

Kracker Krumb's Odd Bits Salvaged At Random

A millyun dollars to apply on your debts "jist as fur as it would go." Wouldn't that be just wonderful?

Or a portion of it to complete Munday's needs for worthwhile fund-raising moves that are under way. That would be fine, too, if everything went over as they should and without disappointments.

Monday night we sat in, and took some small part in, three fund-raising discussions.

First was a meeting of the Methodist Board of Stewards, where a discussion was held in regard to the final campaign for raising funds for the splendid new church building.

Leaders in the movement said they had no doubt about the money coming in from Methodists who want to see the new building completed and dedicated free of debt on its opening day.

To those whom the work has seemed to progress rather slowly, came a word of encouragement.

A discussion was held regarding a Laymen's Day service, which comes next February 25, and a member voiced a guarantee that Methodists would worship in their new church on that day.

The building will soon be "closed up"—which means that the walls, doors and windows roof will be on. Then, they said, there'll be a crew placed on the inside to do the plaster work and final decorating, etc., that will finish the job in short order.

And this financial drive is getting along, and gaining headway.

Next, we came to the C. D. A. meeting—this being the second meeting we were scheduled to attend that night.

There was a discussion of a forthcoming Christmas program to be sponsored by the local merchants—a program designed to have people coming to Munday each day during Christmas week to see Santa Claus and join in on other festivities.

This program would require financing in the amount of around \$1,500, and a method of doing this just about stumped the directors.

Chances are the program will be worked out this week, with the C. D. A. going on record to finance around \$500 of the expense.

Then there came the discussion of the Boy Scout investment drive, which got under way Tuesday morning.

And here we enter an apology for lapse in memory!

This drive got under way with a "kick-off" breakfast at the First Baptist Church fellowship hall at seven o'clock Tuesday morning.

We were invited and were supposed to attend the breakfast. Fred Broach, Jr., is head of the drive for the Munday area, and he wanted a good group for the breakfast.

Morning came and our alarm went off and aroused us from a peaceful and restful slumber. Sleeping is always best just when the alarm goes off.

We went about our usual preparations for the day, enjoyed our usual breakfast at home, and headed for the office.

As we passed Fred's place of business on our way to the office, we thought of the 7 o'clock breakfast which was almost over by that time.

But the drive got under way without us, except for our part in the preliminary work, and reports are that it'll be over with

Olney To Play Arlington At TCU Stadium

Two teams rated as the most explosive in Class A football, will match wits at TCU Stadium in Fort Worth Friday night when the Olney Cubs and Arlington Colts tangle in a second-round contest in the state play-off.

Officials of the two teams conferred last Friday night after Olney had trounced Albany, 34-12, in bi-district play. Albany was winner of the 9-A district.

A flip of the coin decided the playoff sit after the Arlington delegation held out for a Fort Worth field and Olney officials mentioned Graham as a neutral site. The Arlington coach and superintendent maintained that the expected crowd of 8,000 could not be accommodated comfortably at a field convenient to both schools, other than in Fort Worth.

Tickets went on sale Monday in Arlington, Olney and Fort Worth. No reserved seat tickets are being sold. General admission seats are \$1, while students will be admitted for 50 cents.

West Texas CC Adopts Vigorous Work Program

ABILENE—A vigorous program of work for the West Texas Chamber of Commerce covering projects and services at regional and local community levels was adopted in tentative form with a tentative budget for 1951 of \$101,800 in a meeting of the executive board of that organization in Abilene on November 20, according to an announcement by E. P. Bludworth of Brownwood, WTCC president.

The tentative program of work provides for departmentalized operations including industrial, agricultural, publicity and tourist promotion, taxation and legislative services, water program, membership, community services, public relations, traffic and transportation and other phases of regional work. It is planned that the tentative program will be submitted to the entire board of directors of WTCC and to local affiliated chambers for suggestions, additions, and criticisms.

The addition of two staff workers was approved and the use of services of technical consultants was also approved. The board also approved the appointment of J. S. Bridwell of Wichita Falls and Jerry Debenport of Odessa as directors-at-large.

Those present for the meeting in addition to Bludworth, were: District Vice-Presidents E. L. Buelow, San Angelo; Frank S. Roberts, Breckenridge; Roy S. Bourland, Pampa; Charnell Jobe, Lamesa; Directors-at-Large Henry Teubel, Tulla; Frank H. Kelley, Colorado City; Jerry Debenport, Odessa; local director, Percy B. Ralls; Fred Husbands, WTCC executive vice-president and general manager, H. E. Nix, WTCC assistant manager and Raymond Lee Johns, manager of the Plainview branch office.

ATTEND RELATIVE'S FUNERAL AT PLAINVIEW

Mr. and Mrs. Louis Cartwright returned home Sunday from Plainview, where they attended the funeral of Mrs. Cartwright's sister, Mrs. F. B. Hoefler.

Mrs. Hoefler passed away at the home of her daughter, Mrs. Gerald Green, on Thursday, November 23. Funeral services were held from the Baptist church in Plainview on November 25.

CHARLES A. PRUITT AWAITS ASSIGNMENT

Charles A. Pruitt of Munday has completed processing at Fort Sam Houston's reception center and is awaiting further assignment.

Pruitt, son of Mrs. W. J. Harris of Munday, has seen two years of previous service, having served in Japan.

Celebrates 80th Birthday

Mrs. A. J. V. Johnson, above, celebrated her 80th birthday on November 2 in the home of her daughter and family, Mr. and Mrs. W. B. Hudson of Knox City. Mrs. Johnson is one of Knox County's beloved pioneers, having lived here since 1890, and on her place three miles northwest of Munday since March, 1891, when she and "Uncle Andy" were married. Mrs. Johnson is in very good

health, enjoys talking with old friends about old times, and is always ready to go. Most of all, she enjoys helping those who who are less fortunate than she. Helping her to celebrate her birthday were: Mr. and Mrs. W. B. Johnson and son, Don; Mr. and Mrs. E. Y. Johnson and Wanna LaRue and Pennie, Mrs. Allie Campbell, Mr. and Mrs. Joe Lane and sons and Mr. and Mrs. Jean Chandler and son, all of Munday.

Children Invited To Write Letters To Santa Claus

Three youngsters, Jerry Bowden of Munday and Kenneth and Shirley Struck of Goree, are making sure old Santa Claus gets their letters in plenty of time. Their letters to Santa, sent in care of the Munday Times, were received last week. The Times invites all children of this area to write their letters to Santa Claus, sending them in care of the Times. These will be printed in our Christmas issue and forwarded on to Santa in time for him to get them before Christmas.

Write your letters, now, kiddies. You'll want them printed in our issue just before Christmas.

Knox City 6-Man Gridders Hosts For Regional Battle

The Knox City Greyhounds will be bidding for the highest honors in six-man football—the regional championship—when they are hosts to the Elysian Fields Yellowjackets on Thursday night at Knox City.

The Knox City team, undefeated in conference play, champions of District 13 and winner over Harold last week in bi-district play, lost only one game during the regular eight games season. The Greyhounds coached by David Slaughter, have lost only three games in their last 48, and have won the district championship three times, shared it once and won bi-district honors three times.

Elysian Fields, near Marshall, is champion of Districts 16 and 14, having defeated Allen in the bi-district game last week. The team has won eight games and lost two this season. The game is called for 7:30 p. m. Thursday.

OSCAR SPANN HAS MAJOR OPERATION

Oscar Spann entered the Baylor Hospital in Dallas last Saturday, where he submitted to a major spinal operation last Tuesday morning.

Relatives here received the report that he withstood the operation fine, but his general condition was not known at that time.

Mr. and Mrs. Delbert Montgomery visited in the home of his parents, Mr. and Mrs. H. M. Montgomery, in Morton over the week end.

AGGIE DANCE

The H. J. S. K. A. & M. Club is sponsoring a Thanksgiving dance on Friday, December 1, at 8 p. m. at the Stamford Country Club. All Ex-Aggies are cordially invited to attend.

Last Rites For Mrs. Alice Bell Held Monday

Mrs. Alice E. Bell, 79-year-old resident of Munday, passed away last Sunday at the Knox County Hospital, where she had been taken for treatment. She had been in failing health for some time.

Born in Mississippi on December 19, 1870, Mrs. Bell was 79 years, 11 months and 7 days of age. She had been making her home of her son-in-law and daughter, Mr. and Mrs. W. E. Sherrod of Munday.

Surviving her are the daughter, Mrs. Sherrod; a foster son, Willard F. Steels of Phoenix, Ariz.; a granddaughter, Mrs. W. O. McBrayer, and a great grand daughter.

