Knox Officers Nab Bank Robber Suspects After Chase

Capture Leads To Recovery Of \$2,000 In Loot

Two men and a young woman sought for kidnaping and bank robbery at Indianola, Okla., Thursday afternoon following a chase through Knox county Wednesday afternoon had ended with their capture in the outskirts of Rule by officers led by George Harberger, deputy sheriff and city marshal at Knox City.

The suspects surrendered without a fight and the \$2,000 alleged to have been taken from the bank was seized.

The trio is accused of having stolen guard over members of the family of Arthur Moore, president of the bank through Wednesday night until a time lock on the bank vault was released Thursday morning. Then forcing Moore to accompany them to the bank and hand over \$2,000, they held him, his wife, three children and their maid, captive until they were released near Frederick.

A winding trail then was followed which was picked up early in the afternoon near Gilliland in Knox county, according to reports here. Sheriff C. R. Elliott was called at Benjamin and in turn communicated with Mr. Harberger. Mr. Harberger was driving toward the Brazos river bridge to meet the sheriff when the car occupied by the suspects dashed by him.

Harberger turned and pursued, overtaking the car and making the arrests at Rule.

Last Rites For Mrs. Diggs Held At Goree Church

Mrs. Nancy Alice Diggs, 78, a resident of Munday and Goree since 1906, died about 4:30 o'clock Sunday morning at the home of her daughter, Mrs. Claude Maloney at Goree, with whom she had made her home during recent years. Mrs. Diggs had been ill for about eight weeks.

Funeral services were held Sunday afternoon at the Methodist church in Goree, with the Rev. F. T. Johnson, pastor of the church, in charge. Burial followed there.

Many friends from Munday, as well as from Haskell, Seymour, Benjamin and other communities, joined in paying final tribute to her memory at the services.

Surviving, in addition to Mrs. Maloney, are three sons, Milam Diggs, now of Haskell but for a number of years postmaster of Munday; James Diggs of Amarillo, and Charles Diggs of Weslaco. All were at the services.

MUNDAYITES TO JOIN HEGIRA FOR FISHING GROUNDS WITH OPENING OF SEASON SUNDAY

It looks like Munday is going to be a lonesome place for that fellow who isn't fishing at 12:01 a. m. Sunday morning, when the new fishing season will have started upon its way.

If those who hope to be there when the season starts actually are there, the population might just as well move now to the banks of Lake Kemp, because that is where most of them will be.

While most of the expectant anglers are planning to go to Lake Kemp, that is not true of all. One group of Mundayites plan to get a jump on the season by leaving Friday for Fort McKavitt on the banks of the San Saba river in Schleicher county to spend the first week of the season.

Those who are planning to make that trip are Leland Hannah, Tom Benge, W. H. Atkinson, H. A. Pendleton, and E. W. McGlothlin. It will be the twelfth time in eight years that virtually the same group of Mundayites has gone to the same spot for a fishing and camping

R. B. Davy Slated For C. of C. Presidency At Annual Banquet Here

Members of the Munday Chamber of Commerce and their wives were scheduled to gather at the Munday hotel Thursday evening for the program of "entertainment, business and brevity" which had been arranged for the annual meeting of the organization. The program was scheduled to start at 8 o'clock.

The principal matter to receive attention was the election of officers for the next year. The name of R. B. Davy, proprietor of the Rexall store, was scheduled to be the only one offered in nomination for presidency to succeed John C. Spann.

The entertainment was to be featured by a musical program of which Mrs. Joe Davis had charge. There was to be little in the way of a speaking program. A number of brief talks and reports which were scheduled were to be limited to five minutes each, it was declared.

Those who have been recommended by a nominating committee composed of W. R. Moore, Tom Haney, J. C. Borden for election as officers and directors of the chamber during the ensuing year are, additionally to Mr. Davy:

Vice president, W. R. Moore; treasurer, W. E. Braley; secretary, R. D. Rawls, re-election; and directors, Mat Dillingham, W. V. Tiner, M. F. Billingsley, John C. Spann, G. R. Ellard, Charles Foyt, E. H. Bauman, J. A. Kennedy, F. L. Decker, E. W. McGlothlin, W. A. Baker and E. D. Atkinson.

Those scheduled to be called on for brief talks or reports were Dr. E. M. Ammons, Mr. Moore, Mr. Rawls, Mr. Spann and Mr. Davy. The musical program arranged by Mrs. Davy was to include vocal selections by a trio composed of Misses Vivian Rogers, and Lela Brock and Troy Warren, with Mrs. Davis at the piano, and instrumental numbers during dinner by Mrs. J. A. Kennedy, U. R. Houser and Mrs. Davis from the Four Leaf club orchestra.

