

Kracker Krumb's Odd Bits Salvaged At Random

School opened here on Monday morning.

It's the beginning of fall activities, a busy season and a time of anxiety to a great many parents of small children.

Because of the re-opening of school means that many people, little six-year-old boys and girls, older ones and men and women will be using the streets at various hours of the day.

It's time for vigilance upon the parts of motorists in Munday. It's a time when a small child, maybe chasing a stray ball, might dash across the street without looking in either direction.

Officers will possibly tighten up on traffic law enforcement to help protect the small children. We motorists should tighten up on our traffic law observance.

Children cannot be expected to have the mature judgment of older people.

Older people should have the horse sense enough to drive slowly and carefully anywhere a group of children might be.

Children forget rules of safety. They get confused and scared and unthinkingly dash off in any direction.

And drivers who drive recklessly near a school building, or where children are congregated or playing, should be censured for such actions.

Another safety rule which many of us fail to observe is that of stopping when a school bus is taking on or discharging passengers. This is especially true among those doing country driving.

The law requires a full stop by vehicular traffic during such operations. Every year children lost their lives as the result of someone breaking this law.

This year it could be a Munday child, unless we're very careful.

The City Council of Munday has taken a great step in safeguarding the lives of our school children.

At the east approach to the school grounds, a traffic light was installed last summer.

Sometimes during the summer months, motorists were observed to fail to stop when this light was red.

But now, as school opens, it behooves all of us to observe every traffic rule and safety rule. Let's wait for the green light.

It was reported Monday that another traffic light will be installed at the west approach to the school grounds. This will go further in providing safety for our school children.

But the lights alone do not provide safety. This depends on how well we, as motorists, observe the changing light.

As a local officer stated: "Red lights do not guarantee complete safety."

"Maybe," he said "some drunk or some fool will take a notion to run the red light." And one who does run the red light where the safety of school children are concerned might well be placed on one of these categories.

Parents should teach their small children that it isn't completely safe to cross the street when their light is green.

The fact that the red light is in your favor does not mean that the motorist can, or will, stop his car in time.

But he should. A few minutes may be precious, but a tiny human life is also precious.

We're glad we have the one light. We're glad there's going (Continued on last Page)

Paymaster Gin Soon Will Have New Gin Plant

After better than 60 days of labor in erecting the building and machinery, the Paymaster Gin in Munday will soon be transformed into a complete new gin plant, according to H. A. Pendleton, manager.

Starting from the ground up, practically everything in the plant is new and complete and the most modern that can be had. The only exception is that some of the cleaning equipment from the old gin is being used in the new plant.

The building has been erected from the concrete foundation and is the latest in gin buildings anywhere in this area. It is all-metal and is fireproof throughout, Mr. Pendleton said.

The latest type of cotton re-cleaning machinery is being installed, and the plant is electrified throughout with several new electric motors being installed to take care of additional equipment. The ginning capacity of the plant has not been increased, although the usual 5-stand ginning equipment is being used.

Representing an expenditure of better than \$50,000, the new plant is expected to be completed and ready for the 1950 season by September 15 or 20.

"It is as near being a perfect and ultra-modern plant in every respect as we can make it," Mr. Pendleton said. "The gin house and machinery have been installed with the view of serving our patrons over a long period, and we assure our customers we have spared no expense in giving them a modern gin plant."

In reviewing the 1950 crop situation, Mr. Pendleton predicted a good cotton crop for this area, with frost coming at a normal or delayed time. Cotton is later this year than in many years. Old timers can't remember any time in the past 40 years that Munday didn't gin a bale of cotton during August, yet it seems this week the first bale is several days off.

"We have more insects this year than ever before," Mr. Pendleton concluded, "but as yet prospects are fair for a good cotton yield."

Sinclair Makes New Location In Knox County

Sinclair Oil and Gas Company has staked its second wildcat in Knox County, according to a story in Wednesday's issue of the Fort Worth Star-Telegram.

The wildcat, the No. 1 John Jones, is 354 feet from west and 1,766 feet from north lines of section 110, block C, H&TC survey, a 6,600 foot test five miles north of Benjamin.

The location is 5 1/2 miles northeast of the Sinclair No. 1 Beavers, now in process of completion in lower Caddo pay from 5,920 to 5,932 feet.

Reports are that the Continental Oil Co. No. 1 Hamilton, wildcat six miles northwest of Knox City, was drilling below 4,573 feet in shale the first of this week.

Golden State Adds Another Industry

SAN LEANDRO, CAL.—Governor Earl Warren of California gets a taste of fresh California coffee just out of the roaster oven as Maxwell House opened its new plant here. Belief in the growth of the Pacific Coast area prompted General Foods to build the new plant. The plant was thrown open to visitors and more than 10,000 people, including the governor, saw how coffee changes from green beans to tightly packed coffee cans for the grocer's shelves. Picture shows (L. to R.) Win Lawson, plant manager, Governor Warren, Harvey Sorenson, United Grocer's Ltd., and Clarence Francis, chairman of General Foods.

NEW APPROACH TO SAFETY TRAINING—Lovely Lee Meifert, a secretary in the Missouri-Kansas-Texas Lines' general offices in St. Louis, displays a poster opening an educational campaign among the more than 10,000 Katy employees throughout the Southwest to have a "No Accident, No Injuries" month in September. The poster is being prominently displayed around Katy facilities in the states of Missouri, Kansas, Oklahoma and Texas.

Munday Moguls To Play Crowell Here Friday

Coach Green's Munday Moguls will officially open the 1950 grid season here Friday night when they tangle with the Crowell eleven on Scruggs Field.

The Moguls have been undergoing workouts and practice sessions for several weeks, although wet weather during the past few days has hindered their activities.

Some of the players have sustained slight injuries during practice sessions and scrimmages.

General admission tickets went on sale Wednesday. A number of them are available at the C. D. A. office, Bobbye Price, secretary. Those in charge of the gate urge all who can to buy their general admission tickets ahead of game time, as this will greatly relieve the congestion at the entrance gates.

es, but Coach Green expects to have most of his first stringers in action against the Crowell eleven. This will be a non-Conference game.

The Moguls have nine of last year's lettermen among the 33 men out for training. Both Green and Assistant Coach Troy Stewart have been directing their activities since fall training started.

A large crowd is expected to be on hand to see the Moguls in action during this first game of the season.

Weinert Man Goes To Naval Service

Marion (Stumpy) Owens, son of Mr. and Mrs. E. M. Owens of Weinert, has reported for active duty in the U. S. Navy, having been in the naval reserves since 1949.

He and his wife and sons, Eddie and Larry, visited his parents at Weinert over the week end.

Navy To Accept The Women Now!

After several years of the prosaic business of signing up mostly mere men, things are looking up in the Navy recruiting service. The call has gone out to get some WOMEN!

"Desire additional applications from naval reserve women officers and enlisted women on a voluntary basis for recall to active duty for an obligated and guaranteed period one one year," said an order from the Navy bureau of personnel.

Sailors usually acknowledge an order with an "Aye, aye, sir." This time they said, "It's a pleasure."

Women reserve officers in the ranks of lieutenant commander and below, both line and reserve corps, are needed, recruiting officers said. No previous active duty or indoctrination training is necessary.

Rated enlisted women are sought in the following reserve classifications: telegram, radio-man, communication technician, yeoman, personnelman, machine accountant, storekeeper, disbursing clerk, aerographer, tradesman (eq), aviation storekeeper and dental technician.

Some non-rated enlisted women are also being recalled, it was announced. Any Navy recruiting station will be happy to give full particulars—very happy.

Confederate Money Coming Out Soon!

Several million dollars in facsimile Confederate money will soon appear throughout the South as part of a huge publicity campaign by Southern manufacturers to promote the growth of the South.

The campaign is being launched to call attention to the area's many advantages both as a place and live and as location for industry. Working together, the companies will sponsor a Southwide contest to stimulate the interest and pride of Southerners in the South.

The most ambitious attempt to date of Southern manufacturers to promote their market, the contest will offer 100 prizes valued at more than \$15,000 to the winners.

HAS OPERATION

J. W. King of Weinert was taken to an Abilene hospital last Monday and underwent surgery on Wednesday. His son, Joe Bailey King of Munday, attended his bedside and reports his condition is somewhat improved.

TAKES HIS PHYSICAL

Charles Baker was in Abilene on Tuesday, where he received his physical examination for military service. Charles, who has been in the inactive reserve, expects to be called for service in the army soon.

Mr. and Mrs. Donald Jolly and son, David, of Hillsboro, spent the week end with Mr. and Mrs. Lee Haymes. Mrs. Jolly and David remained for a longer visit.

