hand.

tresse
at time in a young-
when he feeds out an
4-H project. We know
a 4-H clubber once.

Pa
a 4-H clubber once.

Our brother got the biggest one,
at we selected the prettiest one
a little female pig—and named
her Janie.

Janie soon learned her name,
and we think she was just about
the smartest pig that ever lived.

We'd start toward the pen with
some slop, some soaked shorts
with tankage added, or some
other kind of feed and start call-
ing Janie, and she'd blame near
break out of the pen.

She'd start squealing, nosing
around the cracks and trying to
climb the board fence. And that
rookus would begin when we'd
call, if we were close enough for
her to hear us.

While chopping cotton, we'd
gather some nice, juicy careless
weeds and take to her as we went
to the house for dinner. We'd call
when we got close enough, and
Janie would start raising cane.

Every so often we'd have to
weigh Janie, and make a report
to the county agent on the pro-
gress we were making with our
project. The weighing process
was one operation Janie didn't
like a little bit.

We'd slip a cotton sack under
her belly, then two of us would
lift up on the cotton scales until
Janie was off the ground, and
another would do the weighing.

Janie would kick and squeal and
raise such a fuss that it was hard
to weigh her. But when it was
over, she was in pig heaven if she
could just lay quiet and let us
scratch her. Pigs like that, you
know.

We kept a record of all feed
expenses, not counting that Pop
donated, and at the end of our
operations, we showed some pro-
fit and got some sort of certifi-
cate, or something, for keeping a
complete record.

Finally, the show day came—
we think it was at the county fair
—so we loaded Janie and our bro-
ther's pig into the wagon and
headed for town to enter them in
competition with other swine.

Janie was the prettiest one of
the whole lot, we thought. She
was plump as she could be, fat as
a butterball, pretty as a picture,
and almost as intelligent as a
human being.

She didn't win any prizes,
'cause there were no ribbons on
her pen when we went around to
check up after the judging was
over. We thought the judges were
kinda unfair. They went about the
judging too rapidly, and they
passed up lots of the good quali-
ties we knew Janie had.

Anyway, time came for us to
get rid of Janie. She'd been fed
out, entered in the show; her mis-
sion seemed accomplished, and Pop

January 31 Is Deadline For Poll Taxes

The deadline for paying poll taxes for the 1948 election year will be January 31, 1948. January 31 is also the last day for paying 1947 taxes without penalty and interest being added. Poll taxes are \$1.75 each; and a married man must pay his wife's poll tax, if she is eligible for poll tax, in order to pay his own. Those wishing to pay by mail, please enclose a statement with the following information: Name, age, number of years in county, number of years in state, occupation, birth place, and voting box. M. A. Bumpas, Jr. Tax Assessor-Collector.

Unique Show To Be Presented Here Jan. 29-30

The American Legion has announced the arrival of Miss Evelyn Jewell, who will assist in presenting and directing "Fun For You," the new show described as the "Atomic Bomb" of entertainment. "Fun For You" will be presented at the local school auditorium at 8:30 p. m., on Thursday and Friday, January 29 and 30, for the benefit of the new Legion Hall.

Rehearsals are underway for the biggest show to be staged here in some time, as the cast and chorus will be composed of almost one hundred people. Local people will impersonate famous stage, screen and radio stars.

There will be prizes, audience participation, laughs, fun and lots of entertainment. Five door prizes will be awarded each night. Dr. I. Q. will give silver dollars to those people who can answer his questions correctly. Tom Breneman will award his wishing ring, give a lovely corsage to the eldest lady present, award nylons to the lady in the audience with the craziest hat, and present a gift to the "Good-good Neighbor." If you know someone who has done many good deeds, charitable, civil or neighborly, then please (Continued on last page)

American Legion To Compile New Service Record For All Veterans

Lowry Post No. 44 of American Legion is sponsoring a Historical Service Record of all Knox county war veterans, and the post is requesting photos and service records of these veterans. This will be a bound book with pictures and historical data of each veteran. All veterans are requested to send a picture in uniform (any size) together with the filled out questionnaire below to: Kirby Fitzgerald, c/o Lowry Post No. 44, American Legion, Munday, Texas.

All Gold Star boys will be placed at the front of the book, and pictures of county landmarks and places of interest will also be carried.

The book will be available, in that it will preserve memories of yourself and buddies. The local post is interested in carrying pictures and records of every Knox county man who served his country during any American war.

Directors For March Of Dimes Are Announced

In every community in Knox County dimes are being brought to school in the "Dime Cards," placards enlist support, cash registers put change into handy containers, and public gatherings of all kinds take time to contribute to the support of the Foundation for Infantile Paralysis.

Munday residents are talking about the fact that if Knox City could raise nearly six hundred dollars last year, that Munday will come up this time with much more than the four hundred of last year. Gore workers mention the fact that if Rhineland could raise over a hundred and sixty dollars last year that Gore will be sure to get more than the hundred and fifteen they raised last year.

Even Vera has decided that Sunset will not exceed their subscription by a dollar and eighty-two cents as they did last year. The following local directors are on the job and will appreciate your help in every way: Knox City, Rev. F. B. Bailey; Sunset, R. I. McLeary; Munday, Winston Blacklock; Gore, Barton Carl; Rhineland, Mrs. C. J. Albus; Benjamin, Mrs. Lee Snailum; Gilliland, Mrs. Forrest Carter; Benjamin, Mrs. Lee Snailum; Vera, Mrs. Lee Feemster; Brock, Mrs. Finis E. Walker; Women's work for the county, Mrs. R. M. Almarode.

The time is short and the need is great and we are blessed with plenty—so cheerfully and gratefully get in for more than a dime.

Basketball Games Set For Independents Are Postponed

Joe Bob Stevens, coach of the Munday Jaycee independent basketball team, announced Tuesday that all games scheduled for this week have been called off.

This action was taken due to the serious injury of one of the players, Glenn Myers, who was injured last Monday when his tractor overturned on him.

Condition of young Myers is reported to be very serious. Announcement will be made as to when the Jaycee team will resume its schedule.

Mrs. Polson Is Buried At Goree Last Saturday

Mrs. John W. Polson died suddenly in her home in Goree Friday, January 16.

Nora Elenor Payne, daughter of Mrs. F. M. Payne and the late Mr. Payne, was born March 15, 1885, at Couch, Missouri. She came with her parents to Eastland, Texas, at the age of five and moved to Knox county in 1905, settling on the place in the Hood community where her mother still lives. She was converted at the age of fourteen and joined the Baptist church. In September 1931, she was married to John Polson. They moved to Goree in 1941 where they have made their home since.

Mrs. Polson is survived by her husband, her mother, Mrs. F. M. Payne, two sisters, Mrs. Mary Tidwell of the Hood community and Mrs. Mina Waldrip of Lamesa. Three brothers, Dr. W. E. Payne of Slaton, Rufus Payne and Eugene Payne, Goree. Six step-children, Mrs. Esther Webber and Mrs. Grace Smith, Goree, Mrs. Cleo Melton, Garner, Leslie Polson and Mrs. Audie Menges, Fort Worth, and Mrs. Helen Patterson of Munday. Three nieces, three nephews and six step-children.

Funeral services were held from the First Baptist Church in Goree Saturday, January 17, at 3:30, conducted by the Rev. S. E. Stevenson, pastor assisted by the Rev. C. R. Copeland, pastor of the Goree Methodist Church.

Palbearers were: Jack Tidwell, C. A. Menges, L. M. Patterson, G. A. Jones, Joe Webber and Tom Webber.

Out-of-town relatives who attended the funeral were: Dr. and Mrs. W. E. Payne, Slaton; Mr. and Mrs. Bill Waldrop, Lamesa; Mr. and Mrs. Horace Woodward, Mr. and Mrs. Lester Miller, Lubbock; Mr. and Mrs. A. G. Jones, Swenson; Mrs. Tommy Bramlett, Edmond, Okla.; Mr. and Mrs. C. S. Polson, Burk Burnett; Mr. and Mrs. Herman Spann, Mr. and Mrs. W. Coursey, Wichita Falls; Mr. and Mrs. Leslie Polson, Mr. and Mrs. Claud Menges, Fort Worth; Mr. and Mrs. Raymond Melton, Garner; and Mr. and Mrs. Lloyd Patterson of Munday.

The Hub Store Will Hold Grand Opening Friday

Announcement is made this week that The Hub Store, Munday's newest dry goods store, will hold its formal opening on Friday of this week, beginning at ten o'clock Friday morning.

The store, located in the newly completed Mayes building, has been completely stocked with quality merchandise for its introduction to the people of this trade area. It presents an attractive appearance, too.

R. A. Noret and Alton Middleton, owners, and "Casey Nebhut, manager, invite the public to visit their new store on opening day.

SONG DRILL CLASSES BEING CONDUCTED AT THE CHURCH OF CHRIST

S. T. Easley of Munday is teaching a song drill class at the local Church of Christ, and good attendance and best of interest is being reported.

Classes opened on Monday of last week, and are being held for two hours on Monday, Tuesday and Wednesday nights, beginning at seven o'clock. They will be continued until a total of 30 hours have been completed.

Mrs. G. R. Eiland returned home the first of last week from Lamesa, where she spent some time visiting with her children and other relatives.

Weather Report

Weather report for the period of Jan. 15th thru Jan. 21st 1948 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1948-1947		
Jan. 15	32	43
Jan. 16	25	35
Jan. 17	13	30
Jan. 18	22	33
Jan. 19	29	33
Jan. 20	26	35
Jan. 21	26	25

Rainfall to date this year, .26 inches. Rainfall to this date last year, .60 inches.

Final Plans Are Completed For Calf Show Next Saturday

Poultry To Be Shown Here With 4-H Calf Show

R. D. Atkeison, working with Jim Shockey and E. B. Littlefield, as the Chamber of Commerce Poultry Committeemen, stated this week that junior poultry breeders would exhibit six pens of poultry at the annual calf show. These pens will contain trios of white leghorns from the stock of poultry distributed by the Munday Chamber of Commerce.

These birds are from hens with trap-nest records between 270 and 300 eggs per year, and from roosters whose dams produced over 300 eggs by trap-nest records.

