RAINFALL OVER WEEK-END AIDS WHEAT

BANQUET PLANS FORMULATED AT LUNCHEON TODAY

Tickets To Go On Sale For Annual Affair Soon

TICKET SALES LIMITED TO 150

Make Housing Plans For County 4-H Calf Show

Tickets for the annual Chamber of Commerce banquet to be held at 7:00 p.m. Friday evening at the elementary school auditorium will go on sale Monday morning, February 7th it was decided at the organizations luncheon today.

Those who wish to attend are advised to purchase tickets as early as possible as the number of plates sold will be limited to 150, it was announced, due to limited serving materials and space.

Program and main speaker for the affair will not be given out until a later date, but an excellent program will be obtained the committee promised. Members of the committee are Lee Haymes, Dr. J. H. Bass, J. C. Borden, and G. R. Eiland.

PLANS FURTHERED FOR CALF SHOW

More definite plans for the Knox County calf show were formulated at the regular luncheon today, when the housing problem for the show, barbecue and prize money were discussed.

In the past the show has always been held in the open, but Munday decided to house the calves and contestants, and will either secure a building should one be found large enough or rent a 40 by 70 tent to be erected for the all-day affair.

Should the tent be used it will probably be placed on the lot next to the Broach Implement company or across the street from the Wm. Cameron Lumber Company.

All the club boys in the county have been issued invitations, and the cotton contest will be judged and the winners announced in connection with the calf show. All the boys, winners of the county, and cattlemen who furnished calves for the project will be feted at a barbecue at noon. C. R. Elliott stated at the meeting. Prize money for the calf show will total \$80.00. Leland Hannah announced that he will order flowers or shrubbery of any type for city residents who desire them to assist in beautifying their property. By doing so, the cost is approximately two-thirds less in many items he pointed out.

Members of Tri-County Medical Association Met

The Tri-County Medical Association held their regular meeting last week in Munday at the home of Dr. A. A. Smith.

The meeting, which was the first to be presided over by the newly elected officers, who are: Dr. R. L. Newsom, president of Munday; M. V. Rogers, vice president Rule; and J. W. Foy, secretary-treasurer of Seymour.

The attending physicians and surgeons spent the greater part of the evening viewing motion pictures of obstetrical operations and treatment.

Attending were Dr. T. S. Edwards, Knox City; Dr. T. W. Williams, Haskell; Dr. Gordon Phillips, Haskell; Dr. M. V. Rogers, and Dr. Jerome Moch, Rule; Dr. Robert K. Lowry and Dr. J. W. Foy, Seymour; Dr. D. C. Eiland, Dr. Joe Davis, Dr. A. A. Smith, and Dr. R. L. Newsom, all of Munday.

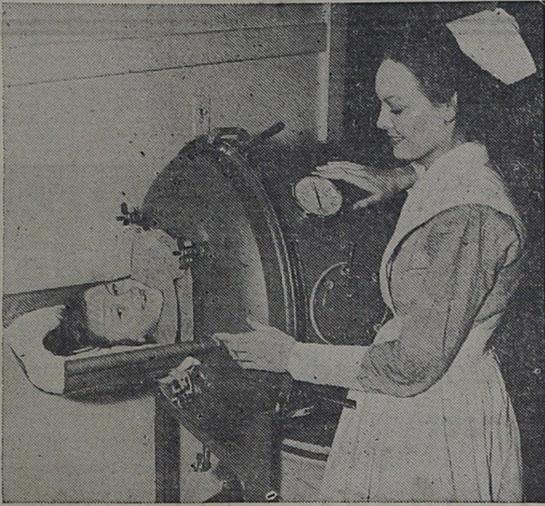

Theatre Tickets For Two Persons

"Navy, Blue and Gold" featuring Robert Young, James Stewart and Lionel Barrymore, playing at the Roxy Theatre Sunday and Monday will be witnessed by two persons free.

The persons receiving free tickets will be found in the Classified section of this week's issue. Read them. There are many values other than the theatre tickets.

"Iron Lung" Fights Paralysis

To Texas communities which may suffer from the scourge of an infantile paralysis epidemic will be sent equipment, money, and personnel as needed by the new Foundation for Infantile Paralysis. Like the Red Cross, the new Foundation will fill the gap in every crisis. Money for the Foundation will be raised by the hundreds of President's Birthday Celebrations throughout Texas and the nation, January 29. The picture shows an "iron lung" at Baylor Hospital, Dallas, with an infantile paralysis sufferer under treatment. "Iron lungs" will be made available to save lives of children in every Texas community in case of epidemic conditions of infantile paralysis.

"Ole Man Weather" Was Good To Munday Trade Area During Past Year; Over Eighteen Inches Rain

Moguls Entered Weinert Basket Tournery Friday

The Munday Moguls have entered the Weinert Invitation Tournament which will start in that city tonight. However, the Moguls will not get into play until Friday night when they tangle with Knox City at 6:30 p.m.

The O'Brien girls basketball team won first place in the three-day tournament at Weinert, ending Saturday night. Mattson girls were consolation winners, with the Bomarton girls runners-up.

Trophies were awarded by the Weinert school to the winning teams. Judges chose three forwards, one each from Weinert, Midway, Bomarton on the all tournament team and three guards from Mattson, O'Brien and Weinert.

Teams participating in the tournament were Mattson, O'Brien, Sunset, Irby, Midway, Bomarton, Millsap, Weinert and Knox City.

Starting Thursday night ten strong West Texas teams will enter a round-robin tournament at Weinert, lasting three days, announces I. J. Duff, superintendent.

Three games will be played Thursday night, Friday night, and elimination among winners will continue all day Saturday and championship games will be matched Saturday night.

The following bracket has been scheduled for the games:

Beautification Home Contest is To Open Monday

The city beautification project sponsored by the Munday Lions Club will be opened for entrants Monday, January 31st, it was announced today, by Lion J. H. Bass, chairman of the committee in charge.

Persons wishing to enter their homes in the contest may do so by getting in contact with members of the Lions committee, consisting of Bass, Grady Roberts, and Chas. Foyt, or Mrs. Elizabeth Dillon and members of the third year home economics department of the Munday high school.

The contest will be pushed through to completion by the committee which will remain out standing until the final day of the contest, June 11. For any detail, home owners are requested to see committee members.

An exhibit of the new process of quick-freezing fruits and vegetables ever attempted.

M. E. District Meet Here Monday

EXPECT 125 TO ATTEND ALL-DAY MEETING MONDAY

Several Distinguished Church Dignitaries On Program

The District Institute, comprised of members of the Methodist Church Missionary Society of the Abilene district, will have a district meeting in Munday next Thursday, February 3, it was announced by H. A. Longino, pastor of the local Methodist church.

The meeting will probably bring from 100 to 125 women here for the all-day meeting, it was believed for one of the most interesting programs assembled in some time.

Speakers for the affair will be presiding elder of the Abilene district, Rev. L. M. Lipscomb, First church, Lubbock; Rev. W. B. Hamilton, Executive Secretary of Sunday School work; Mrs. Nat G. Rollins of Abilene an outstanding woman's department worker and a representative from the church at large.

The meeting will open at 10 a.m. and continue in a special program after lunch. Lunch will be served by the Munday ladies at noon.

Cities to be represented are: Lueders, Stamford, Aspermont, Spur, Benjamin, Knox City, Goree, Weinert, Haskell, Seymour, Rule, Jayton and probably others.

Baker-McCarty Sale to Start Friday Morning

Baker-McCarty Dry Goods store of this city will Friday morning open their doors to the public for one of the greatest value events sponsored by that firm.

They will start a 13-day selling campaign to close out all their winter wearing apparel and have slashed prices to an amazingly low figure on many items.

This week they mailed out large two-page circulars printed by The Munday Times, which featured most of the values offered to the consumers of the Munday trade area.

The Sale, which opens Friday morning, January 28th, will close Saturday night, February 12th, Pitzer Baker, manager of the firm stated.

Franklin Seeks Chief of Police Post in Munday

Marshall Franklin local night-watchman, today authorized the Munday Times to announce his candidacy during the coming election for the office of Chief of Police of the City of Munday.

Franklin, who has served in the nightwatchman officers position for the past two years here, has had many years of experience on police enforcement, being connected in the past with the Dallas and Mexia police departments.

He will make the coming race on his qualifications for the office and on his merits as a fair-minded citizen in dispensing the duties as officer and law interpreter.

Your vote and influence will be appreciated in the forthcoming city election on April 5th.

Davenport Compiles Outstanding Record With Southwestern

R. R. Davenport, local representative of the Southwestern Life Insurance company of Dallas, Texas, is very proud to announce the financial status of his company.

Mr. Davenport, who has been with the company for the past five years, works in four counties, Knox, Haskell, Baylor and Throckmorton and maintains offices in Munday and Haskell.

Outstanding in local civic affairs, president of the Munday Lions Club, member of the Chamber of Commerce, and active in church work, Mr. Davenport is equally outstanding in the more than 500 agents for Southwestern.

Last September he led the state in applications for policies and during the year 1937 he gained what is known as the \$200,000 Club, a volume of insurance reached only by 38 of the more than 500 representatives of the company. Another phase of his work of which he is proud is the presidency of his policyholders, which during the past year was 84.08, and only 17 agents bested him in that department.

He has set a record envied by other members of the company representatives force by sending in at least one application a week for the past five years and 28 weeks.

The company had in force at the end of the fiscal year \$323,052,381 insurance, or an increase of \$19-

R. R. DAVENPORT

\$36,617 over the close of business a year ago. All of their policies are registered which means added protection to the policyholder.