New Post Office Building To Be Started Here Soon

Three Youths Injured In Car Accident Here

Three Rhineland youths were injured at about 12:45 Wednesday morning when the Plymouth car in which they were riding rammed into the rear of a truck which had been stopped on the highway.

The injured are Donald Decker, Clarence Stengel and Francis Birkenfeld, who were all taken to the Knox County hospital for treatment.

Most seriously injured was Clarence Stengel, who received a very serious head injury. After receiving emergency treatment at the Knox hospital, an ambulance from the Mahan Funeral Home rushed him to Dallas for treatment by a brain specialist. He was accompanied by his father, Charles J. Stengel.

The accident occurred about two miles northwest of Munday on the Rhineland highway. Officers who investigated the accident reported the truck was stopped in the middle of the highway and without lights. It apparently had run out of gas. The truck was knocked some 40 feet by the impact of the crash, and the car was almost completely demolished.

Mrs. A. L. Cooper Dies Wednesday At Knox City

Mrs. A. L. Cooper, 64, resident of Knox County for many years, passed away at 4:30 p. m. Wednesday at her home in Knox City. She had been in ill health for several years. Death was attributed to a heart ailment.

Funeral arrangements were incomplete Wednesday night, pending the arrival of relatives.

Mrs. Cooper, the former Susie Tidwell, is survived by her husband, A. L. Cooper of Knox City; two sons, S. H. and J. L. Cooper, both of Rochester; a daughter, Mrs. Oscar Mangis, Knox City; a brother, J. A. Tidwell, Knox City; and three sisters, Mrs. R. C. Cooper of Rochester; Mrs. J. W. Knox of Weatherford, and Mrs. J. M. Snelson of Knox City.

HAS OPERATION

Mr. and Mrs. O. V. Milstead spent last Monday night in Abilene, attending the bedside of their son, O. V. Jr., who underwent an emergency appendectomy at an Abilene hospital. He is reported to be doing nicely. O. V., Jr., is serving in the U. S. Army Ordinance Corps.

Mr. and Mrs. Cecil Blanton of Fort Worth were visitors in the A. U. Hathaway home last Thursday.

Mr. and Mrs. Carlton Mooney of Abilene were business visitors here last Saturday.

Mrs. Wayne Blacklock visited with relatives in Haskell last Monday.

Mr. and Mrs. Ardell Spelce visited with relatives in Waurika, Okla., over the week end.

Weather Report

For the period of August 31, through September 6, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

Table with columns for dates and weather conditions (Low, High). Shows data for August 31 to September 6, 1950.

Knox County Hospital Notes

Patients dismissed since August 28th:

Mrs. Frank Silman and baby, Rochester; Mrs. W. G. Cadell, Truscott; F. M. Brown, Pueblo, Colo.; Mrs. Lou Miller, Rochester; Kenneth Roberts, Rochester; C. C. Moorman, Goree; Mrs. D. W. Hodges, Knox City; Mrs. Cleve Angle, Knox City; Mrs. F. E. Davidson; Mrs. C. L. Burt and baby, Knox City; Mrs. M. L. Raynes, Munday; Mrs. L. Park, and baby, Vera; Mrs. J. T. May, Knox City; W. H. Little, Goree; John McCrary, Knox City; Mrs. Carroll Benton and baby, Knox City; Mrs. G. A. Branton, Knox City; Mrs. T. M. Hall, Rochester; Jimmy Branch, Knox City; Diana LaDuke, O'Brien; Mrs. Ervin Booe, Knox City; Shelby Bishop, Knox City; J. D. Simmons, Knox City; Earlene Lewis, Knox City; L. E. Jones, Rochester; Mrs. W. Partridge and baby, Munday.

Patients in the hospital September 9th:

L. N. Burleson, Rochester; T. C. Merrill, Munday; Stanley Glover, Benjamin; Mrs. Homer T. Melton and baby, Benjamin; Sonny Shackford, Goree; Mrs. H. C. McAdams and baby, Needmore; J. W. Faulkner, Spur; J. W. Williams, Rochester; Karson Bivins, Benjamin; Andy Eiland, Munday; Mrs. Joe Ozuma and baby, Goree; Mrs. Toby Lane, Munday; Mrs. Lillian Gibbins, Benjamin; Mrs. J. O. Brothers. BABIES BORN

Mr. and Mrs. C. L. Burt, Knox City, a son. Mr. and Mrs. Carroll, Knox City, a son. Mr. and Mrs. McAdams, Rochester, a son. Mr. and Mrs. Leo Park, Vera, a daughter. Mr. and Mrs. Joe Ozuma, Goree, a son.

"Mail Hack" Is Rolled; Driver To Hospital

About four o'clock Wednesday morning came the report that the Mistletoe, pick-up truck that hauls the mail from Abilene, had overturned near Goree.

Constable R. F. Horan and J. W. Massey went to the scene with Massey's wrecker truck, but they couldn't find the driver. Officers surmised that the driver had probably dozed while driving and lost control of the mail hack.

The truck, which was considerably damaged by "being rolled," was towed back into Munday.

Later it was learned that the driver had caught a ride and started back to Abilene. He sustained back injuries in the accident, and these injuries became so painful that he stopped in Haskell and entered the hospital for treatment.

MRS. H. H. BLEDSOE TO TEACH KINDERGARTEN

Mrs. H. H. Bledsoe announced Wednesday that she will teach classes in kindergarten for children, ages 4 to 6, at the Presbyterian Church this year. Classes will begin at nine o'clock next Monday.

Parents desiring to enroll children are asked to contact Mrs. Bledsoe or phone 121.

ATTEND GIFT SHOW

Mr. and Mrs. E. W. Harrell spent the first of this week in Dallas, attending the annual gift show and purchasing merchandise for Harrell's Hardware.

Mr. and Mrs. H. G. Williams were business visitors in Abilene last Friday.

Mr. and Mrs. T. R. Busby of Anson, Mr. and Mrs. Ben Busby of Waco, and Pat and Jackie Busby of Anson have been visiting in the home of Mr. and Mrs. T. M. Busby.

Munday Locker Plant Gets Contract For Post Office

Munday will get a new post office building!

This news, generally known for some two weeks, was made public on Tuesday of this week.

The post office department notified several persons here, including bidders for the construction of a new building, some time ago that the contract would be let to the Munday Locker Plant for the construction of the new building.

J. C. Shockey, manager of the locker plant, announced Tuesday that construction on the new building will be started in the near future, "as soon as the weather clears." It is expected to be completed and fully equipped by the time the contract on the present post office building expires, which is early next year.

The building, Mr. Shockey said, will be 30x60 feet and will face east on the property just north of the Munday Locker Plant. Ample room will be provided adjacent the building for the delivery and receiving of mail.

The building will be constructed of Texcrete tile and the post office department will furnish and install the fixtures, it was stated.

This is the realization of another of Munday's primary needs, and it is believed the location of the new post office will meet the approval of a majority of patrons, since it will be away from the heavy traffic of the through highway.

Reserved Seat Tickets Mailed To Purchasers

Reserved seat tickets for Munday's new football stadium are being mailed to purchasers this week, it was announced Tuesday by members of the C. D. A. athletic committee.

In many instances the tickets have been given out in person, but quite a number have been mailed. Purchasers are asked to watch for them.

If you should not receive your tickets by game time Friday, come on to the game. The committee knows who have purchased tickets, and purchasers' names have been placed on the seats.

The committee wishes to thank everyone who purchased tickets. By doing so, you have helped greatly toward the construction of the new stadium, which has been one of the great needs for some time.

Safety Director Urges Inspections For Car Defects

AUSTIN—The International crisis has a direct bearing on this country's traffic safety record. That was the opinion expressed today by Homer Garrison, Jr., Director of the Texas Department of Public Safety, in appealing to Texas motorists for an immediate check on the mechanical condition of their vehicles.

"It is imperative," said Garrison, "that each Texan do his utmost toward helping to maintain and conserve the resources of this nation." An important portion of these resources, he indicated, is the thousands of motor vehicles that are operated daily in this State. He urged all car owners to have their vehicles inspected regularly for mechanical defects.

"Worn out and defective automobiles," the Director emphasized, "are conducive to increased traffic mishaps. By periodic inspections we are serving a dual purpose. First, we assure ourselves of continued transportation in case controls or restrictions are placed on motor- ing, and second, we make a decided contribution toward greater traffic safety, thus assisting in the conservation of our human resources."

