

VOLUME 45

Kracker Krumb's Odd Bits Salvaged At Random

That oil derrick looks mighty good out there so close to the Country Club and the city park area.

It would look better, though, if it was all greasy and oily and messed up from oil spurting over the top. Maybe it will, maybe it won't.

It's the Texas & Pacific Coal & Oil Company's No. 1 Louis Cartwright, a 6,000 foot test, around 4 miles southeast of Munday.

Our guess is that it's not over 200 or 250 yards from the club house, and less than that from the city's property line out there.

Some golfers were discussing the situation a few days ago. "I understand," one said, "that if they wanted to drill a well on the city property, they couldn't drill one on any of our fairways."

"I don't see why," another chirps up. "There isn't anything I'd rather do than to hit a golf ball around an oil well!"

Wouldn't be a bad idea, at that. We might become an enthusiastic golfer if a flowing well stood in the middle of one of our fairways.

There must be oil in Knox County—they keep trying to find it. They found it on the Ross Bates place, northeast of Goree, but have failed on several since then.

Our friend, Orb Coffman, had his watermelon pulled too green, it seems. The well on his place was abandoned as a non-producer.

But another shallow test started last week is the C. Clay Underwood No. 1 Lora Haskins Wisdom, 5½ miles north of Goree.

Oil is where you find it, we've heard, and they're having a hard time finding it in any quantity in Knox County. Maybe they will.

Usually we don't go in for poetry, the main reason being that very few linyote operators—they're the boys who set up the type—don't like to set poetry.

Usually, too, we don't publish mail contributions by unknown contributors. We just kinda like to know where our sources of information come from. We feel, too, that if a person wants something printed for the public to read, they should be willing to sign their names to articles.

But the following little poem, dealing with the wind and rain, and sand, and the Lord, wouldn't hurt anything, even if we don't know who sent it:

The sand just blows, and blows, and blows—
The wind is never weary.
My house is almost two feet deep,
And my eyes are very bleary.

But why sit around and grouch and fuss
When the sand comes rolling in?
Why fume and fret and almost cuss—
'Till it is just a sin?

The sand is rather bad—
About that there's no doubt,
But it doesn't stop a grain of sand
To sit around and pout.

The Lord still rules the universe.
He guides us with his eye.
He makes th sun seem twice as bright
When the sand has all gone by.

He has sent the rain upon our land
For thousands of years.
His arm's not short, His ears not deaf
To all our pleas and tears.

So I'll put my trust in the Lord,
And hold tightly to His hand.
Have faith and do the best I can
And He'll care for our land.

Frozen Food Demonstration To Be April 14th

The Munday Truck and Tractor Company this week announces a free frozen food demonstration which will be held in the company's showrooms at 2:30 p. m. Friday, April 14.

Miss Ruth Josey, well known home economist, will show how easy it is to freeze foods at home, and how to make meal planning quick and preparation a pleasure.

"Remember, Miss Josey says, 'freezing is three times easier than other methods of food preservation. Then you step to your well-stocked freezer, choose your menu, and in a jiffy your meal is ready.'"

A cordial invitation is extended to everyone—men, women and children—to attend this free demonstration.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Monday, March 27:

Mrs. Jesse Blankinship, Knox City; Mrs. Mlvin Salmon, Knox City; Mrs. J. L. Ford, Munday; Mrs. Maggie Cagle, Knox City; Mrs. N. A. Nicholson, Munday; Mrs. A. J. Fuller, Goree; J. L. Rogers, Rochester; Mrs. C. C. Carver, Munday; J. S. Davis Baby, Throckmorton; Rex Wyatt, Benjamin; Mrs. R. A. Norris, Vera; Norris Baby Girl; Rosie Buie, O'Brien; Mrs. Roy Hester, O'Brien; Fred Seal, Goree; James Adams, Munday; Mrs. Austin Tomlinson, Munday; Tomlinson Baby Girl; Adalene Dial, Benjamin; James McMinn, Benjamin; Sylvia Broach, Munday; Billy LaQuey, McCamey; Mrs. H. A. Dishman, Goree; Estabana Lara, O'Brien; Lara Baby Girl; Mrs. Everett Berryhill, Rochester; Mrs. Ed Bate-man, Benjamin; Roy Hester, O'Brien; Mrs. O. W. Welch, Gilliland; Ralph Demel, Littlefield; Mrs. E. O. Jamison, Knox City; Delpha Morrison, O'Brien; Ronnie Herring, Munday; Mrs. L. G. Williams, Lubbock; Jessie Cooper, Rochester; Mrs. Verla Russell, Goree; M. D. Allcock, Knox City; Buddy Buie, O'Brien; Floribal Rivals, Knox City; Mrs. Jack Walker, Weinert; G. Hicks, Rochester; Sonia Hertel, Benjamin; Romano Davila, Munday; Davila Baby Boy; J. R. Hanks, Munday.

Patients admitted to Knox County Hospital since last Monday, March 27th:

Letha Tomkins, Munday; Mrs. Clyde Yost, Munday; Mrs. T. C. Watson, Knox City; Mrs. E. I. Ward, Goree; Mrs. H. A. McGaughey, Vera; J. J. Oates, Rochester; Effie Pannell, Knox City; E. L. Pierce, Munday; Mrs. J. J. Lawson, Rochester; Mrs. Pete Alsidis, O'Brien; A. D. Helms, Knox City; Mrs. J. W. Hickson, Knox City; Mrs. J. W. Hamm, Knox City; Sam Bradley, Knox City; Gorgia Fay Dunlap, Knox City; Bert McFerrin, Benjamin; Mrs. C. M. Dawson, Benjamin; Mrs. O. T. Lawson, Knox City; Mrs. James Wilson, Abilene; Mrs. W. F. McMahon, Munday.

Joel And Elmo Buy Station; Are Back Together Again!

Joel and Elmo Morrow announced this week that they are "back together again" after a lapse of some time, and they are in the service station business. The Morrow boys have taken over the station just north of town, on the highway, formerly known as the Hi-Way Service Station and are operating it under the firm name of Morrow Service Station.

They are handling Magnolia products, all kinds of oil and will stock a line of tires and batteries. They solicit a portion of your business.

Mr. and Mrs. E. E. Nix and family of Ropesville visited with relatives and friends here over the week end.

MISS RUTH JOSEY

Lewis Floyd Announces For County Sheriff

L. C. (Lewis) Floyd has authorized the Munday Times to announce his candidacy for the office of Sheriff of Knox County, subject to the action of the voters in the Democratic primaries. His statement follows:

To the Voters of Knox County: I wish to take this means of announcing my candidacy for the office of Sheriff of Knox County. First, I want to thank the voters of this county for electing me as their sheriff for two terms, an office I held from 1943 to 1947. I have been a peace officer in Knox County since 1937 and feel qualified to act as your sheriff.

If elected your sheriff I will do my best to make you a good sheriff and will treat all people, regardless of their station in life, equally.

I have lived in the Knox County for the past sixty years and have a deep affection for the people of Knox County and the progress and future of this County.

I intend to see every voter in Knox County and ask for your support and vote, and if I should miss you, I take this means of asking for your vote and support in this coming election.

Respectfully submitted,
L. C. (Lewis) FLOYD

Paynie Shannon Named Coach For Topeka Trojans

Howard Payne (Paynie) Shannon, son of Mr. and Mrs. J. S. Shannon of Munday, was recently elected basketball coach of the Topeka, Kans., high school Trojans, according to an announcement received here.

Shannon, one of the outstanding basketball stars of the nation, has been playing for the Boston Celtics in the Professional Basketball Association of America.

He started his career at Munday, where he played high school ball at Sunset. Throughout his career, he has played two years with North Texas Agricultural College, a season with North Texas State at Denton, after which he entered the service.

After two years with a strong Lowry Field squad at Denver, Colo., and a year with the Denver Continentals, he went to Kansas State, then to the Providence Steamrollers, and finally to the Boston professional club. He completes his contract there this month. He has a lifetime scoring average of 15 points per game.

This is his first coaching job, but his vast playing experience should also carry him far in the coaching field.

Aaron Wallace Opens Cabinet Shop

Aaron Wallace and his family have returned to Munday from California, and Mr. Wallace announced this week that he has opened a cabinet shop in Munday. The shop is in the old Ben Wilde Garage location, just east of the Jackson Delinting Co.

