Odd Bits Salvaged  
By The Editor

It's hard to realize that some farmers have completed their 1963 cotton harvest by early September.

k-k

Yet, that's the report we received last week. Used to be we hadn't gotten into the full swing of gathering until mid-September.

k-k

Used to be, too, that those in the cotton business would say that, with a favorable fall, anything that cotton put on up until September 15 would go ahead and make a crop.

k-k

Just shows how times have changed—and are changing.

It may never happen again that someone will be pulling bolls in March, like we did in 1920. Anyway, we're sure it won't be us. But we finally get enough money together for that suit of clothes we were trying to get and needed so desperately.

k-k

These "changing times" are attributed to several factors, in our opinion. Even this year, two factors entered into the picture pretty heavily.

k-k

One was earlier planting of cotton. After last year's experience with the boll weevil, a number of farmers decided to plant early and get ahead of the peaky insect with the ravenous appetite by planting earlier than usual.

k-k

Spring was a little bit favorable for this activity; and, for that reason we think we ginned our first cotton this year several days earlier than usual.

k-k

Mr. Boll Weevil then began making his appearance known in that "top crop" of cotton. So did other insects that like to devour cotton.

k-k

Then there was the matter of lack of rainfall and a whole bunch of 100-plus temperature. The combination of these two is not very conducive to producing a bumper crop of cotton, although it appeared we had one under way.

k-k

So it became evident that this "top crop"—and that's what we thought always put on until mid-September—was going to be sorta nil. Farmers saw no particular need to wait for the top crop, so they started defoliating to get rid of the foliage and to combat the insects.

k-k

That's how we got the report of one farmer last week that he had gathered his cotton crop, shredded the stalks, and was through for this year. Another said last week, too, that he was almost through, lacked a little in one patch. Still another said Monday that he was about through.

k-k

News reports coming over the radio Monday were to the effect that about 10 percent of the Knox County crop had been defoliated and stripped. So farmers who used to be stripping in February now have their crop gathered.

k-k

That doesn't mean the cotton crop is gathered by any means. The activities mentioned above apply to dry land cotton. There's lots of irrigated cotton still producing and won't be gathered for several weeks.

k-k

Which reminds us, too, that the Texas Employment Commission presented figures to the local farm labor committee just a few days ago that there would be a farm labor shortage during the peak of our cotton harvest. At present, there is plenty of labor and most of the available housing is filled, according to reports.

k-k

Yet, the TEC presented figures that Knox County will be short 2,670 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National Braacero workers, according to TEC.

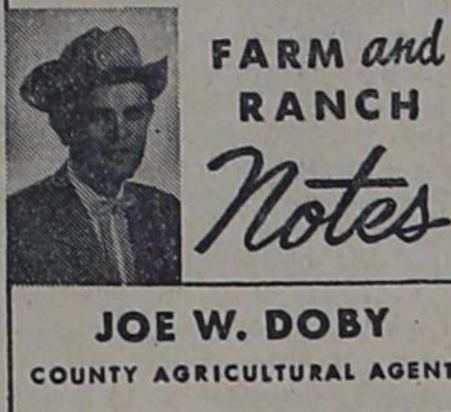

k-k

So the farmer who had already finished can take a long vacation, if he's realized money enough, or sit down with a feeling of relief and view with sympathy the plight of those who will be facing the peak period short of some 2,670 workers.

k-k

The cotton picking or stripping machine will come in mighty handy at such a time!

Mr. and Mrs. Bob Killian and Mr. and Mrs. James Amerson attended the Albany-Olney football game at Olney last Friday night.

Here is a telephone number to put in your emergency number book in case someone in the family gets poisoned. It is the number for the Abilene Poison Control Center at Hendrick Hospital in Abilene. The number is OR4-3551, Extension 84, Dr. S. J. Barron, M.D. These Centers are supplied by the Texas Department of Health to provide information, treatment and public health information. The services are available to local physicians who may not be acquainted with the proper treatment and antidotes for specific pesticides or other poisonous materials. The attending physician should be furnished the entire label from the package of poison so he will know the exact nature of the chemical when asking for antidotal and treatment information.

Four new smut and lodge resistant grain sorghum hybrids have been developed by the cooperative plant breeding programs of the Texas Agricultural Experiment Station and the Crops Research Division, Agricultural Research Service.

