## Kracker Krumbs

"To be, or not to be—that is the question. Whether it is better to... or something like that."

When Shakespeare penned those words, little did he know how off they would be repeated.

People have milled those words over in their minds, or mulled over them, when deciding lots of ponderous questions.

Times come when persons must decide whether to be or not to be, to do or not to do, to say or not to say.

Momentous as the question may be, it's easier much of the time to make up the mind individually than collectively.

The question is momentous with Munday's merchants, and we guess it's going to be solved individually rather than collectively.

It's the question of whether to observe November 11th as a holiday in Munday.

Usually it's decided instantly by most merchants, especially if that person is a veteran of World War II.

Usually the holiday is observed, and that without question.

But these are unusual times. This is an unusual November 11th. It falls on Saturday.

And as far as Munday is concerned, it's going to be up to each merchant as to whether or not the holiday will be observed. An attempt at a survey was made by the C. D. A. back yonder several months ago.

At that time there was agreement and disagreement.

Some wanted to observe the holiday, regardless of the day it came on. In this case it was Saturday. Some wanted to wait and take Monday as the holiday—but Monday wasn't Armistice Day.

Then other developments came about.

Rain during the spring made crops late. Rain during the summer delayed work of cleaning the crops when they should be plowed and hoed. Rain during the early fall caused worms to be worse and delayed opening of cotton. And the cotton couldn't be harvested until it opened.

Consequently, fall did not start in this area until about three weeks ago.

And all the time, Armistice Day was getting closer and closer. It wasn't delayed by rain, or worms, or poisoning, or anything.

An the closer it came, the more in disagreement Munday's merchants were. So this week it seems the majority want business to go on as usual.

Their viewpoint is that farmers and farm laborers are busy gathering their cotton.

Saturday is the time of week when they come to town to do their shopping.

They usually buy their week's supply of groceries on Saturday, so most of the grocers want to remain open to serve them.

Farmers and farm laborers usually come to town on Saturday to buy their dry goods and other goods, so these merchants want to stay open and serve them.

In fact, Munday's pretty much of a Saturday town, as is most every small town in an agricultural area.

And if people want to do their shopping on Saturday, the merchants want to be ready to serve them on Saturday, Armistice Day or not.

(Continued on last Page)

## Knox County Hospital Notes

Patients in the Hospital November 6th: Hugh Rogers, Knox City; Joe Roberts, Munday; Ed Lane, Munday; Mrs. R. L. Anderson, Rochester; J. W. King, Munday; Lucille Simmons, Munday; Dorse Wardlaw, Munday; Mrs. W. E. Watkins, Rochester; Jose Lopez, Knox City; Mrs. Ed Helm, Knox City; Bob Thompson, O'Brien; Mrs. Hershel Beasley, O'Brien; Valentine Flores, Rochester; Mrs. Willie Easley, Munday; Mrs. Johnny Carver, Knox City; Mrs. Billie Benton, O'Brien; Loquita Johnson, O'Brien; Mr. L. G. Patterson, Knox City; Joan Tackitt, Munday; Mrs. Olen Breeden, Haskell.

Patients dismissed: O. C. Donaldson, O'Brien; Wanda Kay Caraway, Seymour; Mrs. J. A. Dunnan, Benjamin; Mrs. Sarah Clark, Knox City; L. N. Bridges, Knox City; Mrs. E. S. Allen, Gilliland; Angel Valenzuela, O'Brien; Jackie Young, Benjamin; Mrs. Lura Berkenfeld, Rhineland; N. S. Kilgore, Benjamin; Mrs. Concepcion Cardosa, Rochester; Gordon Gaines, Munday; George Wanderpool, Munday; Mrs. J. W. Hamm, Knox City; Evelyn Elliott, Munday; Mrs. D. B. Dillard, Rochester; Rex Wyatt, Benjamin; Art Jungman, Knox City; Mrs. W. F. Williamson, Rochester; Mrs. S. C. Hawes, Munday; Juanita Muniz, Munday; Mrs. B. B. Benton, Knox City; Eugene Scarborough, Rochester; Mrs. Pete Meinzer and baby, Benjamin; Oscar Johnson, O'Brien.

Birth: Mr. and Mrs. Pete Meinzer, Benjamin, a son. Mr. and Mrs. Joe Mumoz, Knox City, a son. Mr. and Mrs. J. A. Dunnan, Knox City, a daughter. Mr. and Mrs. Johnny Carver, Knox City, a daughter. Mr. and Mrs. Billy Benton, O'Brien, a daughter. Mr. and Mrs. L. G. Patterson, Knox City, a son.

## COLORED QUARTETTE TO GIVE PROGRAM HERE

The public is cordially invited to attend a service rendered by a quartette from Fort Worth next Sunday at 3 p. m. under the auspices of the C. M. E. Methodist Church. There will be no admission charge, but a free-will offering will be taken. The program will be given at the colored school, across the railroad tracks.

## Moguls To Play Haskell Indians In Final Game

Thursday night, November 9 at 7:30, will "bring down the curtain" on gridiron activities of the Munday Moguls for this season. They will meet the Haskell Indians at that time on the Haskell field.

The Indians are holding the best season record of any team in District 9-A, although they are trailing the Albany Lions in district standings. Haskell has lost only one game this season, while Albany with two losses and one tie, is still undefeated in conference play.

The Moguls have lost three conference games and tied one and are standing in fifth place in the district rating.

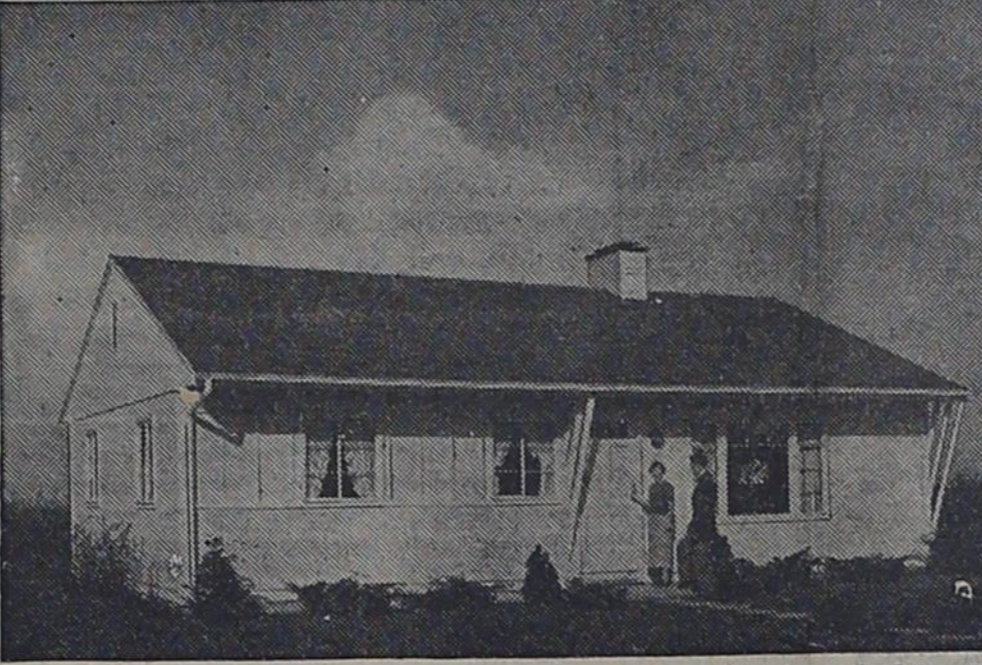

The game between the Indians and the Moguls will be an interesting one, although the Indians are favored to win the game, due to their record of the year. The Moguls have turned in some creditable playing this year, although on the losing side of the ledger, and the Indians realize that the locals are always tough competition.

## FORMER RESIDENT DIES AT WINNSBORO

Word was received here of the death of Steven Smith, former resident of Munday, who passed away last Tuesday at Winnsboro.

Mr. Smith resided in Munday over 15 years, and operated a sandwich shop here for a number of years. He was at one time employed by J. M. Terry at the Hotel Coffee Shop.

## Realtors View New Pre-Fab

Miami Beach, Fla.—U. S. Steel's newest prefabricated, low-cost home—the Coronado—is shown above as introduced at the National Association of Real Estate Boards convention here. It's a ranch-type home, will be available January, 1951, and will sell in the \$7,000-\$10,000 price range. The Coronado will be mass-produced by U. S. Steel's 14-year-old prefabricated housing subsidiary, Gunnison Homes, Inc., at its plant in New Albany, Ind. Like the other Gunnison Homes models, the new Coronado will be fully insulated, have completely modern electric, plumbing and heating equipment and will be offered in two and three-bedroom sizes with a variety of exterior architectural treatments.

## BENJAMIN EXPRESSES THANKS TO FIREMEN

Mayor J. W. Barker and City Manager W. M. Hertel, representing the City of Benjamin, this week expressed their sincere thanks to the Munday Volunteer Fire Department for their good work in fighting the fire which destroyed the Benjamin Hardware Store recently.

"Without the help of the Munday firemen," these men said, "the fire probably would have spread to other buildings and become more disastrous. We express the thanks of all Benjamin's citizenship for this job well done."

## Clonts Well Flows 9 Barrels On Early Test

Showing promise of the best producer in Knox County, Stanolind Oil and Gas Co. N. 1 Icelana Clonts well recently flowed nine barrels of oil an hour on test.

There has been a brisk market for royalties since the well was brought in about two weeks ago. The well, five miles northeast of Knox City, is the first Palo Pinto reef lime oil production for the county.

With a total depth of 4,240 feet, plug was drilled from seven inch casing cemented at 4,225 feet. Drilling and mud was displaced with water. After water load was swabbed out, the well kicked off and started flowing oil. The discovery flowed at an estimated rate of nine barrels of oil an hour.

**Wildcat Near Goree**  
O. P. Leonard of Fort Worth has staked the No. 1 C. E. Haslin, a wildcat six and one-half miles north of Goree. Contract is to 2,500 feet. Location is southwest of the shallow Wisdom area.

## Herman Franklin Stationed On Guam

**ANDERSEN AIR FORCE BASE, GUAM, M. I.**—Pvt. Herman D. Franklin, 19, son of Mr. and Mrs. Jack W. Franklin of Munday, recently arrived at Andersen Air Force Base on the island of Guam for duty.

Private Franklin entered the service at Salasaw, Okla., and after completing basic training, he was sent to Warren AFB, Wyo., to undertake a course in carpentering—his choice of a career in the Air Force. After graduating, Herman was sent on his first overseas tour of duty to Fassberg, Germany. While stationed there, he participated in the now famous Berlin Air Lift. His present duty is with the Vehicle Repair Squadron as a carpenter.

## Knox Chapter To Confer Degrees

The regular meeting of Knox Chapter No. 260, R. A. M., will be held next Tuesday evening at the Masonic hall.

Two teams are ready for the work in the chapter degrees, G. E. Hammett, secretary, has announced, and all Royal Arch Masons are urged to attend this meeting.

