## Look To The East

By AARON EDGAR

Sadat died!

That is the way the news of Anwar Sadat's death was relayed to us by Douglas Myers, as we were about the chore of dispensing brooms, mops, dish cloths, dish rags and such on the morning of Tuesday, October 6.

We heard a brief announcement of the attack on his life in an earlier newscast, when it was merely stated that Sadat was believed seriously hurt.

This was as we were having an earlier than usual breakfast in preparation for keeping our appointment with "broom caravan" truck driver. Douglas had received the later newscast.

It was particularly shocking to us at the time, especially so soon after attempted assassinations of two others of our world leaders, President Reagan and Pope John Paul II. What in the world is the world coming to?, we ask ourself.

It wasn't our privilege to really appreciate the efforts of President Sadat and his rise to world prominence until the last few years. At first we sort of regarded him as another one of those foreign fanatics.

This idea was uppermost, we believe, right after we heard him on the TV program, Meet the Press, way back yonder.

His use of English came in a sort of unusual, heavy brogue that was extremely hard for us to understand. His hesitancy of speech, his stammering and stuttering, made it difficult for us to follow the program; hence, we formed a sort of left-handed opinion of him. As time went on, we learned just how wrong we were.

As an afterthought, too, we realized that he treated our English in a much better fashion than we could have used his own language!

He proved to be a man of high principals and high ideals. Bravely he set about the task of ending the war with Israel and influencing the nations to become friends in a large measure; yet, there were those on both sides who bitterly opposed such an idea.

He saw the futility of endless war, and even risked his life by going to Israel and "setting up the original machinery" for peace. Enmity between the two leaders gave way to friendship; and, because of their efforts for peace, each was awarded the Nobel Peace Prize.

"Theoretically the peace process can go on," we read following Sadat's death, "but the bravery, patience and good humor that Anwar Sadat brought to the process are not easily duplicated."

By his death, Sadat did one thing that never had been done before in U. S. history—he brought three former presidents together with our present leader in one common cause, that of praising a heroic leader and world-renowned figure. We can't help but believe there are now stronger ties between former presidents Carter, Ford and Nixon.

Sadat's funeral, we believe, was attended by more world leaders than any other event in world history. Only four of his staunch enemies—Lebanon, Saudi Arabia, Jordan and the Soviet Union—declined. Over 90 nations sent representatives.

Of particular interest to us was the fact that a 14-year-old South Carolina youth, Sam Brown, was permitted to attend the funeral as one of America's official delegation. There are some who cast a sort of critical eye to the fact that his trip was at tax-payers' expense.

To our notion, that money was better invested than a lot of those things receiving doles from our government!

Sam, who was Sadat's pen pal, once visited Egypt as a guest of Sadat's government. Before leaving for the funeral, he said: "I want to let the Egyptian people know that the American people are behind them, and a lot of youngsters look up to them."

The ideals and ideas gained by this youth probably will be passed on to others in his acquaintance. We would be reticent to estimate the influence for good this will have on our future leaders!

The "Lion of Egypt" is dead. His death came, ironically, not by the peace-

**JUST BEFORE STORY-TIME** these pre-schoolers posed for this photo in the homecoming department of Munday High School. This group of youngsters were guests of Mrs. Penny Winchester and the homemaking students on three different days last week. They are on back row, from left, Kristi Masias, Dione Kington, Kimberly Redden, Teddy Rueffer, Keith Kuehler and Kristina

Sanchez. In the center row, from left, are Kelly Jo Munoz, Trae Reed, Doug Edrington, Will Dutton, Brady Smith and Farel Selzer. From left in the front row, are Kacy Martinez, Zane Donoho, Corey Swan, Todd Davis, Nathan Kuehler, Keith Myers and Ryan Cottingham.

## Moguls To Open District Play At Quanah Friday Night

The Moguls enter Quanah Indian territory on Friday, October 16 for the first district game of the season. The coaching staff is issuing a special invitation to the Mogul fans to attend this game and back the Moguls. Game time is at 7:30 p.m.

The Indians are 0-5 at the present time. Thus far this season they have been downed by Childress, 20-12; Clarendon, 35-8; Memphis, 14-13; Shamrock, 14-6; and

Wellington, 35-7. Mogul coaches observing Quanah's performance stated they have made some distinct changes in both offense and defense recently.

Coach Rogers Lankford stated, "Quanah is probably going to be the only team we face this year that have players about the same size physically as the Moguls. They have pretty good speed in their backfield with Skipper Hodo, #46. He was

second in district in the 100 meter dash last year. He and Lawrence Collier faced each other four times with each winning two races.

"The Indians like to throw the ball a lot. The primary receiver is Hodo with Eddie Powell, #82, and Jody Bridges, #83, also receiving.

"We have had only one good work-out during our off-time and that was last Tuesday. The weather has been a factor, as well as

several have been out because of sickness. We did get to work on weights three days and got some work done on quickness and agility in the gym. The coaching staff has seen two films and two live games of the Indians, and we feel we should be prepared for their maneuvers both offensively and defensively."

Quanah beat the Moguls 41-12 last year, so needless to say the mighty Moguls will be looking for a little revenge.

## Soil Is Soaked By Good Rains!

Clouds that have hovered low over the Munday area for about a week finally "turned on the faucets" and have served us with a generous portion of moisture.

Coming slowly, as it did except for a heavy downpour during Sunday night, the moisture has completely soaked the soil without any appreciative runoff. Any additional rain now would result in runoff.

It all began with a nice serving of moisture on Wednesday, October 7, when an official 1.42 was recorded by Goodson Sellers, local weather observer. He also had recordings of .03, .09 and 2.31 in his report, bringing the year's total to 18.33 inches.

Portions of the county—Rhineland and Goree in particular—missed the moisture early Monday. Rhineland

reported about eight tenths, and Goree around a half inch.

Since Mr. Sellers made his official recording at 5 p.m. Monday, another good 1.50 inches fell over the area, bringing the total to 5.35 inches during the week. It is believed that all areas of

the county received moisture Monday night, as it appeared to be raining everywhere.

Roads at Henrietta, Graham and Jacksboro were reported closed Tuesday morning, possibly shutting off travel to Fort Worth and Dallas.