Contract Given For Auditing Of City Books Here

Contract for the making of an audit of city records for the last two years, was awarded to Allied, Lambert and company, public accountants of Wichita Falls, on a bid of \$150 at the semi-monthly meeting of the city council Monday night.

Work on the audit will be started within next few days and will be rushed to completion, members of the council were advised. The audit will cover the period back to one made by the same concern two years ago, officials said.

Reaper Claims Pioneer Woman Of Thorp Area

Funeral services were held at the Gillespie Baptist church Sunday afternoon for Mrs. Richard Fortenberry, 82-year-old pioneer of Knox county, who died early Saturday afternoon after a brief illness.

Rev. J. A. Laney, pastor of the Munday circuit Methodist church, conducted the services. Burial was in the Gillespie cemetery.

A native of Arkansas, Mrs. Fortenberry had lived in Texas since young womanhood and in Knox county for more than 40 years. She was a charter member of the Thorp Methodist church and the oldest member of that church.

Surviving are eight children, Mrs. Asia Jarvis and Frank and John Fortenberry of Knox City, Mrs. John Fortenberry of Lamesa, Bax-Lee Fortenberry of Throckmorton, Mrs. Ida Hill, Artesia, N. M. Mrs. Josie Adams, Haskell county and Mrs. Eula Corlie of California. Also surviving are 37 grandchildren and 23 great-grandchildren.

Munday Downs Knox City 7-4 In League Tilt

Munday moved into the victory column of the Brazos Valley league standings here Sunday by turning back the Knox City aggregation by a score of 7 to 4.

The team which took the Knox City measurements was vastly improved over that which bowed before Rochester the week previous in the season opener. The addition of Abbott, pitcher, and Pope, catcher, to the line-up during the week accounted for much of the difference. But of greater importance was heavier hitting and a better balance in fielding play.

The elongated Abbott demonstrated during the seven innings he toiled, however, that he is right smart of a pitcher, and Pogue gave convincing evidence that he is no slouch as a catcher. As a battery team, they look like the answer to Manager Howell Burton's prayer. Both the boys seemed handy with the willow, too. Abbott got a single and then, in the ninth slapped the ball into the railroad yards for the only home run of the day. Pogue got one single and was robbed of another by Keith's great catch of his long drive to right in the second.

Honors of the day, however, go to Jennings, Munday second baseman for his work in the field. Despite the handicap of a severe chafing horse, he handled 12 of the 13 fielding chances which came his way. It happens about once a season that a second baseman is called on to handle so many chances in a single game. Jennings' one error was committed on about his easiest chance.

There were other factors to make the game one for Jennings to remember. For one thing, he got a rousing double. But more to be remembered is the fact that he lost three other extra base blows by a margin of about six feet. On three consecutive turns at bat he drove balls which seemed labeled for extra bases but which went foul by inches. On two such occasions, he grounded out on the next pitch. The third time he hit a grounder and was safe on shortstop's error.

Other notable individual performances of the day were turned in by McGraw, who got three hits in five times up and stole a couple of bases; by Rayburn for shifting from shortstop to pitcher in the eighth after Abbott had shown signs of weakening in the seventh; and by Hill, Knox City catcher, who got three safe blows in four times up.

The pitching ability Rayburn has displayed should be gratifying to home town fans. He has been called upon to finish both games thus far played, and has allowed seven runs during seven innings he has pitched.

Edwards, who did most of the toiling for the visitors, deserved a somewhat better break than he got. Three of the Munday runs were unearned and costly hits might have been cut off in several instances by a little faster fielding. In other cases, however, the Knox City twirler was saved by brilliant support. Munday was hitting the ball hard from the start of the game, most of the early drives going to fielders.

Knox resorted to a somewhat unusual pitching arrangement, Edwards started and pitched until Munday began laying down a barrage of hits in the seventh. Edwards then was shifted from the box to right field, Keith from right field to catcher and Hill from catcher to pitcher, where each finished the inning. Each returned to his original position in the eighth inning.

The contest was a neck and neck affair until the seventh. Munday started off with a run in the first. With one out, Mayes got life when shortstop muffed his grounder. McGraw forced Mayes. Rayburn drove a single between first and second, was caught in a chase trying to stretch the blow to a double, and while he was being run down, Mc-

Goree Victim Of 11-9 Defeat By Munday Moguls

With two victories in as many starts to their credit, the Munday High School baseball team will play the Sunset High aggregation in their third game of the season on the Munday diamond Friday afternoon at 4 o'clock.

