GRASSHOPPERS THREATEN COTTON CROPS

Munday Band to Begin Rehearsals June 20

Munday high school will next fall have a school band, it was announced this week by Elbert Fagan, of Hico, Texas, who is moving here next week to begin instructing pupils in that type of music. Mr. Fagan has secured 20 pupils for the band and is expecting several more to join in the next two weeks, and is anticipating at least a 30-piece musical unit to play for the initial home football game, to

be played under lights September 23 with the Haskell Indians. Group lessons will be taught three days each week beginning Monday, June 20th, Mr. Fagan stated, lesson days being Mondays, Wednesdays and Fridays. Place of the instruction will be announced next week. The first band rehearsal will probably be held the first week in July. Fagan is qualified to teach accredited band music.

Commissioners Reduce Taxes

Precinct 4 Road Bond Tax of Five Cents Abolished This Year by Group

The Commissioners Court of Knox County, in a special meeting reduced the county tax rate ten cents over the amount last year and made an additional cut of 5 cents on the bonded road indebtedness of precinct four, according to County Judge E. L. Covey, chairman of the court.

The total last year was \$1.00 per hundred in precinct four, including the precinct road tax, while this year it will be 85 cents per hundred on the assessed valuation of property.

The only reduction made on the tax for county operation was on the courthouse, jail and hospital fund, which was cut from 35 cents to 25 cents on the hundred dollar valuation. Precinct number 1, the Knox City area, also received a five-cent cut on the road bond indebtedness from 20 cents last year to 15 cents this year. Tax figures for county operation was the same in all precincts.

Following is a comparison of how the tax dollar is divided among the various county funds and departments: General fund, 1937, 25c, 1938 5c, road and bridge fund, 1937 15c, 1938 15c; road maintenance, 1937, 15c, 1938, 15c; Jury fund, 1937 5c, 1938 5c; courthouse, jail and county hospital fund, 1937 35c, 1938 25c; precinct 4 road bond fund, 1937 5c, 1938 none.

The slicing of the tax dollar for this year shows that the department that will receive the most money will be roads, with 30 cents

Not A Candidate for Governor

Harry Hines, member of the state highway commission, who has been frequently mentioned as a candidate for Governor of Texas, this week announced positively that he would not make the race.

Local Bank Force Attends District Bankers Meeting

Four employees of the First National Bank in Munday attended the annual meeting of the Bankers Association composed of bank employees and officials of the counties of Knox, Baylor, Haskell and Throckmorton.

Business session consumed the morning and at noon a fish fry was enjoyed by the members of the association on the Atkins-McClesky ranch near Throckmorton.

The following were elected officers for the next year in the business session: Dutton J. Bailes, president, cashier, First National Bank, Seymour; Dave Holman, vice president, cashier, Farmers Bank, Seymour; and George A. Morris, secretary-treasurer, of the First National Bank, Seymour. Seymour was named the host city to the annual meeting next year.

Attending from Munday were W. E. Braly, Jim McDonald, C. H. Smith, and M. L. Wiggins.

Former Resident is Here
Mr. Gage, who formerly lived here, was a visitor in the city last week end. He moved to Altus, Oklahoma in 1917.

45 Candidates Filed for State Office Up to Last Saturday Evening

45 Candidates had filed for State offices and placed their applications for a listing on the Democratic Primary ballot, up to last Saturday night.

Two more were expected to file Monday of this week, the deadline, but the Times was unable to learn of any other filings besides the ones listed below:

The following names will appear on the state ballot for the voters' OK:
FOR GOVERNOR:
S. T. Brogdon of Stephenville
Joseph King of Houston, R. F. D.

Munday Lions Are Hosts to Visiting Anson Lions Club

At the weekly luncheon of the Munday Lions Club Wednesday noon at the Terry Hotel banquet room, the club palyed hosts to nine members of the Anson Lions club.

Following the Luncheon a short business meeting conducted by Lion President Rip Davenport heard a report on the summer recreation for children of Munday, which has already been approved by the club.

Lion Gilbert Smith, immediate past president of the Anson club was introduced by Lion Grady Roberts, who in turn introduced the visiting Lions.

Talks were heard by the President-elect of the visiting club and by the District Governor-elect, who is also a member of the Anson club.

At the end of the hour, Lion Smith presented to the club a Lion mounted on a granite base, which was made by the Carthage, Mo., Lions Club and started on a "goodwill" tour of all Lions club in the states. In presenting the "Lion" to the local president, Lion Smith charged him to continue the unbroken travel of the Lion.

Other visitors were Gene Harrell, son of Lion E. W. Harrell, and W. R. Moore, Jr., son of W. R. Moore, Sr., Lion Tailtwister.

Ernest O. Thompson of Amarillo
Clarence E. Farmer of Fort Worth
William McCraw of Dallas
Karl Crowley of Fort Worth
Tom Hunter of Wichita Falls
P. D. Renfro of Beaumont
W. Lee O'Daniel of Fort Worth
James A. Ferguson of Belton
Vernest O. Thompson of Dallas
Thos. Self of Crockett
FOR LIEUTENANT GOVERNOR:
Coke R. Stevenson of Junction

GIST Of Today's News

Cash Boy Found Infantile Cure Wage-Hour Fight Straw Balloting Aerial Attacks

MIAMI—J. Edgar Hoover, director of the Federal Bureau of Investigation, announced early today the body of kidnaped five-year-old Jimmy Cash had been found and that a suspect was being held.

Franklin Pierce McCall, 21, confessed to writing the ransom notes and collecting the \$10,000 ransom money, all of which was recovered.

The body was found during the night one-half mile west of Princeton, home of McCall. The youth was taken from bed in his home May 28.

CHICAGO—Two scientists, who a year ago announced a potential protector against infantile paralysis, in a zinc sulfate solution, warned today that further investigation convinced them that it robbed humans of the sense of smell. They are continuing their experiments.

WASHINGTON—The Northern senators were at wits end Thursday in their fight against the southern solons on the wage-hour bill pending in that house.

The battle between the two sectors is keeping the adjournment date of congress uncertain.

AUSTIN, Texas—According to a "guessing ballot," based on a state vote of 1,000,000 votes, William McCraw will lead the democratic ticket for the governorship of Texas. However, his plurality over "The Fighting Mayor," Ernest O. Thompson of Amarillo, was less than 50,000. Hunter was third and O'Daniel fourth.

The next race which is in a prominent spot of the public eye, showed that Walter Woodul would lead the ticket for Attorney general, with Gerald C. Mann and Yarbrough fighting for the other run-off position. However, it was pointed out that Mann was gaining strength faster than probably any other candidate running for state office.

CANTON—Chinese were pouring out of Canton following terrific bombardments by Japanese air squadrons. To date over 6,000 casualties have been reported from the beleaguered city.

Reeves Burton Co. Improves Offices And Display Room

The Reeves-Burton Motor Company of this city, dealers for Dodge and Plymouth motor cars, have remodeled their show room and moved their offices to the back of the room.

The floor space of the show room has been made larger and will better display new models shown by the firm. Office space has been enlarged by moving it to the back of the show room, giving a much neater appearance to the agency.

Goree Church of Christ Will Open Revival June 21

A series of gospel sermons will be heard at the Goree Church of Christ beginning June 21st and running until July 3rd, according to word received here.

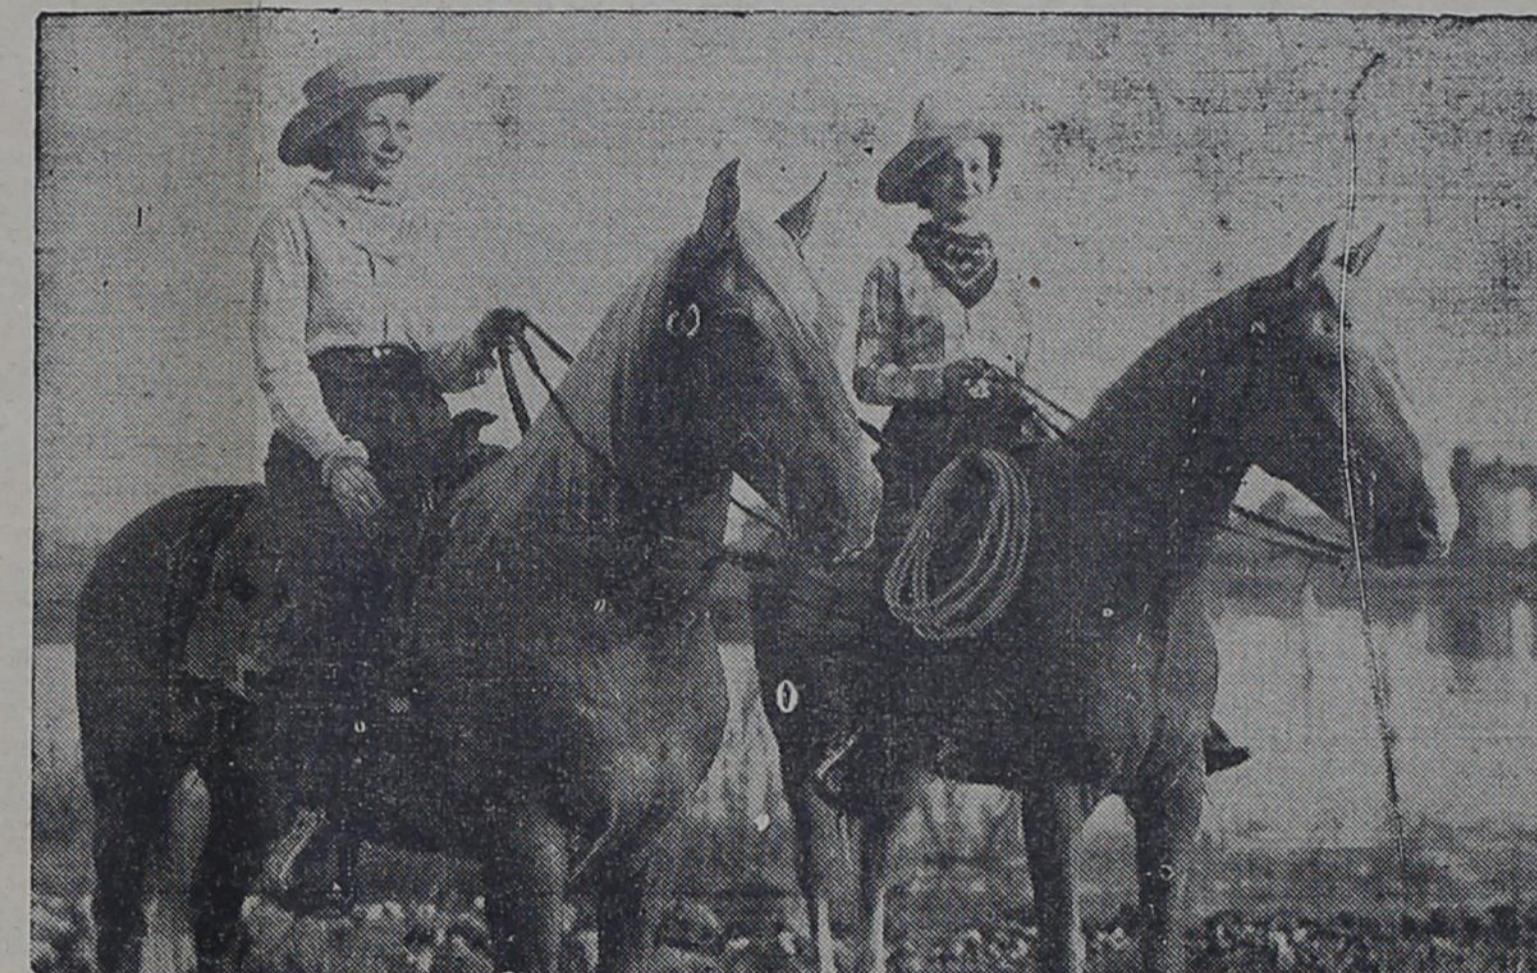

The gospel discourses will be delivered by Evangelist Frank Traylor, Minister of the Rotan Church of Christ, and the opening service will be at 8 o'clock.

