

## Kracker Krumb's Odd Bits Salvaged At Random

It was a good show, although it seemed to lack some of the zip and pep of former years.

The 4-H Club calf show, held here Saturday, went off fine, though. The boys and the girl had some very pretty calves. They may all be proud of them, but Nickie Leaverton and Gary Cure can be very proud.

Lots of good steaks and roasts were shown in the grand champion and reserve champion calves.

Lots of people from over the county were in attendance, some of whom have attended the 4-H calf shows for years.

The show building was kinda small, and this didn't permit the milling around and visiting that has been done in former years. But we think everyone enjoyed it.

The lunch up at the school lunch room wasn't anything to complain about. The lunch room ladies always do a fine job, and such events as these just go to prove what an asset the school lunch room is to the community.

We rather imagine the boys and girls who will most heartily agree to the above are those who, in years past, had the burden of preparing the food and serving it out at calf shows.

The auction sale went off right peppy, and it was over almost before you could say scat.

That was because the bidding was brisk, and the calves sold in a hurry. Then, there were only seven of the 13 calves that sold, leaving some to be shown in the district show at Wichita Falls.

Some very good Knox County people were introduced and invited to the "center of the arena" just before the auction sale.

Among them were C. P. Baker, R. L. Ratliff, Fred Broach, Jr., J. L. Stodghill and maybe some other local boys who have been pushing and backing and pulling and boosting the 4-H calf show for years.

Then there came a call for Tom Smith and his father, Uncle John Smith, both of Knox City, who have boosted the shows and encouraged the boys and girls in their club work for years.

Jack Idol of the League Ranch was recognized. Jack and the ranch have been identified with 4-H Club calf feeding projects since 1938 that we know of, and we'd wager on back to the beginning of the calf shows.

Sam Shipman of Benjamin was introduced, and the crowd was told how Mr. Shipman had done things in furthering 4-H Club work in the county.

Used to be there couldn't be a calf show in Knox County without a Shipman exhibiting some of the calves. And the boys came in for their part of the prize money, too.

These boys were Sam's boys, but they grew up and got old enough to be counted out of club work.

But Sam Shipman wasn't through. He then turned to some nephews and kinda guided them through some 4-H Club years and into some prize money in calf breeding.

This year, we didn't have any of the Crenshaw boys exhibiting calves. They have been identified with the calf shows for several years.

But we had the Crenshaws present for the show. Mr. and Mrs. Fred Crenshaw were introduced, along with some of their younger boys and girls.

These were Knox County's own who were at the show. District Agent Scofield was here, too, but he was late. He had to get the Crowell boys all fixed up before he could come to Munday. Crowell was having her snow, too.

We missed some of the other

## Tuck Whitworth Announces For Knox Sheriff

D. E. (Tuck) Whitworth, chief of police in Munday, last Tuesday authorized the Munday Times to announce his candidacy for the office of Sheriff of Knox County, subject to the action of the voters in the Democratic primaries. He made the following statement:

For the information of those in Knox County with whom I am not yet acquainted, I will give a brief outline of my past life. I was born in Erath county, coming to Munday in 1926. I have lived here practically ever since, with the exception of two years in Arizona, at which time I served in the U. S. Border Patrol. At present I am chief of police of Munday, assuming this office January 1, 1947.

I am 44 years of age, am married, and we have four children. The eldest son is in the U. S. Armed Services and stationed with the Headquarters Texas Military District at Austin. He spent 31 months in the European Theatre of operations. My eldest daughter is in Hardin-Simmons University, Abilene; another daughter is in high school and my other son is in elementary school.

With my experience in law enforcement work, I feel that I am qualified for this office. I have devoted considerable time to the study of criminal law and have obtained the necessary knowledge which is so essential in the administration of justice.

The primary duties of Sheriff are to prevent crime, protect lives, protect property and uphold the rights and liberties of the people of his county. His interest and desire should be, at all times, to be of assistance to all citizens of his county, regardless of race or creed, or social standing. It has always been my belief that it is better to help a boy or girl than to arrest a criminal.

If you would like for a man to fill this office who believes in the Democratic principles of good government, the ability to enforce the laws and respect every man's constitutional rights, your vote and influence will be appreciated.

## MR. AND MRS. SHOCKEY PARENTS OF DAUGHTER

Weighing in at six pounds, one and one-half ounces, Miss Su Anne Schockey arrived at the Knox County Hospital at 1:20 a. m. Wednesday, February 8.

She is the daughter of Mr. and Mrs. J. C. Schockey of Munday, who are quite jubilant over her arrival and the fact that she is a wide-awake, healthy little girl. The mother is doing nicely, too—and well, it's hard to tell about Jim.

Mr. and Mrs. Kelton Tidwell of Stillwater, Oklahoma spent the past week end here visiting their parents, Mr. and Mrs. S. B. Campsey and Mr. and Mrs. Buck Tidwell and with friends.

WORKERS—Pictured above are workers in the Munday school library. They are, left to right: Paul Wayne DeBusk, Harold Fox, Billy Jo Brown, Margie Lou Campsey, Nancy DeBusk, Ross Jones, Glenn Henson, Joy Jones and Evelyn Ford.

## Local Students Work To Bring Munday School Library Up To Date

### March Of Dimes Drive Brings In Over \$5,000.000

It was announced Tuesday of this week by Rev. Floyd V. Bailey of Knox County, county chairman for the March of Dimes, that a total of \$5,001.76 was raised in Knox County for the March of Dimes campaign.

Below is a list of the towns, their campaign director and the amount raised:

Gilliland, Mrs. Pete Mayberry, \$124.18; Truscott, Mrs. S. O. Turner, \$136.05; Vera, Mrs. Lee Feemster, \$114.16; Rhineland, Mrs. C. J. Albus, \$269.65; Goree, Barton Carl, \$229.50; Sunset community, Mrs. A. C. Tackitt, \$170.02; Benjamin, Mrs. Collins Moorhouse, \$358.14; Brock, Mrs. Finis Walker, \$300.00; Munday, Charles Baker, \$1,000.00; and Knox City, Rev. Johnny Price, \$2,300.06.

## C. D. A. Opposes State's Repeal Of Rural Road Funds

Directors of the Munday C. D. A. went on record last Monday night as opposing the repeal of the rural roads appropriation by the Texas Legislature on the belief repeal would have a direct effect on surfacing of the road southeast of Munday.

The repeal of this appropriation was considered as a means of reducing expenses and of raising money for the state's hospitals.

Munday's opposition to the repeal was sent by wire to Senator George Moffett and Representative John E. Morrison, Jr., last Tuesday.

In response to the wire to Senator George Moffett, he replied as follows:

"I am definitely opposed to repeal of farm to market road appropriation. We have had several votes in the senate involving the introduction of this bill, and thus far eight is the most votes it has received and five is the usual number—all from the larger cities of Texas. I do not think it possible that the farm to market road appropriation can be repealed at this or any other session in the near future. The general opinion is that farm to market roads are one of the state's greatest needs."

## Radio Repair Service Is Added By Blacklock

Winston Blacklock, manager of the Blacklock Home and Auto Supply, announces this week the addition of a new radio repair service to the store.

Roy Renner has been employed to have charge of this service, and he will also service all electric items sold by the store. Your patronage is solicited by both Mr. Blacklock and Mr. Renner.

## School, Home Behavior Clinic Is Set At Benjamin For February 22

### Parker Seeks Another Term As Commissioner

L. A. (Louis) Parker has announced his candidacy for re-election to the office of Commissioner of Precinct Two of Knox County, subject to the action of the Democratic primaries, and has authorized the Munday Times to make public his candidacy for this office.

In asking the voters for another term in this office, Mr. Parker stated he does so solely upon the basis of his qualifications and ability.

"You are all acquainted with my work as your county commissioner in the past," he said, "and I believe you realize I have done my best to make Knox County a good commissioner. I pledge you my best for another term, if returned to this office."

"I have tried to work for the best interests of my precinct and for the interests of the county as a whole. I will continue to do so, and will also continue to cooperate with the Commissioners Court toward the advancement of all precincts and for the entire county."

"I shall deeply appreciate your vote and influence in the coming primaries."

### Depot Agent Gets Transfer To Spur

Al C. Williams, depot agent here for the Wichita Valley railway for the past three years, left last week for Spur, Texas, to take over duties as agent there. His transfer was announced this week. Mrs. Williams and daughter, Gail, will join him there within a few weeks.

Mr. Porter, whose home is in Holliday, is serving as relief agent here. Bids are due to be ready today (Thursday) to determine who will become depot agent at Munday.

### Wayne Blacklock Accepts Position At Cobb's Store

Wayne Blacklock, who has been associated with the Ford agency at Merkel, has moved to Munday, along with his wife, to make their home. Wayne is employed at Cobb's Department Store as salesman.

He is the son of Mr. and Mrs. B. L. Blacklock and is a graduate of Hardin-Simmons University in Abilene, graduating in 1949 with a B. A. degree.

Clifton Swain, who is attending Austin College in Sherman, visited homefolks over the week end.

Mr. and Mrs. Garland Hawkins and Jan were Fort Worth and Dallas visitors over the week end.

