

O'Daniel Announces  
New Field Opened  
Third Party...?  
Seek New Pact  
To Abilene in '39

W. Lee O'Daniel, radio announcer and sponsor of a program over WBAP each day, announced his candidacy for the governorship of Texas over the air Sunday. He is president of a flour company.

HASKELL—The plug on the J. W. and A. E. McMillen No. 1 E. A. Pardue wildcat test seven miles south of Haskell will be drilled out Friday and the operators will perforate the casing to test the potentiality of the well drilled into a saturated lime early this week.

The well filled 1,300 feet with oil after penetrating the lime at a depth of 2854 feet. Estimates are that the well will make around 500 barrels of oil per day, opening a new pool. It is about twelve miles north of the Avoca field and is about 28 miles south of Munday.

MADISON, Wis.—Governor Philip F. LaFollette was expecting an overflow crowd in the meeting planned to feel out the possibilities of a third party in national politics. The Governor will deliver the speech which will evolve the plans for the third party.

LONDON—France's premier and foreign minister arrived in London Wednesday to pool plans with British ministers for building a bulwark of friendships as a shield against the aggressive policy of Germany for greater expansion. Talks will be made on an attempt to turn the new Anglo-Italian pact into a triple tower of strength overshadowing the Rome-Berlin Axis and serving as a magnet for smaller states.

WICHITA FALLS—Abilene was named as the host city to the Westex C. of C. convention for 1939 at the close of the annual meet in Wichita Falls.

Several local citizens attended the convention and W. E. Braly, local director of the organization attended the business meetings of the directors. Miss Alene Jungman also made her appearance in the "My Home Town" contest.

The Munday Times again is issuing free passes to the Roxy Theatre to two persons, for the Sunday and Monday show. Some one listed in the Want Ad section of this issue will see "Snow White and the Seven Dwarfs" either Saturday night, Sunday or Monday at the Roxy Theatre.

Mrs. Parker Dies  
Following A Long  
Illness Saturday

Death last Saturday night claimed Mrs. O. A. Parker of the Sunset community following a lingering illness. Funeral services were held for the deceased Sunday afternoon.

Mrs. Parker, formerly Miss Noemie Mizeon, was born in Parker county, Texas, in 1890. Burial rites were held in Johnson cemetery west of the city.

Pallbearers were M. H. Simmons, Joe Brown of Goree, J. W. Ward, Buddie Tankersley, John Jones and Oda Claborn. Mrs. Almanrode was in charge of the floral offering.

Surviving are the husband and following children: Mrs. Frank Griffith, Jack Parker, Joe Parker, Jess Parker, Howard Parker and Roy Parker. Several grandchildren and two brothers and one sister also survive.

Eilands Drug Has  
New 9-Foot Neon  
Sign Installed

Eilands Drug Store the past week end installed a large nine foot neon sign on the front of their establishment over the awning.

The sign will add appearance to the main street of the city's business district. Neon signs and border was also installed in the two windows of the store front.

Coates Cafe Air  
Conditioned  
Last Week

Coates Cafe, owned by Curtis Coates has installed air conditioning in their establishment to add to comfort of their patrons during the hot summer months.

The system, installed by the Munday offices of the West Texas Utilities company, is a washed air conditioner. The apparatus is now ready for use.

Visiting Relatives  
Mrs. M. W. Mitchell and children of this city are visiting relatives in Abilene and Tuscola, Texas, this week.

Announces For Texas  
Governorship

Karl Crowley, released a 17-point platform in opening his campaign for the governorship of Texas. He attacked the present system of state government in Texas and set out what he said was a constructive program of correction.

NEW TRUSTEES  
FOR SCHOOLS OF  
COUNTY NAMED

Trustees Elected For  
Fourteen Districts  
Of County

Trustee election winners on April 2 of fourteen school districts of Knox county were announced this week by County Superintendent of Schools, J. Lyndal Hughes.

Two members of the county school board were elected this year. W. W. Coffman, Goree, was re-elected from precinct No. 4 and Olie Illseng of Gilliland was elected to represent precinct No. 3.

Munday trustees elected have been announced previously as follows: John Ed Jones, re-elected, and J. E. Reeves. Reeves replaces R. G. Campbell.

Other schools with elected trustees follow: Antelope Flat, W. M. Hord; Truscott, Carl Haney, John Black; Brock, F. E. Walker; Knox City, C. E. Ball, O. W. Causey; Benjamin, Mrs. W. W. Rice; Vera, W. M. Ford, J. A. Kinnibrough, S. L. Shipman, J. W. Trainham, R. F. Richards, J. M. Roberson, R. S. Smith.

Gilliland, A. T. Bromley; Hood, A. L. Roden; Union Grove, W. H. Cornett; Hefner, John Lambert; Cottonwood, G. P. Feemster; Washburn, J. A. Hill; Rhineland, August Schumacher.

Sunset, Ed Whittemore, C. A. Richardson and John Jones.

Rites For Mrs.  
Hicklin, Mother  
Of Mrs. Broach

Mr. and Mrs. Fred Broach left last Sunday for Weatherford, Texas, where they were called by the death of Mrs. Broach's mother, Mrs. Frank Hicklin. Mrs. Hicklin had resided in Weatherford for more than 40 years.

Mrs. Hicklin died after a lengthy illness and was 73 years of age at time of death. Funeral services were held Monday afternoon at the family home in Weatherford and burial was made Tuesday afternoon at Cameron, Texas, in the family plot.

Mrs. Hicklin is survived by the following children: Mrs. Fred Broach of this city, Mrs. R. D. Brown, Cameron, Texas; Mrs. J. O. Piccard, Dallas; Mrs. D. H. Chisholm, Dallas; Mrs. Fred Templeton, Dallas; Frank Hicklin, Ranger, Texas; and Tom Hicklin of Weatherford.

Munday Seniors  
Express Thanks

Members of the Munday Senior Class expressed their appreciation to citizens of the city who participated in the chicken raffle sponsored by the class.

Chickens were won by Worth Gafford, Mrs. Chester Borden, Ruth Albertson, James Rayburn, Christine Burton, M. L. Barnard, Mrs. W. V. Tiner and Sidney Lee.

Visits Brother Here  
B. M. Haynes, O'Donnell, Texas, visited in the home of his brother, Lee Haynes of this city, last Saturday.

NAME DATES FOR GRADUATION EXERCISES OF MUNDAY HIGH

Miss Moore is Valedictorian

Miss Mary Moore, daughter of Mr. and Mrs. W. R. Moore was last week named Valedictorian of the 1938 graduating seniors of Munday High School, according to announcement by L. S. Hardegree, high school principal.

Miss Moore attained the highest honor of the class by amassing a total of 92.85 points over a two year average against a total of 91.00 points for Miss Lorain Finley, who was named Salutatorian. Miss Margaret Tiner was close

behind Miss Finley with an average of 90.22 points and will serve her classmates as Historian and will give the class history at the commencement exercises. John Phillips had the highest average for boys with a total of 80.35.

Class Night Date  
Class night will be held at the elementary auditorium Saturday night, May 21, at 8:15 p.m. Baccalaureate services will be held Sunday morning at 11:00 a.m.

in the elementary school auditorium with Rev. H. A. Longino, pastor of the First Methodist church of the city delivering the address. Commencement exercises will be held in the elementary auditorium Monday evening, May 23, at 8:15 with Gerald C. Mann, former secretary of State, and Dallas attorney delivering the commencement address.

Honor roll for the past six weeks was announced as follows: students with an "A" average: Mary Moore,

Lorain Finley, Margaret Tiner, Lenore Longino, Jimmie Boone, and Juanita Golden.

Students with a "B" average in each subject: Opal Offutt, Doris Lee Walker, Nadine Salem, Sue Stodghill, J. E. Reeves, Jr., Evelyn McGraw, Hugh Longino, Bonnie Jones, Eulice Booe, Levena Counts, Mozelle Trammell, Jack Pippin, Joe Tom Nelson, Viola Mullican, Jean Williams, Laverne Darter, Marion Phillips, Raymond Phillips, Helen Albertson, Mozelle Mullican.

Munday High Wins Title

ALL-ROUND KNOX  
COUNTY TITLE IS  
ANNEXED BY MHS

Amass 114 Points to  
89 For Knox City  
In Title Chase

Munday high school won the all-round championship of the Knox County Interscholastic League events, according to word received by high school Principal L. S. Hardegree from J. H. Bardwell, Goree, general director of county league events.

Munday amassed a total of 114 points to lead Knox City, second place winner, with 89 points. Munday and Knox City are class A schools, but all county competition was participated in by class A and B schools.

Points garnered by other schools of the county were announced as follows by Bardwell: Sunset, 70; Benjamin, 58; Truscott, 50; Goree, 32; and Rhineland, 15 points.

The winner of the all-round title was not determined until playing of playground ball at Benjamin last Saturday. Had Knox City won enough points in the competition Saturday they could have won the championship.

Munday competitors in 23 events of the county won six first places, six second places and 3 thirds.

Winners of all events under the league sponsorship follow: Places and points made by the different high schools of Knox County, 1937-1938 University Interscholastic League.

Debate, boys: Munday 20 pts.; Benjamin 15 pts.; Truscott 5 pts. Girls, Truscott 20 pts.; Munday 15 pts.; Benjamin 5 pts.

Declamation, senior boys: Knox City 7 pts.; Sunset 5 pts.; Munday 2 pts. Senior girls, Goree 7 pts.; Knox City 5 pts.; Munday 2 pts. Junior boys, Knox City 7 pts.; Sunset 5 pts.; Sunset 2 pts. Junior girls, Munday 7 pts.; Benjamin 5 pts.; Truscott 2 pts.

Extemporaneous Speech, boys: Knox City 15 pts.; Benjamin 10 pts.; no third. Girls, Knox City 15 pts.; no second.

High school track and field: Knox City 20 pts.; Sunset 10 pts.; Munday 5 pts. Junior boys track and field: Sunset 15 pts.; Munday 10 pts.; Knox City 5 pts.

Junior playground ball, boys: Sunset 15 pts.; Benjamin 10 pts.; Vera 5 pts. Girls, Benjamin 15 pts.; Rhineland 10 pts.; Sunset 5 pts.

Ready writers: Munday 15 pts.; no second. Spelling and Writing: Goree 15 pts.; Munday 10 pts.; Truscott 5 pts.

Tennis: senior boys' doubles, Munday 10 pts.; Benjamin 5 pts. Senior girls' doubles, Knox City 10 pts.; Truscott 5 pts. Senior boys' singles, Munday 5 pts.; Truscott 3 pts. Senior girls' singles, Knox City 5 pts.; Munday 3 pts. Junior boys' doubles: Munday 5 pts.; Gilliland 3 pts. Junior girls' doubles: Truscott 5 pts.; Munday 3 pts. Junior boys' singles: Truscott 3 pts.; Munday 2 pts. Junior girls' singles, Benjamin 3 pts.; Truscott 2 pts.

Volleyball: Sunset 15 pts.; Goree 10 pts.; Rhineland 5 pts.

Guinn Improved  
Ben Guinn, manager of the Guinn Hardware Company of this city, was still confined to his home this week with illness. He is improving, however, and is expected to be at his business this week end.

To San Antonio  
Judge and Mrs. J. S. Kendall, of this city, and Mrs. Kendall's mother, Mrs. Callie C. Smith, and her sister Mrs. Byrum and two sons of Big Spring, Texas, all spent the past week end in Austin and San Antonio where they visited friends and relatives.

Senator Nelson Opens  
Race Over Radio

Challenging his opponents to "tell the voters where they stand now—before election," Senator G. H. Nelson of Lubbock, carried his campaign for Lieutenant-Governor before the voters of Texas in a state-wide radio broadcast last week.

Heart Attack is  
Fatal to Pioneer  
County Resident

Burial rites were conducted for T. C. "Uncle Tom" Griffin, pioneer Knox County citizen Monday afternoon. The deceased dropped dead late Saturday afternoon while hoeing in his garden.

He had been a resident of Goree since 1901, coming to that city from Collin county, Texas, and was 80 years of age at death.

A retired farmer, Griffin had been prominent in county politics for many years, serving as election judge and was a former precinct chairman for the Democratic party.

Funeral services were conducted from the Christian church of Goree and burial was made in the Goree cemetery.

The father of twelve children, he is survived by five girls and six boys and the widow.

Construction On  
Brazos Bridge is  
Started This Week

Preparatory work was started this week on the new steel and concrete bridge over the Brazos river on highway 16 between Knox City and Benjamin, E. M. Bailey, construction superintendent of the Oran Speer Construction Company announced.

The Speer firm was low bidder on the project and contract was awarded them by the state highway department. Contract calls for an expenditure of \$126,280, and it is estimated that it will require from four to six months to complete the structure.

