BENJAMIN—County Agent W. W. Rice today warned farmers that all wheat planted as a soil conserving crop must be plowed under by May 15 in order to comply with the new farm program and be eligible for the conserving payments.

WICHITA FALLS—Tom Hunter, veteran campaigner, announced his candidacy for the third time for the governorship of Texas. He pledged a fight for "the plain people" in making known his candidacy. He was in the run-off in 1934 and 1936.

If you don't remember—President Lincoln lay dying of gunshot wounds received at the hands of Booth, April 15, 1865. On April 16, 1862, Lincoln signed the bill abolishing slavery in the District of Columbia.

As the "big show" of the sport world opened Monday, blasting the lid off the new baseball season, most fans were still agog at the St. Louis Cardinal-Chicago Cub deal, in which Jerome "Dizzy" Dean went to the Cubs.

Wrigley paid out \$185,000 in cash and three players for the eccentric "Dizzy One." The sale of Joe Cronin from Washington to Boston is the only baseball deal to top the sale of Dean. Cronin brought \$200,000.

ABILENE—The high jump record established by Charles Haynie, Jr., of Munday high school in 1937 was cracked Saturday in the district track meet in Breckenridge, but it is believed that it will weather the onslaught of the school boys in the Regional meet Saturday here. His record leap was 6 feet.

Another Knox county lad established a record at the Regional Meet that is also expected to stand. B. F. Cornett of Knox City holds the record time of 13.5 seconds for the 120 yard high hurdles, 1935 meet.

Gerald C. Mann, Dallas attorney and former secretary of state, will formally open his state-wide campaign for the office of attorney general Saturday, April 30, in his native county of Hopkins, in the city of Sulphur Springs. By way of incident, Sulphur Springs is the new home of W. A. Wilson, former Munday Chamber of Commerce secretary, and more recently of Olney, Texas.

WASHINGTON—The pump-priming machine of the "new deal" administration was gaining momentum this week as President FDR made last preparations to fight the recession. The president's program calls for an expenditure of \$4,500,000,000 to be lent for building, work relief, flood control and highways and the like.

Annual Westex Convention
Opens Sunday

Wichita Falls, Texas, April 19—The West Texas Chamber of Commerce convention program, expected to attract thousands of visitors to Wichita Falls for the twentieth annual meeting of America's largest regional business organization, when the convalesce opens next Sunday for four days, was completed today, after weeks of planning.

Mayor Fiorello H. LaGuardia, chief executive of New York City, who will come from the nation's No. 1 consuming center to address an assemblage in a ranking producing area for agriculture, live stock, and oil, and United States Senator Tom Connally, of Texas, will head a notable array of speakers on the three-day business sessions.

Mayor LaGuardia, on his first visit to Texas, and the Southwest,

Lions Club Pushing
To Completion
The Project

Sale of the football bonds to light the local grid field for the next football season was making much headway, as the money was being collected this week. The Munday Lions Club is sponsoring the civic project.

The club has been divided into two teams headed by Lions George Keen and Boyd Carley and the first few days over \$300 was collected on the project. It was believed that the total will mount to more than \$700 by next week as the drive gained headway.

Plans were also being formulated to secure a WPA project to re-sod the field and grade and drain it in order that it may be used during inclement weather without hindering the speed of the players.

An estimated \$1200 has been pledged to the project and with the collections being pushed it was believed that actual construction will be started within a month. All details of the plan have been worked out by the board of trustees and the club in a highly successful manner.

LIONS WILL ASSIST
IN CHILD HEALTH
CLINIC IN SCHOOL

The Munday Lions Club, in their regular noon luncheon Wednesday at the Eiland Hotel, voted to bear half the cost of the child clinic sponsored by the Munday P.T.A.

The clinic will be held next Monday when Schick tests for diphtheria and tuberculin tests will be given by Lions Drs. R. L. Newsom and D. C. Eiland. Vaccine for diphtheria, typhoid and smallpox will be given at a later date, to those desiring them, free of charge.

Play Ground Ball
For County Title
At Benjamin Sat.

The final event of the Knox county interscholastic league will be held at Benjamin Saturday, when county schools will vie for ground ball titles.

The meet was to have been held last Saturday but was postponed as the district track meet was staged last week end.

A school work display will be held in the assembly room of the court house and will feature the handicraft art to boys and Miss Francis Wirz instructs the girls. The work is considered far above average, those who have seen the display state.

Miss Lorene Parker of Dallas visited friends and relatives in this city during the past week end.

In Local
Contest

Miss Alene Jungman, freshman of Munday high school was named as representative of the Munday Chamber of Commerce in the "My Home Town" speaking contest at the annual West Texas Chamber of Commerce convention to be held at Wichita Falls next week.

The announcement was made Thursday noon at the commerce meeting at the Terry Hotel by Dr. J. H. Bass superintendent of schools, who was placed in charge of selecting the representative.

Miss Jungman won over two other contestants, Misses Jimmy Boone and Bonnie Jones. She was assisted in preparing the speech by Mrs. Webb, member of Munday high school faculty.

Mrs. Louise Ingram and Mr. and Mrs. Tom Bengel will attend the banquet Tuesday noon for presidents and secretaries of chambers of commerce and several others from this city are expected to attend various meetings at the convention, and hear the address of Mayor LaGuardia, of New York

City. W. E. Braly, local director, will also attend.

Committee reports and road discussion consumed the major part of the meeting. A committee composed of W. E. Braly, George Hammack, Lee Haymes and Austin Caughran was appointed to investigate probability of securing WPA or other federal projects for the city under the new "pump priming" program of the federal administration.

Cotton Allotments Increased by
AAA Amendments to Provide Crop
Minimum Levels in Needed Cases

Yarbrough Started

District Judge Ralph Yarbrough of Austin opened his campaign for attorney general of Texas with a speech Tuesday night in Tyler. He has served as assistant in the office.

Amendments To Pro-
vide Reserve In
All States

Amendments to the new farm act provide a reserve of 4 per cent which will be added to the cotton acreage allotment of each state and that farm cotton allotments in necessary cases shall be raised to a minimum level, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee.

The total increase in allotments due to the amendments may exceed 2 million acres, he said. The original acreage allotment for 1938 was 26,300,000 acres. In Texas the additional allotment will be around 380,000 acres.

The 4 per cent reserve will be used to assure minimum allotments to small cotton farms, provide additional acreage for farms on which allotments were materially reduced because of an unusually large number of small farms in the county, and to provide representative allotments which are low in comparison with the amounts allotted to producers in similar areas and in comparison with their usual cotton acreage.

The amendments also provide that if the allotment to any farm is less than 50 per cent of the sum of the 1937 cotton acreage plus diverted acreage, the allotment shall be increased to 50 per cent, provided that the increase does not bring the allotment up to more than 40 per cent of the tilled land on the farm.

The Lions Club committee turned all clean-up operations over to the local Boy Scout troop and each of the four patrols of

WPA ALLOCATES
\$5802 FOR KNOX
COUNTY PROJECT

Grant Was Approved
By President On
April 2nd

Money in the amount of \$5,802 was allocated for the Knox county sewing room located in Munday by the federal WPA according to word received by Lee Haymes, postmaster, from Congressman W. D. McFarlane.

The order approved by President Roosevelt, read as follows: Texas state WPA project, Knox county, county-wide: To provide employment for needy persons in the maintenance and operation of sewing rooms throughout Knox county with headquarters in Munday.

Products will be distributed free of charge to charitable institutions or to the needy. This project employs mostly women. In addition to projects specifically approved, Knox county. Approved April 2, 1938.

The City of Munday and the Chamber of Commerce are cooperating with the commissioners court in keeping the sewing room in operation, and thus had it located in this city.

The sewing room is located in the old elementary school building on the school campus. It is estimated that approximately \$8000 in salaries were paid to women by the sewing room last year. Mrs. Addie Layne is supervisor of the project in this city.

Air Conditioning
Installed By The
Palace Cafe Here

The Palace Cafe during the past week installed a washed air conditioner and laid tile flooring in the cafe front, George Keene, proprietor, announced today.

The air conditioner was installed by the West Texas Utilities company office of this city and will keep the building at a cool temperature during the hot summer days. The tile flooring matches the fixtures, walls and counters of the cafe, which were installed recently by Keene, and will give his cafe one of the neatest in appearance in the city.

Directors Elected
Saturday by Local
Farmers Union

The Munday local of the Farmers Union elected directors for the following year at a meeting here Saturday afternoon in the Farmers Union hall over Moore Chevrolet.

Directors named to serve for the new year were A. J. Bunts, John B. Reneau, Kelley Johnson, L. B. Patterson and J. F. Draper. Bunts and Johnson were re-elected to the board.

The directors named from a list of eleven members nominated and voted upon for the board. Retiring board members are W. E. McNeill, J. B. Bowden and C. C. Cunningham.

Johnson was one of the original organizers of the present Union and was a member of the first board of directors. Talks were heard on the one-variety planting program which is gaining in popularity in the state.

R. R. Davenport and Boyde Carley were in Knox City Friday morning on business.

LATERAL ROAD

Present Road is Im-
passable During
Bad Weather

Citizens of the Lone Star community met Monday night in the school building for the purpose of discussing a road project in their community.

The lateral road running west from the Munday-Haskell pavement runs through Griffin Lake and in rainy weather is impassable. Two petitions will be circulated and upon completion will be presented to the Haskell county commissioners court in the near future.

The petition will call for a grade and drainage project for the road bed through the lake in order that the road may be passable at all times. Approximately 50 farmers attended the meeting.

Weinert FFA to
Sponsor Boxing
Tourney May 7-8

Fans of the pugilistic sport will have an opportunity to view 12 bouts on a card arranged by the Future Farmers of America, May 6 and 7, it was announced this week.

Each night there will be 12 bouts with three special bouts arranged on the program.

Winners in each class will be awarded suitable prizes and all amateur boxers are invited to enter the tourney. Sebo Britton of Haskell will referee all the bouts.