Be careful. Observe state and local traffic laws.

## VISIT RELATIVES AT WEINERT AND GOREE

Mr. and Mrs. Joe Grossman of Asbury Park, N. J.; Miss Faye Phillips of Fort Worth and Miss Gwendolyn Couch of Austin visited in the Walter Patton home the first of last week. Mrs. Grossman and Miss Phillips are sisters of Mrs. Patton, and Miss Couch is a niece. Miss Couch also visited her uncle, W. R. Couch of Goree.

Mrs. Patton returned with them to visit her mother, Mrs. W. P. Phillips of Fort Worth, and her daughter, Mrs. Norine Arnold, and family of Arlington.

## Meeting Called To Re-activate Post Of V.F.W.

Veterans residing in and near Munday with a record of service overseas were notified this week of a meeting at Munday County Club on Thursday night, November 9, called for the purpose of reactivating Tidwell-Thompson Post No. 9194 of the Veterans of Foreign Wars of the United States. The meeting will be in response to requests from veterans in this area for the reactivation of the Post and will be in charge of the Assistant Chief of Staff of the organization in Texas, Mr. W. C. "Jiggs" Gold, of Hamlin.

The organization, pledged to a four point program of service to their former comrades in arms and the communities in which they operate is presently stressing a greater appreciation of the Americanism for which they fought; services to their respective communities in programs reflective of the value of the American way of life as against the many "isms" being offered from over the world and help and assistance to their former comrades in arms less fortunate than they. The entire facilities of the organization in this state are at this time being utilized in a campaign to assist in the extension of the Gonzales Warm Springs Foundation for the treatment of polio victims and other state-wide programs of merit.

The local organization will be given an outline of activities for this area that will parallel the state program on the local level. All World War I and World War II veterans with overseas service are urged to attend the meeting without regard to whether they have previously been members of the organization.

## Munday P.-T. A. To Meet On Thursday

The regular meeting of the Munday Parent-Teacher Association will be held at 3:15 p. m. Thursday, November 16, it was announced this week.

This is the first program for the year, and everyone is urged to attend. The program will consist of the following: Where Do Teen-agers Get Their Standards, How Important Are Teen-age Opinions and Whims? Special music by high school, and a panel discussion on teenagers.

A bale of cotton linters (the short, fuzzy tag ends of lint), provides the smokeless powder for 100,000 rounds of rifle ammunition or 2737 anti-aircraft shells.

## Albany Drops Moguls 32 To 6 Friday Night

The Albany Lions, leading team of the district, handed the Munday Moguls a 32-6 defeat last Friday night at Albany. It was a game that saw Jim Allman, 155-pound Albany back, account for four touchdowns and a powerful Albany line keeping the Moguls in check.

When the game was over, the teams were all even on first downs, but the score told another story.

Three of Albany's tallies came in the first quarter. Allman got things under way just after the game opened with a 51-yard jaunt, and a few minutes later he repeated the performance with another 51-yard run to cross the goal stripe. About the middle of the first quarter, Allman returned a punt for 70 yards and the third score for the Lions, and Fred Morrison added the extra point.

In the third quarter, Allman made a 30-yard pass play good for the final touchdown, and Morrison converted.

Unable to cope with these brilliant runs, the Moguls never gave up fighting, however. Passes were numerous, but they were able to complete only one for 24 yards.

Scotty Ponder, playing a brilliant game throughout the four quarters, accounted for the Mogul's score. He plunged over for the count after the ball had been set up on the one-yard line.

## Boy Scout Work Is Discussed At CDA Meeting

Interesting accounts of Boy Scout work in Munday and the Northwest Texas Area Council were given at noon Wednesday at the regular C. D. A. luncheon period.

Don L. Ratliff, local scoutmaster, told of some of the work being done in Munday and stated that a program of interest, one of work and play, was being worked out for local Scouts.

Tommy Ratliff, one of the local boys gave an interesting account of his trip. He covered briefly the trip from Wichita Falls and return, telling of the points of interest which the group visited.

Clay F. Grove, who has long been interested in Boy Scout work, told of the program of the Northwest Texas area and talked on the coming drive for funds to carry on the work for another year, urging the people of this area to "make an investment" in boys when the drive opens the latter part of this month.

## RETURN FROM TENNESSEE

Mr. and Mrs. Press Phillips returned home the latter part of last week from Tennessee where they had been visiting relatives for about two weeks. They visited in Little Rock, Hot Springs and other points.

## HAS OPERATION

Collis Michels, son of Mr. and Mrs. Gene Michels, returned to the Baylor Hospital in Dallas this week, where he underwent an operation at 8 a. m. Thursday. He received a severe head injury some two months ago when kicked by a horse.

## Weather Report

For the period of November 2nd through November 8th, as compiled by H. P. Hill, U. S. Weather Observer.

Precipitation to this date,	1949	29.40 in.

## Local Stores To Do "Business As Usual" On This Armistice Day

### Doctors To Take Exams For Army Service

AUSTIN, Nov. 3—First call examination of physicians, dentists, and veterinarians were put in the mail today by state Selective Service headquarters.

Brigadier General Paul L. Wakefield, state director of Selective Service, announced this first order would involve 95 physicians, 42 dentists, and 54 veterinarians. Dates for examination are November 20, 21, 22, and 24.

The state director explained that not all local boards would receive a call. A few boards in the state have no registrants of this type and some local boards have classified none.

All doctors, dentists, and veterinarians to be sent for examination are of the first priority, personnel educated at government expense or deferred to complete professional education during World War II who have had less than 90 days armed service since that time.

General Wakefield said that national Selective Service headquarters has directed that all physicians, dentists, and veterinarians of the first priority be examined prior to December 15. Dates for December examinations are not set.

Telegraphic reports received from local boards Thursday indicated that a little more than one-third of personnel in the first priority has been classified as available for service, 191 in all.

This leaves a total of 347 physicians, dentists, and veterinarians of the first priority in the state. Those classified as available for service out this number will be given December examinations.

Examinations will be given at Amarillo, Abilene, Corpus Christi, El Paso, Texarkana, San Antonio, Houston, Dallas, and Shreveport, La., being conducted by examining stations of the Fourth Army.

## Last Rites For Joseph W. King Set Thursday

Joseph W. King, well known resident of the Weinert area, passed away at the Knox County Hospital on Wednesday morning, November 8. He had been in poor health for some time, and received hospitalization for some two weeks before his death.

Born in Arkansas on October 5, 1868, Mr. King was 82 years, one month and three days of age. He was engaged in the ginning business for many years, but retired four years ago.

Mr. King was married to Laura Ann Carpenter in Gurdon, Ark., in 1890. She passed away in 1940, and he married Mrs. Pearl Swales in 1941. He had been a member of the Presbyterian church since 1888 and of the Masonic Lodge since 1910.

Besides his wife, he is survived by four daughters and three sons, who are: Mrs. Bertha Grisham of Winters, Mrs. Thersie Graham of Gorman, Mrs. George M. Johnson of Tucumcari, N. M.; Mrs. Nellie Hayden of Sweetwater, Joe Bailey King of Munday, A. M. King and O. G. King, both of Abilene. Other survivors include 18 grandchildren and seven great grandchildren.

Funeral services were held from the Four Square Church in Weinert at two o'clock Thursday afternoon, November 9. Services were conducted by Rev. Pritchard, who was assisted by Rev. Winters. Burial was in the Johnson Memorial Cemetery, with the Mahan Funeral Home in charge of arrangements.

Mr. and Mrs. Gene Shackelford and son of Jayton are visiting relatives here this week. They have been on a vacation trip to San Antonio and Corpus Christi.

"We can't afford to be closed on Saturday at this time of the year."

This was the poinion expressed by many business people of Munday when asked about observing November 11, Armistice Day, as a holiday. It has been the opinion for several weeks, as was revealed by an earlier survey made by Miss Bobby Price, C. D. A. secretary.

Business men—especially those supplying the food and clothing—expressed the belief that closing the stores on Saturday would work a hardship on their customers. Saturday is the big shopping day for many people during the fall of the year, and closing would inconvenience many transient farm laborers who normally make their purchases for the week on Saturday.

Due to the fact that the cotton harvesting season is several weeks later than usual, and harvest is now at its peak, it is believed closing on Saturday would bring about an additional inconvenience.

So stores in the main will remain open on Saturday of this week, carrying on their "business as usual" for their customers. A few business firms, however, have indicated they would be closed for the holiday.

## Munday Baptist Brotherhood Goes To Rochester Meet

Headed by their pastor, Rev. Huron A. Poinac, 25 members of the Munday Baptist Brotherhood attended the Haskell Association meeting last Thursday night in Rochester.

Dr. Tom Taylor of Howard-Payne College in Brownwood made the principal address.

The Munday church had the largest attendance at this meeting.

## To State Meeting

Rev. Poinac, Winston Blacklock, Bill Morris and J. B. King attended the state brotherhood convention in Fort Worth last Monday night. Senator Tom Connally was one of the speakers, and over 5,000 men were in attendance.

## Rule To Hold Celebration On November 11th

A group of boosters from Rule were here Tuesday afternoon to extend an invitation to people of the Munday area to attend the Armistice Day celebration in Rule next Saturday.

Features of the celebration will be a giant parade, pet parade, barbecue and a football game between Rule and Leuders.

The celebration will be concluded with a street dance Saturday evening, at which a prize will be awarded to the winning dance team.

## Massey Completes Basic Training

LACKLAND AFB.—Private Charles M. Massey, 23, son of Mr. and Mrs. Chas. R. Massey of Munday, has completed his AF basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, center of air force basic training for airmen and women, indoctrination station for prior service enlistees, and home of AF's officer candidate school.

His basic training has prepared Massey for entrance into air force technical training and for assignment in specialized work. The course included a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

## RECEIVES PROMOTION

Mr. and Mrs. Carl Green have received word that their son, Harold Green, who is serving in the U. S. Navy, has been promoted to C52. He is now stationed at San Francisco, Calif. His wife is with him there.

 Entered as second class matter January 4,  
 1919, at the postoffice in Munday, Texas, under  
 Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hester road.
3. A U. S. Federal building. Munday needs new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### THE COUNTRY PRESS SAYS

COALINGA, CALIF., RECORD: "The U. S. Government, which continually points with pride to major industries as being too big for the Republic's well-being . . . announced that employees on its civilian payroll now number 1,060,000."

LANCASTER, NEW HAMPSHIRE, DEMOCRAT: "We sometimes wonder is the students of our schools can get a fair presentation of any form of government other than the socialism that has been characteristic of our Federal government in recent years."

WATFORD CITY, N. D., MCKENZIE FARMER: "Recently we heard a politician deliver himself of an harangue about the 'power' of big business . . . What is this mysterious power? There is a big business man who is able to buy one brand of orange juice—or automobile, or breakfast cereal, or what have you—to the exclusion of any other, we have not heard of."

