

F.H.A. in Munday
Opens Campaign
Burnett Wildcat
CC Meets Thursday
Scout Meeting

MUNDAY—J. C. Borden, local real estate, insurance and loan man, has been named local supervisor of the F.H.A. and will consider applicants for home building. Local citizens who desire to build a new home may secure information regarding federal assistance through the F.H.A. from Borden.

BOWIE—Ed Gossett, Wichita Falls man, opened his campaign in quest of the 13th Congressional seat with a speech at Bowie last Monday afternoon before a large crowd.

He outlined his platform on which he will make the race for the office. He is a native of that area, receiving his first eight years of education at the Willow Springs school.

MUNDAY—Location has been staked for the wildcat test on the Clyde Burnett ranch northwest of this city this week, and rig was to have been moved in Thursday morning.

The new test will offset an old wildcat test 120 feet to the north and 300 feet east.

MUNDAY—The Chamber of Commerce meeting which was scheduled for today was postponed until next Thursday noon, Mrs. Louise Ingram, secretary, announced.

KNOX CITY—The regular meeting of the Knox-Baylor district of the Northwest Texas Area Council of Boy Scouts will be held in this city tonight (Thursday).

Scoutmasters, assistants, troop committeemen and district officials will attend the meeting. Several leaders of the Munday scout movement are expected to attend.

Oil Crew Located
In City for Work

A crew of 24 employees of the Penney Geophysical Company a representative of the Sinclair-Prairie Oil Company have located in Munday to core the county for oil possibilities.

The company has set up offices in the building over the Eiland Drug Store and are now working north of Goree near the river.

It is believed by company officials that the company will be here from 6 weeks to six months.

Former Munday
Man Dead After
A Heart Attack

Death last Friday night at 11:45 claimed a pioneer Texan and former Munday resident, when J. W. Beavers succumbed to a heart attack at his home in Seymour.

Born in Missouri, Mr. Beavers came to Texas when but a small boy, and has resided in the state since that time. He was 65 years, 11 months and 17 days of age at death. He resided in Munday for 9 years, moving to Seymour about a year ago.

Funeral services were conducted from the Church of Christ in Seymour Saturday afternoon at three o'clock with Minister J. E. L. Harrison officiating. Burial was made in Seymour cemetery.

Beavers is survived by his widow, seven children and several great grandchildren. Sam Beavers of this city was a son of the deceased and attended the services.

Gold Footballs
For Four Seniors
Of Munday Moguls

Gold footballs will be presented to four seniors of Munday high school next week, it was announced this week. The balls will be given to lettermen who graduate with the class of 1938.

J. B. Pollock, captain of last year's eleven, Joe Albertson, James Carden and John Phillips are the gridsters who will receive the awards for their work on Mogul teams. All the men have lettered two years with the exception of Albertson, who has one letter.

Funds for the medals was contributed by Grady Roberts, R. R. Davenport, Wade Mahan, John C. Spann, George Keene, Sebern Jones, A. L. Smith, Leland Hannah, Worth Gafford, W. R. Cabness, Lee Haymes, Rev. W. H. Albertson and Boyde Carley.

"Moguls '37," their initials and an enameled letter "M" will be inscribed on the gold balls.

Mr. and Mrs. R. R. Davenport were in Bellevue last Sunday where they spent Mother's Day in the home of Mr. Davenport's mother.

ONE-VARIETY COTTON PLEDGED HERE

Wonder What an Auto Graveyard Thinks About

This striking illustration occupies a prominent position in the latest highway safety booklet published by The Travelers Insurance Company and entitled "Death Begins at 40."

Faculty is Named

SUPERINTENDENT AND PRINCIPALS NAMED RECENTLY

Bill Cooper Coach Of The Moguls Next Year Here

The Munday Independent board of trustees in a special meeting Tuesday night announced the faculty for next year, R. D. Atkinson, president of the board stated today.

Dr. J. H. Bass, superintendent had been re-elected at a previous meeting, and a short time later the board announced the re-election of L. S. Hardegree as high school principal and L. M. Palmer as grade school principal. At the same meeting Bill Cooper was voted to the faculty as coach for the next school year.

The faculty as announced by the board and the subjects or grade they will teach follows: High school—Dr. J. H. Bass, superintendent, Math and history; L. S. Hardegree, principal and math; Mrs. Elizabeth Dillon, home economics; Miss Mary Couch, English; Miss Darnell, science and English; Howard Cobb, business administration and assistant coach; Bill Cooper, head coach and history.

Grade school instructors are: L. M. Palmer, health and principal; John Ingram, math; Mrs. Bess Porter, English; Mrs. Howard Cobb, Social studies; Miss Mildred Kennedy, music; Mrs. J. H. Bass, and Miss Dallas K. Smith, fourth grade; Mrs. L. M. Palmer, third grade; Miss Spencer and Dorothy Crawford, second grade; and Miss Crouch and Mrs. John Ingram, first grade.

Gossett Opens Race For Congress

Ed Gossett, of Wichita Falls, opened his campaign for Congress of this district this week at Bowie. Gossett will make an extensive campaign and will swing into this area in the near future.

BELIEVE 4,000 ACRES WILL BE PLANTED ACALA

Enough of First-Year Seed Sold For 3,000 Acres

MEETING HELD LAST SATURDAY

Co-Op Will Assist It's Members to Buy Acala Seed

At a meeting last Saturday of Munday Farmers Union members, enough acreage was pledged to assure one gin, belonging to the co-op, being set aside to gin first year Acala cotton.

The Acala was planted here last year and has proved satisfactory and enough seed has been sold since last fall to plant an estimated 3,000 acres, Tom Bengt, manager of the cotton mill stated. The oil mill is handling the seed for the farmers.

It was believed by Emmett Partridge, manager of the three co-op gins that 4,000 acres would be planted to the Acala by farmers this year.

By ginning only first year Acala on one gin, the seed can be kept pure, and should the long staple prove to be as satisfactory next year as last, it will be a reigning favorite among farmers here and will probably replace the shorter staple cottons, Partridge believes. None of the Acala lint measured less than an inch.

The farmers were asked to block the Acala cotton away from other cotton to avoid impure pollination.

Rutledge Broke Arm Last Saturday

Amos Rutledge, farmer residing south of the city received a painful compound fracture of his right forearm last Friday afternoon while attempting to crank his tractor.

Rutledge was given treatment in the Knox County Hospital where both bones of his arm had to be set.

P.T.A. and Lions Club to Sponsor Open House Here

The Munday Parent-Teachers Association and the Munday Lions Club will sponsor an open house at the elementary school auditorium Monday evening, beginning at 8 o'clock and conduct an "84" tournament, Miss Mary Couch announced today.

Details of the tournament and program and refreshments to be served were worked out by representatives from the P.T.A. and Lee Haymes, representative of the Lions Club last week.

Purpose of the open house is to raise funds for a summer recreation program which is in keeping with the main projects of the two organizations, care of underprivileged children.

A charge of 25c will be made and the public is cordially invited to attend to make both the program and the summer recreation project successful.

Girl Scout Organization Active In Munday; Miss Crawford Captain Of Troop Organized Last November

Elementary and High School Girls Are Members

A Girl Scout troop was organized in the Munday Elementary School the first of November with Miss Dorothy Crawford as captain. The troop was registered at National Headquarters on January 1, 1938 with the distinction of being the first troop to register for this year.

Troop No. 1 of the Girl Scouts meets every Wednesday afternoon from 4 o'clock until 5:30 in the American Legion hall.

At the time of organization two patrols of eight members each were needed. The Yuca Patrol chose as its leader Dixie Nell Atkinson and the Iris Patrol chose as its leader Juracy Jones. A new patrol has recently been organized with Nadine Salem as leader. The program consists of two meetings a month given over to patrol activities, one meeting given to arts and handicrafts, and one social meeting.

The year has been spent largely in perfection of the organization. Several interesting activities have

been carried out, however. The first thing the troop did was to prepare a Thanksgiving basket for a needy family in Munday. Christmas the girls were taught how to do linoleum block printing, and many of the girls designed and made individual hand-blocked Christmas cards. Sunrise breakfasts, hikes, picnics, candy-pulls, and parties all have been enjoyed by the troop this year.

Miss Crawford has been ably assisted by a Troop Committee, composed of Mrs. R. D. Atkinson, chairman, Mrs. George Salem, and Mrs. Oates Golden.

Members of the Girl Scouts include Dixie Atkinson, Cora Jean Martin, Francis Laney, Betty Lou Boone, Flora Alice Haymes, Billy Lou Spelce, Joyce Spelce, Lois Wardlow, Betty Jane Isbell, Mildred Jones, Patsy Hannah, Juracy Jones, Lola Jones, Maurine Johnson, Latrace Johnson, La Verne Haney, Betty Golden, Margaret Jean Womble, Lee Alice Ward, Sue Barton, Nadine Salem, Bonnie Jones, Clara Fae Bryan, Evelyn McGraw, Sue Stodghill, Louise Gafford, and Jean Reeves.

Miss Crawford will spend part of the summer in Camp Kiwanis at Dallas taking a special Girl Scout training course. Several of the girls will also be in camp for the summer.

Mr. and Mrs. G. W. Hawkins of Sweetwater spent the past week end with Mrs. Hawkins' parents, Mr. and Mrs. J. B. Bowden and family.

Marvin Chamberlain and family of Benjamin were in the city Monday evening visiting friends and relatives.

Rhineland School Will Close Next Thursday

COMMENCEMENT EXERCISES TO BE THURSDAY NITE

Name Valedictorian And Salutatorian For This Year

Commencement exercises will be held for the Rhineland school Thursday, May 19 at the school auditorium, beginning at 8 o'clock for the 1938 graduation class of that school, John J. Hoffman, superintendent announced.

Aphose Kuhler has been named as valedictorian with an average grade of 96.47 and Miss Rose Ann Kreitz will be salutatorian. Miss Kreitz's average for the year was 84.14.

The junior-senior banquet was held in the auditorium of the school building last Thursday night and was one of the outstanding events of the school year.

The Rhineland school will close next Thursday afternoon for the year.

Play Started in Inter-Club Tennis Tourney Wed.

Winston Blacklock took a commanding lead in the Munday Tennis Club tournament Wednesday afternoon by defeating John Easley in two straight sets of scores of 6-3 and 9-7.

Blacklock was forced to the limit to win the match, and tennis fans state that many other matches will be thrilling to spectators.

The tourney will close Sunday, May 22, when finals will probably be played. Seeded spot on the tourney list for men's singles is Harvey Lee, with Blacklock rated in the number 2 hole. Paul Pendleton, Dr. E. M. Roberts and Wade Mahan are others who are capable of slipping through for the title.

Other divisions to be played are men's doubles, ladies' singles, with Ann Atkinson and Mary Moore seeded 1 and 2 positions, and ladies doubles.

Matches will probably be played each afternoon when weather conditions will permit.

Here on Business
County Superintendent of Schools J. Lyndal Hughes, and J. B. Beard of Childress, representative of the State Superintendent of Schools office from Austin, were in the city Monday attending to business.