Boys interested in entering the tourney should get in touch with the match making committee composed of Vernon Anderson, Junior Owens and Carl Jenkins.

Boys on the committee to care for erecting the ring and ringside seats are J. B. King, Alton Newberry, and Winton Palmer.

Knox City Board
Re-Elects School

RE-ELECT PALMER
AND HARDEGREE

Present Principals Will Be Retained Another Year

Bill Cooper, line coach and head basketball coach for the Cisco high school Lobos for the past two years accepted the position of coach for the Munday high school for next year, R. D. Atkefson, president of the local board of trustees, announced Tuesday.

Cooper was elected to the position last week by the board but did not accept until this week. He was elected for a ten months term, which will begin August 1, which will give him a month to round out his boys for the opening of the season when the Moguls journey to Seymour for an engagement with the Panthers. The home season will open the following week with the Haskell Indians.

Cooper is a graduate of Hardin-Simmons University of Abilene and has had six years experience in coaching. He first went to Eldorado, Texas, then to Roscoe and later accepted his present position with the Cisco athletic coaching staff.

Many local sport fans will remember his basketball team which played in the state A.A.U. tournament, sponsored by the Munday Lions Club in February. His quintet, one of the quietest, yet hardest hustling crews in the tourney, lost to the Sunset Eagles in the most thrilling battle of the meet in the consolation finals 39-41.

Local football enthusiasts are well pleased with the selection of Cooper, and football fever for the next season is reaching a new high. It is believed by observers that at least 22 boys will report for the initial practice session call Cooper will make in August.

HARDEGREE AND
PALMER RE-ELECTED
SCHOOL PRINCIPALS

At the same meeting when Cooper was elected, the board of trustees re-elected L. S. Hardegree as principal of the high school for another year and L. M. Palmer as principal of the elementary school. Both of these men are popular school executives here and have been connected with the local school organization for several years.

John J. Hoffman
Re-Elected Head
Of Rhineland HS

John J. Hoffman, superintendent of the Rhineland schools, was re-elected for a two-year period by the Rhineland board of trustees recently.

Hoffman is now rounding out his twentieth year in the Rhineland school system which he now heads. He is band instructor and the Rhineland school band is the official band of the Lowry Post American Legion of this city.

All other instructors of the school system were re-elected to their positions on the faculty for another year at the same meeting, the board announced.

BETTER COTTON STAPLE NEEDED BY TEXAS

With the coming of the cotton planting season the "Better Cotton Staple" plans advocated by leading organizations of the cotton South should be seriously considered by local farmers, cotton leaders here are pointing out.

Such a program is needed on the Knox Prairie, most cotton men opine, and some headway has been made towards improving the staple and grade of cotton raised on the prairie.

Last fall the cotton producers of Benjamin signed up for a one-variety cotton program, choosing Mebane seed for their fields this year.

It has been pointed out by cotton men that far greater cash income may be had through the one-variety idea. Premiums are paid by ginners in most instances for seed, where one-variety long staple cotton is planted and the farmers pool their cotton into 50-bale lots or more and have cotton buyers bid on the long staple cotton, which draws a premium for the better quality, grade, texture and staple.

Another decided advantage in one-variety planting is a saving made on the purchase of seed, which can be purchased in one shipment, making it come to the farmer at a cheaper rate.

A startling fact that faces the Texas farmer is that state production has dropped to 152 pounds of lint cotton per acre, second lowest in the south. Texas farmers have permitted their cotton staple to deteriorate to such an extent that many foreign markets refuse to purchase Texas grown cotton.

Many local farmers last year were paid as much as 220 points more for their cotton than the farmer who planted a 7-9 staple cotton, which meant \$11 more per bale to the farmer with the long staple cotton. Cotton buyers last year began paying for cotton on the grade of the lint and the staple each bale pulled, and are getting away from the old system of "Hog Round" buying.

The farmer must plant a cotton that the foreign markets want, if he expects to sell his cotton for a profit. And if he plants a long staple, it is up to him to see that he is paid the premium due for having produced a better staple and grade of cotton.

HOW TO BE AN UMPIRE

Opening of the new baseball season brings forth the question of again declaring "open season" on all umpires. The humorous story that follows is probably a mild trend of thought of how it all happens that some men become "umps" when your favorite swatsman is called out.

MEMOIRS OF BLIND TOM—BASEBALL UMPIRE

Well, I tell ya, when I was 6 my parints sent me to a skool for the deaf and dum but I fooled 'em. I didn't stay long. I could hear as well as anybody.

One morning when I was 9 I woke up and couldn't see the foot of the bed. Some day I'm gonna be a empire, I say to myself.

When I was 11 my father ran me out of der house by throwing pop bottles at me. But I didn't mind this. It was good training.

I always ran wif a bunch of rufneks and one day we drawed lots to see what would be our Ka-reers.

One boy drawed to be a robber, another wuz gonna be a picpocket, another was gonna be a bandit, another one a forger.

Then I drawed, "Congratulations," everybody said, "Yer gonna be a bigger kriminal than any one of us. Yer gonna be a empire."

Air Mail Week To Be Observed Lee Haymes Says

National Air Mail Week will be observed by postal authorities over the United States from May 15 to 21, postmaster Lee Haymes of the Munday office announced this week.

An essay contest will be sponsored by the federal government on air mail and the subject title is "Wings Across America," and should deal with the ideas, purposes and advantages of air transportation as it affects modern communication, Haymes pointed out. A free trip to Washington, D. C., and return is first prize. Other prizes will be offered, and Sears Roebuck and Co., of Dallas, will offer a prize to the Texas winner.

Haymes also stated that a new air mail stamp is being issued. The 6-cent stamp is being authorized to be made larger and will in the future be the same size as a special delivery stamp, with a border color of blue and the center in red. The center will depict an eagle with outstretched wings, bearing a shield, olive wreath and a bundle of arrows in its talons.

Thirty committees are assisting in building the sports program for the 1939 World's Fair of the West on Treasure Island in San Francisco Bay.

BIBLE THOUGHT

"He is not here; remember how He spake unto you when He was yet in Galilee, saying, the Son of Man must be delivered unto the hands of sinful men, and be crucified, and the third day rise again."—Luke 24:6-7.

YOUR OWN FUNERAL

If you fail in business, it's your own funeral. Competition, from chains to other stores, is an insignificant factor in the failure of independent merchants. That statement goes against popular conception, according to the current issue of Industrial News Review, but it is buttressed by impressive statistics.

The same sentiment applies to towns and cities . . . if they drop out of the picture from a trade standpoint, it's usually their own funeral, not competition from good roads or changing conditions.

Of business failures, Dr. Julius Klein, the well-known economist, says 33 per cent are due to lack of capital, 30 per cent to lack of experience, 34 per cent to miscellaneous causes, and only 3 per cent to competition.

Dr. Paul H. Nystrom, another noted authority on merchandising, estimates that 75 per cent of all business mortality may be attributed to incompetence, inexperience and lack of capital.

The U.S. Chamber of Commerce recently investigated the underlying causes for the failures of 167 stores in 30 communities, and found that it had been the result of competition in only 8 cases.

"It cannot be a coincidence," declares the Industrial News Review, "that these four independent surveys reach almost identical conclusions. The adequately-financed, thrifty, efficient and experienced merchant need have little fear of competition, or of failure from any other cause."

"They say" he beats his wife
After threatening her life
With a gun;
And "they say" he is a crook,

And, "they say," the worst of it
Is that he's a hypocrite,
Pious-eyed;
That he is the worst of men,
And by all the hues of sin
Double-dyed;
Now, I'm talking just to you
And not saying that it's true,
That it's so.
Where's the proof of the man's that way?

THE NEW SCRUB WOMAN

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

Austin—An apparently well-founded report that Tom Hunter, of Wichita Falls, thrice unsuccessful candidate for Governor, will announce for a fourth try within a few days, centered the attention of politicians here this week end. Hunter led the field of three candidates opposing Allred for a second term two years ago, and his entrance, most observers believe, will cut into McCraw's potential strength somewhat, and insure a runoff in the Governor's race. With no Ferguson candidate entered, the consensus of opinion here is that Hunter will pick up a substantial part of the Ferguson bloc of votes, that other wise probably would go to the Attorney General, Harry Hines, highway commissioner, who is regarded as another likely last-minute entrant, is said to be well regarded by a sizeable group of anti-liberal voters, as he has been an active churchman, and if he enters, he may take some strength from Thompson that would offset to some extent at least, the votes that Hunter would attract from McCraw.

Big Opening for McCraw
Elaborate plans have been made by McCraw's organization for his opening speech at Arlington, between Dallas and Fort Worth, Saturday evening. Band music, a town holiday, free special trains from Dallas, and other attractions have been provided to muster a crowd expected to approach 10,000 with two large cities to draw from. Considerable interest attaches to McCraw's opening speech, because he is expected on that occasion to clarify his position on state questions other than taxation. He issued a statement declaring against further taxes, but at the weekend had published no formal platform, and had expressed no views publicly on pensions, farm relief, law enforcement, education, and other pertinent questions which are expected to furnish the issues between himself and Ernest Thompson.

Thompson, meanwhile, off to a flying start before a good crowd at Waco last week, planned a second sectional rally at Sulphur Springs Saturday afternoon. Reaction to his Waco opening speech reaching Austin, was in the main, favorable, and his campaign managers appeared to be pleased with the serious note which he sounded and his discussion of the State's affairs.

Think Road Funds Safe
The quick switch of President Roosevelt from an economy program, as advocated in his budget message to a spending plan to promote recovery from the recession, found a welcome among Texas as good roads enthusiasts. The President's recommendation for appropriations at least equal to the usual sum for U.S. aid in highways, and Congress' apparent approval, indicate that the Texas road program for the fiscal year 1939 (starting July 1, 1938) will suffer no reduction from the present \$15,750,000 total. It has been threatened by a reduction by one half, as recommended previously by the President, and opposed by the majority of Texas Congressmen.