REDFIELD, S. D., PRESS: "Dictators and tyrants of our era have found that by first controlling the press of a nation the control of the inhabitants of that nation follows easily."

SALT LAKE CITY, UTAH, DESERET NEWS: "The domestic political difficulty which harasses the governments of . . . the world these days, including ours, is this: Each one . . . now has more 'welfare' promises in circulation than they can possibly take up."

### THE RECORD

Just what is the matter with American medicine? Judging by those who are directing the hue and cry in favor of compulsory government health insurance—which is a polite term for political domination of the healing arts—medicine has woefully failed in its obligation to the American people.  
 In the light of that, it's interesting to record a few facts.  
 In 1900 each child born had a life expectancy

### SUBSCRIPTION RATES

In first zone, per year . . . \$2.04  
 In second zone, per year . . . \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

of 49 years. Today his expectancy is more than 68 years—not far from double the former figure.

Fifty years ago typhoid, diphtheria, smallpox and many other diseases were dread killers. Today deaths from such causes have been virtually eliminated.

In 1900 there were less than 1,000 approved hospitals, with 400,000 beds. Now there are 6300 registered hospitals, with 1,500,000 beds.

Fifty years ago the voluntary, low-cost health insurance plans, as we know them now, did not exist. Now they cover millions of families.

These are but a few of the achievements of free medicine, working in the American way. It is obvious to all—especially the medical fraternity that a great deal more needs to be done in the conquest of disease, and the improvement of medical service. But the big point is that it is being done—steadily and soundly. And it is being done without a group of political appointees dominating the doctors.

American medicine can stand on its record.

### TWO CENTS ON THE DOLLAR.

The financial experience of a large group of department stores for the first half of the year was recently tabulated. It was found that the stores had much better earnings than in the same period the year before. Yet their profit, after taxes, amounted to only 2.1 per cent of their sales. In the comparable period in 1949, it was 1.2 per cent.

Here is the answer to those who think retailers are able to keep a large part of the money spent with them—and to those who make it a habit to blame the retailer every time the price of something goes up. Actually, most of the money that flows through the cash register flows right out again for stocks, for wages, for taxes and for rent.

The improved financial experience of the stores during the first half of the year was principally due to the July heat wave of scare-buying which sent that month's sales far ahead of the same month the year before. The stores didn't ask or want that kind of buying. Many of them, including both chains and independents, went to considerable lengths to discourage it. The retailers' work in this regard undoubtedly did much to cause scare-buying to subside sharply after the first few weeks.

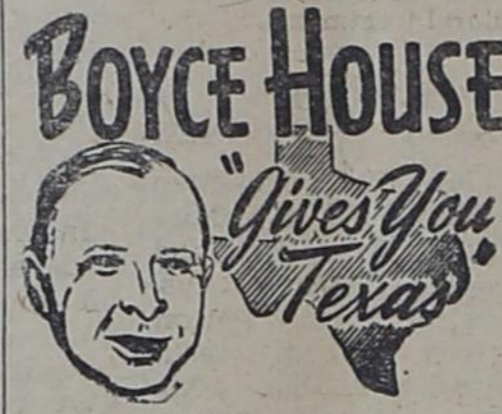

Every retailer must take a profit if he is to continue to do business—the profitless business never lasts long. But, in the vast majority of cases, the profit is far smaller than most consumers think.

"We Americans are losing the cold war because the leaders of Communism believe in Communism, while the political leaders of our capitalistic country do not believe in Capitalism."—Bruce Barton.

## Uncle Sam Says

"NOW LET'S ALL BUY BONDS" is the suggestion to be carried by the U. S. Savings Bonds Division this Fall to more than 60 million people now employed throughout the United States. Your "Uncle Sam" endorses this great effort because I know that the Payroll Savings Plan now in operation in thousands of concerns is the means of building future financial security for everyone participating in the program. Savings, built up through the Payroll Savings Plan will enable YOU to take that mortgage off YOUR home—and off YOUR future. A well-managed home maintains a financial reserve against future needs and emergencies. Start YOUR RESERVE today.  
 U. S. Treasury Department

The city of Kilgore was named for "Buck" Kilgore, a colorful member of Congress many years ago. Champ Clark, who was Speaker of the House during and before World War I, tells in his autobiography of the celebrated incident of a door being smashed by the Texas. Speaker Reed had all the exits locked so as to hold a quorum, but Kilgore kicked down a door. Clark chronicles, "He attained a universal notoriety and immense popularity," adding that Kilgore's name was "fastened to a certain kind of shoe, designed especially for kicking and which was, for a time, immensely popular."

Kilgore also made quite a reputation as an objector. He relished this story on himself: When I returned home to be given the canvass for my third term in Congress, which was a decidedly lively one, I asked one of my chief bell-wethers what my enemies were charging me with this time. 'Oh,' he replied, 'just the same old charge—that of being a plain d— fool.'

"His report was short and, if not sweet, was at least sufficiently comprehensive."

A Texas Congressman, according to Clark, in debate once generously offered to perform a surgical operation, free of charge, on the jugular vein of his opponent with a Bowie knife.

And Although Joe Bailey was a great orator and brilliant debater, he was once set back on his heels in Congress. It was about 1900, Bailey, in the course of a speech, quoted Lincoln. Congressman Jonathan P. Dolliver of Iowa interposed, "I congratulate the Democrats on having attained, at the end of the century, the position occupied by the Republicans in the middle of the century."

## Attention, Farmers

See the new Ranger fifth-wheel industrial and farm wagons before you buy. Located on corner of Munday Ave., across from Farmers gin plants.

Wherever there is a hauling job large in bulk or heavy in weight, the Ranger fifth-wheel farm wagon is the answer. Users are finding these wagons to be extremely economical because of four outstanding features:

- (1) They combine at less cost the hauling service of two or three ordinary wagons.
- (2) Durable construction assures long life.
- (3) Fifth wheel reduces turning radius to a minimum.
- (4) Bearings, wheel alignment, tracking and fifth wheel combines into a maximum maneuverability that permits a minimum of pulling power. The wagons will bring to their owners a pride in their dependable performance. Electric welded, nice finish and good appearance. Standard Temkin bearings, standard Alemite fittings. Telescoping reach, cold rolled steel spindles. Wheels are standard 6,000 lb. cap., wagon has 16x4.50 or 15x500 tires and wheels.

10,000 lb. capacity, with or without tires.

"With the Ranger heavy load, just keep rolling along."

## 4-H Members To Observe Week Of Achievement

Texas 4-H club members, more than 113,000 strong, will join with the nearly 2,000,000 members in the nation to observe National 4-H Achievement Week, November 4-12.

Working towards their 1950 theme, "Better Living for a Better World", 4-H youth have been a busy group during the past year. They have produced and conserved food, worked to make their homes more comfortable and attractive, helped to supply the extra labor needed to produce crops and livestock and furnished "know how" for making their farms more efficient and productive. During National 4-H Achievement Week,

Solution to the difficult problem of cleaning motor generators of elevators is a new cotton drill cover that eliminates the inefficiencies of the old process. Formerly a five-hour clean-up job was necessary after the five-minute cleaning operation, and workmen were partially asphyxiated by carbon and copper dust. With the new cotton "Blo-Vac" cover devised by L. K. Herzog, the five-hour clean-up and the crew's discomfort are eliminated. In the new process, blowing and vacuuming simultaneously clean out dust from the interior of the motor generator and collect it in a vacuum tank.

## TIME-SAVER

Power Commission in Texas and adjoining states since V-J Day, have brought natural gas into Texas in such greatly increased volume that many more thousands of homes and major industries now have the advantage of the low-cost fuel. Many large and small communities have been aided, including El Paso and Dallas, according to W. Paul Jones, president of Service, Inc., the nation's leading gas equipment and appliance manufacturer.

This new natural gas construction is part of a nationwide expansion program, in the course of which the gas utility industry has spent three billion dollars since August, 1945. There now are almost 300,000 miles of pipeline in service in the United States, delivering energy for manufacturing and household uses at an annual rate exceeding four thousand billion cubic feet.

Because supply still does not meet demand, the gas utilities plan still further expansion through 1954. Of the approximately \$3,140,000,000 to be spent in the coming five-year period, about \$2,750,000,000 will be used by the natural gas industry.

## Munday Invited For Special Day At Stock Show

Munday, which had a special "day" designated in its honor at the Southwestern Exposition and Fat Stock Show last winter, has been invited to have a day at the 1951 exposition.

W. R. Watt, president-manager of the Fort Worth show, in a letter to the Chamber of Commerce declared that this city helped to make the 1950 show one of the most successful in history. The letter continues:

"Your city is invited to have a special day at the 1951 show (Jan. 26 through Feb. 4.) By coming in an organized group, your citizens have lots of fun and advertise your city, as do the high school band and the Cowgirl Sweetheart.

"Plans are being made—new buildings, new features—to make the show coming up the finest yet. We need your help and we're counting on you. So please let us know which day you wish designated as Munday Day."

A total of \$146,000 in cash awards is offered, the highest in the show's 55 years. A colorful Western parade on Friday afternoon, Jan. 26, through the Fort Worth business district will usher in the show, with the first performance of the rodeo that night, and afternoon and night performances there after.

Construction now under way includes the Poultry Building, doubling of space for carload-and-pen division of bulls and glass-in of the archways connecting the livestock buildings. The world's greatest indoor rodeo will be held in the magnificent Will Rogers Memorial Coliseum. The boys' show will be a

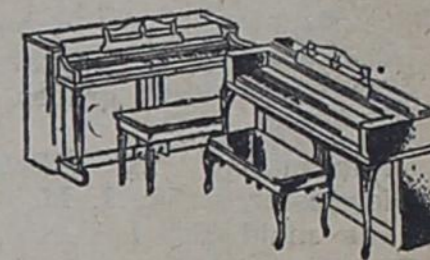

big feature of the livestock department, with the first Saturday Future Farmer's and Homemakers' Day and Monday, 4-H

## State Shows Big Increase Of Gas In Home Heating

The number of Texas homes equipped with gas heat increased by 75,389 during the past year, a report by the state's utility firms points out.

About 75,866 more homes will get gas heat in the next year if heating materials continue to be available by the end of 1951, the report continues. This increase of 16 per cent in homes with natural gas heating over the two-year period is the result of the rapid expansion of natural gas pipelines on which \$73,607,000 has been spent in the state since 1946.

Pipelines and storage facilities, authorized by the Federal

they will report to the nation on just how they have done. The local volunteer 4-H leaders and the outstanding members will be recognized for the contributions they have made to the welfare of their state and nation.

The officers of the 4-H clubs in Texas, their leaders and extension agents have made plans for achievement banquets, tours, achievement days and other special events for the week. Exhibits will be placed in show windows and 4-H members will tell service clubs, farm organizations, school assemblies and other groups about their work. The winners of state awards will be honored in many counties by their fellow members.

