

Kracker Krumb's Odd Bits Salvaged At Random

Those who have contended it can't rain in July are wrong.

And those who say it never rains at night in July are "wronger" if there's such an expression.

We've had rain at night, at breakfast, at noon-time and at suppertime during this month.

Up to Wednesday, we had eight days of rain in July, and there's still a few days left for it to rain during the month.

During the month, according to Harvey Hill, we've had 5.38 inches, not including some of Wednesday's rain. For the year we've had 22.68 inches up to the same time.

It's the wettest we've ever seen in July.

But Mr. Hill says we haven't had nearly as much rain as they have had in the Goree area. Lots of cotton in that area is standing several inches in water.

Lots in this area is, too, and it needs plowing and hoeing and poisoning.

Someone told Bud Nelson Sunday morning he should harvest his frogs—that they were getting good size now.

"Yeah," replied Bud, "but I believe they'll get bigger."

Don't know how much money there is in a frog crop, but this rain is interfering with other crops.

It's interfering with other things, too.

Take for instance, a clean-up drive.

Plans were discussed for a giant clean-up drive last Monday night, with the C. D. A. and the City of Munday cooperating in the move.

When it gets dry, enough, some contended, we should have a mammoth clean-up drive that won't quit.

Surely, they reasoned, it will dry up by the second week in August. So they set August 7—which is on Monday—as the beginning of the drive.

The move will continue through Friday, August 11, and by the time that day closes it is hoped the town will be a lot cleaner and more presentable.

It's been good careless weed weather all spring and summer, and said weeds have taken advantage of it.

What the C. D. A. and the City Council wants is a weed killing, trash moving, can hauling off, mosquito and fly breeding place elimination clean-up.

The mayor said he'd proclaim such a clean-up week, inserting therein a whole bunch of whereases and now therefore to make it sound big and convincing.

We expect to print this proclamation next week and get the "operations clean-up" wheels turning good and proper by Munday, August 7.

Then they'll designate Friday, August 11, as "truck day" for the clean-up move.

Every thing is supposed to be cleaned up and piled up and ready for the dump ground before Truck Day.

Then the trucks are to make the rounds and clean up all those piles of stuff, etc.

And everybody with a truck of some type, a 4-wheeler or 6-wheeler, a pick-up or trailer, is respectfully and respectfully asked to put the thing in operation on Truck Day.

They've given the weather man two weeks—and that's the same amount of time the rest of us have—to prepare for Truck Day.

(Continued on last Page)

Knox County Hospital Notes

Patients dismissed from the Knox County Hospital since July 16:

Mrs. Bertie Wilson, Munday; Mrs. James Dutton and Baby; Rex Patterson, Benjamin; Mrs. Joan Hutton, Knox City; M. S. Killgore, Benjamin; James O. L. Fletcher, Knox City; Eillene Callender, Dallas; J. W. Alexander, Weinert; Bill Clarke, Knox City; Mrs. M. D. McGaughey, Benjamin; E. A. McBeth, Weinert; Mrs. O. M. Olson, Gilliland; R. L. Thompson, Rochester; Mrs. Lailton Coates, Knox City; Donald Rae Hagle, Rochester; C. P. Neal, Rule; Jackie Horn, Gilliland; Mrs. B. E. Wright, Stamford; Mrs. Earl Hays, Clyde; Mrs. W. W. Warren and Baby, Munday; Mrs. Wynelle Porter, Benjamin; Marion Hicks, Rochester; Mrs. Jean Boyd, Lamesa; Mrs. D. E. Wells, Knox City; Kenneth Roberts, Rochester; A. W. Swearingen, Knox City.

Patients in the hospital July 24th:

Miss Berniece Stubblefield, Munday; Mrs. Gene Floyd, Munday; Mrs. R. E. Bernard and Baby, Lubbock; J. W. Rutherford, Knox City; Mrs. Tommy Barnes, Casa Grande, Ariz; Mr. George Zachery, Knox City; Mrs. Joe Stevens, Munday; J. M. Farrar, Rochester; Mrs. Dal Graham, Rochester; Mrs. J. M. White, Munday; Mrs. J. A. Doyle, Rochester; Mrs. E. A. Johnson and Baby, Rochester; Mrs. Luke Birkenfeld, Munday; S. P. Keller, O'Brien; John Albert Hayes, Knox City; Mrs. S. H. Wade, Rochester; Mrs. H. H. Gore, Vera; Mrs. D. Powers, Thalia; Mrs. Ed Trainham, Vera; Mrs. Q. A. Hughes, Vera; Mrs. C. G. Hudson, Rochester; Elton Floyd, Munday; Mrs. Stella Kendrick, Benjamin; Mrs. C. F. Anderson, Knox City; Jimmy Perdue, Lufkin.

Births since July 17th: Mr. and Mrs. W. W. Warren, Munday, a son.

Mr. and Mrs. E. A. Johnson, Rochester, a daughter.

Mr. and Mrs. R. E. Bernard, Lubbock, a daughter.

Gossett Returns To U. S. Congress

Congressman Ed Gossett was returned to U. S. Congress by voters of the 13th district last Saturday. Incomplete returns Monday showed Gossett holding a 6 to 1 lead over Mrs. Edith Wilman of Jack County.

The returns were complete, but unofficial, from all but 30 of the 317 voting precincts. Of the 49,459 votes counted, Gossett had 42,258 to Mrs. Wilman's 7,201.

Knox County gave Gossett a vote of 1,801 to 189 for Mrs. Wilman.

July Weather Sets A Record For Rainfall

The month of July, which will make its exit next Monday, has set a record for rainfall in this area. And today (Wednesday) is another of those wet, rainy days.

Usually this month is hot and dry—and usually, too, there is practically no rainfall at night. But this July, the weatherman can send us rain at most any time, day or night.

Fields of this area are standing in water in all low places. Planting has been done over and over again, as the rains also came in May and June to hinder planting.

Farmers report a good many cotton insects, and war is being waged against these when weather permits.

According to the records of H. P. Hill, U. S. Weather Observer for Munday, we have received a total of 5.38 inches of rain in July up to Wednesday morning, with rain being recorded on eight days during the month.

The year's total rainfall had reached 22.68 inches Wednesday morning.

Texans Vote Million Strong In Primary

Texans went to the polls and voted over a million strong in the primary election last Saturday, far exceeding the estimates that in some cases ran as low as 800,000.

Governor Allan Shivers led the field in Knox County, as well as all over the state, in the race for Governor. Late counts showed a runoff in the lieutenant-governor's race between Pierce Brooks and Ben Ramsey.

Returns in state races announced Tuesday, showing returns from all counties with 137 complete, are as follows:

GOVERNOR—Abbey, 6,701; Hutchinson, 19,453; Lawrence, 8,969; March, 179,677; Porter, 13,285; Shivers, 762,236; Wren, 14,675.

LEUTENANT GOVERNOR—Arnold, 19,853; Brooks, 196,512; Davis, 26,673; Evans, 80,575; Harris, 47,316; McAshan, 10,128; Morris, 103,337; Ramsey, 172,317; Reed, 102,499; Smith, 99,041; Vick, 50,889; Womack, 12,636.

AGRICULTURE COMMISSIONER—Fairey, 130,195; McDonald, 375,916; McLellan, 177,660; White, 184,799.

CRIMINAL APPEALS—Cook, 80,411; Lattimore, 189,975; Letts, 45,554; Morrison, 189,142; Myers, 73,381; Nelson, 128,131; Storey, 102,531; Wuntch, 50,252.

SUPREME COURT—Place 1: Dickson, 320,595; Wilson, 391,660; Wray, 128,719. Place 3: Davis, 146,021; Griffin, 296,349; Harwood, 231,801; Keenan, 118,436.

County Is One Of 103 To Make Bond Quota

Knox County was one of 103 counties in Texas that exceeded their quotas in the recent Independence Savings Bonds Drive. Mr. W. E. Braly, county Savings Bonds chairman, announced today after receiving final sales figures from Nathan Adams, Dallas, state chairman.

Sales in this county were \$58,237.50, or 209.49 percent of the \$28,800.00 quota.

The Independence Drive was held May 15-July 4, with sales through July 17 being counted toward the quota.

Total sales in Texas for the drive were \$25,383,274.75, or 105.37 percent of the state's \$24,088,000 quota. The goal was reached and exceeded during the last week of the drive, with a final burst of bond buying accounting for over \$7,000,000 in sales.

"You and the people of your county can be proud of your record in this drive," Mr. Adams told the local chairman. "By exceeding their quota they have helped the state preserve an unblemished record of always going over the top in bond drives. At the same time the people of your county have added substantially to their savings and, consequently, to their personal financial security."

Goree Revival To Open Friday

The First Baptist Church of Goree will conduct a 10-days revival meeting, beginning on Friday evening, July 28, and continuing through Sunday, August 6.

Rev. John Osteen, pastor of Calvary Baptist Church in Baytown, will do the preaching. He is well known in this community, having directed two previous meetings.

Max Copeland, ministerial student in Baylor University, will direct the music. He is also known here, since he has directed the music in two revivals.

"These are men of God," Rev. S. E. Stevenson, pastor, stated, "and we are expecting and praying for a mighty awakening. We extend an invitation to everyone to attend all these services."

Drive carefully. The life you save may be your own!

Mrs. R. M. Almanrode To Attend Women' Council Visit In Europe

A signal honor has come to a Knox County woman, Mrs. R. M. Almanrode, who has been selected to attend a council of Associated Women of the World in Copenhagen, Denmark.

She was selected by Mrs. Spencer Ewing of Bloomington, Ill., as one of the five women of the United States who are to be sent to the country women's council by the Country Gentlewoman, a publication of Philadelphia, Pa. So far as is known she will be the only woman to attend from Texas.

Mrs. Almanrode was selected for her untiring and outstanding work among club women of this area. She has been a member of the Women's Home Demonstration Clubs for the past 25 years and has been active in county, district and state club activities. This year she is a candidate for state president, but she will be away on her tour at the time of election.

Between 150 and 200 women of America will attend the council, but only five of them are sponsored by the Country Gentlewoman.

The group will sail from New York aboard the S. S. George Washington of the United States Lines and arrive in Southampton on August 30. They will visit London, Brussels, The Hague, Amsterdam and other places and arrive at Copenhagen on September 9. Tours will also

MRS. R. M. ALMANRODE

be made to rural Denmark under the auspices of the Danish committee.

Mrs. Almanrode also plans a post-convention tour by deluxe coach and will visit points of interest in France, Belgium, Germany, Switzerland and other nations of Europe.

The conference of Associated Country Women of the World meets once every three years. The last meeting was held in Holland.

Veteran, Wife Are Electrocuted Near Knox City

Mr. and Mrs. R. L. Cox were electrocuted at about 5 p. m. Wednesday in a traffic accident at their farm home five miles southeast of Knox City.

According to reports, Mr. Cox, 23, tied a wire from a step-down transformer to an REA line near his garage, stepped down on a metal barrel and fell to the wet ground with coils of electric wire wrapped around his body. He planned to electrify a fence around a sudan patch.