Song service will be under direction of S. T. Easley of Munday.

Basses to Denton
Supt. and Mrs. J. H. Bass have left for Denton, Texas, where he will be an instructor in the North Texas State Teachers College for the ensuing six week period. Their address is 1211 West Sycamore, Denton, Texas.

Visiting Here
Mrs. R. A. Clements, sister of Mrs. Dave Eiland is visiting with the Eiland family. Mrs. Clements is from Wheelock, Texas.

COWGIRL SPONSORS PREPARING FOR COWBOY REUNION

Preparations for entertaining 60 or more cowgirl sponsors who will represent their respective cities at the Texas Cowboy Reunion at Stamford, July 4, 5 and 6, are being supervised by

Mrs. Charles Markham (left), official Reunion hostess, and Miss Mildred Hood, (right), Stamford sponsor. Sponsors already announced include Miss Lois West, South Pasadena, Calif.; Miss Bil-

lie Jo Wilson, Tulsa, Okla.; Miss Virginia Wood, Stephenville; Miss Loraine Cleveland, Hamilton; Miss Margie Parrott, Throckmorton; Mrs. Travis Hayes, Santa Anna.

Summer Recreation is Assured City's Youth

Grain Harvest is Delayed by Rains Of Last Two Days

Rainfall during the past few days in the Munday area put a halt to the harvesting of grain crops and threw farmers further behind in their spring farming activities.

The grain harvest is just getting into a heavy production swing when showers Wednesday night put a complete halt to threshing and combining.

The two rains and light showers brought the total rainfall for this week up to .97 inches according to H. P. Hill, weather statistician. Total rainfall for the year was boosted to 16.24 by the precipitation, compared to 7.02 inches for the same period a year ago.

High for the past week was 98, Tuesday, two degrees lower than the high of last week which reached 100 two days.

To Hold Judging Contest for 4-H Girls June 22nd

The Knox County judging contest for 4-H girls in home canning will be held in Benjamin Wednesday, June 22, Miss Nina Astin, county home demonstration agent, reported this week.

Miss Astin is now conducting contests in the six 4-H clubs to determine the local club winners who will compete for the county title. The winner of the county contest will be awarded and all-expense paid trip to College Station July 6, 7 and 8, date of the short course for 4-H girls this year.

First, second and third place winners in each of the clubs will compete for the right to represent Knox county. Gilliland and Vera winners have already been determined.

Miss Leota Patterson, Miss Smith and Miss Lorene Hughes won first, second and third places respectively in the Vera club contest. Prizes were given the three girls by Miss Astin.

Club contests will be held in Benjamin June 13, Sunset June 14, Truscott June 16 and Goree June 20th.

Atkeison Grocery Constructing New Awning This Week

The Atkeison Food Store this week was constructing an awning over the two doors to their large grocery store, Dick Atkeison, manager announced.

The awning, which does not cover the full 50-foot front of the building, will give added protection to customers in adverse weather conditions in going from their cars into the building.

R. C. Spinks, formerly employed in this city was visiting here Monday from Vera.

LIONS CLUB TO COOPERATE WITH MUNDAY C. of C.

L. M. Palmer Is Approved As Director

At a meeting of the board of directors of the Munday Chamber of Commerce in the directors room of the First National Bank building Monday afternoon action was taken on three important civic programs.

The plan advanced and approved by the Munday Lions Club to have summer recreation for the "kiddies" of this city under a paid supervisor was approved and will be co-sponsored by the organization. W. V. Tiner, chairman of the C. of C. committee, reported from his committee on the plan to the directors.

The Lions club had already gone on record 100 percent as favoring doubling of dues to pay for the supervisor. Mr. L. M. Palmer, elementary school principal, has been approved as director of the program by both organizations.

The program will run through the vacation period and the Munday P.T.A. will buy equipment for the playground.

An attempt will be made by the Chamber of Commerce to secure a WPA project for the city of Munday, and a drainage system to care for the waters that flood the streets after big rains, was the most popular among members to secure for the city. A WPA engineer will be summoned to the city to assist in securing and making plans for some type of project.

The third civic enterprise considered was the possibility of organizing a high school band, which will be started within two weeks.

THINK!

Any citizen that wishes to cooperate in the worthwhile program of summer recreation for the "Kiddies" of this city, sponsored by the Munday Lions Club and the Munday Chamber of Commerce, is asked to see any member of the two organizations for information.

As W. V. Tiner, chairman of the C. of C. committee stated, "If we can pay for an extra man on the police force to put people in jail in the fall, we can pay for a man to keep children out of jail in the summer." Think it over and contribute to this program. See Wade Mahan, Lion secretary, or Mrs. Louise Ingram, C. of C. secretary.

Leaves for Visit
Mrs. Eva Belrose left Wednesday morning for Sulphur Springs, where she will visit in the home of Mrs. M. A. Montgomery.

MUNDAY SECTOR HAS GREATEST CROP IN YEARS

Insects Moving From Grains to Young Crops Now

'HOPPER POISON AND BRAN FREE

County Agent Rice Warns Against Stock Loss

The grasshopper infestation of Knox county this week became alarming and were threatening to wholly destroy many acres of young crops, with cotton in for the worst of the damage, if preventative measures are not started immediately by the entire county. W. W. Rice, county agent, reported Tuesday.

It is conservatively estimated that the hoppers have destroyed at least 2,000 acres of young crops in the county to date, and the insects are just beginning their heaviest depredations.

Rice is urging farmers to take advantage of the free poison and bran that is offered them by the federal government to combat the destructive insects.

The poison and bran are mixed at Benjamin, with the county furnishing cottonseed hulls to increase the quantity of the poison. Farmers are asked to purchase two gallons of syrup to use in every 100 pounds of the poison, as it attracts the hoppers in greater numbers. The mixture must be mixed before the farmer is allowed to take it from the office.

Rice also warned farmers to broadcast the poison over the fields, and by all means not put it in piles, as it is fatal to livestock if they eat large quantities of the poison. Small portions of the poison is not fatal to livestock, and he issued the warning as four fine milk cows have died from eating the poison.

The infestations are the worst in the Munday area that they have been in years, and in the western edge of the county they have stripped mesquite trees and are spreading into nearby crop lands. Crops near pastures is suffering heaviest. In many instances, the hoppers are drifting from fields of combined oats and wheat to young crops.

SLAUGHTER TO HEAD AAA FOR STATE PROGRAM

Secretary Agriculture Wallace Names Committees

The membership of the Texas Agricultural Conservation Committee and Advisory Board, which represents Texas farmers and ranchmen in their dealings with the AAA program, has been announced by Secretary of Agriculture H. A. Wallace, according to word received by E. N. Holmgreen, administrative officer in charge of the state AAA office at Texas A. & M. College.

The committee and advisory board will consist of C. L. Thomas, Pampa; V. L. Cade, Slaton; J. H. Watson, New Castle; B. B. Ingle, Grandview; Donald L. Cothran, Caviness; Howard T. Kingsbery, Santa Anna; F. B. Seale, Benchley; John Weatherly, Appleby; R. M. Korth, Electo; Geo. Slaughter, Wharton; A. E. Gates, Laredo and H. H. Williamson, director of the Texas Extension Service.

Slaughter will serve as chairman of the committee. Every type and class of farming and ranching has representation on this board, Holmgreen pointed out.

The committee, as in the past, will hold regular meeting at A. & M. College during the third week of each month, and also will be subject to called meetings.

As in 1937, the Wednesday after the third Monday of each month has been set aside to hear farmers and ranchmen who may wish to meet with the committee to state special cases or conditions.

Miss McCarty Home
Miss Pauline McCarty, daughter of Mr. and Mrs. W. W. McCarty of this city, returned to her home here last week end with her parents from Lubbock, Texas, where she has been attending Texas Tech college.

Rep. Tennyson in Talk to Citizens Of City Saturday

Representative Charles H. Tennyson of Wichita County who is a candidate for State Senator from the 23rd Senatorial District, of which Knox County is a part, spoke here last Saturday at 4:30 in the interest of his campaign. He was accompanied by Dr. Wallace J. Masters, formerly of Knox City. Mr. Tennyson spoke at Knox City at night.

Mr. Tennyson outlined his record as a member of the Texas House for the past six years pointing out that he was now chairman of the important Committee on Education in the House, a committee that handled more than 12 per cent of the total number of measures introduced at the last regular session of the legislature. He told of many measures which he had sponsored to provide better educational opportunities for the boys and girls of the rural communities of Texas.

He pleaded for fair play for the farmers and stockmen. He pointed out that he has always voted and worked for measures in the interest of the farmer and stockman, and declared that the only way to bring prosperity to Texas was to bring prosperity to the Texas farmer.

He declared for more business-like methods in our state government, and demanded that the legislature and all branches of the government of the state give a dollars worth of good for every dollar of the taxpayers' money spent.

Eiland Installed Air-Conditioning System This Week

This week the Eilands Drug Store was added to the fast growing list of Munday business firms that have installed air-conditioning this spring.

A washed air conditioner will be installed and working by this week end, Leland Hannah, manager, believed.

The back display cases and giased shelving has been walled up to the ceiling and will make the air conditioning much cooler.