Admission will be free and an invitation to the public to attend was extended by H. H. Riley, coach. After having downed the Sunset team here last Friday by an 8 to 4 score in a well played game, the Mundayites tucked away their second victory Tuesday afternoon at the expense of Goree by a 11 to 9 score.

Munday started out in the Goree clash as though to make a walk-away of their affair, scoring nine runs in the first five innings while Dick Rayburn's tossing was holding the visitors scoreless. In the sixth, however, Goree broke out with a six-run rally during which the Munday infield blew up momentarily. Rayburn, additional to pitching five innings, contributed a home run to the Munday cause. King pitched the last four innings, and turned in a creditable job, with Thomas doing all the catching.

Three other games also have been scheduled for the Munday team. Next Tuesday afternoon, the aggregation will visit Goree, and on May 6, will go to Knox City. On May 10, Knox City will play here.

Saturday Final Chance To Seek Farm Crop Loan

The positive announcement that the time during which applications may be filed for federal crop loans will not be extended beyond April 30 brought a final reminder from members of the county loan committee Thursday that Saturday will be the last opportunity for those desiring the loans to go in line for them.

In order to assist those who wish to fill out applications for loans, Miss Bertha McNeill will be on duty at the offices of the Pendleton gin all day both Friday and Saturday, according to H. A. Pendleton, vice president of the First National bank and chairman of the county loan committee. Miss McNeill's services were made available as a convenience to those planning to seek loans.

There had been hopes that the time during which applications might be filed might be extended beyond the originally set deadline date of April 30. Instructions received this week, however, have removed those hopes, it was declared.

Miss McNeill reported Wednesday that a total of about 90 applications from loans had been filed from Knox county. The expectation was that Friday and Saturday would bring a substantial increase in the number.

Mr. and Mrs. Frank Decker were in Childress on business Thursday.

Hardigree and Harrell Relected To Posts In Munday High School

Brief Items Of Local News

PLAN BENEFIT DANCE

Plans for a benefit dance for the Munday baseball club for the Brazos Valley league, to be held here next Wednesday evening probably at the Klan hall, were announced Thursday by Lee Haney and Jack Mayes, the committee in charge. Music will be provided by an out of town orchestra, it was planned, and an admission fee of 50 cents is to be charged. The entire proceeds will go to the baseball team.

ATTENDS LIONS MEET.

Sam Braswell, publisher of Clarendon, Texas, and district governor of Lions clubs, and Dr. E. M. Ammons returned Tuesday from McCaney, Texas, where Mr. Braswell was the principal speaker Monday night at an inter-city meeting of Lions clubs. Mrs. Braswell accompanied her husband here and was the guest of Mrs. Ammons, a friend of long standing, until Mr. Braswell and Dr. Ammons returned from the McCaney meeting.

MISS WILLIAMS ILL

Miss Florence Williams, manager here of the Haskell Telephone company, has been confined to her home during the last week by a severe case of influenza. It probably will be several days longer before she can return to her duties. Meanwhile, her mother, Mrs. Florence Williams, is helping out at the telephone office.

Mrs. Williams, incidentally, gave the reminder that she is not as familiar with the number of subscribers as is Miss Florence, and that telephone users will expedite service if they adopt the policy of making calls by numbers rather than by names.

SEEKS RE-ELECTION.

A formal announcement of the candidacy of Judge O. C. Funderburk of Eastland for re-election as associate justice of the court of civil appeals of the eleventh (Eastland) district, was received by the Times this week. Judge Funderburk is now filling out an unexpired term on the bench. Judge E. M. Overshiner of Abilene also has announced for the place. Knox county is embraced in the 11th district.

KNOX PAVING ACCEPTED.

Asphalt paving on state highway No. 24 in Knox county from the Baylor county line westward to Benjamin has been completed, accepted and opened to traffic this week, according to word received here. The paving contractor was Seymour. News dispatches also said that contracts for the paving of the remainder of the highway in Knox county, from Benjamin eastward to the county line, likely will be let in the near future.

NOTICE TO CITIZENS OF MUNDAY

Numerous complaints have resulted from livestock running loose in the city and doing damage to yards and gardens, and as there is an ordinance prohibiting this practice, this is to serve notice that hereafter such livestock will be taken up and impounded and a charge will be made for their recovery. Attention is also called to the practice of staking cows where they can reach or cross sidewalks. This practice is dangerous and owner are cautioned against it.

FRANK TRAMELL, Chief of Police.

