Knox Ginnings Set New Record With 57,772 Bales

A new high record has been set in cotton production in Knox county, according to the report of W. H. H. Griffin, special agent of the Department of Commerce, as of December 31st, on which date there had been ginned in Knox county 57,772 bales, as compared with 29,639 bales ginned on the same date last year, and exceeding the previous record set in the county by something like 8,000 bales, and these figures indicate conclusively that more than 60,000 bales will be ginned in the county this season.

TEXAS FARMERS ASK COTTON AID

The following article is taken from The Houston Post of December 31, and is published here to give local members and the public an idea of the efforts being made by the Farmers Union to relieve the farmers.)

A resolution calling on congress to assist the cotton farmer by lowering tariff barriers and by changing the schedule of war debts, has been forwarded to members of the Texas delegation, it was announced Tuesday by J. E. Edwards, Munday, secretary-treasurer of the Farmer's Educational and Co-operative Union of Texas.

The union, which Monday night concluded a twoday meeting in Houston, recommended that the government consent to confer at once with foreign debtor governments, with a view to finding a re-arrangement of debts that can be carried out without destroying foreign buying power.

Lower United States tariff walls is cited as a primary need to restore the price of cotton and grain. The union declares the Texas farmer recognizes that foreign buyers can pay for Texas cotton and grain only by an exchange of goods or by paying in gold. With the United States in control of half the world's gold supply, he only method no promote flow of trade is through lowering of tariffs, the resolution says.

"So long as international commercial and financial relations remain as they are, the price of cotton and wheat will remain below the cost of production," it continued. "Today's price is less than 50 per cent of pre-war prices for cotton."

But Three Changes In County's Office Holders at Benjamin

Only three changes were made in the official family of Knox county at Benjamin on Monday of this week, when the new officials were sworn in.

Carl Patterson succeeded T. W. Tompkins as county attorney, and two new commissioners were sworn into service, Oral Patterson assuming the duties as commissioner in the Benjamin precinct, formerly held by W. C. Glenn, and Onie Welch assuming the duties of commissioner in the Truscott precinct, relieving Jim Channing.

The three new officials qualified and have assumed their new duties.

FIRST BAPTIST CHURCH

Considering the weather and the flu we had good attendance at both the services last Sunday. We are entering into the new year with high promises to God are everlastingly hopes and bright prospects. The promises of God are everlasting and his blessings are sure.

Mrs. Ammons' class will render a special program at the beginning of Sunday school. There will be special music at both the morning and evening preaching services.

We will observe the Lord's Supper at the close of the evening preaching service.

You are always welcome to any of our services.

W. H. Albertson.

NEW OFFICIALS ASSUME DUTIES MONDAY, JAN. 2

The Knox County commissioners met in Benjamin Monday and approved the bonds for the county and precinct officers and all officers who are to serve the next two years were sworn in and began their service. But few changes were made.

The following will be the official family of Knox county during the next two years:

J. W. Melton, county judge; C. R. Elliott, sheriff; Miss Sarah Wright, tax collector; J. C. Patterson, county attorney; Earl Sams, tax assessor; Marvin Chamberlain, county clerk; Roy Phillips, district clerk; J. T. House, county treasurer; Mrs. Ethie P'Pool, county school superintendent; D. C. Osborne, Will Griffith, Ona Welch and Ornel Patterson, county commissioners.

Sunset Community Mourns Death of Bettie M. Swanner

The Yuletide season in the Sunset community was marred by the sorrow occasioned by the death of Bettie Mae Swanner, 9 year old daughter of Mr. and Mrs. J. G. Swanner, which occurred in the Knox County Hospital at Knox City on Wednesday, December 21, following an illness of only a few days from appendicitis.

The little girl was stricken on Sunday, and on Tuesday was carried to the hospital, where medical attention was given, but no operation was performed.

Funeral services were conducted at the Gillespie cemetery on Thursday following her death by the Rev. C. B. Stovall, pastor of the Baptist church at Knox City.

She is survived by her parents, four brothers and one sister, to whom the entire community extends their sincere sympathy.