Mrs. Cox, 19, heard his scream, ran outside and took hold of the wire. She was found dead in a standing position with her hand still on the wire.

Neighbors who heard Cox scream rushed into the yard just in time to keep their 14-month-old daughter, Carolyn, from touching her mother. The family of Mr. and Mrs. D. H. Mann, neighbors, were unable to find the switch to cut off the current. A son, Leroy Mann, ran home for a gun and shot the wire in two.

The couple was pronounced dead by Dr. T. P. Frizzell of Knox City. Investigators were John H. Banks, district attorney of Haskell, and Bob Cousins, Haskell County sheriff.

Besides the daughter, Mrs. Cox is survived by her mother, Mrs. Cordelia Woodward; one sister, Wilma Lee Woodward; and three uncles who helped rear her, Earl, Roy and Park Woodward, all of Knox City. Mrs. Cox celebrated her 19th birthday Tuesday.

Mr. Cox, a World War II veteran, is survived by his parents, Mr. and Mrs. Leslie Cox of Weinert, and Charles, Jackie and Rex Cox of Haskell; one sister, Carolyn Kay Cox of Haskell.

The bodies were taken to Warren Funeral Home in Knox City where funeral arrangements are incomplete.

BIRTH ANNOUNCEMENT

Mr. and Mrs. G. R. Eiland, Jr., of Lamesa, are announcing the birth of a son, George Randolph Eiland, III, who was born on Thursday, July 20, at a Lamesa hospital. He is the grandson of Mrs. G. R. Eiland, Sr., of Munday.

Miss Betty Finley of Wellington, is spending a two weeks vacation with her cousin, Margie Campsey.

Mr. and Mrs. J. C. Greenway of Hamlin, visited in the home of Mrs. J. D. McClaran and family Sunday.

Moffett Wins In Senate Race

With only four of the 23rd District's 182 voting boxes incomplete Monday, Senator George "Cotton" Moffett of Chillicothe was sure for re-election to the State senate.

Returns from Knox County showed Moffett a vote of 1,814 to 249 for Mayor T. Leo Moore of Electra.

Moffett led in each of the nine counties in piling up a vote of 21,681 to 9,151 polled for Moore. Moore conceded defeat but promised that he will be back again to try for the office in 1954.

HERE FROM MISSISSIPPI

Jimmy and Dickie Morgan of Pittsboro, Miss., and Arthur Langston of Calhoun City, Miss., came in Wednesday for visit with their uncle and aunt, E. L. Morgan and Mrs. George Hammack, over the faw mfwywpw mack, and with other relatives.

Mrs. G. R. Eiland, Sr., and granddaughter, Jan, came in Monday from Lamesa.

Mrs. Allan Seale and child, drop, Carole and Charles Allan, of Dallas have been visiting in the home of Mrs. Seale's parer for two weeks. They returned home Friday.

Mr. and Mrs. Douglas Hutcheson and family of San Antonio spent the week end with Mrs. Hutcheson's parents, Mr. and Mrs. Lewis Floyd, and other relatives and friends.

Mr. and Mrs. E. Beecher Observe 50th Wedding Anniversary Sunday

Mr. and Mrs. E. Beecher of Munday were honored last Sunday on their Golden Wedding Anniversary, when their children held open house at their home here. Sons and daughters who served as hosts for the occasion are Mrs. Leslie Holloway, Haskell; Edgar Beecher, Shallow-water; Mrs. Loy Dutton, Lubbock; Mrs. Virgil Yost, Munday and Pete Beecher, Goree.

The table was laid with a white lace cloth and centered by a three-tiered wedding cake decorated with white roses and shaded with gold. It was topped with a miniature gold bell and "50" in gold extending from the candles with white ribbon and golden carnations. White and gold gladioli and white daisies decorated the house.

Assisting in the hospitiaties were Mrs. Edgar Beecher, Mrs. Pet Beecher, Mrs. Felton Rayl, Misses Jo Ann and Carolyn Bryan, Joyce Beecher and Mrs. W. B. Johnson.

Over 2,300 Votes Cast In Primary

Jones Is Victor Of 50th District Attorney Race

Leading by only 441 votes, Roy A. Jones of Paducah was victor in the race for 50th district attorney, reports from the four-county district showed last Monday. He defeated D. J. Brookreson, Jr., of Seymour, who was appointed to serve the unexpired term of Joe Reeder, Jr.

Count from the four counties of the district—Cottle, Baylor, Knox and King—gave Jones a total of 3,297 votes to 2,856 for Brookreson. Returns were complete, but unofficial. The vote by counties was:

Cottle—Jones, 1,591, Brookreson, 450. Baylor—Brookreson, 1,097, Jones, 616. Knox—Jones 951, Brookreson, 1,246. King—Brookreson, 63, Jones 139.

Council Considers Expansion Of Water, Sewer Systems

At a meeting of the City Council last week, serious consideration was given the need for expanding the city's water and sewer systems, according to an announcement made by Mayor W. R. Moore.

Whether such expansion will be at all possible for the city was a matter for concerted study.

The council is considering getting in touch with Joe Ward of Wichita Falls and authorizing him to make a survey regarding the needs for such expansion. Cost of such expansion would be determined after the survey is completed.

The contract with Joe Ward to make the survey of the city's water and sewer needs was signed by members of the City Council on Wednesday afternoon.

WILLIAMS FAMILY MOVES TO SPUR

Mr. and Mrs. Al C. Williams and daughter, Gail, left the first of this week for Spur, Texas, to make their home. Mr. Williams bid in the job as depot agent there.

They are occupying their home in Spur which they purchased several months ago.

BIRTH ANNOUNCEMENT

Mr. and Mrs. W. W. Warren are announcing the arrival of a baby boy, Michael Wayne, who was born on Wednesday, July 19, at 11:20 a. m. at the Knox County Hospital. Mother and little son are reported doing nicely.

Mr. and Mrs. Fred Searcey and Mr. and Mrs. Clarence Searcey went to New Mexico last Thursday for a visit.

Korea did not claim all of the attention of Knox County's voters last Saturday, as they went to the polls, over 2300 strong to select their office holders for another two years.

The highest combined vote in any race was 2,309, which was in the sheriff's race in which voters gave the incumbent, H. T. Melton, a clear majority over his two opponents. The vote was: Melton 1400, L. C. Floyd 567 and D. E. Whitworth 342.

J. C. Patterson, present county attorney, won over James A. Stephens by a vote of 1,393 to 759.

M. T. Chamberlain was returned to the office of county clerk. His vote was 1,501 to 766 received by Thomas Blivins.

In the treasurer's race, W. F. Snody, incumbent, won a majority over his two opponents. The vote count: Snody 1,419, R. V. Burton 423, A. H. Gray 410.

Elected to office without opposition were: John E. Morrison, state representative; J. B. Eubank, Jr., county judge; Mrs. Opal Harrison, district clerk; Merick McGaughey, county superintendent; M. A. Bumpas, Jr., tax assessor and collector; O. L. Knight, commissioner of Precinct 1; L. A. Parker, commissioner of Precinct 2; A. H. Sams, justice of the peace at Benjamin; R. F. Horan, constable at Munday; and Leroy Davis, constable at Knox City.

Precinct Run-Offs Run-offs will be held August for two precinct posts at Knox City.

W. L. Robnett and William Griffith, two of three candidates for justice of the peace at Knox City, will be in a run-off. Robnett received 250 votes, while Griffith got 174. The third man, S. L. FAVOR, received 157 votes.

E. P. Lefevre and Vernon E. Buckley are in the run-off for public weigher for Knox County precinct 5. Buckley got 247 votes, while Lefevre received 170. Two other candidates, Sam Luck and Clarence S. Woodward, got a total of 92 votes to split the voting.

C. A. Bullion, incumbent in the Precinct 2 county commissioner's race, and 132 votes to Farris Caddell's 19 and Gwynn Hickman's 81, getting re-elected without a run-off.

Two write-in candidates, Bill Hutchinson and Jack Spikes, garnered 48 votes but failed to oust Leroy Davis, incumbent, in the race for constable of Knox City. Davis got 462 votes.

A close race in Munday was that of justice of the peace, Precinct 6. J. C. Rice, incumbent, received 320 votes to 298 for H. P. Hill.

George Nix, present commissioner of Precinct 4, was re-elected to office, receiving a total of 574 votes to 449 for Otis Simpson of Munday.

Recruiting Office Opens At Haskell

Sgt. W. A. Roach of the U. S. Army and Air Forces recruiting office was here Tuesday and announced that a recruiting office has been opened at Haskell.

The office, which is located in the court house, will be open from 8 a. m. to 5 p. m. daily. The phone is 143-J.

Sgt. Roach stated he will be glad to interview all young men of this area interested in enlisting and will furnish them any information about the services.

Weather Report

Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

SALT LAKE CITY, UTAH, DESERET NEWS: "As the National City Bank of New York points out in its monthly letter of economic conditions, pension plans that map appear to represent a modest percentage of payroll in periods of high business activity like the present, may become a dangerously high percentage of a reduced payroll in a depression."

CARTHAGE, ILL., REPUBLICAN: "The current business boom with its large payrolls has produced a strong demand for meat of all kinds that probably will continue throughout the summer months . . . This demand, plus a seasonal curtailment in supplies, is expected to create moderately higher over-all prices than a year ago."

UNIONVILLE, MO., REPUBLICAN: "The public debt of the United States in May, 1950 was 1,418,392,340. It is now in the neighborhood of 260 million dollars, or about 175 times more than it was 50 years ago . . . It is true that the two have formed the habit of spending more money each year than we take in, and some day that is going to bring us up short before the chasm of bankruptcy and chaos."

WADENA, MINN., PIONEER JOURNAL: "The cost of Socialist governments run into big money, as the peoples of Australia, New Zealand, and Great Britain have found out and are now finding out."

NEWBERRY, S. C., OBSERVER: "When those of us start lobbying to get ourselves relieved of some tax and have it placed on another group, we might just as well recognize the fact should do is cooperate one with the other in demanding economy in government and lower taxes for all. That's the only correct answer!"

FEEDING THE FAMILY CAR

This summer, as usual, millions of automobiles will be given the task of taking the family on vacation. One survey, covering 2,500,000 families with incomes averaging \$3,870 a year, in-

SUBSCRIPTION RATES

dicates that each car will travel 1,630 miles on cation service. This is 381 miles more than the same group reported in 1949.

Those automobiles will consume vast quantities of gasoline and lubricants. But no one need worry about being unable to get any petroleum product when he needs it—for fear that his gas or anything else will be of inferior quality. Oil production, due to the industry's great postwar construction program, is completely capable of handling the demand. The quality of products is better than ever. And 250,000 service stations are in operation to make those products and services available to motorists everywhere. Even in the remote, little-populated regions, you are never far from fuel for your car.

