VOL. 60

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, FEBRUARY 11, 1965

NUMBER 32

Kracker Krumb

Odd Bits Salvaged
By The Editor

It's something we should all begin to get interested in!

That's a statement we heard last week concerning a matter of movement, in which there apparently seems to be very little interest among our local people.

It's a matter of a junior college being located in this area.

As you may, or may not, know, there's a proposal for voting or creating a junior college district for an area embracing Throckmorton, Haskell, Knox and Stonewall Counties, and the locating of a junior college within the area.

So far, the proposal is in the talkative, or educational, stage and it may be quite some time before our citizens will be called upon to vote on such a proposal. Just the same, this phase of the situation brought about this remark just a few days ago: "I'm afraid a lot of people failed to pay their poll taxes this year—and they may be sorry!"

This newspaper, along with all others (we think) in the proposed college district, carried a questionnaire in four consecutive issues for people to fill out and mail back to the newspaper. These questionnaires, when filled out, were supposed to give some indication of how people felt about attending night classes, adult education classes, or even attending a junior college in this area.

We were somewhat amazed at the small number of people who returned these questionnaires—and to us it indicates a definite lack of interest.

When the person said we should become interested, we think he meant the statement in more ways than one. We should become interested enough to investigate the matter—the cost of such a college, the amount of taxes it would impose, the benefits to be derived, and whether we could give the children higher education cheaper here than elsewhere.

We should become interested enough to know where we stand—then take our stand. We should not be complacent enough to just sit idly by and let something be voted upon which we do not want. This may not be a possibility, but it's a probability.

Which brings us to this point:

Next Monday night, 7:30 o'clock, a meeting on the junior college will be held at the Munday school gymnasium. A well qualified person will be present to give some data, and give the answers.

Several hundred people should attend this meeting. Will you be one of them?

(P.S.—The meeting referred to above has been postponed, we're told, because the speaker could not be here next Monday night. Just file those two paragraphs away somewhere and when the date of his appearance is made known, pull them out and read them again! Okay?)

February is tree planting month for the Munday Lions Club, and a movement is under way to place more trees around the park area at the Munday Municipal Swimming Pool. Non-bearing mulberries are preferred. Citizens interested in helping the club in this project by contributing the price of a tree or two trees (priced two for \$5.00) please contact E. W. Harrell at the city secretary's office.

The Lions Club and the Munday United Fund have placed several dollars worth of playground equipment, planted trees, etc., in the park area. Plans are to continue this movement until the park is made a beautiful recreation spot in Munday.

Still further plans are to install an underground sprinkling system in the park, making it a spot where children, grownups, even families will gather for rest, fun and recreation. It's a worthy project, and anyone's help will be appreciated.

Mr. and Mrs. John Phillips, Suzanne D. Johnny visited Mr. and Mrs. J. D. Scott in Spur last Sunday. Mrs. Scott underwent major surgery on Wednesday of last week. They report that she is recuperating nicely.

Mrs. Partridge Receives Social Check For \$2,314

Mrs. Mattie Partridge, 79, of the Sunset community recently received notice that the Social Security Administration owes her \$2,314 in back benefits.

Mrs. Partridge, widow of the late Emmett Partridge, who died in April, 1952, has been receiving smaller benefits than she should have. Due to a provision of the law, Mrs. Partridge's benefits were continued as wife's benefits after her husband's death, instead of being converted to widow's benefits. This provision is no longer in effect, but certain filing procedures were necessary in 1952.

Mrs. Partridge's case is one of only 13 similar cases in the Social Security records.

Mrs. Partridge was born Mattie Thompson in Grayson County in May 18, 1885. At eight years of age she moved to Clay County and later, in 1900, the family moved to Knox County. She and Emmett were married in Knox County on December 13, 1903. She still resides in the same house to which she came as a bride over 61 years ago.

Taxpayers May Take Refunds In U. S. Savings Bonds

W. E. Braly, Knox County savings bond chairman has reminded taxpayers that the Treasury Department will once again offer them the opportunity of taking income tax refunds in U.S. Savings Bonds.

The savings option—introduced in 1963—is in addition to the two standard options of taking tax refunds in cash or applying them to next year's tax.

"When a taxpayer elects to take his refund in Series E Bonds," Mr. Braly said, "his money goes to work immediately on two jobs. It begins to build his financial security. At the same time, it contributes to our country's economic strength.

"Every dollar invested in U.S. Savings Bonds makes our economy stronger and our nation more secure. This is a thought every tax-paying citizen should keep in mind when deciding what form he wants his tax refund to take. Those who elect the U. S. Savings Bonds option, join millions of Americans who are investing in their country's future in this way.

"Taxpayers taking their 1963 refunds in savings bonds accounted for over \$19 million in bond sales and acquired more than 240,000 individual bonds," Mr. Braly commented.

Band Program To Feature Meeting Of Munday P. T. A.

The regular monthly meeting of the Parent-Teacher Association will be held at 7:30 p.m. February 18th in the grade school auditorium. The program will be under the direction of John Holdridge, high schools band director.

The program will feature the Munday Junior High band and the Munday High School stage band.

Refreshments will be served the fourth grade and an award will be made for the grade having the most parents present.

Plans will be made final for the Knox County Spelling Bee which the P.T.A. will sponsor here on February 25th at 7 p.m. in the Grade School Gym.