Diphtheria Victim Buried On Monday In Goree Cemetery

Funeral services were held at Goree on Monday afternoon for little Charlie Ledean Cunningham, three year old daughter of Mrs. L. B. Smith, whose death occurred at the home on the Ferris ranch on Sunday, January 1.

Charlie Ledean was born May 18, 1929, and was an infant at the time her father, Virgil Cunningham, died in June of 1929. Her grandparents, Mr. and Mrs. Elijah Cunningham reside in Munday.

We join with numerous friends in extending sincere condolence to the bereaved ones.

Boone Dry Goods Co. Will Locate In Munday Soon

Sunset Boone, who for many years has operated the Boone Dry Goods company at Goree, is making plans to move his stock of merchandise to Munday, and will be located in the building being vacated this week by the Lane Cash Grocery, which will be remodeled for the new concern.

Mr. Boone has disposed of a major portion of his stock at Goree and plans to stock his new store here with a complete line of new merchandise, and we are pleased to extend a cordial welcome to this concern and these excellent people to Munday.

Mr. Boone some months ago acquired the Dr. N. L. Davidson residence in the south west part of the city, where the family will reside.

Members of the Munday Fire Department and City Council will be guests of E. B. Bowden on Monday night at a turkey dinner. The boys of the department have agreed that they will entertain with some kind of "feed" during the year, each member entertaining during the month in which his birthday falls, and Bowden has one in January.

CALVIN COOLIDGE DIES SUDDENLY ON THURSDAY

NORTHAMPTON, Mass., Jan 5.—Calvin Coolidge, former president of the United States, was found dead at his home by his wife this noon.

Death was said to have been due to heart disease. His body was discovered by Mrs. Coolidge when she returned from a shopping tour. Mr. Coolidge was believed to have been dead about 15 minutes when found.

Mr. Coolidge went to his office this morning but returned home accompanied by his secretary about 10 o'clock.

Mr. Coolidge had complained of indigestion during the past two weeks but had not consulted a physician during the past month. He went to his office as usual this morning.

His physician, Dr. Ross, said there was nothing today to indicate the former president felt indisposed. They sat talking for some time, he said. Then Mr. Coolidge went upstairs. Ross waited for Mr. Coolidge to come down and dismiss him for luncheon as was his custom. He was still waiting when Mrs. Coolidge returned from a shopping tour, went upstairs and found him dead. Apparently he had been dead 15 minutes.

Father of Mrs. Tom Haney Succumbs at Home Near Wichita

Mr. and Mrs. T. R. Haney were called to Wichita Falls Monday by a message advising them of the critical illness of her father, John Moore, pioneer citizen, who died on Tuesday morning.

The following account of Mr. Moore's death was published in the Wichita Record News on Wednesday:

Funeral services for John Moore, 82, Burkburnett road, will be held from the Hines mortuary chapel at 2:30 o'clock Wednesday afternoon. Dr. H. T. Wood, First Christian church pastor, will officiate. Mr. Moore died at a local hospital Tuesday morning.

Members of the Wichita Falls I. O. O. F. lodge will be pallbearers for the services and the lodge, of which he was the last surviving charter member, will be in charge of burial at Riverside. Pallbearers will be J. B. Marlow, A. C. Howard, T. M. Strawn, B. F. Crawford, King Anderson and J. W. Bussey. Lodge members will meet at the hall at 1:45

Father of Mrs. Tom Haney Succumbs at Home Near Wichita

Mr. Moore came to Wichita Falls 44 years ago from Forney, Texas, and was a pioneer coal and grain merchant in the city. In later years he was an active cattleman and stock breeder at his farm on the Burkburnett road. Mr. Moore was a native of Alton, Ill.

Survivors are a brother, Frank Moore of Chicago; a sister, Mrs. Mary Rupert of Los Angeles; two sons, J. F. Moore and S. J. Moore of this city; three daughters, Mrs. I. S. H. Moore of Wichita Falls; Mrs. T. R. Sides of Childress and Mrs. T. R. Haney of Munday; and several grandchildren, including Mrs. Wilburn Page and John Sides of this city.

The many friends of Mrs. Haney will join us in expressing sincere sympathy.