This is a typical achievement of competitive industry. More and better oil products did not come into being by chance. The industry has an annual research budget of something like \$100,000,000. In coming years, in the course of natural events, the quality of oil products will continue to go up—and new and valuable products, undreamed of today, will be offered us. The cost will be as low as a highly-developed technology can make it.

Drive wherever you like—and there'll be a service station handy to take care of your oil needs.

HAVE A HOME TO COME BACK TO!

Are you going away for a vacation or a long weekend? You'll have a better chance to have a home to return to if you make a "fire check-up" before you leave.

The National Board of Fire Underwriters has made some simple suggestions which should be followed to the letter before you take off. Here they are:

Inspect every room for cigarette butts, and empty ashtrays and wastebaskets.

Turn off all electric appliances—radios, fans, lamps, and so on—and all gas jets. If you're going to be away for a month or more, pull out all flexible cords from the electric outlets in the walls.

Inspect closets and basement for accumulations of combustible rubbish and clean it out.

Remove all water-filled jars and bowls from near windows—sunlight shining through such vessels has caused fires.

Have a neighbor inspect your home about once a week, just to be sure that everything is all right. Probably he'll be able to spot any trouble before it gets serious.

These are all little things—but it's the little things that can save a home and a life when it comes to fire. Have a vacation—and make sure your home will be there when you come back!

"Common sense is genius in homespun."—A. H. Johnson.

GINGHAM GIRL!

Gingham may be an old-fashioned fabric, but it is up-to-the-minute in this season's fashions. Here, blue gingham by Galey & Lord with the new dobby dot effect is used for a chic strapless dress with a deep cowl which snaps on for town wear. Adele Simpson designed this glamorous cotton, the National Cotton Council reports.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—"Now is an excellent time for school children of all ages to make a trip to their dentists' offices," Dr. Geo. W. Cox, State Health Officer reminds Texas parents. Since school progress is influenced by the pupil's health, which is in turn affected by mouth conditions, it is wise to visit the dentist during the summer vacation and obtain any needed treatment before school starts.

"It is dangerous to assume that there is no need for dental attention simply because a child does not complain of a tooth ache or the parent does not notice any cavities. Only careful examination by a dentist can justify such a conclusion.

Children entering school for the first time are particularly in need of dental attention. Usually they are at the age when the first four permanent teeth, the sixth year molars, appear. Because these erupt before the shedding of any baby teeth, they are often mistaken for baby teeth. Since these are important teeth they should receive early and regular attention by the family dentist.

"Postponement of a visit to the dentist may result in pain and discomfort for the child later on. To avoid such suffering and to prevent the development of conditions that may require more extensive dental services at a later date, parents are strongly urged to take their

Safety Education Will Be Taught At Texas University

A. W. Breeland, President of the Texas Safety Association, announced today that a Work Conference on Safety Education will be held during the second summer term at the University of Texas. Breeland said, "safety education, being a relatively new subject as well as a very popular one demands a continuous revision of materials and teaching techniques in order that the children of Texas may receive the fullest benefit of safety education and driver education as taught in our schools throughout the state."

Some twenty-five teachers from all over Texas will arrive in Austin this week to combine their efforts and experience in revising the State Department of Education bulletins on Safety Education and Driver Education and to make advanced studies in problems relating to safe living.

The workshop, directed by Dr. D. K. Brace, Chairman, Department of Physical and Health Education, the University of Texas, is a joint undertaking of the University of Texas, the Texas Education Agency, and the Texas Safety Association. The underwriting of this workshop is one of the major activities of the year for the School and College Division of the Tex-

children to the dentist for an examination now. Prompt action will allow time to complete any needed corrections before school opens."

LOCALS

Mr. and Mrs. Bob Billingley and children of Hot Springs, New Mexico, are visiting Bob's parents, Mr. and Mrs. M. F. Billingsley, and friends here. They are on vacation and will also visit relatives at Throckmorton.

Mr. and Mrs. Carl A. Jungman and children of Vernon, spent last Sunday here with Mr. and Mrs. H. M. Michels, Mr. and Mrs. H. F. Junman, and with other relatives.

Mr. and Mrs. Lloyd Bowden and sons, Jimmy and Ronnie, of McCamey spent several days last week in the home of Mrs. J. B. Bowden, and with other relatives.

Mr. and Mrs. C. O. Scott and Mr. and Mrs. Mahlon Boggs left Tuesday morning on a fishing trip to the Llano river, near Junction.

Mr. and Mrs. J. D. Gillespie and daughter visited with relatives in Stamford over the week end.

Safety Association.

Other participating organizations will be the Texas Department of Public Safety, The Texas Highway Department, the Texas Motor Transportation Association, the American Red Cross, and the Texas Insurance Commission.

MARTIN'S Mid-Summer CLEARANCE

FOLKS: Our buyers have just returned from the East, where they have purchased Fall and Winter merchandise in such quantity, that frankly I don't know where I'm going to put it. Fortunately I have been given a few days in which to reduce my stock, so in order to do this we are offering you a wonderful opportunity to stock up on your summer needs right in the middle of summer.

Some of our Fall and Winter merchandise has already arrived and is available for purchase or may be placed on layaway. A small deposit will hold any purchase. Come in and look around and we know you will be pleased.

Be here early and have a better selection to choose from.

JOE CANNADAY, Manager

Colleen Brockett Honored At Tea In Stewart Home

Miss Colleen Brockett, bride-elect of W. C. Nance, was honored at a gift tea Tuesday. The following hostesses assisted Mrs. Stewart: Meses. Glenn Caddell, Leonard Alexander, N. M. Stewart, J. A. Mayfield, E. G. Ivie, Miss Betty Yost and Miss Joy Jones.

Mrs. Perry Mayfield registered guests.

The table from which Miss Patsy Childress and Miss Doris Anderson served was laid with

Baptist Circles Meet Monday At Local Church

The three circles of the Baptist Missionary Society met last Monday morning at 11 o'clock at the First Baptist Church. The Ruth Carlyle circle was in charge of the program on "The First 100 Years in Africa."

Mrs. J. B. King, director of the program, gave the devotional and parts of the program were given by Mrs. Chan Hughes, Miss Lucy Stogner, Mrs. J. O. Bowden and Mrs. J. E. Reeves.

Luncheon was served at 12 o'clock and a business meeting was held at 1 p. m., with Mrs. Lloyd Patterson presiding in the absence of the president, Mrs. Huron A. Polnac.

Officers for the new year were elected as follows:

Mrs. Polnac, president; Mrs. Lloyd Patterson, Mrs. Alvin Reid, Mrs. J. B. King and Mrs. Joe Patterson, vice-presidents; Mrs. C. N. Smith, recording secretary; Mrs. C. R. Parker, corresponding secretary and treasurer; Mrs. Bill Morris, young people's secretary; Mrs. B. L. Blacklock, song director, and Mrs. Sidney Winchester, pianist.

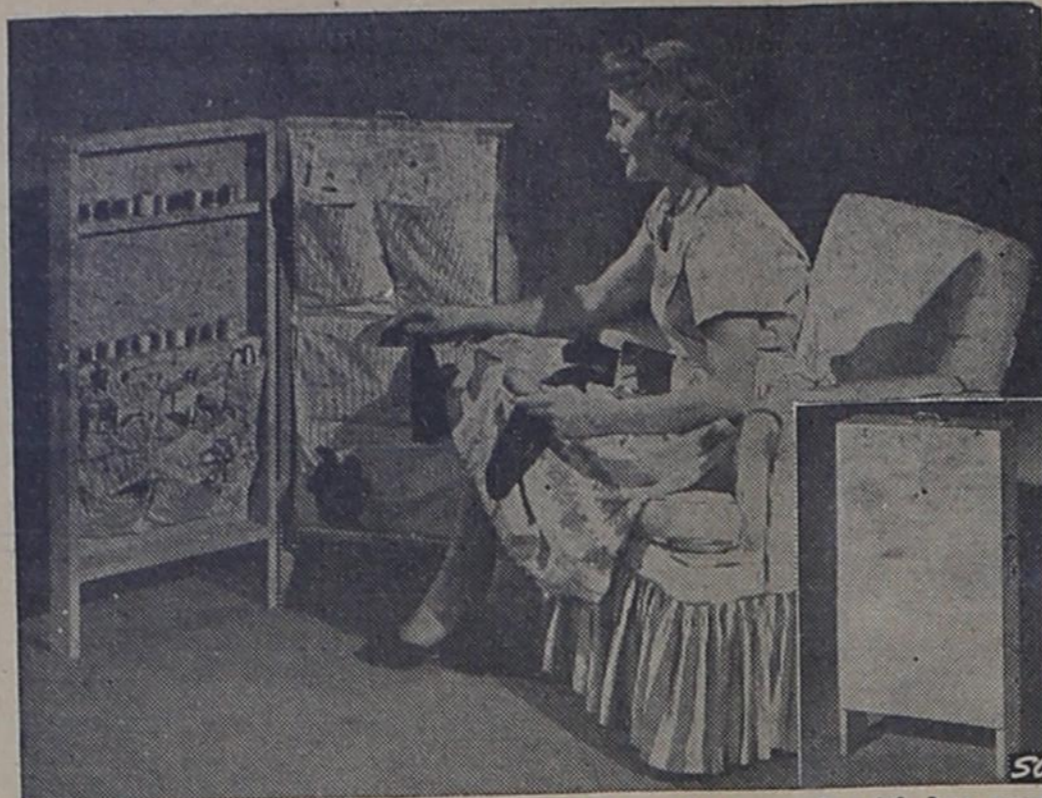

BIRTH ANNOUNCEMENT

Mr. and Mrs. Ralph Bernard are announcing the arrival of a baby girl, who was born Saturday, July 22, at the Knox County Hospital. She weighed seven pounds and eight ounces and was named Ann. She is the granddaughter of Mr. and Mrs. W. R. Moore, Sr., and reports are that she has red hair like her Granddaddy Moore.

a lace cloth centered with roses.

Those attending and sending gifts were: Meses. Jack Stewart, V. C. Derr, J. T. Alexander, M. W. Phemister, P. F. Weinert, C. B. Forehand, Clyde Mayfield, J. B. Scott, Sargent Lowe, Edd Williams, Jeff Fletcher, Bill Smith, Carl Carver, N. A. Robertson, C. W. Jones, Arlie Howard, Lee Turnbow, Bobby Owens, Oscar Lewis, Jew Williams, J. W. Earp, J. F. Ejem, J. M. Owens, V. R. Anderson, M. L. Raynes, G. M. Stewart, Edward Alexander, Purvis Crouch, Lonnie Crouch, Otto Vaughn, Frank Garret, H. Grimsley, Lloyd Lemley, A. R. Reeves, and W. B. Guess, Misses Ann Derr, Sue Guess, Jo Brockett, Sue Beasin, Edna Alexander, Mary Sue Stewart, Nadine Butler, Jean Scott, Letha Hix, Frances Nance, Darlene Earp, and Master Kenneth Brockett, Arch Mayfield, also G. C. Brockett, Jr.