ANNUAL COUNTY SINGING MEET IS ANNOUNCED

The annual Knox county singing convention will be held in Benjamin the fourth Sunday of this month, according to announcement made by Mrs. Jewel Tankersley, secretary of the association. Dinner will be served on the ground and the convention will have their sessions at the Christian church in Benjamin, starting at 10 o'clock.

C. B. Ribble, president of the state singing convention will attend the meeting and will bring his quartet and a pianist that he terms "a fifteen year old piano wonder." L. D. Huffstutter of Dallas, publisher of the Hartford Music Company is also expected to be present.

Other quartets expected are the Weinert, and Union Grove girls' quartets, the Seymour, Truscott and Tankersley quartets.

J. C. Patterson Announces For Re-Election

The Munday Times is authorized to place the name of J. C. Patterson, the present County Attorney, in its column this week for re-election to succeed himself.

The excellent manner in which Mr. Patterson has conducted this office is attested by the different officers of the county, together with the City officials with whom he has worked, giving each his wholehearted support in enforcing the laws of Knox County.

He has been fair in his dealings and deserves consideration therefore, as his motto has been "equal rights to all, with special privileges to none," and where prosecution was needed he has prosecuted without the tinge of persecution.

He assured the Editor, when he authorized his announcement, that his future dealings with law enforcement would continue along the same lines in the future that they have in the past.

Mr. Patterson has been, and will be, possibly handicapped about making a house to house campaign this year as he has done in the past, due to the fact that his wife is suffering from a serious heart ailment, which necessitates his being held at home during the time he is not actually required to be in and about his official duties, and asks that his candidacy be given due consideration before casting your vote.

Jack Williams, son of Mr. and Mrs. P. V. Williams was at home last week end.

Pioneer Rhineland Farmer Died Last Saturday Morning

Death last Saturday morning claimed one of the pioneer men of the Rhineland community when John Sokora, 59 year old farm resident passed away at his home.

A native of Austria, Sokora was married to Miss Mary Plesek in Czechoslovakia in 1901 and to this union four children were born. Vironice, Austria, September 8, 1878.

Funeral services were conducted from the St. Joseph's Catholic church Monday morning at 9 o'clock with Father Matthew in charge. Burial was made in the Rhineland cemetery, and funeral arrangements were under direction of the Mahan Funeral Home of this city.

Pallbearers for the deceased were Frank Kuhler, Tony Kuhler, Joseph, Kuhler, Frank Cerveny, Peter Albus, Charles Stengel, and flower girls were Lillian Cerveny, Wilma Michalik, Lucille Petrus, Lillian Sokora, Lorene Tomsu, and Agnes Tomsu.

Surviving are the widow Mrs. John Sokora, and the following children, Mrs. Gertrude Brewer, of Wichita Falls, Albert Sokora, Mrs. Alice Kuhler, and J. W. Sokora, all of Rhineland. To brothers, Anton Sokora, New York City, Vince Sokora, Stuttgart, Ark., three sisters, Mrs. Frances Tomsu, Vernon, Texas, Mrs. Mary Mikeska, Temple, Texas, and Mrs. Sophie Petrus of Rhineland, and he is also survived by numerous grandchildren and other relatives.

To College Station
Mr. and Mrs. W. R. Moore and daughter, Mary, Mrs. H. A. Pendleton and Mrs. D. E. Holder, all of this city were in College Station last week end where they attended special programs for Mothers Day and visited their sons who are attending school at Texas A. & M. College. The boys in school are W. R. Moore, Jr., D. E. Holder, Jr., and Hal Pendleton.

Ed Bauman, local Ford dealer, was in Graham Wednesday morning attending to business.

Last Chance for Low Subscription Rate Bargain Rate Ends Saturday

Saturday night, May 14, will positively be the last day of the Munday Times extended drive for subscribers under the low bargain rate of \$1.00 per year within a radius of 50 miles of Munday, and \$1.50 per year outside of the 50 mile radius. The rate was put on last July

Munday Co-Op To Be Managed By E. Partridge Again

Emmett Partridge, manager of the Farmers Union Co-op gins of Munday for the past ten years was re-elected to serve in that capacity by the new board of directors for another year.

Partridge has made an outstanding record as manager of the gins and the Union is now free of indebtedness and has three modern gins they are operating.

Last season the co-op gins turned out nearly 10,000 bales of cotton and declared a dividend of \$19,400 or \$2.00 per bale ginned to an estimated 380 members of the Union.

Total dividends of \$160,595 has been paid under the managerial reigns of Partridge and two gins have been built to replace gins destroyed by fire. The estimated value of the gin properties is around the \$60,000 mark.

Sunset Cinderman Wins Hurdle Title In Denton Meet

Herbert Partridge, outstanding athlete of Sunset high school last week end at Denton, Texas, at an invitation track meet carried off two honors.

Herbert was entered in the high and low hurdles, and won the 120 yard high hurdles with the time of 16.2 seconds. He won second place in the 220-yard low hurdles with the time of 25 seconds in a close finish.

W. T. Johnson, Weinhart student, won first place in the javelin throw with a toss of 154 feet.

Son Is Born
Mr. and Mrs. Allen Leese of Throckmorton became the parents of a son born May 5th at the Knox county hospital.

What He Does For His Community Lives On and On"

4-H BOYS CALF PROJECTS

THE 4-H boys of Knox county are again out to conquer 4-H calf honors that they have so expertly produced the Wichita Falls Grand Champion. This year the 4-H calves were of the "bumper crop" type, winning the district lightweight championship and the district grand champion the district team championship at Wichita Falls, and carried off second place at Fort Worth Fat Stock show and two others placed at the latter show. Last year Knox county produced the Wichita Falls grand champion. County Agent W. W. Rice is due much credit for the success of the county 4-H'ers in their calf raising projects. This year they were assisted by local business men and Munday gave them the greatest show in history of the county. The 1939 edition of calves will be better is the opinion of most cattle men who have taken interest in the affair.

VERSE TO A BUSINESS MAN

Sock him on the kisser, put him on the pan,
Roll him in the gutter—he's a business man.
Pillory the sucker, poke him in the eye,
Jump upon his torso—he's a business guy.
Has he built his business to enormous heights?
Brand him as a cheater—never mind his rights.
Does he give employment—is the payroll big?
Put the bum in irons; toss him in the brig.
Does he pay in taxes what the law calls for?
Why, the dirty reptile should be paying more.
Blast him in the headlines; charge some crooked acts;
Let this be your slogan: "Anything but facts."
Has he made more money? Get his scalp today.
Daily Leader-Times, Kittanning, Pa.

IF JAPAN DOESN'T WIN

While this country is officially neutral in the Sino-Japanese war, there is no law on the statute books to keep American public opinion from making a choice. That choice, with 90 per cent of Americans, is China. Part of this is explained by the natural American preference for the underdog, part by Japanese arrogance, especially the attack on the Panay, and part by the fact that the United States has long befriended the Chinese.

Signs are developing to show that Japan is in something of a predicament. In recent weeks her armies have lost their first major engagements of modern times. The Chinese are fighting back with success on many fronts. If the present drift continues for a few more weeks, the Japanese grip on China will be definitely broken.

The people back home in Japan have never been enthusiastic about this war which their warlords foisted upon them. It has hurt business. It has increased taxation and brought grief into many homes. Worst of all, the Japanese high command is afraid to put everything it has into the fight in China, lest Russia slip in the back door and deal a death-blow.

But it may be compelled to "shoot the works" in China or admit defeat there. And failure would be fatal. It would cause a loss of face. It would make the boastful Japanese appear ridiculous in the eyes of the world. It would ruin her aspirations to be the leader of things Oriental. In short, if Japan loses in China it means the end of Japan as a world power.

As things are going now, Japan may not lose the war, but definitely she cannot win it. To win, she must subdue China, and this she can never do. It is quite possible that the Chinese, before the year is out, will throw the invaders into the sea.—Abilene Reporter News.

HISTORY OF KNOX COUNTY

Taken from the files of THE MUNDAY TIMES

(Editor's Note: The following news items are taken from the October 1, 1909 issue of The Times. This paper is also the property of Miss Shellie Lee who furnished the 1907 special edition from which material for the last two weeks was used in this column.)

MRS. MYRTLE HALEY

DIED SEPTEMBER 24
Mrs. Myrtle Haley, resident of Munday passed away September 23 and burial was made in Johnson cemetery. She was a native Texan. News of the death of Mrs. J. A. Randolph, at her home four miles west of Munday was in the issue.

MUNDAY MAN TO STATE FAIR

A. J. Glasgow of Munday and Capt. Goree of Knox City were selected to go to Dallas and take the exhibit of Knox county for the fair. They also had 20,000 folders advertising Knox county printed to be distributed at the fair.

GENERAL NEWS—

Rev. Smith of Midland, began a series of messages in conducting a Presbyterian revival which was held in the Methodist church.
Rev. W. C. Laggart of Tucuman, N. Mex., new Baptist pastor for the Munday Baptist congregation, moved to the city this week.
Much speculation was made as to whose dog was the best in a coyote chase by local hunters, who were to stage a coyote hunt from the Ferris gin. John Furrh, A. L. Parsons, C. W. Sargent and W. T. Ford entered canines in the chase, which was the popular sport in the early day.
R. Roy Ruff was editor of The

Times in 1909 and published the paper from which these stories were taken.

Names appearing in the personal column which are still well known here included the following: N. L. Newsom, Milton Clendenin, E. F. Jungman, E. B. Tull, Mr. and Mrs. Robert Ragsdale, Dr. William Crume, J. J. Switzer, Peter Loran, W. H. Cousins, W. A. Baker, W. G. Sherrod, R. E. Bell and J. A. Lindsey.

Women will receive official attention at the 1939 Golden Gate International Exposition, with the development of the theme of culture and beauty.

Indians from both Americas are to be brought to the 1939 World's Fair of the West, according to present plans, to depict on the 400-acre island in San Francisco Bay absorbing stories of their civilizations.

How they grow food in all parts of the world, and how they eat it, will be portrayed as a part of exhibits in the Palace of Foods, Beverages and Agriculture at the 1939 West's World Fair on Treasure Island in San Francisco Bay.

Part of the big show, the 1939 Golden Gate International Exposition on Treasure Island in San Francisco Bay, will be the \$77,000,000 San Francisco-Oakland Bay Bridge and the \$35,000,000 structure which spans the Golden Gate. The West's World Fair itself will be opened at a cost of \$50,000,000 which makes a total of \$127,000,000 in structures which will be new to most of the visitors at the Pageant of the Pacific.

HOW BIG IS TEXAS

How big is Texas? Well, Texas is that big that the natives of El Paso smile when they speak of those "so and so Easterners, the citizens of Galveston!" That the train-traveling Londoner drops his monocle in wide-eyed surprise when told, "Of course, you're still in Texas!"

Whether you judge it in terms of people, area, animals, crops or natural wealth, Texas is a big state. From the eight-foot spread of a longhorn's points to the 25-mile Houston ship canal, Texas does things in a big way. And that bigness isn't just physical. When it comes to things of the heart and spirit, Texas can qualify for greatness also. Friendship, loyalty, patriotism, "push," vitality, spirit—these are the big virtues—Texas virtues.