CARD OF THANKS

We wish to express our sincere gratitude for the many acts of kindness shown us during our recent bereavement, and assure each and every one that we shall ever cherish such friendships.

Mrs. R. R. Jones and children, Mrs. S. L. Jones, Brothers and sisters.

Thinking Out Loud

By J. A. K.

From our good friend, Frank Decker, at Childress, comes a beautiful Christmas card bearing best wishes for 1933, and with an added remark that they enjoy The Times and this column, all of which made us feel good, and here's hoping that good fortune will smile on the Deckers during the year that is beginning.

Perhaps we mentioned it before, but anyway, we want to acknowledge receipt of a very nice Christmas sentiment from the firm of Jones & Eliand, enclosing a perfectly good pencil with a rubber attached to the north end thereof. These little rubbers, we are told, are useful in case of mistakes, and TOI will likely use that end of the pencil over-time during 1933.

Anyway, the cynicism of this column hasn't gone belly over the new theory of Technocracy, for the good and simple reason that he doesn't know what it is, and after reading a number of articles on the subject we've concluded that nobody else does.

A new biography of General Sherman has just been published, which will likely be about as popular in Georgia as Robert Burns' best seller.

Walter Winchell intimates that the arrest of Burns was an advertising stunt for the flicker based on the story. Anyway, it got our two-bits.

Anyway, it may be because we're constitutionally sympathetic toward the under-dog, but we're glad Mr. Burns didn't have to go back to the Georgia chain gang.

Things that may happen during 1933: Democrats may bring back prosperity.

France may pay her debt to the United States.

Grass may grow in the streets of one hundred American cities.

Some Republican postmasters may relinquish their jobs to Democrats.

Ma Ferguson may receive some applications for political patronage.

Psychology probably doesn't have much to do with it, but if people would just cease to talk about the

JUDGE OSBORNE SAYS ROAD DEBT CAN BE PAID OFF

Since the report reached us that the State would not be able to pay the various precinct and county road bonds as has been anticipated, the Advocate editor went to the county records and found the following information about the obligations of the Goree-Munday Road district.

There are now \$127,000 outstanding road bonds against this district. The next interest payment will be due March 1, 1933. The interest on \$127,000 at 5 per cent for six months will be \$3,175.00. A \$3,000 bond will be due March 1st. The interest and bond due March 1st will amount to \$6,175.00.

If the State should be able to pay only one-third of the precinct and county road obligations during the present year, the precinct must pay \$4,116 March 1st.

Inasmuch as only 5 cents has been assessed for road purposes in this district, it is possible that the precinct will not have enough funds March 1st to meet its obligations.

Judge Osborne, in a statement made public this week, says that with the delinquent road taxes that have been paid he believes that he will be able to meet all obligations during the year.

J. D. Kethley Will Have Most Modern Optical Department

Workmen are busy this week remodeling the office recently vacated by M. F. Billingsley, into which J. D. Kethley will be converted into a modern optical office by Mr. Kethley.

Mr. Kethley is one of the few licensed optometrists in this section of the state, being a graduate of one of the leading schools of optometry in the United States, and having done post-graduate work in this line each year for many years. He has fitted glasses for patients over this section for more than twenty years, and has one of the most modern equipped optical plants in West Texas. He has given many years of study to the science of fitting lenses to the eye with a view of rectifying eye ailments, and gives special attention and study to this line of work, and as a result of his achievements along this line he has a clientele of patrons for many miles around this section who come to him with their optical problems, and his success in properly fitting lenses has been the source of great gratification to him.

A. & M. WAY OF CURING MEAT

The following recipe for curing pork the "A. & M. way" has been given us for publication by W. E. Jones, county agent:

For 100 pounds of pork:
8 lbs. salt.
2 lbs. brown sugar.
1 oz. salt peter.

Rub half of the above mixture into the meat and pack down in charred barrel or crock. At the end of five or six days re-pack and rub the other half of the mixture into the meat, at this time place meat skin side down.

Hams and shoulders should be left in the cure 2 days for each pound they weigh. For example, a 15-pound ham should be left in the cure 30 days. Bacon should be left in the cure 1 day for each pound it weighs.