Munday Youth is New Member Texas Safety Department

C. O. Lawne, son of Mrs. Addie Layne of this city, graduated from the State Public Safety Department at Camp Mabry, Austin, recently and last week end visited his mother and friends here.

Mr. Layne and wife left for Amarillo, Texas, Monday, where he will be stationed by the state department.

Attend Meeting
Mrs. Addie Layne, superintendent of the Munday Sewing Room, and Miss Juanita Jones, staff member, attended the area meeting of superintendents and time keepers at Seymour last Thursday night.

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

ADVANTAGE OF THE FHA TO HOME BUILDERS

TO the family head of moderate means the Federal Housing Act offers liberal opportunities for building a homestead. In the event a person already owns his home, the FHA also gives him a chance to modernize and improve the structure on a long-term plan with a low rate of interest.

There is a decided shortage of modern rental and apartment houses in Munday. Within the city there is a large number of couples and families that would appreciate better apartments and other living conditions at a reasonable cost, which they would gladly pay if they felt that value received was equal to the price they asked. On the whole, tenants are forced to pay a large portion of their incomes for rent and do not have the modern facilities that should be available to those who appreciate decent living quarters. This results in families paying more than they can afford in order to obtain respectable housing facilities.

Transients who come here to stay for a period of from three to six or perhaps nine months, are faced with the disadvantage of not having adequate and modern apartments and houses. Most of these are willing to pay the price but the facilities simply do not exist in the city, generally speaking.

With the FHA Munday could well afford a substantial building program during the next twelve months. Not only should the home owner consider the advantages offered in improving his home, but profitable investments could be realized in building rental property and in remodeling houses into modern apartments.

The FHA program extends liberal offerings to the man who has a stipulated income, or permanent employment. The act could provide an opportunity that this class of person should not overlook. Every man with a family should own a home. His first obligation is to provide his family with a home, not so much as a matter of investment but in the satisfaction to be derived therefrom.

Another thing to be considered is the fact that a great deal of labor could be employed, and trades people and supply houses would benefit from the money spent, through the FHA and paid back over a long period of time, if desired, in building or remodeling every single residence.

The opportunity now exists and should not be overlooked by those who have been seeking some means of just such an undertaking without requiring much capital to complete the job in a modern and satisfactory way.

For detailed information you are referred to the office of Chester Borden, in the First National Bank building or the Musser Lumber Co.

SO—You Have the Jitters

Read this message to the end—don't skip a word.

"It is a gloomy moment in history. Not for many years—not for a lifetime of most who read this—has there been so much grave and deep apprehension; never has the future seemed so incalculable as at this time. In our own country there is universal commercial prostration and panic, and thousands of our poorest citizens are turned out against the approaching winter without employment, and without prospect of it.

"In France the political cauldron seethes and bubbles with uncertainty; Russia hangs, as usual, like a cloud, dark and silent upon the horizon of Europe; while all the energies, resources and influence of the British Empire is sorely tried, and are yet to be tried more sorely, in coping with the vast and deadly disturbed relations in China.

"It is a solemn moment, and no man can feel indifferent, which happily, no man pretends to feel in the issue of events.

"Of our own troubles (in the U.S.A.) no man can see the end. They are, unfortunately, as yet mainly commercial; and if we are only to lose money and by painful poverty to be taught wisdom—the wisdom of honor, of faith, of sympathy and of charity—no man need seriously despair. And yet, the very haste to be rich, which is the occasion of this wide spread calamity, has also tended to destroy the moral forces with which we are to resist and subdue the calamity."

That quotation is 81 years old. It appeared in Harper's Weekly, Oct. 10, 1857. Amazed? Why? The leaves turn green every spring. The small streams rush to the sea. History makes carbon copies of itself.

There's nothing new about the jitters. People have had them and will recover again. Knowing that your fear is not original is one of the best ways to get rid of it.

Court Adjourns

PROBLEM OF PROCEDURE

NLRB recently told Republic Steel to reinstate 5,000 strikers.

Then, the Supreme Court objected to the way the U.S. agriculture department had proceeded in a Kansas City stockyards case. Commission merchants involved had not been given a fair hearing, the court thought.

So, when the court met this week the government sought (1) reconsideration of the stockyards case, and (2) permission for the NLRB to back up and possibly proceed differently in the Republic Steel case.

The court refused to reconsider the stockyards case, holding that decision to be consistent with previous rulings despite assertions to the contrary by Secretary Wallace.

And the court ruled that NLRB could withdraw in the Re-

public Steel case, despite the Philadelphia circuit court's refusal to let the board do so previously.

NLRB then indicated it would renew efforts to reopen a case against the Ford Motor Co., too.

And Secretary Wallace announced he would reopen proceedings in the Kansas City stockyards controversy.

LOOKING BACK

Having disposed of 1,012 cases in an eight-month term (compared with 942 a year ago), the Supreme Court adjourned Tuesday.

Chief Justice Hughes did not dissent once during the term just ended. Justice McReynolds dissented 28 times, Justice Butler 21 times and Justice Black 16 times.

Black was the only dissenter in 12 cases, thereby attracting considerable attention. One case, involving the radio "patent pool"

in which Black alone disagreed with the majority, will be reconsidered by the court this fall. President Roosevelt, on the day the court adjourned, signed a bill authorizing 20 more judges for federal courts (but none for the Supreme Court).

Home From Abilene

Ted Longino, son of Rev. and Mrs. H. A. Longino, returned to his home here last week from Abilene where he has been a student at McMurry College.

Home For Summer

Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden returned from Hardin-Simmons University, Abilene, last week for the summer holidays.

Visiting Daughter Here

Mrs. L. A. Hunt, Wellington, accompanied her daughter, Mrs. Wade Mahan back to her home here Saturday afternoon and will visit in the Mahan home for a few days.

BIBLE THOUGHT

For everyone that asketh receiveth; and everyone that seeketh findeth; and to everyone that knocketh, it shall be opened.—Matthew 7:8.

SENATOR LEE'S WAR BILL

A victory of national consequence was won by Senator Josh Lee (D., Okla.) last week when the Senate Committee on Military Affairs voted unanimous approval of his bill E. 2911, to "Draft the use of money as well as manpower in time of war."

Lee's bill providing for a systematic method of allotting to each person, on the basis of his net wealth the amount which he will be required to lend to the government through the purchase of government bonds, during wartime. These bonds, similar to the Liberty Bonds of the last war, run for fifty years, at 1 per cent interest and will not be tax exempt.

The youthful, war-hating senator successfully piloted his bill through a sub-committee hearing which extended over a period of several weeks, and then through the whole committee, over the objections of the War, Navy and Treasury Departments.

In his statement to the Military Affairs Committee Senator Lee said, "I ask for support for this bill, first, because it will increase our national defense by placing financial resources at the disposal of the government in time of war; second, it will promote peace by removing the war profits incentive; and last, it will equalize the burdens of war."

The Oklahoma Senator also stated that according to estimates based on the cost of the World War the average small business man, farmer, and wage earner would not be required to lend more than one or two per cent of his net wealth, should this country be drawn into another conflict.

COMMUNITY COOPERATION

An editorial in "East Texas" regarding the case of Manchester, N.H., offers food for thought locally, as well as in other communities. When the Amoskeag textile plant failed in Manchester, and threw 16,000 people out of work, business men raised five million dollars, bought the huge plant, subdivided it into factory sites, secured a score of new industries, put six thousand people back to work and saved the town. This is a great example of community cooperation and achievement. We are not urging a big money raising drive in Somerville, but we are urging that local business men and others patronize the Santa Fe when possible. This is the least that we can do to keep the wheels of our local payroll turning.—Somerville Tribune.

Why is it that the average person can distinctly hear the clock tick across the room, yet can't hear the radio unless it's turned up to the hog calling volume?—Washington Post.

James Sherwood of St. Louis promised a police magistrate not to quarrel with his wife unless his "mother-in-law poked her nose into his business."

A manicure set was among the belongings of a tramp arrested in New York City.

An executive is a fellow who goes out and finds work . . . and then finds somebody who is willing to pay for having it done. Then he hires somebody to do it. And that, friends, is also a pretty good definition of work.

BUSINESS THOUGHT

Every manifestation of hostility toward honest men who acquire wealth by honest means should be crushed.—Theodore Roosevelt.

LISTEN TO THIS

By TOM FIZDALE

Between the ukulele, the camera and her surrealistic painting, Gracie Allen manages to keep rather busy for a gal who is supposed to be slightly on the dumb side, capable of grasping only one thing at a time.

Being the network zanie she is, no one probably ever suspected Gracie could be serious long enough to play the uke, much less draw pictures with such titles as "Dogs Gather on Street Corner to Watch Men Fight" and "Eyes Adrift as Sardines Wrench at Your Heartstrings"—and maybe she wasn't serious. But the paintings have drawn great crowds when exhibited in Hollywood and Chicago and are now scheduled for a New York showing. Anyway, Gracie must have had fun doing them.

Billie DeVore

That "Attorney at Law" daily drama starring Jim Ameche and Frances Carlon, with Dolores Gillen, Connie Osgood and other radio stars featured in the cast, is so popular it has been moved on an afternoon spot on the NBC-Blue network. Now heard at 1 p. m., C. S. T., daily. Makes a great afternoon radio fare as it follows the popular "Betty and Bob," "Arnold Grimm's Daughter," "Valiant Lady" and "Hymns of All Churches" on NBC.

Richard Himber, maestro of the CBS "Monday Night Show," has stirred up plenty of melody and laurels for his thirty years. Plenty of brains behind his skyrocketing to fame . . . Speaking of fame—those DeVore Sisters on "Vocal Varieties" via NBC are due for plenty of it. Critics hail them as the best sister team on the air.

Fred Waring and his Pennsylvanians, long absent from the airwaves, return early next fall in a series of weekly half hour programs . . . Year's contract reported to call for a \$10,000 weekly paycheck . . . Norris "Abner" Goff of "Lum and Abner," has just bought a six-hole golf course which adjoined his property in Hollywood.

Richard Himber

Joan Blaine, "Valiant Lady" serial star, is mulling over two Broadway stage offers . . . Bob Burns is laying away his baroque for a vacation from the Bing Crosby show . . . Crosby himself rests for eight weeks this summer when the same Robin Burns will be in charge of the Thursday night Music Hall proceedings . . . Likewise, Edgar Bergen will be tucking Charley McCarthy away in the suitcase Charley calls home ere long for a two weeks' rest from microphones. Don't be surprised if W. C. Fields chooses that particular time to sneak back to the coffee program while the "little nipper" is in his satchel.