A glance at the accomplishments of 4-H members throughout the nation reveals that 16,000,000 quarts of food were preserved during the year; 100,000 acres were planted to gardens; they produced 9,000,000 birds in their poultry demonstrations; they own one million head of livestock and the list could be extended to cover just about every job in the home and on the farm. They participated in many worthwhile activities such as farm safety, fire prevention, health work, soil conservation, wildlife conservation, tractor maintenance and a large group of others.

Their work is not limited however to producing and conserving the food and feed they produce for they devote much time to personal improvement programs. They participate in leadership training activities, citizenship work and group discussions that help them to better understand some of the important social and economic factors that are now at work in the world. They study and practice democratic procedures and are doing their part to develop the good-neighbor spirit at home and abroad.

Texas 4-H members are extending an invitation to the public to join them in their observance of National 4-H Achievement Week.

Mr. and Mrs. Tom Hoosier of Seymour and Mr. and Mrs. P. V. Williams attended the Texas-SMU football game in Austin last Saturday.

# Built for tough service — all ways! CHEVROLET TRUCKS with Chevrolet's Hypoid Rear Axle

### Single-Unit Housing

Here's maximum strength . . . longer trouble-free service! Chevrolet rear axle housings are formed into tubular steel beams; no bolts or rivets to work loose.

### Full-Size inspection plates

Easy-to-remove, one-piece inspection plate saves time and labor . . . provides full view of rear axle gears when removed.

### Splined Axle-to-Hub connection

Splines—not bolts—deliver the driving power evenly—without strain—on all heavy-duty models. Loose axle shaft bolts and costly grease leaks are eliminated.

### Straddle-Mounted Pinion

Gears last longer . . . pinion gear is supported at each end by ball bearings to keep it in mesh. Adjustable thrust pad prevents distortion of ring gear when starting heavy-duty trucks with heavy loads.

### 4-Pinion Differential

Load and shock of heavy loads are distributed over four pinions instead of two in all Chevrolet medium- and heavy-duty trucks—for longer axle life and greater strength.

Chevrolet trucks are engineered to "take it" on the roughest, the toughest jobs. The single-unit design housing and splined axle-to-hub connection of Chevrolet's hypoid heavy-duty rear axle mean strength and stamina found in no other truck rear axle in Chevrolet's class. Combine that with other outstanding Chevrolet features . . . powerful Valve-in-Head engines, Synchron-Mesh transmissions, channel-type frames with alligator-jaw cross members! Here is the truck that can handle tough jobs. . . America's most popular truck. Come in and see these great Chevrolet trucks today.

**Plus CHEVROLET ADVANCE-DESIGN TRUCK FEATURES** Two Great Valve-in-Head Engines • Power-Jet Carburetor • Diaphragm Spring Clutch • Synchron-Mesh Transmissions • Hypoid Rear Axles • Double-Articulated Brakes • Wide-Base Wheels • Ball-Type Steering • Unit-Design Bodies • Advance-Design Styling.

## Robert Hosea And Miss Anita Robison Marry October 28

In a simple ceremony solemnized on Saturday morning, October 28, at ten o'clock in the home of the bride's parents, Miss Anita Robison, daughter of Mr. and Mrs. John E. Robison of Haskell, became the bride of Robert Hosea, son of Mr. and Mrs. N. E. Hosea of Munday.

Rev. Charlie Sargent of Weichert read the impressive double ring ceremony, as Miss Patrice Townsend furnished soft organ music.

The bride was given in marriage by her father. Her sister, Grab Robison, served as maid of honor, and Billy Cypert attended the groom as best man.

The bride attended Haskell High School and graduated with the class of 1950. Mr. Hosea is a 1946 graduate of Munday High School.

Mr. Hosea is employed by the

## Sunset P.-T. A. Has Meeting On Thursday

The Sunset P.-T. A. met at 8 p. m., Thursday, November 9, at the Sunset School Auditorium.

The program topic, "Are Habits the Stuff of Which Behavior Consists," was presented by Dr. D. C. Eiland, County Health Officer, assisted by the County Health Nurse, Mrs. R. N. Stevens.

Pupil participation consisted of a program by the fifth and sixth grades.

### TO TEXAS-SMU GAME

Dr. J. M. Croley, Dr. Ben W. Bowden, Charls McCauley, Tom Bullington and his father-in-law, Paul Epsley, attended the Texas-SMU football game in Austin last Saturday.

Texaco Service Station here, and the couple are making their home in Munday.

## Shivers Sets Pharmacy Week in Texas

Governor Allen Shivers, in designating October 29 to November 4 as National Pharmacy Week in Texas, presents the official proclamation to Lester Short, Midland pharmacy owner and president of Texas Pharmaceutical Association. With control of heart diseases as their aim, Short states, Texas pharmacists this week add their voices to those of the National Heart Institute and professional men all over the nation in an organized program of public health education. Heart diseases currently cause one out of every three American deaths. As a custodian of the health of his community, the pharmacist is in an advantageous position to inform the public of the importance of early detection of these diseases. Short points out. Copies of the U. S. Public Health Service booklet, "Heart Quiz," are available in more than 500 Texas pharmacies during National Pharmacy Week.

## Goree Bible Class Meets Monday In Barton Carl Home

Rev. S. Y. Allgood, pastor of the Goree Methodist Church, gave a most interesting study on the historical background and introduction to the book of Revelations on Monday evening, November 6, to the Goree Bible Class. The class met in the home of Mrs. Barton Carl.

Mrs. Carl, presided during the business session. The group sang, "Break Thou the Bread of Life," and Mrs. Allgood led in prayer.

A delicious refreshment plate was served to Mmes. Billy Hutchens, Buster Coffman, Orb Coffman, Tiny Jamison, S. Y. Allgood, Beuben Bates, Rev. Allgood and the hostess, Mrs. Carl.

The next meeting will be in the home of Mrs. Tiny Jamison on November 20. The class is anticipating another interesting study on the book of Revelations by Rev. Allgood. Visitors and new members are welcomed.

### HOME FROM HOSPITAL

J. A. Caughran, who underwent an operation on Saturday, October 28, in a Wichita Falls hospital, returned home last Saturday. He is reported to be getting along nicely.

Joe Wayne Graham of Vernon visited friends here last Thursday.

## Sunset Club Has Achievement Day Program

The Sunset Home Demonstration Club held its annual achievement day program, Thursday, November 2, in the Home Economics Department at the Sunset School house, with the Munday club as guests.

After a session of games led by Mrs. Gill Wyatt, Mrs. R. M. Almanrode and Mrs. H. R. Hicks presented new ideas in gift wrapping.

The tea table was laid with a cut work linen cloth, and punch was poured by Mrs. R. C. Partridge. Punch, cookies and mints were served to the following guests.

Mmes. F. L. Boley, Buel Claburn, Joe Patterson, Fred Lain, Walter Mooney, J. T. Offutt, Jean Lain and Sunset Club members.

The next meeting place on November 16 will be announced later.

## Methodist WSCS Meets Monday With Miss Shelly Lee

The Woman's Society of Christian Service met in Miss Shelly Lee's home Monday at 4 p. m. Mrs. Walter Rodgers was leader of the worship service and Mrs. G. R. Eiland led the group in prayer.

Mrs. W. R. Moore, Sr., was leader of the program on "Health In a Rural Community," with Mrs. C. P. Baker and Mrs. R. D. Atkeison having parts on the program.

Mrs. J. A. Caughran was co-hostess and a delicious refreshment plate was served to Mmes. W. R. Moore, J. C. Borden, T. C. Merrell, Lee Haymes, Walter Rodgers, C. P. Beker, Mae Bowden, W. T. Ford, W. S. Shannon, R. D. Atkeison, W. W. McCarty, W. A. Baker, W. F. Phillips, D. E. Holder, Sr., R. L. Butler, Clyde Hendrix, Worth Gafford, P. V. Williams, Bruce Burnett, H. A. Pendleton, S. E. McStay, Gill Wyatt, E. E. Lowe, G. R. Eiland, and J. D. Crockett.

Duck Walling, who is attending W. T. S. C. in Canyon, spent the week end in the home of his parents, Mr. and Mrs. R. J. Walling.

### CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for their thoughtfulness and beautiful floral offerings in the death of our mother and grandmother. May God bless each one of you. Frank Nance and family, 1tp

## Goree Couple Observe Their 36th Wedding Anniversary October 29th

Many friends paid honor to Mr. and Mrs. J. M. Hammons of Goree at the observance of their 36th wedding anniversary on October 29. The couple was married October 21, 1894, at Pe-can Gap and moved to Goree in 1920.

Mr. Hammons farmed at "Old Ample", south of Goree for three years, and in 1923 they moved to Goree and operated a market and cafe.

Mr. and Mrs. Hammon's six children were present for the celebration, and they presented their parents with a new hot water heater.

Mrs. Ruby Hammons received the guests and presented them to the honored couple. Mrs. Terry Edwards secured signatures of guests. Mrs. Virgil Edwards, Mrs. Wilford Kennedy, Mrs. Tony Hammons and Mrs. Charlie Edwards attended to the duties of serving.

Mrs. Bill Wright showed the many beautiful gifts. Out-of-town guests present for the occasion included the following:

Mr. and Mrs. John T. Hammons and Linda Sue and John Allen, Clarksville, Ark.; Sgt. and Mrs. Jim Earl Hammons and Evelyn Ivy, Sheppard Field; Mr. and Mrs. Floyd Denham and Glenda and Lester Ray, Dallas; Mr. Troy Denham, Leuders; Mr. and Mrs. Rube Taylor and Donnie, Mr. and Mrs. T. J. Taylor and Donna Beth, Throckmorton; Waymon Robin, Amarillo; Mr. and Mrs. Sim Vaughn and June, Childress; Mr. and Mrs. Karo Crawford and Mrs. Molly Hammons, Erick, Okla.; Mr. and Mrs. Elbert Hammons, Calhoun, Ga.; Mr. and Mrs. Joe Hammons and daughter, Newcastle.

Goree relatives were: Mr. and Mrs. Charlie Edwards, Charles, wards, Mr. and Mrs. Ruby Ham-Waymon, Doyle, Feiona and mons, Virginia, Florence and Ruby Dain; Mr. and Mrs. G. O. Denham and Bobby, Mr. and Mrs. H. H. Edwards, Mr. and Mrs. Tony Hammons.

Two granddaughters and several grandsons were not present, including Leo Hammons, who is in Japan, and Billy Roy Smith, who is in Korea.

The six grandchildren of Mr. and Mrs. Hammons who were present for their 36th anniversary Sunday, October 29, are:

Elbert (Cherokee) Hammons, Calhoun, Ga.; Mrs. L. O. (Bertha) Denham, Goree; Mrs. Rube (Eva) Taylor, Throckmorton; Mrs. H. H. (Ammie) Edwards, Goree; Ruby Hammons, Goree and Tony Hammons, Goree.

Mr. and Mrs. Homer Howard and Jennie of Goree visited in the home of Mr. Howard's niece, Mrs. Frank Nance, last Saturday.