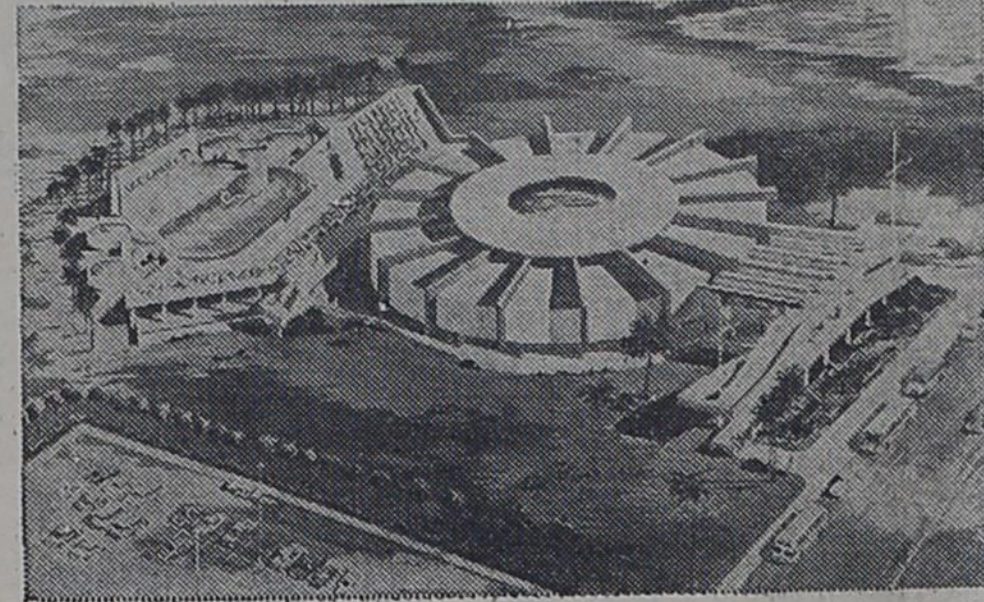

The P.T.A. will serve a chili stew supper in the lunchroom. The price will be 75 cents per person.

Fire Department To Sponsor Demolition Course For Area

A course in the demolition of explosive shells, sponsored by the Munday Volunteer Fire Department, will be held at the Munday school on Monday and Tuesday, February 22 and 23.

Instructors from the 61st Ordnance Detachment at Fort Sill, Okla., will conduct the classes. Unless deactivated, explosive shells which might be keepsakes are extremely dangerous.

The team will have with them a 15-minute film, "Danger, Blasting Cap," suitable for showing to Boy Scouts, Cub Scouts, Elementary Schools and similar programs. This film will aid in the indoctrination of youngsters to the special hazards involved.

Ball-playing porpoises, trained sea lions, weird and wonderful denizens of the deep, the entire world of underwater life will soon be available for viewing in Galveston. Sea-Arama of Texas, under construction and scheduled to open on May 1, will be located at Seawall Boulevard at 91st Street on Galveston Island's West Beach.

Ag Teachers To Meet In Benjamin

COLLEGE STATION — Agricultural photography problems will be described Feb. 18 in Benjamin for Area 4 high school vocational agriculture teachers.

The speaker is Dr. Earl S. Webb of the Texas A&M University Agricultural Education Department. Program time is 4 p.m.

J. B. Payne of Stephenville, Area 4 supervisor, said the meeting is part of an in-service educational program planned by teachers in the Oil Belt District.

About 15 teachers will attend the session, Payne said.

Organ Club Is Organized Here

Thursday evening in the fellowship hall of the First Baptist Church a group of people from Goree, Knox City, Munday and Rhineland met for the purpose of organizing an organ club.

A constitution was adopted and the following officers were elected: president, Joe Bailey King; vice president, Mrs. J. H. Bardwell; secretary, Mrs. Lee Haymes; treasurer, Levi Bowden.

The club will be known as the Munday Organ Club and meetings will be held on the first Thursday evening of each month at 7:30 o'clock in homes of the members.

To be a member one does not have to either own or play an organ just so they are interested in the organization.

Following the organization of the club members and guests present enjoyed an organ concert of popular and classical music presented by Reggie Brown, a senior organ major student from McMurry College in Abilene.

Refreshments of punch, coffee and cake were served to forty members and guests.

Group Training School Slated For Weinert Church

Churches of the Haskell-Knox Baptist Association will participate in a group training school at the First Baptist Church in Weinert on February 22-25. The school will be in at 7 o'clock in the evening.

The purpose of the school is to give every Sunday School officer and teacher in the association an opportunity to increase his ability to serve in his respective church.

The faculty will be made up of skilled Sunday school workers, such as Dr. G. Norman Weaver, professor of religious education at Hardin-Simmons University; Robert Graves, minister of education and Harrell Greet, both of Southwest Park Baptist Church, Abilene; Mrs. Lowell Queen, superintendent of junior department, and Bill King, minister of elementary education, First Baptist Church, Abilene; and Mrs. Charles Hogan, nursery coordinator, Crescent Heights Baptist Church, Abilene.

Those who complete the course of study will receive awards from the Sunday school board of the Southern Baptist Convention.

REPRESENTATIVE OF SOCIAL SECURITY TO BE HERE TUESDAY

A representative of the Social Security Administration will be in Munday at the City Hall on Tuesday, February 16, 1965 from 10:00 a.m. until noon. You are invited to meet with the representative to file your claim or to obtain information or assistance concerning social security.

Don't wait until after you've retired to file your social security claim—do it two or three months before retirement day.

Serves 21 Years In Armed Forces

Major Harold P. Honeycutt, above, son of Mrs. Cecil Honeycutt of Munday, completed more than 21 years of military service January 31, 1965.

This began with aviation cadet training. He had assignments of transportation officer, vehicle maintenance officer and B-47 pilot. Overseas tours took him to the Pacific, Europe and Japan. He received the Korean Service Medal, the Commendation Medal, Air Force Outstanding Unit Award and flight ratings of aircraft observer, navigator, and senior pilot.

After tours with Air Defense Command and Training Command, he joined SAC, with the 96th Bomb Wing, at Altus AFB, Okla., in 1956. He was a pilot of the wing standboard. He also served the A&E Squadron as a maintenance chief, and was commander of the Wing Headquarters Squadron Section. Major Honeycutt joined the division staff in May, 1964.