Approximately 100 men will be employed on the bridge when construction is started on the bridge proper. The company employees at present are building necessary tool houses, and unloading steel beams and other necessary materials required to start building operations.

Move to Ballinger  
Mr. and Mrs. Paul Mansell and daughter Paula, moved last week to Ballinger, Texas, where Mr. Mansell will be connected with the Mansell Hardware Company of that city.

Six of Ten Games Carded on Mogul  
Schedule for 1938 Will Be Played  
On Home Gridiron; May Get Seventh

Huskinson Farm  
Home Destroyed  
Last Saturday

The four-room house on the Mrs. A. F. Huskinson farm 8 miles northeast of this city was razed by fire last Saturday afternoon.

Mr. and Mrs. Miller were residing in the house at the time it burned and saved only a few of the household goods. The structure was a total loss.

John C. Spann, owner of the Spann Tailor shop of this city, was farming the place this year and Miller was employed by Spann.

Eleven Foot Neon  
Sign is Installed  
By Baker-McCarty

The Baker-McCarty store front was made much neater in appearance and the main street of the city given an added boost this week when an eleven foot neon sign was installed by Pitzer Baker, manager of the firm.

The large sign is over the awning in the center of the building and will illuminate the street, making our city a better looking city.

The Rexall Store  
Installing Washed  
Air Conditioning

The Rexall Drug Store was this week making installation arrangements for a large washed air conditioner, A. L. Smith, manager announced.

The Rexall's air conditioner will be the seventh installation in the city this spring and will add much to the store's service. It will be the largest air conditioner installed this year in Munday.

LONE STAR PLAY  
PRESENTED LAST  
FRIDAY EVENING

A home talent play sponsored by the Lone Star school was presented at Weinert high school auditorium Friday night. Proceeds from the play will go to the Lone Star school.

The play, entitled, "When A Woman Decides," was well attended and the audience thoroughly enjoyed the farce-comedy.

Cast of characters included the following: Billy Defoe, Earnest McGuire; Maybelle Toney, Miss Elizabeth Earp; Silas Sawyer, D. E. Whitworth; Hilda M. Burl, Mrs. Marlen Hester; Bessie Hayden, Miss Melba Hewitt; Matilda Peter, Mrs. Pearl Huckabee; Rastus Toll, T. L. Hawkins; Mandy Dehaven, Mrs. T. L. Hawkins.

The play was a hilarious mad-house of attempts to marry everybody by everybody.

Here From Chillicothe  
Mr. and Mrs. Lee Glazner, Chillicothe, spent Sunday in the home of Mr. and Mrs. Grady Roberts of this city. Mr. Glazner returned to Chillicothe Sunday night and Mrs. Glazner will visit in the Roberts home for a short period.

New Manager  
Hal Dyer and family of Cisco are now situated in Seymour, their new home, where Mr. Dyer will manage the Seymour office of the Community Natural Gas company. Dyer replaces Bill Zinn, who has been moved to the Corsicana office.

LIGHTING FUND  
IS NEAR \$1000  
FOR GRID FIELD

Drive For Funds Will  
Be Pushed For  
Next Week

FIELD ASSURED  
NOW FOR MOGULS

Will Probably Start  
Construction at  
Early Date

Lighting of the Munday football gridiron for the next season was assured this week, leaders of the project, under sponsorship of the Munday Lions Club expressed following a checkup of bond sales.

At the regular weekly meeting of the Lions Club Wednesday noon, it was reported by Lion Secretary Wade Mahan that sale of bonds had netted \$965 in cash for erection of the field.

The club will continue the drive another week in an attempt to close out sale of the bonds, which will be paid to bondholders under the setup, without interest. The fund was expected to pass the \$1200 mark before next Wednesday.

The contest between club members revived interest in the project and team captains George Keene and Boyde Carley will battle for the "free feed," which in reality will be a "victory banquet" for the entire club in completing their major objective for the year.

Other phases of the project to bring about a "New Deal" for Munday athletic teams, has been effected, with the naming of Bill Cooper as coach, gaining admittance to the 9-B district, drawing up of a schedule which already has ten games, six of which are home tilts and the ordering of flashy new suits for the gridsters.

Coach Cooper was in the city Wednesday, and attended the luncheon of the Lions Club for his first introduction to the club membership. While here he purchased the new suits and talked to high school boys in the interest of the game.

Fire Razes J. D.  
Henderson Home  
Monday Morning

The home of Mrs. J. D. Henderson was destroyed Monday morning at 2 o'clock by fire, with all contents of the house as well as a small barn placed at a total loss.

The fire, of undetermined origin, had completely enveloped the structure before it was discovered and when the alarm sounded the home was more than 2-3 burned.

Nineteen members of the local fire department answered the call and extinguished the blaze on the remainder of the house. Mrs. Henderson was away from home at time of the fire, visiting her daughter, Mrs. W. J. Hutcheson of Wheeler, Texas. The home was protected by insurance.

Baptist Meeting  
Is Addressed By  
Rev. Albertson

The program of the Baptist Workers meeting which was held in O'Brien Tuesday included a talk by Rev. W. H. Albertson, pastor of the First Baptist church of this city.

Albertson's talk was the second number on the program and was entitled "The Bible Method, and Message of Evangelism." Theme of the meeting was "Evangelism."

Following Rev. Albertson's talk Roy Shahan gave a discourse on "The Primacy of Evangelism"; W. D. Green talked on "Conserving the Results of Evangelism"; songs by the Knox City male quartet; the conference sermon, delivered by Rev. H. R. Whitley, "The Second Coming of Christ, Will it be Pre- or Post-Millennial"; noon, lunch.

Program for the afternoon session consisted of a board meeting followed by a round table discussion on the significance of the preacher's evangelistic conference. The program was closed by a talk "The Soul Winner's Reward," by Lowell Ponder.

Mrs. T. J. Partridge and son Randal attended the regional meet at Abilene Saturday.

1518 AUTOMOBILE  
TAGS FOR '38

A noted increase was made this year in car registrations and truck registrations over last year, Earl Sams, county tax-assessor-collector announced last week end.

Passenger car registrations were 1518 for this year as compared to 1420 last year, or an increase of 98. 322 truck licenses were issued this year compared to 303 last year, an increase of 19.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"

## "WE WON'T ACCEPT TEXAS COTTON"—FOREIGN BUYER

"We won't accept American cotton against this sale," is positively a frequent emphatic statement made by foreign buyers of cotton. The Texas farmers knows that, and he also knows that 90 per cent of his crop must be sold to foreign markets. It's high time to alter the situation or inevitable ruin and bankruptcy faces the cotton farmer of Texas.

There is one and only one solution. Texas cotton farmers must grow a better grade of cotton and they must grow a longer staple of cotton.

An examination of the facts regarding the staple length of Texas cotton is astounding for this year's crop. The figures are as follows:

- 66.6 per cent of all Texas cotton was below 15-16ths (17.1 per cent was under 7-8ths.)
- 25.8 per cent was 15-16ths and 31-32nds.
- 7.6 per cent was one inch and above.

These figures show that 66 out of every hundred bales of cotton produced in Texas are below 15-16ths, a staple that world markets do not want. In so many words the Texas farmer is producing something that nobody wants—how can they expect to survive?

In contrast to the lowly Texas staple and grade of cotton here is how the cotton produced east of the Mississippi river compares:

- 29.2 per cent was below 15-16ths.
- 30 per cent was 15-16ths and 31-32nds.
- 40.8 per cent was one inch and above.

Here we are in Texas raising cotton that must compete with foreign production and yet the staple quality does not even compare with other states. Once again, the Texas cotton producer cannot survive by employing such business methods in meeting competition.

Here is how Texas cotton will compare with the cotton produced by foreign countries: for the season 1935-36 Egypt produced NO cotton less than 1 1/8 inch. The same year Russia produced NONE below 7-8ths and 70 per cent was above one inch; Brazil produced 2,000,000 bales and NONE below 7-8, 15 per cent was 15-16ths, 50 per cent was from 1 inch to 1 3/32nds, 30 per cent was from 1 1/8th to 1 3/8ths and 5 per cent was over 1 3/8ths.

Foreign cotton demands is increasing each year while at the same time Texas cotton is being refused by more foreign markets—result, Brazil produced 2,000,000 bales in 1936 compared to 400,000 in 1931. The combined world results in that phase of the market shows that the world is consuming 8,000,000 bales more of cotton today than ten years ago, and Texas farmers cannot regain those lost markets by growing the same INFERIOR product that she is now producing. It is an established fact that Texas farmers cannot survive on 7-8ths inch staple that grace her fields from boundary to boundary. Only one thing can save Texas farmers, and that is a concentrated drive for one-variety cotton with a longer staple.

A survey of one-variety communities shows the following results from last year's crop: only 5 per cent was below 15-16ths and none of that was lower than 7-8ths; 48.8 per cent was 15-16ths and 31-32nds; 36.8 per cent was 1 inch and 1-32nds, and 9.4 per cent was above 1 1/8ths.

These results show conclusively what can be accomplished through one-variety communities. It means added dollars to go into the pockets of farmers. It means money to the ginners. It preserves a uniform seed supply and lowers the cost of maintaining a good supply of seed. It actually means that Texas might stay in the cotton business, providing the whole state is thus organized. Munday needs such a movement.

## HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

(Editor's Note: The following items were taken from a copy of The Munday Times, published August 3, 1907, belonging to Miss Shellee Lee. The issue was a 40-page special edition telling of the phenomenal growth of Munday and the Knox Prairie. The Editor expresses thanks to Miss Lee for furnishing the paper for this column.)

### ARRIVAL OF THE FIRST TRAIN IN MUNDAY TOWN

Cause for much elation among the citizenry of Munday and the Prairie was the completion of the Wichita Valley railroad and arrival of the first train in the city June 6, 1906.

Before railroad service the town was afforded transportation only by stagecoaches, and all building material was hauled overland from Stamford and Seymour. It was 35 miles to Seymour at that time instead of the 24 now.

### CITY SLOGAN—

One of the slogans and boasts of the day was the fact that the city and Prairie was "free from joints, and it was seventy-five miles to the nearest saloon."

### BUILT NEW THREE STORY HIGH SCHOOL

A new school building was completed in the early part of 1907 and was a three-story affair, including the basement as a story. (The building now stands on the present school campus, but is not in use for school work)

Superintendent of the school was J. W. O'Banion, now a member of the Texas Education Department. W. A. Baker was president of the board of trustees, with J. N. Campbell, treasurer, Milton Clendenin, secretary, B. L. Bowden, N. L. Newsom and R. S. Barton.

### RAISED 60,000 BALES IN 1906

Cotton was the chief crop of the Prairie in the early days as it is now. Following is a record of the first cotton shipments up to 1906: 1890, 5,290; 1891, 4,885; 1892, 5058; 1893, 7362; 1894, 9946; 1895, 8492; 1896, 4322; 1897, 12,362; 1898, 21,913; 1899, 17,468; 1900, 16,059; 1901, 20,413; 1902, 19,603; 1903, 33,917; 1904, 28,269; 1905, 48,301; 1906, 60,229 bales.

### FIRST BANK WAS ORGANIZED BY W. A. BAKER

In 1903, the first bank in Munday was organized by W. A. Baker, the Knox County Bank. The institution was a private one, and operated an office in the Baker-Bryant Co. store here.

In January 1904, the First National Bank of Munday was organized with W. A. Baker as president, had \$25,000 capital stock, which was increased to \$40,000 with a \$10,000 surplus April, 1906.

(Note: More interesting items from the 1907 issue will be published in next weeks Times.)

## Retail Sales For State Show Gains Over Past Month

Austin, Texas, April 25—Retail sales in Texas continue to make a far better showing than in the Nation as a whole, according to the Bureau of Business Research of the University of Texas. Aggregate sales, as measured in dollars, during March of a representative group of department stores, men's and women's specialty stores were only slightly below those of the corresponding month last year and exceeded those of February by almost the normal seasonal amount, the report said.

Reports from 106 retail establishments showed total dollar sales during March of only 2.4 per cent, below those of the like month last year, while the increase over February was 21.6 per cent. The fact that Easter came in March last year whereas this year it came in April lends further optimism to the current showing.

### THOSE OVER FORTY

Of the 48,929,920 persons gainfully employed in the United States at the last Federal census, a total of 19,552,449 workers were over 40 years of age. In other words, about 40 per cent of all workers in American industries are over 40 years of age.

### WATER USERS

Class 1 railroads in 1936 expended more than \$25,000,000 for water for locomotives and in maintaining water stations.

Waco, four-letter town, produced four candidates for Governor with and Witt. Three, Ross, Coke and Neff, were elected.

## NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN—Democratic voters of Texas, with the opening of both major candidates for Governor behind them, this week were studying platforms and opening addresses of Bill McCraw and Ernest Thompson while the boys who pull the political wires were working 18 hours a day in both camps, angling for the support that will put their men in a runoff contest next July.

The McCraw opening, at Arlington, birthplace of the Attorney General, was all that the McCraw managers expected. Utilizing every ballyhoo trick in the bag, the agents assembled a crowd that competent staff of McCraw press packed a city block on Arlington square, including 1800 who rode a free special train from Dallas. McCraw outlined his platform in a carefully prepared, serious address which pleased his crowd and the thousands who listened on the radio.

### Platforms Parallel

Meanwhile, the political experts were analyzing the McCraw and Thompson platforms, and finding that the Attorney General tracked the trail blazed by Thompson about 90 per cent of the way. The differences between it will constitute the main issues of the campaign. McCraw advocated ratification by the State of the Federal Child Labor amendment. Thompson opposed it, and urged a State law to regulate child labor. McCraw declared for higher taxes, if they are needed, from "corporate interests," specifically mentioning natural resources, pipelines and public utilities. Thompson would seek additional revenue, if needed, from a luxury tax and natural resources, urging lower utility rates through state regulation, instead of increased state taxation to hike rates to consumers. Both pledged economy, no new taxes, opposition to a sales tax. Thompson favored a tax on luxuries, if needed, while McCraw called a luxury tax the same as a sales tax.

McCraw made rather broad claims for the credit for abolishing hot oil, lowering gas rates, developing the oil industry, defeating Federal Oil Control, and other achievements in which both the Railroad Commission and the Attorney General's office have participated. There is likely to develop some pretty lively differences of opinion as to who brought about these blessings, as the campaign progresses.

### Draft Ferguson Movements

Like the proverbial nine-lived cat, the third term talk for Mrs. Ferguson refuses to die, even in the face of Jim's refusal to enter the two-time woman governor again. In San Antonio, this week will see a mass meeting, headed by "liberals" who resent interference by Rangers with San Antonio's traditional "wide-open" gambling and sale of liquor by the drink, with the announced intention of drafting Ma as a candidate. T. H. McGregor, shrewd political mind in the Ferguson camp, was to deliver the principal speech.

Tom Hunter, the Wichita Falls veteran, jolted the McCraw enthusiasts considerably, when he dropped his hat into the ring for a third effort at the governorship, as forecast last week in this column. Hunter got around 239,000 votes last time against Jimmie Allred, and the best guessers here think he will pull a substantial vote again. He classified Thompson and McCraw as political blood brothers, and figuratively beat the Hunter breast in agony over the State's unhappy situation. He will miss Boyd Gatewood, veteran publicist, who wrote the clever gags that enlivened Hunter's last campaign. Gatewood died of a sudden heart attack on the eve of Hunter's announcement.

### Montgomery Lauded

To Julian Montgomery, State Highway engineer, went the plaudits of good roads enthusiasts gathered in Austin for the Texas Good Roads Association's annual meet. During six months' service, Montgomery—who stepped into an admittedly very hard job as successor to the capable Gib Gilchrist—has not only carried forward the road building activity of the state without pause, but has advanced the planning program materially, so that when Federal funds for the 1939 program become available June 30, Texas will be far out in advance of most States with a carefully planned and engineered program to begin putting highway coin in circulation, relieving unemployment, and improving roads, immediately.

The good roads folks made a highly popular choice, too, when they elected Lowry Martin, civic-minded publisher of the Corsicana Sun, president. Another popular publisher, Joe Leonard of the Gainesville Register, was made a vice-president.

### Gas Rate Suit Ends

Ending a bitter legal fight that has paraded through courts in Dallas and Travis counties, representatives of the Railroad Commission and the Lone Star Gas Co., reached an agreement here under which the Commission's employees will be permitted to examine the books and records of the gas company in El Paso and other cities, pending decision of the appellate courts, of the commission's rights to assume original jurisdiction in gas rate matters involving incorporated towns and cities. The gas company first sought an injunction preventing the commission from exercising such jurisdiction; then the Commission sought to enjoin the company from interference with it exercising such jurisdiction. The

## SCOUTING THE

## SCOUTS

MUNDAY, TEXAS, TROOP

Cecil Cooper, Scoutmaster  
Robert Greene, Assistant  
Henry Dingus, Reporter  
Meeting Place—Legion Hut

Monday night at seven-thirty, twenty-four scouts and the scoutmaster met at their regular meeting place, the Legion Hall. Two visitors present, who hope to join us as soon as they get old enough were Bobbis Haymes and Wayne Blacklock.

We decided to change the time of meeting of the scouts from seven-thirty to seven-forty-five. We were warned by the scoutmaster that those who were not there by seven-fifty-five, or ten minutes after the meeting begins, would not be counted present on the rolls.

The Scout Jamboree which was to have been held in Seymour last week-end, was postponed indefinitely for some reason.

Our troop will have a contest during the month of May to see which is the most progressive patrol. There will probably be some keen competition in this contest, and each patrol gets points by having its members there on time, by having each member to have his dues paid, and by being the best-behaved troop at the meeting. There will be a prize or a banquet, or something worthwhile given to the winning patrol.

One thing which all the scouts are looking forward to is the scout play which will be put on shortly after school is out. We may have one long interesting play or instead we may have three or four shorter plays. The money which we hope to make from these plays will be used to buy uniforms for the troop.

We have just finished the Clean-Up Campaign, the results of which were published in last week's paper. Most of the patrols are planning to use their money to help buy pup-tents for their own use.

The Flying Eagle patrol, headed by Dick Harrell, enjoyed a fishing trip last Friday night, but as the scout reporter didn't go along, he can't tell you much about it.

After the meeting was over, all the lights (except one) were turned out, and everyone told ghost stories. (With special sound effects by Frankie Boone and Joe Dean Clough.)

Those attending the meeting were: Charles Baker, Bud Longino, Dick Harrell, Harold Longino, Dewey Laney, Kenneth Spelce, Jack Pippin, Frankie Boone, Bobbie Haymes, Wayne Blacklock, Jimmie Lee Haney, Lamoine Blacklock, Mac Haymes, Weldon Higginbotham, Howard Shannon, Joe Dean Clough, Willard Reeves, Henry Dingus, Cecil Cooper, J. E. Reeves, Jr., Dan Billingsley, Joe Albertson, Sargent Lowe and G. C. Conwell, Jr.

All scouts are urged to be on time next Monday night at the Legion Hall at seven-forty-five.

In one of the last pitched battles fought with Indians on Texas soil, 500 Texas Rangers defeated a band of 2,000 Comanches. Tom Green County, January 8, 1864.

## (To Be Continued)

### No Chance For Argument!!

A sophomore at college had gone broke playing poker and wired his father as follows: "Am on the hog; wire me fifty bucks quick." Father wired back: "Sorry, son, business is bad; ride the hog home—we need the pork." We are not "on the hog" so badly that we have to mistreat our used cars in order to pay the grocer and the butcher: we treat our clients as we would wish to be treated if our positions were reversed.

### High School Seniors Guests Saturday Of Hardin-Simmons U.

Abilene, Texas, April 27—High School seniors from throughout West Texas will converge here Saturday for the fifth annual Senior Day on the Hardin-Simmons University campus.

Last year, senior classes from eighty-five high schools were represented, and H-SU officials estimated today that the 1938 figure will be higher.

The famed Coyboy Band will open the program at 10 o'clock, in the H-SU Cowboy Stadium. Introduction of the various school groups will follow.

At noon a West Texas style barbecue will be served at the barbecue pits on the campus, as the university entertains its Senior Day visitors. Last year's attendance at this feature event on the day's program exceeded 3000.

Shows and exhibitions are planned by each H-SU department during the early afternoon. Scientific stunts, radio auditions, musical concerts, and athletic bouts headline a varied program.

Main feature of the afternoon will be an intra-squad football game with which Coach Frank Kimbrough's H-SU Cowboys, undefeated in seventeen starts, wind up spring training. The Reds and Whites, Saturday's rivals, battled to a scoreless draw two weeks ago.

Dr. R. N. Richardson, H-SU executive vice president, is general chairman of the day's entertainment, and the Women's Missionary Societies of the Baptist churches in Abilene sponsor the Senior Day programs each year.

### When They're Not A-Writin' Songs

By Joseph R. Fliesler

At top: Erno Rapee, A.S.C.A.P. Below: Maurice Baron, A.S.C.A.P. Insert: Al Stillman, A.S.C.A.P.

COMPOSERS and authors by no means depend for their livelihood on the results of their creative talents. Royalties from the sale of sheet music and phonograph records have diminished to but ten per cent of their former values. Royalties received through the American Society of Composers, Authors and Publishers, which licenses the public-performance-for-profit rights of their works, are never sufficient to give these creators a life of ease.

Song writers must work. They cannot live on airs. Most of them choose for their daily occupation a position in the amusement field, with theatres, production companies, orchestral units, etc. They manage to distinguish themselves in these occupations, since generally genius is versatile.

Three members of the American Society of Composers, Authors and Publishers, and on occasion, a fourth, are intimately associated with the creation and production of music in the largest theatre in the world—the Radio City Music Hall.

Erno Rapee, A.S.C.A.P., director of all music and conductor of the great orchestra, is the head of the Music Production Department.

Maurice Baron, A.S.C.A.P., dean of the staff's composers and arrangers, has the job of creating new music or arranging older music to fit every revue staged in the theatre.

Al Stillman, A.S.C.A.P., is the staff librettist of the Music Hall, and must write the words to fit the music which fits the revue.

On occasion Kay Swift, A.S.C.A.P., distinguished woman composer, now associated with the World's Fair, has contributed her talents to the work of presenting musical entertainment in the Hall.

Mr. Rapee is the composer of "Charmaine," "Diane" and "Angela Mia." Mr. Baron is the composer of "Serenade Orientale," "Indian Wedding Festival" and "Lake Song." Mr. Stillman has written the lyrics for "Virginia," "Forever and a Day" and "Tell Me That You Love Me." Miss Swift is the composer of "Fine and Dandy," "Can't We Be Friends" and "Moonlight Memory."

congressman J. D. McFarlane

**Non-Military Appropriation**  
The House, last week considered throughout the week the Non-Military Appropriation Bill providing a direct annual appropriation of \$196,609,725; and on Thursday finally passed and sent this measure to the Senate for their consideration.

**The Relief Program**  
The President's new relief program has aroused the opposition, and we are now receiving very largely the same propaganda from the same organizations who have bitterly opposed the entire program. The national income this year indicates a decline of about \$12,000,000,000 over last year, and with business conditions showing the same downward trend, it is hard to realize how our economic problems can be solved by remaining idle and attempting nothing to improve conditions. Forcing money into circulation in a well-planned work program will start the cycle of re-employment and restoration or purchasing power now so badly needed. History records that we have never had prosperous times in this country with low prices and low wages. Prosperity comes only when we have good prices and good wages.

**Wage and Hour**  
The House Labor Committee favorably reported S.2475 with amendments, which in substance proposes.

To forbid employment of children under 16, and to regulate employment between 16 and 18 in hazardous occupations.

To prohibit employment at less than 25c an hour the first year, 30c the second, 35c the third and 40c thereafter.

To prohibit employment for more than 44 hours a week the first year, 42 the second and 40 thereafter.

To provide for enforcement

through Federal Courts.  
The AF of L and the CIO have united in support of this Bill, and it is believed a favorable rule will be received this week to bring the measure before the House. It is believed that this measure will receive favorable consideration before adjournment.

**The Tax Bill**  
The morning press indicates the tax conferees have agreed in substance on the undistributed profits tax provision of the House Bill, and on capital gains they have taken the 15 per cent flat rate contained in the Senate Bill. The House Bill was almost a complete surrender to the large corporations and gamblers and speculators which are the ones greatly favored by these proposed amendments to existing law. However, the Senate Bill goes much further than the House Bill and gives these groups everything they wanted. The compromise means the great masses of the people will be forced to pay more taxes while the privileged groups, speculators and gamblers, and those having large incomes from tax exempt securities will be relieved of some \$300,000,000 in taxes. It seems unfair that the masses of the people, from the earned income of their salaries must be forced to bear this additional burden under these trying conditions.

**The Calendar**  
The Senate, last week debated and finally passed the Naval Appropriation Bill, and then began consideration of the Naval Enlargement Authorization Bill. This measure will be considered until disposed of this week.