RS 616, RS 622, and RS 623 are described as having red coleoptiles, yellow stigmas, red seed and no awns, says L-589, a new publication of the Texas Agricultural Experiment Station. They also have satisfactory head exertion but during droughts and high temperatures it may not be sufficient to avoid cutting undesirable amounts of leaf material while combining.

The four new hybrids have shown to be equivalent to RS 610 and RS 608 in yields but not as widely adapted as the older hybrids. In areas of short growing season and low rainfall, yields have been poor because of late maturing of the plants.

The publication reports that there has been no head smut found in the pollen parents or any of the four hybrids. The parents and the hybrids were also grown in sorghum disease nurseries and no symptoms of disease were found. The hybrids appear to have Kafir-type resistance to chinch bugs, as well.

Resistance to root lodging was observed during a Gulf storm in 1960 and the hybrids have also shown good resistance to weak-neck and stalk-rot lodging. The plant's extra strength was attributed to their height, which averages 6 to 12 inches shorter than comparable hybrids, and the resulting greater overlap of leaf sheaths.

Small amounts of a new formulation of malathion has proven effective in the control of grasshoppers in field tests, says the U. S. Department of Agriculture.

Entomologists of the USDA's Agricultural Research Service say that the new form of the nonpersistent insecticide malathion requires only nine ounces per acre when applied by airplane for effective control of the pests. Results with other formulations of the insecticide using one pound per acre were erratic.

The tests with malathion are of interest to those concerned with the agricultural use of insecticides for two reasons. First, the nonpersistent nature of the formulation means that its residues last only a few days after application and it has a low toxicity level for warm-blooded animals. Secondly, the small amount of the material that will do an effective job of grasshopper control, about one quart of liquid per acre, fits in well with recommendations to use as little insecticide as possible in spraying operations.

Another benefit seen for the new chemical is that smaller amounts can treat large areas and thus smaller airplanes can be used in spraying applications. This would remedy the need for large landing strips, which is a problem with larger spray planes.

The new insecticide is expected to be valuable in controlling grasshoppers on western rangelands where they often build up in large numbers, says the Department.

Although many insects are beneficial, approximately 6,500 species of insects and 2,500 kinds of mites and ticks in the U. S. are considered economically harmful. Of these, some 700 alone cause billions of dollars in damage to crops and livestock annually.

SPANISH LANGUAGE DRIVERS HANDBOOK—Over-sized cover of new Spanish language version of Texas Drivers Handbook is presented to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety (center) by Herman P. Pressler, Jr. (right), Vice President, Humble Oil & Refining Company. At left is Glenn Garrett, Director of the Texas Good Neighbor Commission, whose office made the translation. The new Handbook is now available to Spanish-speaking people throughout the state.

## Acreage Survey Is Being Taken

Postmaster Chan Hughes announced today that Rural Mail Carriers will begin distributing 1963 Acreage Survey Cards to patrons on their routes about September 12.

The Post Office Department assists U.S.D.A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1963.

To be sure this community is well represented in the survey, Postmaster Hughes urges each patron receiving a card to fill it out and return it to his mailbox. Rural mail carriers working on this project are: Ardell Spelce, Route One; and Rebus Guess, Route Two.

## Sears Gilt Show Set For Saturday

The Knox County 4-H Sears Roebuck Foundation Gilt Show will be held Saturday, September 14, at Benjamin. The show will start at 8 a.m. and will be held in the railroad stock pens on the South edge of Benjamin.

Judge for the show will be Mr. Taylor Segro of Rochester, registered Duroc breeder.

Boys with gilts in the program are: Don Roberts and Chip Smith, Benjamin; Joe Loran, Rhineland; Buddy Lowrance, Goree; and Larry King, Gilliland. Chip Smith also has the county boar this year and he will have him at the show for display.

The first place gilt and the boar will be entered in the area show to be held in Wichita Falls, September 21.

## ATTEND ANNIVERSARY

Mr. and Mrs. Lee Haymes spent the week end in Lubbock with his brother and wife, Dr. and Mrs. J. O. Haymes, and attended their 50th wedding anniversary on Sunday at the Methodist Church. All of the original wedding attendants, except the best man, were there to help them celebrate.

Mr. and Mrs. Omar Cure are shown above during a recent trip to Ruidoso, N. M. Mr. Cure, manager of Knox Prairie Seeds, Inc., received the trip from Olin Chemical for outstanding service to farmers of the Munday area in making sound recommendations for fertilizer and pesticide use.

