

MUNDAY WHEAT CROP EXCEEDS ESTIMATES

Rhineland Picnic July 4

BIG FEED WILL FEATURE PICNIC AND FESTIVITIES

Proceeds of Celebration Will Go To New Church

The 4th of July celebration at Rhineland which was held last year will again be staged J. J. Hoffman announced this week.

The affair will be held at the same place with dancing, plenty of good eats, doll racks, and other types of amusement offered.

A candidate rally will also be held during the day.

The community hall of Rhineland will care for those who wish to eat lunch, and another of the famous "Rhineland Dinners," cooked and prepared by ladies of the community will be featured throughout the day. 25c and 35c will be charged for the dinner.

The Lone Star band of that community will play short concerts during the day and music for the dance will be furnished by the Brown Derbies orchestra from Abilene.

Entire proceeds of the picnic and celebration will be given to the new church under construction in that community. When completed the church, St. Josephs Catholic, will be an \$80,000 structure.

The public is invited to come and be guests of the Rhineland citizens and they especially invite the public to eat with them.

James Stephens Seeks State Judgeship

James A. Stephens, veteran Benjamin criminal attorney of more than 40 years experience, has announced and filed for the unexpired term of Associate Justice of the Court of Criminal Appeals. He is making an active state-wide campaign.

BENJAMIN MAN FOR COURT JOB

Stephens Seeks Criminal Court Office

Judge James A. Stephens of Benjamin last week announced his candidacy for Judge of the Court of Criminal Appeals, for the unexpired term, on the Democratic ticket.

The Judge was born in Johnson county, was left an orphan at the age of eight years. His mother was a Pace. The Pace and Stephens families were pioneers of Johnson county. He attended a one-teacher school and was persuaded by a lady teacher to become a lawyer. After his day's work he studied law at night by the aid of a smoky coal oil lamp and read and re-read every text book published at that time as well as the Constitution of the United States as well as this state. He is therefore, familiar with the Constitutions and a firm believer they protect life, liberty and property.

Judge Stephens came to Knox county in 1889 when the country was open range and there farmed a large farm that he had plowed with oxen teams and started raising grain in 1892. He sold his cattle, horses and oxen and went to Cleburne to put in all his time reading law. Consequently, he mastered the fundamentals of the law that, without, no one can understand and appreciate their applications to the Appellate Court.

He was licensed to practice law in 1894. He returned to Knox county where he practiced and tried many cases in State, Federal and Appellate Courts.

He stated if elected he can and will write short opinions in concise language, free from conflict so the judges, lawyers, and laymen may know the criminal laws of Texas. He was honored by voters of far west Winkler county when they filed a petition making him a candidate on June 1. He will visit the 254 counties before July 23.

He urges his friends in Knox county to support him and wield their influence in behalf of his candidacy.

85 Cars Shipped Since Harvest Opened in Area

150,000 Bushels of Grain Believed Shipped From Munday Trade Area

With 85 cars of wheat shipped from Munday elevators and by local wheat buyers, the 1938 grain crop of this area was exceeding early predictions of farmers in reference to the new crop turnout.

Many farmers were getting a higher acre yield than they expected and the crop loss from the April freeze will be less than the 50 per cent estimated by grain men and farmers.

The 85 cars contained about 125,000 bushels of grain which is as much as was shipped from this city last year. Much of the grain of the local trade area has been shipped from Weimert and other nearby points and it is believed that the crop to date will total about 150,000 bushels for the Munday area.

Grain dealers stated that something like 10 cars of wheat remained to be harvested and shipped from the 1938 crop or about 15,000 bushels.

Some farmers who believed their wheat would produce on an average around ten bushels per acre stated that their yield was upwards to 20 bushels, and some grain producers who had late grain produced higher than 20 bushels per acre.

Businessmen here report that purchasing of merchandise has taken an up-trend during the past two weeks.

LIONS MEMBERS TO HASKELL FOR NOON LUNCHEON

Program Presented By Munday Lions At Meeting

Nine members of the Munday Lions Club met with the Haskell Lions Club Tuesday noon, putting on a program for that club in the dining hall of the Tonkawa Hotel at Haskell. The meeting served as the regular weekly luncheon of the local civic group.

Songs preceded the luncheon, led by Lion Courtney Hunt and immediately following the luncheon, program for the day was turned over to visiting Munday Lions, which was a farce trial. An indictment read by prosecuting attorney Lion Rip Davenport, brought charges against Lions Wade Mahan and Lee Haymes concerning the misuse of a "dime." As was expected, the defendants had no defense, and it would have been no avail had they presented argument. Result, they realized they were guilty and finally plead so.

Lions W. R. Cabaness and Boyde Carley were witnesses and Lion Hunt acted as judge.

At the close of the trial, the program settled to a serious nature. Lion President Davenport introduced Lion Mahan who presented a "Marble Lion" to the Haskell Club, which is out on a goodwill tour visiting all Lions clubs of the International organization. The Anson Lions Club brought the "Lion" to Munday.

The Marble Lion was made for the Carthage, Mo., club and started on its long trek through all Lionism, making its first trip to the Joplin Club from Carthage, March 2, 1936. It has wended its way through Missouri, Kansas, and Oklahoma, being presented to Texas Lions from the Tipton, Oklahoma club, to the Vernon club. The Haskell trip marked its 61st stop, and the grand total of Lions who have accompanied the "goodwill" token has now reached 670.

Each club that receives the Lion keeps it for one meeting, and the secretary of the club where it drops off for a visit sends a card to the Carthage club and one to the Lions International headquarters, Chicago, thus complete record is in three places.

John H. Flanagan, Carthage Lion, originated the novel idea.

Making the trip to Haskell were the following members of the local club: John Easley, L. M. Palmer, W. R. Cabaness, Wade Mahan, Paul Pendleton, Lee Haymes, E. W. Harrell, Boyde Carley and Rip Davenport.

Mother of Edwin Foytik Succumbed Wednesday Night

Funeral services will be held for Mrs. Mary Foytik, 67, from the Seymour Catholic church, Friday morning at 9 o'clock, according to final arrangements announced this morning. She is the mother of Edwin Foytik, owner of the Piggly Wiggly grocery store in this city.

Mrs. Foytik passed away Wednesday night at her home in Seymour following a long illness partially caused by complications arising from a broken hip sustained last fall.

The deceased has resided in Seymour since 1910 and was a native of Burlington county, Texas.

Surviving are the following children: Edwin Foytik, Munday; Anton Foytik, Seymour; Adolf Foytik, Seymour; Mrs. August Stavanaha, Bomarton; Mrs. Charles Lewis, Snook, Texas; and Mrs. Fannie Sebesta, Snook, Texas.

Political Rally At Knox City on Saturday Night

A candidate speaking and political rally sponsored by the Parent-Teachers Association of Knox City will be staged in that city Saturday evening beginning at 7:45 it was announced today.

The candidates will pay \$1.00 for use of the loud speaker system that will be used in the rally it was announced.

All candidates have been invited to attend and the voting public is invited to hear the qualifications up for election and re-election.

The announcement was made here by Mrs. J. M. Averitt, president of the sponsoring organization, Mrs. E. R. Carpenter and Mrs. W. E. Marr.

McFarlane To Start Campaign Soon

W. D. McFarlane, present congressman from this district will open his race for re-election this week. He has just returned from the history-making session of congress.

Veraite Poisons Self, 3 Children

Suicide Verdict is Returned by Justice Of Peace A. H. Sams Following Inquiry

Because a milkshake offered them by their father tasted bitter, the three children of Mr. and Mrs. Julian Stroble were alive today after they refused to drink the rest of the potion which had been poisoned by Stroble. Stroble, 38, drank his and succumbed a few minutes later about 400 yards from the house, where his body was found by neighbors. Reason for the suicide-murder act could not be advanced and came as a complete shock to the Vera community where the Strobles lived on their small farm.

Mr. and Mrs. Stroble had been at work in the field and late Friday evening Stroble left ahead of his wife for the house and prepared the fatal milk shakes. He gave one to each of the children and drank the fourth himself.

The children, Lola Jene, 9; Joe Wayne 4, and Jeanette 2, complained of the taste and refused to drink them. When Mrs. Stroble came to the house a few minutes later her husband said "I have poisoned myself and the children and ran toward the field."

The mother took her children to the Ike Shipman home nearby, and the Shipman boy ran to the Trainham home and called Clifford Robertson who took the children to Seymour where they were given treatment in a hospital. Robertson's drive to the hospital was exceedingly fast, and probably saved the children from serious illness from effects of the poison. They responded to treatment quickly and were returned home Saturday.

Funeral services were held for Stroble from the First Baptist church at Vera, 10 o'clock Saturday morning with the Rev. J. E. Evans, pastor officiating. Burial was made in Vera cemetery. He is survived by his widow and three children.

Verdict of suicide was returned by A. H. Sams, Benjamin justice of peace, after investigation by Sheriff Cartwright and District Attorney Lewis Williams, both of Benjamin.

GIST Of Today's News

30 Million Loss Copeland Succumbs Warns Farmers Talk by FDR Railroad Disaster Jap Vessels Sunk

DALHART—Leaders in the fight against a devastating infestation of grasshoppers estimated today that if four counties in the Texas Panhandle and five in adjoining northeastern New Mexico escape damage upwards of \$30,000,000 it must come through every agency and individual cooperating to the utmost.

Albert Mitchell, rancher and coordinator in the fight for new Mexico, has carried his plea to President Roosevelt, declaring that he must have thousands of dollars daily during the next two weeks to meet the emergency.

WASHINGTON—Senator Royal S. Copeland, New York democrat, died early Friday night of a "general circulatory collapse complicated by a kidney ailment." He was 69 years old.

Mrs. Copeland, two physicians and two nurses were with the doctor-legislator when the end came in his suite in the Shoreham hotel.

The senator was nationally known for his writings and broadcasts on health problems as well as for his activities in Washington.