Funeral services were held from the First Baptist Church in Munday at three o'clock last Monday afternoon, being conducted by Rev. R. L. Butler, pastor of the Munday Methodist Church, who was assisted by Rev. T. M. McBrayer of Happy, Texas, and Rev. Huron A. Polnac, pastor of the Munday Baptist Church. The body laid in state at the church from 2 to 3 p. m.

Burial was in the Johnson Memorial Cemetery with the Mahan Funeral Home in charge of arrangements.

Pallbearers were A. J. Beaty, Melvin E. Strickland, Ray Hol-Spelce and Chan Hughes.

She had been a resident of Munday since 1906, and a member of the Methodist church for many years. Her fine Christian character had enriched the lives of many with whom she came in contact.

Texas Boy Is 4-H Winner In Chicago Show

A Texas youth was one of the winners in the 4-H meat animal program at the Chicago show, it was announced this week.

The farm organization announced the award of \$300 scholarships to each of four national winners in the 4-H meat animal program. Free trips to the current 4-H Club contests were granted to eight members in the dairy food demonstration contest.

Winners in the meat animal division were Mangam Pippin, 17, of Albany, Ga.; Arlos R. Rusk, 18, Wellington, Kans.; Perry A. Walker, 20, Big Spring, Texas, and Robert Henry Keith, 20, Dalton, Wis.

Walker, with 64 ribbons won at county and state fairs, concentrated on beef cattle, handling 189 animals.

KNOX CITY STUDY CLUB TO SPONSOR BOOK REVIEW ON SATURDAY

The Knox City Study Club and the 1945 Study Club of Knox City are sponsoring a book review by Evelyn Oppenheimer through the courtesy of Sanger Bros., Dallas, on Saturday, December 2, at 3 p. m. at the Methodist Church in Knox City.

Miss Oppenheimer will review "Pathway To the Stars," and all members of the women's clubs in Munday and other guests are cordially invited to attend.

Be careful. Observe state and local traffic laws.

Bulk of Cotton Crop Harvested In County

Insect Damage Heavy In Texas

According to a preliminary, unofficial estimate by the National Cotton Council, cotton insect damage in Texas amounted to \$107,036,000.

Over the Cotton Belt in two years the boll weevil and other marauders have stolen more than a billion dollars from cotton farmers. They exacted a toll of \$598,565,000 in 1950. This loss has been equalled only once and that was in 1949 when damage was nearly \$618 million.

Losses to the boll weevil, pink bollworm and other pests in Texas during the last two years totaled nearly \$1000 per cotton farm. Think what this much more money would have meant to each family in the state and to those with whom these families trade.

Cold figures may not impress us but children do. All too frequently that's what these losses may mean—that some Texas boys and girls will be without new shoes and warm clothing this winter and that some Christmas stockings will hang a lot lighter.

The fourth annual Cotton Insect Control Conference is being sponsored by the Cotton Council in Memphis, December 7-8, to consider the problem of reducing pest losses. This fight deserves the support of all of us in cotton growing areas.

Wood Speaks At C.D.A. Meeting

James G. Wood, who is in charge of the Munday office of the Department of Public Welfare serving Knox and Foard counties, was guest speaker at the regular meeting of the Community Development Association on Wednesday of last week.

Mr. Wood gave an interesting account of the work being done by the department in these two counties. He also gave a brief history of the department and some statistics on the amount of money dispersed in these two counties through the old age assistance, aid to dependent children and aid to needy blind.

Around 35 people were present to enjoy the delicious Thanksgiving dinner served by the ladies and to hear this interesting talk.

Visitors in the home of Mr. and Mrs. Troy Lindsey Thanksgiving day were: Mr. and Mrs. G. L. Cole and Barbara of Cortez, Colo., Mr. and Mrs. Gilbert Green and Carol of Wichita Falls, Mr. and Mrs. J. H. Letcher of Colorado City, Mr. and Mrs. L. E. Lain and children of Lorenzo, Mr. and Mrs. C. W. Gollehon and son, Tommy; Mr. and Mrs. J. L. Blackard and children, Mr. and Mrs. J. C. Gollehon, Mr. and Mrs. W. L. Pierce and children and Mrs. L. B. Snelson, all of Munday.

Misses Gwyna Lee Smith, Charlotte Williams and Carolyn Hannah attended the Baylor and S. M. U. football game in Dallas Saturday.

Although Munday's gins continue to run steady, both day and night, the bulk of Knox County's 1950 cotton crop has been gathered, according to estimates of those who have been keeping up with harvest activities.

It is estimated locally that around 90 percent of the cotton has been gathered and brought to the gins, and some state that with continued dry weather, the crop will be almost gathered by this week end.

The weatherman seems to promise nothing but dry, cotton free days, while everyone—wheat and cotton farmers alike—are ready for rains to break the long dry spell.

Scarcely any rain has fallen in this area since cotton gathering got under way.

A survey of the gins at Munday at five o'clock Wednesday afternoon showed that a total of 9,560 bales have been ginned from the 1950 cotton crop. It is predicted that local gins will not run less than 1,500 bales during the remainder of the season.

A report from the local gins on December 1, 1949, showed a total of 15,708 bales ginned to that date last year.

Finance Drive For Boy Scouts Opened Tuesday

Tuesday morning at 7 o'clock a "kickoff" breakfast was held at the fellowship hall of the First Baptist Church, which opened the local 1951 finance drive for Boy Scouts of America.

Attending the breakfast was the drive committee, headed by Fred Broach, Jr., captains and workers, with members of local Boy Scout Troop No. 76 as guests.

Spt. W. C. Cox gave an address on "Scouting In Relation to the Educational Program," captains and workers then which was very interesting. They "paired off" and started the drive.

By the end of the day "investments in Boy Scouts" had amounted to \$1,005.

The move is continuing a few days longer, and those who have not made an investment in American youth are urged to do so this week.

DESIGNATES SUNDAY AS DAY FOR PEACE PRAYERS

R. C. Spinks, mayor of the City of Goree, has announced that Sunday, December 2, has been designated as a "Day of Prayer for Peace" for the people of Goree.

He calls upon all Christian people of the area to observe this day with fervent prayers that peace may soon be restored to the world.

Jim Proffitt and son, Jac, were called to Irving last week to the bedside of Mrs. Proffitt's grandson, Kenney Collander, who is now somewhat improved. He is the son of the former Inez Proffitt.

Mr. and Mrs. Jimmy Frazier and son, James Keel, of Baytown came in Wednesday for a few days' visit with Mrs. Frazier's parents and sister, Mr. and Mrs. J. J. Keel and Miss Leona Keel.

New Savings Bonds National Poster

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives on and On."

The Munday Times

Published Every Thursday at Munday
 Aaron Edgar and Grady Roberts . . . Owners
 Aaron Edgar . . . Editor and Publisher
 Entered as second class matter January 4,
 1919, at the postoffice in Munday, Texas, under
 Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

INTERNATIONAL FALLS, MINN., DAILY JOURNAL: "Some top men in government seem committed to increased spending. Their idea is to continue a policy of reckless expenditures, and simply pile the emergency military spending on top of the heap."

TELLURIDE, COLO., TRIBUNE: "Government is curtailing building of almost every kind. Suppose it will be a prelude to a huge government housing project within the next year or so. Doctors are also being drafted in large numbers. No one wants the armed forces to be without the best medical care, but a false shortage of civilian doctors would probably soften the public up and make them most receptive to socialized medicine."

ELWOOD, INDIANA, CALL-LEADER: "The man who thinks he pays no taxes because he owns no property and his income is under the taxable earnings of the income tax does buy shoes. And he does buy clothing on which there is a six-cent tax for every dollar he spends for a suit. If the man rents he may think that the \$40 he pays in rent is not taxes, but if his landlord were not so heavily taxed that man might be getting his rent for \$25 or \$30."

SPRINGFIELD, MISSOURI, UNION LABOR RECORD: "We need a program which can continue for many years without undermining the incentives that make our economy dynamic. Production guidance should be accomplished by voluntary policies and controls . . . thus avoiding a strait-jacket which would destroy freedom."

THE WASTE GOES ON

Fire prevention is important at any time. It is especially important in a time of emergency, such as the present, when there is a heavy demand for manpower and materials of all kinds, and when waste is a serious drain on the energies of the nation.

