

Kracker Krumb's Odd Bits Salvaged At Random

What is the population of Munday?

Our census chief was asked that question last Monday.

He, in turn, asked the district supervisor in Wichita Falls.

The supervisor says it's Uncle Sam's information, as yet, and the census enumerator is not supposed to put the information out.

It will be available around May 15th, he said. It's not to be made public except through the district office in Wichita Falls.

So far the next 18 days, we'll be wondering.

We have sort of formed a guess in our mind, but we may be off on it.

What is your guess?

Would you send it in to us on a one-cent post card for six dollars worth of the MundayTimes?

We've decided we'd give that much—a subscription for three years—to the person in this trade area who guesses the nearest the population of our town.

You've had the opportunity to guess at how many beans are in a jar, how many a rock will weigh, how many feathers in a pound, how long it will take a block of ice to melt, etc.

These may be termed, in words of a barker, "an opportunity of a lifetime."

But we're not offering you an opportunity of a lifetime—just an opportunity of once in ten years. That's how often the national census is taken.

Just jot down your number on a post card, together with your name and address, and mail it to the Kracker Krumb's. If your guess is nearest the correct population, as released by Uncle Sam, then you get three years of this for one cent!

Our only requirement is that you live within this trade area—that is, in Knox County, the northern portion of Haskell County, or an area that generally considers Munday its trading center.

Some years ago, we got to wanting to know what the population of our town was, and an organization set out to take an unofficial census.

Nothing came of it, and it must have been decided that Uncle Sam was the only one who could take the census, and do the job right.

Our census chief stated that they took "everything in Munday that resembled a human being."

We have our own guess, but we won't make ourselves eligible for the prize. We won't compete with you, so just send us in your guess.

We think it'll be interesting to compare your guess with ours, and then compare them with the official count.

In the meantime, our census chief has requested all farmers who have not yet been counted to have their agricultural questionnaires filled out when the enumerator calls.

"We're sure rushed for time," he said, "to get this job completed by May 1, and if these questionnaires are already filled out it will save the enumerator about 45 minutes when you are called on."

Farmers won't have but about two days to do this, if they haven't already done so. It might take you that long to figure out all of that questionnaire so get busy.

Your efforts in that direction will be appreciated by the enumerator.

Vera Boys Win 4-H Awards For Knox County

Winners of the Knox County 4-H Gold Star and Leadership Awards were announced this week by County Agent, Kenneth O. Lewis, upon completion of the judging records.

Gold Star
The Knox County 4-H Gold Star Award for 1949 was won by Dale Jackson, 14, son of Mr. and Mrs. M. H. Jackson, of Vera. Dale has been an outstanding 4-H club member for four years and has been active in both swine and calf feeding.

He exhibited the champion gilt at the County Sears Gilt Show and also had the champion gilt at the Area Show at Iowa Park in 1948. In 1949 he had the 2nd place county pen of three fat hogs. A total of 16 pigs were raised from this gilt. Dale began his 4-H club project by feeding and exhibiting milk-fed calves in both 1946 and 1947 County Shows and won 8th and 9th places respectively. He acted as song leader of the Vera Club in 1949 and has attended the County 4-H Club Encampment held at Seymour.

Leadership
Ernest McGaughey, 15, son of Mr. and Mrs. A. K. McGaughey, of Vera, was designated as winner of the Leadership Award for 1949. He will receive a gold-filled medal of honor donated by the president of Wilson & Company. Ernest has been active in 4-H Club work for 6 years and was one of the first boys to receive a gilt from the Sears Foundation.

He won second places in the district heavy litter contest, county gilt show and pen of three fat hogs. Two litters with a total of 14 pigs were raised from his gilt. In addition to hog projects, Ernest has fed and exhibited one dry-lot calf and had one field crop project. He has been active in his local club serving one year as secretary-treasurer and has attended the District Encampment twice and the County Encampment five times.

Rhineland Gin Holds Its Annual Meeting Apr. 17

The annual meeting of the Rhineland Co-operative Gin was held Monday afternoon, April 17, at which time a complete and itemized statement of the year's business was presented to a large membership present.

Patronage refunds of approximately \$25,500.00 were distributed to members of the association. All present directors were re-elected unanimously and an amendment added to the by-laws whereby the accounting period and annual meeting will be advanced one month.

Over 7,000 bales of cotton were ginned at this gin the past season, by far the largest in history. New Hardwicke-Etter lint cleaners were installed during March of this year, making it one of the most modern gins in this territory.

Yvonne Morris Gets Nurse's Cap

Miss Yvonne Morris was one of eight student nurses receiving instruction at the Wichita General Hospital in Wichita Falls, given the distinguishing students cap of the hospital at a ceremony held in the Rose Street Nurses Home at 8 p. m. Friday, April 21st.

The hospital cap is awarded to students upon their completion of the nine months pre-clinical period of instruction and satisfactory work at Mid-Western University.

Mrs. Bill Gaither spent several days this week in Fort Worth where she attended a state meeting for Luzier's cosmetics.

Miss Hattie Ann Phillips of Hardin College, Wichita Falls, attended the funeral of an uncle, Tom Phillips, here last Monday. She also visited friends and relatives while here.

Funeral For Tom I. Phillips Held Monday

Tom I. Phillips, one of Knox County's pioneer citizens, passed away at the family home southwest of Munday of Sunday morning, April 23. Mr. Phillips had been in ill health for a number of years.

Born in Arkansas on September 22, 1871, Thomas Isaac Phillips was 78 years, 7 months and one day of age at the time of his death. He came to Knox County many years ago and was engaged in farming as long as his health permitted. He was a member of the Church of Christ.

Surviving him are his wife; four daughters, Mrs. Gene Horn of Ardmore, Okla.; Mrs. Webb Morrison of Faxon, Okla.; Mrs. Homer Woods of Harrah, Okla.; and Mrs. Ross Johnson of Walters, Okla.; two sons, Roy Phillips of Munday and Otis Phillips of Phoenix, Ariz.; his step-mother, Mrs. J. B. Phillips of Munday; three brothers, Jim Phillips of Munday, Shelton Phillips of San Angelo, and Press Phillips of Munday; two half-sisters, Mrs. Nora Norville and Mrs. Pearl Huckabee, both of Munday; four half-brothers, Mike and Grady Phillips of Munday, Troy Phillips of Phoenix, Ariz., and Don Phillips of Plainview; 17 grandchildren and 8 great grandchildren.

Funeral services were held from the Church of Christ in Munday at 3:30 last Monday afternoon, being conducted by Minister D. L. Ashley. Burial was in the Johnson Memorial Cemetery.

Pallbearers were L. J. Patterson, B. L. Blacklock, Clay F. Grove, Walter Coffman of Goree, Earl McNeill, E. H. Nelson, Worth Gaffard and Johnny Jones.

All of his friends were named as honorary pallbearers.

J. A. Morgan Celebrates His 95th Birthday

J. A. "Uncle Bud" Morgan started the day last Saturday in his usual manner. There was nothing unusual going to be done, although it was his 95th birthday. He planned to spend the day quietly—just another day and another birthday.