## School Lunchroom's Prices Are Increased

The regular board meeting of trustees of Munday Independent Schools was held on October 8, 1981, with the following members present:

Philip McAfee, Robert Hosea, Byron Gass, Spike Bryan, Larry Thompson and Supt. Douglas Myers. Absent: Kenneth Hendrix and John B. Reneau III. Motion made by Bryan and seconded by Thompson to accept previous minutes as read. Carried.

Motion made by Gass and seconded by Hosea to pay all bills as listed. Carried.

Motion made by Bryan and seconded by Thompson that the following names be submitted to the County Clerk to appear on the ballot as candidates for directors of the Knox County Appraisal District: 1. Byron Gass; 2. W. R. Moore Jr. Motion carried.

Motion made by Gass and seconded by Hosea to raise lunchroom prices to the following, because of cuts in Federal reimbursements, to be effective October 19, 1981. Carried.

Elementary, from 50¢ to 65¢; Junior high and high school, from 55¢ to 70¢; reduced price lunches, 40¢; reduced price breakfast, 30¢; regular breakfast, 45¢.

Motion made by Hosea and seconded by Thompson to purchase new copy

machine for the superintendent's office. Carried.

Motion made by Thompson and seconded by Bryan to install telephone in the vocational ag shop. Carried.

## New Munday Business Now Open

An eating establishment called Starvin Marvin's, located in the building formerly occupied by the Dairy Treat and Wally's #2, is now open. Hours are 10 a.m. to 10 p.m., Monday through Thursday, and 10 a.m. to 11 p.m. Friday and Saturday. The cafe will be closed on Sunday.

Pat and Reta Wheeler and their ten-year-old son, Roger, moved to Munday recently from Abilene, and will operate the new business. Mrs. Wheeler is also attending L.V.N. school in Seymour.

The Wheelers have ten years experience in the cafe business in Denver City, Brownfield and Levelland. Mr. Wheeler stated, "We will specialize in fast service and quality food. There will be a drive-up window for your convenience. We invite the people of this area to eat with us."

The building has been completely remodeled.

## United Fund Workers Now Ready To Begin

The Munday United Fund Budget Drive for 1982 began with a "Kick-off Coffee" last Tuesday at 10:00 o'clock in the Munday Chamber of Commerce Office. Workers in the fund drive picked up envelopes containing the names of persons they were asked to contact.

The workers, all volunteers, are asked to make their contacts as soon as possible. It is the hope of the United Fund Board of Directors that the campaign will be completed in two weeks. To achieve this goal, reports of workers need to be made by October 27 to Mrs. Jerry King, executive secretary, who will be in the Munday Chamber of Commerce office much of the time during the period of the drive. If Mrs. King is not at the office there will be someone there to receive the report.

"One gift works many wonders--when you give the United Way." Eleven agencies receive funds from the Munday United Fund. These have been publicized earlier and workers will have a list of them. If there are any questions persons should contact the Board of Directors. The Rev. Ivan E. Allen is

chairman. The Budget Drive goal for 1982 is \$7265.00. This is an increase of 6.8% over the amount raised for 1981. All persons in the community are invited to join in the Fund Drive this year. Make it easy for the volunteer workers by being ready to make your gift when they knock on your door.

As we hear on radio and television, "Thanks to you--it works for all of us--The United Way." \*\*\*\*\*

## Lions Club Broom Sale Successful

Members of the Munday Lions Club concluded a very successful broom sale on Tuesday morning, October 6, in cooperation with the Lions Caravan Sales for the Blind in Fort Worth.

Several club members met with the Caravan representative, Mr. Dunn, shortly after 7 a.m., and assisted in conducting an inventory of merchandise. By 8 a.m. others had assembled and started loading their pickups for the house-to-house canvas.

Five teams worked the several sections of town, while one also remained at the truck to assist in sales. A good turnout of Lions made it possible to man the pickups and conduct the sale in a hurry.

Even then, a few would-be buyers were not contacted, as usual. Each year it seems impossible to see everyone, regardless of efforts to do so. Brooms, mops, brushes, ironing board covers, dish rags and cloths and other related objects made by the blind were purchased by local people, in cooperation with local Lions.

Money derived from the sale will go to benefit the several projects sponsored by the Munday Lions Club, such as the Lions Camp at Kerrville, diabetic camp, Lions International relief projects, state and district projects, and others.

Club members are appreciative of the response given their efforts, which has made it possible for the annual broom sale to be held for over 26 years.