This week the House will con-

### Knox City Band Leaves For San Angelo Contest

The Knox City high school band left today for San Angelo, Texas, where they will enter the West Texas Band concert. The group will be in San Angelo three days. The band will enter this year in class C, and Knox City school patrons are expecting a creditable showing by the organization. The band members were purchased new uniforms this year. Several Knox City students and patrons accompanied the band to the meet.

Thirty-six days were required for Stephen F. Austin to travel the 1,200 miles journey from San Antonio to Mexico City on his first trip to the Mexican capital.

### Fight to Control Worst Grasshopper Infestation in Years Gets Under Way For Texas Farmers; Get Bran, Poison

140,000 Gallons Of  
Arsenite Assigned  
to Texas

The fight to combat the worst grasshopper infestation in history is under way with the arrival of 37 carloads of bran and 14,800 gallons of sodium arsenite from federal sources, according to R. R. Reppert, entomologist of the Extension Service of Texas A. & M. College and state grasshopper control leader.

Texas has been assigned 7000 tons of bran and 140,000 gallons of sodium arsenite by the Bureau of Entomology and Plant Quarantine, which administers the government's grasshopper control program. This material will be matched by farmers who will receive allotments of poison mash through county agricultural agents and county grasshopper control committees.

Entomologists have known for six months that more than 100 Texas counties would suffer a severe grasshopper infestation, and federal entomologists have helped the Texas Grasshopper Control committee make advance plans to hold down crop damage.

While the hatch is still incomplete, hoppers have emerged in record numbers in most of the counties where damage is expected. Only in the Panhandle are the hoppers still in the egg stage. The recent cold wave did little to reduce grasshopper numbers.

County agriculture agents, and county grasshopper control committees, and farmers are ready to combat the insects. Experience has shown that control is simplified when poison mash is scattered around the places where hoppers hatch out before the multiply and spread to fields. A similar program last year saved Texas farmers 6 million dollars and returned more than a hundred dollars for each dollar spent.

Control measures will begin around May 1 in the counties where the hatch is most advanced, Reppert said.

#### SAPLINGS FOR STEEL

Saplings are used in making steel. Some steel companies buy thousands of young saplings to use in stirring ladles of molten steel.

The Redwood Empire Association joined with San Francisco's 1939 Exposition in sending an invitation to Australia for World's Fair participation, on a 2,000 year old red wood plaque.

### 'Bow Bow,' Annual Of Weinert High To Be Ready 20th

May 20 has been set as the date for delivery to students of the "Bow Wow," school annual of the Weinert High School.

The dummy is ready for printers.

The first annual of the school is being dedicated to the two senior sponsors, Miss Louise Wade, and H. T. Sullivan.

Copies of the book can still be purchased if students will make their deposit before the book goes to press.

### Isn't this the real problem of Beer —and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled . . . by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized . . . to align the brewing industry with forces working for the public good in this country.

Our underlying motive . . . to perpetuate and promote our industry . . . is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members\* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

UNITED BREWERS INDUSTRIAL FOUNDATION  
21 East 40th Street, New York, N. Y.

Correspondence is invited from groups and individuals everywhere who are interested in the brewing industry and its social responsibilities.

\*Identified in the advertising of members by this symbol.

## SUCCESSFUL YEARS WORK IS CITED IN RESUME OF 1937-38 PROGRAM OF PARENT-TEACHERS ASSOCIATION

A resume of the years work of Munday Parent-Teachers Association this week disclosed one of the most successful programs completed in history of the organization. The P.T.A. completed their year at a meeting last Wednesday in the elementary school auditorium.

Perhaps the most outstanding accomplishment of the organization this year was the vaccination program which was started in April and is to be completed some time before June 1. The Lions Club very generously offered to meet half the expense of this program and the P.T.A. is to pay half.

Perhaps other accomplishments of interest would be the appropriation of \$25.00 from the P.T.A. fund for the purpose of purchasing shrubbery for a beautification project; \$15.00 went for the purpose of buying balls and bats for the children; a new gas range was purchased for the lunch room, also a linoleum rug.

At least three interesting programs given at the regular meetings might include the Thanksgiving Pageant given by the seventh grades at the November meeting, the Christmas Cantata given by the grade school chorus, and the style show given by the Home Economics department.

One of the interesting meetings was the October meeting which was held in the evening. At this time, we had as our guest, Mrs. T. G. Easley who was the first president of the P.T.A. when it was organized in 1906. Mrs. Marvin Reeves read, at this time, a history of the P.T.A.

There have been several programs arranged this year for the purpose of raising money. Among these programs were the Parent-Teacher volleyball game, the Amateur Hour, and the Stunt Night program.

The P.T.A. has 115 paid members, the largest membership of its history.

All in all, the organization has enjoyed a successful year under the able leadership of Mrs. J. O. Bowden. Other officers of the current year were Mrs. F. V. Williams, vice president; Mrs. Leo Haymes, treasurer; and Mrs. John B. Ingram, secretary.

## SUNSET H.D. CLUB MET IN HOME EC ROOM TUESDAY

"Fashion Influences," general discussion of meeting held April 26, in the living room of the Home Economics Department. Planning clothes to fit the individual is very important. Clothes help to make the individual attractive if they are well planned, so that they are becoming to the type of person wearing the costume. Color is very important, as all persons cannot wear the same colors, because of the difference in color of hair and complexion.

Five members answered roll call with "Is My Foundation Pattern Up to Date?" Those present were Mrs. I. W. Walling, Mrs. A. P. Garrett, Mrs. T. J. Partridge, Mrs. R. M. Almanrode, and Mrs. J. W. Bigony.

The next meeting will be with Miss Astin and the demonstration will be "Sponge Cakes," all members are urged to be present.

## KNOX FEDERATED CLUBS HEAR MRS. G. C. JOHNSON

Members of the Knox County Federated Clubs met in a regular meeting in Benjamin Tuesday, April 19th, at which time they heard a special program.

Mrs. Grover C. Johnson of Wichita Falls, who is First President of First District Federated Clubs of Texas, was a guest of the meeting. Mrs. Johnson addressed the group of ladies to feature the program.

Following the program a social hour was enjoyed by those attending.

Members of Federated Clubs of Munday, Knox City and Benjamin were present.

## HEFNER H.D. CLUB MET IN ED JONES HOMES

"From Rags to Rugs" was the lesson of the Hefner Home Demonstration Club Tuesday afternoon at the home of Mrs. Ed Jones.

Mrs. Frank Boley of Munday gave a demonstration on making hooked rugs and instructions on braided rugs.

The president opened the meeting with songs and music and our recreational leader led in some contests.

After a brief business session was disposed of a display of the dainty home-made lace was passed around to view which was made at Munday under direction of the teacher, Mrs. George Salem.

During the social hour cake and chocolate was served to Mesdames W. H. Barnett, Gene Payne, W. M. Taylor, Sam Hampton, Ben Holder, Sidney Johnston, R. L. Lambeth, F. M. Lambeth, E. J. Jones, M. J. Jones, C. E. Jones, Edd Jones, and visitors, Mrs. F. Boley, J. C. Lambeth, Ferris Mobley, Misses Edna Earl Smith and Miss Eva Jones.

The Hefner Home Demonstration Club meets next Tuesday, May 3, at 2:30 p.m. at Mrs. T. H. Jones' home. Topic for the meeting will be Sponge Cake. Roll call, Some Recipes Used a Long Time Ago.

Miss Nina Astin of Benjamin will demonstrate making sponge cake.

Each member is urged to be present and bring a report of their club work.

## RELATIVES AND FRIENDS VISIT FLOYDS SUNDAY

The following relatives and friends visited Mr. and Mrs. W. A. Floyd Sunday, April 24: Mrs. Edna A. Young of Ralls; Mrs. Ruth Stevens of Tulsa; Mr. and Mrs. J. O. Young and son Howard of Slaton; Mrs. J. O. Young's sister of Lubbock; Mr. and Mrs. Robert Young and sons, J. R. and Breman of Smith Chapel community; Mr. and Mrs. Ezra Smith and daughters Lura Fay and Billie and son James, of Munday; Mr. and Mrs. G. T. Floyd and son Gene; Mr. and Mrs. Weldon Floyd and little daughter Floretta of the Sunset community; Mr. and Mrs. C. A. Taylor and Mr. and Mrs. S. E. Taylor and son Billie; Mr. A. W. Griffin; Mr. Murl Griffin and little son, all of the Lone Star community.

## NAME HOSTS FOR YOUNG WOMEN'S CIRCLE MEETS

Hosts were named this week for the next three months of the Young Women's Missionary Society. They are as follows:

May 2, Mrs. Howard Cobb; May 9, Mrs. Herman Webb; May 16, Mildred Bowden; May 23, Mrs. Bess Porter. The May 23 program will be a social.

June 6, Miss Jeanette Campbell; June 13, Sue Bowden; June 20, Ruth Baker; and June 27, Mrs. Joe King.

July 4, Mrs. Wade Mahan; July 11, Mrs. Bounds; July 18, Miss Merle Dingus; and July 25, Mrs. L. L. Womble.

R. R. Davenport was in Red Springs Friday transacting business.

## Electric Milk Cooler Will Maintain Premium Quality

Premiums as high as 35 cents per 100 pounds are obtained for milk whose bacterial count is kept low with an electric cooler.

FOR years, one of the biggest problems of all farmers—but particularly of those primarily engaged in dairying—has been the protection and preservation of milk until convenient to use or to market it. Although cleanliness and sanitation determine the initial quality of milk (so far as bacteria are concerned), adequate refrigeration is essential to maintain it.

The final number of bacteria in milk is the result of two and only two factors: First, contamination, which is contributed by the cows, milker, utensils and anything with which it comes in contact; and, second, growth and multiplication, which is almost entirely a function of temperature and time.

It has been found that, although refrigeration has little or no effect in reducing the number of bacteria, milk must be cooled to 50° Fahrenheit or less within 1½ hours after it is drawn if bacterial growth is to be retarded sufficiently to preserve its quality.

The old-time milk house, located over spring or well, usually is not convenient and certainly is not an effective cooler—tests of water said to be "as cold as ice" frequently showing temperatures as high as 65° Fahrenheit.

Ice is an improvement so far as cooling is concerned but it is unpleasant to handle and requires much hard work, particularly if one harvests his

own ice. If he does not, there is the difficulty and expense of obtaining a sufficient and regular supply.

The electric cooler which, like the electric household refrigerator, has been refined, improved and reduced in price in recent years, provides the ideal means of preserving the quality of milk. For not only is it more convenient than ice but also it automatically maintains a uniformly low temperature within narrow limits, yields a better grade of product, requires a minimum of labor and attention, and is cheaper when all costs are taken into consideration and electricity is 4 cents or less per kilowatt-hour.

Records show that an average of 1 to 1½ kw.-hr. is required to cool 100 pounds of milk to 40° F. in a tank-type cooler, while 30 pounds of ice is required to do the same work. Including depreciation, interest and repairs, with current at 3 cents per kw.-hr., the total cost of an electric cooler runs from 12 to 13.5 cents per 100 pounds of milk. The average cost of cooling with ice, including filling the ice house, storage and transfer of ice to cooler, is about 16 cents per 100 pounds of milk.

Detailed information on the various types and sizes of electric milk coolers can be obtained from the several manufacturers or by writing to your state college or university.

## METHODIST M.E. SOCIETY MET IN BOWDEN HOME

The Methodist M.E. Society met in the home of Mrs. S. A. Bowden Monday evening in a very interesting meeting. Mrs. McStay had charge of the program. Mrs. Bounds gave the devotional, and we answered to roll call with a verse of scripture. Mrs. Longino gave an interesting report on the meeting at Snyder, also Mrs. Levi Bowden gave an enthusiastic report on what the meeting had meant to her. After a business meeting ice cream and cake was served to 17 members, including the hostess, Mrs. S. A. Bowden.

## CLUB WOMEN OF COUNTY STUDY LACE HANDWORK

Club women from over the county have been meeting in the home of Mrs. George Salem once a week for lessons in lace making. The work is very fascinating and the women are progressing rapidly.

Next Tuesday, May 2, at 1:30 is the meeting day. The lessons cover a three hour period each week.

We shall be glad for anyone interested in hand work to see Mrs. Salem at the Fair Store, for full particulars.

## YOUNG WOMEN'S CIRCLE MET IN DINGUS HOME

The Young Women's Circle met in the home of Merle Dingus in a social and business meeting Monday night. Mrs. Longino and Mrs. Levi Bowden, who were delegates to the conference at Snyder, told things of interest there.

Those present were: Ruth Baker, Mrs. R. B. Bowden, Mrs. Levi Bowden, Mrs. Joe Bailey King, Mrs. L. L. Womble, Mrs. Wade Mahan, and Miss Jeanette Campbell, and hostess, Miss Merle Dingus. Guests present were Mrs. Ed Bowden, Mrs. Harold Leathers, and Mrs. H. A. Longino.

