

The Munday Times

Volume 34

Munday, Knox County, Texas, June 30, 1938

Number 1

RAINS BENEFICIAL TO YOUNG COTTON HERE

Times Starts New Year

By BOYDE CARLEY
With the printing of today's issue, the Munday Times passed another milestone, became 34 years old, and marked the end of the first year of ownership for the present publisher, Grady Roberts. Today one year ago, Mr. Roberts presented his first paper to Munday with the writer as news editor and advertising manager, Harvey Lee shop foreman, and later added Clay Dingus as "devil," who is developing into a printer.

plant throughout since coming here and have increased production speed and efficiency in so doing. We believe we are giving you a better and bigger Munday Times with more features and local news, and we hope that you will agree with us when we say "Knox County's Leading Newspaper." "Peep Show" for ladies; "Listen to This," for radio fans; Editorial column; Bible Thought; Business Thought; farm radio broadcast schedules weekly; weekly health letter; a poetry corner; society page; home education for the child; county news; local news; several correspondents; school news from Munday, Sunset, Rhineland.

(Continued on Page 8)

Bill Moore New Lions President

Installation of Officers is Slated For Next Thursday Night Club Banquet

Tailtwister Bill Moore was elevated to the presidency of the Munday Lions Club at the regular weekly luncheon of the civic club Wednesday noon in the Terry Hotel. R. R. Davenport, who has served as president since organization of the club last September will turn the gavel over to Moore at the installation of officers next Thursday night.

Other officers named by the nominating committee, all of which were elected by acclamation were:

SEN. TOM CONNALLY

Senator Tom Connally, of Marlin, will lead the parade of the Texas Cowboy Renion at Stamford July 5, Walt Cousins, president, announced this week. Cousins is a former Munday resident.

SEVERAL STORES WILL CLOSE 4th

Double Holiday Will Be Observed

All dry goods and grocery stores of Munday will be closed Monday, July 4th, and various other business houses will be closed for the holiday.

Guinn and Mansell Bros. Hardware will be closed as well as most of the garages. The bank, post office, Times office, and other businesses that do not have competition will also be closed. Most of the business men have signified that they were going to the Rhineland picnic.

Its Grandpa Covey Now

From now on—it will be grandpa Covey instead of Judge E. L. Covey. The change was affected with the arrival of a baby daughter to Mr. and Mrs. Cantrell Qualls of Benjamin at the Knox County Hospital Wednesday morning. Mother and daughter are doing nicely.

Absentee Balloting Opens Sunday July 3; Will Close July 19th

Any qualified voter who intends to be absent from the county July 23, date of the first primary, may cast an absentee ballot any time from July 3rd, to July 19th inclusive, M. T. Chamberlain, county clerk stated this week.

Persons wishing to cast absentee ballots may leave the ballots in Chamberlain's office or make application to have the ballots sent them, if they intend to be out of the county. Any person who is physically disabled and can not go

to their voting box may make application to Chamberlain and have the ballot sent to them, which may be voted in the home in the presence of a notary public.

Chamberlain stated he would be glad to explain any question that may arise in the casting of absentee ballots. "Inasmuch as some may want to cast their ballots in my office Sunday or Monday, July 3 and 4, I will be in the office until 9 o'clock Sunday and noon Monday," Chamberlain announced.

Nelson Was in City Saturday

Senator G. H. Nelson of Lubbock, candidate for Lieutenant-Governor, spent several hours in Munday last Saturday discussing his candidacy with Munday voters and business men. Nelson is a member of the state senate.

Haskell To Be Scene of Auto Races July 3-4

West Texas will pay tribute to King Gasoline, Sunday afternoon, July 3 and Monday, July 4th, on Haskell's 5-8 mile speedway at Fair Park, the fastest dirt track in Texas.

Sunday's and Monday's seven-events program will get under way at 1:30 with time trials and the first race at 2:30 p.m.

The races are sponsored as open competition and any driver who can pass the safety test can enter his car.

The track is in perfect condition and dustless from the application of many tons of calcium chloride and water. The banks have been rebuilt since last year and will give drivers an opportunity to throw caution to the winds with many records likely to be made.

Heading the list of crack Southwestern drivers is Red Hodges, Dallas, greatest money winner on the S.A.R.A. circuit. He was declared the southwestern champion for the last three years.

Most prominent among the invading drivers, are Herschel Buchanan, Shreveport, and Ken Fowler, member of the Buchanan race team, flashiest speed combination in the country on the dirt tracks.

Besides Red Hodges and Herschel Buchanan, other outstanding drivers competing will include Tex West, Gene Frederic, Pop Stewart, Posey Reeves, O. Lawrence, Johnny Holland, Carl Mayfield, Waldo Barnett, Truman Brooks, Red Edmonds and others.

The July 3 and 4 auto races will be the only ones that will be held this year at Haskell, so be sure to come early to get a seat. Popular prices will be charged—general admission 50c, children 25c and grandstand 25c.

Baptists Of Area Plan Program for Meet at Lueders

Plans are near completion for the West Texas Baptist encampment at Lueders, to be held July 18 to 29.

The encampment, formerly known as the Lueders Baptist Encampment, is to be held on a larger scale than ever this year, according to the Rev. P. D. O'Brien of Stamford, camp president.

During the first week study courses in Baptist Training Unions and Women's Missionary Union work will be studied. Saturday and Sunday, July 23 and 24, will emphasize the work of the Brotherhood of Baptist Laymen and the last week will feature Sunday School study courses.

Free camping grounds will be available, and both religious and recreational activities will be offered. The camp is on the banks of the Clear Fork of the Brazos river.

Noted Baptist leaders to be present include Ollie B. Webb, of Dallas, vice president of the Texas and Pacific railroad; Dr. Porter Bailes, camp pastor; Mrs. B. A. Compass, state WMU president; the Rev. J. W. Marshall, secretary of Texas Baptist Student Union; L. E. Waite, Lubbock, director of BTU; J. D. Riddle of Abilene, song leader; W. J. Lites of Dallas, Sunday school director.

GIST Of Today's News

Rally For Smith FDR Signs Bill Minister Harrassed Rep. Snell Retires Japs Bog Down

ABILENE—John Lee Smith, Throckmorton man and well known here, addressed a large audience in Abilene Wednesday evening when a West Texas rally was held for his candidacy in the Lieutenant-Governor's race.

He has completed an itinerary that has carried him into the most populous sections of the state and he has met with much encouragement from voters for the office he seeks.

WASHINGTON—President Roosevelt this week signed the wage-hour bill, thereby giving the "go-ahead" signal to his pet legislation during the session just closed.

The act will go into operation October 24, when some 200,000 persons receiving less than 25 cents per hour will have their wages increased to that figure, officials say.

LONDON—Prime Minister Neville Chamberlain of England, who has been hard pressed to arm merchant ships to ward off attacks by insurgent planes, still held out for peaceful tactics.

Seventeen English merchant vessels have been sunk during the past month and 14 British seamen have lost their lives.

WASHINGTON—House Minority Leader Bertrand Snell of New York, announced his retirement from Congress Tuesday afternoon, in order that he may devote needed time to business interests and his home life. He has served 24 years.

SHANGHAI—The Japanese offensive, "big push," as it was called when started, has bogged down on practically every front according to reports from the Orient. An attempt to land troops to drive towards Hankow, Chinese military center was frustrated Tuesday with heavy losses to Japan.

Lee Coffman Is Unopposed; Asks For Same Office

Lee Coffman, present district clerk of Knox County, has already filed and his name has been placed on the Democratic primary election ballot, for the same office, he announced this week.

Coffman in seeking re-election did not draw an opponent, but he made this formal announcement of his candidacy for the office and therefore places his name before the public for re-election.

Coffman was grateful that he did not draw an opponent and feels that that fact alone is an endorsement of his record in office. He stated that he will serve the citizens of Knox county better in the future due to valuable experience gained during his previous tenure in office if he gains the office at the end of the general election.

Farmers Union to Elect Officers in Meeting Saturday

Members of the Munday local of Farmers Union are urged to attend the call meeting slated for Saturday afternoon at 2:30 in the union hall for the annual election of officers. J. E. Edwards, secretary, announced this week.

Officers to be named at the meeting are president, vice-president, secretary and auditing committee. Directors of the organization were elected last month.

Sam Warren, elected vice-president last year, is filling the unexpired term of J. D. Henderson, who served as president for year until his death some months ago. Edwards is secretary and members of the auditing committee include Walter Moore, Bud Nelson and John B. Reneau, Sr. The vice presidency has not been filled.

Employed Here Miss Wanda June Williams this week began her duties in the office of the Musser Lumber company, John Easley, manager announced.

Times Want Ads Get Results

TO SPEAK AT RHINELAND 4th

Ed Gossett, Wichita Falls man, who is seeking election to congress from this district will make a talk in interest of his campaign at the Rhineland picnic Monday. Exact hour of his address could not be learned.

Rep. George Moffett, candidate for senator from this district, notified Peter Loran this week that he would be in attendance at the Rhineland picnic and deliver an address in behalf of his candidacy for the office he seeks.