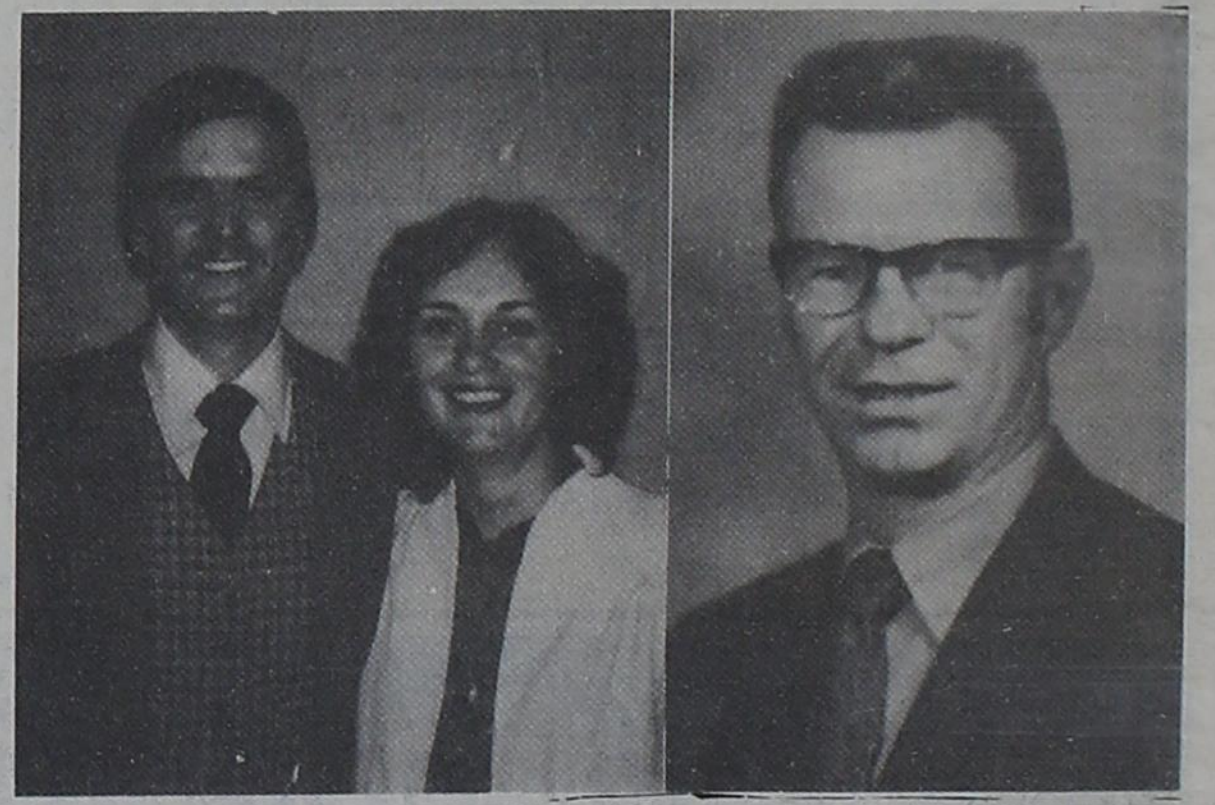

## Ambulance Report For September

Eleven calls were completed by Munday Ambulance Service during the month of September. The total for the year thus far is 130.

September charges total \$475.00. Charges for 1981 as of October 1 are \$7,540.00, according to Bobby Hutchinson, Munday Ambulance coordinator. \*\*\*\*\*

## Tax Representative In Munday Oct. 20

Comptroller Bob Bullock will have a representative in Munday on Tuesday, October 20 to meet with local taxpayers. If you have a question or need assistance with your state taxes, you may come by the Munday City Hall between 1:30 p.m. and 3:30 p.m. on that date.

## Spiritual Growth Services Planned By Local Church

Rev. Bill Wright and Rev. and Mrs. Derrell (Sandy) Patterson will be the leaders for a series of Spiritual Growth Services October 18-21, 1981 in the First United Methodist Church in Munday. The services will begin on Sunday evening, October 18th at 7:00 o'clock and continue through Wednesday evening. Services Monday through Wednesday will be at 7:00 a.m. and 7:30 p.m. A continental breakfast will be served at each of the morning services.

"We extend a cordial invitation to the people in the area to be present for these services of worship and growth in the Christian faith," the Rev. Ivan E. Allen, church pastor, said. "We feel that many will want to have the opportunity to hear these two home-town boys."

Rev. Wright, pastor of the First United Methodist Church in Childress, was a member of the Munday church when he entered the ministry in 1960. He received degrees from McMurry College in Abilene and Perkins School of Theology in Dallas. He has given active leadership in the Northwest Texas Annual Conference in addition to the effec-

tive leadership he has given in the churches he has served. He married the former Peggy Smith of Gonzales, and they have four children.

Rev. Patterson is pastor of the Faith United Methodist Church in Vernon. He lived in Munday and was a part of the Munday church until he moved with his parents to Seymour in 1965. He is the grandson of Mr. and Mrs. Clifton Patterson, who are members of the Munday church. He is a graduate of McMurry College and Asbury Theological Seminary in Wilmore, Ky. He participated in several musical groups during the time of his preparation for the ministry. He completed his seminary training in 1980, and is in his second year as pastor of the Faith UMC.

Mrs. Patterson will accompany her husband in leading the music for the services. She is a native of Michigan and has degrees from Taylor University in Indiana and Asbury Theological Seminary in Wilmore, Ky. She and Derrell met and married while in seminary. They have a son, Douglas, who is two.

### Lions Observe World Lions Day Thursday

A representative group from the Munday Lions Club gave a brief program for residents of Leisure Lodge at 3 p.m. Thursday in observance of "World Lions Day".

This is the annual date, October 8, when the 1.3 million members of some 35,000 Lions Clubs embracing every nation in the world are participating in unison.

Local Lions participated in singing several religious hymns, with residents of the lodge being invited to join in the singing. Ladies of club members prepared four gallons of homemade ice cream which was served with cookies to those present.

Around 12 members of the club took part in this observance.

**A GROUP OF WORKERS** present for the kick-off coffee for the United Fund Drive are pictured above. Workers gathered at the Chamber of Commerce office Tuesday morning to pick up their envelopes and begin

collection for the Munday Area United Fund. The campaign has officially opened and will continue through October 27.

### Public Forum In Regard To Older Texans

Forums are being held in major Texas cities to obtain public comment on the Long-Term Care State Plan, a statement of public policy for older Texans.

The goals address individual and family responsibility, private interests and government roles in health and social services for a variety of in-home, community and nursing home services.

The Abilene forum begins at 9:00 a.m., October 14, 1981 in the Moody Student Center, Room 208 at Hardin Simmons University. It will last until 12:00 noon.

Public attendance is encouraged.

## HASKELL EDGES ELECTRA TIGERS

Haskell's Indians came from behind Friday night at Electra to edge out the Tigers 8-7 in a non-district game.

Electra took the lead late in the second quarter when halfback Perry Dupree scored on a seven-yard dive play. Troy Craighead kicked the extra point.

Curtis Forehand scored for the Tigers on a 16-yard sweep with just 1:53 left in the game. Despite a fiery Electra defense, the Indians decided to go for the two-point conversion. Forehand barely made it into the end zone to insure the victory.

The Indians, now 3-2 for the season, had 11 first downs and 189 yards total offense on the ground, and lost two fumbles during the game.

## KNOX CITY DOWNS JAYTON JAYBIRDS

Knox City went to Jayton Friday night and downed the Jaybirds 19-7 to keep their 2-0 district 4-A record clean.

The Jaybirds managed only eight first downs and 112 yards total offense, and their only score came on a pass interception late in the game.

The Greyhounds took advantage of a fumble in the first quarter to set up their first score. Tyke Meinzer recovered the fumble at the

Jayton 24. A pass interference penalty gave them a first-and-goal on the three. Ricky Gutierrez carried over.

