Tuesday night, September 12 in the calf scramble. Results of his efforts will be published next week.

Each night at the rodeo there were 17 boys and 9 calves turned loose in the arena. The boys had to catch the calf, halter and lead the animal to a marked circle in

the center of the arena. The nine lucky boys, each night, that were able to do this will receive a \$200 certificate. This certificate is to be used toward the purchase of a registered heifer calf which must be shown at the 1979 fair.

Craig Paylor and David Johnson were entered in the scramble but failed to catch the four-legged animal. Tom Brockman, vo-ag teacher, has accompanied these FFA members to the scramble.

Each night Munday participated, parents of the respective contestants witnessed quite a show.

Anson punched up their six points in the third quarter on a 27 yard run by quarterback Jody Burleson. Anson acquired only 65 yards during the contest.

Local Students Inducted Into Honor Society

Rev. Jack Mints of First Baptist Church, Munday, announced today that five of their students have been inducted into The Society of Distinguished American High School Students.

Students who were inducted are: Danny Brown, son of Mr. and Mrs. Gene Brown; Russell Routon, son of Mr. and Mrs. Charles Yost; Teresa Therwhanger, Mr. and Mrs. Bob Therwhanger; Linda Tidwell, daughter of Mr. and Mrs. Garon Tidwell; and Lyndle Reeves, son of Mr. and Mrs. H. A. Reeves.

The Society, which is one of the nation's foremost high school honoraries, inducted the students because of their demonstrated excellence in scholastic leadership and civic achievement according to Rev. Jack Mints.

The National Awards Program is sponsored by fifty-eight colleges from across the country. Thousands of dollars in scholarship funds from these institutions are made available to

Society members each year. Sponsor First Baptist Church, Munday, received a National Appreciation Award from the Society on behalf of the students and stated, "I am extremely proud of these exceptional students and the honor that they have received. It is a reward and should also be accepted as a challenge to them to continue their course of excellence."

One of the Society's guiding principles is to promote both academic and civic achievement on the high school level by recognizing students in its Membership Registry, the Society of Distinguished American High School Students, which is published annually, and distributed nationwide.

Hobbs Beats Bulldogs 14-6

Sam Adams of the Weinert Bulldogs went over from the one yard line in the second quarter to give his team the only score in a 14-6 loss to Hobbs. The score came on the end of a 60 yard drive.

Hobbs quarterback Jim Ratliff hit Walter Cave on a 45 yard pass in the first quarter to take the lead they never lost during the game. The panthers dropped Weinert in the end zone for a two point safety in the first quarter. In the fourth after moving the ball 40 yards Wayne Jones went in from the one to finish the Panthers scoring for the night.

The Bulldogs will host Divide Friday night in Weinert at 8:00 p.m.

Munday AARP Chapter Met Sept. 7

MISS MARYLYN CHILDERS
...shower honoree

The Munday Chapter #1437 of the American Association of Retired Persons met in regular session at the Community Center, Thursday, September 7, 1978 at 10 a.m.

The invocation was given by Earl Ponder. The Chapter president led the group in the Pledge of Allegiance.

Mary Francis Warren, Regional Volunteer Coordinator, from the Texas Department of Human Resources, Abilene, explained the 'Telephone Reassurance Program.' This is a plan whereby persons who live alone would be contacted daily by telephone to see if they have a need. Then if there is no answer a neighbor or relative would check further on them and if they got not response, as a last resort the police would enter and check to see if there is an emergency. A film was shown explaining how this program works. The title was "Lonely Persons." This is a non profit organization

and can be set up by local groups such as AARP or churches in the community. Transportation could be furnished to take shut-ins to the doctor or where ever it is necessary they go. Also home visits are much appreciated by lonely persons. Some industries, such as Levi Strauss gives to this fund to help with this worthy cause. Anyone who desires to be included in this program, please call the chapter president Virginia Cary, phone 422-4193.

Mrs. Logan from Knox City reported on the van that Knox County now has for the use of the elderly. It is hoped the county will get another such van. She also reported on a Defensive Drivers Course to be taught in November at Knox City by Trooper John Brown. Several AARP members plan to take this course. The time would be 9:00 a.m. to 3:00 p.m. for two days and the probable date would be Nov. 21 or 22. The exact date to be announced later.

It will be taught in the Methodist Church building. Ina Cowan, Legislative com. chrmn., read a letter she had received from Austin in which it was reported that several bills had been passed or were in the process of being passed that would be very beneficial to tax payers. Several members had written letters to legislators and congressmen pertaining to these bills.