Mr. Wallace has had several years' experience in cabinet work and states he will do all kinds of mill work. He solicits the patronage of people of this trade area.

Hedley Man Killed In Auto Mishap Here

Kelly Nat Neighbors, 49, of route one, Hedley, Texas, was fatally injured in an automobile accident about eight miles north of Munday at 11:30 last Friday night. Two other occupants of the car received only slight injuries.

The accident occurred just north of the Brazos River bridge at Rhineland, when the car in which they were riding failed to make a curve and ran off the embankment. The automobile, a 1950 model Ford, was completely demolished, according to Patrolmen Leedy and Berry of Seymour, who investigated the accident.

Passing motorists carried Neighbors to the Knox County Hospital, and he was pronounced dead upon arrival. He was thrown several feet from the wrecked automobile.

The body was taken to Hedley for burial.

Others in the car were Clarence Peek, 38, and his son, Johnny Peek, 5, of Munday.

Mrs. Robertson Dies Friday At Weinert Home

Mrs. Mance M. Robertson, well known resident of Weinert, passed away at the Knox County Hospital on Friday, March 31. She had been a resident of this area for several years.

Funeral services were held from the Four Square Church in Weinert at 2:30 o'clock Saturday afternoon, being conducted by Rev. Pritchett, pastor.

She was born on August 15 1898, and was 51 years, seven months and 16 days of age.

Surviving her are her husband, M. M. Robertson of Weinert; five daughters, Mrs. H. R. Hamm of Fort Worth, Mrs. Burl L. Johnson, Knox City; Mrs. Billy D. Snody of Olney; and Mrs. Gammell Uigley of Weinert; two sons, N. A. Robertson of Weinert and Junior C. Robertson of Abilene; six grandchildren; three sisters, Mrs. Rena Hudgens of Fort Cahly, Okla.; Mrs. H. A. Boggs of Turkey and Mrs. Raymond Lee of Fort Worth; three brothers, Jess Whitley of Turkey, Lester Whitley of Gainesville and Hubert Whitley of Gascona Grande, Arizona.

Work, Love And Worship Are Three Main Things, Local Banqueters Told

Amid the gaiety of the second annual Community Development Association banquet, Dr. P. D. O'Brien of Big Spring, banquet speaker, digressed from his "joke cracking" to close his address here Friday night with an inspirational message.

Nearly 300 persons were on hand at the high school gymnasium to hear the former Munday pastor bring his inspirational message. Among them was a 93-year-old Munday boy, Uncle Happy Hathaway, who wanted to see and hear his pastor of more than 20 years ago.

Dr. O'Brien spoke on the "Three Main Things of Life." He told jokes, reminisced on the days the O'Brien family spent in Munday, then, together with the red rosebud he found at his plate, he held a copy of the famous painting, "The Angelus," to illustrate his message.

"Life," he said, "is shown here in its best balance and proportion. I see in this picture the three important things in life—work, love and worship. I do not know of any other things it takes to make a good life.

"Things worthwhile have to be worked for," he declared, in bringing out the fact that work is a blessing and not a curse. He termed love like the mortar that holds the brick together," and warned that the world today is promoting a "psychology of hate." He advocated worship and family prayer and added, "I believe there is a trend today more and more toward a solid, everyday religion. If we keep these three things—work, love and worship," he concluded, "we

need not fear the future and individuals, as communities, or as a nation."

To Hold Revival

Rev. W. Harrison Baker, above, pastor of the Oak Cliff Methodist Church in Dallas, will do the preaching for the Easter revival which opens next Sunday at the First Methodist Church in Munday. Rev. Baker will be here for the Sunday night services and will preach during all services of the following week.

Earl L. Burgess Buried Friday At Gilliland

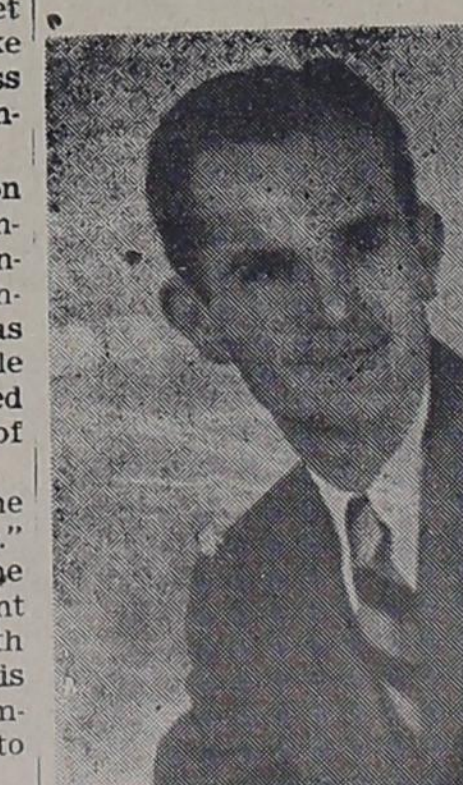

Funeral services for Earl L. Burgess, 28, who was found dead near his wrecked automobile Wednesday night of last week were held at 3 p. m. Friday from the Gilliland Baptist Church. Burial was in Truscott cemetery under the direction of Mahan Funeral Home.

Mr. Burgess apparently suffered a heart attack while driving alone toward Fort Worth. He was found about 11 p. m. Wednesday seven miles southeast of Seymour. His watch had stopped at 8:20 p. m., being crushed in the wreck, and it is supposed the accident occurred at that time.

Burgess operated a grocery store in Fort Worth. He was also a farmer and combine operator from Gilliland. Survivors include his wife; two brothers, Orville and Dwight Burgess; two sisters, Mrs. Arnold Reeves and Mrs. John Kiniburgh, and his parents, Mr. and Mrs. Earl A. Burgess, all of Gilliland.

Mr. and Mrs. Dale Williams and son of Plainview spent the past week end with Mrs. Lucille Stodghill and with other relatives and friends.

C.D.A. President

E. B. Littlefield, above, manager of the Munday Lumber Co., took over the reins as president of the Community Development Association at the annual banquet last Friday night. "I guess I'll take it and try to make a hand," E. B. said when notified of his election.

need not fear the future and individuals, as communities, or as a nation."

Leland Hanah served as master of ceremonies. The invocation was given by Rev. R. L. Butler, Methodist pastor, and guests were introduced by Aaron Edgar.

A clever specialty entertainment (Continued on Last Page)

Contract For Construction Of First Methodist Church Is Being Awarded

Revival Opens At Local Church Next Sunday

The Easter revival will open next Sunday morning at the First Methodist Church in Munday and will continue through all of next week, according to Rev. R. L. Butler, pastor. Both morning and evening services will be held.

Rev. Harrison Baker, pastor of the Oak Cliff Methodist Church in Dallas, will do the preaching. He will be here for the Sunday night services. He is a well known pastor and evangelist, and a good meeting is expected under his leadership and guidance.

Rev. Charles Cooke, assistant pastor of the First Methodist Church in Vernon, will lead the singing and direct work among the children and young people. The public is extended a cordial invitation to attend each and every service of the revival.

Goree Revival To Open Sunday

The Goree Baptist Church will begin Sunday morning, April 9th, participate in the simultaneous evangelistic crusade of Southern Baptists west of the Mississippi River.

The first week will be given to prayer each evening. The second week Brother Ray Hitchcock, pastor of the Baptist Church of Knox City, will preach evenings.

The great need of the world is revival and genuine revival can come only through prayer.

If you are interested in changing the world condition, meet us at the place of prayer. Individuals must be changed in order to make the world better.

15 Votes Cast In City Election

Fifteen noble and courageous voters went to the polls last Tuesday and elected three men who will be at the helm of government of the City of Munday for the next two years. The little interest was contributed to the fact there was no opposition on either of the three posts.

Re-elected for another term were W. R. Moore, mayor; E. B. Littlefield and Don L. Ratliff, aldermen.

BRUSHY TO ORGANIZE CEMETERY ASSOCIATION

A meeting will be held at the Brushy Church on Wednesday evening, April 12, at 7:30 p. m. for the purpose of organizing a cemetery association, it was announced this week.

Everyone is cordially invited to attend this meeting, especially those who have relatives buried in Brushy Cemetery.