But a while before noon, things began picking up at his home across from the First Baptist Church. Friends and relatives began coming in, and Uncle Bud celebrated his 95th birthday by having many loved ones call and by partaking of a delicious birthday dinner.

Mr. Morgan, the oldest Baptist deacon in Munday one of the oldest persons in this area, was born at Pittsboro, Miss., in 1855. He moved to Hill County, Texas, in 1879, and to Munday in 1915. He has been a member of the Baptist church 77 years, and a deacon for 66 years.

He and his wife, who will be 78 in August, live alone at their home here. They have been married since 1912.

But they have many friends, and a cherished friend who called on him on his birthday was 93-year-old Uncle Happy Hathaway. "It was really a treat to see these two kids together," one relative stated, "and hear them tell of their experiences."

Uncle Bud has two living daughters, two grandchildren and seven great grandchildren. He contributes his long life to hard work, not drinking coffee, no bad habits, and living for the Lord.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Joe E. Morrow and Sandy are announcing the arrival of a baby boy, Rodney Joe. The little boy arrived on April 19 at 3:40 p. m. He weighed 7 pounds and 11½ ounces.

Mrs. Vera Stephens visited her son and daughter-in-law, Mr. and Mrs. R. C. Stevens in Slaton last week end.

Mr. and Mrs. Joe Bailey King visited in the home of a brother, Mr. and Mrs. A. M. King in Abilene last Sunday.

Oil Strike Is Indicated For No. 1 Cartwright

Texas Pacific Coal & Oil Company, Fort Worth, apparently has opened a new Strawn sand pool in Knox County, 2½ miles southeast of Munday, with its No. 1 Louis Cartwright, S. Washburn survey.

The wildcat topped the sand at 4,530 feet and was drilled to 4,536 feet. Ninety-minute drill-stem test showed gas to surface in eight minutes. Recovery was 3,870 feet of free oil and 30 feet of oilcut mud. Bottomhole pressure was 1,655 pounds. Drilling continued below 4,556 feet, on a contract to the Ellenberger.

Texas Pacific controls 2,000 acres under the prospective discovery with Skelly Oil Company, Crown Central Petroleum Corporation and Frank Woods, Wichita Falls, also holding acreage in the area.—Fort Worth Star-Telegram.

Visitors to the well Sunday reported that drilling was continuing around 5,000 feet.

Reports also were that the prospects for the well that the Strawn was for pumping around 100 barrels every 24 hours.

All-Day Services Planned To Open New Baptist Church Building Sunday

Dr. W. E. Ponder Opens Practice In Haskell

Dr. William E. Ponder, optometrist, announces the opening of his offices on Monday, May 1, 1950, located on the northwest corner of the square in Haskell.

Dr. Ponder's practice will be devoted to complete visual examination, analysis, the prescription and fitting of glasses when needed for correction of visual errors.

A veteran of World War II, Dr. Ponder is the son of Mr. and Mrs. E. R. Ponder of Munday. Prior to entering active duty with the Army Air Forces he attended New Mexico and Texas A. & M. Colleges. Upon entering active duty with the Air Forces, Dr. Ponder received basic training at Scott Field, Illinois, later serving overseas in France and Germany.

After returning to civilian life he resumed his formal education in Chicago, Illinois at Northern Illinois College of Optometry of which he is a 1949 graduate. Dr. Ponder served his optometric internship in the Northern Illinois Eye Clinic which was then the largest optometric clinic in the world. While at the Northern Eye Clinic he received training in the latest optometric fields and did work in the modern phase of contact lenses and in visual training which was concerned primarily with the visual problems of school age children and young adults.

Following his graduation, Dr. Ponder was associated with Dr. Joe E. Webb of Plainview until recently when he came to Haskell to establish his own practice.

In announcing the opening of his offices, Dr. Ponder expresses his sincere desire to render the best professional optometric service to those who require it.

Final Rites For Mrs. Coombes Held Saturday

Funeral services for Mrs. Charles E. Coombes, 7, who died on Thursday afternoon, April 20, in a Stamford hospital, were held at 4:30 p. m. Saturday from the Central Christian church in Stamford.

Rev. Nemo Goldston, pastor of the First Christian Church of San Angelo, officiated, and was assisted by Rev. M. C. Turpin, pastor of the Stamford First Christian Church. Burial was in Cedar Hill Cemetery in Abilene. Nephews of Mrs. Coombes served as pallbearers.

Mrs. Coombes was a member of a pioneer Knox county family. The former Miss Nellie Bedford, she was the daughter of the late Mr. and Mrs. H. G. Bedford, who settled in Benjamin before the organization of Knox county in 1885. Her father donated land for the site of the county seat and was instrumental in organizing the county.

Mr. and Mrs. Coombes lived in Benjamin for 17 years after they were married in 1894. They moved to Anson in 1911 and to Stamford in 1916. They remained in Stamford until 1920, when they moved to Cisco for a year and a half before moving to Abilene, where they remained until 1927, when they returned to Stamford.

Billy Bouldin of El Centro, Calif., spent several days here this week visiting with Mr. and Mrs. M. L. Wiggins and with friends.

Marion Phillips of Lubbock visited his parents, Mr. and Mrs. Press Phillips, several days this week. He also attended the funeral of his uncle on Monday.

Dr. and Mrs. J. M. Croley and son, John, were in Dallas the first of this week where Dr. Croley attended a dental meeting.

All-day services, beginning with Sunday School at 10 a. m., are planned for next Sunday for the official opening and dedication of the new First Baptist Church building in Munday. It will be a day of praise and rejoicing for all members of the church.

Finishing touches on the new building are being made this week, and all the rooms and compartments are expected to be ready for the dedication service.

Regular morning services will be held in the new building with Sunday school at 10:00 a. m., and the pastor, Rev. Huron A. Polnac, preaching at the 11 o'clock service.

Dedication services will be held Sunday afternoon, beginning at 1:45 p. m., with organ music and the dedication program opening at 2 p. m.

Rev. W. H. Albertson of Brownwood, pastor of the local church for many years, will preach the dedication sermon.

The program will consist of the dedication proper by M. H. Reeves, a sextette by Burna Dean Suggs, Newena Goolsby, Patsy Morrow, Betty Yost, Charlotte Hannah and Sue Hallmark; special messages by various church officials, a solo by Miss Virginia Ruth Albertson. Benediction will be by Leland Hannah.

Following the dedication service, open house will be held so the many friends may go through the new building.

Evening services will begin with the Training Union at 6:30 p. m., with evening worship service at 7:30. Rev. Willard Reeves of Buckner's Orphan Home in Dallas and son of Mr. and Mrs. J. E. Reeves of Munday, will deliver the evening message. Baptismal service will follow the evening message.

Many former members who have moved away and friends of the Baptist congregation from a wide area are expected to be present for the dedication service.

Boy Scouts' Circus Slated At Electra

Boy Scouts of the Munday troop have been invited to participate in the Boy Scout Circus which will be held at Electra next Friday and Saturday.