The organized war against fire has increased

COTTON IN COMBAT

When a U. S. Marine gets ready for action, he calls on King Cotton for his combat outfit. This Marine, dressed for combat, requires more than a dozen items of cotton for his uniform and equipment — his helmet liner and chin strap, fatigue jacket, trousers, canvas leggings, cartridge belt, undershirt, shorts, shoe laces, canvas shelter half, canvas pack, carrier strap for the pack, change of underclothing in his pack, and first aid bandages, tape, and absorbent cotton in his pack.

in intensity. The experts are doing all they can to reduce the toll. But, unfortunately, the waste is continuing at a high and disgraceful rate. In the 12 months which ended September 30, for example, direct fire loss was more than \$685,000,000—an increase of about two per cent over the preceding 12 months. This can only be a reflection of the public's failure to learn and apply the simple rules of fire prevention.

One tragedy of fire is that prevention, with few exceptions, is easy. It is estimated that less than 10 percent of our fires are truly unavoidable. All the rest are caused by human failure of one kind or another. And the most common failures are plain carelessness and indifference.

The individual's principal fire prevention job lies in his home. Most home fires arise from the simplest of causes. Carelessness with smoking materials—improper storage of paints and solvents and other flammables—accumulations of old clothes, paper and trash—defective heating and electrical equipment—these are fire's most potent allies. Yet all of them can be easily and inexpensively eliminated.

Prevent fire—in your own interest, and in the interest of your country.

THE BEST ADVERTISEMENT

It can be fairly said that the principal aim of the typical retailer in this country is to give you the most possible for your money—in goods, services, or other values.

The retailer doesn't do this as a matter of charity. He isn't running an eleemosynary institution. He, like everyone else, is making a profit. But he knows that he must give the customer full value—and that if he doesn't the customer will soon make tracks past his store and take his trade down the street. In other words, competition forces him to give the customer the right kind of break.

Retailing, as anyone can see, is one of the most competitive of all businesses. The biggest chain system on earth, for instance, hasn't a monopoly on anything. It must compete every working day with thousands of other stores, of all kinds and sizes. And the biggest store in the world, if it fails in the job of pleasing and satisfying the customer, will go to the wall eventually.

Here is one of the big reasons for our American standard of living. Competition holds prices to the lowest possible level—and so our dollars go farther than they would otherwise. Competition forces all producers and distributors to work harder to please us—and so we have the widest possible selection of goods to choose from when we go shopping. In the free market, the consumer is always the dominant factor. His desires and fancies can make or break any business.

Retailing is the best advertisement the free enterprise system has.

High Honors for Texas 4-H'ers

HIGH HONORS were accorded 4-H'ers recently for having the best records in the 1950 National 4-H Dress Revue, Canning, Safety and Poultry programs. Their awards--trips to the National 4-H Club Congress, Chicago, Nov. 26-30, were provided by the program sponsors. Highlights of their club careers are told below.

4-H means "No Accidents" to Earl Lloyd West, 14, of Memphis, Farm and Home Safety champion. His efforts to make home and farm out a safer place in which to live and work, won for Earl the General Motors trip award. Probably the most ingenious of his safety gadgets is a staff with a snap at one end, which enables him to catch an escaped bull without entering the corral. Earl also built a small door in the corral fence which enables him to water the bull without entering the stall. Repairing gates, fences, and machinery, as well as checking fire hazards inside and out, have made his farm home a model for safety. Through many radio and public speeches, he has carried the cam-

Earl Lloyd West

Geraldine Campbell

Fred Fiebrich, Jr.

Ivy Kastner

paigned for safety to the community. During four years in 4-H, Earl followed safety rules in carrying out all of his projects. His exemplary record includes two years each as leader and president of his local club.

From the original design to the finished garment has proved both fascinating and rewarding to Geraldine Campbell, 15, of Graham, who was judged winner in the Dress Revue program. Her dark green cotton pima cloth dress is made on simple lines. The cuffs, pockets and belt are tucked to add interest. To complete her costume she wears toast colored calf shoes, straw bag and string gloves. Geraldine has been president of her 4-H Club for two years. In recognition of her abilities, Simplicity Pattern Co. sent Geraldine to the Club Congress--all expenses paid.

Fred Fiebrich, Jr., 16, of Red

Rock, has been in club work seven years and completed 23 projects. He always liked to raise chickens, and concentrated especially on this project. Learning the newest methods and practices for poultry and egg production enabled Fred to raise a flock of 600 birds. As his father works for the highway department Fred does the farming of 17 acres. He raises all of the corn and hegarri which is fed to his chickens and his mother's turkeys. He buys only growing and laying mash. Traveling 17 miles by bus to school every day, he has to make every hour count. Fred is president and leader of his 4-H club, and has also won letters in school athletics. Fred's trip was provided by Dearborn Motors.

Long range food preservation plans won for Ivy Kastner, 16, of McDade, high honors in the Canning Achievement program. A 4-H'er for six years, she has completed 32 projects, and canning has been her favorite. Because she learned how to select and preserve fruits, vegetables, poultry and meat produced on the farm, Ivy has been able to reduce the family food bill considerably. Use of home-canned food also provided well balanced meals the year round. From the garden Ivy helps plan, plant and care for, she has canned 1,960 jars of fruits and vegetables. The young homemaker has made 60 canning exhibits, winning many honors. She serves her local club as Junior Leader and is vice-president for the County 4-H organization. For her fine record, Kerr Glass Mfg. Co. provided Ivy's trip to Chicago.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperation.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

AUSTIN—Among the most frequent causes of sinus trouble are infections of the nose and throat like the common cold, influenza, measles, scarlet fever, whooping cough, and diphtheria, says Dr. Geo. W. Cox, State Health Officer. Exposure and chilling the skin, poor diet, fatigue, allergies, infected teeth or tonsils, enlarged adenoids or other nasal obstructions also may cause sinus infections.

Blowing the nose violently, diving or swimming with the nose under water may force infectious material into the sinuses. Frequent use of sprays, oils and antiseptics in the nose may injure the mucous membrane and bring on sinus infection.

General resistance to sinus infection can be built up by observing the rules for good physical and mental health. Get plenty of rest, good food and exercise. Protect your body from sudden changes in temperature and from exposure to extreme cold or heat. Don't expose yourself to infections, since

Wood County Corn Contest Gets Results

Northeast Texas farmers produced remarkable yields of corn in 1950, as compared to the average annual yield for that section of the state.

Ten farmers who entered the Wood County Veterans Vocational School corn growing contests had yields of more than 100 bushels per acre. County Agent E. A. Spacek submitted the results of this veterans contest as entries in the 1950 Texas Hybrid Seed Corn Contest, according to E. A. Miller, agronomist for the Texas A. & M. Extension Service, who received a copy of the results.

Clarence Bridges of Quitman was high producer with a yield

nose, throat and chest are often forerunners of sinus trouble.

Rest in bed and medical care for respiratory ailments are wise precautions against complications.

A stuffy nose is not necessarily a symptom of sinus infection; he may give you medicines to relieve the situation. But you should use nose drops, inhalants and salves only if your doctor recommends them.

of 131.56 bushels per acre. He obtained it with Texas Hybrid No. 24 after preparing the soil with 100 pounds of 5-10-5 fertilizer and side dressing with 375 pounds of ammonium nitrate. Bridges' cost of production was 21 cents per bushel.

Six Texas corn hybrids—Nos. 12, 18, 20, 24, 26 and 28—were represented in the entries that were submitted to the state contest from Wood County.

Harvey L. Davis of Winnsboro obtained the most economical yield in the Wood County veterans contest. He produced 112-

03 bushels of corn per acre at a cost of seven and one-half cents a bushel. Twenty-two cents a bushel was the highest cost of production reported in the results submitted to the state contest.