Rhineland Set For Celebration

Candidate Rally Will Be One of the Features; Ladies Will Serve Dinner

Plans were completed for the Rhineland Picnic and Celebration to be held Monday, July 4th, J. J. Hoffman announced today. The picnic is held to raise money to assist in compelling the new \$80,000 St. Joseph's Catholic church in that community.

Headlining the program for the day will be a galaxy of candidates who will present their claims to the voters for the various offices they

Branded Raven is Turned Loose at Spur in '31—Found

In April of last year a mott of crows in the Hackberry community was blasted through the efforts of County Agent H. L. Williams and the late Austin Auld, state game warden.

C. M. Lloyd, a farmer living on route two, found one bird at the scene of the blast carrying a band on one leg with the No. 647,007. The band was sent to Washington to ascertain just where the bird was turned loose and by whom. Paducahites had despaired of hearing from the capitol regarding the band, but on Saturday communication was received.

The bird carrying the above number was a white-necked raven banded on November 13, 1931 at Slaughter House, Spur, by E. R. Kalmbach. In accordance with this fact, the bird had not gone far from home during its six years of existence since the band was placed on its leg. —Paducah Post, June 9, 1938.

HALF INCH OF MOISTURE FELL IN PAST WEEK

Farmers Say Cotton Is Far Advanced In This Area

TOTAL RAINFALL NOW 17.70 INCHES

Grain Harvest Nearly Complete In Knox County

With a half inch of rainfall this week, total precipitation was jumped to 17.70 inches for this year according to reports from H. P. Hill, local weather statistician. Total for the same period last year was only 8.83, Hill stated.

The unusually heavy rainfall, which has come at regular intervals, has given the best spring season for Munday's farm area in years, farmers say, and young cotton is well advanced for this stage.

With the wheat harvest over, except scattering fields, attention of farmers is directed towards cotton which is the chief crop of this area. Although many farmers have had to replant due to grasshopper infestations and damage caused by storms, all cotton is growing fast and the replanted acres are doing splendidly.

Munday farmers are expecting to receive top and near top prices for most of their cotton, which is of long staple. An estimated 4,000 acres has been planted to first year Acala seed, which proved so successful here last year. Several thousand acres are planted to second year Acala.

Lowry Legion Post Leads 4th Division Membership Gain

Lowry American Legion Post No. 44 of this city was awarded the trophy plaque for having made the greatest percentage increase in membership in the annual drive last winter in the 4th division, Jim Reeves, Post Commander, announced this week.

The fourth division comprises the 11th, 12th and 13th congressional districts, one of the largest in the state. The percentage increase of the local Post in membership was 145.8 Reeves stated.

Lee Haymes, Buel Bowden and Frank Cerveny, members of the local post, attended the 4th division convention held in Waco last Saturday and Sunday, and were presented the trophy by 4th division Commander, Craig Laine, of Fort Worth. The trophy was left there where it will be properly engraved, it was reported. However, it is believed that the trophy will be delivered to the Lowry Post headquarters in time for the next regular meeting, the second Tuesday in July, the 12th.

The increase in membership was from 24 members to 69, it was pointed out.

Starting Revival At Presbyterian Church on Sunday

A series of gospel meetings will be held Sunday morning at the Presbyterian Church, conducted by Evangelist Fred Kerbo of Wilson, Oklahoma, it was announced this week.

Two messages will be delivered daily during the religious campaign the morning hour preaching starting at 11 o'clock and the evening service starting at 8:15.

The congregation pointed out that Evangelist was reasonable, kind and logical in his presentation of the gospel of Christ. Some of the sermon subjects are: "Christ, The Way," "Our Beloved Brother Paul," "Moses and Christ," "The Wheel of Salvation," "Which Church is Right?," "What Name Shall I Wear?," "A Message From Hell" and others.

The public is cordially invited to hear any and all of these evangelistic messages by Rev. Kerbo.

Leaves For Visit Mayor D. C. Osborne left Thursday morning for Vernon, and Happy, Texas, where he will visit relatives and friends for a short time.

Mr. and Mrs. W. M. McKinney who are enroute to Los Angeles, Calif., visited in the T. F. McKinney home here this week. They went via Coleman, Texas, where they will visit his parents.

Weather Report

Weather report for the week ending June 28th, 1938, as compiled by H. P. Hill of the Munday Cotton-oil Company.

“What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On”

ROGER BABSON DECLARES BUSINESS TREND BETTER

IF ANYTHING appeared to be settled in the present political setup it was the universal Republican faith the slump in business was all President Roosevelt's fault, and, more particularly, that the recent relief appropriations—which they called “pump priming”—was a desperate gesture on the part of the Administration and could not remedy existing conditions.

So it is rather puzzling to find some of the Old Dealer's most eminent brain-trusters taking issue with that argument. For example, the other day Dr. Virgil Jordan, a consistent critic and challenger of the New Deal, and president of the National Industrial Conference Board, lectured the Union League Club, Chicago's most conservative organization on business' failure to rise to its opportunities.

“If we are to be realistic about the situation in America today,” said Dr. Jordan, “we must candidly admit that in the dangers and difficulties of this disastrous period American business management as a whole has so far failed to fulfill the full measures of its responsibility to the American people.” A little later on he said: “I mean only that by temperament, training, experience, intellectual equipment and knowledge American business management was not adequately prepared for the unprecedented and tremendous task which was imposed upon it by the vast economic, political, and social changes during the past 25 years since the war.”

And here is another business economist who has some views on business' opportunity, and the course it has been pursuing: In a recent interview with Mr. Roger Babson it was recited that retail trade is off only 15 per cent in the densely populated industrial centers, where the recession is hitting the hardest; in the agricultural districts it is only off 2 or 3 per cent; but factory production is off a full 40 per cent.

“So,” says Roger Babson, “we find that this new pump-priming attempt is coming when natural business adjustment is in its final stages. This huge addition to the purchasing power of the nation comes just when business was about ready to forge ahead of its own accord. Another thing, this same pump-priming should be a major force to prevent the usual seasonal let-down, may start business upward in the very near future, instead of awaiting the Fall months.”

“If I were a manufacturer,” continued Roger Babson, “making a product sold to the general public or if I were in an industry selling to the factories that sell generally, I would be getting ready to get my share of that \$5,000,000,000. Also, if I were in one of the so-called heavy industries, whose products will be used greatly in the type of construction contemplated, I would be getting ready too. I believe that if business, in total, would match this government expenditure—match it in spite of any fears they might have of the future trend of legislation, match it in spite of their probably warranted distrust of the administration—that we'd quickly be on the way up.”

Now these two economists are not New Dealers. In fact, Mr. Babson said, “any time I call upon a business man, or any time a business man calls on me, a lot of time is wasted cussing Roosevelt before we can get down to brass tacks and talk about something constructive.”

Newspapers Best Medium

Newspapers are the best single medium for bank advertising, Lewis F. Gordon, Atlanta bank executive, told the thirty-sixth annual convention of the American Institute of Banking this afternoon.

“Bank services and bank relations cover and effect every one in the community, directly or indirectly,” said Gordon, who is assistant vice president of the Citizens and Southern National bank in Atlanta.

“All these people read newspapers and therefore your newspapers are the blanket medium to cover the greatest number of people at the lowest possible cost.

“Moreover the newspapers deserve bank support. Too frequently bank men look to the newspapers when they want to meet some crisis, yet never stop to consider that newspapers cannot function and purvey news without advertising support.”—Tipton (Okla.) Tribune.

“I conceive the first duty of Government is to protect the economic welfare of all the people, in all sections and in all groups. . . . You have a right to expect that those in authority will do everything in their power to help restore conditions that make employment and opportunity possible.”—Franklin D. Roosevelt.

Spending Business Aid

DALLAS—A summary of the actual spending plans of eight basic industries for the balance of 1938, running to \$4,450,950,000, (billions) for expansion and production, is termed in a report of the All-South Development Council one of the most encouraging recession-fighting indices on the business horizon.

The flood of money put into circulation by these major industries to purchase new machines and equipment, raw materials for new buildings, and maintenance or increase of production must naturally find its way into new pockets, creating new business for hundreds of tributary industries and businesses, the report says, stimulating spending power over widely-scattered areas.

As the “greatest spender” for raw and finished materials the world has known, the automobile industry, even in these times, will

set the pace. According to the Forbes magazine survey, this industry will pour out nearly \$1,000,000,000 (billions) for materials, tools and equipment, dies, parts and accessories during the last half of the year. An additional \$140,000,000 will go for factory equipment alone.

Steel, though producing most of its own raw materials, is spending \$165,000,000 for construction materials, expansion of new machines and equipment. Utilities plan to spend upward of \$300,000,000. Chemical and chemical process industries—of special interest to the South nowadays—are scheduled to spend \$50,000,000 for new plants, \$80,000,000 for equipment and supplies; \$180,000,000 for containers; \$300,000,000 for fuel and power, and \$1,350,000,000 for raw materials of mine, forest and farm.