The circus will be given by boys of the Northwest Texas Council, which covers thirteen counties. Boy Scouts and Explorer Scouts with their leaders will assemble in the Electra football stadium and put on a circus that will thrill thousands of spectators. Some 2,000 boys are expected to participate.

Following the grand entry, the first act will be the Cub Scout act, "Out of the Arc" in which the cubs will come out of Noah's Arc in animal costume.

Other specialty acts of some 8 to 10 minutes in length will be: communications event, bicycling event, emergency service act, Indian event, chariot race, rope spinning and tug-of-war event, and camping and pioneering event.

These acts will give spectators an opportunity to see what the boys have learned in scouting, and this first circus is expected to draw many from the 13-county area. Plans are being made for several from Munday to attend the event at least one of the two evenings.

Vera 4-H Girls Meet Thursday

The Vera 4-H Club girls met at the school house, Thursday, April 20th, with the home demonstration agent, Miss Allen.

There were twenty-three members present and two new members. The class is studying sewing and some of the girls plan to enter the dress review on May 25 which is to be held in Knox City.

Miss Allen demonstrated how to put a sleeve in a dress.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

"A GOOD BUY"

Today, and every day, thousands upon thousands of shoppers will come home with some purchase, delighted over the fact that they made "a good buy." It may be a hat, a household appliance, a dozen glasses or any one of a limitless number of things. In each case, the buyer found that what he wanted at a price he considered right.

In this country, with its superb retail organization, we take that "good buy" for granted. It is always available. And the reason we have it is that we live in a free economy in which competition is intense, and the awards go to the merchant who gives us the lowest price, or the best service, or the most attractive stocks of goods, or the most appealing advertising, or some other business-building inducement. Here is the reason why that little store on the corner may be a merchandising behemoth fifty years from now.

Visitors from abroad, where retailing, like all other business, is usually wound up tight in governmental red tape and obsolete practices, are amazed when they see American stores. They can hardly believe that such abundance exists, and that anyone can buy what he wants without a ration card. What they are seeing, whether they realize it or not, is one of the best examples of free enterprise at work.

HOTHOUSE SECURITY FATAL

In a recent address John Foster Dulles said, "There is a primitive law of the survival of the fittest and fitness is found, most of all, in adaptability to ever-changing conditions. Those who live under artificial hothouse conditions do not last for long. A people become insecure when they demand and get personal security and material welfare that depend upon highly artificial conditions. No armament can protect against that type of insecurity."

"A people survive in freedom if their members are courageous, resourceful and self-reliant, if each carries a share of responsibility for common problems, if they are individually and collectively adaptable to changing conditions, if they have faith and vision and put spiritual values ahead of material values and if they keep control of their own destiny."

"I pray that we shall continue to be that kind of a people."

We shall not continue to be that kind of people if we turn to government to protect us against every exigency of individual life. The late Justice Brandeis said, "Experience should teach us to be most on guard to protect liberty when the government's purposes are beneficent." There could be no better thought for these times.

New Sports Outfit

A handsome sportswear combination is this checked vest with knitted back, and a light-weight sport shirt. They're both made of cool, wrinkle-resistant rayon fabrics, woven of Avisco yarns. The washable shirt doubles for business wear when worn with a tie, while the vest of a new worsted-like rayon is right for anything from putting around the garden to 18 holes of golf.

Old Times In Munday

The following was first published in the Munday Times in December, 1906, and was written by the late Walter H. Cousins, well known Knox County pioneer. We are reprinting it by request of a subscriber.

Stranger, I'm a settler,
 Didn't come here er tall,
 Jes been here always,
 And I'll swear I know 'em all.

Known Munday when she
 wuz er baby,
 Er rather when she wuz twins,
 And the tightest pair uv infants
 That ever got in their wind.

The surname uv these infants
 wuz Munday,
 That I sposed you cud guess,
 Called one uv these twins
 East Munday,
 The other's name was West.

These twins they used to get
 lively,
 When liquor was on the run,
 Up thar in Wilson's ballroom,
 We used to have scads of fun.

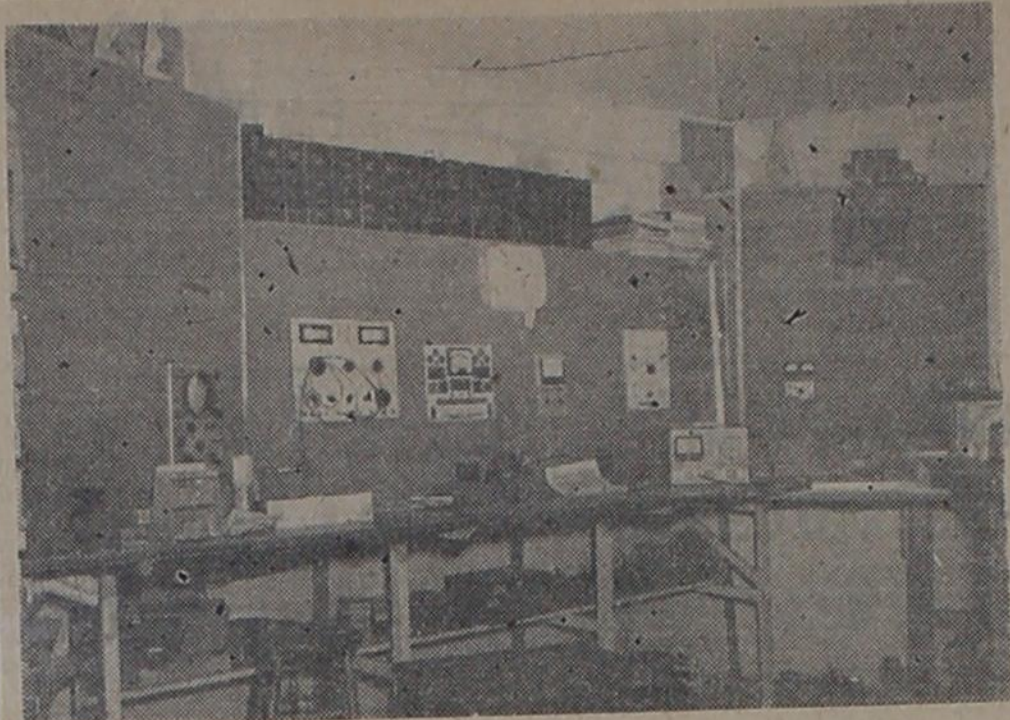

Fletcher Wren wud do the fid-
 diin,
 With his fingers blistered white,
 Drawed the bow like a drunk-
 en greaser,
 Jes to keep 'em steppin' right.

Old Fletch wud rest a minit,
 From his bottle take a draw,
 And go to playin' uv the feller,
 Who traveled in Arkansaw.

Uv all the quick stampeidin'
 Rusty raggin' out if sight,
 It was jes then takin' place,
 At the noontide uv night.

Bob Wilson done the callin',
 Fer these awful rags,
 And he set his hoofs to millin',
 Like an Indian on a jag.