BENJAMIN—An unusual approach to an age-old subject is to be found in the program planned for the evening of February 22 by the school administration of the Benjamin school district. The undertaking is being called the School and Home Behavior Clinic and quite appropriately, is being presented during the evening hours of George Washington's birthday, in recognition of the teachings and example of America's first great president.

The Clinic will be held in the county courthouse at Benjamin, in the district court room. The hours will be from 8 p. m. to 10:30 p. m. Invitations are district-wide and counties-wide to all.

Benjamin's School and Home Behavior Clinic is not designed to be controversial, but the program and list of speakers leaves no doubt it will be plain spoken. Bringing together civic leaders and lecturers of state-wide, and even nation-wide prominence, a very frank and direct discussion generally speaking, meeting the problems of modern life with adequate training in self-control; is there enough recognition of the mounting complications in mid-century life to bring alert obedience to wise and needed laws; can the appreciation of Americans for the responsibilities of freedom—as well as its great benefits—be restored and increased.

Dr. D. C. Eiland, county health officer of Knox County, has been selected to open the program. His assigned subject will be "Physiology and Health in School Life." Need for normal human minds, and healthy human bodies, in an age of great human stress—and the best general rules for getting and keeping those factors—will be the province of this lecturer.

Following Dr. Eiland, will be one of the state's foremost public safety lecturers, Captain J. B. Carlisle of the safety division, Texas Department of Public Safety, of Camp Mabry Austin, to speak on "Preserving Life and Curbing Crime Through Obedience to Law. Capt. Carlisle, with both his personal experience and the wealth of information possessed by his Department, brings to his audiences a message that deals directly and impressively with modern living, and its problems and perils created by recklessness on highways, disregard of law, and actual crime.

From the Youth Development Council in Austin, Community Director, S. L. Bellamy, will come  
(Continued on Last Page)

## Jack Timmons, Negro, Killed Here Monday

Jack Timmons, 29, negro, operator of the Road Side Inn in the colored section of Munday was killed last Monday night at 9:30. He was shot twice, and Joe Whitlow has been charged with murder, according to local officers.

The shooting occurred after an argument over a \$5 or \$10 debt. According to reports, Whitlow shot Timmons, who fell, then shot him again as he attempted to get up. Timmons was dead when officers arrived. The shooting occurred at the colored cafe.

Timmons waived examining trial before Justice of the Peace John Rice on Tuesday morning. His bond was set at \$7500, and he was taken to the Knox County jail to await action of the grand jury.

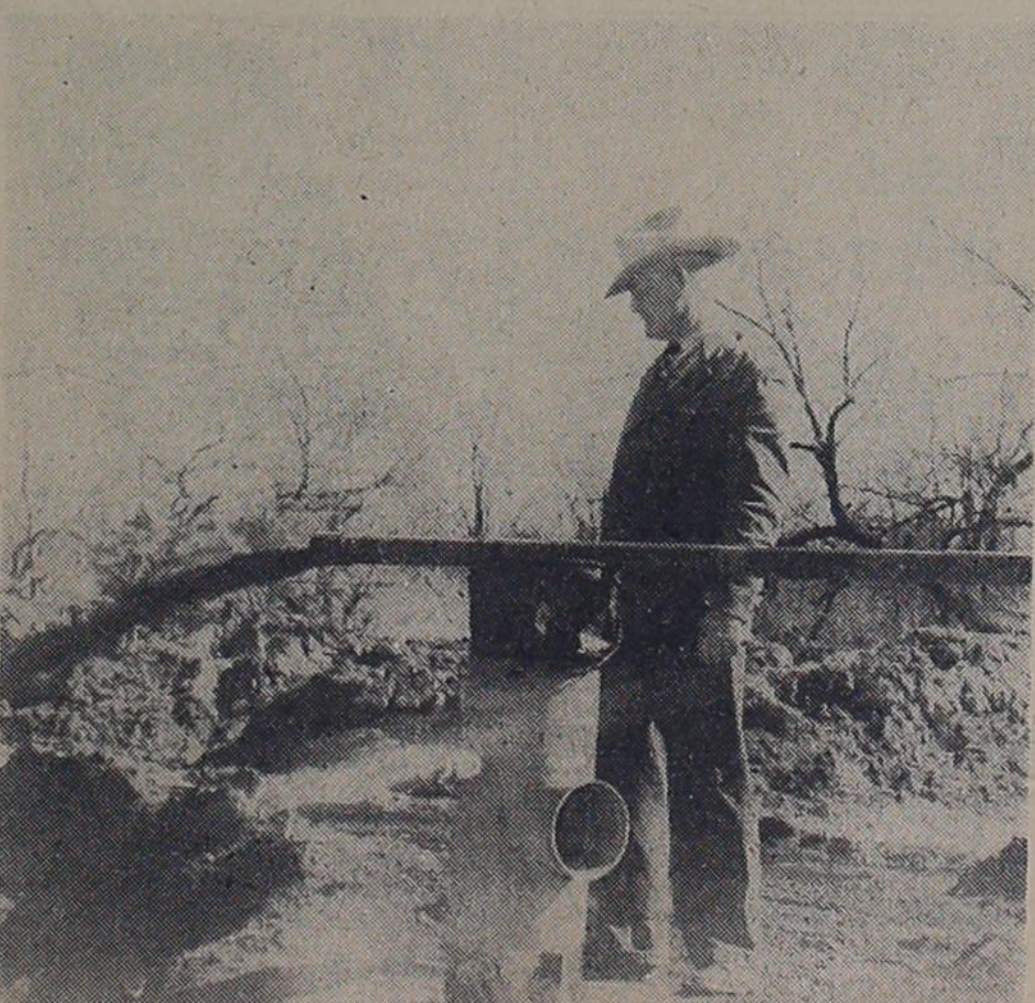

The body of Timmons was taken to Rockwall, Texas, for burial.

**Negro Slashed**  
Another colored man, Waywood Williams, was taken to the Knox County Hospital last Saturday for treatment for knife wounds received in an altercation "in the flats." He was still in the hospital Monday, although his wounds were not thought to be of a serious nature.

James L. Moore pleaded guilty to using the knife. Investigation by officers proved that Moore acted in self defense and he was released after paying a fine on charges of simple assault.

Mr. and Mrs. Levi Bowden and Jerry spent last week end in Fort Worth visiting with relatives.

## Surveys The Oil Situation

—Photo by Chas. Baker

Ross Bates, well known Knox County pioneer, is shown surveying the oil situation at the R. J. Watson No. 1 Ross Bates well as the oil flowed on Tuesday of last week when the valve was

opened. Oil continues to flow, according to the reports, and it is believed the well will settle down to around 100 barrels daily. Slush pits have been dug for three offsets to this well.

## Nickie Leaverton Shows Grand Champion Calf In Knox 4-H Show

Nickie Leaverton, 4-H Club boy of Benjamin, showed his 860-pound junior entry, "Leroy," to the grand championship of the annual Knox County 4-H Calf Show here Saturday.

The champ laced first in the junior division just prior to being awarded the grand champion prize.

Young Leaverton, the son of Mr. and Mrs. Sam Leaverton, was showing an animal bred by the League Ranch of Benjamin.

The reserve champion was "Snow," an 850-pound junior shown by 12-year-old Gary Cure of Gilliland. Also bred by the League Ranch, the animal was second place winner in the junior class. Cure is the son of Mr. and Mrs. Omar Cure.

A total of 13 calves—nine juniors and four seniors—were shown in the competition supervised by County Agent Kenneth O. Lewis. The show was held in the warehouse of Broach Equipment, just west of White Auto Store.

In the judging contests held Saturday morning, the Haskell

County 4-H team won top honors, making a score of 395 points out of a possible 400. Knox City FFA team was second with a score of 394 points; the Benjamin FFA was third with a score of 329 points; and Weinert was fourth with 322 points. Rosettes and cash awards totaling \$16.50 were awarded the three high teams.

Others exhibiting their 4-H calves in the show other than the grand and reserve champion winners were: Ernest McGaughey, Vera, Peggy Cure, Bobby Miller, Larry and Billy Mayberry, Lewis McGuire, George Ray Baty and Dean Myers, all of Gilliland.

The Munday C. D. A., sponsors of the show this year, also sponsored a noonday luncheon at the school lunch room for all 4-H Clubbers and their parents, show officials and judges and a number of visitors. Around 150 people were served an appetizing meal by ladies of the lunch room.

Ray C. Mowery of Texas Tech, judge of the show, placed the junior and senior classes in the following order:

What He Does For His Community Lives on and On."

## The Munday Times

Published Every Thursday at Munday  
Aaron Edgar and Grady Roberts Owners  
Aaron Edgar Editor and Publisher  
Entered as second class matter January 4,  
1919, at the postoffice in Munday, Texas, under  
Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### NEW TAXES AREN'T NEEDED

Mr. Truman's most recent recommendations on taxation have met an extremely mixed reaction, both in Congress and throughout the country. His views on the war-time excise taxes provide a particularly good illustration of that.