## S. T. Easley, 87 Dies At Anson On Friday Morning

S. T. Easley, 87, resident of Knox County for many years, passed away at 12:45 a.m. Friday at his home in Anson.

A retired dry goods and grocery merchant, he had lived in Jones County since 1948, moving to Anson from Munday.

He was born February 16, 1876, near Gainesville and moved with his parents to near Bridgeport at six years of age. He was reared near Bridgeport and married Martha Shelton in Wise County on December 25, 1895. She preceded him in death August 8, 1962.

Mr. and Mrs. Easley moved to Knox County in 1917, and Mr. Easley was engaged in the general mercantile business in Munday for many years. He was a member of the Church of Christ, and during his latter years in this area, he made trips during the summer to lead the singing in gospel meetings.

Survivors include two sons, Foy and Ray Easley both of Anson; a daughter, Mrs. Claudia Barnett of Goree; a brother, J. A. Easley of Bridgeport, and a sister, Mrs. Tommie Triplett of California.

Funeral services were held at 3 p.m. Saturday from the Church of Christ in Anson with Curtis Ramey, minister, officiating. Burial was in Mt. Hope Cemetery at Anson.

## Mrs. Whiteley Opens Beauty Shop Here

Mrs. W. H. (Dot) Whiteley, who formerly operated a beauty shop in New Castle, has moved her equipment to Munday and has opened a beauty shop in the building formerly occupied by Pinkie's Beauty Shop. Her sister, Mrs. Mae Stewart, will also be an operator in the shop.

These ladies specialize in 4-way hair cuts, tinting, bleaching, frosting and tipping, and are experienced operators. They invite the patronage of ladies of this area.

## Moguls To Play Bobcats Friday

The Munday Moguls, District 11-A champions last year, will have another home game next Friday night when they meet the strong District 7-B Rule Bobcats on the Mogul field.

In the opening game last week, the Bobcats defeated the District 6-A Wylie team by a score of 12 to 0 at Wylie, and they will be fighting to stay in the win column when they meet the Moguls.

Coach Bingham's Moguls showed enthusiastic fans a sample of top football last Saturday night by sailing to an easy victory over Rochester. They'll be primed to hold their top position in Friday night's game.

This game is expected to draw another record crowd.

## County Council Meets On Friday

The regular meeting of the Knox County Home Demonstration Council was held on September 6 in Benjamin with all the Home Demonstration Clubs of the county represented and all officers present. Mrs. Clyde Beck of Vera was a visitor. Mrs. Beck is a former chairman of the council.

The main business considered was the completion of preparations for the printing of a cookbook. Mrs. Homer Martin, chairman of the cookbook committee, indicated that the books should be ready for sale by the later part of November or early December.

Mrs. A. L. Parker called attention to the Texas Home Demonstration Association meeting to be held in San Antonio, September 18-20. Delegates to represent Knox County are Mrs. Joe Patterson, Munday; Mrs. Roy Petty, Benjamin; and Mrs. E. J. Jones, Truscott. Others who plan to attend are: Mrs. M. Almanrode and Mrs. J. R. Brown.

Others present were Mmes. R. M. Almanrode, Chairman, W. H. Dodd, A. L. Cook, M. Chowning, W. T. Cook, Marie Gillespie, G. Wyatt, O. Simpson, O. Salomon, W. M. Rake, Joe Patterson, A. L. Roden, and S. G. Kinsey, county home demonstration agent.

## EASTERN STAR, MASONS WILL HOLD PICNIC

The Eastern Star and Masons will hold a picnic Thursday, September 12, at 7:30 p.m. at the swimming pool park. A basket lunch will be served.

## CORRECTION

In last weeks paper under the picture of the twin colts, owned by Dale Stoddard, we gave the name of the sire as Double Trouble and it should have been Bill's Trouble. We are very sorry to have made this error.

## Munday Moguls Serve Notice On 11-A Teams By 36 to 8 Victory Over Rochester

The Munday Moguls brought thrills and excitement to fans of this area last Saturday night as they served notice to District 11-A that they would again be strong contenders for high honors by defeating the scrappy Rochester Steers 36 to 8. This was the most decisive victory of any recent opening game.