Double on the corners,
 And his under jaw wud fall,
 Jes like the lid uv a church
 box,
 As he whooped out balance all.

 harvest
SEED can rightfully be spelled with
 a dollar sign this year . . . dollars you can
 harvest.
 Enough grass, alfalfa, clover and other
 legume seed is needed to plant 51 million
 acres, replacing soil-depleting crops. Present
 seed production is scarcely half sufficient.
 A home-owned ALL-CROP Harvester
 can help you cash in with these high-pay
 crops as well as with grains, beans, sor-

Watch Out For Early Hatch Of Grasshoppers

Weather conditions during the next few weeks, may well determine the seriousness of the grasshopper infestations for 1950. More moisture will bring on a big hatch, however farmers should be watching for the early hatches and if and when the young 'hoppers become numerous enough to warrant control measures, action should be

taken.

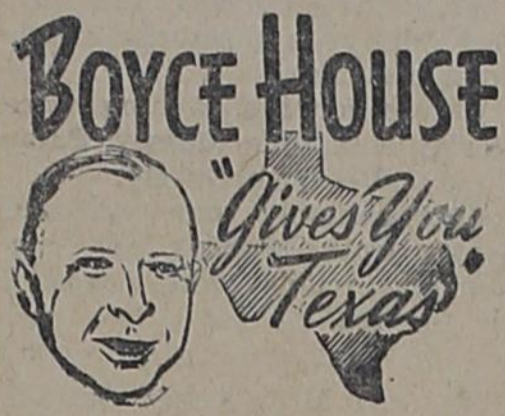

The Texas Agricultural Experiment Station has just released a report covering the grasshopper control work done by J. C. Gaines and H. A. Dean, professors in the department of entomology of Texas A. & M. College System, during the past two years.

They say that over a long period of years the poison bait method has not been effective in central Texas but that they are effective and are still recommended for use in the more arid portions of the state where there is a scarcity of vegetable growth to compete with the poison baits

There was a man who was: Defeated as a candidate for the legislature in 1832.

Failed in business and lost his property in 1833.

Defeated as a candidate for speaker in 1838.

Defeated as a candidate for elector in 1840.

Defeated twice in one year—1843—as a candidate for commissioner of the General Land Congressional nomination.

Defeated as a candidate for

Control tests were conducted during 1948 and 1949 to evaluate several organic insecticides applied as dusts and sprays for 'hopper control. The dusts were applied in the early morning when the air was calm. The spray emulsions, made by diluting oil miscible concentrates, were applied later in the day when a compressed air sprayer equipped with a valve to regulate the pressure at 40 pounds. The treatments were made early in the season when the 'hoppers were small, less than one-fourth grown.

They say that toxaphene or chlordane applied either as a dust or spray emulsion will give good control of young grasshoppers. Either of these materials applied at from a half to a pound and a quarter per acre as a spray emulsion, or from one to a pound and a half per acre, as dusts should control young 'hoppers, but heavier applications are necessary for controlling the 'hoppers after they get larger. This low dosage may be applied to pastures without causing injury to livestock but should not be used in pastures that are being grazed by dairy cattle. To protect crops from migrating adult 'hoppers, from 2 to 3 pounds per acre of either material must be used.

Results of field tests made in 1949, the entomologists say, show that toxaphene and chlordane were more effective when applied as spray emulsions than when applied as dusts.

Rayon-Nylon Blend

Here's a pretty spring-into-summer dress, in an up-to-the-minute fabric. Avisco rayon is blended with nylon for a wonderful combination of crisp body, soft sheen and long-wearing quality! Clever stitching gives a smart plissé effect to the stand-away skirt of this dress, which is priced for a teen-age budget!

Lots of Quick Meals

There are plenty of quick meals in the grocers' frozen food cabinet ready to be taken home for last-minute meals. Try frozen chicken a la king, shrimp creole, corned beef hash or chili con carne. They are ready-cook-

ed and need only to be heated slowly to serving temperature. A porcelain enameled double boiler is ideal for heating such frozen foods. Just drop the block of frozen food into the upper part of the boiler and heat over boiling water for about 30 minutes. The double boiler method requires no watching and the smooth enameled surface of the utensil will be easy to clean when the meal is over.

More Storage Space

When kitchens lack storage space, solve the problem by hanging rows of porcelain enameled utensils in plain view near the range or refrigerator. They will be easy to reach and clean-looking enamelware with its red or black trim will add a note of color to the kitchen.

Marjorie Hamilton And William P. Ingram Married In Edinburg Rites

EDINBURG—Miss Marjorie Hamilton, daughter of Mr. and Mrs. J. W. Hamilton of Edinburg, became the bride of William P. Ingram of Belton, Son of Mrs. Roger Williams, of Weatherford on Friday evening, April 14, at the First Methodist Church in Edinburg. Rev. Val L. Sherman conducted the double ring ceremony.

The chancel rail at the church was covered with fern and Easter lilies. Tall baskets filled with Easter lilies and gladioli flanked the rail and tall candelabra with tapers lighted the church.

Mrs. John A. Murray played "Intermezzo", "I Love Thee", and "Close As the Pages In a Book" before the ceremony and "Liebestraum" while the couple took their vows.

Mrs. A. V. Kemletz, sister of the bridegroom sang, "Always," "Because" and "The Lord's Prayer."

Enters With Father

The bride was given in marriage by her father. She wore an ivory satin full skirted dress with a long train. The net yoke was outlined with rosebuds and the fitted bodice buttoned down the back with tiny roses. The sleeves were long with point over the hand and buttoned to the elbow with rosebuds. Her veil of illusion was full length and caught to a Juliet cap of shirred tulle. She carried a white Bible topped with satin rosebuds tied with white satin ribbon.

The maid of honor, Miss Jo Ann McConnell of Edinburg, wore an ice blue nylon marquisette dress with low neckline outlined with a bias collar. The bodice was fitted and a full skirt with a circular tunic fell over an ice blue satin slip. She carried a colonial bouquet of yellow flowers and wore a headdress of blue satin ribbon with flowers to match the bouquet.

Mrs. Marvin Jones of Santa Rosa, matron of honor, was attired in a similar dress, except it was pink and she carried blue flowers.

Best man was A. V. Kemletz, brother-in-law, of the bridegroom.

Groomsman was Ray Boland of McAllen and ushers included John Evans of San Antonio, L. A. Ganaway Jr., Fred Houston, and J. W. Hamilton, Jr., of Edinburg.

The bride's mother wore a dress of navy blue with white accessories and a corsage of pink carnations.

The bridegroom's mother, Mrs. Roger Williams, wore a navy dress and a corsage of pink carnations also.

A reception was held at the home of Mr. and Mrs. C. G. Brock, following the ceremony. The linen covered table held tapers in crystal holders and a centerpiece of white gladioli, carnations and candytuft. Colonial bouquets decorated the coffee table and desk in the reception room.

fee table and desk in the reception room.

In House Party

Mrs. Fred Houston was in charge of the guest book while Mrs. R. E. Hamme poured the punch and Mrs. C. J. Hamme served the three tiered wedding cake that was decorated with apple blossoms and topped with a bridal couple.