Mr. Atkeison states that the first trio will receive a \$5 award, the second \$3, and the third \$2. Champion cock and champion pullet will each receive a \$2 cash award. The boys then release the poultry to the committee for resale to help cover the original expense and prizes. Roosters from the same stocks are now selling by the breeder for an average of \$7. Hens from the same stock are selling for an average of \$3.

The committee's long-time objective is to raise the county's average of eggs produced by each hen from around 149 eggs per hen to well over 200 per year.

Sunset School Senior Play To Be Jan. 30th

The Sunset senior class will present "The Campbell's Are Coming", Friday January 30th in the school gymnasium at 7:00 o'clock. The characters are as follows:

Mr. Brannigan is a shrewd and energetic country woman of sixty, whose life is completely wrapped up in her grandchildren. This character will be played by Carolynne Jones, who is a cinch for comery. Catalpa is a rather grotesque hillbilly girl of sixteen who is tall and skinny and has long, thin legs. She stands pegion-toed and speaks in a shrill mountain drawl. Maxine Hill is this character.

Betty is an exceptionally pretty girl of fifteen, who because of her intelligence, appears older. She is impetuous and eager, sincere and loyal. Mozelle Booe will appear as Betty.

Dick is a healthy, clean-cut American youth of seventeen, humorous and lovable. This suits our sponsors choice, Tommy Joe Richardson.

Bildad Tapp is a tall, gaunt hillbilly in his early fifties, hard-faced and shifty-eyed. He is a hard looking customer. Joe Lynn Yost will present the part of Bildad. (Continued on last page)

Baby Contest To Be Sponsored With "Fun For You" Show

The American Legion sponsoring "Fun For You" show will be held on Thursday and Friday nights, January 29 and 30 at 8:30 p. m. at the Munday school auditorium, will feature a special event on Friday night at 8:30 p. m.

It's a penny a vote for all children between the ages of one day and six years and who'll be the winner in this Tiny Toy Popularity Contest. The contest will start on Friday, January 23 at 4:00 p. m. and end at 4:00 p. m. on January 30.

Decorated jars will be in various stores down town, so look for your favorite child's jar and vote for them for top honors.

We will crown a king, queen, prince, princess, duke and a duchess of toyland. These babies will be presented in the court of toyland at Friday night's show.

Watch for our contest window which will feature pictures of all babies entered in this contest. For information about entering contest, call Mrs. Roddy Griffith, Mrs. Dorse Dickerson, Mrs. Chase Eiland, Mrs. Ed. Johnson, Mrs. Horace Stubblefield, Mrs. Joe Lane, Mrs. Cecil Suggs or Mrs. Chan Hughes.

Brought Home

The family of Cletus W. Donoho, above, returned Tuesday from San Antonio, where they went for his interment in the Fort Sam Houston National Cemetery on Monday, January 19, at 3:30 p. m. Donoho's body was moved from the U. S. Military cemetery Henri Chappelle at Eupen, Belgium.

Glenn Myers Is Hurt In Tractor Mishap Monday

Condition of Glenn Myers, 20, who was injured in a tractor accident last Monday, was reported unchanged Wednesday morning. Attending physicians expressed the belief that he would recover, unless other complications resulted.

Young Myers was injured about 2 p. m. Monday when the tractor he was driving overturned on him as he was at work on his father's farm, west of Munday.

The accident occurred about a half-mile from the Myers farm home, but he was not discovered until over an hour after the occurrence. He was found pinned beneath the tractor.

He was taken to the Knox County Hospital by H. R. Hicks, neighbor farmer. Physicians said he had received a fracture to his right hip, pelvis injuries, and lacerations. An examination did not reveal internal injuries.

Chevrolet Moves To New Location

Niel Brown and his corps of helpers started the job of moving the Niel Brown Chevrolet Co. into its new location Wednesday. The Chevrolet firm will soon be completely housed in its new building, located on the curve just north of town.

Work of renovating and adding to the building which was moved here from Camp Berkeley has been going on for some time and was completed last week.

The new quarters affords the firm more space for display and repair shops, and the owner believes he will be in better position to serve the public. He invites everyone to visit the Chevrolet house in its new location.

Mrs. C. H. Giddings of Dalhart came in last week for several days' visit with friends here. She plans to return home sometime this week.

C. R. Elliott, chairman of the Livestock Committee of the Munday Chamber of Commerce, announced this week final plans for the annual Knox County Fat Steer Show to be held Saturday in the new shop of the Munday Truck and Tractor Company.

Plans for the morning include the annual 4-H—F.F.A. judging contest beginning at 10:30; followed by the poultry judging by Mr. Frank Kirk of Abilene.

Immediately following the noon meal will come the actual judging of the junior steers, followed by the senior steers and the main event of the day, the selection of the Grand and Reserve Champions of the county. Following this will be the selection of the steers for the District Show, and the announcement of the judging contest winners. Ray Mowery, of Texas Tech, animal husbandman, will preside as official judge for the day in the above events.

At 4:00 p. m. there will be an auction of 4-H fat steers; followed by the auction of the 4-H certified poultry distributed earlier by the Munday Chamber of Commerce.

The Livestock Committee states prizes will be as follows in both the junior and senior steer class: 1. \$20; 2. 17.50; 3. 12.50; 4. 10; 5. 7.50; 6. 7.50; 7. 7.50; 8. 7.50; 9. 7.50; and 10. 7.50. Each boy will also receive an appropriate ribbon. Grand and Reserve Champions will receive \$20 and \$15 respectively, plus a rosette.

This week the boys are putting last minute touches on their calves prior to leading them into the show arena.

Rip Collins has taken charge of the test for the day. He will be the first event of the day. Judges should contact Mr. Collins prior to the time of the judging contest so that he may record each boys name on his records. Mr. Collins states there will be a rosette for the first three teams and a cash award for the winners.

Several out-of-county agricultural officials and stockmen have indicated they will be present for the show.

The events for the day will be recorded on color movie film by E. C. Ponder and D. F. Swindall, Munday public school teachers.

Much work has been put out by the Munday personnel, and everyone is looking forward to a good show.

Plants Available For Wind Break

D. A. Anderson, of the Texas Forest Service, has announced that he has a number of plants available for wind break material. His selections include Chinese Elm, Red Cedar, Western Yellow Pine, Desert Willow, Russian Mulberry and others. These plants must be placed in areas subject to wind erosion, and be so located as to protect the fields.

Knox County farmers interested in securing some of these plants may contact J. M. Carpenter, County Agricultural Agent.

SON BORN TO MR. AND MRS. W. R. MOORE, JR.

Mr. and Mrs. W. R. Moore, Jr., are proudly announcing the arrival of a son, who was born on Thursday, January 2, at the Knox county hospital. He has been named W. R. Moore, III.

Mrs. Moore and little son were brought home last Tuesday and are reported to be doing nicely.

"Used Cow Dealer" Bringing New Service To People Of This Area

The "used cow dealer", the Central Hide and Rendering Co. of Wichita Falls, has again included its service to the Munday area. The service of picking up dead or crippled animals was initiated here several years ago, but was later discontinued.

The company announced last week that this area is again being added to its territory, with "something new being added." This "something new" is a service which complies fully with the president's conservation program, in that it augments the lagging supply of inedible greases, thus releasing supplies of edible fats for use in the preparation of food products.

Jim McDonald, a former Munday resident who is connected with the company, stated that the firm will give prompt and efficient service in removing dead or crippled stock from the premises. All that is necessary for farmers and stockmen to do is to phone No. 300, Munday, Texas, collect, and the company's removal truck will be there in short order. It is believed local farmers and stockmen will appreciate this service and will cooperate fully. During the past few years, many have found it difficult to locate a removal service when animals died.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; year one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

WELCOME TO EVERYONE

Knox county's 4-H Club boys will be bringing 21 choice fat calves to Munday for the fourteenth annual 4-H Club calf show next Saturday.
 The Munday Chamber of Commerce is sponsoring the show, and local merchants are cooperating in every way possible to make this a great day for 4-H Club people, their families and their friends.
 Each two years it is the privilege of Munday to be host city for this show. This annual event is alternated between Munday and Knox City, so this is the year for the show to come to Munday.
 A nice prize list has been announced for the winners, with each boy who shows a calf getting a prize. And a feature of the show will be the noon-day feed for the 4-H clubbers, their families and friends.
 All of Munday joins in extending the rural people a cordial welcome here next Saturday. They hope you will enjoy the day, and they hope you will be made to realize that Munday still maintains a portion of that old western hospitality that was typical of the pioneer days.
 The kind of weather we've been having the past two weeks reminds us of how wonderful it would be if our street paving was already completed.

A DECADE OF SERVICE

Again the March of Dimes is swinging along, and again Americans are being asked to give their dimes and dollars to help the fight on infantile paralysis.
 This year it is the tenth birthday of the National Foundation for Infantile Paralysis that gives special emphasis to the annual campaign for funds to help polio patients and to wipe out this treacherous disease. The campaign, to be held January 15-30, also emphasizes the fact that for the last five years polio incidence in the United States has been the highest for any similar period in the nation's history. Approximately 80,000 Americans, mostly children, have been stricken with the disease in the last five years alone.
 There has been no letup by the disease. There must be no letup in the fight against it. No one knows what lies ahead, or where and for how long polio may strike in years to come. Last summer drove home one sad but undeniable fact—that polio knows no boundaries. Our troops stationed in Europe and the Pacific were stricken, as were children and adults in Boise, Akron, Los Angeles and other centers of the 1947 out-breaks. For some areas, the 1947 epidemic was the first in years; for others, it was consecutive.
 After ten years, the National Foundation for Infantile Paralysis has won the heart of every American by its championing of the cause of polio victims. Without considering age, creed, color or race, the National Foundation has earned the confidence of all by its help for patients afflicted by this wide-spread disease.
 The National Foundation helps pay the bills that pile up for the families of infantile paralysis patients. It sees to it that the best available medical and hospital care is provided. And—so important in the long view—it is sponsoring extensive programs of research and technical education. Research is gradually narrowing the field in the hunt for the complete answers to infantile paralysis and it will be simply a matter of time before those answers are at hand.
 Professional education assures a supply of pediatricians, nurses for patients of the 1946 epidemic, will total \$30,000,000, excluding this year's toll. Polio patients need YOUR dimes and dollars. YOU need the satisfaction of giving. So, let's give generously, and join the MARCH OF DIMES.