BENJAMIN—Notice of warning was issued to farmers by Vance Favors of the Texas highway department located at Benjamin that all highways of Knox county would have poison for grasshoppers placed along the right-of-way and he urged farmers to keep up their livestock. The poisoning will be started on Friday morning.

College Course in Soil Conservation Offered at Denton

DENTON, Texas—"Blown-out" wheat fields like the one in the upper picture can be returned to paying crops like those shown in the second picture, according to U.S. Soil Conservation officials.

This is but one chapter in a dramatic conservation story to be told by 24 lecturers, including 18 federal experts, in a course in conservation of natural resources to open June 8 and run through July 16 at the North Texas State Teachers College this summer.

Among the outstanding group of speakers scheduled are Dr. H. H. Bennett, chief of the U.S. Soil Conservation Service, and other government men pictured above. All lectures are open to the public.

The two farm pictures are of the same field. The lower was taken 10 months after the blown-out wheat land had been terraced and listed to milo maize on the contour.

BULLETIN!

Knox County Assessor-Collector Earl Sams, warned county citizens this week that the deadline for payment of last half taxes for 1937 was approaching.

The taxes are now due and the deadline is Thursday, June 30, Sams stated, and he urged taxpayers to pay before that date and avoid the 8 per cent penalty which will be added thereafter if not paid.

JOE LOUIS WINS!

Joe Louis, Detroit's "Brown Bomber," retained the world's heavyweight boxing title Wednesday night by stretching out Challenger Max Schmeling from Germany in 2:04, the shortest title ring battle on record. Louis had Maxie on the canvas within a minute and floored him three times before he stayed down.

ELECTION DATES ARE ANNOUNCED

First Primary is Set For July 23

Important dates for the 1938 elections, as listed on the 1938 political calendar, are given below for the benefit of both candidates and voters in Knox county. The dates start with the final day on which candidates have to file to have their names placed on the ballots, which is Saturday, June 18, and concludes with the general election on November 8.

June 18—Last day for county and precinct candidates to file requests to have names placed on ballots.

June 20—County executive committee prepares ballots and assess costs.

June 24-28—First campaign expense reports.

June 25—Last day for candidates to pay ballot fees.

July 3-19—Absentee balloting. Time for voters who wish absentee ballots to appear before county clerk and request a ballot. Where application is to clerk the time is not less than three nor more than fifteen days; where to other officer than clerk, not less than three days nor more than twenty days before primary.

July 11-15—Second campaign expense reports.

July 23—First primary election. Polls open from eight o'clock a. m., to seven o'clock, p. m. Precinct conventions will be held. Election judges telegraph unofficial report (Continued on Page Eight)

Three Sustain Injuries in Automobile Crash Fatal to Youth

James Moore, 17, Goree youth, was killed in an automobile accident Sunday and three of his friends were injured when the automobile in which they were riding overturned four times on the Goree-Wichita Falls highway.

Luther O. Chamberlain, 21, sustained serious injury in the crash, but it was reported that he was recovering. The other injured were Floyd Hutchins, 18, and Boyd Moore, 19. All the youths were from Goree, and the four were returning from Wichita Falls where they had been visiting.

They came in slight collision with an automobile driven by Othar Hancock, of Parkridge, Ill., just outside of Dundee and turned over further down the highway, officers said who investigated the accident. The injured were given emergency treatment in the Seymour hospital.

Funeral services were held for Moore Monday afternoon at Goree where he was born and reared. The son of Mr. and Mrs. W. A. Moore, he was born September 26, 1921. Burial was in Goree cemetery. He is survived by his parents and two brothers, Joe and John Moore, and one sister, Dorothy, and his grandparents, Mr. and Mrs. W. L. Moore, and Mr. and Mrs. J. J. Roberts, all of Goree.

Employed Here

Miss Frankie Sanders of Quanah, Texas, has been transferred to Munday and will serve as book-keeper of the West Texas Utilities office here, W. R. Cabaness, manager announced this week.

Miss Nina Astin was in the city Monday attending to business.

Seventeen Members Attend Meeting At Terry Hotel

The Munday Chamber of Commerce met in regular session Thursday noon at the banquet room of the Terry Hotel with President T. G. Bengt, presiding.

After the luncheon reports were heard on the recreation program co-sponsored by the C. of C., Munday Lions Club and the P. T. A.; the new band being organized and ways of supporting band were also discussed and a report was heard about the Boy Scout vacation camp to be held in July.

Drainage of the city was the chief topic of discussion in the meeting and an attempt will be made by the organization to secure a federal grant to install a system that will care for the drainage of water from rains, which floods the city streets.

Sale at Baker-McCarty Store is Still Under Way

The Baker-McCarty Store's new "Low Price Demonstration Sale" which is going into its second week was still open to the buying public, Pitzer Baker, manager stated.

Unloading of spring and summer merchandise at sale prices featured the event, which opened last week end. The sale will last until notice is made through the columns of the Munday Times, Baker stated.

An engineer will be brought to the city and an estimate of material needs, labor and cost will be prepared for application to WPA offices for the grant. Seventeen members attended the meeting.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

DICTATORSHIP OF MAYOR HAGUE IS DANGEROUS

LINCOLN STEFFENS, who has been termed "America's greatest reporter," wrote in his autobiography that "revolutionists cannot make a revolution." Paradoxically, it is the Government in power which stupidly stimulates the uprisings against it. Of his trip to Russia shortly after the revolution twenty years ago, Steffens wrote: "We found still standing the machine guns planted to deal with the revolution that the revolutionists did not know was going to happen. And we had a look at the plans drawn out to put down mobs of people who did not know they were going to rise in revolt. Government blueprints. Government preparations. It was the Government that anticipated, prepared for, started the revolution."

The theory is not a fantastic one. In this country, for example, it is common knowledge among political strategists that if a stronger candidate publicly flays a weaker one, he immeasurably adds to the strength of the latter's cause. Expressed in another way, any author is delighted to have his book banned in Boston, because the publicity it receives promptly makes it a best seller elsewhere. Trivialities are transformed into enormities by the simple expedient of prodding those in authority into doing something that a moment's reflection will show to be unwise.

So there is more to be said against incidents like that which happened to Norman Thomas in Newark than that his constitutional privilege of free speech was denied. And there is more to be said against the dictatorship of Mayor Hague in Jersey City than that constitutional rights have been abrogated. Such tactics are not only unprincipled but unwise. They give strength to the enemy. No radical agitator really wants the freedom of speech he loudly insists upon having; he wants only the publicity which exalts his cause when he is denied it. And he is being denied it entirely too often these days, from the standpoint of practical politics as well as democratic philosophy.

DALE MILLER

Wants Lobbyists Probed

Demand that Congress make a sweeping investigation of methods used to put through the recent tax bill, which is so bad that the President refused to sign it, was voiced in the House this week by Congressman W. D. McFarlane, Progressive Texas Democrat. He is recognized as an authority on revenue questions.

If an inquiry is conducted McFarlane predicted, it will show that the bill was "written by lobbyists for the benefit of rich tax dodgers," and that the net result of their effort was the greatest raid on the Federal Treasury since the days of "Uncle Andy" Mellon.

McFarlane insisted that the names of lobbyists and their clients, the provisions in the law through which they benefited and the amount of the benefits, and their connections with members of Congress who assisted in putting over the "steal" should be made public. If that information ever becomes available, "it will shock the conscience of the entire American people," the young Texan declared.

Commends President
The President was commended for refusing to sign the bill. Had he done otherwise, McFarlane said, "he would have put his stamp of approval upon the shameless schemes and devices of Washington tax lobbyists."

The President knew, McFarlane pointed out, that in raiding the tax bill the lobbyists and their Tory allies in Congress had in view two specific objects—to permit the super-rich to escape payment of their taxes, and to so cripple government revenues that they may be able to force a sales tax down the throats of the American people. Taken from "LABOR."

Boost the New Munday Highway

The United States is protesting to Japan for the killing of an American, Dr. Frederick G. Scovel, who was shot by the Japanese shells made in the United States. The good Doctor is dead but an American outfit selling war supplies to Japan got their profit.

54 Candidates Certified

AUSTIN—Fifty-four Democrats, one of the largest fields in recent history, were certified by the party's state executive committee yesterday as candidates for statewide office in the 1st primary July 23.

Vann M. Kennedy, secretary of the committee, said he would caution each county chairman that a drawing should be held to determine the order in which the candidates' names appear on the ballot in that county. In the past, however, many counties have used the order supplied by the state committee.

The order in which the candidates were certified follows:
Governors—S. T. Brogdon of Erath County; Joseph King of Harris County; Ernest O. Thompson of Potter County; Clarence E. Farmer of Tarrant County; Wm. McCraw of Dallas County; Tom F. Hunter of Wichita County; P. D. Renfro of Jefferson County; Karl A. Crowley of Tarrant County; W. Lee O'Daniel of Tarrant County; Clarence R. Miller of Dallas County; James A. Ferguson of Bell County; Thomas Self of Houston County and Marvin P. McCoy of Harris County.
Lieutenant Governor—Coke R. Stevenson of Kimble County; G. H. Nelson of Lubbock County; Pierce Brooks of Dallas County; John Lee Smith of Throckmorton County.

Jerry Sadler of Gregg County; C. V. Terrell of Wise County; Robert A. Stuart of Tarrant County; Frank Morris of Dallas County; John Wood of Shelby County; W. Gregory Hatcher of Dallas County; and O. C. Christie of Collin County.
Comptroller—George H. Shepard of Nolan County; Lane Terrell of Tarrant County; and J. J. Bieffle of Hill County.
Land Commissioner—Morris Browning of Potter County; William H. McDonald of Eastland County; Basom Giles of Travis County and Harry Mills of Dallas County.
Treasurer—Charley Lockhart of Travis County; E. B. Barnes of Travis County; and Lewis C. Foster of Tarrant County.
State School Superintendent—S. R. LeMay of Henderson County; L. A. Woods of Travis County; and W. E. James of Travis County.
Commissioner of Agriculture—Leonard Westfall of Haskell County; J. E. McDonald of Ellis County; and George H. Allen of Smith County.
Railroad Commissioner—G. A.