Those assisting at the reception were Mmes. Ronald Terry, L. H. Piper, Bess Sadler, G. G. Smith, R. M. Johnson and Ray Boland of McAllen.

The couple left in a trip to Monterey, and will make their home in Belton on their return.

The bride's travel costume was a green suit worn with brown accessories. Her corsage was an orchid.

Out-of-the-Valley guests were Messrs. and Mmes. Roger Williams of Weatherford, A. V. Kemletz of Knox City, and John Evans of San Antonio.

The bride is a graduate of Edinburg High School and Edinburg Regional College. The bridegroom is a graduate of A. & M. College.

The couple was surprised during the reception by a long distance call from Mr. and Mrs. W. W. Moore Jr., of Arlington, Va. Mrs. Moore will be remembered as the former Ann Bess Brock of Edinburg.

Gilliland 4-H Club Members Meet Recently

Members of the Gilliland 4-H Club met recently, when sixteen members were present, with their agent, elected a new vice-president, Juanita Welch.

Discussions were brought about of the Dress Review which will be held, May 25 at Knox City in the American Legion Hall, and of the girls who will make dresses for this affair.

There is one more club meeting in store for the Gilliland 4-H for this year.

Mr. and Mrs. A. B. Warren and Miss Jo Ann Duke visited in the home of Mr. and Mrs. Lewis Warren in Abilene last Sunday.

Mr. and Mrs. John Nobles and daughter, Cindy, of Big Spring spent the week end here with Mrs. Nobles' father, Lee Haymes.

Mr. and Mrs. Bill Dingus of Freeport spent the week end here with Bill's father and sister, G. W. Dingus and Merle, and with other relatives.

Mrs. M. B. Irland and little daughter of Chicago, Ill., came in on Tuesday of last week for several days visit with G. W. Dingus and family, and with other relatives.

Bridal Shower Given To Honor Miss Thompson

A bridal shower was given last Friday night to honor Miss Billy Fern Thompson, bride-elect of Mr. Donald Motheral of Abernathy, at the Munday Study Club house.

Guests were introduced at the door by Mrs. Chester Bowden, who introduced others in the receiving line which consisted of Miss Thompson, Mrs. J. C. Mills of Abernathy, sister of the honoree and Mrs. Hershel Thompson of Seymour, sister-in-law of the honoree.

After the guests were greeted at the door, they registered in the bride's book, presided over by Miss Clara Belle Bird, viewed the many gifts that were on display. White cake squares, topped with yellow rosebuds and green leaves were served, along with candy mints and punch to all present. Miss Jerry Polster served the cake while Miss Frances Hallmark poured the punch. Plate favors were white napkins with gold lettering of "Donald & Billie, April 30, '50."

The bride's table was covered with a cutwork tablecloth over yellow with a centerpiece of yellow snapdragons and white carnations and greenery. A miniature bride and groom also stood at the center of the table. Other decorations were baskets of gladioli.

Music for the evening was furnished by Mrs. Jerry Edwards.

Hostesses for the occasion were: Mrs. Chester Bowden, Mrs. John Bowden, Mrs. Brooks Campsey, Mrs. L. W. Hobert, Mrs. Elmer Dickerson, Mrs. Doris Dickerson, Mrs. Oscar Spann, Miss Clara Belle Bird, Mrs. Worth Gaffard and Mrs. C. J. Reese, Sr. of Knox City.

Junior-Senior Banquet Held On Saturday Night

The Junior-Senior banquet of the Munday school was held last Saturday evening at eight o'clock in the school cafeteria.

Gerald Myers was master of ceremonies while the invocation was given by Mr. J. H. Bardwell. Welcome by Billy Joe Brown, and response by Bobby Winchester. Special music for the evening was by record. Mr. Joe Reeder, Jr. of Knox City was guest speaker for the evening, this was followed by the class prophecy given by Thelma Booe. "There's No Tomorrow", a duet, sung by Patsy Morrow and Betty Carolyn Morrow, closing with the group singing the school song.

Decorations carried out the spring theme using spring flowers, pink and green crepe paper. A rainbow made up the background with a big pot of flowers at each end. Tall pink candles were used on the tables.

Sponsors for the junior class are Miss Eugenia Robertson and J. L. Shipman.

Munday H. D. Club Meets Recently With Mrs. Morris

The Munday Home Demonstration Club met Wednesday afternoon, April 26th, with Mrs. Bill Morris as hostess, assisted by Mrs. J. R. King. Twelve members answered to roll call and one visitor, Mrs. J. B. Scott, was present.

We are always glad to have visitors that they may learn just what the club members receive from the demonstrations that are given by the agent, Miss Allen.

At this meeting, it was voted to get a list of some of the inmates in the state hospital who have no relatives to remember them with letters or gifts.

From this list each club member will "adopt" one person as their own to remember with gifts, letters, cards, etc.

A club skit written by Mrs. Fred Lain and presented by Mrs. Lain, Mrs. Leland Floyd, Mrs. Nora Broach and Mrs. J. R. King was enjoyed by all present.

The next meeting will be May 10th in the study club rooms when Mrs. Joe Patterson will serve as hostess, assisted by Mrs. G. L. Pruitt.

E. E. King was a business visitor in Lubbock one day last week.

Mrs. Dale Williams and son, Terry Wayne, of Plainview, are here spending several days in the home of Mrs. Lucille Stodghill and other relatives and friends.

Mr. and Mrs. Neil Brown and son of Lampasas spent the past week end here visiting with friends.

Silver Tea Is Given Monday By Wesleyan Guild

The Wesleyan Service Guild of the First Methodist Church met last Monday night at the church when it was hostess to a silver tea.

Preceding the program, Mrs. J. H. Bardwell gave several organ selections. Welcome was given by Mrs. Joel Massey, president of the Guild, followed by a solo, "Holy City" by Mrs. Orb Coffman of Goree. Mrs. O. H. Spann gave a scripture reading and the guest speaker, Rev. R. L. Butler, was introduced by Mrs. Bill Gaitner. Rev. Butler told of his trip through the Holy Land which was told in a very interesting way. While giving the lecture, Rev. Butler wore a costume that people wear in that country.

After the lecture, a tea hour was held with members of the guild serving.

Ushers for the evening were Shirley Hill, Julie Massey, Patsy Cook and Bobby Guffey.

Approximately one hundred guests from Munday and surrounding towns were present for the tea.

Mr. and Mrs. James Gaitner and son, James David, and Mrs. Gaitner's mother, Mrs. W. J. Gillespie of Decatur, have been visiting in the home of Mr. and Mrs. H. R. Prescott, Mr. and Mrs. Dave Biggs and Mr. and Mrs. Luther Watson in Sacramento, Calif., for the past two weeks. They also visited Mr. and Mrs. Spencer Bradshaw in Ontario, Calif. on their vacation.

The annual Junior-Senior banquet was held Thursday evening April 20th in the high school auditorium which was very artistically decorated, using "The Good Luck" theme. Tables were arranged around a "wishing well" and plate favors were wishbones.