Born and reared in Munday, Major Honeycutt married the former Jerry Patterson, daughter of Mr. and Mrs. Clifton Patterson of Munday. The couple have two sons, James Harold age 5 1/2 and Jo Wayne age 1, and are now making their permanent home in Anson.

NEWS FROM CALIF.; AND IT'S A BOY!

Capt. and Mrs. Perry Reeves of Alameda, Calif., are proudly announcing the arrival of a son on Wednesday, February 3, 1965. He made his arrival at 6:15, weighed 7 1/2 pounds and has been named Michael Scott. Grandparents are Mr. and Mrs. Nicholas Hensel of San Jose, Calif. and Mr. and Mrs. J. E. Reeves of Munday.

4-H Girls Attend Degree Workshop

Misses Linda Brown and Brenda Conwell represented the Munday 4-H chapter at the recent state degree workshop in Olney. Miss Brown has been selected to represent the local chapter in the contest for the office of Area V second vice president. Election of area officers will be March 19 and 20 in Stephenville.

Miss Mary Penick will represent the chapter as voting delegate at this meeting, with Rosann Nelson serving as alternate.

The Munday chapter has a point system for attending area and state meetings. Each year, the students really work hard in order to be listed in the top ten of the chapter. The ten girls are eligible to attend the area meeting.

Top ten for February are: Mary Penick, Rosann Nelson, Gail Wood, Sue Kane, Becky Duncan, Brenda Conwell, Linda Brown, Kay Ford, LuAnn Combs and Jan Myers.

Alternates are: Suzie Phillips, Donna Bellinghausen and Karen Cook.

Public Schools Week Proclaimed By Gov. Connally

The following is a proclamation by John Connally, governor of Texas, for the annual observance of Public Schools Week in Texas:

GREETINGS:
Special observance of increased emphasis on our education system has been marked annually for fifteen years by a Public Schools Week in Texas.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our tomorrow's leaders with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

THEREFORE, I, as Governor of Texas, do hereby designate the period of March 1-5, 1965, as **PUBLIC SCHOOLS WEEK** in Texas.

In official recognition whereof, I hereby affix my signature this 28th day of Jan., 1965.

JOHN CONNALLY
Governor of Texas

Bingham Accepts Breck Grid Post

Wayne Bingham, 28-year-old head coach of the Munday Old boys, was elected coach at Breck-ridge by the school board there last Saturday. He replaced Ken McCullough, who resigned at mid-term.

A graduate of Midwestern University in Wichita Falls, Bingham has held the coaching position in Munday for the past four years. He compiled a 32-10 record here, with one district championship.

The district title came in 1962, when the Moguls ran up a 9-2 record.

Bingham was selected for the Breck-ridge post over two other finalists for the job. Also interviewed were Grady Graves of Archer City and K. Y. Owens of Brady.

He plans to take the new position when he secures a release from his duties here.

Mr. Bingham graduated from Goree High School in 1954 and attended Cameron, Okla., Junior College for two years before entering Midwestern. He is married and has two sons, Kirk, aged 9, and Kevin, 18 months.

Deadline Set For Restocking Of Bass

Texas seeking black bass for restocking private water areas were advised by Marion Toole, inland fisheries coordinator for the Parks and Wildlife Department, that their applications must be received by the department by April 1. The deadline is August 1. The address is John H. Reagan Building, Austin, Texas.

Toole said department personnel need to process each application to determine adequacy of the area recommended for restocking.

The inland fisheries coordinator said approximately ninety per cent of hatchery production is used for stocking public waters.

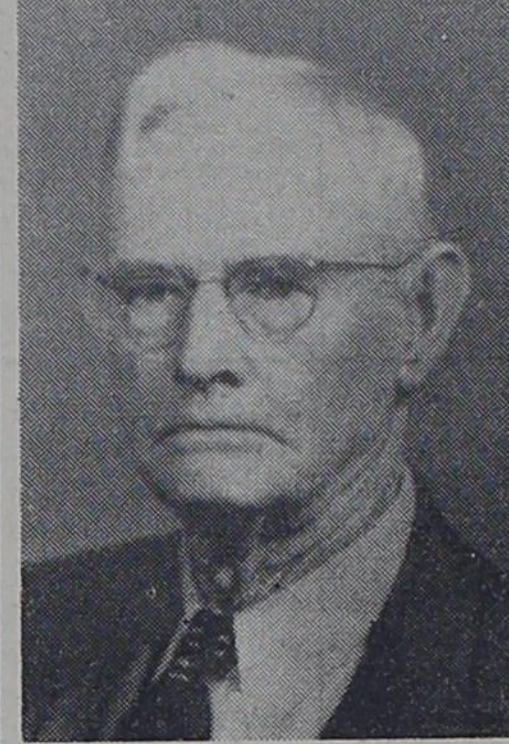

Weather Report

For 7 days ending 6 p.m. Feb. 9th, 1965, as compiled by H. P. Hill, U. S. Weather Observer.

Munday Pioneer Injured In Wreck

C. L. MAYES
In Lubbock Hospital

Knox County Hospital Notes

Patients in the hospital February 8:

Miss Maud Isbell, Munday; Mrs. Cassie Lansford, Munday; Mrs. L. C. Franklin, Munday; Claude Hill, Munday; Mrs. Wilson Brown, Rochester; Mrs. Joe Fletcher, Rochester; Nettie Lansford, Munday; Mrs. Nannie Robinson, Haskell; Mrs. W. W. Walsh, Munday; Joe Wilde, Munday; W. C. Holcomb, Rochester; H. M. Thomason, Rochester; J. C. Koenig, Goree; Louis Blake, Munday; Mrs. I. C. Godsey, Knox City; Mrs. C. L. Hamilton, Knox City; Pete Huntsman, Rochester; Harold Wayne Collier, Knox City; D e m p s e y Emerson, O'Brien; Mrs. Regina Benavides, Goree.