Railroads, foods, textiles and petroleum are the other industries

with prodigious spending programs for equipment, materials, buildings.

Not only as a supplier of raw materials and fuels for these industries can Texas industry expect to benefit, thus transforming large shares of the industrial spending power for Texans, the report points out, but also these are potential gains for the state itself as a logical location for establishment of branch plants which the expansion plans, in many cases, embrace.

The movement for the stimulation of industry in Texas, rapidly gaining the endorsement of many leading citizens, is partly dependent for its success upon the ability of American industry in general to undertake new programs. The evidence set forth in this survey, therefore, of this ability and willingness to go ahead, provides encouragement and should marshal official support for the Texas drive.

THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher
Boyd Carley News Editor
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES
In first zone, per year \$1.50
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

BIBLE THOUGHT

The Heavens declare the Glory of the Lord; and the firmament sheweth his handiwork.
—Psalms 19:1.

Ten Business Commandments

1. Don't wait for the other fellow to come to you; go to him.
2. In competition with others, always give them the credit of being a little smarter than you are. Then work like the deuce to prove that they aren't.
3. If you have no money and little credit, capitalize your personality. Sometimes it pays to have nerve.
4. Never admit to anybody—and least of all to yourself—that you are licked.
5. Keep your business troubles to yourself. Nobody likes a calamity howler; besides, he finds scant favor with the bankers.
6. Don't be afraid of dreaming too big dreams. It won't hurt you to figure on owning a yacht, even if you have to compromise on a canoe.
7. Make friends; but, remember that the best of friends will wear out if you use them too frequently.
8. Be square, even to the point of finickiness, and you will have mighty little occasion to complain of a crooked world.
9. Take advice but do your own deciding.
10. Don't toady. The world respects the man who stands up on his hind legs and looks it in the eye.

Today and Yesterday

In savage tribes where skulls are thick
And primal passions rage,
They have a system, sure and quick
To cure the blight of age.

For when a native's youth has fled
And years have sapped his vim,
They simply knock him on the head
And put an end to him.

But we in this enlightened age
Are built of nobler stuff,
And so we look with righteous rage
On deeds so harsh and rough.

For when a man grows old and gray
And weak and short of breath
We simply take his job away
And let him starve to death.

Beeville Bee-Picayune

Drink Sanitary Milk

If you are one of those unfortunates who must buy milk day after day, do you know much about your milk supply? Since the month of June 9 to July 6 is Milk and Dairy Products Month, it is a good time to do some checking and double-checking. The health of your family demands that you drink clean milk, disease-free milk. The laws of Texas demand that the person who sells you milk should keep only healthy cows and should use sanitary barns. Now is a logical time to check up, before hot weather claims its annual toll of persons who become ill because of impure milk.

BUSINESS THOUGHT

Every man is valued in this world as he shows by his conduct that he wishes to be valued.—Bryure.

LISTEN TO THIS

By TOM FIZDALE

Your old friend Fibber McGee takes a well-earned vacation after his broadcast of June 28 and beginning the following Tuesday, July 5, a brand new series of thrilling adventure stories, co-starring Henry Hunter, Universal pictures favorite, and Betty Winkler, one of radio's prettiest and most popular actresses, will take over his spot.

Henry Hunter

The series, title “Attorney at Law,” will be a new version of the present day-time series by that name fostered by the same sponsor. The new programs, each of which will be complete in itself, will be penned by Milton Geiger, one of radio's finest writers, who authors many of those plays heard on Rudy Vallee's program.

Henry Hunter, new star of the show, has been featured in some thirty motion pictures the last few years, including “The Road Back,” “Nobody's Fool,” “Sutter's Gold” and many others. Miss Winkler, who will play opposite him, has been heard on the Fibber McGee program and has starred on a number of other shows including her own “Girl Alone.”

Hattie Noel, Eddie Cantor's colored comedienne, is being screened by 20th-Fox studios in Hollywood for a possible role in the next Cantor laughie. . . . It's a seven-pound girl at the Norris Goffs in Hollywood. . . . Goff is “Abner” of “Lum and Abner” . . . Stewart Erwin, the movie funny guy, is readying a country boy sketch for the microphone. . . . Tommy Riggs and his voice character, “Betty Lou,” wind up their stay on the Valee program the end of June.

Benny Goodman, with Maxine Sullivan, hostess of swing singers, as guest artist on his CBS show, is hitting new highs. . . . George McCall, the “Hollywood Screenscraper,” reports that movie companies are feuding over the rights to film the life of George Gershwin. . . . Anne Jamison, named the most promising star in radio in a nation-wide poll, has been featured on “Hollywood Hotel” for three years but only last fall began to sing under her own name. . . . Only fourteen voices and no instruments are heard on those “Vocal Varieties” shows over NBC.

Uncle Ezra points out that for sound effects hot water must be used to get the proper effect when the sound of hot coffee or tea being poured is desired. . . . Wonders what would hot water being poured sound like. . . . Hot water? . . . NBC is offering a program designed to please people who don't like music, called “Music Is My Handicap” . . . Hal Kemp's latest movie featured his band in a number titled “I'm Taking a Shine to You” . . . and now Hal is on the air for a shoe polish sponsor. . . . Major Bowes has had a ship-to-shore phone system installed on his new yacht and can talk directly to friends while cruising.

Malcolm Meacham, network leading man, does higher mathematics and plays Bach to relax. . . . The Ranch Boys, “National Barn Dance” trio, changed their routing between Salt Lake City and Denver, on their historic Hollywood-Chicago horseback ride, to get away from good roads. . . . Too much traffic. . . . Meredith Willson, “Good News” music director, will vacation in England. . . . Phil Baker and Ben Bernie will settle their long-time golf feud while they vacation in July and August. . . . Edith Davis, who plays the colored maid in “Betty and Bob,” is a Chicago socialite and wife of a famous surgeon. . . . Rudy Vallee turns up on the air as a poet and someone besides Vic, Sade and Rush speaks a line in that popular script. . . . You never know what's next in radio.

Betty Winkler

HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

(Note—The following poem, written by Walter Cousins, old settler of Munday and the Knox Prairie, in December 1906. The poem later appeared in the February 5, 1920 issue of the Times and we are glad to reprint it again. The paper was brought in by Mrs. J. D. Kethley. Cousins is now editor of the Southwestern Drug Journal and is also president of the Texas Cowboy Reunion which meets in Stamford July 4-6.)

OLD TIMES IN MUNDAY
Stranger, I'm an old settler,
Didn't come here er tall.
Just been here always,
And I'll swear I know 'em all.

Knowned Munday when she wuz
er baby,
Er ruther when she wuz twins.
And the tightnest pair of infants
That ever got in ther wind.

The surname of these infants
wuz Munday,
That I sposed you cud guess,
Called one uv these twins East
Munday,
The other's name was West.

These twins they used to get

lively,
When liquor was on the run,
Up thar in Wilson's ballroom,
We used to have scads of fun.

Fletcher Wren wud do the fid-
din'
With his fingers blistered
white,
Drew the bow like a drunken
greaser,
Jes to keep 'em steppin' right.

Old Fletch wud rest a minit.
From his bottle take a draw,
And go to playin' uv the feller,
Who traveled in Arkansas.

Uv all the quick stampedin'
Rusty raggin' out o' sight,
It was jest then takin' place,
At the noontide uv the night.

Bob Wilson done the callin',
Fer these awful rags,
And he set his hoofs to millin'
Like an Indian on a jag.

Double on the corners,
And his under jaw wud fall,
Jes like the lid of a chuck box,
As he whooped out “balance
all!”

He called the crack cottilion,
(Continued on Page Three)

Explanations Given Out on 1938 SOIL CONSERVATION PROGRAM

Cotton Eaten by Hoppers
Many farmers have asked the question if they will be permitted to plant sorghum on land that has been planted to cotton and has been eaten by grasshoppers. In a recent letter from the state office the following was quoted:

“For purposes of 80 per cent provision only acreage seeded to cotton which is seriously damaged or destroyed by hail or insects before bolls are formed will be considered as being planted to cotton. No payment with respect to cotton will be made unless land on the farm is considered as being planted to cotton except where failure to plant was due to flood or drought.”

Probably there will have to be some proof that cotton was destroyed by hoppers before sorghum can be planted.

Cotton Price Adjustment
All applications for subsidy payments must be made by July 15. All cotton land must be measured before any subsidy will be paid. If you are not farming this year you will receive your cotton subsidy money.

17,092 Laws Presented During 75th Congress; 1722 Were Passed

Hopeful lawmakers introduced 17,092 bills and resolutions during the Seventy-fifth congress, but one out of ten became law.

The others are now just so much waste paper, because everything will start from scratch when the new congress opens in January. In the Seventy-fourth congress 1,722 new laws went on the statute

No wheat allotments have been received from the state office, but allotments are expected by July 1. It is evident that all wheat bases will be reduced considerably. At present all farms that have been planting wheat have a wheat base established now. These allotments will be issued in similar manner as were other allotments this year.