Detailed information on the various types and sizes of electric milk coolers can be obtained from the several manufacturers or by writing to your state college or university.

## News From County H. D. Clubs

MISS NINA ASTIN  
Home Demonstration Agent

"I did not realize that the method used in mixing cakes was so important until I tried the method used by Miss Astin, our home demonstration agent," remarked Mrs. B. B. Bingham, of the Brook Home Demonstration Club.

Mrs. Bingham states that she is making much better cakes even with her old recipe than before the cake demonstration. Miss Elliott, State Feed Preparation Specialist, suggests that the following points be observed in order to have quality butter cakes: 1. Use a reliable tested recipe whose proportions are balanced; 2. Use the best ingredients; 3. Measure accurately; 4. Mix the ingredients correctly; 5. Bake at the right temperature; 6. Take proper care of cake after baking; 7. Have cake and frosting both cold when frosting a butter cake to have best results.

Like Mrs. Bingham, I am sure others agree that it is well worth the time to spend more time in mixing a cake in order to have a quality cake.

Miss Johnnie Patton of Goree, was in the city Monday afternoon on business.

"The Store With the Goods"

## APPEARS IN SHOW AT WTCC MEETING AT WICHITA FALLS

Denton, Texas, April 28.—Chosen because of its campus success, the freshman show at Texas State College for Women, in which Miss Wanda J. Williams of Munday appears, was presented this week at the West Texas Chamber of Commerce meeting in Wichita Falls Tuesday night, April 26.

Around 5,000 people witnessed the college revue. Most prominent among the celebrities there for the meeting were Mayor LaGuardia of New York City and Tom Connally. Miss Williams is the daughter of Mr. and Mrs. P. V. Williams.

## COUNTY COUNCIL MEETS MAY 6

The Knox County Council of Home Demonstration Clubs will hold their regular meeting in the assembly room of the Knox County courthouse, Friday afternoon, May 6th.

Purpose of the meeting is to select delegates for the annual farmers short course. The meeting opens at 2:30 p.m., Miss Nina Astin, county H.D. Agent, stated.

Miss Johnnie Patton of Goree, was in the city Monday afternoon on business.

"The Store With the Goods"

## CHURCH NEWS

### METHODIST CHURCH

If Methodism does not stage its comeback through the Aldersgate commemoration just what may we look forward to for new inspiration that will arouse us to our day of victory. "The sound of the going in the tops of the mulberry trees" is most certainly to be heard today if one has spiritual perception. (II Sam. 5:23). Someone has recently said, "The preacher, or the congregation that fails in becoming revived spiritually during this Aldersgate commemoration will be a back number in the days to come." Certainly he who fails God in this hour of need cannot hope to have the smile of Divine favor.

This Sunday is our Communion Day. May we not make it also our day of rededication of a life to the cause of God. He who seeks only to save himself contradicts the fundamental principles of humanity. May we, with the Christ, take the way that will make possible the salvation of others.

We are expecting that Rev. E. B. Bowen, our Presiding Elder, will preach at the evening hour and hold the business session immediately thereafter.

If you have something more important to do on "God's Day" than attend church and Sunday School, doubtless God will excuse you from services. The person who has given a life to God and the church has a right to a holiday occasionally.

When Ananias and Sapphira was found to have lied to God, great fear came upon all the church.—Acts 5:1-11.

We will be looking for you at church Sunday.

H. A. Longino

Merick McCaughey, candidate for County Superintendent of schools, was in the city Saturday in the interest of his candidacy.

## SUNSHINE CLUB ORGANIZED BY HOOD LADIES

Several ladies of the Hood community met at the home of Mrs. Ewen Beatty Wednesday afternoon, April 20, and organized a Sunshine club. The following officers were elected:

President, Mrs. Ewen Beatty; vice president, Mrs. Carl Moorman, Sec-Treas., Mrs. Thurman Cannon, reporter, Mrs. Douglas Smith; visiting committee, Mesdames Arthur Howard, R. B. Jones, Howard Peek, and Melvin Thompson.

The club will meet next Wednesday afternoon at the home of Mrs. Gus Brown.

"The Store With the Goods" MUNDAY, TEXAS

Science Beats the Sun

INDUSTRIAL engineers have now developed the device shown above, Consumers Information reports, to test color-fastness of fabrics, so that manufacturers can make sure in advance that their materials won't fade in the sun. Women never used to be sure that their dresses and draperies would retain their original brilliance until they had actually been exposed to sunlight. But through the use of this machine, developed by industrial research experts, it is now possible to tell whether dyed fabrics will hold their color. This is one more example of how industry helps the consumer.

Weekly Health Letter!

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Will Celebrate Child Health Day May 1st

AUSTIN, Texas.—"Texas, this May 1, has cause to celebrate its annual May Day Child Health Day as an expression of better child health this past year over the state," Dr. Geo. W. Cox, State Health Officer, said.

Throughout the length and breadth of this state on May 1, children will gather in celebrations, which include games, play, and exhibitions of special ability which has been in most cases, we hope, a year in which there has been increased health and enjoyment.

The State Department of Health joins with the individual child in the celebration of these gains.

"Today we celebrate the fact that the maternal mortality rate during the past year was lower than any previous year in the history of the State of Texas. This means more mothers living to care for the children of Texas, to encourage them and assist them in providing them happiness. The fact that diphtheria has continued its retreat and that the death rate from this disease is the lowest in the state, together with the lowest death rate from typhoid, in history is to be celebrated," Doctor Cox added.

"These facts we accept with true pleasure and joy in that we may have had some share in the reduction of these rates. A great deal remains to be done and the battle

SUNSET SENIORS ON PARADE!

LOVEDA CHEEK by Lillian Hackney

Loveda Cheek, daughter of Mr. and Mrs. T. F. Cheek, was born on March 2, 1921, at Kopperl, Texas. She moved to Houston, Texas, and stayed there until she was four years old. Hearing so much of West Texas, she moved to Weinert, Texas, where she received her grammar school education. She spent the first part of her freshman year in Sunset, and she finished it at Red Springs. Loveda spent her Sophomore and Junior years at Walnut Springs, Texas, but to Sunset's pleasure, we have Loveda Carol spending her Senior year here. She is secretary and treasurer of the Senior Class this year. When Loveda was in grammar school she was known for her 'hind-catching' on the junior girls baseball team. Since she has been in high school, she has played volleyball for four years, basketball three years, and played baseball two years. While at Red Springs she was chosen as one of the all-tournament girls on the volleyball team, and this year, Loveda was chosen as guard on the all-tournament team of the Brazos Valley League.

Her favorites:  
Song—"Blue Hours"  
Color—Blue  
Sport—All of 'em  
Teacher—All of 'em.  
Boyfriend—Blond.

LEMUEL CLARK by Marguerite Jarvis

Lemuel Clarke, son of Mr. and Mrs. Tom Clarke, was born July 27, 1918, at Groesbeck, Texas. He went to school at Knox City for three years, then moved to League, and went there until he moved to Sunset and has been at Sunset all these years.

His favorites:  
Sport—Dancing  
Color—Blue  
Song—"Four or Five Times"  
Girlfriend—Tall, dark and beautiful.

Lemuel plans to enter Draughton's Business College at Wichita Falls next year.

EDITORIAL!

"LIFE"

You hear many people say "I have a new lease on life." Yes, you hear that many times, but what does it mean? Does it just merely signify that one is filled with new zest, full of vim-vigor and vitality? Or does it go much deeper than that? Take for instance, a great commander-in-chief. For the past few weeks the whole nation has watched him. Once he was at death's door and only a few days ago he was walking along the streets of New York. Do you not think General Pershing had a new lease on life? There is also another case. At a certain jail in another country the guards came to the door each morning and called certain numbers to go before the firing squad. And one particular morning the number of a Russian woman was called. As she arose bravely to go before the guns the guard shouted, "as you were." For a few minutes this woman had faced death. And then she had a new lease on life if only for 24 more hours.

Do we realize the privileges of our life in this country? In foreign countries the small children are taken out of their homes and taught to fight. They are not taught peace; but we are! They do not have the freedom and liberty of speech and press as we do; nor do they have the peace among their people.

Beyond the privilege of our life, we run into the uses of our life. There are two types of people that show what we mean by 'use of our life.' First we have the person who is always saying, "Oh, what's the use? Why should I make anything out of my life? Why should I try to help others." Then there are the people who want to make their life worth something, who are ambitious, who are interested in their fellowmen and who strive for a goal.

In a few weeks there will be boys and girls graduating. Some are of the first type; but a majority of the students are like the second.

On Mother's Day we think of the many things our mothers did for us. And Thanksgiving we remember the pilgrims struggle. Easter brings forth Christ's resurrection and other holidays bring back the hardships of our forefathers; I wonder how many of us remember those things in the things we do daily.

"The best of all is, God is with us," said John Wesley at the close of his long fruitful life. Not only in death, but also in life; but through all the years, God through His eternal Son, is with us.

Sunset Wins 50 Points in Play Ground Ball Sat.

The final event of the Knox County Interscholastic League Meet saw some very interesting games of baseball Saturday. There is no doubt in the minds of any who saw the games but that the best teams won.

Sunset grammar school teams were tops in their division as all who saw the games will readily agree. The girls taking three games with a total score of 32 scores for 14 for the opposition.

The Sunset grammar school boys had some very good competition but emerged victorious in four games to take the championship in a field of nine teams. They scored a total of 37 points to 3 for the opposition. Thomas and Cude seemed to have too much on the ball for the opponents, aside from being ably assisted by their team mates.

The high school junior girls lost their first game to Rhineland, but came back and won over Knox City for third place in the meet.

The high school junior boys had to play only two games to win the championship. In the first game they won over Vera to the tune of 7 to 4. In the finals they won over Benjamin by the scores of 3 to 2.

Summing up points then, the Sunset School won a total of fifty points in playground ball.

SUNSET SCHOOL RECEIVES AFFILIATION IN HOME EC

Affiliation in first year Home Economics was given at Sunset School by Miss Esther Sorenson, District Supervisor of Home Economics, who visited the department Monday, April 18. She was impressed by the completeness of the equipment in the all-purpose laboratory.

The Junior and Senior classes have almost completed their second class projects and all of the girls are working on home projects.

Dorothy Gammill

ANNUAL REPORT

Due to many delays in the orders, the progress of the annuals has been rather slow; but all of the staff members are working diligently and they hope to be able to issue them a few days before the school term expires.

OUR SCHOOL

Louise Gray  
Let our school be a school of glory  
Let our school be a school of pride  
Let her take every possible honor  
And never linger to the side.

Let her shine in the hardest battles  
Let them sing her tidings loud  
That our school as we might have it

But standing out above the others  
Most of all let her be true.

A RIDE  
I ride my pony all day  
I feed him hay  
It sure does pay  
For a ride all day.

I graze him on wheat.  
It can't be beat  
I have two old nags  
And their saddles are made  
Of rags.

Each has a large hump  
I feed them sugar, great lumps  
I give them feed  
They eat it like seed.

Sunset Personals

Mrs. Wm. Humphries of Oklahoma City, is visiting this week with her mother, Mrs. M. A. Horton.

Mr. and Mrs. I. W. Walling visited relatives in Anson this week-end.

Mrs. T. J. Partridge, Wendell Partridge, Herbert Partridge, Mary Moore, Woodrow Myers, Laverne Eiland and Fuller Shannon went to Abilene Saturday to attend the regional meet.

Mrs. W. H. Burns and family went to San Angelo and spent the week-end with her son, Mr. and Mrs. W. C. Burns.

Mrs. T. J. Bevel and daughters, Janie Faye and Annie Mae are visiting her daughter here, Mrs. Bee Westbrook.

PERSONALS

Henry Dingus was in Haskell Tuesday afternoon attending to business.

Miss Shirley Nell Kethley, daughter of Dr. and Mrs. J. D. Kethley, was selected one of 20 Abilene High students to attend the choral club meet at Denton, Texas, the past week end.

Fuller Shannon of Sunset attended the regional meet at Abilene Saturday.

Miss Mary Moore, Miss LaVerne Eiland, Messrs Herbert Partridge and Woodrow Myers spent last Saturday in Abilene where they viewed the regional track and field meet.

Mrs. E. C. Henry, mother of Mrs. Pitzer Baker, returned to her home in Floydada, Texas, Sunday after an extended visit in the home of her daughter here.

Pizer Baker, manager of the Baker-McCarty store of this city was in Abilene Monday transacting business.

Mr. Wilson of South Texas was a visitor in this city Sunday evening. Mrs. R. R. Davenport is a daughter of Mr. Wilson.