Mrs. John Phillips and Mrs. B. A. Yarbrough were business visitors in Wichita Falls on Monday of this week.

Mrs. Tom Price and son, Mouryce, were business visitors in Dallas a few days last week.

### ELECTED TO KAPPA PSI

AUSTIN—Jack Pippin of Munday has been elected to Kappa Psi, honorary and professional organization for men in pharmacy at the University of Texas. Pippin, son of Mrs. C. C. Pippin, is a student government assemblyman from the College of Pharmacy.

Mr. and Mrs. Joe Lane spent last Sunday with Joe's father, Ed Lane, who is in the Knox County Hospital for medical treatment.

Mrs. J. E. Cannaday of Texarkana is visiting in the home of her son and daughter-in-law, Mr. and Mrs. Joe Cannady this week.

Mr. and Mrs. G. H. Beaty and Mr. and Mrs. J. L. Stodghill visited in the home of Mr. and Mrs. John Brown in Odessa over the week end.

## GOREE PASTOR AND WIFE ATTEND CONVENTION

Rev. S. E. Stevenson, pastor of the Goree Baptist Church, and Mrs. Stevenson left Monday for Fort Worth, where they are attending the Baptist General Convention of Texas.

Some of the speakers on the 4-day program include Senator Tom Connally, who discussed "Communism and Christianity"; Rep. Brooks Hays, congressman from Little Rock Ark., who is vice-president of the convention; Dr. H. G. Bennett, president of Oklahoma A. & M. College; Dr. R. G. Lee of Memphis, Tenn., president of the convention, and Dr. Samuel E. Maddox of Richmond, Va., secretary of the Foreign Mission Board.

Billy Graham, leading evangelist of today, and Frank Steedman, humorist, were speakers at the brotherhood meeting.

Mrs. W. F. McCauley returned home Saturday from a trip to Dallas and Oklahoma City, where she visited her sons.

Mr. and Mrs. John Williams of Rule visited her parents, Mr. and Mrs. Ben Williams, last Sunday.

Gypsy Lee Decker, who is attending school in Abilene, spent the week end with her parents, Mr. and Mrs. J. C. Decker.

Mr. and Mrs. Hoyt Davis and sons of Olney visited her parents, Mr. and Mrs. W. J. Tidwell, and other relatives here Sunday.

Leon Smith of Mt. Pleasant is visiting his brother, Douglas Smith, and family this week.

Mr. and Mrs. George Weber went to Wichita Falls last Tuesday, where Mr. Weber was treated for an infected ear.

Josephine Williams of Wichita Falls spent the week end with homefolks.

Mr. and Mrs. Ross Madole of Littlefield visited his mother here Sunday. They were enroute home from Austin.

Mr. and Mrs. R. L. Lambeth and grandsons, Billy Lee, Cortes Ray and Douglas, spent the week end in Anton. They attended the Anton-Hale Center football game Friday night.

Mr. and Mrs. Cherokee Hammons left Thursday for their home in Calhoun, Ga., after visiting his parents, Mr. and Mrs. J. M. Hammons, and other relatives.

Mrs. J. W. (Aunt Bill) Robinson of Arizona is visiting her son, Ernest Robinson, and family.

Reuben Bates was among

those who attended the football game at Austin last Saturday.

Mr. and Mrs. Clyde Warren were Joyton visitors last Saturday. Their daughter, Clydeen, has recently been transferred there.

Joe Bailey Lawson of Dallas spent Tuesday and Wednesday with his mother, Mrs. J. T. Lawson.

Mr. and Mrs. W. L. Stewart and Mr. and Mrs. Ira Stalcup were recent visitors in the home of Mr. and Mrs. Ernest Allen in Albany. They were met there by Mrs. B. A. Johnson of Refugio and Mrs. George Strauss of San Antonio.

Jay Harlan of Littlefield was here last week, visiting relatives and looking after business interests.

Mr. and Mrs. Leroy Brooks and daughters, Jerry and Nancy, recently returned from a trip to Rankin, where they visited Mrs. Brooks' brother, Roy Matthews, and family.

Mr. and Mrs. Gerald Tucker are suending a few days with his parents, Mr. and Mrs. T. M. Tucker, before Gerald re-enters the service.

Covering the bread board with a canvas cover and putting a ribbed stockinet over the rolling pin makes rolling out biscuits, pastry, and rolled cookies easy. These doughs will not pick up as much extra flour from the canvas as from a bare board or rolling pin. Rub just a little flour into both canvas and rolling pin cover to keep pastry or biscuit dough from sticking.

Cotton fabrics now are being manufactured without spinning and weaving. A carded web of cotton fibers is held together with light applications of invisible plastic, and the resulting product look sand feels like soft flannel. The unspun fabrics have dozens of uses, in such products as napkins, dust cloths, and permanent wave wraps.

The first cottonseed oil known to have been made in America was exhibited for the American Philosophical Society in 1768. At the time, it was regarded as a curiosity. Today it is a major ingredient in such foods as shortening, margarine, salads and cooking oils.

Although the farmhouse is the business center of the farm, its location should be considered from the standpoint of its relationship to the other buildings, roads, water supplies and the prevailing winds.

## Texas Venture

In Education • 1876-1951

Our first state college—Texas A. and M. is now in its seventy-fifth year

EDGAR S. McFADDEN—Burbank of the Wheatfields

On a farm not far from the campus of the A. and M. College of Texas lives a quiet little man whose genius has done much to feed a hungry world. He is Edgar S. McFadden, plant breeder for the U. S. Department of Agriculture and the Texas Agricultural Experiment Station, who has been working at A. and M. since 1935. Known as the "Burbank of the Wheatfields," Mr. McFadden developed the world's first rust-resistant wheat, parent stock for grains which now grow on millions of acres around the world where wheat once could not exist. Since 1935 his work has spread the Texas wheat belt to three times its former size. He has received the Readers Digest annual award for service to humanity, is one of the five Texans to be named as Fellows of the American Society of Agronomy and has received citations of merit from scientific societies throughout the world. The farmers of his native South Dakota have erected an imposing marble monument to him in his old home town of Webster. The work of this one man is said to be worth hundreds of millions of dollars a year to the farmers of America.

## England, France To Be Visited By 1951 Cotton Maid Next March

The 1951 Maid of Cotton will make a trans-Atlantic flight on March 8 for a two-week stay in England and France, the National Cotton Council has announced.

First on the European itinerary of the cotton industry's good will and fashion ambassador is London. There she will greet state and civic leaders in behalf of the American cotton industry.

She will be presented with a group of cotton created for her by top English designers. She will appear on radio programs, hold interviews with the British press and be spotlighted throughout her stay as the good will emissary of the 15 million members of the American cotton industry. In addition to her official duties, she will take time out for sightseeing trips to Buckingham Palace, the Tower of London, Westminster Abbey and other points of interest.

terain Church will be held at eleven o'clock Sunday morning. Bob Johnson of Rule will deliver the sermon.

## Let's Talk LIVESTOCK

(By Ted Gouddy)

FORT WORTH, Nov. 6—While the turn for the worse in the war news resulted in a sharp stock market break Monday,

it further pointed up the importance of expanding livestock production and gave recent statements that livestock prices would be favorable in the coming year an even firmer foundation.

Livestock and meat are near the top in critical priorities as war supplies. Strong prices were the rule

## Roxy Theatre, Sunday and Monday

Marie Windsor bestows a loving reward on William Elliott in this scene from "The Showdown."

throughout the cattle and calf trade with particular interest being in the stocker and feeder divisions. Nearly all markets reported gains for stockers after Monday's trade.

Last Friday at Fort Worth at the Livestock Roundup, True D. Morse, economics expert from the Doane Agricultural Service at St. Louis, stated: "The big demand for beef insures high prices for cattle of all kinds in 1951. That includes canners and dairy cull cows. The rush to build up cow herds will continue." Morse stated that the next year's prospects for hogs and sheep was also bright.

"The supply of beef cannot be expanded as rapidly as the demand," Morse said. There are definite indications that all our production on the agricultural front are in the works. Rumors that hogs would soon have a support price and the relaxation of the controls on corn acreage point to stepped-up production.

Monday at Fort Worth all classes of cattle and calves moved at strong prices with spots higher through the list. Typical sales of Texas stock included some 609-pound heifers from Bill Springer, Aspermont, at \$28 and the steer yearlings off them at 601 pounds brought \$29. A. B. Gilbert, Santo, had some \$30 stocker calves that averaged 385 pounds.

J. C. West of Corsicana, owner of radio station KAND, was a visitor on the market Monday and at the same time marketed 324 head of cattle. The majority of these yearlings weighed about 800 pounds and sold for \$28.50 as feeders. Sam Williams, Mount Pleasant, had a load of 700-pound plain steers at \$24. G. C. Robinson, Meridian, sold about five truck loads of steers at \$26 that averaged 1,070 pounds.

The Jess Herring Johnson Estate, Amarillo, marketed a couple of loads of old cows, 32 had selling at \$21.50 for stockers, 14 head at \$20 for stockers and 12 head for canners. Beggs Cattle Company of King County, sold about three loads of 431-pound calves and yearlings at \$26.50.

Smith Peters, Roswell, N. M., marketed some fat lambs weighing around 90 pounds at \$29

Top for the feeder lamb trade at Fort Worth Monday was set by H. Freirich, of Melvin in McCulloch County, with a load of around 65-pound lambs at \$28.25.

The hog market worked lower at Fort Worth and at other mar-

ket centers Monday in spite of the fact that some 10,000 fewer hogs were offered at the nation's 12 major markets. Plentiful pork supplies were reported in meat trade channels. Top at Fort Worth was \$19 and \$19.25, with sows again not far behind the top hogs and selling from \$18.50 downward.

On a trip last weekend to the Panhandle section around Amarillo, we found the country needing rain. Wheat pastures are very uneven, some sections not yet up or barely so, while other sections are up to grazing stands but failure to get rain to pack the soil and bring the wheat along may make about two-thirds of the cattle have to be moved. Grazing animals are pulling lots of wheat out by the roots due to the loose soil.

On the other hand, there are many fields that have luxuriant growth and where cattle are doing exceptionally well and can be expected to continue to do so. Lots of bundle feed is being made and the maize crop is tremendous. Lots of cotton in the fields needs picking RIGHT NOW!

Most all sections of Texas are

more or less dry and the fire hazard is very real and very dangerous.

We'd like to take a moment here to ask all hunters and others who get out in the country to be careful of matches and smoking.

We'd like to urge all farmers and ranchers to delay not a minute longer the plowing of fire guards along your fences exposed to the roads.

Feed will be high and everyone expects feed prices to be higher as the winter progresses.

Save that pasture and woodland and your grass and trees will be money in the bank to you!

### CHRISTMAS BUYING TIME APPROACHES

'Tis the month before Christmas—and once again time to remember the old adage, "Do your Christmas shopping early."