## The Munday Times

Published Every Thursday at Munday  
Aaron Edgar and Grady Roberts . . . Owners  
Aaron Edgar . . . Editor and Publisher  
Entered as second class matter January 4,  
1919, at the postoffice in Munday, Texas, under  
Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Herfner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### "SELF-CENTERED GRABBERS"

"If rationing comes in the United States it will not be because of any undersupply of goods, but because of an excess of self-centered grabbers," says the Christian Science Monitor.

"The vast majority of the public, of course, are going along normally with purchases only for their current needs. Naturally, they are incensed when they see or hear of 'smart' or 'panicky' people buying up stocks of such items as sugar, canned goods, nylon stockings, or automobile tires far beyond any immediate need.

"If this hysteria continues, the demand for rationing and price controls will grow . . . The hoarders and grabbers tend to bring rationing not only on themselves but one everybody; and if they succeed in doing that, they should in some way be made to pay its unnecessary cost."

Producers and retailers have pointed out that there is plenty of food and all other consumer essentials. In some lines there are huge surpluses. Retailers have been especially active since the Korean war started in attempting to stop hoarding. Hoarding is a crime against the nation and everyone in it—even if it is not so defined by the law at present.

A bill now in Congress would lay heavy penalties on black market operators and this is all to the good. In addition, the hoarder should be visited with public approbrium and contempt. If we simply go on buying normally and our factories and farms will continue to produce all we need. Our retail stores will continue to be well stocked with fairly-priced merchandise. And our security as a nation will be strengthened.

### SHALL WE AWAIT THE BLOW?

The Communist claim that theirs is a perfectly legal party, like the Democrats and Republicans, and that they have a constitutional right to carry on their activities.

What that position actually means was well

### SUBSCRIPTION RATES

In first zone, per year ----- \$2.04  
In second zone, per year ----- \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

described recently by Judge Learned Hand of the Circuit Court of Appeals. He was speaking for a unanimous Court upholding the conviction of the 11 Communist leaders in New York last year. He said: "They claim the constitutional privilege of going on indoctrinating their pupils, preparing increasing numbers to pledge themselves to the crusade, and awaiting the moment when we may be so far extended by foreign engagements, so far divided in counsel, or so far in industrial and financial straits, that the chance (of successful revolution) seems worth trying. That position presupposes that the (First) Amendment assures them freedom for all preparatory steps and in the end the choice of the initiative, dependent upon that moment when they believe us, who must await the blow, to be worst prepared to receive it."

Communism is not a political party. It is a revolutionary movement owing total allegiance to a foreign government. Its sole aim is to destroy us.

### JUST THREE MINUTES!

Reader's Digest recently published a little item by Don Wharton called "It Could Happen Here," which said: "When a patient enters a certain doctor's office in North Carolina and sits down for a consultation, the physician unobtrusively reaches across his desk to a three-minute hour-glass. Without saying a word, he turns it over and starts the sand running. The consultation proceeds as usual—not a word about the hour-glass until all the sand has run into the lower half. Then the doctor points at it and says: 'Three minutes. If we had socialized medicine your time would be up. In England today three minutes is all the time a doctor can give to the average call. Just three minutes!'

Socialized medicine is mass-production medicine. Each doctor is given a panel of patients, and it so large in number that it is impossible for him to take the time needed for careful diagnosis and treatment. The fact that the service is "free", leads many patients to call on the doctor whether they need attention or not, on the theory that they might as well get what is coming to them. So more time is unnecessarily consumed—and the patient who is really ill is given quick, inferior service.

Moreover, overworked doctors have no time for study and research. Their education becomes static. Practice becomes routine and mechanical. Preventive medicine is given less and less attention. And so, inevitably, the standards of health deteriorate.

Yes, it can happen here—if we don't keep on the alert and stop it.

Schemes rarely take the place of good, hard work in the lives of those who succeed.

A good deed gets as much attention these days as a homely face.

### Better Concrete Patches

TO do an A-1 job of patching a concrete floor, it is essential to follow a few simple rules so that a strong bond is created between the new and old. Simply cleaning out the old material and filling the hole with new concrete won't work satisfactorily.

Remove enough of the old concrete so the bottom of the hole is as wide as the top and uniformly deep. This will hold the patch in place. Dampen the old concrete to prevent water in the new mix from being absorbed. Be certain, however, that no surplus water is left in the hole.

WRONG WAY

RIGHT WAY

Mix one part of cement and three parts sand, or use a ready-mixed variety of cement. Add only enough water to make a stiff mix which will require light tamping to fill the cavity. As soon as the mix is poured, smooth it with a wood float. When the concrete begins to harden, finish the surface lightly with a steel trowel.

Concrete shrinks some in drying, but if the patch is not more than two inches deep, the shrinkage will be so small that no allowance need be made. On deeper patches, smooth the surface so that it is slightly above the level of the floor.

### James A. Stephens, Attorney-at-Law

OFFICE IN STEPHENS BLDG. BENJAMIN, TEXAS

Have prosecuted and defended many criminal and civil cases in the trial and appellate courts. The records of the courts in many counties tell the story. Fees reasonable.

The most sacred of all spots to Texans is the Alamo. Many poems have been written about it, and one of the best was written by Yynn Elliott, "Moonlight Over the Alamo", which appeared in the Junior Historian:

There are shadows that cling to the battered walls,  
There are winds that weave through the roofless halls,  
But more than these to him who listens,  
More than the silvered ivy that glistens  
In the moonlight over the Alamo.

Are voices that shout, youthful and strong;  
And you can hear in their battle song  
That runs like a deep tide thru their strife,  
The love of youth for a full, free life;  
They are the ghosts of men, youthful and bold,  
Who know the feel of steel that is cold.  
They knew how to fight with empty gun,  
And how to die when the fight is done.  
But never did death find a harder crew,  
That could deal with death back

twenty to two;  
And never has death stilled, before or after,  
And never has life lost, gayer laughter.  
For the shadows that cling to the battered walls,  
And the breath that blows thru the ivied halls,  
In the moonlight over the Alamo  
Are the ghosts of men who loved what they gave—  
Lovers of life—but not its slave.  
One hundred years and ten hundred more  
Will roll by the war-scarred Mission door,  
And ever free men will watch with pride  
Those ghosts of young men, guns at their side,  
Whose last breath, lighting liberty's fire,  
Still wafts with the smoke of a funeral pyre  
In the moonlight over the Alamo.

As you drive across Shackelford County, you may observe, north of Albany, a few buildings off one side of the highway. That is what is left of Fort Griffin, once the roaringest and wickedest place in the United States, back in the 1870's or thereabouts.

Mr. and Mrs. Ralph Watkins of Wichita Falls visited in the home of her parents, Mr. and Mrs. Bud Reynolds last week.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

**AUSTIN**—A puny little parasite no more than a quarter inch long when it's full grown can turn a champion weight lifter into an anemic cream puff.

Even while it's still a baby, this pernicious parasite can make a wheezing weakling out of a top field hand, and turn a stout boys muscles to the texture of soft butter.

It's a hookworm.

State Health Officer Geo. W. Cox, with understandable disdain, puts the finger on it as the cause of so-called toe itch, dev

itch, ground itch, and summer scratch.

Says he: "All these itches are provincial ways of saying hookworm."

Dr. Cox says his department has been waging a ten year battle against hookworms in Texas, and that deep inroads have been made into its natural habitat, especially in eastern and southern sections. Health experts know what it is and how it gets into the human body, but the big job is in convincing people that they ought to do something about it.

Hookworms live a bouble life, the health official says, half in the intestines of a human being and half in the soil around an open pit privy. The female lays eggs while attached to the intestine.

Eggs pass from the body, and hatch within 24 hours. Then the young worm lies in wait for the first unsuspecting barefoot person—usually a youngster—to come by. It pierces the foot skin and slowly inches its way deeper and deeper into the body until it reaches the intestinal tract where the cycle starts again.

"It is a disease," Dr. Cox says, "that stunts the growth of children, causes skin discoloration, loss of weight, and anemia." Severe infections often cause a morbid craving for things as chalk or dirt, he adds.

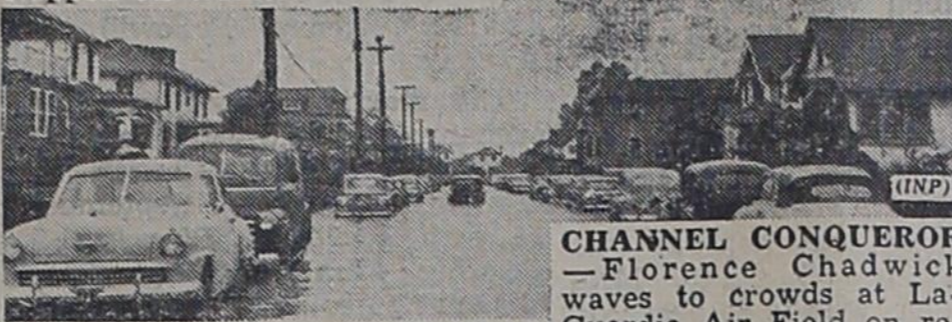

But it's easy enough to control—merely by building properly designed sanitary pit privies or septic tanks. That, and wearing shoes.