BIBLE THOUGHT

A prudent man foreseeth the evil, and hideth himself; but the simple pass on, and are punished.—Proverbs 27:12.

Color Added to Campaign

Until a few days ago there was a vague complaint on the part of the "run of the mill" voters in Texas that there was no color or excitement to the current governor's race. That explained the general apathy, perhaps on the part of voters. It was beginning to worry a lot of candidates.

Since last Saturday, the picture has undergone quite a dramatic change. W. Lee O'Daniels, radio announcer, former band leader and flour salesman extraordinary, has brought the snap and verve to the governor's race that apparently people had been waiting to see.

That is evident by the tremendous crowds that have turned out to hear him since he formally launched his campaign at Waco last Saturday where 25,000 people listened to his opening speech. Not since the days when James E. Ferguson was at his political height have people shown such interest in a gubernatorial candidate.

This tremendous interest in W. Lee O'Daniels may mean a lot or it may mean nothing. O'Daniels is known as a radio entertainer. Doubtless a lot of people are turning out to see him because they've heard him on the radio and want to see their "star" in person. On the other hand, it may mean that O'Daniels' unique campaign methods and his views on matters of state government appeal to them. Time will tell.

It is not necessary to wait until the first primary however, to see that the governor's race has suddenly taken a surprising turn. We modestly predicted in these columns about a month ago that we believed some dark-horse candidate would step out from the general run of minor candidates and make it hot for the two accepted contenders. We believe W. Lee O'Daniels is that dark horse.

It is our guess that there is some extra worrying going on in the camps of the two leading contenders right now, because the followers of these two candidates have been taking it for granted that the fight was between these two men. Although they are not admitting it openly yet, and probably won't, there will be some head-scratching and no little consternation as the campaign goes on.

This is no endorsement of O'Daniels or any other candidate. It is merely an acknowledgement of a personality now in the race that may mean much—or nothing—in the long run in the political life of Texas.

Reneging Period Again

The reneging period is at hand on war debts owed Uncle Sam, and of course, not being paid. In view of the nearly \$12,000,000,000 owed and defaulted to the United States by European nations for joining in their game of "collective action" as expressed in the World War, one has to wonder a bit at the persistence of intellectuals who are trying to get us working in another "collective action" exploit with our British cousins.

BUSINESS THOUGHT

A duty dodged is like a debt unpaid, it is only deferred, and we must come back and settle the account at last.—Joseph Fort Newton.

LISTEN TO THIS

By TOM FIZDALE

Fibber McGee has been doing a lot of golfing this spring to keep in physical trim . . . but his game isn't so good. The other day after dubbing a particularly easy shot he caught his caddy smiling . . . "Well, there are a lot worse golfers than myself," Fibber asserted . . . The caddy was silent. Thinking he didn't hear him, Fibber repeated the statement . . . "I heard you before," the caddy retorted. "I was just trying to think of one."

Bing Crosby

Charles Correll (Andy of Amos 'n' Andy) expects to move into his new colonial home being built near Hollywood by September 1. Since he is a camera fan, one of the features will be a complete photographic dark room . . . Spencer Bentley of "Bobby and Bob" is trading voice lessons for navigation instruction with an airline pilot whose yacht is moored next to his in a Chicago harbor . . . George Burns has finally convinced Gracie Allen that they can't go to Hawaii by train.

Eddie Cantor's next picture will be "What the Public Wants" . . . script is completed but won't get under way until his CBS show recesses for the summer . . . Joan Blaine, "Valliant" star, is such a talented dress designer that leading professional designers often consult her . . . Benny Goodman reveals that he started playing the clarinet because he was too small to handle anything else when the first school band he played with was organized . . . Uncle (NBC) Ezra is so enthused over two new Percheron colts born on his farm that he's thinking of going in for horses in addition to Guernsey cattle.

Edward G. Robinson's "Big Town" program has a 26-week renewal . . . and Al Jolson has been handed a new 13-week ticket for the fall . . . Both shows will fold for the summer . . . Tuesday broadcasts feature song picked as a coming hit and Thursday programs play different salute each week to June brides . . . NBC has just signed Lola Hutchinson, 16-year-old coloratura from Wichita, Kansas, whom we mentioned as a sensational singing discovery . . . Ray Noble probably will be back with Burns and Allen when they begin clowning for a ciggie brand in October . . . Frances Carlon, pretty leading lady of "Uncle Tom's Cabin,"

Rumors along Radio Row are that Guy Lombardo and his Royal Canadians will succeed Wayne King on that cosmetic program in the fall, and that the sponsor plans to extend the series to three broadcasts a week when the Lombardos take over . . . Lucille Manners, soprano songbird of those Friday night concerts, has been chosen as the favorite radio personality of the student bodies of 15 colleges.

Hobby Lobby gets the call for Jack Benny's vacation spot instead of "What Would You Do?" . . . "Attorney at Law" gets a night spot soon . . . big plans under way.

HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

(Editor's Note—We would like to have any old edition of the Munday Times dated prior to 1927 issues, to get news for this column. This is taken from the June 23 issue of the Munday Times, 1927.)

Rev. Jasper M. McLean pastor of the Munday Presbyterian church resigned his pastorate here to accept the same position with the Throckmorton church.

The Knox County singers met at Goree for a regular singing convention.

The third quarterly conference of the Munday circuit was announced to be held at Hefner Sunday.

Work was started on rebuilding the Farmers Union gin plant that was destroyed by fire in November. The plant is a five stand, Murray equipped, seventy saws. Emmett Partridge was manager.

The Texas Company Bowden No. 1 was spudded in this week.

Explanations Given Out on 1938 SOIL CONSERVATION PROGRAM

New Farm Program Assignments
Any person who may be entitled to any payments in connection with the 1938 Agricultural Conservation Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1938. No such assignment will be recognized in writing on Form ABC-69 in accordance with the instructions by the Agricultural Adjustment Administration and is filed at the county agent's office.

All or part of any payments which otherwise would be made to any person under the 1938 Agricultural Conservation Program may be withheld (1) if he has adopted any practices which the secretary determines tends to defeat any of the purposes of the program, (2) if by any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever he has offset, or has participated in offsetting, in part or in whole, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or wood land owned or controlled by him, he adopts any practice which the regional director finds is contrary to sound conservation practices.

Federal Land Bank, Commissioner Loans Are Still Reduced

HOUSTON.—The continuation of the temporary reduced interest rates on Federal Land Bank and Land Bank Commissioner loans, as a result of recent congressional action, will apply to all interest payable prior to July 1, 1940. A. C. Williams, president of the Federal Land Bank of Houston, said today.

On Federal Land Bank loans through active national farm loan associations, the temporarily reduced rate will be 3-1/2 per cent a year. Mr. Williams said the temporarily reduced rate of 4 per cent on Land Bank Commissioner loans, made through the land banks, will also be continued until July 1, 1940.

He explained that the temporary interest reduction provided by Congress does not change the contract interest rate, that is, the rate written in the mortgage at the time the loan was made. The contract rate on all Commissioner loans is 5 per cent. Mr. Williams said that under the law, as now

amended, both land bank and Commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940. Farmers who obtain new loans through an active association at the 4 per cent contract rate will get the benefit of the 3-1/2 per cent contract rate will get the benefit of the 3-1/2 per cent rate for all interest installments payable prior to July 1, 1940, and after that will not have to pay more than the 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30-odd years.

1490 Enroll For First Summer Session at Tech

LUBBOCK.—Enrollment for the first term of the summer session at Texas Technological college has reached 1490 with registration still in progress. Figures are somewhat larger than for the same period last summer.

Haskell Summer Race Meet Expected To Draw Outstanding Dirt Speedsters Of Southwest During 2-Day Session

Races Will be Held July 3 and 4, at Haskell Fair Park

HASKELL—Assurance that a score or more of the fastest automobile race drivers of the southwest would be entered in the Summer Race Meet to be held at Fair Park this city on July 3 and 4 was given Tuesday by Joe Ziebro, racing promoter of Oklahoma City, in a letter to fair officials. Ziebro, who recently returned from the Memorial Day races in Indianapolis, has contracted with local sponsors to direct the two-day event here, and will also supervise work of placing the track in condition and other necessary details.

The list of racers who have entered previous events here, and who will return for the summer meet includes Hershel Buchanan, of Shreveport, "Red" Hodges, Leo Butler, Chas. Cook, and others. According to Gene Tonn, chairman of the racing committee for the fair association, a majority of the racers are anxious to give the local speedway a trial, expressing the belief that records can be established that will prove it the fastest dirt track in Texas under proper conditions. Mr. Tonn while in Dallas last week, contacted several drivers who will enter the local speed contests, and states that they expressed a willingness to run for smaller purses than heretofore offered if necessary, in order to stimulate a revival of automobile racing in this section.

The summer meet is the only one being planned on the local track for this year, fair officials announce, with no events of this nature contemplated during the Central West Texas Fair this fall. This would permit sponsors to center all efforts toward making the summer races an outstanding event in West Texas they believe, and one that will attract spectators and racing fans from a wide territory.

Admission prices will also be reduced, it was announced. General admission charge for adults will be 50 cents, children 25 cents, and grandstand seats 25 cents. No box seats will be sold or reserved if it was decided. Free daily programs will also be a departure from previous custom, and several other innovations are being considered.

The five-eighths mile track will be treated with calcium chloride to prevent dust, which in previous racing events has been a disagreeable handicap to both drivers and spectators.

Huge Sign to Serve As Aviators' Guide Being Painted Here

A mammoth sign was being painted on the top of the Western Produce Company building during the past week and will serve as a guide for aviators, as the sign is so large that it can be seen from a height of over 5,000 feet.

