We believe in trading at home whenever possible. Small towns don't grow or hold their own with money spent by local people in a neighboring town. It just isn't in the cards.

That little shower early Sunday morning was somewhat a surprise to us. Although the moisture was light, with .30 of an inch reported, it gave us a slight drop in temperature. Sunday's hot was a sort of steamy hot, too. The shower probably saved at least one lawn watering.

Quanah is faced with a water shortage, with rationing now under way. A move is under way now to get water from a proposed lake some 75 miles away. Ed Eakin, editor of the Quanah Tribunee Chief, had this to say last week:

k-k "With just regular shaving and drinking water on the short list, anyone who suggest he wouldn't vote for a good supply of water is in danger of not only hell fire but a poke in the puss as well.

"A man shaving with a cupful of solid gyp water may be fearful, but hell hath never known the fury of a woman standing over a dying juniper shrub with an empty water hose."

# Biggest "savings book" in the world

Reeping the Free World free is a mighty expensive proposition.

And our enemies are doing every-thing they can to make it so. They've said they expect to "bury us" economically.

They see us as soft, self-satisfied, lazy. They don't think we're prepared to make any sacrifices for freedom. But there's a "special book" in the U. S. Treasury Department that says they're as wrong about that as they are about a lot of other things.

It's a symbolic "freedom book" which shows that tens of millions of American families have invested 46 billions of dollars in their country in the form of U. S. Savings Bonds. Dollars the government uses to keep our economy strong. To help keep the Free World free.

This is one way you can meet the challenge to Americans, And there's no need to feel funny about collecting good interest on Savings Bonds. The financial strength of your family is part of the strength of the nation.

So help yourself as you help your country, by regular purchase of U.S. Savings Bonds . . . through the Payroll Savings Plan where you work, or from any bank.

#### Quick facts about U.S. Savings Bonds

- . You get \$4 for every \$3 at maturity · Your Bonds are replaced free if
- lost, stolen or destroyed
- · You can get your money anytime · You can save automatically on Payroll Savings

110-Year-Old Man Gets Health Insurance

PLATTEVILLE, COLORADO-A 110-year-old sheepherder here, bought the first hospital insurance policy in a national enrollment of senior citizens opened by Mutual of Omaha.

He is Henry Gooch, who still works 10 hours a day, seven days a week herding sheep on a 280 acre Colorado sand hills farm. Gooch previously was insured by Mutual but added to his coverage because "I fell off my horse a couple months ago."

"True Freedom"

True freedom consists with the observance of the law.-Bonnell Thornton.

Justice and truth make man free, injustice and error enslave him.-Mary Baker Eddy

There are two freedoms—the false, where a man is free to do what he likes; the true, where a man is free to do what he ought. -Charles Kingsley

It is impossible to enslave mentally or socially a Bible reading people. The principles of the Bible are the ground-work of human freedom. — Horace Gree-

A certain personal virtue is essential to freedom.—Emerson

The only freedom worth possessing is that which gives enlargement to a people's energy, intellect, and virtues. — William Ellery Channing