Mr. and Mrs. Lewis Floyd, Mrs. Doug Meizer and Judy and Penny left Wednesday to spend the Easter holidays with their daughters and sisters, Mrs. Homer Hediger and Mrs. D. V. Hutchison, in San Antonio.

Precipitation to this date, 1949	6.32 in.	
Precipitation since Nov. 1, 1949	2.81 in.	

Members of the First Methodist Church building committee announced last Monday that plans are being completed this week for awarding the contract for construction of the new Methodist Church building in Munday.

All details of the contract had been agreed upon at that time, and the local officials were awaiting the arrival of the contract from Fort Worth.

The contract will be awarded to the Rea Construction Company of Weatherford, Texas, it was stated.

Work of demolishing the old church building and making way for the new structure is expected to be started around April 17, with the construction of this new edifice being rushed to completion. The contractors expect to complete the new building within five months, it was stated, with it being ready for occupancy sometime in October.

All of the original details and plans are being embodied in the contract, and it is believed this will be one of the most beautiful church buildings in this entire area. It will be constructed of Tennessee Crabbard stone, with heavy slate roofing, and interior of such design of construction and materials as to make it a thing of beauty.

The move to build this new church was started several years ago, but plans just recently reached the stage of fruition that church officials felt it safe to begin the work.

Moguls Play 10 Football Games In '50 Season

The Munday Moguls will play a 10-game football schedule during the 1950 season, according to Coach David Green.

Coach Green explained that Rochester, an old-time rival of the local boys, would be absent from the schedule this season due to the spring training situation. Rochester and Munday have opened the season for a number of years, but because the spring training rule for Class B schools and the non-spring training rules for Class A, the game had to be dropped.

Newcomers to the Mogul schedule are the Wichita Falls Rowdies and the Valley View Warriors. The schedule for 1950 follows:

- Sept. 8—Crowell here.
- Sept. 15—Seymour, there.
- Sept. 22—Throckmorton, here*
- Sept. 29—Rule, here.
- Oct. 6—Anson, here*
- Oct. 13—Valley View, here.
- Oct. 20—Stamford, there*
- Oct. 26—Wichita Falls Rowdies, here.
- Nov. 3—Albany, there*
- Nov. 10—Haskell, there*

(* Denotes conference games.)

Two Are Elected Trustees At Goree

V. G. Lambeth and Buster Chamberlain were elected to the Board of Trustees of Goree Independent School in a hotly contested election last Saturday. A total of 162 votes were cast. Returns are as follows:

Lambeth, 83; Chamberlain, 70; Willie B. Neighbors, 59; Walter Coffman, 50; Cannon Roberts, 59.

Former Resident Is Visitor Here

H. C. (Herman) Cousins and his wife of Little Rock, Ark., were here the first of the week, visiting with old time friends. They went on to Haskell to visit Mr. Cousins's sister, Mrs. Eleanor Diggs.

Mr. Cousins, brother of the late Walter Cousins, was reared in this county, and operated a drug store in Weinert for some time. He is now serving as police guard for the Federal Reserve Bank in Little Rock, and is a former private detective with the Little Rock police force.

Mr. and Mrs. Cousins will return here in a few days for a short visit with old friends.

Be careful. Observe state and local traffic laws.

 Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Herter road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

A PENNY IS LEFT

The dollars that industry receives in exchange for goods and services go right out again to nourish the economic bloodstream of the country—and very few of them stick in the pockets of industries' owners.

The meat packing industry—which, incidentally, provides about one-third of the total cash income of American farmers—is an outstanding example of that. Here is what happens, on the average, to each dollar the packers spend.

First of all, nearly three-fourth of it—79.8 cents—goes to producers in payments for live-stock and other agricultural products.

Next, payrolls—the roster of the men and women in packing—account for 9.6 cents.

Necessary supplies cost 3.4 cents, transportation takes care of 2.1 cents.

Taxes run to 1.1 cents, and miscellaneous expenses amount to 3 cents.

After all this is added up, just one penny is left out of that dollar. And that penny is the packer's earnings.

The point is that American industry, as a general rule, does an all-important job for a very modest "wage". In the case of the packers, they bridge the gulf between the producers on the one hand and the consumers on the other. Meat makes the biggest single contribution to the stability of American agriculture. And, from the consumer's point of view, the charge for bringing the meat from the farm to the dinner table is amazingly low.

TAXES THAT REDUCE EMPLOYMENT

In a recent issue Collier's published a dramatic double-page spread demanding repeal of the wartime excise taxes on commodities and services. It showed just how these burden the consumer. And the point was that these taxes "reduce employment, penalize consumption, discourage

Uncle Sam Says

Political independence, our "Declaration of Independence," was proclaimed to a young and vigorous nation on July 4, 1776, when citizens were summoned to Independence Hall plaza in Philadelphia by the stentorian tones of the historic Liberty Bell. The actual tone of the Liberty Bell will again be heard throughout the nation during the U. S. Savings Bonds "Independence Drive" May 15-July 4. This time it will peal forth a message of financial independence for the individual, a reminder to every citizen of the importance of savings and Savings Bonds. They make you better equipped to face the future, secure in the reality that yours will be a better, more comfortable future.

U. S. Treasury Department

Washington News Letter

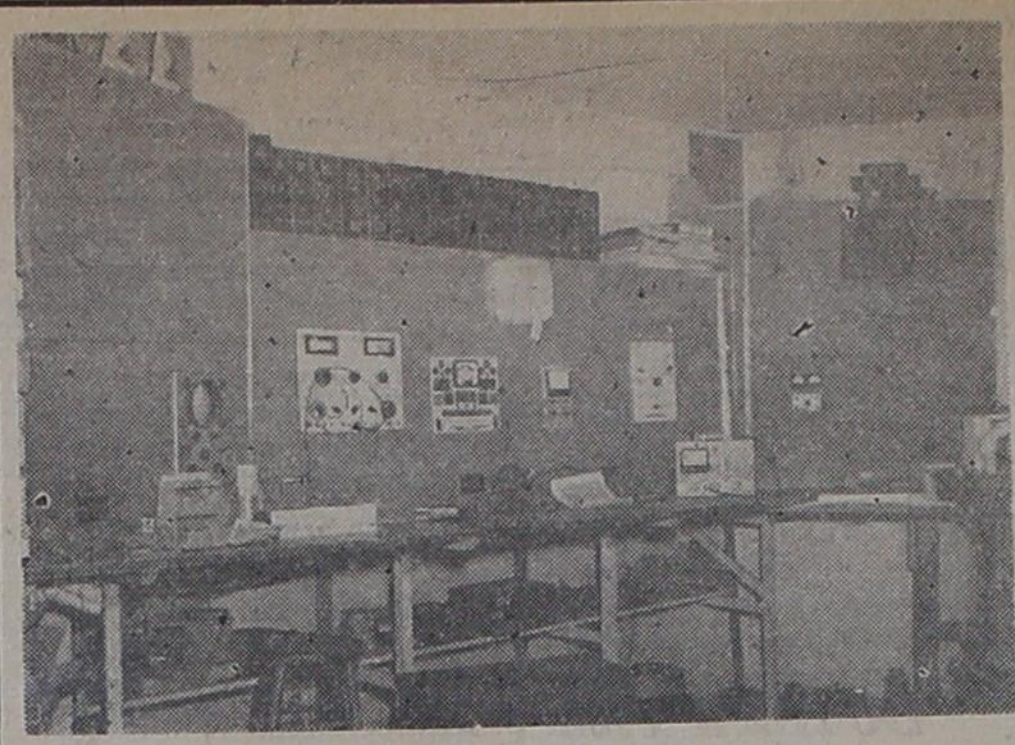

By Congressman Ed Gossett

WASHINGTON, D. C., April 1—This has been an exceedingly busy week in the House of Representatives. The leadership has been driving hard to get a number of items finished before the Easter recess which begins April 6 and lasts until April 18.

The most important bills passed in the House this week were the ECA (European Cooperation Administration) and the so-called Kerr Gas Bill, the "Kerr" being Senator Bob Kerr of Oklahoma.

When the Gas Bill and the ECA bill were finally voted upon yesterday, all Texas members voted for both bills. This is a most unusual occurrence. I recall the fall of 1941 when the Selective Service Act was extended by a margin of one vote. At that time all Texans voted for the extension. As a matter of fact, most all Southern members voted for the extension. While they make mistakes, Southerners have always been in the forefront in trying to protect and defend the Nation.