Munday, which probably has the most talented backfield in the district in Pete Alcala, Lewis Flores, Terry Leflar and Skip Lane, ripped the Steers defense for 358 yards rushing, with Alcala adding 181 yards to his own right. The Moguls made 18 first downs to 11 for Rochester, attempted only one pass, which failed, while the Steers completed 2 of 10.

Typical of a season's opener, Munday started the game fumbling, got the ball back after two

plays on a Rochester fumble, but failed to move.

The first score came when half-back Alcala grabbed off a Steer aerial and raced 62 yards to the Steer 17. Three plays later, quarterback Lane dove in for the first Mogul tally.

Facing a fourth and 10 situation later, a key play call by Lane gave the ball off on a slant to Alcala, who ripped off a 29-yard run to pay dirt. The pass for extra points was no good, and Munday led 14 to 0.

The kickoff was fumbled by the Steers and the Moguls took over on the Steer 40. Four plays later, Munday was on the 23 knocking on the door with a first and 10. From there Flores smashed through the Steer ranks for six more points.

Munday's onside kick was knocked loose from a Steer lineman and again the Moguls had the ball at midfield. From there Munday spent only seven plays in eating up the yardage, capping the drive with a three yard end sweep by Alcala for the TD and adding two more points on Alcala's extra point dive, making the score at halftime 28-0.

The third quarter went scoreless with Moguls Jackie Booe, 190-pound honorable mention all-state center, shining defensively.

Munday in control all the way and showing the polish and precision of a mid-season team, took over on downs on their own 25 early in the fourth quarter. From there Alcala exploded through the line on the second play from scrimmage for 62 yards and Munday's final tally.

A Lane-to-end David Tomlinson extra point pass brought the score to 36-0.

The Steers' lone tally came late in the game when star halfback Johnny Wyatt sprinted 35 yards around left end to score. Quarterback Speck added the extra points on a keeper play off the left side.

## Labor Needs For Cotton Harvest Are Outlined

Knox County citizens, Claude Hill and Weldon Smith, will serve as a County Farm Labor Committee and meet with Mr. A. H. Keever, Manager of the Texas Employment Commission office in Vernon to review the total seasonal employment needs developed by the TEC. Mr. H. H. Partidge is also on the committee but was unable to attend the meeting.

The Committee was presented with the figures of the TEC that Knox County will be short 2670 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National Braacero workers.

The Committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Knox County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law 78, the TEC must supply this information to the Secretary of Labor who must limit the number of Mexican Nationals to be used in this county by granting a "ceiling." The Committee consults with the local Office Manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in Post Offices in Munday, Knox City, Benjamin, Vera, Truscott, in the County Agent's office, and in the County Courthouse.

The Munday school P. T. A. will hold their annual barbecue Thursday, September 19, at 7 p.m. at the Munday football field.

The menu will consist of barbecue, Pinto beans, potato salad, relish and tea or coffee. The price of the meal will be 50 cents per plate and the Munday Lions Club will serve the meal.

David Bardin is president of the Munday P. T. A. and W. O. Smith is the president of the Munday Lions Club.

Miss Alice Carolyn McCarty of Abilene visited Miss Tennie Montandon last Sunday.

### IN INTEREST OF GOOD CITIZENSHIP

The editor of a country weekly or smaller city daily newspaper is in a unique position in his community. He knows personally a large proportion of his subscribers and a subscriber can find him in his office and cross verbal swords with him.

A conscientious country editor is clothed with a heavy responsibility. He not only records the local news, social events and political happenings of his community, but he should discuss national and international issues which have a direct bearing on the lives and livelihood of his readers. This is often a discouraging and unappreciated job but if his paper is worth reading he has to accept the burden. He is in the position of a teacher. How well each translates his ideas to his audience determines his standing in his profession.

It is certainly true that the smaller paper must place emphasis on local happenings. But it is unfortunate for a community if an editor feels obliged to move entirely in that direction.

The home town paper is read from the first to the last page because it contains a review of community activities found nowhere else, regardless of competition from radios, television and big city papers. With this background and the respect accorded its comment, the small town paper, in the interest of good citizenship and the dignity of the press must express opinions, whatever they may be, on international and national affairs that can affect directly every citizen down to his job or business, the property he owns and the taxes he pays.

Local editors and school teachers are largely responsible for the thinking that will protect the United States from domestic and foreign influences that would destroy the freedom we enjoy.