This work is being done as a Works Progress Administration project, under the sponsorship of the Federal Bureau of Air Commerce, and under the supervision of F. M. Summerour of Ft. Worth. The Texas State Highway Department is furnishing transportation for both workmen and equipment, in cooperation with the Bureau of Air Commerce.

The letters, which spell "Munday," are fifteen feet in height and cover the length of the building, which is 100 feet. The body of each letter is formed by a 12-inch strip of orange paint with a 3-inch black border, making the body of the individual letters 15

inches in width. A meridian arrow pointing to the north will be on the building top.

It is said that this combination of colors is so easily read that as many as three towns in a district can be located from the air by the signs.

George Hammett, manager of the Baner Ice company of this city was in Abilene last week end on business.

TUBERCULOSIS!

A series of articles dealing on the disease and the Texas hospital for Tubercular Patients.

By DOROTHY GARRETT

The Buildings and Campus
As the bus passed through the entrance gate and drew to a stop before the administration building, I felt as though I was entering upon the campus of a large school. I knew at once that it was indeed a clean place, which is very necessary for a tuberculous patient. This Sanatorium is an eight hundred and sixty-five bed institution and all buildings are white. The campus is beautifully landscaped with more than a thousand varieties of shrubs, ferns, trees and all kinds of flowers planted in abundance.

From the Administration building the Sanatorium bus took us to Dormitory Four, which is the receiving building for women. I might also add Dormitory Five is the receiving building for men. You are kept there until you have had your examination and your report. You are then moved to another Dormitory for permanent stay. There are sixteen dormitories in all, including the hospital, ladies infirmary, men's infirmary, in-buildings and up-buildings. These wards, maintained for the care and treatment of patients, are modern, spacious and equipped with steam heat, hot and cold running water, and are comfortably furnished. Most of the buildings are two stories and all are reinforced concrete and are fire-proof.

There is also a cottage for visiting physicians, superintendent's home, X-ray laboratory, and post-office, doctors' home, nurses' home, and dining room which accommodates four hundred. There are other buildings such as the supply buildings, creamery, ice plant, library, auditorium, laundry, bakery and numerous others.

So you can readily see why the state Sanatorium is a very large place and one of the best.

3 Cotton Classing Schools Slated During Summer

LUBBOCK—Three cotton classing schools will be held in West Texas this summer under the direction of M. E. Heard, head of the textile engineering department of Texas Technological College. The first will meet at the college in Lubbock July 5 to 16, the second in Abilene July 18 to 30, and the third in Quanah August 1 to 13. Cotton buyers, farmers, and others interested are eligible to attend these schools. The fee is \$10.

Weekly Health Letter!

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Milk and Dairy Products Month Is Declared

AUSTIN.—In view of the fact that Governor Allred has proclaimed the month June 9 to July 6th as Milk and Dairy Products Month, Dr. Geo. W. Cox, State Health Officer, urges with this more extensive use of milk, that both producer and consumer be concerned as to its quality. The use of clean safe milk is a health measure.

Local interest in improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for enormous saving in infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile utensils, protection against flies, careful bottling and maintenance at low temperatures. The presence in fresh milk of large numbers of unsanitary methods of production is a health hazard.

Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulant fever, diarrhea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this country and from the use of milk that might have been safe with proper care.

We should firmly insist that the milk we drink be carefully produced, so that we will have the maximum protection practicable along the line from the cow to the consumer.

Mrs. Curtis Coates is in Knox City where she is visiting her mother, Mrs. G. R. Bradbury.

FORMER MUNDAY YOUTH MARRIED QUANAHA GIRL

Announcement was made this week of the marriage of Mr. Lowry Rigsby, formerly of this city, to Miss Deloris Jackson of Quanaha. The ceremony was performed in Dallas, Tuesday, June 14th.

The rituals were read by Rev. Wallace Bassett, who read the ring ceremony uniting the bride and groom. The bridal party to Dallas was composed of Miss Ann Turner of Dallas, and Mr. and Mrs. George Parsons of Graham, Texas.

Lowry is the son of Mr. and Mrs. Tom Rigsby of this city, and his bride is the niece of Mrs. V. A. Jackson of Quanaha. Mr. and Mrs. Rigsby will be at home to their friends in Graham where Mr. Rigsby is in business.

BENJAMIN 4-H GIRLS HAVE JUDGING CONTEST

Winners of the Benjamin 4-H girls club in the canning contest last Friday when the club met with Miss Astin, home demonstration agent present.

Miss Betty Anne Favours won first place in the club contest and second place was won by Miss Elice Elaine Galloway. Prizes were given the two winners by Miss Astin.

At the close of the meeting the ten members enjoyed a picnic lunch and social hour.

HARRELLS HOSTS TO '84' PARTY THURSDAY

Mr. and Mrs. E. W. Harrell were hosts to a group of friends in their home last Thursday evening when games of "84" were enjoyed.

The home was decorated with roses and zinnias in the party rooms. At the close of the games refreshments of ice cream and cake were served to the guests.

Attending were Mr. and Mrs. W. A. Baker, Mr. and Mrs. M. F. Billingsley, Mr. and Mrs. T. G. Bengel, Mr. and Mrs. J. C. Borden, Mr. and Mrs. Levi Bowden, Mr. and Mrs. Chester Bowden, Mr. and Mrs. Austin Caughran, Mr. and Mrs. W. E. Braly, Mr. and Mrs. J. C. Campbell, Mr. and Mrs. D. E. Holder, Mr. and Mrs. J. E. Reeves, Mr. and Mrs. John Layne, Mr. and Mrs. John Ingram, Mr. and Mrs. C. R. Elliott, Mrs. Erin McGraw, L. M. Palmer, Miss Mildred Kennedy, and the host and hostess, Mr. and Mrs. Harrell.

SUNSET CLUB MET WITH MRS. PARTRIDGE

The Sunset Home Demonstration Club met Tuesday afternoon, June 14, in the home of Mrs. T. J. Partridge. In the absence of the club president, the vice-president presided over the meeting.

Roll call was answered with "My water problem in the home." A council report was given by the council representative.

Miss Astin gave a demonstration on "Water, in and out," which was greatly appreciated.

After the meeting sponge and angel food cakes were served.

The hostess served cake and limeade to the members and one visitor.

The members meet with Mrs. H. D. Gammill Tuesday, June 28, in an all-day meeting. Each member furnishing a covered dish, and taking her handwork along.

Reporter

HEFNER H.D. CLUB MEETING

The Hefner Home Demonstration Club had a meeting June 21 at the home of Mrs. F. M. Lambeth. The house was very beautifully decorated with cut flowers.

Program leader was Mrs. Ben Holder, who gave some very interesting advice on the care of different species of flowers.

The president, Mrs. Marion Jones, led the opening song, "Beautiful Texas" and business was taken up and disposed of by committees.

Each member was assigned their article to make to fill one linen chest and will begin work soon.

Mrs. E. J. Jones gave a book review on the "Quints."

Cake and iced drinks were served to Mesdames E. J. Jones, T. H. Jones, Marion J. Jones, W. H. Barnett, Geo. Weber, C. B. Warren, Ben Holder, Bob Lambeth, J. C. Lambeth, and the hostess, Mrs. F. M. Lambeth.

CALLING ALL LADIES! Don't fail to attend the Roxy Theatre Tuesday or Wednesday, June 28-29. 72-piece Dinner Set FREE.

Mr. and Mrs. Rex Holder arrived here last Monday to visit in the home of his parents, Mr. and Mrs. D. E. Holder for a week.

Mr. and Mrs. George Salem and family, and Mrs. Jimmy Silman house guest of the Salems, were in Stamford Sunday visiting.

WHEAT GROWERS ATTENTION

In another section of this paper there appears an article released from the Department of Agriculture relative to the proposed loan on wheat. May I suggest that you cut this article out and keep it for future reference.

I am printing a letter received from the Amarillo office which is self-explanatory. Please read it.

To all producers generally, whether you sell me wheat or cotton, I want you to know that I will continue to fight for your best interest and do all that is within my power for your general welfare and betterment.

May I take this opportunity to express my very sincere and heartfelt thanks for your close cooperation and generous patronage. I trust that I may continue to merit your friendship and hold the confidence that you have so graciously bestowed upon me.

Thank you very, very much for the business you have given us. We appreciate the patronage shown in making the delivery of your wheat to us.

When the loan is announced, if there is one, we will continue to serve you.

JIM HARPHAM

June 21, 1938

Mr. J. C. Harpham, Producers and Consumers, Inc., Munday, Texas.

Dear Mr. Harpham:

This will be your authority to advise all farmers delivering wheat to the Producers and Consumers, Inc., at Munday, Texas, that they will receive for their wheat which was delivered for storage at Munday an equal price basis on all wheat shipped to our Amarillo terminal for storage. We will guarantee any out of line haul or any excess freight assessments against their wheat, if any, in shipping same to Amarillo for our convenience.

Please advertise this to your local trade; That wheat shipped to Amarillo for storage is in line for re-shipment to Texas points without penalty to them. You may also advise them that their wheat is being stored in a Federally licensed warehouse licensed under the Federal Warehouse Act of the United States of America; and that if they so desire, negotiable receipts will be mailed them upon proper instructions from you.

For your own protection and information, we are mailing enclosed a few copies of our registered tariff covering charges to our Amarillo terminal.

We trust that the information that has been going around in your territory as to the loss that the farmers will take in storing their wheat with us can be adjusted through this letter, and that we appreciate the patronage shown in making the delivery of their wheat to us.

Your very truly,
Producers Grain Corporation,
C. M. Newberry, Treasurer (adv.)

Visited Relatives

Miss Bessie Womble and R. B. Hightower of Dallas visited Miss Womble's mother and other relatives over the week end.

Mr. and Mrs. J. C. Alexander of Wichita, Kansas, were visitors in the home of Mr. Alexander's aunt, Mrs. A. E. Womble, last week end.