FIRST DOWNPOUR IN TWO MONTHS BENEFITS CROPS

Two months of dry weather which had threatened to offset the benefit of fall and winter moisture season, in the history of this section, was definitely broken by a general drenching rain late Wednesday night following lighter downpours during the previous ten days.

Precipitation Wednesday night totaled .92 of an inch, while the previous Friday, .52 of an inch was recorded, according to A. E. Whitte, more. Rainfall during April has totaled 2.06 inches, all of which has fallen since April 17.

The rains of the last few days were the first of consequence since Feb. 22. Precipitation during the whole of March totaled only six hundredths of an inch, an all-time low record for the month. Rainfall since Jan. 1 has been 7.37, compared with 7.62 for the first four months of last year.

The rains as a whole have been general, and have come at a time when vitally needed both for growing crops and for preparation of the soil for planting, farmers reported.

Frank L. Decker Closes Deal For Childress Baker

Announcement that he has virtually closed a deal for ownership of the City Bakery at Childress, that he has taken charge as manager there was made this week. Frank Decker, who has been prominently identified with the business and civic life of Munday since coming here 10 years ago.

Mr. and Mrs. Decker will continue their operation of the Hot Bakery here, with Mrs. Decker active manager. Property interests near Childress which demand personal attention has necessitated the removal there, Mr. Decker said.

The announcement of the impending change was accompanied by the further information that Mr. Decker has tendered his resignation as commander of the Munday post of the American Legion. Resignation is scheduled to be acted upon and a new commander elected at the regular meeting of the local post the night of May 12.

Both Mr. and Mrs. Decker have taken active interest in community affairs during their residence in Munday. Mrs. Decker is a prominent church worker, and is prominent in the parent-teachers association, and is prominent in the church work. Mr. Decker has devoted more time to matters pertaining to ex-service men than any other person in Munday. It was rumored at Childress, and carried to Munday not long after his discharge from the army after having served through the world war.

A physician declares that no people have fits than formerly. Do perhaps, to the survival of the fittest.

HARMONY CLUB FROM HASKELL DELIGHTS MUSIC LOVERS HERE WITH PROGRAM FOR STUDY CLUB

More than 100 Munday lovers of music were accorded their outstanding treat of the season here last Friday afternoon when the Haskell Harmony club was presented in program by the Munday Study club at the First Methodist church.

Because of the anticipated excellence of the program, the Study club invited the public to be present, and a good many took advantage of the opportunity.

Arrangements for the program were made by Mrs. J. D. Kethley and Mrs. Doris Rogers who had been designated as a program committee for the day.

The Haskell visitors were welcomed to Munday by Mrs. E. J. Ammons on behalf of the Study club. Mrs. Ammons then presented Mrs. Kethley who, in turn, introduced Miss Rousseau, director of the Harmony club. The first of a series of 11 groups of numbers were two choruses by the Harmony club members, followed by a group of three numbers on the piano. Mrs. O. E. Paterson solos; and Mrs. Rousseau in vocal solos.

Then in the order were presented a trio composed of Mrs. Balle, Mrs. Power and Miss Mary Em Whiteker, in vocal numbers; Mrs. Whiteker in a group of four numbers; Mrs. O. E. Paterson solos; and Mrs. Rousseau in vocal solos.

Perhaps the outstanding hit of the afternoon was that scored by 2-year old Joe Maples, Jr., his trumpet solo. His very appearance with the horn "grabbed" hearers and he proceeded to ret his grasp by mastery of his lead.

Famous Union General Sought Mines In Texas

BY W. D. HORNADAY Professor of Journalism, University of Texas It has been known to mining engineers and geologists generally for more than 50 years that one of the largest mineral zones in the world is situated in a group of counties in West Texas.

At this time plans are being made for mining the ore on a tract of 8,900 acres in Foard county, near Crowell, by Winton Watkins and associates. Modern methods and equipment are being used in the industry.

The lure of the possibility of vast wealth being obtained from mining and smelting the ore caused General George B. McClellan, famous Union army officer, to organize and lead a spectacular expedition to the copper-bearing district in 1877.

When everything was in readiness to begin operations the veteran army officer came to Fort Worth, accompanied by several practical mining men, and bringing a large shipment of equipment, including machinery for an ore crushing mill.

At the head of the column was Captain L. P. Sicker, former ranger commander, who was familiar with the territory that was to be traversed. He was employed as guide and remained with the expedition for several months.

From time to time during the last 50 years, these nuggets have been washed into gullies and into beds of streams that are dry at times and found, in great piles.

Through thick and thin the women and girls are hanging on with grim determination in their fight for more beautiful homes. Gladys Hopkins in Harrison county sells buttermilk to buy materials for making over her bedroom.