Many of us voted for ECA, however, with great misgivings. I voted to cut this authorization by five hundred million dollars. We were defeated on this amendment which carried by 4 to 5 votes. Then I, along with several other Texans, voted to strike from the bill Title 3. We were again defeated. Title 3 is the so-called "point 4 program" recommended by the President. Point 4 is a program designed to aid backward countries. Point 4 is not limited to the Marshall Plan, or any other particular plan. Under it, we will send technicians to the backward areas of the earth to help teach

HOME-TOWNER IN DRIVE FOR D. P.

ABILENE—A drive for funds began at McMurry College last week to finance the education of a displaced person from Estonia. The D. P. is 21-year-old Lehton Parnaste, who is expected to arrive at McMurry in time to begin classes next September. McMurry's administration has agreed to pay Parnaste's tuition and fees, while a student group has volunteered to pay his transportation (from New York) and to furnish Parnaste's room and board during his first year at McMurry. Oscar Spann, of Munday, is one of 35 committeemen appointed to conduct the campus drive for funds.

modern methods of farming, new industrial techniques, etc.

The part of this program which I especially distrust is the one which would guarantee foreign investments of Americans in such countries. In my opinion we should not guarantee John Doe that he would not lose money when he builds a refinery in Pakistan. We certainly would not guarantee John Doe against such loss on the building of a refinery in the United States. While not a pessimist, I feel that our country could be destroyed through dissipation and infiltration, i. e., the dissipation of our resources and the infiltration of our country by political refugees. A few minutes ago a Colonel in the Army Air Forces came by to see me. He was telling of the outrageous imposition upon American tolerance of the so-called DP program. He knew of a number of cases of criminals who have come here under the DP program. He gave the name of a Hungarian doctor who was a notorious abortionist, but who came in with DP papers. Dozens of American officers and officials have called on me with similar reports. However, their names cannot be used because they would be discharged from their positions for opposing this program.

They should go in the regulation of business, and to what extent they should interfere with State regulations.

It's another question of how far the Federal government

LOCALS

Mr. and Mrs. Adolph Havran left Wednesday for Temple, Fayetteville and Columbus, Texas for several days visit with Mrs. Havran's people.

Mr. and Mrs. G. L. Green of Clarendon and Miss Helen Louise Green of Dallas were guests in the home of Mr. and Mrs. Robert

Green and children over the week end.

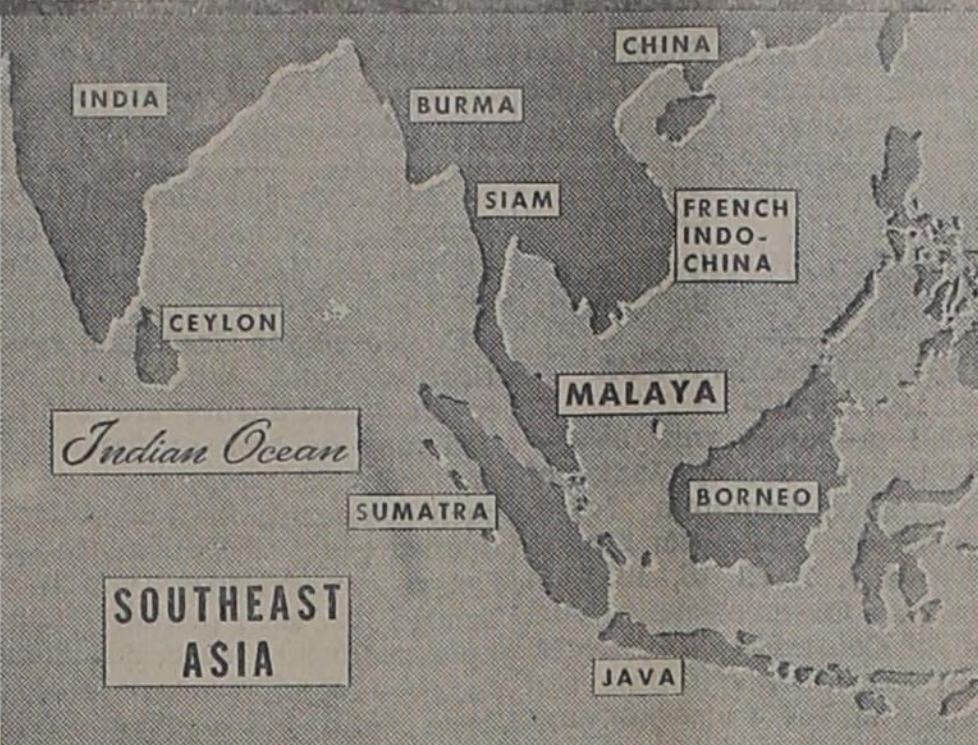

CARD OF THANKS

We wish to thank each and everyone for their kindness shown in the death of our dear mother and sister, Mrs. Nora Flenniken, and for the lovely floral offerings and nice food. May God bless each and every one.

Her children, brothers and sisters.

Southeast Asia Supplies Needs Of World That Rides On Rubber

NATURAL RUBBER COMES FROM HERE

Over 90% of all the rubber grown in the world comes from billions of rubber trees in Southeast Asia. On rubber depends modern travel and communication—including automobiles, trucks, planes, telephones and radios.

Recent events have turned the spotlight on Southeast Asia, stronghold of democracy in the East and the world's chief source of a raw material on which modern civilization depends—natural rubber.

A scant 70 years ago not a single rubber tree grew in this entire area, nearly as large as Europe. Today there are millions of acres of neat rows of high-yielding rubber trees which supply nearly all world needs for this elastic material. The United States alone used over 600,000 tons of it in 1949.

In addition to the large planta-

tions or "estates," which are financed and managed by European and American companies, there are over 400,000 small one-family rubber farms in Malaya alone which supply a "cash crop" for native Malays, Chinese, and Indian growers.

A booklet called "Natural Rubber and You" has recently been published by the Natural Rubber Bureau, Dept. N200, 1631 K St., N.W., Washington 6, D.C. It shows in photographs how natural rubber is grown in Southeast Asia. You can obtain a free copy by writing the Bureau.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

The community singing, which comes each second and fourth Sunday, will be held in the First Baptist Church, at Benjamin, Sunday afternoon, April 9, beginning at 2:30 p. m. Everyone, young and old, are urged to attend, and join in the service.

Mrs. Curtis Ripley and small son, and Mrs. Stevens, of Lubbock, visited in the home of Mrs. J. A. McCannies during the week end.

Mr. Doyle Pyatt spent the latter part of last week visiting with his mother, of Marlow, Oklahoma.

Mr. and Mrs. Orb Russell visiting in the home of his brother and family of Hale Center Thursday of last week, where they were met by their daughter and husband, Mr. and Mrs. Bobby Meinzer. The Meinzers and Russells went from there to Flagler, Colorado, for the week end. The Meinzers returned to Benjamin with the Russells to visit with relatives here.

Visitors in the home of Mr. and Mrs. J. H. Redwine during the past week were Mr. and Mrs. Lyndal Snody and family, of

Merceri, Arizona, Mrs. Jay Malone and children, of Loving, N. M., and Mrs. Gladys Jiles and children of Muleshoe.

Mrs. J. D. Redwine is visiting in the home of her daughter and family, Mr. and Mrs. Bill Steedman, of Fort Worth, this week.

Charlie Snailum, of Eunis, N. M., visited in the home of his parents, Mr. and Mrs. Lee Snailum, the first of the week.

Mrs. Wayne Hatfield and Mrs. Audrey Pierson, of O'Brien, visited in the home of Mrs. Opal Logan and girls, Tuesday of this week.

Vitamins B and C may be destroyed if soda is added to green vegetables when they are being cooked.

Hear Evangelist J. B. Barnett in our gospel meeting which begins March 15 thru 23. We want all our friends and neighbors to hear him as many times

as possible while he is here. Services will begin at 7:30 each evening.

Mr. and Mrs. Weldon Herring of Wichita Falls spent the past week end here visiting with relatives and friends.

Stanley Wardlaw was a business visitor in Dallas the first of this week.

RIDE A GOOD QUARTER HORSE

They are the only kind that can catch a calf quick and can do more with them after the are caught, than any other breed.

I have some classy youngsters coming on. They are the kind with a bottom to them.