How big is Texas? Well, Texas is this big—that "billion" is just about the most popular word in the language. A billion feet of lumber per year, mineral products worth a billion dollars every two years, a billion in manufacturers produced every year, a billion barrels of oil every two years, a billion dollars worth of cotton, corn, wheat and other farm products every three years—Texas, the billionaire state!
So big Texas, the delight of the statistician with a "now if all the pins" complex. It's farther from El Paso to Beaumont than it is from New York to Chicago! If Texas raised all the farm products her fertile lands could produce, the rest of the farm states could quit business! Those are true Texas tall tales!

How big is Texas? Well, Texas is this big—that no few paragraphs can even hope to summarize the greatness of her plains and val-

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

Austin.—Most significant news event of the week in Austin was the report of Comptroller George Sheppard, showing the State had an income, during the first eight months of the current fiscal year, of \$147,940,427. This is within \$6,297,603 of the total income for the entire preceding fiscal year, indicating an increase in State receipts which may yield a total as high as \$200,000,000 when the year is completed. It verifies in many respects the claims made by several important candidates for office that new or higher taxes are unnecessary in Texas, with the increase from present sources, due to increasing business, being available for gradual retirement of the general fund's deficit, now totaling around eleven and three quarter millions of dollars. Sheppard's analysis showed higher income from various sources, including gasoline tax, cigarette and liquor taxes, gross oil production taxes, gross receipts taxes, and sulphur taxes.

Simultaneously, members of the Senate's special subcommittee drafting preliminary state budget were at work here, and Morris Roberts of Pettus and Harold Beck of Texarkana, members, declared their belief substantial reductions could be made in appropriations without impairing service. Roberts declared his studies already have convinced him that consolidation of duplicated work done by various departments, elimination of useless employees, and savings in buying supplies can effect at least a 20 per cent cut in departmental budgets, which last biennium totaled about \$23,000,000. If Roberts' plan is adopted, a saving sufficient to retire the general fund deficit within two years, without additional revenue, could be made.

Deaf School Probe

Refusing to adopt a resolution offered by Rep. Lonnie Smith, of Fort Worth, calling for resignation of T. M. Scott as superintendent of the State School for the Deaf, a special House committee has agreed to check further into the situation. The Board of Control, which supervises the State institution against Scott, voiced by the Texas Association of the Deaf, also agreed to look thoroughly into the matter. Scott, long a state employee in various departments, has been superintendent 15 years. The complaints charged he had refused to use the sign language in teaching deaf children, and that the school had a low standing. They declared Scott with only a high school education, is not qualified to direct the institution. Scott said he did no teaching, and therefore did not require high educational qualifications. He declared the school enjoys a high ranking, said sign language teaching was unnecessary.

Press Agents Thrive

No campaign in the history of Texas has seen such a profusion of press agents as the current struggle for votes. Nearly every serious candidate for State office is equipped with at least one, several with many. The result has been a demand which far exceeds the supply. Anybody who even claims to be a press agent has been able to land a job in Austin these days, and some of the weirdest copy ever seen has been poured out upon long-suffering editors. One ambitious youth, desperate for an idea to get his candidate's name in the papers, sent out a recipe for the candidate's wife's favorite cake. Only he balled up the recipe, made the candidate's wife sore, and lost his job.

The best press agent yarn of the season was the one about the ex-Centennial publicist, who wrote Speaker Bob Calvert, candidate for attorney general, asking for a job and advising Calvert that he "was the man who put Sally Rand on the map." He suggested \$100 a week as compensation. Calvert, who is tall and exceedingly thin, replied that "in view of the difference between my style of architecture and that of Sally Rand, I'm not sure you would be the best press agent for me. Anyway," added Calvert, who has a sense of humor, "if a press agent costs \$100 a week, why don't you run for Attorney General, and give me the job as your press agent?" Calvert then announced he would be his own campaign manager, press agent, card passer and chauffeur.

McCraw Has Big Staff

Bill McCraw, gubernatorial candidate has the most extensive press staff, which includes Buck Hood, Austin newsmen on leave of absence; Harry Crozier, ex-capitol correspondent; Monty Montford, Fort Worth reporter on leave; Stuart Long, ex-Austin reporter; Garland Adair of Austin. Ernest Thompson's press relations are looked after by Gordon Fulcher, Austin editor, and San Kinch, Fort Worth reporter, both on leave for the duration of the campaign; Lt. Gov. Walter Woodul uses Paul Yates, El Campo editor; Coke Stevenson had Edgar McLendon, editor of his home town paper at Junction and Senator G. H. Nelson is publicized by D. B. Hardeman; Tom Hunter employs Kent Watson, late of the Centennial press staff, while Boyce House, whose gifts to the Texas public include "Old Rip," the Eastland horned frog and Land Commissioner Bill McDonald, is serving Judge Ralph Yarbrough, candidate for Attorney General,

leaves, her cities and ranches, her forests and deserts. So big Texas—the "one Star" in the field of forty-eight states.

Wage and Hour

The petition to discharge the Rules Committee from further consideration of the Wage and Hour legislation was filed in the House last Friday and in less than two hours and a half from the convening of the session the 218 signatures required were signed to the petition to force this legislation before the House. Undercurrent in Congress is now stronger in favor of this legislation than it was when this legislation was under consideration last session. It is believed that the House will pass this measure by a substantial vote when it comes before it on May 22rd.

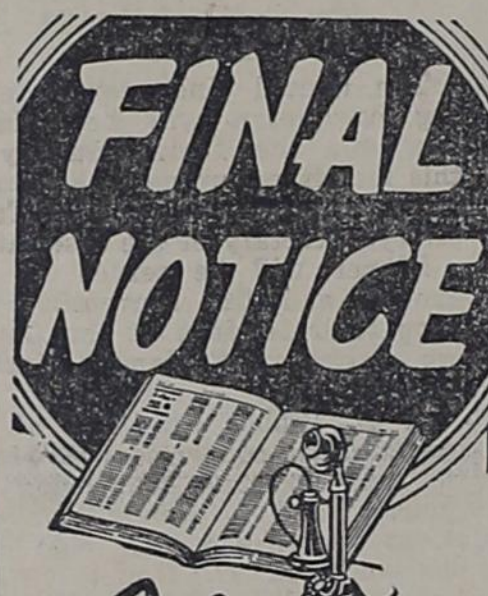

Highways and Roads

H.R. 10140 to amend the Federal Aid Road Act, was finally passed Friday and now goes to the Senate for their consideration. The Bill authorizes \$238,000,000 for the next year, as follows: \$125,000,000 for regular Federal aid; \$25,000,000 for secondary or feeder roads; \$50,000,000 for elimination of grade crossings; \$14,000,000 for forest highways, roads and trails; \$2,500,000 National Park roads and trails; \$10,000,000 National parkways; \$4,000,000 Indian Reservation roads. The Bill authorizes \$8,000,000 to assist the States in the repair and restoration of roads and bridges damaged by floods and other catastrophes. The Government collects annually more than \$350,000,000 in special taxes on gasoline, lubricating oils, tires and inner tubes, automobiles and motorcycles, automobile trucks, and auto accessories.

Therefore, the amount appropriated for roads for the next year is not as much as the amount collected this year.

Highway Meeting

Virtually assured against any cut in the Federal highway money in the 1940 and 1941 fiscal years, by reason of the action of the House of Representatives in making allocations for these years, (with quick Senate concurrence expected), good roads boosters of Texas will meet here May 24, to hear Lowry Martin, Corsicana publisher, outline the four-point program of the Texas Good Roads Association. Martin was recently named president. The program he offers includes safeguarding of highway revenues, promotion of highway safety, and exploitation of scenic, recreational and industrial resources of Texas. In addition, Martin will seek a goal of 50,000 active members, an increase of two-thirds. Martin will be introduced by Sam Harben, veteran secretary of the Texas Press Association.

TODAY

ted from the Federal road users. World War Veterans Pensions World War Veterans, who are now receiving \$30.00 per month by reason of permanent and total disability, non-service connected, will receive \$40.00 a month hereafter, if a bill, which has passed the House within the last few days, becomes a law.

Veterans, who have been denied permanent and total disability, are not required to file new applications. They may ask for reconsideration on their old applications. A more liberal rule for determining permanent disability is included in the new bill. The increase to those now receiving \$30 a month will be automatic, no new application will be required.

It provides that where one is unable by the performance of manual labor to earn support and it is reasonably certain that such impairment will continue throughout the life of the disabled person, the pension may be granted whether the impairment of either mind or body.

As under former laws, the veteran must have served ninety days or more in active service and must have been honorably discharged or was discharged for disability incurred in line of duty.

The Calendar

The House last week considered private and unanimous consent bills on Monday, Tuesday and Wednesday. On Thursday, they began debate on the Federal Highway Bill, which was finally passed on Friday.

The Senate continued consideration of the Naval Enlargement authorization bill, on Monday and finally passed same on Tuesday. This legislation now goes to Congress to consider the differences in the House and Senate amendments. On Wednesday and Thursday the Senate passed numerous private and unanimous consent bills and considered the conference reports on Appropriations and District of Columbia Tax Bills.

This week the House will consider the Civil Aeronautics Authority Bill, H.R. 9738, and Conference Reports on District of Columbia Bills and the Revenue Act of 1938. The House will begin the consideration of the President's Recovery program on Wednesday and will continue same the remainder of the week.

The Senate, this week, will consider Conference reports, on Appropriation and Tax Bills and other miscellaneous matters on the calendar.

First National Bank in Munday

Member of Federal Deposit Insurance Corporation

WHO HAS THE RIGHT TO SPEND YOUR MONEY?

LIFE INSURANCE consists of TWO THINGS: WHAT YOU PAY, AND WHAT YOU ARE PAID. If you pay more than justly needed, someone else is spending YOUR MONEY. IF YOU FAIL TO GET what you have already paid for, someone else will SPEND YOUR MONEY.

IN BUYING LIFE INSURANCE YOU SHOULD CONSIDER (1) The amounts you pay, (2) The convenience for you to pay, and (3) the time it will take to get settlement when it is needed.

THE MOMENT A POLICYHOLDER DIES

THE BENEFICIARY IS DUE THE INSURANCE MONEY. If the COMPANY and the MONEY are near, and they have a reputation for paying quickly, it makes the policy worth more to you by virtue of you having CASH WHEN MOST NEEDED.

THE DIFFERENCE BETWEEN OUR RATES AND OTHERS IS YOUR MONEY. You make your payments to our company at the First National Bank in Munday, and save postage and money order fees, which is YOUR MONEY. When a DEATH occurs, you have someone telephone us COLLECT, and we pay quickly. The saving you make by having CASH QUICKLY, will also be YOUR MONEY.

You buy the necessities of life where your money buys most, so why not apply this business method to your insurance?

Call us or write for rates, and ask ANY FUNERAL DIRECTOR WHO KNOWS, if we PAY our claims quickly.

Senior Class News

We are busy preparing for our commencement exercises. We extend to all of you a hearty welcome.