Dick Harrell, son of Mr. and Mrs. E. W. Harrell, who is visiting in Oklahoma City, Okla., with his brother Gene, will return home this week end.

Visit in Graham

Mr. and Mrs. Tom Rigsby, Mr. and Mrs. J. C. Campbell and Mrs. Wesley Russell visited in Graham last Sunday.

Returns Home

Mrs. C. B. Jones, mother of Sebern Jones of this city, returned to Mineral Wells following a visit in her son's home here.

Leaves for Houston

Mrs. Sebern Jones and two children, Robert and Carolyn, were accompanied to Mineral Wells Sunday by Mr. Jones where they left for Houston to visit her mother, Mrs. T. A. McCarty.

Mrs. Agnes Rosser and son Max Rosser of Kingsville, Texas, are visiting Mrs. Dave Eiland and "Grandmother" Rosser this week.

G. W. Moore, candidate for county treasurer, was here last week end campaigning for that office.

Hospital Dismissals

Recent dismissals from the Knox county hospital were Mrs. P. B. Bowden, Munday; Jewel Reed, Seymour; Ernest New, Gilliland; Mrs. Dale Perry, Munday; Mrs. Eller Bessire, O'Brien; Jack Caver, (colored) Munday.

CARD OF THANKS

To our friends and neighbors, we take this method of expressing to you our heartfelt thanks and appreciation for your acts of love and kindness during our recent bereavement.

May God's blessings be with you all, is our prayer.
Mr. and Mrs. W. A. (Jack) Moore and Family
Mr. and Mrs. J. J. Roberts and Family
Mr. and Mrs. W. L. Moore and Family.

Return Home

Mr. and Mrs. Ismael Walling, accompanied by Mrs. Walling's mother, Mrs. W. E. Green, returned July 17th from an extended visit with friends and relatives in Abilene, Tye, College Station, Waco, Buffalo Gap and Anson. Mr. and Mrs. Walling accompanied Mr. and Mrs. Walter McCartney, Mrs. Roy Millard, Mrs. Theo Kincaid, and Miss Ollie Maye Hinds, to College Station to see the final review of the A. & M. cadets. While visiting in Buffalo Gap they watched the tornado that destroyed the western part of the town of Clyde. The following day they visited the scene of the terrible disaster.

To El Paso

Dr. Joe Davis of this city was in El Paso, Texas this week transacting business.

Visit Son Here

Mr. and Mrs. J. C. Mahan of Childress visited their son, Sheffy Mahan and Mr. and Mrs. Wade Mahan here Sunday. Wade and J. C. are brothers.

Visits Brother

Mr. and Mrs. A. L. Harper and daughter Nan Marie of Donna, Texas, visited her brother, Mr. Wade Mahan and Mrs. Mahan last week end.

Leaves for Arkansas

Mrs. D. C. Eiland and son, David Chase left last week end for DeQueen, Arkansas, where she will visit her grandmother, who is seriously ill.

Out of Town Visitors

Mrs. Will Jones, and Mrs. Carigen Jones of Fort Worth and Mrs. Wolf of Paris, Texas, visited in the home of Dr. and Mrs. A. A. Smith over the week end.

Miss LaVerne Eiland was in Knox City Monday morning where she visited Miss Mary Moore who is a patient in the hospital there. Miss Moore is doing nicely after appendectomy she underwent last week.

Mrs. Bess Porter, Jimmy Chamberlian, and Miss Jewel Brown of Rochester, are in Boulder, Colo., in summer school.

Mrs. Lance Davis, Mrs. Paul Frazier of Rotan visited Mr. and Mrs. W. H. Chapman over the past week-end.

We have for sale several 8,000 gallon corrugated iron tanks with top, suitable for grain storage, \$85.00 each.

West Texas Cottonoil Co., Munday, Texas.

Mr. and Mrs. J. O. Bowden and son, Ben, and Willard Reeves, of this city, were in Knox City Sunday afternoon visiting Mrs. B. B. Bowden who underwent an operation last week.

Mr. and Mrs. Pitzer Baker were in Knox City Sunday afternoon visiting friends.

New Water Supply Secured by Banner Ice Company Here

A new water supply, which will enable the Banner Ice Company of this city to make better ice products, has been secured, according to a statement made by George Hammett, local manager.

Water used heretofore was treated for certain minerals contained in order to make as good ice as possible, Hammett said, but with the new water supply such treatment will not be necessary, and we will have a better ice. Laboratory test on the water was good.

A lake filled with rainwater on the Walter Mayo farm eight miles northeast of the city on highway 30 will furnish the new supply. A new Dodge truck that can be used to deliver ice and haul the water has been purchased.

Mrs. Robert Green is in Clarendon, Texas, visiting in the home of her mother and father-in-law, Mr. and Mrs. Green. She was joined by her husband Wednesday and they will spend a week vacationing there and in Wichita Falls.

Melvin Strickland, employee of the Rexall Drug Store, was in Graham last Sunday and Monday where he visited in the home of his parents, Mr. and Mrs. O. Strickland, former residents of this section.

Sheriff Louis Cartwright was in the city Saturday attending to business.

Is Campaigning

John Ingram, candidate for county superintendent of schools, visited in various sections of the county this week in interest of his campaign for the office he seeks.

Chas. Moorehouse of Benjamin, and a candidate for county treasurer, was in the city Saturday meeting friends in interest of his race.

Recreation Ground is Opened

PROGRAM IS OFF TO NICE START PALMER STATES

Thirty-Three Children Have Taken Part In Program

By L. M. Palmer, Director

The summer recreation program is slowly gaining headway and within another week or so will be in full swing. Parents are asked to please inform their children that there is nothing compulsory about the program; they can come any time in the afternoon they wish and stay as long as they like; there is nothing for them to join except the others in play, and everything is free. Considerable interest is being shown now in tennis and table tennis. The tennis courts are being kept in good shape and when enough have started playing a tournament will be held. New table tennis equipment has been ordered and as soon as it arrives there will be enough tables for all.

Several have asked about soft ball and expressed their desire for a league. A league among the girls and boys would create considerable interest and each one interested is asked to see Palmer and let him put their names down as interested parties.

If proper transportation can be secured, a swimming day will be set aside each week for each two weeks, whereby each child may go to Haskell and enjoy a good swim. The admission for the swim will be 10c for all under 14 and the ones over 14 have not yet been given a price but it is definitely decided that it will not be more than 20c. Provided the swim day is set aside, this will be a fine time for all boys and girls to save their dimes and learn how to swim. Proper supervision and care will be given all the children while in the pool.

Among the adults whispers of a lighted field for softball can be heard on every corner. Munday needs something that will create interest, stir up a winning spirit, and put the adult population in a better frame of mind. Where adults

Funeral Services At Rochester For M. Clark Tuesday

M. M. Clark, 64, prominent farmer of the Rochester section, died at his home six miles south of that city Monday morning at 4 o'clock following an illness of several months.

Funeral services were held at the Church of Christ in Rochester Tuesday afternoon at 3 o'clock, with Elder Young of Haskell conducting. Burial was made in the Rochester cemetery.

Visit Palmers

Mr. and Mrs. J. E. Rhodes and daughter, Betty Carolyn of Van, Texas, and Mrs. Lucy Rhodes, mother of Mrs. L. M. Palmer here, visited the Palmers over the week end. Her mother remained over for a longer visit.

are interested in winning you'll find a double interest shown in the boys and girls. Within another week or so the harvest season will be over and we'll need something to occupy our time and mind. There is nothing better than good wholesome play, whether it be children or adults. Both children and adults of other towns are playing and enjoying it. Why can't Munday? Let's catch up and stay up with the "March of Time."

A lighted field and an evening's entertainment or either watching or playing softball would be a strong tonic for a build-up. Let's work, eat, sleep, and play, for we must all march together if we are to keep abreast with 1938.

Following is a list of some who have been making use of the Recreation Program: Florene, Rosalee, Willis and Wallace Pippin, Dorothy Lee and Louise Mullican, Billy Orrell, Colleen McCarty, Evelyn Reeves, D. P. Morgan, Bonner Batron, Buddy Gafford, Davie Lee Morgan, Jimmie Lee Haney, Betty Golden, Billie Joe Henslee, Frances Moore, Allene Jungman, Louise Gafford, Lynn Chapman, Billie Joe Barton, Derald Gray, Beth Haynie, Jane Stodghill, Helen Albertson, Hollis Barnicoat, Austin Jones, Marquita and Evelyn Fitzgerald, Martha Clement, Dorothy Clegg, Jerry Chamberlain and Lois Wardlow.

HOME EDUCATION

"The Child's First School is the Family"

By Dr. James E. Pope

BUDDY LEARNS ABOUT DOODLES

Neighboring is getting to be a lost art in city life. Today we live in a few rooms in some huge apartment house, and seldom do we know our next-door neighbor. This has an unfortunate effect upon our children. Country life offers opportunities to "drop in" to do little things for others; there we have certain implied obligations that are delightful. Community life in the suburbs of large cities also offers ways of being friendly. But why can't we who live in apartments do something to bring into our children's lives the spirit of an ideal country village where neighboring is a lovely thing that keeps the heart glowing?

Gardens help in their season. If there is no ground to spare outside, then inside, or if there is no sunshine inside, then perhaps room for at least a small box can be found on the roof. In any case a box of fresh growing pansies may be bought, potted by the children and shared with their friends. If there is room, a "friendship garden" out of which comes flowers and vegetables, not to be used at home but to be given to acquaintances is an unending help to neighboring.

Another is to let the children assist in making cookies. It is such fun for them to give some to the mail carrier, to take a bag to the traffic policeman at the corner and to pack a tin box for Father to take to his office and pass around to his associates.