CITATION BY PUBLICATION

The State Of Texas
 To: Clarissa Crow, (nee Douglas), and the unknown heirs of Clarissa Crow, deceased, Jim Douglas and Vivian Thompson, (nee Douglas), and the unknown heirs of Jim Douglas and Vivian Thompson; Brown Douglas, Roy Douglas, Mack Douglas, Hallie Wallace, (nee Douglas), and her husband whose name is unknown, Bess Douglas, Grace Douglas and Ruby Douglas, and their husbands whose names are unknown, and the unknown heirs of Brown Douglas, Roy Douglas, Mack Douglas, and Hallie Wallace, Bess Douglas, Grace Douglas and Ruby Douglas; Jessie Douglas and the unknown heirs of Jessie Douglas, deceased, and all the heirs whose names and place of residence is unknown of Mary Munday, (nee Douglas), deceased.

From where I sit... by Joe Marshall

From Sheepskin to Sheep

There aren't too many college graduates in our town. Good honest thinking, yes...but most folks went from high school into farming.
 No harm in that! But I admire veterans like Dick Newcomb... who's 23, but going to college under the G.I. Bill of Rights. Intends to be a sheep farmer—but a better-informed, more scientific farmer, with more know-how!
 And veterans like Dick aren't letting anything interfere. What little relaxation they allow themselves is in the form of needed exercise, or books, or conversation and an occasional glass of beer with friends.
 Seems as if, just by having their education postponed, they've a higher value on it...and things like temperance (that glass of beer, for instance), understanding, and good citizenship. A from where I sit, when Dick gets his sheepskin—he won't have lost much time. He'll be an even better farmer than his Dad. (Exactly what Dad wanted!)

Copyright, 1948, United States Brewers Foundation.

Kraker Krumbs—

(Continued from Page One)
 said we weren't going to feed her any more.
 A buyer came along, and Pop took change of the selling deal. We expect he thought we'd put too high an evaluation on our pig.
 The pig was sold, and we de-

parted for home, leaving her in the pen and her buyer promised to come get her.

We knew pretty well what her doom would be. She'd become ham and bacon on somebody's table, and we didn't want it to be our table. Much as we liked pork, we couldn't eat one bite of Janie!

We went home sorrowfully,

that lump in our throat just kept getting bigger. Even that nice little check we took home didn't quite compensate us, nor relieve our grief over Janie's fate.

When we got our certificate later, for being a successful club boy, we felt some better. But we never did take another club project!

Mrs. A. C. Price returned to her home in Grand Prairie last Sunday after several days' visit with her brother and sister-in-law, Mr. and Mrs. C. R. Elliott, and with other relatives.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Knox Prairie Philosopher Gets His Income Tax Report In, With His Records In No Better Shape

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has been struggling with his income tax re-

port, his letter this week reveals, and we're glad it's his worry, not ours.

Dear editor:

Since farmers have to pay their income tax ahead of most people, or is it behind, I ain't sure which, except I know we got to have a report in by January 15, I wasn't sure I was gonna get around to writin you a letter this week as there ain't nothin that disturbs a man's peace of mind and interferes with global thinkin so much as a annual session of figurin, when you sit down with some half-scribbled records and prepare to struggle with your income tax and your conscience.

J. A.

This time last year I swore I wouldn't get caught no more with incomplete records, like last year when the feed costs for my chickens was written on the hen house door an, the door blew off and I had to guess, but it seems like it just don't make much difference how strong a resolution you make at the beginning of the year, record-breaking goes all right for a few days and then it begins to slide, and also there is unforeseen accidents that plays havoc with a man's bookkeepin system.

For example, this year I wasn't takin no chances with the hen house door blowin off, in fact I ain't put it back from last year yet and it's still layin where it fell and the hinges won't work no way, and so I wrote my feed costs down on the hen house wall, but I didn't hav no way of knowin the wind would blow the roof off and if the income tax collector thinks he can read them rained-on figures now he's welcome to come out here and do it, I blame sure can't.

Also, I had some important figures on cash sales of three Jersey steers written on the fourth plank from the north wall on my back porch, but it wasn't my fault a blizzard blew up before my wife had a chance to get any wood in and I had to rip out a few more planks to keep the fire goin in the kitchen stove and accidentally got the one with my figures on it.

Now when your figures get in this shape, plus a lot of other things and you ain't sure whether you owe any tax or not if everything was in and besides you know blame well you ain't got nothin left to pay it with no way, it puts a man in a burdensome frame of mind and don't leave no ambition to devote any thought to world problems, but it's a great relief when you bundle up whatever figures you got and write them down and send in the report and trust to luck. Income taxes is

a fine thing but the government ought to furnish bookkeepers for farmers, although they'd have to be long on patience and good at guessin if they expected to last out here on Miller Creek. I don't expect to be in no better bookkeepin shape this time next year than I am now.

Yours faithfully,
J. A.

Mr. and Mrs. W. D. West and children, Wanda June, Joyce and Billie Joe of Seymour spent last Sunday in the home of Mr. and Mrs. Chester Lain.

Misses Betty Stodghill, Charlene Fitzgerald, Donita Davidson and Bera Faye Spann attended a birthday party for Miss Sylvia Beard at Abilene last Friday. They returned home Sunday afternoon.

Breathes there the one with soul so dead who never to herself has said, some day we'll build our own home!

It wasn't long after we were settled in our compact little apartment that I began dreaming of a winding staircase, large, gracious rooms and acres of closet space. All for "some day" I clipped floor plans, collected decorating tips and selected lovely color schemes. Then one cozy wintry evening I announced to the Man of the House that my dream home was ready—on paper—from doorknobs to bookshelves. Naturally, I agreed magnanimously, plans were subject to extensive alterations to suit his pleasure. Well, the cad took a quick look and guffawed!

It appears you can't have running water where you want it without pipes. But, you can have water where you don't want it unless you have such unromantic-sounding things as gutters, downspouts and flashings. The first two "things", my spouse informed me, conduct water from the roof while flashings prevent leakage at joints such as where the roof meets the chimney.

To top off my chagrin, the Ever Wise produced booklets, pamphlets and the summary of a talk he had had with an architect friend, all concerning safeguarding the home with copper and brass.

Patiently he explained that copper tube and red brass pipe are sturdy, rust-free and resistant to corrosion. "So?" I asked, still a little hurt. "Look," says he, "good brass and copper plumbing will deliver rust-free water for more years than you can think about. Furthermore, when about 50 tons of water fall on the average roof every year, the gutters and downspouts have to be good. The best is none too good for the Stuarts, and that means copper."

I was pleased as wedding punch to know he had carefully planned for our future home—and told him so. But no matter what anyone says, leave it to a man to have the last word. I was just drifting off to sweet dreams when he brought forth the clincher. "And another thing—copper piping that brought water to Egyptian Pharaohs more than 5,500 years ago can still convey water!"

Citizens Urged Continued Program Of Conservation

Although "Eggless Thursdays" are no longer a part of the Voluntary Food Conservation Program, it doesn't mean that poultry producers should let up on the grain conservation drive.

Ted Martin, extension poultry husbandman for Texas A. and M. College, says that January usually marks the beginning of the normal increased production period for laying hens and for that reason, it is believed that "Eggless Thursdays" can be dropped from the food conservation program. However, there are still too many unproductive hens in Texas flocks, and unproductive hens mean wasted grain.

In a recent letter to all county extension agents, Martin pointed out that a 200-egg hen will produce a dozen eggs on five pounds of feed, while it requires 11 lbs. of feed to produce a dozen eggs from an 80-egg hen. "It's a waste

of time and money, as well as grain", he said, "to continue feeding hens that don't pay off in eggs."

The National Poultry Coordinating Committee recently reported that the flock culling program is behind schedule in the United States with approximately 35 million inefficient hens still on a diet of scarce grain.

Martin says that although the hen population in Texas has dropped considerably, due in part to the culling program, poultry producers are urged to continue culling their flocks in order to get the most efficient use of the grain that is fed.

Mrs. W. M. Hearn of Tulia and Mrs. Alice Allen of Alpine are here visiting with their sister and family, Mr. and Mrs. W. E. Reynolds.

Miss Florene Decker of Fort Worth spent the week end with her parents, Mr. and Mrs. H. P. Decker.

"FEEDING PRACTICES" THAT SAVE GRAIN PROFITABLY

HERE'S HELP FOR YOU...

The "1948 Feeding Practices" bulletin contains timely, practical information on management and feeding to help you. This authoritative, annual publication, used so extensively in past years, will be even more useful than before to livestock producers who get their free copy immediately.

Efficient, economical livestock production with minimum use of grain is the major problem in 1948 for stockmen and farmers. Good management, built around grass, roughages and protein, is the key to solving the problem.

Baptist W. M. S. Has Social Meet In Reeves Home

The Womens Missionary Society met in the home of Mrs. Jim Reeves Monday afternoon in a social and business meeting.

Mrs. Wallace Reid was co-hostess.

An inspiring devotional was given by Mrs. A. U. Hathaway. A short business meeting was held after which a social hour and refreshments were enjoyed by fourteen members and one visitor, Mrs. J. W. Berry of Lubbock, sister of Mrs. Jim Reeves. Members included: Mmes. W. H. Albertson, C. N. Smith, Clyde Nelson, B. L. Blacklock, M. L. Barnard, M. H. Reeves, Leland Hannab, J. O. Bowden, A. U. Hathaway, C. R. Parker, C. M. Thompson, E. Thompson and the hostesses, Mrs. Jim Reeves and Mrs. Wallace Reid.

Mrs. B. B. Bowden Hostess At Bridge Tuesday Afternoon

The local bridge club met last Tuesday afternoon in the home of Mrs. B. B. Bowden.

After several games of bridge were played, the members discussed plans for a party to be held next Monday night, January 26. Scores of each bridge game have been kept for six months by the members of the club and at next Monday's party, the group with the lowest score will entertain the group with the highest score. The party will be held at 7:30 at the Study Club house and all husbands are also invited.