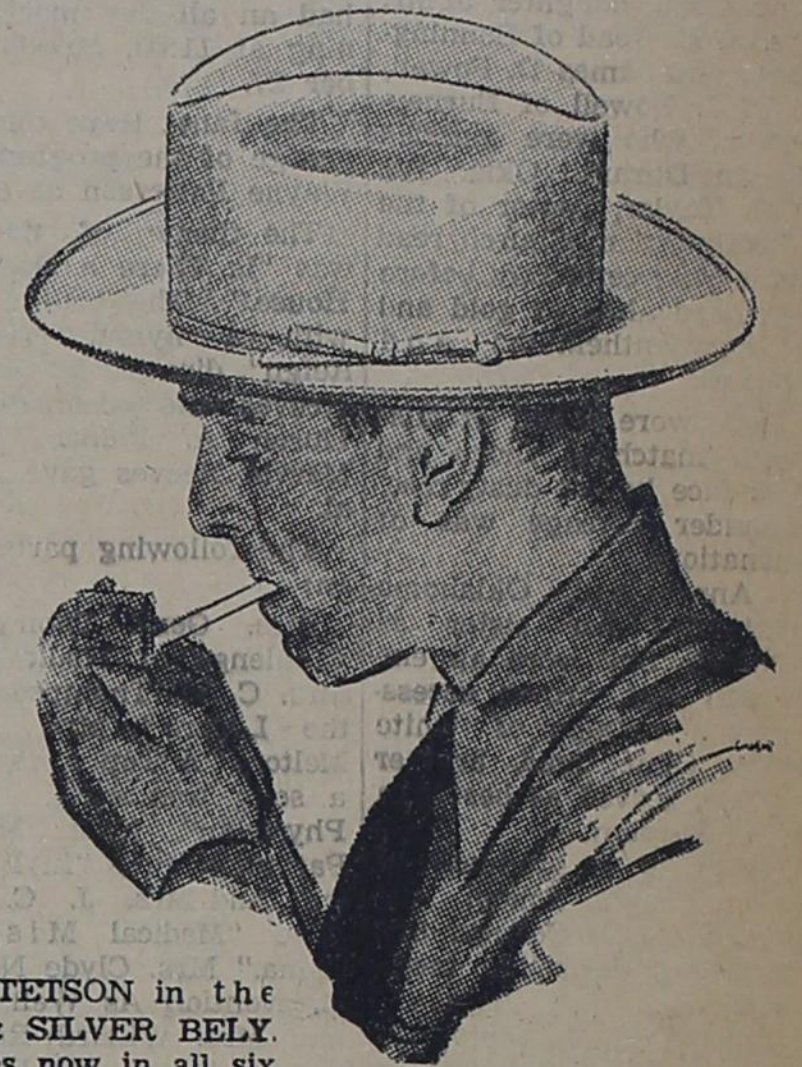

In addition to the above results, which were from a program strictly for veterans, Spacek also submitted to the state contest an outstanding yield obtained by a Wood County negro 4-H club boy. Marvin W. Waddleton, Jr., 4-H club boy of Hawkins, produced exactly 130 bushels of Texas Hybrid No. 26

per acre. Young Waddleton used 600 pounds of 5-10-5 fertilizer per acre and side dressed with 200 pounds of ammonium nitrate.

Make every day in 1950 a safe day on your farm.

TRUCKERS SAY IT Outworks Them All

NEW faster service anywhere in U. S.

Exclusive rapid road service for GMC owners--call Western Union Operator 25 for name of nearest GMC approved service

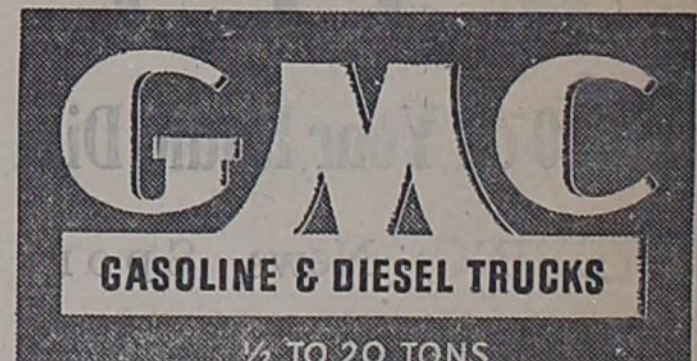

In these uncertain days it's wise to buy a rugged truck that can roll with the punches for years to come. Big fleet operators who keep careful check on all makes of trucks tell us that GMC's are consistent standouts for long life with minimum maintenance.

That goes for all GMC's from 1/2-ton models up. Many GMC Diesel truck-tractors are still highballing loads with more than a million miles of over-the-road service behind them.

The reason is--every GMC is all truck! Every GMC is designed by truck engineers for truck service with 100% truck-built parts. You get a real truck engine with high horsepower and

higher sustained torque--more pull--an engine that delivers full power without eating its heart out!

There are many other extra-value reasons why a GMC is your best buy for the long haul. We'll be glad to give you proof!

Get a real truck!

LIGHT • MEDIUM • HEAVY MODELS • Made in widest variety of engine-body-chassis combinations to fit every trucking need

Miss Lou Goad, And J. D. Powell Marry Recently

Announcement was made here this week of the marriage of Miss Lou Goad, daughter of Mr. and Mrs. E. P. Goad of Bennington, Okla., and James D. Powell, son of T. J. Powell of Burneyville, Okla., who were married recently in Durant, Okla. Dr. Frank M. Taylor, pastor of the First Presbyterian Church, read the double ring ceremony before an improvised altar of gold and orchid chrysanthemums and white tapers.

The bride wore a suit of mist grey with matching shoes and an off-the-face hat of dusty rose. Her shoulder corsage was of pink carnations.

Miss Ann Goad, Oklahoma City, attended her sister as maid-of-honor. She wore an emerald green suit, brown accessories and a corsage of white carnations. Clint Goad, brother of the bride, served as best man for the bridegroom.

The bride is a graduate of Bennington High School and Southeastern State College. She is a member of the school faculty at Hickory.

Mr. Powell is a senior at Southeastern State College. He is a veteran of World War II, having served more than three years in the navy aboard the USS Nevada. He is a brother of Tommy Powell of Munday, foster son of Mr. and Mrs. Will Spelce.

Wesleyan Service Guild Meets In Moore Home

Members of the Wesleyan Service Guild met last Monday evening at 7:30 o'clock in the home of Mrs. W. R. Moore, Jr., with Mrs. E. S. Ponder as co-hostess.

Mrs. Joe Bailey King had charge of the program, which opened with prayer led by Mrs. Lee Haymes. Miss Ruth Baker gave the scripture reading, and Mrs. H. R. Hicks gave a report on her trip to Sweetwater. Refreshments were served to Meses. H. R. Hicks, Levi Bowden, Weldon Smith, A. H. Mitchell, Lee Haymes, J. W. Massey, Bill Gaither, H. H. Bledsoe, Joe B. King, I. V. Cook, C. P. Baker, Misses Merle Dingus, Florence Gaines, and Ruth Baker, and the hostesses.

The next meeting will be on December 11, at which time the Christmas dinner will be held in the home of Mrs. C. P. Baker. Each member is to bring a gift for the guild's orphan girl, Sherrill Jeanne Johnson.

Baptist W. M. S. Holds All-Day Meeting Monday

The Woman's Missionary Union of the First Baptist Church had an all day meeting, beginning at 11:00, Monday, November 27.

The Janet Raye Circle was in charge of the program with Mrs. Wayne Patterson as director.

The theme of the program was "Is There a Doctor in the House." The program opened with a hymn, "Jesus Shall Reign", directed by Mrs. Willard Reeves and accompanied by Mrs. Huron A. Poinac. Next Mrs. Marvin Reeves gave a devotional.

The following parts were given:

Mrs. Gene Thompson "The Challenge of Medical Mission," Mrs. C. M. Thompson, "Cleanse the Lepers," Mrs. John Earl Melton, "A Top Appendix", then a song was sung, "The Great Physician". Next Mrs. Lloyd Patterson gave "In Latin America", and Mrs. J. C. Campbell gave "Medical Missions in China." Mrs. Clyde Nelson gave "Prevention As Well As Cure", and Mrs. Willard Reeves sang a solo, "Open My Eyes That I May See," followed by a season of prayers by Mrs. J. O. Bowden and Mrs. Jim Reeves.

Lunch was served at 12 and a business meeting was held at 1:00.

Roxy Theatre, Sunday and Monday

Fast on the Draw—Gary Cooper (r.) and Steve Cochran duel to the death in Warner Bros.' Technicolor drama, "Dallas," in which they are co-starred with Ruth Roman.

Goree Bible Class Meets On Monday With Mrs. Jameson

The Goree Bible Class met last Monday night in the home of Mrs. Tiny Jameson.

The president presided during the business session. Mrs. E. F. Heard led the group in singing, "Softly Now the Light of Day." "It Is a Good Thing to Give Thanks to the Lord" was the theme of the devotional by Mrs. Barton Carl. Rev. S. Y. Allgood concluded the study of the book of Revelations, which has been most interesting, the great theme being "Fidelity to Christ."

Refreshments were served to the following: Meses. S. Y. Allgood, Billie Hutchens, Barton Carl, Mack Tynes, Buster Coffman, E. F. Heard, Reuben Bates, Rev. Allgood, Cheryl and Becky Jameson and the hostess. The next meeting will be in the home of Mrs. Reuben Bates on December 4. Visitors and new members are welcome.

Munday Study Club Holds Its Regular Meeting Friday

Mrs. Levi Bowden was hostess when the Munday Study Club met in the club house at four o'clock on November 24.