The chapter president reported that as of this year there are 10 million AARP members nationwide.

Thanks for the meal was given by Frank Hendrix. The delicious meal was enjoyed by 37 members and 2 visitors.

The program chrmn., Tuck Whitworth, showed 2 films, as the afternoon program.

The next regular meeting will be Thursday, October 5, 10:00 a.m.

Sing song night for this month will be Monday, 11th, 6:30 p.m. and game night Friday, 15th.

PAT Defeats

Goree Wildcats

Statistically the Goree Wildcats beat Wichita Falls Notre Dame only to have the score go 7-6 in favor of the Knights.

Wildcat Billy Richardson opened the scoring with a three yard run in the middle of the second quarter. The PAT was blocked leaving Goree with 6 points on the board.

With 1:17 to play in the first half, Knight Robert Scott added the extra point onto Jeff Wachsmann two

yard TD to give Notre Dame the victory.

Goree led in both first downs and total yards, 12-10 and 163-154.

Abilene Christian High will travel to Goree Friday night as the second game of the season gets underway at 8:00 p.m.

Goree Junior High will be in Knox City Thursday, Sept. 14, at 5:00 p.m. to play the Greyhounds.

Taken From The American Agricultural News

Have you ever traveled through the peaceful, summer countryside at sundown? The heat of midday is giving way to the refreshing coolness of dusk. The skies are darkening over dark, green healthy corn and milo fields. Large tractors sit cooling in the corners of freshly plowed summer-fallowed fields. Listening, you can hear irrigation engines laboring tirelessly as they pump life-giving water to the thirsty, demanding crops. The engines have been serviced, the water changed, and the tractors have stopped for the day as lights come on in the comfortable farmhouses, and the farmers seek rest from their day's labor.

It is easy to understand how reports have been made that the farmers are once again happy and content with their lot. To all appearances, things are as they have been. The tractors seem very peaceful in their natural settings; nothing like the awe-inspiring symbols of dissent as they rolled through the city streets carrying signs and angry farmers just ten short months ago. The farmers themselves are with their families and friends for a refreshing meal and a discussion of crop conditions and local news and gossip. Later in the evening, there will be a private time of reflection, planning, and probably a word with God, his partner on the farm.

The reporters of good news from the farmland, will not understand or see that in this private time, each day, comes the gut-wrenching fear and realization, that in spite of good crops and high yields, there will not be enough money made from the sale of crops plus the puny, unasked for government payments, to pay the bills for fuel, repairs, wages, land, rent, chemicals, fertilizer, and machinery, and still be able to live. They won't see that whether you figure with a computer, a calculator, or a pencil stub on the back of an envelope containing a bill, there is still no way to make it pay. These reporters prefer to quote and believe the over-educated, inexperienced "experts" from our colleges and the USDA concerning the economic situation of the farmer.

Maybe it does make sense that a man with a white shirt and clean hands is smarter than a farmer with dirt under his fingernails and dust and grease on his clothes. Remember, though, that man with the white shirt doesn't feed himself and 56 other people. He doesn't consume 40% of his nation's industrial output. His only production is words and figures on a piece of paper. He is strictly a consumer since nothing that he produces can be worn or eaten. Why, then, should his words and figures have so much influence on the market prices of the producing farmer's commodities? Thoughts similar to these run through a farmer's head nearly every day. Don't be surprised, therefore, that if after we have harvested this year's losses, the tractors

signs of economic depression and the loss of freedom, but how will this positive thinking, by itself, stave off the plans of the Godless people who would enslave the world?

These people and their ideas can only be stopped with action. Before any action can be taken, the problem must first be faced squarely and unemotionally analyzed. Failure and reluctance to do this, plus the natural greed of the human being, has regulated in our present condition.

We can no longer afford to pamper our sensitivity by ignoring the problems. We can no longer afford the greed that weakens us all. If the sacrifices that have been made by our countrymen from the Revolutionary War until the present time are not to have been in vain,

then we have no choice but to win our battle for parity at the marketplace. Failure to win will cost more than any of us care to pay!

Housing To Get Subsidy

Congressman Omar Burleson announces the approval of a \$24,279 Low Income Public Housing Contract by the Department of Housing and Urban Development to the Housing Authority of the City of Munday.

The funds obligated represent annual operating subsidy due under the Performance Funding System Formula.

4-H Project Programs, Valuable To Our Youth

Through the 4-H project program, the youth of Knox County have the opportunity to learn many things. They not only become knowledgeable about the various species and their care, but more importantly, they gain ideals of responsibility and the ability to interact with people from all over the country.