Build-It-Yourself Fold-away Sewing Cabinet

This young homemaker is obviously pleased as punch with her new sewing cabinet (and with herself for persuading hubby to build it). Actually, it was so easy to make that she could have done the job. Sewing and mending is much faster and lots of fun now that all equipment is organized and centralized within arm's reach. There are pockets for patterns, elastic, measuring tape, rick rack, pin cushion, lace, scissors, zippers—everything needed for sewing, and everything in its place.

The cabinet is sturdy, yet is light in weight so it can be easily carried to any room, in the car, to the next door neighbor's—wherever it's needed. It can be painted, stained, or varnished—in fact, finished in almost any decorative style desired. The closed view (inset) shows how compactly it folds for storage in a closet or behind a door.

Free "Handyman Plans" for building this cabinet were obtained from the community lumber dealer who distributes "The Business of Farming" magazine, published by United States Gypsum. These plans are just one of many services the magazine offers to homemakers.

The sewing cabinet above proved such an immediate success with the young lady, that she has asked the lumber dealer for free plans on how to build an extra clothes closet, quickly, inexpensively.

Adelaide Barton, Forrest D. Hill Wed In Amarillo

Miss Adelaide Barton, daughter of Mr. and Mrs. C. A. Barton, became the bride of Forrest D. Hill, son of Mr. and Mrs. Wallace W. Hill of Hereford, in a single ring ceremony Saturday, July 22, at 6 o'clock in Amarillo. Rev. Carl Bates officiated.

The bride wore a street length dress of white cherub skin crepe, complementing the frock with black velvet hat and accessories.

The bride is a graduate of Munday High School, and attended Junior College and Business College in Amarillo, and has been employed by Jenkins Construction Company.

The groom is a graduate of Hereford High School and Texas Technological College at Lubbock. He is a building contractor in Amarillo. They will be at home in the Green Acres Apartments.

Eight-Four Club Meets Thursday In Jungman Home

Mrs. M. H. Reeves and Mrs. H. F. Jungman were hostesses for the Eighty-Four Club and several guests last Thursday evening in the Jungman home.

Miss Edna Pierce, James C. Bumpass Wed In Seymour

Miss Edna Marie Pierce, daughter of Mr. and Mrs. E. L. Pierce of Munday, was married to Mr. James Carroll Bumpass, son of Mr. and Mrs. J. C. Bumpass of Seymour, July 19, in the home of the groom's parents. The ceremony was read at eight in the evening by Rev. J. R. Balch, pastor of the First Baptist Church of Seymour.

The bride wore a beautiful dress of light blue, and the traditional something old, something new, something borrowed, and something blue. The groom wore a suit of navy blue.

Attending the wedding were the groom's parents, Mr. Jimmie Holhammer, of Wichita Falls, served as best man.

They will make their home in Seymour with the groom's parents.

After several games of eighty-four were enjoyed, a delicious refreshment plate was served to the following:

Mr. and Mrs. W. A. Baker, Mr. and Mrs. Leland Hannah, Mr. and Mrs. J. C. Borden, Mr. and Mrs. Aaron Edgar, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Chester Bowden, Mrs. Fred Broach, Sr., Mrs. Effie Alexander, Mr. Reeves, Mr. Jungman and the hostesses.

To Compete

"Miss Alice," Texas, above, is in reality Miss Pola Ellis, who will represent her home town at the MISS TEXAS Pageant at Landa Park in New Braunfels, August 4 & 5.

With the title will go the "Miss Texas Scholarship Award" of \$500.00 and a free trip to Atlantic City to compete for the coveted title of MISS AMERICA in September.

Miss Ellis this year has been selected, "Miss Buccaneer Days" at Corpus Christi and appeared with MISS AMERICA at the San Antonio Fashion Regatta, in addition to being judged "Miss Alice," Texas.

Eugene Groce of Kansas City, Mo., arrived Tuesday night for a visit in the home of Mrs. Lucille Stodghill, and with other relatives.

Sunset Club Meets Thursday In Almanrode Home

The Sunset Home Demonstration Club met Thursday, July 20, in the home of Mrs. R. M. Almanrode. "Follow the Gleam" was sung by the group for the opening exercise.

Roll call was answered by five members. Minutes of the July 6th meeting were read by Mrs. Almanrode. Mrs. H. R. Hicks was elected delegate to the state meeting.

The Sunset club is to serve refreshments to the council on July 21. Mrs. Gill Wyatt and Mrs. Almanrode have charge of planning the refreshments.

The T. H. D. A. marketing committee recommendations were read by Mrs. Almanrode. A demonstration on copper work was given by Miss Allen and Mrs. Almanrode.

Refreshments of punch, cheese sandwiches, cake and peanuts were served to Meses. Hicks, Gill Wyatt, Jerry Nix, J. S. Shannon, Miss Allen, Miss Barbara Almanrode, Mrs. Horton and the hostess.

The next meeting will be Thursday, August 3, in the home of Mrs. J. S. Shannon.

Parris Reunion Is Held Sunday At Seymour Park

The descendants of the late Mr. and Mrs. J. G. Parris met last Sunday at the Seymour Park for their third annual reunion. Members of the family present are as follows:

Mr. and Mrs. J. B. Parris, Frederick, Okla.; Mr. and Mrs. Bryan Parris and Bill Parris, Grandfield, Okla.; Mr. and Mrs. J. P. Parris, Munday; Mr. and Mrs. Jesse Foshee, Knox City; Mr. and Mrs. C. H. Hayes and family, Fort Worth; Mr. and Mrs. H. O. Pierce and children, Bridgeport; Mr. and Mrs. W. L. Pierce and sons and Mr. and Mrs. P. H. Pierce and family, Benjamin; Mr. and Mrs. Marvin James, Knox City; Mr. and Mrs. V. L. Call, Seymour; Mr. and Mrs. H. L. James, Knox City; Mr. and Mrs. James Cook, Grandfield, Okla.; Mr. and Mrs. Bob Bristco, Seymour; and Mr. and Mrs. E. L. Pierce and family, Munday.

Mr. and Mrs. Robert Hines, and son, Robert Dean, of Miami, Florida, visited in the home of Mrs. C. P. Baker, on their way home from the Pacific Coast.

ALTON (Tab) GARRETT'S

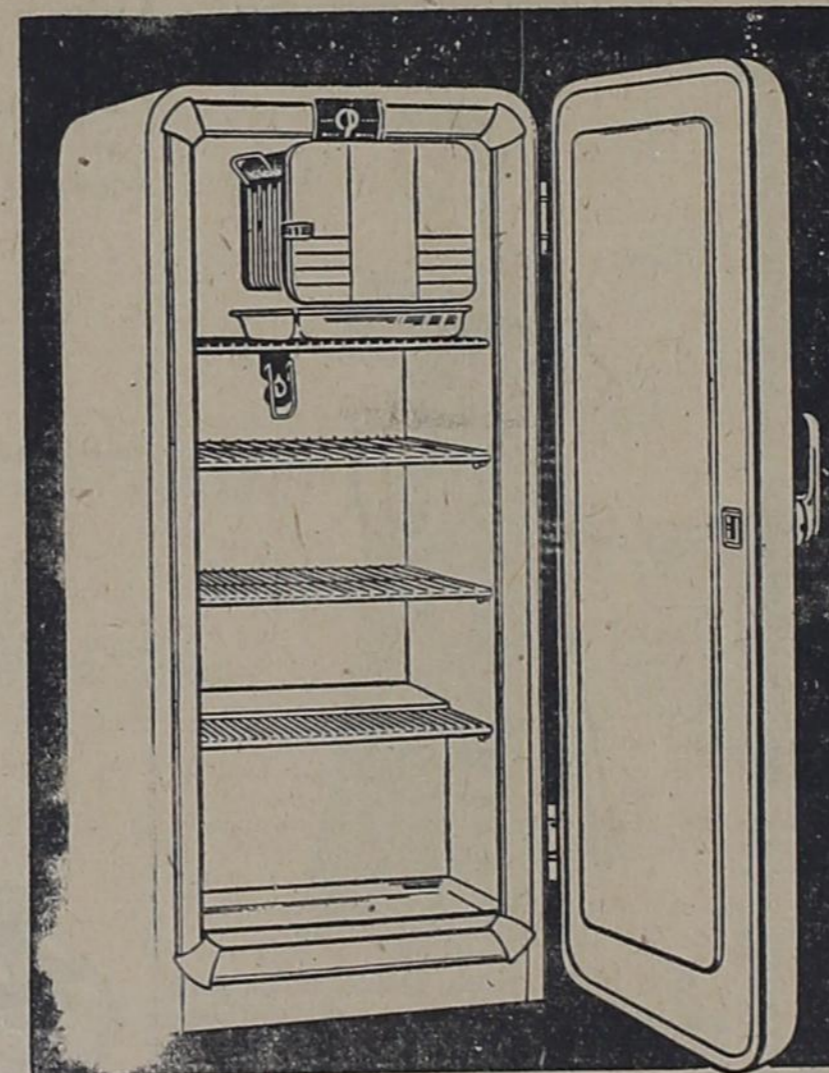

Texaco Service

We will be closed for about 30 days for remodeling. This work is due to start around August 1st.

We will have a completely remodeled service station when work is finished, and will be able to give you better service in every way. Quite a bit of new equipment will be installed.

Watch for our re-opening date, and come to see us!

REMOVE NOT THE ANCIENT LANDMARKS

"Remove not the ancient landmark, which thy fathers have set." (Prov. 22:28). About 500 years before the wise man Solomon had occasion to use this expression, Moses had used it in giving instruction to the children of Israel before they entered into the land of Palestine. (Deut. 19:14). We know the literal application of "landmarks" that is the boundary of property. One dares not go beyond his boundary line in planting his crops, in setting up his line fences, but he remains within the line as set by the laws of the land.

Let's notice now some LANDMARKS of CHRISTIANITY. The atheists have removed the bounds and said there is no God (Psa. 14:1), whereas the Bible says there is a God of heaven. (Heb. 11:6). While on the other hand Polytheism swings to the other extreme and says there are many gods, but the Bible says there is ONE GOD. (Eph. 4:6; I Cor. 8:6). The Evolutionists deny that God created all things, including man, in the beginning. The Bible says, "In the beginning God created the heavens and the earth." (Gen. 1:1; see also Gen. 1:26, 27; 2:7). The Modernists deny the Virgin birth of Christ, his Divinity, his Miracles, his Atoning blood, also his Resurrection. The Bible, as our authority, proves all of this to be true. The "landmark" of FAITH must not be removed. (Mark 16:16; Acts 16:31). The curses of God rest upon one who will remove it from its place in the great Scheme of Redemption. Likewise the "Landmark" of REPENTANCE must not be removed from its bounds. (Acts 2:38; 11:18; II Peter 3:9). Then one is required to make the Bible CONFESS that Jesus is the Christ, the Son of God. (Rom. 10:10; Phil. 2:11; I Tim. 6:13). The subject of BAPTISM is another boundary that man must not alter, tamper with, nor set aside. Why? Because set it in the plan for salvation. It is our way of getting into Christ (Gal. 3:27; Rom. 6:3,4). It saves one, (Mark 16:16; Acts 2:38; I Peter 3:21). In many churches one will find these removed and the "Commandments and doctrines of men substituted." Matt. 15: 8, 9). "Remove not the Ancient Landmarks which they fathers have set."