The program was as follows: Invocation by Dr. W. M. Taylor; greeting, James Carver; choral numbers, Junior class; class history, twenty years hence, Paula Kelly; class will, Kenneth Roberts; piano solo, Virginia Anne Arnold; speaker, Milton Kirby; and toastmaster, John Lloyd Lambeth.

Teachers assisting Mr. Carver, Junior sponsor with program and banquet arrangements, were Mrs. Carver, Mrs. J. Weldon Smith, Mrs. W. M. Taylor and Miss Barbara Jane Almanrode.

"Whacky" Bunch Has Tacky Party Tuesday Night

On Tuesday, April 25, from 8 'til midnight, We'll all have fun if you do right. The idea is to act your whackiest. You can get in only if you're dressed your tackiest. Come on, Sis! Come on, Bub! Be on time at the Munday Study Club. This little verse, signed by "four friends" was an invitation

which some 20 couples received to a tacky party. After much preparation, they started arriving at the Study Club where they found more silly writing directing them to find Elsie the cow, which they figured meant the Borden home. From there they were directed to the J. B. Scott home, and from reading the final verse they concluded they should be at the home of

Arthur Smith, Jr. There they found the host and hostesses, Mr. and Mrs. A. A. Smith, Jr., and Mr. and Mrs. Travis Lee, and the fun and silly stuff began. They ate red beans, hot dogs, pickles, onions, etc., and indulged in a bunch of crazy games and let their hair down in general. All agreed it was a clever idea and a wonderful party, and a

good time was had by all. Jim Lawliss of Brady spent several days here this week visiting in the home of Mrs. R. A. Clements. Mr. and Mrs. Orman Moore and daughters of Wichita Falls visited with Mrs. Erin McGraw and other relatives here last Sunday.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., April 22—We got our Tidelands bill out of the Judiciary Committee this week by a vote of 16 to 16. Texans may grow tired of hearing and reading about the Tidelands controversy. However, it is a fundamentally important issue. Not only does it involve many millions of dollars of revenue for the State of Texas but more importantly involves a principle of government. If the Federal Government can take our so-called Tidelands without compensation, then the Federal Government can take anything that belongs to a State or an individual without compensation. Sooner or later Congress must decide the Tidelands controversy. There is only one way in which to decide the issue and that is in behalf of the States. I am confident that sooner or later Congress will pass a law that will reaffirm State ownership of everything within the original boundaries of the States.

It has been my responsibility to put together the bill which the Judiciary Committee has now re-

ported and I am further charged with the responsibility of writing the Committee Report. When a Committee reports a bill to the House it always accompanies such bill with a written statement of its terms and objectives and the reasons for the Committee's action. My report on this bill will be a treatise of about 100 pages, outlining the controversy, the issues, and the reasons why the Congress should act favorably on the bill.

The repercussions to the President's veto of the gas bill, generally referred to as the Kerr bill, is still reverberating around the Capitol corridors. The issues involved in this bill have been grossly misrepresented by the columnists of the country, notably by Mr. Drew Pearson. The President vetoed this bill because of pressure stirred up by this false propaganda. Some members of Congress from the North and East are being lambasted because they supported this bill. All Texas members voted for the bill. All of us are unequivocally opposed to monopolies, but this bill had nothing to do with this issue. The issue was whether or not the Federal Power Commission can go into a State and regulate production and prices of gas in the field. It's another case of bureaucracy versus States' rights and free enterprise. The Federal Power Commission was created by Congress and given the power to go into a State and fix the price of gas at the well. Federal bureaus and Federal administrators are always attempting to exceed the authority given them through the laws which Congress has passed. One of our big problems in government is to keep government from becoming more powerful than the people to whom it belongs—to keep government from abusing powers delegated to it. Government officials are the servants

FARM PROGRAM NEWS

From the County PMA Committee

TRIGG OUTLINES '51 COTTONSEED PROGRAM

Highlights of the 1951 cottonseed price-support program were given by Ralph Trigg, Administrator, Production and Marketing Administration, in a recent talk before a group in Dallas, Texas.

The program will include non-recourse price-support loans on farm-stored and warehouse-stored cottonseed; purchase agreements at the farm-storage loan level; financial assistance for farm-storage facilities, and use guarantees for new commercial storage; and a purchase and toll-crushing program.

Specific details of the program including loan and purchase

of the people and should never become tyrants or dictators in violation of the authority and responsibility imposed in them. Senator George, (Democrat of Georgia) distinguished chairman of the Senate Finance Committee and also of the Joint Committee of the House and Senate on Internal Revenue and Taxation, has made an ominous prediction. Senator George states that our government will run 14 billion dollars further into debt during the next two fiscal years. He states that revenues will fall short this year by 6.7 billions and next by 7.3 billions. No one knows just what evil may flow from our continued deficit financing, all of us recognize the perils involved in such procedure.

The Mayor of New York City has invited members of Congress and their families to visit New York on Friday, Saturday and Sunday, April 28, 29 and 30. The schedule of events for the entertainment of Congressmen and their families include—a sightseeing tour of New York boat trip around Long Island Sound, Hell Gate Rapids and New York Harbor, Statue of Liberty, Ellis Island, Maritime Academy at Kings Point, Coney Island, Jones Beach, United Nations at Lake Success, Radio City and Rockefeller Center, International Airport, the "Line-Up" at Metropolitan Police Headquarters, tickets for Radio and TV stage shows, and a personal welcome by Mayor O'Dwyer at New York City Hall.

These trips were annual affairs before the war and have become annual affairs since the war. So far, Mrs. Gossett and I have not been able to go and we have been forced to decline the proffered hospitality of the New Yorkers this year.

rates, will be announced later, but well before harvest time.

Mr. Trigg said that the desire is to carry out a cottonseed program which will disrupt the normal channels of trade as little as possible, while stabilizing prices and promoting orderly marketing. Even though production is in line with the effective acreage allotments, a substantial crop is still in prospect for 1951.

Under the 1949 cottonseed program, loans were made on about 7,000 tons of seed; about 800,000 tons were bought by the Government, of which more than 140,000 tons have already been sold. As of March 24, crushing contracts had been left for processing about 600,000 tons.

If market prices continue at present levels, Mr. Trigg said that the Government will realize enough from the sale of 1949 seed and its products to reimburse the Commodity Credit Corporation in full for the total investment in the program. Cottonseed or end products will not be sold at less than cost.

NEW COTTON LEGISLATION

B. F. Vance, Chairman of the State P. M. A. Committee was the first Texas farmer to release his 1950 cotton acreage allotment for reapportionment. Vance was given an allotment of 37.7 acres on his Brazos County farm for 1950. Since he does not intend to plant any cotton, he has released the entire acreage to the Brazos County P. M. A. Committee for reapportionment. Vance filed a copy of the official form for releasing acreage with the Brazos County Committee before the forms were available in the county offices thereby making him first in the State. Vance asks Texas cotton growers to review their planting intentions for 1950 and to release for reapportionment any part of their 1950 farm cotton acreage allotment that will not be planted to cotton this year.

He explains that under the new law recently passed by Congress, the unused portion of an allotment may be released either for 1950, or on a permanent basis at the option of the grower.