Lola Hutchinson, 16-year-old singer from Wichita, Kansas, who made her first radio appearance on NBC networks a few weeks ago, already has been tagged a comer . . . The Friday night "Song Shop" on CBS is scheduled to fade June 10 . . . Benny Goodman is studying European-bound boat sailings . . . The Monday "Radio Theater" shutters its doors July 11 for a summer lull, reopening Sept. 11 . . . Linda Lee, de-jovely Ripley warbler, is homesick for New-leans . . . Jan Garber, who checks off Burns & Allen, July 4, may be featured in his own program, "What Do You Know About Movies?" . . . Walter King, Eddie Cantor's announcer, has scored as a singer on the show . . . Jim (Fibber McGee) Jordan plenty proud of daughter, Kathryn, high-school grad this month.

HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

Taken from the files of the Munday Times, May 12, 1927.

The Beavers No. 1 drilling rig two and one-half miles north of Benjamin caught fire from the forge and burned Wednesday morning, May 11. Damage was estimated at \$20,000 by officials of the drilling company.

Rev. P. D. O'Brien, pastor of the First Baptist Church delivered the baccalaureate sermon at Gillespie and for the Moran public schools during graduation exercises.

Approximately 80 automobiles filled with Munday citizens motored to Vera where they enjoyed a luncheon in the shade of the trees at the school building and after the feed attended a chataqua.

The Texas Company moved in rigging this week to start drilling operations on a wildcat test near the city in section No. 115. It was also reported that the Humble No. 1 Goode had encountered a strong gas formation at its test.

A heavy rain and much hail that caused considerable damage visited the Munday area during the week of May 12.

"A Family Disturbance" was presented by the 1927 senior class for their annual play at the city auditorium. Cast included Stanley McCarty, Kate Ledbetter, Lois Wyche, Lillian Milam, Nolley Farrington, Oneita Blanton, Chas. McClouthin, Conway McKenzie, Chase Eiland and Jim Tolson.

The McMurry band of McMurry college Abilene presented a band concert on the streets of Munday Saturday.

Returns from School W. R. Moore, Jr., son of Mr. and Mrs. W. R. Moore, returned last week end from College Station where he completed his first years work as a college student. He accompanied Mr. and Mrs. W. H. Chapman from Houston.

Sied Waheed was in Seagraves, last week on business and visiting friends.

War Its Thousands Slays; Peace Its Ten Thousands

1923	18,031
1924	19,223
1925	21,628
1926	23,264
1927	25,533
1928	27,618
1929	30,858
1930	32,540
1931	33,346
1932	29,196
1933	31,078

1935	36,023
1936	37,500
1937	40,300

Our nation has engaged in six major wars since its birth in 1776. In total, these wars extended over a period of about fifteen years. The number of American soldiers killed in action or died of wounds during these fifteen years of war was 244,357.

Now look at our fifteen-year peace-time record of death on the highways, recently released by The Travelers Insurance Company:

Grand Total . . . 441,912
Fifteen years of war, 244,357
casualties; fifteen years of peace, 441,912 traffic deaths!

In war, our soldiers fought and died for a purpose. But what purpose can there be in the killing of these hundreds of thousands on the highways?

English Child Refuses Stardom

Mauri Lehane

CHRISTOPHER LEHANE, an obscure English schoolmaster, has declined the offer of an American film company to star his blonde five-year-old daughter, Mauri, in motion pictures.

The proffer of stardom for little Mauri came after her picture had appeared on the cover of the June issue of Good Housekeeping Magazine. Mr. Jack Warner, head of the Warner Bros. Studios, saw the cover and decided that the child was the "new Shirley Temple" he needed for the principal role in a new film.

The aid of the artist, Jacques Gaffron, famed Scottish painter, was enlisted and the baby located in her modest home in provincial England.

When a talent scout from Warner's London office arrived at Mauri's home he found her sick in bed with chicken pox. Informed of the refusal of the girl's parents to permit her to enter pictures, Mr. Warner said, "I did not know the little girl was English. I would rather have an American child, anyway, so we will simply find another girl that looks like the magazine cover and she will serve as well as the original model."

HOME EDUCATION

"The Child's First School is the Family"

By Dr. James E. Pope

REMEMBERING BIRTHDAYS

Six-year-old Tommy counted the pennies, nickels and mise spread on the floor. "Fifty cents!" he announced at last.

"I've got money too!" beamed his four-year-old sister Mary, clutching coins from her money-box.

"Quick, hide them! Here comes Mother!" Tommy sat on his.

But it turned out that the sound along the hall was made by Father. "We want to buy Mother a birthday present." Both children dropped their savings into his hand.

"Sh, not so loud!" he said, smiling, as he softly shut the door. Then he settled into an armchair and took his little daughter on his knee. "Yes, you can buy a nice present with that."

"Buy Mother a dolly's tea-set," piped Mary.

"Mother doesn't want that!" scoffed Tommy, hands deep in the pockets of his short trousers.

"What does Mother like very much herself?" asked Father.

Several things were thought of before Tommy thought of "pretty cups to put in her china closet."

"Would you like to see what I have for Mother's birthday?" asked the man. "Can you keep a secret—until tomorrow?"

They were both sure they could. He drew a small box from his pocket and showed them a beautiful little wrist watch.

"That's just what she wants! I heard her say so!" remarked Tommy, as he examined the lovely gift.

"Now you two run down to the store and buy the cup and saucer."

I'll keep Mother safe until you come back."

"We're going to give mother her breakfast in bed tomorrow," Tommy whispered aglow, and they were off, hopping and skipping with delight.

Birthdays are too wonderful to lose sight of—in childhood years, at any rate. It is easy enough for youngsters to look forward to their own birthdays, and they can be taught to enjoy making another happy on his festive day.

But when the family income does not quite cover daily needs birthdays sometime seem like nightmares—that present that must be bought! "Make presents," someone suggests. Good advice, if strength and time are not already overtaxed.

But it's wonderful what little things make a birthday happy. In one family the birthday child is allowed to choose the pudding for dinner. Surprising the fun there is in this! An especially hearty birthday hug from Mother is another looked for event. A home-made cake, with such simple things as a penny, thimble and glass marble or china doll, wrapped in wax paper and hidden from sight, brings unforgettable delight.

Some special notice from every member of the family enriches the day. Brother does Sister's chores, and the compliment is returned on Brother's birthday. It's the loving thought that make the day memorable. Birthdays are well worth while.

CHURCH NEWS

METHODIST CHURCH

Next Sunday, June 12th, is Layman's Day. This is a day annually observed and the morning services are conducted by the Laity of the church. Our lay speaker for 11 a.m., Sunday is Mr. Emory Meneffe, of Haskell. He comes to us highly recommended. A number of our men are going to adjacent communities to speak so with some of our faithful members gone we will appreciate those who remain in town making a special effort to attend this service.

The evening services for the summer will be held at 6:30 p.m., and when the weather will permit, they will be held on the lawn just east of the church. Seats will be provided and these vesper services should be very interesting.

We always appreciate having visitors in our congregation. If in the community for a short time we will be delighted to have you drop in for one service or make this your church home while with us.

"No man is the whole of himself; his friends are the rest of him."

H. A. LONGINO, Pastor

PRIMITIVE BAPTIST CHURCH

Services held the second Saturday and second Sunday of each month at the church seven miles northwest of Munday.

Preaching Saturday morning.

Song services start at 10 o'clock Sunday morning and preaching service starts at 11 o'clock.

Dinner will be served on the ground each Sunday during the remainder of the summer months.

R. V. SORRELS, Pastor

My concern is not whether God is on our side; my great concern is to be on God's side.—Abraham Lincoln.

CASH INCOME OF FARMS DECLINED

Total Income Nearly \$21,000,000

AUSTIN—Cash income from the sale of crops, livestock, and livestock products in Texas during April was sharply below that of the preceding month and the corresponding month last year, according to Dr. F. A. Buechel, assistant director of the Bureau of Business Research, University of Texas. The April index for the State also indicated a substantial decline when compared with the base period, 1928-32.

Sharp declines in April in comparison with the month before and the like month last year are especially noticeable in the crop reporting districts of the High Plains the Permian Plains and North Central Texas.

Total farm cash income for the State as computed by the Bureau was \$20,921,000 in April, compared with \$16,434,000 in March, and \$27,370,000 in April last year. The average April farm cash income during the base period 1928-32 was \$26,076,000.

Visiting Mother
Mrs. Pitzer Baker and sons, Charles and Kenneth, were taken to Floydada last Friday by Mr. Baker, where they will spend a week visiting in the home of Mrs. Baker's mother, Mrs. E. C. Henry.

Visiting Daughter
Mr. and Mrs. C. S. Ameen and son, Ray of Sagraves, Texas, visited in the home of their daughter, Mrs. Sied Waheed and Mr. Waheed and family last week end. Ray is remaining here for a longer visit.

Rules For The Vacationist Who Will Motor

- State Police Release:
- With vacation time approaching for thousands of Texans, state police today issued rules for highway travelers to follow in order to lower summer traffic casualties.
- In outlining the rules, officials of the safety department warned that many vacation itineraries demand hurried trips which often end in disaster. The rules are:
1. Get plenty of sleep and travel only reasonable distances each day.
 2. Check your car for mechanical defects and use tires that are in good condition.
 3. Never park on highways where your car will interfere with traffic movements.
 4. Drive slowly enough that your car is always under control, as speed increases the severity of accidents. Pass other vehicles only when there is plenty of clearance and, when not passing, keep to the right.
 5. Keep your drivers license with you.
 6. Do not pick up hitchhikers.

Start Another WPA Project at Crowell Wednesday

CROWELL—A \$5,000 WPA project for ground improvement of the Crowell school campus was completed last week end. Two clay tennis courts, topped with clay, about 8,000 feet of brick sidewalk, a ten foot flower bed circling the gymnasium, a large underground cistern, 100 feet in diameter, and 20 feet deep with brick and mortar walls, included part of the ground improvement.

Wednesday of this week another WPA project was started, sponsored by the city for a large beautiful city park. 60 men were employed on the school project and the same number will work on the park.

Remember that to change thy mind and to follow him that sets thee right, is to be none the less a free agent.—Marcus Aurelius.

HEFNER H.D. CLUB MET IN HOLDER HOME

The Hefner Home Demonstration Club met in the home of Mrs. Ben Holder, Tuesday afternoon, with Miss Nina Astin giving a demonstration on "Water Problems in the Home."

During the course of the meeting Mrs. Howard Barnett, who was chosen as delegate to the annual short course held in Denton recently, gave a report of the meeting to the club members.

The members judged sponge cakes which were displayed during the meeting.