Wheat Insurance
Every wheat farmer in Knox county is urged to find out about wheat insurance. This is a good time to take out a policy for wheat as it is cheap. The cheaper the wheat when the policy is taken out the better it is for the farmer. Do not delay coming to the County Agent's office and finding out about this government insurance for August 30 is the last day on which policies will be accepted. It is to the farmer's advantage that he find out about this insurance. He has nothing to lose and everything to gain. As was said before, the government is going to pay all storage and administrative expenses, and all the farmer has to do is to put his wheat in this storage bin.

books. The total for the Seventy-fifth probably will be something more than 1700. The final number is indefinite, because some measures have not been acted upon by President Roosevelt. The first session of the Seventy-fifth wrote 899 laws, and the second, five. During the session just closed 850 more passed both houses and went to the President.

TOO MUCH OF IT ALREADY!

R. O. PEEVEY
W. D. (Bill) THOMAS

Old Age Insurance
Most of the letters that come to the Unemployment Commission at Austin are from people who think the money subtracted from their pay checks is for unemployment compensation. This money is for old age insurance. The Employee does not contribute to the Unemployment Compensation Fund. These contributions are made only by the Employer.

TUBERCULOSIS!

A series of articles dealing on the disease and the Texas hospital for Tubercular Patients.

By DOROTHY GARRETT

I know many of you are wondering if we read, write, or talk during rest hours. No indeed, we don't. During the day, through rest hours, we wear a chaser, which is a black cloth that we put over our eyes. If we disobey rules we are put flat, and do you know what that means? It is being put to bed at seven-thirty at night for so long instead of nine. And really that isn't very funny, either. We are taught here to realize the importance of rest and to completely relax. After you wear a chaser a few days, you feel lost without it.

Did you know tuberculosis is called Bugs? Neither did I when I first came. A few days after I got here someone mentioned my bugs, and did I feel insulted? And how! Then I learned that T.B. is called bugs. You really have quite a lot to learn here.

There are other things you get put flat for. The main one is airplane. Some patients airplane and get by with it; but nine times out of ten they get caught. In case you don't know it, men and women are not allowed to speak to each other. At shows, lectures, church, and in the dining room the women are seated on one side and the men on the other. When a woman smiles at a man or they pass notes, it is called airplane. The man is the airplane.

I know many of you will by now, probably have a poor impression of this place; but in a later article I will tell you about the various entertainments and things we have to look forward to.

Cotton Co-Ops of South Are Given A Clean Slate

With thirteen members of the committee voting, and by a vote of 11 to 2, the Senate Committee on Agriculture and Forestry early last week accepted the report prepared by Senators Bankhead and Ellender on the investigation of the American Cotton Cooperative Association and its affiliate, the Texas Cotton Growers Association.

The report, which summarized the testimony presented by the Cotton Cooperatives during a five-week hearing in Washington before a sub-committee headed by Senator Smith of South Carolina, sustained the cooperatives on every point raised under the Senate Resolution providing for the investigation, and turned down every charge made by Lawrence Westbrook, investigator for the committee. The five of the six members of the Committee on Agriculture from cotton states approved the Bankhead-Ellender report.

Principal point in the investigation concerning the classing of the 12-cent cotton and 1933 Cotton Producers cotton, though the investigation did look into the bona fide of the members of the various state and regional associations; the financial set-up; directorates; speculation, investments in real estate, and loans from the Farm Credit Administration.

The committee found that while there was some variation between the classing of various lots of cotton, "the evidence shows that the classing by the cooperatives was reasonably accurate considering the inexactness of existing methods of classifying and grading cotton."

The committee found that the memberships complied with state and national cooperative laws and found no evidence that any of the members were dissatisfied with the conduct of the associations.

On the matter of finances it found the cooperatives were solvent. And that they have not speculated in the market. The evidence disclosed in the report said, "that the American Cotton Cooperative Association is operated for the benefit of its members." It further found that salaries paid the management is probably "under that paid to other managers having like work and responsibilities in the cotton trade."

Commenting on the report, A. B. Emmert, general manager of the Texas Cotton Growers Association, states that while "the volume of cotton our members handle in their own association is the best evidence of what farmers think of it, this report is a welcome and appreciated vindication of the cotton cooperatives, and is a ringing answer to the many charges and rumors continually being made against the cooperatives by those who would profit by their destruction."

SCOUTING THE

SCOUTS

MUNDAY, TEXAS, TROOP
 Cecil Cooper, Scoutmaster
 Robert Greene, Assistant
 Henry Dingus, Reporter
 Meeting Place—Old School Building

Despite the rainy weather last Monday night, nineteen boys attended the Scout meeting in the old grammar school building.

We have set the date for the Scout Plays to be put on. Although we shall have but two weeks to work on it, we will put the plays on next Friday night week, (Friday, July the Eighth.)

One Scout, whom we have been missing quite a lot the past two weeks, Dick Harrell, is back with us again. He has been visiting and just returned Sunday night. Also we were glad to have with us our former assistant scoutmaster, Ted Longino.

Another way of earning money was given to the scouts this week when the scouts voted to keep the grass cut for the school building. We decided to work by patrols, Patrol No. 1 having first chance to mow it, etc. The money that is earned by the patrols will go into the patrol treasury and not into the treasury of the whole troop. Patrols were warned to do a good job or they would not get to do it when their time came again.

Another thing which was decided by the scouts was that we would take a camp cook along with us when we go on our trip. That is, we will hire a man to go along and do all the cooking except that which the scouts must do in order to pass their first-class tests.

Scouts present at the last meeting were: Dick Harrell, Mac Haymes, Wayne Blacklock, Bobbie Reese, Harold Longino, Ted Longino, John Wood, Robert Haymes, Hugh Longino, David Eiland, Charles Baker, Jack Pippin, Dorse Collins, D. P. Morgan, Lamoine Blacklock, Kenneth Splice, and Joe Albertson.

Ned Albert, a visitor, was also present.

One mystery which the Scouts were unable to solve was who locked up patrol room number three, and why.

All Scouts are asked to attend the meeting next Monday night at eight o'clock at the grammar school building. All parents of Scouts are invited to all meetings.

Visiting Here

Phyllis Jane Myers, daughter of Dr. and Mrs. Paul L. Myers of Wichita Falls, is visiting the daughters of Dr. Fidelia Moylette.

CUB SCOUT NEWS

CECIL COOPER, Cubmaster
HENRY DINGUS, Ass't
 Meet Friday Nights at the Legion Hall
 O. H. SPANN, Jr., Reporter

We went on our first hike Friday night at 7:00 o'clock. There were twelve present, including Herbert Stodghill, Dickie Owens, O. H. Spann, Jr., Joe Spann, John Spann, Charles Reese, Bobby Broach, Bonner Barton, Davy Lee Morgan, Harry Cowan, Joseph Borden and Lloyd Gray.

We hiked out to the stockpens. Cecil had gone another way and hitch hiked and beat us there.

When we got there we played Capture the Flag and Blindman's Bluff. After that we ate sandwiches, potato chips, cookies, and ice cream.

When we got ready to go home we rode in Mac Haymes' car. He had Clay go to the front seat and say, "What was that I stumbled on?" We looked and it was a dead snake.

We had a very nice time.

Eligible for Compensation
 An eligible unemployed man may receive unemployment benefits for his first "compensable" week. A "compensable" week is the week following the waiting period of not less than two weeks. If he files a claim with the Employment Service after the compensable week he can expect his first benefits check in from eight to ten days.

Register with Service
 Persons seeking a change of employment should register at the State Employment Service. The Service not only finds jobs for the unemployed men but it helps anyone desirous of changing jobs. They aim to find the best man for the job and the best job for the man.

In May, 25,309 Texans filed with Employment Service offices as totally unemployed and 1,432 filed as partially unemployed.

MORE KNOX HISTORY—

(Continued From Page Two)

With the voice of a grizzly bear,
 While we tripped the light fantastic,
 Through the frosty midnight air.

Them days is gone now, stranger
 We do them stunts no more,
 We're wearing Epworth League pins
 Instid uv forty-fours.

Ed Wallace, a parson from Memphis
 Worked up an awful change,
 With the biggest religious round-up,
 That ever took place on this range.

He cut out the hardened sinners,
 And drifted 'em up in a wad.
 And in his cowboy fashion
 Taught 'em the love of God.

Thar's old Cholly Mayes of the Circles,
 Who wrangled in the big corral,
 Has quit hobblin' horses for the present,
 And is tearin' tape for the gals.

And dishin' out beans to the nesters
 At Alexander's big sto'
 With a smile on his face like a prairie fire,
 In the grass a long time ago.

Bill Baker, the goold old Van Zandt,
 The man that's hard to lose,
 Is dealin' off Moline wagons,
 Calico, bacon and shoes.

When the Wills Point Chronicle falls
 To show up when the time is ripe,
 Bill thinks the universe
 Has certainly pied the type.

Frank P'Pool, the shorthorn from Anson,
 Will pocket your shekels with thanks
 Frank's ridin' herd on the cash

At the Munday First National Bank.