Patients dismissed since February 1:

Sandra Stubblefield, Munday; J. C. Beasley, Knox City; Mrs. L. A. Parks, Munday; Mrs. Roy W. Smith, Knox City; Dona Smith, Knox City; L. D. Coleman, Snyder; Mrs. A. T. Parks, Goree; Josefa Catana, O'Brien; Eric R e d d e r, Munday; Pearl Coward, Knox City; Nettie Wilcox, Knox City; Mrs. John Lewis, Knox City; Mrs. A. E. Bowley, Munday; Paula Silba, Rochester; Mrs. W. T. Ford, Munday; Mrs. Clelan Russell, Vera; Mrs. Etta G o b l e, Rochester; Mrs. Lee Smith, Knox City; Mrs. Eli Gray, Knox City; Mrs. L. O. Jackson, Jr., Munday; Mrs. Ervin Bedke and baby, Munday; Mrs. Jimmy Beaty and baby, Wichita Falls; Mrs. Dee Gregory, Rochester; Mrs. Nellie Rios, Knox City; John H. Decker, Munday; Mrs. C. E. Dodson, Knox City; Andy Patton, Rochester; Mary Rodriguez, Knox City; Darrell Loper, Knox City; F. A. Johnston, Munday; Truman Cypert, Munday; Mrs. Simon Rocha, Jr., Knox City; Appalno Hernandez, O'Brien.

Special Services At Methodist Church

Sunday morning services at the First Methodist Church will be in recognition and appreciation of all branches of The Boy Scouts of America, in celebration of their 55th anniversary.

Rev. Frank Weir extends a cordial invitation to all Scouts, their leaders and parents to attend.

Rev. Weir also announces that at 6:30 p.m. a choral group from Dunbar School will provide special music for the evening service. The choral group is under the direction of Mrs. Wansy Lee Seaton, and their accompanist will be Peggy Boozer. This program is being arranged by Mrs. J. H. Bardwell.

The public is cordially invited to attend.

Report Of Death Is Greatly Exaggerated

A writer of some years ago (we think it was Mark Twain) once put an ad in the paper, stating: "The report of my death has been greatly exaggerated!"

The same is true of Ed Johnson, employee for the City of Munday for years and years.

It seems that Ed was helping to demolish an old dead tree. The tree fell, and Ed was pinned to the ground by a limb. The report got out that he was badly hurt, then later that he had succumbed to injuries.

This happened Saturday, and someone saw Ed at the post office Sunday morning, and he said: "I'm done supposed to be dead for seven hours."

Ed is still on the go, or was when we saw him Monday.

C. L. Mayes, well known pioneer resident of Munday, is resting comfortably in Room 430, Methodist Hospital in Lubbock, after having received injuries in an auto accident on the outskirts of Lubbock last Monday.

Mr. Mayes has been making regular trips to a Lubbock specialist for medical treatment, and his journey Monday was to keep an appointment with his physician.

He was driven to Lubbock by Gill Wyatt of Munday. As they approached a signal light, the light changed and when Mr. Wyatt applied his brakes they did not work because of some fault in the mechanism or from icy conditions on the streets.

The car went on into the intersection and collided with a pickup coming from another direction.

Mr. Mayes received an injured knee cap and a cut upon the forehead which required several stitches. Surgery was performed on the knee, and he will be required to remain in the hospital a week or ten days, it was reported. It will be some six weeks before he will be able to walk without crutches.

Mr. Wyatt, who saw the approaching pickup in time to brace himself, received a cut on the upper lip and chest bruises.

Mr. Mayes' daughter, Mrs. Guy Rutherford of San Angelo, and Mr. Rutherford went to Lubbock upon receiving news of the accident. She reported Monday night that Mr. Mayes was resting comfortably and was in good spirits.

Hogsett Heads Local Campaign For Boy Scouts

Charles Hogsett, local automobile dealer, has been named local chairman for the Northwest Texas Council, Boy Scouts of America, \$350,000 capital improvement campaign. His team captains include Dwight Key, Ira Bowden, Dr. W. H. Stewart, Minister Richard Pectol, Wendell Partridge, and Vernal Zeissel.

The entire 13-county area of the council will participate in the much needed improvement campaign. This will include improvements at Perkins Reservation, where many Scouts and Explorers from Munday have attended summer camps. Perkins Reservation will continue to be used for Scout camping, as it has been in past years. Because it does not adequately meet the needs, a new Scout camp near Bowie is included in the plans covered by the capital improvement campaign.

This camp includes 725 acres of land, as well as a 40-acre lake for swimming and boating facilities.

In the near future, various buildings will begin to be erected. It is expected that summer camp will begin in 1966, although troop camping will begin immediately.

Also included in the \$350,000 campaign is a new service center.

The local kickoff will be with in the next few weeks, the same as throughout the entire council area. A tentative date for Munday is February 22.

All monies pledged for the capital improvement campaign may cover a 3-year payment, if so desired.

District Tourney Set For Munday

Schools of District 13-B will play a basketball tournament in the Munday school gym on Thursday, February 11, to determine the team to represent the district in the area playoff.

The first game will be played at 7 p.m. and will be between O'Brien and Goree. The second game of the evening will be between Weinert and Benjamin.

On Saturday night, February 13, the losers of the first two games will play at 7 o'clock, and the championship game will be at 8:30 between winners of Thursday night's games.

UNDERGOES SURGERY

Wallace Moorhouse underwent surgery at the General Hospital in Wichita Falls last Tuesday morning. He will be transferred to the Knox County Hospital on Thursday for several days while recuperating. He is reported to be recovering nicely.

"SERVICE WITH A SNARL"

"The U. S. housewife who comes home from a hard day's shopping complaining of the rudeness of sales clerks might sing a different tune if she had ever visited Russia."