As the meat is taken out of the cure it should be soaked in tap-water for one or two hours and then hung up to dry for 24 hours before smoking is begun. A good smoke wood is green pecan, hickory, clean corn cobs, and many people use green mesquite.

had conditions that prevail here and there, the situation certainly would not be any worse than it is.

Almost daily we hear some story of human misery in some locality—hundreds in the bread-line here and thousands in the soup-line there. It is indeed a tragedy, but we wonder if all the discussion about it helps to remedy the cause.

Forces Will Form Organization For Retention of Law

The Rev. James Sharp, pastor of the Methodist church at Knox City, has issued a call for all forces favorable to prohibition to meet in a county-wide meeting on Sunday afternoon at 2:30 at the court house at Benjamin with a view of forming an organization to combat the efforts that are being made to nullify the Eighteenth amendment and state prohibition laws.

John Lane Grocery Moving To Goree

John Lane is this week moving his grocery stock to Goree, where he will operate the business in the future, and his many friends in Munday and the Munday country will join us in wishing him success in his new location.

The Lanes have been citizens of Munday for many years and have a large host of friends here who will regret that they are leaving Munday but will be glad to know that they will still be neighbors.

WM. M. COFFMAN KNOX PIONEER DIED CHRISTMAS

William Martin Coffman, 78, died at his home eight miles north of Goree, in the Cottonwood community, at 1:45 Sunday afternoon, December 25. He had been in poor health for some two or three years, but had been up and able to come to town occasionally until just a few days before the end, when an attack of flu, combined with his other ailments put him to bed.

Deceased was born in Parker county, Texas, August 4, 1854. He moved to Young county in 1876, and ten years later came to Knox county. For several years after coming to this county he lived in the Lake Creek community, but for the past thirty-five years he has made his home on his farms between the Brazos river and Vera.

He was one of a large family, most of whom are remembered as among the pioneers of this part of the old west. Two brothers, A. W. and Eb, were for many years citizens of Goree, and two sisters, known to their many friends as Aunt Mary and Aunt Sidney, were among the early settlers of Knox county. The above-named brothers and sisters were buried in the Goree cemetery during recent years. One sister, a Mrs. Casdick, recently died at Boasting Springs. One member of the large family of Coffmans who came here in pioneer days still lives here, he is B. Coffman of Goree.

The deceased leaves a wife and eight children and a number of grandchildren. All the children had been notified of Mr. Coffman's condition and were able to reach him before his death. The sons are: Marvin of Rowell, New Mexico; Hardy of Stratford; Minor and Jess of Vera; and his daughters are Mrs. Moore and Mrs. Branham of Stratford; Mrs. Trainham of Vera and Mrs. Cavender of New Mexico.

Funeral services were held Monday, the day after Christmas, at Vera, with the Rev. J. R. Balch of Seymour officiating, with interment in the Vera cemetery.

Must Register Cars In County Where Owner Resides

Automobile owners are again reminded of the law that requires all car owners to register their cars in the county of their residence.

The law not only prescribes that the cars must be registered in the home county of the owner, but provides a penalty not to exceed \$200 for violation of the law.

Car owners have until February 1st to register their cars, but all Knox county citizens must register in Knox county.

SENIOR SCRAPBOOK

Speaking of something sensational, different and fascinating, here's something that should make your blood tingle. Think of seeing a weird play on the night of Friday 13! Not even the spooks of Halloween can equal this marvelous sensation which is to be presented by the Seniors--The Mystery of The Third Gable. Think of being in a house and the cards predicting a murder.

Don't miss it! The famous C. B. Sexton promises to do "scrap" which will, of course, keep the audience in roars of laughter between acts. You just can't afford to miss the most fascinating and smashing hit of the year on Friday, January 13.

We were so thrilled over the play that we almost forgot to tell you how happy we are to again resume the daily routine of school life. The class entered school Monday morn-

ing with bright faces adorned with happy smiles--we're so optimistic. One of our class mates has become a poet and as proof of the statement we are publishing a poem written by her. She gave her name as Annie Hominous (anonymous) but since we're proud of her accomplishment we'll give you the full name on her, written with all but futile attempts, by the poet reporter, as she does other members of the class.