The President advocates that these taxes, which are levied on a sizeable list of commodities and services—including such "luxuries" as baby oil; commercial transportation for both passengers and freight, and long distance telephone and telegraph charges—should be substantially reduced. However, he added this all-important proviso—that the loss in revenue must be offset by new taxes, and that he will not approve any bills which does not accomplish this plan.

The President is entitled to his views. However, the fact remains that the excise taxes—which manufacturers, retailers and other concerned say are a definite barrier to trade and employment—were strictly war-time measures which are still on the books many years after the war ended. It is also true that the goods and services they apply to are necessities in many cases, not luxuries. And it is further true that the only sound way to make up any loss of revenue their reduction or repeal would cause is to cut the cost of government—not to pile more taxes on our over-burdened individuals and businesses.

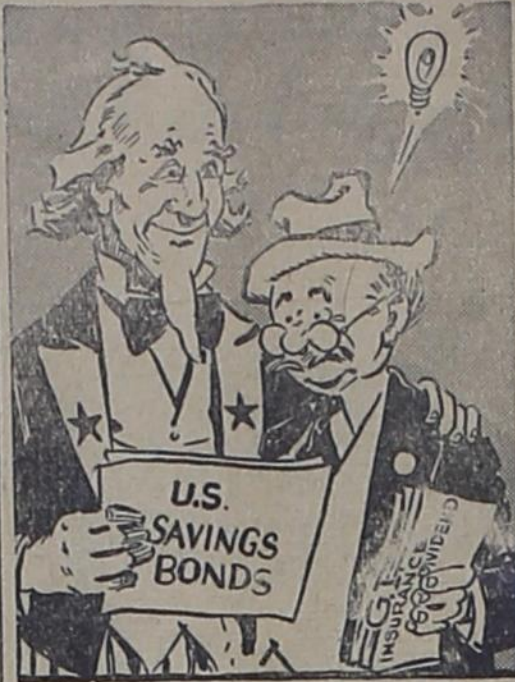

The present temper of Congress seems to be in favor of repeal of excise taxes—even as it is against tax increases of any kind. That is the right attitude. The enormously impressive Hoover Commission reports have shown where the administrative cost of government alone can be reduced by three or four billion a year. Congress could make no greater contribution to our economic stability and prosperity than by putting into effect a rigorous policy of economy for every government activity and every bureau.

### Uncle Sam Says

Veterans, Be Wise! Some of you have already received a National Service Life Insurance dividend which should be the means of starting a sound financial future. The smart veteran, in addition to using some of that money for essentials, will put the balance to work for him by investing it in U. S. Savings Bonds. Every dividend dollar set aside in Savings Bonds is a working dollar, busy earning extra dollars. Then, after that initial investment, sign up where you work for the purchase of Savings Bonds regularly, on each payday. **START SAVING IN 1950 FOR 1960.**

U. S. Treasury Department

### Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Feb. 11—The House passed a bill this week which will reduce government expenses by a hundred million dollars. This is only a drop in the bucket, of course. Our Post Office Department operated in the red by five hundred and fifty million dollars during the fiscal year. In other words, it lacked five hundred and fifty million dollars of paying expenses. The bill passed by the House this week raised the rate on the penny post card from 1c to 2c. Even two cents on a postal card will not pay the cost of printing, distributing, and delivering such postal card. The bill also increased in a small amount the parcel post rates. It did not reduce the size of weight of packages. In recent years, the government has subsidized to the tune of many millions of dollars, merchants and others using parcel post services. Parcel post has been substantially cheaper than railway express rates. Hence, instead of using express service, merchants and others have resorted to parcel post, which means that Uncle Sam has been paying a part of the transportation costs. Even the railroads have been raising Cain about the situation. The railroads carry the mail at what they contend to be too low a rate. They contend that their pay for carrying the mail has increased only 25% in the last 30 years, whereas all other costs have gone up from fifty to one hundred per cent. Railroads own the Express Company; therefore, when parcels are taken from the Express Company and passed in the mails, it not only costs Uncle Sam considerable money, but the railroads themselves lose money in the difference between express rates and parcel post rates. They have to haul the stuff which ever way it is sent.

Strong contention is made that the Post Office Department ought to pay its own way. However, when bills to increase postal rates on newspapers, magazines, etc., come before the Congress,

### YOU CAN'T EAT GRASS

The Daily Drivers Journal, of Chicago, recently said, "You, a human being, cannot eat grass. But a cow or sheep can, and they'll turn the grass into many things you can eat and wear. There you have the fundamental reason why the country should go on maintaining its herds at the highest possible level."

A very large part of our livestock population is raised on grasses and grains which are fit only for consumption of these animals. If it weren't for the livestock industry, they would be entirely wasted. The meat animals wax fat and healthy on them—and thus the nation gets its beef and lamb, along with hundreds of other commodities, ranging a wide scale from fertilizer to such vital drugs as insulin, which are by-products of the packing industry. These by-products incidentally, actually help materially in holding down the price of meat to the consumer and increasing the value of the producer's livestock. Nothing is wasted—everything plays a part in meeting the cost of carrying on the business. And, the packers earn a profit of but a fraction of a cent per pound.

It is forecast that as our population grows the demand for meat will continue to increase, and that the meat supply will increase with it. A year-round cash market is always open to him. The price naturally varies, but it is an honest reflection of the supply-demand situation at the time he sells. Meat is, moreover, agriculture's principal source of cash income. Livestock can be raised and marketed on a small scale or a large. And meat in some form, finally, is found in the daily diet of practically everyone.

Lawyer: "I must know the whole truth. How you told me everything?"

Prisoner: "Except where I hid the money. I want that."

Wife: "Dear, why don't you read to me while I sew?"

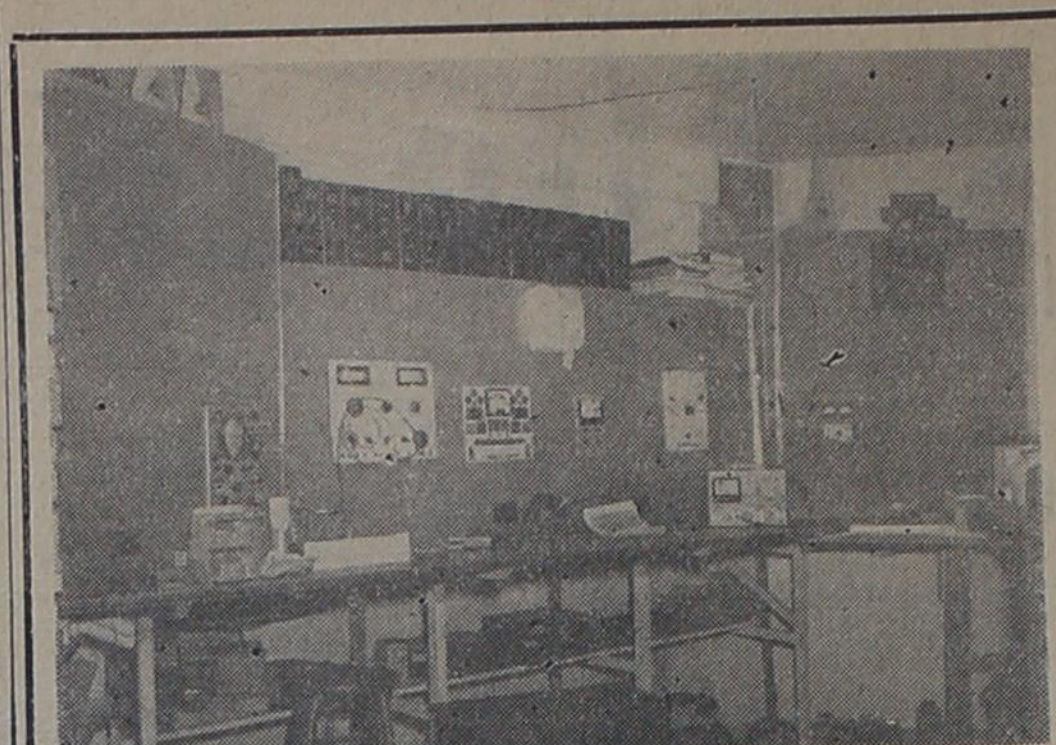

Husband: "I tell you what—you sew to me while I read."

Boss to secretary: "Make about 20 copies of that, Miss Ross, so we'll run across one when we need it."

Glasses have an amazing effect on vision—especially after they have been fitted and emptied several times!—The Burning Question.

"We cannot be just a little more dishonorable any more than we can be just a little dead."—Jacob L. Devers.

A skirt is a garment which is always too short, too long, too tight or too loose.

### LOCALS

H. M. Michels left Sunday for Temple to enter the Scott and White Hospital for examination and treatment. An ambulance from the Mahan Funeral Home made the trip with him.

Mr. and Mrs. D. E. Holder and Mr. and Mrs. Aaron Edgar were visitors in Seymour last Sunday afternoon.

members are deluged with letters of protest.

Citizens in the Wichita Falls area are still pleased that the Armed Services have designated Sheppard Field Air Force Base as a permanent installation. The Department of the Air now operates close to 250 separate and distinct installations. To date, less than 15 of these have been designated permanent installations.