You are referred to the page advertisement of the Southwestern Life Insurance Company by "Southwestern Rip," in this issue of The Times.

NEAR INCH OF MOISTURE FOR MUNDAY AREA

Wheat is in Best Condition in Years Farmers Say

FIRST DUSTER FOLLOWS RAIN

Freezing Temperature Displaces Warm Weather Here

Rainfall during the past week-end, which started with heavy overcast clouds Friday and slow drizzles Saturday was climaxed with heavy fall Saturday night to send grain prospects booming for this section.

The precipitation Saturday night netted the total fall for the week end at .95 and was the first rainfall of the new year. It was .22 of an inch ahead of last year's total for the same period.

Farmers throughout this section stated that wheat was in excellent condition as result of the rains and they believed that in many sectors that the wheat was in best condition it had been in several years.

Although the rains bolstered farmers and business men the first big "duster" of the year was ushered in on the heels of the rain bringing cold winds and freezing weather Saturday, Sunday and Monday nights, to end the unusually warm January weather. Low for the week was 22 degrees.

Sebern Jones is New Owner Clover Farm Grocery Here

Announcement was made this week in change of ownership of the Clover Farm Grocery, formerly owned and operated by C. B. Jones of this city, who is retiring from active business.

Sebern Jones, connected with the firm for some time, Monday morning assumed management as new owner of the firm and will conduct the business in the future on a strictly cash basis.

Floor space in the store, formerly occupying a 50 foot front, will be reduced to half that space, Jones stated. Opening sale values may be seen in their page advertisement in this issue of the Times.

Senior Class to Present "Haunted Castle" Tuesday

How would you like to inherit a castle in Europe and after moving into it suddenly discover the place to be haunted?

How would you feel if you received several letters in which your life was threatened.

How would you like to have someone choose a wife for you—a girl you have never seen before!

See how the hero, Thomas Burksdale, and his American friend, Johnny Nolan face the issue, and be prepared for thrills, laughs, and surprises when you see "The Haunted Castle," a Royal Play presented by the Senior Class at the school auditorium on February 1 at 7:30 o'clock. The admission prices will be 15c and 25c.

Cast is as follows: Tommy Burksdale—Thomas Rigby.

Johnny Nolan—John Phillips. Patricia—Mary Moore. Eloisia—Laverne Eiland. Aunt Martha—Mattie Marie Isbell.

The Duchess—Geneva Smith. The Baron—Burl Meers. The Earl—Joe Albertson. Malissa—Edith Henslee. Miss Lake—Margaret Tiner. Rinaldo—Joe Isbell. The Peasant—Dewey Laney. The play is directed by Mary Couch and Dallas Smith.

To Dallas Sunday A. L. Smith, manager of the Rexall Drug Store of this city was in Dallas the first of the week attending to business matters.

Hill, Local Weather-Man, Issues Annual Report

The weather man was unusually good to the citizens of Munday and Knox county during the past 12 months according to daily records compiled by H. P. Hill, local U. S. weather statistician.

Moisture was plentiful, yet there was not too much at any time during the year, and in most instances it fell when needed to send crop conditions to new heights.

Here is a summation of the years weather; cloudy days, 83; partly cloudy days, 89; clear days, 187; days rained, 56; total rainfall, 18.80; lowest temperature, 10 degrees, in January; highest temperature, 107 in August; first frost, October 23; first killing frost, November 17; last freezing temperature, April 5, 32 degrees.

Odds and ends of the weather report disclose that January and December had the most cloudy days with 18 while April had 22 days of sunshine. July did not have a completely cloudy day although it had the highest rainfall, 3.45 inches. January had the least clear days with 8, and had the most day of rain, eight. February only had one day of rain to be the lowest in that phase of weather and also the lowest in total rainfall, receiving only .02 inches.

To Dallas Markets Mrs. Effie Alexander and Mrs. A. A. Smith, owners of the Hat Shop of this city will leave for Dallas this week end to purchase spring merchandise for their ladies shop. They will return the first of the week.

Father is Ill Dr. E. M. Roberts, Jr., of this city, left Sunday for Dallas, Texas, to be at the bedside of his father, E. M. Roberts, Sr., who is in the Baylor hospital there. He is reported as improved.

Editor's Note: This is the fourth in a series of articles in the nature of business surveys and functions of leading civic organizations and their value and importance in building a greater Munday.

Another phase of merchandise demanded by today's buying public that plays an important role in bringing farm residents from a wide area into this city to do their shopping is "Radio."

Four business houses of Munday make available for the consumers of this sector the outstanding radios built placed on the market.

Rexall Drug Store handles Philco, R.C.A., and Sentinel; and has a complete repair department; Eiland's Drug Store sells General Electric and Watterson; Smitty's Auto Supply display Emerson and Mansell Bros. Hardware sells Crosley.

Rexall and Eiland also handle Winchangers, however, Rexall is the only firm that will wire the farm house and completely install the modern appliance.

Giving proof again that business men of Munday serve a wide area of farm families in their wants, a composite of the four firms reveals that at least 280 battery

LARGE VOLUME RADIO SALES SHOW IMPROVED CONDITIONS

radio sets used by farmers were sold during the past year as compared to an estimated 182 electric sets sold.

The estimated 486 radios sold along with 77 winchangers bears out further the fact that conditions generally in this section are much improved over past years. Radio dealers have stated that it was one of the best years in sales since the crash of 1929 for radio business.

The largest city in Knox county, Munday again comes to the front as the leading merchandising center by offering to the citizens of this county the best available service and leading radios for their homes.

Sunset Adds Second Invitation Crown To Laurels by Copping Rule Basketball Tournament During the Past Week End

Herbert Partridge is Named Outstanding Player

Sunset's high-gearred Eagles led by the smooth playing of Herbert Partridge and the fast developing Orville Strickland won their second basketball tournament of the year last week end when they tallied 148 points in four tilts at Rule.

The Eagles, doped to lead the procession to the finish line, had more difficulty than they anticipated. In the opening round of play they showed a somewhat "stale" condition, and were never able to get under way, being forced to the limit to eke out a one-point win over a considerably weaker Benjamin quintet under ordinary conditions. The score was 29-30.

They flashed their championship calibre, however, in their second game, which has been their lot in recent play—an in and out club—and slaughtered a Haskell five to the tune of 40 to 12. The half-time lead was 31-4, so one-sided was the fray.

In the semi-finals Saturday morning they again ran into trouble, when they encountered a strong team from Swenson. Instead of playing a consistent brand of ball they found themselves facing a seven point deficit before the game had grown very old. They began to get the swing of the game in the second half and pulled the loss out of the fire to win 28-33.

The finals was another set-up with Mattson going down 45 to 23 in a comparatively easy battle.

Read the Times Want-Ads. They can save you money.

CANDIDATE!

John Wood, Texas Highway commissioner, formally announced entrance into the railroad commissioner race from his East Texas home town, Simpson. He has served on the highway commission for the past five years.

Goree Woman is Dead Following A Short Illness

Mrs. G. W. Webber, resident of Goree passed away Monday morning at 8:30 January 17, at her home in that city following a short illness.

Born October 14, 1857, the deceased was a native of Coffeyville, Miss., and with her family moved to Texas in 1900. In 1915 the Webbers moved to the Goree community where they have resided since.

December 14, 1887 she was married to G. W. Webber, who preceded his wife in death only a few months, and to the union eight children were born, seven of whom are living.

An octogenarian, the pioneer woman was nearing 81 years of age at the time of death and for 65 years had been a member of the Baptist church, affiliating with that religious group at the age of 15.

Surviving are following children: Kate Glasgow, Faxon, Oklahoma; Lucie Coursey, Rhedessa, La.; Mary Polson and Ruth Temple of Goree; and Joe, Tom and George Webber, all of Goree. Also 14 grandchildren and three great grand children survive.

Only Nine Days

Are you an American citizen?
 Do you believe in a Republican form of Government?

What is a republic worth if we do not vote?
 Do you want to have a voice in the way your community is conducted?

Do you know that conditions controlled by government play an important part in determining the wages you receive?

Do you know what part of your pay check goes for taxes? (Probably \$15.00 out of every \$100.00 you earn.)

Is it worth \$1.75 to have a part in this?
 Is it worth \$1.75 to pay your wife's poll tax and have two voices?

If so you must pay your poll tax now. (You cannot pay them after January 31, nor vote if they are not paid.)

Up From the Ashes

It is interesting to learn that dirigible service across the Atlantic soon will be in full swing again. The American Zeppelin Transport Co. announces that lighter-than-air ships, using American-produced helium will re-establish passenger service from Germany to the United States in May.

The important thing here is not whether lighter-than-air or heavier-than-air ocean flight is more efficient, but the fact that aerial pioneers have the courage to rise up from a staggering disaster such as the Hindenburg crash and start all over again.

In refusing to accept the ruling of the National Board of Labor Relations, the Ford Motor Company may be performing a public service. It's action is assurance that the law will be thoroughly tested, and its constitutionality either established or disproved. And perhaps no manufacturer in the country can afford such a test any better than the Ford Company.

National Defense

News that the army sent one of its huge new "Flying Fortress" planes across the country in 11 hours should reassure those who have feared that the nation is not prepared adequately to defend both of its shores.

It lends a feeling of security to know that, even if the entire air force were based on one coast or the other, it could make a cross-country flight between dawn and darkness to meet any enemy or cope with any emergency.

Army officials said the recent flight was "the fastest ever made by a military plane," which seems to answer the arguments of those who contend that foreign powers are ahead of the United States in military aircraft development.