### LET'S HEAR FROM THE FAMILY FARM

The family farm has been the subject of much worried discussion, spurred by the fear that it is in danger of being absorbed by the big corporate farm.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

Yet, according to the Secretary of Agriculture, the family farm seems to have been holding its own and then some. In a late year it accounted for a higher proportion of all farms than it did 15 years before and, also, for a higher percentage of total marketings.

Even so, the Secretary feels that steps should be taken to strengthen its power of survival. Most important of these is government action to "... insure fair prices to farmers through public supply management programs when overproduction makes such programs necessary."

That phrase should be read again and pondered in order to understand its full import. If "public supply management" means anything, it means government control. So, to save the family farm from possible corporate absorption, we should give the power of management decision to a federal bureaucracy. We should, moreover, subject it to a program which has cost the taxpayers the-ord-knows-how-many billions of dollars, produced some juicy scandals, and piled chaos upon confusion.

One would like the views of some typical family farm owners on this drear prospect!

### NATIONAL BIBLE WEEK—1963

The Holy Bible continues to be, as it has been for many generations, the best seller of all books published in this world!

In helping to further an interest in a reading and study of the Great Book, the Laymen's National Committee, Inc., asks that we set aside the week of October 21st through 27th and recognize it as National Bible Week. This year marks the 23rd in a long and auspicious line of Bible Week observances. A timely theme has been chosen: "The Bible—Symbol of Unity."

When we are joined in unity in conjunction with the Bible it can mean but one thing—the joining together of all faiths in a drive to bring peace and understanding to all men in today's troubled world.

Let the Bible be a symbol of unity, both in family and nation.

## Miss Peggy Booe And Randal Brown Are Married In Church Rites Here On Friday

The First Baptist Church was the scene of vows exchanged by Miss Peggy Booe and Randal Brown Friday night, September 6. Rev. Mart Hardin, pastor of the First Baptist Church in Frederick, Okla., officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Clarence Booe and Mr. and Mrs. Joe Brown of Goree are parents of the groom.

Vows were exchanged before an archway entwined with fern and white gladioli, flanked by baskets of white gladioli backed by branched candelabras. Traditional wedding music was presented by Mrs. Skip Johnson, soloist, who was accompanied by Eddie Littlefield, organist.

Given in marriage by her father, the bride was attired in a floor length gown of chantilly lace and nylon tulle fashioned with a sabrina neckline embroidered with seed pearls and iridescent sequins. The skirt was enhanced with lace side panels and tulle ruffles. Her fingertip veil of illusion was attached to a pearl studded crown. The bridal bouquet was a white orchid with white feathered carnations.

Maid of honor was Miss Phyllis Yost, friend of the bride, who wore a street length dress of pale apricot taffeta designed with a

scope neckline and fitted bodice attired with a pedal skirt. Her matching hat was a pill box enhanced with matching veil. She carried a single rose. Miss Jan Hawkins was bridesmaid. Her dress was identical to the honor attendant.

Larry Smith nephew of the bride, was candle lighter. Paula Floyd was flower girl and Gat Rogers was ring bearer.

Best man was Douglas McGrady of Gilliland and Jackie Green of Goree served as groomsmen. Ushers were Skip Johnson of Wichita Falls, Jerry Brown of Goree, brother of the groom, and J. R. Booe of Odessa, brother of the bride.

The bride was a spring graduate of Munday High School where she was cheerleader, captain of basketball and a member of FHA. Brown is a 1960 graduate of Goree High School and is employed by Trainham Grocery in Goree.

The bride's parents were hosts for a reception in the fellowship hall of the church. The bride's table was covered with an ecru cutwork cloth with a centerpiece of apricot carnations. Mrs. Gordon Smith, cousin of the bride, presided at the guest book and Mrs. Edward Smith, sister of the bride, presided at the punch bowl. Mrs. Lee Bowden, sister of the bride, served cake and Mrs. Nell Campbell greeted the guests.

Other members of the house-party were Mmes. Clovis Winchester, G. E. Rodgers, Edwin Johnson, Virgil Yost and G. W. Hawkins.

Rehearsal dinner was held Thursday evening at the Shamrock Cafe with the parents of the bride as hosts.

Mr. and Mrs. Lee Allman and daughter of Las Cruces, N. M., visited her grandparents, Mr. and Mrs. A. B. Warren, and Mr. and Mrs. Ben Yarbrough last Saturday and all visited with Mr. and Mrs. Joe Duke in Wichita Falls on Sunday. Miss Suzie Phillips accompanied them to Wichita Falls.