You should see my stallion and his get. He is Dan's Wonder, AQHA Reg. No. 18603, the illustrious son of the famous old Dan Waggoner, AQHA Reg. No. 346, by Midnight, by Rainy Day. If you will read your Quarter Horse Journals, you will find they are tops on speed and using horses, especially Old Midnight. He was one of the fastest horses of his time.

I was the original owner of Dan Waggoner, and after raising a nice brood of mares, I sold him, and now Mr. Duard Wilson of Vernon, Texas, is the proud owner of him. He is 20 years old, but still vigorous and looks fine. He has more reserve champion winners and prize winner quarter horses and palaminos registered to his credit than any other horse living today. He has six winners at the Fort Worth stock show this year.

Come and see me. I'll have something for sale at my barn in Munday, Texas, every first Tuesday in each month. I will be glad to see you and show you around.

Sheriff Urges People To Report Fake Enumerators

Sheriff H. T. Melton today issued a statement urging housewives to report to the police any persons claiming to be Census takers who fail to show their official credentials as enumerators of the United Bureau of Census. His request was made after a conference with Ben E. Hausler, District Supervisor in charge of the 17th Decennial Census activities in the local area. Impostors posing as Census takers are subject to penal action for impersonating a Federal official, he census supervisor said.

District Supervisor Hausler exhibited a set of Census credentials to Sheriff Melton consisting of an identification card bearing the signature of the enumerator and identifying him as an employee of the Census-bureau. In addition, the enumerators will carry with them official printed Census forms containing the official Census of Population inquiries.

If the supposed Census taker undertakes to conduct any business other than the collection of official Census information, he betrays himself because Census takers are subject to the loss of their jobs if they combine their work with other activities such as soliciting donations, selling house-to-house, distributing advertising material, etc. Housewives who have reason to believe that they are being imposed upon by a faker are urged by both police and Census authorities to immediately notify police headquarters and give authorities a description of the suspected individual.

Treat Early For Control Of Hornfly

A tiny fly, grayish to black in color and about 3/8 of an inch long, about this time of the year or a little later begins to rob the livestock producer of pounds of beef and dollars that could be profits. This small bloodsucker, according to James A. Deer, assistant extension entomologist of Texas A. & M. College, is the hornfly.

It is seen principally on the head, neck and shoulders of cattle often in great numbers and if permitted to multiply, they may cover 50 percent of an animal's body, says Deer. The hornfly has a very short life cycle—10 to 14 days. This factor, points out Deer, makes it possible for very heavy infestations to build up in the spring before the producer notices their presence. Control measures should be used early to check the multiplication in the first generation. The first spraying is very important and may reduce the total number of sprayings needed during the summer. Animals should be given the first treatment when the fly population reaches an average of about 25

flies per animal.

Deer says there are two insecticides which will give very effective control against the hornfly. DDT has been successfully used for several years and a .5 percent spray or dip will give excellent results. Toxaphene is the other recommended material and it is also used at a .5 percent strength. It is recommended only for use as a spray. Deer adds that toxaphene has given equal or superior results when compared to DDT for hornfly control.

He points out that numerous tests have shown that cattle kept free of hornflies gained from 10 to 20 pounds more per month than those not treated. Ten pounds of 40 percent wettable toxaphene or eight pounds of 50 percent wettable DDT in 100 gallons of water and used as a spray will protect cattle for a period of 20 to 45 days says Deer.

Legal Notice

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the County Judge of Knox County, Benjamin, Texas, up to and not later than 2:00 P. M., Tuesday, April 18, 1950, in the County Commissioners Court Room in Court House at Benjamin, Texas, at which time and place all of the proposals then received will be publicly opened and read aloud. Any bid received after the hour named herein above will be returned unopen-

ed. The work to be done consists of Construction of a Jail Building with Sheriff's Quarters at Benjamin, Texas. All work to be done in accordance with drawings and specifications prepared for same by Wilson and Patterson, Architects, Fort Worth, Texas. Separate proposals will be received for General Construction, Plumbing and Gas Piping, Heating Equipment, and Electrical Work.

Copies of the drawings, specifications and other proposed contract documents are on file and may be seen at the offices of the Architects. One set of such documents may be obtained upon deposit of Fifteen (\$15.00) Dollars, which deposit will be refunded to each actual bidder upon return of such documents in good condition within three days from bid opening. Additional copies may be obtained upon similar deposit but cost of reproduction of the set will be deducted from deposit. Similar

deduction will be made from deposit of other actual bidders.

Proposals may not be withdrawn for a period of thirty (30) days from and after the time established for opening bids. Each proposal, to be eligible for consideration, must be accompanied by a certified check or Bidder's Bond, in the amount of five per cent (5%) of the total amount of the respective proposal, to insure the Owners against loss occasioned by the Bidder's failure to execute a contract if awarded or to furnish satisfactory Contract Survey.

The successful bidder will be required to enter into a contract with Knox County Commissioner Court, which will contain provisions requiring the contractor to comply with all state laws, including wage scales and hours as required by House Bill No. 45. Acts of 43rd State Legislature.

The right is reserved, as the interests of the Owner may require, to accept any or reject

all proposals, or to overlook any irregularities or informalities in any proposals received.

Bugs Start Early On Texas Gardens

Home gardeners and truck crop producers in many sections of the state are already busy at the job of keeping destructive bugs out of their vegetable crops. The fight will soon be general over the entire state and chances are good the bugs will put up a stiff scrap for their share of the products raised on the farm and in the garden. A show of weakness on the part of the producer may be fatal for the vegetables.

James A. Deer and Allen C. Gunter, extension entomologists of Texas A. & M. College, have prepared a circular, C-264, **VEGETABLE INSECT CONTROL** that is full of useful information on insects and insecticides. They point out the need for complete control and describe the insecticides that have given the best results. Recommended con-

new machine can use cotton as well or better than synthetics. This probably will result in cotton recapturing much of the market which it has lost to synthetics in the field of knitted goods. One special advantage of the new machine, aside from its high speed, is that the knitted cotton fabric which it turns out does not ravel even when cut on the bias, and that is a highly significant point, as every housewife knows. This new process may prove to be the most helpful discovery for increasing cotton consumption that has been made in many years.

Texas Cotton Committee experts are also developing markets for non-woven cotton. Among them are the cotton plastic laminates which are suitable for wall boards and panel strips. Another outstanding non-woven cotton product is a highly efficient dust and polishing cloth which has numerous household uses.

The Texas Cotton Research Committee has also developed a new process by which forty-five pounds more oil can be extracted from a ton of cotton seed by any other known process. Since New Year's Day, 1950, this process has actually been put into operation on a practical commercial basis, and it will ultimately add several million dollars in value each year to the cotton seed produced by Texas farmers. In conclusion, I would say that just as "eternal vigilance is the price of liberty," so is "continued intensive scientific research the key to broader markets for cotton and permanent prosperity for the cotton growers and those with whom they trade."

trol measures are listed for all of the more common vegetable insects found in the state.

The entomologists suggest that you visit your local county extension agent's office and ask for a copy of C-264. It is free for the asking.

Highlights from Austin

(By Senator George Moffett)

Cotton is grown by more farmers than any other crop in the United States and a strong market demand for cotton is necessary for the continued prosperity of cotton farmers and other people in the cotton growing states. If a market could be found for at least four million bales more cotton each year, an acreage reduction program and its headaches would not be necessary. Through scientific research, cotton can not only hold its present markets and find new ones, but can also regain some of the markets it has lost to synthetic fibers, most of which have been discovered solely by scientific research.

In 1941, it was my privilege to introduce and pass a bill through the Texas Legislature which established the Texas Cotton Research Committee, a permanent organization which has authority to employ scientific experts to discover new ways of using cotton. Not much was done during the war. Since 1948 definite progress has been made. All of the other states combined have not done as much as Texas. However, the Federal government has done good work. It

is conservatively estimated that scientific research efforts down to this date have either retained a market for cotton that was about to be lost, or have created a new market for at least a million bales of American cotton.

Currently, Texas Cotton Research experts at Lubbock are experimenting with a new high speed tri-cot-knitting machine which produces five hundred courses per min. This machine was originally invented by a manufacturer of synthetics but the Texas Cotton Research experts have devised a method of treating cotton yarns so that the

Society

Goree Bible Study Class Meets With Mrs. W. Coffman

The Goree Bible Study Class met April 3rd in the home of Mrs. Walter Coffman.

