

Kracker Krumb's

Odd Bits Salvaged
By The Editor

There's a purpose in about everything we do.

k-k

So said our pastor, Rex Mauldin, in his sermon Sunday morning. He pointed out that we comb our hair for a purpose—to look well groomed, instead of leaving it all disarranged. We have our children brush their teeth for a purpose—to avoid decay in their teeth, etc.

k-k

He went further and said we had a purpose in taking a vacation—to get away from it all for a while, to rest and recuperate, to do just what we want to do.

k-k

Then at the close of the service he announced that his family was leaving Monday morning on vacation. He didn't announce his destination, although we imagine some of his flock know how to get in touch with him.

k-k

Still others are off on vacation this week. This month will probably wind them all up, for it isn't convenient to take a vacation when school starts, especially if there are youngsters in school.

k-k

The Barton Carls took off Sunday morning for the somewhat cooler climes of New Mexico and Colorado. And from the way Barton was "on the ball" last week, trying to get all those things done that needed to be done before he got off, he is really using that vacation for "rest and recreation."

k-k

Moulton and Clara Wiggins didn't wait until Sunday. They took off Saturday after closing hours at the bank. They are to visit in Maryland and Washington, D. C. It seems that the trip will take them through Alabama. The bank's employees were kidding Moulton before his departure and told him that he should exchange his wide sidewall tires for solid black ones before he got into Alabama!

k-k

Those of us who won't be taking a week or two off for vacation might get some consolation out of the following which we ran across the other day:

k-k

"Vacationing Americans are visiting in almost every civilized country in the world and some are even venturing into the undeveloped areas. Modern transportation has made foreign travel possible even for those with only two or three weeks' vacation."

k-k

"Perhaps it is the desire for something entirely different which makes many people want to get as far away from home as possible for a vacation. And yet there are so many things to enjoy right at home."

k-k

"So often people neglect to see those things in their own communities that attract visitors from miles away. To the local person they are always available, and there will always be time to see them. It is better to get away and see the far things now and see the near things any old time. But the trouble is that 'any old time' never comes."

k-k

"No one would deny to any American the thrill and the cultural advantages of travel abroad. But to the thousands for whom that is not possible, there is some consolation in knowing that there is much to see right at home—often very close to where one lives."

k-k

So we reckon it doesn't matter too much where one goes on vacation. The fact that it's a vacation—an opportunity to get away from those every day, day-in-and-day-out things that hound and haunt you all the year—to do just what you want to when you want to, that counts.

k-k

Vacations are supposed to get you rested and recuperated up so you can battle the world's problems for another year. They're supposed to make you more capable for the job you have to do, so we've heard, just like a coffee break is supposed to give you the stamina and vigor to complete the weary day.

k-k

Vacations might do just that, if we'd use them wisely. Trouble is, most of us spend too much time getting as far away as possible—then have to use up too much of our vacation getting back home!

Mrs. Dale Phillips visited her daughter and husband, Mr. and Mrs. Jerry Golsen, in Abilene last Thursday.

Issues Involving Oil Industry Also Affect Pocketbooks In Knox County

With oil and gas production worth about \$7.8 million a year, Knox County citizens have a financial stake in the worldwide demand for energy and the complex economic and political problems involving the petroleum industry, according to statistics released this week by Texas Mid-Continent Oil & Gas Association.

"We have pulled together some figures from the most authoritative sources so residents of Knox County can see how local pocketbooks are affected by some of the issues which involve our industry," said J. Clyde Tomlinson, Association president. "Issues of current concern include the proposals to cut percentage depletion rates, extension of federal controls over prices at which Texas

producers sell their gas, and development of laws and production methods that will help Texas compete with other states and nations for markets."

The latest year for which U. S. Bureau of Mines figures are available (1961) shows Knox County producing more than 2.6 million cubic feet of natural gas, with a value of almost \$14,000. In 1961 there were 700 producing wells in the county, according to the Texas Railroad Commission.

Although its first field was discovered 17 years ago, Knox County is the scene for the industry's continued search, for oil and gas. Some 51 wells were drilled in the county last year with 9 being wildcat exploratory wells, according to the Oil & Gas Journal. The Association estimated that more than \$750,000 was spent on drilling in the county this past year and that some \$383,000 of this went for dry holes.

Leasing adds many thousands of dollars to the county's economy. Tabulations by the International show major companies in 1961 were paying rentals on about 84,000 undeveloped acres, which comprise about one-seventh of the county's area.

Royalty payments to Knox County farmers, ranchers and other landowners are running at more than \$971,000 annually, the Association calculated.

Knox County producers and royalty owners also make a sizeable contribution to the support of state government, with production tax payments of more than \$357,000 a year.