Thus states Newsweek in a brief article aptly entitled "Service With A Snarl". It seems that in Russia—where the state owns and runs practically everything—discourtesy and indifference have long been the order of the day in the stores. The government is now attempting to do something to correct this, in order to spur the sales of goods. However, no one expects that much success will come from the effort. Newsweek quotes a disgruntled shopper as saying, "As long as we have party members and not real sales clerks behind the counters, we'll never get good service."

Here is one more of the innumerable examples that can be cited of the difference between a totalitarian system and a free system. In the former, there is no competition in any real meaning of the word. The customer is always in the position of having to like it or lump it. On every hand, he is faced with an entrenched and immovable bureaucracy, backed by an all-powerful state.

In a free system, to the contrary—and American retailing in all its branches and kinds, from the biggest chain to the smallest independent is a prime example of that system—the customer is king. Competition sees to that. And, because of competition, the discourteous clerk is not long tolerated, for management knows that competent, pleasant and helpful personnel are essential to obtaining and keeping customers.

AT OUR PERIL

It is frequently argued that newspaper coverage of trials, particularly those of a spectacular nature, can in effects prejudice the defendant and block fair and dispassionate administration of justice. Very recently, it has been proposed that standards be established governing what can and cannot be printed.

This brought a strong reply from Clifton Daniel, managing editor of the New York Times. In his words, "Let's have it understood from beginning to end that we believe in freedom of access to the news and that we will not circumscribe ourselves or allow others to circumscribe us except where the necessity is clear and immediate."

Miles H. Wolfe, president of the American Society of Newspaper Editors, offers this sound view: "I am convinced that a juror of average intelligence is going to be pleased to hear evidence that is contrary to what he read in the newspaper. Maybe he did think the defendant guilty when he came to court. He can change his mind just as easily as he made it up, and I think he will."

If we tamper with the freedom of the press in any way—save through such recognized safeguards as the libel laws—we do so at our peril.

WHAT MEDICARE WOULD NOT DO

One wonders how many people—and especially those in the 65-and-over age group—actually know what Medicare would and would not do. It seems apparent that the number is compar-

atively small—and that most people, if Medicare is ever adopted, will be depressingly surprised at its limitations.

As U. S. News and World Report points out, "Even the name is a misnomer . . . The very term Medicare is raising expectations that will not be met in the opening plan."

Medicare does not—repeat not—cover physician's bills or dentist's bills. It does not pay for needed drugs except when given in a hospital or a nursing home. And, of course, it would do nothing for those under 65, except tax them heavily to pay for it.

Medicare is essentially a hospitalization plan. And even in that it is severely restricted. It would pay the whole bill for only 45 days. The maximum hospital stay for which it would provide benefits would be 180 days and then the patient would have to pay part of the bill.

Ironically, despite all the vastly exaggerated claims made by some Medicare advocates, the existing Kerr-Mills law, which provides aid to the needy under a federal-state arrangement, is more liberal and inclusive. So are various local welfare plans, public and private. And the medical profession has pledged itself to serve any who need attention, regardless of the ability to pay.

The last Congress found Medicare wanting and refused to approve it.

More than 2,000 American doctors are now overseas bringing American medicine to the peoples of three continents, reports the American Medical Association. It adds that under ordinary conditions, a U. S. doctor serving a voluntary medical mission in Asia, Africa or Latin America may work harder than he ever worked before. He may keep an 18-hour day. He may have to scrape for medical supplies to treat diseases unknown in the United States. And he probably earns very little money. But, for a growing number of American physicians, the urge to serve in developing nations is apparently stronger than the hardships encountered in serving.

From Director J. Edgar Hoover of the FBI: "The moment has arrived when we must face realistically the startling fact that since 1958 crime in this country has increased five times faster than our population growth! Serious crimes—murder, forcible rape, robbery, burglary, aggravated assault, automobile theft—have mounted steadily since the end of World War II. In 1951 these crimes for the first time topped the one million mark, and more than two and one-quarter million serious crimes were reported during 1963."

An average of \$1 billion a year must be invested over the next 20 years to meet Japan's rising demand for oil, and about \$600 million a year will be required for investment in Japan itself, according to the head of Standard Oil Company (New Jersey). In 1955, oil supplied about 15 per cent of all Japan's energy requirements while today the proportion is about 50 per cent and still is rising.

Drive Safely! Spend a little more time with us.

GORREE NEWS

Mrs. Douglas Smith and Mrs. Frank Simatehl, Jr. and son, Billy, of Seymour visited in Wichita Falls Friday.

Mr. and Mrs. Joe Cox of Seymour visited in the L. L. Richards home last Thursday.

Mr. and Mrs. Millard McSwain visited her brothers and families, Mr. and Mrs. Boyd Morrison and family and Mr. and Mrs. L. H. Blevins in Garland last Tuesday.

Mrs. Georgia Maples visited her sister, Mrs. Elizabeth Cowser in Knox City Sunday.

Mrs. Clyde Rodgers visited her daughter, Mrs. Carl Moeller and children in Seymour last Thursday.

Mr. and Mrs. W. A. Moore returned home last Wednesday from several days visit with relatives in Hurst and Grand Prairie.

Bobbie Beaty of Cisco spent the week end with his parents, Mr. and Mrs. Jack Beaty and Jackie.

Mr. and Mrs. Raymond Pace are reporting that their daughter, Margie, has enrolled in a PBX school in Dallas.

Mr. and Mrs. Felton Lambeth spent the week end with their son and family, Mr. and Mrs. Cordas Ray Lambeth and children, in Wichita Falls.

BENJAMIN NEWS

Mr. and Mrs. Red Foster from Crowell visited their son Mr. Dan Foster, Mrs. Foster and family and Mr. and Mrs. A. Golden and friends here Saturday.