Thar's Old Doc Lee with his old cob pipe,
 And a twist of home made weed,
 And when he's got her loaded
 He certainly got trouble treed.

Scratchin' a match on his shoe sole,
 And lightin' his cob with ease,
 He'll tell you of a coon-fight
 That he seed in Tennessee.

Munday's a great town, stranger,
 I've said so time and again,
 We hain't anything but cracka-jacks,
 When it comes to the matter of men.

It's a land of fine old citizens,
 And laughing boys and girls,
 Stranger, try Knox County,
 The garden spot of the world.
 (W. H. C.)

Depends on Record
 Whether or not an unemployed man may obtain unemployment benefits depends upon his "work record" which is listed with the Unemployment Compensation Commission in Austin. Employers supply this work record when the man is working. It shows for whom he worked, how long he worked and what his salary was.

Three more states—Iowa, Michigan and South Carolina—will begin benefit payments on July 1, making a total of twenty-eight states paying unemployment benefits. By July, 1939, all states will have begun payments.

No single piece of legislation was ever adopted so rapidly in America as Unemployment Compensation. There have been unemployment compensation programs of some form in European countries for more than fifty years and yet these countries are still engaged in educational activities.

More than \$139,000,000 in benefits were distributed to unemployed insured workers in the United States during the first six months of 1938.

Returns Home

Dr. D. C. Eiland was in Wichita Falls Tuesday evening where he met his wife and son, who returned from a visit with her grandparents in DeQueen, Ark.

Is Campaigning

John Ingram, candidate for county superintendent of schools, was in Brock the first of the week campaigning for the office he seeks.

Four Softball Teams are Organized by Palmer as Recreation Program Gains Popularity

SOFT BALL MOST POPULAR AMONG SPORTS EVENTS

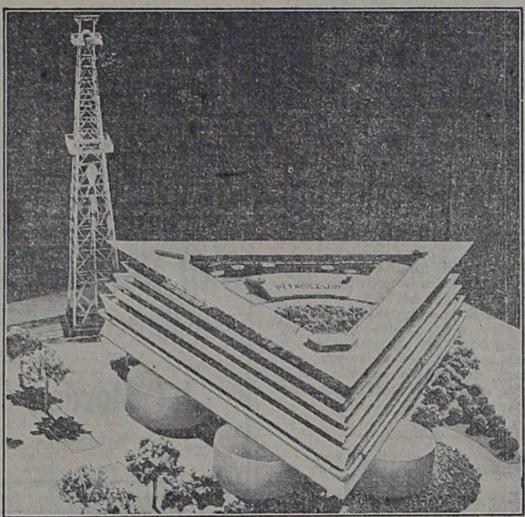

Boys and Girls Will Have League In Afternoons

The recreational program is fast gaining momentum, with 57, the largest number yet to report in one day. This was Monday and did not include those that came at 6:00 p. m., merely to organize a soft ball team. Table tennis is the favorite game of all, while the gym has been a popular place during the last few days of cool weather. Skating is next in rank, while horse shoes, lawn tennis and bicycle riding come in for their share. Beginning Tuesday, July 5, the program will start at 2:00 p. m., each day except Saturdays and Sundays and will close at dark. The grade school building will not be open at all on Monday, July 4.

If you are interested in going swimming at Haskell for 25c, including transportation, please give your name to Palmer and be assured of a seat.

A lighted soft ball field for the town would be an asset to our community. It is believed that a league could be formed, should we install lights here, that would include Goree, Weinert, Sunset, Rhineland and Munday, with all the games being played here under the lights. I believe the citizens of Munday would be glad to see this done, so if you are interested in getting a lighted soft ball field in Munday see Smith at the bank—he will gladly accept your donation.

The soft ball leagues were organized last Monday afternoon, one for boys and one for girls. The boys' league consists of four teams with their captains as follows: J. E. Reeves, Jr., Hugh Longino, D. P. Morgan, and Jimmie Lee Haney. The girls' league consists of three teams with their captains as follows: Bernice Wallace, Louise Gafford and Wanda Pentecuff. Both schedules will be divided into halves, the first half to run through July and the second half through August. The boys will play Monday, Wednesday and Friday of each week, beginning at 6:00 p. m., while the girls will play only two days each week, Tuesday and Thursday, beginning at 6:00 p. m. The schedule for the season will be found in this paper next week. I suggest you cut it out and use for future reference, for the race is going to get "plenty warm" before the season gets far along. Get in your car and drive up to see these games for even school boys can show you some real baseball sometimes. Let's show the youngsters we are interested in them and want to see them win. I think the town of Munday needs a great

PETROLEUM'S WORLD OF TOMORROW—A brilliant triangle of gleaming blue metal supported twenty feet above the ground by four huge replicas of oil tanks will house the Petroleum Industry Exhibit at the New York World's Fair 1939, as indicated in the model above. Dramatic and spectacular exhibits will show how research in petroleum has aided human progress. A unique feature is the derrick in back which, manned by living workers, will demonstrate the process of drilling for oil.

deal of this "winning spirit" for a change, for we have too much of this "don't care" attitude during the last few years. The schedule will officially start next Tuesday with a double-header carded—the girls playing at 5:30 and the boys at 6:30 p. m. This double-header is arranged so that Monday, July 4, may be observed as a holiday by all the players. Skippers Longino and Haney will clash with their teams next Tuesday while in the girls' league Skippers Wallace and Gafford will start the race with their teams on the field. Following is a list of each team: Boys, Haney's team—Austin Jones, Weldon Higinbotham, Lester Arnold, Joe Nesbitt, Randall Brannon, O. H. Spann, John Wood, Kenneth Phillips, Bobbie Haymes, John Spann, Doris Wardlow, and Derald Gray. Skipper Longino's team—Bobbie Barton, Judge Stevens, Raymond Carden, Lynn Chapman, Wayne Blacklock, Charles Baker, Elwin Darter, Bonner Barton, Charles Massie, McCrevey Jones, and Harmon Sessions. Skipper Morgan's team—Bennie Fojtik, Joe McGraw, Franklin Boone, J. C. Hutchens, Billie McGraw, Billie Frank Armstrong, Milton Thompson, L. D. Jones, Lloyd Zack Gray, Joe Spann, Dick Owens, Skipper Reeves' team—Douglas Fincannon, John Gaines, Raymond Phillips, Billy Orrell, Doyle Franklin, Joe Gafford, Alvin Holler, Herbert Stodghill, Davie Lee Morgan, Kenneth Speke, Bobbie Lee Rawell, and Jack Pippin.

The girls' list: Skipper Wallace's team—Polly Chamberlain, Lucille

Celebrities To Appear at TSCW During 1938-39

DENTON—Texas will be host to sixteen major celebrities next year, according to the list of poets, authors, actors and politicians who are booked on the 1938-39 Drama Series at Texas State College for Women.

Novelist Vicki Baum will lecture January 9. Other writers scheduled are Dr. Henry C. Link, author of "Return to Religion," December 13; Marporie Hillis of "Live Alone and Like It," renew, January 13; Will Durant, author of best-seller "Story of Philosophy," February 8; and Stuart Chase, acclaimed for his series of books on today's economic problems, February 19.

Elissa Landi, stage and screen star, will appear November 2. Anna Rutz, celebrated for her portrayal of the Virgin Mary in Oberammergau's Passion Play, will give an illustrated description of that production, February 9. Other theatrical attractions will be the Jitney productions of Maxwell Anderson's "Both Your Houses" and "End of Summer," by S. N. Behrman, October 24-25; and the Claire Trec Major Company will present "Peter Pan" on November 21.

Politics are represented by Frances Perkins, secretary of labor, who will lecture October 26; Congressman Robert LaFollette, Jr., and Hamilton Fish in a debate on December 7; General Smedley D. Butler, retired Major General of the Army, October 19; and Herbert Agar, who will lecture on "What England Wants for America," April 19.

John Mason Brown, one of Broadway's foremost dramatic critics, will return for the fourth consecutive time on February 6. Poet Lew Sarrett and Poetess Edna St. Vincent Millay complete the series with lectures on November 18 and 20 respectively.

Kitchens' Dorthy Mullican, Lenore Longino, Juanice Jones, Dorothy Shaw, Mary Lois Beaty, Louise Mullican, Doris Wardlow, Frances Laney, Betty Golden, Neva Gray, Skipper Pentecuff's team—Clara Faye Bryan, Bonnie Jones, Wynell Wallace, Coy Dickens, Frances Moore, Florene Pippin, Mildred King, Jimmie Henslee, Mildred Jones, Betty Lou Boone, Laverne Haney, and Anna Lois Bryan. Skipper Gafford's team—Claudie Lee Snailum, Zenoble Lewis, Bobby Floyd, Luzelle McCarty, Geraldine Stevens, Mildred Brown, Allene Jungman, Sue Stodghill, Ethel Floyd, Frankie Mae Trammell, Jerry Chamberlain, and Virginia Nell Wood.