Final examinations are not far off, but the Seniors are prepared for them. We think of them with a feeling of regret as they are our last examinations as students of good old R.H.S.

More Truth Than Poetry

When the other fellow acts that way he is ugly, when you do it's nerves.

When the other fellow is set in his way he is obstinate; when you are, it's firmness.

When the other fellow doesn't like your friends, he's prejudiced; when you don't like his you are simply showing that you are a good judge of human nature.

When the other fellow tries to treat someone especially well, he's toadying; when you try the same game you are using tact.

When the other fellow picks flaws in things, he's cranky; when you do you are discriminating.

When the other fellow says what he thinks, he's spiteful; when you do, you are frank.

Junior Class News

The junior class received their final exams in bookkeeping on Monday. We are hoping to receive satisfactory grades, in fact, we have tried very hard to pass

Freshmen News

The Freshmen have completed their notebooks and are getting ready for the final examinations. Some of us may dread them, but we will have to listen to the old saying, "Take them as they come."

We are beginning to worry about Prentice, because he has been so quiet. We hope he is not ill.

[Mother's Day seemed to be a pleasant day for the Mothers. We were proud to hear that so many students of our class thought of their mothers on this day.]

In mathematics we are learning the different ways to send money to someone. We were surprised to see that we were wrong in several ways. We are also learning the value of systematic saving of part of our income.

all of our exams. It seems as if all the Junior girls are absorbed deeply in making preparations for the banquet. Good luck, girls! Keep up that good spirit of cooperation and you will have success. We know the Seniors will appreciate our hard work.

Some of the Juniors think that "The biggest coward on all the world is the man that is scared of a new idea."

Sophomore Report

The Sophomores are just about ready to leave this class. In two more weeks school will close and, oh, how we hate to go!

We hope to see all the members of our class back with us again next year to resume our work.

We have heard that the tenth grade is the most difficult one in high school, but that doesn't discourage us. We are going to try harder than ever to make life easy for our teachers and ourselves.

Meeting Place—Legion Hut

More than twenty boys met with the assistant scoutmaster, Mr. Robert Green, last Monday night. The Scouts regretted very much that our Scoutmaster, Mr. Cooper, could not be with us.

We did not get to go to our new meeting place, the old school building, because the lights have not been put up yet. However, most of the parlors have already cleaned up their respective meeting rooms on the top floor.

Dick Harrell's patrol, the Flying Eagle, is still ahead in our patrol contest, but the Panther patrol, headed by D. P. Morgan, Jr., is not far behind them.

The Panther patrol has arranged for the purchase of a late (?) model car. It was bought for hiking purposes, according to D. P. Morgan, patrol leader. (That is not a typographical error, because if they go anywhere in it, they will probably end up hiking.)

One thing which we all enjoyed was seeing one of our members pass his tenderfoot tests. We are planning to take a trip this summer to pass that part of it which must be passed out of doors.

Odds and Ends of TEXAS

THREE REQUESTS

The massacre of Colonel Fannin's men by the Mexican army at Goliad during the Texas Revolution played a prominent part in inspiring the Texans at San Jacinto to a frenzy of white heat.

"Remember Goliad," along with "remember the Alamo," proved to be an effective battle cry for Sam Houston's men as they charged Santa Anna's camp along Buffalo Bayou and well it might have been. The Texans were thinking that day of Goliad indeed and of the brave Colonel Fannin and his tragic fate.

After surrendering his small forces to the Mexican troops, and under honorable terms of war, only to have them massacred while defenseless, Fannin awaited his own execution at the hands of the Mexicans.

Asked by the commanding officer in charge if he had any requests to make, Fannin replied with a request that the gold watch, which he handed to the officer, "be sent to his family; that he might be shot in the breast and not in the head; and that he wished to be decently buried." Having made these requests, the gallant leader bared his breast and awaited his doom.

He was shot instantly, but the officer kept Fannin's watch in his pockets; shot Fannin through the head, and left his body unburied on the prairie!

Weekly Health Letter!

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Citizens Warned To Prevent Bites From Snakes

Austin Texas, May 19. Der. Geo. Cox, State Health Officer, urges everyone to be careful to prevent snake bites when in the country.

In Texas the chief offender is the rattlesnake, and, contrary to common belief, it does not always rattle before it strikes.

About seventy-five per cent of all snake bites occur on the lower extremities and could be prevented, to a large extent, by wearing high top boots or leggings.

About twenty per cent occur on the hands and arms. Care should be exercised in not putting the hands in invisible places when climbing rocks, and to look before picking up anything that may be obscured by vegetation, brush or rocks.

If one is bitten, prompt action is necessary and a physician should be obtained as soon as possible. No time should be lost in removing the poison of cactus; this can be done by a suction cup. First, a tourniquet should be applied above the wound, so as to increase congestion and assist in washing out the poison.

A cross cut incision with a sharp, clean knife or razor blade should be made over each fang mark, or preferably to connect the two fang punctures. These cuts should be at least a quarter of an inch deep and at least that long. Suction should be applied for at least half an hour. The tourniquet should be released every ten or fifteen minutes for a minute at a time.

If bitten by a snake, do not run or get over heated; do not take alcoholic stimulants; do not use potassium permanganate (which is now known to be of no value as antiodote) to cauterize the wound;

Bishop to Deliver Commencement Talk

Austin, Texas.—The Right Reverend C. E. Byrne, D.D., Bishop of Galveston, has accepted the invitation of the commencement committee at The University of Texas to deliver the baccalaureate sermon for the 1938 graduating exercises of that institution June 5. The services will be held in the open air on the terrace in front of the Man Building, at 7:45 Sunday evening.

Named Secretary To Texas U Dean

Austin, Texas, May 10.—Miss Estell McClung, graduate of Texas University, formerly of Corsicana, has been appointed secretary to Dean William Doty, head of the University's new College of Fine Arts.

Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden, of this city, visited his parents last Sunday. Jeff is attending Hardin-Simmons in Abilene. He brought his room-mate, John Hooper of Archer City, home with him. Mr. Hooper is the president of the famous Hardin-Simmons Cowboy Band.

Bill Billingsley, son of Mr. and Mrs. M. F. Billingsley, visited his parents during Mother's Day.

(To Be Continued)

No Chance For Argument!!

Here's this week's prize dumb-bell: A traffic officer gave a woman a ticket for speeding, telling her she was driving 60 miles an hour. "Ridiculous!" she said. "That's impossible; I haven't been away from home 15 minutes!" When she told him she was driving one of our used cars and it ran so noiselessly that she didn't think she was going 20 miles an hour, he tore up the summons.

MISCELLANEOUS BRIDAL SHOWER
COMPLIMENTING MISS JEANETTE
CAMPBELL GIVEN TUESDAY EVENING

One of the most lovely of recent social affairs was the miscellaneous bridal shower accorded Miss Jeanette Campbell Tuesday evening in the reception room of the Munday Study Club house.

Miss Campbell will become the bride of Mr. Cecil Cooper in a quiet ceremony at the home of Mr. and Mrs. J. C. Borden Saturday evening at 8 o'clock with the Rev. H. A. Longino reading the marriage vows.

Hostesses for the delightful affair complimenting the bride-to-be were Mesdames R. H. Neff, W. A. Baker, W. P. Farrington, P. V. Williams, Deaton Green, Tom R. Haney, R. D. Atkinson, C. P. Baker and Miss Lorene Newson.

The guests arrived in groups at appointed hours from 7 o'clock until 9:30. As each guest arrived they were greeted at the door by the hostesses and introduced to the bride-elect, Mrs. John Cooper, mother of the groom-to-be and to Mrs. Chester Borden, aunt of Miss Campbell.

They were then ushered to a beautiful hand made bride's book, centered among Talisman roses, where they registered. Later in the evening each guest was served punch and cake, the cake carrying out the motif of the evening, with white icing centered with red heart and arrow. The punch bowl was flanked with ferns and snapdragons, and beautiful corsages of pansies were used as plate favors.

The reception rooms of the house were decorated with flowers placed at vantage points emphasizing the modes of spring. Ninety guests registered during the evening.

DISTRICT 3 H.D. AGENTS MEET IN BENJAMIN FRIDAY

District 3 home demonstration agents of which Knox county is a member will hold a district meeting at Benjamin Friday, Miss Nina Astin, Knox demonstration agent, announced this week.

Chief among the demonstrations to be given on the program will be poultry canning, with Miss Grace Neely, food preservation specialist from College Station in charge.

Miss Vida Moore, district 3 agent, will be in attendance and about 12 county home demonstration agents are also expected to attend the meeting, which will be held in the assembly room of the courthouse in Benjamin.

Miss Maxie Dingus, who is employed in Fort Worth spent Sunday, Mother's Day, in the home of her parents, Mr. and Mrs. G. W. Dingus.

CHURCH NEWS

FIRST BAPTIST CHURCH

At this time of year boys and girls are graduating from grammar school, high school and college with a desire for more opportunities for gaining knowledge. There can be no better way to stimulate and encourage high ideals and right motives than in Christian service. He who represented all that is good will help us to the accomplishment of better things, and will empower us for the battles of life that we may win creditably. To neglect the best things for the mediocre is to invite failure and defeat. For each of you we wish the very best.

Sunday before last the Sunday School attendance was 208. Last Sunday we dropped off some. We should have enough over 200 next Sunday to make up what we fell under last Sunday.

The officers' and teachers' devotional and study on Wednesday from eight to eight forty-five is gaining in interest and is inspirational and encouraging. Come next Wednesday evening.

Make your plans to come to Sunday school next Sunday and stay for the preaching service. Don't be satisfied with a slice when you could get a loaf with a little added effort.

W. H. Albertson

OFFICERS TO BE INSTALLED BY SOROSIS CLUB

Misses Lucille Hunter and Nina Astin will be hostesses to the Benjamin Junior Sorosis Club in regular meeting at the Benjamin Club house Thursday night (tonight) at 7:30.

Instead of having a program for the evening officers for the ensuing year will be installed by the club. The new officers were elected in a special meeting last January 7th.

Officers to be installed are: Mrs. Homer T. Melton, president; Miss Ida Dell McCandless, vice-president; Mrs. E. L. Covey, recording secretary; Miss Janis Patterson, secretary-treasurer; Mrs. Ernest Seales, parliamentarian and critic; Mrs. Burl Snody, musician, and Miss Nina Astin, reporter.

HEFNER H.D. CLUB MET IN JONES HOME

The Hefner Home Demonstration Club meets Tuesday, May 17, at 2:30 p.m., at Mrs. M. E. Jones' home.

Topic: "The Story as Told by Pictures."
Roll Call: "Types of pictures I prefer in my living room."
Leader, Mrs. S. Johnston. "Selecting Pictures," a Picture hanging, b. Meaning of pictures, c. Selecting pictures for various rooms.

Sewing or handwork will be engaged in after the business meeting is adjourned.

Mrs. E. J. Jones, Reporter

GILLILAND 4-H CLUB MET LAST WEDNESDAY

The Gilliland 4-H Club met Wednesday May 4th at the school building for their regular meeting. Miss Nina Astin, county home demonstration agent met with the girls and gave a demonstration on "Bedding for Girls' Rooms."