The Hounds upped the score to 12-0 with a four-yard run in the second half. Steve Lynn scored on a five-yard drive in the fourth period for his team's final touchdown.

Knox City is now 4-1 for the year, and 2-0 in district.

## GORREE WINS OVER VERNON NORTHSIDE

The Goree Wildcats continued undefeated in District 3-A six-man action Friday night by defeating Vernon's Northside 38-31 Friday night at Vernon.

Joe Bob Gray and Robert Lee Mayes had two TDs each for Goree, and Robert Arismendez and Kent Urbanczyk accounted for one each. Arismendez also scored one point after.

Northside's Clint White, Brad Hatchel, Joe Dobbs and Harlan Moore each scored a six-pointer to add to their 31-point score.

## RULE BOBCATS WIN OVER CHILLICOTHE

Leon Greeson, quarterback for the Rule Bobcats, scored two touchdowns and passed for two others Friday night to lead the undefeated Bobcats to a 47-12 score against the Chillicothe Eagles. The game was played on Bobcat Field.

Although outclassed by

their host team, the scrappy Eagles scored their first counter with 45 seconds left in the half, and again when Jay Sanders scored on a nine-yard run with 5:20 left in the game.

The hapless Eagles are now 0-5 overall and 0-2 in district play.

## QUANAH DEFEATED BY SKYROCKETS

The Quanah Indians suffered another loss Friday night. This was in the 35-7 defeat at the hands of Wellington's Skyrockets in their final non-district game.

# Munday JV Loses To Knox City

by Coach Kingston and Coach Redden

Munday Junior Varsity faced Knox City-O'Brien JV last Thursday night at O'Brien. Knox City-O'Brien won the game 46-0.

The performance of the Munday team was not as bad as the score would indicate. Paul Wright, our quarterback, had probably his best game of the year offensively and defensively. He gained good yardage on several big plays.

Other offensive players who did well were Greg Sepeda, Jim Earl Dockins, Jamie Vasquez and Abel Sanchez. We moved the ball deep into Knox City territory three different times but were unable to score.

We were hampered somewhat by illnesses of our boys last week, and are looking forward to this week when we play Quanah here.

Although the score was one-sided, the Munday players never gave up, and were hustling at the end of the game. We were pleased at this.

# 7th, 8th Grade Tangle With Knox City-O'Brien

BY Coach Bill Dennis

We met Knox City-O'Brien on their field last Thursday and brought home a win for the 8th grade, 24-6. Our 7th grade team lost to their opponents 24-0.

The first half of play in the 7th grade game ended with a score of 14-0, with the other two scores coming in the second half.

During the first half of the game, our 7th grade did not play well. We took the opening kick-off, moved pretty well, and fumbled. The boys didn't handle that adversity very well.

The second half was a different ballgame. Our kids came out not dwelling on their mistakes in the first half, and played a more intense second period. Even though they gave up two touchdowns, they did a pretty good job.

In the first part of the fourth quarter, we were driving, had a situation that called for a pass, and had it intercepted. That stopped our drive.

I really had split feelings about the game. I was real disappointed in the first half, but then I was pleased with the way they came back in the second half.

Quanah comes to Munday this week. They won over our 7th grade 16-0 when we visited them earlier in the season.

The first part of the 8th grade game we played with what I would call somewhat flat emotions. The boys were coming off the big win the week before, and had beat Knox City-O'Brien handily earlier in the season. They were not really mentally prepared when they went to O'Brien.

It took a touchdown scored by O'Brien and them having the lead in the first quarter to awake the sleeping giant.

On the first play from scrimmage after receiving the kickoff, Todd Thompson went about 60 yards on a very well executed option play by Dent Offutt. A pass from Dent to Ryan Wright made the score 8-6 in the Braves' favor at half-time.

Our defense had been playing very tentatively the first half, but in the second half the defense rose to the occasion and started playing better football.

Tim Collier scored a touchdown in the second half and Dent also scored. Two

conversions were also completed. Recorded details on the scoring were sketchy, but we won 24-6.

The 8th grade has a good test for them this week. As our readers remember, the game with Quanah earlier in the season ended because of lightning, with Munday 6-0 against their opponents. The Quanah boys will have an intensity when entering the field here against us this week because they felt they received the bad end.

This should be a very interesting contest. After three weeks on the road we will be home to play and we invite the local people to come to the games. Seventh grade will begin at 5 p.m., with the 8th grade and Junior Varsity following.

# Goree Fund To Accept Memorials

The extensive remodeling of the Goree Memorial Building is progressing, but funds are still needed. Memorial gifts are being accepted now with your contribution being acknowledged, according to Mrs. Taylor Allen, committee member.

At this time the kitchen is very near completion, and workers are in the process of paneling the walls and lowering the ceiling. The floor covering will arrive soon. They are in hopes they can be finished around the first of November.

A great deal of hard work was put in on the community-wide garage sale, but it was very profitable and gave the fund a good boost. Proceeds from a softball tournament also helped with the work done thus far, but it is not enough to complete the project. All donations may be handed or mailed to Mrs. Taylor Allen, Rt. 1, Goree, Texas 76363.

Plans are to begin serving meals to senior citizens two days a week when the remodeling is done. This building is used by area people for many occasions and the renovations will be welcomed.

### 28 Participate In Partnership Golf Tourney

Twenty-eight interested and enthusiastic members of the Lake Creek Golf Club participated in the second annual Dick Moore Handicap Partnership Tournament held on the local course last Saturday and Sunday.

The group was divided into two flights—Championship and Barber—with placings at the end of the tourney being as follows:

Championship Flight - Bobby Burnett and Red Hurst, first; Wayne Bufkin and Alvin Michalik, second; Bruce Burnett and Von Marr, third; Jack Nuckols and Dick Moore, fourth; Felton Jackson and Bully Ratliff, fifth; Raymond Carden and Ed Jetton, sixth; and Goodson Sellers and Keith Offutt, seventh.

Barber Flight - Ruddy Latham and Jeff Anderson, first; Gaylon Albus and Weldon Smith, second; Louis Wise and E. B. Littlefield, third; Wilkie Guinn and Travis Lee, fourth; Wayne Zeissel and Charles Baker, fifth; Daniel Ramirez and John Phillips, sixth; and Oscar Cypert and M. L. Wiggins, seventh.