Rupert Williams of this city was in Denton last week end where he attended the freshman prom dance at Texas College for Women. He also visited his hister, Miss Wanda June Williams, who is a student at that school.

Mr. and Mrs. W. W. McCarty were in Sunset last Sunday afternoon where they attended the Knox County singing convention in the Sunset school auditorium.

W. R. Moore, Jr., son of Mr. and Mrs. W. R. Moore, returned to College Station, where he is a student in Texas A. & M. College, Sunday morning.

Mr. and Mrs. Chalmers Hobert announce the arrival of a little daughter, Diane, April 22nd, at the Baylor county hospital, at Seymour.

BEAUTY SPOTS IN MUNDAY

Written by 3rd Year Home Ec Girls of Munday High School

This week has served as sort of a reformation in Munday.

The Munday air is filled with the refreshing fragrance of sweet honeysuckle.

We extend a very hearty thanks to the people who have helped this week by improving our city.

Also the new neon lights at Baker-McCarty's and Eiland Drug ad greatly to the style and beauty of Munday.

Tiner's Drug and Rexall Drug are up-to-date with air conditioning. The Terry Hotel and Palace and Coates Cafe also boast air-conditioning.

The Clough's have a lovely tulip bed that blends harmoniously with the cool green grass which extends into the attractive yard of Mr. and Mrs. Jim Reeves.

The Burnisons favor a rock fish pond. The pond has been cleaned recently and the lilies are in bloom.

The Haymes are not to be overlooked. There is no comparison to the flowers that throw their yellow heads up for sunshine from the Haymes yard.

Mrs. Charity Chamberlain's yard keeps up its reputation as a model yard.

Mrs. J. R. Smith has a large variety of colors on her flower bed.

The Keene's are remodeling their house to make room for spring. The Reynolds have a garden that is looking like an exhibition of a real gardener.

You may see for yourself that Munday citizens look forward to the future, for they believe that the best is yet to be.

Peggy Jo Haynie

J. Lyndal Hughes, county superintendent of schools was in the city Monday afternoon attending to business.

Chancey Hobert spent the Spring holidays in the home of his parents Mr. and Mrs. L. W. Hobert. Chancey is attending school at Texas A. & M. College at Bryan.

## School Play

"Under Western Skies," a play, will be presented by the Seniors of Bomarton High School, in the Rhineland High School auditorium on May 3, 1938 at 8:00 p.m. Everyone is cordially invited.

## Drivers' Don'ts

Here are a few "Don'ts" for the drivers of our many automobiles:  
Don't try to beat trains at crossings, or an ambulance may carry you home.  
Don't forget there is a human being in every car.  
Don't forget that police and fire vehicles have the right of way.  
Don't fail to stop and give aid in case of an accident. You may be in one sometime yourself.  
Don't speed up when about to be passed by an overtaking automobile.  
Don't drive in the middle of the highway. The law provides you should keep to the right.

## Senior Class News

In our economics class we have been discussing the problem of distribution. This appears to be the greatest problem of our government today. If this problem is ever solved the people will be in a much better condition than they are today; for then we will not have misery and hunger in a land of over-supply.  
Success and happiness are the two things which all people strive for. Your success and happiness lie in you. External conditions, the accidents of life, the great and enduring realities are love and service. Joy is the holy fire that keeps our purpose warm and our intelligence aglow.  
Resolve to keep happy, and your joy and yoh shall form an invincible host against difficulty.

## Junior Class News

The Juniors are rejoicing since this is the last month of school. Soon we will be Seniors and Oh, my!  
When Mr. Hoffman asked what the meaning of the word "liquidated" was, one of the Junior girls said: "It is something made thin or to run around."  
We are working on the last practice set in bookkeeping. The Juniors think that they have progressed very nicely during the term.  
We congratulate the indoor ball team for winning second place.

## Sophomore Report

The sophomores are very proud of their playground ball team. Although we did not win first place, we were very well pleased with second place.  
Since there are only about three weeks of school left, we are really working hard to make these few weeks successful and enjoyable to both pupils and teachers.  
We are going to complete our biology class notebooks by collecting flowers and leaves to put in them. We are very proud of our notebooks.  
Last Thursday we were very grateful to Mr. Hughes, our county superintendent, for the educational talk he gave us.

## Freshmen News

In Science we are collecting wild flowers and leaves for study and to put into our notebooks. The girls find this very interesting, but we do not know what is wrong with the boys.  
The girls are satisfied with second place in playground ball, but hope to do better the next time.  
We have added some little

## Milk Cows For Home Used Need On State Farms

## Nearly One-Fourth Of Texas Farms Without Cows

Almost one-fourth, or 121,000 of Texas' farm families, have no milk cows, according to E. R. Eudaly, dairyman of the Texas A. & M. College Extension Service.

This means, the dairyman pointed out, that Texas needs an additional quarter million dairy cows if farm families are to have sufficient milk for home needs, and also that dairy production for home use can expand considerably in Texas and in the South generally without competing with commercial dairy areas.

Eudaly based his statement on census figures and estimates of the Bureau of Agricultural Economics which shows that 24.2 per cent of Texas farm families do not have a milk cow and that over the 12 Southern states as a whole, only 71 per cent of the farm families keep cows for milk.

There is an average of only 2 milk cows per farm over the cotton belt as a whole as compared to an average of nearly 4 for all farms in the United States and more than 10 per farm in Wisconsin. Texas, with an average of 3.2 cows per farm, leads all the cotton belt states except Oklahoma in this respect.

The dairyman does not believe that AAA programs tend to force cotton farmers into dairying in competition with commercial dairying centers. "There were 5,562,000 dairy cows in the 12 principal cotton producing states in 1932, before the AAA," he said. "On January 1, 1938, there were 5,896,000 or an increase of 334,000 milk cows. This is an average increase of 30,000 dairy cows per state, or an average increase per state of 5,000 for each year since the AAA came into existence.

"Nutritional specialists of the Extension Service tell me that the average farm family of five needs two good milk cows for home use. Thus in Texas alone we could add 242,000 dairy cows without increasing our commercial output to any noticeable extent.

The Mexican government is planning completion of a new highway from Nogales to Mexico City via the west coast by 1939, according to Frederick B. Lyon, commissioner for the 1939 Golden Gate International Exposition who recently toured Central America and Mexico.

Modernization is brightening many San Francisco buildings for the influx of visitors to the 1939 Golden Gate International Exposition.

# PEEP SHOW

FOR LADIES ONLY  
—BY—  
MIGNON

Introduction—  
Gals lookee here  
Who your guest "ed" is  
That Helen Mac  
Who's a regular whizz  
She's taking her time  
To do this for me  
While I'm galavanting  
On a two weeks spree.  
—Mignon

The worst of all substitutes is a substitute columnist, but the opportunity to speak right out for a syndicate was too tempting to be resisted.

Just at a time when everything seemed to be going haywire; when all my efforts appeared most futile and I was ready to sink into the everlasting twilight of self-depreciation, along came a glorious invitation, from the thrice-blessed Mignon, to restore my equilibrium.

After all, writing is as much a part of my life as music. If Fate were to drop a fortune in my lap this evening, I should continue in my wavering fashion, to express my personality via pencil and fingerboard.

From the pine tree state to the golden gate, there are no finer people than those in Soonerland. Their sensibilities are keen, their affections are warm, and no amount of grin realities can keep them from building new dreams.

My heart is like a big hotel de luxe with so many rooms that it can always accommodate another worthy guest. Dispensing roses to the deserving, is one of my most pleasant hobbies. It makes me happier than a red ant on a picnic plate.

But alas, there is no room for long stemmed Parisian beauties in this short column. How I would love to pin a radiant, star-shaped étoile de Hollande on such four estaters as the courageous Kenneth Kaufman, the spontaneous Juanita Thower, the erudite Victor Harlow, the discerning Elizabeth Hughes, and the irrepressible Vadio of Applesauce fame.

The idea that living in large cities, conferred mystical dignity on folks and made them much wiser than the people in small towns, has been definitely exploded. The fact that you are a resident of Oklahoma City, Tulsa, Enid or Muskogee does not give you a bit more glamor or make you one whit superior to the citizens of Centerville, Atoka, Mooreland or Falls.

Todd Downing, of mystery story

renown, spoke to the Enid Writers Club recently. As a spellbinder he can talk rings around Demosthenes and can make Cicero look like a last years almanac.

April days are piscatorial for all field and stream lovers in old Pond Creek. Going fishing is a process which entails buying a license and carrying around a lot of tackle, poles and bait. It necessitates climbing through barbed wire fences and crossing briery sloughs. It means hours of vigilant waiting on muddy banks, but it doesn't produce a single fishie. Still it is a harmless, innocent, and healthful pursuit which whets the appetite for shore dinners right up to the last gasp in elat.

Have you ever wondered who was responsible for the "Okay" with which your ears have been tortured during the past decade? It seems the cabalistic letters OK were used long ago by clerks, who rebelled goods, such as rum, and tobacco from a town southwest Haiti, called Aux Cayes. The initials as given above, were used for convenience, and later were applied to other goods of high quality. Some ten years ago the compiler of a slang dictionary adopted the term and spelled it "Okay."

Readers of Dr. J. Luther McAlley's didactic and entertaining "Copyright Council," which appears monthly in NUGGETS, will be happy to know of his success in a recent slogan contest.

Talk all you please about moons. They can't hold a taper to sunsets. And anyway, moons belong to the ocean and sunsets were made for the prairie. The land of the mistletoe has all others eclipsed when it comes to sunsets. When the blazing celestial disk slips serenely behind our sand dunes and tints the laughing Nescatunga with rippling gold, nature has nothing more to offer.

In the last few years the delightful custom of making music in the home has become almost passe. The radio is a marvelous invention, but it is a silver sword that cuts both ways. Pity the ambitious father who has spent thousands of dollars on his daughter's musical education. When such a debit is asked to play or sing, her stock reply is "Oh, I don't want to turn off the radio."

Speaking of music, how many of

## Fishing Laws For New Season Given

With the opening of the fishing season at Lake Kemp on May 1 less than two weeks away, Game Warden E. E. Mead has given a digest of the fishing laws for the benefit of those who may not keep up with them closely.  
It is unlawful to either seine, or

you old timers can repeat the first verse of the cobbler's song? It runs like this: "Oh don't shoe remember sweet Alice, Ben Bolt?" Another favorite of bygone days which you may have forgotten, was the banana song, "Hangin' Out With the Bunch." In marked contrast to the early day son writers who sold their wares for a mere bagatelle, we now have modern lyricists who cash in with sizeable fortunes. Just two years ago Mr. Willie Winkle was a poor unknown bell boy, and today he rolls in wealth from the royalties of his smashing song hit, "I'll Be Loving You Hallways." Then there is the restaurant song, "Show Me The Waiter Go Home," which was a sure-fire knockout, and the meat market song, "Butcher Arms Around Me, Honey." That one landed 'em in the aisles at the Roxy for seven consecutive weeks!

The Scotchman's favorite song is "Let the Rest of the World Go Bye," while the magician is partial to: "Ah, Sweet Mystery of Life." The pants song, "London Breeches Falling Down," has been suppressed in Boston, but the dairy song, "Cheese the Kind of a Girl Men Forget," is still running strong. And omega, but not subordinate, is the fall song, "She Fell for Me and I Let 'er Lay."

Suffering Xylophones! The mail carrier has just arrived with a letter. It is from Hugh K. Layle, editor of FIDDLESTICKS. He writes: "I have no sax to grind, but answer me this: If alley cats don't go to Heaven how do they get strings for the harps?"

Well, here's where I haul out my violin and give my chin a rest.

HELEN McMAHAN  
Oklahoma Chairman of Literature

## Interscholastic League Program Far Reaching

Austin, Texas, April 26—More than half a million Texas public school children in rural, grade and high schools have participated in the 1937-38 Interscholastic League program, including local, county and district meets, already held, Roy Bedichek, chief of the University of Texas Bureau of Public School Extracurricular Activities, has announced. Approximately 1,200 of these are expected to qualify for participation in the 29th annual State meet, May 5, 6 and 7.

The 1937-38 League program has been one of the most far-reaching the organization has ever attempted, Mr. Bedichek said. A total of 5,672 schools entered the various contests, and county meets were held in 246 out of Texas' 254 counties. The Texas Interscholastic League is the largest organization of its kind in the country, he declared.

trap fish.

Bass caught must be at least 11 inches in length, crappie 7 inches, and catfish 11 inches.

Trotlines are limited to 50 hooks, the hooks to be at least four feet apart. One man may have only one line, and there may not be more than two lines for each party, regardless of the size of the party.