Tuck Whitworth Thanks The Voters

To the Voters of Knox County:
 I am deeply grateful to those who supported me in my campaign for sheriff and I assure you that although not successful in the race, your vote is appreciated.
 I shall continue to cooperate with our sheriff, and I ask that you cooperate with him and with me in the enforcement of the laws of our town and county.

D. E. Whitworth.

Judge Eubank Says Thanks To Voters

County Judge J. B. Eubank, Jr., has expressed his thanks to the voters of Knox County. His statement follows:
 "I sincerely appreciate the splendid vote which you gave me last Saturday. Although I had no opponent in the race for county judge, your large vote proved that my efforts in the past have met with your approval.
 It shall be my chief aim to serve you well in every capacity and toward this end I ask your continued cooperation and support. My sincere thanks to all."

Patterson Thanks Voters Of County

County Attorney J. C. Patterson called by the office of the Munday Times and authorizes us to issue this statement thanking the voters of Knox County for their splendid support in Saturday's primary election.
 "I have tried," stated Mr. Patterson, "to administer the affairs of the County Attorney's office in a manner in keeping with common sense and appreciate the confidence imposed in me, and will be found on the job attempting to make Knox County a better place to rear your boys and girls, as they will be the men and women of tomorrow." Itp

Sheriff Melton Expresses Thanks

Sheriff Homer T. Melton on Tuesday issued the following statement to the voters of Knox County:
 "I deeply appreciate the vote of confidence which you gave me last Saturday and which has returned me to the office of Sheriff for another term.
 "I also appreciate the cooperation you have given me in the past, and I ask your continued cooperation during the next two years. I am determined, with your support, to make you the best sheriff possible."

Chamberlain Says Thanks To Voters

I want to express my sincere appreciation to the voters of Knox County for the splendid vote given me in last Saturday's primary.
 My purpose during the next term will be to serve you just as courteously and efficiently as possible, as I have tried to do in the past. I solicit your cooperation to this end.
 M. T. CHAMBERLAIN. Itp

Record!

T. H. Keating, general manager, smiles happily as he takes the wheel of the 24,000,000th Chevrolet. The milestone model came only six months after the 23,000,000th in a production run that set new industrial records.

University Offers Chapel Choir As A Community Service

DENTON—A Texas State College for Women Chapel Choir will present free musical services for Texas churches of any denomination on Sunday evenings beginning the first week in October.

The Chapel Choir will sing familiar and long-appreciated hymns when it presents programs under guidance of co-directors Philip LaRowe and Hubert Kaszynski. Both are members of the TSCW Music faculty and Kaszynski is director of the famed Dallas Rotary Glee Club.
 Included on the church programs will be short organ recitals by LaRowe and Scripture readings by TSCW speech students.

Inquiries should be addressed to Dr. William E. Jones, director of the TSCW Music Department.

Mr. V. A. Story and children of Hearne, are visiting in the home of Mr. and Mrs. Marvin Stovall. She is also visiting her parents, Mr. and Mrs. B. F. Sproules, of O'Brien.

Mr. and Mrs. Kelton Tidwell of Lubbock, visited their parents, Mr. and Mrs. S. B. Campsey, and family and Mr. and Mrs. Buck Tidwell, over the week end.

J. E. Patterson and Miss Dorothy Shottles of Pasadena are visiting in the home of Mr. Patterson's parents, Mr. and Mrs. J. C. Patterson of Benjamin, this week.

Eva Ray Estes left Monday morning for a few days vacation in Ruidosa, New Mexico.

Mrs. Florence Crume Leaverton of Bakersfield, Calif., visited friends here last Friday.

Drive carefully. The life you save may be your own!

Lefevre Thanks Precinct Voters

To the Voters of Precinct 5, Sunset and Knox City:
 Thanks again and again for the support you gave me in my race for public weigher. I tried to see every voter in the Sunset community, and I plan to see everyone again before the second primary, August 26.
 I am taking this means of asking for your continued support and influence again in the next election. If elected, I pledge myself to perform the duties of office honestly and fairly to all. I will appreciate your support.
 EARL P. LEFEVRE, Candidate for Public Weigher, Precinct No. 5

John Rice Thanks Precinct Voters

I am very thankful to the voters who supported me Saturday, July 22nd in the race for Justice of the Peace of Precinct No. 6 and also wish to say that I have no ill feeling against those who supported my worthy opponent.
 JOHN RICE

Mr. and Mrs. Russell Doran of Odessa and Mrs. Alene Koenig and son of Oklahoma City spent the week end here with their parents, Mr. and Mrs. W. C. Bevers.

Mr. and Mrs. P. V. Williams and daughter, Charlotte, returned home last Sunday from Midwest City, Okla., where they had been visiting Mr. and Mrs. Jack Williams and family for several days.

McGaughey Thanks Voters Of County

I take this means of expressing my thanks for the splendid vote received last Saturday. The fact that I had no opponent leads me to believe the people are pleased with my efforts as your county superintendent.

I shall continue to do my best for the schools of Knox County and I ask your cooperation and support toward the advancement of our public schools.
 M. D. MCGAUGHEY Itp

Put an old sheet over a coil or link spring, between the spring and mattress, to protect a mattress from rust.

George Nix Thanks Voters Of Precinct

I certainly appreciate and am grateful for the splendid vote which the people gave me last Saturday and which has re-elected me as Commissioner of Precinct 4.

Your support is indeed gratifying, and I shall try to prove worthy of your support and confidence by doing my best for the precinct and county as your commissioner. Many thanks to one and all.

THANKS
To the Voters of the Sunset Community:
I wish to tak ethis means of thanking the voters of the Sunset community for the splendid vote given me in the Democratic Primary last Saturday.
Your splendid support enabled me to receive a majority vote in the race for Public Weigher of Knox County Precinct 5.
I am soliciting your vote again for the run-off primary in August; and if elected, I promise to serve you well.
Thanks a million,
Vernon E. Buckley

People Injured In Accidents

Were you or some member of your family among the more than one million farm people who were injured last year as a result of a farm accident? A friend or relation may have been included among the 17,500 who met death in some kind of farm accident during this same period. A majority of these deaths and injuries could have been prevented, says E. C. Martin, assistant state agent for the Texas Extension Service and chairman of the State Farm Safety Committee, if those involved had only stopped to think.

He says that the latest available statistics reveal that farming has moved up from fourth to third place as the most dangerous way of making a living. In 1948, 55 deaths for each 100,000 workers engaged in agriculture were reported. Only the construction industry and mining and quarrying had higher occupational death rates.

The home is the scene of more accidents than any other part of the farm, and falls lead the list of causes. Animal accidents ranked second in the South and West while machinery accidents held second place in the Northeast and North Central sections of the nation.

Martin points out that time lost as a result of accidents to farm people amounts to the time needed to plant, cultivate

that an average of 20 working days are lost by each person injured. The cost in dollars for medical aid, time lost, and property damage from accidents and fires affecting farm people approximates one billion dollars per year to say nothing of the cost in human misery.

Martin says that something can be done to stop this needless loss. He cites as examples the fine records that have been made by the communities participating in community improvement programs. The families in these communities have organized for the purpose of making their communities better places in which to live and almost without exception farm safety has been one of their first considerations.

4-H Club members in many counties have conducted farm safety surveys and have tagged with the "crossed bone" sign all accident hazards they found on the farm. Refugio County 4-H members last year were presented a plaque for having conducted the most outstanding program in the state.

Rural fire companies have been organized in several counties and extensive educational programs on fire prevention with fire department officials and other interested groups.

Martin believes that farm people everywhere must become more conscious of the accident hazards that are present on every farm and in many homes. Corrective measures must be taken and every member of the family must be continually or the alert to see that hazards are

Senator Dudley J. LeBlanc, creator of famous HADACOL is shown above breaking ground for the new HADACOL factory now being built alongside the present plant in Lafayette, Louisiana. This new building will be 80x235 feet, two stories, steel and concrete construction. The remarkable growth of HADACOL has forced the immediate construction of this new building. Only last spring Senator LeBlanc opened the present HADACOL plant and now less than a year later, HADACOL requires a 100% increase in factory space.

removed before an accident happens. When safety on the farm and in the home is practiced every day by every member of the family, the accident rate for farm areas will drop, says Martin.

Soil Improvement Field Meeting Set For Wichita County

Continuing the soil improvement program inaugurated four years ago, Burlington Lines in cooperation with the Texas A. & M. Extension Service, the Soil Conservation Service, the Wichita County Water Improvement District, and a committee of leading farmers and business men are sponsoring a Field Demonstration Meeting in Wichita County on September 15th.

Approved methods of seeding alfalfa and legumes, land leveling, and the distribution of irrigation water will be observed in practical operation on different farms, with a big barbecue and speaking program at the State Experiment Station a Iowa Park to complete a full day of events.

Organization for the demonstrations has been under way for some time with the Soil Conservation Service and the Irrigation District, re-organizing farm irrigation systems and leveling fields which will be planted to alfalfa and grasses on this eventful day.

Iven D. Wood, Denver, Colorado, Irrigation Specialist of the Soil Conservation Service is working with the local groups and will be on the program at the Mid-September Meeting. A. K. Hepperly, Burlington Lines Agricultural Agent, has been meeting with the Committee through which plans for the Balanced Irrigation Farming Demonstration Day were completed.

Everett McCullough, Wichita Falls, heads up the steering committee which is composed of business men and farmers that are interested in making farms in their territory as productive as possible. The September meeting is another step in the community's active agricultural program, which already includes 4-H and F. F. A. projects, developing dairy herds the Bridwell Soil Builders Awards and the Malabar Farm Project. The demonstrations actually will show the answer to the acreage conversion problem which Texas farmers now are facing because

Woman's work is never done!

WOMAN'S WORK IS NEVER DONE—that's not just idle talk. The average housewife works 63 hours a week. And she performs 70 different tasks in one day's work, which is proof positive (if anybody needs it!) that housekeeping is a rugged job!

Of course, today's housewife has many electric helpers to lend a hand and take much heavy work out of housework. But even the finest appliances need something else—low-cost, dependable electric service to give them life and usefulness.

That's why it's a compliment that West Texas housewives take electric service for granted. You flip a switch and know your electric helpers are ready.

You can take its economy for granted, too. For your electric service is just about the smallest item in your family budget. It costs less than a pack of cigarettes a day, yet it helps you sew, cook, clean, wash and iron, guards your health, cools your home, heats water, entertains you. What else gives you so much living value—at such little cost?

FARM NEWS

From the County PMA Committee

EXCESS COTTON PENALTY IS 15.5 CENTS PER POUND

The penalty rate for 1950-crop cotton produced on a farm in excess of the farm marketing quota will be 15.5 cents per pound, the Chairman, State Production and Marketing Administration committee announced this week.