After the demonstration a business meeting was held and the next meeting announced for May 18th.

—Reporter

Carl Patterson, county attorney of Benjamin, was in the city Wednesday morning attending to business.

PEEP SHOW

FOR LADIES ONLY
—BY—
MIGNON

Note—Moody O. Wallace, editor of the Gould Democrat is pinching for Mignon. Mignon will be back on the job with the next week's issue and will give a report of her wonderful trip to Washington, D.C. You will enjoy Mr. Wallace this week as he writes—

A man should feel more or less honored when a woman invites him to pinch-hit for her with a column exclusively devoted to the interests of women. And that is what Mignon has asked me to do while she is away "acting like a poet" as she terms it. In my estimation, however, this is more of a task than a column. Nevertheless, I am glad to lend a hand while a fellow columnist is proving to the nation that Oklahoma really has what it takes to produce good poems. And Mignon is one to whom I am proud of to point to with pride.

Back in my younger days I tried to show the world that I could write poetry, but after taking a fling at it for several years I decided that it was easier to get ink under my finger nails than it was to talk the big shot publishers into taking a chance with my verse. Hence, my contribution to the art is limited to a few songs and poems that scarcely reached the point of honorable mention. Evidently I do not have the proper muse about my spirit to reach that stage of elevated writing.

Perhaps the thing that interests our readers more at this time of year than anything else is flower-gardening. I could talk about what others are doing but when I read in Proverbs that "A talebearer revealeth secrets; but he that is of a faithful spirit concealeth the matter," I am inclined not to be a talebearer. So, back to our intended subject, we find that roses are often injured by too early removal of their winter protection. Wait until danger of frost is positively passed—at least until grass has taken on a fairly strong color. Then on a cloudy or a rainy day remove the protectors. The stems will then have a chance to harden before sun and wind strike them in a possibly damaging way. As much as you may not know it, Oklahoma has a general climate, and you can go fairly accurately according to directions given on the packages when you intend to plant seed.

HOUSEHOLD HINTS—If you are trying to remove spots from clothing a piece of wool or an old sweater is splendid to use on dark materials as it holds the fluid when such a cleaning ingredient is being used. The wool leaves no lint and has good resistance. In order to prevent clothing from possibly mildewing if left dampened a period before ironing, try rolling them in paper and put into the refrigerator before you iron them. They will keep indefinitely without mildewing and be in fine shape for ironing when removed. . . . To im-

prove the flavor of carrots, onions and peas when cooking them, add a fourth of a teaspoon of sugar for each three cups of water. . . . Authorities tell us that meat well rubbed with vinegar before cooking is less likely to be tough. . . . Our wife finds rhubarb needs little water when it is cooked as a sauce and none at all when it is used in a pie.

TIDBITS—One of the rarest of men, say a friend, is one whose wife does not think he got a better helpmate than he deserved. . . . Wonder if Chet Holding ever refers to his wife's poetry when making a public talk. . . . when a husband begins stumbling over mops, brooms, and scrub buckets it is a sure sign spring housecleaning time has arrived—and time for him to get back to his work. . . . In these modern days it is a far fling back to the old times when the girl was not ashamed to have freckles on her nose but was timid about having paint on her face. . . . We find, or will soon find, in Oklahoma that the people who refuse to vote but continue to holler are no better than backseat drivers. . . . Our wife says the men who have wrinkles on their foreheads got that way by drinking out of saucers—and we like our coffee, too. . . . Girls who go out for rushing men usually find that the less he knows the easier it is for him to make up his mind. . . . Some bright lad has figured out 293 ways to make a dollar, but he failed to tell us how to get hold of the dollar. . . . The girls on Main Drag get a big laugh when they hear how old-fashioned girls had to stand under the mistletoe to get kissed. . . . Since the officials at Washington have listened to just about everybody else in the land, they had to call in the poets; Mignon can tell us what they said when she returns. . . . The office girl contends that the girl with a shining nose is just about as uncomfortable as the man with the four weeks growth of beard. . . . And in conclusion, we believe this community would be wonderful if everybody in it did as well today as they expect to do tomorrow. . . . "A hint to the wise is sufficient," says an oldtimer. But a hint to the wives is a lot more so.

BEAUTY SPOTS IN MUNDAY

Written by 3rd Year Home Ec Girls of Munday High School

The yards of the town are still improving. All the flowers are in full bloom and almost everywhere you look there are flowers to add a touch of color to the scenery.

Mr. Aubrey Smith has added a very beautiful lawn swing to his front yard. This adds to the beauty of the yard as well as the comfort and pleasure it gives.

Mrs. L. W. Hobert has a very attractive and colorful yard of mixed flowers.

Mrs. A. J. Bunts has added to the looks and convenience of her back yard by adding a beautiful curved driveway to it.

Among the yards that deserve mention for being attractive and well kept are those of Mrs. Tom Bengé, Mrs. Henry Michels, Mrs. Higinbotham, and Mrs. S. E. McStay.

Mrs. George Isbell has a very beautiful bed of poppies.

Mrs. Frank Meers has a very well kept lawn that adds to the beauty of the town.

Viola Mullican
Helen Brown

1-MINUTE SAFETY TALKS

By Don Herold

I was thinking about a blonde I met last week in Topeka

Remember Pedestrians

Nearly half of the 36,800 people killed by automobile accidents in the United States last year were pedestrians, according to figures released by The Travelers Insurance Company. In most cases, the pedestrians asked for it. It is seldom that automobiles come up on the sidewalk and chase pedestrians. Sometimes they do, but not often. As a rule, a pedestrian wants it and walks out where he can get it. He'll pit his frail, watery flesh and fragile bones against a ton or two of thundering steel and glass and flaming fire. He'll put his life in the hands of drivers of cars coming at him at 25 to 75 miles an hour—drivers, many of whom, if he knew them personally, he wouldn't trust with ten cents worth of dog meat. He'll walk along a country road with his back to traffic (instead of facing it as he should) and leave it to the assorted morons, nit-wits, kids, drunks and a certain percentage of careful, intelligent drivers to see that they don't bump him into kingdom come. He won't be a sissy, so instead of waiting for traffic lights in city streets he'll dart out into a mess of swift traffic and jump around among speeding cars like a fox in the middle of a pack of hounds. He'll cross in the middle of the block. (4,640 killed this way last year.) He'll step out from behind parked cars without peeking (1,320). He'll cross busy intersections catty-cornered. Of course, some pedestrians are children whose parents haven't taught them the danger of playing in streets, but most pedestrians who get killed or maimed by motor cars ask for it and—GET IT! I'd say that it ought to be easy to eliminate 10,000 pedestrian deaths a year—if the pedestrians were interested.

CARD OF THANKS

We wish to thank our many friends and neighbors for their kindly acts and expressed sympathy during the illness and death of our husband and father, Mr. John Sokora. Your consoling deeds lightened our burden of sorrow. Mrs. John Sokora Mr. and Mrs. Sherman Brewer and family

Mr. and Mrs. Albert Sokora and family Mr. and Mrs. Julius Kuhler Mr. and Mrs. J. W. Sokora and family.

Scientific arrangement of color and lighting will make the 400-acre Golden Gate Exposition appear as one great piece of architecture.

TREASURE

Men search the earth's deep heart for gems Whose glowing beauty stirs the soul: But, having found their jewels rare Must guard their treasure if they hold. Mine is a jewel fairer still Than any jewel found in vault or mart— Friendship is not bought or sold; And safe when locked within the heart. —Ennen Reeves Hall, Pauls Valley Oklahoma

MY PRAYERS

Dear God, I do not, cannot see Around the curve, beyond the hill; But putting all my trust in Thee I pray that I may do thy will.

It matters not how steep the road, How rough and stony be the ground, I cannot wander far abroad If Faith and Hope and Love abound.

O grant these graces rich abide, Within my heart from day to day; My chart, my comfort and my guide That I may walk the Perfect Way. —Bessie Hale Everett, Weatherford, Texas

WILLOWS

The willows along the slough are colonial ladies in delicate lace who dip their slender, perfumed fingers in the muddy stream. —Kirkand Edwards, Navasota, Texas

BOOKS

Book—a friend That always lends, Gives new thought That comes unsought. Books are friends That good and bad blend Giving inspiration That leads to expiation; Friend in deed When in need Of soul communing Bad taste exhuming. With taste and abuse We will pledge a truce They are our friends we bid them to stay. —Inez W. McAnaly, Mathis, Tex.

TRIOLET

Swift as an arrow through the air Speeds a thought across the mind, Reaches its goal when it is aimed square. Swift as an arrow through the air Unaimed is lost in distance, where It is lost and we may not find. Swift as an arrow through the air Speeds a thought across the mind. —Beryl Rowe Kidd, Palo Pinto, Texas

HUMPTY DUMPTY

Odds and Ends of TEXAS

The United States rejected the offer to annex Texas to the United States after the people of Texas had almost unanimously elected to do so in September 1836.

The famous single command of the American forces in the Mexican War of 1846 was Jack Hays's Texas Rangers. Hays later founded the present city of Oakland, California.

When Stephen F. Austin first came to Texas the entire Spanish and Mexican population did not exceed 2,500. Ten years later Texas contained 30,000 settlers.

The first native son to become Governor of Texas was James Stephen Hogg. Hogg served as Governor from 1891 to 1895. He was born at Rusk, Texas.

When Austin, Texas, was selected as a site for the permanent capital of Texas, it was known as the village of "Waterloo" and consisted of exactly four families (1839).

Stephen F. Austin, defeated as a candidate for the first Presidency of the Republic of Texas, served as its first Secretary of State. He worked feverishly in arranging the unsettled affairs of the infant republic.

The first corn planted in Texas was grown by William Morton on the banks of the Brazos River in Richmond. The year was 1822.

The ships that constituted the Navy of the Republic of Texas were the Invincible, Independence, Liberty, Brutus and several small sloops including the Julius Caesar.

Robert Cavalier, Sieur de la La Salle, French explorer and discoverer of Texas, never married. He

Hospital Dismissals

Dismissals from the hospital the past week were: Mrs. W. C. Bevers, Munday; Baby Donald Gene West, Roby; Mrs. J. C. Browder, Truscott; Mrs. Bruce McElroy, and baby; Rochester; Ennis Carter, O'Brien; Wilmont Daugherty, Stamford; Bill Evans, Knox City.

HASKELL—The municipal park and swimming pool at Rice Springs was thrown open to the public last Saturday. The park and facilities are in readiness for the public and will be supervised by George Wimbish.

Mr. and Mrs. H. L. Davis and children of Malakoff, Texas, visited in the home of Mr. and Mrs. J. A. Warren the past week end. The Warrens returned with the Davis to their home in Malakoff the first of the week for a visit.

Did You Know?

Did you know that the first letter was sent by Air Mail May 15, 1918? And that May 15 to May 21 has been designated "National Air Mail Week"? Did you know that a letter mailed on the train in Munday, Texas, at 7:49 in the evening, would be in Los Angeles, California the next morning at 7:55, if it bears an Air Mail stamp? That one mailed in time to catch the 9:09 train in the morning would reach the following places the same day: Fort Worth, Texas, at 3:10; Dallas, Texas, at 3:37; St. Louis, Mo., at 8:35; Chicago, Ill., at 10:35.