The Civil Aeronautics Administration has supervision over far more installations than does the Air Force. In this country at this time, we have more than six thousand air ports for civilian flying. We even have several thousand planes engaged in agricultural work, such as dusting fields.

The Civil Aeronautics Administration claims the four safety factor in civilian flying continues to get better, notwithstanding a number of tragic accidents in the latter part of last year. Our air lines now fly over a hundred million miles per passenger fatality.

Congress will do very little before the middle of next week, because most Republican members are away making Lincoln Day speeches. This practice has grown up as a matter of custom and courtesy.

## Plan To Combat Heart Disease

(This is the fifth of a series of articles by the American Heart Association for the "Save A Heart" campaign, February 12 to 25.)

The American Heart Association was formed in 1922 by a group of America's foremost cardiologists to fight heart disease with planned scientific and educational work. Its membership is composed of laymen, physicians and scientists interested in reducing disease, disability and death resulting from disorders of the heart and blood vessels.

The scientific council has been formed within the American Heart Association to maintain its scientific objectives.

The association carries forward

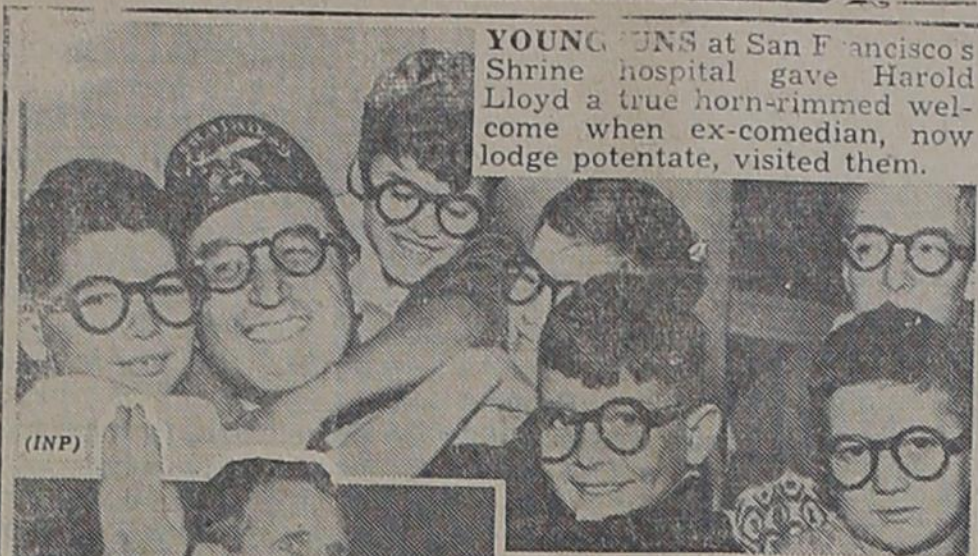

a broad and comprehensive program of research, education and community service in the field of cardiovascular disease, and is the only national voluntary agency to exclusively devote to this task.

The first objective of the American Heart Association is to sponsor and finance research in the heart diseases. At least half the funds allotted to the national office will be used for this purpose.

Educational facilities are being developed for the training of nurses, medical social workers and other professional groups in their responsibilities relating to the care, treatment and follow-up of heart patients.

The general public is being informed about the causes of heart disease and the significance of such factors as high blood pressure, infections, obesity, and rheumatic fever. Through the continual educational program of the

association, in cooperation with its local affiliates, the public is encouraged to seek early diagnosis and adequate therapy, and to lead its full support to the development of necessary community cardiac programs.

To provide the necessary services for the individual suffering from heart disease, there are local heart associations in major areas throughout the United States, affiliated with the American Heart Association. The effectiveness and success of the national heart disease program is measured in terms of what is accomplished in local communities.

The associations are engaged in furthering community programs for the prevention, care and treatment of heart diseases; in educating physicians and other professional groups and the lay

## Plant Corn Hybrids For Big Yields

Results of tests conducted by the Texas Agricultural Experiment Station and 4,226 4-H and adult demonstrators show that corn yields can be increased from 20 to 30 percent and in some cases as much as 50 percent by planting adapted corn hybrids. E. A. Miller, extension agronomist of Texas A. & M. College, says this should be proof enough for

public; and in establishing and maintaining high standards of medical and other services. (Read next week, "Save A Heart".)

greatly expanding the use of corn hybrids in Texas.

He says the 4,226 demonstrators showed an average increase per acre of 7.5 bushels and most of it was due to the use of corn hybrids. Last year, according to the Office of Crop Estimates, USDA, 1,297,000 acres of hybrids were planted in Texas and this time the average increase made by the demonstrators means that an extra 9,727,500 bushels of corn were produced in the state.

Miller says the acreage planted to corn hybrids in Texas is still too small. It amounts to 52 percent of the total corn acreage planted and he adds that farmers could profit from planting hybrids instead of the lower yielding open-pollinated varieties.

The newer hybrids, including Texas yellow hybrids 20, 24, 26 and 28 have demonstrated their ability to outyield the older hybrids and should be substituted for them, he says.

In the Blackland Prairie and the areas south and west of there, Texas 26 and 28 are well adapted. Texas 20 and 24 have also made good records, he reports.

In the timbered section of east Texas, Texas 20 and 28 have made the best yields. Texas 24 and 26 have done well and are not far behind in yields.

In the Gulf Coast Prairie, except the river bottoms, Texas 11W and 9W white hybrids have produced better yields than the yellow hybrids. These two white hybrids have a wide range of adaptability and will yield well wherever white corn is desired in the state. Texas 11W has the best production record of the two, Miller says.

He says the demand for seed is especially heavy for the newer developed hybrids and suggests that planting seed be purchased at an early date. If seed of the newer varieties are not available, he says, you can substitute some of the older hybrids such as Texas 8, 12 and 18 for them. These hybrids will do well and will outyield the open-pollinated varieties.

New hybrid seed should be planted each year, he says, for after the first year hybrid seed "run out" and this results in lower yields. Planting good, adapted hybrids is one way farmers can increase yields and profits, says Miller and right now is an important consideration for most every farmer in the State.

Mr. and Mrs. Joe D. Williams of Ozona spent the week end with Mrs. Williams' parents, Mr. and Mrs. J. E. Reeves and with other relatives and friends.

Miss Patsy Miller, Miss Ruth White and Miss Mike Sloan if N. T. S. T. C., Denton, spent the week end here visiting Miss Mitchell's parents, Mr. and Mrs. A. H. Mitchell.

Mr. and Mrs. G. B. Hammett visited with relatives and friends in Goldthwaite over the week end.

## An All Electric Kitchen saves you time, money and work

Yes, Reddy, cooking in an All-Electric Kitchen is easier, cleaner, cooler and it COSTS LESS!

When a Kitchen is Practical and Pretty of Course, It's Electric!

When all of your appliances are electric it costs less to use them than when you have a combination of services. That's because each time you take another step towards an all-electric kitchen you also step down the cost of each unit of electric service. The more you use the lower the rate. Yes, an all-electric kitchen is easier, cleaner, cooler, and costs less!

AN ALL ELECTRIC KITCHEN INCLUDES:

**Cooking Center:** The Electric Range automatically provides the exact cooking temperature needed. Surrounding work surfaces and storage cabinets keep cooking utensils and food supplies within arm's reach.

**Dishwashing Center:** Ample work space for stacking used dishes and cooking utensils. The Electric Dish-washer handles not only dishes and silver, but pots and pans as well — washes them shining clean, and dries them without wiping.

**Refrigeration Center:** The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.

**Adequate Wiring:** This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

## Miss Peggy Clough And Delbert Montgomery Marry Saturday Evening

In a very impressive home ceremony in the home of Mr. and Mrs. Paul Pruitt last Saturday evening at eight o'clock, Miss Peggy Clough of Munday became the bride of Mr. Delbert Montgomery of Munday. The double ring ceremony was performed by the Rev. Huron A. Polnac, pastor of the First Baptist Church in Munday.

The wedding vows were exchanged before tall baskets of white gladioli and a white background of gold colored drapes with large bows of white satin ribbons and greenery, and white candles.

The bride was lovely in a wheat field colored suit with grape clusters of self covered buttons

on the coat. She wore a blouse of sable mist color and green accessories. She carried a white bible topped with gardenias. For "something old", she wore her great grandmother's wedding band, "something new", was a lavallier given her by the groom, "something borrowed", the white bible belonging to Miss Gwynna Lee Smith of Munday and for "something blue", she wore a blue garter.

Recorded music of "I Love You Truly" and the wedding march was presided over by Mrs. A. L. Smith of Munday.

Mrs. Paul Pruitt was matron of honor. She is a sister of the bride and wore a light blue faille suit with a pleated all-round skirt. She wore a shoulder corsage of Picardy gladioli.

Mr. Hulien Montgomery, who is with the U. S. Navy in Pennsylvania, attended his brother as best man.

Immediately following the ceremony, a reception was held in the Pruitt home. The bride's table was covered with a lace cloth. The crystal punch bowl was encircled with sweetpeas and daisies and greenery. White candles also stood on the table.

