

Pretty Campaigner for L. A. Woods

Few candidates for state offices have such pretty campaigners as Miss Geneva Stewart of Dallas Technical high school, who is speaking nightly in behalf of L. A. Woods, candidate for re-election to the office of State Superintendent of Public Instruction. Only 17, Miss Stewart won this year's State Interscholastic League championship in girls' declamation.

Official County Ballot for Knox

Positions of Candidates is Given in Story from Democratic Committee

Following is a complete listing of all candidates seeking state, district, county and precinct offices. As their names were drawn for position by the county democratic executive committee and ordered printed in that manner, the Times gives you the position drawn for candidates and the order each office appears on the ballot:

FOR GOVERNOR:

- Ernest O. Thompson of Potter County
- S. T. Brogdon of Erath County
- Joseph King of Harris County
- Clarence E. Farmer of Tarrant County
- William McCraw of Dallas County
- Tom F. Hunter of Wichita County
- P. D. Renfro of Jefferson County
- Karl A. Crowley of Tarrant County
- W. Lee O'Daniel of Tarrant County
- Clarence R. Miller of Dallas County
- Jas. A. Ferguson of Bell County
- Thos. Self of Houston County
- Marvin P. McCoy of Harris County

FOR LIEUTENANT GOVERNOR:

- Alton M. Mead of Tom Green County
- Pierce Brooks of Dallas County
- Coke R. Stevenson of Kimble County
- John L. Smith of Throckmorton County
- George A. Davison, Jr., of Eastland County
- G. H. Nelson of Lubbock County

FOR ATTORNEY GENERAL:

- Gerald C. Mann of Dallas County
- Lewis M. Goodrich of Wheeler County
- Robert W. Calvert of Hill County
- Walter Woodul of Harris County
- Ralph Yarbrough of Travis County

FOR ASSOCIATE JUSTICE OF SUPREME COURT

- Richard Critz of Williamson County
- Tom Smiley of Karnes County
- W. H. Davidson of Jefferson County

FOR JUDGE OF COURT OF

Economy Store to Start Clearance Sale Here Friday

Attention of the buying public is called to the July Clearance Sale which opens Friday morning, July 15th at the Economy Store of this city. Sied Waheed, proprietor of the store, pointed out that the items are priced at unusually low prices, many of them at below cost sacrifices in order that all summer merchandise may be unloaded to avoid carrying it over for next season. Several of the prices listed for the sale may be found in the Economy Store advertisement on page 3, this issue of the Times.

Absentee Balloting Will Close Next Tuesday Night Chamberlain Warns

Absentee balloting will close Tuesday night July 19th, County Clerk Marvin Chamberlain warned voters this week, who will be out of the county election day or cannot go to the polls due to physical ailments. Any qualified voter who intends to be out of the county July 23 may cast an absentee ballot any time through next Tuesday at Chamberlain's office where ballots may be secured or make applica-

tion to have ballots sent them. If a person qualified to vote is physically disabled to go to their respective ballot boxes they may make application for a ballot which can be voted in their home in the presence of a notary public. Chamberlain will be glad to explain any question that may arise in the casting of absentee ballots, and aid any person in casting their vote for the coming democratic primary.

CONDITION OF CROPS EXCELLENT

LIGHT SHOWERS IN COUNTY LAST WEEK HELPFUL

Years Rainfall Totals Nearly 19 Inches Hill Reports

Crop prospects of Knox County were sent booming toward bumper proportions for this season of the year by rains last Thursday and Friday which totaled nearly an inch. Precipitation was general covering a large area of the Central West Texas region.

With a good winter seasoning rainfall since January has reached the unusual high of 18.71 inches compared to 9.18 inches for the same period last year, H. P. Hill local weatherman, reported. The rains have come regularly over the period of six months and have kept the top soil here in excellent condition, plus a good underground seasoning.

The rains last week practically assured a huge maize crop and was of much help to young corn which is filling out into well rounded solid grained ears.

Cotton Looks Good

Cotton for this period is in the best condition in years, excluding the depletions in spotted areas of grasshoppers. The young cotton has come out wonderfully during the past three weeks, after getting off to a slow start this spring due to cold weather in April and cool days for a month afterwards.

However, in spite of the bright prospects for a bumper crop this fall, total ginnings for the county will probably be less than last year due to the cut in acreage under the 1938 farm program. Munday farmers are expected to have a net gain in profits from the staple crop over last year though, due to a material increase in acreage of long staple cotton.

County Funds in Excellent Shape All Records Show

During the past few days we have been asked by people from all parts of the county questions pertaining to the financial condition of Knox County. And we want to make the following explanation.

We have been paying all bonds as they become due, and therefore reducing the county's outstanding debts. The county has been paying every obligation of the county promptly and have not had to borrow one cent from any bank in order to do so.

When the Commissioners' Court checked the County Treasurer's report as of June 30th, 1938, the county had a net balance in all funds of \$46,509.18. This did not include any school money or moneys deposited in Austin with the State Board of County and District Road indebtedness for the purpose of paying the county's part of the maturities on outstanding road bonds. The county will be able to meet all obligations of the county on a cash basis until next years taxes are paid.

The Knox County records are open to inspection by any citizen of the county and we invite each and every one to inspect the county books to see that the above statements are absolutely correct. SIGNED BY MEMBERS OF THE COMMISSIONERS COURT

- E. L. Covey, Chairman
- Wm. Griffith, Com. Prec. 1
- O. L. Paterson, Com. Prec. 2
- O. W. Welch, Com. Prec. 3
- E. A. Jones, Com. Prec. 4

New Cook Books For County H.D. Women Printed

The new edition of Knox County Home Demonstration Club cook books is off the press and will be sold to the public by the club ladies, Mrs. R. M. Almanode, chairman of the County Council announced this week.

Sixty-four pages or recipes and various other types of valuable information in cooking and meal preparation are included in the new issue of the book.

The club ladies expressed their appreciation to the business men of Munday, Goree, Knox City, Rhineland, Truscott and Gilliland who purchased advertising in the book, thus making possible its publication.

The book was printed by the Munday Times commercial department.

Read the Times Want-Ads. They can save you money.

Lions Club Officers are Installed

Installation of officers for the Munday Lions Club was held last Thursday night at the elementary school auditorium when a scheduled chicken barbecue at the golf links picnic grounds was forced inside by heavy rainfall.

Wednesday noon, this week, the first meeting of the new year was held and reports were heard on the summer recreation program, arrangements made to award prizes in the recently completed beautification contest, and plans were forwarded to start construction on the football field.

At the meeting last Thursday night, Lion Wade Mahan, outgoing secretary, gave a brief report of the many achievements through the cooperative work of members on civic projects during the nine months the club has been organized. In order that you may appreciate the efforts of this civic organization, you urged to read a resume of the club's activities in next week's Times.

reigns of the club and will direct it through the next year as the club continues an active program of civic improvements and welfare.

Carries Plea to Local Voters Saturday

K. C. Spell, Wichita Falls business man, and a candidate for congress, 13th district, which embraces Munday and Knox county, addressed local voters here Saturday on the city hall square. His plea for support has been presented it, appears below.

K. C. Spell Spoke Saturday Here on Congress Campaign

You, my friends, have told me your troubles and their cause. You have told me that the Congressional representation for this district is suffering with the legal itch. And you've told me that on election day you intend to relieve that condition by delousing politics of those legal leeches who have bled your confidence for so many years. You have also told me of your hopes and your disappointments and I shall not forget them.

My opponents in this Congressional race are three: There's the present incumbent, coming from Graham, Texas, who has received \$80,000.00 and more from this position.

Another opponent is the political emigrant from Vernon, Texas, who calls himself the "mystery man," he Dallas, Texas, and claims to be a My other opponent hails from Dalals, Texas, and claims to be a legal professor. His background is dim and yet unknown.

Each of these opponents claim to be lawyers, but few are the cases tried by all of them. Instead of being lawyers, they are what we better term "political lawyers" with whom the country is now overrun. I am not now a lawyer, never have been, and never expect to be. I came from honest parentage and from the ranks of the laboring class that works for a living as does more than 90 per cent of the voters of my district. And I direct my remarks in this campaign—not to bankers—not to lawyers—not to financiers or political lawyers—but to that sound thinking group of working men and women. Being in favor of a business-like administration and not being a trained political lawyer, I have not dared guess at the nature of your ailments which have brought a sickness of fear, insecurity and discouragement to the hearts of our small farmer, our small business man, and those of us who work for a living. To me it was (Continued on Page 8)

Raised 45 Pound Pumpkin Here

Last year at this period, it was "Bean Champs" that became the craze—but this year the worm has turned. Now the Pumpkin boys are getting the breaks. Last Saturday R. J. Walling of the Sunset community brought in a pumpkin that weighed 45½ pounds, that was raised on his farm one-half mile north of the Sunset school. The "overgrown" pumpkin was displayed at the Atkeison Food Store.

BANK FIGURES REFLECT 1938 FINANCIAL

OUTLOOK FINE

POLITICAL ANTICS!

And now, we read in our daily papers, Tom Hunter has got a couple of mind readers and a quartet to work in his campaign. Solemnly we call the roll again, then offer these suggestions:

1. O'Daniel Hillbillies.
2. Sadler Cowboy string band.
3. Miller Millboys.
4. Hunter quartet and mind readers.

Now if that's politics why not—

1. McCraw amachure hour, with traveling units to make personal appearances, each unit headed by a former assistant attorney general.
2. Thompson and Blackstone on the stump; two quick-change artists.
3. Crowley outstripping 'em all, assisted by Sally Rand.
4. Renfro and his Goodwill Court of the Air, or how to judge the candidates.

Or, best of all, why not a gubernatorial sweepstakes, modeled on the Irish. Brogdon and King already scratched, McCraw and O'Daniel favorites, Thompson the Dark Horse, Ferguson the long-shot. A dollar a ticket, and a half-million in prizes, the profits to go toward paying the old folks 30 bucks per month.