The limit which can be caught is 20 crappie, or 20 catfish, or 10 bass; or a total aggregate of all kinds of fish of not over 30 pounds.

It is not necessary to have a license unless artificial lures are used.

Warden Mead passes on a report from the State Game, Fish and Oyster commission that conditions over the state are improving, and that better fishing should be enjoyed this year, in the state as a whole.

Agitation is increasing over the state for a universal hunting and fishing license law. All the money the commission gets is from licenses and fines; and such a law is almost a necessity if the work is to be carried on for best results.

## Funeral Services Conducted Monday For Goree Child

Funeral services were conducted last Monday afternoon, April 18, for Clarence Perdue, baby son of Mr. and Mrs. Roy Perdue of Goree. The baby died at home in Goree April 17 following an illness of four days.

The services were conducted from the Christian church with the Reverend J. B. Baker officiating. Burial was made in the Goree cemetery.

Pallbearers were Mack Tynes, Buel Claborn, Buster Chamberlain and Johnnie Moore.

Every Day MORE THAN A MILLION AND A HALF LOAVES OF BREAD ARE BAKED IN TEXAS WITH Gas

Your BAKER knows THERE'S NOTHING LIKE TEXAS GAS FOR BAKING

It is the quality of breads and pastries offered to his customers that largely determines the popularity of a baker's products. That's why practically all bakeries in Texas, wherever gas service is available, use heat-controlled gas bake ovens. For every baker knows that the even heat distribution and perfect temperature control by automatic regulators which these ovens provide are essential to his success in baking quality breads, cakes, pies and pastries. And, too, his operating costs are less with gas because of its cheapness, the efficiency of modern appliances and because of thick insulation which cuts down heat losses. For baking, your baker knows gas is best.

Texas Bread Week

We salute the Bakers of Texas! "Texas Bread Week," which they are sponsoring, deserves the support of everyone. This industry means an annual volume of business for the state of nearly three-quarters of a billion dollars, with an annual payroll estimated at \$10,000,000.

# NEWS FROM WEINERT

**Singing Convention Held**  
There was a singing convention held in the Baptist church Sunday but owing to the threatening weather the attendance was not as large as usual.

Mr. and Mrs. A. J. Jenkins spent Sunday in Rochester.  
Mrs. Jean Basham and son, Benjie, who have been visiting her parents, Mrs. M. E. Akins, returned to her home in Electra.  
Mr. Adolph Stuer and Miss Lillie Stuer were visiting Mr. Havran and family Sunday.  
Mr. Burnice Akins of Trosky visited his parents Sunday.  
Mr. and Mrs. Griffith were guests of Mr. and Mrs. H. Marsh Sunday.  
Mr. and Mrs. Matt Cooley motored to Stamford Saturday.

**"Happy Helpers" Flashes**  
This class received the banner again Sunday which makes five Sundays for them to hold the honor report. They met at the home of their teacher Easter Sunday. Bernard Cooley was successful in finding the prize egg after they had searched for 45 minutes for it.

Those present and taking part in the hunt were: Fern and Fawn Baldwin, Jessie Fay Owens, Peggy Palmer, Joy Marsh, Bernard Cooley and Clay Griffith. After the hunt the class visited grandmother Ford and grandmother Clark. The class sang two songs at each home they visited, "Count Your Blessings" and "The Old Rugged Cross." Our collection Sunday was 27 cents, only one member was absent, seven present and our teacher was present. We invite anyone to visit our class and become a member.

**Mr. and Mrs. Fred Ford** entertained with a 7 o'clock dinner Wednesday evening, April 20 honoring Mr. and Mrs. Tony Goble. Those present were the honor guests and Mr. and Mrs. Henry Monke, Mrs. Bill McKinnon, Mr. and Mrs. W. A. Holt of Haskell, Mr. Furr and the host and hostess. "84" was the diversion which was enjoyed by all present.

**Mr. and Mrs. Ben Bruton** were shopping in Haskell Wednesday.  
Mr. and Mrs. Clay Coggins of Stamford were guests of Mrs. W. A. Marr Friday.  
Mr. and Mrs. Stiegler and baby spent Sunday in DeLeon.  
Mr. and Mrs. Henry Shipp of Stamford were guests of Mr. and Mrs. Payne Hattox and Mr. and Mrs. Stiegler this week.  
Mr. and Mrs. Fred Ford were recent visitors in Brownwood.

**Phillip Wayne Cadenhead On Program**  
Mrs. Grover C. Johnson of Wichita Falls presented Phillip Wayne Cadenhead in a San Jacinto program at the Woman's County Club Forum in Wichita Falls Thursday, April 21. Mesdames Fred Ford and James F. Cadenhead were guests.

The auditorium stage was a beautiful Mexican garden, perfect in the setting and the lighting effect was a moonlight scene. Mexico was featured with real Mexican artists in music, dances, and costumes from the Bonita Juarez school. Local Wichita Falls artists were presented among whom was the talented violinist Arthur Davis.

By request Phillip Wayne sang "My Little Buckaroo," "Goldmine In The Sky" and "Old Faithful," which was Will Rogers' favorite song. Phillip gave this song in the closing number by special request as Mrs. Johnson presented him in his cowboy songs in memory of the beloved Will Rogers. Phillip was dressed in cowboy regalia. He won 2nd place in the 40-8 in the amateur contest given by the Honoree Degree of the American Legion. The prize was \$15.00. This contest was given at the municipal auditorium Friday April 22nd at Big Spring, Texas. Joe Dene Profit, Hardin-Simmons University (tenor) won first place which was \$100.25, and Jack Kraus, Hardin-Simmons (accordion) was 3rd and received \$10.00. There were twenty-five contestants.

**Weinert Matrons Club Meets**  
Thursday April 21 was the day for the regular meeting of the club and fourteen members and one guest met in the home of Mrs. Vern Derr for the meeting. Mrs. T. D. McKinney directed a short program on "Nature," which was very interesting. Mesdames R. H. Jones, and W. L. Johnson assisted her. Mrs. Tony Goble reviewed the book, "How to Make Friends and Keep Them," which was interestingly given and enjoyed by all. Mrs. Derr assisted by Mrs. Bailey Guess served delicious ice cream and cakes during the social hour.

Mrs. Laverne Burgess was elected delegate and Mrs. R. H. Jones alternate to the district club meeting which will meet in Fort Worth May 4, 5, and 6th.

Those present at this meeting were Mesdames T. D. McKinney, Tony Goble, R. H. Jones, W. L. Johnson, J. K. Kane, Payne Hat-

tox, Bailey Guess, Wesley Liles, Preston Weinert, Fred Monke, Mary Noll, H. Weinert and Miss LaVerne Burgess and the hostess, Mrs. Vern Derr. The next meeting will be May 5 and a program will be planned later.

Mesdames Mary Noll, Henry Monke, H. Weinert, and Misses Laverne Burgess and Beatrice were in Seymour Friday.

Mr. Leonard Sadler was in Weinert Friday.  
Mrs. W. T. Vaden of Wichita Falls visited her sister, Mrs. Pearl Brown Friday.

**H. Claus Grocery Changed Location In Rhineland Mon.**

H. N. Claus, proprietor of a grocery store in Rhineland, was this week moving into the building formerly occupied by the Rhineland Mercantile company.  
Claus purchased the building several months ago and just received possession of the structure. He invites the public to come in and see his new business home.

Transplanting of trees to Treasure Island for the 1939 Golden Gate International Exposition will begin in February.  
W. W. Monahan, Director of Exhibits and Concessions of the 1939 World's Fair of the West on Treasure Island in San Francisco Bay, is a former graduate manager of athletics at the University of California.

**OUR BEST**  
"If a fellow goes along here on earth doing the very best he can, even though he is wrong in everything he does, he shall be blessed. For no one can do more than his best. To expect more of anyone is foolish. Somebody you know commits a crime and goes to jail—and you might say, "Why didn't he do as I do?" Then he wouldn't have gone wrong." Somebody fails in business and you might say, "Now I didn't fail, why didn't he follow my example?" And that's just where we are wrong. That is what makes us so intolerant. Probably the man did the very best he could and landed in jail. Maybe if I had his life to live I would have been there years ahead of him. Probably he tried much harder than you or I, and we kept out and he went in. Or the failure may have slaved twice as hard as you and I, but he failed; we succeeded. But it does not matter what the world thinks of a man and whether in the eyes of the world he is a failure or a success—if he has tried to do his best, that is all that is required of him and he is blessed.  
"The man who once most wisely said,  
'Be sure you're right, then go ahead,'  
Might well have added this, to wit,  
'Be sure you're wrong before you quit.'"

the result will be worth a little soreness, however.  
A number of the Freshman girls and boys journeyed to Benjamin Saturday to play in the county tournament. Everyone did some fine playing, and we feel proud of their fine show of sportsmanship.

**Junior Class News**  
At last the date has been set for the most important affair of this season—the Junior-Senior banquet. We have decided to have it the thirteenth day of May. The girls of both classes are busy selecting their dresses. Each of course wants to have the most attractive dress.

It seems that most of the Juniors have survived the Schick and tuberculin tests. We thought Monday afternoon that a number of us might be in bed Tuesday, but Tuesday came and the only thing that bothered us was that we did not know which arm the tuberculin test was in and which the Schick test was in.

The Juniors have begun to realize that we have only three more weeks of school and are already beginning to burn some midnight oil. The only thing to remember about this midnight oil business is to be sure you burn it in a way that will help you make a Senior and not in "some fella's sport coupe."

**Senior Class News**  
The Seniors are very busy this week writing biographies. In the English IV class each member has to write a fifteen page biography of another member of the class. It has been a lot of fun since the pictures of some of us when we were babies have been passed around and laughed at. We have also found out many funny things that we did during our babyhood.

"Mister, do you wanna buy a hen?" Have you heard this question during the last ten days? Yes. The industrious (we think so anyway) Seniors were out selling chickens to eight hens which were given away Wednesday afternoon. Maybe your name was the lucky one. If it was not, you will at least know that your dime is helping send the Seniors to visit Carlsbad cavern.

The Spanish classes went on a picnic week before last. We left here at five o'clock with empty stomachs and returned at eight o'clock full of ice cream and cake.  
The Shorthand students are enjoying their work in the offices very much. We were rather frightened at first, but we should eventually get over that. This work in town has really shown us how much we have learned this year, and some of us admit that it seems we have very little knowledge of Shorthand.

# SPORTS News and Views

By WINSTON BLACKLOCK

**Junior High Baseball**  
Mr. Hardegreer took his Junior boys to Benjamin Saturday to enter the county meet and when he got there with his team he only had six players, therefore the team did not enter the meet.

Since all the boys know that we are going to at least have a coach next year they have started to working a little harder. Most of the boys would like to have a little spring training, but the old suits are being reconditioned. As most everybody knows, Mr. Cooper of Cisco will be head coach next year. He will begin his work August the first.

**Sophomore Report**  
The Sophomore girls taking Home Economics II are enjoying their class work this week. First Aid and Home Nursing are the main subjects we have been studying. We have been learning how to put on bandages.

**Psalm of A Sophomore**  
Miss Couch is my teacher,  
I shall not pass.  
She maketh me study very hard,  
And giveth me a low grade.  
She exposeth my ignorance before the class  
By asking me questions  
She restoreth my sorrow at the end of every six weeks.  
She giveth me a long theme to write,  
My sorrow runneth over  
I shall know no knowledge.  
I copy my notebooks.  
Surely Miss Couch will not trouble me all the days of my life.  
And I shall not remain  
In English Class forever.

**Boy Scout Troop Is Organized In Knox City**  
Plans were completed in the organization of the Knox City Boy Scout troop in that city last Monday night when district officers of the Knox-Baylor district met with scouts and scout leaders in Knox City.  
Registrations for a charter certificate and affiliation cards for the boys admitted to the troop were filled out and mailed in to headquarters at Wichita Falls.  
Thirty-two boys sent their names in for the initial troop and they will hold their meetings in the First Methodist Church on Monday nights.  
Officers selected to serve the troop are: C. H. Ball, Scoutmaster; L. F. Teagarden, assistant scoutmaster; Rev. U. S. Sherrill, chairman of the troop committee; with Ed Shaver, Joe Averitt and Dr. T. P. Frizzell serving as members of the troop committee.  
J. D. Montgomery, chairman of troop organization for the Knox-Baylor council, of Seymour, attended the meeting and assisted in the organization of the new troop. He was accompanied by T. E. Craddock Seymour, commissioner of the district, and O. P. Caldwell, who is court of honor chairman.

