Odd Bits Salvaged
By The Editor

An amendment to the Texas constitution, to be voted on in November, has had John Smith of Benjamin and all other tax assessors and collectors in a quandary for some time.

This amendment to be decided by the people is whether or not to abolish the poll tax.

We don't know how long the poll tax receipt has been required as a "passport" into the voting booths, but the only time we've voted without one is our first vote after becoming 21 years of age.

If abolished, the poll tax receipt will be replaced with a 25-cent registration fee.

And those two things are what's bothering tax collectors over the state.

They are required to issue a valid receipt for poll taxes, and these receipts are the voters' ticket to the voting boxes. And for the early taxpayer, these receipts are issued before the vote on abolishing the poll tax takes place.

John said a number of solons believe the poll tax will be abolished, but should he take a chance? If voters fail to abolish it, then he'd be caught without any receipts—and these can't be gotten overnight.

If the poll tax is abolished, then he'd be caught with a batch of useless receipts and no registration fee receipts. What to do?

John had us place an order for the poll tax receipts, then had us wire the firm in Denton to hold up on the order until after a scheduled meeting of tax assessors and collectors, then had us notify the firm to proceed with the printing. We reckon no one knows the answer.

Anyway, our tax collector will have the poll tax receipts in time, we hope, for those October tax payers. Then if the poll tax is abolished he'll have a pretty expensive printing job on his hands, which will probably be dumped in the incinerator. He surmised this is better than having none at all, if he needed them.

We don't know how the majority of voters feel about the poll tax. We haven't made up our mind to vote against it. It's not such a bad tax, on our way of thinking. It's worth \$1.75, we think, to be able to cast our vote for a good candidate—or to scratch some rascal's name!

If anyone in this area got eye injuries from watching the eclipse Saturday, it wasn't without warning, especially if they watched TV, listened to the radio, or read newspapers, all of them warning us not to watch the sun, even with double-colored glasses.

We took the reliable, old lazy-man's method, and watched it over TV. Those cameras were a far piece from Munday. At one stage, the Mrs. asked if it didn't seem a wee bit hazy outside—which it did—and that's about the only difference we noted.

Sunday's papers told us, however, that U. S. Weather Bureau officials said the blink-out of the sun caused the temperature to drop two degrees in some points, but they allowed as how even a small cloud can do better than that.

We won't have to worry about eye damage from watching the sun's eclipse for quite a while now. The next total eclipse visible in this country comes March 7, 1970, in Florida, Georgia and some areas of the Carolinas. Then, we think, it will be well after the year, 2000, before we have another.

Mrs. Cecil Booe had such a narrow escape the other day that she's asked that we issue a warning to farmers, especially those irrigating, to be on the lookout for rattlers. She was walking near where her husband was irrigating, happened to glance back, and discovered that she's just passed a diamond back that was prepared to strike. During this hot weather, she said, the rattlesnakes seek cool places; therefore, the irrigated places are where they're likely to be found.

The average American visits a physician just over five times a year.

Extended Area Phone Service To Be Available

Something new in telephone service—extended area service—will be available to the Groce-Munday-Knox City areas if the people want it. F. E. Robinett of Seymour, district manager of the General Telephone Company of the Southwest, stated Tuesday.

Under the extended area plan, patrons of Munday and Knox City could dial each other without going through the operator and without toll charge. The same would be true of Munday and Goree. Estimated cost of the plan would require an increase of about \$1.50 per month for business phones and \$1.00 per month for residence phones, Robinett stated.

Mr. Robinett has met with the city councils of the three towns, and stated each looked with favor on this new service. These governing bodies, as well as the telephone company, would like to have the reaction of the people regarding this proposed plan. "If the people want it, we will give it to them," Robinett stated, "but we're not going to push it."

He will meet with the City Council of Munday on the first meeting night in August to further discuss the possibility.

Great Grandson Of Late R. P. Munday Killed In Accident

Dr. Garland Lasater, 25, son of the late Garland Lasater and grandson of Mr. and Mrs. Luke L. Lasater of Pauls Valley, Okla., was killed in a 3-car accident near Mason City, Iowa, on July 1. He was a passenger in a car driven by his wife, Mary Jane, who is still in critical condition in a Mason City hospital. They were returning home from a visit with his grandparents, Mr. and Mrs. Luke L. Lasater.