Then in the lesser races, we could have Yarbrough doing a knife-throwing act, Terrell carrying along a four-square gospel preacher, Wood doing an East Texas hoedown, and a series of Jerry Mann camp meetings.

Why go to the sideshows to be entertained?—State Observer.

GRADY ROBERTS MAKES STATEMENT IN ANSWER TO OPPONENT'S CHARGE

It has been brought to my attention that one of my opponents is showing to the people of Knox County a copy of an advertisement that was published in a Chillicothe, Hardeman County paper last week by my friends of that county. The advertisement urged the people of Hardeman county to vote for me. The advertisement was prepared and published without my knowledge or consent. I appreciate very much the interest that the people of Hardeman county are taking in my race. Those people have known me for 16 years and believe that I am the proper man for the office of Representative. I appreciate their faith in me.

Now, with reference to what has been said about my residence, I want to make this statement: In June 1937 I bought The Munday Times and moved to Munday. Since I have bought a home in Munday and do not have a home elsewhere. May I as one who is vitally interested in the business and welfare of this county assure the citizenship of the county that when I am elected as your Representative that I will do all I can for the best interests of the people of the county and district. Sincerely, GRADY ROBERTS

GRADY ROBERTS

Candidate for Representative 114th District

Andrew Unger Is Claimed in Death At Home Tuesday

Death Tuesday morning at 10:30 claimed one of Knox county's earliest pioneers when Andrew Unger passed away at his home in the Rhineland community.

A native of Austria-Hungary, the deceased settled on the Knox Prairie in 1897 and has since resided here. He was 83 years, 10 months and 23 days old at death.

Funeral services were conducted from the St. Joseph's Church at Rhineland Tuesday morning at 8 o'clock with the Rev. Father Matthew in charge of the service. Burial was in the St. Joseph's cemetery at Rhineland.

Pallbearers for the service were Tony Kuhler, Victor Redder, Tony Brown, Carl Schumacher, K. G. Homer and Frank Kuhler. All funeral arrangements were in charge of the Mahan Funeral Home of this city.

Surviving are one brother, Paul Unger of Lee County, Texas; the following granddaughters, Emma Terich, Brackettsville, Texas; Ag-

Knox Delegation Attends District Meet at Ft. Worth

The Knox County delegation to the open house and style show of the District 7 WPA sewing rooms returned Wednesday from Fort Worth, scene of the show. Attending was Mrs. Addie Layne, local supervisor, Commissioners Ed A. Jones and Oral Patterson, and Miss Elizabeth Covey.

The Munday sewing room, which was selected to make a dress to be modeled, did so with Miss Covey, daughter of Judge E. L. Covey, modeling the dress for the style show. The dress represented area 18, which is comprised of 5 counties.

The meeting was very educational and the display of workmanship done in the various sewing rooms was declared to be of excellent quality.

Are You Boosting Munday!

nes Schaffaer, Atlanta, Ga.; Bertha Birkenfeld, Wichita Falls; Alice Birkenfeld, Wichita Falls and the following grandsons, Albert Birkenfeld, Umbarger, Texas; and Edwin Birkenfeld, of Scotland, Texas.

LOANS AT BANK REDUCED SINCE JANUARY FIRST

Surplus This Year is \$10,000 Higher Than in '37

Considering the fact that farmers and business men of the Munday trade area suffered a setback toward recovery in 1936 due to drouthy conditions, the financial status of this area is believed to be on the upward trend again such as was experienced last fall. Practically all cities of West Texas are predicting an up-swing of business activities for the remainder of 1938.

In spite of the seasonal drop in total deposits for this area, which is caused by crop preparations for fall cotton picking, planting and harvesting of other crops, deposits at the bank have held above \$400,000. Bank patrons have taken out fewer loans than usual and have decreased their loans at the institution from \$303,701.23 December 31st, 1937, to \$222,162.92 at the close of business June 30, 1938. The wheat harvest was one of the major factors in the reduction of the loans, it is believed.

Total deposits at the close of business June 30, were \$401,433.29, according to the bank statement, compared to \$531,055.93 December 30. With the bright prospects for cotton, small grain and feed-stuffs, deposits should total more next December 30 than last year at the same period to keep in line with the general business recovery now being felt in the entire nation, as predicted by business leaders recently.

Surplus of the bank has been increased to \$25,000 this year compared to a \$15,000 surplus last year. Capital stock remains at \$25,000 and total resources are \$458,367.81 for this statement.

\$3,210 Is Cost Of AAA Program In This County

Farmers county committees and associations in Texas spent as much as \$13,895 in Grayson county, and \$13,829 in Collin county, and as little as nothing in Crane, Jeff Davis and Loving counties to run their part of the 1936 farm program, according to a report of the Agricultural Adjustment Administration.

In Knox county the government was called upon for \$3,210 to defray the costs of administering the farm program for 1936.

Expenses for all committees in the state totaled \$1,153,696. These expenses were purely local, most of the money going to farmer committees and field men as per diem compensation for surveying (Continued on Page Eight)

Rehall Drug Store Installs New Ice Cream Mixer Here

The Rehall Store of this city this week installed an ice cream mixer and ice cream refrigerator unit in their store. The freezer has a capacity of 60-gallons of ice cream and will supply the Munday store and the Rehall Store in Wehnert, A. L. Smith, manager of both stores announced.

The freezer is a White-Knight machine, and the entire unit is constructed to insure highest purity and sanitation in the home-made products. Stools will be installed as soon as they arrive from the factory, Smith stated, for the new ice cream bar which is connected with the store fountain.

You are referred to the Rehall advertisement in this issue of the Times.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

TAKE A VACATION THIS SUMMER

WE'RE in the midst of the vacation season. If you haven't taken yours, it's time you were.

Don't have time? That's a stockworn excuse that won't hold water. No man is so important in his business or on his job that he cannot be spared for a few days.

Can't afford it? That is not the question, so much as "can you afford not to take a vacation?"

There was a time when a vacation was looked upon as something of a luxury. Not any more. In this modern, fast-moving age, no man who works twelve months out of the year at the same job can afford not to take a few days off, to get away from the steady routine and the same old faces and scenes.

Whether you really rest on a vacation or not isn't so important. The big idea is to break away from the routine that you have been following all the year; get away from it all, see new faces, new places.

You can be on the "go" eighteen hours a day while on your vacation, and return physically weary, but you'll find yourself mentally refreshed and ready with new vigor and enthusiasm to tackle your routine tasks.

Some business men take a week or two weeks off each year to travel around over the country in leisurely fashion, visiting the stores or plants of other men in the same line of business. Those who do that come back not only rested and refreshed but with a score of new business ideas ready to put into use in their own plants.

So the question is not "Can I afford a vacation?" but "Can I afford not to have a vacation?" It's unfair to your business and your associates not to take that trip this summer.

G.O.P. Hopes are High

The minority party spokesmen have been doing a lot of talking about the gains they expect to make in the next Congress, with the brave prophecy that in 1940 the G.O.P. would have command of the House of Representatives. Now we have the withdrawal from Congress of Bert Snell, who is the nearest thing to a leader his party has had in Congress during the past seven years. Mr. Snell's ambition has been to become Speaker of the House—that position which has been frequently described as the second great office in the government.

His determination to retire from Congress after twenty-five years of service is perhaps the only commentary necessary in regard to Republican prospects.

As a good seasoned member of the Old Guard, Mr. Snell indicated his disgust at the present political management of his party, which doesn't know whether to be liberal or conservative, and keeps dancing between these two political poles with the hope that somehow, sometime, the dilemma will decide itself. However, the fading away of all chances of a Republican resurrection, which would in the nature of things realize his Speakership ambitions, beyond doubt was the predominant motive of his notice that he would not be a candidate for re-election. In other words, though Bert Snell might have hoped to preside over a Congress with a reactionary Republican majority, he would have been content, if not satisfied to preside over a Republican Congress of any type.

Notes of Sadness

Somehow or other there was a note of sadness in the news that Ringling Brothers-Barnum and Bailey Circus—long called "the Greatest Show on Earth," has folded its big "top" and gone to winter quarters in Florida.

It is especially sad when we think of the thousands of children deprived of a fleeting one-day thrill of watching the fun-making clowns or the lion tamer or the man on the flying trapeze.

Then there must be a pretty sad outlook for the families of the 1,600 employees, who chose to blindly follow union leaders and put the circus out of business by a strike and thus put themselves out of jobs. The strike was called when the circus proposed a wage cut to avoid closing through bankruptcy. Highly skilled in their work the performers will have little to look forward to but relief, which adds sadness in still another quarter—the taxpayer.

Any way you look at it the Public ultimately foots the bill for strikes which force closing of enterprises.

Steel Studies Texas

DALLAS—Important recent trends in the steel industry, tending to put steel selling competition on a more "geographical" basis than ever before, serve to focus new attention in Texas' attractions for decentralizing industry, says a report of the All-South Development Council.

Wright (see box in col 2) was referring to abandonment of the multiple "basing point" system for steel prices to consumers—in effect since 1924 when the Federal Trade Commission outlawed the old "Pittsburgh plus" system, under which Pittsburgh was the sole basing point. Recent sweeping changes involve creation of a large number of new basing points, so that proximity of mill to consumption point will for the first time become a price factor. Until now, steel producers have quoted prices f.o.b. the nearest basing point and adding the freight from that location to the delivery point, even when the producing mill was closer to the consumption point.

With steel producers, as Editor Wright says, being forced to "shift to Southern territory because of

NEW PRICING SYSTEM
C. E. Wright, editor of Iron Age, is quoted in the report as estimating that Southern steel mills "will enjoy wider markets geographically for their products under the new pricing system, and some producers may be forced to shift to Southern territory because of freight and wage considerations, and water transportation will be employed more to offset costs."

freight and wage considerations" under the new pricing system, the question of choosing the most advantageous locations has this industry carefully scanning the southern field and evaluating labor, market, taxation and transportation factors, the report points out. Aggressive, factual merchandising of such of these advantages as Texas has to offer, if combined with official reassurance of the state's receptiveness to new industry, could put Texas in the front rank of prospects for steel industry branch manufactories and bring

long-sought development of another of the states' many latent resources, the 100,000,000 long ton deposit of iron ore near Longview.