The three-tiered wedding cake was decorated with rosebuds and a miniature bride and groom. Miss Gwynna Lee Smith of Munday presided over the punch bowl while Miss Marilyn Smith of Weinert served the cake.

After a wedding trip to Fort Worth and Dallas and other points, the newlyweds will make their home in Munday.

Both the bride and groom are graduates of Munday High School. The bridegroom served several months with the U. S. Army, stationed at Camp Hood, Texas.

Only the parents of the couple and a number of friends attended the wedding. Those present were: Mr. and Mrs. H. M. Montgomery of Morton; Mr. and Mrs. D. D. Clough and Joe, Munday; Mr. and Mrs. Idell Montgomery and girls, Mrs. G. L. Pruitt, Mrs. A. L. Smith, Miss Gwynna Lee Smith, Miss Jerry Polster, Clifton Swain, Chan Hughes, Rev. Huron A. Polnac, and Mr. and Mrs. Paul Pruitt and sons, all of Munday; Mrs. Perry and daughter, Laura, Knox City; Miss Marilyn Smith, Weinert and Hulien Montgomery of Pennsylvania.

## Martha Bullington Zane G. Franklin Marry On Sunday

Miss Martha Nell Bullington, daughter of Mr. and Mrs. Roy Bullington of Munday, became the bride of Mr. Zane G. Franklin, of Rule, last Sunday evening, February 12th, at 7:30 o'clock.

The double ring ceremony was performed in the home of the bride's parents with the Rev. J. R. Bateman, officiating in the ceremony.

The home was decorated with bouquets of red roses and white gladioli and greenery. White candles were also used in the decoration.

The bride wore a winter white dress with a sheer yolk, fitted bodice and full skirt. She completed her attire by wearing navy accessories and carried a white bible topped with an orchid. For "something old", she wore her grandmother's pearls, "something new", her dress, "something borrowed", the white bible belonging to Miss Nadine Butler of Munday and "something blue" was a ribbon on her slip. She also wore a penny in her shoe.

Mrs. Clyde Hendrix, Jr., cousin of the bride, of Munday, was her only attendant. She wore a black dress with black accessories, and a corsage of white carnations.

Best man was Mr. Clyde Hendrix, Jr. of Munday.

Following the ceremony, a reception was held at the home of the bride's parents. The bride's table was laid with a lace cloth and pink and white gladioli. The three-tiered wedding cake was topped with a miniature bride and groom. Mrs. Jessie Yost of Munday served the punch and Mrs. Clyde Hendrix, Jr. served the cake.

For her traveling frock the bride chose a grey wool dress with navy accessories and an orchid shoulder corsage.

After a wedding trip to New Mexico the couple plan to make their home in Munday. The bridegroom is employed with the Sunlite Bakery of Abilene.

The bride attended and graduated from Munday High School in 1949. The bridegroom attended and graduated from Rule High School.

Guests were present from Rule, Munday, Stamford and Waco. Among the out-of-town included Mr. and Mrs. Burns and children, Waco; Mrs. Susie Kelsner, Rule; and Mr. and Mrs. Franklin of Stamford.

Mrs. W. O. Mays was hostess to members of the Jewel Smith circle of Baptist W. M. S. in her home last Monday evening.

Mrs. Don Reynolds, circle chairman, conducted the business session. She announced the next meeting for February 20 in the home of Mrs. J. C. Campbell.

Mission study was the program for the evening. The Prophet of Little Can Creek was brought by Mrs. M. H. Reeves, and a special hymn was given by the members.

Mrs. Bob Botkins was introduced as a new member of the circle. Plans are being made to attend the W. M. S. meeting at Stamford on Friday, February 17.

During the social hour attractive refreshments were served to thirteen members.

Mrs. Nora Broach as hostess, with Mrs. J. R. King as co-hostess, served a delicious refreshment plate to eleven club members.

It was decided not to mail out any cards for a while since the dates of each meeting is listed in the year book.

Mrs. T. J. Offutt was appointed parliamentarian by the president Mrs. Joe Patterson. Finance plans were discussed with each member taking part.

Mrs. R. E. Foshee assigned parts for a club skit which is to be presented at the next meeting of the club February 22. Mrs. J. C. Gollehon explained the meaning of Texas Home Demonstration Association in connection with Home Demonstration Clubs. Mrs. Gollehon also explained the duties of T. H. D. A. in county and district meeting.

A. H. Sams, Jr., spent the past week end visiting in the home of Mr. and Mrs. Marion Heald, and other friends of Big Spring.

Mr. and Mrs. R. L. Sams and daughter, of Louisiana, are now visiting in the home of Mr. and Mrs. Earl Sams, and other relatives. Mr. and Mrs. Paul Sams, of Pittsburg, were guests in the Sams home during the past week.

Mrs. W. A. Barnett, Miss Omite Barnett and Mrs. R. D. Benson and Tommy, spent the week end visiting with relatives and friends at Lubbock. Mrs. Barnett remained in Lubbock for a few days visit with her mother, Mrs. E. L. Howard.

Miss Peggy Silha spent the week end visiting her parents and friends of Sherman.

Mr. and Mrs. Tom Porter, Sr. of Seymour, spent Sunday visiting in the home of Mrs. Wynelle Porter and girls.

Miss Betty Barnett was home for the week end.

John Ison, spent the week end visiting in the home of his parents and other friends of Whitesboro.

Mrs. J. A. McCanlies is visiting in the home of her daughter and family, Mr. and Mrs. Curtis Ripley, and son, of Lubbock this week.

## Boy Scouts Make Plans For Future Work

Don L. Ratliff, scoutmaster, W. R. Moore, Jr., advancement chairman; and Bob Bouse, field executive; met with Boy Scouts last Monday night and explained the forthcoming activities for the local troop.

Scouts present were O. D. Wallace, Cleburne Fields, Gerald Morrow, George Spann, Leburn Fields, Wayne Smith, Charles Ratliff, Gordon Stevens and Tommy Gage.

These boys are all advanced scouts who are being called for the first few meetings for refresher courses in order that they may assist in the training of new boys who come into Boy Scout work at later dates. They are showing much interest in the revival of this work at Munday.

An event explained was the coming World Scout Jamboree which will be held in Valley Forge, Pa., beginning the latter part of June. Side trips are being planned for one day to New York City, Washington D. C., and Philadelphia.

This will be a week's encampment, with 45,000 boys from all parts of the world participating. A move has been started to send two Munday Scouts to this jamboree.

## Fathers Night Being Observed By Local P-TA

Father's Night will be the occasion for the meeting of the Parent-Teacher Association tonight in the grade school lunch room at eight o'clock.

Mrs. Bill Sharp, vice-president, will preside at this meeting which is held annually in honor of the fathers.

The principal part of the program will be a panel discussion under the direction of James H. Bardwell, high school science teacher, on the subject of Teamwork Between the Agencies of the Community in Building Citizens. Those taking part in the discussion will be Mrs. A. L. Smith, Mrs. Clyde Nelson, Winston Blacklock, E. L. Goolsby, C. E. Fox, and Leonard Dowlarn.

Songs by the girls' chorus, under the direction of Miss Margaret Greenwood, public school music teacher, will conclude the program.

Refreshments will be served by the hospitality committee composed of Mrs. Joe Duke, chairman; Mrs. E. B. Littlefield; Mrs. Don L. Ratliff; Mrs. Gene Harrell; and Mrs. John Phillips.

## Deputy Collector Will Aid In Making Income Returns

Deputy George F. Brown of the Department of Internal Revenue will be at the Chamber of Commerce in Haskell on Tuesday, February 21, from 8:30 a. m. to 5 p. m.

He will be there to render assistance to the people of this area with income tax problems. This is the only visit he can make to this area before March 15, it was stated.

The deputy's advice and assistance is extended purely as a courtesy and without cost to any citizen.

If farm profits are to be maintained during the years immediately ahead, better and more efficient management practices must be made a part of each farm or ranch operator's plans.

Put your portable sewing machine on rubber or a typewriter pad to protect the table-top finish, reduce vibration and to keep the machine from slipping.

## LOCALS

Mr. and Mrs. Karl Harbin and children of Abilene spent the past week end here visiting relatives.

Mr. and Mrs. A. E. Bowley visited Mr. and Mrs. Joe Frank Bowley and son and Mr. and Mrs. Jot Tynes and children in Big Spring last week end.

Mrs. G. R. Elland returned Saturday from Fort Worth where she had been visiting Dr. and Mrs. James Walker and family.

Mrs. Vera Stevens visited relatives in Slaton and Littlefield last week end.

Mr. and Mrs. Keith Burnison of Abilene visited relatives and friends here last week end.

## Man Is Fatally Injured In Crash Near Bomarton

Durward Lindley Enloe, 34, of Brawley Calif., died at 2:30 a. m. Monday in a Seymour hospital from injuries suffered late Saturday in a head-on collision two miles west of Bomarton on Highway 277.

Mr. Enloe, his wife and four children were in a 1950 Chevrolet sedan heading toward California. The Enloe car and a 1948 Ford coach driven by Gaines D. McElroy, 33, of Bomarton, crashed head on.