In her demonstration, Miss Astin pointed out the advantage of the farmhouse kitchen by having water in the home, instead of out of the home, as is the case in so many homes. "Women should have as efficient tools and equipment to perform their kitchen duties as the men should have improved tools to perform farm work," Miss Astin stated.

It was cited that the average housewife who does not have water in the home carries 40 tons of water, travels 57 to 125 miles and spends thirty days doing it, in a year's time. Another important phase in having water in the home, that is of utmost importance, is sanitation, Miss Astin said.

Following the close of the meeting, the ladies were served pieces of the sponge cake that was judged, and punch. Seventeen members and guests were present for the meeting.

MULLICAN AND BLACKARD VOWS READ SUNDAY

Miss Mozelle Mullican, daughter of Mr. and Mrs. C. H. Mullican, of this city, became the bride of Mr. Tyrus Blackard, grandson of Judge Bryan, on Sunday, June 5, at the home of Rev. R. N. Huckabee, pastor of the First Methodist Church in Haskell, who read the vows.

Miss Mullican was a member of the graduating class of 1938 of the Munday High school.

Mr. Blackard is now employed by the Lone Star Gas company.

The young couple was accompanied by a few close friends and relatives.

Immediately upon their return home they were honored with a reception in the Mullican home.

Mr. and Mrs. Blackard will be at home at the Sessions Apartments to their friends.

Visiting Aunt

Miss Jo Ann Blanton, daughter of Mrs. Bernice Blanton of Austin, Texas, is visiting in the home of her aunt, Mrs. A. U. Hathaway, and Mr. Hothaway.

PEEP SHOW

FOR LADIES ONLY
 —BY—
 MIGNON

I walk to singing Nature Drums
 Above a sleeping town
 Where Hills roll unperturbably
 And quiet skies come down
 To meet a golden sea of wheat
 Whose tides, held by the moon,
 Sway silently and rhythmically
 Like shadows dance at noon.

A ride in the moonlight, the night before harvest, was like a beautiful prelude to a great organ classic. Our little town is hugged by a great field of wheat, ripe now, ready for tomorrow's new note—the combine whirrs and the sun soaked land gives up its yield. The good earth is ours. We plant, we plow, we harvest and whether our bins are filled or whether our cup of bitterness overflows from a year's toil wiped out in a night by hail, the ravenous hoppers or the drought, we keep at it. There is always another year and always the good earth.

SHHH

We talk about our husbands
 Oh how their ears must burn
 But just between us gals, I think
 There's not one gives a dern.

Speaking of husbands reminds me of a clipping which is too good not to pass on:

Fifty years ago people boiled coffee and settled it with an egg. Ladies rode sidesaddle. When a preacher said a truth, the people said amen. Neighbors asked about your family and meant it. Folks used toothpicks and were still polite. The neighbors got fresh liver at hog killing time, and men made the same wife do a life-time.—Mrs. Franklin Mayes, Kentucky.

Are we proud of our Dora Aydelotte, that writer of best selling

Oklahoma novels the latest of which is "Trumpets Calling," besides being honored by every writing club, and most of the organizations of the state with lovely teas and parties here at home, we learn that she has been awarded the scholarship from the McDowell Colony at Petersburg, N.H., for summer study. There's no one more deserving that Miss Aydelotte nor no one who has more capacity for appreciation than she has. Here's a big bet that she comes home with a Pulitzer prize winner tucked under her arm.

One of my gal friends sojourning in a Texas hospital has dropped a few stitches but seems to have picked up some priceless experience. For instance she warns... "a woman should hold on to her youth, but not when he is driving" ... She goes on further to ask if we'd heard of the little Scotch boy who quit school because he had to PAY attention? Or had we heard of the stuttering painter who painted CCC Camp all over the country?

Snipping over the exchanges this week, I came across an item in the Brownwood Banner, Brownwood, Texas, which made my heart skip several beats... it was the story concerning the graduation exercises of my own Alma Mater, Daniel Baker, and the item was this:

"Miss Sue McClellan was valedictorian of the graduating class. Miss McClellan is the first granddaughter of the founder of the college, Dr. B. T. McClelland."

It took me back to another June morning in an old native stone building where the ivy crawled unmolested around the spires and turrets of the old main building

which Sue's grandfather helped to build with his own hands... It reminded me of the sweet-faced saint who sat there with folded hands as some one paid a tribute to her as the wife of Dr. McClelland, and the inspiration of his dreams of a great college in the South. It reminded me of another girl graduate whose hands shook and whose eyes were misty with hope and exultation which belongs only to youth: A song poured forth like a gull seeing a white cloud castle and journeying swiftly toward a sapphire sea... flowers everywhere, redolent of friendships, faces... faces... restless wings waited to be tried... but shucks, after all, this is just a plain gossip column and they say gossip columnists are the SPIES of life...

Honesty is spiritual power. Dishonesty is human weakness, which forfeits divine help.—Mary Baker Eddy.

FAMILY REUNION ENJOYED IN WEST HOME

During the past week, the I. L. West family have been enjoying a family reunion. Children and grandchildren present for the reunion were B. M. West and son, J.P. and daughter, May, of Long Beach, Calif., Mr. and Mrs. H. V. West and family of Altus, Okla., Mr. and Mrs. A. A. Clark of Dallas, Texas, Mr. and Mrs. L. H. West and family of Weatherford, Texas, Mr. and Mrs. Oscar West and family of Munday and Mr. and Mrs. W. D. West and family of Munday. All the children were together for the first time in three years. Marcell and Wanda June West accompanied Mr. and Mrs. Clark home to spend a month in Dallas.

BREAKFAST FOR NEW DEAL CLUB MEMBERS GIVEN

The New Deal Bridge Club was delightfully entertained in the home of Mrs. Lawrence Kimsey last Thursday morning at a club breakfast.

Club high for the contract bridge games that followed the luncheon was won by Mrs. Jack Mayes.

Seated at the luncheon and bridge games were Mrs. Jack Mayes, Mrs. Wade Mahan, Mrs. E. M. Roberts, Mrs. Ike Huskinson, Mrs. Carl Jungman, Mrs. Harold Leathers, Miss Chloe Mayo and the hostess.

Drs. G. D. and Buelah Gould of Stamford visited Fidelia Moylette Sunday afternoon.

MISS ATKEISON AWARDED DEGREE FROM T.S.C.W.

DENTON.—Completing her undergraduate career this spring, Miss Virginia Bess Atkeison of Munday was awarded her bachelor of science degree Monday, June 6, at the thirty-fifth annual Commencement Exercises at Texas State College for Women. Her graduating class was the largest in the history of T.S.C.W., including over 300 girls.

Dr. L. H. Hubbard, president, addressed the graduates on "Liberty and Democracy" and Dean E. V. White handed out diplomas. The exercises concluded a three-day program of teas, receptions, banquets, and other affairs in honor of the seniors.

With home economics as her major subject, Miss Atkeison minored in science. The daughter of Mr. and Mrs. W. H. Atkeison, she was a member of the Mary Swartz Rose Club and has been active in numerous student affairs.

PERSONALITIES IN MUSIC

ABRAM CHASINS, A.S.C.A.P.
Success In Youth

By Daniel I. McNamara
ABRAM CHASINS, brilliant young American musician . . . composer, pianist, musicologist . . . is a notable exponent of industry in art. He adheres strictly to long schedules in his busy New York studio overlooking Central Park. Luncheons are brief; often he works far into the night. Still in his early thirties, he enjoys world-wide prestige.

Chasins was born of Russian parents in New York City, August 17, 1907. Discovered as a child prodigy by the late Mrs. Thomas Tapper, musician-friend of juvenile genius, he began studying composition with Rubin Goldmark at twelve. Later teachers were Richard Epstein and Ernest Hutcheson. He studied at Curtis Institute in Philadelphia, remained as piano teacher until 1934. During 1931 and 1932 he made two successful concert tours of Europe.

Chasins' first compositional efforts were in his student days in Curtis. His "Three Chinese Pieces" found their way into the concert programs of many leading artists. He made his own pianistic debut with Gabilowitch and the Philadelphia orchestra in 1929, playing his own First Piano Concerto. Toscanini honored him in the 1931 season of the Philharmonic by performing Chasins' "Parade" and "Pirration in a Chinese Garden." Three in a single week in 1933 he appeared in Barbirolli's Philharmonic Symphony series, playing his own Second Piano Concerto. His regularly scheduled lecture-recital radio broadcasts initiated in

1934 attained great popularity. These revealed facility of oral expression to complement his thorough musicianship. Chasins is a staunch ally of fellow composers, a defender of the rights in intellectual property created by them. He is a leading spirit of the American Composers' Alliance, and an active member of the American Society of Composers, Authors and Publishers. His favorite composers are Bach, Chopin, Brahms and Wagner, Rachmaninoff and Strauss are his most admired contemporaries. Chasins finds time for recreation in the midst of constantly increasing activities in composition, concerts and radio broadcasting. He plays chess and bridge, enjoys outdoor sports. His favorite reading is biography and philosophy, occasionally a detective story. He converses fluently in three languages. Singularly devoid of the temperamental instability traditionally attributed to composers, he insists that hard work is his best inspiration. He loves his work, bears his honors modestly. Success in youth has not spoiled him.

POLITICAL ANNOUNCEMENTS
Subject to the action of the First Democratic Primary, Saturday, July 23rd.
For District Attorney, 50th Judicial District—**LEWIS WILLIAMS**
For State Representative—**B. W. SNODY**

Of Courtesy, it is much less Than Courage of the Heart or Holiness,
Yet in my walks it seems to me That the Grace of God is in Courtesy.—Helaire Belloe
Home From Abilene
Ted Longino, son of Rev. and Mrs. H. A. Longino, returned to his home here last week from Abilene where he has been a student at McMurry College.
Home for Summer
Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden returned from Hardin-Simmons University, Abilene, last week for the summer holidays.

Odd Inventions

WASHINGTON—Among inventions patented recently were two unusual ones. They were:

A fish lure that makes it possible to use the same bait over and over again. The hollow lure is made of a transparent material, like celluloid, and the fish can see the bait inside. In use it is stuffed with bait, either live or dead, through an opening which is sealed by a plug.

A floating bathtub which would permit one to take a bath in the sea, lake or river. The bathtub is made of rubber and has a tubular rim which is blown up. In its sides and bottom are perforations which permit water to flow inside the tub when the bather sits in it.

A DYING BLUEBIRD TO TULIPS

"Oh, cup-shaped bits of beauty,
A nodding in the breeze,
Now I must leave my treasure,
So take it, if you please."