Refreshments of pineapple ice box cake, cookies, and coffee were served to the following: Mmes. Bill Goode, Nard Boone, Paul Pruitt, Doris Dickerson, Chalmer Herbert, A. E. Richmond, Earl Nichols, Buddy Bumpas, and Chas. Haynie Jr.

The next meeting will be February 3 in the home of Mrs. Chas. Haynie Jr.

Patsy Kirk And Davis B. Edens Wed January 18

Patsy Kirk of Big Spring, daughter of the Rev. and Mrs. R. L. Kirk of Perrytown, was married to Davis B. Edens, son of Mrs. Albert Edens of Big Spring in the Big Spring First Methodist church, January 18.

The church was decorated with fern and baskets of gladiolus.

The ceremony was read by the Rev. Kirk, father of the bride. Jane Norris played the traditional wedding music and accompanied Myra Bigony, who sang "Because" and "The Lord's Prayer".

The bride, given in marriage by R. L. Kirk, Jr., wore a winter white wool dress and carried a white Bible topped with an orchid with white satin streamers. Her fingertip veil of illusion was attached to a halo of shattered carnations.

Mrs. John Nobles, of Big Spring was matron of honor. Mary Tom Kirk of Abilene served as maid of honor and Greta Griffin of Rocky Ford, Colo. was bridesmaid.

Dan Rogers of Big Spring served as best man. Ushers were Jack Haines and Jim Boswell of Big Spring and James Pickens of Abilene. Groomsmen were Chad Rockett of Big Spring and Jack Pickens of Abilene.

The bride is a graduate of Munday High School and McMurry College, Abilene. She has been employed as educational director of the First Methodist Church in Big Spring since August, 1946.

The bridegroom graduated from Big Spring High School and will enter McMurry College next semester. The couple will live in Abilene.

BUSINESS-LIKE AID

In efficient approach to American Overseas Aid-United Nations Appeal for Children, Katharine Lenroot, chief of U. S. Children's Bureau, confers with William L. Batt, (center) president of SKF Industries, Inc., and W. Lee Marshall, chairman of Continental Baking Co., who will screen and allocate funds from \$60,000,000 drive for foreign relief projects.

ACTION and plenty of it, took place in Yale's 70-65 victory over Wayne U. in Detroit. Noah Brown (9) of Wayne lands flush on Yale's Tom Redden after a desperate leap to prevent a basket.

KING AND QUEEN 'BUB' are Charles Murray, 14, and Carmel Arvia, 11, following their crowning in Chicago. The king's bubble measured 20 inches and the queen's bubble 19 1/2 inches in diameter. Charles won a motor scooter, and Carmel received \$300 worth of clothing.

Goree Study Club Elects Officers On January 15th

The Goree Womens Study Club met Thursday, January 15 at 3:30 p. m. in the home of Mrs. E. F. Heard.

The president, Mrs. S. G. Hampton, presided over the business session and led a discussion on "Ways and Means" of furnishing the new club room in the memorial building which is nearing completion.

After a parliamentary drill by Mrs. W. L. Stewart, the officers for the ensuing year were elected, they are: president, Mrs. Baron Carl; first vice-president, Mrs. Dorse Rogers; second vice-president, Mrs. John W. Goode; recording secretary, Mrs. W. M. Taylor; corresponding secretary and treasurer, Mrs. Orb Coffman; critic and parliamentarian, Mrs. W. L. Stewart; reporter and flower chairman, Mrs. S. G. Hampton executive committee, Mmes. W. E. Robinson, H. D. Arnold and F. G. (Mrs.) and mascot, Miss Carolyn Jane Carl.

A dainty refreshment plate was

served to the following members: Mmes. H. D. Arnold, Barton Carl, Orb Coffman, Elizabeth Cowsar, F. G. Daniell, S. G. Hampton, Georgia Maples, W. E. Robinson, Dorse Rogers, S. E. Stevenson, W. L. Stewart, W. M. Taylor and Miss Burniece Goode.

Hefner H. D. Club Meets January 20 With Mrs. Lambeth

The Hefner Home Demonstration Club met January 20 in the home of Mrs. Homer Lambeth. The president, Mrs. Billy Hutchens called the house to order with seven members answering roll call for this meeting.

The president called for final reports from committees serving last year and appointed committees for this year.

Mrs. J. T. Murdock was assigned duties of reporter for this meeting. The club voted to draw meeting dates to fill the books now with places for the meetings of the club. A party for club members and families will be held in the home of Mrs. Billy Hutchens, January 29. All club members are urged to attend.

Mrs. Hutchens, Mrs. Murdock and Mrs. Homer Lambeth will attend the training school in Benjamin on January 26.

The president gave an interesting demonstration of tied and dyed scarves and also a continuation of remodeled garments by having the members give ideas on how to remodel problem clothes.

Refreshments were served by the hostess to the following members: Mmes. Billy Hutchens, Ben Holder, Turner Standee, R. L. Lambeth, Walter Mooney and J. T. Murdock, after which the club adjourned to meet with Mrs. Ben Holder, February 3.

Munday H. D. Club Meets In Home Of Mrs. Clint Hawes

The Munday HD Club met in the home of Mrs. Clint Haws, January 14. The meeting was called to order by Mrs. G. C. Gollehone, president. Roll call was answered by members naming the goal they hope to achieve this year. The new year books were distributed and club committees named. The Munday home demonstration club has its annual membership drive in progress and urge new members to join at this time.

Refreshments were served to Mmes. Jack Cloudis, Joe Brown King, Homer Lain, Frank Bowley Louis Cartwright, A. M. Searcy E. J. Cude, Leland Floyd, G. Pruitt, J. R. King, G. L. Conwell J. T. Offutt, G. C. Gollehon, D. C. Swindle, Joe Patterson, Mrs. Norc Broach, R. E. Foshee, the hostess Mrs. Clint Haws, and two visitor Mrs. Dwayne Vaughn and Mrs. Andy Hutchinson.

The next meeting will be in the home of Mrs. Joe Patterson, January 28. All members are asked to be present.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Harrison Hollar of Fort Worth are announcing the arrival of a son. Mrs. Hollar will be remembered here by her many friends as Margie Proyor. That is the only boy in the Proyor family, so they are very proud of him.

News Happenings At Goree

Mrs. W. H. Price has returned home from Dallas where she went to be with her daughter, Mrs. J. E. Becknell, who underwent a major operation in a Dallas hospital. Mrs. Beckwell is reported to be doing nicely at this writing.

FIRESIDE DESIGN

For smartness at home, designer Gene Gold created this cotton corduroy fireside ensemble. Named "cotton of the month" by the National Cotton Council, the outfit consists of a great-coat in redwood corduroy and black corduroy pajamas. Luxury-full sleeves and concentrated fullness at the hips assure lounging comfort.

Political Calendar For 1948 Has Many Important Dates For Voters

Potential candidates and the voters who take more than passing interest in presidential year election matters will want to mark down quite a few dates on their calendars. Here are the principal ones (omitting only those dates which concern party officials, government officials and some few candidates):

Jan. 31—Last day to pay poll taxes and obtain exemption.

Feb. 9—Commissioners courts name judges for general election in November.

March 10—Last day for tax collector to furnish county clerk statement showing poll tax receipts issued.

March 31—Last day for tax collector to deliver lists of voters to election boards.

April (date not prescribed)—County Democratic executive committee meets to call precinct conventions.

May 1—Precinct conventions to select delegates to presidential county convention (2 p. m. in rural precincts and 7 p. m. in city precincts).

May 4—County executive committee meets at 10 a. m. to receive reports from precinct conventions.

May 4—County convention meets at 2 p. m. to elect delegates to presidential state convention (where presidential convention delegates are chosen).

May 17—Last day for filing as candidates for civil appeals courts, Congress, State Legislature, district judges and district attorney in districts composed of more than one county.

May 25—Presidential state convention meets to select delegates to the national convention (this year in Brownwood).

June 7—Last day for filing as candidates for United States senator and for state offices.

June 11—Last day for notice of state executive committee meeting to prepare state ballot.

June 14—Executive committee meets to prepare official state ballot.

June 19—Last day for filing as candidates for county and precinct offices, county party chairmanship, and district offices in districts made up of only one county.

June 24—First day of filing campaign expense statements.

June 26—Last day for candidates to pay filing fees.

June 28—County primary committee makes up official ballot for July primary.

June 28—Last day for filing first campaign expense statement.

July 4—Absentee voting begins for first primary.

July 12—First day to file second expense statement.

July 19—Last day for applying for change of residence on voting lists.

July 20—Last day for absentee voting for first primary.

July 24—Primary election day, 7 a. m. to 7 p. m.

July 24—Precinct conventions name delegates to county convention (2 p. m. in rural precincts and 7 p. m. in city precincts).

July 26—County executive committee meets to declare results of election and certify to county clerk.

July 29—First day to file campaign expense statement for second primary.

July 31—County executive committee meets to declare nominees for first primary and prepare runoff ballot.

July 31—County convention meets at 2 p. m. to name delegates to state convention in September.

Aug. 2—Last day to file campaign expenses for second primary.

Aug. 3—Last day to file complete statement of first primary expenses.

Aug. 8—First day of absentee voting for second primary.

Aug. 9—Commissioner's court election precincts are declared.

Aug. 9—State executive committee meets to canvass returns of first primary.

Aug. 16—First day to file second statement of second primary campaign expenses (last day is Aug. 19).

Aug. 23—Last day for obtaining residence transfers on voting lists.

Aug. 24—Last day for absentee voting.

Aug. 23—Runoff primary election day (7 a. m. to 7 p. m.).

Sept. 7—Last day for candidates and campaign managers to file final expense statements.

Sept. 13—State executive committee meets to canvass election returns and make temporary list of delegates to state convention.

Sept. 14—State convention meets at 10 a. m. (in Fort Worth this year) to declare nominees and adopt party platform.

Oct. 13—Absentee voting for general election begins (last day Oct. 29).

Oct. 27—County chairman names election supervisors.

Nov. 17—Secretary of state, in presence of governor and attorney general, opens and counts election returns.