Mr. and Mrs. J. Bryan McCallum and daughters of Wichita Falls were Sunday guests of his sister and family, Mr. and Mrs. Charles McCauley and daughters.

Mr. and Mrs. Amos Wren and Mrs. J. R. Medlin of Belle, Tenn., are visiting their sister, Mrs. E. H. Mullican, and other relatives this week.

Two legal phrases which are probably more misunderstood and misused by laymen than any other are "habeas corpus" and "corpus delicti."

The words "habeas corpus" are Latin for "you have the body." They are commonly used in the legal profession to describe a writ or order signed by the judge directed to the sheriff or jailer holding a prisoner or to any person who is physically detaining another, and commanding him to produce the body (alive) of the prisoner (or person detained) before the judge. The purpose of such an order is to allow the judge to determine whether the prisoner is being held lawfully or whether he should be set free.

The writ of habeas corpus prevents law enforcement officers from abusing the constitutional right of personal liberty and has been a jealously guarded privilege.

The words "corpus delicti" are Latin, and, liberally translated, mean the elements of the crime or wrongdoing. Laymen incorrectly interpret corpus delicti as meaning literally "the body," as in a murder case.

Speaking technically in a legal sense, corpus delicti is that which must be proved in every criminal case. Such proof must show that an unlawful act has been committed and that it has been committed by a human agency. The mere finding of a dead body or a burning building does not mean that there is murder on the one hand or arson on the other. To prove murder, it must be shown that the death was unlawfully caused by a human agency. Contrary to popular belief murder can be proved even though the body cannot be found. In the case of the burning building, it must be shown that the building was unlawfully set on fire by a human agency.

To sum up then, habeas corpus is a writ designed to prevent the unlawful detention or imprisonment of any person. Corpus delicti, on the other hand, literally means the body of the crime, or, in general, the substance of crime. (This newsfeature, prepared by

**Is A Low Price Most Important?**  
  
Not when someone is very sick and needs medicine. Then, you depend on a pharmacy like ours, where you get every possible service that can help you most.  
  
It isn't difficult for any discounter to give you a less than needed price on a few of the fastest selling drugs. Part of the loss can be made up by also discounting service, the rest by high profit, unfamiliar-to-you products. We offer no "bait bargains," just honestly fair prices, always, on everything we supply.  
  
And remember, you may get a medicine anytime during the day or night from us because there are two registered pharmacists on duty to serve you. Free delivery during store hours both in Munday and Goree. May we serve you?

Due to the continued increase in attendance another elementary teacher has been added to the Goree School Faculty. Prior to this year there has been a divid-

ed grade with five teachers teaching six grades.

Elementary teachers and the grades assigned are Mrs. Eva Blalock, first; Mrs. Lois Sullins, Vera, second; Mrs. Eva Warren, third; Mrs. Mona Pribyla, fourth; Walter Davis, fifth and Mrs. Betty Farmer sixth.

The football game this week will be played at Weinert on Thursday night instead of Friday night. The Goree school is asking for public support from the "Football Fans."

An ex-student meeting was held Monday night to make plans for the Goree homecoming, which will be Saturday, October 19. This promises to be the best one yet. Attending were Mr. and Mrs. Sandy Lambeth, Mrs. Imogene McElreath, Mrs. Douglas Smith, Mrs. Gerald Myers, Mrs. Gaylon Hord and Walter Coffman.

## PROUD PETE STRUTS AGAIN

This colorful peacock has resumed his status as the star of one of Chicago's beauty spots — the Olson waterfalls and rock garden. Caretaker Walter Busby shows Pete off to fair-haired young visitor.

CHICAGO— Once he was forlorn, but now Pete, a 25-pound peacock at the Olson Rug wild-life exhibit, Chicago tourist attraction, is happy again.

Last year vandals chased and abused Pete, pulling off his 5-1/2 foot feathered train and crest—the crown and feathered glory of a full grown male peacock.

Pete took it on the lam over a 6-foot fence, but was returned by police after spending some time in the pokie.

Adding insult to injury, Pete's return to the exhibit brought him the scorn of the two females of the specie at Olson Park, Hilda and Gertrude.