Prize winners in the various contests were not announced.

### Higher Postage On The Way

Get ready for the 20-cent! The U. S. Postal Service put 53 billion 20-cent stamps on sale Tuesday, although the postal rates will not go up until November 1. People were asked to buy stamps earlier in order to avoid lines at the post office.

Instead of having 20 cents on them, the new stamps will bear the letter "C", this being the third time the Postal Service has issued a stamp without the denomination because the stamps were printed before it was known how much the postage would be.

The brown-and-white stamps, they say, are for domestic mail only, because foreign postal agencies don't like stamps without a denomination printed on them.

### PUBLIC NOTICE

Brazos Electric Power Cooperative, Inc., in accordance with provisions of the Public Utility Regulatory Act of Texas, hereby gives notice of the Cooperative's intent to implement a new schedule of wholesale electric service rates, effective October 31, 1981, or as soon thereafter as permitted by law.

The proposed rate changes, all at the wholesale level, will affect all Brazos' member cooperatives and interconnection customers and are expected to result in an approximate 6.12% increase in gross revenues when compared to a test year, April 1, 1980, through March 31, 1981.

The increased revenues are necessitated primarily by a newly constructed lignite-fueled generation plant, mine, and associated transmission line providing electric power to the Brazos System consumers.

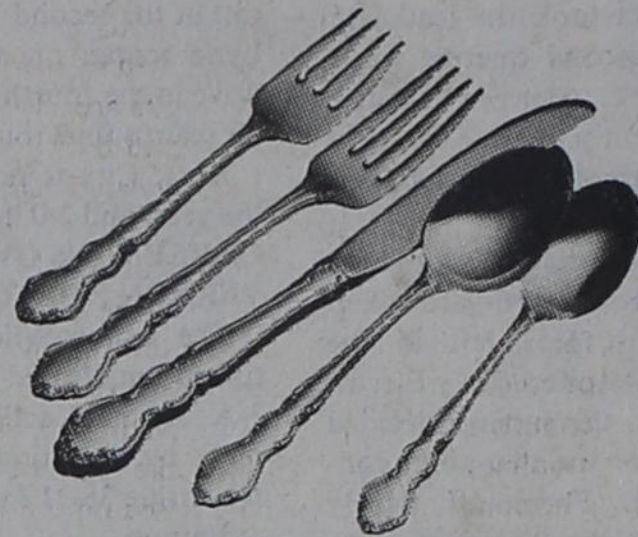

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected member distribution cooperative and interconnection customer of the Brazos System. It is available for inspection at the Cooperative's offices in Waco, Texas.

during the weekend were the Butch Youngs of Grand Prairie. MORE SCHOOL NEWS In the write-up of the high school favorites, I omitted the friendliest couple, Sheila Jones and Mike Bufkin. My congratulations to both these students.

## Knox County To Benefit By Road Funds

State Treasurer Warren G. Harding announced today that early next week \$25,770,675.15 will be distributed to the 254 Texas counties. These funds are the Lateral Road Fund administered by the State Treasurer's office as allocated by the sixty-seventh legislature.

The Knox County allocation is \$63,153.38, and the funds will be used for the construction and improvement of county roads. The lateral road fund is comprised of monies derived from gasoline taxes collected at the pump. The county allocations are based on the county square mile area, the rural population, and the county lateral road mileage. Expenditures of the funds are reported by the counties to the State Treasurer.

Treasurer Harding stated that the distribution includes money appropriated for fiscal years 1980, 1981 and 1982, as well as interest earned on these funds. The 1982 funds are being distributed now rather than at the completion of the fiscal year.

This was a bill sponsored by State Rep. W. H. (Bill) Heatly of Paducah, and was vetoed by the Governor in 1979.

Mr. Heatly stated by telephone Monday: "Following the veto, I solicited the help of county judges over my district, and this resulted in a 'special bill' which was signed by the Governor in 1981."

Following the first allocation, Mr. Heatly stated that Knox County will receive around \$30,000 each year thereafter.

## Preschoolers Enjoy 'School' Planned By FHA Members

Twenty pre-schoolers were invited by the Munday FHA members to be their guests at a special planned "school" just for the little ones. Mrs. Penny Winchester and members of the homemaking classes certainly went all out with planned activities and snacks for their special guests.

The pre-schooler days were Monday, Wednesday and Friday of last week. The children had an opportunity for free play as well as time with blocks, cars, trucks, dolls and play dough. The pre-schoolers also made ceramic ornaments in the shape of dogs, frogs, cars, airplanes and vans.

Story-time was a pleasant experience with a variety of stories told to the children by several members of each class. One of the classes presented a skit on "The Three Little Pigs" for the pre-schoolers.

Refreshments included cupcakes, chocolate chip cookies, punch, and gingerbread boys and girls made and decorated by the students. This is a very pleasant time for both the children and the students. Mrs. Winchester feels that it serves a definite purpose in that it provides an opportunity for the students to work with children.

## Cotton Ginnings Now 1,643 Bales

Cotton gins were idle last Monday in the Munday area, when a survey of ginnings was made by The Courier.

The survey of the four area gins revealed that a total of 1,643 bales had been ginned prior to the rainy spell which set in on Saturday. The gins had been supplied by harvesting of dry land cotton which had been defoliated earlier.

Although the moisture halted the cotton harvest, it is being hailed as "a lifesaver" in other respects.

## November Is Courier Renewal Time

With over one-half of The Courier's renewals due in November, it would take a great deal of time and a number of postcards to notify everyone that their paper would not be forthcoming without a renewal being paid.

The publisher and staff of The Courier would appreciate it very much if you would come in at your earliest convenience and renew your subscription.

Remember to look on the top of your paper and if it has 11/4/81, it is now time to renew so you won't miss a copy of your Courier.

## Wedding Vows Exchanged By Christi Clem, Daron Parker

Christi Clem and Daron Parker exchanged wedding vows in a double ring ceremony in The Believers' Chapel on Sunday, October 4, 1981, at six o'clock in the evening. Ted Oliver of Mineral Wells performed the ceremony.