Another distressed industry is beef cattle feeding, yet Henry Smith of McCulloch county sold his home-grown feed to 70 calves at a price of \$108.10 for 70 tons of maize heads, and 3500 bundles of maize as roughage.

county, that the early development was begun. "A remarkable fact about this deposit of copper is that it is placed in a layer form over a large section of country, the copper being imbedded in clay as if it had been washed down by some pre-historic overflow and an ancient river-bed," the early report said.

He suggested that water might be obtained by dams and by boring for artesian water, and that coal might be found in that area.

The report was written from Orange, N. J., June 20, 1882. At that period the nearest railroad point from the copper deposits was Wichita Falls, which had a short time previous become the terminus of the Fort Worth and Denver.

Today all the railroads have been built that General McClellan predicted and a number of others, and fuel in large quantity is obtainable, yet there has been no development of Texas copper deposits. Not only is natural gas available for smelting the ore but the deposits are adjacent to producing oil fields.

"No eastern potentate ever traveled in more luxurious style than General McClellan on that memorable trip," Sicker said. One of the wagons contained a large metal bathtub for his personal use, but we had so much trouble finding water along the route that the general did not get to take many baths.

From time to time during the last 50 years, these nuggets have been washed into gullies and into beds of streams that are dry at times and found, in great piles.

Ernest Snyder of Windthorst, Texas, is visiting friends in this community.

Miss Frances Bruckner left Saturday for Wichita Falls to spend a week with her sister, Miss Mary Mulroy.

Local Methodist Group To Attend Knox City Meet

A large delegation of Methodists from the Munday church will be in attendance Monday when the three-day district conference opens at the Knox City church Tuesday morning at 9 o'clock, according to Rev. J. H. Crowe, pastor of the church here.

Official delegates from the Munday church are Mrs. O. H. Spann and J. C. Campbell and Messrs. J. C. Spann, W. A. Baker, D. C. Fritz, J. A. Caughran, R. D. Atkinson and M. F. Billingsley.

Practically every Methodist church in the Stamford district will be represented at the conference, it was declared.

Terracing Task Completed Here At Little Cost

The most economical terracing that has been done in Knox county was completed recently on the farm belonging to Sheriff C. R. Elliott southwest of Munday, according to information given by W. E. Jones, county agent.

Terraces were built about 20 feet wide and 22 to 24 inches high. Five long terraces and one short were included in the demonstration, Mr. Jones related.

The county grader was used thru arrangements with D. C. Osborne, county commissioner, and the entire farm was terraced in two days. Charges for the machinery were \$20 per day and the total cost of terracing was 29.5 cents per acre, Mr. Jones said.

Big Increase In Meat Canned In Knox For Winter

A total of 15,400 cans of beef have been canned in Knox county during the past winter, according to information given this week by Miss Grace Nelson, home demonstration agent. The estimated value of the canned food is between \$9,000 and \$10,000.

The quantity of meats canned is approximately twice that of the previous winter, Miss Nelson said. Since last Jan. 1, he reported, 120 hives have been canned, filling a total of 10,800 cans valued at \$6,420 according to government prices. The estimated value of the 120 calves was \$1,200.

Note—The following article, written by a student of Munday High school, expresses the sentiment of the entire student body in regard to our present superintendent, Mr. H. H. Riley. We offer this article with pleasure, and we hope that Mr. Riley will carry away in his memory the conviction that his students really and deeply feel the regard inadequately expressed for him in the following appreciation.

IN APPRECIATION Mr. Riley has just announced his intention of leaving Munday High school to accept a position as principal of the high school in his old home town, Canton, Texas.

It is with deeper grief than we can express that we part with one so intellectual, so honest, so loyal, and one so dear to us personally.

We shall miss his skillful guidance, his pleasing personality, and his friendly attitude toward all of the pupils.

Mr. Riley came to Munday in 1929 and served that term as principal. The two following years he held the responsible position of superintendent. Never, since we can remember, has there been a man in the schools of Munday who, as superintendent, has won and held the admiration, love, honor and loyalty of the pupils as has Mr. Riley.

He is the kind of man we hold as an ideal; one who is fair to all. No one is born without a temper, but we truly believe that Mr. Riley has given us a true example of the value of controlling it. He has used the utmost of his winning personality and intellectual vitality in steering our schools through one of the greatest financial crises it has ever known.

A pupil of Munday High school, I wish to take this opportunity to express my appreciation of such a man as Mr. Riley; of his high standard of ideals; and of his earnest efforts to prepare us to meet life as it comes with a smile.

Half of our presidents were born in either Virginia or Ohio.