Fifty Years From Now

(From the New York Times)

Those of us who are unduly depressed as we view the political state of the world today may have merely lost our perspective. It is, at any rate, both consoling and stimulating, to read the latest prophecy of that prince of prophets, H. G. Wells. Like the rest of us he has no crystal into which he gazes, but few men can compare with him in his amazing combination of perspective, imagination, and range of awareness.

"The common man of today," he declares is healthier, better informed, better fed, lit, clothed, housed, with greater power of movement and leading a fuller and more interesting life than the common man of 1888. Life in 1938, he infers, judging from tendencies in the last half century, will be less "cellular" than ours—more open, with the school-centered community replacing the household as the social unit. Our descendants will be more free, candid, agreeable and healthy than we are—their streets, roads, gardens, architecture and clothing will reflect this openness and freedom; and their houses and clothes, particularly, will be revolutionized by the new materials which science is just now beginning to develop.

Some are wondering how long the recession must last before it becomes a depression.

Pioneer girls got along with one spinning wheel, but modern ones must have four and a spare.

A California judge has ruled that a bathroom is not a room in the legal meaning of the word, but something the landlord throws in, which indicates that the judge doesn't know anything about landlords.

'The REST Of the Record'

BY JAMES V. ALLRED
 Governor of Texas

Throughout the history of Texas the General Land Office has been one of the most important state offices. Its importance has increased tremendously during the past few years due to oil development in practically every county in the state.

Along the Gulf Coast of Texas numerous domes have been discovered and the submerged coastal lands belonging to the state have become potentially very valuable.

Under the law the Land Commissioner has the right to lease these lands for oil development. Of course, he does not have to lease them unless he wants to.

During the past year the new Land Commissioner, Mr. McDonald, has leased hundreds of thousands of acres of land, much of it along the coast. In nearly all instances he has leased this land for a very small cash consideration, and providing for a bigger royalty if oil should be discovered; but the trouble is that the State is taking a gamble on whether oil will be found or not.

It seems to me that if we are going to gamble on oil being under our land, we ought to gamble the whole thing rather than to sell 13-16 of the oil, for instance, for two or three hundred dollars with no requirement for immediate drilling. The only reason for leasing land

with a big over-riding royalty is that we should know two things: first, that oil is certainly under the land, and second, that it is going to be developed immediately.

Now practically all the cases where the land commissioner has leased these submerged lands for from one hundred to two, three or four or five hundred dollars, he has not required immediate drilling and in most cases no drilling has been done, even though some of the leases are over a year old. On the other hand he has been offered hundreds of thousands of dollars in cash and the usual 2-16 royalty. For instance, one cash bid was \$69,000.00 with 2-16 royalty. In other words, the company bidding \$69,000 was willing to gamble that amount for 14-16 of the oil if it should be discovered. The Land Commissioner, however, awarded a lease for \$310.00 with a 3-16

royalty. In other words, the people who got that lease goth a 13-16 gamble for \$310, where we could have received \$69,000 for a 14-16 gamble.

The Senate Investigating Committee is going into all these matters during this week, and I will try from time to time to give you some of their discoveries.

The survey department of the 1939 Golden Gate International Exposition, on the basis of 1936 statistics figures that tourists will spend \$1,000,000,000 in the eleven Western states in 1939.

Juan Jose Martinez-Lacayo, consul general at San Francisco for Nicaragua, has been authorized to sign a contract for space for the Nicaraguan exhibit at the 1939 Golden Gate International Exposition.

MEN...

if You Promised a Penthouse,
 stay out of the Doghouse
 by giving her
Electric Cookery

Men, if your wife had illusions of grandeur when she married you ... worshipped you as a super-man ... then remember this: *A disillusioned feminine heart is more to be feared than a woman scorned!*

If she expected a penthouse, you're apt to land in the doghouse ... unless ...

All-electric houses no longer are illusions. And they're grand! Penthouses, of course, are rare in West Texas. Instead, we have *electrified* homes. They're better. And, fortunately, any home has all the grandeur of a penthouse if equipped with the right kind of servants ... Electric Servants. Electric cookery, refrigeration, dishwashing, water heating, sweeping, entertainment, food mixing, coffee making, sun tanning and clothes washing—all make every home equal to the luxurious penthouse ... a feminine dream born of fiction and suppressed desires. So, men, don't disillusion your wife by condemning her to another year, midst hated kitchen drudgery.

WOMEN...

Why Wait Until 1960
 to Cook Without a Fire?

It was recently predicted that "cold" or "magnetic" heat would be practical for general cooking purposes about 1960. It was demonstrated how an egg can be fried without fire by using high frequency current magnetically transferred to the skillet from an electric coil. That is "cold" or "magnetic" heat.

And that, ladies, is merely another form of *Electric Cookery*, which today is practical and available in every home already having the many other advantages of Electric Service!

CALROD is the name of Hotpoint's patented metal-scaled Flat-top cooking coil that has revolutionized electric cookery. It has brought new speed, new cleanliness, new economy and longer life to electric ranges.

In the Picture: With an electric range, a bacon-egg-toast-coffee breakfast can be prepared in less than 10 minutes. Fix bacon and toast in oven while eggs fry and coffee percolates. Electric fuel for this type of breakfast costs less than three cigarettes.

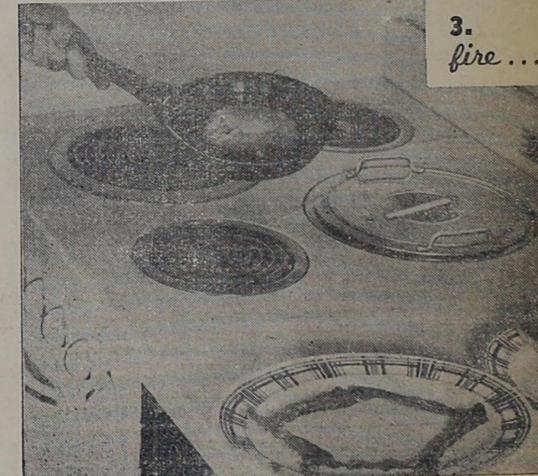

1. You have five cooking speeds in 1938 models. Use *super speed* to heat skillet. 2. Turn switch to *half speed* for frying ... or for fast boiling. 3. A second egg may be fried with switch turned to *quarter speed* ... an ideal heat for steaming fresh vegetables. 4. A delicious breakfast without smoke or fumes in kitchen or dining room! For other meals, you have two other *low speeds* for economical cooking of foods.

1. You can cook ...

2. without

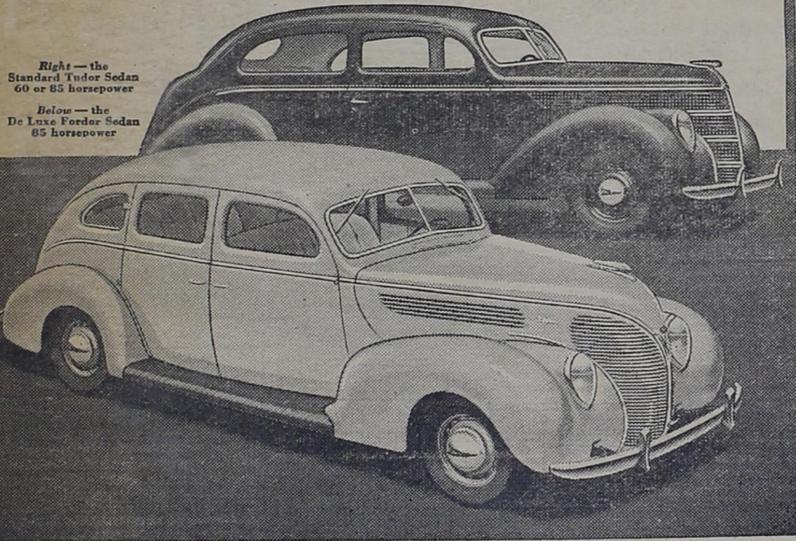

3. fire ...

4. right Now!

(Above photographs posed by Miss Virginia Blair of the WTU Home Service Bureau)

FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

Right — the Standard Tudor Sedan 60 or 85 horsepower
 Below — the De Luxe Forder Sedan 85 horsepower

THERE are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built on the same dependable Ford chassis.

Both bring you the basic advantages of a V-type 8-cylinder power-plant—smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower.

Both new cars are economical to operate. The Standard, with thrifty "60"

engine, costs less to run than any other Ford car ever built.

And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low.

The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

Sunset Wins Over Haskell In 31-21 Tilt

The Haskell cagers lost their second game Tuesday night to Sunset who ran up a ten point lead before slowing their scoring to beat the Indians 31 to 21.

The thirtieth win for the Sunset club in thirty-two games, they easily won over the Haskell quintet, who trailed behind almost the entire game.

Reputed to have the strongest club in this section, it was readily proven Tuesday night, with the accurate passing and goal shooting of every member of the club.

In a round-robin tournament at Rule with sixteen teams represented Haskell meets Weinert who defeated them last Thursday night 19 to 15. Haskell had previously won from Weinert.

This loss of the Indians marks the second time this season, with six victories to their credit.—The Haskell Free Press.

Sales of Senior Annuals Reached 35 During Week

The selling of the annuals is coming along nicely. Thirty-five annuals have been ordered and hope to sell more before the date is up. Remember, March 1, 1938 is the "dead-line," so if you want one of these books let one of the salesmen know at once.

The four salesmen for the annuals are:

Dorothy Gammill, Senior.
 Mamie Tankersley, Junior.
 La Verne Bumpas, Sophomore.
 Jean Griffith, Freshman.

If you want an annual, get in touch with one of these salesmen right away. Price: \$1.50. Buy Now!