Lon Is Unhappy
Announcing that he will oppose both his colleagues on the Railroad Commission, Ernest Thompson, running for governor, and Judge C. V. Terrell, seeking reelection, Railroad Commissioner Lon Smith, the "forgotten man of the Railroad Commission" this week wept bitter tears over his situation. Smith, who has fought his colleagues consistently, but unsuccessfully, being a minority of one, claims the commission has 422 employees, and that he has named less than 100, while his rightful share ought to be around 140. He also let correspondents know that he plans to run for election in 1940, notwithstanding his previous announcement, while fighting Thompson's re-election two years ago, that he would retire at the end of his present term. He is due to be elected

Weekly Health Letter!

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Medical Rout of Diphtheria Has Been Completed

Austin, Texas, April 19.—"Few conquests of science have been so spectacular and complete as the rout of diphtheria. And this victory has most firmly established the value of serum treatment both in its preventive and curative phases. However toxin-antitoxin or its successor toxoid for immunization, and antitoxin for timely cure, are brilliant achievements of which the general public even yet are not fully aware," states Dr. Geo. W. Cox, State Health Officer.

"As indicated, toxoid is the immunizing or preventive agent now usually employed, however, three to four months are required for the body to develop immunity. At that time the Schick test is applied to determine the results of this preventive treatment. This harmless and painless procedure is performed by injecting into the upper layers of the skin a minute drop of the diphtheria toxin. Your doctor can tell from this whether or not your child is immune.

"However, when a case of diphtheria exists, antitoxin is the only treatment that will save life. Also, to be effective, it must be given early and in large doses. Delay is usually caused by parents failing to realize that any sore throat may actually be diphtheria.

"The means are at hand to fight diphtheria to the death, but it cannot be done without a hundred per cent cooperation of parents. May Day, the Child's Health Day, will soon be here and one of the best ways to observe it would be for parents to have their children immunized against diphtheria."

Chairman of the Railroad Commission next January, succeeding Terrell, under the Commission's precedent of rotation of the chairmanship, but unless both Thompson and Terrell agree, Smith may lose that honor when his turn comes around.

Few Senate Changes
The complexion of the next Texas Senate—regarded as the conservative branch of the Legislature—will not be much altered, regardless of the outcome of the gubernatorial elections, under present indications. Fifteen of the 31 Senators are up for re-election, and to date, only eight of the 15 have opposition, and one of these, Frank Rawlings, of Fort Worth, has announced that he will not seek re-election. Claude Westerfield, of Dallas, has seven opponents, including two present Dallas House members; Grady Woodruff of Decatur is opposed by Reps. McConnell of Palo Pinto and R. C. Lanning of Jacksboro; Joe Hill of Henderson faces opposition from E. M. Bramlette, former county judge of Longview, and Reps. Tennyson and George Moffett of Chillicothe are after the seat of Ben Oneal of Wichita Falls, ex-law partner of Governor Allred. "Eph" Davis of Brownwood is opposed by Penrose Metcalf whom Davis narrowly defeated four years ago. In the Rio Grande Valley area, Jim Neal has two opponents, Lon Messer of Corpus Christi and Rogers Kelley, district attorney of Edinburg. Valley politicians visiting Austin describe Kelley as a brilliant and personable young prosecutor, an able politician, and an odds-on bet to succeed the veteran ranchman who came to the Senate when Archie Parr was unhorsed in the Valley district.

Without opponents to date are Clay Cotten of Palestine, Van Zandt of Tioga, Claude Isbell of Rockwall, L. J. Sulak of Lagrange, Weaver Moore of Houston, the veteran Tom Holbrook of Galveston, and Rudolph Weinert of Seguin, who is serving out a short term following his selection at a special election after Welly Hopkins of Gonzales resigned.

Grade School News

In geography we are studying about China and some of the pupils find it amusing to try to pronounce Chinese names.

The sixth grades are progressing nicely in geography. All made a hundred last Thursday and Monday.

We have received a new board map of the United States which we appreciate and are anxious to use.

We are sorry about Teresa Hannig's misfortune of last Sunday. We hope she will be able to write soon. Some of the boys are probably envying her.

"Big Joe" thought that cold weather was cold water.

Calvin was probably hungry because he called to the boys to knock him a fly so he could eat it. The pupils on the honor roll for the sixth month are:

Theresa Andrae, Rose Lee Andrae, Florine Decker, Nadine Kreitz, Theresa Hannig, Bernadine Homer, Lucille Schumacher, Mildred Stengel, Bernard Kuehler.

Senior Class News

We hope the Easter bunny was very good to you all. He must have forgotten to bring the Seniors a basket of knowledge, as they were not much brighter Monday than they were Friday.

The Seniors have discovered somebody which they think is very interesting.

The Cost of War The World War, all told, cost—apart from 30 million lives—400 billion dollars.

With that money we could have built a \$2,500 house, furnished it with \$1,000 worth of furniture, placed it on five acres of land worth \$100 an acre, and given this home to each and every family in the United States, Canada, Australia, England, Wales, Ireland, Scotland, France, Belgium, Germany, and Russia. We could have given to each city of 20,000 inhabitants and over in each country named, a five million dollar library and a ten million dollar university. Out of what was left we could have set aside a sum at five per cent that would provide a \$1,000 yearly salary for an army of 125,000 teachers and another army of 125,000 nurses.

Junior Class News

It seems as if the Easter rabbit found the Juniors in good spirits. They were happy when they returned to school Monday, but the smiles turned into frowns when the exams came Tuesday.

We wonder why Josephine did not come to school Monday? Could it be that the Easter Bunny took her along, because she was so mean?

Here are some of the things we would like to see:

Mr. Hoffman—being a farmer. Bertha—Holding her mouth shut Angeline—Not writing punishments. Josephine—Not making bulldogs Wilma—Not going to Munday. Teresa—Not pulling Wilma's hair. Lucille—Staying at home once. We wonder if this statement is true. "A pat on the back while living is worth a bucket of tears when dead."

Sophomore Report

The playground ball team is ready to play. We have high hopes to win. Since the team is made up mostly of sophomores, we are especially proud of it.

We were pleasantly surprised Friday when we received a mounted barn owl as an addition to our museum.

Dorothy has been telling us she stays up too late at night studying her lessons. Just remember this, Dorothy.

The heights by great men reached and kept, Were not attained by sudden flight,

But they, while their companions slept, Were toiling upward in the night.

Freshmen News

The Freshmen had an enjoyable time during the Easter holidays. These two expressions were common: "Bunny brought me lots of eggs," and "Gee, I ate too much!"

Sights We Would Like to See—Wayne—Not running back to talk to Prentice the minute the teacher turns her back. LaVerne—Not exclaiming, "This just doesn't make sense!"

Cletus—Not aggravating the girls. Geneva and Genevieve—Coming to school without their lessons. Prentice—Sitting up straight and not saying, "I'm not doing anything," every time Miss Walsh just looks at him.

Richard—Not trying to read a story book on the side lines during classes. Ethel—Talking a lot. Albert—enjoying Mathematics. Florine—Not fussing about the boys.

THE FIVE AGES (From The Chaser) To which age in the following poem do you belong:

Says the little boy of five: "Daddy, I know how to do everything." Says the young man of twenty: "What I don't know isn't worth knowing."

Says the man of thirty-five: "Well, I do know my own trade from A to Z."

Says the man of fifty: "There are a few matters, I am glad to say, that I am really sure about."

Says the man of sixty-five: "I have learned a bit, but not much since I was born; but knowledge is so vast that one cannot become wise in a short lifetime."

At a meeting of the board of trustees held recently, a two-year contract was given John J. Hoffman to head the Rhineland school system. Mr. Hoffman is completing his twentieth year here. All other teachers were also re-elected for the coming year.

Messrs Frank and Alois Kuhler and Louis Homer attended the West Texas Cotton Growers meeting at Abilene, Texas, last week.

If Electric Service Should Fail...

WEST TEXAS COLUMNIST WRITES AN "AD" ABOUT THE DISCOMFORTS POINTS and PERSONALITIES

by doris pope

(It is through the courtesy of the Hamlin Herald that we are permitted to reprint the following article, written by that paper's able columnist, Doris Pope, which appeared in a recent issue of the Herald. We are deeply indebted to her for so accurately describing the after-effects of this spring's unusual storms.)

Now with everything at our finger tips with just a click of a switch, we are inclined to take too much for granted. However, there are times when we are forced to stop and think what a world it would be without such conveniences—you know, we kinda get a taste of the "good old days" that we hear dad and of the "good old days" that's what happened grand-dad talk about. That's what happened to Hamlin folks Saturday afternoon when the electric current was dead from 2:10 until 5:40.

Low, gray rain clouds made lights almost a necessity in order to carry on business, so when the current went off, the sale of candles increased a thousand per cent. We stayed in the dry goods stores awhile observing the effect of candle lights, and it struck us as rather amusing when people grabbed a bolt of material, a pair of socks or some other merchandise and ran to the front door, holding the article up and squinting, trying to see what color it really was—just like in the "good old days." (Maybe that will account for some of the terrorizing colors people are wearing.)

And the poor kids, how they did miss the Saturday afternoon picture show! It's really a shame that they didn't have some stereoscopic parlor pictures to look at like ma and pa had—back in the "good old days."

We wandered over to two of our beauty

shops and found dozens of women and girls draped on the floor, chairs and stools, literally sticking their heads in the fire to dry that new wave set. That reminded us that back in the "good old days" grandma didn't shampoo her hair in the winter or in rainy weather; she just rolled it up on curlers.

We noticed the barber shops also felt the lack of electricity. You know back in the "good old days" they weren't bothered with all those little electric gadgets 'cause grandpa just turned a bowl down on pa's head and started cuttin'. The finishing touches were accomplished with the old blue and white shaving mug and razor.