There has been much criticism concerning the value of the livestock programs to our youth over the years. Many people have the misconception that the only important learning point is making money. Learning to make a living is very important, but I think much more important is teaching our youth to make a life.

Through their work with livestock, they learn both to win and to lose. A good loser that vows to work harder and gain more knowledge next year is just as valuable as a winner.

It is nearing time to begin selecting 4-H projects for this year's show. 4-H members that would like a lamb or pig project should contact me as soon as possible. If you would like for me to select or help you select a project, please call my office. I will be attending various lamb and barrow sales in the next two months.

LANDSCAPING
Spring isn't the only time for planting trees and flowers around the home. Late summer and fall is the

ideal time to check the home landscape and decide whether replacement plants or improvements are needed.

Balled or burlapped plants and those grown in containers can be planted at any time of the year. Deciduous plants (those that lose their leaves each fall) are more easily handled in a bare root.

For best results set out bare root plants in the late fall and winter from mid-November through February.

For ease of maintenance and to reduce disease and insect damage, it is very important to select landscape plants that are native or adaptive to this area.

TEXAS TALK

If you're not sure of the meaning of these different seeds; certified, breeder, foundation, or registered, then you're probably in the majority. Perhaps these brief definitions will help. Foundation Seed: Requirements are the highest of any class of seed. These are the basic seedstocks of new and old varieties and other strains developed by Experiment Stations and USDA plant breeders. Breeder Seed: A unique variety developed by a plant breeder and maintained by him. He writes the description of his crop. Registered Seed: Seed produced from foundation seed handled under procedures acceptable to the certifying agency. Certified Seed: Produced from registered seed and considered among the best seed for producers. Check the label to make sure what you're getting. All seed in the certification program in commercial channels must be tagged as certified, registered or foundation seed. *****

Lions Receive Visit From District Gov.

Lion Darwin Willis of Graham, district governor of Dist. 2E-1 Lions International, paid his official visit to the Munday Lions Club at its Tuesday meeting.
Lion Willis spoke to the members informally, giving them some details of what has happened to him as district governor. He came out strong for the candidacy of Ebb Gindstaff of Ballinger for third vice president of Lions International for next year, stating that Texas has no one at present on the international board.
Other points covered by the district governor included: future club programs on local Lions part in aiding diabetic children, those with hearing disability, etc. He also gave some interesting information on his trip to the Lions International Convention in Tokyo, Japan, stating that the 1979 convention will be in Montreal, Canada.
An interesting slogan which he gave the club in conclusion is: "If it is to be; It's up to me!" *****

Activities Of Colored People

By ALINE JOHNSON

SS was called to order singing prayer responsive reading by supt. and school. Subj. lesson motivation for the disciplined life.

Bible basis: Lesson scripture: Romans 12:1-5, 9:13; Philippians 4:8, 9; Background scripture: Romans 12:1-5, 9:13 Philippians 4:8, 9; Hebrews 12:1-14.

Bible truth: Gratitude for God's mercies should motivate believers to live pure and useful lives.

Bible verse: not slouthful in business ferment in spirit: serving the Lord. Romans 12:11.

Lesson aim: That adult christians determine to lead more disciplined lives.

You no this is a great lesson for us we should read it over and be as Mary was in scripture.

Pond it in our heart that we might grow more and more in the grace of our lord and saviour Jesus Christ in order that other women, men, girls and boys see Jesus in our lives.

You no God's got his eyes on everyone he see all we do and he hears all we say be care for nothing.

I certainly appreciate my pastor and his lovely wife Sis Blue how dear and lovely they look after me each week and see that I get to church when I'm able. God bless them both.

I enjoyed a dear friend of mine yesterday from Dallas Sun. Mrs. Eula Adams who's visiting her son Bro. Alvin Adams and children also his daughter from Vernon.

I certainly thank God for all of my lovely friends to come see me.

The Lord called another one of my lovely friends last wk Mr. Welch. I've known down through the years and his lovely wife and children I pray God bless the family and they not forget Jesus died for us all and continue remember he loves us all and we to just must go in the grave - because he give his life that we might be saved.

You no God loves every one he don't have no respect of person and to him that do is a sin and God said if you love me you will keep my commandments. Let us prove our love by our lives we live pure, honest and true.

Mr. O. J. Hendrick from Dallas and his Aunt Lela visit his father last wk. Mr. M. H. Hendrick he also enjoyed his sis and son Mr.