Sophomore Jingles

Well as midterm exams are knocking at the door, the Sophomores are really getting down to business and working before they say, "come in."

The Home Economics girls are really proud of their half year's work. Among the recent accomplishments is the service of the buff-
 -necheon. Some of the girls are taking this as their home project.

The boys who take shop have made different things this last six

Seniors Prepare For Knox County Scholastic League

After quite a fit of expectancy and in some cases a little dread, the Seniors are reaching for the half-way mark, mid-term exams. They hope that none of them will fail to reach far enough. The senior class has a mild average as a whole but somewhat lower than the senior class of last year. Anyhow they have nothing to be ashamed of, because none of them have failed thus far.

The senior class is expecting to do its part in the approaching county meet. They say if anyone beats them, well, whoever beats them will know they have done something. Besides the literary events, the seniors expect to be well represented in track events.

The seniors are glad to have Floyd Frost back in school after several days of illness. He began to fear that Floyd would not get back in time for his term reports and exams.

Le Roy Henderson

SUNSET GIRLS IN WEINERT TOURNAMENT

The Sunset girls played the first game that they played in the Weinert tournament, Thursday night with Midway. They did good playing but just could not keep Ed-wards of Midway from making the goals. She made 23 points during the game. This was high point forward. Check, of Sunset, came next with 14 points. The game ended with the scores of 27 to 37 in Midway's favor.

Friday night the girls were supposed to play Irby; but that team forfeited to Sunset. For amuse-
 -weeks but they are all very attractive.

All of the Sophomores are working to be the class to have the highest mid-term average in school. So come on, all you Sophs, don't balk!

Eagles Win Their Second Tournament of the Season

The Eagles visited the Indian reservation at Haskell last Tuesday night. The Eagles looked like Indians the first quarter, because they did a war dance with the ball every time they got it. At the end of the first period the Indians were leading by ten points. But the Sunset lads came back with a fighting spirit and took the game with a score of 34 to 21.

Wednesday night Sunset defeated Benjamin at Sunset with score of 45 to 21. Last week-end Sunset entered a tournament at Rule. Their first game was with Benjamin at 6:00 o'clock Friday evening. The Eagles played a punk game by fumbling and dribbling the ball. But they finally came out of the game with a one point lead, the scores being 30 to 29.

Then Friday night at ten o'clock Sunset played Haskell. The Eagles were still sore at themselves for playing such a game against Benjamin, so they started whipping the old ball through the loop. At the half they were leading the Indians with a score of 31 to 4.

The Eagles slowed down the last half and Coach Kimbrough substituted freely. The scores were 40 and 12 at the end of the game. Swenson was next to come under

ment Friday night, Weinert and Sunset played. Weinert won this game, but it was not a tournament game.

Saturday afternoon, the Eagles played Millsap. That game was really a fight from the start to the finish. At the end of the game, four of the Sunset players had three personal fouls, but none fouled off. The Sunset team won with the score 31 to 25.

This game put the girls in the finals of the consolation. They played Mattson Saturday night. It seemed that the Mattson forwards had a streak of luck and the ball would make the basket from any angle thrown. Mattson won with the scores of 37 to 31.

the Eagles battlements; and they are one of the toughest teams that Sunset has played this season.

The Eagles got off to a slow start and let Swenson get a seven point lead on them; but they finally settled down and played as they should. The game ended with the Eagles leading by a score of 33 to 28. The Eagles changed into Bobcats Saturday night when they played Mattson. Both teams had black so the Sunset boys played in the Rule suits. Although both teams played under the difficulty of a wet court, the Eagles won easily with scores of 45 to 23.

Medals were given to the members of an all-tournament team, which was selected by the coaches of the tournament. A medal was, also, given to the most valuable player and best sport of the tournament. Herbert Partridge, Sunset center, was selected as the most valuable player; and Orville Strickland was placed on the all-tournament team. Both boys worked hard for the honors that they received. The other members of the team, also, did some nice playing during the tournament; and their school is really proud of them.

The team missed Floyd Frost, who was sick and could not be with them at Rule; but he will be ready to go at the Weinert tournament this week-end.

Hunters Nab Bobcat Near City Haskell

Four Haskell men, B. Kingston, Guinn and Marvin Medford and Lark Jones are boasting of their hunting ability—and exhibiting of a hide from a large bobcat bagged Tuesday night several miles south of town. The quarry was caught by a pack of dogs after a lively chase of several hours the hunters state. Bobcats are reported becoming more numerous in this section recently and the above parties are planning several more hunting trips in the near future.

Mrs. Pauline Hamilton and sister-in-law of Benjamin were visitors last Tuesday and Wednesday in the home of Mr. and Mrs. J. C. Sweatt and family.

HEFNER NEWS

The W. P. McNeill gin is now on the last of the boll crop. We had a rain the first of the week, fine on grain.

Rev. Jesse L. Gray of Hamlin, pastor of the Friendship Baptist church, last Tuesday moved into this community. We welcome him and his family to Hefner.

Quite a few from this community attended the funeral of grandma Webber, age 80, at Goree on January 17th, at the Baptist church. She was born in Coffeyville, Miss., and leaves 7 children.

Mr. and Mrs. Ira Owen have moved to their farm at Anton.

Alton Thurmon and wife spent last week end with his parents, Mr. and Mrs. Amon Thurmon who live at Round Timbers, where he purchased a home.

Goyd Jones has returned from a trip to California.

Mrs. J. R. Manley has been in Wichita Falls where she had an eye treated for a few days.

E. J. Jones has returned from a visit with relatives at Littlefield and Slaton.

TO DALLAS MARKETS

Mr. and Mrs. George Salem of the Fair Store of this city were in Dallas during the past week end attending the spring style show.

While there they purchased new spring merchandise for their store.

Negro is Given Five Years For Murder in Court

Will Humble, illiterate negro cotton-picker, convicted for the murder of Allen Christopher, another negro, was assessed five years in the penitentiary in District Court in Haskell last Tuesday.

Tesimony in the case showed that Humble, who had been drinking, went to a negro shack near Weinert on the night of December 4, 1937, and shot Christopher three times with a pistol after an argument. Christopher died almost instantly, struck twice in the chest and once in the arm.

YOUR DAILY BREAD

If your hubby is thin, if your hubby is fat,
 If he shouldn't eat this and mustn't eat that,
 If you want your meal a balanced spread,
 You need your baker's daily bread.

If you like to eat ham, if you like to eat cheese,
 If you like to eat jam, or the honey from bees,
 If you want a sandwich, a snack before bed,
 You need your baker's daily bread.

 HOME OFFICE, DALLAS, TEXAS

The WEEKLY CONSTITUTIONAL

by MAX BERNIS

Supremacy of the Constitution

What is "the supreme law of the land" and how is it construed?

Article VI provides that "this Constitution and the laws of the United States which shall be made in pursuance thereof . . . shall be the supreme law of the land . . ."

Article III provides that "the judicial power of the United States shall be vested in one Supreme Court and in such inferior courts as the Congress may from time to time ordain and establish," and further that "the judicial power shall extend to all cases in law and equity arising under this Constitution, the laws of the United States and treaties made . . ."

In exercising this judicial power the Supreme Court necessarily must sustain the Constitution as "the supreme law" and accordingly must find any legislation that conflicts with it unconstitutional. No other interpretation is possible.

That this was the intention of the framers is shown by outstanding members of the Constitutional Convention who declared for judicial control, and by statements of advocates of the Constitution while its

ratification was being considered by the people.

This power and duty of the Supreme Court also was made plain by the first Congress under the Constitution which had to provide immediately, and did so provide by the Judiciary Act of 1789, for the organization of Federal courts and appellate jurisdiction of the Supreme Court.

Instead of it being a judicial usurpation for the Supreme Court to exercise this power it would be an abdication of power and a neglect of duty for the Court to fail to do so.

LETTERS FROM THE PEOPLE

ANOTHER ECONOMIC SLAP AT THE SOUTH

I am wondering if both the farmers and business men of this section are fully aware of the Federal farm legislation now pending in Congress.

It is my earnest opinion that the passage of the National Farm Bill, carrying provisions incorporated in both the Senate bill and the House bill, which for all interests and purposes are the same, and will go a long way toward spreading economic death and disaster to the southern cotton farmer, has been passed by both the house and the senate.

What are these provisions which are practically identical and are now in the hands of a conference committee? In brief—it would prevent the use of land diverted from a soil depleting crop for the production of any kind of feed, when the feed is to be used for the production of any type of livestock, such as dairy cattle, poultry, poultry products, etc.

The enactment of such a provision would consign this section of a much lower cash income, which at present is supplementing a cash income which has been derived from cotton.

The only hope for any degree of prosperity for the cotton south lies in a higher agricultural income and industrial development. We of this section should not accept legislation curtailing our opportunities without an organized and vigorous protest through our senators and representatives in Congress against such legislation.

The above provisions referred to, sponsored by Senator McNary, of Oregon, and Congressman Boileau of Wisconsin, seeks to keep the south in its unbalanced crop system.

Since the beginning of the Roosevelt administration, the cotton states have registered considerable gains in pulling away from the disastrous one crop system. Dairy cattle, pure bred swine and beef cattle, more profitable poultry displacing undesirable chicken flocks, all of which has been working to the end of supplementing the uncertain cash income from cotton.

Now, if the above mentioned provisions become law, what are the farmers going to do with the acres of land diverted from soil depleting crops?

Those advocating the enactment of the law answer by saying plow the crops under and make the soil more fertile. The south is growing a surplus of cotton now, so why want more fertile land if we are prohibited by federal law from selling meat, dairy or poultry products?