The bride is the daughter of Mr. and Mrs. Freddie Kiser. Mrs. Lillie Parker and the late Oscar Parker are parents of the groom.

Robyn and Lori Clem, daughters of the bride, entered before the bride with baskets of flowers. They were dressed in identical floor length dresses. The fabric design was tiny bouquets of flowers in the bride's chosen colors of apricot, baby blue and yellow on a white background.

The bride was escorted by her son, Christopher Clem. She was dressed in a floor length gown designed in a peasant style of off-white fabric accented with a lace yoke. She carried a bouquet of apricot, baby blue, off-white and yellow flowers.

Ann Kiser, sister-in-law of the bride, was matron of honor. Her dress was in pale blue, designed in fabric and style identical to the bride's dress.

Serving as best man was Larry Tomlinson.

The couple stood between beautiful containers of ivy to repeat their vows. The bride and groom took communion following the ceremony from a gold communion set, and lit the community candle. Immediately following the ceremony the couple faced the audience and all sang "Bind Us Together".

Pianist was Judy Underwood of Goree. She, Kristi Underwood of Goree and Elizabeth Bartley of Seymour sang "Surround Me With Love" and "Whither Thou Goest".

A reception was held in the fellowship hall of The Chapel following the ceremony. Friends and relatives planning the reception included Jeanie Wren, Cindy Thompson, Pat Owens, Brenda Smith, Judy Underwood, Ann Kiser, Susan Emerson and the bride's mother, Mrs. Jean Kiser. Sharron Kiser, sister-in-law of the bride, registered guests. Mrs. Tommie Crawford was photographer.

The bride's table was centered with the bridal

bouquet. The four-tiered wedding cake was topped with a dove and small arrangement of flowers in the bride's colors. Frosting flowers in the chosen colors accented the white frosted cake. The bride's mother baked the cake, and Judy and Kristi Underwood were the decorators. Servers were Jeanie Wren and Cindy Thompson.

The groom's table was covered with a dark apricot cloth and centered with an arrangement of flowers in apricot hues. A cinnamon-nut cake, mints and nuts with coffee were served by Kelli Wren and Pat Owens.

Crystal and silver appointments were used at both the bride's and groom's table.

## Autopsy Report Received On Camarillo

According to Gene Nix, Knox County deputy, an autopsy report has been received on Carlos Camarillo, the Mexican National found dead in a rural residence recently.

The Childress Pathology Lab ruled the death to be due to mixing over-the-counter diet capsules with alcohol. The body has been transferred to Old Mexico for burial.

Weekend visitors in the home of Mr. and Mrs. Boyd Baker were Robbie Baker and Loyd Dunn of Denton.

Please call your news to The Courier, 422-4314 by Tuesday noon.

THE SEVENTH ANNUAL ALLSUP'S marathon was held in Clovis, New Mexico this past weekend with approximately 400 runners competing. The race, sponsored by Allsup's Convenience Stores, attracted contestants from Puerto Rico, Colorado, California, Arizona, Texas, Oklahoma, Florida, Louisiana, and Maine. It is sanctioned and certified by the Amateur Athletic Union (AAU) which allows for the setting of state records. George Chavez, teacher from Tucumcari, N.M., crossed the finish line first. He completed the 26.2 mile course with a time of 2:35:31.7. A new state record of 31:38.6, a little more than a minute less than the standing record, was set by Joe Ortiz of Portales, N.M. in the 10K.

## New Interest Rates For USDA's Farmers Home Loans

The Farmers Home Administration in the U. S. Department of Agriculture has started charging higher interest rates on several of its loan programs as a result of legislation enacted by Congress.

Dwight O. Calhoun, Acting Associate Administrator of FmHA, said higher rates are required for community facility, water and waste disposal, emergency farm and limited resource farm loans. The changes were included in the budget reconciliation bill passed by Congress just before the August recess.

In addition to the new rates, the use of prime farmland for development purposes will be more costly in

some cases under provisions of the 1981 legislation. Calhoun cited as an example and extra 2 percent interest on loans used to finance community facility and certain other projects on "prime" or "unique" farmland.

"Prime" farmland is described as having the best combination of physical and chemical characteristics for producing food, feed, forage, fiber and oilseed crops. It also must be available for those uses.

"Unique" land is other than prime land having special combinations of soil quality, location, growing season and moisture to economically produce high quality or yields.

## General Telephone Installs New Coin Phones In Munday

New coin telephones have been installed in Munday, and along with them comes a change in placing long-distance calls, according to Bill Drennan, General Telephone's Brownwood division manager.

"The instructions, which have been change only slightly, will reduce the amount of time a customer spends placing a long-distance coin phone call," he said.

Under the new procedure, an operator will request change from the caller while the long-distance call is being processed. If the called party is not available, the operator will refund the money.

Previously, an operator was required to wait until the called party was on the line before requesting change from the caller.

Coin phone instructions for dialing local calls have not changed, Drennan noted.

Munday is one of 399 exchanges in General Telephone's four-state service area.

"One gift works many wonders when you give the United Way" is the theme of this year's United Fund Drive.

### Communication

Great advancements have been made in communication, that is, the transfer of messages from one place to another. Fifty years ago radio was in a pioneering stage and crank type telephones were common in this area. Twenty-five years ago many people were adding a picture to the radio broadcast with pictures in black and white. Today we receive telecasts in our homes in living color.

While there has been great improvement in our ability to transfer messages, communication is more than that. Communication, to be effective, depends on accurately receiving the message and following any instruction which may be given. And when things go wrong, we quite often say, "There was a break-down in communication."

God desires to communicate with people. He is constantly sending out messages to people in the world, but his communication is not complete until we receive, acknowledge and follow the message he has sent. The Christian's first line of communication is with God, but there is another line of communication in the Christian faith that is important—the communication with other people.

Jacob met and communicated with God near the stream Jabbok as he journeyed toward his homeland. (Read Genesis 32) Jacob had cheated his brother, Essau, and fled to Haran where he became a herdsman for Laban. He married two of Laban's daughters. One day Laban realized that all his property was coming under the control of Jacob so Laban asked his son-in-law to leave the country. Now Jacob was afraid to go home because of his brother Essau, but having nowhere else to go, he started for home.