Mr. Vance, committee chairman, explains that under the Agricultural Adjustment Act of 1938, as amended, whenever farm marketing quotas are in effect for a crop of cotton, a producer for whose farm a "farm marketing excess" has been determined is subject to a penalty on the excess at a rate per pound equal to 50 percent of the parity price for cotton as of June 15 of the calendar year in which the crop is produced. The penalty rate announced today is 50 percent of the parity price for cotton on June 15, 1950.

"Farm marketing excess" is

defined by the chairman as the normal production of that acreage planted to cotton on a farm which is in excess of the farm acreage allotment. He points out, however, that the law provides that the "farm marketing excess" shall not be larger than the amount by which the actual production of cotton on the farm exceeds the normal production of the farm acreage allotment, if the producer establishes such actual production to the satisfaction of the county PMA committee.

The chairman warns cotton growers that until the penalty on the farm marketing excess is paid, all cotton produced on the farm marketed by the producer is subject to the penalty and a lien on the entire crop will be in effect in favor of the United States. The Act also provides that any producer having an interest in the cotton produced on a farm in 1950 where

EASY ENTERTAINING

(Courtesy of Royal Metal Manufacturing Company)

The present vogue for small homes and apartments makes portable items like these chrome-plated folding chairs and table especially popular. For summer terrace dining, for snacks when guests drop in, even for the daily meals this solid, attractive table is easily put up and just as easily folded away, leaving more floor space free. The top is as resistant to alcohol, cigarette burns, and mild acids as most housewives are to overcrowded rooms.

the acreage planted to cotton is knowingly in excess of the farm cotton acreage allotment will not be eligible for any payments under the Agricultural Conservation Program on such farm and on any other farm in which he has an interest.

Eligibility for Federal price support on 1950 crop Upland cotton also depends on producer compliance with the acreage allotment-marketing quota program, Mr. B. F. Vance explains. As announced by PMA on June 27, the price support rate on 1950-crop cotton will be 90 percent of the parity price on August 1, 1950.

Any person interested in cotton produced on a farm in 1950 on which the acreage planted to cotton is knowingly in excess of the farm cotton acreage allotment will not be eligible for price support on any cotton produced on the farm, he points out. Neither will such person be eligible for price support on cotton produced on any other farm in which he has an interest is the total of his shares of the acreage planted to cotton on all farms exceeds the total of his shares of the cotton acreage allotments on such farms.

Where it is determined by the county committee that the acreage planted to cotton on a farm is in excess of the farm acreage allotment, the producer will be notified immediately, and will be allowed a period of 15 days from the date the notice is mailed from the county PMA office in which to adjust his

planted acreage to the allotment says Mr. Vance. If adverse weather conditions should prevent the adjustment to be made during this period, the producer may request an additional period, not in excess of 15 days, in which to adjust the acreage. The chairman points out that such request must be made in writing to the county PMA committee.

BRANNAN ASKS CROP INSURANCE EXPANSION

"Good prices are of little importance to farmer who is unable to produce anything to sell."

"This point was emphasized by Secretary of Agriculture Charles F. Brannan addressing the national conference of the Federal Crop Insurance Corporation at Denver recently. The meeting was attended by Production and Marketing Administration farmer-committeemen and State FCIC directors. William L. David, State PMA committee member; Jack Hollingsworth, PMA Fieldman; A. L. McFadden, Williamson County PMA Administrative Officer; and O. B. Briggs, State Crop Insurance Director; attended from Texas.

The Secretary pointed out that all other "constructive

efforts toward agricultural stability still leave a gap unfilled—the gap of crop failure."

While declaring that national interest is rightly centered on farm price supports have distinct but related roles in the Department of Agriculture's overall efforts for agricultural stability. Both assist farmers toward maintaining "a reasonably stable income at a fair level—a level which is equitable to farmers and in the best interest of the other economic groups within our population. Both are needed to keep the rest of the Nation's economy sound."

Secretary Brannan also reviewed how agricultural research farm credit programs, conservation, rural electrification, production guidance, marketing assistance, and all of the Department's education efforts contribute to the "common purpose" of economic stability in agriculture.

But, he said, "even the most efficient farmer, making the best possible use of the results of agricultural research and practicing the most approved conservation methods, is always subject to whims of the weather. Such forces of nature as drought, flood, hurricane, and freeze are all beyond his control."

For real stability in agriculture, he added, "something more is needed to meet the very real emergency of crop failure. That is the role of our crop insurance program."

The Secretary pointed out that after experimental periods in what was virtually an untried field, improvements in the program's operation justify expansion of federal crop insurance on a sound basis. Experience indicates clearly that a soundly operated nation-wide program can be developed.

"But farmers must realize it is a straight business proposition—protection of their crop investment for a premium. It is necessary to build the program on that sound business basis—building up reserves in good crop years to provide necessary indemnities in poor crop years."

"Crop insurance is both a national and a local program. Each insured farmer has the protection of national reserves. However, more and more local farm leaders, farmers, and businessmen are realizing that a county's crop insurance program is in effect a county business, and should be operated as such. Success required that local premiums over the years must pay local losses. When the local business character of the program is understood, there is closer supervision and study at the county effort and more efforts are made to reduce the risk in order to cut the cost."

The Secretary revealed that crop insurance programs are now operating in 552 counties, thirty counties in Texas, with authorization voted by Congress for its gradual expansion during the next four years.

LOCALS

Cecil Fitzgerald visited in the home of his daughter and son-in-law, Mr. and Mrs. Lee Ward and family, in Post over the week end.

Mrs. J. O. Tynes spent the week end in Seymour in the home of Mrs. J. E. Patton.

Mrs. Joe Frank Bowley of Big Spring visited in the home of Mr. and Mrs. A. E. Bowley last week, and Butch Bowley, who has been visiting here, returned home with his mother.

Mr. and Mrs. R. O. Plummer and son, Troy Lee, of Vernon, visited in the home of his sister, and brother-in-law, Mr. and Mrs. J. B. Scott and family, over the week end.

Thank You

I wish to take this means of expressing my thanks for your support in the past election.

Sincerely,

D. J. "Bill" BROOKRESON

SAVE YOUR STRAW

with the A-C Power-Driven Rake

Good straw is worth real money. Rake your stubble fields promptly after the grain is harvested. That's the way to top-notch bedding—and to extra feed value where part of the straw is used as roughage. The A-C Power Rake is built for faster field travel—to save straw economically by windrowing it quickly for modern field baling.

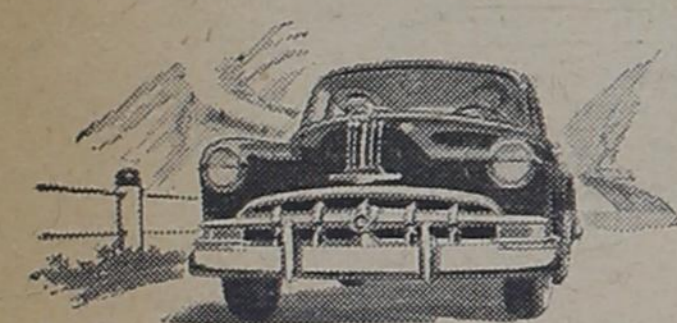

Look at these advantages:

- POWER TAKE-OFF OPERATED**—for steady raking regardless of ground travel or field conditions. Powered with any 1-pow or larger tractor with standard power take-off.
- SEALED ANTI-FRICTION BEARINGS**—at 33 points, including complete reel assembly, bars and cranks, wheels, power line, and transmission.
- CONTROLLED STEERING**—Fixed rear wheel and castored front wheel give you true trailing, even on slopes and uneven ground.
- TANDEM WHEEL EQUIPMENT**—available at reasonable cost for the man who needs it.

A Great Beauty—A Great Car!

All great beauties have one thing in common—they stand strikingly apart from the crowd, like the wonderful new Pontiac does!

Wherever you go, you see the new Pontiac. You are aware that this car asserts itself in any company. And at the same time Pontiac has inner qualities which are even more outstanding. Pontiac is built, from the bottom up, to be thoroughly good. Come in—see why you should be driving a Pontiac.

PONTIAC

BROACH EQUIPMENT

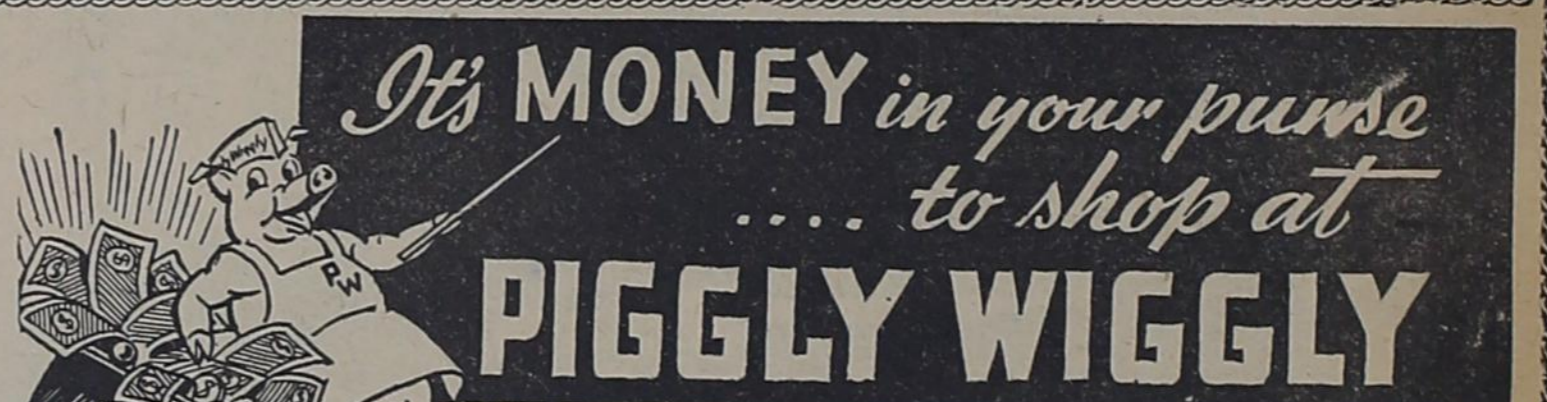

For Better Milk Quality

HIGHER standards usually bring about better products, for which the consumer is glad to pay a better price. A case in point is the modern milk house, which helps the dairy farmer to produce a Grade A product for a Class 1 price. A properly designed and constructed milk house with cooling tank performs several important functions for the farmer. It supplies a place in which milk can be handled without contamination or absorption of odors. Multiplication of bacteria is discouraged. There are efficient facilities for cleaning equipment and a sanitary storage place for buckets, milking equipment, strainers and other utensils.

The one-room milk house illustrated here meets these basic requirements. It is of simple frame construction on a concrete foundation. The outside walls are Masonite quarter-inch tempered hardboard, and the inside lining is the same moisture-resistant material, 3/16-inch thick. These large, smooth panels go on rapidly and hold paint well because they have no grain to rise and check the finish. White paint is used inside; it makes a sparkling, easily cleaned interior which can be hosed down. The walls and ceiling are insulated.