Our District meeting is going to start 11th Sept. in Pastor W. A. Ward's church at 8:00 p.m. Monday night which has started.

Sorry about the mistake last Sun. Bro Honsby was not able to be out on Sun wk. I always appreciate my grown up and baby friends. I must thank Eld Beard for his great prayer on last Sat. to stop by he was on his way from Denver, Colo. to Abilene from a convention I did miss my Bro. Eld E. James Odum

Mrs. Burton Visits The Holy Lands

On July 20 a group of 18 led by Rev. Don Kelley and Rev. Ernie McGaughey met at the Kennedy Airport in New York for a trip to the Holy Lands. We were met by our guide, one of the many we were to have on our trip.

That night at 11:00 we flew on a Royal Jordanian Airplane 747 to Amman Jordan. It took 10 hours and 10 minutes. After remaining in the airport several hours we flew that night on an Egyptian plane to Cairo, Egypt. We had a full day seeing the many sights, the Giza Pyramids, the Sphinx, the museums, many ruins and ended the day with a sailboat ride on the wide river Nile. We saw how papyrus (the paper) was made. The next morning we had a wake-up call at 2:45 to fly to Damascus, Syria. We toured the city in a bus going down Stright St. where Paul collected taxes and was stricken blind. Our Baptist minister from New Jersey preached in an old building where Paul was let down in a basket to escape his enemies. Syria is a strange, backward country with high mountains. We saw goats, sheep and camels on the hillsides. Also many Bedouin tents. In the valleys were small gardens and crops where there was irrigation. We went on to Amman that afternoon.

Syria and Jordan both have a shortage of water.

The next day we went to Israel. At the Allenby bridge on the Jordan river going into Israel we were met by another bus and a new guide. Everything was searched carefully. Soldiers were everywhere.

That day we drove to Jericho to Qumran and the Dead Sea. On the way to Jerusalem we stopped at the well of the Good Samaritan.

We spent four and one half days visiting all the holy sights there and took a day to go to the Sea of Galilee. The crops of cotton and bananas were beautiful. We saw the fields of the kibbutz fish hatcheries. The Golan Heights across the Sea. We took a boat ride on the beautiful blue waters to the ruins of Capernaum.

On our way back we stopped at a lovely spot on the Jordan River and Rev. Ernie McGaughey baptised one of the group, Mrs. Lena Sivetnam of Lorenza, Texas.

The next day we toured the old city of Jerusalem, the Wailing Wall, the Dome of the Rock, the Garden of the Tomb, all the scenes of the Bible.

We crossed the River Jordan again on our way to Beirut. On the way to Amman we visited the ruins of Jerash. The next day we went to the south of Jordan, east of the Dead Sea and visited the ancient city carved in the red Sandstone Mountains called Petra. We

rode horseback to reach the ruins dated 3,300 B.C. It is very spectacular.

The next day Sunday we flew to Athens, Greece with a brief landing on the Isle of Cyprus. The Acropolis is the main attraction. Athens is a beautiful city. We saw lots of flowers. We took the bus to the south to Corinth and visited several ruins including the place where Paul was tried. We saw the deep canal that joined the Aegean and Ionian Seas.

Next we flew to Rome for a day and a half. We visited the Sistine Chapel, St. Peter's Cathedral and the Catacombs. We saw Trevi Fountain and the many fountains of Tivoli.

We were glad to be flying

home just before the airlines were to be hit by a strike on noon that day. Our guides were wonderful. Our country may have its troubles but we don't have armed soldiers on every corner as we found in these six countries. That's something to be thankful for.

Acid Balanced SKIN TREATMENT COLLECTION

"pH" signifies the importance of formulas, created to work with nature to protect and sustain your skin's acid mantle. This natural protective system helps shield your skin against dryness and bacterial invasion, yet many skin products, such as soap, are alkaline — the exact opposite of your skin's natural chemistry!

"plus" refers to the collagen protein, vitamins, emollients, moisturizers, herbal extracts, and other ingredients enriching these scientific formulas. Providing your skin with everything it needs to have the look and feel you love.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 7, 1978

"The Tax Relief Amendment"

(H.J.R. 1)

H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing

authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

NUMBER ONE

(S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete the archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

NUMBER TWO

(S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

NUMBER THREE

(S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

NUMBER SEVEN

(S.J.R. 48)

S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

NUMBER EIGHT

(H.J.R. 42)

H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise lend their credit to engage in fire-fighting activities and to issue bonds or otherwise lend their credit to support such activities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or to issue bonds or otherwise lend their credit for fire-fighting purposes."