Jacob received the message that Essau was coming to

meet him. His fear mounted and near the Jabbok that night he struggled with God. In that struggle Jacob was brought face to face with the truth about himself. He recognized his deceitful ways and he received a message from God, "Your name will no longer be Jacob, but Israel, for you have striven with God and with men and have prevailed." (Gen. 32:28) Jacob was made a new person with a new name, and he responded: "I have seen God face to face and yet my life is preserved." (Gen. 32:30)

Jesus emphasized the need for communication with God, talking with God and listening to him. On several occasions he instructed people to be persistent in prayer. "Always pray and never give up." Keep the lines of communication open between yourself and God.

We must also keep the lines of communication open between ourselves and other persons. The Apostle Paul wrote to Timothy giving him some instructions for serving in the Christian community. He said, "Preach the word, be urgent in season and out of season, convince, rebuke, and exhort, be unfailing in patience and teaching." (2 Tim. 4:2) He went on to say, "Always be steady, endure suffering, do the work of an evangelist, fulfill your ministry." (2 Tim. 4:5)

The message of these words is that we are to proclaim (or communicate) God's word of truth each day to people we meet. We should be prepared at all times to share our faith. Are we? Are we advocates of living the Christian life or do we grow impatient with others? We are communicators of God's love to people in our community as well as many people around the world.

Effective communication with others involves hearing the cries of people who hurt and responding to their needs in faith and love. Many people in our world are crying out in need, crying out

because of injustice, cruelty, hunger or sickness. As Christians, do we complete the communication—do we hear?

We must keep the lines of communication open between ourselves and God. This is primary. When we truly keep this line open, we will have little difficulty keeping a line open between ourselves and others. Through prayer God leads us into His way.

### FHA Has First Meeting Of Year

The Munday FHA chapter held their first meeting of the year recently. The main order of business was to discuss the selling of turkeys. The members are now taking orders for these smoked turkeys at \$16.95 per turkey. If you would like one, contact a member of the Munday FHA.

Members also selected chapter mothers and the chapter beau for the year. Mothers are Leona Elliott, Rose Marie Brown, Mary Cartwright and Betsy Zeissel. The beau for the 1981-82 school year is Stan Decker.

### Greasy Kid Stuff Fine For Elderly

Petroleum jelly is being touted as boon to older persons. It's not for their hair, but for their skin, which, as it ages, becomes drier. And dry skin, say dermatologists, can lead to serious infections.

"That why we're telling older persons to keep their skin greasy even if it doesn't always feel so good," Pamela Jones of the National Institute on Aging said.

Petroleum jelly and almost anything with lanolin and petrolatum are considered excellent. What is not advisable, according to Mrs. Jones, "is spending a lot of money on something that smells nice but doesn't really do as much for you as the petroleum jelly."

She added, "Why, we are even recommending household cooking oil over the expensive balms. They are good and greasy and will work."

On the other hand, the Institute on Aging recommends against putting oils in bath water. While it's good for the skin, it's dangerous to the bather whose chances of slipping in an oily tub increases with each drop of oil.

### Jerome Kane, Former Weinert Resident, Dies

Jerome K. Kane, 85, former longtime resident of the Weinert area, died suddenly on Wednesday, October 7, at his home in Waco.

Mr. Kane was born on March 14, 1896, in Kirk, Texas, and moved to Weinert with his parents at an early age. Upon reaching manhood, he farmed with his father for some time. Together they grubbed out a portion of land on the McGregor property east of Weinert, where they set up farming.

Following his marriage, he and his wife continued to live near Weinert until 1941, when they moved to Waco to make their home. Mrs. Kane preceded him in death several years ago. He was a member of the Baptist Church.

Funeral services were held at 2:30 p.m. Friday from the Connally-Compton Funeral Home Chapel in Waco, with Rev. Circle, pastor of the First Baptist Church, officiating. Burial was beside his wife in Oakwood Memorial Cemetery in Waco.

He is survived by one son, Jerome H. Kane of Munday; a daughter, Mrs. Gloria June O'Connell of Houston; one sister, Mrs. Mattie Reid of Abilene; six grandchildren and 11 great-grandchildren.

### Munday Garden Club Holds Annual Luncheon

Members of the Munday Garden Club held their annual fall luncheon at the First United Methodist Church fellowship hall on Tuesday, October 6. The members were pleased to have Barbara Fitzgerald as their special guest for this, their first meeting of the year.

Arrangements of autumn berries and leaves centered each of the dining tables, with containers of lovely flowers in fall colors artistically placed on the serving table and throughout the room.

A very interesting history of the Munday Garden Club

### Lung Assoc. To Kick Off Campaign

The North Texas Lung Association will kick off its 1981 "Christmas Seal" Campaign on October 22. Christmas Seal income is the primary source of funding the North Texas Lung Association.

Christmas Seals have been a family tradition in homes all across the country for 77 years. Some 92 million sheets of Christmas Seals have been, or are being mailed into 60 million homes this year.

was presented by Mrs. Sarah Offutt. The club was formed in 1965 at a meeting in the home of Mrs. Alma Braley.

Charter members of the club who were present for the luncheon included Bera Spann, Christine Nelson, Ethelyn Sellers and Flora Lee Floyd. Each of these ladies was presented a lovely corsage made of various colored leaves and nandina berries.

Members in attendance enjoyed an exchange of summer yard stories. Mrs. Marjorie Kirschner has added to her front yard a Chinese tallow tree which was about four feet tall at the time of transplanting. The summer growth has been very satisfactory, and she now has a tree which stands well over her head. It is a species that is supposed to be especially pretty as the leaves turn in the fall. Others reported swarms of monarch butterflies and also hummingbirds which they have enjoyed. Some members reported the most noticed items they had in their yard, it seemed, were "just kids."

Present for the initial meeting were Muryse Stone, Bera Spann, Katherine Moorhouse, Tommie Adams, Marjorie Kirschner, Flora Lee Floyd, Ethelyn Sellers, Becky Offutt, Sarah Offutt, Louise Amerson, Cordell Of-

futt, Bessie Shannon, Christine Nelson, Jessie Roberts and Linda Latham, president.

A very interesting program has been planned for the

year, and was reported on by Becky Offutt.