A good many children in rural sections have had light infections all of their lives, and have never known what it means to feel entirely well.

The way to prevent "long corners" on towels—and an aid to folding them when dry—is to fold all towels lengthwise before hanging on the line.

## People, Spots In The News

**WET WEEKEND**—Residents of Rockaway Beach, L.I., didn't have to go far for wading when big Sunday rain filled streets and stopped all traffic.

**CHANNEL CONQUEROR**—Florence Chadwick waves to crowds at La Guardia Air Field on return to U.S. after record swim.

**GOURMET'S DELIGHT**—In tests of 100 domestic and foreign coffees, food consultant Maurice C. Dreicer (right) finds A & P coffee alone rates his award of excellence. Sipping prize winning coffee with the noted gourmet is Francis M. Kurlz, president of A & P coffee division.

## Kids, Papa May Help To Cut Work Of Tired Mama

Mothers who feel that they are being overworked day after day may find that pampering their families is the reason.

Studies have shown that a goodly portion of the average homemaker's time is spent in picking up and putting away personal belongings of other family members.

Retrieving a handkerchief from a floor or a shirt from a door knob may seem to require little effort. Actually, when done several times a day, it becomes a back-breaking chore.

This extra work is completely unnecessary. It may be eliminated by teaching members the pick-up-and-put-away habit.

### Mum's the Word

Teaching the habit is accelerated by following a line of quiet resistance—saying not a word about and paying no attention whatsoever to personal belongings which are out of place.

When careless members realize that they aren't getting the customary help, they begin putting their own things away.

At first there may be some grumbling, but, in the event of an open discussion of the subject, mothers have air-tight cases.

After this common problem is solved, mothers may encourage their families to help occasionally with some of the actual cleaning chores. Something can be found for every one in the family to do.

Small children may help dust. If they need an incentive, hide a few pennies around the home, telling the tots they may keep the pennies they find while dusting.

### Be Prepared for Excuses

Older children and fathers usually will help when they realize that assistance is needed. But mothers would do well to be prepared for a common excuse: "I would help but the scrub pail is already being used."

The way to overcome this excuse is to keep several galvanized steel pails and washing cloths on hand.

Mothers will find that several galvanized pails offer many advantages and take up only a

minimum of storage space.

They and their assistants will find it easier to use two pails instead of one for most washing chores. By filling one pail with soapy water and the other with rinse water, there is no need to stop for additional water.

When several such pails are available, one person can be washing the windows while others are cleaning walls and woodwork. When not in use, the pails may be stored one inside another.

By employing these and other tricks, homemakers can simplify

Mr. and Mrs. J. E. Reeves and son, Perry, and Mr. and Mrs. Willard Reeves visited with relatives in Fort Worth over the week end. Willard remained longer to take his physical examination for naval service.

Mr. and Mrs. Bill Hertel and family visited points in New Mexico several days last week. They went through the Carlsbad Caverns while away.

fy their labor and encourage their families to work together as teams.

# Bonded Government Approved Storage For Your Milo

We have available storage for 100 cars of Milo.

Due to the bumper crop now being harvested, and limited storage capacity in this area, it will be to your advantage to see us now to reserve guaranteed storage space.

If you do not desire to store your grain, we will pay you top market price on all grains.

State Certified Scales guarantee you accurate weights.

All farmers should take advantage of the Government sponsored grain storage program for this year's bumper crop. It is a program where the farmer cannot lose.

Any farmer can bring his grain to us, store it in our Government Bonded Warehouse and immediately receive a price that will net him more money than the market price grain in this area is bringing today.

In addition, if the price goes higher at a later date and is above the Government support price, the farmer gets the advantage of this rise in price and can sell his grain at any time he desires on or before March 31, 1951. However, if the price of grain goes down the farmer will lose nothing.

In other words this is a very wise investment for all farmers who desire to store their grain and he has everything to gain and nothing whatsoever to lose.

### Joseph Borden An Miss Hattie Ann Phillips United In Home Wedding

Miss Hattie Ann Phillips and Joseph Chester Borden, Jr. were united in marriage in an impressive service which was read Sunday evening, September 3, in the Press Phillips home.

Rev. Luther Kirk of Perryton directed the couple in their exchanging of vows. The double ring ceremony was used.

Floor standards of white gladioli, branched candelabras containing lighted tapers, were arranged as center of interest in decorations. A large mirror provided a background for the arrangement.

Mrs. LeRoy Leffler lighted the candles. Miss Charlotte Williams, vocalist, sang "Because" and "I Love You Truly", as pre-nuptial selections. She was accompanied by Miss Carolyn Janah, pianist, who also provided a medley of piano numbers as well as the traditional wedding march.

The bride, who was given in marriage by her father, was pveily in a gaberline suit, which featured self-trim buttons, roll collar and pockets of flange design.

The bride carried a white Bible topped with an orchid, which was showered with stephanotis.

Miss Helen Phillips was the bride's only attendant. She was attired in a blue suit and she carried a corsage of yellow gladioli.

The groom's best man was his father, Mr. J. C. Borden.

Mrs. Borden, daughter of Mr. and Mrs. Press Phillips of Munday, graduated from Munday High School and attended Midwestern University.

The groom, who is the son of Mr. and Mrs. J. C. Borden, graduated from Munday High School and received his B. B. A. degree from Midwestern University. He is connected with the

Reno Oil Company of Wichita Falls, where the couple will make their home.

Immediately following the wedding, the young couple was honored with a reception. Mrs. Travis Lee presided at the brides' book, Mrs. Delbert Montgomery and Miss Gwynna Lee Smith presided at the refreshments table, while members of the Phillips family assisted with various duties of entertaining the guests.

Out-of-town guests for the wedding were Miss Helen Phillips of Abilene, Mr. and Mrs. Homer Lee, Mr. and Mrs. Bob Lee, Mr. and Mrs. Quincy Lee and daughter, Ida Jo, all of Wichita Falls, and Mrs. Luther Kirk of Perryton.

### Mrs. A. H. Sams, Jr. Honored At Shower In Barker Home

Mrs. A. H. Sams, Jr., nee Miss Ida Belle Allen, was honored with a bridal shower Saturday, September 2, 1950, from 4:00 to 6:00 p. m. in the home of Mrs. Jack Barker, of Benjamin.

Guests were greeted by Mrs. Barker, who introduced the bride, the bride's mother, Mrs. Mabel Allen, and Mrs. A. H. Sams, Sr., mother of the groom.

Mrs. Bobby Burnett presided at the guest book.

A beautiful array of gifts for the bride were on display.

A delicious refreshment plate was served the forty-two guests who were present during the afternoon.

Hostesses for the occasion were Mrs. Bobby Burnett, Mrs. Jack Barker, Mrs. Anna Rhea Allen, Mrs. Earl Sams, Mrs. Buddy Bumpass, Miss Louise Brown and Mrs. Zena Waldron.

### Marion M. Moore, Walter Cunningham Wed August 31

Miss Marion Merle Moore, daughter of Mr. and Mrs. M. E. Moore of Goree, became the bride of Walter Douglas Cunningham of Arlington, son of Mr. and Mrs. J. D. Cunningham of Bomarton at 7:30 o'clock Thursday evening, August 31, in a Church of Christ ceremony in Goree. Officiating in the double ring ceremony was W. E. Burkham, minister of the Seymour Church of Christ.

The couple will make their home in Arlington, where the bridegroom attends Arlington State College. He is a 1948 graduate of Bomarton High School. The bride graduated from Goree High School in 1948 and later attended Abilene Christian College.

As the wedding music, Barbara Jane Almanrode of Munday sang "I Love You Truly" and "Always". As the candles were lighted, she sang "Just A Song at Twilight."

Honor attendants for the couple were Lois Nell Cunningham of Seymour, sister of the bridegroom, and Harry Lynn Cowan of Munday, cousin of the bridegroom.

Bridesmaids were Nancy Bowman of Goree, Faye Burns of Snyder, Jean Porter of Roscoe, and Joy Kay Morton of Munday, cousin of the bride. Serving as ushers were Dolan Moore of Goree, brother of the bride; D. G. Chamberlain of Denton, uncle of the bride; and Ed Elliott of Oklahoma City, Okla. Martha Maddox of Oklahoma City was flower girl.