SENIORS We are being reminded more every day that we shall soon no longer begin Munday High School; in fact, we shall be out of Munday High School on Friday, May 13, 1932. Then we shall be out for good and will let the world know of it on the night of our Commencement Exercises, May 17, 1932. We have set the dates for all the Senior exercises and we will announce them next week.

Then week before last another reminder of our graduation's being so near was when the grades for last year and this year of the Seniors were averaged to select the valedictorian and the salutatorian. It was found that Eleanor Jungman made the highest average of all; thereby being valedictorian and a second in average and is therefore salutatorian. Lucille Lawrence ranked third and Margaret Hulth fourth.

Paul Pendleton had the highest average among the boys, Harold Albertson was second, and Arnold Matlock and Lee Alfred Parks were third and fourth respectively. All these students deserve honorable mention; especially do we wish to congratulate Eleanor and Mavoouren.

SENIOR BIOGRAPHIES Paul Pendleton Paul was born at Munday, Texas, on March 2, 1915. He started to school in Munday Grammar School while he was still living here. He moved to Stamford the summer after he had finished the fourth grade; he returned here and started to school in the fifth grade the next school term. He had been with our class during all this schooling and was with us during the fifth grade. But he moved to Wichita Falls and started to school in the sixth grade. He attended four school years in the Wichita Falls Public School; then he moved back here with his family two years ago and joined us last year as a Junior. We were glad to have him back with our class. By the way, we are glad to tell you that Paul made the highest average of the Senior boys this year.

Society

Fern Hogan Becomes Bride of Joe Aycock A romance which began in grade school and continued through high school was climaxed at Decatur Sunday when Miss Fern Hogan, daughter of Mr. and Mrs. J. W. Hogan, former Munday residents, was quietly married to Joe Aycock, son of Mr. and Mrs. Roy Aycock here.

The announcement of the wedding came as a surprise to members of the immediate family and to friends of the popular couple. Mrs. Aycock was attended during the ceremony by a cousin, Miss Gloria Jeanne McSpadden of Electra as bridesmaid, with Rex Baggett of Decatur acting as best man. Mrs. S. A. McSpadden of Electra, mother of Miss Gloria McSpadden, was the only other guest present. The bride wore a sport suit of brown flat crepe for the ceremony.

The couple left immediately afterward for Dallas for brief stay before their return to Munday early in the week. They will make their home here. Mr. Aycock is connected with the Atkinson M system store here. They have taken an apartment temporarily.

Both Mr. and Mrs. Aycock are graduates of the Munday High school, and have enjoyed unusual popularity among the younger set. Both took leading parts in school affairs.

Mrs. Aycock spent practically the whole of her girlhood here until the removal of her parents several months ago to Decatur.

Mrs. Moore Entertains Monday Night Club Mrs. W. R. Moore was hostess at her home this week to the regular bridge of the Monday Night club.

Refreshments consisting of date loaf, whipped cream and iced tea were served to Messrs. and Mmes. Fred Broach, E. Duval, H. A. Pendleton, W. H. Chapman, J. D. Keithley, R. E. Davy, Oates Golden and Russell Matson, Mrs. Louise Ingram and L. M. Palmer.

Mrs. Williams Hostess To Three in One Club Mrs. Posey Williams entertained members and a number of guests of the Three in One Club at four tables of bridge at her home here Monday afternoon.

A profusion of roses and honeysuckles provided the setting for the afternoon of play.

Refreshments were served to Mmes. Adrian Akers, H. A. Pendleton, Fred Broach, Doris Rogers, Jack Mayers, Oates Golden, E. S. McCord, H. H. Langford, Joe Davis, Tom Harvey, W. H. Atkinson, H. T. Maples, J. D. Keithley, Charley Mayes and Dickerson, and Miss Cloiselle Mayo of Goree.

Wednesday Bridge Club Meets With Mrs. Davy The Wednesday Bridge club met this week at the home of Mrs. R. B. Davy for their afternoon of play.

Roses, larkspur and honeysuckle provided an attractive setting for the two tables of bridge.

Crushed strawberries topped with whipped cream and old fashioned pound cake were served to Mmes. Fred Broach, E. H. Bauman, Joe Davis, H. H. Langford, Roy Aycock, C. L. Mayes and LeRoy Dennison.

Mrs. Elliott Entertains Thursday Luncheon Club Mrs. C. R. Elliott was hostess at her home in Benjamin Thursday to the monthly meeting of the Thursday Luncheon club. Forty-two were the diversion for the afternoon.

Mrs. E. H. Bauman was hostess at her home last Friday evening to members of the Friendly "84 club", with Mrs. E. W. McClothlin as assisting hostess.