Doubtless, few will heed these sage words of advice, and Christmas Eve will find the usual crowds scurrying from store to store in last minute shopping expeditions.

Shopping for men is usually a major problem because it is so easy to fall into the old tie rou-

## LOCALS

Gaillard Allred, who received a broken collar bone, while playing at school on Wednesday of last week, was taken to a Wichita Falls hospital for treatment. He is back in school this week and is getting along nicely.

Mr. and Mrs. G. B. Hammett spent Sunday in Abilene, visiting their daughter, Marguerite, who is a student in Hardin-Simmons University.

Reuben Bates of Goree and Bruce Barnett attended the SMU-Texas football game in Austin last Saturday.

Mr. and Mrs. F. O. Gurley were business visitors in Wichita Falls last Thursday.

This year, however, things are going to be different, the fashion authorities report. Cotton pajamas are destined to take over as the number one gift for men. New designs, smart colors, and trim tailoring in flannel, poplin, and broadcloth make the new pajamas welcome packages in masculine Christmas stockings.

BEAR SAFETY SERVICE

### Shoerack on Closet Door

WOMEN appreciate having an established place for the menfolks to place their shoes. A shoerack that fits inside the closet door or on a closet wall will keep shoes neat and accessible. One or two for each closet are easily constructed of ordinary materials and with simple hand tools.

The rack is built in the form of an inverted triangular trough. To fit most closet doors, the home craftsman should

use two pieces of Masonite tempered hardboard 26 inches long and 12 inches wide. He will form the end pieces of the trough with 1-inch lumber cut into triangles having two 12-inch sides and the other approximately 14 inches.

One panel of hardboard lies adjacent to the door, while the other forms a slanting platform which holds the shoes. The builder will fasten a strip of 1 by 1-inch wood about 3 1/2 inches from the door side of the platform. Against this strip the heels will rest. The rack is assembled and then attached to the door frame—or the studs if its location is the wall—with screws.

# The Choice of Champions— DODGE "Job-Rated" TRUCKS

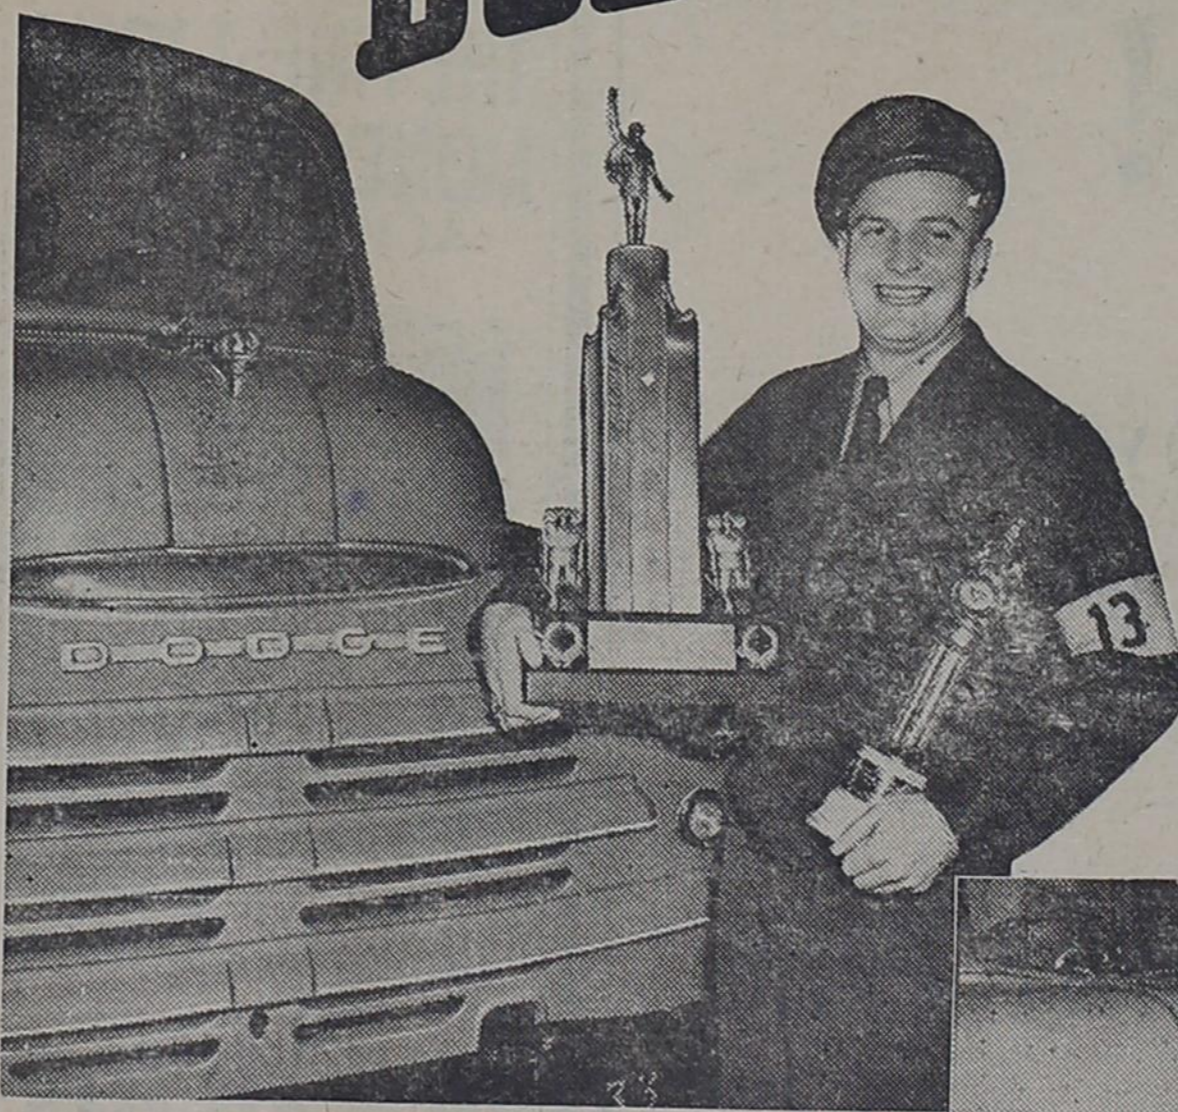

49 out of 86 champion truck drivers choose Dodge!

Champion drivers know champion trucks!

The nation's state champions . . . with proved reputations for safety records and driving skill . . . competed recently in New York at the National Truck Rodeo. Given the privilege of driving any make truck, these champions selected Dodge for national competition by more than 2 to 1 over all other makes combined!

In the events in which Dodge trucks participated, 6 out of 9 national winners drove Dodge "Job-Rated" trucks.

The champions selected Dodge for these tough tests because of "its extra visibility, its great maneuverability, good braking, and ease of handling." So, take a tip from the men who know: drive a Dodge "Job-Rated" Truck!

FIRST TROPHY in the Straight Truck Class was won by Richard Wold, Glendinning Motorways, Inc., St. Paul, Minnesota State Champion, drove a Dodge GA-152 1 1/2-ton "Job-Rated" Truck.

FIRST TROPHY in the Tractor, Tandem-Axle Semi-Trailer Class was won by O. E. Chapman, Pacific Intermountain Express, Oakland, Calif. Chapman, Colorado State Champion, drove a Dodge YA-142 4-ton "Job-Rated" Truck.

SECOND TROPHY in the Tractor, Tandem-Axle Semi-Trailer Class was won by Robert Rudesill, Glendinning Motorways, Inc., St. Paul, Minnesota State Champion, drove a Dodge YA-142 4-ton "Job-Rated" Truck.

THIRD TROPHY in the Tractor, Tandem-Axle Semi-Trailer Class was won by Harry W. Pollock, Johnson Motor Lines, Inc., Baltimore, Pollock, the Maryland State Champion, drove a Dodge YA-142 4-ton "Job-Rated" Truck.

THIRD TROPHY in the Straight Truck Class was won by R. D. Wallace, Johnson Motor Lines, Inc., Charlotte, Wallace, who is North Carolina State Champion, drove a Dodge GA-152 1 1/2-ton "Job-Rated" Truck.

THIRD TROPHY in the Tractor, Single-Axle Semi-Trailer Class was won by Frank Kirkpatrick, Columbia River Truck Co., Portland, Kirkpatrick, the Oregon State Champion, drove a Dodge JA-128 2 1/2-ton "Job-Rated" Truck.

For championship performance—drive

# FARM NEWS

From the County PMA Committee

## FARMER-COMMITTEES SHARE DEFENSE WORK

The full facilities of all branches of the PMA and all other Bureaus of the Department will be utilized to achieve farm preparedness objectives, said Secretary of Agriculture Charles F. Brannan recently.

Speaking of the two offices—Materials and Facilities, and Requirements and Allocations—set up under PMA to handle defense operations, the Secretary explained that these will act as clearing houses or coordinating bodies rather than to replace any existing action agencies or programs.

"Full use will be made," he said, "of our farmer-committee system for translating decisions at the administrative level into action in the field and on the farm—and for bringing to the government facts from the country that are essential in making national plans . . ."

"I believe it both fortunate and wise that we can take advantage of the already existing framework of the PMA for these essential new purposes, due to PMA's direct link with the farmer through its democratically-elected farmer committee system . . ."

"I am confident that with such support and guidance, agriculture can fully meet its immediate responsibility—making mighty sure we have enough food for all needs."

## CONSUMERS' STAKE IN ACP

Plenty of food!  
No need to hoard!  
Eleven percent more food per

person in 1950 than the average for 1935-39. Farm production up 40 percent from what it was before World War II.

Per acre yields up nearly 50 percent over per acre yields in the 20's.

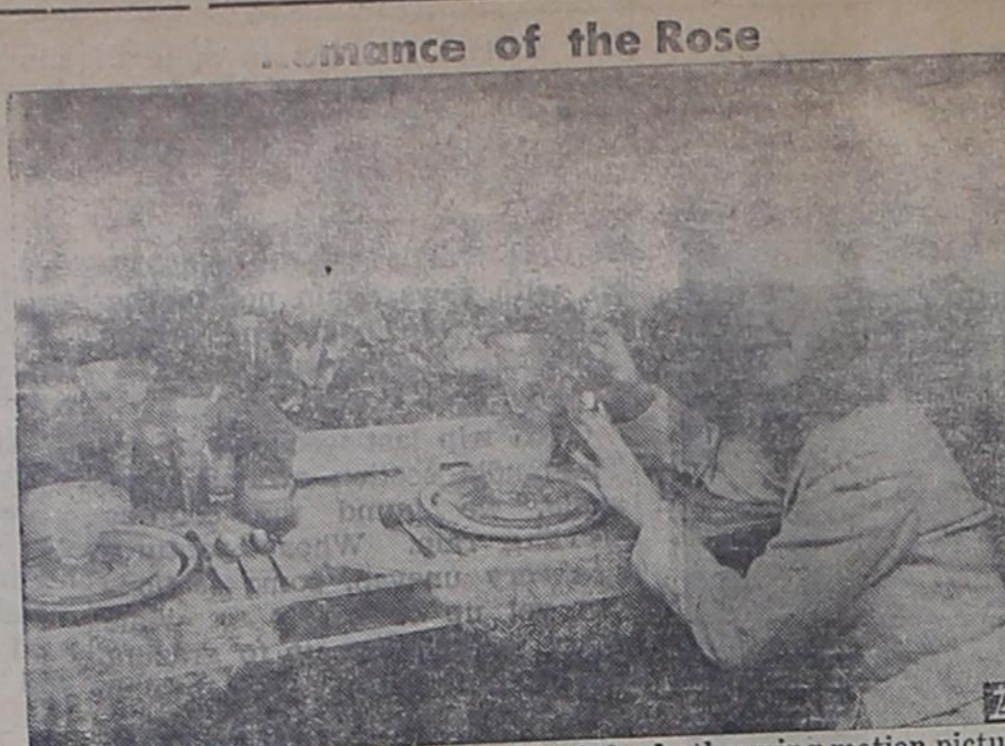

Grocery shelves full. More people eating more and better. That's what the Agricultural Conservation Program means to the American Housewife, says B. P. Haman, Secretary of the Knox County PMA.