Ready? Here goes:
They Ain't No Class Like Ours
When it comes to having mischief and fun and pep as well, Take this little tip from me That Bettylou Greer is "swell". First in the heart of our dear old class.
Come Dear Prof. Jones, our sponsor, He's proved a keen sport on all occasions But he doesn't like "I don't know"

for an answer.
First is Barbara Elland, Performer of president's duties. She has the unusual combination, Which is, of brains and beauty.
We have never seen Lucille When she wasn't trying. When hard exams are on the board, You never hear her sighing.
Chancy Hobert, we all admire. His chief success is our desire; In football, he beat them all, And for him the girls all fall.
Mildred Burnett, the funniest of our group. Uses a fork to eat her soup. She has lots of knowledge, and she got it fair. But she can't sit still when she's in a chair.

Some in our class are very small, But Marvin Myers is six feet tall. He talks to the girls with perfect ease, And listen girls, he's easy to please.
Jesse George has "oodles" of knowledge, And beautiful eyes of brown. Without his jokes and witty humor, We fear our class would frown.
Weldon Warren is always gay, Although he has but little to say. He only talks a little bit, And he always tries twice before he quits.
About Madalene, I haven't told, But listen, dear, she's good as gold. She's very beautiful, the boys say, And in everything she has her way.

And next comes Lowry Bigsby. The teachers say he's very smart. No matter what he enters in, I'm sure, my dear, that he will win.

Next is Katherine Jones by name. The world of love she's sealed. In every thing she's tried to do, I've heard she's never failed. And next is Frances Thompson, Who is to everyone a friend. Her slogan is truth and honesty, And she sticks to it, to the end. Norcie is easy to please, But her friends she always teases. To study her lessons till late at night, Is Norcie Devlin's greatest delight.
Dorothy is honest, true and good, Her eyes are baby blue. Some may cheat, some may lie, But we've always found her true.
Next is Mildred Moore by name. A little lady headed for fame. She'll make the name of our school known, When she types sixty per to "Home Sweet Home."
Katherine Milan is always sporting, The boys for her do fall. But she's never bothered with their courting.
For she ever nests Ralph in the hall.

Next comes Virginia with eyes of brown, Who, as an artist, will win renown. Her friends she does amuse With comical pictures and the latest news.
Shelton Phillips is a football player, Who might some day be the mayor. In his speech he's very mild, And he never attends a party wild.
Wallace Ross has eyes of blue, He has big broad shoulders, too. His clothes are classy and he wears them well, But for the girls, he never fell.
J. C. Phillips is one in a million, His conduct is hard to beat. His speech is witty and full of fun, And he thinks to argue is quite a fun.

Katie Beth Bowden is a poet, The worst and yet the best. As a seamstress she's very neat, But as a cook, she's easy to beat.
Ivewyn Russell, good bread can bake, And her grades she always makes. But boys are the least of her worries, For when they approach, away she hurries.
There is another little lass, Individual, and what class! Liked because she's nice, Who? None other than Ruth Rice. J. B. Reneau is quite a skulk. He likes to "pep" with the girls around town.

It won't be long until he's college bound, In order to give the other girls a treat.
Chloe Owen is very fair, She has that beautiful, wavy hair. Although you see her all the while, You never see her without a smile.
Arthur Laney is very bright, He knows all the latest cracks. He stays out 'till late at night, We know this for a fact.
Inez Parks is fond of ruffles, But you can bet she's smart. And like the rest, her feet she scuffles, Although she's kind at heart.
Chalmer Hobert has quite a way, He doesn't have too much to say. But with his appealing eyes of brown He's made a hit with the femmes around town.
James Gaither lives on a farm, But he can't be beat when it comes to charm. He's full of mischief throughout the day, And as to graduating, well, he may.

Adelaide Barton is sweet and mild, And one would think her an innocent child, But when it comes to having "pep", No one has approached her "pep". Although Pauline in an "even-some" You can bet she's never lonesome. And though she hasn't much to say, Often her humor saves the day.
W. T. Henderson Weighs almost a ton, He goes everywhere And has "gobes" of fun.
Long-legged Jake Rice Can run for an hour. When he hits that line He surely has the power.
Myrtle Partridge is new to us, But she's never known to make a fuss.