A salad course was served Messrs. and Mmes. W. H. Atkinson, M. H. Reeves, J. C. Campbell, S. E. McStay, D. E. Holder, J. R. Burnison, H. H. Riley; Mmes. R. E. Alexander in school affairs.

CHURCH INTEREST GROWS

An increasing interest in work of the Church of Christ here has been reflected in growing attendance at services during recent weeks, according to Wilburn Hill, who is serving as minister of the church during the summer. Mr. Hill received his degree from Abilene Christian college last year, and has been serving as principal of the Weinert school during the past term until it closed recently. Mr. Hill expects to remain in Munday at least through the summer, and preaching services will be held regularly at the church during that time.

Usual services will be held next Sunday. Bible study will begin at 10 a. m., morning worship at 11 o'clock, the young people's program at 7:30 p. m., and evening services at 8 p. m. Weekly prayer meeting will be held Wednesday at 8 o'clock. Mr. Hill extended a cordial invitation to all to be present.

ALLOTMENT OF 4,000 POUNDS OF RED CROSS FLOUR RECEIVED FOR DISTRIBUTION TO NEEDY

An allotment of 4,000 pounds of flour provided by the American Red Cross was trucked into Munday Tuesday for distribution among the needy of this vicinity, according to Frank Trammell, city marshal, who will have charge of the distributing.

The allotment brought here was that made from a consignment of 40,000 pounds received at Benjamin earlier in the day for the entire county. Other allotments were made for Goree, Rhineland and Vera as well as other communities in the county. Each community will serve as a distributing point for its farming territory.

The Munday allotment of the flour was brought here by Mr. Trammell in a truck donated for that purpose by W. H. Chapman.

The flour received, it was explained, is intended to meet estimated needs for 90 days in the county, for which Mrs. Charles Moorhouse of Benjamin is Red Cross chairman.

The quantity allotted to Munday, however, will not be sufficient for that period, regardless how carefully it may be rationed. Mr. Trammell declared. There were calls for the food even before it was unloaded from families in the most extreme distress. Those to whom the flour is given are required to sign an acknowledgment stating the numbers in their families. The flour is contained in 24 1-2 pound and 49 pound bags.

While every effort will be made to enable those in need to obtain the flour speedily and easily, precautions will be taken to safeguard against impositions.

BASEBALL

Score by innings:
 Knox City 010 010 200-4
 Munday 100 120 21x-7

Hits by innings:
 Knox City 110 021 310-5

Pitcher's records—7 runs, 4 earned, 12 hits off Edwards in 7 1-3 innings; 4 runs, all earned, 8 hits off Abbott in 7 innings. Winning pitcher, Abbott. Losing pitcher, Edwards. Wild pitches—Edwards 2. Umpires, Lee Haney, plate, and Woolsey, bases.

Reaper Trails Birth Records In Knox County

The Grim Reaper found slender reapings in Knox and the adjacent counties as compared with numbers of births, according to vital statistics for the last four years which have just been issued by the state department of health. The statistics were received here this week.

The figures show that during 1931, there were 74 deaths as compared with 265 births in Knox county. For the three years previous to 1931, the records for the county were: 1930, 88 deaths and 270 births; 1929, 112 deaths and 301 births; and 1928, 79 deaths and 301 births.

Last year's records for some of the other counties adjacent to Knox were:

County	Pop.	Births	Deaths
Wichita	74,416	1,193	865
Taylor	41,023	715	369
Haskell	16,669	371	88
Knox	11,368	265	74
Cottle	9,395	239	66
Baylor	7,418	136	46
Foard	6,315	103	32
Stonewall	5,667	109	49
Throckmold	5,253	115	21

Comedy, "Shove Off".

Every Tuesday night is family night—bring the whole family for 50 cents.

Innovation In Rabbit Drives Tried At Goree

An innovation in rabbit driving for this section, that of driving the rodents into an enclosure flanked on either side by 1500-foot sections of wire fence, was meeting with success in the vicinity of Goree this Friday afternoon had proved something of a washout.

Friday's drive about three miles southwest of Goree netted fewer than 50 rabbits, although about 200 persons, many on horseback, participated. Other drives Saturday, Monday and Tuesday, however, met with greater success and the rabbit population of the territory had been reduced by more than 500.

The wire netting method was adopted both for sake of economy and to eliminate dangers attending driving with guns. It was expected that the sums derived from bounties on ears of rabbits killed would pay for the wire.