The following is taken from the February issue of the Progressive Farmer, (page 10)—"Particularly disappointing is the fact that the southern senators did not make any effective fight against this proposal which was aimed directly at the South. Only two Southern senators, Bankhead of Alabama and Reynolds of North Carolina raised any objection whatsoever, while three other southern senators did not show sufficient interest to vote on the proposal. It was passed by a vote of 41 to 38 and had Senators Caraway of Arkansas and Lee and Thomas of Oklahoma voted could have deadlocked the proposal at 41 to 41. With a tie vote Vice-President Garner, as deciding officer, would have been called upon to cast the deciding vote and it is reasonable to assume that since he is from Texas he would have voted

Hospital Dismissals

Patients discharged from the Knox county hospital at Knox City since January 19th, include: Mrs. B. King, Munday; Mrs. Ford Waldrip, Knox City; Mrs. F. E. Tibbetts and baby, Rule; Juanita Voss Munday; Mrs. A. O. Yarbrough, Goree; Mrs. W. C. Adams, and baby, Knox City; Mrs. Leroy Lowrey, Rochester.

Hospital Patients

Patients in the Knox County hospital at the present time include: C. M. Brown, Munday; Doyle Jones, Munday; Mrs. W. E. Seay and baby boy, Knox City; Mrs. Bud Foreman Lubbock; Mrs. N. A. Glover and baby boy, Rule; Hazel Maddux of O'Brien.

BIRTHS

The following births were reported during the past week: To Mr. and Mrs. W. C. Adams of Knox City, a daughter, January 22nd. To Mr. and Mrs. W. E. Seay of Knox City, as son, born January 22nd. To Mr. and Mrs. N. A. Glover of Rule, a son, born January 25th.

Light, color, sound and fragrance intensities will be converted into electric impulses and synchronized for lighting effects at San Francisco's 1939 Exposition.

Our southern congressmen seem to console themselves with the argument that if the proposal should become law that it would be impossible to enforce it. This may be true but a farmer using diverted acres for the production of meat animals, dairy products or poultry, who may feel that he is entirely within his constitutional rights, would at the same time feel somewhat uncomfortable knowing he is violating the federal law.

The safe course is for our section to do all we can to keep the proposal from being enacted into law. A. J. Bunts, Munday, Texas.

EAGLE CAPTAIN

DOYLE PRESTON

Denton, Texas.—Sturdy, dependable, and, in the opinion of his coach, one of the best guards in the state, Captain Doyle Preston of Gatesville is leading the unexpectedly powerful Lone Star basketball team. Preston, a junior, won all-conference honors at guard last year.

More than 200 hydrants are being installed on the grounds of the 1939 Golden Gate International Exposition for fire-protection.

The \$16,000,000 construction project of the 1939 Golden Gate International Exposition has one of the lowest accident rates of any building program of comparable size ever attempted.

congressman J. D. McFarlane

Appropriation Bills
Last Tuesday, the House passed the Treasury and Post Office Appropriation bill and began the consideration of the Naval Appropriation bill. The Naval Appropriation bill was debated the remainder of the week and finally passed on Friday. This makes the third of the ten major appropriation bills passed by the House and sent to the Senate.

The President Confers
Last week the President held conferences throughout most of the week with representatives of labor and different members of the industrial groups. Included in these groups have been some of the leading representatives of the utilities, banks, insurance companies, railroad and manufacturing concerns. John L. Lewis and the other labor representatives have been present in these meetings. It is to be hoped that some sort of a satisfactory compromise may be reached concerning legislation to be offered to curb the known existing monopolies and unfair trade practices existing in the Nation.

The President in last Friday's press conference made clear the following five-point program regarding the elimination of all holding companies:

"1. The Administration can never agree to a modification of the 'death sentence' requiring dissolution of all but first degree utility holding companies except under certain conditions.

"2. The situation is not to be tolerated wherein utility holding companies with \$600,000,000 of assets can control \$13,000,000,000 of utility capital. That amounts to a four inch tail wagging a ninety six inch dog and the Administration's plan is to cut the muscle out of the tail.

"3. There is very little wind and water in the stock of utility operating companies and what there is of it can be squeezed out without harming such companies or

their assets. Utility holding companies present a different picture. "4. Government competition with privately owned power companies comprises only about 15 per cent of the area, population and power production of the country and there is no intention to ask new funds of Congress to increase this competition in the near future.

"5. Why should there be any holding companies? This applies to all fields, but particularly to banking. Why cannot a bank run itself in a community able to support it?"

Different members of the House steering committee sponsoring the purchase and control of the Federal Reserve Banking System by the government have conferred with the President and immediate hearings on this legislation will be advocated. It is known that conferences with the President have been under way for some time on ways and means of best controlling monopolies and unfair trade practices and this matter is being studied through several different plans—i. e., strengthening our Anti-Trust laws through direct attack to break up monopolies; through some cooperative plan patterned after NRA; through some plan of governmental approval and regulation and through amending our patent laws to provide compulsory government giving patent monopolies. Meetings are held in and out of Congress studying each of these plans and early action is promised with probably a message to Congress from the White House soon.

Twenty million cubic yards of sand were used in building of Treasure Island, San Francisco Bay site of the 1939 World's Fair.

SCOUTING THE

SCOUTS

MUNDAY, TEXAS, TROOP

Cecil Cooper, Scoutmaster
Ted Longino, Assistant
Meeting Place—Legion Hut

Monday night, despite disagreeable weather, fourteen scouts of the Munday Scout troop met in the Legion hall. Business was discussed. The scoutmaster, Cecil Cooper, is planning to order a play to be put on by the scouts. The money made will be used to buy uniforms for the troop, if there is

enough, and we think there will be.

We were very glad to have as our guests for the meeting, Scoutmaster Hawkins and five of his scouts from Weinert. One of the scouts from Weinert, Frank Cadenhead, gave us a very interesting talk about his trip to the National Scout Jamboree at Washington, D.C., last year. Mr. Hawkins gave us a talk about camping, and the value of Scout work.

Munday Scouts attending the meeting were: Howard Payne Shannon, Lamoine Blacklock, Dan Billingsley, Sargent Lowe, Joe Dean Clough, D. P. Morgan, Glynn D. Rayburn, Grady Beck, Jr., G. C. Conwell, Willard Reeves, Jack Pippin, J. E. Reeves and Henry Dingus. Weinert scouts at the meeting were: Frank Cadenhead, Jack Johnson, Clay Griffith, Phillip Cadenhead, J. B. Sosebee and Mr. Hawkins.

(HEALTHY? SURE! I'M A 'LECTROLUX BABY!

70% OF ALL ILLNESS CAUSED BY WHAT YOU EAT

SERVEL ELECTROLUX THE Gas REFRIGERATOR (OR KEROSENE)

MAYBE you can't smell or taste the spoilage; but does that mean it's not there? A noted Eastern hospital says: "70% of ALL ILLNESS is caused by what you eat or drink!" Why does so much of this illness come in winter? Well, remember this: it's always summer, in your kitchen. At 70 degrees or higher, food and milk spoil fast. And milk is most dangerous just before it tastes sour!

Your family deserves the protection of Servel Electrolux—the Gas or Kerosene refrigerator—winter and summer. NOW, Servel Electrolux is the one refrigerator which supplies steady, unvarying cold. And it won't dry out meat and leftovers. Nor wilt vegetables. Servel Electrolux is different from all others—a different kind of refrigerator. It has no moving parts. Nothing to wear. No noise—ever. A tiny gas or kerosene flame takes the place of all machinery—and operates here for as little as 3 cents per day! A small down payment puts Servel Electrolux in your home; savings pay the rest. Why not start them NOW?

Mrs. Roy McCarley, Rt. 3, Nocona, Texas declares her Servel Electrolux paid for itself in two years' time:

"I wish to express my appreciation, so far as words are possible, for my Servel Electrolux. I know of no other investment that pays greater dividends. I have learned from experience that for a family of three a Servel Electrolux will pay for itself in two years.

"I live 12 miles from a vegetable market, yet I have fresh vegetables the year round, thanks to my Servel Electrolux. Vegetables taken out of the garden cannot be compared to the crisp freshness of vegetables taken out of our Electrolux. Milk or cream will remain sweet in our Electrolux for days, even during the hot summer. This is an essential advantage in homes where there are children. It is surprising what I have learned to do with it. It is one piece of kitchen equipment which really serves. It is easily cleaned inside and outside. The automatic defroster is a time-saver every housewife admires. The cost to operate, compared to other appliances, is too little even to think about."

Mrs. S. E. Doyle, of Sildell, Texas, declares she has no waste from deterioration, either in raw or cooked foods.

"Servel Electrolux is a blessing to our land. I consider it my best investment, because of the saving in food costs and food preservation.

Miss Helen Frances Eiland and John Palmore Are Married Sunday Morning

On Sunday morning at ten o'clock Miss Helen Frances Eiland became the bride of Mr. John W. Palmore of Canton, Texas. The wedding was solemnized in the home of the bride's parents, Mr. and Mrs. C. A. Eiland.

The couple entered to the strains Mendelssohn's Wedding March, played by Mrs. Louise Ingram. Tall baskets of yellow and salmon gladioli and Talisman rosebuds formed the setting for the beautiful and impressive ring service read by Rev. Charles Tucker of Cordell, Oklahoma, to the soft tones of Traumeri.

The bride was becomingly attired in a grayed blue tailored suit of Prosa with navy accessories. She wore a corsage of Talisman rosebuds and lily of the valley.