The president, Mrs. Reuben Bates, presided. The Group sang "Christ Arose, Christ the Lord Is Risen Today, Lead Me to Calvary and Jesus Took My Burdens, and were led in prayer by Mrs. Clarence Powell.

Mrs. Buster Coffman gave a very interesting lesson on 1st, 2nd and 3rd John and Jude.

A delicious refreshment plate was served to Mrs. Buster Coffman, Mrs. Reuben Bates, Mrs. Les Jameson, Mrs. Barton Carl, Mrs. Everett Gaither, Mrs. Clarence Powell and the hostess, Mrs. Walter Coffman.

The next meeting will be held at the Methodist Church with Rev. S. Y. Allgood giving the lesson on the book of Revelation. This promises to be a very interesting study. Everyone is invited.

Shower Given At Sunset To Honor Betty Jean Jones

A shower was given in the home economics building of Sunset school on Wednesday afternoon, April 5, to honor Miss Betty Jean Jones of Goree, bride-elect of Eugene Russell of Munday.

The table was covered with a lovely lace tablecloth, and the center of the table was decorated with a miniature bride and groom.

In the receiving line were Miss Jones, the bride elect; her mother, Mrs. Marion Jones; her sister, Miss Joy Jones; Mrs. E. J. Jones, grandmother, and Mrs. J. H. Russell, mother of the groom.

Approximately 70 guests called or sent a varied assortment of lovely gifts.

Hostesses for the occasion were Mrs. Emmett Partridge, Mrs. Carl Claburn, Mrs. Charles McAfee, Mrs. R. C. Partridge, Mrs. F. H. Russell, Mrs. Roe Myers, Mrs. Bob Jarvis, Mrs. T. J. Partridge, Mrs. Delmar Hill and Mrs. Kirby Fitzgerald.

QUEEN OF TSCW'S RED-BUD FESTIVAL—Miss Evelyn Balcar, blonde Texas State College for Women, Denton, senior from Beaumont, was recently crowned Queen of the 12th annual Redbud Festival. The coronation climaxed a week of self development and special events on the campus.

Munday Man Offers Mare To Replace Abilene Man's "Beauty"

Richard Franklin Marton, 2018 Lilius St., may soon be back in the "groundbreaking" business with a five-year-old mare to replace his "Beauty", a dun mare put to death after a serious injury here Friday.

In a letter received by the Reporter-News Monday, T. C. Merrell of Munday offered to give Marton a mare "if he can come after her." Merrell said the mare is "broke, gentle to ride and will be no trouble to work."

The offer fell on welcome ears. Marton said he would try to go see the mare as soon as possible and arrange for transportation to Abilene.

Merrell said the mare is kept on a farm 12 miles from Munday. "She's free, if he wants

her," Marton wrote.

Marton's four-year-old mare, "Beauty", was killed by an Abilene veterinarian Friday afternoon after she ran into an automobile owned by A. H. Gatlin, 1134 Vine St., and ripped open her left foreleg. Marton had treasured "Beauty", having owned her only about a year. He depended upon "Beauty" and an older horse, "Truby," to pull his small plow which he used to plow yards and prepare them for planting. It is his only steady source of income for his family of five.—Abilene Reporter-News.

Goree Study Club Hears Book Review By Mrs. Carver

The home of Mrs. W. M. Taylor was beautifully decorated with blue bonnets and Easter lilies when the Study Club met at 3 p. m. last Saturday, April 1st, to hear Mrs. James Carver review "The Big Fisherman", which she did in a very charming manner.

During the business session, Mrs. Orb Coffman, music chairman for the first district of federated club for this year, was asked to report on the gift she received from the Fine Arts Contest in a recent meeting in Stephenville.

Mrs. Barton Carl and Mrs. Sam Hampton were co-hostesses for this lovely affair.

A dainty refreshment plate was served to sixteen members and three visitors.

John Porter and Joe Duke were business visitors in Mineral Wells the first of the week.

COMMUNITY SINGING

A community singing will be held on the third Sunday in April, from 2 to 4 p. m., at the Red Top School (Bethlehem Church) five miles northwest of Munday.

Lots of good singers will be there, and everyone is cordially invited to attend. 36-2tc

Every Texas farmer and ranchman should completely execute the farm census questionnaire when it is received. Census figures are widely used for many purposes and they need to be accurate.

CARD OF THANKS

We want to express our gratitude and appreciation for the floral offerings and the food and other expressions of friendship shown at the death of our dear wife and mother.

Baptist Circle Meets Monday With Mrs. Troy Lindsey

Mrs. Troy Lindsey was hostess to the Jewel Smith circle of the First Baptist Church last Monday. The home was beautifully decorated with spring flowers.

The Bible study, "Fruits of Righteousness", was conducted by Mrs. Wallace Reid. Following the Bible study, a brief business session was held by Mrs. Don Reynolds, the circle chairman. She announced plan for the Women's Missionary Union meeting at Stamford, April 4th and 5th.

The Easter theme was carried out by the hostess during the refreshment hour.

Members present were dismissed by prayer offered by Mrs. C. N. Smith.

For the families who like their pie with cheese, this recipe puts the cheese right into the filling to cook with apples in a pastry shell. To make Chateau Apple Pie, scald 1 cup evaporated milk in a double boiler. Add 1/2 lb. shredded processed cheese and 1/2 tsp. salt. Keep over heat until cheese is melted, stirring frequently. Gradually stir the mixture into 2 eggs, slightly beaten. Combine about 1/2 cup sugar, 1/2 tsp. cinnamon, 1/4 tsp. nutmeg. Sprinkle over 2 cups apples, thinly sliced. Put apples into unbaked 9" pastry shell. Bake in hot gas oven (425°F.) 15 mins. Then turn down gas to reduce oven heat to 325°F. Four custard mixture over apples in pie shell. Continue baking until a sharp knife inserted near the center of pie comes out clean—about 35 mins. Cool and serve.

All automatic gas ranges built to "CP" standards are equipped with lifetime guarantees for top, oven and broiler burners.

As soon as cooking pressure is reached turn down the flame under your pressure cooker. Then begin to count time for cooking period.

When cooking fudge, don't beat it as soon as it's taken off the burner. Rather, pour fudge into chilled bowl, then beat with egg beater to get it creamy.

Don't be too startled at the amount of lint you get in the lint trap of your gas dryer. It's no more than when clothes are hung outside. Only difference is that outside the wind blows the lint away and you can't actually see it.

Sharpen the flavor of baked apples with a peppermint stick slipped into them just before you slide them to the oven.

Goree News Items

Hamp Jones entered a Wichita hospital Tuesday where he will undergo a minor operation Thursday.

Mr. and Mrs. Homer Howard and Jennie left Thursday for a few days visit with relatives in Hobbs and Lovington, New Mexico.

Mr. and Mrs. J. H. Lambeth returned the first of the week from the Rio Grande Valley where they have been visiting.

Mrs. Ernest Ward underwent major surgery in the Knox City Hospital last week but is reported to be improved at this writing.

B. B. Jones of Slaton and Mrs. Kenneth Houk of Littlefield visited Mrs. E. J. Jones Saturday and Sunday.

Milt Dovel of the state of Washington spent some time with old friends in Goree this week.

Mr. and Mrs. Jack Steward went to Wichita Falls early this week to bring Mrs. J. W. Hudson home, who had been confined at a Wichita hospital.

Rado Hutchens of Wilson visited relatives here this week.

Mr. and Mrs. T. J. Trainham

and Janie were Wichita Falls visitors Sunday.

Edward Stalcup of Lubbock spent the week end with relatives. He and his parents, Mr. and Mrs. Ira Stalcup visited in Graham Sunday.

S. J. Bailey of Quanah visited in Goree and Haskell Sunday.

Goree Juniors To Present Play On April 14th

The Junior Class of Goree High School is presenting a 3-act hilarious comedy, "Aunt Minnie from Minnesota", on Friday, April 14th, in the school auditorium. The time is 7:30 p. m. and admission is twenty-five and forty cents.