It took Pete until this summer to grow back his tail. Caretaker Walter Busby says the story has a happy ending. Both Gertrude and Hilda have given full approval to the rejuvenated Pete and his masculine plumage of burnished copper and gold, with the characteristic peacock blues and greens.

Pete struts again.

## HUMAN ERROR INVOLVED IN MOST FARM ACCIDENTS

The Texas Safety Association reports that mechanical failure rarely is responsible for an accident with modern farm equipment. Nearly every accident results from an operator's mistake. To avoid such accidents, put safety first and stay alert.

## Knox Prairie Philosopher Tells Just Why The United Nations Finds Itself Head Over Heels In Debt

Editor's note: The Knox Prairie Philosopher on his johnson grass farm on Miller Creek tries to shed some light on international finance this week, his letter indicates. \* \* \* \*

Dear editor:  
Sometimes the difference between a big man and a little man is that the big man just owes more money.

I don't know why I mention this, unless it was because of an article I read last night while I was going over some bills I was supposed to pay before the 10th of the month.

According to it, the United Nations is 100 million dollars in debt and its financial situation is getting worse instead of better. This has shocked a lot of people.

Now I'm not going into the philosophical purposes of the United Nations, that's out of my field, although if the world ever eliminates war it'll probably be through a single police force, but don't ask me how we can swing it.

What I was interested in is the financial aspects of the organization. I mean what's so surprising about the fact the UN is head over heels in debt?

You take 75 or 100 countries, each one of which is head over heels in debt, and let them form a super-organization like the UN, and what can you expect?

If 75 or 100 farmers who can't quite make ends meet organized a bank, how long you reckon it'd be before that bank was out of money?

Idealists who are shocked that the United Nations is financially embarrassed just don't understand how the world operates. I'll explain it to them. It goes this way:

The first unit of government a man comes in contact with is the precinct or town or city government, 90 per cent of which are in debt. The next is the county, 90 per cent of which are in debt. The next is the state, 90 per cent of which are in debt. The next is Washington, 100 per cent of which is in debt, the same as London, Paris, Moscow, etc. Under this system, where else would the United Nations be except in debt?

The only debt-free place I know of is the moon, and we're fixing to remedy that just as soon as we

can get there.  
You know where I can borrow some money on a second lien on a 1946 tractor?  
Yours faithfully,

## Munday Lumber Co.

## News From Local Fire Department

On Sunday, September 7, eleven members of the Munday Volunteer Fire department attended the firemen's and fire-marshal's convention in Seymour. Gene Brown was elected secretary for another year.

In the six-man hook-up first place went to Archer City with 20.9 and second to Munday with 21.9. In the two man hook-up Knox City took first place with 13.3 and Munday second with 13.4.

The next convention will be held in Electra in May, and in September one will be held in Saint Jo.

On Saturday morning at 10:30 the firemen were called to Haskell to help put out fires on ranch lands east of Haskell. They battled the blaze until 7 p.m. which was finally put out by the rain.

Don Wallace has been accepted as a new member taking the place of J. B. Scott, who moved to Spur. The members have now completed a first aid course and each member has a card qualifying him to render first aid.

They have played four soft ball games with Haskell and won all four. Three of them with the Haskell firemen and the other with the Jaycees.

On August 26 they held an ice cream supper at the swimming pool park. They invited the city council and their families. Each member's individual boss and family were also invited. Approximately 75 attended.

Several fires occurred with the loss of one house reported.

## Seven Injured In Two Accidents

Seven persons were injured in two separate accidents which occurred in the area this week, all of whom are in the hospital with varying degrees of injuries.

Patrolman Mack Stout of Seymour investigated an accident which occurred 14 miles west of Benjamin at about 11 p.m. Tuesday. Five persons who were riding in a pickup which was hit from the rear by a truck were taken to the Knox County Hospital. They are: Christoval Hernandez, 12, and Lorenzo Hernandez, 13, of Raymondville; Juanita H. Lopez, 49; Juan Lopez, 17, and Guadalupe Lopez, 15, all of Benjamin.

The second accident occurred near the Goree school around 11 a.m. Wednesday. Taken to the Knox County Hospital were Mrs. Carey Talley and Mrs. Nora Purswell, both believed to be residing in Anson. Both were reported in serious condition.

Patrolman Noel Carter of Seymour, who investigated, said the women apparently ran into the rear of a truck.

## ATTENDS FUNERAL

Mrs. Daisy Looney attended the funeral of her brother, L. A. Renfro, at Copeville at 2:30 p.m. Tuesday, September 3, at the First Methodist Church.