HOME EDUCATION

"The Child's First School is the Family"
By Dr. James E. Pope

BUDDY LEARNS ABOUT DOODLES

For a long time after Buddy first learned about "Doodle Bugs" he continued his interest in them. Every morning by a little extra care and attention—not too much of course—his mother satisfied his longing for notice. This was done while she made him ready for breakfast and while he ate, and afterwards while he washed his hands and face and donned his play suit. He was made to feel beloved and happy.

Then he went out alone and called the "Doodles," kneeling close to their traps and speaking very earnestly to every one. Later on, Buddy and Mother watched a large red ant get caught in the trap and find it impossible to get out. They saw him drop to the bottom, and saw Mr. Doodle come up and drag him to his lair.

Mother explained that the traps Doodle made were to catch insects on which he lived, and the reason the walls were so steep and so smooth was so that Doodle need not go without food. By watching Buddy found that no bug could get out once he had gone over the rim into the funnel.

Sometimes for a joke Buddy would drop a very tiny stone over the edge, and Doodle would always come up, but when he found it was only a stone which he could not eat he went below at once.

Then Buddy began to search out the traps of Ant Lions wherever he found them where the ground was sandy and rather soft. He found colonies of them in the orchard, under the orange trees, and out in the garden, and his mother was always ready to go when he called to see each new colony. He learned to call them "Ant Bears" or "Ant Lions," but he found that they answered to a little grain of sand dropped into the trap.

As the summer went by, Buddy began to take an interest in all sorts of things in the yard and garden. Each morning he had a list of places to visit: all his Doodle colonies, a tree on which little pink peaches were getting ripe, some bean plants, the seeds for which his mother had given him and helped him put into the ground, a California brown towhee that ran around the orchard, which he followed and fed, a fat toad that lived under a big rock in the back yard. He asked his mother fewer questions, and became more and more self-reliant, but he never failed to show her anything new or of special interest that he found, or to bring her any oddity that he discovered.

Mrs. Sandusky realized that her son was laying a foundation for rounded and successful living during his approaching kindergarten and school years. She made it an invariable rule to meet his every new experience with interest and enthusiasm, knowing that enthusiasm over pleasing trifles makes for happiness all through life.

Hefner H.D. Club to Meet Next Tuesday

The Hefner Home Demonstration Club will meet July 5 at 3:00 p. m. in the home of Mrs. Robert L. Lambeth.

Topic of the meeting will be: Bringing Food Preservation up to Date.

Roll Call: Number of quarts of Products I Canned in 1938. Demonstration for the meeting will be: Bringing food preservation up to date, testing pressure cookers.

All members are urged to attend and visitors are welcome.

FARMERS NOTICE!
A meeting of all members of the Farmers Union, Munday local, for the purpose of electing new officers was announced for Saturday, July 2, starting at 2:30. All members are urged to attend.
J. E. Edwards, Secretary. 1tc

Tri-County Golf Tourney Slated At Olney July 7-13

Qualifying rounds for the Tri-County Golf Tournament will be held on the Olney links from July 7-13. Harry M. Bettis announced Wednesday. Included in the tri-county organization are Baylor, Knox, Haskell and Olney of Young county.

Match play will begin July 14 running through July 15 with the finals Sunday, July 17.

An entrance fee of \$2 is being charged. Letters have been sent by Mr. Bettis to out-of-town golfers inviting them to attend the annual meet. Olney was accepted in the association last year. A. A. Cooper is president.

Concluding the qualifying rounds a picnic supper will be served at the clubhouse. Golfers, their wives and all persons interested in staging the tournament are invited to attend. A calcutta pool will be held at this time.

Committees appointed by Mr. Cooper for the tournament include: Trophy, C. V. Morgan, chairman; Si C. Jeffrey and Bascom Nelson, entertainment; C. B. Clement, chairman, Jack Marcelle, Earl Williamson, Wright McClatchy, Chas. Wolverson, and Doyle St. John; Grounds, L. C. Boyd, chairman, L. A. Upham and Joe Green.

RETROSPECT
I've learned to smile upon you as we meet at tea
And hide the sudden pain that grips me when we're placed side by side

I've learned to smile nor let you see
That I meant a little less to you than you to me.
Reba Rushing, Cayuga, Tex.

FRUSTRATED DREAMS
I've laid my dreams aside, My skies are gray
With hopes long unfulfilled. Time runs away
To shores I cannot reach, or know, or see,
But O the grief, the grief time left with me.

Since dreams have fled, stern duty took their place
And how unwelcome, till upon her

W.M.U. MET IN TOM HANEY HOME TUESDAY EVE.

Mrs. Tom Haynie and Mrs. W. V. Tiner were hostesses to the W. M. U. Tuesday night, June 21, in the home of the former.

This was the regular business and social meeting.

Devotional was given by Mrs. M. H. Reeves and Mrs. B. L. Blacklock offered prayer.

During the social hour names for Pals were drawn and Pals for this time were revealed. Gifts were passed by Margaret Tiner.

Delicious cake and ice cream were served to the following: Mrs. A. U. Hathaway, J. J. Keel, C. R. Parker, Jim Reeves, M. H. Reeves, J. O. Bowden, B. L. Blacklock, J. E. Edwards, W. L. Barber, R. R. Harrell, Chandler Hughes, Margaret Tiner and the hostesses.

O. F. Gree, Bomarton, and a former Munday citizen, was a business visitor in the city Wednesday afternoon.

Miss Elizabeth Dillon will leave on Tuesday of next week for Ft. Collins, Colo., where she will enter summer school. From there she will go to Canada for a several weeks stay.

face
There came a smile, and in my heart unsought;
Petaled a flower of love, by duty brought.

| 6. Fair to mechanical staff. | Unfair physical and mental strain. |
| 7. Advertisement well written. | Advertisement hurriedly written. |
| 8. Advertisement inserted. | Risk of omission. |
| 9. Overhead normal. | Often cause of rate increase. |
| 10. Illustrations correct. | Risk of misplaced cuts. |

• While a newspaper is a marvel of mechanical efficiency, there are limits on what can be done by a given force of printers, stereotypers and pressmen in a short, crowded period of stress.

• There is plenty of time to give every advertiser good service when early copy is sent in.

• The Times believes that its advertisers desire to be fair to the printers, stereotypers and pressmen who serve them as well as to be fair to themselves.

• Visitors to the mechanical department are invited so that the process of handling advertising may be thoroughly understood and the mechanical problems fully realized.

• Your co-operation will be greatly appreciated by the entire personnel of The Times.

THE MUNDAY TIMES

WANT ADS

Devine's Grin Belies Rough Pre-Film Life

Among the strong men of Hollywood, the Victor McLaglen, Nat Pendleton, and similar gentry of Hellenic persuasion, are one or two chaps who'd never be suspected of being unduly rugged. There is, for example, the bashful, gravel-voiced Andy Devine, who is currently displaying his comic talent rather than his physical prowess in pictures; notably "In Old Chicago," the great 20th Century-Fox production which has its premiere Sunday at the Roxy Theatre.

Andy is admittedly a pretty funny fellow these days, one of the few important comedians to come to the screen in the last few years, but the time was when nobody laughed at him. That was when he was playing a lot of football at guard for Santa Clara, and the opposition gained a total of 26 yards through his spot in an entire season.

Was Lifeguard

Nor was Andy's presence a laughing matter on the beach at Venice, California where he was a lifeguard with a total of 23 rescues and one medal to his credit. He worked there during the summers and played professional football during the fall, and in between times he tried to crash pictures. He did get a job in a series of two-reelers "The Collegians," but when they came to an end, so did his screen career for the time being.

Discouraged, he enlisted in the

CHURCH NEWS

FIRST BAPTIST CHURCH

All services at the usual hours next Sunday. We give you a cordial welcome to any or all of our services. The Lord asks for a tenth of our income and a seventh of our time. He has promised us blessings unlimited if we obey his commands and follow his leadership. "But my God shall supply every need of yours according to His riches in glory by Christ Jesus." (Phil. 4:19). There are many appeals that come for our lives. Paul admonishes us that among all the appeals which come we should let Christ have the pre-eminence. The world's appeal is glimmering, shimmering and dazzling, with promise of faster step tomorrow. Christ's appeal is for self-denial with the promise of inner joy, and everlasting peace and satisfaction. There are individuals who believe in us, but most of all, God believes in us, and is expecting us to be faithful to Him and to His call to service. May we not disappoint Him.

W. H. Albertson

Lighthouse Service, and served aboard the supply ship carrying fuel, equipment, food and mail to the light stations in Bering Sea.

Typed as Villain

The trouble with Andy's original excursion into pictures was a matter of casting. People seemed to feel that he had to be a villain. It was not until he returned from his year's voyage to the Arctic that the cinema sun shone on Andy. He was back on the job as a lifeguard after some work as a heavy in two serials, when a friend of his told him about a football picture—"The Spirit of Notre Dame," it was that was being cast.

That part made him, and he has risen steadily, but he says that his role of Pickle Bixby—his role in "In Old Chicago" is apt to be tops for him for some time to come.

Appearing, with big, genial Andy in the featured cast, are Tyrone Power, Alice Faye, Don Ameche, Alice Brady, Brian Donlevy, Phyllis Brooks, Tom Brown, and June Storey. Henry King directed.