An efficient but inexpensive milk house like the one shown is a big factor in Grade A acceptance. The farmer who cannot sell milk as Grade A is losing money. Detailed, easy-to-read plans for building a 12 x 12-foot milk house are available without charge. Write to Farm Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, asking for drawing No. AFB 205.

And that's a doubly cheerful thought when you reflect that **QUALITY** comes **FIRST** at Piggly Wiggly!

Knox Prairie Philosopher Finds A Way To Be Lazy, Even About The Act Of Going Swimming These Days

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek, has reached another peak of some sort this week, in finding a lazy way to go swimming.

Dear editor:
When the weather gets as hot as it's been lately and a man feels about as productive as a washed out hillside, a thinkin man slows down and cools off.

If you work in town, it's possible to cool off and keep workin, if your store is air-conditioned, and while some people may call that progress it don't strike

J. A.

me that way. There's a little difference all right between bein hot and workin and bein cool and workin, but not much.

Munday Truck & Tractor Co.
"The FARMALL House"

Roxy Theatre, Sunday and Monday

Lovely Yvonne De Carlo plays the title role in the technicolor production "Buccaneer's Girl" which also stars Philip Friend.

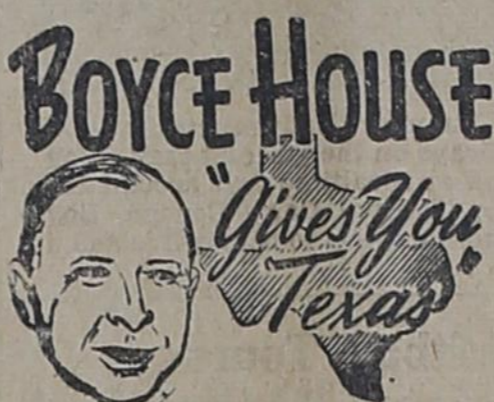

It's still work, hot or cool. A chunk of ice is just as heavy and just as much work whether you pack it around in the summer or the winter. Personally, I favor the method that lets you cool off and loaf at the same time.

Consequently, a thinkin man takes off and goes swimmin on days like we been havin around here. A swimmin hole is a poor man's air-conditioning system, with the advantage that there ain't much farmin you can do at the same time and you blame sure can't run an adding machine or sell dry goods.

However, I have seen lots of people who don't even know how to conserve their energy when they're swimmin. Flail their arms around and kick and splash and make work out of what ought to be sheer rest.

My favorite swimmin place is in a bend in a creek where the water runs swift over a sand bar, on account of I'm able to stretch out and let the water run over me, which is the same effect as lashin out with your arms and legs and don't take near the energy. If the the effect of movin through the water is what you're after, why not let the water do the work, I say. People waste too much energy. They don't take advantage of situations.

I know lots of men who have made money by goin out after it, but I also know a lot who have made even more by sittin still and lettin it come to em,

The whole Indian population of Texas, when Stephen F. Austin established his colony, was estimated at 30,000. Among these were Towacanies, an offshoot from the Comanche nation, who maintained themselves above the falls of the Colorado and sometimes as far east as the Trinity river.

In alliance with the Wacoos, were the Pawnee Picts or Towashes, residing on the Red river. The Caranchuhuas (usually called the Cronks by the settlers) inhabited the western sea coast, chiefly around Lavaca

and the latter generally do it in air-conditioned comfort. I tell you, it makes a man pause and if there's anything I like to do, it's to pause.

Yours faithfully,
J. A.

and Matagorda bays.

The Lipans, a small tribe, had no defined limits. They frequented the bayse of Aransas and Corpus Christi and the country lying around between them and the Rio Grande. Being the hereditary enemies of the Comanches, the Lipans were obliged to avoid their hunting range in the upper country. The small, wandering tribe of Tonkawas were in the same predicament with respect to the Comanches. A scanty and harmless tribe called Bidias roamed like gypsies on the waters of the San Jacinto and supported themselves by hunting and fishing.

These tribes composed all of the native Indians of Texas but there were a small number of Indians who had migrated from the United States to the country bordering the Trinity and between that stream and the Red River. Most of these entered Texas in 1822 to '24 and were Kickapoos, Cushattas, Delawarees, Shawnees, Beluxis, Cherokeees, Iawanies, Alabamas, Choctaws, Unataquas, Quapaws, Tohooktookies and Caddoes—in all, about 4,000. These had fixed habitations, cultivated lands and raised stock. Some had money which the United States government had paid them for their lands and with this they bought slaves.

One of the most remarkable characters I've heard of was a Mississippian who was an officer in the war between the United States and Mexico. What made him remarkable was that he killed 14 men in duels.

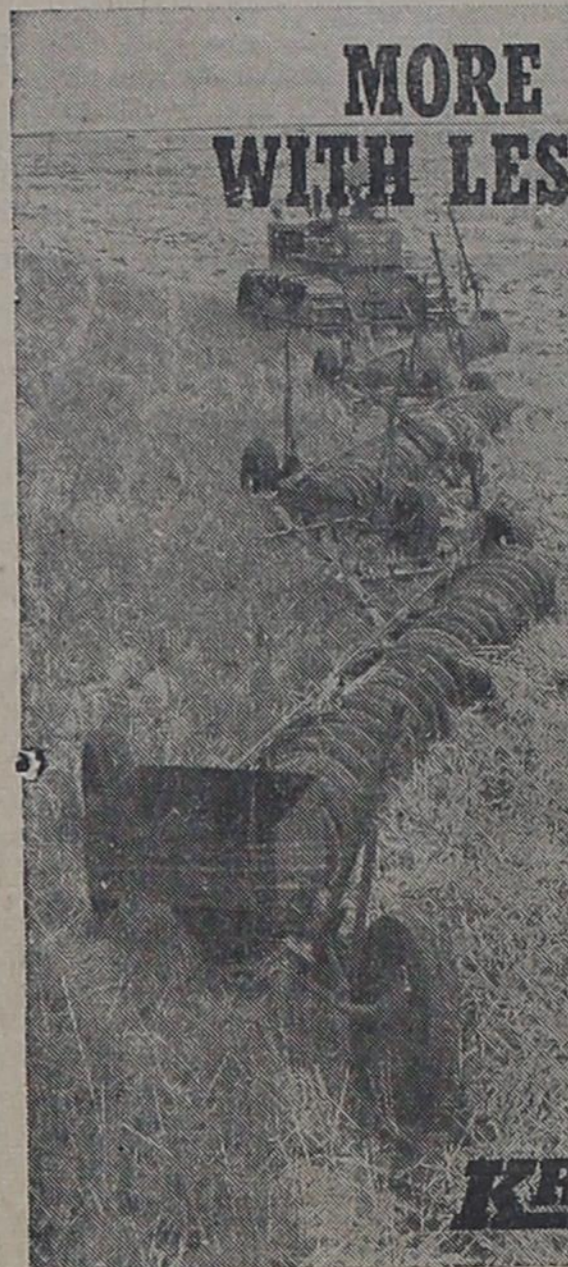

After he had killed one man,

the victim's brother challenged him to a duel and was killed. Another brother then challenged the duelist and this went on until seven brothers had been slain.

Though all the duels were in accord with the code of honor

of that day and each man received fair play, the duelist started brooding, took to drink and one day wrote a poem which began, "O, Death, come soon"—then killed himself.

What a novel could be woven around such a figure!

MORE PLOWING WITH LESS POWER with a KRAUSE one-way

Actual field tests prove the Krause One-Way has up to 30% less draft than other plows. Lighter weight, Timken bearings on discs and wheels, rubber tires . . . it all adds up to more plowing with less power.

This is only one of the many advantages you get with a Krause One-Way. See it today. Compare. Talk to your neighbors who use a Krause. If you do, it'll be Krause for you.

KRAUSE one-way

SPECIAL NOTICE!

We will have a load of the new type K-3 Krause Plows on hand this week end.

Cartwright Well Said Completed

Texas and Pacific Coal and Oil Co. is said to have completed the No. 1-A Louis Cartwright well, discovery four miles south-east of Munday, to pump 205 barrels of 34 gravity oil daily through casing perforations, opposite the Strawn sand, from

4,532 to 4,536 feet. Plugged back total depth is 4,588 feet. The discovery was drilled to 6,047 feet in the Ellenburg, but no show was reported below the Strawn.

New Well Started

REFRESHING PICKUP

For the nation's 2,600,000 Boy Scouts, summer is adventure time. On the trail, in camp or at home they're always on the go. And they enjoy ice cream anytime as a refreshing food at mealtime and around the campfire as a pickup. According to the National Dairy Council, Boy Scouts help boost America's ice cream consumption to nearly five and a quarter billion pints a year.

organization and is recognized by the A. A. U. as such.

Burlington Plans To Stop Childress To Lubbock Train

Announcement was made today by Robert L. Hoyt, General Passenger Agent, Fort Worth and Denver City Railway, Fort Worth, that an application to the Railroad Commission of Texas for authority to discontinue passenger train service between Childress and Lubbock will be filed within the next day or two.

The experimental overnight passenger service between the Lubbock-Palinviw area and Dallas-Fort Worth, inaugurated last March, has produced deficits exceeding the former motor car operation," Hoyt said.

An application for authority to discontinue the motor car operation was filed in January, but

the case was dismissed because of a decision to try out an overnight service providing coach, Pullman and dining car service. It was pointed out by Hoyt that during the period of March 5th to June 30th the direct out-of-pocket operating loss on the experimental service was more than \$14.00 per passenger handled.

If brown sugar gets hard when you store it, soften it this way: Put in a bowl and cover with a heavy, wet cotton cloth. Let it stand for an hour or longer and it will become loose again.

More than 900 cotton manufacturing plants in the U. S. consume the bulk of the American cotton crop annually to produce billions of yards of fabrics for an infinite variety of apparel household and industrial products.

The Texas Agricultural Experiment Station has launched a "new plants" program. Plants the world will be tested under Texas conditions to see if they in this state. Already some 2,000 plants have been collected and are being grown.

Kracker Krumbs—

Softball Tourney Slated At Stamford On August 1 to 5

STAMFORD—The Director of the Stamford District of the National Softball Congress, Sam Baize, announced here today that the Stamford District Tournament would be held here August 1-5. The meet will decide the District Representatives to the State Meet at Plainview August 15-19. The Stamford All Stars, 1949 State Champions, are host to the tourney.

TEST PROVES STATEMENT "INSULATION SAVES FUEL"

The statement that "insulation saves fuel" was recently checked in Washington, D. C. It was found that an investment of two cents extra per square foot of wall for insulating board lath paid for itself through fuel savings in two years. The test house was heated by an automatic oil furnace which forced air through the rooms. The insulating value of the wall, which reduced the heat requirement for human comfort, saved a penny per square foot of wall every year.

Hens that not now laying are likely to be early molters and poor layers. These non-producers should be removed from the flock for there is no profit in feeding non-laying hens.