Mrs. Palmore is a young lady of charming personality. A graduate of Texas Technological College, she has followed her chosen profession of teaching for the past two and a half years.

Mr. Palmore, the son of Mr. and Mrs. Jno. W. Palmore of Bonham, is also a graduate of Texas Tech, having received his B.A. and M.A. degrees from that institution. He is assistant county agent for Van Zandt county.

Guests at the wedding were Mr. and Mrs. J. W. Palmore of Bonham, Mr. M. B. Hill of Canton, Mr. and Mrs. M. J. Whitsett of O'Donnell, Mr. and Mrs. A. U. Hathaway, Mrs. Louise Ingram, Mr. and Mrs. C. A. Eiland, William, Peggy and Sarah Eiland and Mr. and Mrs. G. R. Eiland.

Mr. and Mrs. Palmore left immediately for a short trip after which they will be at home in Canton, Texas.

Bridal Shower is Given Miss Helen Frances Eiland

Mrs. J. C. Borden, Mrs. J. C. Campbell, Mrs. A. U. Hathaway and Mrs. G. R. Eiland were co-hostesses at an eighty-four party and surprise bridal shower honoring Miss Helen Frances Eiland on Friday afternoon in the home of Mrs. Eiland. The Valentine motif was emphasized and a red and white color scheme was used in table appointments and decorations.

At the conclusion of a series of games a refreshment plate of chicken salad-bread and butter hearts, macaroons, stuffed dates and tea was served. Then a messenger summoned Miss Helen Frances to the door. Little Patsy Blanton representing Cupid presented her with a large white box tied in red, and then did in her honor a tap dance with Miss Kennedy at the piano. Cupid assisted by Master Joseph Borden then presented singly to the honoree many other useful and beautiful gifts.

The guest list included: Misses Dolores Campbell, Louise Atkinson, Ruth Baker, Dorothy Campbell, Mildred Kennedy, Mayme Crouch, Jeanette Campbell, Fannie Isbell, Lorene Newsom and Maud Isbell; and Mesdames W. A. Baker, Leland Hannah, A. L. Smith, G. A. Blanton, Pitzer Baker, C. A. Eiland, A. A. Smith, Effie Alexander, D. A. Eiland, J. R. Smith, Louise Ingram, C. R. Elliott, R. H. Neff, H. A. Pendleton, John B. Ingram, D. C. Eiland, J. H. Bass, L. M. Palmer, Joe Davis, M. F. Billingsley, John Ed Jones, L. S. Hardegree, P. V. Williams, Chas. Mayes, R. B. Harrell, H. F. Barnes, Harvey Hill, M. H. Reeves, Effie P'Pool, Oscar Spann, T. E. Rigsby, Carl Jungman, J. A. Caughran, R. D. Atkeison, Fred Broach, D. E. Holder, W. R. Moore, W. E. Braly, S. E. McStay and E. W. McGlothlin.

M.E. Missionary Society Met in Borden Home

The Methodist Missionary Society met Monday evening in a business and social meeting in the home of Mrs. J. C. Borden with Mrs. R. D. Atkeison as assistant hostess.

An interesting program was rendered by the following members: Mrs. Giddings, Mrs. E. W. Harrell, and Mrs. J. C. Campbell.

Delicious refreshments were served to 22 members following the close of the program.

Following the drill the club sang several favorite hymns.

Delicious refreshments were served by the hostesses, Misses Ila Jackson and Dorothy Rickert.

A new type of safety device employed by workmen on the 1393 Golden Gate International Exposition locks the safety rope only in case of fall or sudden descent.

No wine which fails to meet the quality standards of the California Wine Institute will be allowed on the grounds of the 1939 Golden Gate International Exposition.

84 Club Met In Eiland Home Last Thursday

The "84" Club met in the home of Mr. and Mrs. G. R. Eiland last Thursday night with Mrs. Eiland and Mrs. J. C. Borden acting as hostesses.

The entire evening was spent in playing games of "84" by the members of the club and guests. After the games a plate lunch was served with tiny Valentines as plate favors.

Members attending were: Mr. and Mrs. Leland Hannah, Mr. and Mrs. M. H. Reeves, Mr. and Mrs. W. V. Tiner, Mr. and Mrs. C. R. Elliott, Mr. and Mrs. S. E. McStay, Mr. and Mrs. D. E. Holder, Mr. and Mrs. Ben Blacklock, Mr. and Mrs. J. C. Campbell, Mr. and Mrs. E. W. Harrell, Dr. and Mrs. A. A. Smith, Mrs. W. E. Braly and the following guests, Mr. and Mrs. A. Blanton, Dr. and Mrs. D. C. Eiland, Mr. and Mrs. R. D. Atkeison, Mrs. Louise Ingram, Mrs. Jim McDonald and Mr. Edwards.

Owen-Donoho Vows Read Recently In Benjamin

Mr. T. W. Owen and Miss Marguerite Donoho, both young folk of the Hefner community were united in marriage in Benjamin, Monday, January 10th, it was disclosed this week.

Miss Donoho is the daughter of Mr. and Mrs. L. P. Donoho and Mr. Owen is the son of Mr. and Mrs. L. L. Owen, residents of Hefner.

Following the ceremony the newlyweds left for California where they will make their future home. Friends in the Hefner community join in wishing them much happiness in life together.

Horn-Welch Vows Read Recently In Seymour

Mr. E. Paul Horn and Miss Erna Lee Welch were united in marriage December 31st, at the Methodist parsonage in Seymour by the Reverend B. W. Wilkins, pastor, who read the beautiful ring ceremony.

The bride is the pretty daughter of Mr. and Mrs. Onie Welch and is a native of Gilliland where she attended school and has taken an active part in school and social affairs of the community.

The groom is also of the Gilliland community and is the son of Mr. and Mrs. Dan Horn. The two families are prominent in the community.

Following the ceremony the couple left for Brownwood and other Texas points for a short honeymoon and have returned to Gilliland where they will make their home.

Leathers-Jones Vows Are Read Monday Morning

A marriage of much interest and coming as a surprise to most of his friends here was that of Mr. Harold Leathers of this city and Miss Johnnie Jones of Paducah, last Monday morning at Paducah.

The vows were read at 8:30 a.m. in the pastorate of the First Methodist Church of Paducah by the Reverend Joe E. Boyd, who read the simple ring ceremony.

Miss Jones is the daughter of Mr. and Mrs. E. N. Jones of Paducah and she is a graduate of the high school of that city with the class of 1934.

Mr. Leathers, more familiarly known here as "Red" is employed at the Roxy Theatre and he and his bride have already established their new home here.

Benjamin Junior Sorosis Club Has Meeting

The Benjamin Junior Sorosis Club met in the Benjamin club room in regular meeting last Thursday, January 20 at 7:30 p. m.

After a short business session a parliamentary drill under the direction of Miss Frances Diersing was given and Mrs. E. L. Covey gave a short talk on parliamentary mistakes commonly made by the club.

Following the drill the club sang several favorite hymns.

Delicious refreshments were served by the hostesses, Misses Ila Jackson and Dorothy Rickert.

A new type of safety device employed by workmen on the 1393 Golden Gate International Exposition locks the safety rope only in case of fall or sudden descent.

Miss Lucille Neff Honored at Formal Banquet at Baylor

Waco, Texas, Jan. 27.—Miss Lucille Neff, Munday, was among the 30 Baylor university coeds, residents of Memorial dormitory, who were honored with a formal dinner in the dining room of that dormitory Thursday evening.

All girls with birthdays during January were seated at the honorable table, decorated with pot plants of Russian violets. Five white candles burned at each end of the table. Plate favors were nut cups filled with heart-shaped candy, covered and tied in bows of cellophane.

Truscott H.D. Club Met Last Thursday

The Truscott Home Demonstration Club met in regular session at the home of Mrs. Jack Whitaker in an all-day affair last Thursday, January 20.

During the morning the entire group of ladies enjoyed quilting and social conversation. At the noon hour a delicious covered dish luncheon was served to the club members, and each member brought a covered dish for the luncheon.

Following the noon hour the ladies resumed their quilting until 2:30 in the evening at which time they had their business meeting.

Miss Nina Astin, county home demonstration agent, gave a lecture that was well received by the ladies entitled "The Daily Meal Plan" and demonstrated the use of "left-overs."

At 4:30 cake and coffee were served to eighteen club members by Mrs. Jack Whitaker and Mrs. A. F. McMin.

Hefner H.D. Club To Meet February First for Meeting

The Hefner Home Demonstration Club will have a regular meeting Tuesday, February 1st, in the home of Mrs. John E. Cure at 2:00 p. m., it was announced this week.

Topic for the program is entitled "The Use of the Kitchen." Remainder of the program will be roll call, with members replying on "What I Enjoy Most in My Kitchen," and there will be a report from the council representative.

A lecture and club business has also been calendered for the meeting.

Both old and new members are expected to attend

Union Grove H.D. Club Meets in Wilson Home

The Union Grove Home Demonstration Club met in the home of Mrs. Bill Wilson for a regular meeting last Wednesday, January 19th at 2:30 o'clock in the evening.

After the regular business meeting the ladies were given a demonstration by Miss Nina Astin, county home demonstration agent, on the use of left-overs for meal preparations.

After the demonstration the fifteen members were served refreshments in the form of cake and cocoa by the hostess.

Union Grove H.D. Club Met in J. S. Wilson Home

The Union Grove Home Demonstration Club met Wednesday, January 19, in the home of Mrs. J. S. Wilson.

The president in chair, minutes were read and approved. The meeting was turned over to Miss Astin, county home demonstrator.