We stopped in to see how the drug stores were making out with their Frigidaire motors stopped and their candle light. Somehow or other they didn't seem too hapy about it. Now we could rave on and on about this, but what's the use? Printing presses were stopped, bank machines halted, in fact, there wasn't a business house in Hamlin that did not feel great lack of electricity. And when the current finally did come on after three and a half hours, people gave whoops and hollers that made the Indians back in the "good old days" look like sissies. (No charge to the West Texas Utilities Co. for this spiel.)

LARGE AUDIENCE HEARS CANTATA SUNDAY EVENING

Munday Music Club And Choral Club Give Program

A full house heard the Easter Cantata presented at the First Baptist Church last Sunday evening with the Munday Music Club and the Choral Club combining their talents to render "The Thorn-Crowned King."

Probably outstanding towards the programs success were Mrs. Pitzer Baker, considered one of the city's foremost readers, who read the scripture for the entire cantata, and Mrs. H. A. Longino, director of the chorus and Mrs. Jim McDonald, accompanist for the cantata.

The program as it was given follows: Song, "Christ Arose," sung by the congregation and chorus, the invocation, Rev. H. A. Longino, pastor of the Methodist Church, and scripture reading.

Cantata numbers as they were given were: Let the Righteous Be Glad, chorus; He Chose the Cross of Shame, Mrs. P. V. Williams; scripture reading Mrs. Pitzer Baker; Betrayed, Mrs. Joe Davis and chorus; The Thorn-Crowned King, Mrs. J. H. Bass and chorus; scripture reading, Mrs. Baker.

Let Him Be Crucified, Miss Mildred Kennedy and chorus; Alas and Did My Savior Bleed, quartet; Mrs. Levi Bowden, Ima Reese, Miss Dallas K. Smith and Miss Mildred Kennedy; scripture reading, Mrs. Pitzer Baker; They Laid Him Away, Mrs. Louise Ingram and chorus; Have Faith in God, quartet, Mesdames C. H. Giddings, M. L. Barnard, John Ingram and M. H. Reeves; scripture reading, Mrs. Baker.

Fear Not Ye, from the cantata, The Gospel of Easter, Mrs. Joe Davis; He is Risen, Mrs. Ima Reese and chorus; O Golden Day, from the cantata, The Gospel of Easter, Mrs. H. A. Longino; Glory in the Garden, quartet, Mesdames J. H. Bass, L. M. Palmer, Misses Mary Couch and Mamie Crouch; I Shall See Him Some Fair Eastertide, from the cantata, The Gospel of Easter, Mrs. Louise Ingram; scripture reading, Mrs. Baker; Praise Ye the Lord, final chorus.

Benediction for the hour was given by A. U. Hathaway.

MUNDAY WOMEN ATTEND BAPTIST W.M.U. MEETING

The Baptist Associational W.M.U. met with the Haskell church on Tuesday of last week at 10 o'clock, a.m. in the absence of the president, Mrs. J. D. Finley of Knox City presided. The Devotional reading was given by Mrs. B. M. Whitaker from the 3rd chapter of Colossians. Song, "Knocking at the Door," Mesdames Jim Fouts, Walton and Whiteker.

Reports were given by the following local presidents: Mrs. B. L. Blacklock, Munday; Mrs. Wendell Gay, Rule; Mrs. J. D. Finley, Knox City; Mrs. Bob Speck, Rochester; Mrs. Hitchcock, Sweet Home and Mrs. R. C. Couch, Haskell.

Song "Break Thou the Bread of Life," Mesdames Blacklock, Reeves, Reynolds, of Munday.

Talks on the Golden Jubilee year were given by Mrs. Gay, Rule; Mrs. Finley, Rochester; Mesdames Ellis and I. N. Simmons of Haskell. Lunch was served in the basement at the noon hour. The afternoon session opened at 1:30 with the song, "God Leads Us Along."

The devotional was brought by Mrs. J. A. Gilstrap, followed by reports from standing committee chairmen as follows: personal service, Mrs. J. O. Bowden, Munday; Mission, Mrs. L. M. Kay, Rochester; Christian Education, Mrs. H. R. Whately, Haskell; Stewardship, Mrs. B. M. Whiteker, Haskell; Young People, Mrs. Lowell Ponder, Rochester; and Library, Mrs. Roy Shahan, Rule.

MISS ASTIN MET WITH SUNSET H.D. CLUB

"Order and Cleanliness" essential to progress has been here from the beginning of time. The care of the kitchen in order, is very essential because all food is prepared in the kitchen that is used to build and keep our bodies. The method used to clean the kitchen, proved to be a daily routine of washing dishes, sweeping and mopping floors and dusting all furniture. It is very economical for the family budget if the house is kept clean. These few hints were given by Miss Astin, our demonstrator.

Five members were present and each one gave the method used for the kitchen. Those present were Mrs. I. W. Walling, Mrs. R. M. Almanode, Mrs. T. J. Partridge, Mrs. Roscoe Partridge, Mrs. A. P. Garrett, and Mrs. J. W. Bigony. Mrs. Shannon was a pleasant visitor.

The cake contest proved to be very interesting. All cakes were nice but Mrs. T. J. Partridge's proved to be the best, and she won the prize.

MRS. H. A. LONGINO DIRECTED INITIAL PROGRAM OF NORTHWEST TEXAS CONFERENCE MEETING AT SNYDER

Mrs. H. A. Longino, wife of Rev. H. A. Longino, pastor of the Munday Methodist Church, had charge of the first program of the annual Northwest Texas Conference for missionary societies of the Methodist church. The conference, opening Tuesday evening, closed today (Thursday).

The opening program was given on "Spiritual Life Retreat" with "The Aldersgate Road" used as the theme, Mrs. Longino announced before the conference meeting.

The program in full as given under the direction of Mrs. Longino follows:

Music and silent meditation which included the reading of three poems; prayer; hymn, "Oh For A Thousand Tongues"; responsive reading; prayer; two numbers rendered by the Roby Girls' Chorus, directed by Mrs. Floy Jim Hughs, entitled "Lift Up Thine Eyes Unto the Mountains"—Mendelssohn, and "Love Divine," Charles Wesley; Historical Markers, given by Mrs. Don Davidson of Westover; solo by Mrs. Floy Jim Hughs; silent meditation by reading poem; hymn "Footsteps of Jesus"; personal experience; poem; congregation singing; directed intercession; solo, by Mrs. Hughs; The King's Highway, given by the director, Mrs. Longino; The session was closed by reading of a printed prayer.

Mrs. Longino accompanied Mrs. C. M. Randel of Seymour to the conference. Mrs. Randel is president of the group. Mrs. B. B. Bowden of this city also attended the meeting.

MRS. G. C. PAYNE GIVES PROGRAM AT STUDY CLUB

The Munday Study Club heard one of their most delightful programs of the current club year last Friday when a program of readings and story telling was rendered by Mrs. G. C. Payne of Wichita Falls. Mrs. Payne commanded the utmost attention of those attending.

"Daisy Chain," a short story was the first rendition of the visiting artist, relating how a pleasant thought travels when you pass it to someone of your friends.

Her second story was a humorous one, entitled "Blue Roses," based on the old adage of "women don't know what they want." "The Madonna," a story of deeper contrast than the first two was the feature part of the program. Mrs. Payne won the Texas Federated Women's Club story telling contest with this story, and she held her audience in complete sway throughout.

The program closed with a musical reading entitled "Patchwork Quilt," with Mrs. Jim McDonald accompanying her at the piano. Mrs. McDonald also rendered a piano solo and a duet was sung by Mrs. Louise Ingram and Mrs. J. H. Bass.

Following the program the guests and members were served ice cream and cake. The refreshments carried out the Easter motif as did party room decorations.

BAKERS HOSTS TO MONDAY NIGHT BRIDGE CLUB

The Monday Night Bridge Club was entertained in the home of Mr. and Mrs. Pitzer Baker Tuesday evening with eleven members and two guests present.

Mrs. Fred Broach won high score for the ladies and Grady Roberts was high for the men. Following the games refreshments of strawberry shortcake and tea was served to the following:

Members, Mr. and Mrs. Fred Broach, Mr. and Mrs. Tom Haney, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Grady Roberts, Mrs. H. A. Pendleton and two guests, Mr. and Mrs. Oates Golden and Mr. and Mrs. Baker.

BRIDGE-DINNER PARTY IN MAHAN HOME YESTERDAY

A dinner and bridge party was given in the home of Mrs. Wade Mahan Wednesday at noon with Mrs. Mahan as hostess for the Bridge Club.

Following the dinner the guests were seated for bridge with Mrs. J. C. Harpham winning high score prize for the games.

Members who attended were Mrs. Jack Mayes, Mrs. E. M. Roberts, Mrs. Ike Huskinson, Mrs. J. C. Harpham, and Mrs. Lawrence Kinsey, and two guests, Mrs. Jim McDonald and Mrs. Carl Jungman.

To Wichita Falls Dr. and Mrs. E. M. Roberts and son of this city were in Wichita Falls Tuesday attending to business.

Visit Robert Greens Mrs. C. K. Mosby, of Wichita Falls, mother of Mrs. Robert Green, spent the Easter holidays in the home of Mr. and Mrs. Green in this city.

DINNER GIVEN IN FRIZZELL HOME LAST TUESDAY

Tuesday evening, April 12, Dr. and Mrs. T. P. Frizzell and Dr. and Mrs. T. S. Edwards entertained in honor of Dr. and Mrs. O. J. Emery with a lovely turkey dinner in the home of Dr. and Mrs. T. P. Frizzell.

Dinner was served buffet style from a lace covered table centered with roses.

After dinner games of "42" were enjoyed by the guests.

Guest list for the dinner party follows: Dr. and Mrs. O. J. Emery, guests of honor, the hosts and hostesses, Dr. and Mrs. T. S. Edwards and Dr. and Mrs. T. P. Frizzell, and Mr. and Mrs. E. Q. Warren, Mr. O. L. Jamison, Mesdames D. C. Eiland, Verna Harwell, Mabel Pyeatt, Stella Thompson, Joe Watkins, Thomas Ferguson, Clyde Goodrich, and Misses Bernice Champion, Leta Turner and Lessie Bolin.