Minnie Miller is the sort of girl who was a born old maid. But that was when she left her home in Brandon to live on a farm in Minnesota with a wealthy aunt. Having lost her aunt and inherited a fortune, she returns to Brandon full of pep with ideas way ahead of the sleepy town of Brandon. As a "wake-upper", she has no peer, with other peoples' affairs she's a whiz, but when she has problems with her own heart and pocketbook, it means trouble with a capital "T" but finally ends with victory which includes romance of her very own.

The characters are: Aunt Minnie, Paula Kelly; Mrs. Emily Evans, Minnie's sister and a widow; Virginia Hammons; Elvira Evans, Mrs. Evan's oldest daughter and an old maid at 21, Eva Hudson; Eva Evans, Mrs. Evan's younger daughter of nineteen, Wilma Lane; Emery Eaton, Eva's fiance, Bobby Graham; Guy Graham, who would like to be Elvira's fiance, Douglas Lam-

They're Not Much For Looks, But--

They wouldn't win any beauty prizes, these four, judging from their appearance here when the flash bulb flashed—but they're strong on doing things for the community's advancement. They are leaders in the Community Development Association.

You've probably recognized them already, but in case you haven't, they are, left to right: Paul B. Pendleton, treasurer; Winston Blacklock, vice-president; E. B. Littlefield, president for 1950, and J. L. Stodghill, retiring president.

They will howl in the first act; scream in the second, and roll down the aisle in the third.

There is fun and entertainment for all the family. Everyone is invited to attend.

The play is directed by Mr. James Carver, sponsor of the Junior class.

Mr. and Mrs. S. J. Warren visited their children, Mr. and Mrs. Marvin Warren and son, Jerry, and Mr. and Mrs. Weldon Warren and children, Dickie, Ann and Johnny at Plainview over the week end.

PROCLAMATION

WHEREAS: The disease, cancer, represents a community health problem in Munday, as well as throughout the nation.

WHEREAS: Measures must be taken to cut down the present cancer death rate, easing the tragedy of individuals and lightening the community burden of the great social and economic losses resulting from cancer.

WHEREAS: Cancer control to be effective, must be the vital concern of each and every one of us, therefore, I, W. R. Moore, MAYOR OF THE CITY OF MUNDAY hereby proclaim APRIL as CANCER CONTROL MONTH and request the citizens of this city to observe it as such.

I urge all residents of Munday for the protection of themselves and their loved one—learn the essential facts about the disease. I further request that all individuals, institutions, businesses, and organizations support, cooperate with and assist the County Unit of the American Cancer Society in the 150 Cancer Crusade.

GIVEN Under My Hand and the Seal of the City of Munday, State of Texas, this 5th day of April, in the year one thousand nine hundred and fifty.

(L. S.) Signed: W. R. MOORE, Mayor

Mrs. Joe Jones and daughter, of Childress, are visiting her parents and sister, Mr. and Mrs. E. V. Shackelford and Doris Ann of Goree, this week.

Happy Easter

At this glorious Easter, we pause to wish you joy, peace and happiness of the season, and to thank you for your patronage thus far in the year.

THEIR MAJESTIES, KING AND QUEEN OF COTTON—Miss Docia Schultz, junior Texas Sate College for Women student from Garland, and Nelson Brunne-man, senior Texas A & M agronomy major from San Be-

nito, will reign this year as King and queen of A & M's annual Cotton Ball, April 28. Brunette Miss Schultz was chosen recently from thirty-two TSCW nominees by nine A&M judges to accompany King Brunne-man.

4-H Youth Raise 8,000,000 Birds In Poultry Program

Based on the increasing popularity of the National 4-H Poultry Achievement program, 4-H'ers should top their last year's record of raising a total of 8,000,000 chickens, turkeys, ducks and geese. Likewise the enrollment figure is expected to pass the 150,000 mark reached in 1949.

County Extension Agents and local 4-H Club leaders work with the youth, instructing them in newest methods and approved practices used in poultry and

egg production. Members are encouraged to carry out the six main objectives of the program which briefly are: learn the place of poultry in the economy of the farm; acquire skill in poultry raising; assist in production of eggs and fowl to provide adequate supplies of food; appreciate the nutritive value of eggs; learn to grade and market poultry products; study scientific developments and apply the knowledge to home flock production.

The 4-H'ers carefully keep records showing production of birds and eggs, and also general achievements in others phases of Club work. At the end of the year these records are judged for special honors which will again be provided by Dearborn Motors, program sponsor. Five sterling silver medals will be presented to winners in each county; a trip to the National 4-H Club Congress in Chicago for the state winner; and college scholarships of \$300 each to the 10 national champions.

The program is under the direction of the Cooperative Extension Service.

The quality of turkeys produced in Texas is definitely on the up-grade, and can be continued if producers will select only the best quality poults and then do a good job of growing them out.

Electric arc welders are safe only so long as the operator observes proper safety precautions. All electric farm welders should have safety controls and the frames should be effectively grounded.

Legal Notice

THE STATE OF TEXAS To Any Sheriff or Any Constable Within the State of Texas, Greeting:

E. M. Waldron, Administrator with Will annexed of the Estate of Lela G. Waldron, having filed in our County Court his Final Account of the condition of the Estate of said Lela G. Waldron numbered 740 on the Probate Docket of Knox County, together with an application to be discharged from said Administration.

You Are Hereby Comanded, That by publication of this Writ one time and said publication shall be not less than ten days before the return date hereof, in a Newspaper printed in the County of Knox, you give due notice to all persons interested in the Account for Final Settlement of said Estate to appear and contest the same if they see proper to do so, on Monday, the 17th day of April, A. D., 1950, at the Court House of said County in Benjamin, Texas, when said Account and Application will be acted upon by said Court.

Given Under My Hand and seal of said Court, at my office in the City of Benjamin, Texas, this 3rd day of April, A. D., 1950.

M. T. CHAMBERLAIN, Clerk, County Court, Knox County

I Hereby Certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands.

H. T. MELTON, Sheriff, Knox County Texas

Applications For Soil Conservation Are Approved

The Supervisors of the Wichita-Brazos Soil Conservation District approved the following applications for conservation assistance at a recent meeting held at Knox City: J. J. Harlan, August Loran, John Albus, F. H. Propps, O. D. Propps, Ray Escobar, F. L. Chambers, J. W. Cloud, Graham P. Stewart, John P. Spann, F. S. Wilson, J. W. Green, J. M. Tidwell, Willie Snelson, S. N. Reed, Claude Reed, Leo Parks, C. P. Baker, H. Bowden, Eugene Michels, J. C. and R. G. Alivs. The following conservation plans were approved by the board: M. D. Powell, L. M. Patterson, M. C. Webb, and Barney Arnold.

Terrace lines have been run by technicians of the soil conservation service assisting the district on the following farms in recent weeks: Ted Hertel, northeast of Knox City; F. H. Propps, of Gilliland; Claude Reed's farm near Munday; Paris Keller, of Judd; Orb Coffman's farm, near Hefner; Carl Mahan, near Hefner; August Loran of Rhineland; T. A. Holcomb of Judd; and Lloyd Griffith near Benjamin. These terraces are but a part of the conservation plan worked out by the farmer, assisted by technicians of the soil conservation service.

Make every day in 1950 a safe day on your farm.

LOOK! LOOK! Give the F. F. A. boys your subscriptions to your choice magazines. We guarantee lowest rates and prompt service. Phone 243-J. 36-ttc

Operators of welding equipment should always use a hand shield or helmet as a protection against injury to the face, neck and eyes.

STATE JOB OPENINGS ARE ANNOUNCED

Competitive examinations for positions with the Texas Employment Commission and the State Department of Public Welfare will be given on May 6 by the Merit System Council, Chas. S. Gardiner, director, announced in a statement released March 25.

Stenographers are needed in every part of the state, Gardiner declared. Clerk-Typists, Filed Workers, Interviewers, and Clerks and needed primarily in the smaller cities and towns throughout the state.

Key Punch Operators and Tabulating Machine Operators are needed to work in Austin.

Qualifications for these positions vary from high school

graduation to college graduation. The positions of Key Punch Operator and Tabulating Machine Operator require training in the use of these machines. Gardiner stated that these examinations present to people the opportunity for employment with the state under the most favorable conditions. Work under the Merit rule, he pointed out, leads to permanent employment with good salary, promotional possibilities, liberal vacation and sick leave, and retirement benefits.