Funeral services were held at 10 a.m. July 5 at the East Maine Church of Christ in Enid, Okla. Interment followed at Pauls Valley, Okla.

Dr. Lasater's grandmother is the former Miss Jennie Munday, daughter of the late R. P. Munday, first postmaster here and for whom the town of Munday was named. Dr. Lasater was also a great-grandson of the late Mr. and Mrs. George M. Lasater, ranchers of Palo Pinto County.

The young doctor was born in Cheyenne, Wyo., and graduated from Carrier High School in 1955. He received his B. S. degree in 1959 and his doctor of veterinary medicine in 1961 at Oklahoma State University. He was working toward a Ph.D. degree at the University of Minnesota.

He met his wife, the former Mary Jane Forrest, in Minnesota and they were married April 26, 1962. She was a student nurse at Abbott General Hospital in Minneapolis.

Miss Navratil Attends Meeting In Kansas City

Lynda Navratil, 17, daughter of Mr. and Mrs. Emil Navratil, of Gilliland, attended the 1963 national meeting of the Future Homemakers of America held July 8-11 in Kansas City, Mo.

Lynda, along with 1,100 other teenage delegates of this national organization of high school home economics students, participated in activities related to the meeting's theme—"Your Home: A Key to the Future."

Mrs. Stewart Udall, wife of the Secretary of the Interior, Washington, D. C., made the keynote address on this theme and scored the "growing tendency to downgrade homemaking as a career," advertising her youthful audience to "create a new, dynamic role for tomorrow's woman, based on the requirements of her husband, children, and society."

Experts in home and family life addressed the delegates on individual growth, leadership qualities, decision making, and responsibilities of citizenship.

Youth representatives of the half a million members of Future Homemakers of America reported on activities undertaken in local chapters throughout the United States. Among these are stay-in-school, family friendship, and prepare-for-marriage projects.

Delegates are responsible for bringing ideas gained from the national meeting to the members of their local chapters and state associations.

During the meeting, Lynda served as one of the hostesses for the banquet. Others attending this meeting from Area IV were Arlene Hajek, State Historian, and her sponsor Mrs. Spring of Seymour and Sue Roberts, Area IV Treasurer from Holliday.

Marvin Ansley To Be Associated With Local Gins

The Farmers Cooperative Gins of Munday, announce the appointment of Marvin Ansley, as office manager and service agent for the coming season.

In making the announcement, Fred Reddell, Jr., manager of the Association, stated that Mr. Ansley is experienced in all different phases of agriculture and is well qualified for the position.

Prior to his appointment with the local gins, Ansley taught vocational agriculture in the Goree Public Schools, a position he has held the past four years with the exception of a period of time when he was recalled to active duty with the U. S. Army during the Berlin crisis. He is a graduate of Texas A&M College, class of 1958, and holds a B.S. degree in agricultural education.

He is married to the former Jeanette Smith, daughter of Mr. and Mrs. J. M. Smith of Goree, and they have one daughter.

Ansley invites the farmers of this area to come by and get acquainted and he will be glad to help them with any problem they might have. In addition to his office duties, he will be available to the patrons of the gin to make insect counts, fertilizer and seedling recommendations, and to assist them in any other phase of agriculture.

The Farmers Cooperative Gins are glad to add this service, to the many other services performed for the members of the association.

Receive Red Cross First Aid Ratings

Two Munday ladies, Mrs. Jerrine Marie Yost and Mrs. Geneva Alvis, received Red Cross first aid instructors ratings on Friday, July 19, at Midwestern University in Wichita Falls, completing the course with high grades.

As authorized Red Cross first aid instructors, they have nationwide reciprocity and may teach junior, standard and advanced first aid in the public schools, it was stated, or to community groups.

TO HOLD MEETING AT GILLILAND CHURCH

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

The brucellosis testing crews report they are making good progress in their first week of work in Knox County. Five men are doing the bleeding full time with another man working three days a week. They are each working in a small area of the county. When that area is finished, they will then move on to another.

Entomologists tell us we may be in for lots of damage from the sorghum midge this year on late planted maize. The midge is a tiny orange colored fly. The adult female lays her eggs on the seed husks. The eggs hatch into a tiny larva and this is the stage that does the damage.