May 1933 Bring You Happiness and Prosperity

THE Old Year has been ushered out . . . the New Year has been bowed in. And with 1933 has come a new spirit -- a spirit alive with courage and energy, and illuminated by a brighter aspect down the track to Recovery.

And there is a reason to look into 1933 with strength renewed and hopes heightened. Such obvious factors as freer spending, rising prices and more activity in marts of commerce indicate that there is a real and tangible basis for better feeling.

In keeping with the spirit of the season, we "resolve" for 1933 to continue our same high quality of service . . . we pledge ourselves to continue to work for the greatest good for this vast "Land of Opportunity" . . . and we wish for you a happier and more remunerative year. "HAPPY NEW YEAR."

New Chevrolets Add Over 85,000 People to Payrolls of Nation

LEFT: New Fisher "No-Draft" ventilation system illustrating how each passenger may have individually controlled ventilation instead of being subjected to a sweep of air through the car, with resultant discomfort and danger to health.
RIGHT: New reason of all closed models screening all unhealthily underparts of the car.

Chevrolet's public showing of its new 1933 line means a material spur to national employment and material consumption, since this company is the largest manufacturer in the largest industry in the world. More than 85,000 people are back at work, 30,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet-Fisher bodies, and more than 30,000 in dealerships throughout the nation. As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet buys from independent suppliers.

Chevrolet's 1932 volume totaled nearly 400,000 cars and trucks with a retail value in excess of \$200,000,000. This is said to be one of the greatest contributions made by any company this year to the economic welfare of America.

In the new line, now on display at all dealers, is a variety of models featuring longer wheelbase, new Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for it the leadership in the industry it has enjoyed for four years out of the past six.

Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling drive; Hypo-Mesh transmission with Silent Second gear; a new "Starter" that greatly simplifies starting; such safety elements as shatter-proof glass in the windshield; larger and lower bodies by Fisher, in the new "Aer-Stream" model; three new "Aer-Stream" models; automatic features in some of those retained; an Orleans Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type; for instant, easy reading; positive brakes; and still easier steering.

JUNIORS

To some of us it really is great to come back to good "old" school after a vacation of almost three weeks, although some of us would not have minded having a few days more of not having to "be bothered" with studying. After all, it really is nice to have a good school to attend.

We hope that Santa Claus was as good to everyone as he was to us. Oh, I'm not sure that he filled all of the Juniors' stockings full, but just the same they all came back to school with bright and shining faces, even if a number of them did have the flu.

Some of us found that we had forgotten almost everything that we had ever learned in Spanish, but

perhaps if we start studying a little harder it won't take long to learn the things we have forgotten.

SEXTON'S SAPPY SAYINGS

Well, I'm just like the little boy what the calf run over, I ain't got much to say. I suppose you all took all your sayin out in doin no-how. An' I'm supposin' some of you flu for so long it took two years to get over it.

I ain't goin' to make no resolutions, I'm just goin' to post-pone some of my worst bad habits.

THE FRESHMAN NEWS.

We Freshmen wish everybody a prosperous, happy new year. We are glad to be back in school and to see the teachers in such good spirits and full of pep.

We regret to lose Margaret Talbot from our class, but we wish her happiness in her school work at Stamford.

John McKenzie has been very ill the past few days with influenza, and while his condition is somewhat improved, he is still in a critical condition.

Shower for Recent Bride.

Complimenting Mrs. Joe L. Mayes, formerly Miss Lillian McGlothlin, Miss Maxine Pendleton entertained at her home Thursday afternoon with a Gingham Girl kitchen shower. Girls arrived dressed in gingham dresses and large hair ribbons to greet the bride and present her with a large blue satin hair ribbon. A bridge was enjoyed for the afternoon with Miss Hazel Deane Eiland winning high score prize and Mrs. Pat Taliaferro low. An electric cream mixer was given as honor gift.

At five o'clock the market boy arrived with three large baskets for the bride, who found in paper sacks every necessary article for the kitchen.