Gardiner said that official application blanks can be obtained from the local office of the Texas Employment Commission or the State Department of Public Welfare, or by writing the Merit System Council 1000 San Antonio Street, Austin, Texas. Applications must be postmarked before midnight, April 15.

Knox Prairie Philosopher Works Up List Of The People To Save In Cave In Case Of An Atomic War

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has another backward idea this week, as you'll agree after reading his letter.

Dear editor:

I was out here the other afternoon wanderin around enjoyin Spring when I picked up a copy of the Reporter which somebody had used to wrap garden seed in—ain't no chance of seeds sproutin through that paper, and while they was perfect good seed I shook them out, I learned long ago not to get tricked into plantin seed—at any rate, I stuck the paper in my pocket and later on in the day when it seemed like I'll run out of something interesting to do I pulled it out and since I was already sittin down anyway I leaned back against a tree and read where there is considerable talk of a cave in the Ozark Mountains for

use in case of an atomic war. As I understand it, some man is proposin to use this cave to preserve civilization in case of a world-destroying atomic or hydrogen bomb was. His idea is to use the cave as a sort of modern Noah's Ark, only instead of animals he would fill it up with people worth keepin alive to carry on after most of the rest of the people was killed off by the bombs. This is not a bad idea except for one thing—he's proposin the people selected for the cave

Roxy Theatre, Sunday and Monday

Dorothy McGuire and William Lundigan portray doctor and wife in the comedy "Mother Didn't Tell Me," which also stars June Havoc.

Farmers To Get Questionnaires On Farm Census

Between March 22nd and March 27, copies of the 1950 Census of Agriculture questionnaire will be placed in the mailboxes of all farmers in Knox County, B. E. Hausler, Census District Supervisor, said today. Farmers are requested by the Census Bureau, U. S. Department of Commerce, to fill in the questionnaire in time to have them ready to give to Census takers who will call on and after April 1 to take the Censuses of Population and Housing and to collect the Census of Agriculture reports.

Distribution of the Agriculture questionnaire is being made in advance of the Census enumerator's visit to afford farmers time to consult their records for information about

should be scientists and other brainy people.

I look at it just the other way. The last people we want in that cave is the brilliant folks, the brain-wrackin people who are responsible for needin the cave in first place.

Ain't no use fillin that cave up with people who, the first thing they got out after the smoke cleared, would start right back in where they left off, this time probably settin their powerful minds to work on a bomb that not only would sweep over the face of the earth killin everything in sight but would also go down in the crevices and caves and wipe out whatever was in hidin there, too.

No sir. The kind of folks who ought to be put in that cave is the ordinary, non-atomic type, the type that ain't got beyond the fire-cracker stage, the type that ain't interested in carryin civilization to its highest peak.

Under by plan, might take in a few school teachers, a preacher or so, a few harmless poets, some farmers, a few carpenters, maybe a editor if the place ain't too crowded, but we blamed sure don't want any brainy people in there. Be the worst thing that could happen to the post-atomic world.

Yours faithfully,
J. A.

COLORFUL SPRINGTIME!

Smart pastel cotton frocks which are sprinkled around the warm resort centers now mean that a colorful spring is on the way. National Cotton Council fashion experts predict pastel cottons will be one of the big hits of the spring season. This glamorous frock of quilted cotton pique in pale pink was created by Clockwise Fashions of Dallas.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—Deaths from cancer in Texas reached a total of 7271 during the past year, indicating that a warning against cancer quacks and so-called cancer cures is justified by the State Health Department. Early diagnosis and competent treatment could have prevented many of these deaths, states Dr. Geo. W. Cox, State Health Officer.

"There are but two ways of treating cancer. First, by surgery and second, by the use of radium and x-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage for the remaining groups. Frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves, and diets are valueless.

"The great protection against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical early in the first stages of the disease. No hope should be placed in fake cancer treatments. Rather the annual phys-

ical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: any unusual bleeding from any opening any lump in the breast or other part of the body, and persistent sore, particularly on the face or mouth, any chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your physician at once.

ical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. Munday, Texas

Work, Love And—

(Continued from Page One)

ment was given by Robert and Richard O'Brien, twin sons of the guest speaker and natives of Munday, who are now attending Hardin-Simmons University. Background music was played during the dinner by Mrs. Don Boyles and Miss Shirley Yost. The dinner was prepared and served by Munday High School's Future Homemakers of America and their instructor, Miss Eugenia Robertson.

New officers and directors were automatically installed at the banquet and were introduced by Mr. Hannah.

E. B. Littlefield, incoming president pledged that 1950 "will see the organization continue to progress and go forward to new accomplishments. 'I doubt,' he said, 'if any similar organization has accomplished more in such a short time.'"

Littlefield was elected to succeed J. L. Stodghill, who has completed almost two years as president of the organization. New directors are Fred Broach, Jr., Lloyd Patterson and Dwight Key, who succeed Don L. Rat-

liff, Moody Johnson and Clay F. Grov. Holdover directors are W. R. Moore, Aaron Edgar, Wallace Reid, Paul B. Pendleton and Winston Blacklock.

Blacklock was re-elected vice-president of the organization, while Pendleton was re-elected treasurer.

During the dinner a brief summary of the 1949 achievements was given those present in the form of printed pamphlets.

GOREE SINGING SCHOOL TO CLOSE ON FRIDAY

L. D. Huffstetler of Dallas is teaching a two-weeks singing school at Goree, which will be closed on Friday night of this week. Several quartets including the Odell Ladies Quartet of Odell, and others, will be here for the closing program, beginning at 7:30 p. m. The public is invited to attend.

The school has been held nightly at 7:30 o'clock at the Goree Baptist Church.

Mrs. Lonnie Offutt, Mrs. J. T. Offutt and Mrs. Bryan Cammack attended a district P. T. A. meeting in Seymour last Tuesday and Wednesday.

Munday F. F. A. Chapter Starts Spring Drive

Soon you will be given an opportunity to help Munday Future Farmer boys without costing you one red cent more than you send your subscriptions direct to the publishers or were to give your orders to some out-of-town salesman.

In fact, if a special offer is made by the publishers of either newspapers or magazines, we pass the savings on to you. This is our method of raising money to support our chapter.

Supt. Cox has given this privilege to the F. F. A. boys. No other school class or organization is allowed to take subscriptions without violating the right granted to us. So if you can save yourself money, and at the same time help the boys, why not give them your subscriptions and renewals? They will be glad to take them all during the year. Thanks.

E. R. Ponder, adviser.

Our Citizens Of Tomorrow

Pictured above are, left to right, top row, Brenda, 1 year, and Judy, three years, daughters of Neva Talbert, Munday, and Gregory, 13 months, son of Mr. and Mrs. Everett Kuehler, Munday. Bottom row: Kathy, 21 months, daughter of Mr. and Mrs. Larry Wilson; Rita Ann, 2 years, daughter of Mr. and Mrs. Lamoine Blacklock, and Dorothy, 3 years, daughter of Mr. and Mrs. H. L. Edrington.

Adults Just Eat Too Much

The most frequently mentioned malnutrition problem among adults in the United States is overweight. In simple everyday language, Lucille Schultz, associate extension foods and nutrition specialist of Texas A. & M. College, says many adults just eat too much.

How much fuel foods a body needs depends on its size and activity. If the body weight stays about right for height and build, it's a good indication that calories in the diet are in balance with body needs. Overweight indicates that too much fuel food is being eaten and the body is storing it as fat.

Miss Schultz says it is safer to be plump than skinny up to 35 but after 35 excess fat becomes a greater health liability than extreme thinness. Ailments such as high blood pressure and heart and kidney troubles are more common among the overweights, but those who are too thin tend to tire more easily and may be easy prey to infections.

For those under 20 years of age and overweight, she suggests that reducing be done only under a physician's supervision. heart or organic troubles should observe this rule of safety.

For those over 35 years of age who need to reduce, she offers this advice. Don't lose weight too rapidly—a pound or so per week is plenty. Cut the calories but eat other essentials for good health; eat three meals per day but no between-meal snacks and avoid high calorie foods and eat sparingly of bread or cereal.

Eat plenty of fruit and vegetables, but she says take them straight—no cream sauce or fat nor cream or sugar. Be generous with the protein-rich foods for good nutrition requires lots of lean meat, milk, eggs and lean fish.