When the unused allotment is released for 1950 only the action will have no effect on the size of allotments that may be established for the farm in future years, except to the extent that the acreage actually planted for the 3-year period, according to Vance.

He points out that the released acreage must first be used to offset farm allotment increases

and 1948, or 45 percent of the highest acreage regarded as planted to cotton on the farm in any one of these three years. But the minimum allotment cannot exceed 40 percent of the tilled acreage on the farm. Vance emphasizes that all applications for an increase to the minimum allotment must be filed with the county P. M. A. committee no later than April 28. He also

points out that county P. M. A. committees will be unable to accept releases of unused allotments after this date. In both cases, official forms for this purpose are now available in the office of the county P.M.A. committee in every cotton growing county in the country.

Be careful. Observe state and local traffic laws.

FFA Chapter Has Good Record For 1949-50

In December, the Munday F. F. A. chapter sent two leadership teams to the Area I leadership contests in Seymour. These contests are along the lines of conducting meetings according to parliamentary procedure. Although we did not place in the highest number, the boys did quite well and received some valuable training.

In February, the dairy judging team made a record for themselves by defeating 98 teams in the Houston Fat Stock Show judging contest.

April 3, three teams participated in the Abilene Christian College judging contests. Much valuable training was received here.

In the Haskell district contests, the Munday boys have given a good account of themselves, having won five banners—second in FFA quiz contest, second in senior chapter conducting, third in crops contest, third in senior farm demonstration, second in the poultry contest at Abilene.

In the four-area contest at Texas Technological College on April 15, Munday carried six teams of three boys each. No other school entered more teams than this. We qualified two teams for the state judging contests which are to be held at A. & M. College on May 1-6, it is interesting to note that no other school in the area qualified more teams for this meet than did Munday. The dairy judging and the meats teams qualified. We feel sure that the other teams ranked pretty high, but we do not have a complete report at present.

EARL R. PONDER,
V. A. Instructor

Mr. and Mrs. E. W. Harrell spent last Monday in Abilene attending the bedside of Mrs. Harrell's mother, Mrs. Ida Davis, who entered an Abilene hospital for treatment.

25th Annual Singing Set For Haskell Apr. 30

HASKELL—Plans were complete this week for the twenty-fifth renewal of the Haskell County Singing Convention that is to be held here on April 30, according to Hallie E. Chapman, president of the Association for the past twelve years.

Capacity crowds are expected this year due to the quality of the program that will attract many of the outstanding quartets and musical organizations of this area. Included are the Stamps Baxter Quartet of Dallas, the S. E. Clark Quartet of Abilene, the Tankersley Quartet of O'Brien, a popular Throckmorton quartet, and the well-known Odd Fellows Quartet of Haskell.

Planned as one of the best in the convention's long history, the program this year will also feature outstanding song leaders who will direct group singing, and many well known soloists, duets and trios.

The convention will be held in the auditorium of the First Christian Church where special seating arrangements and other facilities have been installed in order that the program can be enjoyed by the large crowds that are expected to attend.

The program will begin at 10 o'clock on Sunday morning and will continue throughout the afternoon. A loud speaker system will be in use, and an hour's broadcast of the afternoon program will be aired over KDWT, Stamford, for the benefit of music lovers who are unable to attend.

A concert featuring the Stamps Baxter Quartet will be held Saturday evening in the church auditorium.

Eva Ray Estes, Everton Hosea, Miss Jerry Polster and David Penick attended the Ice Capades in Fort Worth last Sunday afternoon. They also visited friends and relatives while there.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is
Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