A salad course was served to Mesdames Mayes, E. W. McGlothlin, Cebern Jones, Joe Aycock, Pat Taliaferro, R. D. McDonald of Rule, and Misses Louise Atkinson, Louise Aycock, Lela Brock, Helen Francis Eiland, Hazel Deane Eiland, Maxine Burnison, Vivian Rogers, Jeanette Campbell, Dolores Campbell, Francis McCard of Colorado, and the hostess.

Golden Wedding Anniversary.

Wednesday, December 28, was Golden Wedding Day in the lives of Mr. and Mrs. H. T. Mayes, it being the fiftieth wedding anniversary of this young couple.

At noon they were entertained at a family dinner in the home of their daughter, Mrs. P. V. Williams. In this gathering they were happy in having their son, Avis, and family of Streetman, Texas, Mrs. Carl Maples and Carl, Jr., from Haskell, and a daughter, Mrs. J. D. Kethley and family of Munday. Two sons, Carl, of Haskell, and Roy and wife of Spearman, were unable to be present. Ten of their twelve grandchildren enjoyed the happy event.

In the afternoon Mrs. Williams and Mrs. Kethley were hostesses in a reception in honor of the bride and groom of December 28, 1882. The bride was becomingly attired in periwinkle blue with a corsage of pink carnations tied in gold—a gift of the "groom."

An appropriate Bride's Book received the signatures of about sixty friends who called during the afternoon to extend Mr. and Mrs. Mayes their congratulations and best wishes. They were the recipients of many useful and beautiful gifts, golden colors predominating as expressions of esteem from these many friends. Among the out-of-town guests were Mrs. W. L. Norton, a lifelong friend of the family, and daughter, Mrs. Ven Bailey, of Haskell.

The home was gay in Christmas decorations. A lovely gold cake trimmed in Christmas colors, tea, cake and sandwiches were served the guests.

MCGLOTHLIN-MAYES

On Christmas day Joe Lynn Mayes and Miss Lillian McGlothlin stole quietly away and motored to Waurika, Oklahoma, where they were united in marriage by the Rev. Smith, pastor of the Baptist church. They were accompanied to Waurika by Roy Sanders of Haskell and Miss Maxine Pendleton.

These are two of our most popular young people, both having resided here since childhood. Joe Lynn is a son of C. L. Mayes, one of the real pioneer citizens of Munday, and has been in this town since he was a boy. Lillian McGlothlin is the daughter of Mr. and Mrs. J. H. McGlothlin, who have resided here since they were married. She is now employed in the Joe Mayes Hardware and Implement company here and is in charge of the business.

The bride is a daughter of E. W. McGlothlin, and graduated from the Munday High school two years ago, and has been a leader among the younger social set of the city, and we join with the many friends of these excellent young people in wishing for them a long and happy married life.

WHITEMORE-WILHITE.

On Friday, December 16th, Elder J. Porter Wilhite, pastor of the Church of Christ in this city and Mrs. Alyse Whittemore were united in marriage at Seymour, the ceremony being performed by Elder Ausvin, pastor of the Christian church at Seymour. The contracting parties had planned to keep the marriage a secret and make the announcement at the following Sunday morning services at the church, but despite their efforts, the secret became known to a number before they had an opportunity to make the announcement.

The bride is well known throughout the Munday section, being a daughter of D. M. Wadlington, pioneer citizen of Munday, and has resided in this city a major portion of her life. During her past year she has been a student in John Tarleton

College at Stephenville, where she has been preparing to re-enter the teaching profession, and since her return has been teaching in conjunction with the local public schools.

The groom is one of the leading evangelists in his church in the Southwest, and in addition to doing evangelistic work from coast to coast, has held pastorates in many cities of Texas and the Southwest, including Jacksonville, Palestine, Electra, Cisco, and other cities. He came to Munday some weeks ago for a series of religious discussions at the local Church of Christ, and following these discussions he was prevailed upon to accept the pastorate of the church, however, his acquaintance with the bride had extended over a period of years.

The Times joins with their many friends in extending congratulations and wishing for them a long and happy married life.

Miss Faye Briggs Weds.

Relatives and friends here have learned of the marriage of Miss Faye Briggs, former teacher in the Munday schools, to Mr. Raymond E. King of Terrell, Texas. While the ceremony was performed at Durant, Oklahoma, on August 29, they made no announcement of their marriage until Christmas.