Thus Texas' stake in the new developments, seen as an important new phase of the general industrial decentralization movement, embraces not only more advantageous prices for steel products used in Texas building and manufacturing, but also the prospect of becoming a steel producing point, the report says. The Longview iron deposit, known but undeveloped for more than 30 years, canalization of the Trinity river, and the damming of the Red River, making available a water route for Oklahoma coal, could be fitted together to make Texas steel a reality.

The Southwest's rapid growth in population and its accompanying strong market for steel for home factory and business building would seem to justify location of steel-producing mills as near this active market as possible to take advantage of the new competitive situation, the report says.

LISTEN TO THIS

By TOM FIZDALE

Marek Weber, conductor of that Contended program on NBC, is one artist who really made a sacrifice for a radio career.

After success in every important European capital, he decided he wanted to see America. That meant giving up a country estate on the outskirts of Berlin, a 16 room castle filled with valuable antique furniture, a 10 room apartment in Zurich, Switzerland, his kennel of eight beloved dogs and his collection of priceless porcelain, all for an apartment in a Chicago hotel. Here he has an entourage which includes a dignified interpreter and two Bavarian housemaids in native dress. "To geeve me th' home touch," he explains.

Elvira Rios

Elvira Rios, beautiful young singer from Mexico, is the latest addition to radio's international colony in Hollywood. She sings little known songs of Old Mexico every week over the networks and consoles her homesickness with the thought that her countrymen hear her via short wave. . . . Juan Blaine was hostess last week to her "Valiant Lady" cast at a party in the cool Roof Gardens of New York's Hotel McAlpin. . . . Paid for by fines imposed for late arrivals at rehearsals. . . . Amos 'n' Andy turned in what proved to be a preview of the Louis-Schmeling fight on their program the night before the fight came off.

Johnny Vander Meer, the Cincinnati Reds' wonder pitcher, is a radio holdout. . . . Values his services for guest appearances at \$1,000 and is offered \$500. . . . Bob Trout, ace Columbia commentator, got his first trans-Atlantic fan call last week after describing Coney Island in a special broadcast to England. . . . The Englishman wanted him to look up a friend at the resort. . . . The Detroit Symphony orchestra is slated to return to the kilocycles September 11, with John Charles Thomas as the first guest artist. . . . Wonder how put out artificial redheads are going to be when they discover that they will photograph a muddy blonde on the television screen?

Charlie McCarthy, a recent book reveals, was used by Edgar Bergen as a horrible example of a bad boy back in his days on the Chautauqua circuit and another dummy, Laura, as the well behaved child. . . . Whatever became of Laura? Those "Vocal Varieties" have scored again, this time with their feature of the most popular songs of big stars. . . . Their ideas are good as well as the music.

Walter O'Keefe, master of the flip retort and hero of the stage, screen and radio, returns from Hollywood to New York to finish his original "Lend Me Your Ears," a musical comedy. . . . Bobby Dolan, O'Keefe's former orchestra leader, is writing the music for the planned fall production. . . . Marion Talley, former Met star, has launched the third year of her programs. . . . Dolores Gillen, pretty network actress, has set a new style for radio by appearing at the mike in culottes.

Walter O'Keefe

Harold Peary, the "Public Hero No. One" actor recently set a new record for being someone else. . . . In fifteen minutes he was eight different people—in the script. . . . Not all of the top radio actors are going out of the country for their vacations, reports to the contrary. . . . Jack Benny and Fibber McGee are two who expect to spend most of their near home. . . . John J. Anthony, conductor of the "Original Good Will Hour," is one of radio's busiest men. . . . Manages to speak before philanthropic groups average of three nights a week and last week hit a high with eight speeches.

HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

Taken from the files of The Munday Times, from the issue of July 14, 1927.

Bond Election Ordered For August 15th

At the regular monthly meeting of the Commissioners' Court of Knox County at Benjamin on Monday of this week, by a unanimous vote of the court, an election was ordered to be held in the Commissioner's Precinct No. 4, or what has been designated as Independent Road District No. 2—by a special act of the legislature, to determine whether or not bonds in the sum of \$135,000.00 shall be voted for the purpose of constructing, maintaining and operating designated State and Federal highways within said district. The petition praying for the election bore the signatures of E. L. Covey and 103 other taxpaying citizens of this precinct.

August 15th was designated as the day upon which the election will be held.

Pendleton Gin Co. Issued Charter

A charter last week was granted to the Pendleton Gin Co., of which H. A. Pendleton is president and general manager, and under this charter gins will be operated at Munday, Goree, Bomarton and Weinert, this company having taken over the plants formerly owned by the Munday Cotton Oil Company.

Citizens Respond to Call For Cemetery Working

More than one hundred responded to the call of the Munday Cemetery Association and gathered at the cemetery on Tuesday afternoon at four o'clock, and all graves were completely cleared of grass and weeds and the premises very muchly beautified. Mrs. A. U. Hathaway, who has always taken active part in the upkeep of the cemetery is delighted with the work that was done and was greatly pleased with the large number of contributions that were made on that date by those interested in the beautification of the cemetery. Approximately \$80 was contributed in money to be used in the work.

Farmers Union of Texas Meets Here Monday

The annual convention of the Farmers Cooperative and Educational Union of Texas was held here on Monday of this week, and a number of delegates from various sections of the state were present and took part in the meeting. This was the twenty-fifth

annual convention of the organization which for many years was one of the most powerful organizations of farmers of the state, and many of the faithful members who have clung to the organization are confident that it will in time regain the strong following which it once possessed, and which was lost largely through the participation of its high officials in political campaigns.

FOR

STATE SENATOR

23rd DISTRICT

"Common Sense and Sound Judgment Make Good Laws"—George Moffett.

For the past 8 years Wichita Falls has had the State Senator from our district. We believe the Western side of this district should now fill this office—especially since we have the outstanding man for the place.

George Moffett has fought consistently for old age pensions, for the small towns and rural areas, and for our schools. His tireless efforts to secure the adoption of the Moffett Amendment which prevents the five largest cities from dominating the Texas legislature, and his proposal to establish a cotton research laboratory for Texas have gained him statewide prominence. George Moffett looks ahead for the welfare of Texas. He deserves promotion.

LET'S ELECT GEORGE MOFFETT TO THE STATE SENATE

(Paid for by Friends in Knox County)

Explanations Given Out on 1938 SOIL CONSERVATION PROGRAM

Recent Letters
A recent letter from the state office says that if sudan is grazed or harvested and a good growth grows up again and turned under, amounts may be made at the rate of one acre per unit.

Wheat Allotments for 1939
Farmers come into the County Agent's office daily wanting to know how much wheat they will be permitted to plant this fall. At present no definite information can be presented the wheat farmers, except the wheat base of your farm will be reduced considerably, and as far as it is known now, no cotton allotment can be diverted to wheat allotment. Wheat allotments will be based upon the acreage of wheat that has been planted from 1928 to 1938, inclusive.

Yields of Cotton and Wheat
The County Agent's office is holding this week open as the last week to turn in yields, and after this week, the County Committee will appraise the yields for your farm, if you have not turned in your yield.

An employee working for an employer not covered under the Texas Unemployment Compensation Act, is not covered for the time he works for such employer and receives no credit with the Unemployment Compensation Commission for his earnings. If he becomes unemployed, the Employment Service will help him find employment but he will not be eligible for unemployment benefits.

Due date for June contributions to the Unemployment Compensation Fund is Monday, August 1st. Reports for the quarter (April, May and June) are also due at the Unemployment Commission on that date.

Typhoid Fever Costs Texans Over Half Million Yearly

Dr. Geo. W. Cox, State Health Officer, estimates that the State of Texas suffers an economic loss of one-half million dollars annually from typhoid fever, a preventable disease.

Last year 378 Texans died of typhoid and approximately 4,000 were ill with the disease. The average duration of the illness is from six to eight weeks plus a convalescent period of about six weeks. This means that typhoid is responsible for the loss of approximately 200,000 work days each year in Texas, with the attendant loss of income over a several months period.

Early fall and late summer each year sees a tremendous increase in the prevalence of typhoid in Texas, due to vacation travel and the hazards brought to the local population by itinerant labor.

Typhoid is particularly prevalent in those sections where there is seasonal employment bringing into the area greater numbers of laborers who live in tents, shacks and trailers without adequate sanitation.

The local communities have the problem of dealing with this shifting population put squarely on their own shoulders. Insofar as is feasible, the itinerant population should be immunized against typhoid and should be made to conform with sanitary regulations (particularly with regard to disposal of waste) as a protective measure to the permanent community population.

Typhoid fever can be controlled

CHURCH NEWS

FIRST BAPTIST CHURCH

The Lueders encampment begins next Monday. A good program of work, rest, and recreation has been planned. You will enjoy whatever time you may be able to spend there.

Let's keep in mind that our revival meeting begins August 7th. Dr. J. Pat Horton of Plainview is to do the preaching and Virgil Reynolds is to lead the music.

Last Sunday the school attendance was 169. It should shame every one of us when we have less than 200. Sermon subject for Sunday, The Gospel, the Power of God.

W. H. Albertson

The greatest things in life are usually attained by simple means, and the exercise of ordinary qualities.—Samuel Smiles.

by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening against the fly and destroying its breeding places, by search for and care of human carriers, and by general practice of immunization.

In selecting a place for a vacation, choose one which you know that the water and milk supply is pure. Be sure that the kitchen and dining room are screened to protect the food from flies. When camping it is best to boil water used for drinking, unless you know that it is pure. Clear, sparkling water is often nevertheless polluted.