I recall a mother who said in my hearing, "Each month we are going to remember somebody's birthday." As the family was small, this meant including neighbors. Sometimes in May the children made several May Day baskets for shut-ins. At Thanksgiving they expected to share their good things with persons less fortunate. Christmas always meant doing little things for other members of the family. It was genuine pleasure for them to make their own valentines and send them off to distant relatives and nearby acquaintances.

Letters are always delightful, even though the ones who receive them may live in the next apartment. When people are obliged to remain at home the ring of the postman is always an event, whether they are five years old or seventy.

The telephone is another means of conveying happy greetings. "Shall I call Mrs. Rice and wish her a happy day?" I once heard a little child who was enjoying the art of telephoning say to her mother. How much oftener this might be done if we only realized the joy it would bring.

Often on New Year's Day at our home we call up friends of all ages and wish them a happy New Year. When children see and hear their parents doing things of this kind they usually wish to do the same, and so it becomes a character-building project without any planning. It has long been our custom to prepare a list every month of those we think would be made happier by hearing from us. Our little girls see to it that at least a card is sent to each one on the list.

"Bobby's aunt is getting well, and I'm going to send her a card and tell her I'm glad," announced a little boy one day. "But do you know her?" his mother asked. "No, but Bobby does," was the quick reply, and he sent the card.

McFarlane Seeks Re-Election For Congress July 23

The Munday Times has just received the formal announcement of Honorable W. D. McFarlane, who is a candidate for re-election to Congress, subject to the action of the Democratic primaries. Congress adjourned last Thursday evening and Mr. McFarlane left Washington Saturday morning driving home in his car with his children. Congressman McFarlane, last year was appointed to the powerful Appropriations Committee, succeeding the late J. P. Buchanan, deceased. Due to the late adjournment of Congress, Mr. McFarlane will have but a short time in which to give an accounting of his stewardship. His announcement in part follows:

Fellow citizens of the Thirteenth Congressional District, I am returning home this week to give an accounting of my stewardship as your Representative in Congress for the past two years; and on my record of service rendered in your behalf, I ask your endorsement for re-election to Congress. When the Honorable Champ Clark was Speaker of the House, he delivered an address at the National Press Club in Washington in which he said: "It is a high honor to be a Representative in Congress, if for only one term, and with the numbers of terms the honor increases in geometrical rather than in arithmetical proportion. A Member's usefulness to his country should increase in the same proportion. A man has to learn to be a representative just as he must learn to be a blacksmith, a carpenter, a farmer, an engineer, a lawyer, or a doctor."

"Poeta nascitur non fit"—a poet is born, not made—says Horace; but Congressmen, that is useful and influential Congressmen—are made largely by experience and practice.

"It is an unwise performance for any district to change representatives at short intervals. A new Congressman must begin at the foot of the class and spell up. Of course, the more brains, tact, energy, courage, and industry he has the quicker he will get up. If he possesses these qualities, and if his constituents will keep him in the House, he is as certain to rise as the sparks fly upward. No human power can keep him down. It is only fair and rational to assume that every Representative's constituents desire to see him among the topnotchers."

"No man should be elected to the House simply to gratify his ambition. All members should be elected for the good of the country. "The best rule, it seems to me, is for a district to select a man with at least fair capacity, industrious, honest, energetic, sober, and courageous, and keep him here so long as he discharges his duties faithfully and well. Such a man will gradually rise to high position and influence in the House. His wide acquaintance with Members helps him amazingly in doing this."

Moves to City

Mr. and Mrs. Bob Purifoy, who formerly resided in Abilene, are now situated in this city. Mr. Purifoy will be in charge of the large ice cream truck operated out of Munday for the Banner Ice Company of this city.

Denny W. Davis, candidate for assessor-collector of this county, was campaigning here this week.

Munday Invited to Enter Young Lady In Westex Revue

SWEETWATER, June 22—Munday is one of the 55 towns in this section invited to enter a young lady in the fourth annual "Goddess of West Texas" beauty revue here July 15, it has been announced by the Sweetwater Board of City Development, sponsoring organization. Twelve communities had already accepted Monday. They are Fort Worth, Mineral Wells, Graham, Breckenridge, Colorado, Rotan, Anson, Stamford, Abilene, Snyder, Midland and Roscoe.

Miss Frances Prewitt of Stamford won first place in the revue last year and was awarded an all-expense trip to the Fort Worth and Dallas expositions. The winner this year is to be given a week's all-expense trip to Galveston. Second and third place winners are given cash awards.

The contest to select "Miss Sweetwater" is to be held the night of July 14. As in previous years, she will not be eligible to compete for the regional title. She will serve as hostess to the visiting girls and will represent Sweetwater for the coming year in similar celebrations in West Texas. Miss Thelma Margaret Flitt is reigning queen.

Entries in the two revues here are graded and judged 60 per cent on beauty of face and form, 20 per cent on poise and graceful carriage, and 20 per cent on personality. Contestants are forbidden to wear jewelry or hair ornaments and they are not permitted to use suntan or other artificial body coloring.

More than 25 West Texas towns were represented in the Goddess revue last year and the number is expected to reach 50 this year. A reception, tea, and goddess' ball are among the entertainment features extended visiting beauties.

The Gulf AAU annual swimming and diving meet, to be held in Sweetwater Saturday and Sunday, July 16 and 17, is expected to attract the best amateur swimmers and divers in Texas. Alfred J. Stiles is in charge of the meet.

PLEASANT VIEW

By MRS. R. F. SUGGS

Most of the grain has been harvested through this vicinity. Yield was very good.

Mrs. G. C. Conwell and Mrs. R. F. Suggs visited Mrs. Lynn Cooke of Corn Sunday afternoon.

Mr. and Mrs. Jack Suggs spent the week end in Burk Burnett visiting relatives.

Miss Ruby Suggs of Wichita Falls visited Mr. and Mrs. C. F. Suggs over the week end.

Mr. and Mrs. M. E. Owen and Mrs. Bill Owen of this community, Mrs. Elvin Owen of Benjamin and Mr. and Mrs. Johnny Owen of Washburn were guests of Mr. and Mrs. Robert Owen Sunday.

Reuben Edd White spent Saturday night and Sunday with Cecil Suggs.

Mr. and Mrs. H. Billingsley visited Mr. and Mrs. Jenkins Sunday evening.

Jim Albert Hicks visited Cecil Suggs Sunday afternoon.

Miss Elhrata Lowe of Denton spent the past week-end with her parents, Mr. and Mrs. E. E. Lowe.

Mr. and Mrs. Volley Dryden of Pima, Ariz., arrived a few days ago for a visit with relatives and Volley will work through the harvest season.

The threshers are operating now and there is much grain to be threshed.

SOME LIKE IT HOT, SOME LIKE IT COLD

Meat loaf comes into its own in summer. It goes to picnics—well wrapped or hot from the oven and well wrapped in newspapers to keep on the heat, or it is baked just before dinner and served hot with a creamy horseradish sauce—or a tomato sauce. Again it is baked in the cool of the morning ready to serve cold with creamed potatoes and other "top-of-the-stove" fare, so that it won't be necessary to heat the kitchen by keeping the oven going on a sizzling hot night. Again it bubbles its place sited cold on the summer buffet table with other cold meats.

You can even dress the humblest meat loaf with colorful fruit garnishes until it looks like an elegant company dish. I'll tell you about these meat garnishes in a minute.

But first let me give you a recipe for an unusual and exceptionally delicious meat loaf in which peanut butter is used. This loaf has an especial elusive flavorfulness if you use whole wheat breakfast flakes in place of the cracker crumbs. Here is the recipe:

Peanut Butter Ham Loaf

- | | |
|---------------------------------------|-----------------------------|
| 1 lb. ground smoked ham | 1/2 cup milk |
| 1 lb. ground fresh pork | 3 tbsps. peanut butter |
| 2 cups bread crumbs or cracker crumbs | 1 tsp. Worcestershire sauce |
| 1 egg, well beaten | 1/2 tsp. pepper |

Mix all ingredients together thoroughly. Pack tightly into ungreased pan, and bake. Serve on platter surrounded with Hot Fruit Garnishes, sprigs of watercress or parsley, etc. (If a ring mold is used, center may be filled with vegetables of contrasting color—green beans, peas, Brussels sprouts, cauliflower, etc.) Bake 1 to 1 1/4 hours in a moderate oven, 350° F. Use a loaf pan that is 5 by 9 inches and 2 1/2 inches deep or a ring mold 10 inches in diameter.

Any of the following garnishes will be handsome and delicious with this loaf—

Hot Fruit Garnishes

Pineapple: Line baking pan or ring mold with pineapple slices, and pack meat on top of them. Pour a little pineapple juice over loaf. Rub top of loaf with paste made of 2 tsp. brown sugar and 2 tsp. mustard before baking.

Peaches: Heat peach halves under broiler a few minutes. Fill centers with green jelly.

Garnish Apple Rings: Core 4 apples and cut in 1/2 inch rings or slices. Cook until tender in syrup made of 2 cups sugar, 1 cup water, 1/2 cup cinnamon candies, and a drop or two of red vegetable coloring.

Plums: Heat green gage or large blue Italian plums.

I never can let an opportunity pass for giving my favorite Vegetable Meat Loaf. Even though I've given it before in this column, I'm going to repeat it for the benefit of any who may have missed it the first time. Here it is:

Philip Cadnehead Gains Prominence As An Entertainer

Philip Wayne Cadnehead, a winner of the recent 40-8 Amateur Contest at Wichita Falls in which were entered college Seniors, high school and elementary students of West Texas held in Big Spring April 22, is the 12 year old son of Dr. and Mrs. J. F. Cadnehead of Weimar, Texas, and is recognized as one of the outstanding junior entertainers of West Texas. He has appeared several times recently over KGKO broadcasting station, Wichita Falls, Texas, and also KRBC, Abilene, on the Hardin-Simmons University chapel program.

He was invited April 21 by Mrs. Grover C. Johnson of Wichita Falls to appear on a program at the Woman's Forum in memory of Will Rogers. He sang one of Will Rogers' favorite songs, "Empty Saddles."