Miss Astin gave talks on an adequate diet daily. Then demonstrated on left-over foods for the family.

Meeting was adjourned and delicious refreshments were served to fourteen members and two visitors.

Benjamin 4-H Girls Met Monday

The Benjamin 4-H Club met Monday, January 24, with the county home demonstration agent, Miss Nina Astin, meeting with them.

Club members started making candlewick pillowslips and at a later date plan to make bed spreads.

Members present were Misses Rosie Clowers, Charlene Galloway, Betty Ann Favor, Frances Smith, Mary Lucille Smith, Aline Smith, Opa, Hall, Robye Jo Tranham, and Joy Nunley.

CHURCH NEWS

FIRST BAPTIST CHURCH

We sincerely invite you to the services of the church. The teaching at ten each Sunday morning, the preaching service at eleven. Then in the evening there is the training service at 6:30, and the preaching service at 7:15. On Wednesday evening at 7:30 the prayer and praise service. All of these services should appeal to every member of the church. If we know the Lord we should either teach or be taught. No one who is spiritually right-minded would want to leave the preaching service out of his Sunday plans.

If we have accepted Christ as our Savior we have also accepted Him as our Lord which would give us an inner urge to be trained for His service. Who would deny himself the privilege of singing praise to the Lord and praying to His holy name in the church assembly on Wednesday evening?

Sermon subject next Sunday morning, The Security of the Believer. Do saved people fall from grace? Is a person who is born again ever lost? What happens to saved people who sin against God? Evening subject, A Prayer Meeting and an Earthquake.

W. H. Albertson

METHODIST CHURCH

A very important meeting will be held here next Thursday. The District Institute, which is the set-up meeting of the spring months. The speakers will be Dr. Bickley, presiding elder of the Abilene District; Rev. L. M. Lipscomb, First church Lubbock; Rev. W. E. Hamilton, Executive Secretary of the Sunday School work; Mrs. Nat G. Rollins of Abilene, an outstanding worker in women's work; and a representative from the church at large. The meeting will begin at 10 a.m. and continue in a special program after lunch. Lunch will be served by the ladies of the church at 25c per plate. At least 100 visitors are expected from the other churches of the district. Local people not caring to take lunch at the church should come for the morning service and return after lunch for the afternoon program. This program was scheduled to be held at Stamford but because of reconstruction work on their building it was switched to Munday on short notice. Please believe me when I say that this is one of the most important meetings held in Munday in years. Tell your friends about it and do not fail to attend.

Regular services Sunday 11 a.m., subject, Cain's Question Still Enlarges. 7 p.m., The Spirit of Devotion. Psalm 5. Sunday School at 10 a.m. Are we giving our Leagues their proper places in the life of our youth. Let's arrange so that our young people may take advantage of these most helpful programs.

May I not insist that a place be held for church work in your crowded program these busy days. There are a number of special meetings

New Operator Lady Be Lovely Beauty Shoppe

The Lady Be Lovely Beauty Shop, operated in connection with the Hat Shop in this city announces to the public that Miss Stella Broughton of Abilene, will be in charge of the shop in the future.

Miss Broughton comes to this city highly recommended as a cosmetologist and is well known to many local citizens. She is a sister of Mrs. B. L. Blacklock of this city.

Miss Broughton will give permanents, sets, shampoos, dyes or any other type of beauty work. She formerly taught in the Rochester school system before entering the cosmetology profession.

JUNIOR HI-LEAGUE MEETS

The Junior Hi-League will meet at the Methodist Church next Sunday evening at six o'clock. Nadine Salem will be leader. All members are urged to attend.

held in connection with the Aldersgate Commemoration this winter and spring. We earnestly solicit your cooperation therein.

The VALTER VINCHELL COLUMN

By . . . ?

Mary, don't you know that to find prosperity you should go west instead of east? Or maybe it is love that's causing her to go to Seymour.

What's the matter, Rigsby? Are you slipping or what? We have not seen you with a girl in three weeks. Oh yes, where is your bracelet?

The answer to these questions are: "I have decided to settle down and quit running around so much." The answer to the second is, "I am too broke to step out since school has been taxing me for fees. My bracelet is where it should be, on an arm, I hope."

We all notice that Jean and Winston are still stringing each other along.

Believe it or not! John is still good to the Freshman, at least to one Freshman girl. Is it love or what?

Corine, are you stringing W.T. along or is he stringing himself?

There are those who still want to know who the author of this column is. Here are a few hints. Valter can talk anybody out of anything. Valter is always broke. Valter likes to dress in loud clothes, he gets around a good deal. Who is Valter? The last week the Tom-Tom is published, Valter will unmask.

Jo-Jo, have you pulled your chips out of the game or are you still stringing along?

I mean to tell you I never saw as many bashful boys and girls as there are in M.H.S. Come on, folks, loosen up.

Valter seems to like the word "stringing."

Mann, to Winston: Your neighbors invite you out every evening. You must be popular.

Winston: You see, I told them I always play my trumpet when I'm lonely.

Home Ec II Girls Looking Forward To New Training

The Home Economics II girls are looking forward to the next half of school. Everyone seems to be enjoying the two periods of sewing we are now having. We are all busy making over a garment for ourselves this week and enjoying it too!

Everyone is trying to keep her work up, so as not to be late when we start our tailored dresses.

We plan to make tailored dresses of silk or silk linen this year. The dresses are to be finished by March the fourteenth. Our style show has been scheduled for the sixth.

The Sophomores are sorry to lose one of their most promising and popular students this week. Miss Kate Nell Mauldin, recently elected president of the class, moved to Abilene last week. We all wish her lots of luck in her new home.

Truth Shatters Fear, Writer Says

The truth is that most people are afraid of the truth. Human nature prefers to live with its comfortable delusions about the world and its mechanism, rather

than be disturbed by the revelation that things we have always believed are not true.

One result of our reluctance to believe and accept scientific truths is most of us live under the shadow of needless fears. The savage, who believes in the unseen spirits invoked by the medicine man, is the victim of the same sort of fear which many people, who call themselves civilized, have of sitting in a draft or getting their feet wet.

The trouble with most of us is that we have absorbed a lot of half-truths which are often more terrifying than utter ignorance. If everybody knew the whole truth about the world we live in and how to live in it, we would all be rid of the illusions which make us un-

happy. "Ye shall know the truth and the truth shall make you free."

GRADE SCHOOL NEWS

Following is a list of the past six weeks honor roll of the Munday grade school system.

3rd Grade—Mary Alice Beck, Joseph Borden, Betty Jane Spann.

4A—Bobbie Broach, Anna Lois Bryan, Berniece Douglas, Latreace Johnson, McCelvey Jones, Mada Manire.

4B—Willie Booe, Brice Dobbs, Wanda Sue Nelson, Herbert Stodghill.

5A—Jerry Chamberlain, O. H. Spann, Jr.

6A—Mildred Jones, 7B—Merle Mauldin, Frances Albert, Dixie Nell Atkeison, Ben Bowden, David C. Eiland, Patricia Hannah, Wilard Reeves.

The first and second grades do not publish an honor roll because of their system of grading. I want the parents to feel free in expressing their opinion concerning the primary grading system, and would appreciate a word from you either for or against the system.

Signed L. M. Palmer

Miss Darnell, to Andy: Some fish travel long distances. Will you please give me an example?

Andy: Yes, ma'am. The goldfish goes around the globe several times a day.

Watch the Seniors As They Go By!

BY MARY MOORE

We Seniors have decided that we are important, and naturally we want other people to know it. Therefore, we are going to start giving you the most important events in each senior's life. Each week we shall publish a short biography of one or two of us. Watch the seniors as they go by!

BLANCHE ALBERT

The first senior on our list is the one who has been with us only this year, Blanche Albert. Blanche was born January 18, 1920 in Wichita, Kansas. There she started to school, attending a Catholic school, St. Mary's, and struggled hard until she reached the third grade. From Wichita the Alberts moved to Canute, Oklahoma, where Mr. Albert changed his business from grocery to dry goods. Blanche must have liked the climate and school, for she remained there until she was in the sixth grade. But Blanche must have become restless, for the Alberts roamed to Drumright. There they lived until last September when they popped up in our little city. We have found not only Blanche but the whole family to be very likeable. In fact, we acknowledge that we have gained lots by their presence.

Besides being studious in her classes, Blanche has taken piano lessons for over a year. We don't know how good she is, but we intend to try her out some day. Her ambition is to go to the University of Oklahoma and study Business Administration.

Favorite subject: French (she took it in Drumright)
Favorite teacher: Mr. Cobb
Favorite color: Navy blue
Pastime: Reading
Hobby: Swimming
Favorite expression: Shoot!
Favorite song: "Do You Remember"

Sargent to Hollis: Is Burl as fast a runner as they say?
Hollis: Indeed, he's so fast the others have to run twice as fast as he does to keep up with him.

More Than 200,000 Texas Farm People Work With County Agricultural And Home Demonstration Agents in 1937

College Station.—More than 200,000 Texas farm people carried on work in cooperation with county agricultural and home demonstration agents during 1937, according to Miss Mildred Horton and Jack Shelton, state agents and vice-directors of the Extension Service of A. & M. College.

Figures from the annual reports of field agents, now being compiled at headquarters of the Extension Service, show that 214,639 Texas farm people carried demonstrations under the direction and supervision of Extension workers. Home demonstration agents worked with 7,805 demonstrators and 60,330 cooperators during the year, Miss Horton said. The most popular demonstrations had to do with home improvement, and 2,273 farm women and 4-H club girls established demonstrations, while all the other women and girls in home demonstration clubs effected some improvements. There were 1,846 home food supply and 558

yard improvement demonstrations, and again each club member carried on certain parts of the demonstration.