IF gas cost nothing AT THE WELL

Even if gas could be had for nothing at the well—the cost of using it in your home would not be greatly changed. A large part of what you pay for gas service is the cost of delivering it to your burner tips—and keeping it there every minute. To properly serve you, there is necessary a vast investment in gas reserves sufficient enough to meet any demand, in pipelines and equipment for its transportation and control. Money must be spent to maintain all this equipment at a high standard for dependable service. A skilled organization must be on duty day and night.

There's a difference between "raw materials" and a finished, usable service.

Your home and this community could not risk anything less than the best in gas service. Life and health in the home depend more than ever on the efficiency and quality of service. Yet today, in spite of the fact it is costing Lone Star Gas System more to operate because of rapidly mounting taxes and other new costs, your gas dollar buys more than ever before.

Sunset Alumni Will Meet

SUNSET ALUMNI ANNUAL MEET IS SET FOR JULY 29

Members Will Spend Day at Lake Lueders

Members of the Sunset High School alumni Association will hold their annual meeting Friday, July 29th, at a picnic and fishing trip at Lake Lueders, it was announced this week by Mrs. Christine Barnes, spokesman for the president of the association, Mary Elizabeth Shannon, who is attending college this summer.

The association, organized in 1932 by members of the initial graduating class of Sunset, has grown from the charter membership of 13 to 80 in its seven years of existence. Included among the 80 members are the graduates of 1938, who will be initiated into the organization at Lueders.

The group will converge on the Terry Hotel in this city and leave from that point for Lueders at 1 o'clock. Those who will attend will take food supplies for the day and whatever things are necessary for the entertainment. Bathing will be one of the features of the day.

This year, the first year to go to Lueders instead of Seymour park, is also the first year that the association has invited instructors of the school to attend. New officers for the association will also be elected during the day Mrs. Barnes stated, and she urged that all persons eligible to attend make preparations to go and enjoy the reunion with old classmates and instructors.

Burton is Campaigning

R. V. (Bob) Burton, candidate for county treasurer, has been canvassing the south end of the county the past few days. Burton resides in the Sunset community and has been campaigning actively during the past few weeks.

MUNDAY EPWORTH LEAGUERS HOSTS TO SEYMOUR, WESTOVER, BOMARTON LEAGUERS HERE TUESDAY NIGHT

Munday's Epworth Leaguers were hosts to a Union meeting of Epworth Leaguers held at the Methodist church last Tuesday evening when representatives from Seymour, Westover and Bomarton were in attendance.

The meeting was opened by the group of about 35 Leaguers singing the old hymn, "A Charge to Keep I Have" which was followed by a reading by Mrs. Aaron Blanton of this city.

Principal address for the meeting was delivered by Rev. Luther Kirk, pastor of the Rochester Methodist Church, when he talked on the subject, "Steadfastness." R. R. Davenport, adult leader of the local league also made a few remarks on the same subject.

A song closed the program and the business meeting in which dates for coming district and union meetings were announced. The district meet will be held in Roaring Springs, July 28 and 29 and the next union meeting will be held at Seymour in the Methodist Church in August.

Sunshine Circle Met in Wade Mahan Home

The Sunshine Circle met in the home of Mrs. Wade Mahan in a World Outlook program.

The following program was given: Leader, Mrs. Cecil Cooper; Story of the Month, Mrs. Joe B. King; Devotional, Merle Dingus. Those present were Mrs. Bounds, Merle Dingus, Mrs. Cecil Cooper,

WEINERT COUPLE ARE MARRIED IN SEYMOUR

A marriage of interest to Weinert friends is that of Mr. John Rich of Menard and Miss Elva Pickering of Weinert who were married in Seymour Sunday July 3rd in the home of Rev. R. J. Balch the Baptist preacher there. Mr. Rich is the son of Mr. and Mrs. H. R. Rich of this place and Mrs. Rich is the daughter of Mr. and Mrs. W. P. Pickering, also of Weinert. Mr. Rich is a promising young business man of Menard and they will make their home there. The best wishes of their Weinert friends go with them to their new home. Mr. and Mrs. Morris Bradford of Menard accompanied them.

HEFNER H.D. CLUB MET IN JONES HOME

The Hefner Home Demonstration Club had its regular meeting with the president, Mrs. Marion Jones, at 3:30 o'clock, July 6th. After reports from the county council were given other business was disposed of and committees were heard from.

Pressure cookers were tested. The next meeting of the club will be with Mrs. R. L. Lambeth at 3:00 p.m., July 19th.

Topic for the meeting will be "Menus and favors, or what makes a successful party?"

All members are requested to attend. Our Short Course delegates will give a report of the meeting this week.

Go To Lubbock

Dr. and Mrs. D. C. Eiland left for Lubbock, Texas, last Sunday afternoon in answer to a message stating that William Eiland, son of Mr. and Mrs. C. A. Eiland, former residents of Munday, was seriously ill with lockjaw, result of a finger infection suffered July 4th. They returned Wednesday night and announced the patient to be recovering from the serious illness.

MISS MOORE IS MARRIED IN MEXICO CITY

Miss Mildred Moore, daughter of Mr. and Mrs. W. R. Moore of this city was married to Mr. Howard Harrell of Mexico City last Saturday at four o'clock at the Episcopal church.

Under requirements, the couple was married by the civil ceremony last Thursday afternoon and the religious marriage vows were then read Saturday. Following the religious ceremony Mr. and Mrs. Harrell were honored with a reception at the Parish at 5 o'clock with Mrs. Harrell, the groom's mother as hostess. The newlyweds left immediately afterward for Tascos, Mexico for a wedding trip.

Miss Moore was named honoree at several pre-nuptial social events in this city before her departure for Mexico City to join the family of the groom. She was honored at other prettily appointed receptions, showers and parties prior to the wedding ceremony there.

A graduate of the Munday high school, Mrs. Harrell continued her studies in college, receiving her Bachelor of Arts degree from the University of Texas in the spring of 1937. It was at the University that the courtship was augmented which culminated in the marriage. Mr. and Mrs. Harrell will make their home in Mexico City.

Ruth Baker, Mrs. Wade Mahan, Mrs. L. L. Womble, Mrs. Joe B. King and Mrs. Levi Bowden.

ADULTS SHORT COURSE OPENED ON WEDNESDAY

2,300 Club Boys and Girls Attended Jr. Course

More than 2,500 adults are expected to attend the Texas A. & M. College Short Course, scheduled for July 13, 14 and 15, according to Roy Snyder of the Extension Service, who is general chairman of the session.

Advance registration indicated that all rooms for women would be filled, he said. This means that approximately 1,450 women, 1,250 of them home demonstration club members, would be here.

About 1,050 men are expected. In addition to the farmers and ranchmen who will attend the special meeting on cotton improvement, soil conservation, and economic conditions, a number of special groups will make the Short Course the occasion for meetings.

Such groups include the Cooperative Institute, which will hold its fourth annual meeting for representatives of farmers' cooperatives; The Texas Agricultural Writers; the Texas Experiment Station Workers; Texas Certified Seed Breeders; the Texas Cotton Improvement Committee; the Agricultural Committee of the East Texas Chamber of Commerce; Texas Agricultural Association; and county agricultural and home demonstration agents.

Approximately 2,300 club boys and girls, representatives of the 50,000 Texas 4-H club members, attended the July 6-7-8 Junior Short Course.

John Ingram, candidate for county superintendent of this county, was campaigning vigorously this week as the election day draws nearer.

Mr. and Mrs. Ben Blacklock and family left this week for a vacation to Floydada and Carlsbad Caverns. They will spend about a week on the trip.

Sunset Regrets Loss Of Mrs. Davenport From Community

The Sunset community wishes to take this method of extending the best wishes and goodwill to Mrs. R. R. Davenport instructor on the Sunset primary department for the past 7 years, who has resigned her position to leave in August with Mr. Davenport who has accepted the position of assistant Branch Manager for the Southwestern Life Insurance office in that city.

Mrs. Davenport will be keenly missed by her friends and the little tots that she has taught. Her work in the Sunset school system was of the highest type and

efficiently administered. For six years she piloted the schools high school basketball and volleyball teams and each year won the county championship in both basketball and volleyball. For three years in succession, 1933-34-35, her teams won the district title in volleyball.

Another phase of her work that she inaugurated into the school calendar, was the presentation of a pageant each year of the primary pupils, a musical program that was always successful, and highly appreciated by the community.

Sunset feels that she is losing one of her most prominent civic workers, and church worker, and that the school system is losing a valuable instructor.

Forms and Instructions For Free Cotton-Classing Service Available In One-Variety Cotton Communities

Forms and instructions for use in making request for the free cotton-classing service to be supplied this year for properly organized one-variety groups are now available, according to E. A. Miller, agronomist of the Extension Service of College Station. The forms and instructions for filing may be obtained from any one of the cotton-classing offices of the Bureau of Agricultural Economics. Addresses of Texas offices are P.O. Box 1366, Dallas; P.O. Box 1140, Austin; and 509 U. S. Court House, El Paso. The classing service as it will be started with the 1938 cotton crop provides free classification of a sample from each bale of cotton produced by a member of a qualified improvement group.

McMurry Gridster Named New Coach For Weinert High

Elmo Cure, 1938 graduate of McMurry College of Abilene, has been named football mentor for Weinert's first football edition which will take the field next fall. Mr. and Mrs. Cure will move to Weinert in the near future into their new home they are building in that city. Cure played center on the McMurry team during the 1935-36 seasons. As the schedule stands on the last report eight games had been carded for the 1938 season, most of them class C conference tilts. They open the football campaign by going to Holliday September 16. Schedule follows:
Sept. 16—Holliday there.
Sept. 30—Rochester here.
Oct. 7—Knox City there.
Oct. 14—Mattson there.
Oct. 28—Rule there.
Nov. 4—Asperment here.
Nov. 10—Luders there.
Nov. 18—Swenson here.