McElroy received a leg injury. Mrs. Enloe, 22, and Enloe's two daughters, Marilyn Frances, 8, and Sue Ellen, 6, were reported in serious condition. The couple's 2-year-old son and 2-months-old daughter were not seriously injured.

Ambulances from the Mahan Funeral Home, Munday, and Laningham Funeral Home, Goree, took the injured to the Seymour hospital. Troopers George W. Leedy and J. Q. McMurrey investigated for the state highway patrol.

Mr. and Mrs. J. O. Bowden spent last Friday in Wichita Falls visiting with Mr. and Mrs. Jeff Dean Bowden and their new daughter, who made her appearance at General Hospital at 5:30 p. m., Thursday, February 9th. She's a husky young lady of more than eight and one-half pounds and is wearing the name of Barbara Janice. Her grandparents think she's just grand.

Miss Billie Fern Thompson of Abernathy spent the past week end here visiting her father, T. L. Thompson, and other relatives.

## COMFORT INCREASED THROUGH 'BALANCED INSULATION' IN HOME

"Balanced insulation" is a new term coming into use by home builders. It refers to the distribution of insulation over all wall and roof areas which are directly exposed to the weather, as contrasted to the concentration of insulating material in the upper part of the house.

Balanced insulation, according to heating engineers, has these advantages: more uniform heating from floor to ceiling; greater fuel saving, fewer drafts and increased comfort. The latter is accounted for by the fact that when the walls are warm less heat is radiated from the body.

An economical way to build in "balanced insulation", builders report, is to use insulating board sheathing in place of an ordinary sheathing material.

A protein-rich breakfast can do more to stave off fatigue hours longer than a morning meal with less protein. It is an advantage to provide about one-third of the day's protein allowance in the breakfast. Some of it should come from such top-quality protein foods as milk, eggs and lean meats.

Corn yields of more than 100 bushels per acre were reported for 1949 from 16 different Texas counties. These outstanding yields all came from fields planted to corn hybrids.

**FOR SALE**—Grocery store doing \$1,200 to \$1,400 weekly. Sell stock around 25 percent off inventory. \$3,200 fixtures for only \$2,200. Building rents for \$55. Inquire at the Munday Times. 29-2tp

**WANTED**—Car and furniture upholstery work. New prices all work guaranteed. Paddy Upholstery Shop, Munday, Texas. 29-3tp

Make every day in 1950 a safe day on your farm.

### Carolyn Hannah, H-SU Beauty, Takes Part In Presentation On Campus

ABILENE—Carolyn Hannah, daughter of Mr. and Mrs. Leland Hannah, Munday, has been chosen the "most beautiful" on the Hardin-Simmons University campus in the annual Beauty and Beast election held last week at the university. It is the equivalent to her being named the most popular girl.

The presentation of the Beauty and Beast, an annual contest sponsored each year by the H-SU Brand, student newspaper, was held in Hardin-Simmons Rose Field House Tuesday night, February 11, when the Student Council held a Barn Party which featured eats, a playlet, games, and a grand march.

The formal presentation of the Beauty and Beast was in the form of a playlet in which the setting resembled the fairy tale of "Beauty and the Beast". Narrator was Bob Todd and Dick Collins, beast of last year, served as master of ceremonies.

Miss Hannah, a junior at the

university, received the honor of being chosen Beauty when she won out over a field of eleven school beauties. In the preliminary election Carolyn was placed on the nomination blanks by receiving the required number of 75 names requesting that she be placed on the ballots. In the run-offs Carolyn defeated Shirley Price, San Angelo, and Wanda Baker, Wilson. Other candidates for the most beautiful were Pat Baxter, Anson; Pat Beasley, Anson; Barbara Davis, Austin; Virginia Dunagan, Midland; Julia Edwards, Abilene; Elnita Faubian, Ballinger; Helen Engle, Coahoma; Doris Reid, Abilene; and Claire Waller, Breckenridge.

Carolyn is a member of the Cowgirls girls cheering unit, the H-SU Chorus, Young Woman's Auxiliary, the student council, and was freshman class favorite.

The Beast, Manual "Greek", Orfanos, is a sophomore from McAllen and was chosen from a

group consisting of Hug Higgins, Cleburne; J. Forest Posey, Abilene; Travis Kelly, Texarkana; Bob Moates, Abilene; and Charlie Williams, Refugio. Runners-up were Higgins and Posey. Orfanos is a member of the Cow boy football team.

The Beauty received an armful of deep red roses and a box of candy. The Beast was presented with a corsage of carrots and onions and a box of candy.

### Cotton Production And Insect Control

Willburn A. Satterwhite, of Seymour, County Supervisor of the Farmers Home Administration, attended sessions this week of a state Farmers Home Administration cotton production and insect control committee in Dallas. "Early insect control was the most effective practice, and farmers who planted early enough and poisoned properly and early got excellent results—bale to the acre or more in many instances," Mr. Satterwhite said.

"Insect control alone won't get the job done," declared Mr. Satterwhite. "There are other things that need to be done—cover crop on land to be planted, fertilizer at planting, planting best seed early, pre-square poisoning, and having good land that has been properly prepared."

At the Dallas meeting three things were pointed out—cover crops, early planting, and pre-square poisoning—as being the most important in increasing production.

Placing stress on the improvement of farm and home management practices of farmers associated with Farmers Home Administration, the cotton production and insect control committee was organized by State Director L. J. Cappleman of the agency. Mr. Satterwhite was named on

### New Legislation, Taxes May Boost Telephone Rates

The new Minimum Wage Legislation, which was passed by Congress and signed by President Truman during October 1949, became effective on January 25, 1950. The new law increases minimum wages from forty cents to seventy-five cents.

Mr. Robinette, District Manager for the Telephone Company,

the committee. Its activities will be pointed toward increasing the yield of cotton by following better practices, such as pre-square poisoning, the use of commercial fertilizer, and planting cotton following legumes. It is expected that the successful results already obtained by farmer-borrowers who have followed these improved methods will draw other families into the program and encourage them to adopt better methods, such as early season insect control measures and planting cover crops to rebuild worn-out soil. Many of these farmers whose methods have proven successful will teach the practices to their neighbors. Similar efforts are being put forth throughout the state, as the cotton production and insect control committee is state-wide in scope.

At present the Baylor-Knox and Throckmorton Counties Unit of the Farmers Home Administration are represented by Mr. W. C. Miller, Route 1, Vera, Texas; Mr. James A. Blankenship, Route 1, Seymour, Texas; Mr. Chester B. Cox, Star Route, Seymour, Texas; Mr. John E. Hunter, Route 1, Knox City, Texas; Mr. Kyle B. Ritchie, Vera, Texas; and Mr. Tommie M. Spruiell, Rout 1, Munday, Texas; on the Unit Cotton Production and Insect Control Committee. Other borrowers will be added to the group within a short time.

pointed out that the telephone companies are going to be hit hard by the extra operating costs resulting from the changes in the minimum wage law. Telephone service is a round-the-clock business, with three shifts every twenty-four hours, seven days a week. This means the new law will hit the telephone companies harder than the average business covered by the act.

In addition Social Security Taxes were advanced on January 1, 1950, from one percent to 1½ percent. As in the past, the employer matches the amount deducted from each employee's pay check and deposits these funds with the Social Security Administration. During 1949, the tax paid on an annual income of \$2,500 amounted to \$25.00. During 1950, the same income will require a Social Security Tax of \$37.50.

Telephone companies only have one source of revenue from which to pay their costs of operation—that is from the rates paid by subscribers to the service. Mr. Robinette stated that he could see now way the Company could avoid increasing rates in months ahead to offset these and other rising costs of providing telephone service.

Mr. and Mrs. Dwaine Russell of Wichita Falls were week end guests in the home of Mr. J. B. Bowden. Mrs. M. L. Joyce and son, Joe of Albany, were also visitors in the Bowden home.

Mrs. Oscar Spann left last Friday for Lubbock for a visit with her son-in-law and daughter, Mr. and Mrs. Conrad Link and their baby son.

Wallace Reid spent the first of this week in Amarillo, attending a hardware convention and attending to business matters.

Be careful. Observe state and local traffic laws.

### DATES FOR STATE 4-H ROUND UP AND AGENTS CONFERENCE SET

Dates for the 1950 Texas 4-H Club Round Up and the annual conference for all Texas Extension Service personnel have been set, according to an announcement made by Extension Director G. G. Gibson.

Both meetings will be held at Texas A. & M. College during the week of June 12-16. The district winning 4-H judging contests on June 12 and the 4-H Round Up will follow on June 13 and 14.

The annual Agricultural Extension Service Conference will be on June 15 and 16. Details covering the programs for the week have not yet been completed, however Gibson says that all committees working on the programs are expected to have much of their work done by early March and announcements will be made at that time.

Rev. and Mrs. Willard Reeves of Dallas spent the week end here with their parents, Mr. and Mrs. J. E. Reeves and Mr. and Mrs. S. G. Smith.