Mrs. A. A. Smith, Jr., was director of the program. The topic for discussion was "Education." Mrs. Smith told "How the World Gathers Its News", and Mrs. Hugh Beaty gave a talk on "Your Stake in World Peace."

Drive carefully—the life you save may be your own!

Activities Of The Colored People

Dunbar School would like to take this method of saying "Thank you, very much" to Mrs. G. R. Eiland for so many nice magazines.

Last Tuesday night, our repeat box supper went over in a big way. Receipts for the evening were \$11.71. We were able to order our health chart, and expect it in a few days.

We are looking for as many parents as possible Thursday night in our regular P.T. A. meeting. It is almost Christmas, and we want to complete plans for the tree and program on December 20.

Mrs. Ella Cloudis, Mr. and Mrs. H. M. Barnes and children, and B. D. Cloudis, all of Abilene, were visitors in the home of Mr. and Mrs. Jack Cloudis and family, ove the htrodi mfwyp fwyp ily over the holidays.

Miss Wynell Albus, who is attending Draughon's Business College in Wichita Falls, spent the Thanksgiving holidays with her parents, Mr. and Mrs. P. W. Albus, and other relatives and friends.

Mr. and Mrs. E. W. White of Seymour and Mr. and Mrs. John F. Nixon of Munday visited in the home of Dr. and Mrs. A. S. Gaffard and Judy and other relatives in Brownwood Thanksgiving day.

Billy Joe Hensley and Misses Jimmie Hensley and Jo Ann Whittemore, visited in the home of Mr. and Mrs. L. E. Hensley and family in Bonham over the holidays.

Christmas Seals Will Aid In Fight On Tuberculosis

Asserting that progress has already been made in tuberculosis control "is proof that further progress can be made with the continued cooperative effort of the American people," President Truman has expressed the hope that Americans will be generous this holiday season in their purchase of Christmas Seals, which support the work of the National Tuberculosis Association and its affiliated state and county associations.

The following is the full text of the President's statement regarding the 1950 Christmas Seal Sale now being conducted throughout the nation:

Tuberculosis has taken the lives of more than 5,000,000 Americans in the past 50 years.

Tragic as this picture is, it would have been worse if the American people had not banded together to fight tuberculosis. They formed the National Tuberculosis Association in 1904 and launched a nationwide campaign against this disease. Since then, the TB death rate has been cut 85 percent. Yet I am informed that tuberculosis today leads all diseases as a cause of death in the age group from 15 to 35.

The progress already made is proof that further progress can be made and will be made, with the continued cooperative effort of the American people. One way of showing we are behind the anti-tuberculosis campaign is to use Christmas Seals, sold annually to support the work of the NTA and the 3,000 state and local voluntary associations now affiliated with it.

First sold in this country in 1907, the Christmas Seal has become a symbol of the people's fight to eradicate tuberculosis. To hasten that day, I hope the American people will be generous this holiday season in their purchase of Christmas Seals.

Mr. and Mrs. Lloyd Bowden, Jimmy and Ronnie McCamey, visited in the home of Mr. and Mrs. J. B. Bowden, and other relatives, over the Thanksgiving holidays.

Misses Mary Lou and Ann Nelson, who are attending N. T. S. C. in Denton, visited in the home of their parents, Mr. and Mrs. Clyde Nelson, over the holidays.

Mr. and Mrs. W. A. Harris and Mrs. Paul Brogden attended the funeral of Mrs. G. W. May in Rule last Friday.

Mr. and Mrs. Vernon Lloyd Teaff visited Mr. Teaff's brother, Royce Teaff, in Bula, over the holiday.

Mr. and Mrs. Jack Pippin of Austin visited in the home of Dr. R. L. Newsom over the holidays.

Miss Betty Matthews, who is employed by the General American Life Insurance Company, in Austin, spent the week end visiting her parents, Mr. and Mrs. H. D. Matthews, and other relatives.

Visitors in the home of Mr. and Mrs. Paul Brogden over the week end were their children, Mr. and Mrs. Palmon Phillips of Poolville and Mrs. Jeanne Parks of Iowa Park.

Mrs. Lucille Stodghill, Betty and Dorothy, and Mrs. Dale Williams were visitors in Wichita Falls last Friday.

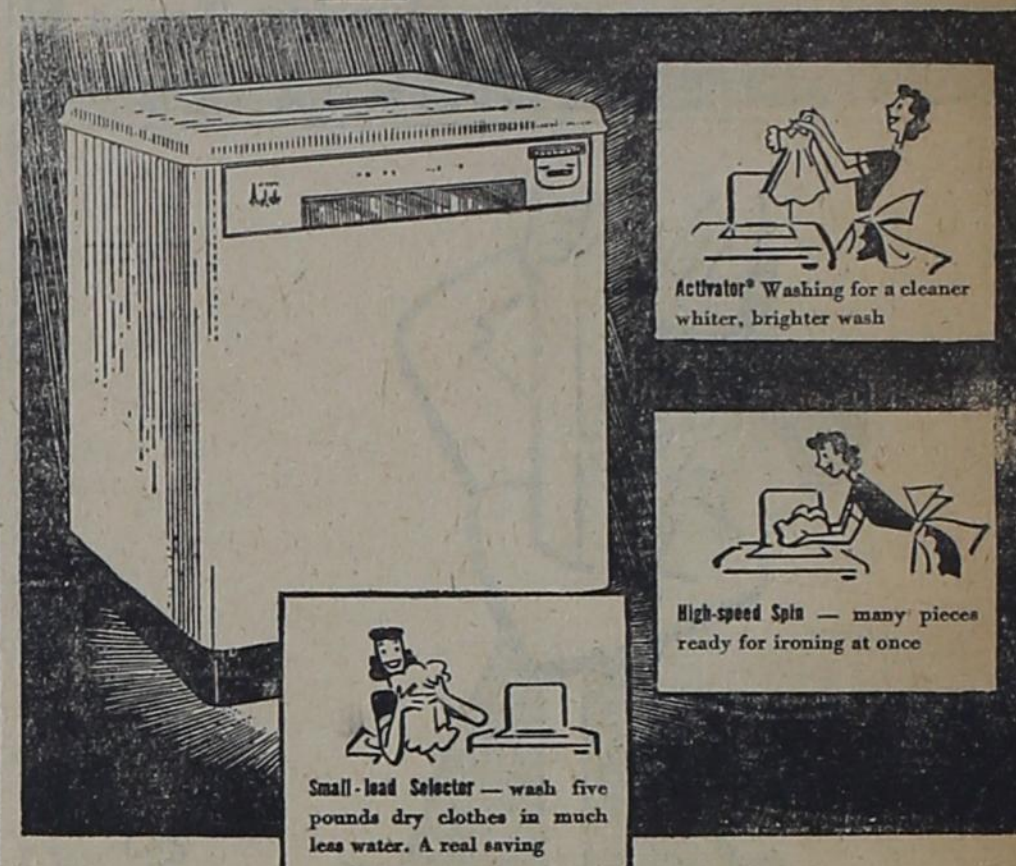

RELATIVES VISIT IN WALTER PATTON HOME

Mrs. Norine Arnold and son, Pat, of Arlington, spent the Thanksgiving holidays with Mrs. Arnold's parents, Mr. and Mrs. Walter Patton, and brothers, Floyd and Jack Patton and family.

Mrs. Arnold's daughter, Joan, was married to George Williams on September 22 at the Baptist parsonage in Arlington. Mrs. Williams is employed at Arlington State College, and Mr. Williams at Chance Vought at Grand Prairie. They are at home at 607 W. Mitchell, Arlington.

Joe Maloney of Houston was in Goree this week.

Mr. and Mrs. Eldon McSwain were Wichita Falls visitors Friday.

Don Coffman of Cisco and Joel Coffman of Lubbock spent Thanksgiving with their parents.

Hubert Edward and Virgil Edward were business visitors in Durant, Okla., Saturday.

Anson's Christmas Is Slated To Begin On December 20th

"The 1950 Cowboys' Christmas Ball, commemorative of Chittenden's ballad and a square dance at the Star Hotel at Anson in 1885, will be staged in Pioneer Hall, December 20-23, inclusive, at 8:00 o'clock each evening.

A regulation will be in effect that participants wear costumes of the 80's and 90's on the nights of the 20th, 21st, and 22nd. Long, full skirts, ruffles, hoops, polonaise, overskirts, basques, etc. will characterize feminine attire. The old-time Texas cowboy will be in evidence in the masculine make-up, colorful with red bandanna, plaid shirts, etc. Boots are not considered essential.