He was one of the three in Texas that has been asked to appear on the Rudy Valee program in Hollywood, California in the near future.

Young Cadnehead not only plays the guitar and sings but he is a versatile performer with his rope on the \$1,000 palmino horse, "Silver."

Philip is not only an outstanding entertainer but he is an honor student in his school work, takes part in all school activities, Boy Scouts, and F.F.A. club work. He has won three prizes this school term with his club calf.

ACTION WOULD MEAN MILLIONS TO THIS AREA

U.S. To Redeem Subsidies of the 1937 Cotton Crop

The House approved Friday a proposal to permit immediate distribution of subsidy payments totaling \$113,000,000.

The house accepted a senate amendment to the agriculture department supply bill allowing subsidy payments on the 1937 cotton crop to farmers who signed certificates of compliance with the 1938 soil conservation program.

Only senate action on minor amendments is necessary before the measure goes to the White House. Among other things, it appropriates \$500,000,000 for "soil conservation" payments.

Representative Fulmer, Democrat, South Carolina, one of the advocates of the proposal, said that without the amendment, farmers would have to wait several months while the agricultural departments checked compliance.

The amendment, he said, would permit immediate payment of three cents a pound on approximately 65 per cent of the 1937 cotton crop.

Short Course for Boys and Girls Is Arranged at A & M

About 2,500 boys and girls from Texas farms and ranches will have the undivided attention of Texas A. & M. College July 6 to 9 when the Junior Section of the annual Farmers' Short Course will be held at College Station. This is the first time that adult and junior Short Course visitors have met on different dates, according to Roy W. Snyder, Short Course general chairman.

The arrangement has been made because the yearly increasing attendance at the Short Course has taken place at the same time when summer sessions of the College have also been having. Each year it has been hard to make room for both groups and this year it was impossible.

General assembly every morning and the night program will be joint meetings of the boys and girls, with music in charge of the famous Rotary International song leader, Walter H. Jenkins, of Houston. Speakers and picture shows will feature these meetings. A tea honoring the gold star boys and girls will be given one afternoon.

Programs for the boys have been arranged on the subjects of livestock; field crops; entomology; horticulture; plant propagation; cotton classing; and meat. For the girls, the program will center around home-making subjects, wildflower legends, and "The 4-H Club Girl's Dollar and Sense." One series of talks by the girls themselves will be presented under the title of "How I got on friendly terms with the things around me."

"What 4-H experience means to a College Girl," is the subject of a talk by Ruth Fooshee, former Hunt county 4-H club girl, winner of the Texas Home Demonstration Association college scholarship. "A 4-H Club Girl as a Home-maker" will be discussed by Mrs. Paul Stauffer, former 4-H club girl of Wheeler county.

The Washington trip winners will tell about the club camp.

Visits Parents
Miss Maxie Dingus, daughter of Mr. and Mrs. G. W. Dingus who live here, visited friends and relatives in this city last week-end. Miss Dingus is employed in Fort Worth.

Long ago through the streets of Hamelin, The Pied Piper blew on his singing reed. "Man has failed to keep his pledge," he muttered "So I'll take the child as my just meed."

And all the little ones followed after The Piper whose song had a shining track To a land that teemed with joy and laughter.

And they never came back! They never came back! Again the Piper has come to us. He rode on a stallion black as death,

Whose mane was a furious cloud of darkness, With hooves of steel and a fiery breath.

Had we failed, had we failed to keep a promise? Oh, he never said. He never said, We offered him all the gold in our coffers,

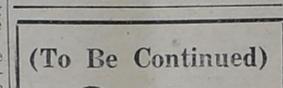

But he took the children away instead. He blew a blast like a call from heaven

And the nut-brown boy and the young athlete, The little black-haired girl-of-seven

And others, followed on flying feet. Followed the Piper to that fatal door

Just as they did when he piped before. Ruth Averitte, Fort Worth

Henry Dingus, Reporter
Meeting Place—Old School Building

Monday night sixteen scouts met in the old grammar school building. While the meeting was not quite so colorful as the one on Monday, June 13, still everyone had a very enjoyable time.

To start the evening off right, we had some cracker-eating contests. If you have never tried to see how fast you could eat six crackers and then whistle, why don't you try it some time? Lamoine Blacklock carried off first place in the contest, with Dan Billingsley and our Scoutmaster, Mr. Cooper, finishing evenly for second place.

As much as we hate it, our troop will not be able to pass the first-class tests soon enough to receive our badges at the next Scout court of honor. We probably won't have time for our fourteen mile hike until we take our week's trip this summer, our Scoutmaster stated.

We are all studying on parts for our plays which we are going to put on soon. We will probably rehearse them for the first time next meeting night. We are all anxious to put our plays on as soon as possible because we won't be able to take our trip until we do.

All Scouts are requested to be at the next meeting, and all meetings, at the old grammar school building each Monday night at eight o'clock. Also we want to invite any and all parents of our Scouts to attend our meetings at any time.

Scouts who attended the last meeting were: Charles Baker, Harold Longino, Hugh Longino, Bobbie Haymes, Willard Reeves, Mac Haymes, Sargent Lowe, Dan Billingsley, Glyn D. Rayburn, J. E. Reeves, Jr., Lamoine Blacklock, David Eiland, Howard Payne Shannon, G. C. Conwell, John Wood, and the Scout reporter.

One visitor was present, Bonner Barton, who belongs to the Cub Pack.

Open Letter to a Speeder

Travelers Safety Service

I SAW YOU barely miss a little boy on a tricycle this afternoon and heard you yell, "Get the H— out of the way! Don't you know any better than to ride in the street?" He didn't answer because he hasn't learned to talk very well yet. So I'm going to answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings; for example, the one limiting the speed of automobiles.

I'm going to tell you something about that little boy. He has a mother who endured considerable inconvenience, anxiety and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think. If you should kill a child, how would you feel facing its parents? What excuse could you possibly offer Him whose Kingdom is made up of little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy may some day be. But we know what you are, and it's unimportant. We could get along without you, but we can't spare a single little boy on the street.

COOL WAVE STRIKES

TWENTY DEGREE DROP REPORTED

Local weathermen found a cool spot this week. While outside temperatures consistently made the hundred mark, weather observers found the thermometer at Eilands Drug Store standing at eighty.

This comfortable washed air makes Eiland's a delightful place to shop for your drug store needs and to refresh yourself with Eiland's "Freezer-Fresh" Ice Cream, Frozen Malt, and Cooling Drinks. Shop in comfort, and remember, "In Munday it's Eilands Drug Store."

New Automobile Registrations in State in Decline

AUSTIN.—New automobile registrations in Texas during May declined only slightly from the preceding month but the drop from May last year was decidedly abrupt, the University of Texas Bureau of Business Research has announced. Reports from fifteen representative Texas counties show a decline in registration of 1 per cent from April and 34.9 per cent from May last year.

Registrations in these fifteen counties during the first 5 months of the year totaled 19,827 cars, a decline of 30.6 per cent from the corresponding period last year. "Sales in all of the four price brackets shared in the decline, but the percentage drop was greatest in the lower-intermediate price group," the Bureau's statement said.

Watermelon Crop To Begin Moving About July 15th

More Than 700 Acres of Crop Planted at Rising Star

A crop of approximately 700 acres of watermelons in the Rising Star territory will begin moving about July 10 to 15th, according to leading growers in attendance at the mass meeting of watermelon growers called by the Rising Star Watermelon Growers' Association here Saturday.

The crop will be from one to two weeks late this year, it was reported on account of late cold. However the crop is reported in excellent condition and no insect or disease damage is apparent at this time, and with normal conditions it seems that a good crop is assured.

Goss Presides

The Saturday afternoon meeting was presided over by G. G. Goss, president of the Association. Reports from growers indicated that there was a considerable increase over last year's acreage and while a conservative estimate of 750 acres was reached it was believed by some that the total would be more nearly 1,000 if all acreage was correctly reported.

Plans for marketing was discussed at length but no definite plan was adopted. The matter will be gone into more thoroughly at another meeting to be held at the Chamber of Commerce Saturday afternoon. The Chamber of Commerce by Cecil Shults, who promised the full co-operation of the body in marketing this profitable crop and will assist in any way they can.—Rising Star X-Ray.

Out-of-town judges will be chosen to select the prize winners. H. G. Andrews will serve as master of ceremonies and the American Legion band will furnish music. There will be no admission charge.

O'Donnell Getting Federal Grant For A New Postoffice

Work on the new postoffice building slated for this city was begun here Monday.

The contract was awarded to C. H. Doak by the federal government, and the building will be located on Doak, street, almost directly across the street from the present post office location.

Terms of the contract call for a 25x78 foot building, measuring 950 square inches in occupancy for a period of ten years. The building will be of tile construction.

Larger quarters will permit the installation of larger fixtures, according to J. Mac Noble, postmaster, and plans pertaining to the interior call for considerably more boxes than in the present building.

Erection of the building, between Miller's Variety and the Ellis Chevrolet, partly closes the

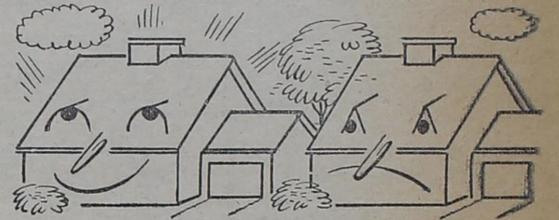

space between those two business buildings, and other buildings of similar type may be constructed before late autumn if business should warrant.—O'Donnell News.

To Abilene Tuesday

Miss Nina Astin, county home demonstration agent, was in Abilene Tuesday where she attended a meeting of H.D. agents from three districts for a rural electric school.