# FARM PROGRAM NEWS

From the County PMA Committee

## CHECK WINTER COVER CROPS

Are winter cover crops effective in controlling erosion? Do they provide the necessary cover to keep the top-soil from washing away? Do they pay? According to J. C. McGee, chairman of the Knox County PMA Committee from now on through the next few weeks is the best time to find the answers to these questions.

The chairman suggests that one way to check is, to compare fields protected by winter crops with those not so protected. After a rain, check the silt deposit at the bottom of the field. Check the fater running off the unprotected land against that from the land protected by a cover crop.

He reminds Knox County farmers that the soil carried away in the run-off is the top-soil which minerals and humus.

While making this inspection, the chairman suggests that farmers also check on the value of cover crops as a means of building up the organic matter and humus content of the soil when the cover crop is plowed under as green manure. "This is a good time of the year to do a little checking of this kind," the chairman suggests, "on your own farm and on the way to and from town. Compare the fields left bare with those where the cover crop has been seeded. And compare the various crops used as winter cover."

Austrian Winter Peas and Vetch are the main cover crops planted in Knox County.

## CHECKING EROSION LOSSES

A straight furrow is the most expensive distance between two points—that is when the furrow is up and down the slope.

With this statement, J. C. McGee, chairman of the Knox County PMA Committee, calls attention to the comparative losses of soil and soil fertility when sloping land is farmed on the contour and when the furrows run up and down the slope.

His observations are backed

up by measurements of soil losses taken at Zanesville, Ohio. Covering a period of 75 days during the corn growing season, the test showed the following per acre losses on down slope, straight furrow plowed land:

More than 90 pounds of nitrogen.

Approximately 130 pounds of phosphoric acid.

Nearly 1600 pounds of potash. Where the furrows were on the contour the losses were:

Nitrogen about 34 pounds.

Phosphoric acid, 31 pounds.

Potash, 604 pounds.

Contouring reduced the loss in plant food about two-thirds. Based on a 5-10-5 fertilizer, the savings per acre were: about 56 pounds of nitrogen, the amount in 10.6 bags; about 99 pounds of phosphoric acid, the amount in 10 bags; and about 1000 pounds of potash, the amount in 200 bags.

When comparing the cost of contouring farming with that of straight furrows, these losses should be taken into consideration, says the county chairman.

## COTTON SHADE HALTS SPREAD OF FLAME

A new window shade has developed which is said to repel fire, the National Cotton Council reports.

The shade is made of unfilled cotton cloth sealed with vinyl plastic. The material is said to retain its fresh, new appearance despite rain, sunlight and frequent scrubbing with soap solutions.

Fire authorities point out that draperies and window shades are responsible for the rapid spread of fire, carrying flames from floor to ceiling to envelop a room. The new cotton shade smudges or chars slightly when a steady flame is applied, but does not flare up or burn, it was said.

Don't throw away stale doughnuts. They regain their flavor when cut in half, placed under the broiler for a few minutes and spread while warm with melted margarine, sugar and cinnamon.

## People, Spots In The News

**WORST** snow since 1908 in California laid 13-inch blanket and created scenes like this "dig-out" at Dunsuir while most of East was still looking for first real snow of winter.

**POLICEMAN'S** lot is happy one in Rome on Epiphany (Jan. 6) as custom dictates cop-on-corner is showered with gifts from individuals and business concerns.

**PROBABLY** smallest object ever mass-produced is 1-mm. steel ball, here being examined for perfect roundness by SKF Industries craftsman. They're used in ball-point pens and delicate measuring instruments.

**MASTERMINDS** of college grid—Frank Leahy of Notre Dame and Earl Blaik of Army—chat amicably at N.C.A.A. and observers wonder if it means a resumption of classic rivalry.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

**AUSTIN**—If public health is to contribute to health and happiness in 1950, the people of the State need to gain a new knowledge of its significance and to convince their leaders of the importance of the support of the people, said Dr. Geo. W. Cox, State Health Officer.

The State Department of Health is the state agency responsible by the law for the health of all the people in Texas. The working out of this responsibility, however, must be a joint affair shared by all the people.

The State Health Officer is the administrative and executive head of the Department. The field activities are organized in 18 different divisions. A division director with specific training and experience in one of the specialized fields of public health as well as in general public health measures directs the activities of each division.

The many problems faced today by every American com-

munity and by every school, farm, business and industry are: how to prevent and control illness, malnutrition, and epidemics; how to make the community in which one lives as free as possible from hazards to health.

The world of disease is not divided; it is a common world. Tuberculosis in the United States is not different from tuberculosis in any other country. In terms of human needs, the world is truly one world. Public health and medicine have a tremendous part to play. They possess one of the important keys that unlock the door to future world progress.

No public health program anywhere can be completely successful, however, unless it has the confidence and support of the people who benefit by it. Full support cannot be expected unless the people understand the purpose and the objectives of the program. Your health department is interested in preventing disease and it never interferes with your relations with the doctor of your choice. Dr. Cox pledges the personell of his department in keeping you well. When you are ill he advises you to consult your family physician.

Be careful. Observe state and local traffic laws.

## Rhoden Named Sales Manager In Feed Dept.

**ABILENE** — Appointment of Clifford Rhoden, of San Angelo, as sales manager of the feed department of the Western Cottonseed Oil Co., Southwest division, was announced here by W. A. Williams, vice-president of the Western Cottonseed Oil Co. in charge of the feed department.

Appointment of Rhoden further broadens the distribution, sales and sales promotion program of Paymaster Formula Feeds which are produced by Western Cottonseed Oil Co.

Mr. Rhoden brings a wide background in the feed business to his new position. He has been in the mill field for 25 years in Winters, Abilene and San Angelo. Since 1946, he has managed Western Cottonseed Oil Co. mill in San Angelo.

In his new position, Mr. Rhoden will expand and direct the sales force for Paymaster Formula Feeds to market the new line of feeds throughout the Southwest. In making the announcement, Mr. Williams said Saturday: "We are fortunate to be able to have Clifford Rhoden in this important job. His experience and ability are exactly what we need to push our enlarged sales plans of Paymaster Feeds."

Mr. Rhoden is a native of Houston County. He has been active in many civic organizations in San Angelo and is a member of the Public Relations Committee of the Texas Cottonseed Crushers' Association. Mr. and Mrs. Rhoden, and their two children will move their residence to Abilene, his headquarters for the new position.

## BOARD DOES MANY JOBS

An outstanding characteristic of insulating board is that it combines insulation with other properties, including structural strength, decorating, and sound quieting.

## STRONG SHEATHING

Tests show that insulating board sheathing, in addition to being three times more resistant to heat passage than is ordinary sheathing, has superior structural strength.

## COTTON SHIRTS SURPASS NYLON

None of five different brands of nylon shirts tested recently compared favorably with a first-quality cotton broadcloth shirt in details of construction, cut, workmanship and appearance. Consumer's Research organization reports.

"A nylon shirt does not have the crisp, neat appearance of a fresh, well-ironed cotton shirt," the researchers observed.

Most frequent complaints during the testing of the nylon shirts were poor workmanship and cut of the shirts, loose threads, puckered seams, poor buttonholes, and, in some instances, bad join-

ing of the seams. All men participating in the test agreed that they would not care to wear nylon regularly. Nylon shirts can be worn unironed only if they are to be worn under conditions where the wearer would not object to puckered collars and seams, the study showed.

The Consumers' Research investigation also found that most men complained of a clammy and unpleasant feeling in hot, sticky weather in nylon shirts. It was noted that men who perspire freely more than likely would find nylon shirts uncomfortable and unpleasant to wear in any kind of weather.

# BOYCE HOUSE

One of the hottest, and most festive gun duels in the annals of the West was fought in the frontier town of Fort Griffin in the "Seventies," and though dozens of shots were fired on each side, both of the participants—a rough-and-tumble gentleman named Hurricane Bill, and a saloon keeper named Mike O'Brien—came off unscathed!

Hurricane Bill had a knack for getting into trouble and was always in the thick of it when anything broke loose at the saloon owned by O'Brien and another Irishman. As a result, there was bad blood between "Hurricane" and the Irish—and it all came to a head one afternoon when Mike O'Brien returned to his likker parlor and found Hurricane Bill threatening his porter! One word led to another and, finally, Bill was thrown into the street!

Both men were armed at the moment but both sensed that the

affair called for a showdown, and as Bill streaked for his picket shanty up the street to get his Winchester, Mike hurried to the back of the saloon, armed himself with a heavy bore buffalo rifle and a pocketful of cartridges. Thus "loaded for bear"—as the saying goes, the bold O'Brien walked out of the saloon, sauntered up the street, deliberately seated himself in the dust opposite Bill's shanty, and began pumping lead into the flimsy structure.

Bill opened up about the same time with his Winchester, but he soon realized the superior penetrating power of the big buffalo gun was going to make things mighty unhealthy for him. He was afraid to expose himself to Mike's rapid fire, and so, to keep up his side of the duel, Bill tried to wing Mike by listening to the report of the saloon man's rifle, then raising his own Winchester, at arm's length above his head just on the chance of getting in a lucky shot!