SEVENTH GRADE EASTER CANTATA GIVEN FRIDAY

A large crowd attended the Cantata, "The Crusader" given at the elementary school auditorium last Friday night by students of the seventh grade.

The Cantata was written about the story of Philip the Crusader, who on a journey to the Holy Land has a vision wherein he dreams that he was actually present at the resurrection of the Lord.

The story was told by a reader, while the choir furnished the musical background. Ten musical numbers were given by the choir during the program.

The 46 voices and the reader were directed by Miss Mildred Kennedy, who is in charge of the music of the Munday public schools.

BRIDAL SHOWER FOR MUNDAY GIRL GIVEN APRIL 3

A lovely affair given April 3rd, was the bridal shower given for Mrs. Wesley Russell, nee Miss Mary Eva Rigby, with Mrs. A. U. Hathaway, Mrs. John Bowden, Mrs. Mart Harbin, Mattie Marie Isbell and Mildred Gray as hostesses in the home of Mrs. J. C. Campbell.

Roses and other flowers denoting spring were used as decorations in the party rooms where the many gifts were displayed. After playing several games of "84" refreshments were served to the following guests: Mesdames G. R. Eiland, Charity Chamberlain, Joe Davis, Ben Guinn, C. R. Parker, B. L. Blacklock, J. B. Bowden, M. L. Barnard, Geo. Isbell, Mart Hardin, Jim Isbell, L. M. Palmer, W. E. Reynolds, W. B. Russell, Sr., T. C. Lowry and J. C. Campbell.

Mesdames Tom Rigby, Reuben Bates, H. P. Hill, Lee Haymes, L. W. Hobert, C. A. Barton, R. H. Neff, J. E. Edwards, J. L. Stodghill, J. C. Borden, E. W. Harrell, A. A. Smith, Paul Pruitt, Porter Bryan, Leland Hannah, J. E. Reeves, H. F. Barnes, Levi Bowden, D. D. PEEP SHOW

FOR LADIES ONLY
—BY—
MIGNON

I'd rather be a country gal Than any one I know A ringside seat we have all year To Nature's greatest show.

Here's a little tiny page out of another country woman's diary... Juanita Thrower's from the coal mining section of our Oklahoma. It is too lovely not to share with you. Those of you who might feel sorry for us gals in the country take a peep at this: "Faith in Immortality is strengthened by a day in the country in the Spring.

Signs of quickening life are seen in all Nature. Hope displaces despair. Action succeeds the lethargy of winter months. Life follows death as surely as spring comes after winter.

It had been a glorious holiday! Nature's pulse was beating strong. The breath of spring gave me courage to face the cares of the world. Words fail me as I attempt to describe the haunting loveliness of the day. With every turn were signs of renewed life—the peeping chicks, the squealing baby pigs, the two playful pups with their black noses who scampered about our feet at one of our stops, the flaming beauty of the japonica bush, the fragrance of the hyacinth and the narcissus, the loveliness of blooming pears and peaches, the freshly turned earth, the noise of the guineas, the gobble of the proud turkey, tail spread out like a fan, the cry and laughter of babies.

Surely, when nature comes to life each spring, there is a spiritual resurrection when our mortal bodies will put on the glorious garments of Immortality!"

The Irish Curse
So Jimmie "does not choose to run"
The handsome law-wise son-of-a-gun.
I bet he'd beat that third-term hoax
For Allred is in love with folks
And they loved him... that is, the best,
I hope a mad dog bites the rest.

Hats off to Jim Nance's Purcell Record's new poetry column. It is called "Dream tuff," and is edited by Helen Nickson. The Tom Bean Times, Tom Bean, Texas, too, has a poetry corner edited by Mrs. Donald Briant. I think plain folks like a little honey on their bread and butter and it is a wise editor who realizes this.

Speaking of poets... Oklahoma's brilliant poetic genius, Helen McMahon of Pond Creek... has ambled back home after an extended tour through the southern states... All the times she has had... all the swell folks she has seen and the lovely courtesies extended her would make a good size travel book But I'm glad she's home again... the sunshine seems warmer somehow when she is part of it, and the birds never could quite get the right pitch is they didn't have this sweet singer to give them the joyous key.

"All women and even female animals are excluded from Mount Athos in Greece, inhabited by 7,000 monks and lay brothers."

Oh, well, I don't care, particularly if the monks don't want the female of the species... I, for one, got enuf of that "The monk... who was combing his auburn hair..." when I was in grade school. So there.

I had just put the last period to a seventy-five hundred word thriller, wherein I had sinned, suffered, and repented, in the first person in a contest, or a throw at a fifteen hundred dollar prize that one of these gaudy covered maga-

zines are giving, I was trying to buy the most effervescent drink the drugstore cowboys could mix as a sort of jubilation over the fact, when my April Good House-keeping came. I flipped the pages as fast as I could, and there it was... Before Sunrise... by Jennie Harris Oliver... a story so poignantly beautiful, so heart and soul lifting... so filled with the old beautiful story of Faith... that I had to pretend the Dr. Pepper was coming back up through my nose and forcing tears down my cheeks... For just the little paragraphs under the illustrations written in that gold-leaf imagery which is Jennie's own, brought my heart right up in my throat.

It is the story of the Easter Pageant right here in the Wichita Mountains. A crippled singer... who is a combination of Joe Fitzpatrick and Edgar Ward... Oklahoma's two contributions to real fame and marvelous beauty... takes the lead with a girl whose long red-gold hair is in many of Jenny's stories. The tender tragic scenes of the old hymns which precedes an Easter sunrise... the plane writing against a sky that seems a field abloom with star poppies the message of hope, "Christ Arose"... the pageant city... "A glowing gem in the velvet night" was the mecca to which all the "roads leading down into the bright valley... trembled with travel." Oh, who could attempt to write a resume of this, Jennie's greatest story? "Not I," says a shamed voice deep down in the throat of a gal who feels a bit common and somewhat soiled for writing the sinned-suffered and repent story after an hour with Jennie, even if it is through the long distance route of Good Housekeeping. You must read it for yourself. You'll be a nicer person afterwards, if you do.

Big News and Grander that Most... Dr. Winnie Sanger, that grand person who can do everything, has asked me to go with her to Washington, D.C. Papa says I can... I'm glad I married him, after all... But I'll tell you about that later.

Raw Materials Of South Dominate in Chemical Research

Texas Plays Important Role With Research

Dallas, Tex., April 20—The close relationship of some of the primary raw materials of the South, especially of Texas, to scores of new and useful industrial products is emphasized by the growing tendency of "chemical literature" to concern itself with methods and processes for transforming mineral and plant materials into new forms.

The importance to Texas of the roles played by petroleum and sulphur, and by cotton, southern pine and other cellulose sources in the creation of the rapidly widening range of synthetic products is noteworthy says a report of the All-South Development Council, because of the attention centered on these materials produced here in connection with the annual meeting of the American Chemical Society here (April 18-22).

A survey of the technical literature in these fields, made by Dr. E. J. Crane of Ohio State University, editor of Chemical Abstracts, reviewing reports of chemical investigations throughout the world, show that the number of technical reports relating to petroleum increased almost 15 per cent in 1937 over 1936. The society's journal published 927 abstracts in this field last year, and described 1,174 patents on chemical methods of transforming crude petroleum or its products into new or better derivatives.

Increasing interest on the part of realistic industrial research men into the possibilities for making industrial products out of agricultural materials—the farm chemurgic idea—is shown by the fact that technical articles dealing with cellulose and paper, involving wood, cotton, nuts and other cellulose sources, advanced 7 per cent in 1937. Those devoted to dyes and textile chemistry rose 11 per cent.

"One raw material may be used to get substances needed in the production of refined products of another raw material," said Dr. Crane's survey. "Sulphur is converted into sulphuric acid, and this acid is used not only in petroleum refining but in a great many other chemical operations with raw materials. The chemist handles raw

PLEASANT VIEW

By MRS. R. F. SUGGS

We had a light rain in this community Thursday afternoon, which was beneficial to grain.

Messrs. Raymond Suggs, Tom Price and son Delmar, were Haskell visitors Friday.

Miss Ruby Suggs of Wichita Falls spent the week end with Mr. and Mrs. F. C. Suggs.

Several from this community attended the annual Easter picnic egg hunt at Washburn Sunday.

Mr. and Mrs. Elvin Owen of Benjamin visited relatives in this community over the week end.

Miss Lera Erick of Throckmorton visited her parents, Mr. and Mrs. A. D. Erick, the past week end.

Mr. and Mrs. Leo Harlan are the proud parents of a baby son, named Billy Ray.

Mr. and Mrs. Dan Hicks visited Mr. and Mrs. Raymond Suggs Saturday evening.

Several families of this community went to Miller Creek Sunday on a picnic.

Jim Albert Hicks spent Saturday night with Cecil Suggs.

Misses Capitola Jenkins and Louise Suggs and Messrs Boyd and Coy Jenkins and Tommy Fultz were visitors in the Leo Harlan home Friday evening.

materials roughly, but useful, refined products result."

The creation of manufacturing enterprises here to put into production the new utilizations of these materials constantly being uncovered may be expected to contribute largely to the industrialization of Texas. The Council's report pointed out, providing all factors influencing plant location are favorable. Some demonstration of official state welcome to such potential industries—thus far not evident here—would greatly supplement the appeal to such enterprise which Texas already has by reason of her advantage of climate, transportation and ability for producing many of the needed materials, both mineral and agricultural.

Location of this type of enterprise here would not only provide employment and payroll benefits of the highest type, the report concluded, but would bring private industrial laboratories which would undoubtedly contribute greatly to the recognized need for finding new uses for cotton.