The maggots hatch, eat their way into the developing seed. The seed head will have a blasted appearance with little or no grain depending upon the degree of infestation.

The midge population builds up on early planted maize, Johnson grass, sorghum Alum and related plants. The early maize usually gets by without damage, but the late plantings usually suffer the most damage.

The only way to control this insect with chemicals is to spray the field when 90% of the heads have emerged. The adults will then be killed when they lay eggs. If a person waits until damage is evident, then it is too late.

The following chemicals and rates of application are recommended, each is equally effective: (1) Endrin (4.6 lb/gal) 1 1/4 pints (Continued on Last Page)

Bond Sales Over Half Of Quota

During the first half of 1963, the citizens of Knox County purchased \$112,979 in Series E and H Savings Bonds according to a report received from W. E. Braly, Chairman of the Knox County Savings Bonds Committee. 62.8 per cent of the county's 1963 goal has been achieved.

Savings Bond sales in Texas during the first half of 1963 were \$76,246,599 or 50.6 per cent of the 1963 goal of \$150,600,000.

"It is encouraging to note that Savings Bond sales nationally are setting a new peace-time high. Bond sales during the first 6 months of 1963 were \$2,517 million as compared to \$2,277 million a year ago, reflecting a 10.5 per cent gain. As of July 30, 1963, the total amount of outstanding E Bonds stood at an all-time peak of \$46,359 million, a gain of \$860 million since January 1," Mr. Braly stated.

Seymour Team Is Playoff Winner

The Seymour team won the area Little League senior playoff here Tuesday night by battering Iowa Park, 9 to 6. The win will send Seymour to Fort Worth on Saturday night to compete in the regional finals.

With the game tied in the fifth, Gary Conner singled for Seymour. George Conner got on base on an error, and hurler Crane scored the two off his one-bagger. Tony Kuehler then tripped, scoring Crane, and Imek sacrificed to score Kuehler.

Iowa Park won the right to play Seymour in the finals by defeating the Munday team, 7 to 4, on Monday night.

Munday's Little League all-star team was defeated by Seymour last Friday night, 5 to 0, in the playoff finals. Munday gained the finals by defeating Crowell, 5 to 2, on Thursday night.

Mrs. Hughes Of Knox City Dies

Mrs. Vera Lucille Hughes, 67, of Knox City, passed away at 9:30 a.m. Sunday at the Brazos Valley Care Home in Knox City.

She was born on November 12, 1895, in Lineville, Ala., and married Charlie Hughes on February 1, 1920, in Munday. She had lived in Knox County for 43 years and was a member of the Baptist Church.

Former Depot Agent At Munday Dies On Tuesday

Al C. Williams, 62, former depot agent at Munday, died unexpectedly Tuesday afternoon on the Fort Worth and Denver railroad station platform at Decatur. He moved to Decatur about a month ago from Haskell, where he had served as depot agent for the past six years. He had worked for the Fort Worth and Denver Railway since July 26, 1921, and served as depot agent at a number of stations over the system.

W. A. Brown, a service station operator across the street from the Decatur depot, reportedly discovered Williams body on the platform soon after he had flagged through a Denver-bound passenger train.

Mr. Williams served as depot agent here for about four years, leaving in the early part of 1950.

Mrs. Alton Hunter, Timothy and Tamara, of Iowa Park visited her parents, Mr. and Mrs. Edd Johnson, several days last week. They and Mrs. Floyd Patton and children and Mrs. Joe Lane and Mike visited their daughter and sister, Mrs. Joe Stevens, and family in Clyde on Tuesday.

Baptist Youth Revival To Begin Here On Sunday

The annual youth-led revival of the First Baptist Church will be held during the week of July 28 through August 4.

Claude Dollins, a 1963 graduate of Hardin-Simmons University in Abilene, will be the evangelist. Bill Upchurch, music and educational director of the church, will lead the music.

Dollins is assistant director of the new student center at the university. He received his B. S. degree with a major in religious education and minor in speech. He has also done student recruiting work for the university.

Cottage prayer meetings will be held on Friday and Saturday nights preceding the revival. It will be held in the home of Linda Brown on Friday night, with Ronald Clyde Yost in charge. Saturday night, the meeting will be in the home of Bill Upchurch and will be led by the evangelist.