He was found dead at his home at Lake Lavon on Monday by a brother. He apparently suffered a heart attack.

M/Sgt. Doyle Baker and son, Donald, of Dover, Del., visited his parents, Mr. and Mrs. Jay Baker, over the week end. Donald has enrolled in Hardin Simmons University in Abilene for the coming year.

## F. H. A. Chapter Meets On Monday

The Munday F. H. A. Chapter met Monday, September 9, with Lynda Navratil calling the meeting to order. Jerilyn Duke, secretary, called the roll and read the minutes.

The annual trip to the Dallas Fair was announced to be October 6.

Judy Hardin, vice president, introduced the guest, Donna Bell. The program for the first meeting of the school was on hair styling. Donna, who is taking a beauty course in Wichita Falls, gave an excellent demonstration of hair styling on Mrs. Roger Bell and Brenda Conwell.

Lynda Welch led the chapter in several songs accompanied by Linda Brown on the piano.

All of the F. H. A. members expressed their thanks to Stacia Collins and Brenda Conwell for the refreshments and to Donna Bell for her demonstrations.

Mrs. J. P. Jones underwent surgery at the Baylor County Hospital in Seymour last Thursday morning. She is reported to be doing fine.

Mrs. Ben Yarbrough and Mrs. Grady Phillips were visitors in Wichita Falls last Friday.

Mr. and Mrs. Joe Roberts and Mr. and Mrs. Don Roberts spent the week end in Dallas and attended Six Flags over Texas.

2nd Lt. James Cameron-Stuart, who has been stationed at Conally Air Force Base, Waco, visited his sister and family, Mr. and Mrs. Jesse George Smith and daughters, over the week end. Mrs. Smith accompanied him to Albuquerque, N. M., Sunday to visit relatives. Lt. Cameron-Stuart was enroute to Mather A. F. B. near Sacramento, Calif.

Mrs. A. M. King and Mrs. A. M. King, Jr., of Abilene visited Mr. and Mrs. Joe Bailey King last Monday afternoon.

Mr. and Mrs. Pete Sena of Glendale, Calif., spent last week with her brother and wife, Mr. and Mrs. D. E. Holder. They returned home Sunday. On Friday they all attended the funeral of their brother-in-law, J. E. Richardson, in Sweetwater.

Mr. and Mrs. C. A. Womble and sons of Plainview and Mr. and Mrs. J. E. Womble of Woodward, Okla., were recent visitors of Mr. and Mrs. Joe B. King.

Mr. and Mrs. O. V. Milstead visited their daughter, Loutrelle, in Abilene recently. They all spent the week end in Marlin and came back by Fort Worth, where Loutrelle enrolled for her third year in the Baptist seminary.

Mrs. C. N. Smith spent last week with her daughters and families, Mr. and Mrs. M. R. Bridgewater and sons and Mrs. E. E. Spotski and son, in Fort Worth. The Bridgewater family and Miss Susan Peterman brought Mrs. Smith home.

Mr. and Mrs. Johnny Fields of Amarillo visited her parents, Mr. and Mrs. Cotton Smith, over the week end.

Mrs. R. M. Almanrode is spending this week with her sister, Mrs. J. B. Vaught, and Niece, Mrs. Claude Collins, in Lorenzo.

## Tax-Man Sam Sez:

Well, this has been about the hottest and driest summer in quite a spell in Texas. A good "blue norther" sure would help everybody's spirits during July or August instead of December.

This hot weather brings a few cold tax facts to mind: There's a lot of Texans sittin' around on the front porch fannin' or hidin' in an air-conditioned room, instead of keepin' the proper tax records. These folks might just as well figure they're goin' to be sweatin' next winter when they try to figure out how to divide up with Uncle Sam and start tryin' to get their income tax return in.

A lot of folks say it leaves them cold to think about income tax. In case it does—during all this hot weather is a mighty good time to start keeping good tax records.

## Gems Of Thought

"Excellence"  
There is no excellence without labor; and the time to work, is now.—Mary Baker Eddy  
One that desires to excel should endeavor it in those things that are in themselves most excellent.—Epictetus

Different men excel in different ways.—Pindar  
Those who attain to any excellence commonly spend life in some one single pursuit, for excellence is not often gained upon easier terms.—Samuel Johnson