As the Secretary sees it, to the Housewife it's not the number of erosion control dams we've constructed, the acres of green manure plowed under, the contour farming, the lime or the phosphate that counts. Only when these are translated into bread, meat, eggs, milk, vegetables and fruits at the grocery store does it become real.

But the farmer knows and the housewife is beginning to realize that groceries cannot be produced in abundance by a bankrupt agriculture. And it is because of this understanding that we have the ACP.

Through this program the Nation cooperated with its farmers in carrying out conservation practices which project and build the productivity of the land. This share-the-cost program provides the incentive to get the terraces built, the dams constructed, the lime spread, the pastures seeded, the green manure plowed under.

These are the practices which make effective the work of scientists—improved strains, better machinery, and more effective insecticides and fungi-

Cecile Aubry, petite French star of the forthcoming motion picture production, "The Black Rose," smiles wide Gallic approval of the table setting featuring flatware in Damask Rose pattern by Heirloom Sterling.

In a setting to delight the heart of Kubla Khan himself, Miss Stupell, America's foremost table stylist, illustrates how the woman with imagination and a touch of artistry can create a special event, captures the personality of a guest or highlights a special event.

The rose motif of the hand-painted china used for the table provides an inspired accompaniment to the Damask Rose pattern of the flatware in Heirloom Sterling.

## Insecticides May Be Scarce For Next Year

The outlook for increased supplies of the more widely used insecticides is not very favorable at this time. Cotton farmers should keep this fact in mind when they make plans for expanding their 1951 cotton plantings. But according to A. C. Gunter, associate extension entomologist of Texas A. & M. College, farmers can help the situation by purchasing now and storing the

Farmers of Knox County can now sign up for ACP practices to be carried on in 1951.

insecticides on the farm. He urges farmers to purchase their minimum insecticide needs at this time or at least within the next few weeks. The insecticide manufacturers have limited storage space and when this space is completely filled they must cease operations. Farmers and distributors by taking delivery now can keep the insecticides moving and at the same time, help the storage and transportation situation.

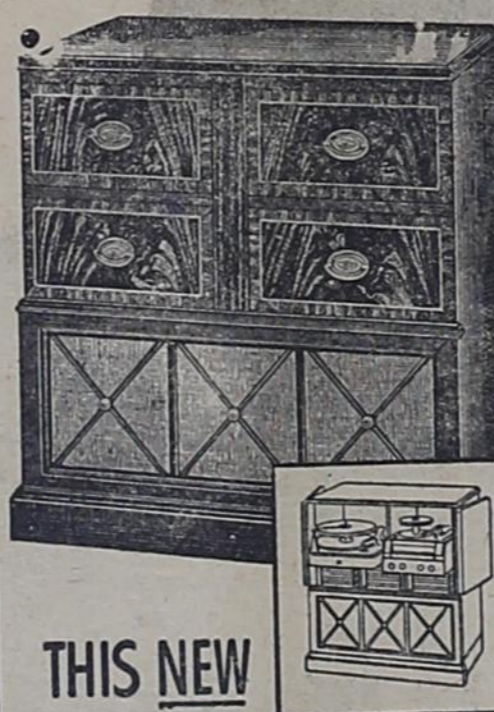

Gunter says that insecticides will cost no more now than they will cost no more now than they a possibility they may be cheaper. He says dusts and sprays can be stored safely on the farm. The dusts must be stored in a dry building and the spray containers should be stored where they will not be damaged from breakage. Both types of material can be stored safely for at least 12 months.

He says sprays will not freeze because of the emulsion they contain and that no cases have been reported that show that dusts or sprays have broken down when kept in storage for as long as a year. Most of the metal containers, he adds, have a special lining and unless this lining is broken, no trouble from leaky containers should occur.

He says the recommendations covering the use of insecticides for cotton insect control have not yet been made for 1951 but he has been assured that the standard formulas will not be changed.

It must be remembered that the basic chemicals used in the insecticide manufacturing process are also needed in connection with our national defense program and any change or changes in the present situation could quickly effect the supply of insecticides. Gunter points

Mrs. Ernest Spotanski and son of St. Louis, Ill., is visiting in the home of her parents, Mr. and Mrs. C. N. Smith, and other relatives here this week.

Mr. and Mrs. Lewis Warren of Abilene and Mrs. J. W. Medley of Haskell were visitors in the home of Mr. and Mrs. A. B. Warren over the week end.

Mr. and Mrs. Bill Ehlers visited in the home of his sister, Mr. and Mrs. H. E. Williams and family, in Stamford over the week end.

Mr. and Mrs. Joe Norton and son, Gary Wayne, of Wichita Falls visited with relatives and friends here last Friday.

Mr. and Mrs. E. E. King and son, John, visited Mr. King's father, W. L. King, in Archer City over the week end.

Mr. and Mrs. Clifton Mooney and children of Seymour, were visitors here over the week end.

out that officials in the U. S. D. A. are making every possible effort to see that adequate supplies of the standard insecticides are made available but changing national and international conditions will probably be the determining factor on the 1951 supply. He says cotton farmers should also get their spraying and dusting equipment repaired during the slack season and if new equipment is needed, now is a good time to buy.

Many problems are sure to arise in connection with the expanded cotton program and if they can be solved ahead of time or at least partially solved, production can be made more efficient and insect damage can be held to a minimum.

Cotton farmers are urged to purchase their minimum insecticide needs at this time or at least within the next few weeks. Farmers and distributors by taking delivery now can keep the insecticides and at the same time, help the storage and transportation

situation. Hauling and spreading barnyard fertilizer daily will prevent the nutrients from leaching out and being lost before it is hauled to the field or pasture for spreading.

## Knox Prairie Philosopher Says 12 Months Of School Won't Work; The Teachers' Minds Would Crack

Editor's note: The Knox Prairie Philosopher on his Johnson farm on Miller Creek is taking out of his territory this week, but it's his funeral, not his.

Editor: While I know about as much about education as you do about farming or the experts know about what Russia has in mind or the Russians know about what Stalin has in mind, was reading the other day in a newspaper I had saved to cut up and use for inner soles for my shoes where they're wearing rough but decided to put knowledge ahead of comfort, and board works better anyway, here there is some talk in some places of running the schools twelve months instead of a year of nine.

As I understand it, the nine-month school started in New England a couple of hundred

years ago, when school children was needed in the summer months to get in the hay, and the idea stayed with us, but some of these advanced educational experts are arguing the system is out of date, very few children bring in much hay now, no use lettin the school buildings stay idle a fourth of the time, keep the children in school the year-round.

As I say, I ain't no educational expert, which shouldn't be no secret by now, but I'm here to tell you it won't work. There ain't a school teacher alive who can put up with most children twelve months of the year. Break em down faster than a round-the-clock bomb attack.

After nine months of contendin' with children, the average teacher is lucky if she can stagger off and recuperate in the three remaining months in time to start again. As for the average parents, they're able to put up with their children only three months out of the year, not to mention nine, and if they can afford it half of the three months they send them off to camp or to visit relatives. Parents and children are fine, but in lots of cases they sure do get in each other's way.

But this is out of my line. Maybe I'd better stick to Johnson grass. You can let it run wild, too, same as children, but you don't get talked about near as much. Some times though, both crops turn out to make pretty good hay.

Yours faithfully,  
J. A.

Buy and store insecticides now for use on the 1951 cotton crop. They'll cost no more and possibly less than next spring and summer when you need them.

J. A.

Wounded Lew Ayres gets helped to the rear in this scene from "All Quiet On The Western Front."

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—"The wide advertising of antihistamines for the prevention of colds should not persuade people to place too much confidence in these drugs as a treatment for colds," Dr. Geo. W. Cox, State Health Officer, warns the citizens of Texas. "Those who decide to take any of the antihistamine pills should realize it is highly important for them to follow the directions.

"Regardless of the effectiveness of these new products it remains most desirable to take the ordinary precautions against contracting a cold—adequate sleep, clothing adapted to the weather, well balanced diet, moderate outdoor exercise and avoidance of unnecessary contacts with those already suffering with colds. Extra rest and the drinking of large amounts of fruit juice are still important aids to physical well being and cure if cold occurs.

"Unfavorable reactions such as dizziness, drowsiness, and temporary loss of muscle control sometimes occur after taking this drug. Everyone is strongly advised against driving

an automobile or working around machinery while taking the pills.

"Some readers of advertisements may get the idea that taking small doses of antihistamines every day will prevent colds. Such use of drugs should be discouraged. Antihistamines are still new and largely unproved drugs. Physicians have not yet determined what effect these products may have upon the human system if taken over a long period of time.

## Navy To Select 1,600 For College Training Corps

Annual competitive tests to select 1,600 applicants for the naval reserve officers' training corps college program will be held Dec. 9, Eighth Naval District headquarters has announced.

Application blanks are available at Navy recruiting offices and at NROTC units at Rice Institute, the University of Oklahoma, Tulane University and the University of New Mexico.

Male high school seniors and graduates between 17 and 21 may apply. Successful candidates

will get a four-year college education with tuition, books, normal fees and \$50 a month pay at one of the 52 major colleges and universities with NROTC units.

To qualify, applicants must meet physical and mental standards and pass an aptitude test. State boards will select outstanding candidates to meet quotas assigned to each state and territory, the Navy said.

They will enroll in the fall, 1951, term and will be deferred from draft until completion of their academic studies.

NROTC students participate in drills and summer cruises and must agree to serve two years on active duty after graduation and commissioning as ensigns in the naval reserve. At the end of the two-year period

they may apply for re-entrance as commissioned officers in the regular Navy.

## Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.\*

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

## New Knox County Jail Expected To Be Completed By December 1st

BENJAMIN, Nov. 7—Criminals had better give Benjamin a wide berth after December 1. However, if they contemplate spending months or years in jail—a luxurious one without sumptuous meals and Waldorf-Astoria service—they might give up to Sheriff H. T. Melton here.

The new Knox County jail is being rapidly completed—one of the finest and costliest in this region.

The new combination jail and sheriff's residence is costing approximately \$66,000. It will supplant a two-story red sandstone building that has been inefficiently serving prisoners for more than 50 years.

Knox County voters in an election January 7, 1950, authorized the construction of the jail, voting \$88,000 in bonds for its construction.

The general contract went to Chris Jones for \$27,787.53. The Carson Plumbing Company of Stamford got the plumbing contract for \$6,220, the Electric Co., of Quannah, the wiring job for \$1,743.20, and the Southern Steel Co. of San Antonio the cell blocks and jail equipment at a cost of \$27,950.

The structure is of buff brick, L-shaped. The sheriff's residence is at the front, with the cells in the rear, and a two or three-stall garage just to the south of the cell blocks.

It is hoped to have the structure finished by Dec. 1. The job has been interrupted by delay in arrival of brick. Now all ma-

terial is reported on hand. The cell department is the most modern. Even the roof of that part of the structure is of thick concrete. A long run-around for prisoners is in a U shape. H. T. Melton is sheriff. The new jail is on the west side of the court house square. The old jail is situated about a block west of the square.

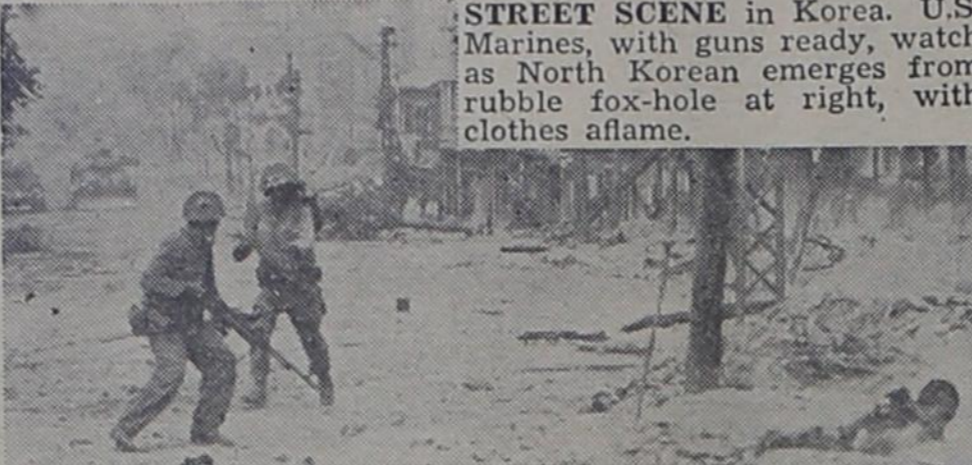

It is understood that the City of Benjamin will acquire the old jail upon completion of the new one, for a city hall, fire station and other uses. The second floor may be torn away and the steel material in cells used as a top mesh for a concrete roof.—Abilene Reporter-News.

The best dust cloth is a cotton cloth that will pick up dust—and hold it. To make one, use a one-half yard square of hemmed cheesecloth, medium grade. To one quart of boiling water, add one tablespoon of kerosene, and one tablespoon of turpentine. Keep this mixture in a closed container. After it cools, soak the cloth thoroughly in the solution, wring it out, and hang it up to dry. Wash when necessary and repeat the treatment.

Regardless of what clothing a man is purchasing, he should select each item with the idea of building a wardrobe that is right for his build, his type and his needs.

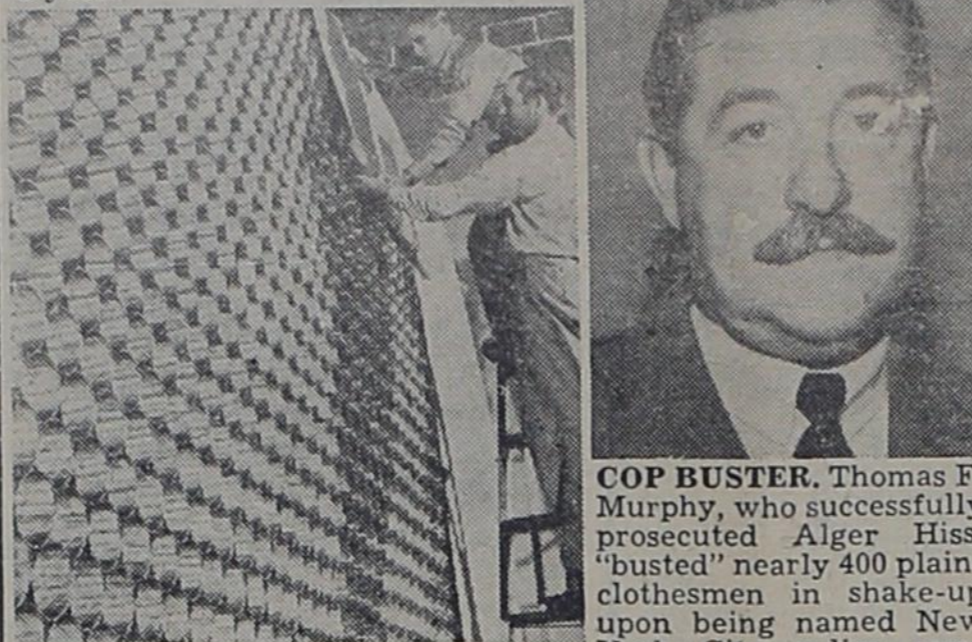

IT PAYS TO ADVERTISE

## People, Spots In The News

**STREET SCENE** in Korea. U.S. Marines, with guns ready, watch as North Korean emerges from rubble fox-hole at right, with clothes aflame.

**CAN-TAINERS.** Part of can industry's annual 30 billion output is shown at American Can Company plant. Average U.S. family opens average of 750 cans of food or non-food products a year.

**COP BUSTER.** Thomas F. Murphy, who successfully prosecuted Alger Hiss, "busted" nearly 400 plainclothesmen in shake-up upon being named New York City police commissioner.

**PET.** Marion Quenqui, 19, New Orleans medical student, has 6-months-old ocelot leopard for a pet. The kitty was brought from Barranquilla, Colombia, at age of three months and has been fully tamed.

### Thompson Named To Head Munday's Club At Abilene

ABILENE—Milton Thompson, son of Mr. and Mrs. C. M. Thompson, Sr., of Munday, was elected president of the Munday Club on the Hardin-Simmons university campus. Thompson, a freshman, is a ministerial student.

Other officers of the club are Burnedean Suggs, vice-president; Marguerite Hammett, secretary-treasurer; Newana Goolsby, social chairman; and Marilyn Edwards, reporter. Dr. Fred Fisher, chairman of the Bible department, is sponsor of the group. Two unexcused absences will disqualify a student from membership. Students from Knox City and Goree are eligible for club membership. Purpose of the club is to promote social gatherings, make Munday known to the student body, and to promote a Christian atmosphere on the campus.

#### BIRTH ANNOUNCEMENT

Mr. and Mrs. Lee Patterson are announcing the birth of a son, born Sunday, November 5. Mother and son are doing nicely.

The week of November 4-12 is National 4-H Achievement Week. America's 2,000,000 4-H members (approximate) will join together during the week to show to the world their 1950 accomplishments.

Fleshing, finish and pinfeathers or the lack of pinfeathers, are the important factors to consider when selecting quality turkeys.

Be careful. Observe state and local traffic laws.

### BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Community sing time is here again, and will be held in the First Christian Church, beginning at 2:30 p. m. Everyone has a cordial invitation to attend and help with the singing.

Mrs. Ella Thurnie, of San Angelo, visited in the home of Mr. and Mrs. Grady Hudson during the past week.

Miss Betty Barnett, spent the later part of last week visiting with friends in Jayton.

Mrs. Mattie E. Taylor, of Seymour, and Bobby Hudson, of Benjamin, spent Wednesday and Thursday of last week visiting relatives and friends in Seminole, Brownfield and Lubbock.

Mr. and Mrs. Frank Hill were in Mineral Wells Friday of last week on business.

Mrs. W. A. Barnett and Mrs. Wynelle Porter were in Goree and Munday, Saturday shopping and visiting with friends.

Mrs. E. B. Sams, Mrs. Oren Driver and Bobby Hudson were in Wichita Falls Saturday of last week shopping.

Mr. and Mrs. A. H. Sams, Jr. spent the week end in Fort Worth attending the T. C. U. Baylor football game, and visiting in the home of Mrs. Sam's mother, Mrs. Mabel Allen.

Miss Sue Moorhouse and Miss Jean Galloway, college students, were home for the week end.

Mr. Bill Townsend, of Portales, New Mexico, visited in the homes of Miss Elda Purl Laird, the Frank Moorhouses and other friends during this week.

Guests in the home of Mrs. Opal Harrison and girls, Sunday were Mr. and Mrs. Ervin Wamp-

ler and children of Ralls, Mr. and Mrs. W. A. Pierson of O'Brien, and Mr. and Mrs. Dee Powers and son, of Thalia.

A cottonseed mill established at Natchez, Miss., in 1834 was probably the first commercial undertaking to crush cottonseed on a large scale.

The highest yield reported in the Hill County corn production contest for 1950 was 85 bushels per acre.

### Too Late to Classify

Mr. and Mrs. Roy Bullington and Mrs. Robertson, visited friends and relatives in Weinert over the week end.

Mr. and Mrs. Michael Sloan of Borger spent the week end here with Mrs. Sloan's parents, Mr. and Mrs. A. H. Mitchell.

Mrs. Della Barnett and Mrs. Wynelle Porter of Benjamin visited Mrs. Barnett's niece, Mrs. Frank Nance, last Saturday.

J. E. Culver of Seymour was a business visitor here Wednesday of this week.

Drive carefully. The life you save may be your own!

## Kracker Krumbs—

(Continued from Page One)

So most of Munday's retail stores will be open for business. The town won't be closed, collectively speaking.

The question is up to the one who operates the business to decide. Some will close, some won't. Our guess is, though, you'll be able to buy most anything you want in Munday, come Saturday and Armistice Day.

Dr. D. C. Eiland and son, David, were business visitors in Abilene last Wednesday.

31 Different Cars Average

22

MILES PER GALLON ON

Mobilgas or Mobilgas Special

Here's proof of performance and economy with Mobilgas or Mobilgas Special: 31 standard cars, competing under AAA supervision in the Mobilgas Grand Canyon Economy Run, traversed a grueling 751-mile route. This covered the Mojave Desert and Death Valley; four mountain ranges as high as 7,005 feet; temperature ranging from tropic heat to Arctic cold; 335 miles of mountain roads; 61 miles of city driving, and 355 miles of fairly level highway. Top mileage: 26.55; average for all cars 22.07 miles per gallon!