Why Newspapers Ask For "Early Copy"

The Advertiser Is Unfair to Himself When He Sends His Advertisement to the Newspaper Office Just Before the Dead-Line

Early "Copy" Late "Copy"

- | | |
|--------------------------------|---------------------------------------|
| 1. Better position. | Risk of poor position. |
| 2. No errors. | Risk of typographical errors. |
| 3. Time for store corrections. | No opportunity for store corrections. |
| 4. Good typography. | Risk of poor typography. |
| 5. Prompt delivery to reader. | Risk of late delivery. |
| 6. Fair to mechanical staff. | Unfair physical and mental strain. |
| 7. Advertisement well written. | Advertisement hurriedly written. |
| 8. Advertisement inserted. | Risk of omission. |
| 9. Overhead normal. | Often cause of rate increase. |
| 10. Illustrations correct. | Risk of misplaced cuts. |

• While a newspaper is a marvel of mechanical efficiency, there are limits on what can be done by a given force of printers, stereotypers and pressmen in a short, crowded period of stress.

• There is plenty of time to give every advertiser good service when early copy is sent in.

• The Times believes that its advertisers desire to be fair to the printers, stereotypers and pressmen who serve them as well as to be fair to themselves.

• Visitors to the mechanical department are invited so that the process of handling advertising may be thoroughly understood and the mechanical problems fully realized.

• Your co-operation will be greatly appreciated by the entire personnel of The Times.

THE MUNDAY TIMES

Requirements Outlined for Proposed Wheat Loan

PLACES ELIGIBLE FOR STORAGE ARE CITED IN ARTICLE

Act Provides Loans To Be Made On 1938 Wheat

(Released by the United States Department of Agriculture.)
In order that farmers and elevator operators may be prepared to handle wheat under the loan provisions of the Agricultural Adjustment Act of 1938, the Secretary of Agriculture and the Commodity Credit Corporation released today the following statement regarding eligible wheat and eligible storage.

The Act provides that loan shall be made available to cooperators when the farm price on June 15 is less than 62 per cent of the parity price or when the July crop estimates indicate a production larger than a normal year's domestic consumption and exports. From the June crop report it appears that the crop will be large enough to bring the loan provisions of the Act into operation. Details regarding the amount, terms, and conditions of the proposed loans have not been fully developed, but producers who plan to apply for loans and handlers of loan wheat should make suitable preparations for the 1938 crop.

Eligible Producer—Loans will be made to any person, partnership, association, or corporation producing wheat or acquiring wheat under rental provisions in his capacity of landowner, landlord, or tenant, upon whose farm, in accordance with the provisions of the 1938 Agricultural Conservation Program Bulletin as amended, the total acreage of soil-depleting crops for 1938 has not exceeded 105 per cent of the total soil-depleting acreage allotment.

Eligible Wheat—Wheat upon which loans will be made must be of acceptable quality as defined below. The wheat must be produced in 1938, the beneficial title to the wheat must be in the eligible producer and the wheat must be placed in storage in a Federally licensed or approved warehouse or in eligible storage on a farm in certain specified areas where farm stored wheat can be kept in proper condition.

Loans, if made, will be made on wheat stored on farms in the following areas:

All counties in Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, North Dakota, Ohio, Oregon, South Dakota, Utah, Washington, Wisconsin, and Wyoming; and in the following counties of the following States:

Oklahoma—Alfalfa, Beaver, Beckham, Blaine, Caddo, Canadian, Cimarron, Cleveland, Comanche, Cotton, Craig, Creek, Custer, Dewey, Ellis, Garfield, Grady, Grant, Greer, Harmon, Harper, Jackson, Kay, Kingfisher, Kiowa, Lincoln, Logan, McClain, Major, Mayes, Noble, Nowata, Okfuskee, Oklahoma, Okmulgee, Osage, Ottawa, Pawnee, Payne, Pottawatomie, Rogers, Roger Mills, Texas, Tillman, Tulsa, Wagoner, Washington, Washita, Woods, and Woodward.
Texas—Armsstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

Approved warehouses will be required to meet approximately the same standards as the Federally licensed warehouses, but will not be required to operate under the Federal Warehouse Act. This provision has been made because it is expected more space will be required than is available in Federally licensed warehouses and on farms.

When stored in Federally licensed or other approved warehouses wheat shall be of grade No. 1 heavy, No. 1, No. 2 or No. 2 of the Class Hard Red Spring, or of grade No. 1, No. 2, or No. 3 of the class Durum, Red Durum, Hard Red Winter, Soft Red Winter or White, as defined in the Official Grain Standards of the United States. Wheat of lower grades will be unacceptable as this wheat is usually more difficult to keep in storage, and also because the purpose of the ever-normal granary plan is to store the better grades of wheat. Wheat of Classes Hard Red Spring or Durum shall contain not more than 14 1-2 per cent moisture, and wheat of other eligible classes shall contain not more than 14 per cent moisture.

When stored on the farm wheat shall have been threshed and stored in the granary at least 30 days prior to its inspection for sealing, and shall be of grade No. 1 heavy, No. 1 or No. 2 of the class Hard Red Spring, or of grade No. 1, No. 2 or No. 3 of the Classes Durum, Red Durum, Hard Red Winter, Soft Red Winter or White, as defined in the Official Grain Standards of the United States. Wheat of the Classes Hard Red Spring or Durum shall contain not more than 13 per cent of moisture.

The maximum allowable moisture content for farm stored wheat is one per cent lower than for wheat in commercial storage because in commercial storage there are facilities for drying and otherwise conditioning the wheat, while

THE POCKETBOOK of KNOWLEDGE BY TOPPS

OSTRICH EGGS ARE UTILIZED AS FOOD IN OSTRICH COUNTRY... AND NO WONDER!... JUST ONE OSTRICH EGG MAKES AS MUCH FOOD AS TWO DOZEN ORDINARY HEN'S EGGS!

IN 1937 OVER 23,400,000 OUT OF A TOTAL OF 25,000,000 AMERICAN DWELLINGS WERE LIGHTED WITH ELECTRICITY—ANOTHER EVIDENCE OF AMERICA'S HIGH LIVING STANDARDS.

THE PERFECT CAR FOR THE BACK-SEAT DRIVER. THE POCKET-SWEEPER AUTO INTRODUCED IN 1930 WAS DRIVEN FROM THE REAR SEAT! THE FRONT SEAT WAS FOR PASSENGERS.

TIMES CHANGE—FOR THE BETTER! TODAY, THE AVERAGE COST OF A TIRE IS \$12.00 AND IT IS EXPECTED TO RUN 25,000 MILES (A COST OF APPROXIMATELY 1/2 CENT PER MILE) IN 1910 THE AVERAGE TIRE COST \$25.00 AND RAN ONLY 2,000 MILES (A COST OF ONE CENT A MILE!)

CONTRARY TO BELIEF, MONKEYS DO NOT HAVE FLEAS!... FLEAS LIVE ON CATS, DOGS, RABBITS, BATS AND POULTRY, BUT NOT ON MONKEYS!

these facilities are not usually available on farms.

Whether stored on farms or in elevators, the weight of dockage shall be deducted from the total weight of the wheat in arriving at the net quantity of the wheat subject to a loan.

The presence of smut or garlic shall be determined as required in the Official Grain Standards of the United States. If the safe storage of the wheat will not be affected by such smut or garlic it may be accepted as collateral at a lower rate.

Eligible Storage—In order to be eligible for storage under the wheat loan program, the wheat must be stored in elevators, warehouses, farm bins or granaries meeting the following requirements:

Elevators and Warehouses holding licenses under the Federal Warehouse Act will be acceptable in all cases. Loans will also be available on eligible wheat stored in other elevators and warehouses approved by the Commodity Credit Corporation. Before approval such elevators and warehouses will be required to establish their financial responsibility and provide an approved form of bond with the State Warehouse Department or the Commodity Credit Corporation meeting the financial and bond requirements prescribed in the regulations issued by the Secretary of Agriculture under the Federal Warehouse Act, with a minimum bond of \$10,000. Elevators desiring to store wheat on which loans are to be made should apply to the Commodity Credit Corporation in care of the nearest Reconstruction Finance Corporation loan agency.

Farm Bins and Granaries shall be of such substantial and permanent construction as to hold stored wheat without loss in quantity or quality, afford protection against thieves, rodents and weather, and permit effective fumigation for the destruction of insects. The bin must be cleared of all old wheat and thoroughly cleaned before new wheat is stored. It must be securely and completely closed and sealed in such a manner as to require a forceful breaking to make entry. Farmers who store their wheat on the farm will be responsible for the delivery of the quantity and grade of wheat specified in the storage certificate.

A leaflet explaining the requirements which farm storage must meet in order for wheat stored in it to qualify for loans is being printed and will be made available to farmers. (The title of this leaflet is "Wheat Storage in the Ever-Normal-Granary.")

Funeral Services Held for Lewellen Friday Afternoon

Death last Thursday claimed the life of one of the pioneers of this section when J. C. Lewellen, farmer of Haskell County, who was well known here, passed away.

Funeral services were conducted from the Roberts chapel Baptist church 10 miles northeast of Haskell Friday afternoon at 4 o'clock. Burial was in the Roberts Chapel cemetery.

Born June 3, 1871, the deceased was 67 years and 13 days of age when he succumbed.

Mrs. L. W. Boynton and two sons, Robert and James, of Springtown, Texas, are visiting in the home of Mrs. Boynton's sister, Mrs. G. W. Dingus.

Science Collections

Ishmael Walling, science teacher in the Sunset School, states that he has received three very nice collections for the Science Department. Miss Ollie Maye Hinds, a student in the McMurry College in Abilene gave a collection of wild flowers of Texas that bloom in the spring. Mr. Gordon Green, a graduate of McMurry college gave a collection of wild flowers that bloom during the summer. These two collections represent some sixty species of wild flowers and they are well mounted and classified. Miss Hinds also gave an insect collection well mounted and classified. Mr. Walling states these collections are appreciated and will be of much educational value to the Science classes.

Judge E. L. Covey was in the city Tuesday attending to business and campaigning.