Federal Land Bank, Commissioner Loans Rate Still Reduced

The reduced interest rates on Federal Land Bank and commissioner loans have been extended by Federal legislation for a period of two years, according to word received today from the Federal Land Bank by John Ed Jones, secretary-treasurer of the Munday Farm Loan Association.

On Federal land bank loans through national farm loan associations the temporarily reduced rate of 3 1/2 per cent per annum will be continued for all interest installments payable prior to July 1, 1940.

The temporarily reduced rate of 4 per cent on and Bank Commissioner loans is also continued until July 1, 1940, Mr. Jones said.

"The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made," Mr. Jones said. "At present the contract rates on new land bank loans are 4 per cent for loans through unimpaired associations. The contract rate on all Commissioner Loans made through the land bank is 5 per cent. Under the law, as now amended, both land bank and commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940.

"Farmers who now obtain new loans through an association at the 4 per cent contract rate," Mr. Jones continued, "will get the benefit of the 3 1/2 per cent rate for all interest installments payable prior to July 1, 1940, and after that will not have to pay more than 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30-odd years."

The Munday National Farm Loan Association have a total 264 Federal Land Bank Loans totaling \$897,200.00, and 185 Land Bank Commissioner loans totaling \$291,850.00, or a total of 449 loans totaling \$1,189,050.00 on farms and ranches located in Knox, Haskell and Throckmorton counties.

IS ONE OF THESE A NEW SHIRLEY TEMPLE?

Seeking another "Shirley Temple," Mr. Jack Warner, noted motion picture producer, started a search for the child whose picture appeared on the cover of the June issue of Good Housekeeping Magazine. They found the little girl in provincial England, where she lives with her parents.

Mauri Lehane, the blonde, five year old daughter of an obscure English school teacher, will not come to Hollywood. Her parents have decided she should stay in England.

When the stories of the search for the "cover girl" appeared, the Warner Bros. offices were deluged with photos for "Little Miss Thoroughbred." Executives of the Warner Bros. Company were especially interested in little May Jessica Kursheedt, attractive Great Barrington, Massachusetts, girl. The photos, from left to right, are seven-year old May Jessica Kursheedt, the artist's portrait which appeared on the cover of Good Housekeeping, and little Mauri Lehane.

Wheat Growers Face Poser In Loan Decision

Under the new farm act, a wheat loan must be offered at the rate of 52 to 75 per cent of parity if the June 15 price of wheat is below 52 per cent of parity or the July crop estimate is above normal domestic and export needs. It is generally agreed that the loan will be offered on both counts.

"The amount of the loan will have a long time bearing on the welfare of wheat growers, and they should study the matter from all angles before they ask for a loan on any definite angle," W. E. Morgan, economist in agricultural planning of the Extension Service of Texas A. & M. College, pointed out.

With the parity price of wheat at \$1.15, the loan may vary from 60 to 85 cents per bushel.

"The loan rate on wheat this year will have a bearing on the price of the entire crop," Morgan said, "so we must think not only about the 200 million bushels put up for loans but also about the price on the other 750 million bushels of wheat."

"We have a carryover of around 200 million bushels, and it is estimated that the winter wheat crop will be around 760 million and the spring crop another 250 millions. That gives us a total of about 1200 million bushels."

"The normal domestic consumption and export of wheat is around 750 million bushels a year, so we will have left some 450 million bushels to store. We can figure on exporting between 80 and 100 million bushels."

"The prospects for the export figure holding up are pretty fair, but if we put the loan far above the world price of wheat, we will shut off our exports. That would mean that we would face a carryover of some 500 or more million bushels of wheat in 1939."

The decision wheat growers must make, according to Morgan, is whether to ask for a high loan and let the future take care of itself, or ask for a loan at a level which would allow foreign markets to absorb some of the potential 1,200 million bushels supply of United States wheat.

Rutledge-Barnes Given Two Years For Cattle Theft

Adran Rutledge and Red Barnes were tried Wednesday in the District Court before Judge Newton on a charge of cattle theft and both pleaded guilty and were assessed two years in the state penitentiary.

George Harberger of this city lost several jersey cows several months ago and after traveling several thousand miles he finally located them in Lubbock. He secured enough evidence against the young men that the Knox county grand jury indicted them two weeks ago, and Judge Newton set the cases for trial Wednesday. This is the first conviction for cattle theft in this county in several years.—Knox City Herald.

Weekly Health Letter!

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Dr. Cox Lists a Few Don'ts For A Sane Fourth

AUSTIN.—It would be a glorious Fourth of July if no accidents occurred to mar the joy of celebrating our one hundred and sixty-second anniversary of independence, declared Dr. Geo. W. Cox, State Health Officer. It is most unfortunate that a day of joy and celebration leaves in its wake one of sadness and sorrow in many homes.

It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails, and other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus, or lockjaw as the disease is commonly called.

Tetanus is fatal in a large proportion of cases. Fortunately we have tetanus antitoxin as a means of preventing the disease. Antitoxin must be administered promptly following the accident. Treatment after the disease develops is rarely successful. Preventive measures include: the avoidance of such wounds and proper medical treatment.

A few don'ts for the 4th of July celebration would not be amiss.

1. Don't be careless in the handling of explosives.
2. Don't look into firecrackers which have failed to explode.
3. Don't drive recklessly and at excess speeds.
4. Don't overdo in swimming, especially in water of unknown depth.
5. Last and most important: Don't fail to get prompt medical attention if a wound is suffered.

Auto Stolen Here Found at Haskell Last Week End

Deputy Sheriff Riley Lewellen and City Marshal Britton Tuesday morning of last week identified an automobile found abandoned in the north part of town as the machine stolen from B. F. Snody of Benjamin the preceding night.

The car, a V8 Ford sedan, was taken from in front of the Roxy Theatre. One suspect was questioned in connection with the theft, officers said, but no charges had been filed Thursday morning.—Haskell Free Press.

Texas Retail Sales Show Slight Drop From Last Month

AUSTIN.—Sales of Texas department stores, measured in dollars, during May declined moderately from both the preceding month and the like month last year, according to the Bureau of Business Research of The University of Texas.

Reports from 104 Texas establishments show a decline in sales of 2.5 per cent from April and 5.2 per cent from May last year. During the first five months of the year, however, aggregate dollar sales of these establishments were 1.2 per cent above the corresponding period a year ago.

Physical volume of department store sales is about equal to that of a year ago, since retail prices declined in about the same proportion as dollar sales, the Bureau's report said.

Texas Ranks First

Among the twenty-five states paying unemployment compensation Texas ranks among the first ten in the number of claims received. About 152,000 original claims, (the first claim an unemployed man files in called "original") have been received since January 1, of which more than 97,000 have been paid benefits in the amount of \$3,261,501.11.

Judge Kendall, local attorney, was in Austin this week attending to business.

Programs For Annual Short Course Are Completed

SHORT COURSE FOR ADULTS TO OPEN JULY 13th

Program Will Last Through Three Full Days

The Short Course for adults, held at Texas A. & M. College during the period July 13-15, will present a program in which national, state, and local leaders in agriculture and home economics have equal parts. Roy Snyder of the Extension Service, general chairman, has announced.

Cooperation between county commissioners' courts, farmers and ranchmen and county agricultural agents in soil conservation will be discussed on July 13 by W. M. Burnett, San Marcos, Hays county, and Howell Cobb, Brady, McCulloch county, both county judges; E. E. Kirby, Lampasas, Lampasas county, and E. Wilson Loftin, Big Lake, Reagan county, county commissioners; Mansie Hoggett, ranchman of Mertzon; Fred W. Rosenkoetter, farmer of Gilmer; and R. C. Highley, conservation contractor of Amarillo.

H. H. Williamson, director of the Texas Extension Service, will review conservation work in Texas, and M. R. Bentley, extension agricultural engineer, will present the record of Texas counties using county owned machinery for conservation work.

In the same way, the cotton discussion of July 14 will be led by H. A. Wischkaemper, secretary of the Lone Tree One-Variety Cotton Association of Victoria County; Julius Wittliff, chairman of the Coupland One-Variety Cotton Growers Association of Williamson County; G. A. Vestal, president, Quanah Co-operative Society; R. A. Graham, president, NETEX Co-operative Gin Association, Greenville; and J. W. Jennings, farmer of Floydada.

The afternoon session will also be devoted to cotton, and will be featured by talks by Burris Jackson, Hillsboro, president of Texas Cotton Improvement Committee; P. K. Norris, Washington, D.C., marketing specialist of the U.S. D.A., and several members of the A. & M. College faculty.

The morning of the last day of the Short Course, July 15, will be given over to a review of the economic situation facing Texas agriculture, and will include talks by Dean E. J. Kyle of the A. & M. School of Agriculture, and J. R. McCrary, Calvert, president of the Texas Cooperative Council.

Section meetings of various phases of agriculture, including wildlife, pasture and range management, entomology, poultry, dairying, swine, sheep and goats, and similar subjects will be held during the afternoon.