The revival will begin with a kick-off breakfast at 6:30 a.m. Sunday. Services will continue during the week at 9:30 a.m. and at 7:30 p.m. After service fellowships will be held on Monday, Wednesday and Saturday nights.

Mrs. Watson, 83 Dies On Sunday; Funeral Monday

Mrs. Ida Mae Watson, 83, passed away at 12:25 a.m. Sunday at the Brazos Valley Rest Home in Knox City.

She was born in Arkansas on September 14, 1879, and had lived in Munday since 1943.

Funeral services were held at 4 p.m. Monday from the First Methodist Church in Munday with Elder Raymond Bunch of the Primitive Baptist Church, of which she was a member, officiating. He was assisted by Rev. Rex L. Mauldin.

Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home. Serving as pallbearers were Paul Walker, Ray Hardin, L. B. Patterson, Jr., Edward Burns, Junior Fore and Leon Collins.

Survivors include one daughter, Mrs. Myrtle Lewis of Munday; two sons, Lester Fore of Haskell and Loys Fore of Monahan; 13 grandchildren and several great-grandchildren; three sisters, Mrs. J. W. Walker, Mrs. M. M. Henderson and Mrs. Effie Hardin, all of Munday; and one brother, J. H. Burns of West Fork, Ark.

Winners Named In Dress Revue

Kay Cook and Larita Burgess were the winners of the Knox County 4-H Dress Revue which was held Monday evening on the steps of the Gilliland School.

Kay, daughter of Mr. and Mrs. A. L. Cooke of Gilliland, will compete in the district dress revue in Vernon on August 2. Larita, also of Gilliland, will model her dress in the junior group the same day. She is the daughter of Mr. and Mrs. Dwight Burgess. Placing second in the two divisions were Judy Bruggeman of Rhineland and Anita Bartos of Gilliland.

"Fashion Around the Clock" was the theme of the show for which Norma and Lynda Navratil were commentators. Guests were welcomed by Sharyn Burgess and thanks to those cooperating was expressed by Dorothy Edrington.

Judging of the garments was done by Mrs. Cecil Meadors, home demonstration agent of Dickens, and Mrs. J. G. Adcock of Truscott. Mrs. B. F. Yates, adult leader, and Carol Graves, junior leader, both of Guthrie, judged the records.

Other girls receiving blue ribbons were Jeanette Brazell, Sharyn Burgess, Pinkie Woodard, Doris Navratil, Ann Armstrong, Beverly Kinnibrough and Cindy Armstrong. Receiving red ribbons were Dorothy Edrington and Frances and Patricia Rushing.

Miss Linda Kay Moore And Donald Ray Bigham Marry In Rites Read In Pampa

In a candlelight ceremony June 28 in the First Methodist Church in Pampa, Miss Linda Kay Moore, daughter of Mr. and Mrs. Boyd Moore, 2209 N. Dwight, Pampa, became the bride of Donald Ray Bigham, son of the late Mr. and Mrs. Thomas W. Bigham, of Pampa.

The double ring wedding was officiated by Jay Channell, minister of the Church of Christ of McLean, before a background filled with Candelabras and tall baskets of white gladiolas. Only members of the two families were present.

Traditional nuptial selections were played at the organ by Mrs. Z. L. Land.

Given in marriage by her father with the "her mother and I avowal," the bride wore a street length gown of white imported Queen Ann embossed pique, fashioned with a fitted bodice and a bell shaped skirt. The jacket to her gown was fitted in front, open and flared in the back to compliment the fullness of the skirt and to emphasize the tiny covered buttons which extended to a point below the waist. Her eye length veil was held in place

by a matching crownless pillbox. She carried a white Bible crested with a lavender cattleya orchid and white satin streamers.

The bridal tradition of something old—a strand of pearls; something new—her wedding gown; something borrowed—the white Bible; something blue—her wedding garter; and a penny in her shoe were carried out by the bride.

Mrs. Gayle Trollinger, aunt of the bride, served as matron of honor and wore a yellow brocade cotton sheath with matching shoes and hat. She carried a cascading bouquet of white glame-lias. Larry Ledbetter was best man and Gayle Trollinger acted as usher.

For her daughter's wedding, Mrs. Moore chose a green embroidered linen suit with matching accessories. Her corsage was yellow sweetheart roses.