AVISO PUBLICO UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL 7 DE NOVIEMBRE DE 1978

LA ENMIENDA PARA ALIVIO DE IMPUESTOS

(H.J.R. 1)

H.J.R. 1 propone una enmienda a la constitucion de Texas permitiendo a la legislatura que exente propiedad personal intangible; requieriendo que la legislatura exente ciertos articulos caseros y efectos particulares; y permitiendo a la legislatura que exente todo o parte de la propiedad personal de hogar seguro, de la imposicion de impuestos estatales y locales sobre propiedad.

La enmienda requiere a la legislatura que disponga la imposicion de impuestos sobre tierras agricolas y rancheras basada en su capacidad productiva en vez de su valor de mercado y permite a la legislatura que disponga la imposicion de impuestos a bosques de madera basada en su capacidad productiva.

La enmienda permite a los gobiernos locales que extiendan la exencion actual de no menos de \$3,000 del hogar seguro residencial para personas de 65 años o más de edad para incluir ciertas personas incapacitadas.

La enmienda concede una exencion de \$5,000 en el valor de mercado del hogar seguro residencial en los impuestos para escuelas publicas sobre propiedad. Autoriza a la legislatura que conceda una exencion adicional de los impuestos para escuelas publicas sobre propiedad de una cantidad que no exceda \$10,000 del valor de mercado de hogares seguros residenciales de personas 65 años o más de edad y ciertas personas incapacitadas. Si la persona de 65 años o más de edad es elegible para esta exencion la cantidad total de los impuestos para escuelas publicas sobre el hogar seguro de aquella persona no puede incrementarse.

La enmienda previene que gobiernos locales incrementen los impuestos sobre propiedad a menos que el cuerpo administrativo provea aviso público y lleve a cabo una audiencia pública. La enmienda requiere a la legislatura que disponga por ley que cada propietario reciba aviso de la revaluación de su propiedad y la cantidad de incremento en sus impuestos.

La enmienda limita las apropiaciones de los ingresos de impuestos estatales en una cantidad que no exceda la tasa de crecimiento económico estatal que se anticipa, con la legislatura autorizada para conceder exenciones de emergencia.

La enmienda prohíbe la valuación de propiedad inmueble a través del estado para los fines de impuestos sobre propiedad. Se requiere que la ejecución de

normas y procedimientos uniformes para la valuación de propiedad con el propósito de impuestos sobre propiedad, se origine con la autoridad que impone los impuestos sobre propiedad.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional disponiendo alivio de impuestos para hogares seguros residenciales, personas mayores de edad, personas incapacitadas, y tierras agricolas; extensiones de bienes muebles; la verdad en procedimientos tocante a la imposición de impuestos, incluyendo participación de ciudadanos; de nuevo definiendo la base de impuestos; limitando los gastos del estado; y la administración de impuestos sobre propiedad."

NO. 1

(S.J.R. 50)

S.J.R. 50 propone una enmienda a la constitucion de Texas para eliminar la referencia arcaica al "Instituto de Sordos y Mudos." La enmienda permitiria al estado de Texas que compre productos y servicios de individuos incapacitados en facilidades de rehabilitacion no lucrativas sin cumplir con los requisitos de oferta que se aplican a otros contratos estatales. La enmienda tambien eliminaria la formalidad de la aprobacion de ciertos contratos estatales por el Gobernador, el Secretario de Estado, y el Contralor de Cuentas Públicas.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional eliminando la referencia arcaica al 'Instituto de Sordos y Mudos,' permitiendo que ciertos productos y servicios de personas incapacitadas sean usados por agencias y departamentos del gobierno del estado, requieriendo que otros productos y servicios requeridos en la operación del gobierno del estado sean obtenidos por ofertas concurrencias al postor responsable que ofrezca el precio más bajo, haciendo que todos los procesos de procuración sean sujetos a las leyes establecidas por la legislatura y eliminando el requisito que el Gobernador de Texas, el Secretario de Estado, y el Contralor de Cuentas Públicas de Texas participen personalmente en tales negociaciones."

NO. 2

(S.J.R. 55)

S.J.R. 55 propone una enmienda a la constitucion de Texas para permitir que gobiernos locales emi-

tan bonos para la reconstrucción o adquisición de facilidades (terrenos, equipos y mejoras) con la intención de desarrollar oportunidades de empleo. Estos bonos se pagarán solamente de los ingresos de la venta o arriendo de éstas facilidades. Gobierno local debe de determinar que la construcción o adquisición de tales facilidades es necesaria para desarrollar oportunidades de empleo.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para disponer que la legislatura puede permitir que las subdivisiones politicas emitan bonos de ingresos, para desarrollar oportunidades de empleo para sus ciudadanos."