The bride was given in marriage by her father. She wore a dress of ivory slipper satin fashioned with a bodice and puffed Chantilly lace. Her veil fell from a tiara of peralized orange blossoms. She carried a bouquet of white gardenias and a testament belonging to her grandmother. She also wore a gold pin worn by her great-grandmother on her wedding day 68 years ago on Aug. 31.

The maid of honor wore a dress of puffed green organdy over white taffeta and carried a colonial bouquet of yellow pom-pom chrysanthemums. Bridesmaids wore identical dresses of brown, yellow, pink, and orchid organdy over matching taffeta. They carried colonial bouquets of pom-pom chrysanthemums.

Dress for the flower girl was of white organdy over pastel green taffeta. She carried a basket decorated with green ribbon and tulle.

The reception was held at the home of Mr. and Mrs. M. T. Chamberlain in Munday. Assisting in receiving line were Mrs. J. D. Cunningham and Mrs. M. E. Moore.

The table was laid with a lace cloth over pink. A miniature bridal couple topped the three-tiered wedding cake, which was decorated with pastel pink flowers.

Out-of-town guests included Mrs. L. W. Chamberlain, Ethyl and Alvin Chamberlain of Lubbock, Mr. and Mrs. W. D. Maddox and children of Oklahoma City, and Mr. and Mrs. J. D. Denton and children of Spur.

When the couple left on a wedding trip to Mexico, the bride wore a brown suit with dark brown and beige accessories.

### Brooks-Holder Reunion Held At Goree Recently

The annual reunion of the Brooks-Holder families was held over the holiday week end at the home of Mr. and Mrs. B. R. Holder, Sr., of Goree, Texas. The reunion was the twenty-seventh annual gathering of descendants of Mrs. Sallie Holder, of Wichita Falls, and the late A. Brooks, of Goree, Texas, father of Mrs. B. R. Holder, Sr. The first reunion was held at this same residence in 1923. Mrs. Sallie Holder, who is 89 years of age, was honored with the presence of seven of her nine children. A son, Mr. E. G. Holder, of Fresno, California, was unable to attend. Another son, Henry Holder, is deceased.

Barbecue dinners and breakfasts were served to 124 guests chuck-wagon style under an arbor and shade trees covering the spacious grounds. Square dancing provided entertainment Saturday evening. Kodaking, ball games, horseshoe pitching, and hunting was enjoyed Sunday and Monday.

One group of five generations was present. This group included Mrs. Sallie Holder, Mr. B. R. Holder, Sr., Mr. Bruce Holder, of Lubbock, Mrs. Bob Wooten and small daughter, Vickey, of Stamford.

Those attending the outing were:

- Mrs. Sallie Holder, Wichita Falls
- Mrs. Annie L. Mitchell, Wichita Falls
- Mrs. Elmer Latimer, Dinuba, California
- Sarah L. Holder, Dallas
- Mr. and Mrs. B. R. Holder, Goree
- Mr. and Mrs. T. G. Bradford, Wichita Falls
- Mr. and Mrs. R. T. Holder and family, Wichita Falls
- Mr. and Mrs. Roy Nichols and son, Wichita Falls
- Mr. W. B. Holder, Sonora
- Mr. Charlie Bradford and family, Odessa
- Mr. and Mrs. Raymond Bradford and family, Wichita Falls
- Mr. and Mrs. Arthur Brooks, Goree
- Mr. and Mrs. Bob Lambeth, Goree
- Mr. and Mrs. Remus Burgess, Hale Center
- Mr. and Mrs. Felton Lambeth, Goree
- Mr. and Mrs. Howard Plimpton, San Antonio
- Mr. and Mrs. Carl Holder and family, Wichita Falls
- Mr. and Mrs. B. R. Holder, Jr., and family, Wichita Falls
- Miss Mary Davenport, Wichita Falls
- Mr. Joe Neskorik, Seymour
- Mr. and Mrs. Mike Parker and family, Red Springs
- Mr. and Mrs. Reuben Richards and family, Vera
- Mr. and Mrs. Curtis Seale and family, Goree
- Mr. and Mrs. Brue Holder, Lubbock
- Mr. and Mrs. Bob Wooten and daughter, Stamford
- Mr. Logan Thompson and daughter, Fort Worth
- Mr. and Mrs. John H. Holder and family, Wichita Falls
- Mr. and Mrs. Warren R. Holder and daughter, Wichita Falls

### Patsy Ann Matthews, Donnan Followill To Wed Sept. 11th

Mr. and Mrs. Henry D. Matthews, Sr., of Munday are announcing the engagement and approaching marriage of their daughter, Patsy Ann, to Mr. Donnan Followill, son of Mr. and Mrs. Henry Followill of Munday.

The marriage vows will be exchanged in the parsonage of the First Baptist Church in Stanton on Monday, September 11, with Rev. H. L. Bingham officiating. Miss Olga Bigham is to participate in the wedding as maid of honor, while Weldon Mansfield, cousin of the groom-elect is to assume the duties of best man.

Both the bride-elect and groom-to-be attended and graduated from Sunset High School. Miss Matthews attended N. T. S. C. in Denton last year and also attended the first six weeks of summer school there.

Mr. Followill attended Texas Tech in Lubbock and will receive his B. S. degree with major in geology in July, 1951.

After a short wedding trip to Colorado, the couple will be at home at 1919 14th Street, Lubbock.

Mr. and Mrs. Harold Gillespie and children of Decatur and Mr. and Mrs. Kenney Hubner of Chicago, Ill., visited in the home of Mr. and Mrs. James Gaither over the week end.

Rev. and Mrs. J. O. Haymes of Lubbock visited in the home of Mr. and Mrs. Lee Haymes last Thursday night.

Mr. and Mrs. Kelton Tidwell of Lubbock visited friends and relatives here over the Labor Day week end.

Mrs. Rose Jones is visiting her daughters, Mrs. Frank Clements and Mrs. Jack McCall, in Denton.

Mr. and Mrs. Carl Fincannon, and son, Hamlin

Mr. Orr Brooks, Portales, New Mexico

Mr. and Mrs. Vernice Lambeth, Goree

Mr. and Mrs. C. W. Holder, and son, Wichita Falls

Mr. and Mrs. Ernest Keck and family, Wichita Falls

Mr. and Mrs. Leroy Brooks and family, Goree

Mr. and Mrs. L. H. Burgess, and son, Hale Center.

### Brogden-Phillips Wedding Held At Harris Reunion

The children, grandchildren and one great grandchild of Mr. and Mrs. W. A. Harris, long time residents of Goree, gathered together on Sunday, September 3, for a reunion at Seymour park.

Highlighting the occasion was the wedding of their granddaughter, Miss Joyce Brogden, daughter of Mr. and Mrs. Paul Brogden of Goree, to Mr. Palmon Phillips, son of Mr. and Mrs. G. J. Phillips of Poolville.

The couple exchanged vows before an altar of flowers at high noon, with Rev. J. W. Gray performing the ceremony. Jeanne Parks, sister of the bride, was her only attendant, and Wayne Harris, uncle of the bride, was best man.

The bride was dressed in a navy street length dress with white accessories. She wore a corsage of white carnations and carried a white Bible topped with a bouquet of white rosebuds and honeysuckle. Her something old was a handkerchief given her by her great grandmother in 1930; something new, her dress; something borrowed, a string of pearls belonging to her mother; something blue; the ribbon on her corsage, and the traditional lucky penny in

her shoe.

The bride graduated from the Goree High School with the class of 1950, and the groom attended Poolville High School and Weatherford Junior College. He is now employed at Consolidated Aircraft in Fort Worth. The couple plan to make their home in Poolville.

After the wedding, dinner was spread and greatly enjoyed by all as they recalled happy memories of days past.

Attending the wedding and reunion were: Mr. and Mrs. W. A. Harris and Mr. and Mrs. P. A. Brogden, Goree; Mr. and Mrs. John Harris and family, Seymour; Mr. and Mrs. Bill Youngblood and family, Groford; Mr. and Mrs. R. E. White and family; Mr. and Mrs. W. A. Harris, Jr., and Mrs. Jerome Parks and Karen, all of Iowa Park; Mrs. W. A. Fenn and children, San Diego, Calif.; Mrs. Johnnie Daniels, Fort Worth; One son, Ray Harris of San Diego, was unable to attend.

Friends present included Rev. and Mrs. J. W. Gray and family, Goree, and Mr. Elmer Murray, Poolville.