Guests of Mr. and Mrs. Rufus Benson and Carl Sunday were: Mr. and Mrs. Kenneth Benson and family and Mr. and Mrs. Jerry Benson and family from Seymour; Mr. and Mrs. Vernon Benson, Mr. and Mrs. Billie Benson Billy Carl and Sheila and Mr. and Mrs. C. W. Harbert of Arlington and Mr. and Mrs. Don Kimball of Arlington.

Charles Dodd spent last week in the Baylor County Hospital with an infected tooth.

Mrs. Violet McCanlies spent Sunday with her sister, who is ill in Dickens.

Mr. Clarence Clower was in Lubbock last week to visit his son Billy Joe who was in the hospital there. Mrs. Clower returned with him after spending several days with her son in the hospital there.

Guests of Mr. and Mrs. Lee Snailum over the week end were his brother Mr. Louis Snailum and Mrs. Snailum from Aledo and Mr. and Mrs. Jerry Snailum from Pecos.

Mrs. Lillie Ryder accompanied Fort Worth Friday. She will spend several weeks with her granddaughter Kay Jones, who is still in a cast after back injury several months ago. Mr. and Mrs. Bill Ryder also visited their daughter and family Mr. and Mrs. Davie Oxford in Grand Prairie.

Mrs. Lil Moorhouse was a visitor in Wichita Falls Friday of last week.

Those from Benjamin attending the Basketball tournament at Hardin-Simmons in Abilene Friday were Mr. and Mrs. Roy Tomlinson, Mrs. Jae Barton, Mrs. Nita Jackson, Mrs. Clodell Duke, Mrs. G. H. Hudson, Mrs. Lou Leaverton and Jerry, Mrs. Bud Conner, Mrs. Lee Snailum, Mrs. Kathleen Melton, Mrs. Bobby Roberson, Mrs. Levoy Kinnibrugh, Mrs. Jerry Wiles, Mr. and Mrs. Johnny Tom Hudson, Gene Howse, Gerald Wiles and Joe Gore.

Bill Sams of Knox City was a Benjamin visitor Tuesday.

LOCALS

Mr. and Mrs. Jerry Meers visited her brother and family, Mr. and Mrs. Bob Cude and Brand, in Lubbock over the week end.

Mr. and Mrs. T. L. Montandon, Jr. and Mark of Aiken and Melvin Sessney of Lockney were guests of Miss Tennie Montandon during the week end.

Mr. and Mrs. H. S. Fatterree of Fort Worth visited her

mother, Mrs. Ellie Phillips, and brother and wife, Mr. and Mrs. Murry Phillips, last Thursday night. Mr. and Mrs. Kenny Phillips and Kenny of Dallas visited over the week end.

Mrs. Lillie Foshee of Electra visited Mr. and Mrs. A. E. Bowley last Saturday.

Miss Alice Carolyn McCarty of Irving visited relatives here over the week end.

Miss Jonni Hill of Irving spent the week end with her parents, Mr. and Mrs. J. R. Hill.

Mother-Daughter Game Night Held On February 8th

The annual F.H.A. Mother-Daughter game night was held Monday night, February 8, in the school gymnasium. Chairman for the occasion was Suzie Phillips. Mary Penick, first vice president, presided in absence of president Judy Hardin.

Sharyn Burgess gave a report of chapter projects and discussed plans for taking a tour of Vernon some Saturday in March. Tentative plans are to visit the state hospital, bakery and bottling plant.

Brenda Conwell spoke on the goals of the homemaking program in relation to homemaking as a job for the future. The mothers and daughters played a number of exciting games during which Linda Brown, official photographer for the evening, was able to get several candid shots. After the games everyone enjoyed a delicious salad buffet supper.

Present for the occasion were Misses Sandra Baty, Jan Myers, Kay Ford, Dorothy Edrington, Carolyn Wren, Marilyn Price, Sharyn Burgess, Sue Cypert, Brenda Conwell, Suzie Phillips, Mary Penick, Rosann Nelson and Mmes. Lee Roy Wren, Priston Price, Ruley Myers, H. L. Edrington, Ralph Cypert, John Earl Nelson, Ray D. Ford, John Phillips, Gene Wood, Russell Penick, Bob Brown, Nora Conwell and Penny Winchester.

Mr. and Mrs. Fred Hughes and Mike of Miami, Fla. visited her brother and family, Mr. and Mrs. Zane Franklin and daughters, several days this week. The Hughes are contemplating moving back to Texas and are looking for a suitable location.

Mr. and Mrs. Marty Mortensen and children of Abilene visited her aunt and uncle, Mr. and Mrs. Wallace Whiteley, over the week end.

W. Hughes Bowls Perfect Pin Game

The thrill of a lifetime came to Wayne Hughes of Brownfield recently when he bowled a perfect 300 game in a bowling tournament at his home town. He is a solid 190 bowler, but this was his first perfect game.

Hughes, who is employed by General Telephone Co., was bowling in the Terry County Bowling Association's 7th annual tourney.

Among awards he is to receive for this event are a diamond ring with "300" imbedded in the ruby setting, a set of white sidewall tires, a \$100 cash prize from the bowling lanes, and a large trophy from Ripley Pin Co., a "300" bowling ball from Manhattan Ball Co., and a trophy from AMB.

Hughes is the son of Mrs. J. I. Hughes of Munday.

Rates Described On Feed Grain Program

Farmers taking part in the 1965 feed grain program may get the top rate of payment on the entire acreage diverted into conserving uses if they sign up and actually divert at least 40 percent of the farm's feed grain base. O. E. Moore, chairman, Knox Agricultural Stabilization and Conservation Committee, reminded growers today.

The key figures for estimating diverted acres and diversion payments are 20, 40, and 50, the chairman explained. The minimum diversion under the feed grain program is 20 percent of the feed grain base. The maximum diversion is 50 percent of the base. And there are two diversion-payment rates.