County agricultural and home demonstration agents carried on together 217 whole farm demonstrations. This new type of work, which includes the activities of the entire farm and all phases of the home was inaugurated in 1937.

Various phases of agricultural engineering, including terracing and trench silos, accounted for 8,401 demonstrations, Shelton said. Emphasis on the improvement in quality of cotton resulted in the establishment of 8,803 demonstrations in this field.

Miss Horton and Shelton pointed out that these figures as applied to demonstrators and cooperators included only demonstrations on which complete records were kept. Figures on the total number of farm families reached by the Extension Service will be available when tabulation of annual reports is completed, they said.

APPOINTED!

DR. S. B. McALISTER.

Denton, Texas—Dr. S. B. McAlister, professor of government at the North Texas State Teachers College, has been granted a leave of absence effective Jan. 24, to fill a temporary appointment in the State Department of Education in Austin, President W. J. McConnell has announced.

Rev. Cogswell is Pastor Knox City Christian Church

Rev. and Mrs. C. E. Cogswell, formerly of Seymour and for the past ten years pastor of the First Christian Church of that city, has accepted the pastorate of the Central Christian Church of Knox City.

Rev. Cogswell will also preach at Truscott and Benjamin in connection with his work in Knox City and has already moved to that city to take up his new duties.

More than 3,000 special events are being arranged for 1939 Golden Gate International Exposition, an average of more than ten a day for 288 days.

Haskell Firms Robbed of Over \$700 Last Week

Burglars looting the safes of two Haskell stores Sunday night, made away with an estimated \$700 in cash and checks.

The small safe from Perkins-Timberlake store was hauled away when burglars were unable to open it after the knob had been knocked off, and the safe in the Texas theatre was battered through the bottom and contents removed.

Entrance was made in the dry good store by prying the lock from the front door, and when the burglars failed to open the vault after the knob had been knocked off, the safe was apparently loaded into a car or truck. It had not been found Monday night.

A tear gas device over the combination knob of the theatre safe failed to halt the burglars, who turned the safe on its side and apparently with a small hammer battered through the bottom. Loss which was estimated at \$400, was partially covered by insurance, said Server Leon, theatre owner. Entrance to the building was also made by prying off the lock of the front door.

Burglary of the Perkins-Timberlake store was first reported to the sheriff's department Monday morning, followed shortly by the discovery that the theatre safe had also been entered.

TIRE MILEAGE

Thirty years ago the average motorist had an annual tire bill of about \$176. Today, the average car owner spends less than one-tenth of that amount for tires every year and gets about seven times as much mileage per tire.

The WEEKLY CONSTITUTIONAL

by MAX BERNIS

Acts Held Unconstitutional

How many acts has the Congress passed and how many of these has the Supreme Court held unconstitutional?

Since its inception nearly 150 years ago, the Congress has passed over 24,000 acts. Of these the Supreme Court has found 76 unconstitutional, according to the Legislative Reference Bureau of the Library of Congress. In only eight cases were entire acts invalidated. In the 68 others only parts of acts were invalidated such as "riders" having little or nothing to do with the main bill, amendments to previous bills, or merely a phrase, clause or section of an entire bill. In these cases the remainder of such acts was not affected.

The acts of Congress invalidated by the Supreme Court were voided because the court held them repugnant to constitutional guarantees of

personal liberty, such as trial by jury, unreasonable searches and seizures, self-incrimination, right to

confront witnesses, right of contract, designation of offenses, and right of proper hearing for enforcement of penalty.

PEEP SHOW

FOR LADIES ONLY
—BY—
MIGNON

That sweet old Jolly Santa
Just helped me pack my grip
For what I got for Christmas
Was a lovely auto trip.

Yes while you are reading this I will be in the land that Jessie Wiley Voils writes so lovingly about when she reminisces. Kansas, where the grass hoppers hold their annual convention, which has for its capital city, Topeka, which means Household Magazine and of course that means Nelson Antrim Crawford. Queer how things are all interwoven, isn't it? But best of all it means the home of my only sister. That priceless treasure who considered me a birthday present back when she was two, so it's nice to spend our birthdays together. Ah yes, life's already begun for both of us, if that's what your wondering and many waters have run under the bridge since the time she burst our penny bank and bought a head necklace for each of us from the peddler. Anyway the sweetest part of the trip is the nice old Santa who planned is and who has agreed to feed the up, put out the cat and gather the eggs while the thundering herd is away.

Speaking of Christmas, I met the world's worst pessimist. It was the old maid who had enough Christmas cards printed to last her two years.

From A High School Paper
Now here's a bit of food for thought,
I heard it at a recent ball:
'Tis better to be kissed and caught,
Than never to be kissed at all!

'Twas the week after Christmas
And all through the house
Not a creature was stirring
But dad, the poor louse.
He thought to be quiet
And free from all worry
No family about,
No hustle and hurry.

But ever perverse,
Poor dad couldn't rest
The quietness shrieked
Like a wind from the west
'Oh bring back the kids
And the mother-in-laws
And nagging old gal
That I married, because
I can hear my own conscience
The first time in years.

This check up is startling
I'm in the arrears,
When nobody listens,
My voice-throwing's in vain
There's no one to dodge
If I should raise Cain.
It's no fun at all
To raise merry hell
For nobody cares.
That's strange . . . Well . . . Well

Paul B. Sears, University of Oklahoma author-scientist, scores again!

This time it is by having his new book, "This Is Our World, selected as a hit by the Scientific Book Club for November. The only other Oklahoman to be honored by a national book club is John Joseph Mathews, whose "Wah-Kon-Tah" was the Book-of-the-Month club selection in November, 1932. Both books were published by the University of Oklahoma Press.

Sears, who is in leave of absence this year doing research work for the National Education Board, Columbia university, is included in the list of American authors selected to deliver addresses at the New York Times National Book fair to be held in New York City November 5 to 21.

"This Is Our World" is Sears' second volume. The first, "Deserts on the March," a national best-seller for the past two years, was published in November 1935.

As many as ten radio programs will be broadcast simultaneously from Treasure Island, site of the 1939 Golden Gate International Exposition, through facilities to be installed in the Exposition's radio building.

Filthy Rest Rooms Menace to Texas Health Status

Austin, Texas, Jan. 15—Filthy rest rooms used by the public at Texas cafes, taverns, filling stations and retail establishments are a menace to the health of the community and the state, and cannot be further tolerated, it was announced this week by Dr. Geo. W. Cox, State Health Officer.

"The State Health Department at this time serves warning to all concerned that public rest rooms must be maintained in a sanitary manner, under penalty of violation of the State Food and Drug Law, Article 695, which carries a fine of not less than ten nor more than one hundred dollars, Dr. Cox stated.

"Disease breeds in such places when they are allowed to be filthy and disease is spread from one person to another, indiscriminately, under such conditions. Facilities should be available for washing the hands; toilets must be sanitary and kept that way. The rest room that does not meet adequate sanitary requirements is a reflection on the establishment which it serves and should be so interpreted.

"We ask the citizenship of Texas to join us in this campaign to clean up rest rooms that are filthy. Such conditions as are now prevalent throughout the state will not be tolerated any longer. When you find a rest room that is unsanitary, report that fact to the management and your local health authorities. If the management takes no steps to clean up its rest room, you are advised to withdraw your patronage from that establishment in the interest of protection to your health.

"To Texas business concerns, the State Health Department issues a warning to clean up their rest rooms and keep them clean. A court charge for them if they do not comply. To the citizens of Texas

MUNDAY DAIRY

NOBODY'S BUSINESS

BY JULIAN CAPRELL JR.

Austin.—Confronted with a surplus above-ground storage of 50,000,000 barrels of crude oil or its manufactured equivalents, the Texas Railroad Commission this week was engaged in an unprecedented and revolutionary experiment to cut back oil production to prevent waste. The experiment took the form of an order for closing down all oil wells in the State last Sunday, and for the ensuing five Sundays, to effect a reduction estimated at about 8,000,000 barrels over the six week period. The shutdown, after a preliminary experiment, was unanimously accepted by the oil industry, both majors and independents, without protest. Exceptions were granted in the case of wells furnishing necessary gas to towns and cities, these being permitted to shutdown on other days of the week; and wells which cannot be shutdown without physical damage to the wells, which were permitted to reduce their daily production an equal amount.

The order will affect an average daily reduction in total Texas production of about 234,000 barrels, or to a daily average production of 1,171,000 barrels. It is substantially under the Bureau of Mines estimate of market demand fixed at 1,365,000 barrels daily for Texas, but the latter figure is based on last year's production, and does not take into consideration the business recession, which has cut sharply into oil consumption.

Rail Commissioner E. O. Thompson expressed the hope other oil states will fall into line, declaring the step was taken to protect independent producers and the consuming public by preventing the independents being driven out of business, thus permitting a monopoly by the integrated companies.

We ask that you demand of the establishments which you patronize, a clean rest room as protection to your health. It is your right. See that you have it recognized so and maintained."

The CORNER Poetry

Edited by Elsie Parker

TELL ME
Isn't it a strange thing that I should miss you so?
That your face should haunt me everywhere I go?
That I should listen for your voice—your footfall?
That I should hope the telephone will be your call?

The heart is a queer thing—this one I carry
Bids me think of you alone—all else bury,
The day is a long one when you're not in it—
I find myself wishing I could see you for a minute—
I am through with love and all its sorrow—
I am not the one to hurt myself—today or tomorrow,
But this is a strange thing—that I should miss you so—
And your face haunts me—everywhere I go.