The shooting went on. O'Brien didn't budge from his sitting position in the middle of the road, except to shift around a bit to take more cartridges from his pocket. The excited citizens of Fort Griffin's Flat were holed up in various houses, watching the battle with amazement—that is, all save one. He was a wild Irishman—and at the hottest

## Knox Prairie Philosopher Favors Government Potato Deal But Wants The Same Potatoes Used Each Year

Editors note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek, has a strange idea about the government's potato deal, his letter this week reveals.

Dear editor: I have seen a lot of comment in the newspapers about the government's potato deal, been read in how the commentators and editorial writers are outraged over the government's payin farmers a big price for potatoes and then sellin em back to the same farmers for one cent a hundred pounds, to get them off the mar-

ket, but it seems to me all the editars is missin the main point. What burns me up about this deal ain't that it looks like a pretty good thing for the potato growin farmer or that it may cost a little money, government's gonna spend money, whatever it does.

So, while Hurricane Bill continued to fire from the window—still in his aimless fashion—Mike put down the buffalo rifle and partook of the refreshment. Having likkered, he took his gun and resumed the battle while his friend reeled back to safety.

Finally, after shooting away all his cartridges, O'Brien nonchalantly got to his feet, shouted to Hurricane Bill that he was not after all, worth the ammunition it would take to kill him, and strolled back to his saloon.

ket, but it seems to me all the editars is missin the main point.

What burns me up about this deal ain't that it looks like a pretty good thing for the potato growin farmer or that it may cost a little money, government's gonna spend money, whatever it does.

What burns me up is the fact that the government is gonna dye the potatoes so the farmer can't sell them again.

As I understand it, the farmer grows the potatoes, the government buys them at a fair price which happens to be considerably above the market, and then sells em back to the same farmer at a fraction of what it just got through payin.

So far, such a deal sounds reasonable enough to me. But some smart aleck slips in the provision that the potatoes has to be dyed so they can't be sold again.

What I want to know is what in thunder difference does it make to the government whether it's buying a new potato or a

## Refugio County Wins Plaque For Safety Program

Refugio County has been selected by the State Club office for the second consecutive year as reporting the most outstanding 4-H safety program in Texas—in 1949. The County Extension office at Refugio receives a second plaque of merit from General Motors, similar to the one awarded for 1948.

In his report, County Extension Agent L. A. Weiss, Jr., stated that among major safety activities emphasized on a county-wide basis were the showings of sound motion pictures on accident and fire hazards to school service clubs, farm men and women and 4-H'ers.

"The addition of a course in safe driving instructions with the use of a dual control automobile

used potato so long as it ain't gonna go nowhere except from the farmer to the government and back to the farmer. What in blazes difference does it make to some Washington bureaucrat whether the potato the government's buyin and losin money on is new or second hand, soft or hard, sproutin or not, so long as it ain't gonna be eaten anyway? Why make a farmer go to all the trouble of growin a new crop, wearin himself and his equipment out and wastin time and energy and money, when his old potatoes would depress the market just as much if they was turned loose? Let him store his equipment and sit by the fire and sell the same potatoes back and forth till they wear out.

There's always some bureaucrat thinkin up some scheme to make the farmer work harder for no reason at all. I don't grow potatoes myself but I got sense enough to see they could use the same potatoes over and over with a lot less trouble? Any chance of gettin that program started in this county on cotton

Yours faithfully,  
J. A.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

in the Woodsboro Public School," Weiss cited, "is probably the most outstanding phase of the 4-H safety program that has been and is being carried on in Refugio county."

"Farms, ranches and farm homes is most cases are a safer place in which to live, work and play as a result of the safety program that brought about the marking and removal of hazards throughout the county."

The report showed that a total of 108 members enrolled in the 4-H safety activity, 90 made safety surveys.

### School, Home—

(Continued from Page One)

the next speaker. This is the department of the State government which deals with Texas correctional schools, and through statistics and case histories, can the problems the School and give any citizen an insight into Home Behavior Clinic proposes to discuss. The subject of this speaker will be "Channels of Early Training To Prevent Delinquency."

Closing speaker of the evening will be one of the foremost authorities of Texas on juvenile problems, Judge David McGee, of the Criminal District Courts of Fort Worth, Tarrant County. Judge McGee has had a quarter century of experience in the important trial courts of a very large city, and has encountered and applied solutions to difficult problems in modern life. His lecture will have as its title "The Responsibilities of Freedom and Citizenship."

Judge Lewis Williams, of the district court of which Benjamin and Knox County is a part, will preside at the Clinic, and introduce the speakers. J. R. Steed-

man, superintendent of the public schools of Benjamin, will be general supervisor of the program. "We invite every school patron, teacher, or interested citizen—in our county and surrounding counties—to be with us on the evening of Feb. 22," he said, in announcing the State and Home Behavior Clinic.

### Calf Show—

(Continued from Page One)

Following order:

Junior Class: First, Nickie Leaverton; second, Gary Cure, third, Peggy Cure; fourth, Bobby Miller; fifth, Larry Mayberry; sixth, Lewis McGuire; seventh, Billy Mayberry; eighth, Ernest McGaughey; and ninth, Dean Myers.

Senior Class: First, Gary Cure; second, Bobby Miller; third, Nickie Leaverton; and fourth, George Ray Baty.

Record prices for calves sold in this area this year were paid by merchants of Munday and Knox County at the auction conducted by C. R. Elliott.

A total of \$1,601.50 was paid to the boys for their calves. Feeder weight of calf, purchase price

and purchaser are as follows:

George R. Baty, 920, 28 cents, Zachery Grocery, Knox City; Ernest McGaughey, 820, 27 cents, Western Cottonoil Co., Munday; Lewis McGuire, 750, 28½ cents, Atkeison's Food Store; Billy Mayberry, 780, 24 cents, Western Cottonoil Co.; Dean Myers, 570, 27½ cents, Munday Locker Plant; Nickie Leaverton, 940, 33½ cents, Munday C. D. A.; Bobby Miller, 800, 32 cents, Johnny's Drive Inn, Knox City.

### School Library—

(Continued from Page One)

placing of the books on open shelves, only two have been lost so far.

Approximately eighty books are in circulation at all times. Which means that out of one hundred and fifty enrollment, over fifty percent of the children are checking out a book each week. We are urging the children to read for pleasure and not for "points".

Many hours of work has been done on the library to bring about the changes. No time is allotted for this during the regular school hours, so the major

part has been done after four and on holidays, and strictly on a voluntary basis. Nancy de Bush and Evelyn Ford deserve much credit for the many hours they have spent after school and on Saturdays working in the library. Nancy still contributes much of her time for she is the very efficient head librarian. The following children are librarians: Nancy DeBusk, Paul Wayne DeBusk, Jo Ann Burgess, Evelyn Ford, Billy Joe Brown, Joy Jones, Harold Fox, Glenn Henson, Margie Lou Campsey, Perry Reeves, Royce McGraw, Jo Mac Hill, and Betty Blacklock.

### Kracker Krumbs—

(Continued from Page One)

boys, though.

Take Walter Rice, for instance, He's the "boy" who started calf feeding in Knox County and supervised the first show.

Walter has missed very few of our shows, and someone said a few years ago that no Knox County show was complete without Walter Rice. We missed him.

And "Old Dunk", too, with his boisterous laugh; big hearty smile and slap on the back.

"Dunk," as you know, is R. O. Dunkle, another former Knox County agent.

It must have been raining in Graham. And when it rains in Graham, Dunk knows it can be doing most anything in Knox County. Guess he was afraid to venture out. We missed him.

Anyway, it was a nice show, and we enjoyed it. Bet you did, too.

### Miss Coffman On Program For College Dad's Day Dinner

Miss Mildred Coffman will be hostess to her father, Mr. Orb Coffman of Goree, at the annual Dad's Day and Dinner at Hockaday Junior College in Dallas, on Friday, February 17. Miss Coffman is a member of a trio which will furnish a part of the entertainment at the afternoon program at 4:00 o'clock in the Great Hall. She has been elected to Tau Gamma Epsilon, academic honor society of the Hockaday Junior College. She is treasurer of the Student Council and President of the Glee Club. Miss Coffman, who is majoring in music, will give her graduation piano recital Monday evening, April 1.

Features of the elaborate program which has been planned by the students in honor of their fathers, are a coffee and open house Friday afternoon from 2:30 o'clock until 5:00 o'clock. The formal banquet at 7:00 o'clock in the Main Building will have as its theme "Dad, Our Sweetheart and King" and the climax of the evening will be the moment, at which each daughter crowns her father with a red and silver crown trimmed with hearts to show that he is King of the Evening.

Silage or "canned pastures" ranks next to improved pastures as the best source of low cost feed nutrients.

More than four thousand 4-H and adult demonstrators last year showed that corn yields can be increased by as much as 20 to 30 percent by planting adapted corn hybrids.

Be careful. Obey state and local traffic rules.

### Jess Gardley Home Destroyed By Fire

A two-room house "in the flats" which was occupied by Jess Gardley, well known local colored man was destroyed by fire around 9 o'clock last Monday night.

The fire is said to have started when an oil stove exploded, and the house burned within a few minutes. It was a mass of flames when members of the local fire department arrived on the scene.