### BIRTH ANNOUNCEMENT

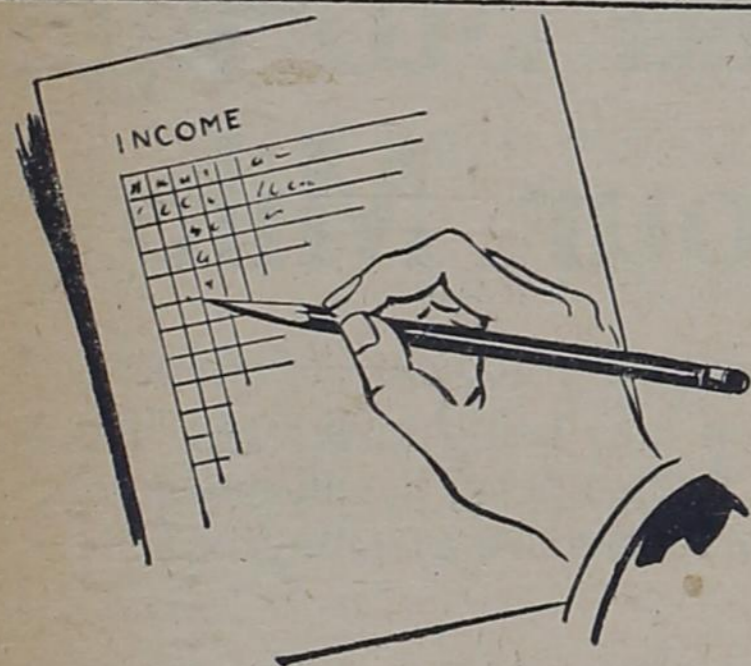

Mr. and Mrs. Bobby Haymes of Irving are the parents of a son, who was born on Saturday, August 26. The boy, who has been named Robert Wayne, is the grandson of Lee Haymes, Munday postmaster.

## Notice to Parents

I will teach classes in kindergarten at the Presbyterian Church, beginning on MONDAY MORNING, September 11. Hours will be from 9 a. m. to 12, noon.

Parents desiring to enroll children, ages 4 to 6, in kindergarten, please contact me in the next few days, or phone 121.

Mrs. H. H. Bledsoe

## Goree News Items

Ms. Verda Kendall of Gilmer and sister, Mrs. Pearl McPherson and son, Bell, of Dallas, visited their brother, Ezra Pryor and family this week. Mrs. Kendall had charge of the telephone office here for a number of years several years ago. She has been with the telephone company in Gilmer since leaving here.

Tillman Lee of Cookville, Tenn., has returned home after visiting his uncle, J. J. Roberts, and other relatives.

Visitors in the Homer Moore home during the week end were, Glenn Irl Cowser of Dallas, Mr. and Mrs. Carol Martin and son, Jimmy of Houston.

Mr. and Mrs. Ralph McMeen of Wichita Falls visited her parents, Mr. and Mrs. Walter Price, this week.

Mr. and Mrs. Joe Bailey Lawson of Dallas spent the week end with his mother, Mrs. J. T. Lawson.

Mr. and Mrs. W. L. Thornton and Reba Tynes have returned from Princeton, Mo., where they visited Mr. and Mrs. Dick Allen and son.

Mr. and Mrs. Troy Moore left Saturday for their new home in Fort Worth.

Mr. and Mrs. Orles Lambeth and children of Anton visited his parents, Mr. and Mrs. R. L. Lambeth, and attended the Holder-Brooks reunion Sunday.

Miss Ethelda Robinson of San Antonio and Ruth Robinson of Dundee were recent visitors with their parents, Mr. and Mrs.

W. E. Robinson.  
Claxton Tucker of Lubbock spent the week end with his parents, Mr. and Mrs. T. M. Tucker.

Mr. and Mrs. W. A. Moore were recent visitors with relatives in McCamey. Their son, John, returned with them. He had been visiting there for several days.

Mr. and Mrs. Elkin Warren and daughters, Claudia Bell and Frances, returned Saturday from a trip to South Texas. They visited Rev. and Mrs. McCaleb near Houston.

Mr. and Mrs. Leo Jones and Ann, Phillip Jones and Royce of Sweetwater visited relatives here during the week end.

Mr. and Mrs. Clyde Taylor and children, Ava Mary and Rodney, visited relatives at Georgetown last week.

Rev. and Mrs. J. W. Baughman had as week end visitors Mr. Hub Baughman and Miss Lola Baughman of Moran.

Mrs. Easter Hastey, local telephone operator, has just returned from a trip to Yellowstone National Park and to Jackson, Wyoming, to visit her daughter and son-in-law, Mr. and Mrs. Chloe Blanchard, who returned to Goree with her.

Other children to visit Mrs. Hastey last Sunday were Mr. and Mrs. Claud Harrison and children, Lubbock, and Mr. and Mrs. W. H. Grimsley and baby, Weinert.

Mr. and Mrs. R. C. Spinks and their daughter and husband, Mr. and Mrs. Lee Feemster of Vera, left a few days ago for a visit in Success, Ark., and will probably go on to Iowa before returning home.

Mr. and Mrs. Wayne Walton and baby of Wichita Falls spent the week end visiting relatives in Goree.

Mr. and Mrs. T. W. Searcy and family recently returned from a trip to Corpus Christi and other points in South Texas.

Mr. and Mrs. Billy Reeves and daughter, Pamela, of Corpus Christi, visited in the home of Mr. and Mrs. A. U. Hathaway several days last week.

Mr. and Mrs. Dewey Struck and children of Randlett, Okla., visited in the home of her parents, Mr. and Mrs. Lawson Wallace, over the week end.

**CARD OF THANKS**  
Relatives of the Bridges and New families who met untimely death in an automobile accident August 18, wish to express their sincere thanks for the beautiful flowers, good food, and sympathetic kindness shown at that time.

Mrs. E. P. Bridges  
Mr. and Mrs. E. L. Goolshy and Newana, and other relatives.

## CHURCH OF CHRIST

Munday, Texas J. B. Barnett, Evangelist

**THE CHURCH—ITS ESTABLISHMENT (No. 2)**  
We now come to examine the third theory mentioned in previous article, viz: "The church of kingdom was established in the days of the ministry of John the Baptist." Keep in mind that the words "church and kingdom" as used in Matt. 16:18,19 mean the same thing, as they are used interchangeably. In its relationship to the world it is called the "church" which means "called out." From the viewpoint of its government it is called a "kingdom," with Christ the head thereof. In him are vested all the departments—legislative, judicial and executive.

When John the Baptist began to preach he said, "Repent ye, for the kingdom of God is at hand." (Matt. 3:2). When Christ began to preach he said, "Repent, for the kingdom of heaven is at hand." (Matt. 4:17). Then he chose the twelve apostles and told them to go, "Preach, saying, the kingdom of God is at hand." (Matt. 10:7). After this he selected seventy disciples and sent them two and two. They were commissioned to say, "The kingdom of God to come nigh unto you." (Luke 10:9). Summarizing, we find that John the Baptist, Christ, the twelve and seventy have all been preaching that the kingdom of heaven is "at hand" and "nigh" that is, it is "near approaching", "not far off". But the question is, did it come in the days of John the Baptist? The answer is that it did not. John the Baptist lived and died and never was in the church or kingdom. Let the Bible answer. Jesus said of him, "Verily I say unto you, among them that are born of women there hath not risen a greater than John the Baptist: Notwithstanding (now watch it) he that is least in the KINGDOM of heaven is greater than he." (Matt. 11:11). Therefore, if John the Baptist was ever in the kingdom Christ failed to know it or recognize the fact. Hence, we have to look this side of the days of John the Baptist for the establishment of the "church of kingdom" for it was not set up in his days. More to follow.

## Walling Family Reunion Held At R. J. Walling Home

The family of W. H. Walling held their annual family reunion on August 19 and 20, when all gathered on the R. J. Walling farm near Seymour. Campfire meals, motorboat riding and swimming were highlights of the week end. All ten of the Walling children were present with their families.

Present were: W. H. Walling, Munday; Mr. and Mrs. W. R. Walling and daughter, Mrs. Barbara Williams and baby, Wichita Falls; Mr. and Mrs. R. J. Walling and family, Munday; Mr. and Mrs. Clyde Russell and Truitt, Hale Center; Mr. and Mrs. A. L. Ressel and Philip Wayne, Knox City;

Mr. and Mrs. I. W. Walling and Marlin and Caroline, Stillwater, Okla.; Mr. and Mrs. J. C. Walling and David, Phyllis Jo and Mrs. Amy Moore, Wichita Falls; Mr. and Mrs. B. L. Lawson and Loucena, Walters, Okla.; Mr. and Mrs. T. M. Spruill and Charlene and Ronnie, Munday; Mr. and Mrs. J. B. Walling and Danny, Wichita Falls; Miss Frances Walling, El Paso, and Miss Lucy Walsh, Wichita Falls.