32,000 rattlesnake rattles are on display in a San Antonio Texas, curio store, the old Buckhorn Saloon.

It is nearer to the Atlantic ocean from Orange, Texas, than it is from Orange, Texas, to El Paso, Texas. Texas is larger than the combined area of France, Portugal, and Switzerland.

There were but two native signers among the signers of the Texas Declaration of Independence. They were: Jose Antonio Navarro and Francisco Ruis. There were 58 signers in all.

Special Senior Edition of Sunset Paper

This week the Seniors are publishing the school paper as a special edition. Everyone has a part in publishing this paper. In it will appear the class prophecy, class history, class song, class yell, class poem, a writeup about all the Seniors, and the Senior basketball fishing trip.

Sunset Seniors— Class of '38

As you have all seen and read about our Seniors, I will now give another account of them, praising each for things done or their future plans.

First we have Buddy Bumpas. This fellow has been worth having as a classmate. Buddy has never failed to do a favor asked him. He was "doe" for the basketball boys, also the boys' sports writer. Buddy has helped faithfully in getting out the annual. And to you,

Buddy, we classmates hope you have a future worth something. Coming on up the line, we run into Loveda Cheek. Loveda as you all know has been one of our star basketball and volleyball players. She has, also, been very useful in all other events which have taken place. To you, Loveda, I'm sure Sunset will miss you as a basketball player. Your classmates wish you a very happy adieu.

Lemuel Clark is our next Senior. We do not know much to say about Lemuel. He did not take part in any of the sports, but was always at the games rooting for his team. We classmates have enjoyed being in the class with you. May the future hold a fortune for you.

Our class songbird, Floyd Frost, seems to jump in front of us next. Floyd played basketball, but seemed to take no interest in any of the other sports. Music seemed to have taken up his time. Floyd, we hope you become a great radio star some day.

Frances Gray seems to be the senior to praise. She is our class

president and class historian. She has faithfully typed the paper each week, and is now typing stencils for the annuals. Frances is our most dependable Senior. May your life be a life full of fortunate happenings.

Dorothy Gammill, our class prophet, seems to be a senior of high degree. She has always wanted the best. No matter where you see Dorothy she is always in a happy mood. Dorothy played basketball this year. She is the business manager of the annual. Dorothy wishes to be a journalist. We hope your wish comes true.

Maurine Gammill, LaDean Groves, and Lillian Hackney are class dependables. They did not take part in sports, but like Lemuel they were there rooting for the Eagles. We depended upon them for our social entertainment during the year. Some day, girls, you'll make some man a nice wife. (We hope.)

Our class reporter and class poet comes next. He is Leroy Henderson. LeRoy took over Floyd's place as reporter for the Seniors. He has kept it going with good reports. LeRoy played basketball this year. LeRoy's class poem appears in the paper this week. LeRoy, we congratulate you on being the Senior with the highest average for the year. Keep up the good work.

Our most graceful and beautiful girl in the Senior class is Marguerite Jarvis. She seems to be one of the most anxious to graduate. We do not know what she has planned for her future. But be careful what you do, Marguerite. Marguerite is a lover of ball games. We, as classmates, hope you have a good future with no more accidents.

Faye Marie Partridge, our "giggle box," seems to be a girl who loves to do things, and go places. Faye Marie is always ready to ask her folks to take some of us girls on trips and they do. Faye Marie is vice president of the senior class and she is valedictorian. She, also, loves sports. She played volleyball three years. Some day, Faye Marie, you may amount to something. (We hope.)

Our "oneman track team" runs up next—Herbert Partridge. All year round, and also, last year and back years, Herbert has been receiving medals in track and basketball. Sunset School will certainly miss Herbert, and so will his classmates. Some day Herb, we hope to see your name in headlines as a leader of the Olympics.

Fuller Shannon, most popular boy of high school, is a boy who smiles and is friendly with everyone. Fuller is a star basketball player and a lover of all sports. Fuller, I shall miss you and I'm sure your other classmates will. Keep your chin up, Fuller, and make something of yourself.

Last, but not least, "Grumpy," I mean Askelon Stogner. Even though Askelon gripes a lot we get along. He loves sports and has taken part in them. Some day Askelon will settle down in a cozy little house with a wife who can cook. We'll be around to see you then, Askelon. Good-bye.

Ida Lou Walling was with us until this year when she moved. But she came back at mid-term. We are glad to have you back, Ida Lou. We have missed you. Keep at it and you will make good some day.

You have now heard about all our seniors except me. I can't praise myself because I have done nothing to be praised for. But I can say I have never enjoyed a school year so much as I have this one. My classmates have treated me nicely and so have my teachers. I shall not say good-bye because goodbye means the same as we'll never meet again. But as the Hawaiians say "I'll be back to visit with you, Aloha, Aloha." Nell Nix

Class Prophecy

In late August of 1950, as I, Dorothy Gammill, was going from one publishing house to another trying to sell my latest novel, "Left Alone," I walked into Grossett and Dunlap Publishing house in New York and almost lost my breath when I recognized the secretary to be none other than Inez Vernon, who graduated from Sunset High School at mid-term in 1937-38.

Our conversation soon led back to the graduating class of '38," and we spent the afternoon telling each other what we know of our former classmates.

Fuller Shannon had become the "play boy" of America. Ida Lou Walling was, at the time, a blues singer over an N.B.C. network; and Marguerite Jarvis was the proprietor of two large beauty shops in Denver, Colorado, but she was at that time in Reno securing her third divorce.

LaDean Groves was married, and was the owner of a large ranch in Utah, and she was also getting to be a great rodeo performer. Lillian Hackney and Loveda Cheek were instructors of Fine Arts and Athletics at Vassar.

Herbert Partridge was touring America giving lectures on "The Technique of Football," and selling his latest patent at the same time. Buddy Bumpas was studying brain surgery in Chicago, and LeRoy Henderson had become well known as America's "second Robert Taylor."

Frances Gray was a teacher of English in the University of Philadelphia; and Maurine Gammill had become well known as the Number One Springboard Diver of the world. Lemuel Clark was running for Governor of Texas, and I heard later that he won the office.

Faye Marie Partridge had become an opera singer, and she was better at acting than Joan Crawford was when she was at her best.

Floyd Frost was leader of two large orchestras in New York City; and Askelon Stogner was giving lectures on "Animal Life," in the Philippine Islands.

Nell Nix married, got rich in oil, was divorced and became "Miss America."

Inez and I felt as if the Sunset graduates of 1938 had really proved to be successful.

Dorothy Gammill

Class Song

We're starting on a journey
 Our high school work is done
 Our hopes are bright, our hearts
 are light

With our diplomas won
 Success seems sure to us, dear
 friends

On this commencement night
 But real success for us will mean
 To tread the paths of right
 We're starting on a journey
 Our high school work is done.

It will not be the wealth we gain
 While traveling on life's way
 It will not be the honors won
 By us from day to day
 For true success is measured by
 How much of self we give
 How much of this old world is
 blessed
 By lives that we may live
 We're starting on a journey
 Our high school work is done.

Class Yell

Make a toast for high school
 days,
 Shout till the rafters ring.
 Stand and make a toast once
 again,
 Let every loyal Senior sing.
 Then sing to all those happy
 hours,
 Sing to the carefree days,
 Sing to dear old Sunset High
 School—
 The High School of our hearts
 always.

Last Wednesday night one of our seniors met with an accident. As you know by now it was Marguerite Jarvis. Marguerite is doing nicely, but, as yet, we do not know when she will be with us back in school. But we are hoping she will be with us to graduate. We all miss her and wish she would hurry up and get well. But take your time, Marguerite, and recover completely before you get up.

Austin, Texas, Dr. Emmett Redford, associate professor of government at The University of Texas, has been appointed special representative of the United States Employment Service to supervise examinations for positions in the Texas State Employment Service.

Class Poem

The Sunset Seniors of '38"
 Have only victory in mind
 They will never think of admit-
 ting defeat
 They just simply aren't that
 'kind.

There are eighteen of them and
 every one
 Has an ambition of his own
 Their pink and orchid flag will
 fly
 Throughout the year to come.

They can never forget the things
 That they learned this event-
 ful year
 The lesson that to fight is to
 win

Will be thought of with smiles
 and a cheer.

The elevator to success is not
 running
 Take the stairs
 Never admit defeat but place
 your goal
 High up among the stars.

Defeat is only the product of the
 mind
 In reality there's no such thing
 Even if the path to glory is long
 and hard
 And is bitter with bruises and
 stings.

The harder way always assures
 success
 This applies to the life we
 should live

Everyone always has a feeling of
 victory
 After he has given the task
 everything he could give.

Just keep on fighting and assure
 success
 Never think of giving in
 Just lead with your chin and
 show the world

That you believe in yourself
 and them.

You will often go down but you
 will seldom be out
 Jump up and try again
 It's only another of life's many
 bumps
 That makes great women and
 men.

The seniors give a salute to all
 The parents, the teachers and
 friends

The great success that they have
 shown and will show
 Will show it's reflection when
 they become women and
 men.

Class Will

We, the Senior Class of 1938, in
 the usual frame of mind and with
 lack of judgment and long-lost
 memories, do bequeath the follow-
 ing bequests to all the underlying
 groups and persons:
 To the Juniors of the Sunset
 High School, en masse—the right
 to carry on the publication of the
 "Eagles Echo."

To the Sophomores of Sunset
 High School, en masse—our place
 in the study hall and our "com-
 mon horse sense."

To the Fish of Sunset High
 School, en masse—our ability to
 win the class tournaments.

Herbert Partridge wills his ath-
 letic ability to Ralph "Plush" Mac-
 beth.

To J. F. Hunter and F. G. Park-
 hill, Fuller Shannon, Buddy Bumpas
 and Askelon Stogner will their
 frequent trips to Knox City.

Maurine Gammill wills her vamp-
 ing ability to Winters Groves.

Faye Marie Partridge and LeRoy
 Henderson gently but firmly will
 the ninth seat in the study hall to

Hallie Phine Clark and Orville
 Strickland so that they may study
 together.

Lillian Hackney wills all of her
 surplus fat to Mary Herring.
 Loveda Cheek and Ida Lou Wall-
 ing will their rights to have a
 boy-friend in each class to Tra-
 phine Wren.

LaDean Groves and Dorothy
 Gammill heartily will to Louise
 Gray their excess amount of chew-
 ing gum. The same will be found
 stuck on the bottom of their desks
 in the study hall.

Frances Gray wills to Wardell
 Sweat all of her serious moments,
 which are very many.

Lemuel Clark wills to Junior
 "Shorty" Matthews about two feet
 of his height.

Inez Vernon wills to Mamie
 Tankersley her job in the office.
 Marguerite Jarvis wills the hon-
 or of the class' most beautiful girl
 to anyone who can get it.

Nell Nix wills, last but not
 least, her athletic ability, person-
 ality, and "Gab."