The Cowboys' Christmas Ball is truly a folk festival with a literary and historical background. Chittenden's cowboy ballad itself is "folksey" and is set in a "folksey" era. The folk-dancing, decoration, costuming, the fiddler and orchestra, the party—made up of the aged, men and women, youth and children all together—the Grand March led by descendants of pioneer settlers are all "oldtimey" and go with the Ball.

A decorated reprint of Chittenden's "The Cowboys' Christmas Ball" made in Greenville, Texas, was distributed throughout the nation recently when the National Association of Postmasters held its National Convention in St. Louis.

Yours truly,
Newspaper Publicity Committee.

Snow-Covered Christmas Tree

For a glistening, snow-capped Christmas tree, cover the branches with fluffy, homemade "snow." Empty a package of soap flakes into a galvanized steel pail. Add warm water gradually, beating with a rotary beater until thick and fluffy. Spread suds on the tree with a large spoon. For a sparkling effect, sprinkle wet "snow" with shiny powdered mica. When dry, trim the tree with lights and other decorations. The "snow" helps to keep the branches green and fire-resistant, as does standing the base of the tree in a galvanized steel pail or tub filled with water or wet sand.

Joe L. Bevers and son, Joe, Jr., of Dallas, Mrs. Alline Koenig and sons, David and Robert of Oklahoma City, and Mrs. Thelma Lewis of Houston spent Thanksgiving with their parents, Mr. and Mrs. W. C. Bevers.

Mr. and Mrs. John C. Rice, Jr., of Dallas, and Mr. and Mrs. John Bates, and Jacklin, Frank Ross, and Roxanna of Goree, visited in the home of their parents, Mr. and Mrs. John C. Rice, Sr., over the week end.

Mr. and Mrs. Joe Bill Pierce and children of Midland visited in the home of her parents, Mr. and Mrs. P. V. Williams, over the holidays.

Misses Clara Bell Byrd, Janie Haynie, and Nell Melton were visitors in Abilene on Thanksgiving day.

Miss Irene McClaran of Wichita General School of Nurses in Wichita Falls, visited in the home of her mother, Mrs. Ann McClaran, and family, over the holidays.

Mr. and Mrs. Billy Thewtt of Freeport, and Mr. and Mrs. Maurice Powell of Abilene were visitors in the home of Mrs. Sidney Winchester last Friday.

Mr. and Mrs. Wayne Harris of Iowa Park visited his parents, Mr. and Mrs. W. A. Harris, over the week end.

Mr. and Mrs. Bill Dingus of Pampa were guests in the home of G. W. Dingus and family over the week end.

Mr. and Mrs. John Fisher of Silverton visited in the home of Mrs. P. B. Baker on Thanksgiving.

Prospective purchasers of washing machines should check the advantages and disadvantages of the automatic and non-automatic types before making a purchase.

Recent experiments show that good pastures produce as much livestock feed per acre as high yielding corn or grain sorghums on the same type of land.

Practicing safety with firearms in the fields and woods is just as good conservation practice, and it applies to both humans and wildlife.

The development of effective hard water softeners and soaps and synthetic detergents have contributed to making the wash day job easier.

Be careful. Obey state and local traffic rules.

Ten of the farmers who entered the Wood County Veterans Vocational School corn growing program made yields of more than 100 bushels per acre. The high yield was made by Clarence Bridges, Quitman—131.56 bushels per acre.

ATTENTION, COTTON and GRAIN FARMERS!

We have a few "RANGER" fifth-wheel farm wagons, with or without springs, durable in construction, extremely economical, low in price because of their outstanding features and long life.

The fifth wheel reduces turning radius. Electric welding, standard Temkin bearings, standard Alemite fittings, cold rolled spindles. Wheels are standard 15 inch. Nice finish and good appearance.

These wagons will bring to their owners a pride in their dependable performance. Heavy duty V-hitch, which is guaranteed not to whip.

"With the Ranger heavy load wagons, just keep rolling along."

We can also furnish you with 3, 4, and 5-row pickup type stalk cutters, 2 and 4-row all-steel pickup go-devils, 7-row pickup Ford sand fighters, and 9-row drag type fighters.

Tandem type stock trailers in all-steel frame work with oak flooring and finished oak sideboards.

Stock feeders, all-steel branding chutes.

On account of scarcity of materials, and the very rapid price increases, my advice is buy your future needs now. Remember, my price is right, and you can save \$\$\$\$ here.

Engineers, draftsmen, fabricators, scientific blacksmithing, portable welding machines, day or night service.

THE VOLUNTARY WAY IS THE AMERICAN WAY

Let's Talk LIVESTOCK

(By Ted Gouldy)

FORT WORTH, Nov. 27—Dry weather continues to harry most of the Southwest. Space is getting scarce in the feedlots of Texas as more and more cattle are being taken off the winter grain pastures and put in the lots.

This will provide an outlet for a good deal of feed and increase the numbers of fed cattle in the Southwest over the numbers anticipated earlier in the season. A good market is assured apparently with prices for good fed cattle, fed 100 days or more, expected to be around the \$30 marker and possibly higher. These prices to be effective on good to choice grades, which means the cattle would have to carry considerable flesh at the start of the feeding period.

Cattle can probably be fed for around 50 cents per day, slightly more or slightly less according to local conditions. Under this setup, a gain of around two-and-a-half pounds per day would make some money.

The stocker market remains very good at Fort Worth. Some cows set a record here. They were young and ready to calve any minute and weighed 755 pounds. The price was \$28.50. However, most cows for stockers sell from \$18 to \$25, a few higher when young and light weights.

High grade calves and yearlings are getting increasingly scarce. Feeder lambs moved up fully 50 cents per hundred here today.

An interesting visitor to Fort Worth Monday was B. R. Laird of Tyndall, South Dakota. Laird was in town to visit his daughter and grandchild and being a livestock banker, made a visit to the market.

He reports that Texans have about taken over a big part of the South Dakota country, having bought many farms and ranches there. Conditions are very good. A fine corn crop was made and prices are above

the loan rate. Pastures are in excellent condition and cattle doing very well.

Another interesting visitor today was Harrison Estep of San Salvador, Central America. Estep was looking at the horse and mule sale here and trying to get a line on some good Shetland ponies. He is especially interested in some mares for export to San Salvador. He remarked that it looked like some of the Texas horses and mules could be exported to San Salvador at a good profit.

He also has a sheep ranching operation there and reports that he is headed for San Angelo and will try to hire a good Texas sheep and wool hand who can save enough Spanish to get by in his country. Sheep bring good prices and he needs someone who knows how to shear and care for the wool so it will bring a good price.

Mr. Estep's address is Edificio Puenos 503, San Salvador, Central America, in case you want to give him a line on some Shetlands.

Some steer sales indicating the strength of the market at Fort Worth today included: Grover Robinsone, Meridian, 42 steers weighing 1,032 pounds at \$27.25. Miller & Holloway, Athens, 20 steers at 880 pounds at \$24.50. Cliff Campbell, Wellington, 30 steers at 805 pounds at \$26. Nolan Cave, Wingate, 13 steers at 1,118 pounds at \$27 and six head at 924 at \$27. Jameson and Hampton, Haslet, Texas, had 21 steers at 1,066 pounds and 27 steers at 934 pounds that sold for \$28.50.

There was a surprise in the ranks of sheep men when they learned that the government planners might curtail the slaughter of ewe lambs. The idea being to force more ewes to be raised and therefore increase the sheep population and output of wool.

Is Secretary of Agriculture Brannan on the way out?

Washington tipsters a couple of weeks ago said he was under a cloud after Republican victories in some key farm states.

Texas Tom Connally rapped

His Daddy Has Something to Save For

Nation's Airforce pilots have selected little Bobby Alford, son of Lt. W. E. Alford of Mineola, N. Y., now overseas, as this year's No. 1 fledgling. Young Bobby shows that he appreciates honor by putting half of his weekly allowance aside for U. S. Savings Bonds. Bobby now has \$300 in Bonds accumulated through his own thrift. Bobby's father allots part of his army pay for Bonds which he hopes to use to help Bobby in paying for the fledgling's future education.

Census Shows Automotive Trades Are Taking Part In Texas' Economic Life

DETROIT—The motor vehicle is playing an important role in Texas' growing retail, wholesale and service trades, according to the latest U. S. Census of Business.

Preliminary results of the 1948 census show a great expansion of business activity for the state since 1939, both in dollar volume and employment. It also indicates that a large share of this increase in trade is traceable to the motor vehicle and its use.

More than 20 per cent of the business establishments in the state covered by the census were automotive. These firms accounted for 15.4 percent of all 1948 sales and receipts. They provided 16.0 percent of the total employment reported by Texas retail, wholesale and service businesses, the Bureau of the Census figures indicate.