Industry taxes likewise are important to the county government and school districts in the county. For instance, 38 per cent of the local property taxes collected for the Goree Independent School District comes from oil and gas operators; 49 per cent at Knox City; 27 per cent at Munday.

A sixable impact on the Knox County economy has been registered by petroleum industry payrolls. About one out of every three payroll dollars in the county is derived from employment in oil and gas work, according to figures from the Texas Employment Commission. The industry payroll is more than \$508,000 a year, with the average employee receiving more than \$3,500 annually.

Burglary Suspect Arrested Friday

Raul Travino, 18, of Goree was charged last Saturday with the burglary of McCarty's Jewelry here six days earlier. The burglary occurred early Sunday, July 28. A window in front of the store was smashed and merchandise taken from the show window.

After bond was set at \$2,000 by John Rice, justice of the peace, the suspect was taken to the county jail at Benjamin.

Travino was arrested Friday in Goree by Doc Clark, deputy sheriff, who reported that the watches and three rings taken in the burglary had been recovered.

UNIQUE IN AREA—Is the "Pill Wagon" recently put into service by the A. L. Smith Drug of Munday. A. L. "Pop" Smith is shown at the wheel of this "wagon" which will not only make deliveries of pills, but any purchases made at the store and free deliver is desired.

Gilliland Voters Give Approval To Equalization Board

Voters of the Gilliland Common School District No. 3 approved the appointment of a board of equalization for the school in the special election last Saturday. The vote was 49 for to 3 against.

Appointed to this board were Earl Burgess, Jess Rutherford and Jerry Tomaneck. The board will reevaluate property in the school district, it was reported, in an effort to maintain the grade school. High school students have been coming into Munday for several years.

Teachers at Gilliland are: A. B. Martin, Jr., principal who has taught there for 10 years, and Mr. and Mrs. Glen Murray.

Manuel Davila Dies On Sunday

Manuel Davila, Sr., 65, well known Munday resident, was found dead at about 7:30 a.m. Sunday at his home in Munday by his son, Manuel, Jr.

Davila was born in El Paso on June 22, 1898, and had lived in the Munday area since 1935. He was engaged in farming until his retirement a few years ago.

Funeral services were held at 4 p.m. Tuesday from the Latin American Assembly of God Church, and burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Survivors include five sons, Manuel Jr. and Joe of Munday, and Alfred, Albert and Robert, all of Altus, Okla.; eight daughters, Mrs. Adela Tarango of Midland, Mrs. Ester Ramirez and Mrs. Anita Maldonado of Altus; Mrs. Lucia Lopez of Chicago, Ill.; Mrs. Maria Aparicio of Lubbock; Mrs. Marguita Rodriguez of Eden, Mrs. Herminia Ramirez and Miss Adeline Davila, both of Munday.

Mr. and Mrs. Jerry Nolan and son, Tony, of Houston is spending this week with his grandparents, Mrs. N. L. Norman and Mrs. Willie Weaver.

Wood Tractor Sales Dealer For Hesston Cotton Harvesters

The Gene Wood Tractor Sales has been authorized as dealer for Hesston V-22 Cotton Harvesters in the Munday area according to Gene Wood, owner of the local farm equipment firm.

Hesston Manufacturing Company's booklet, "Hi-Net Cotton System," is now available free to cotton growers in this area, he added. The booklet, which presents a comprehensive program to increase net cotton profits, has been commended by educators, editors, and farmers across the Cotton Belt.

Wood described the V-22 as a new concept in mechanical harvesting, employing brush-action to remove lint gently and deliver clean cotton. Its performance has been impressive in hundreds of fields in many states over the past four years. The two-row machine can be attached to most models of tractors, and sells for less than one-fourth the cost of most spindle-type machines.

In competitive tests, the Hesston has harvested substantially more lint and more seed per acre, in less time, than other types of mechanical pickers, Wood reports.

Goree Revival To Begin Friday

Rev. Benny Hagan, pastor, has announced that Rev. Lee Fields, pastor of the First Baptist Church in Carbon, will be visiting evangelist for a revival that begins at the First Baptist Church in Goree on Friday night, August 9. The revival will continue through Sunday night, August 18.

Bill Upchurch, director of music and education at the First Baptist Church in Munday, will direct the singing.

Day services Monday through Friday will be at 10 a.m. A prayer service will be held at 7:30 each evening, with revival services at 8 p.m.

Gilliland Sets Homecoming Date

Homecoming for residents and former residents of the Gilliland community has been set for Sunday, September 1, it was announced this week by Mrs. Arthur Horne, secretary.

This all-day event will be held in the Gilliland school gymnasium. All are requested to bring a basket lunch to be spread at the noon hour.