If the grower signs up and diverts only the minimum acreage, his diversion payment will be figured at the lower rate—one fifth of the county's total price support rate (price-support loan plus the price support payment.) If the grower diverts between

20 and 40 percent of his base, the lower rate applies to the minimum diversion and the higher rate to the balance diverted. The higher rate is one-half the county's total support rate.

But if the grower signs up and actually diverts at least 40 percent of the base, the higher rate will apply to the entire acreage diverted.

Farmers signing up in both the wheat and feed grain programs may divert either feed grains or wheat under the program's substitution plan, and in this case the diversion payments will be based on the actual crop reduced. Under this plan, any acreage credited to diversion from feed grains in excess of the signed intention would be paid for at the minimum feed grain diversion rate.

The feed grain program for 1965 is basically the same as in 1964. It is voluntary and applies to corn, grain sorghum and barley. Participating farmers may qualify for diverted-acre payments and price-support payments, and they will be eligible for price-support loans on their corn, grain sorghum and barley.

Mr. Moore points out that signing up is a necessary first step in taking part in the feed grain program. The sign-up is a necessary first step in taking part in the feed grain program. The sign-up covers the period February 8 through March 26. It will be held at Knox ASCS County Office.

HOT BREAD BAKED IN YOUR OWN OVEN. The newest product on your grocer's bread rack is Mrs. Baird's Pul-A-Part Bread. Loaf bread that is not frozen, but ready to bake in just 15 minutes.

largest percentage of lives for the age groups between one and 45.

Disease of early infancy, fifth in sequence, takes its toll—of course—below the one year marker.

Pneumonia ranks sixth in the line-up of killers claiming five per cent of the deaths. General arteriosclerosis, diabetes mellitus and congenital malformations are the seventh, eighth and ninth cause of death, respectively.

Suicide is the tenth leading cause of death. It first ranked tenth in 1958. Deaths from suicide increase in number each year.

The ten leading causes of death and other vital statistics are released yearly by the Health Department's Records and Statistics Section.

Rather than being cold impersonal statistics, these figures represent your friends, neighbors and loved ones. Take these facts personally they are killers.

Mrs. Jesse Smith returned home last Sunday from a few days visit with relatives in Albuquerque, N.M. Her brother, M/Sgt. James Cameron-Stuart, brought her home and spent several days this week in the Smith home. He will report to McDill A.F.B. in Florida.

T. R. Smith of Fort Worth visited his daughters, Mrs. Lonnie Offutt, Mrs. J. T. Offutt and Mrs. G. E. Rodgers, and their families from Thursday until Tuesday.

Tax-Man Sam Sez:

Groundhog day has come and gone, and like most other years, you can guess along with the weatherman, the groundhog, and all his prophets, what the weather is going to be within the next few months.

The weather and the atmosphere may get worse and worse if you don't saddle up and ride out on that income tax return. April 15 can easily become the "Ides of April" if you don't pull all your checks and receipts up to a warm table beside the fire and get that tax return in now.

Week end guests of Mrs. J. C. Campbell were her sister, Mrs. Bill Tucker, and sister-in-law, Mrs. Lee Nelson, of Konawa, Okla., and her son, Charles Hardin of Shamrock.

Mr. and Mrs. Joe Williams and children of Ozona visited her parents, Mr. and Mrs. Jim Reeves, from Thursday until Sunday.

Mr. and Mrs. Bob Schamanski of Dallas visited her grandfather, F. L. Bowley, last Sunday. He returned home with them for an extended visit.

Mrs. Fannie Morrow visited her daughter, Mrs. Dan Flournoy and family in Odessa Thursday until Tuesday.

Mr. and Mrs. Worth Gafford visited relatives in Coleman last Sunday and Monday.

Weekly Health LETTER

Issued by the State Health Department

Ten killers are at large in Texas.

These killers aren't bandits or criminals—they are the ten leading causes of Texans' deaths.

The ten leading killers account for a giant share of 82,692 Texans who died in 1963.

The latest statistics released by the State Health Department categorize, profile and dissect the leading killers.

This is how they stack up on paper. Heart disease took the lion's share—one out of every three deaths in the State. National statistics also show the same leading cause of death.

Cancer ranks second, taking 15 per cent of the State's total number of deaths.

Apoplexy—or stroke—is classified as the third most deadly, with 11 per cent of the death total.

Accidents, as the fourth leading killer, claimed 5,999 lives, or seven per cent of the total. Death due to accidental cause takes the

Mr. and Mrs. A. C. Boggs and children spent the week end with Mr. and Mrs. Dennis Morgan and children in Lockney.

Legal Notice

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION THE STATE OF TEXAS COUNTY OF KNOX

By virtue of an execution issued out of the County Court of Knox County, Texas, on a Judgment rendered in said Court on the 28th day of October, 1964, in favor of the Plaintiff, HAROLD SHAPPELL, and against the Defendant, JOHN STRICKER, in the case of Harold Shappell against John Stricker, No. 3102 in such Court, I did, on the 22nd day of January, 1965, at 9:00 o'clock A.M., levy on the following described tracts and parcels of land situated in the County of Knox, State of Texas, as the property of the said JOHN STRICKER, to-wit:

A one-eighth of seven-eighths (1/8 of 7/8) working interest in and to an Oil and Gas Lease recorded in Volume 127, page 206, the Deed Records of Knox County, Texas, the same being an Oil and Gas Lease on One Hundred Sixty (160) acres in Block No. Two (2) of Section Ninety-five (95) of the D & H. H. R. Co. Survey, Knox County, Texas,

and on the 2nd day of March, 1965, being the first Tuesday of said month, between the hours of 10:00 A.M. and 4:00 P.M. on said date, at the Courthouse door of said County, I will offer for sale and sell at public auction, for cash, all of the right, title and interest of the said John Stricker in and to said property.

DATED this 8 day of February, 1965.