Home demonstration club members and farm wives will follow a similar procedure in their meetings. Cletis Clinton, Minden, and Ruth Foshee, Greenville, 1937 and 1936 winners of the Texas Home Demonstration College Scholarship award for 4-H club girls, will be speakers.

General sessions for both men and women will be held in the mornings, with Dr. T. O. Walton, president of Texas A. & M. College Hon. Harry Brown, assistant secretary of Agriculture; Congressman Richard Kleberg; and Mrs. Mattie Lloyd Wooten, dean of women, Texas State College for Women, as speakers.

Group singing will be led by Walter Jenkins, Houston, song leader of Rotary International, and Nell Parmley, Austin, State Director of Music.

The evening entertainment series will feature an address of C. W. Warburton, Washington, U.S.D.A., director of the Extension Service; M. M. Harris, editor, San Antonio Express; demonstrations of sound movie trucks, and musical items.

The Texas Home Demonstration Association will make the Short Course the occasion for its annual meeting, as will the Texas Certified Seed Breeders, the Texas Agricultural Writers, Texas Agricultural Experiment Station Workers, and the Texas Cooperative Institute.

Return to Home
Mr. and Mrs. C. W. McKinney, parents of T. F. McKinney of this city, returned to their home in Coleman, Texas, last week end after a visit in their sons home.

McCarty Jeweler

Never Failed Yet

GRANDVIEW.—Being a baseball enthusiast and having all the superstitions of a player in a batting slump, C. V. Terrell, chairman of the Texas Railroad commission, halted his campaign for re-election just north of here at the fork of the Fort Worth-Cleburne roads to tack placards to his lucky post. "Every time I've run for state office I've tacked my own placards on this post," said Terrell. He has never lost yet.

Munday Band is Meeting 3 Times Each Week Here

The newly organized high school band of this city, under the directorship of Elbert Fagan, is progressing nicely Fagan announced this week.

New books for beginners which includes numbers that may be played in concert and at football games have been received. At present the band is operating on a tuition basis and Fagan is attempting to get students for the band from Sunset schools and if such a program is worked out the two bands will be consolidated and serve both communities.

Practice sessions are held three times each week. Several students with band experience are expected to join as soon as the new students are able to start playing. Anyone interested in playing in the band is urged to see Mr. Fagan.

Couple Married
Mr. Wiggins of Vera and Miss Irene Salter of Benjamin were married last Saturday night when Judge G. M. Bryan, local justice of peace, read the marriage ceremony for them at his home.

Mrs. G. M. Bryan is in Barkley, Texas, this week visiting her daughter, Mrs. Myrtle Irwin.

Times Classifieds Will get you results. A call to 46 will sell, buy, or trade what you need or have.

JUNIOR SHORT COURSE OPENS ON WEDNESDAY

Expect 2,500 Boys and Girls Will Attend School

More than 2,500 Texas 4-H club boys and girls are expected to attend the junior short course to be held at Texas A. & M. College July 6-8, according to Miss Onah Jacks and L. L. Johnson, state club agents of the Extension Service.

The junior program, like that of the adults, who hold their short course July 13-15, will feature members of the group.

Four outstanding Texas club members, just returned from the National 4-H Club Encampment at Washington, D.C., will relate impressions of the trip. They are Elizabeth Harrison, Alvarado, Johnson County; Pauline Miller, Crescent, Wharton County; J. D. Jordan, Mason, Mason county; and Ellis Britton, Plainview, Hale County.

Cletis Clinton, Minden, Rusk County, winner of the 1937 Home Demonstration College Scholarship Award, will relate her experiences in club work, as will Walter Britten, Groom, Carson County, past president of the Texas 4-H club, now a student at A. & M., and Harvey McClure, Roby, Fisher County.

The evening entertainment series will be featured by the colorful gold star presentation ceremony as the outstanding achievements of 100 girls and the same number of boys are recognized. The musical program will center around the Struder Brothers, swiss yodelers of New York.

Jane Alden, Chicago stylist, who will be presented before the girls' group sections, will also take part in the evening sessions.

Senator Tom Connally will deliver an address at the general assembly meeting. Miss Mildred Horton and Jack Shelton, vice directors, and state agents of the Extension Service, will also be presented at the general meetings.

Sectional meetings in various phases of agriculture and home economics will again be offered.

Only 47 out of 379,180 benefit checks issued to Texas workers remain unclaimed because the claimant has moved or given the wrong address. The Unemployment Commission is trying to find these claimants.

The average benefit check during May amounted to \$8.59, representing a week's compensation for a totally or partially unemployed worker.

USINESS EXPERT SAYS HAPPILY MARRIED MEN ARE MOST SUCCESSFUL

Believing that a happily married man will occupy a better position in the business world than will the man who is unhappy at home, modern business executives are considering more and more the home background of the men they employ.

In the July issue of Good Housekeeping Magazine, Stanley S. Dickinson, prominent business consultant, analyzes business and marriage.

"Business picks for the big jobs men who are happy at home," he says. "While business negotiates with the husband, it has long since learned that both husband and wife are entitled to consideration whenever one is being employed or promoted. The more important the job, the more important it becomes to find out whether the husband and wife have tried to keep pace with each other, or whether there is discord at home. Business can afford to place responsibility upon the mentally capable, energetic, and tactful man, only if his marriage relations are harmonious. It cannot afford to gamble with the man who is in trouble at home, not necessarily vicious trouble, but trouble arising from carelessness, maladjustment, and misunderstanding."

Mr. Dickinson tells his Good Housekeeping Magazine readers that this concern on the part of business is not limited to the lower brackets, but extends to positions of trust where the salaries run as high as \$20,000 a year. "The capable, intelligent, and progressive worker is almost invariably married to a capable, intelligent, and progressive woman," he writes. "Each acts and reacts upon the other. Men are not so versatile that they can fill \$5,000 jobs during the day and then go home to become husbands of \$15,000.00 women in the evening. Neither are women so versatile that they will remain in contented harmony with husbands who are not their mental equals."

Graduates Who Work Urged to Secure Numbers

WICHITA FALLS.—Students entering commercial and industrial employment this summer were reminded by J. Gordon James, manager of the Wichita Falls office of the Social Security Board, today that they will need social security account numbers. James said they should apply for a number at local offices of the Board, 206 Post Office Building.

It is estimated by the Federal office of education that this summer approximately 1,000,000 students may begin their business careers, or take a job during vacation. Whether the employment is part-time, temporary, or permanent, and although the employer has no other employee, a report of the employee's wages together with his account number must be made to the Federal Government by the employer, James explained. The employee is required to report his account number to his employer.

All wages an employee receives during his entire lifetime from employment covered under the old-counted as credit toward his old-age insurance. Wages for temporary or part-time employment, no matter how small, will increase by that much the worker's credits toward old-age benefits. It is therefore important to the employee that his wages be reported by his employer be identified by an account number so that they will

THE TRUTH WILL OUT

In order to correct a misunderstanding among the business men of our surrounding towns, I wish to make the following statement: That I most emphatically resent and disapprove of the methods used by Mr. Leo C. Cullison in soliciting ads for the Southern Messenger.

It has been the custom of the Southern Messenger to print the pictures of the churches in different localities and also a short history of that locality. The expenses of this printing are covered by the solicitation of ads.

Mr. Cullison, so I am told, went about soliciting ads under the pretense of collecting money for the completion of the church in the Rhineland community. This man was in no way authorized to collect for our church, and furthermore, the Rhineland church has not received one penny of the money derived from his solicitation of ads.

More harm than good was done to our community by this man. I, therefore, deeply regret and deplore the fact that he made use of a false pretense to obtain ads.

Rev. Matthew Wiederkehr, Pastor St. Joseph's Church, Rhineland, Texas.

George Moore, candidate for county treasurer, was in the city Wednesday campaigning.

Rev. Matthew Wiederkehr, pastor of St. Joseph's Church, Rhineland, was in the city Wednesday on business.

R. V. "Bob" Burton, candidate for county treasurer, was in the city meeting the voters Wednesday.

Merick McGaughey, Vera, candidate for county superintendent of schools, was in the city Tuesday afternoon in the interest of his candidacy.

Mrs. Dave Eiland was in Knox City Teasady visiting friends.

Champion Cowhands to Attend Cowboy Reunion

Three top cowhands who won handsome saddles as champions in rodeo events at the Texas Cowboy Reunion last year are planning to attend the ninth annual Reunion at Stamford this year on July 4, 5 and 6. A fourth will not return, having answered the call to the "last round-up." Upper left in the pictures is J. L. McCarron, Palo Pinto, riding "Old Doc," who won the cutting horse contest. Vance Davis, upper right, riding "Buster," won the calf-roping championship. He works on the Quien Sabe Ranch, Garden City. Tom Hudson, Benjamin, lower left, who won the oldtimers calf-roping contest, died last January. He is shown with his prize saddle on "Boots." Dan Utley, San Angelo, lower right, is mounted on "Argentine" in the saddle he won as champion bronc rider last year. He has won this event four years in succession and is coming back again.