BEAUTY SPOTS IN MUNDAY

Written by 3rd Year Home Ec Girls of Munday High School

Members of optimistic Munday citizens, have again started work in their gardens and yards to re-plant flowers and vegetables destroyed by the recent freeze. Trees and shrubs are putting out new buds as they did in the early spring. Many of these workers have bought new hoes and had their law mowers put in shape so as to keep the fast growing weeds and grass under control.

When we speak of trees, we are reminded of those at the Grady Roberts home, which are putting on new growth. A garden on the same yard is also growing nicely.

Though much damage was done, the young shrubs at the elementary and home making cottage, we think the majority of them will live as new buds are beginning to show. It is interesting to note that the shrubs which were cut back almost to the ground after the freeze have put on a much more rapid growth. The rose bushes at the high school building have taken a new start.

The Worth Gaffords have moved to the north part of town and are doing a great deal of improvement in their yard by planting grass and setting out shrubs, snapdragons, verbenas, phlox, and poppies. They have also planted trees.

Mrs. Lee Haynes has planted some roses south of her home.

A lovely bed of phlox may be seen between the Marvin Reeves home and the club house.

Spring gardens that look very hopeful have been noticed at the homes of Mr. Hathaway, Mrs. Barncoat, Mrs. Oliver Lee, and Mrs. G. L. Hunter.

Flowers have been planted in the star formation at the Pendleton Gin. This will soon be a beauty spot on the highway.

Leaving yards and gardens a beauty spot is being added to the business section. The Palace Cafe is laying an Azrock tile floor in a marbled green pattern. This floor is similar to the new floor which was laid recently in the grade school building.

Nine prizes will be offered in the contest which will total more than \$60 the studio announces. Any baby from 3 months to six years may be entered in the contest, which will be judged by three out-of-town judges.

The studio is located on the north side of the square, Haskell, Texas.

MRS. BILDERBACK HOST TO H.D. CLUB TUESDAY

"Save steps in 'housecleaning,'" says Miss Astin, county agent, "by having the proper devices to clean with." This discussion was of much interest to 10 H.D. Club members at Mrs. Jack Bilderback's home Tuesday, April 18 at 2:30. After a short business session the meeting was turned over to Miss Astin for the judging of some very nice cakes that had been made by the club members.

Ice cream and cake was served to Mesdames J. W. Lanningham, J. E. Becknell, W. R. Couch, J. E. Phillips, Jack Bilderback, H. E. McMahon, Mack Tynes, J. T. Murdoch, Henry Cowser, Walter Fowler, and our county agent.

HAPPENINGS

Huland Edwards has been staying with his sister, Veda, because of the illness of his brother-in-law.

"Billie Neece has been very ill for a long time with the whooping cough but we all hope she gets better soon."

Beulah May Voyles spent Saturday night with Marion Anderson in Weinert.

Mr. W. R. Owen and wife, J. M. Voyles and family, Mr. Johnnie Owen and family, Mr. Brown, Mr. Bill Owen and family, Mr. W. M. Voyles and family, Mr. Dock Owen and family, and Mr. Ed Owen and family, all had a fine picnic and Easter Egg hunt last Sunday. This was almost an "Owen Reunion."

Mr. and Mrs. Monroe Mayfield moved back last week. We are very glad to have them.

Mr. Jack Griffith, who is attending college at Lubbock, came by to see his brothers, Lloyd and Sammie.

Every Weinert Senior went to Denton last Saturday. Some from this community were in on that trip. One college, N.T.S.T.C., furnished a program Saturday morning, then furnished them their lunch. In the afternoon they all went to C.I.A.

Mrs. Sammie Griffith and small daughter, Emma Lee, went to Abilene to visit relatives.

After the snow and cold weather, the wheat in this community seems that it is not damaged as bad as they thought it to be.

Little Roy Lee Voyles of Benjamin has been ill with throat trouble. Roy Lee, you had better hurry and get well!

Five Thousand Subjects Bow to This New Queen

Miss Mary Ann Walker of Wichita Falls was chosen by her classmates at Texas State College for Women to reign over the annual Cotton Pageant at Texas A. & M. College, April 8. The daughter of Mr. and Mrs. M. D. Walker, she is the seventh cotton queen.

EASTER NEWS

The fourth grade had their Easter Egg hunt and their picnic in Walling's pasture. They played games and the prizes were given to Elma Gene Cornett, Ledon Walling, and O. C. Prather, who found twenty-one eggs each.

The fifth and sixth grades went on an Easter Egg hunt Friday. They went to Partridge's pasture. Houston Sweat found the most. He found seventeen.

The third grade had their hunt in Partridge's pasture. Sylvia Jo Cornett and LeRoy Scarbrough got the prizes.

Glenn Myers Gives Easter Egg Hunt

Sunday afternoon at two-thirty, Glenn Myers gave an Easter Egg hunt. There were about eighteen present. They played baseball while Howard Myers and Roddy Griffith hid the eggs. They were hidden from several inches in the ground to several feet in the sky.

After they had hunted about an hour they all came together to count the eggs. They had found about 120 eggs, but no one had found the prize egg, which was a very small red egg.

If they had been counting the number of eggs, Glenn Myers would have won the prize, but unfortunately they were not.

They started hunting again and after hunting about ten minutes Gena Beth Griffith found the egg. It was stuck under the bark of a tree.

They went back to the house and played ball, then they got the prize and gave it to Gena Beth. It was a small rabbit which squeaked when you mashed it.

They had refreshments, of lemonade and cookies.

They played sheep board down. After playing it about two hours everyone went home.

Everyone had a nice time.

KEEPING TAB ON The Eagles

By BUDDY BUMPAS

Sunset was well represented at the District Track meet at Breckenridge Saturday by a one-man track team. Herbert Partridge made six and one half points, tying with the host team, Breckenridge. Herbert placed in the low hurdles, and third in the high hurdles. When it comes to running and broad jumping, Herb tied with another contestant for third place—19 ft. and 11 in. They split the points for third place and flipped for the ribbon; of course Herbert lost. Why doesn't Buddy teach Herbert the art of flipping.

LeRoy Henderson did not do so well as we expected. He was however, fifth in his heat.

GRADE SCHOOL SPORTS

The sports in grammar school haven't been getting along so hot since Mr. Underwood took sick. He is back in school again and baseball has started in full swing.

Charlie Smith, who has been out of the lineup with a broken arm, is back on first again. The boys should take away honors at the county meet.

Last week four grammar school girls played on the high school girls' team. The four were Bernice Henderson, Doris Burton, Edna Hardin and Wanda Partridge. They lost the game by two points to Benjamin.

PRIMARY NEWS!

The first and second grades enjoyed their Easter Egg hunt Friday afternoon. On returning to their rooms they found Easter surprises rather than prizes. Some children found many eggs and divided them with those that found just a few.

In looking for eggs a large snake was found. Since the children did not bother him, he went back to his hole.

The first grade is still working on their farm unit. Part of the farm is set up in the classroom. They have learned many ways that farm animals help us. They have read many farm stories, learned some farm songs, and have learned many things about nature.

The second grade presented their play "A Trip Around the World" to the first and third grades.

They are now working on a bird things about birds and are observing nature more closely.

A GOOD BOOK

Romona is a good book written by Helen Hunt Jackson. The book tells of a girl named Romona who was adopted by a rich Mexican woman. The Senora had a son she just worshiped, but after she adopted Romona she never liked him. The Senora's son, Felipe, and Romona were like brother and sister and were very fond of each other.

Every year a lot of Indian shearers would come and shear the Senora's sheep. The leader of the shearers was a tall handsome Indian. He and Romona grew very fond of each other, and were married. They entered into a life which Romona had never led before. She led the Indian life.

This book tells of the Indians that lived in California before the white men came. If you ever have a chance to read it, do so.

Hinson Has Thirty Five Boys Working In Spring Training

Thirty-five boys are reporting daily to Coach Hinson at Weinert for the spring training of that school's initial football team, it was reported this week.

Practically all of the practice sessions to date have been instructions on the fundamentals of the game, Hinson stated. He is assisted by Perrin, another faculty member of the school.

The squad is using a temporary field for their practice sessions while the new field is being made ready for the coming season next fall.

The school has entered the 9-C conference of which Munday was a member last year.

1-MINUTE SAFETY TALKS

By Don Herold

We'll drive moderately, and if we have an accident, it will be a nicer one

How to Have More Trivial Accidents

If we are going to have automobile accidents, let's have little ones.

It is not such a serious matter when we dent a fender. What we don't want to do is a skull.

How shall we select for ourselves the smaller or more insignificant or skin-deep or grade "C" accidents?

I have a book in my lap, compiled by The Travelers Insurance Company on last year's smashes and crashes. It tells us which kind of accidents are the deadliest. Let's get a line on 'em and avoid THAT kind.

About the surest way to cinch your death in an automobile accident is to mix in a little alcohol.

With an intoxicated driver (you or somebody else) at the wheel, your chance of death is greater than with a sober man at the wheel. I mean if you take 1,000 drunk accidents and 1,000 sober accidents there'll be more deaths in the drunk accidents.

Even an intoxicated pedestrian has

a better chance of being killed than a sober pedestrian—per accident.

There has been a lot of loose talk about the safety of driving fast. A lot of people think that it is all right to drive fast if they drive "careful." But the figures show that the rate of death per accident which involves exceeding the speed limit is much worse than the average death rate for all accidents due to improper driving practices.

Places, too, have a lot to do with the violence of your accident. The rate of death per accident on highways and at rural intersections is more than 200 per cent greater than on city streets.

Time plays a part, also. The death rate per accident after dark is about 60 per cent worse than during daylight.

May all your accidents be little ones, and they're more apt to be little if you know about and avoid these deadlier spots and practices.