Following the ceremony, a reception was held in the church parlor. The matron of honor's bouquet and white tapers in crystal holders were the centerpiece of the bride's table, which was covered with a white linen damask cloth.

Miss Evelyn Edwards presided at the punch bowl while Mrs. Russell Glover, of Perryton, sister of the bridegroom, served the cake. Miss Nancy Moore, sister of the bride, was guest registrar.

After a honeymoon trip to Raton, N. M., the couple are at home at 520 N. Frost, Pampa.

The bride attended Munday School and graduated from Pampa High School in 1961 and is employed by Cabot Corporation. She is a member of NuPhi Mu social sorority.

The bridegroom graduated from Pampa High School in 1958 and attended Frank Phillips College for two years. He served three years in the Army and is presently employed by Southwestern Public Service Company.

Mike and Sam Phillips of Ft. Worth are spending this week with their aunt, Mrs. Roddy Griffith, and Chuck.

Mr. and Mrs. Henry Pape and daughter of Fort Worth visited their parents, Mr. and Mrs. Buster Pape and Mrs. Lynn Cooke in Goree, over the week.

MRS. DONALD KAY BIGHAM

Shower Given To Honor Miss Weaver

Miss Shirley Weaver, bride elect of Wayland Jackson, was honored with a shower in the home of Mrs. Charlie Haynie, Jr., last Monday morning from 9:30 until 11:30.

Miss Donna Haynie greeted the guests and presented them to the honoree, her mother, Mrs. Homer Weaver, and Mrs. Felton Jackson, mother of the groom to be.

Miss Pat Penick presided at the register book. Mmes. Gene Wood, Sargent Lowe and Paul Pruitt served coffee and hot cinnamon rolls to approximately 43 guests.

Hostess for the occasion were Mmes. Mammie Brazell, Jesse Smith, Gene Wood, Sargent Lowe, Paul Pruitt and Charlie Haynie, Jr.

Alan, Wade and Barry Stevens of Clyde are spending their vacation here with their grandparents, Mr. and Mrs. Edd Johnson. Their parents, Mr. and Mrs. Joe Stevens, visited over the week end.

Charles Lane and Mr. and Mrs. Gene Lane and Chris of Lubbock were Sunday guests of Mr. and Mrs. Joe Lane and sons.

Mr. and Mrs. Kenneth Phillips of Dallas visited his mother, Mrs. Ellie Phillips, and brother and wife, Mr. and Mrs. Murry Phillips, last Saturday night enroute home from a vacation in Ruidoso, New Mexico.

Mr. and Mrs. Jeff Bowden and Barbara of Wichita Falls spent the week end with his father, J. O. Bowden.

Cpl. Jack Masters of Fort McArthur, Calif., is visiting his mother, Mrs. Lila Masters, and other relatives this week.

Mr. and Mrs. Charles Perona of Oakland, Calif., and Mr. and Mrs. Clate Ashton of Archer City visited Mrs. Perona and Mr. Ashton's sister, Mrs. Fannie Arm-

strong, and daughters last Thursday.

Baptist Church in Dallas. The Rev. Robert Keyes, Jr., officiated. The bride, the former Virginia Randolph, is the daughter of Cecil Randolph of Dallas. Mr. and Mrs. T. W. Searcy of Dallas are parents of the bridegroom.

WEDDING ANNOUNCED

Mr. and Mrs. Mony Searcy are at home in Dallas following their July 12th wedding at the Golliear.

Weekly Health LETTER

Issued by the State Health Department

AUSTIN — People who suffer with hypertension, or high blood pressure, nowadays have more reason for optimism than they would have had a generation ago.

In itself hypertension is not a disease. It's a sign that something is wrong, like the stuffy feeling that comes with a cold. The danger accrues because of the possibility of stroke or serious heart or kidney damage when blood pressure is consistently high.

But even mild elevations in the blood pressure considered normal for the person involved—if the increase persists—may cause the walls of blood vessels to toughen, exactly as callouses are formed on hands by regular use of an axe or hoe. Research has shown that temporary increases in pressure do not really make much

difference.

In the most common type of high blood pressure, called "essential hypertension," the tiny branches of arteries which carry blood to all body tissues (called arterioles) begin to tighten up. Blood passageways become smaller and smaller, and the heart has to work harder to push the blood through. After a time the blood vessels lose their elasticity and the heart muscles thicken with the extra work load. Result: high blood pressure, and ultimately heart damage.