The cup-shaped bits of beauty
Still hold his happiness.
Breeze-tipped, they overflow and
Forever shall, I guess!
—Grace M. Scott, Abilene, Tex.

NIGHT
With sleep for anesthetic,
Night, without delay,
Unwinding silver moonbeams,
Mends heartaches of the day.
Ruth McCauley Thorne,
San Angelo, Texas

ENCHANTMENT
Sorrows,
Like frosted leaves,
Can change when time renews
To beauty, strength unknown—in
hearts
Glowing.
—Grace Ethridge, Tipton, Okla.

THE COUNTRY GRAVEYARD
Where our loved ones lie sleeping
Angels are their vigils keeping,
In that city of the dead.
Birds in trees are sweetly singing,
And church bells at morn are ringing,
In that graveyard softly tread.
Unmarked graves are overgrown
With briars and weeds, no slab of
stone
To mark their place of rest.
But only dust in those graves lie
Their souls are there beyond the
sky
Within their Savior's breast.
—Ella Woods Booker, Fort Worth, Texas

LIFE IS ONE GREAT SONG
Life is one great song,
Composed of self-made notes,
Some harsh, some harmonious,
Notes of trials and errors,
Of sadness and joy,
Of love and contentment,
Blending with those of ambition
and determination,
Of success and happiness,
Giving forth a variation of sounds,
Soft and low, firm and steady,
Then fading away to stillness—
Forming another of the age's im-
mortal melodies.
—Fernell Hopkins, Corsicana, Tex.

Mr. B. F. Warden of Bertram, Texas, Mrs. J. D. Roach and daughter, Ruth, of Cisco, visited in the home of Mr. and Mrs. B. B. Chamberlain this week.

Mr. James C. Chamberlain of Goose Creek is visiting in the home of his parents, Mr. and Mrs. B. B. Chamberlain.

Jerry Kane, employed at the Baker-McCartey store, was a visitor in the home of his parents in Weibert Sunday.

Leaves on Vacation
M. L. Wiggins, employee of the First National Bank of this city, left for Peaster, Texas, last week end where he will visit his mother and other relatives for the next two weeks.

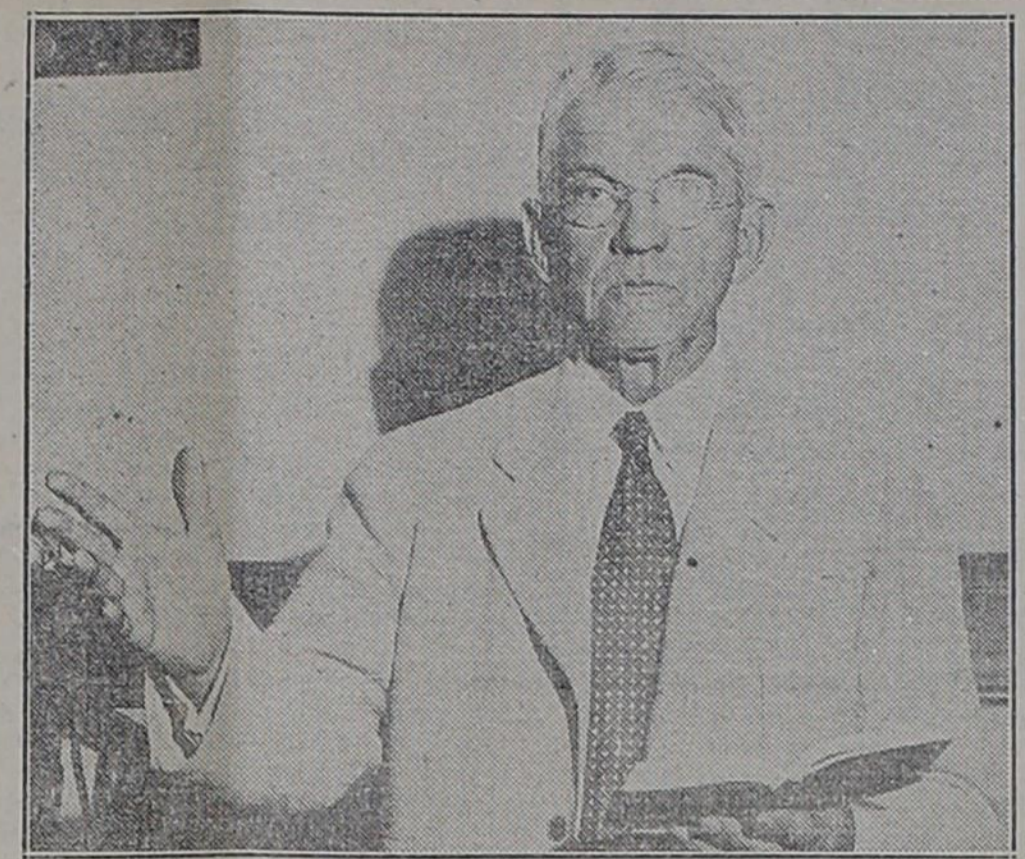

However brilliant the action may be, it should not be accounted great when it is not the result of a great purpose.—La Rouchefoucauld.

Returns for Summer
Miss Thelma Atkieson, daughter of Mr. and Mrs. W. H. Atkieson returned from Albuquerque, N. Mex., last week end where she has been teaching in the schools of that city.

Lofty designs must close in like effects.—Robert Browning.
A noble aim,
Faithfully kept, is as a noble deed;
In whose pure sight, all virtue doth succeed.
—Wordsworth

Miss Louise Ingram, who has been a student in Denton during the past term is home for the summer months with her mother, Mrs. Louise Ingram.

EDUCATOR POINTS WAY TO HAPPY MARRIAGES

"...every man a successful man"—Phelps

THERE are two fundamental rules for a happy and successful life, according to William Lyon Phelps, America's best known and best loved college professor. They are, according to Dr. Phelps, to marry young and to develop character through religion in the home.

"The highest happiness known on earth is in marriage" says Dr. Phelps in an article in the June issue of Good Housekeeping magazine. "Every man who is happily married is a successful man even if he has failed in everything else. And every man whose marriage is a failure is not a successful man even if he has succeeded in everything else."

But successful marriages, according to Dr. Phelps, are made and not born. "From childhood boys and girls find out how children come, but the secret of a good character, temperament, and disposition is not so readily found. 'The reason why character is the most important requisite for success in marriage is not merely that it happens to be the chief cause of happiness, but that those who have character can turn an unsuccessful marriage into a successful one, instead of taking the easy way out, and acknowledging failure. No man or no woman is to blame for making a foolish marriage; it might happen to anyone. The test of character is not whether one has or has not made a foolish marriage; the test comes after the foolish marriage has been made. What a triumph then to turn that failure into a success, as the statesman turns a minority into a majority!"

"I am in favor of early marriages" says the Professor. "I am delighted when either the boy's parents or those of the girl have money enough so that the young pair can be married at twenty-two, before they begin professional study or work. And when there is little money but either or both have a job, then by all means they should be married. When young people marry, they take difficulties of housekeeping and privations as a lark, even as young people do

camping out in the summer. 'The late President Harper of the University of Chicago was married at nineteen. He told me that during the first five or six years there were times when neither he nor his wife could mail a letter, because they did not have enough cash to buy one postage stamp. He laughed aloud as he recounted this, and added, 'There was never one moment when either of us regretted our marriage.'"

"Marriage can be wonderful from every point of view" says Dr. Phelps, "when it is a combination of the highest physical delight with the highest spiritual development." Dr. Phelps gives several rules for keeping marriages happy. The first is this: After you are married never leave the house, even if only to post a letter at the corner, without kissing your wife. Second, during the first twenty years of marriage, occupy the same bedroom and never go to sleep with resentment in your hearts. The third, since the greatest of all the arts is the art of living together, and since the highest and most permanent happiness depends on it, and since the way to practice this art successfully lies through character, the all-important question is how to obtain character, and the surest way is through religion—religion in the home.

According to Professor Phelps' article in Good Housekeeping, religion is the foundation upon which character is built. He gives a list of seven recent and classical books in which is a guide to religious education—particularly in its relation to married life.

Here on Business
County Judge E. L. Covey, County Agent W. W. Rice and Orel Patterson, all or Benjamin, were in the city Tuesday afternoon on business.
Chester Borden was in Benjamin Monday on business.
Merick McGaughey was in the city this week on business.
Miss Nina Astin, county home demonstration agent was in the city Tuesday afternoon attending to business.
Mr. and Mrs. W. W. McCarty were in Haskell Sunday, visiting.

TRUSCOTT H.D. CLUB MEETS IN GUYNN HOME

"Correctly hung pictures are pleasing to the eye."
Picture hanging was studied by members of the home demonstration club of the meeting on June 2, 1938, in the home of Mrs. C. M. Gynn.

A very interesting program was enjoyed by the members, also a number of visitors. Roll was called and those answering by the name of some picture were: Mrs. Jack Whitaker, Mrs. M. Chowning, Mrs. C. A. Bullion, Mrs. C. C. Brown, Mrs. O. W. Soloman, Mrs. H. P. Gillespie, Mrs. V. W. Browning, Misses Katherine Browning, Helen Chowning, Angie Maddox, and the hostess, Mrs. C. M. Gynn.

Henry Claus of the Rhineland Mercantile Store at Rhineland believes that business is better since the harvest started. Henry has a very up-to-date store in every particular.

Released from Hospital
Mrs. R. R. Davenport who has been a patient in the Knox County Hospital at Knox City for several days, was brought home Saturday evening. She is much improved.

Mrs. D. C. Eiland and son, David Chase who have been at the bedside of Mrs. Eiland's grandmother, in DaQueen, Ark., arrived home for a weeks visit with Dr. D. C. Eiland.

Electrified Farm Workshop Replaces the Village Smithy

An electrified and well-equipped workshop plays an essential part in the business of modern farming.

NOWADAYS, when passing through the small towns of this country, one is impressed by the nearly complete disappearance of that heroic and interesting figure, the village blacksmith. No longer does the musical clang of his hammer on the anvil disturb the peace of the otherwise almost Sunday-like calm. Instead, this once-familiar sound has been replaced by the constant din of un-musical automobile horns and racing motors. For Main Street has become as modern as Broadway and, in the process, the smithy has gone the way of the horse and buggy.

The blacksmith shop was an important adjunct of the farm and, therefore, one cannot help but wonder what effect its passing has had on the business of farming. For, with the large amount of labor-saving machinery now in use, it is vitally important that repairs be made quickly if a crew of men is to be kept working or, perhaps, an entire crop saved. If the farmer has an electrified, lighted and well-equipped workshop, he not only

can eliminate many of such worries but also he frequently can save the wasted time and expense of a trip to town for replacements or, where one still can be found, to the blacksmith shop for repairs.