Happy Helpers Elect Officers

The officers of the Happy Helpers class of the Methodist Sunday School are: President, Joy Marsh; Vice-President, Fawn Baldwin; Treasurer, Clay Griffith; Secretary, Jessie Fay Owens; Reporter, Bernard Cooley. Our class won the banner again this week. Eight members were present and only one absent. We read six chapters from the Bible. Our teacher, Mrs. E. Griffith, was present, and the collection was sixty-five cents. Several members of our class have met the last two Mondays and cleaned up the church yard. In the near future we intend to sell popcorn and sandwiches at the "Amateur" program that the Missionary Society is planning to put on. The money will be used to buy seats for the church.

The following visitors were present at the revival services of the Methodist Church Thursday night. Mrs. R. I. Hart, Ira Joe Hart, Glyndale Hart, Mrs. Zora Love and Mr. Joe Patterson, son of Rev. J. P. Patterson of McMurry College, Abilene, and a former resident of Haskell and a teacher in the Vera school.

For One Year Combination Offers With Dailies

Denton, Texas—Eight of the nine North Texas State Teachers College cage lettermen pictured here receiving their service awards will be on hand April 11, when Coach Henry G. (Pete) Shands opens the first basketball spring training camp in several years at the Denton Teachers College.

Lone Star Conference champions the past season for the first time in the circuit's history, the Eagles

already are looking to their title defense. More than 20 aspirants will report for the three weeks cage practice period.

President W. J. McConnell is shown here presenting the first leather jackets ever given to North Texas basketballers. This year's champions received jackets in addition to their usual gold eagles and bars.

Seated, left or right: Dean The-

ron J. Fouts, Captain-elect Dan Yarbro of Forsan, and Coach Shands. Standing: Ralph Havenhill of Abernathy, Doyle Smith of Bullard, John Malaise of Handley, Ralph Hester of Denton, Manager C. A. The Value Of A Vocabulary

Many of the students have written interesting essays and themes this year, and I think they need some recognition. The Juniors have had a very interesting six-weeks of theme-writing, and many of the students have written very good ones.

The Value Of An Extensive Vocabulary

Words are valuable. The can purchase things that money cannot buy—happiness, friends, success. People who like to talk would find talking even more enjoyable if they could command a large variety of words. One should not become a slave to old, worn-out words, he should make new, invigorating words become his slaves and work for him. Then he will know the joy that comes from being able to express himself at will.

Words can become a strong magnet which draws people to the person who possesses the magic magnet. People enjoy hearing a person talk if that person can create vivid pictures in their minds by the words he uses. They desire to be around a person who can entertain them.

Success comes to those who can command words. What could a magician do without words? In almost any business, a person must be able to meet the public and answer the many questions of the critical public. A person who is backed by knowledge of words is seldom at a loss how to answer the public. Politicians need words to smooth over the slams given them by rivals. The big business man needs to know words if he expects to succeed in his "big deal." Even the clerks must have a vocabulary that will enable them to boost their sales.

Lenore Longino

other countries. Peace is indeed a problem for the next generation to give a great deal of thought and consideration.

The second major problem is labor. Labor is a serious problem because of the unemployment in our nation today. This unemployment was caused by the machine age displacing man power and the destruction of the work of the skilled artisan.

The third major problem is that of crime. This problem is partly due to the labor problem because many crimes are caused as a result of unemployment. The influence of crime and criminals on society is truly worth our attention. Crimes can be prevented only when people are educated against them and when they are ready to take the stand of producing a more desirable social world in which to live.

These problems are serious ones which must be faced by the future generations. It is our duty to study them so that we may be able to face them squarely when we must find a remedy for them.

By WINSTON BLACKLOCK

Munday was well represented in the district meet in tennis in both boys singles and doubles. This year was the second consecutive year for Munday to go to district in both the singles and doubles.

Thomas Rigsby had hard luck and drew the best player in the meet and was beaten by him, although Thomas won the first set and lost the last two.

In the doubles Winston Blacklock and Orville Matlock drew a bye and won their next match which put them in the semifinals. They won their first set against Baird and lost the last two. Winston and Orville expect to be back next year in doubles. This was Thomas' last year.

In the district meet the following boys entered the various events: J. B. Pollock, Gene Thompson, Doyle Thompson, James Carden and Johnnie Phillips. Doyle was the only boy to place and he got fourth in the mile run.

It seems as though a good many of the boys are getting a little football-minded since we have some warm weather. There are a good many of the boys who were failing their work at the beginning of the year but are doing their best now and on the other hand some of them are failing their work now that were passing it at the beginning of the year. All those who are not eligible do not know what they are going to miss just to hear the last years players talk. All the boys who have been playing for a year or two are sure going to appreciate that new field and equipment because you don't know what they have been through on their old field.

Freshmen News

The junior boys and girls baseball teams have begun their practicing. We hope to have good teams, and we wish them luck in their future games.

We freshmen journeyed to Herrings pasture on our picnic last week. Everyone enjoyed the picnic very much, especially the candy hunt. We were all glad when the "time to eat" rolled around, for after exploring around we were very hungry. We are looking forward to more good times in the future.

Sophomore Report

The Home Economics II girls are sorry to have finished the childrens dresses which they have been working on for the past two weeks. We have completed all of our projects, and have enjoyed our sewing class very much this year.

For the next few weeks of school we will be studying home nursing and first aid. This is a subject from which we can learn facts which will be beneficial to us, and we know that we will not be wasting our time in studying it.

A quarter million dollars in exhibits will be presented at the 1939 World's Fair on Treasure Island in San Francisco Bay by the Southern Pacific and Santa Fe railroads. They will feature Western travel attractions.

Palmer Announces Grade Honor Roll

L. M. Palmer, principal of the Munday Elementary school, this week announced the honor roll for students of the lower grades. They follow:

Grade 3—Mary Alice Beck, Bobbie Boggs, Joseph Borden, Patsy Massey.

4A—Anna Lois Bryan, Berniece Douglas, Latraece Johnson, Mc-Celvey Jones, Mada Manire, Joyce Spelce, Neta Jean West.

4B—Willie Booe, Kenneth Harrison, Wanda Sue Nelson.

5A—Lillian Cerveny, Jerry Chamberlain, O. H. Spann.

5B—Joe Gafford, Lola Jones, Von Rea Morrow.

6A—Lillian Booe, Mildred Jones.

6B—Jane Alexander.

7A—Frances Albert, Dixie Nell Atkieson, Ben Bowden, Patricia Hannah, James Paul Nelson, Willard Reeves, Jozelle Tidwell.

Special mention should be made here of the fact that O. H. Spann has been on the honor roll for the past one or two six weeks, but due to an oversight, he was left off. We are sorry, O.H., and promise that it will not happen again if we can help it.

Junior Class News

The main topic of the day is the junior-senior banquet. Although we haven't made many plans, we shall right away because we only have five weeks in which to have the banquet before school is out.

All of the juniors reported a delightful time Easter. We were all glad to see our old classmate, Miss Peggy Eiland, during the weekend.

Senior Class News

The shorthand class is entering a new adventure this week, and we are wondering how it will work. Our class period has been cut down and most of our time will be spent working outside of our school in offices. This is a project of the class, and we will be graded on our school work, but we hope it will be a success.

Hatching by Electricity Is Low-Cost and Trouble-Free

Electrical incubation—as in this small cabinet-type model—usually yields more chicks than other methods of hatching.

ALTHOUGH the poultry industry is becoming highly specialized, and many people are totally dependent upon it for their livelihood, a majority of farms—regardless of type—have flocks ranging from a few to several hundred birds. For them, as for the poultry specialist, electricity is a most important factor in economical management and profitable operation.

One of its many uses, in which there has been a marked increase during the past few years on general farms as well as among commercial hatcheries and poultrymen, is in incubators. For several reasons, electrical operation of such units is ideal. It does not spoil the air in producing heat; it is clean; safe; labor saving; and, varying with the size, permits certain or all of the following factors to be automatically controlled—temperature, ventilation, humidity, lights and turning.

There are two general types of electrical incubators—radiant-heat and cabinet. The former, similar in many respects to the kerosene-operated unit, usually has the heating elements attached to the underside of the top from whence the heat is radiated directly to the eggs—ventilation being

accomplished by natural convection. This type of heating most often is employed in smaller incubators.

In the cabinet unit, generally used by large hatcheries, heat is not applied directly to the eggs but is used to warm the air which then is circulated throughout the incubator. Ventilation is obtained either by the circulation of the air or by force fan.

When proper humidity is maintained, there appears to be little difference in the hatching efficiency of the different types or models of electrical incubators. However, in each case the directions of the manufacturer should be followed carefully to obtain the best results.

Current consumption depends upon the type and construction of the incubator and the temperature of the room in which it is kept. Generally, it varies from about 200 kw.-hr. per 1,000 eggs for units holding 150 eggs or less, to approximately 20 kw.-hr. for one having a capacity of 16,000 to 20,000 eggs. At five cents per kw.-hr. (many utilities provide this service at even lower rates), this gives a hatching cost of from 1/10 to 1 cent an egg, the lower cost being for the largest incubators because of their generally superior construction and insulation.

HISTORIC TEXAS CIVIL WAR FLAG IS TRACED DOWN

Was Flag of Famous Parsons Texas Brigade

Austin, Texas, April 13—William H. McDonald, state land commissioner this week for a historic missioner, this week found a historic emblem that he had been looking for for years—and discovered a bit to his chagrin, that it was within 10 miles of his home town of Eastland, Texas.

The famous flag, made by women volunteer workers of the old Houston Bayou region, had passed from one member of the Parsons brigade to another until Captain Robert Willis Bonner, blind veteran of Weatherford, gained control of it. He kept it for several years, but later turned it over to General Marshbanks of Waxahachie the commander. When Gen. Marshbanks died—the last surviving member of the famous Texas fighters—he had a provision in his will that the flag should be perpetuated, and willed it to Mrs. A. B. Conway of Ranger, 10 miles from McDonald's home town, the daughter of the blind-Captain Bonner. She now lives at Mineral Wells.