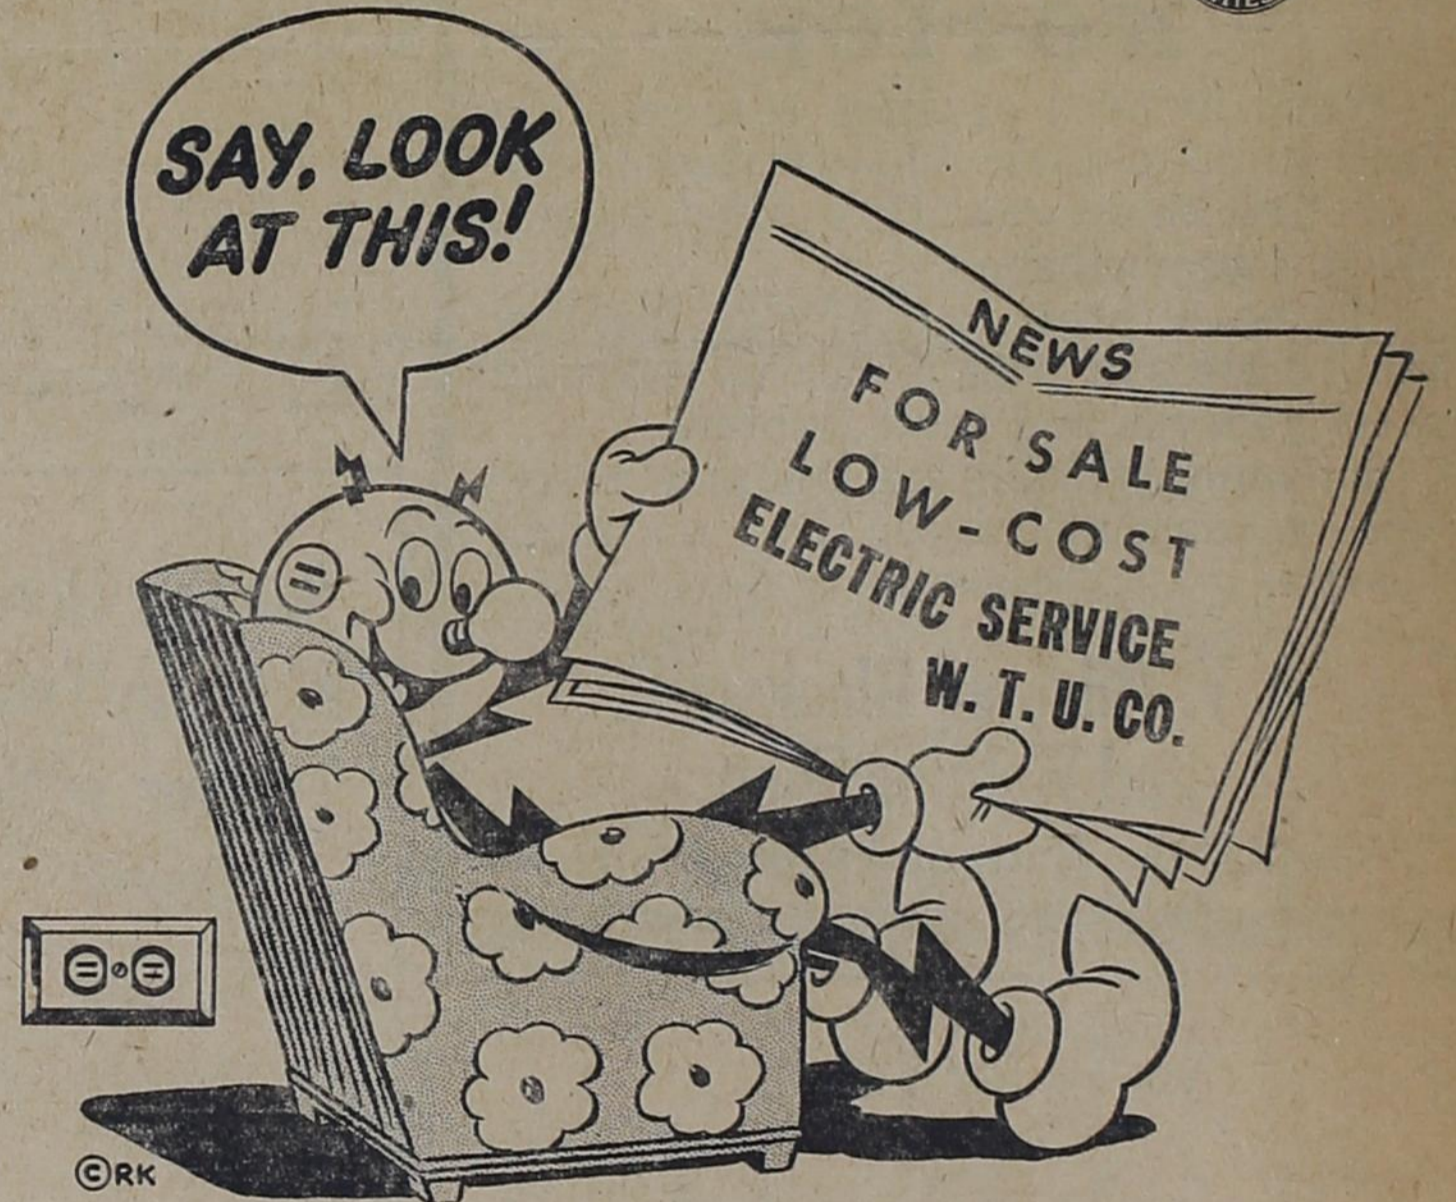

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

THE POWER YOU NEED IS HERE

Mr. Businessman, Mrs. Housewife, Mr. Farmer, Mr. Industrialist... the low-cost, dependable electric service you need is here! In West Texas you know the power you need is yours to command... even before you need it.

That's because the West Texas Utilities Company, for 38 years, has been building ahead. New generating equipment, new power lines, new substations... all are here when West Texas needs them.

This policy of building for the future has been a major factor in the economic development of the area we serve. Today we are building for tomorrow's needs... so that the power you need will always be here.

Knox Prairie Philosopher Figures Out A Wierd Plan For Paying Off Debts With One-Tenth The Effort

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek must be worried about something, judging by the impossibility of his letter this week. Dear editor:

Every once in a while some onvict who has been turned nose after completin a 20-year sentence by servin say five years and two days for good behavior, and then bein picked up again a month later for a brand new crime and tried and given a couple of more sentences to run concurrently. That is, as I understand it, say he gets 15 years for holdin up a bank and 10 more for shootin the president in the leg for bein slow about opening the door as he left, the judge tells him the sentences are to run concurrently, which means he can serve both of em at the same time.

Now while I aint never been able to figure out how a man can serve two sentences at the same time with a straight face, believe I could handle 15 to 20 that way as easy as one, the practice of doin it seems to be a common occurrence, with a

good many judges dignifiedly issuin them kind of terms, and I been thinkin.

The criminals and the lawyers may have something, and I been wonderin why we can't adopt something like that for the use of us law-abidin citizens in a democracy, what's godd enough for a convict ought to be good enough for everybody else.

What I would like to see is a system of payin your debts concurrently.

Say I'm a little behind at the grocery store, the meat market, the drug store, the lumberyard, the bank, and a few other places I can't think of right now. Why can't some Washintgon expert invent a method whereby

New Open-Center Tire

Something new in farm styling is proudly displayed by farmerette Bernice Davis as she enjoys a smooth ride on the new 1950 model curved bar, open-center tractor tires developed by The Firestone Tire & Rubber Company. Each tractor bar is curved and tapered scientifically to improve its ground-gripping action upon biting into the soil and its self-cleaning action as it emerges from the soil. The new Firestone open-center farm tire is being offered in a complete range of tractor tire sizes to complement the tractor center tractor tire line. This makes Firestone the first in the industry to offer farmers a complete line of tractor tires in several tread designs.

I could pay off them debts concurrently? Just pay your money into a pool and every time you pay a dollar to the lumbeyard the meat market has to credit you with a doll-r too. By gettin a whole slew of Washintgon experts after this problem, there ain't no reason why they couldn't figure out a way to pay any number of debts, not just two, at the same time with the

me money. Personally, I believe there would be a lot more debts paid under this system, and if it could work in private business it ought to work on the national debt too and we could even rope in the European nations on it also and the whole world would get out of debt fifteen or twenty times faster than it ever will. Why there ain't no limit to the amount of good feelin would be created if folks could pay all their taxes only every ten or fifteen years concurrently.

If you think this system has any merit, let's try it out. I would like to pay my subscription to the Munday Times and

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin— Summer weather is just around the corner and many Texans will try to acquire a sun tan as quickly as possible. Dr. Geo. W. Cox, State Health Officer today released a statement concerning the danger of over exposure to the sun.

"Sun Stroke is not thought to be due to the heat of the sun, but to certain direct effects of the sun on the human brain. It is likely to occur after the sun has shown excessively on the back of the head and neck," Dr. Cox explained. "This can be prevented by protecting the head and back of the neck from the sunshine," he added.

Dr. Cox asserted that exposure of the skin to the sun has some virtue since the action of the sunshine tends to kill the germs on the skin. Further sunshine produces vitamin D from the fats in the skin and this product is absorbed and used by the body.

"In general the good effects of sunshine are not due to the heat rays but ultraviolet rays," Dr. Cox stated. "It must be remembered, however, that it is these same rays which burn the skin and extensive application of direct sunshine to the skin may produce painful and severe burns which actually may endanger life."

The State Health Officer advises those who wish to obtain an extensive sun tan to get it by slow degrees. Expose small portions of the skin to the sun for a short period of time. When tanning is established, exposing a greater area for a longer period of time should prove safe and comfortable.

From where I sit... by Joe Marsh

His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

Here's Help For Foot Sufferers

Dr. Scholl's Representative To Be At Carl's Dry Goods, Goree

The man who has done more than any one individual to bring relief to the foot-suffering public, Dr. Wm. H. Scholl of Chicago, is sending his personal representative to the Goree Community. With years of training and experience in Dr. Scholl's foot relief methods, the representative is to conduct an all-day demonstration Wednesday, May 3, at the Carl Dry Goods Co. in Goree, headquarters for Dr. Scholl's foot comfort arch supports and remedies.

Foot sufferers will be given a free foot test with Dr. Scholl's pedo-graph, an ingenious device by which prints are made of the stockinged feet, indicating whether the arches are normal or weak. They will also be shown how thousands have obtained relief from their foot arches and pains with Dr. Scholl's remedies and arch supports.