Mr. and Mrs. George Spann of Irving and Miss Ida May Spann of Wichita Falls, visited in the home of Mr. and Mrs. John Spann over the week end.

Mr. and Mrs. O. P. Coppedge of Roswell, New Mexico, visited in the home of Mr. and Mrs. F. O. Gurlley over the week end.

**IN ALL SINCERITY**  
Your comforting expressions of kindness and sympathy will always be held in grateful remembrance and is more deeply appreciated than any word of thanks can ever be.  
Mr. and Mrs. L. D. Conway and daughters. 1tp

## Delbert Brazell And Jenny Walker Marry On Sunday

Announcement was made this week of the marriage of Delbert Brazell and Miss Jenny Walker, both of Munday. They were united in marriage at 9:30 p. m. Sunday, September 3, at the Church of Christ in Munday with Minister J. B. Barnett, officiating.

Mrs. Brazell is the daughter of Mr. and Mrs. H. E. Walker of Munday, and the bridegroom is the son of Mr. and Mrs. Gene Brazell, also of Munday. Both young people are well known in this section.

They have established residence in Munday, where Mr. Brazell is associated with his father in auto repair work.

# FARM NEWS

From the County PMA Committee

## '51 WHEAT SUPPORT SET AT 1.99 OR 90%

So that growers may make their production plans, the Secretary of Agriculture has announced that price support on the 1951 wheat crop will be at the same parity level as for the 1950 crop, B. F. Vance, chairman of the State Production and Marketing Administration Committee, said today. The action was taken in accordance with legislation which directs that support for field crops be announced in advance of the planting season.

Mr. Vance explained that support for the 1951 wheat crop will be at 90 percent of parity but not less than a national average of \$1.99 a bushel. This figure is based upon the latest parity price information available. If parity is higher at the beginning of the 1951-52 marketing year, the support will be increased.

While the mandatory price supports for the 1951 wheat crop could have been set as low as 80 percent of parity, Mr. Vance said that Secretary Brannon put the support at 90 percent to assure an abundant supply of wheat in accordance with acreage allotments. With average yields, the national 1951 wheat allotment of 72.8 million acres would produce an estimated 1.150 million bushels. This compares with an estimated 1950 crop of 996 million bushels.

In announcing the price support, Secretary Brannon stated that "in view of the world situation, it is imperative that our supply of bread grains be maintained in strong position. Ample supplies will be a major factor in assuring reasonable food prices to consumers and our ability to meet our international food obligations. We believe wheat production and price support have been developed to protect the interest of both producers and consumers.

As in other years, price support in 1951 will be available to wheat growers through loans and purchase agreements. One change in the wheat program for 1951 is that no farm-storage

payment will be made to the producer, and the Commodity Credit Corporation will not assume any warehouse charges, except the receiving charges, accruing prior to maturity of the loans. This change places wheat on the same basis as other grains with respect to storage charges on loan commodities delivered to CCC.

## OVERPLANTING COTTON VOIDS ACP AID

Farmers who knowingly overplant their cotton acreage allotments will not be eligible for payments under the Agricultural Conservation Program, J. C. McGee, Chairman of the County PMA Committee, reminded growers today.

"There seems to be some misunderstanding about this part of the program," Mr. McGee said. "While farmers generally know that they may not obtain cotton loans on other cotton price supports if they overplant their cotton allotments, they don't seem to realize that overplanting cotton also affects their participation in ACP."

Mr. McGee explains the operation of the law on which the cotton program is based in this way:

Where it is found that a grower has overplanted his cotton acreage allotment, a notice is mailed to him and he is given an opportunity of adjusting his cotton acreage within a period of 15 days. While the adjustment is not mandatory, the grower who does not adjust his cotton acreage to his allotment will not receive assistance under the ACP. If the grower has already received an ACP advance—such as a purchase order for cover crop seed, lime or phosphate—a refund of the amount of the advance will be required.

Since marketing quotas are in effect for the 1950 cotton crop, another effect from overplanting cotton allotments is that a penalty of 15.5 cents per pound must be paid on the cotton produced in excess of the farm marketing quota. Until this penalty is paid, or until the

## TRICKS WITH PAINT

Make radiators less conspicuous by painting them the same color as walls. To avoid splattering paint, string a piece of wire across the mouth of a galvanized steel paint pail. The wire may be attached as shown. Simply pat the brush against the wire to remove excess paint.

## Let's Talk Livestock

FORT WORTH—Another Labor Day rolled past, the encouraging signs of peace on the labor front seemed to spell continued good demand for the products of the farms and ranches. Wage levels have been strengthened in some key industry spots recently and the present bill which Congress has handed the President tying price controls and wage controls into one package is generally interpreted as good insurance against hasty application of controls on livestock or other farm products.

It is generally believed that the President will be slow about freezing wages. This type of news has been reflected in the increased competition between buyers or stockers and

cotton acreage is adjusted to the allotment, a lien will be levied on the farm's entire cotton crop and none of the cotton may be marketed penalty-free.

In a referendum last December, 89.4 percent of the growers voting approved the use of marketing quotas in marketing the 1950 crop.

feeders and slaughter buyers. Almost every time, the feeder buyer is getting the two-way type of livestock.

Today a load of about 1,100 steers from Clay County, fat enough to attract bids of around \$24.50 and \$25 from packers, sold to feeders at \$24.50. Indicative of the strong feeder market were some just fairish kind of red feeder yearlings at \$25 that weighed around the 725-pound marker.

Some sections of South Texas are pretty dry. Bevans Collins, President of the Victoria National Bank, was a Monday visitor in Fort Worth and reported that although the country was rather dry, that all stock being sold was moving at extremely favorable prices. Callan reported also that South Texas cattle that went to northern grass this year were bringing favorable returns.

Panhandle and New Mexico buyers are active inquirers for stockers and it looks like the wheat pasture grazing deal will be favorable on the basis of current conditions.

Lightweight calves and stocker cows remain in extremely broad demand, some fair kinds of baldfaced cows with calves sold here today at \$23 per hundred with the calves at \$35. Packers would like to lower prices of boning cows such as

canners and cutters, since the housewives are getting increasingly stubborn about present mean prices and in many cases are stepping up purchases of fowl and the other meat substitutes and have had little luck since any cow that looks like she'll make it another year usually goes back to the country as a stocker.

The summer bull market has been the best ever, with bulls selling around \$24 and \$25 rather freely at Fort Worth and small sausage mills giving the big packers lots of competition for the available offerings.

A good many pasture men and cattle feeders would like to buy some feeder type bulls but have been virtually frozen out by the sausage makers. A few plain and common feeder bulls are being put up in the \$21 to \$23 bracket for feeders.

Although hog supplies have been somewhat larger, they have not been large enough to account for the slump in pork trade last week which resulted in hog prices slumping somewhat. Top hogs in Fort Worth Monday at \$23.75 are around \$1 under the same day a week ago.

The trade blames a slack-off in pork purchases attributable to buyer resistance and some warmer weather in big consuming centers. Cooler weather will step up demand for pork and supplies of butcher hogs are due to increase seasonally in the next month. The hog outlook is much more favorable than a year ago, which accounts in part for the rise of \$1 per hundred in the feeder pig market in Fort Worth and the demand for feeder pigs far exceeds the supply here every day. Same is true everywhere, they tell me.

We are hearing rumors of some concern over the wool supply. Domestic needs this year are taking considerable more wool. Australian wool prices are being reported "sensational". This indicates keen world-wide demand. Currently wool prices in this country are pretty sensational themselves, and in view of the war situation re-arming, etc., concern over allocation of our wool supplies is being talked in Washington. Look for more news along this line from Washington in just a few weeks.

Feeder lambs climbed to \$25-50c at Fort Worth last week and may reach \$26 any day. Some feeder yearlings Monday at \$20-50 were fully 50 cents higher. Slaughter of sheep and lambs continues large in view of the restocking job that lies ahead for the sheep industry. Lighter weight feeders should enjoy a most favorable position this fall with wheat pasture or feedlot operators eager buyers. In the meanwhile, range men with lost of grass are eager for breeding age ewes.

Mr. and Mrs. Herbert Struck and son of Randlett, Okla., were visitors in the home of Mr. and Mrs. Earl Struck over the week end.