 Starring Mickey Rooney, Brian Donlevy and Ann Blyth.
 — Also March of Time

THANKS

... For the fine receptions you have given me. I invite all of you to return for any type of automobile and truck service you might need.

Our prices are reasonable, our parts are of the best quality obtainable, and our work will please you.

Come back to see me, and bring a friend with you. It is a pleasure to do business with you.

file final expense statements.

Sept. 13—State executive committee meets to canvass election returns and make temporary list of delegates to state convention.

Sept. 14—State convention meets at 10 a. m. (in Fort Worth this year) to declare nominees and adopt party platform.

Oct. 13—Absentee voting for general election begins (last day Oct. 29).

Oct. 27—County chairman names election supervisors.

Nov. 17—Secretary of state, in presence of governor and attorney general, opens and counts election returns.

Activities Of The Colored People

Service was well attended on last Sunday at Scott Chapel Methodist Church. Everyone is invited to attend the service Sunday at West Beulah Baptist Church with pastor Washington in charge. The school and friends are taking Miss Maud and Fannie Isbell for the nice Church papers on last week.

The GI's entertained their wives and friends with a social Bar-B-Cue chicken; and other refreshments were served. Their instructor and wife was present, Mr. and Mrs. John Inman.

H. Lee of Wichita Falls is visiting his sister, Mrs. Elnora Hendrix.

On last week end Dennis Williams was married to Mrs. Theima of the city.

Mr. and Mrs. S. C. Hayden visited in Dallas.

BIRTH ANNOUNCEMENT
 Mr. and Mrs. R. J. Penick are parents of a daughter born last Thursday, January 15. The little girl weighed eight pounds and two ounces and has been named Mary Margaret. Mother and little daughter are reported to be doing nicely.

Hundreds of field tests prove this revolutionary, new tire cleans up to 100% more effectively, pulls up to 62% more, lasts up to 91% longer, and gives a smoother ride than any other tractor tire. No broken center tire can duplicate this performance!

CARD OF THANKS

The family of Clebus Donoho wish to thank their neighbors and friends for the many kind words and deeds during their bereavement.

Especially do we want to thank the First Baptist church of Gorce and the Church of Christ of Gorce for the beautiful floral offerings.

Dennis R. Donoho and family
 Gorce, Texas

Arthur Mitchell was a business visitor in Quanah last Friday.

Mr. and Mrs. W. B. Hayley and children of Seymour spent last Sunday with Mrs. Hayley's parents, Mr. and Mrs. Jim Henslee.

Miss Mary Poe spent Saturday night and Sunday with her parents, Mr. and Mrs. Lonzo Poe of O'Brien.

Miss Caroline Polster of Benjamin spent Friday night and Saturday with her sister, Miss Jerry Polster.

Mrs. S. E. Roberts, J. L. Yost and son have just returned from Denison, where they attended the bedside of Mrs. Robert's daughter, Mrs. V. M. Lee, who underwent a major operation recently.

ced into equal shares, the individual plot for each person would average about three acres, compared with about four at the end of the first world war.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—To minimize the danger of carbon monoxide poisoning during winter weather, motorists and commercial drivers are urged by Dr. Geo. W. Cox, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

He said that "warming up" a car in a closed garage is the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air heater connections are potential sources for release of carbon monoxide and should be checked.

"Pay particular attention to those items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor. The State Health Officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. Sleepiness, dizziness, fatigue, and in extreme cases, paralysis are other symptoms of carbon leaking into the car. Truck

WANTED—Eight rooms of good furniture by March first, Knox County Trading Post. 25-tfc.

drivers making long drives are particularly vulnerable he said. Doctor Cox described this gas as being colorless, odorless, and tasteless. When in the air it gives no sign of its presence and is taken in to the blood instead of oxygen. Suffering or collapse result from lack of oxygen.

Short pieces of wire, nails and similar articles take the lives of many dairy cattle each year. Watch for hardware in feed.

One ton of good hay and three tons of good silage for each cow in the dairy herd should be every Texas dairyman's minimum rough-orage goal for 1948.

The annual whaling season is on in the Antarctic and due to the world fats and oil shortage, it's an important business.

Pink Boll Worms

Can Be Controlled By Kemgas Delinting and Grading Methods.

The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the USDA of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

Attest: Harvey Lee, City Secretary, City of Munday, Texas

Mr. and Mrs. Bob Jarvis were business visitors in Haskell last Monday.

PIMPLES
DON'T SQUEEZE THEM! Instead brush on KLEEREX and see how amazingly fast it hides ugly pimples as it dries them—often on first trial. Not a greasy salve that pimples thrive on, but a soothing medicated liquid that relieves itching—drives redness out. Ask for KLEEREX at all drugists. Double your money back if it fails. 49c

EILAND'S DRUG STORE

Revised BAE report on U. S. farm mortgage debt shows \$4.7 billions for 1947, in comparison with \$6.5 billions in 1940. Texas, California, Iowa, Minnesota and Wisconsin are top states in volume.

NEW GATHERING LINE
TO FISH CREEK FIELD

"CHRISTMAS TREE" or Gas Well Head—in gas fields, pipes are run from several wells to form a network which is part of a gathering system to carry natural gas from the wells to main transmission lines.

Helps Assure More Natural Gas For Lone Star Customers This Winter

Young
FISH CREEK FIELD
Stephens
Palo Pinto
Main transmission line to Joshua Compressor Station in Johnson County

Hatched line indicates site of new natural gas gathering line.

One of the most important activities in 1947 on the Lone Star Gas System was the addition of new natural gas reserves to meet a rapidly growing demand for natural gas. Three major gas fields were tapped by new lines during this first year of a five-year expansion program.

Fish Creek Field gathering line adds enough delivery capacity to Lone Star System to supply natural gas to a city the size of Waco. This line is but one of more than 75

lines from different fields feeding gas from more than 1,500 wells to the Lone Star System.

Coupled with the addition of new reserves is the construction of new compressor stations, new distribution lines for new customers and many other projects. At the completion of this program \$40,000,000 will have been invested in new facilities.

This \$40,000,000 program is Lone Star's biggest undertaking since the building of the System. It's a program planned to maintain Lone Star as the finest of Natural Gas Services.

Meet Walter Roberge—"buyer" with 25 years' service in purchasing department at Lone Star. He has this to say about Lone Star's expansion program:

"One can measure the growth of Lone Star Natural Gas Service by the amount of pipe we buy. For example, we're planning to buy 360 miles of four-inch and smaller pipe for construction of new town distribution plants alone this year. This is but a small fraction of planned pipe purchases in 1948, which I believe, will be a year of record growth."

Ten Largest Fires In Texas In 1947 Listed

Austin—The ten largest fires in 1947 were listed today by Marshall Hall, State Fire Insurance Commissioner.

Compilations were made from fire marshal's reports from over Texas. Figures are approximate and losses based on property value.

"Number one on the list is of course the Texas City explosions and fires, the greatest disaster not only this year, but the worst in the history of this State, both in lives and dollars," Hall stated.

Originating in the explosion of a ship carrying fertilizer, resultant fires and explosions took 468 lives, injured 3,000, and destroyed property worth \$67,000,000.

"A lumber prefabricating plant suffered the second highest loss last year, \$827,000," the Commissioner said. "Cause of the fire was unknown."

Third, was a \$500,000 warehouse fire which also originated from undetermined causes. Fourth, vegetable and fruit packing sheds burned with total loss of \$265,000 and cause unknown.

Two fires ranked fifth: an oil mill company and a football stadium fire, both amounting to \$200,000 losses and both stating from unknown origin. The sixth highest damage was \$178,000 lost in a general mercantile store blaze. Cause was unknown.

A fire-packed bale of cotton set fire to a cotton warehouse causing \$175,000 worth of damage which ranked seventh. Eighth was a \$165,000 fire in an antique and art store which was caught by a cigarette.

Two fires also ranked ninth and were from unknown causes. A laundry fire resulted in a \$150,000 loss, and two buildings of a lumber company burned at a cost of \$150,000.

Tenth, a feed warehouse caught fire from unknown causes with the resultant blaze amounting to \$125,000 worth of damage.

Supervisors Of Soil District Meet With Lion Club

The Knox City Lions Club was host to the Board of Supervisors of the Wichita Brazos Soil Conservation District on Thursday, January 15. Jack Idol, chairman of the local district, in introducing the speaker, pointed out that the Wichita Brazos Soil Conservation District takes in all of Knox County and the north half of Haskell County. The district is a legal sub-division of government operated by a board of supervisors elected by the landowners. This board is composed of Jack Idol, chairman, and members Clay Grove, C. C. Browning, H. W. Smith, and H. D. Gammill.

The speaker, A. C. Spencer, Field Representative of the State Soil Conservation Board, stated that the standard of living of every person, whether living in town or on a farm, is dependent upon 2 and one-half acres of tillable land. Soil Conservation is a national problem important to every citizen. The future of towns such as Knox City is based upon the productivity of land which surrounds it.

Soil Conservation districts belong to the people. What a district does is determined by the Board of Supervisors who are responsible to no state or federal agency. The fact that there are 144 districts composing 82 per cent of the area of Texas points out that landowners are interested in caring for their land. The accomplishments of these districts is evidence that landowners are acceptable of planning for conservation and securing assistance from agricultural Agencies and others in applying conservation practices to the land.

Mr. Idol also introduced as his guests, F. W. Martin, County agent of Haskell County, and Fred

Baker-McCarty
THE STORE WITH THE GOODS

I have a friend whose nickname is "the terrible-tempered Mr. Bang", from the character in the comic feature. One day his car was almost side-swiped by another machine so he whirled around and gave chase. He got up to 80 miles an hour but overtook the other

car and signaled to the driver to stop. My friend sprang out and began cussing out the other fellow. The driver had a high-pitched voice and he said, "I'm sorry, very sorry; I didn't mean to do it." But "Mr. Bang" was still sore and continued to "raise sand." The other man, still saying he was sorry, got out of the car and then my friend (who is average size) found himself facing a man who stood six feet, three or thereabouts. The thought flashed through my friend's mind, "Ain't this a thunder of a note? I've chased a man five miles in order to get myself licked." But he yelled, "You say you're sorry; I'm going to let you off

this time but be more careful in the future"—and "Mr. Bang" jumped behind the steering wheel, whipped his car around and dashed off down the road. Similar but different is this true, little incident: Two friends were motoring in a city when they had a slight collision. The driver of the second car jumped out and began blaming the other driver and at last said, "I would bust you one but you're too little." The small driver's friend clambered out, straightened up (he was a couple of inches above six feet) and drawled, "Partner, am I big enough?" The other man snapped, "I believe you are"—and bang! against the big fellow's jaw went the angry man's fist—and two front teeth fell out!