TEXAS WILDLIFE

A series of Articles Dealing with Conservation of Texas Wildlife

AUSTIN, Texas.—A game preserve established in Limestone county in 1926 produced some tangible results, according to a survey conducted recently by J. G. Burr, one of the field men of the Game Department. The county had few quail when the preserve was established, but now they are found virtually in all sections, Burr reported. The birds came from a foundation stock of 200 quail placed in the preserve by the Department. The preserve deer, a few wild turkeys and 200 pheasants, the latter brought from Oregon. A few deer survive along the Navasota. The wild turkey have disappeared. So also have the pheasant. Through experiments in various parts of the State the department has learned that pheasants, while they do well in captivity, seldom survive in the wild over the most of Texas because of adverse environmental conditions.

Although Texas is not listed as not in the breeding range of the Woodcock, a schoolteacher, C. M. Ferguson, of LaSalle, reported to the Game Department that the birds had been seen in the vicinity

of both LaSalle and Kosse in Limestone county. Ferguson said a few woodcocks nested near LaSalle. The Game Department will investigate the report.

If you plan a vacation trip to the Guadalupe mountains in extreme western Texas, watch out for porcupines. Few people have seen porcupines in Texas, for they are very rare in this State. The other day, however, Bob Snow, field naturalist of the Game Department, killed one in the Guadalupe north of Van Horn. They are not protected by law.

The needle-skinned animal and his companion, if any, are believed to have migrated south from Arizona and northern New Mexico, where they are common. Snow also reported seeing several black bears.

To have courage, man needs faith in God.—Charles Kingsley.

SCOUTING THE SCOUTS

MUNDAY, TEXAS, TROOP
Cecil Cooper, Scoutmaster
Robert Greene, Assistant
Henry Dingus, Reporter
Meeting Place—Old School Building

Last Monday night, nineteen scouts met in their regular meeting place, the old grammar school building, and completed plans for a week's trip to be started next Monday, July eighteenth. Nineteen boys have already found out for sure that they are going, and there are several more that are "almost certain" that they are going too. We plan to go to "Park Davis" which is close to Menard, Texas.

We are planning to meet on the Methodist church lawn next Sunday afternoon at two o'clock and deposit our money which will take care of our expenses while down there. Incidentally, the cost is going to be very small. The actual cost of staying down there will be only two dollars and seventy-five cents per boy; but as we are going to appropriate the patrol money to that use, each boy will have to earn even less than that. We are going to go in Mr. E. E. Lowe's truck, which will leave here around four o'clock Monday morning. A large number of scouts are planning to sleep on the Methodist church lawn the night of Sunday, July the seventeenth, in order to be there early enough the next morning.

Scouts who attended the last meeting were Dick Harrell, Willard Reeves, Dewey Laney, John Wood, J. E. Reeves, Jack Pippin, Jimmie Haney, Frankie Boone, Bobbie Reese, Howard Payne Shanno, Sargent Lowe, G. C. Conwell, Dorse Collins, Joe Dean Clough, Mac Haymes, Glyn D. Rayburn, Kenneth Spele, Joe Albertson, and the scout reporter.

PERSONALS

Mr. and Mrs. Tom Benge left last week for various points in Canada where they will spend a several weeks vacation.

Mr. and Mrs. W. H. Chapman were in Winters, Texas, last week end visiting friends and relatives.

Mr. and Mrs. A. P. Garrett of the Sunset community visited their daughter, Dorothy Garrett at Sanatorium, Texas, last week end.

Master Kenneth Baker was visiting relatives and friends in Knox City this week.

Prof. and Mrs. W. E. Hutchens, of Dallas, visited Mr. and Mrs. S. E. McStay and other friends in the city Thursday. Prof. Hutchens was head of the Munday school system some 20 years ago.

To Crystal City
Miss Margaret Tiner left this week for Crystal City, Texas, in company with Miss Marjorie Thomason who resides in that place. Miss Thomason has been visiting in the Tiner home for the past week.

Mr. and Mrs. Robert Green and Miss LaVerne Eiland and Boyde Carley enjoyed a picnic at the Haskell municipal park Sunday evening.

Mr. and Mrs. A. C. Boggs, accompanied by Mr. and Mrs. Milam Boggs of Munday, left Monday afternoon for Oakwood, Texas, where they will spend their summer vacation with relatives and friends.

Official County Ballot for Knox County

(Continued from Page One)

SEYMOUR WILL BE HOSTS FOR RODEO-REUNION

Two-Day Show Opens Wednesday July The 20th

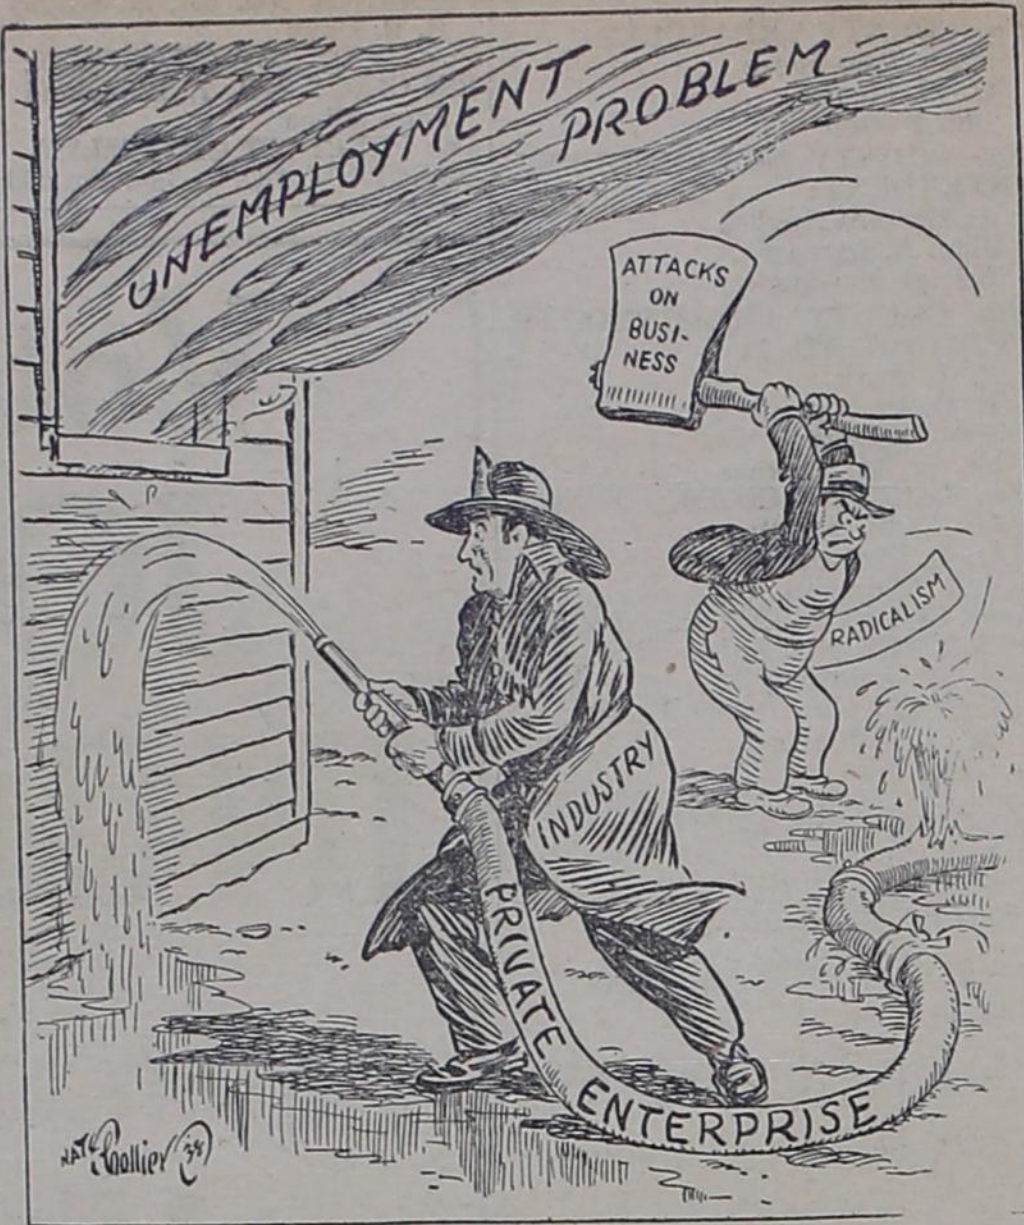

SEYMOUR.—Rodeo performances, dances, parades, old settlers' reunion, chuck wagon meals, and other entertainment are in store for those who visit the Seymour Cowboys' and Old Settlers' Reunion here next Wednesday and Thursday, July 20-21.

The rodeo, which will be strictly amateur this year, will have two performances daily, at 2:00 and 8:00 p.m., on the turf field on the hill east of Seymour. A new grandstand has been built this year to care for the crowds, which were almost too hard to handle last year at some performances.

A number of entries have already been received, with many others promised, which will assure a better rodeo show than in 1937, when this feature was marred by a strike of professional rodeopers. The best rodeo livestock available has been secured.

Square dances will be held Tuesday, Wednesday and Thursday nights at a platform near the rodeo grounds, with the Rhythm Kids, well known string orchestra, Wednesday night the Texas Bluebirds are to play at the new hall

Cotton Imports to America Show a Decline Over Like Period in '37

Recently publicity given a shipment of cotton from Calcutta, India, to a North Carolina mill has led to a great deal of misunderstanding about the importation of cotton to this country, according to E. A. Miller, agronomist of the Extension Service of Texas A. & M. College.

Many people received the impression that spinners had suddenly started importing cheap cotton from foreign countries to compete with cotton produced here.