Mary Janette Poe of Denton visited in the home of her uncle and aunt, Mr. and Mrs. B. L. Backlock, over the week end.

Freezing Is Popular Way To "Can" Peaches

Freezing is one of the newer methods being used for preserving peaches and when properly done is very satisfactory. According to Ida Belle Allen, County Home Demonstration Agent, several factors are involved in the selection and preservation of the fruit and in the freezing process that must be given careful attention if the results are to be satisfactory.

She says the best varieties for freezing are Elberta, Hiley, J. H. Hale, Hale Haven and Frank. The peaches to be frozen should have reached the choice eating stage. This means firm, evenly ripened fruit of good quality.

After the peaches have been elected, they should be carefully washed and peeled. They should be treated to prevent discoloration and she says there are several products available for doing this job.

Ascorbic acid, vitamin C, is one of them. It is available in powdered and table form and she says that one and a quarter of the 100 milligram tablets should be used for each pint of fruit or one-half teaspoon of the powdered ascorbic acid for each quart of syrup. The ascorbic acid should be dissolved in the syrup before it is poured over the fruit, she adds.

Citric acid is also recommended for preventing discoloration. She says to dissolve one-fourth of a teaspoon of citric acid on one quart of cool water and to leave the fruit in solution only 15 or 20 minutes, then remove, place in containers and cover with a sugar syrup.

Miss Allen says there are several commercial preparations available on the market that are recommended for preventing discoloration but if they are used, the manufacturers' directions should be carefully followed.

She lists the following as the essential steps in freezing peaches. Select fresh, firm and ripe peaches. Wash them well, peel and remove the seed and halve or slice. Then treat to prevent discoloration. Package the fruit in the containers for freezing and cover with syrup. The syrup can be made by dissolving three cups of sugar in one quart

Winter Peas In Hansford County Make Good Show

Austrian winter peas are making a favorable showing in Hansford County this year, reports County Agent Zack Jagers. The plants were not harmed by green bugs, and they withstood the drouth almost as well as wheat.

Jagers says the fields that were planted early in August made excellent fall and early winter pastures, but were caught by a dry freeze in a luxuriant state of growth and the plants were killed by winter freezing.

Peas that were planted late in August and in September did not make sufficient growth to furnish much fall grazing, but did not winter kill. They made excellent spring growth, and by the middle of May had made a deep luxuriant cover on the fields. Although this cover was

of water or she adds, dry sugar may be preferred to the syrup.

Next, she continues, place crushed waxed paper or cellophane on top of the peaches to keep them under the syrup. Seal the containers and quick freeze immediately. Miss Allen says that when frozen peaches are properly prepared and stored, they will retain their good quality for at least one year.

From where I sit... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me, I'm all for

having a glass of beer or ale on occasion. Your "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Joe Marsh

Copyright, 1950, United States Brewers Foundation

Mrs. B. A. Yarbrough and Miss Tenie Montandon were business visitors in Abilene last Saturday.

suitable for a green manure crop, Jagers says that most farmers who had prospects for a seed crop left their peas to be harvested for seed.

Jagers predicts that, due to the satisfactory showing being made by Austrian winter peas in Hansford County, the acreage planted will be greatly increased this season.

Notice To Cotton Farmers

W. R. Mitchell and Billy Mitchell wish to announce that they are handling Plainsman Supply Dusts and Insecticides as they did the previous year.

Drive carefully. The life you save may be your own!

Mrs. Ann Poling, 609 Delaware St., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B₁, B₂, Iron, and Niacin, smiles as she pours herself another cup of coffee. Mrs. Poling says life lately is like it used to be years ago... "that is, of course, since I've been taking HADACOL." She can't get over what a difference HADACOL has made in her outlook on life.

Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I have had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then, when I started taking HADACOL, I felt better immediately. I've got a bottle in the house now—and will continue to keep HADACOL from now on. I have told many folks about HADACOL—and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."

HADACOL Can Help You, Too!
... as it has helped thousands of others whose systems lacked Vitamins B₁, B₂, Iron and Niacin. Yes, even hundreds of doctors have recommended HADACOL to their patients. The HADACOL formula is so effective for stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, and a general run-down condition caused by such deficiencies.

Make Up Your Mind
... to give HADACOL a chance to help you, as it has helped countless thousands of others. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL does not help you your money will be refunded.

Health Program Is Increased For Schools Of Texas

AUSTIN—Texas school children are much healthier now than they were a year ago, L. P. Sturgeon, state associate commissioner of education, declared today following a careful check made throughout the state.

Increased financial aid to school districts under the Gilmer-Aikin laws enacted by the last legislature has resulted in the establishment of hundreds of health programs in school districts which previously had none and in the expansion of old health programs.

More than 1,000,000 children who had not previously been given safeguards against diseases such as smallpox were immunized during the school year. Epidemics were discovered in their early stages and halted. General health checkups of children resulted in the treatment of tens of thousands of ailments or physical defects never suspected by parents.

Increased state funds made possible the employment of hundreds of public health nurses, who have assisted doctors and public health officials to institute large scale health programs which reach into every section of many communities.

"The health program in the public schools is now based on the premise that prevention is worth more than a cure," Sturgeon commented. "The programs are receiving enthusiastic support from local residents."

The Kerrville city school system is an excellent example of what is happening over the state, according to Charles H. Tennyson, executive secretary of the Texas State Teachers Association.

Until Gilmer-Aikin funds were made available, Kerrville schools had no nursing service other than that of a county health nurse, who was able to devote only one day a week to the pupils of Kerrville's three schools.

Now a full-time nurse has been functioning a year. Kerrville's residents individually, and through civic and business clubs have rallied. Kerrville is highly enthusiastic over what has been accomplished in one year, according to E. L. Wildman, superintendent of schools.

A clinic has been established in each school with local agencies providing the furnishings and supplies. Heretofore a 100 percent immunization program was impossible due to the lack of personnel to enforce regulations. Now every Kerrville child of school age has been

Valli shows Joseph Cotten a snapshot of a friend in this scene from "The Third Man," which also stars Orson Welles.

tested for smallpox and diphtheria and immunized. Checkups disclosed many unsuspected physical defects. Positive reaction to tuberculosis patch tests were shown by 120 children. The Tuberculosis Society followed up with X-rays and medical examination when parents could not afford them.

Of 1,700 children tested, it was found 90 had defective hearing. Many children were found to have poor eyesight. Glasses were purchased for underprivileged children by the Lions Club. The Rotary Club paid for a number of operations to remove tonsils and adenoids.

Early in the school year, an epidemic of "pinkeye" threatened. Medicine was provided by the Kiwanis Club. Treatments were given 171 pupils every three hours for three days by members of the Parent-Teacher Association under the direction of an eye specialist.

The epidemic was halted and the children were back in school

with little loss of time.

"In Kerrville the health program is a progressive and cumulative thing," said Superintendent Wildman. "While the school nurse is the first to admit she couldn't begin to carry out the program alone, the townspeople candidly admit that the program could not have been possible without a nurse, which takes us back to the original cause of the improved health standards in our young citizens—the Gilmer-Aikin laws the last legislature so wisely enacted."

Mr. and Mrs. Coy Phillips and family of Leveland visited relatives and friends here over the week end.

Mr. and Mrs. E. B. Littlefield and children spent the week end in Aspermont, visiting with relatives.

Mrs. Joe Mae Davis was a business visitor in Abilene last Saturday.

Materials Dealers Feel Farm Building Remodeling Impact

Lumber dealers are feeling the impact of farm building and remodeling boom which is sweeping across the nation this year. A recent survey by the U. S. Department of Agriculture shows that one million farm houses and farm service buildings are involved.

The survey reports 102,879 new farmhouses being built, 107,178 new barns and 216,813 smaller farm buildings going up. In addition 238,003 farm houses are being remodeled this year. Also, 162,763 large barns and 205,757 other farm buildings are being remodeled or rebuilt.

One modern building material that is much in demand for this new construction and remodeling program is insulating board.

Available in both large sheets and smaller decorative units, it builds insulates, decorates and quiets sound in one operation. Because of this versatility, and the ease with which it can be handled, dealers report that insulating board is widely used for finishing or repairing walls and ceilings in the home and for insulating dairy and poultry buildings.

NOTICE

TO ALL OUR PATRONS

Just a word of appreciation and thanks to our many friends and customers for the way you accepted the small increases in prices of our food.

We think the majority of you fully understand that rising prices made this necessary.

We have enjoyed a nice business since we have been serving you, and we want you to know that we greatly appreciate your patronage.

We want to assure you we will be among the first to reduce prices when it is possible to do so on a business-like basis. Thanks again!

Drive home the facts...

Step into a **POWERglide*** Chevrolet and enjoy the big driving thrill of the day

... smooth, effortless, no-shift driving at lowest cost!

SET THE LEVER IN "DRIVE" AND GO!

Sit in a Powerglide Chevrolet and enjoy finest no-shift driving at lowest cost. All you have to do is: Set the lever in "DRIVE"—press on the accelerator—and go!

NO CLUTCH PEDAL—NO GEARSHIFTING!

You'll move smoothly, silently, effortlessly from standstill to top speed, and back to standstill again, depending on the pressure of your foot on the accelerator.

3 DRIVING OPERATIONS INSTEAD OF 15!

Start the engine... set the control lever... press the accelerator... and that's all there is to it! With Powerglide Automatic Transmission, you steer, accelerate and brake as desired with no clutch to touch!

SMOOTH POWER-FLOW AT ALL SPEEDS!

You'll enjoy an absolutely smooth flow of power at all speeds. You'll have unlimited flexibility and change of pace from 1 m.p.h. to top driving speed, without any lag, drag or roughness.

MUCH FASTER ACCELERATION, TOO!

The traffic light says "Go"... you press on the accelerator... and you're away in a flash on a smooth, ever-mounting wave of power, while others are shifting gears.

LEVELS HILLS—MULTIPLIES THRILLS!

You have a 105-h.p. Valve-in-Head Engine* under that hood—most powerful in its field. It flattens hills and boosts thrills, while Powerglide adds safety and ease!

MORE EFFICIENT ON ICE OR SNOW!

Yes, you can rock out of snow or icy ruts with this automatic drive, changing from forward to reverse instantly, without clashing. Other advantages include Emergency Low for extra braking-power.

SO MUCH SIMPLER—SO MUCH SAFER!

What ease—and what safety—compared with other drives! Your left foot has nothing to do. Your right foot operates accelerator or brake pedal, as desired. Both hands are free to steer!

FULL CHEVROLET THRIFT IN OVER-ALL DRIVING!

In addition to all these advantages, the new Chevrolet with Powerglide Automatic Transmission brings you traditional Chevrolet economy in over-all motoring. It's extremely thrifty to operate and maintain.

CUTS DRIVER FATIGUE—INCREASES CAR LIFE!

You'll be much more relaxed on both long and short trips. Powerglide makes driving easier than ever before. Moreover, it greatly reduces car wear and greatly increases car life!

*Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.