Rats Destroy Many Bushels of Grain Annually

In 1947 the U. S. Department of Agriculture estimated that rats destroyed over two hundred million bushels of grain throughout the country. This annual toll is not only expensive to the farmers, but during these times of critical food shortages abroad, food eaten in the United States by rats, cuts the quantity of food that can be sent abroad. To eliminate rats, those having infestations may kill them by poisoning, fumigating or trapping. To poison, fresh bait should be used. If rats do not come to the poison bait the first night, bait with un-poisoned food for two or three nights, then poison the bait again. Red fresh bait includes bread crumbs, hamburger, back fat and fish. Red Squill is the safest of all rat poison. It should be mixed at the rate of 1 part Red Squill to nine parts of bait. Antu is also good mixed two parts of Antu to 100 parts of bait. Caution should be used in the use of Antu since it also will kill other animals.

Fumigation with cyanide gas or gasoline exhaust fumes is effective where holes or buildings can be tightly closed. Caution must be used since both of these are very poisonous to humans. In using exhaust fumes from a tractor, car or gas engine exhaust fumes from the motor should be directed into each hole using a rich mixture. Common traps are made more efficient for rats when their triggers are enlarged by placing cardboard over the trigger. Good results are also obtained by the use of rat proofing methods in the construction of farm and other out houses.

Mr. and Mrs. Carl Mahan and daughters, Mary, Charles and Linda, of Abilene spent the week end with Mrs. Mahan's mother, Mrs. E. M. Wilson, and with friends.

THE CITY OF MUNDAY
MUNDAY IND. SCHOOL DISTRICT

Bob Hope, part owner of the Cleveland Indians, said the team gave a try-out to a young infielder from Texas but, every time a Texas Leaguer was knocked, instead of going after the ball, he just stood there, saluting—so they had to let him go.

W. S. Dowell of Wichita Falls was here last Saturday, visiting with friends and attending to business matters.

Allie Kerr of Haskell is now employed in the market department of the Blacklock grocery and market in Munday.

Joe Bob Stevens was a business visitor in Sweetwater last Friday.

Uncle Sam Says

Benjamin Franklin said that it was not what a person earned but what he saved out of his earnings that counted. Millions of Americans who are buying Savings Bonds regularly know Ben Franklin was right. An allotment of \$3.75 a week for him for 10 years would provide you with \$2,163.45. In your own interest, you should be as wise as millions of your countrymen today who are practicing what Ben Franklin preached: thrift gets results.

NOTICE

As in prior years, interest on consumer's deposit at the rate required by law has been accrued and set aside for payment. Consumers, who so desire, may secure payment of such interest upon presenting their deposit receipt at our office, located at SEYMOUR, or if this is not convenient, by mailing their receipt to the Company. Receipt will be returned with remittance for the interest.

LONE STAR Gas Company

Colds & Bronchitis

At the first sign of Colds, Wheezing, and Gasping among your chickens, Spray with VAPO-Spray in the air over heads of chickens, which through inhaling causes the air passages to open up. And put LEEMULSION in the drinking water which soothes and reduces irritation to throat and lungs as a good cough syrup does on humans.

Do not wait, at the first sign get VAPO-SPRAY and LEEMULSION and use them.

NEW DODGE "Job-Rated" TRUCKS

NEW "Pilot-House" Cabs with all-round vision

Higher and wider windshield and windows give the driver real "Pilot-House" vision... in all directions! It's all-round vision, still further augmented by newly available rear quarter windows. They're the safest truck cabs ever built, too, with welded all-steel construction. Their comfort is almost unbelievable. Take a ride... and you'll feel that you're "sitting on top of the world"... with all the road yours to command.

NOW ON DISPLAY

You're looking at the most attractive and useful trucks ever designed. The first thing you notice, of course, is their new massive "truck-like" appearance. But underneath—you'll find power-packed chassis, each "Job-Rated" for performance, economy, dependability, and long life.

Because these new Dodge trucks are "Job-Rated"—because they fit the job—they naturally save money and last longer. But you're in for a real surprise, when you see how many additional money-saving and time-saving advantages Dodge has built into these newest trucks.

We urge you to come in and see them without delay. You'll find them years ahead in design... the only really new trucks on the market this year!

IT'S JUST PLAIN HORSE-SENSE!

It's just plain common sense to take your John Deere Farm Equipment to those who service it best... your John Deere representative in this community. We've equipped our shop with the latest precision tools to do the work the way it should be done. Our trained mechanics, with factory "know-how", will give your equipment a thorough going over... making all necessary adjustments, replacing worn-out parts with only genuine John Deere Parts, and returning your equipment to you looking and running just like new. Come in the next time you're in town and let us estimate the cost of your reconditioning requirements. You'll be surprised at the completeness of the work we do at a mighty economical price.

HARRELL'S
Hardware John Deere Furniture Maytag

NEW All-Weather Ventilation

Real comfort at ten below or a hundred above! That's because of an ingenious combination of truck heater, defroster vents, vent windows, cowl ventilator and a new fresh air intake from the radiator grille. It's the finest "All-Weather" heating and ventilating system available in any truck cab.

NEW Ease of Handling

You enjoy remarkable new ease of handling and driving in these new trucks. You can turn them in much smaller circles... the same size circle either right or left. You can park, or back up to platforms, with greater ease. With this shorter turning, you also get full-size bodies, longer cabs, better weight distribution.

NEW Comfort

- PLENTY OF HEADROOM.
- STEERING WHEEL... right in driver's lap.
- NATURAL BACK SUPPORT... adjustable for maximum comfort.
- PROPER LEG SUPPORT... under the knees where you need it.
- CHAIR-HEIGHT SEATS... just like you have at home.
- "AIR-O-RIDE" CUSHIONS... adjustable to weight of driver and road conditions.
- 7-INCH SEAT ADJUSTMENT... convenient hand control.

Unigue Show—

(Continued From Page One)

write a letter to us about that person and make them our "Good Neighbor." We will feature one for each show night. Please address letters to Good Neighbor Contest, Postoffice Box 517, Munday, Texas, and a committee will judge the winner. Letters must be in by Thursday, January 29, at noon.

We will feature our home town headliners—that is, the man with the baldest head, the couple married the longest, the couple with the most children present and the lady present with the most living grandchildren, great-grandchildren and so on.

One of the most hilarious scenes will be the Hollywood beauties chorus. Six men will impersonate Betty Grable, Lana Turner, Mae West, Marlene Dietrich, Gypsy Rose Lee and Gravel Gertrude—they are Roddy Griffith, Ed Johnson, Jake (Slim) Newkirk and Cecil Fitzgerald.

Joe Kelly and the Quiz Kids will also be featured, as will the Duke of Paducah, Uncle Ezra, Minnie Pearl, the children's story hour, which will feature children from grades one and two. Girls from the local high school will be featured in four lovely numbers—"Walking With My Honey Down Honey-moon Lane," "Did You Ever Get That Feeling in the Moonlight," "I'm Always Chasing Rainbows," and "Stars and Stripes Forever."

A thrilling scene climaxes the show by a large cast taking part in the grand finale which will portray the history of the freedom of the United States to patriotic music, in period costumes, and marching drills, which all add up to "Fun For You."

Tickets will be on sale about Friday, no reserve tickets will be sold although tickets may be purchased at the door.

A full cast will be announced next week. Mr. Jimmy Harpham will play Tom Brenneman, while others taking part will be Kirby Fitzgerald as the Duke of Pad-

ucah, Gene Brazell, Jane Griffith, Don L. Ratliff, H. D. Matthews, Dorse Dickerson, a chorus from the high school, grade children of grades one and two and quiz kids from the fifth and sixth grade. Watch for further announcement of complete cast.

Sunset School—

(Continued from Page One)

dad.

Cyrus Scudder is a short, stout but pleasant looking man about sixty years old with a loud voice, breezy manners and a heart of gold. Cyrus Scudder will be played by Gerald Freeman.

Jeff Scudder is a fine appearing manly young fellow of twenty-three with a ready grin and a friendly personality. He is Cyrus Scudder's nephew. He appears a bit weak where Kaye is concerned. Jerry Jones is Jeff.

Kaye is a beautiful vivacious brunette of twenty, with large handsome dark eyes and a rich glowing complexion. She has a decided will of her own. Although she appears a bit spoiled and self-fish, beneath her sophistication she conceals a fine character. Ina Ruth Hardin will present the part of Kaye Brannigan.

Kingston Campbell is a superficial youth of twenty-two with almost effeminate good looks. Jerry Jones does a convincing portrayal of him.

Augusta Campbell is Kingston's fat ostentatious mother, one of the four hundred.

THE CAMPBELLS ARE COMING will be two and a half hours of hilarious comedy. We hope you will not miss it.

A well-stocked and well-managed farm pond can be expected to produce as much meat to the acre as if it were in good pasture, according to USDA.

The average cost of feed in a U. S. farm poultry ration at mid-November prices was \$4.71 per 100 pounds, in comparison with a 10-year average of \$2.14.

Reeves Attends Dealer Meeting In Dallas Friday

J. E. Reeves of the Reeves Motor Co. was in a Dodge dealers meeting in Dallas Friday, January 16, where members of the Dodge field organization and the factory executive staff of Detroit outlined advertising, merchandising and other plans concerning the completely new line of trucks being introduced this month. Dealers were told that the new line of Dodge "Job-Rated" trucks has been expanded to include 248 basic models ranging from 4250 to 23,000 pounds gross vehicle weight and up to 40,000 pounds gross train weight. It covers 97 percent of all hauling and delivery requirements.