This is not the case at all, Miller observed. Manufacturers in the United States have been importing some long and fine staple cotton, such as Egyptian, and the rough varieties of India and China for years.

The Indian cotton imported in this case had a hash, crinkly, fiber. It does not compete with ordinary cotton but is better suited for mixing with wool in cotton-wool blankets and various kinds of part-wool cloth than cotton produced in the United States.

Miller explained that in 1926 this country produced a crop of 18 million bales and imported a total of 400,000 bales. The annual average of imports from 1923 to 1932 was 273,000 bales, and this

one mile north of town, Wednesday and Thursday Gordon Shay's Orchestra will furnish music for a modern dance at McDonald Hall downtown.

Parades are scheduled for 12:30 each day of the show. In the parades will be more than 80 sponsors of local business firms. The sponsor's contest, which attracted widespread attention last year, will be better than ever this year.

Old-timers of West Texas will be entertained in cool, shady Seymour Park, on Thursday, July 21. A special invitation is being extended to them, especially those who came to this country prior to 1890.

Real chuck wagon meals will be served at small cost at the park at noon and night both days. In addition, a number of private chuck wagons will be here. Plenty of free ice water will be available at all times.

Real western hospitality will be the keynote of the occasion, and plenty of entertainment at small cost.

average dropped to 163,000 bales for the 4-year period 1933-1936. For the first 8 months of the current marketing year, imports total only 80,000 bales as compared with 139,000 bales for the same period last year, Miller said.

Librarians Have Meeting

Mrs. Birdie Allen, supervisor of Knox and Haskell county library project, called a meeting in Benjamin July 9th for all librarians. Work they had done the past month was discussed, plans were made for July. Those present were Mrs. Birdie Allen, supervisor; Mrs. Bertie Smith, Govee; Mrs. Claudie Lee Weir, Munday; Mr. Chilcoat, Truscott; Mrs. Jackson, Benjamin; Mrs. Stark, Benjamin; and Miss Mary Etta Jones, Sunset.

Where an employee performs his services, and not his residence or the controlling company's location, is the main factor in determining the state to which contributions on wages should be paid by employers.

Liability under the Texas Unemployment Compensation Act is for a two year period even though an employer's total personnel occasionally falls below the minimum of eight. Texas employers must therefore make contributions for two years. They must show a full calendar year in which less than eight were employed before the Commission is permitted by law to terminate their liability for contributions.

Lueders Encampment is Called a Great Baptist Asset by Educator

Encampment to Open July 18, Closes On July 29th

By DR. N. A. MOORE
Many of the Baptist people of this section do not realize or appreciate the genuine spiritual values that are wrapped up in the Lueders encampment property and the various activities carried on there.

The present-day religious encampment goes back in American history to the half-century around 1800 to 1850. Owing to the sympathetic support of the American Revolution by certain free-thinkers in England and particularly in France, a great wave of infidelity swept over the newly-formed nation, accompanied by the grossest immorality, drunkenness, thievery, brawls, until Christianity was all but extinct. It was the ebb tide of decency and morality.

Then a marvelous thing began to happen. Without prearranged leadership and cooperation various little Christian groups, particularly the Baptists and Presbyterians, began to pray for a revival and the revival came, not in one grand outburst but here and there up and down the land. There was no high-powered publicity or directed organization but conviction, conversion, reformation, restitution and consecration.

People would hear of a revival in an adjoining district. Roads were difficult and travel painfully slow. They came in wagons, on foot, horseback and in carriages. They brought supplies and camped for weeks. As some left others arrived and the revival fires burned on. Whole communities were changed completely and the tide of salvation continued to flow for fifty years. America was saved from atheistic domination, schools and churches were established and the foundations for present-day Christianity were laid.

One institution that developed during that period was the old-

fashioned camp-meeting, the ancestor, and a worthy one, of our encampment. The country has in recent years become camp conscious. There are camps of every kind and color for every class and purpose, and millions, especially of our young people, are in attendance from the mountains to the sea. Most of them, no doubt, deserve a place in our national life, but few of them are for religious purposes.

In our encampments Baptists have the greatest opportunity of their history to combine their vacation and recreation appeal to win and train each year thousands of our youth for Christ. We shall be blind, deaf and dumb to our own deepest and highest spiritual interests if we do not utilize what we are so fortunate to possess in the way of equipment, leadership, and organization to teach our boys and girls Christ and how to work for Christ.

Mother, father, if son or daughter is showing signs of the inroads of evil influences, one week at Lueders or some other good Baptist encampment may be the decisive turning point of destiny for him or her.

Three things are needed for the camp's highest success, and each one of us can do two of them if not three—viz. pray, pay and patronize.

The cause of freedom is the cause of God.—W. L. Bowles.
The first and best victory is to conquer self.—Plato.

Haskell MUNDAY Stamford

Office of the Majority Leader
House of Representatives U. S.
Seventy-fifth Congress
Washington, D. C.

June 10, 1938

Honorable W. D. McFarlane

House of Representatives

Dear Bill:

The Seventy-Fifth Congress is rapidly drawing to a close. I am writing you this letter to thank you for your fine spirit of cooperation with the House Leadership. It has been a pleasure and a benefit to be associated with you here as fellow members of the Texas delegation.

I want you to know how personally grateful I am to you for your loyalty not only to the House organization but also to the Administration. I have depended on you much and during the time you have been a member of the House, you have impressed yourself upon its membership in a way that has made you very highly regarded. Your work on the Appropriations Committee has been of great service. I trust that the people of your District will exercise the good judgment to return you to the House of Representatives where, on account of your character and ability, you will gain in power and in influence in the years to come.

With every good wish for you personally, I am

Sincerely yours,

W. D. McFarlane

As in the Past—You will find a True Friend in W. D. McFarlane—Let's Re-Elect him to Congress.

NOTICE OF SHERIFF'S SALE

The State of Texas
County of Knox

Notice is hereby given that by virtue of a certain Execution issued out of the Honorable County at Law No. 1 Court of Dallas County, on the 10th day of June, 1938, by the clerk of said Dallas County at Law No. 1 Court for the sum of Three hundred seventy six and 42-100 (\$376.42) Dollars and costs of suit, under a Judgment in favor of McKesson & Robbins, Inc., in a certain cause in said Court No. 73,675-A and styled McKesson & Robbins, Inc., vs. R. C. Spinks, placed in my hands for service, I, Louis Cartwright, as Sheriff of Knox County, Texas, did, on the 16th day of June 1938, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit: Lot Number Two (2) in Block Number One (1), Taylor addition to the town of Vera, as is shown by map or plat of said addition, of record Page 395, Volume 34, in the deed records of Knox County, Texas, and levied upon as the property of R. C. Spinks, and that on the first Tuesday in August, 1938, the same being the 2nd day of said month, at the Court House door of Knox County, Texas, between the hours of 10 A.M., and 4 P.M., by virtue of said levy and said Execution, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said R. C. Spinks.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Munday Times, newspaper published in Knox County, Texas, my hand, this 20th day of June, 1938.

LOUIS CARTWRIGHT
Sheriff Knox County, Texas.
By Orvel Capehart, Deputy 2-3tc

CITATION BY PUBLICATION

State of Texas
To the Sheriff or any Constable of Knox County—Greeting:
You are hereby commanded to summon J. F. Guffey, and if deceased the unknown heirs of the said J. F. Guffey, Wayland Johnson, and if deceased the unknown heirs of the said Wayland Johnson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 50th Judicial District; to appear at the next regular term of the District Court of Knox County, Texas, to be held at the Court House thereof, in Benjamin on the 1st Monday in October A.D., 1938, the same being the 3rd day of October A.D., 1938, then and there to answer a petition filed in said Court on the 30th day of June A.D. 1938, in a suit numbered on the docket of said Court No. 3013, wherein Helen Elizabeth von Bauman Et Vir are Plaintiffs and J. F. Guffey, and if deceased the heirs of the said J. F. Guffey and Wayland Johnson, and if deceased the heirs of the said Wayland Johnson are Defendants, the nature of plaintiff's demand being as follows: to try title and for damages as shown by certified copy of shown by certified copy of plaintiff's original petition attached hereto: In the District Court of Knox County, Texas, October Term, A.D. 1938.

To the Honorable District Court of said County;
The State of Texas,
County of Knox.

Now comes Mrs. Helen Elizabeth von Bauman, joined by her husband Cyril von Bauman, both of whom reside in Ocean County, New Jersey, hereinafter called Plaintiffs, and complaining of J. F. Guffey, and if deceased the unknown heirs of the said J. F. Guffey, Wayland Johnson, and if deceased the unknown heirs of the said Wayland Johnson, all of such parties last named will be referred to as Defendants, and whose places of residence are each to the Plaintiffs unknown, and for cause of action Plaintiffs allege as follows:
That on or about April 1st, 1938, Plaintiffs were lawfully seized and possessed of the following described land and premises, situated in Knox County, Texas, holding and claiming the same in fee simple, to-wit:

Being the south 129.3 acres of land out of the J. F. Guffey pre-emption survey of 160 acres, and lying south of State Highway Number 24, and described by metes and bounds as follows:

BEGINNING at a pile of cobble stones, the original N.W. corner of the E. A. Houston pre-emption survey, said corner being located in the East line of Section 102 Block

REEVES-BURTON MOTOR CO.
Dodge Plymouth
Munday, Texas

"C" H. & T.C. Ry. Co. Survey 6 1/2 miles East of Benjamin, in Knox County, Texas.
THENCE North with the East line of said Section 102, and an old fence line, passing the common corner of said Section 102 and 101, same block, at 1614 varas, continuing North with the East line of Section 101 and an old fence, in all, 3142 varas to a stake in South line of the aforesaid State Highway.

THENCE North 79 deg. East with the South line of said Highway to the west line of Survey No. 1, in the name of C. A. Gates, in said Knox County.

THENCE South, with the Gates West line, 3186 varas to a stake in the original North line of the aforesaid Houston pre-emption, said point being the original S.W. corner of C. A. Gates No. 1.