Signed:
 Members of the Senior Class

SUNSET SENIORS ON PARADE!

Herbert Partridge

by Fuller Shannon
 On October 19, 1920, a young
 son was born to Mr. and Mrs. Em-
 mett Partridge on their farm two
 and one-half miles southwest of
 Sunset. Little did they realize that
 some day he would be an out-
 standing basketball and track star.
 Herbert has proved himself to be,
 not only a heart crusher, but also a
 very good athlete.

When Herbert was in the grade
 school, he began playing basket-
 ball on the junior squad. He played
 on the junior team for three
 years while in the grades. Herbert
 also played on the junior boys
 softball team for three years. He
 graduated into high school in the
 school year of 1934-35. While in
 high school Herbert has played
 junior basketball for two years. In
 his sophomore year, he played on
 both the junior and senior boys'
 basketball teams. He has lettered

(Continued on Page 6)

for two year on the senior basketball team and won several honors. He has been selected for several different tournaments for being the most outstanding player in the tournament. He also got an honorable mention at the State A.A.U. meet.

While in the seventh grade, Herbert ran on the track team and won high jump. As a Fish he ran high school junior track and placed in several events. As a sophomore, he began going strong. He won both the high and low hurdles for the last three years. The first year he placed in district and went to Denton. The second year, he won seventeen points in county meet, went to district and regional at Abilene. This year, Herbert went to a meet at Haskell. He placed in four events at Haskell. He won twenty-one points in the county track meet, went to the Fat Stock Show and qualified as one of the first ten in the semi-finals. He went to district, regional, and this past week-end, he went to Denton, where he really showed what he was made of. He won first in the high hurdles, and second in the low hurdles, getting beaten out in the low hurdles by only two tenths of a second. We are proud to say that Herbert has closed a very successful high school track and basketball year.

Herbert is also interested in literary events. When in the seventh grade he entered Arithmetic, and won second place in the county meet. This year, he was one of the three fastest typists in the county. The Senior Class has elected Herbert as the most handsome boy and also the most representative boy in the class.

His favorites:
Color—Blue
Song—"Sweet Genevieve"
Sport—All of 'em
Girl Friend—Red Heads—if I can.

Herbert plans to go to college, but is undecided as to where to go or what to do.

Floyd Frost
by Dorothy Gammill
Floyd Frost, a member of the Senior Class of Sunset, is the son of Mr. and Mrs. James E. Frost who live two and one-half miles west of Munday. He was born on June 20, 1921, at Waurika, Okla., and when two years of age his parents moved to Munday. He started to school at Lake Creek and continued there until he entered Sunset in 1933 in the seventh grade.

Floyd was the reporter of the Freshman class and secretary-treasurer of the junior class and was reporter of the senior class until he resigned. We are proud to say that Floyd is the salutatorian of the graduating class this year.

Floyd has played basketball the last two years and he made the team this year.

He is the humorist and the song-bird of the class and is well liked by everyone.

Favorite subject: Music
Teacher: All of 'em
Color: Blue
Song: "Gypsy in My Soul"
Sport: Basketball
Girl Friend: Brunettes
Floyd plans to attend Hardin-Simmons University next year.

LaDean Groves
by Dorothy Gammill

LaDean Groves, a member of the Sunset Senior class is the daughter of Mr. and Mrs. D. M. Groves. LaDean was born March 8, 1920, where she lives now. She started to school at Jungman and continued there until she entered the fourth grade at Sunset. LaDean played baseball while in grammar school, but she has not taken part in athletics while in high school. She entered spelling in literary events while in grammar school, and won second place. She also entered spelling this year.

LaDean is a prominent student in all her classes and is well liked by all her classmates and teachers. She is always happy and makes others around her happy.

Favorite subject—Plane Geometry
Color—Red
Song—Blue Hours
Sport—Basketball
Hobby—Horseback Riding
Boy Friend—Short and fat
LaDean plans to attend Business College at Wichita Falls, Texas, next year.

SENIOR BASKETBALL BOYS

Friday, May 6, the Senior basketball boys took their annual fishing trip. The wind was too high to catch many fish, but the boys had a swell time regardless. Those attending the trip were: Orville Strickland, Buddy Bumpas, Askelev Stogner, J. E. Hunter, LeRoy Henderson, M. C. Cude, Junior Matthews, Fuller Shannon, Howard Payne Shannon, J. R. Hill, Floyd Frost, Mr. W. C. Kimbrough, Mr. Edwin Johnson, Mr. I. W. Walling, Mr. T. J. Partridge, and Wendell Partridge.

The waves were so high that it was impossible to run the trotlines regularly; but when the wind calmed down enough to run the boat several nice fish were caught. The boys' appetites must have been good, because fifteen of them managed to eat fifteen dozen eggs, three pecks of potatoes, eight pounds of jelly, and thirty loaves of bread, in addition to various other things which they had to eat. The cooks, Fuller Shannon, Buddy Bumpas and LeRoy Henderson, made a big try at filling the boys up but, after about the third meal gave it up. Boating was rather rough. In fact, it kept two of the boys bailing while the third handled the motor and drove the boat over the waves. Imagine how

**Advice to Seniors
On Investments of
The Future Given**

Throughout the nation, this month, 700,000 girls and boys, more or less, are being graduated from high school. A good proportion of them will go to college this fall. And large numbers among them, unfortunately, will choose the wrong institution.

Most of the reasons behind the selection of a particular college are, as the lawyers like to declare in court, irrelevant, incompetent, and immaterial. This applies especially to the student who has not yet decided upon an occupation; picking a technical school is another matter.

It is probably unwise to decide on a calling too early in life. The boy who is certain at seventeen that he wants to be a doctor, may discover, at twenty-one, that he really wants to run a motion picture theatre. A girl may think she is a potential teacher and find that he has talent for the stage. Most girls and boys choose their Alma Mater because their friends are going there. This is a silly reason. It's narrowing to limit your association to people you already know. You might as well stay home.

Because some college is especially elite is a snobbish reason, and futile as well. If you are socially important already, you don't need such surroundings. If not, they won't do you much good.

Don't pick a college where the standard of living is beyond your means. You will find it impossible to keep up the pace. You may grow so envious and bitter that your whole life will be twisted.

One of the best reasons for picking a school is surroundings which are beautiful. The memory of a Gothic cathedral chapel against the gray sky of a winter twilight may remain vivid throughout all your years. You will forget history and mathematics—even literature and philosophy—but all your life you may remember your surroundings.

Find a school where tolerance dwells, where racial prejudice is absent, where the men and women are free to teach the truth as they see it. The troubled world outside is filled with intolerance and squint-eyed thinking, and it is well to inoculate yourself against them. Pick a school where faculty and undergraduates have respect for honest work.

Finally, don't go to a college with a notion that you thereby become one of the Lord's anointed. If you seek merely a veneer of culture you will get home four years later with that, nothing more. And your fellow high-school graduate, who had to take a filling station job instead of going to college, will probably be running the best garage in town. A veneer of culture will be a bad recommendation if you have to ask him for a job.

Junior Class News

It seems as though the Juniors are determined to treat the Seniors to a banquet. With the splendid cooperation of our mothers, room-mothers, and classmates the Seniors will receive their annual banquet reward Friday, May the thirteenth. Maybe some think Friday the thirteenth is unlucky, but Seniors, we are planning to give you a surprise, which we think and hope you will surely enjoy.

Yes, school is almost over, and vacation-time is nearly here again. We are looking forward to that

about four of the boys felt when their motor went dead on them. Everyone returned home feeling like a million dollars. The only accidents were caused from falling down hills and out of boats. Sunday morning was spent in driving around the lake in the motor boat. Everyone received the thrill of his life and report a perfect time.
LeRoy Henderson

**Strickland New
Eagle Captain**

The men that lettered the past year plus the basketball squad of purpose of electing a captain for next year held an election for the "39." Orville Strickland, one of the strongest men on the squad the past year, was elected unanimously. He has proven his ability for several years, and we know that he will do his part toward leading the Eagles in another victorious season. Mr. W. C. Kimbrough is to coach the boys through the coming season. He has proved to be tops through his years of coaching.

very much, but when we look about two weeks in the future, we see a dark cloud, called Final Examinations looking up in our faces. We hope it will compare to the clouds, which we have had this week, and turn out with the sun shining and smiles on our faces.

The Home Economics students who went to San Antonio to the State Rally last week report that they had a "swell time."

**Watch the Seniors
As They Go By!**

Margaret Tiner

Margaret was born on November 2, 1920, in Uvalde, Texas. She lived there for five years and moved to Crystal City. Margaret started to school in Crystal City and moved to Munday in 1931. Margaret was in the 7th grade play and the senior play. She has shown her journalistic ability during this year as editor of the Tom-Tom and last year as assistant editor. Margaret was chosen freshman favorite in 1934. She won first place in typing in the county meet, and is a very accomplished pianist. Margaret plans to attend Hardin-Simmons next year. Margaret won high scholastic honors this year as she ranked third in the class.

Favorite color—Blue
Favorite teacher—All of them
Favorite subject—Shorthand
Favorite hobby—Scrapbook
Favorite song—Please Be Kind.

Mary Moore

Mary was born in Benjamin, Texas, on April 18, 1921. She moved to Munday in 1927 and has lived here ever since. Mary was in the 7th grade play, the junior play, senior play and the one-act play for the past two years. She enjoys playing tennis very much and has been on the high school team for the past three years. Playing the piano is one of Mary's hobbies. She has taken lessons for several years. She is very proud to say that she was valedictorian in both grammar school and high school. Her ambition is to be a journalist. She plans to attend T.S.C.W. next year.

Favorite color—White
Favorite teacher—All of them
Favorite subject—Typing
Favorite hobby—Taking photos
Favorite song—My Heart is Taking Lessons

Money is what money buys:
Fame can make a hollow sound.
Idols shatter on the ground.
Lust is sand blown in the eyes.
Safe is he who fills a need.
Nor lacks for love and honor
Who makes unselfishness his creed
And has his work to do.

Freshmen News

The Freshman all seem to be very industrious this week. I do not suppose this sudden change of manner could have any relation to the closing of the term, yet definitely something is the cause.

The Freshman girls were almost as thrilled as Darlyne was when she, along with Mrs. Dillon, Lavena Counts, Mozelle Mullican, Beth Haynie and Peggy Jo Haynie made that marvelous trip to San Antonio to the State Home Making Rally. All of the girls had a good time and we are all glad that Darlyne had this wonderful opportunity.

Sophomore Report

The Home Economics II girls have enjoyed their study of First Aid and Home Nursing the past weeks. We believe our knowledge will prove beneficial to us in the future. We had plenty of time

and opportunities to increase our knowledge of Home Making last week with Mrs. Dillon gone and several books on the subject in the library to read.

We are looking forward to seeing some nice home projects turned in this week. Our home projects for the last half of Home Ec. are due Wednesday. Some of us have made house coats and pajamas, dresses for ourselves or our mothers, two suits or two dresses for smaller children.

**Home Ec Girls
Attend Rally At
San Antonio, Tex.**

The five girls who represented the Home Economics club of Munday at the State Future Home Making Rally May 5 to 7 left on a special bus from Haskell last Wednesday morning at nine o'clock for San Antonio.