Although partly a result of inflation, the increase in the state's total dollar volume of trade, since the 1939 Census of Business is impressive.

Preliminary reports reveal that retail sales in the state during 1948 aggregated \$6,486,000,000—an increase of 260 percent over 1939. Wholesale volume showed a 295 percent rise for the same nine year period. Service trades reported receipts totaling \$388,200,000, as compared with only \$111,000,000 in 1939.

A big employment increase for Texas also was reported. Retail establishments employed 348,834 persons full or part time in 1948, compared with 222,120 in 1939. Wholesale businesses were credited with 115,041 employees by the new census, but only 70,206 in 1939. The 1948 figure for service trades was 69,722, an increase of nearly 25,000.

For the census year, the report lists 5,830 retail automobile establishments in Texas. This figure includes motor vehicle dealers and merchandisers of automotive parts and accessories. These enterprises took in \$11,209,325,000 during the year

and employed about 38,392 Texas men and women.

A total of 11,243 gasoline service stations were counted whose sales and receipts amounted to \$348,563,000. Employees numbered 19,783.

Texas' automotive wholesale establishments, numbering 796, employed 6,801 persons and sold more than \$154 million worth of goods. There were 6,062 automotive repair and service shops, with total 1948 sales and receipts of \$82,077,000 and 8,512 employees. Petroleum bulk plants and terminals numbered 2,063. The volume of their business reached nearly \$507,665,000 and they employed 5,880.

Employment figures above do not include thousands of owners of unincorporated businesses.

During the year, 2,010 tourist courts and camps throughout the state collected \$20,894,000 in sales and receipts.

The census is the latest, most comprehensive count of retail, wholesale and service businesses in Texas and the county as a whole. Yet, it tells but part of the story. The great industrial giants of manufacture and transport, for example, are not included.

To round out the picture, the Automobile Manufacturers Association has just released new statistics from its annual publication, AUTOMOBILE FACTS AND FIGURES, which show that:

Texas has 3,047 residents employed in automotive manufacturing activities;

362,903 truck drivers;

11,942 common carrier bus

LOCALS

Visitors in the home of Mr. and Mrs. L. T. Kegley for Thanksgiving were Mr. and Mrs. J. N. Coley and Elizabeth Ann of Snyder, Mr. and Mrs. M. L. Wood and Mildred and Earlene of Snyder, Mr. and Mrs. J. W. Fuller and Vickie, Connie and Linda, of Vera and Mr. and Mrs. Arthur Hargrove and Leon, Wayne and Dwayne of Goree.

Rev. and Mrs. E. F. Hallock of Norman, Okla., visited in the home of their daughter and son-in-law Mr. and Mrs. Kenneth Osburn, last Thursday. Mrs. Osburn returned home with her parents for a short visit.

Leo Hill, who is attending Hardin-Simmons University in Abilene, visited in the home of his parents, Mr. and Mrs. D. L. Hill, over the holidays.

Mr. and Mrs. Glynn Bilbrey of Brownfield spent the holidays visiting relatives here and at Goree.

employees; and 19,487 persons employed on the highway system.

Total automotive employment in the state, according to this so far, is now about 529,514.

In the United States, automotive production and employment, and motor vehicle use are all now at new high levels. Car and truck registrations in 1949 were more than 44,461,000. The registration books of Texas alone carried 1,998,000 passenger cars and 558,000 trucks.

Total U. S. employment traceable to the motor vehicle and its use is estimated at more than nine million or one out of every seven employed persons in the nation.

Quail Season To Open December 1

AUSTIN—Quail hunters in most of the state may look forward to improved quail hunting this fall, states the Executive Secretary of the Game, Fish and Oyster Commission.

The quail hunting season for the state is from December 1 through January 16, both days inclusive, with a bag limit of twelve per day or thirty-six per week. However, in the twenty-eight county area of the Panhandle, only ten birds per day may be taken with a possession limit of twenty. West of the Pecos the season is open only during December and the daily bag limit is twelve, with not more than twenty-four in possession. There is no open season on Mearns quail.

The Executive Secretary explains that many countries have special quail laws and urges hunters to check the local regulations before they go hunting.

Wildlife biologists of the Game Department are conducting studies of quail populations through examination of quail wings again this year. The Executive Secretary requests hunters to cooperate in this work by sending one wing from each bird they kill to the Game, Fish and Oyster Commission in Austin. A study of quail wings will show the percent of young birds and indicate the production and survival for the year.

To facilitate mailing of wing collections, the Game Commission will supply special business

reply envelopes on request. These provide space for recording pertinent data and require no postage from the hunter. The active help of hunting clubs and other groups is being solicited.

It is essential that wings from cocks and hens be placed in separate envelopes but any number of wings from birds of the same sex may be placed together. Only one wing from each bird should be saved. Date and county of collection are also necessary. If official envelopes are not at hand, any kind of paper sack will suffice if properly labeled.

One further bit of information is requested. In order to compare quail populations in different parts of the state, a place on the wing envelopes will be shown for recording the number of coveys found per day of hunting. The Executive Secretary states that this will also add to the picture of the state quail situation.

Robert Gaines, who is attending N. T. S. C. in Denton, and Gordon Gaines of Lubbock, spent the holidays with their parents, Mr. and Mrs. Jim Gaines.

Knox Prairie Philosopher Takes Issue With The Noted Writer's Idea That Efficiency Is The Farmer's Need

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek no doubt is misinterpreting again in his letter this week, but that never seems to deter him.

Dear editor:
I read in a newspaper which fell out of an airplane which passed over my farm yesterday, it's about time I was getting something for the use of the air above my place, I know that I didn't put the air there but I

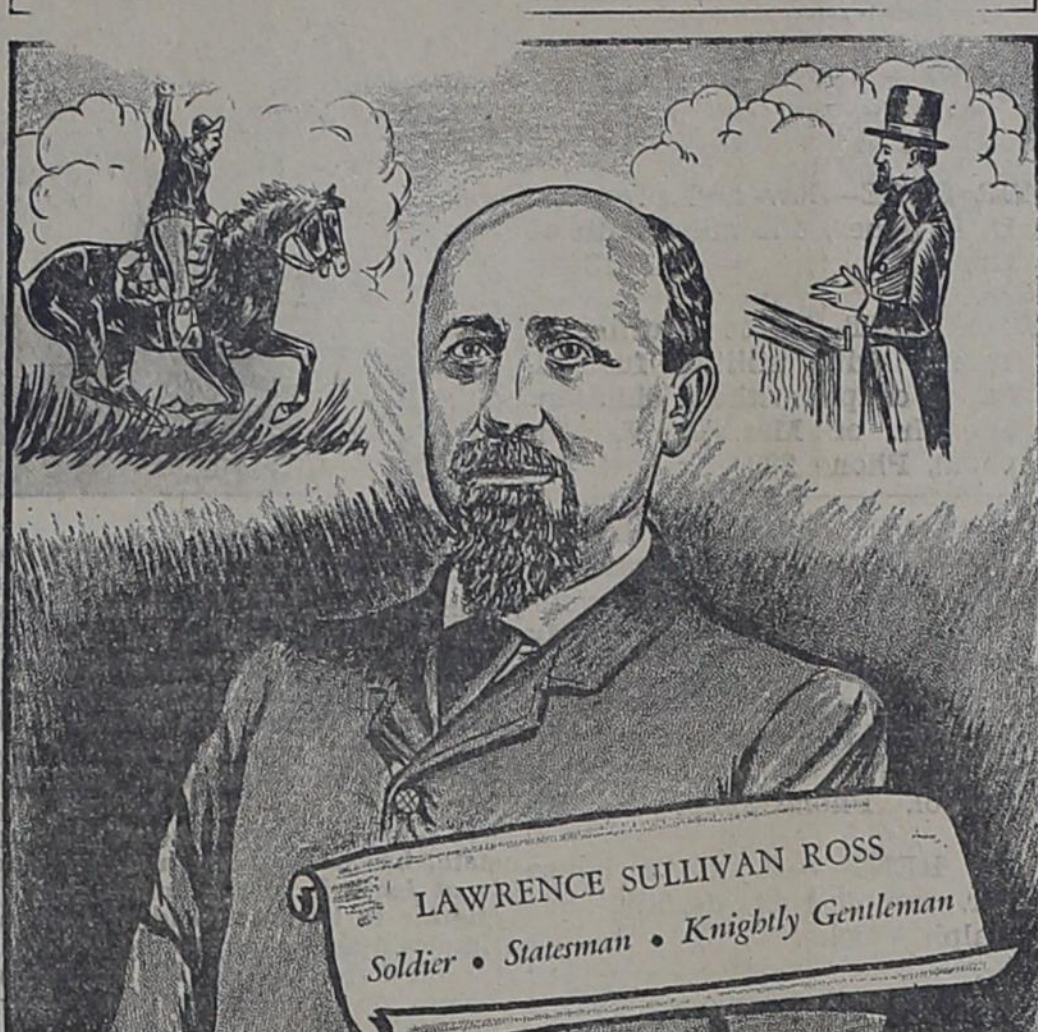

come about as close to doin it as oilmen did puttin oil under ground or deer hunters did puttin deer in the woods and if any of us can cash in on such things I'm in favor of, wher Louis Bromfield, the celebrate writer farms, said the other day that higher efficiency in farm ing would sove all our agricul tural ills.