The continuing plan of training dealers and salesmen to better qualify them to serve truck users in the selection of the right trucks and special equipment to meet specific hauling needs was outlined by the speakers.

The largest advertising release in Dodge truck history will be made to introduce the new trucks, the dealers were told. Media includes newspapers, magazines, vo-

catinal publications and outdoor poster boards.

The meeting was one of 60 being conducted this month throughout the nation by members of the Dodge field organization and the factory staff of Detroit.

Texas has about 113,000 acres of citrus trees in bearing, and 40 percent of the nation's total grapefruit acreage.

The 1947 acreage of commercial truck crops in Texas for fresh market is estimated at 347,650 acres with a total value of \$52,016,000.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

The Benjamin Sorosis Club met in the Club room at 3:00 p. m. January 15, 1948, and the program on HEALTH & SAFETY, with Mrs. A. E. Ball as leader, was enjoyed by all present.

Several pupils from the first and third grades acted the play on health titled, "THE HOUSE THAT TOM BUILT" with Mrs. Connie Gray as director. Dr. D. C. Eiland, County He-

alth Officer, gave a lecture on "HEART DISEASE, CANCER, TUBERCULOSIS and PROPER DIETS", which was enjoyed by all.

The hostesses, Mrs. Allie Moorhouse, Mrs. Burns Ray and Mrs. Omar Parker served refreshments to twenty one members and three visitors.

The program on January 29th will be a Book Review by Mrs. Annie Rhea Mayfield.

Wednesday evening, January 14th, Miss Louise Brown was honored with a fare-well-party, given in the home of Miss Elda Purl Laird.

Miss Brown, former clerk in the Tax-Collectors office, has returned to her home in Munday. We regretted very much to see her leave.

Many exciting games of progressive "42" were played during the evening.

Refreshments were served to the following guests: Miss Omilene Barnett, Miss Eugenia Butler, Miss Doris Ruth Stevenson, Mrs. Wynelle Porter, Mr. and Mrs. P. W. Laird, Bryson Laird, Miss Brown, and Miss Laird.

Everyone present expressed themselves as having a grand time.

Use Our LAY-AWAY Plan

WE WELCOME YOU TO THE 14th ANNUAL

We're For You

This gin, which is owned and controlled by farmers, is as much a part of the farm life of the country as are the farmers themselves.

As a farmer institution, we want to extend to you, one and all, a cordial welcome as you come to Munday to attend the 14th annual 4-H Club Calf Show next Saturday.

Farmers Union Cooperative Gin

APPLEKNOCKER SAYS

Good Insurance

. . . for the future of our Boys and Girls is the training they receive in 4-H Club work which enables them to carry on. We heartily endorse the important work which they are doing.

Attend the Calf Show next Saturday and let the boys know you are backing them. We welcome you all to Munday.

Good insurance for your individual needs will be found here. Let us talk over your needs.

J. C. Harpham

Insurance — Loans — Real Estate

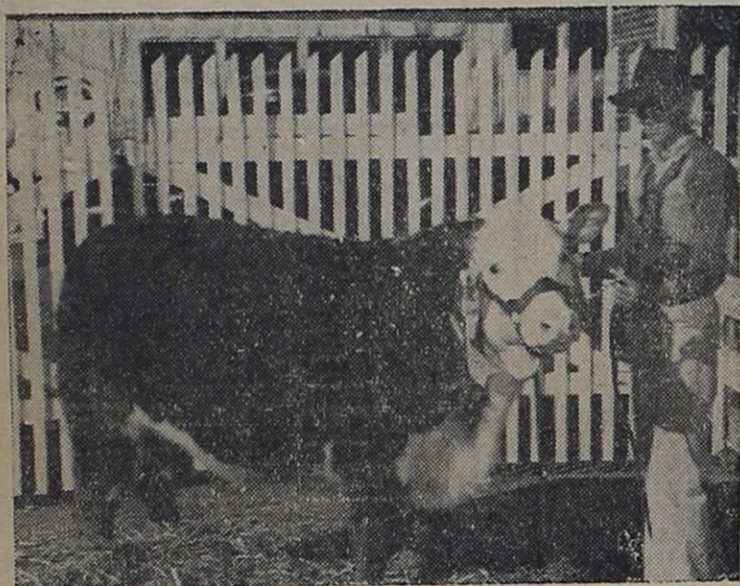

Tell The

. . . . The club boys and their friends are welcome to Munday for the Fourteenth Annual Calf Show. Merced County want you to be at the show place in town.

This show will be well worth attending. We are consistent winners for the club boys. On the day, enjoy the show, and visit with your friends.

RURAL PEOPLE

. . . are the "backbone" of our business, for without you we would not need to handle tractors, combines, parts and other things you need on the farm.

This firm prides itself upon the service it offers farmers and rural people.

We are glad, too, to be able to offer you the facilities of our new building for the 14th annual 4-H Club show.

Munday Truck and Tractor Co.

"The Farmall House"

SOUND PROJECTS

Such as 4-H Club work in calf feeding are a vital part of the agricultural interests of our county.

It has always been the policy of this association to encourage sound and practical farm and ranch activities. Upon this basis, we try to help all who come here with sound practices and want financial assistance.

We Welcome You To The Calf Show

Production Credit Assn.

C. R. Elliott, mgr., Munday office

GETTING AHEAD

We believe our club boys are really "getting ahead" with their calf feeding projects. You have a fine group of calves which will show here Saturday.

This firm welcomes you, one and all, to the 14th annual club boys' show.

Processing meats and vegetables is our business, and you'll get ahead, too, by using the facilities we have to offer you.

Munday Locker Plant

Better Stock

. . . and good feeding practices go well with any successful agricultural community as a vital activity, and we're proud of the fine work our club boys are doing along this line.

Livestock feeding is more successful when by-products of agriculture are used. Cottonseed meal and hulls provide the needed ration.

West Texas Cottonoil Co.

Division of Western Cottonoil Co.

GOOD PLANNING

It takes good planning, and much effort, to produce show calves, such as will be shown here next Saturday.

Good planning, and effort, too, helps in a financial way, and we're always glad to give such financial assistance as is consistent with good banking.

We extend you all a hearty welcome as you come to town Saturday for the 4-H Club calf show.

The First National Bank

Munday, Texas

THE FEEDLOT!

And now, our 4-H Club Boys are bringing their calves into Munday next Saturday to compete in the show ring. It is the privilege of Munday to be the host of this show every two years, and we hope this year will be the most successful of any in the past.

We've always been a booster for 4-H Club in our county, as well as all other activities that meet the needs of the farming and ranching area. Your work is our business firm that is supplying the needs of our community.

Visit our store while in town. Make it your friends here and look over our stock of merchandise.

Veterans News

The number of veterans in an interrupted or discontinued training status increased slightly during November, Veterans Administration reported.

Of all veterans who had entered training under the Vocational Rehabilitation Act (Public Law 16) for disabled veterans since the program began, 32 percent, or 121,700, no longer were in training on November 30, 1947. This number includes 22,400 disabled veterans who had been declared rehabilitated.

Under the G-I Bill (Public Law 346), about 43 percent, or 1,915,400, of all veterans who started training since the beginning of the program, no longer were in training at the end of the month. Only 9,600 of this number completely exhausted their entitlement to training.

Veterans Administration during November entered into 1,076 contracts and 700 contract supplements with education institutions to provide educational training for World War II veterans, bringing the total number of contracts in force at the end of the month to 11,968.

Agreements with job training establishments signed during the month totaled 4,481. On November 30, 1947, there were 206,811 such agreements in force.

At the end of November, 697,146 job training establishments and 40,097 educational institutions were on the approved list of training facilities.

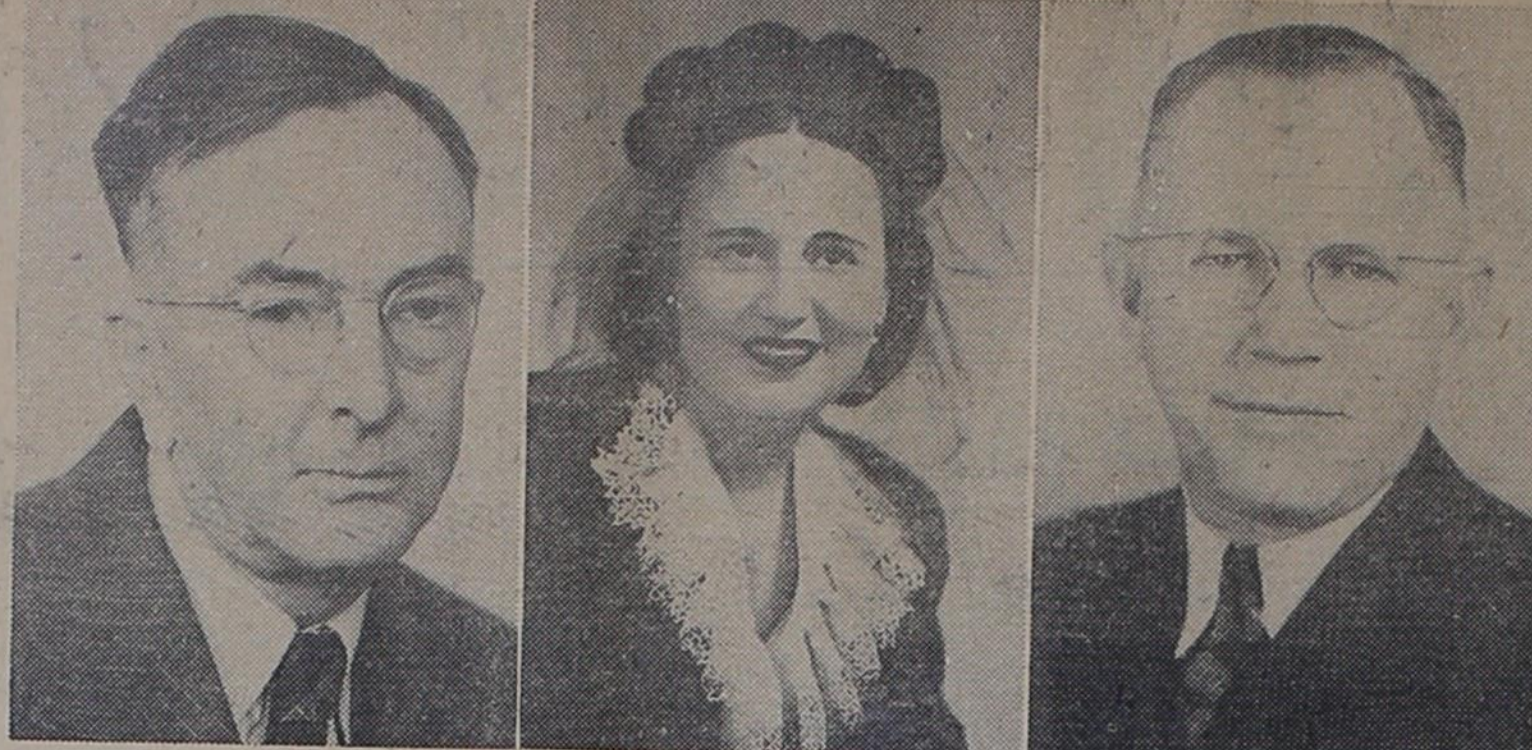

About 30,000 pharmacies throughout the country, taking part in the Veterans Administration home-town pharmacy program, filled more than three-quarters of a million prescriptions for veterans during 1947, the Veterans Administration estimated.