What causes the arterioles to tighten and constrict? No one knows.

High blood pressure sometimes goes up for a period of days or weeks—or even longer—and then drops back to normal. Sometimes it may jump from pure nervousness while your physician is examining you. Perhaps there is a connection between hypertension and the strain of modern life. People who work under constant stress, who worry too much, are often susceptible. Heredity is a probable factor, and the condition occurs most often in persons between 30 and 50.

The thing which will count most in adding years to the life of hypertension sufferers is the willingness to change their living habits, following the rules of moderation in everything. By securing a doctor's care and following a few simple rules for moderate living, they can probably work and enjoy life as long or longer than their next-door neighbors without high blood pressure.

There is nothing to gain from worry about your chances of developing hypertension. Just make it a point to have a physical examination at least once a year. And worry and argue as little as possible.

Low blood pressure, on the other hand, seldom causes trouble. Afflicting relatively few people to a serious extent; the condition is usually a symptom of a specific disease which can frequently be treated successfully.

Miss Berryman To Marry August 1st

Mr. and Mrs. Bob Berryman are announcing the engagement and approaching marriage of their daughter, Carolyn, to Ben Wilson, Jr., son of Mr. and Mrs. Ben Wilson, Sr., of San Antonio.

A home wedding is being planned for Thursday, August 1.

Mr. and Mrs. W. B. Hudson and Andrea of Knox City visited Mr. and Mrs. Edd Johnson last Saturday.

Mr. and Mrs. Ray Snyder and Paula and Miss Jackie Davis of Wichita Falls visited Mr. and Mrs. Don Combs and LuAnn and other friends last Monday. Ray enjoyed a game of golf with Goodson Sellers on Monday afternoon.

Mr. and Mrs. Delbert Montgomery vacationed in San Antonio and other interesting points last week.

CARD OF THANKS

To my lovely friends who were so wonderful to me during the time of my foot injury at home and while in the hospital, please accept my humble appreciation for the many kindnesses. Many thanks for the lovely array of cards, gifts, calls, visits, good wishes and prayers. May the happiness you have given me be returned to you many fold and may God bless each of you.

has been spent recently for industrial construction in our service area.

Even today, \$28,000,000 is a lot of money. But a survey shows that this vast amount has been spent recently for construction of new industrial plants in our service area, and for expansion of existing ones.

The figure is evidence of two things. One is that our service area is becoming more and more industrialized. The other is that when we say "The Center of the Southwest" is one of the Nation's fastest growing regions, we have the facts to back it up.

The industrial figure is one fact. The commercial and civic improvement figures are others. Day by day we become more than ever convinced that this region faces growth unlimited.

... more proof that the Center of the Southwest is one of the Nation's fastest growing regions.

Frost Initiative Secures new Industry

A population of less than one thousand proved no handicap to Frost, Texas, when its aggressive citizens set out to secure new industry.

Today, Frost Manufacturing Co. of Texas, makers of women's fashions, is a thriving industry employing 40 people and with an expansion program planned for the near future. It is another reason we say big things

are happening in General Telephone towns

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Knox Prairie Philosopher Wants To Reward The Careless Clerk Who Lost 24 Million Bushels Of Grain

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has an answer to the farm problem this week, however odd.

J. A.

Dear editor:
The trouble with some people in Washington is that they don't know a good thing when they see it. They're so bogged down in solving problems they don't recognize a solution when it comes along.

As I understand it, this country recently lost 24 million bushels of surplus grain. We shipped it to Austria and it never did get there, or if it did nobody over there remembers receiving it. It just disappeared.

All right. Now what happens? Why a bunch of Senators are trying to appropriate \$100,000 to investigate the matter.

Here we've found the perfect system of getting rid of an embarrassing, tax-eating surplus, just put it in ships and let it disappear, eliminating all the storage charges etc., and somebody wants to spend \$100,000 to get it back.

I don't understand this. What those Senators ought to be doing is erecting a monument to the Unknown Clerk who lost 24 million bushels of surplus grain. The last thing they want to do is investigate and find out who did it. When you get a situation like that, leave it alone and hope more and more grain will disappear until the warehouses are empty and demand gets within arm's length of supply.