NO. 3

(S.J.R. 44)

S.J.R. 44 propone una enmienda a la constitucion de Texas que permitiria que la legislatura autorize a ciudades y pueblos la emision de bonos de impuestos incrementados para financiar el desarrollo de areas deterioradas. Solamente se pagarán los bonos de los ingresos de los incrementos en impuestos municipales. No pagos se pueden hacer de los ingresos de impuestos municipales, servicios publicos u otros servicios.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional que da a la legislatura el poder de autorizar las ciudades y pueblos para expedir bonos para financiar el desarrollo de areas deterioradas a prohibir cualquier ciudad o pueblo de conceder su dinero o prestar su crédito para tales fines."

NO. 4

(S.J.R. 53)

S.J.R. 53 propone una enmienda a la constitucion de Texas para permitir que la legislatura exente de la imposicion de impuestos, aparatos para energia o de viento.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando a la legislatura para exentar de impuestos aparatos de energia solar o de viento."

NO. 5

(H.J.R. 37)

H.J.R. 37 propone una enmienda a la constitucion de Texas para conceder competencia exclusiva a jueces de paz en causas civiles cuando la cantidad en controversia no excede \$200, a menos que la legislatura conceda competencia exclusiva a otra corte.

La enmienda concede a jueces de paz competencia concurrente con cortes de condado cuando la cantidad en controversia sea entre \$200 y \$500, a menos que la legislatura conceda a la corte de condado competencia exclusiva.

La enmienda tambien concede a jueces de paz

competencia concurrente con ambas cortes de condado, y cortes de distrito, cuando la cantidad en controversia sea entre \$500 y \$1,000, a menos que la legislatura conceda a la corte de condado o distrito competencia exclusiva.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para extender la competencia de los jueces de paz en causas civiles."

NO. 6

(S.J.R. 45)

S.J.R. 45 propone una enmienda a la constitucion de Texas para permitir que la legislatura aumente el número de jueces en cualquier corte de apelaciones civiles. Al presente, cortes de apelaciones civiles están limitadas a un juez presidente y dos jueces asociados.

La enmienda tambien permitiria a las cortes que sesionen por secciones, con la concurrencia de una mayoría de los jueces en la seccion siendo necesaria para decidir una causa.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional permitiendo que la legislatura aumente el número de jueces en cualquier Corte de Apelaciones Civiles, permitiendo que Cortes de Apelaciones Civiles sesionen por secciones, y requieriendo la concurrencia de una mayoría de jueces para decidir una causa."

NO. 7

(S.J.R. 48)

S.J.R. 48 propone una enmienda a la constitucion de Texas eliminando la Comisión de Edificios del Estado y el Fondo de Edificios del Estado ha sido trasladada por ley a la Junta de Control del Estado.

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional para abrogar la autoridad constitucional de la Comisión de Edificios del Estado y el Fondo de Edificios del Estado."

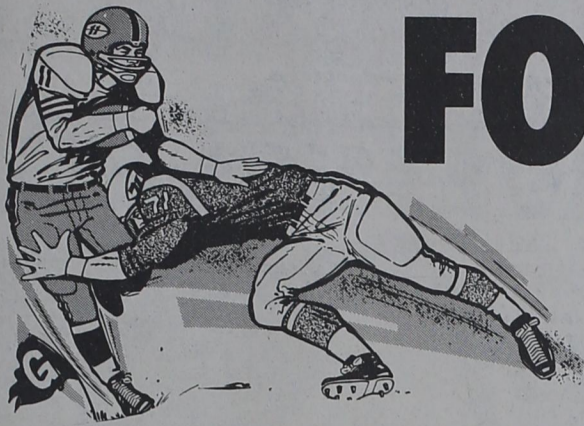

NO. 8

(H.J.R. 42)

H.J.R. 42 propone una enmienda a la constitucion de Texas permitiendo que ciertas subdivisiones politicas o distritos del estado que, al presente pueden emitir bonos u otras deudas o de otra manera prestar su crédito participen en actividades contra incendios y que emitan bonos o de otra manera prestar su crédito para tales propósitos."

La terminología de la enmienda propuesta tal como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando que ciertos distritos participen en actividades contra incendios y emitan bonos o de otra manera presten crédito para tales propósitos."