H. C. STONE, Sheriff of Knox County, Texas. 32-31c

Knox Prairie Philosopher Sees No Good Way To Avoid The Need For New Zip Code Reading Postal Gadget

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek continues to fight progress, his letter this week indicates.

J. A.

Dear editor:
According to an article I read last night, a major breakthrough in the mail delivery system is at hand. The Postmaster General says a new machine finally has been perfected to read the zip code number on an envelope, and in a year's time these machines will be in use in major post offices around the country.
As I understand it, the ma-

chine reads the zip code number on an envelope, sorts the mail accordingly, and does it at the rate of 35,000 letters an hour.

I have been thinking about this machine, and while I don't expect to get to see one for some time, after all the Munday post office might be a little hard-pressed to find a use for a machine that reads 35,000 letters an hour, unless Washington ordered Postmaster Chan Hughes to let the letters accumulate over a long period of time, and you know it wouldn't do that, if a machine can read a long string of numbers written in pencil in long-hand, there's no limit to what it can do.

Couldn't it look through the envelope and see what was inside? If so, why haul the letter across the country in the first place. Why not let the machine read it, transmit it to another machine in the town it's addressed to, and drop it in the addressee's mail box?

Understand, I'm in favor of this machine, but mankind always seems to me is always hunting for a way to whip the results instead of the cause of a problem, which explains why there are a lot more television commercials on how to cure a cold than prevent one. If we're going to flood the mails with more and more letters, certainly we need faster ways to handle the stuff, but a simpler way would be to work on the problem of cutting down on the number of letters in the first place. Mark Twain said he made it a practice never to answer a letter until after six months, and it'd surprise you how few then needed answering.

But we might as well get the postal machine going. It's for

FARM and RANCH Notes
JOE W. DOBY
 COUNTY AGRICULTURAL AGENT

Knox County wheat fields are showing the results of a heavy infestation of leaf rust. Leaf rust is spread by spores which must have living wheat plants on which to live. The winds carry the spores north in the summer to Canada where spring wheat is grown. Then in the fall, the north winds bring them back south. They infect the wheat in this area but usually are killed out by the cold weather. They overwinter in South Texas and Mexico and so are ready to start the cycle over again.

The mild winter we have experienced has failed to eradicate it from the area. Unless we can get some zero weather, the disease will probably live through the winter and cause extensive damage this spring. The only defense we have against rust is resistant varieties and this is a never-ending battle as the rust builds up new strains. We have been growing Triumph wheat for a number of years now and it seems to have little resistance to present strains.

The Irish Potato variety test will be conducted this year by Gene Thompson of Munday. Weather permitting, the plot will be planted on Tuesday, February 16, by Dr. Jack Kyle, Lubbock Research and Extension Center, Virgil Woodfin, Iowa Park Experiment Station and myself. We will have 148 lines in the test this year. It will require 5000 feet of row to plant the test.

USDA lines will be planted as well as lines from Mr. Ben Picha, potato breeder from Grand Forks, North Dakota. These lines will be evaluated in this and other tests. Those that excel will eventually become named varieties. An example of this is the russet potato which Herb Partridge grew with such success last year. It has now been named the Norgold Russet.

Another example of the value of the test to the area potato farmers was shown this year. Seed potatoes were very scarce and high priced this year so when one farmer could not secure the variety he wanted, he was able to secure another that has done well in past years in the variety test plot.

The Munday Chamber of Commerce now has mimeographed copies of recommended vegetable varieties. Planting dates for these that will enable home gardeners to have them ready for the Vegetable Festival, June 18, are also given. We need all the entries we can get to make it a big show.

Knox County has a wonderful group of dedicated volunteer 4-H Club adult leaders who contribute their time, effort and money to promote and assist the 4-H Club program. And they serve without pay.

To assist them in reducing their 1964 income taxes, there are a number of items they may claim as charitable deductions provided they itemize their deductions. Among the items are out-of-pocket transportation expenses including the cost for use of cars or trucks to and from 4-H sponsored events, necessarily incurred in rendering donated service to 4-H.

Actual unreimbursed expenses incurred by 4-H adult leaders in attending contests, training courses and other 4-H sponsored events. This includes meals, lodging and transportation expenses while away from home. Also expenses for the cost and maintenance of uniforms and emblems required to be worn in performing the volunteer service and cash contributions and contributions in kind, such as equipment, paints and other supplies. The amount to deduct is the fair market value at the time the gift was made. No deduction is allowable for the time contributed. Leaders who claim deductions by itemizing their accounts are encouraged to keep accurate records throughout the year.

Cut Livestock Shipping Losses By Careful Handling

Approximately 80 percent of the bruises which show up on beef, pork and lamb carcasses at the packing plant can be eliminated if the basic rules for handling livestock are observed. Frank Orts, Extension meat specialist at Texas A&M University, says these losses are reflected in lower prices to livestock producers at the time of sale. And, he adds, most of the bruises occur in the region of the highest priced cuts on the carcass. In the case of hogs, hams are often bruised. In cattle, it is the loin and usually the area of the short loin. The bruises are due mainly to loading chutes which permit two animals to move up but only one to enter the smaller door on the truck. This trouble spot can be eliminated by reducing the width of the chute or adding adjustable sides to make it the same width as the loading door.

Orts suggests the use of a canvas slapper instead of clubs or canes when loading livestock. Also the elimination of all protruding nails, bolts and broken boards from fences, doorways and trucks; the removal of machinery and junk from the feedlot or barnyard; the dehorning of cattle when young; the use of sand for truck bedding to prevent slipping; the use of partitions to separate cattle, sheep and hogs of different sizes and light feeding of livestock before loading them.

Livestock travel best, he adds, on a light fill and properly shrunk cattle will get a better reception at the market due to a better dressing percentage. And last but not least, he suggests that the drive to market be done carefully and kept free of sudden stops.

During this season, when weather conditions are not always the best, taking care of the little things can add dollars to the selling price of a load of livestock, he says.