**Weinert F. F. A. Father and Son Banquet is Held**  
The first annual father and son banquet to be sponsored by the Weinert chapter of the Future Farmers of America was held in the Weinert high school gymnasium Tuesday night.  
Program for the affair consisted of a full evening of entertainment by local talent with several talks by invited guests. Edward Havran, member of the Weinert chapter, was toastmaster for the banquet.  
Principal speaker for the evening was Roy Gough, Vernon, soil conservationist with the USDA Adams creek watershed project in that section.  
Guests for the affair included fathers of 37 FFA chapter members in the high school and grades, Haskell and Munday business men, the chapter advisor, H. T. Sullivan, Weinert agriculture teacher, presidents of the Rule and Haskell FFA chapters, and Haskell county agent Schumann and his assistants.  
The banquet was served by the Weinert high school home economics class.

**Birth of Daughter**  
Mr. and Mrs. George Conwell, who reside four miles south of the city announced last week end the arrival of a baby daughter born April 12 at the home of Mrs. Conwell's mother, Mrs. G. L. Pruitt. The young Miss has been named Paula Ann and weighed 7½ pounds at birth.

**What's In A Name?**  
Llanfairpwllgwyngyllgogerychw- yndrobwillandysillioogogoch . . . This word of 58 letters is the name of a town in North Wales, Great Britain, and is said to be the longest name in any language. Translated it means: "Church of St. Mary in a hollow of white hazel near a rapid whirlpool and to the St. Teylio's Church, near a red cave." When the railroad train arrives at this town, the conductor announces: "If there's anybody here for there—this is it."

**Freshmen News**  
Most of our class took the Schick and tuberculin tests which were given in the Home Economics cottage on Monday of this week. We do not feel any worse over our experience except that a few of us have sore arms. We believe

**LETTERS FROM THE PEOPLE**

Knox City, Texas, April 27, 1938.

Editor Munday Times, Munday, Texas.

Dear Editor:

Since the highway designation meeting held at Sunset school on Monday night, April 25, I have come to the conclusion that we can get the right-of-way from Munday west to the Knox City-Benjamin highway and the one from the Knox City-Benjamin highway beginning at the Wm. Cameron lumber yard at Knox City and running east to the Munday and Weinert highway cheaper than we could get the right-of-way from a point 5 miles west of Munday and the running across about four sections of land in a southwestern direction and thence straight west to Wm. Cameron lumber yard in Knox City. The right-of-way on both of these routes would nearly all be donated and they would run along section lines nearly all of the way and the building of these two highways would create a feeling of goodwill between the people of Knox City and Munday and all the farmers living between the Knox City-Benjamin highway south of the Brazos river and the Munday and Weinert highway in Knox county, whereas cutting across 4 sections of land in a southwestern and northeastern direction would engender a feeling of illwill that might not be wiped out in a generation, besides the price that would justly be asked by the owners would be prohibitive for this right-of-way and damages. Let us all get together and build these two highways and our children and children's children will praise our foresightedness instead of curse our backwardness.

Yours very truly,  
M. A. Verhalen

**"Snow White And Seven Dwarfs" to Show Here 3 Days**

**Is First Full Length Animated Picture By Disney**

Movie fans are about to have their hopes realized, for something new and enchanting, in "Snow White and the Seven Dwarfs," the first Walt Disney animated film to be made in full length, in Technicolor, with dialogue, songs and dances, and a complete musical score. The picture was three years in the making, its cost being estimated at \$1,500,000.

The plot of "Snow White" is an adaptation of one of the most loved of the Grimm Brothers' tales. First published in the early part of the last century, this book has been translated into every civilized language. Its readers numbered in the millions. A sterling favorite with generations of Americans, past and present, it is equally popular abroad.

Meeting "Snow White," the dainty, lovable, little princess, on the screen is the same as greeting an old friend one has not seen for years. Her adventures begin when the wicked Queen, jealous of "Snow White's" budding beauty, first degrades her to the level of a scullery maid. Even then the Queen's magic mirror informs the sovereign that "Snow White," though attired in rags, is still the fairest in the land.

The palace huntsman is ordered to take the Princess to the forest and kill her. But he permits her to escape. She is befriended by the pitying birds and animals and finds refuge with the seven dwarfs in their woodland home. Thither comes the wicked Queen in the guise of a witch. "Snow White" eats a bewitched apple given her by her rival, and falls into a death-like slumber. So lovely is she that the dwarfs, instead of burying their beloved little house-keeper, place her in a coffin of glass and gold by which they keep watch. The tiny chaps have already wreaked vengeance on the witch, who has fallen to her destruction over a precipice. Then came the handsome Prince, who loved "Snow White" when she was only a scullery maid, awakens her with a kiss, and the sweethearts leave together for their castle home.

This is only a sketchy outline of the action in the RKO Radio Picture, which is studded with detail. There are laughs galore, imitable incidents too many to describe, as well as dramatic thrills, romance and pathos, while over all is the fascinatingly bizarre atmosphere of Fairyland exquisitely developed in three-dimensional color photography.

Song hits in "Snow White and the Seven Dwarfs," include the dwarfs' marching song, "Hi-Ho"; their washing song; the songs by Snow White, "Some Day My Prince Will Come," "With a Smile and a Song," "Whistle While You Work," and "The Wishing Well Song," and the Prince's song, "One Song." The melody of "Some Day My Prince Will Come" is the theme song of the picture's music. "Snow White and the Seven Dwarfs" had its world premiere last Christmas week at a stupendous public acclaim.

W. R. Moore and Pitzer Baker spent the past week end in Pecos, Texas, where they were transacting business. They returned home Sunday evening.

**Hood News**

Most of the farmers in this community have been planting their maize.

Mr. and Mrs. W. S. Howard visited in the home of their son, Mr. Modrel Howard and family of Seymour the latter part of last week.

Mr. Wilburn James and family of Bomarton and Mr. and Mrs. Melvin Thompson visited Mr. and Mrs. R. B. Jones Sunday.

Mr. and Mrs. J. W. Polson, Mr. and Mrs. Sid Polson, and son and Mr. and Mrs. George Weber visited Mr. and Mrs. C. S. Polson of Charlie, Texas, Sunday.

Messrs and Mesdames Ewen Beatty, Thurman Cannon, Arthur Howard and M. J. Gass visited Mr. and Mrs. Douglas Smith Tuesday evening.

Mr. Marshall Gass and family visited Mr. Lee Kegley and family of Munday Sunday.

Mr. and Mrs. Thurman Cannon and Mr. and Mrs. Arthur Howard visited Mr. and Mrs. Douglas Smith Sunday evening.

Messrs and Mesdames M. J. Gass, Douglas Smith, R. B. Jones, Arthur Howard, Thurman Cannon and Aubrey Roden visited in the home of Mr. and Mrs. Ewen Beatty Saturday evening.

Mr. I. B. Gresham and family visited in the home of Mr. W. B. Temple and family Sunday.

Ishmael Walling, track coach of Sunset Consolidated High School, attended the regional meet at Abilene Saturday.

**Unchanged in 100 Years**

One hundred years have failed to change the conditions that led Daniel Webster to say in the United States Senate on March 12, 1838. "There are persons who constantly clamor. They complain of oppression, speculation, and pernicious influence of wealth. They cry out loudly against all banks and corporations, and a means by which small capitalists become united in order to produce important results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams."—Letter to the N.Y. Herald Tribune.

**"MY HOME TOWN" SPEECH**  
by Miss Allene Jungman Ladies and Gentlemen:

Of the seven days of the week, Monday is considered the day of beginning, a day when plans are laid for the week to come, a day of optimism, of growth and accomplishment.

So my home town is quite fittingly named Munday, spelled M-U-N-D-A-Y; for it is a busy little town, progressive, growing, hopeful of a future filled with wholesome progress and development.

My home town is growing in material things. Her streets are being paved and lighted, her homes and yards are being beautified this spring in a city-wide beautification campaign, and she has completed one of the finest elementary school buildings in West Texas. She is laying plans for a great municipal stadium now, and her people are filled with optimism by the prospect of abundant crops on the fertile Knox Prairie of which Munday is the heart.

My home town is working in other ways. It is a western town that has captured the friendly

hustling atmosphere of the West, without much of the crudeness of a new town. Munday has an atmosphere and an appearance of stability and of culture which are above average for young West Texas towns. Life in our town achieves a happy medium, with the best of the East and of the West, without the heartless materialism of the one and the raw crudity of the other.

In such a town as mine, with its moderately comfortable living conditions, boys and girls may grow up with the proper sense of values and a well-balanced outlook on life. They are not lacking in the culture that progressive churches, schools of highest rating, and wholesome homes can give; and still the circumstances under which most of us live require reasonable amount of work and self-reliance.

My home town boasts of many citizens who have brought it the influence of wide travel and of college and university study. New people come, but the population is not transitory. Our people make their homes here.

Mine is a growing town, a town

of pleasant memories and eager anticipations, of progressive institutional life, of comfortable material prosperity and cultural influences. It is an ideal town for a growing boy or girl. It is my Home—MUNDAY, MY HOME TOWN!

Mr. and Mrs. R. R. Davenport spent the past week end in Bellvue, Texas, where they visited in the home of Mr. Davenport's mother.

Official School Paper of Hefner School

CONTRIBUTED BY HEFNER SCHOOL CHILDREN

**The Primary Room**  
We have flowers growing in our room.

We are studying about ants. The primary room went on a field trip to look for ants. A few of us were stung by them. We put some into a jar, but they died. We are going to mount them. We haven't found out for sure whether they bite or sting, but we think they do both.

We made a book about ants. On the back we put the letters ANT and drew an ant. In the book we drew ants, ant homes, what they eat, and the stories we wrote about them.

By George Wheeler, Second Grade

One day our primary room went on a field trip. We caught butterflies and put them in a jar. We read about butterflies. A butterfly laid some little eggs. The butterflies fastened the eggs on the leaves so well that no wind could blow them off. The butterflies spread their lovely wings and flew from blossom to blossom.

By Jennie Marie Jones, Second Grade

There are two pupils absent from the Primary Room. They are Ruth Teakell and Jack Waylen Holder. We miss them very much.

**The Intermediate Room**  
We just have three more weeks of school. Our last set of six-weeks exams come next week and our finals two weeks from then.

We are planning on a picnic for next week or the next and a big community dinner for the close of school, which will be May 20th.

We had two visitors Monday morning. Billie and John Perry Hudson brought two baby crows to school. They put screen wire over a box and we keep them in our room. They eat worms, sparrow eggs, and bread.

One of our little crows died. We hated to lose one of the pets. They have helped us in our study of birds.

Dalton Jones brought two crawfish to school. We found out what family they belong to, what they eat, how they breathe, where they stay, how they reproduce, and we also found out that if he loses an eye, a leg, or a nipper that he grows a new one. Lucky, isn't he?

The Intermediate room has recently organized an Audubon Bird Club. Billie Hudson was elected president and Emogene Brogden was elected secretary. We have our club meeting each Wednesday afternoon. The meeting last Wednesday was very interesting with original stories by Dalton Jones, Fay Cornutt, and Pauline Chandler, and reports or stories by each of the other members:

The dove—by Alvin Norwood.

The crow—by John Perry Hudson.

The hawk—by Thomas Owens.

The duck—by Taylor Cooksey.

The woodpecker—by Oneal Teakell.

The robin—by Betty Jackson.

The scissor-tail—by Margie Marie Walton.

The robin—Zackie Walton.

The Value of Birds was discussed by Edward Ewin Jones and

**HEFNER NEWS**

Ruby Faye Chandler, one of our former students who moved to the plains visited her cousin, Pauline Chandler this week end.

Barney Steward has been on the sick list the past week.

Miss Eva Jones spent the week end with an ex-college roommate, Miss Lorena Prunty of Paducah.

Margie Marie and Wayne Walton's Aunt Della, who was injured a few weeks ago in the auto wreck near Lubbock, is at home from the hospital now.

Miss Beatrice Cornett who has been visiting at Shamrock is at home again.

The friends and neighbors of this community were shocked to hear of the sudden death of Mr. Tom Griffin of Gore Saturday evening. He was an old resident of this section of the country.

The community singing was held Sunday evening at the Methodist church. This community enjoyed over an inch of rain Wednesday night.

**Texas Crop Total**  
Texas Planning Board figures show that Texas' agricultural crops last year included more than 72,000,000 bushels of corn, 41,000,000 bushels of wheat, 30,000,000 bushels of oats, 12,000,000 bushels of rice, 52,000,000 bushels of sorghum grains, nearly 2,000,000 tons of hay, more than 1,000,000 bushels of cow peas, nearly 7,000,000 bushels of sweet and white potatoes, 5,230,000 bales of cotton and 2,329,000 tons of cottonseed.

**BUY IRON AND STEEL**  
Iron and steel products amounting to nearly 360 million dollars were bought by the railroads last year.