Of all the ideas I've heard for getting rid of the surplus, none can equal the brilliant work of the clerk who lost the 24 million bushels. I say leave him alone, turn him loose, give him a map of all the warehouses throughout the nation and open up a hot line between him and whoever it was in Austria he sent the stuff to, and let the Senate recess till the

I would like to report on the use of the plastic mulch demonstrations on the Herb Partridge and James Smith farm this summer. The soil on Herb's is deep sand. The plastic mulch was applied by machine, the edges covered and seed planted, all in one operation. Forty-eight inch beds were made and the plastic applied on these. Two rows were planted on each bed. Herb planted Westcan and Imperial 45 cantaloupes, and Polarias cucumbers.

James Smith's farm is east of Munday on a heavier soil. James planted Imperial 45 cucumbers.

The first conclusion drawn was that herbicide would have to be applied early and the growth must cover the plastic before the weather becomes very hot. Otherwise, the plastic absorbs too much heat. The beds need to be irrigated before the plastic is applied, as it is difficult to do later.

The plastic did stop Johnson grass, however. It pushed the plastic up; but if there were no holes for it to grow through, it finally died.

Vegetables grown on plastic will be ten days to two weeks earlier, and this is the big selling point. The high cost of the plastic makes it essential that the grower apply all agronomic practices that will enable him to produce a quality product.

Plastic mulching does have a place in vegetable production in this area if the growers will use it as another tool in the production of quality vegetables.

Debbie and Dennis Geddie are spending this week with their grandmother, Mrs. Edna Ward, law, and aunt and family, Mr. and Mrs. Ed Jetton and Sheryll,

gentleman's time to attend.

The Internal Revenue Service tells me many farmers believe that if they sell their farm, tractor or any other capital asset, they do not owe any tax if they re-invest the proceeds in like property. This is not true in the case of voluntary sales. The only benefit a farmer would gain from a voluntary sale of his farm, even if he bought a new farm with the proceeds, is a possible capital gain. Get the tax facts before engaging in any transaction.

Drivers Save By Renting Autos

A small but growing number of drivers are deciding it's wiser to rent a car than to buy one, according to an article in a recent issue of Changing Times, the Kiplinger Magazine.

The article notes that renting can save money if the driver uses a car only once in a while, parking is troublesome and expensive, and a car-owner normally trades in his car every two years or so and takes a big licking in depreciation—the annual loss in value as the car grows older.

To determine whether or not renting would pay, the magazine advises first totaling the cost of owning a car—finance charges, garage costs, insurance, license fees and depreciation, added to operating costs figured at 3 1/2 cents a mile for gas, oil, tires and maintenance for a new standard sized car, about 3 cents a mile for a compact.

Figuring rental costs includes estimating the number of miles to be driven, and breaking them down by days or weeks, depending on the time periods the car would be rented, then adding in the cost of transportation by other means when not driving a rented auto.

Finally, the magazine advises, the driver should ponder the intangibles, too. "By renting a car, you cut down on such irritations as parking problems and maintenance worries. On the other hand, if you buy an auto you will always have it available for immediate use."

Mrs. A. B. Warren and her daughter, Mrs. Joe Duke of Wichita Falls, were in Dallas last Sunday and Monday and attended the White Toy Show on Monday.

Mr. and Mrs. Jerry Jetton of Dallas met their parents, Mr. and Mrs. Ed Jetton, at Lake Kemp for a week end visit.

Guests of Mr. and Mrs. E. B. Littlefield and Eddie last Monday night were her sister and husband, Mr. and Mrs. L. L. Johns of Odessa and her mother, Mrs. Sally Doran, of Stamford.

Dicke Patterson and Miss Exa Lee Peysen returned home last Sunday from Mexico where they attended the summer course of Spanish at the Universidad Internacional at Saltillo, Coahuila.

Dr. and Mrs. Joe Nelson and daughter of Weatherford visited his parents, Mr. and Mrs. Clyde Nelson, last Sunday.

TRACTORS INVOLVED IN FARM ACCIDENTS

Tractors are involved in more farm accidents than any other farm implement, the Texas Safety Association reports. Other machines do have higher accident rates, but it is because they are used less. Driving too fast is a factor in most tractor upsets.