We ate our lunch in Coleman and stopped in Fredericksburg for cold drinks. Arriving at San Antonio at six-thirty we registered and unpacked at the Gunter Hotel, where we stayed.

Each of us enjoyed the Mexican food at the "Original."

The Rally began Thursday morning and after breakfast at the St. Anthony Coffee Shop we separated in order to enter our assigned contests.

We met in the hotel lobby after our contests and had a very quaint lunch served at the "Artist Inn." Contests occupied our afternoon, but the dinner consisted of twenty-eight different dishes at Miss Alice O'Grady's Argyle Hotel was worth a year of anyone's life.

On Friday we finished our contests and had lunch at the "Old South." A sight-seeing tour filled our afternoon. Some of the things we saw were the Alamo, residential section, Mexican section, Missions, Sunken Garden, Alamo Heights, Brackenridge Park, Fort Sam Houston, Army Quarters and the Zoo.

The banquet was on Friday night and it came to a conclusion with a magnificent floor show created entirely by Spanish effects and a Spanish orchestra.

We also saw "Jezebel" at the Aztec Theatre and "Rebecca of Sunnybrook Farm" at the Majestic.

We visited the Buck Horn Saloon, Plaza Hotel, Courthouse, and many other places of interest.

Many old acquaintances were renewed and new friends were made of the other girls there.

The last of the Rally was over by noon on Saturday.

We felt that it was the most educational rally that we have ever had, and that San Antonio is one of the best places for such a rally. Next year the rally will be held at Galveston or Houston.

The girls making the trip were Darlyne Duke, Beth Haynie, Peggy Jo Haynie, Mozelle Mullican, and Lavena Counts. They were accompanied by Mrs. Dillon.

THE POCKETBOOK OF KNOWLEDGE

BY TOPPS

LIGHTNING RODS FOR UMBRELLAS

WAS THE INVENTION OF THE 17th CENTURY FRENCH INVENTOR, BARBELE DUBOIS. THE ROD CONSISTED OF A METAL CORD SUSPENDED FROM THE UMBRELLA, AND WHICH TRAILED ALONG THE GROUND. (IN THE 19th CENTURY FASHIONABLE WOMEN HAD SIMILAR LIGHTNING CONDUCTORS ATTACHED TO THEIR HATS.)

ON THE UP AND UP!

IN 1850 APPROXIMATELY 38% OF THE NATIONAL INCOME WAS DISBURSED IN WAGES AND SALARIES. BY 1909 THE FIGURE INCREASED TO OVER 54%—AND TODAY 66.5% OF THE NATIONAL INCOME IS DISBURSED IN WAGES AND SALARIES (HIGHEST PERCENTAGE ON RECORD).

A 30-FOOT PERISCOPE IS AN OFFICIAL GOLF ACCESSORY ON THE ABERDEEN LADIES CLUB COURSE IN NORTH WALES. PLAYERS USE THE PERISCOPE ON A "BLIND" HOLE TO SEE THE GROUND 165 YARDS AWAY WHICH IS OBSCURED BY A HILL.

FARMERS OF OSTUNCALO, GUATEMALA HAD TO PICK THEIR 1932 CORN CROP FROM THE GROUND! THE FIELDS HAD BEEN COVERED TO A DEPTH OF OVER 4 FEET WITH VOLCANIC SAND FROM THE NEARBY SANTA MARA VOLCANO.

Rhineland News

ROSE ANN KREITZ, Reporter

Funeral services were held Monday for Mr. John Sokora, who died at his home three miles west of Rhineland, at 6:45 a.m., May 7.

Mr. Sokora had been in ill health for some time. Requiem High Mass and funeral rites were conducted at 9:00 a.m., Monday from St. Joseph's Catholic Church by the Rev. Mathew Wiederkehr, O.S.B., assisted by the Rev. Paul Mosler, O.M.I., of Seymour. Burial was in St. Joseph's Cemetery, at Rhineland.

The deceased was born in Czechoslovakia on September 8, 1878. On May 11, 1900 he was married to Miss May Plushak. To this union five children were born. He is survived by his widow, four children: Joe and Albert Sokora, and Mrs. Julius Kuehler of Rhineland and Mrs. Sherman Brewer of Wichita Falls, his mother, Mrs. Frances Kays of Vernon, his sisters Mrs. George Petrus, Rhineland, Mrs. Wm. Miska, Temple, Texas, and Mrs. Frank Tomsu of Vernon, and the following brothers: Vincent Sokora, Stuttgart, Ark., and Anton Sokora of New York City (unable to attend the funeral) and five grandchildren.

Funeral arrangements were under the direction of the Mahan Funeral Home of Munday.

The citizens of Rhineland extend to the bereaved family their deepest sympathy in their great loss.

Mr. and Mrs. Albert Andrae and family and Mrs. Fred Redder and children visited in Winters, Texas, Sunday.

Mr. Albert Loran and Miss Veronica Schumacher of Abilene visited here Sunday.

Messrs August Schumacher and Ralph Loran left Munday for Laredo, Texas, to attend the state convention of the Knights of Columbus.

Buy Munday Products!

Ewin Jones, Billie and John Perry Hudson spent Sunday at the Seymour Park. They brought back some snails and we plan to learn about them.

You should see our room now. We have mounted butterflies, tadpoles, ants, snails and flowers. Mother Nature is a good friend of ours.

Nell Jones is ill. We hope she will soon be with us again.

Wilburn Lee Chandler visited us Monday.

NEWS

From Other Cities Of West Texas

KNOX CITY BAND WINS HONORS

KNOX CITY—The Knox City high school band won two honors at the West Texas band meet at San Angelo the past week end.

They won third division concert playing and third division march renditions at the meet.

DISTRICT FARM MEET HELD IN SEYMOUR

Agents and committeemen from 17 counties comprising District 3 of Texas, met in Seymour yesterday to hear discussions and information concerning the Wheat Insurance Plan under the AAA program for 1938.

W. W. Rice and committeemen from Knox county attended, according to information received here.

NEW OIL FIELD OPENED NEAR ANSON

ANSON—Oil activity near this city was boomed over the past week end with the discovery of a new field six miles northwest of here.

The Mack Hayes-Montour Production Co. Chittenden No. 1 blew in over the top from a sand at 2993 feet. Estimated production is over 1,000 barrels daily.

HAIL AND HEAVY RAINS DESTRUCTIVE

CHILLICOTHE—Heavy rains accompanied by unusually large hailstones, followed on the heels of a strong wind in the Vernon-Chillicothe area are ruining the past week doing damage to wheat and young grain crops.

Some damage to buildings and trees and gardens was left in the wake of the storm.

CELEBRATION AT DOANS CROSSING LANDMARK

The 55th anniversary of the birth of the town of Doans, on the banks of Red River, which was known as Doan's Crossing back in the old days of cattle drives to market was celebrated last Saturday and Sunday. The celebration has grown into an outstanding historical event in that area.

Miss Nina Astin, county home demonstration agent was in the city Tuesday attending to business.

Hood News

The Sunshine Club ladies met at the home of Mrs. Claud Thompson last Wednesday, for a quilting. Two quilts were quilted at this meeting, and dinner was served to all the ladies present. Those present were Mesdames W. S. Howard, Mary Beatty, John Rice, W. J. Swain, Gus Brown, Douglas Smith, Aubrey Roden, Harvey Brown, Arthur Howard, R. B. Jones, Ewen Beatty, Thurman Cannon, Melvin Thompson, Elmer Brown and Mrs. Thompson.

The club will meet Wednesday afternoon, May 11 at the home of Mrs. Elmer Brown.

Mr. and Mrs. Dock Robertson of Fort Worth spent the week end visiting in this community.

J. W. and Sid Polson were honored with a birthday dinner at the home of Mr. and Mrs. George Weber Sunday. Those attending were: Mr. and Mrs. J. W. Polson, and family; Mr. and Mrs. Sid Polson and family; Mr. W. B. Temple and family; Mr. and Mrs. Douglas Smith; Mr. and Mrs. Rufus Bason; Mr. and Mrs. Lloyd Patterson; C. J. and Junior Weber;

Hefner School News

Official School Paper of Hefner School

CONTRIBUTED BY HEFNER SCHOOL CHILDREN

It seems that everyone had a grand time on our picnic, since most of the letters in our news box told about the picnic. You can see from the 2nd grade letter have lots of fun. Some of the mothers, Mrs. Clarence Jones, Mrs. George Wheeler that we did Murdock, Mrs. Jerry Hudson, Mrs. Toad Walton, and Mrs. Donoho and several other visitors enjoyed the picnic with us. Mother nature's whipping, the sandstorm, did not stop us, for we escaped by going to the brakes in Mr. Hudson's pasture.

We are planning another big day for Friday week, May 20th. Everyone is invited to bring your dinner and come to the big community dinner on the closing day of school.

Emma Jean Brogden and Neoma Norwood have charge of a little program which is to be presented on that afternoon.

Mr. Hughes has said that he will bring a movie of the rural schools of Knox County as well as that Little Black Sambo. Yes, boys and girls, it is free.

Edward Ewin Jones, Billie Hudson and John Perry Hudson went on a picnic Sunday at the Seymour Park. They returned with some snails, a new idea for our Nature Study. Edwin Ewin says that we have not found out just what kind they are since we are highly interested at the present in our tadpoles and frogs.

Zackie says that he went fishing. He caught two fish. One broke his line and almost pulled him in.

Talking about fish, Edward Ewin says that after catching the snails, he, John Perry, and Billie, tried to catch some minnows, but a boy told them it was a \$5.00 fine to catch the minnows. Perhaps these boys are learning some of the laws early, and they seem to have obeyed that one without having to pay a fine.

Benny Ray Jackson and Wilburn Lee Chandler were visitors in our room this week. Wilburn Lee will start to school next year.

We are having our last Bird Club meeting this week, since we are to be with our final exams next week. We have learned many things about birds, and we hope to organize an Audubon Bird Club early next year.

Near our school we have sparrows, scissor tails, orioles, mocking birds, and robins. Their chirping and songs are very gay and cheerful.

We have some tadpoles. They are beginning to change into frogs. First they are hatched

from a mass of frog eggs into tiny tadpoles that breathe oxygen through gills. They have long tails, and they have no legs. Soon the tail disappears. As it is growing shorter the little creature is growing four legs, the hind ones first. Soon he is changed into a little frog, a creature that can live partly on land and partly in the water.

by Dalton Jones

Mr. Oran Chandler of this community and Miss Eunice Walker from near Cottonwood were married Friday, May 6th.

Thomas Owens was absent one day this week on account of a bad cold.

Primary Room

Last Friday our school went on a picnic in Mr. Hudson's pasture. First we roasted some weiners and next we ate sandwiches, fried chicken, cake and fruit. We drank icetea. After we played a few games we toasted marshmallows. No one went away with an empty stomach. Some didn't feel well.

I caught a frog and brought him back to school to study.

Mr. Beard and Mr. Hughes came to visit us Monday. They came just in time to hear our news reports.