The Garden Club welcomes new members. If you are interested, please contact any of the members listed.

## SCS Provides Info On Regulating Reservoirs

Regulating reservoirs are used in sprinkler systems with multiple low producing wells. A booster pump delivers the water from the reservoir to the sprinklers.

What are some of the advantages of a regulating reservoir?

(1) Reduction in irrigation costs is a major advantage. Small units pump water from the wells in low pressure pipes. Only the booster operates at high pressure.

(2) The irrigation system is more efficient. Maximum yield can be obtained at low pressure without pumping air.

(3) Water waste is cut since the system operates at optimum pressure, thus distributing water more evenly.

(4) It takes less time to operate sprinklers from collector systems.

There are four kinds of reservoirs primarily used; reinforced concrete, steel and

fiberglass tanks, and earthen pits. A decision on which tank size or design to use will depend largely on the type soil and sprinkler system the producer is using. A reservoir 5 feet high and 20 feet in diameter will hold 11,000 gallons; a 5-foot by 30-foot reservoir will hold 25,000 gallons.

A multi-well system required careful planning for maximum soil and water conservation. For more information, contact the Soil Conservation Service, which works through your local soil and water conservation district.

Mr. and Mrs. Haden Miller of Huntsville, Alabama; Mr. and Mrs. Hollis Marks of Florence, Alabama, and Mr. and Mrs. G. E. Rogers of Abilene were visitors with Mr. and Mrs. Lonnie Offutt and the J. T. Offutts several days last week.

## QUICK TIPS SOLVE LUNCH BOX BOREDOM

It's the same old challenge—how to make a home-packed lunch more exciting. Whether they're for the children's lunch boxes or the office "brown bagger," home-packed lunches can be made exciting and tasty by following these four basic rules: (1) good nutrition (2) good taste (3) portability and (4) an occasional element of surprise.

### How To Pack Foods

Lunches can be packed in a variety of containers—everything from an elaborate insulated lunch box to a brown paper bag. An "official" lunch box does offer some advantages. It is a better insulator, keeping cold foods cool and hot foods warm (which not only taste better but also are safer). A lunch box is also easier to keep clean and sanitary.

If you do use paper bags, buy them specifically for lunches and don't reuse them. Food leakage and other items which might be placed in the bags can cause food contamination or insect infestation.

Liquid foods like soups or stews can be packed in wide-mouthed vacuum jars. Solid foods like vegetable dips, cottage cheese or salads can be packed in small containers like margarine tubs or in those designed for lunch box use. A freezer pack also helps keep lunches cold when there's no refrigerator available. Buy one designed for this purpose or improvise by filling a tight-closing container with water and freezing it.

New treatment of food can also solve packing problems. For instance, split unfrosted cupcakes horizontally and put the frosting in the middle, sandwich-style. This allows cupcakes to be wrapped without disturbing the frosting.

Foods that are packaged in individual servings can be a boon to lunch packers.

Try treats like individual servings of pudding or individual bags of snacks. Tuck in something like Nature Valley® Light & Crunchy™, a new, all-natural snack food which comes with six individual one-ounce pouches per box. Ready to pack, these puffs of toasted corn covered with a crunchy granola are enjoyed by adults and children in any of the three flavors: Peanut Butter, Cinnamon, and Oats & Honey.

What's There To Eat? Sandwiches are a good start. To save time in the morning, make a week's worth of sandwiches ahead of time and freeze them. When ready to use, just take a frozen sandwich and pack. It will thaw by noon. In the meantime, it will help keep other foods cool.

When freezing sandwiches, keep these tips in mind: • Spread bread with a thin layer of butter or margarine to prevent the filling from soaking into the bread. • Beware of mayonnaise and salad dressing. They soak into the bread and also may spoil in warm weather.

Use rye, pumpernickel, sourdough breads, bagels or buns for sandwiches. Blend butter or margarine for sandwiches with curry, mustard or minced parsley to liven them up.

Brighten lunchtime settings by tucking in colorful paper napkins, plastic utensils and plates.

It is easy to make an appealing home-packed lunch quickly when following these simple suggestions.

## Oil and Gas Drilling Report For September

Texas operators reported 116 gas and 37 oil discoveries in September 1981, the Railroad Commission's Gas and Oil Division announced recently.

In the year-earlier month, 131 gas and 62 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the ninth month of the year included 31 in deep South Texas, 26 in Southeast Texas, 18 in the Refugio area, 11 in the Panhandle, 10 in the San Antonio area, nine in West Central Texas, three each in East Texas and the San Angelo area, two in East Central Texas, and one each in North Texas and the Lubbock and Midland areas.

Oil discoveries included six each in North Texas and West Central Texas, five in the Midland area, four each in Southeast Texas and the Lubbock area, three each in the San Antonio area and East Texas, two in deep South Texas, and one in East Central Texas.

In September, operators reported 556 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 3,207 in September compared with 2,997 in the same period of 1980.

Applications to drill, deepen, plug back and for service wells in September amounted to 3,520 against 3,239 a year earlier.

## District Attorneys To Sponsor Workshop

W. H. Heatly, District Attorney, 50th Judicial District, Cottle County, and Randy Hollums, District Attorney, 110th Judicial District, Floyd County, will sponsor a law enforcement workshop to be

held on October 21-22, 1981, for area law enforcement personnel and prosecutors. The workshop will be conducted at the Lighthouse Electric Cooperative in Floydada.

The purpose of the workshop is to increase communication and cooperation between law enforcement officials and prosecutors. The workshop is arranged at the request of area prosecutors by the Prosecutor Council, a state agency which assists prosecutors in the area of technical assistance, minimum standards and professional development.

The sessions will last one day, but are scheduled on two consecutive days in order for law enforcement agencies to send part of their personnel on either day. Both sessions will begin at 8:00 a.m. and conclude at 5:00 p.m. Credit for all workshop participants has been applied for from the Texas Commission on Law Enforcement Standards and Evaluations.

All area law enforcement personnel and prosecutors are invited to attend one of the two sessions of the workshop.

Lunch will be served on the premises and several law enforcement manuals and

recent publications will be made available to those attending the workshop.

Anyone needing additional information may call W. H. Heatly, (806)492-3573, at Paducah.