THENCE West with the North line of the E. A. Houston pre-emption survey 234 varas to the place of beginning.

That on the day and year last aforesaid, the defendants unlawfully entered upon said premises and ejected plaintiffs therefrom, and unlawfully with holds from them the possession thereof, to their damages in the sum of \$1,000.00.

Plaintiffs further allege that they and their immediate ancestors in title of said land have used and claimed the same openly and adversely to all the world, and have had the same under fence for more than ten years next preceding April 1st, 1938, paying the taxes thereon.

That the reasonable annual rental of said land and premises is \$129.30 per year.

WHEREFORE Plaintiffs pray judgment of the Court that the defendants be cited to appear and answer this petition, and that the plaintiffs have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for their rents and damages as aforesaid, and for costs of suit, and for such other and further relief special and general, in law and in equity that under the facts they may be justly entitled.

ENDORSEMENT: "This action is brought as well to try title as for damages."
M. F. Billingsley, Attorney for Plaintiffs.

In the District Court of Knox County, Texas, October Term, A.

D., 1938.
Helen Elizabeth von Bauman, Et Vir, No. 3013, vs. J. F. Guffey, Et Al.
Now comes Helen Elizabeth von Bauman and husband, Cyril von Bauman, plaintiffs in the above numbered and entitled cause, acting herein by and through their attorney of record, M. F. Billingsley, who being duly sworn, says that the defendants J. F. Guffey, and the unknown heirs of J. F. Guffey, deceased and Wayland Johnson, and the unknown heirs of Wayland Johnson, deceased are not residents of Knox County, Texas, and that the residence of said defendants is unknown to this affiant, and that he has been unable to ascertain the residence or whereabouts of said defendants or either of them.

WHEREFORE plaintiffs pray that citation by publication be issued and served as provided by law.

M. F. Billingsley
Sworn to and subscribed to before me, this 28th day of June A.D., 1938.

(SEAL)
Christine Burton, Notary Public for Knox County, Texas.

The State of Texas,
County of Knox,
I, Lee Coffman, Clerk of the District Court of Knox County, Texas, do hereby certify that the foregoing is a true and correct copy of the original Petition in cause No. 3013 Helen Elizabeth von Bauman, Et Vir, vs. J. F. Guffey, Et Al, as the same appears on file in my office.

Given under my hand and seal of said Court, at office in Benjamin, this 30th day of June, 1938.

SAFE
BANNER'S PURE ICE
"So Pure You Can Eat It"

THE ADVANTAGES OF SAFE! ICE ALL IN ONE WORD

Banner Ice, manufactured in Munday, is positively "SAFE." It is made from pure lake water, which gives Munday its first home manufactured soft ice that is guaranteed pure. Our lake is tested once each month to insure our patrons "Pure Ice," by the TEXAS STATE DEPARTMENT OF HEALTH.

The water shed supplying our lake has been examined and approved by the Knox County Health Officer for further protection of our partons.

Banner Ice Co.
"Banner Ice Service Pleases Everybody"
George Hammett, Local Mgr. Munday

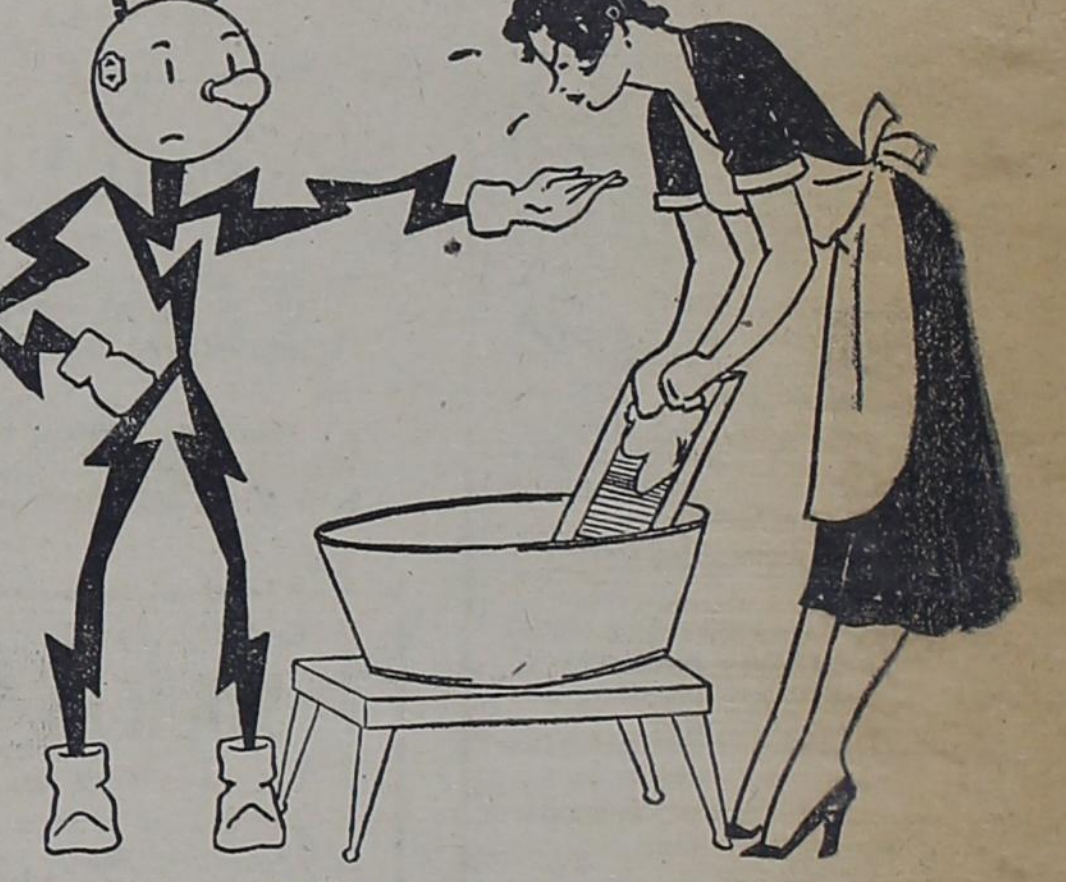

Let's Talk About Service

MOST everyone knows that SERVICE, as defined in the dictionary, means: "the act or occupation of working for another . . . the manner of performing work . . . that which is supplied or furnished to meet a demand," etc.

Working for you is Your Electric Servant's occupation. By that act of providing light and power for your home and business, the electric company renders a service. You pay a small amount each month as compensation for this service.

It, perhaps, seems like a simple transaction: but, in order to perform the work of providing the electric service you demand, this company is forced to employ approximately 1,000 men and women to whom it paid over \$1,200,000 in wages during 1937. As a citizen and property-owner in every community it serves, it paid the equivalent of \$9.25 in taxes per customer in 1937.

By maintaining three centrally-located power generating stations, it eliminates the necessity for less-efficient, isolated and expensive small

Reddy Kilowatt
Your Electric Servant
Says:
"DON'T KILL YOURSELF!
It ain't worth it"

plants in each community. Its 2,000 miles of high tension transmission lines are interconnected with still other sources of electric power so that failure of any one, or all three, of its own plants means only temporary interruption of the service you have learned to demand.

Efficiency in operation of this system of power plants and transmission and distribution lines permits rendition of electric service at its present low cost. The "manner of performing work" allows this company to render the good service you are receiving at an average net residential rate below the average.

We want you to know we are glad to render this service, "supplying and furnishing that which meets a demand," and we invite you to use this service freely.

ALL ELECTRIC KITCHENS CUT WORK RIGHT IN HALF

West Texas Utilities Company

Rural Electric Power for Knox

One of the 66 allotments made by the Rural Electrification Administration last week end included project "Texas 74, Baylor," sponsored by the City of Seymour under the supervision of R. E. Baskin, mayor, for construction of 114.6 miles of line to serve some 440 customers in Baylor and Knox counties.

Total cost of the electrification project, which was started some time last year, will be \$104,000. As soon as long term contracts have been expected, the funds allotted will be used by the project sponsors, in most instances cooperative organizations of farmers, to build the lines.

Wiring of individual homes to be served through the project will be done through local electrical contractors, and not by the government grant. Signed customers service contracts have been obtained from the prospective 440 customers.

The 66 rural power projects approved were in 18 states, totaled \$11,229,200, will build about 13,500 miles of line and serve approximately 40,000 farm families. The Texas 74 Baylor project will serve the Vera community in Knox county eastward to Seymour, in Baylor county.

Riley B. Harrell Plans to Attend Water Convention

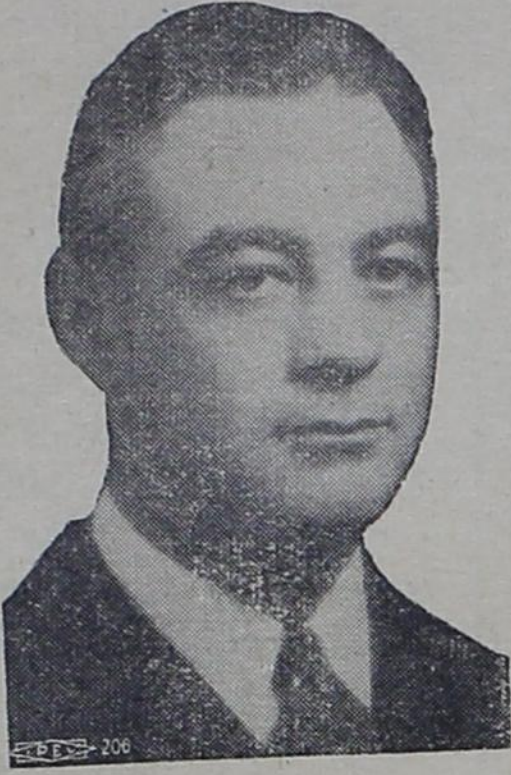

OKLAHOMA CITY—More than 900 city officials and water works engineers are scheduled to attend the annual convention of the Southwest Section of the American Water Works Association here October 17-20, M. B. Cunningham, Oklahoma City Water Superintendent, in charge of arrangements said today.