Small electric motors in the farm workshop will run a lathe, drill, forge, grinder, metal and wood saws, planer, splicer and many other tools formerly operated by hand. Such motors are so low in both original cost and operating expense that they easily can pay for themselves in a single season.

In addition to the above, there are portable electric drills and other tools helpful in repairing equipment that is too large or too heavy to bring to the workshop or to take to town. Electric soldering irons, welders, glue pots and battery chargers also have many uses on every farm.

When the need arises, there is no more important place on the farm than a workshop. The wiring and equipping of such a shop should have the serious consideration of every farmer.

SCOUTING THE SCOUTS

MUNDAY, TEXAS, TROOP
 Cecil Cooper, Scoutmaster
 Robert Greene, Assistant
 Henry Dingus, Reporter
 Meeting Place—Legion Hut

Monday night more than twenty scouts met in their new meeting place, the old grammar school building. "The Haunted House," which is the name of the play of which the parts were given out, was read over once and we all enjoyed hearing it.

Our plays will not be put on for two or three weeks, due to the fact that the scouts will be too busy on their first-class tests, along with some merit badge tests.

Plans for the swimming party, which we will have some time in the near future, have not been completed yet. The date for it will probably be decided at our next meeting.

One thing which the scouts look forward to is the fourteen mile hike which we will have to take pretty soon in order to qualify for our first-class badges.

Another thing which the Scouts note with anxiety is that we are going to have keen competition in the near future, as a cub-pack was organized last Friday night, and from the looks of things they are really going to go places.

One visitor to our meeting was Mr. Ardell Spelee. We are always glad to have the fathers of the scouts meet with us.

Scouts attending the last meeting were: Harold Longino, Hugh Longino, Dick Harrell, Dorse Collins, David Eiland, Bobby Haymes, Mac Haymes, Kenneth Spelee, Bobbie Reese, Lamoine Blacklock, Dan Billingsley, Howard Payne Shannon, Willard Reeves, Glenn D. Rayburn.

Cub Pack Meeting Held in Legion Hall

A meeting was held in the Legion Hall last Friday night at seven-fifty for all boys, age nine, ten and eleven, who are interested in cubbing. As most people know, cubbing is based on the same principles, as scouting. Thirteen boys were present. Den-chiefs, which correspond, to patrol leaders in a scout troop, were elected. Herbert Stodghill was one of the den-chiefs and Dick Owens the other. Our charter has not been ordered yet but will be ordered as soon as we find out how many want to join.

Those present were Herbert Stodghill, Dick Owens, Davy Lee Morgan, O. H. Spann, Jr., Joseph Borden, Johnnie Spann, Joe Spann, Bonner Barton, Wallace Pippin, Willis Pippin, Bobbie Broach, Billy Womble, and Charles Reese. Many others are expected to join us as soon as we get started. Cecil Cooper is acting as Cub-master and Henry Dingus is acting as Assistant Cub-master. All boys who are interested in becoming cubs are invited to attend our meetings, and bring your parents along if they want to come, too.

Rev. and Mrs. Chas. Sargent of Pulaski, Texas, are visiting relatives in this community at this writing.

Mr. and Mrs. Gene Nighswonger of Haskell visited Mr. and Mrs. C. F. Suggs last week end.

Mr. and Mrs. G. C. Conwell and sons, George and G. C., Jr., and daughter Miss Vera, and Miss Louise Jacobs of Washburn, and Mr. and Mrs. Nathan Pate and Mr. and Mrs. A. L. Perry of Old Glory were guests in Raymond Suggs' home Sunday.

Mr. and Mrs. Jack Suggs spent Sunday with Mr. and Mrs. Clyde Patton.

Mr. and Mrs. Charles Lane of Goree spent Saturday night with Mr. and Mrs. Jack Suggs.

Miss Vera Mae Conwell spent Saturday night with Miss Louise Jacobs.

TEXAS FAIR IN FIRST-QUARTER BUSINESS TABLE

State Gains in Four Points While Four Decline

DALLAS (Special)—Showing neither spectacular gains nor relatively severe losses, the Texas table in the state-by-state business record for the first quarter of 1938 compared to the same period of 1937 reveals four "plus" and four "minus" ratings in the eight key business indices covered by the tabulation, says a report of the All-South Development Council.

Bolstered by gains of more than a hundred per cent by several states, "heavy construction" advanced in the nation-wide picture by 27 per cent, with Texas up 32. Louisiana, whose intensive drive for new industries, helped to make it the nation's leader in this field in 1937, carried on with a 205 per cent gain in 1938's first quarter. Oklahoma was up 155 per cent.

Electric power output was up 10 per cent in Texas against a national decline of 6 per cent, farm income in this state rose 10 per cent while dropping 14 per cent nationally, and life insurance sales gained 5 per cent, against a national drop of 18.

On the minus side, Texas dropped 16 per cent in passenger car and 12 in commercial car sales, the nation-wide decline being 48 and 35 respectively. In household refrigerator sales, a good standard of living gauge, the Texas drop was 18 per cent, more than Louisiana's (-7), but well under the national score of -45. In "value of checks drawn" the Lone Star State slumped 4 per cent against the national drop of 22 per cent.

Rob Simmons Is Named Coach of Rule High School

Rob Simmons of this city has been elected athletic coach of the Rule High School and will assume that position with the beginning of the 1938-39 school term.

A graduate of Haskell High School where he took an active part in school athletics, Simmons later attended Howard Payne college at Brownwood, where he was co-captain for two years of the Yellow Jackets, college football team.

A weapon against termites is provided in a paint through which they will not bore.

Unusual Canine Will Perform at 9th Cowboy Rodeo

STAMFORD, Texas.—Jean, national champion sheep dog for three years, will be presented by her owner, Juke J. Pasco, of Chicago, in an exhibition in herding untrained sheep as a special attraction at the Ninth Annual Cowboy Reunion in Stamford July 4, 5 and 6. Along with Jean will appear another of Pasco's intelligent sheep dogs.

Pasco and his sheep dogs have appeared at such shows as the International Livestock Exposition, Chicago; Southwestern Exposition and Fat Stock Show, Ft. Worth; National Western Stock Show, Denver, and Madison Square Garden, New York.

The dogs are guided in their clever maneuvers in handling the sheep by whistle signals from their master, each tone of whistle having a certain meaning. Segregating an individual sheep from the flock, herding the flock into a small pen and sorting the herd into different groups are some of the feats which the dogs perform, unaided except for Pasco's signals.

The sheep dog act is one of the events in an elaborate rodeo program which includes bronc-riding, calf-roping, wild-cow milking, steer riding, cutting horse contest and a special roping event for cowboys over 65 years of age.

NEW RUBBER USE
 Rapid expansion of storage facilities for muriatic acid, used extensively in treating dormant oil and gas wells to restore their normal flow, is promoting wide new uses for rubber, according to industrial experts.

Business Activity In Decline During April in Texas

AUSTIN.—Business activity in Texas showed a slight decline from March to April, continuing the trend observed in recent months, Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research, pointed out in his monthly analysis of economic conditions in Texas and other parts of the country. The rate of activity is still only moderately below that of April last year, however, he said.

Greatly begin! Though thou have time
 But for a line, be that sublime—
 Not failure, but low aim is crime.
 —James Russell Lowell

New Home For West Texas Chamber Of Commerce Will be Dedicated at Opening in Abilene Next Wednesday

Organization Covers An Area of 130 Counties

ABILENE, June 9.—Representatives from all of the 130 counties and 190 towns affiliated with the West Texas Chamber of Commerce will be here Wednesday, June 15th, for the formal opening and dedication of the new WTCC headquarters building and resource and museum institute.

Speakers on the dedication program will include Governor James V. Allred, H. S. Hilburn, Plainview, WTCC president; Mayor W. W. Hair, Abilene; Milburn McCarty, Eastland; Ray Nichols, Vernon; Gene Howe, Amarillo; and J. C. Hunter, president of the Abilene Chamber of Commerce.

West Texans will have an opportunity to learn more about West Texas in thirty minutes than they could in three months of intensive travel and study when they are carried in a radio tour which will be broadcast on a seven-station hookup beginning at 2:00 p.m. The tour was mapped by Manager D. A. Barden, Max Bentley, Abilene, chairman of the editorial board, will be master of ceremonies and announcer.

Visitors and listeners will be taken to ten exhibits, each sponsored by a WTCC district to tell the story of a major West Texas resource, in the resource and museum hall. Each WTCC district director will explain briefly the exhibit of his district. Walter D. Chine, Wichita Falls, chairman of the Resource Board, will be the first speaker on the tour. District directors and the exhibit they will explain are: C. A. Studer, Canadian, wheat; James D. Hamlin, Farwell, land; J. J. Gallaher, Graham, oil; Amon G. Carter, Fort Worth, industrial; Tate May, Hamlin, cotton and feed; B. Reagan, Big Spring, cattle; H. Y. Overstreet, Texico, minerals; C. E. Casebier, Ft. Stockton, climate; Dr. L. H. Webb, Kerrville, wool and mohair; and J. Thomas Davis, Stephenville, diversification. Other talks will be made by W. C. Holden of Texas Technological college, Lubbock, on the WTCC museum, and Rev. W. Gerhart, Abilene, in the WTCC art display.

ACCIDENTS LOW

Motoring Humility

The hardest thing in this world to "sell" is humility.

I mean the hardest thing to impart to anybody else is humility.

The very act of trying to give somebody else humility about anything arouses everything else in him BUT HUMILITY.

We are all inclined to shun HUMILITY because it is a virtue that is so close to the weakness of cowardice and craven submissiveness. We are all so scared somebody will get a little the better of us, if we give them an inch.

Yet HUMILITY is exactly the quality that humans need a whole lot of, to solve a whole lot of their problems.

We have it in golf and in other sports. We yield. We give the other player the benefit of doubts. We praise his poor shots and discount our own good shots. In other words, we are not scared to be gentlemen.

But when we climb into an automobile, we put a chip on our shoulder and a feather in our cap. We are not going to let anybody slip anything over on us on the road. "Well, who

does that so-and-so think he is, trying to beat me to the crossing!"

Nor do we admit for a minute that we may have our driving faults. Nor do we concede that there is a possibility that we MIGHT some day be the cause of an accident.

No, we are the exception to the rule. We are the person who drives fast but drives well. Only dumbbells have smashes.