Mrs. Ben Yarbrough visited in Abilene Tuesday.

Gail Busby of Tokio visited in the homes of Mr. and Mrs. Tom Busby and Mr. and Mrs. A. U. Hathaway last week.

Mr. and Mrs. John Willis of Irving visited with relatives here last Saturday.

## BACK TO SCHOOL

© REDDY KILOWATT  
Your Electric Servant

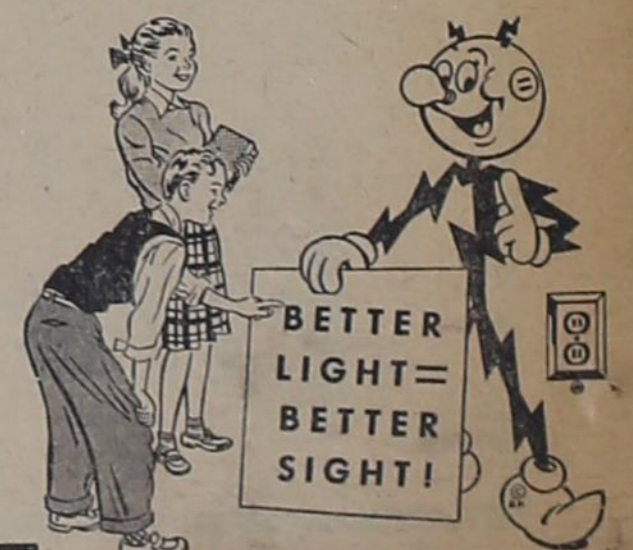

There's a Great Day Coming—

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

It's a Privilege—

Reddy Kilowatt helps students study faster, easier, and better by providing ample light in class rooms and at home. Make certain the eyes of your children are protected from strain... check their study-lights now!

### Treat Grain To Control Insects

Stored grain must be fumigated for insect control if the same quality grain is to be removed from the bin as was stored, cautions J. A. Deer, assistant extension entomologist of Texas A. & M. College.

Deer recommends that the initial fumigation be made within a month after the grain has been placed in the bin. Monthly inspections during warm weather are recommended to determine whether or not refumigation is necessary.

Since insects are likely to be found near the surface of a bin, the degree of infestation can usually be determined by sifting a sample of the surface grain. If as many as two weevils or five bran beetles are found in a two pound sample, the bin should be fumigated.

If the grain is stored in wooden bins, 1000 bushels of the grain can be fumigated with a mixture of ten gallons of one part carbon tetrachloride and three parts dichloride. Other recommended dosages are eight gallons of carbon tetrachloride or eight gallons of a mixture of four parts of carbon tetrachloride and one part of carbon disulfide per 1000 bushels of grain. The dosages of the three fumigants can be reduced by 25 percent if the grain is stored in steel bins.

Fumigants should be applied from the outside of the bin by means of a bucket pump or other type of sprayer, and they should be distributed evenly over the surface of the grain. Deer warns that it is unwise to attempt to apply the fumigant with a sprinkling can because the vapors are dangerous to breathe.

Deer cautions that the person applying the fumigant should avoid spilling the insecticide on his skin, clothing, or in his shoes. If the clothing becomes wet, it should be removed at once, and the skin should be washed with soap and water to prevent blistering.

Judy Garland is in the middle of an argument between Gene Kelly and Sid Silvers in this scene from the technicolor musical "Summer Stock."

### Knox Prairie Philosopher Not Worried Over The Failure Of New Chemicals To Wipe Out The Weeds

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek, an exponent of easy farming, has had news for his hard-working neighbors, his letter this week reveals.

Dear editor:

I read in a copy of the Time magazine which I picked up in the dentist's office in town the other day and will return if my tooth ever starts hurtin again where scientists are baffled over the fact weeds and grass can build up immunity to these new-fangled weed killers, which they been promisn was gonna revolutionize farmin and make it easy as makin change in a

bank.

It seems like the first year these chemicals will kill weeds and grass satisfactorily, but by the second year some of the weeds and grass begin catchin on and build up an immunity and the chemicals have no effect on them, no more'n my

J. A.

wife's naggin has on me. As a result, scientists and some farmers are tearin their hair over this.

But it hasn't bothered me. I learned long ago that grass and weeds were here to stay and the smart thing for me to do was to build up an immunity against them. I ain't no scientist but I figure I got as much sense as a weed and if it can build up immunity against me, I can against it. Live and let live, is my policy. Weeds and me both is part of nature and we stopped objectin to each other years ago.

As far as I'm concerned, weeds and grass are not only immune to chemicals but also to plowin and choppin. Never could see no sense in tryin to kill out Johnson grass if I was gonna come close to doin the same to me in the process.

Scientists are always bringin out in the headlines at least

The spinose ear tick can be controlled by swabbing the ears of infested cattle with smear 1029. A five-tenths solution of toxaphene or chlordane sprayed on the area surrounding salt boxes, feed troughs and water tanks will help eliminate the tick.

It is possible to add an extra 100 pounds to the weight of a calf during the first six or eight months of its life through the use of creep feeding.

new methods of wipin out pests and weeds and heraldin a new dawn for easy farmin' but somethin always slips up by the time the new method gets to the middle of the field and as well as I can tell the only method that's still effective is hard work and that ain't appealed to me in years.

Yours faithfully,  
J. A.

From where I sit... by Joe Marsh

### Squint's Drumming For Fair Play!

Squint Miller is proud of the lot he owns on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

out there," he says, "with a U.S. sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Joe Marsh

The annual Shipman-Ogden Family Reunion was held Saturday and Sunday, September 2 and 3 at the Seymour park in Seymour. A total of three hundred persons registered during the two-day reunion with folks coming from San Antonio, Houston, San Saba, Lubbock, Lamesa, Fort Worth, Dallas, Oakland, Calif., Altus, Okla., Vera, Benjamin, and many other places. A grand time was enjoyed by all.

Mr. and Mrs. Roy Russell of Turkey, visited in the home of Mr. and Mrs. Doyle Pyatt Tuesday of this week; will enroute to Fort Worth to visit with their daughter and family, Mr. and Mrs. Doyle Weatherly.

### Mother Honored At Goree On Her 75th Birthday

Sunday, August 3, was the scene of much happiness in the home of Mr. and Mrs. Homan McMahon of Goree when the eight children of Mrs. W. F. McMahon, beloved pioneer citizen of Knox County since 1906, met with their families and other relatives and friends to celebrate their mother's 75th birthday.

Each guest brought a well filled lunch basket which was served buffet style at the noon hour. Chicken, fresh catfish and barbecue with all the trimmings were served, topped with the lovely two-tiered birthday cake which was brought by a daughter, Mrs. Lee Pinkston of Fort Worth.

Those present for the happy occasion were the following: Mr. and Mrs. R. P. Atkins, Arlington; Mr. and Mrs. George Parris and their son and daughter-in-law, Mr. and Mrs. Granville Parris of Grandview, Okla.; Mr. and Mrs. Guy Holly and

sons, Guy Jr. and Richard; Mr. and Mrs. Henry Hendricks, Amarillo; Mr. and Mrs. Roy McMahon, Vera; Mrs. J. L. Power, Stephenville; Mr. and Mrs. J. A. McMahon, and the honoree, Mrs. McMahon, Munday; Bob Sadler, Goree, and the host and hostess.

Mr. and Mrs. Gene Shackelford of Jayton were visitors here over the week end.

Mr. and Mrs. T. L. Fore and daughter, Joan, of Tulla, visited in the home of Mr. and Mrs. W. E. Braly over the week end. Sunday visitors in the Braly home were Mr. and Mrs. A. L. Collier and children of Graham.

Mr. and Mrs. Weldon Warren and children of Plainview visited their parents, Mr. and Mrs. S. J. Warren of Munday, and

Mr. and Mrs. Jim Morton of Goree, over the week end.

Mr. and Mrs. J. A. Brashear of Baird visited in the home of Mr. and Mrs. E. E. King over the week end.

NOW IS THE TIME TO BUY THE BEST!

## GOODYEAR TIRES are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires. That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

#### It's Value that counts

The final answer to tire value is how many trouble-free miles a tire delivers compared to its cost. Get Goodyear quality and find out for yourself why Goodyears are best.

#### Terms to suit you....

You can still get longer-wearing Goodyear tires at prices you like to pay on terms that suit you. We'll give you a generous allowance for your old tires, too.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears — the best!

#### Trade new miles for old

90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade you new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone" — go Goodyear for safety.

And for safer driving, get LifeGuard Safety Tubes!

Come in... let's talk tires, tubes, terms