Texas, Arkansas, Louisiana and Oklahoma will send delegates. Scheduled to represent Munday is R. B. Harrell, city secretary, who attended this week that he planned to attend.

The convention program will be unique in the annals of the Association, combining studies in public health and public safety with those relating to the technical operation of water plants.

Highlight of the program will be a thorough study and discussion of the problem of fluorine in city water supplies, a problem common to many cities of the southwest. High fluorine content in drinking water results in mottled, discolored teeth among children. State and Federal health officers and practicing physicians and dentists will join water works men in discussing the fluorine nuisance.

Lieutenant Governor Candidate

George A. Davisson, Jr., of Eastland, legislator who is seeking the Democratic nomination for Lieutenant Governor. He is author of the Texas Unemployment Compensation Act, old age pension legislation, the present oil proration laws, and is an ardent New Deal Democrat. He is a foremost authority on social security legislation.

HOPPER POISON SUPPLY SOON TO BE EXHAUSTED

Farmers Are Urged to Continue Fight On Hoppers

The supply of grasshopper poison at County Agent W. W. Rice's office is getting low and will not last much longer, so farmers are urged to secure their poison as soon as possible.

The federal government and the county commissioners court have supplied Knox farmers with 7 carloads of poison ingredients free of charge, and when that poison is exhausted, Rice will make a plea to county farmers to continue the fight against the insects.

Rice warned that the hoppers have not migrated from the county and may start their inroads on crops over night following the lull period. Feed stores have an ample supply of bran and all drug stores carry a big supply of poison.

The following formula is recommended for the best results:

- 4 pounds white arsenic
- 100 pounds bran
- 2 gallons of sorghum or black strap molasses
- 4 ounces banana oil or amyl acetate

Mix the poison with enough water to stir into a thick paste, then add this paste to the syrup and mix with 4 or 5 gallons of water, mixing thoroughly. The bait should be sown broadcast 10 to 20 pounds per acre, late in the evening or early in the morning.

Calcium arsenate is not suitable for grasshopper poison as it is not strong enough to get a good kill.

GIST—

(Continued From Page 1)

to California, President was still making speeches complimenting senators who had stood with him to carry through New Deal legislation. His rebuke to anti-New Deal candidates was by the unique method of ignoring them in his remarks.

FAIRBANKS—Howard Hughes, Texas sportsman, left Fairbanks, Wednesday for New York City, the last lap of his record-breaking round the world flight, which he expects to complete Thursday afternoon, in four days of flying. He will cut Wiley Post's time by three days if he completes the hop to New York on scheduled time.

and administrative work. The expenses are being published by counties to assist committees "to understand the problems involved and to work toward increased economies in operation of the program," officials said.

In 19 counties of the Northwest Texas area, expenses totaled \$94,957. Clay county was first with \$7,832 in expenses; Haskell, second, with \$7,237; Collingsworth, fourth, with \$6,985.

Other area totals by county follows: Archer, \$1,854; Baylor, \$3,364; Childress, \$6,285; Donley, \$4,859; Foard, \$2,584; Cooke, \$6,845; Hall, \$6,710; Hardeman, \$5,522; Jack, \$3,431; Throckmorton, \$1,892; Wilbarger, \$4,883; Wise, \$6,060; Young, \$4,305 and Wichita \$4,198.

K. C. Spell Spoke Here On Congress Campaign

(Continued From Page 1)

too serious a matter for guessing. So I've talked with thousands of you on the streets, in your homes and at your work. I've asked you to tell me your troubles and to let me feel first-hand the weight of these burdens that are slowly bending your already stooped shoulders to the breaking point.

The young and the old, the hale and the halted, the hungry and the sick, the man on the street and the man at the cross-roads, all have helped to guide me in my search for the cause of their condition and have aided in pointing out the way to their relief. And their story, sad with blighted hopes and the seemingly futile struggle of each returning day, has left me with the feeling that they need something more than the hollow pretense of a high-sounding platform; that they deserve something more than the treachery of impossible and empty promises. They have left me with the conviction that our people are in need of more fairness and less red tape in dealing with the problems of their present welfare and their future security; that they are entitled to receive from their representatives in Congress less political trickery and more of a business-like attack on those burdens that threaten their future and the future of their children. This conviction, my friends, I am resolved to fight for and to always honor in your behalf.

Those Three Clever Men of Politics, my opponents, have offered you every relief under high heaven, save and except that one great

promise made long ago to all of mankind: "Come unto me all ye that labor and are heavy laden and I will give you rest." And that promise they dare not claim. Why they've only left me one promise—that I can give you as my own—that I will honestly work to lighten those burdens that are not rightfully yours and that I will never forget nor betray your rights as American Citizens.

These Lawyers have accused me of being a humble man who works with his hands for a living. I admit it. For more than fifteen years I've fed and clothed my family with the earnings of honest labor. It's also true that I know all the burdens and heartaches that sooner or later comes to every man who sweats for the food he feeds his family, and I'm not ashamed of it. But, my friends, out of that fifteen years of working for a living, I have gathered the certain knowledge that our people in this District need more than temporary salves with which to insure them that fair measure of happiness and security to which they are fairly entitled. And our people are weary of measures that feed them today and enslave them tomorrow; they're sick of assistance that is so ham-strung with the legal schemes of political lawyers that they must suffer long before any aid is at hand; and they are sick with bartering their pride and self-respect for a puny portion of security when that security is rightfully theirs. And I, for one, am of the belief that our citizens, large or small, great or lowly, strong or weak, are entitled to a fair measure of pride, self-respect, and security in the future—that they are entitled to those things as a matter of right.

The Three Clever Men will forget to tell you that I am fully qualified and equipped to be your Congressman. They will forget to tell you that I have studied at nights for more than twelve years. And they'll not remind you that as an humble man I earned my education as well as my living by working for it. They probably won't think to tell you that I've personally begged thousands of dollars with which to care for the blind, and the sick and to feed the poor of Wichita Falls during the last fifteen years. And it is likely that they will forget to tell you that I am well versed in

Baker-McCarty Is Being Air-Cooled; Sale is Continued

Baker-McCarty Store of this city, this week became air-conditioned following installation of three washed-air machines inside the store building, Pitzer Baker announced.

A partition is to be erected separating the Baker-McCarty store and the B. L. Blacklock grocery store, and will make the building more comfortable than at present without the partition. Two of the large washed-air conditioners will be installed on the west side of the building and one on the east side. Vent holes that will permit fresh air to circulate through the ceiling of the building have been made and will aid in lowering the temperature.

Baker also stated that the two large show windows across the front of the store were this week being renovated and will have new paint and varnish when completed. As will be noted in their advertisement in this issue their "low price summer sale" is still in effect with several new low prices added to their other sale prices previously quoted. See page 4.

Two Men Escaped Injury in Head-On Crash Here

Two men miraculously escaped serious injury Tuesday morning at 4 a.m., when large cattle trucks they were driving met in a head-on collision, demolishing one of the trucks and damaging the other to great extent.

One of the trucks was loaded with about 20 head of cattle enroute to Vernon, and the other was empty coming toward Munday. Two head of cattle were killed and several injured in the collision. Buzzie Smith was owner of the cattle.

the needs of the people in our district. Well, I am—and I know the difference between right and wrong, too!

Ice Cream Vault At Banner is in Operation Here

The Banner Ice Company, which manufactures their ice in the Munday plant, this week stated that they have their ice cream hardening vault in operation and are now supplying a vast territory out of Munday with ice cream.

The vault, a new type, has walls 13 inches thick, is lined heavily with cork and temperatures in the vault is held down to around 25 degrees below zero. All types of ice cream bars, cycles, cups and bulk cream are kept in the room.

George Hammett, manager also announced that he had received a report from the state health department at Austin, Texas, last week end stating that tests made of a sample from the lake water now used in manufacturing ice was free of pollution and an excellent water for ice making. The water is about 50 grains softer than city water and the reason it is used Hammett stated, and thus gives Munday ice users their first home made soft ice.

The Knox County health officer also inspected the watershed which supplies the lake and found it to be in excellent condition from a sanitation standpoint.

Government Reports 9,960,000 Acres Of Cotton is Planted

Texas cotton in cultivation July 1 was 9,960,000 acres, the Austin bureau of the United States Department of Agriculture reported Saturday.

The bureau said the acreage was the smallest since 1908, 78 per cent of that on the same date last year and 63 per cent of a 10-year average up to 1936.

"For the most part," the report said, "farmers are believed to have complied with the provisions of the Agricultural Act."

Continued showers in April and May were blamed for delayed seeding.

G. W. Moore, Goree man, and a candidate for county treasurer was in the city Wednesday and Thursday campaigning.

BULLETIN! GRANARY PLANS!

COLLEGE STATION—In anticipation of an increased interest in the farm storage of small grains the Bureau of Agricultural Engineering, U.S. Department of Agriculture, has prepared some new plans for granaries.

Blue print plans of 500, 1,000, 1,800 and 6,400 bushel capacity granaries are available from the Extension Service, Texas A. & M. College, College Station, Texas. M. R. Bentley, extension agricultural engineer, said.

Future storage of small grains will increase, it is expected, because of the large crop and relatively low prices.

Mayor Osborne Returns
Mayor D. C. Osborne returned to his home here last week after a visit at Happy, Texas and Vernon, Texas with friends and relatives.

(To Be Continued)

No Chance For Argument!!

A friend of ours told us yesterday that the only objection he had to the new house he just bought was that the rooms were too small. "Why," said he, "they are so small that the dog has to wag his tail up and down for there isn't room for him to wag it sideways." We don't claim to be critics on architecture but we are critics on backing up the statements we make about our used cars.