The sooner we all realize that humbleness and deference and courtesy at the steering wheel are sporting qualities, and the sooner we admit that, even in our hands, an automobile is an instrument capable of dealing out death and disaster if we handle it carelessly or cockily, even for an instant, the sooner we shall learn humility towards other drivers, towards Fate, and towards laws of momentum and centrifugal force, and the sooner will we cut down the motor car's annual American toll which, according to The Travelers Insurance Company, is 36,800 killed and 967,840 injured.

The automobile is a blessing—but a dangerous one. Drive it with great humility in your heart.

"It's You and I That Are to Blame, And Not County Agent," Says Poem

Stockmen Warned To Prepare For Big Crop Worms

"Prepare for the screwworm in great numbers," R. R. Reppert, entomologist of the Extension Service of Texas A. & M. College, has warned Texas ranchmen.

The Bureau of Entomology and Plant Quarantine of the U.S. Department of Agriculture has forecast a severe infestation, probably worse than that of 1935, in many parts of the Southwest, especially in Texas and Arizona.

The screwworm fly has started earlier than ever before. The infestation in extreme Southwest Texas has been held down by dry weather, during the first part of the season, but the weather in other parts of the state has favored the rapid growth of the insect.

The best way to protect livestock from screwworms, Reppert pointed out, is to examine animals frequently so that wounds may be treated before they are seriously infested. Many ranchmen report that they have found it advisable to hold wounded or infested animals in small hospital traps, located on a high, open part of the range where flies are less abundant.

Reppert endorses the Bureau's recommendation for killing the maggots. The procedure is to treat the infested wound with 90 per cent commercial benzol. The wound is then plugged with clean cotton saturated with benzol. Reinfestation is prevented by lightly covering the area around the wound with dehydrated pine-tar oil, of 1.065 specific gravity.

The advantage of the benzol over most patent medicines lies in the low cost and in the fact that it does not cause shock to animal tissue. It does not deteriorate with age but is highly inflammable and will evaporate readily. It is this last property which makes it valuable in screwworm control, for the maggots are killed not by the liquid but by the fumes.

Reppert also emphasized that the common pine-tar oil will often burn the animal while the dehydrated form will not.

Exercises Close Union Grove 1938 Term Last Friday

Union Grove School closed a very successful term, Friday, May 27th.

On Thursday night the young people of the community presented "Deacon Dubbs" to a large audience. The Howell Brothers entertained at the play before and between acts.

Friday was an enjoyable day of picnicking and ball games.

"Tom Sawyer" and "Lemonade Stand" were given by the pupils Friday night. Seventh grade diplomas were presented to Clifford Cornett, Harrell Stephens, Juanita White and Mozelle Wilson. Awards for the highest average in each grade were made: first grade, Melvis Donn Darr, and Rosa Nell Lane; second grade Billie Jo Lane; third grade, J. W. Moon; fourth grade, Olene Wilson; fifth grade, Wynell McGee; sixth grade, Frances McGee and the seventh grade, Harrell Stephens.

Perfect attendance certificates were awarded Frances McGee and Harrell Stephens. State Reading certificates were given Juanita White, Wynell McGee and Harrell Stephens.

During the past year much improvement was made in the interior of the building as well as teaching procedure. Under the beneficial guidance of the school board composed of W. H. Cornett, Tom Orsborne and R. K. McBrayer, and the work of Mrs. E. F. Branton and Mrs. Ulric Lea the school scored 980 points out of 1000 for standardization of a rural school.—The Knox County Herald.

Manufacture of Dairy Products Gain in State

AUSTIN—Increasing interest in the manufacture of dairy products in Texas has been evidenced by the large number of dairy shows held during the last month at various points in the State, according to Mrs. Clara H. Lewis, editorial assistant in the University of Texas Bureau of Business Research. The Kraft-Phenix Cheese Corporation opened a cheese plant at Grapeland the latter part of 1937 which is proving successful, and the cheese plant under construction at Sulphur Springs by the same company is expected to begin operation some time this month, she said. The Spring Valley Butter Company of Houston has also been added to the list of dairy manufacturers in the State.

Other food processing plants include the egg drying plant of the Cudahy Packing Company at

Weekly Health Letter!
Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Hazard of Filthy Rest Rooms is Cited by Cox

AUSTIN—"The State Health Department's three-month old campaign against filthy rest rooms over the state has been marked by splendid cooperation from the retail business establishments involved, the public at large, and the press. Our department is so firmly convinced that filthy rest rooms are a major public health hazard that the department's sanitary inspectors are checking rest rooms as carefully as they do other violations of sanitary regulations," states Dr. Geo. W. Cox, State Health Officer.

"We have served notice on all retail establishments in Texas that they must clean up their rest rooms and continue to keep them clean under penalty of violating the State Food and Drug Law, Article 695, which carries a fine of not less than ten or more than one hundred dollars.

"Our sanitary inspectors have been notified to assess this fine whenever they find rest rooms maintained without adequate sanitation. The public and business establishments have been adequately warned. Any subsequent violation will be dealt with through legal channels.

Cuero, employing approximately 125 workers, the Freezerved Foods, Inc., of Houston which has opened a plant at Lort Lavaca for freezing fruit juices, and the canning plant at Jacksonville of the Ozark Mountain Canning Company and the Ogburn Canning Company factory at Lindale, which have opened for the season canning fruits and vegetables.

"We want the public to cooperate with us in this campaign. Such filthy conditions as heretofore have been prevalent over the state will never again be tolerated. When the public finds a rest room that is unsanitary, whether it be in a cafe, tavern, filling station, retail establishment, or bus station, they will be doing their community a favor if they transmit this information directly to the State Health Department, Austin, so that necessary steps can be taken.

"Disease breeds in unsanitary rest rooms and is spread from one person to another, indiscriminately under such conditions. Facilities should be available for washing the hands, toilets must be sanitary and kept that way. The rest room that does not meet these minimum requirements is a reflection on the establishment it serves and should be so interpreted."

Love inspires, illumines, dignifies, and leads the way.—Mary Baker Eddy.

Why Newspapers Ask For "Early Copy"

The Advertiser is Unfair to Himself When He Sends His Advertisement to the Newspaper Office Just Before the Dead-Line

Early "Copy" Late "Copy"

- | | |
|--------------------------------|--------------------------------------|
| 1. Better position. | Risk of poor position. |
| 2. No errors. | Risk of typographical errors. |
| 3. Time for store corrections | No opportunity for store corrections |
| 4. Good typography. | Risk of poor typography. |
| 5. Prompt delivery to reader. | Risk of late delivery. |
| 6. Fair to mechanical staff. | Unfair physical and mental strain. |
| 7. Advertisement well written. | Advertisement hurriedly written. |
| 8. Advertisement inserted. | Risk of omission. |
| 9. Overhead normal. | Often cause of rate increase. |
| 10. Illustrations correct. | Risk of misplaced cuts. |

- While a newspaper is a marvel of mechanical efficiency, there are limits on what can be done by a given force of printers, stereotypers and pressmen in a short, crowded period of stress.
- There is plenty of time to give every advertiser good service when early copy is sent in.
- The Times believes that its advertisers desire to be fair to the printers, stereotypers and pressmen who serve them as well as to be fair to themselves.
- Visitors to the mechanical department are invited so that the process of handling advertising may be thoroughly understood and the mechanical problems fully realized.
- Your co-operation will be greatly appreciated by the entire personnel of The Times.

No Wheat Marketing Quotas Slated For Wheat This Year, Geo. Slaughter Chairman Texas Conservation States

No Parity Payments Given as Cause Is Report

The wheat crop will not be subject to the marketing quota plan in 1938, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee.

The new farm act set May 15 as the latest date for establishing a national wheat marketing quota, subject to a referendum by wheat growers, and also provides that no wheat quotas can be in effect during the marketing year beginning July 1, 1938, unless provisions for parity payments have been made.

The Texas committee received word at its headquarters at Texas A. & M. College from AAA officials at Washington that the wheat marketing quota would have been proclaimed if parity payments had been provided for within the required time, Slaughter said.

The farm act provides that the wheat quota shall be proclaimed when the total supply of wheat will exceed the normal year's domestic consumption and exports by more than 35 per cent.

The Division of Crop Estimates has indicated that the probable production of winter wheat will be 754 million bushels and spring wheat around 200 million bushels. This amount would be 400 to 450 million bushels in excess of the marketing quota.

Wheat is the only crop for which marketing quotas this year depend upon provisions for parity payments, Slaughter pointed out. Marketing quotas are already in effect for cotton and for flue-cured, burley and the dark tobaccos. The act provides that there shall be no marketing quota for rice this year.

Visits Rhineland

Albert Heesaker of Hay Springs, Nebraska, is visiting in the homes of the Wilde's and Kuhler's in the Rhineland community. Mr. Heesaker is 79 years of age and this is the first time he has visited in the community for eight years, and he says that he likes this country now better than he did his last visit. He will go to Windthorst Sunday for a two weeks visit before returning.

Store Finished

The Henry Herring store on the west side of main street at Rhineland has recently been finished and stocked with groceries, light hardware and a few drugs. The store is run by Leo and Joseph Herring, sons of Henry Herring.

LEGAL NOTICES

NOTICE OF APPLICATION

Guardianship of Estate of William Chamberlain Porter, a Minor in the County Court of Knox County, Texas

Notice is hereby given that I have applied to the county court of Knox County, Texas, for an order to make and deliver to C. H. Erskine an oil and gas lease covering that certain tract of land situated in Haskell County, Texas, being 200 acres out of Saumel Chance survey fully described in copy of proposed lease attached to said application and that said application will be heard by said Court after ten (10) days publication of this notice. Said application is to lease the undivided interest of said minor, William Chamberlain Porter, in the said 200 acres of land.

MRS. BESSIE PORTER, Guardian of Estate of William Chamberlain Porter, a minor.

News From County H. D. Clubs

MISS NINA ASTIN Home Demonstration Agent

The county home demonstration council met in the assembly room at the courthouse in Benjamin last Friday, for their regular monthly meeting.

Site of the annual home demonstration club women's encampment was changed from Cartwright's pasture to the city park in Gore, it was announced. Date for the encampment is August 18 and 19th.

Mrs. Mack Tynes was elected to the newly created office of treasurer of the council at the meeting Friday. Heretofore the office of secretary and treasurer have been combined, but will be separate in the future. Mrs. Frank Boley is the present secretary-treasurer and will in the future have only the duties of secretary to perform.

Miss Nina Astin, county home demonstration agent, will attend the district meeting of county agents in Graham, June 17th.

The Munday home demonstration club will have their regular meeting with Miss Astin giving a demonstration Friday at the home of Mrs. Ora Collins. Club members are reminded to bring butter cakes to be judged at the meeting. Miss Astin will give as her demonstration, "Learn the Problems in Your Home."