Being a farmer who writes instead of a writer who farms, I don't like to disagree with such an expert, but as far as I'm concerned higher efficiency is one of the worst ways on earth of solvin farmin problems.

You take the average efficient man, don't make no difference whether he's a farmer or a banker or a business man, and put him in charge and turn him loose out here on my farm and he'd improve it or make a physical wreck out of me tryin. When most people talk about efficiency, they mean a lot of hard work for somebody else. I know without bein told that Johnson grass in a crop of cotton or corn ain't no efficient way to raise cotton or corn, but I know what it would take to get rid of the grass and that's where me and efficiency lose interest in each other. Gettin rid of Johnson grass is efficiency, all right, but it blame sure don't solve no ills,

Texas Venture

In Education • 1876-1951
State college—Texas A. and M.—now in its seventy-fifth year

Lawrence Sullivan Ross, one of the most colorful figures in early Texas, did much to establish the A. and M. College of Texas as a ranking educational institution, and put it on the way to the position it holds today. "Little Sul," as he was affectionately known to Texans of the '90s, had made his reputation as an Indian fighter, Texas Ranger, sheriff, soldier and statesman, before he came to the presidency of A. and M. Among his more noted exploits had been the recapture of Cynthia Ann Parker, his rise in the Confederate Army from private to General in four years and his effective term as Governor of the state. In the eight years from his inauguration in 1890 to his death, he enhanced the popularity and the stature of the college tremendously. The Sul Ross statue in the center of the campus is today a college shrine, while the Ross Volunteers, oldest student honor organization in the state, serve as a constant reminder of his place in the story of Texas A. and M.

as far as I'm concerned. Likewise, an efficient farmer wouldn't have no broken down, patched up fences, but since I'm aware of what it takes to get a new fence out here, you don't just go to the back door and order one and go back to your newspaper feeling efficient, got sense enough to see an efficient fence just means a lot more work on me.

I could get more than two quarts a day from my milk cow if I fed her more, but to do that I'd have to work more, and after a long period of study I have concluded it's easier to just get along on two quarts a day, don't make no difference how inefficient it is. It suits me, and it seems to suit the cow, and beyond that it ain't nobody else's business.

Efficiency is a fine thing, but you can sure run it into the ground. It might solve some farmin problems, but the new ones it would bring on might be even worse. When I get used to a set of problems, I don't see any sense in swappin em off for some different ones.

Yours faithfully,
J. A.

OUT OF GODFREY'S TEABAG

This weather lately is certainly something. One minute it's sunny—the next you're freezing. Ever notice how women walk around on these nippy days to flimsy stuff and not seem cold? Well one of them told me her secret the other day. Yes sir, this is it. She said her hat was by Lily Dache, her suit by Jacques Fath—and her snuggies by Long-John!

Television is certainly different all over the country. In New York if something goes wrong you get snow on the screen; in Virginia you get ham and gravy.

A friend of ours had a new English butler in the household, and the first afternoon he served tea to some guests. Our hostess complimented him on the appearance of the tea table but quietly remarked that there was only a small amount of lemon and cream. The butler drew himself up and said he had done that on purpose. "I always thought Americans took their tea straight."

One of my friends has just gone into business for himself. Quite an undertaking, these business ventures—and he's really gone into this in a big way. Even went so far as to buy two new cars and everything! Only he has to go halves on everything. One of the cars belongs to him—and the other to the finance company.

Honest to goodness, some of the politicians really have a soft job. They work just so long—and before you know it they're off on vacation. I'm beginning to think some of them spend more time in Florida than an orange crop

Mr. and Mrs. M. B. Caughran of Lubbock spent the Thanksgiving holidays with their parents, Mr. and Mrs. J. A. Caughran and Mr. and Mrs. J. I. Hughes.

Bobby Winchester, who is attending Hardin-Simmons University in Abilene, spent the holidays in the home of his parents, Mr. and Mrs. Tolby Winchester.

Miss Mafgie Lou Campsey, a student in Hardin-Simmons University in Abilene, spent the holidays in the home of her parents, Mr. and Mrs. Brooks Campsey.

Miss Newanna Goolsby, who is enrolled in Hardin-Simmons University in Abilene, spent the holidays in the home of her parents, Mr. and Mrs. E. L. Goolsby.

Mr. and Mrs. H. F. Jungman visited with Mr. and Mrs. Carl Jungman and children in Vernon last Friday.

Dairy cows that averaged 200 pounds of butterfat in the Dairy Herd Improvement Associations of the nation in 1949 consumed \$131 worth of feed and returned only \$121. Thus a cow that produced only 200 pounds of butterfat actually cost the producer a loss of \$10.

With each hundred pounds of cotton fiber, the cotton plant yields approximately 180 pounds of cottonseed.

Mr. and Mrs. Howard Collins of Lubbock visited relatives and friends here during the holidays.

A Three Days' Cough Is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION relieves Coughs, Chest Colds, Acute Bronchitis

Let us CLEAN and TREAT your wheat

YOU LOSE WHEN smut hits your wheat. To get a harvest of clean grain, let us treat your seed with "CERESAN" when we clean it.

"CERESAN" generally controls stinking smut of wheat, as well as smuts of oats and barley. Usually improves germination and seedling vigor. See us to get your seed grain treated right, at low cost.

Have your seed treated when you have it cleaned.

Mr. and Mrs. Box Nix and sons of Seymour spent Thanksgiving day in the home of Mr. and Mrs. J. B. Scott.

From where I sit... by Joe Marsh

I Have A "Close Squeak"!

Spent last Saturday morning wandering all over the house. Wherever I went—upstairs or down—I kept hearing a "squeak." Couldn't find out where it was coming from until noon-time when the missus came home from her weekly shopping.

"Listen," I says to her, "hear that squeak?" I started walking real quiet-like across the kitchen and there it went again! "Joe Marsh," she laughs, "that is nothing but your suspender clips rubbing back and forth when you walk!" And darned if it wasn't! From where I sit, I'd been letting a little thing become a serious problem. Like some little difference of opinion or taste will start off a great big argument. I may prefer a temperate glass of beer with my dinner—while the missus likes tea—but we figure that no two people have exactly the same likes and dislikes. So, why get all "het up" about it?

The moral is, check your suspenders—and check your temper when it comes to little things.

Joe Marsh

The No Squeeze Way Is Child's Play

No excuse any more for not getting your glassful of orange juice every morning—they've even taken the squeezing out of this daily well-acquainted with Florida frozen orange juice concentrate, a boon to busy breakfast hours. Packed in 6-ounce cans which fit neatly into freezing compartments, the concentrates offer peak flavor plus convenience. To the 6-ounces of the frozen highly concentrated juice, you add 18 ounces of water and stir well just before serving. Best of all is the assurance from government bureaus of the high vitamin content of the concentrate. With new processing methods, all the Vitamin C which has made citrus our most prized and most generally used fruit crop (as well as our biggest!), is sealed into the sterile little cans so that we may enjoy it every day, regardless of season or geography.

of Mertzon, visited in the home of Mr. and Mrs. Ernest Allen during the holidays.

Kenneth O. Lewis visited in the home of his parents, Mr. and Mrs. Charles Lewis, during the holidays.

HARRELL'S

Hardware — Furniture

TWO REASONS WHY MORE FARMERS WANT

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRES

1. Deeper Soil Penetration — Greater Pull
2. Balanced Straight Lug Tread Design — Longer Wear!

Goodyear's open center tread has straight deep-hitting lugs. No curves to cut traction — no hooks, knobs or elbows to blunt their bite. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip—don't "plow out" soil at the sides.

Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly. This means a smoother, steadier pull, less vibration and wobble — more riding stability — plus longer life. Get Goodyears for your tractor — they don't cost a penny more.