In arranging for drives, the 1500-foot wings are extended at right angles to each other, converging funnel fashion at the entrance to a small enclosure. Failure of the first such drive was attributed to the fact that rabbits do not fear mounted hunters as much as those on foot, and the further fact that the enclosure was placed near a number of parked automobiles.

Rush Begins For County Bounties On Rabbit Ears

Bounties on more than 2,000 jack-rabbit scalps had been collected up to Tuesday since the county bounty offer of 5 cents for each pair of ears went into effect earlier in the month, according to information given by Sheriff C. R. Elliott while here Tuesday.

In several of the communities of the county business concerns have been receiving the scalps and have been passing them on to the county. In most such instances, the individuals accepting the ears are doing so as a convenience to residents of their communities.

Those authorized to receive scalps and authorize the bounty payment are Marvin Chamberlain, county clerk, J. W. Melton, county judge, and W. E. Jones, county farm agent.

Redemption Of Teacher Script To Start May 1

City school warrants bearing serial numbers 1712 through 1758, inclusive, issued in payment of teachers salaries from Sept. 17 through Oct. 1, 1931, may be redeemed on or after May 1, it was announced Thursday by G. R. Eiland, president of the board. The warrants will be redeemed from an installment of \$1.50 on the state per capita apportionment received during the week. The installment totaled \$904.50.

Harmony Club

Numbers by an instrumental trio, piano solo by Ann Belle Burt, Marvin Gholson's rendition of Drilla's "Souvenir" on the violin and a closing chorus by the visitors maintained the superlative standard characteristic of the entire program.

Following the program, members of the Harmony club were escorted to the home of E. W. McGlothlin for a reception.

HEAR LEGION CHIEF

Lee Haymes and Wilbur Ware represented the Munday post of the American Legion last Thursday night at a meeting of the Knox City post at which Earl Earp of Sweetwater, state commander, was the principal speaker. The commander was quoted by the Munday Legionnaires as declaring it is more important now than ever before that ex-service men must avoid idleness among themselves if great good is to be accomplished. Several posts were represented at the meeting.

HUGE TIRE EXHIBITED.

The largest automobile tire ever built, manufactured by the Good-year Tire and Rubber company, was exhibited for a short time here Wednesday morning, the second time within a little more than a year that it has been brought here. It was on display beside the W. H. Moore Chevrolet building. The tire, built wholly for exhibition purposes, is 12 feet high, four feet wide, has a total weight of 3,900 pounds and has a value of \$5,000.

LIQUIDATION NOTICE

The First National Bank of Munday, located at Munday, in the State of Texas, is closing its affairs. All note-holders and other creditors are hereby notified to present the notes and other claims against the association for payment. Dated March 21, 1932.

C. A. Eiland,
 467c President.

 "Just A Good Drug Store"

Resignation Of W. R. Moore From Board Rejected

Members of the school board held by their decision during the week of Monday, May 9, and continue the following day. Finals in all flights will be played Wednesday, May 11. Qualifying rounds and all match play will be 18 holes.

The only requirements in regard to qualifying play are that the player must announce in advance of starting play that it is to be his qualifying round, and that the scores must be turned in not later than Sunday, May 8, so that pairings for the match play can be arranged. Each twosome then will be left to make its own arrangements as to the playing of their individual matches, except that the semi-finals must be completed not later than Tuesday so as to clear for the finals on Wednesday.

Dumplings Win Favor Of Negro Inmate Of Jail

Sheriff C. R. Elliott is operating the Knox county jail to the utmost satisfaction of at least one of the negro prisoners who is serving out a fine for having participated in the taking of coal from a Wichita Valley train here last winter.

The wife of one of prisoners, the sheriff related, called at the jail last week and told her husband that her employer would "stand" for the remainder of his fine.

The man declined to leave the jail.

"We're gettin' along all right," he told his wife. "We had chicken and dumplings for dinner. If your white lady paid my fine, we would owe just that much more."

The negroes are serving their fines at the rate of \$3 daily, and are putting in their time in conditioning the courthouse yard. Grass is being planted this spring with the expectation that shrubbery and trees will be set out next spring, the sheriff said.

Qualifying Play In Golf Tourney To Open Sunday

Qualifying play will start Sunday and continue through the next Sunday in the first tournament of the season of the Munday Golf club according to information given Thursday by Dr. E. M. Ammons, club secretary.

While the tournament is not scheduled to start until next Friday, the time for qualifying has been moved up so as to give players longer opportunity to do their best.

ELECTRIC POLISHING, expert greasing and washing. When your car needs attention let us serve you. We make a specialty of giving service that will stand the closest inspection.—R. B. BOWDEN, Golf Service Station.