The bride is a daughter of Mr. and Mrs. E. S. Briggs of Rockwall, Texas, and is a niece of Mrs. W. H. Atkinson and Judge M. F. Billingsley of this city, and during the years that she served as a teacher in the local schools she endeavored herself to the citizenship of Munday.

The groom is associated with the Texas Power & Light Company at Terrell, and they will make their home in that city.

The Times joins her many friends here in wishing for them a long and happy married life.

Woman's Missionary Society.

The Woman's Missionary Society met Monday afternoon in the Sunday school room of the Methodist church to finish up 1932 business and make plans for the new year. We were rather proud of our last year's report, but plan larger and better things for 1933.

The new officers will be installed Sunday night.

We are sorry to lose one of our members, Mrs. John Luns, who is moving to Getze.

There is one thing we would like to impress on the members of the Methodist church, and that is that the Missionary Society is composed of members of the church, and you are a member whether or not you enroll. We would so appreciate it if you would come to the meetings. Won't you come? I am sure you will enjoy the meetings and it might bring you more happiness through the new year. —Reporter.

AT THE CHURCH OF CHRIST

J. Porter Wilhite, Minister

The new year has started off fine. We had a pretty good congregation at each service on last Lord's Day, and we hope to have an increase each Lord's Day, as they pass by. Don't disappoint us next Sunday, because we will be looking for you. Morning subject: "Is there a David in this congregation?" Evening subject: "The New Year" or "God's New Year."

At 7:30 p.m. we had a special service, singing at eleven o'clock, and evening at 7:30. Sunday school begins one hour earlier in the morning. Young folks meeting begins on hour earlier in the evening. All are welcome to all services. We also have a ladies Bible class which meets at three o'clock on Tuesday afternoons. We are studying the first seventeen verses of the first chapter of Romans for next Tuesday. Come and be with us whether a member or not. We will also call your attention to the Friday night singing at the church. We have some real good singers, and if you enjoy singing you should not miss this night service. We are trying to make this the church with a glad hand, and assure you that you will find a hearty welcome awaiting you, so come, wherever you are.

RHINELAND

In spite of the inclement weather our school carried out its Christmas program in the school auditorium on last Friday evening. Appropriate numbers were rendered by the students of the various rooms. Following the close of the program the many gifts that were deposited at the foot of the tree were distributed among the audience. Santa seems to have been very generous to many. It was very difficult to get down to real work after having had a most enjoyable time during the holidays, but, what was worse, we had exams on the Monday and Tuesday following New Year's day. Miss Marguerite Hopkins was a visitor at our school on Tuesday fol-

CARTWRIGHT

On account of so much rain and snow farmers are getting behind with their bell pulling. Some few are through, while others have quite a bit in the field yet.

Most every home has had influenza. Some few are beginning to move. Mrs. Jacob's sister is visiting her from Waco during the holidays.

Ray Yarbro, of Knox City spent the week end in this community.

Floyd Searcy happened to the misfortune of having his car stolen during the holidays.

Dan Wallace was in Benjamin on business last week.

Arch Cookrell, our linotype operator, has been laid up at Seymour as he was very sick a few days ago. He has several new lines that we would like to have published, but we will try to have some of these in the Times next week.

HEFNER NEWS

John Biley, 87, died at the home of his son, J. H. Biley, on Sunday night following an illness of several days. Mr. Biley had been in ill health for several days and for some weeks has been unable to get about. His remains were carried to Alford, his old home, for burial beside the grave of his wife, services being held there the following day, January 2.

Elija L. Howard, 73, of Littlefield, Texas, died at the home of his son, Homer Howard, on January 3, and the remains were laid to rest in the Knox City cemetery the following day. Mr. Howard came from Fannin county and for many years made his home at Knox City. He was a devout Christian and a member of the Baptist church, and an excellent citizen. He is survived by his wife, six sons and four daughters, all of whom except three were at his bedside.

Born to Mr. and Mrs. Jess Chandler, a girl, on December 3.

The farmers are anxious to finish gathering crops.