Mrs. Conway, a leader in Texas D.A.R. circles, placed the flag in a miniature of G. A. Holland at Weatherford for years, and later gave it to her son, Bobby Campbell. At present it is in safe-keeping at the home of Mrs. Irving Pierce, 5726 Tremont Street, Dallas, a sister of Campbell.

It is the hope of McDonald, who probably has spent more time than any other State official in reviving the romanticism of Texas history, that the famous flag can be obtained for the State Capitol.

SCOUTING THE CIVIL WAR FLAG IS TRACED DOWN

MUNDAY, TEXAS, TROOP

Meeting Place—Legion Hut

Due to the fact that the P.-T.A. was sponsoring a "Stunt Night" last Monday night, there was no Scout meeting here. That is, no regular scout meeting. A few of us did meet to practice our stunt; but there was no scout business discussed nor games played. Incidentally, our troop won the two-dollar-and-a-half second prize for our dramatizations.

One thing which all of the Scouts regret, is that we won't be able to attend the Scout Jamboree at Seymour next Friday and Saturday. The Scouts are planning to produce a play, or perhaps a group of plays, as soon as school is out for the summer. The money which we will get from the play(s) will be used to buy uniforms for the troop.

The scouts are planning to take a trip somewhere within the next three months in order to pass that part of their first-class tests which have to be passed in the open. Just where we are to go has not been decided yet.

Sunset Seniors In Annual Class Play Wednesday Eve.

The Senior class of Sunset High School presented the play "Mama's Baby Boy," by Charles George, Wednesday evening at the Sunset school auditorium to a large appreciative audience.

The play was in three acts, directed by Mrs. Otis Cash, senior class sponsor, with Mrs. Underwood in charge of the special numbers between acts. Music was furnished by the Knox City high school band.

Members of the cast and the role portrayed by them follow: Mrs. Shephard McLean, a young widow, Faye Marie Partridge; Shephard McLean, her young son, Fuller Shannon; Luther Long, a widower, Herbert Partridge; Juliet Long, his young daughter, Nell Nix; Mrs. Matilda Blackburn, Mrs. McLean's mother, Marguerite Jarvis; Wilbur Warren, Shephard's young pal, Buddy Bumpas; Sylvia Kline, Wilbur's girl friend, Frances Gray; Mrs. Carlotta Anglin, a friend of Mrs. McLean, Loveda Cheek; Cynthia Anglin, her young daughter, Lillian Hackney; Max Moore, a real estate agent, Askelon Stogner; Minnie, a young colored maid, Dorothy Gammill.

Construction On Brazos Bridge To Start in 30 Days

Construction on the bridge over the Brazos River on highway 16 between Knox City and Benjamin will probably be started within the next three weeks, according to reports from Knox City.

Oran Speer, successful bidder on the \$126,280 structure, is now completing a construction project in Dickens county and will move machinery and tools to Knox City as soon as the Dickens job is completed.

It is estimated that it will require from four to five months to build the bridge and throw traffic over it.

Lions Club Wins PTA Stunt Night Program Monday

The Munday Lions proved to be lazy enough, instead of having the usual required vigor, to win the first prize at the P.-T.A. stunt night program given at the elementary school auditorium Monday night.

The comparatively large crowd enjoyed the program of stunts presented by various organizations of the city.

Second place was awarded to the Boy Scout troop and third place for the entertainment was won by the Spanish class of Munday High School.

The Lions won by giving a demonstration of WPA project work, in which it took eight men three weeks to mow a small lawn. Jimmy Harpham was in charge of the program for the Lions. The Lions' stunt in short, was "nothing ado about nothing."

The Scouts gave the modern version of the midnight ride of Paul Revere and performed an operation, removing a large jack-rabbit from an alleged victim. The Spanish class gave the story of "The Three Bears" in Spanish dialogue.

The cake which was sold by five-cent chances, was won by a group of Lions who bought the remaining chances. They then auctioned off the cake, with Dick Atkinson and associates being the highest bidders at \$1.81. Lion Bill Moore was the auctioneer. The cake netted a total of \$8.20 for the P.-T.A., by the time it was later sold at a nickel a slice, and all proceeds from the sales were turned over to the organization.

The P.-T.A. expressed their appreciation to the various organizations that made the program possible.

Two Local Doctors Offer Services For Child Health Clinic

BY L. M. PALMER
Principal Munday Grade School

Doctors D. C. Eiland and R. L. Newsom, in cooperation with the P.-T.A., are offering to the school children of Munday free of charge, the "smallpox" vaccination, diphtheria anti-toxin, typhoid shots, the Schick test, and the tuberculin test. This is the greatest drive and the most offered, in the history of Munday schools, and it is all made possible through the efforts of Drs. Newsom and Eiland, who have so graciously consented to offer their services free, and the local P.-T.A., which is financing the entire drive.

It is our hope that we get the entire student body 100 per cent behind the move. The Schick and tuberculin tests will be given next Monday afternoon in the Home Ec cottage, beginning at one o'clock. The check-up on these tests will be the following Friday and those found to need the diphtheria anti-toxin will be given same at that time. Also on Friday the smallpox vaccination will be given. It will be perfectly all right for a student to take the diphtheria serum both in one day. Typhoid serums must wait for a later date.

P.-T.A. authorities and the local doctors see no reason why parents and children should not, since the tests and serums are free, show 100 per cent cooperation in this undertaking. We especially urge every student, both high school and grade school, to take the Schick and tuberculin tests.

Even though you had the permanent serum, it is wise for you to re-check, for some times the permanent serum is not true. The result of the tuberculin tests will be kept in strict secrecy, no one knowing except the doctors, and this information will be put in the hands of your family physician and if you want to know your result, you can find out from him. You are asked to please cooperate with the school authorities by signing the pamphlet brought home from school by your child, indicating whether you would give your consent for such vaccination.

Please remember that adequate medical care will be on hand, having at our disposal now four of the best nurses in Knox County. Let's all work together for better health in Munday.

Dancing Recital is Presented Wednesday Night at Auditorium

The Knickerbock Studios of Wichita Falls presented a number of Munday dancing pupils in a recital at the elementary school auditorium Wednesday evening.

The Munday class is instructed by Douglas Dixon once each week. Number by Wichita Falls dancers taught by the studio were also presented.

Willard Bauman, son of F. H. Bauman, and student at Texas Tech, Lubbock, visited his father last week end.

Munday Legion Softball Team Will Play at Knox City

The Munday Legion post this week announced their lineup for the softball tilt to be played with the Knox City Legionnaires on the Knox City lighted field Monday night.

Players and the position they will play are as follows: Buel Bowden, catcher; J. W. Lea, pitcher; J. L. Stodghill, pitcher; Brice Dobbs, first; J. C. Harpham, second; Deaton Greene, third; Ardell Speice, right short; K. Fitzgerald, left short; Lee Haymes, right field; Ed Foytik, center field; Charles Stengel, left field and Grady Roberts, utility.

The game will start at 8 o'clock on the lighted field, completed only recently at Knox City. A small charge will be made.

Jerry Kethley is Senior at McMurry College in Abilene

Among the seniors at McMurry College, Abilene, is Jerry Kethley, son of Mr. and Mrs. J. D. Kethley of Munday.

Kethley is prominent among pre-medic students at McMurry. He is president of the Science Club, and member of the Band, of I.H.R., Men's social club, and a physics and chemistry assistant. He will receive his bachelor of science degree in August.

Senior activities began March 25, when the traditional senior breakfast was held at the Wooten Hotel. That day the seniors were honored by the juniors in a special chapel program.

During April the class will present an old-fashioned music hall melodrama entitled "Honest Richard's Revenge." The proceeds of this production will go toward financing the senior trip to San Antonio for the Battle of Flowers. Commencement is June 2.

Spends Holiday Here
Preston Ingram, son of Mrs. Louise Ingram of Munday, a student in Texas A. & M. College at College Station, spent the Easter holidays visiting with his mother.

W. W. McCarty returned from Lubbock Tuesday where he took his daughter, Pauline, who is a student in Texas Tech.

Information For Wheat Plowup Given by Rice

County Agent W. W. Rice gave out important information regarding the plowing up of wheat acreage this year that is considered a total loss due to the extremely hard freeze the first of April.

The agent pointed out that only wheat designated as soil conserving can be used as such under the new farm program, and that wheat not designated as soil conserving may be plowed under but will not be eligible for a conserving crop under the program.

He stated that the best estimate of the cotton base for each farm would be around 40 per cent of the land and that the soil conserving base would be approximately 25 per cent. Enough wheat may be plowed under to make this base but it would be useless to plow under more wheat than 25 per cent of the total acreage of the farm for that purpose.

Speaking further on bases of the farms of this county, Rice stated that there were four bases—cotton, wheat, soil conserving crops and feeds. He also pointed out that excess wheat acreage is counted as feed under the farm program.

Should any other developments come from the wheat loss which may permit farmers to replant in some other cash income crop, farmers will be notified as quickly as possible, Rice announced.

Working on Vera School Building Under Way Again

Work was progressing at a fast pace on the new Vera consolidated school building, according to reports from that district this week.

Materials salvaged from two buildings in the district have been moved to the new building site and work is going ahead on foundation work for the structure.

The building will be made of the old materials, native stone and brick and preparations for cutting the native stone for the building were being made this week.

The building will cost \$40,000 when completed and over one hundred men are employed on the project. Federal allotment under the WPA amounts to nearly \$20,000, it is reported.

W. H. Atkeison Is Elected President Munday Golf Club

W. H. Atkeison was elected president of the Munday Golf Club at a meeting of club members held in the directors room of the First National Bank Tuesday night.

The organization is making plans to re-work the greens and as the fairways have been mowed and are in good shape local golfers are expected to begin playing regularly in the future.

Dr. J. H. Bass was elected vice-president of the organization and a new secretary will be appointed by Atkeison to replace Miss Bertha Neil, who has acted as secretary for the past year.

Miss Avis Chamberlain, daughter of Mr. and Mrs. Marvin Chamberlain of Benjamin, visited friends and relatives in this city Thursday night.