The veterans were undergoing out-patient treatment for service-connected ailments in VA clinics or with private physicians.

QUESTIONS AND ANSWERS

Q. I am a disabled veteran of World War II and would like to know if I can be given a state-

TPA Mid-Winter Convention Speakers—January 31

HEADLINERS Feature speakers on the Texas Press Association's Mid-Winter Convention program, January 31, at the Baker Hotel in Dallas, will be the three newspaper executives pictured above. Mrs. Irene Simms Reid, center, advertising director of the Monroe (La.) News-Star-World, will address the Texas editors on the subject of "The Community Story on Public Relations." She is nationally known for her accomplishments in advertising and selling. O. H. Lachenmeyer (right), will present a publisher's viewpoint of an active state press association. He is owner of the Texas City (Tex.) Sun, the San Benito (Tex.) Cameron County News, the Cushing (Okla.) Daily Citizen, and is president of the Oklahoma Press Association. W. R. Rutherford (left), publisher of the Dumas (Tex.) Moore County News, will discuss "Needed Legislation." Rutherford is the immediate past-president of the Panhandle Press Association.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends for every word of sympathy and deed of kindness shown us in our recent sorrow.

Especially do we want to thank the ladies who prepared and served the nice lunch.

May God bless each of you, in our prayer.

The Polson family,
The Payne family. 1tp.

Miss Billie Lou Spelce of Wichita Falls visited her parents, Mr. and Mrs. Ardele Spelce last week end.

Mrs. Sterling Hastings of Vernon spent the first part of this week here visiting her parents, Mr. and Mrs. J. R. Counts and other relatives and friends.

Logan and Charles Baker of Columbia, Tenn., spent the week end here with their uncle and aunt, Mr. and Mrs. C. L. Mayes.

Mr. and Mrs. Lee Patterson and Marquita Fitzgerald visited relatives in Lubbock last Sunday.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of any function that permits poison waste to accumulate. For truly miserable people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Munday Sanitary Hatchery

PURE BRED QUALITY
CHICKS

Book Your Order Now For Your Baby Chicks

Delivery starts February 2. Our hatchery is now ready to receive your custom hatching. We can also hatch your turkey eggs.

We have a full line of Red Chain Feed, brooders, founts and remedies.

Get your chicks this year where you can see them before you buy. We assure you quality chicks with every hatch.

ment of my disability?

A. Information from your folder regarding your disability may be furnished you when, in the judgment of the Administrator of Veterans Affairs, it would not be injurious to your physical or mental health. Your private physician may obtain from VA, upon written request, any information concerning your condition which he requires to treat you.

Q. Will Veterans Administration pay for tools and equipment while I am taking on-the-job training?

A. VA will pay for those tools and equipment that are needed by all trainees for the satisfactory pursuit of the same training course.

Q. Will VA pay tuition for a veteran to attend school while he is taking on-the-job training under the G-I Bill?

A. Yes, Veterans Administration will pay for such schooling if this course of study is related to the vocation for which he is in training, or if the school course is prescribed and recommended as a part of his job-training.

Q. What should the veteran do if he is not satisfied with the job-training he receives?

A. That is a matter for the veteran to decide himself, but it might be advisable for him to seek the council of a VA training officer. He can always discontinue his training, or with VA's permission, he can switch to another training establishment.

Mr. and Mrs. Lee Haymes and Mrs. T. L. Thompson were in Abilene last Saturday visiting their daughters, Misses Helen Haymes and Billie Fern Thompson, who are attending McMurry College there.

Yellow Stripes Mean Danger On Texas Highways

Austin—Officials of the Texas Highway Department Thursday told the story about the bright yellow lines now being seen by motorists every day throughout the vast 17,000 mile system of paved highways.

"The new yellow no-passing line being put down on our highways is a double indemnity device," State Highway Engineer D. C. Greer declared.

"It gives a flashy and obvious warning of danger to the motorist who wants to protect his own life and the lives of others," he explained, "and it gives the police something definite on which to jail or punish the driver who apparently cares little for his life and thereby endangers the lives of innocent motorists in the other lane."

Last year President Truman's Highway Safety Conference urged the States to concentrate on improvement of highways center stripe in a major attempt to reduce the ghastly toll of accidents due to head-on collisions and sideswiping.

In all States the color was changed to yellow, which tests have shown is more visible in all kinds of weather than any other type of marking. This yellow color is used also to impress the motorist that where yellow is seen on the road it must not be crossed.

65,000 gallons of yellow paint are being used by the Texas Department's painting crews to mark these no-passing zones. The

painting operations have been under way since November and are now moving rapidly toward completion.

Highway Department officials pointed out the state-wide yellow striping program for no-passing zones is considered the best method from the engineering point of view for temporarily combating the traffic accident menace on the highway system.

The officials are hopeful the traveling public will soon become "yellow line conscious," since crossing the yellow line is not only an invitation for loss of life and limb, but is a violation of Texas law under the new uniform traffic code making violators liable for a maximum fine of \$200.

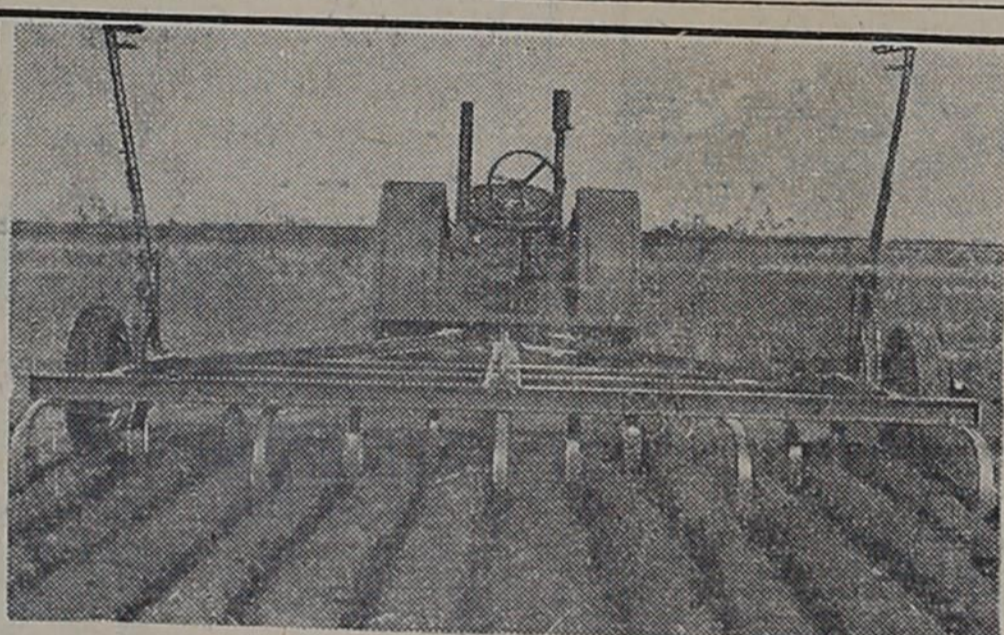

"Do not cross the yellow line," is the new password to safer driving.

CARD OF THANKS

We wish to thank the members and all the people of the Baptist Church of Goree who gave so generously for the donation of Mr. Geo. Foster. May God richly bless each of you.

Mr. and Mrs. Geo. Foster and children.

THE JEFFROY "SOIL CONTROL CULTIVATOR"

The Plow of the Past REVOLUTIONIZED for TODAY!

The chisel-type cultivation of the Jeffroy "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffroy machine, silicemanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Hughes-Dayton Imp. Co.

MOISTURE
Moisture penetrates farther, does not run off. Stubble and trash are worked into topsoil for more effective reutilization of the land.

MOISTURE
Disc-type cultivation leaves a smooth surface that quickly seals and causes water run-off.

GRIP
THAT GETS THE WORK DONE FASTER

GOOD YEAR
Sure-Grip
TRACTOR TIRES

Sure-Grip's famous o-p-e-n c-e-n-t-e-r tread gives every lug a bite-edge to cut through stubble and dig in full depth, full length... puts FOUR lugs—a matched pair on each side—in pulling position in the ground at all times. No wonder Goodyear Sure-Grip Tractor Tires grip and pull better than connected bar tires—as proved by tests and years of farm experience. Put your equipment on Sure-Grips... we'll arrange convenient terms.

Sounds impossible doesn't it?

Sounds impossible, doesn't it? But that is actually the very job that Reddy Kilowatt does in your home each day—and still the average electric bill of families served by the West Texas Utilities Company amounts to about \$4.00 per month.

A little more than 10¢ a day... for the many pleasures and conveniences of modern living that electricity brings to you at the flick of a switch.

Yes, while the cost of almost everything else you have to buy has gone up—and up; the cost of your electrical service has been held to a low minimum.

Today, in fact, electric service does more to make work easier and living more convenient than ever before. Yet, a kilowatt hour of electric service costs you one-sixth LESS than it did ten years ago!