An invitation is extended to all who have ever lived in Gilliland to come and meet old friends of former years.

Goree Sailor Is Honor Graduate

NEWPORT, R. I. (FHTNC)—Thomas L. Peek, yeoman second class, USN, son of Mrs. Bessie L. Peek of Goree, Texas, graduated with honors on July 3, from the U. S. Naval Justice School, Newport, R. I.

He completed seven-weeks of intensive instruction in a combined course in the administration of the Uniform Code of Military Justice and Closed Microphone Court Reporting.

Peek is scheduled to return to his duty station aboard the submarine tender, USS Neretse, operating out of San Diego, Calif.

A graduate of the Goree High School, Peek entered the Navy in February 1950.

Teachers Are Named For Munday Public Schools; Classes To Begin September 3

Willis Apple, superintendent of the Munday Public Schools, announced recently that classes for the 1963-64 term will begin on Tuesday, September 3.

A general faculty meeting will be held on Thursday, August 29, and students will register on August 30. Teachers in the local schools are as follows:

Walter Sears, high school principal; Wayne Bingham, math and coach; Doyle Lowrance, history and coach; John Holdridge, band; Mrs. Herbert Partridge, English; Mrs. W. O. Ratliff, English;

Garon Tidwell, science; Mrs. James Blakley, science; Mrs. Nancy Hodges, commercial; Burt Williams, vocational agriculture; Mrs. Bobby Winchester, home-making; Mrs. Lillian Logan, Spanish; Mrs. Rex L. Mauldin, chorus; David Bardin, junior high principal and science; Glen Kreger, junior high coach and math; Jimmy Harper, seventh grade science; Mrs. Carl Morgan, English; Mrs. Wendell Partridge, 6th grade; Mrs. Jerry Kane, 6th grade; Patti Roberts, language arts; James Blakley, elementary principal and 5th grade; Juanita Smiley, 4th grade; Mrs. Glen Kreger, 4th grade; Mrs. Walter Sears, 3rd grade; Mrs. Paul Pendleton, 2nd grade; Mrs. Wallace Reid, 2nd grade; Mrs. Hershell Cowan, 1st grade; Mrs. Bill Upchurch, 1st grade, and Mrs. Iva Palmer Aaron, special education.

Teachers in Munday Dunbar School are Hampton Booser, principal and math; Mrs. Hampton Booser, English and history; Mrs. Gay Otis, 5th and 6th grades; Mrs. M. C. Gipson, homemaking and science; Mrs. Cherrie Lee Johnson, 3rd and 4th grades; Wancy Seaton, 1st and 2nd grades; Mrs. Billie Collier, 7th and 8th grades.

Texaco Station To Hold Formal Opening Saturday

Ernest Machen, who is operating the new Texaco Service Station, announced Monday that he will hold the formal opening of this new station on Saturday, August 10. Although he has had the station in operation several weeks, a number of delays have prevented the formal opening until this time.

Lots of activity will hold interest of the public during the day Saturday. Mr. Machen announced that he will have free gifts for everyone: cigars for the men, pot plants for the ladies, and "Fire Chief" hats and lollypops for the children.

In addition, a number of prizes will be awarded during the afternoon.

The entire motoring public is cordially invited to attend this formal opening.

New 70-Mile Speed Limits To Begin August 23

AUSTIN — More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective August 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed August 23. This means that some 41,500 miles of the state-maintained highway system will be allowed to come under the higher maximum speed.

The Commission today passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at night for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-miles-per-hour maximum.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70-mph maximum, although some of these roads (and some of the older primary routes) will be restricted to the lower 60-mph maximum where conditions warrant.

Goree Registration To Begin August 23

Registration and verification for the 1963-64 term of Goree Public School will begin on Friday, August 23, at 9 a.m.

George Cotton, principal, requests all senior students to report to the school at that time. Junior students will register at 9:30 a.m., sophomores at 10 a.m. and freshmen at 10:30 a.m.

Mrs. A. E. Womble Dies On Monday; Funeral Tuesday

Mrs. Lela Womble, 83, beloved christian mother who had made her home in the Munday area for 43 years, passed away at 1:30 p.m. Monday at the home of her daughter, Mrs. Joe Bailey King. She had been in failing health for several years and seriously ill for several months.

Mrs. Womble was born on August 16, 1880, in Oxford, Miss., and married A. E. Womble on January 1, 1902. The family moved to Munday in 1920. Mr. Womble, a farmer, died in 1937.

She was a member of the First Methodist Church and was very faithful in attendance until ill health prevented.

Survivors include two sons, J. E. Womble of Woodward, Okla., and Layne Womble of Sherman; two daughters, Mrs. R. E. Hightower of Dallas and Mrs. King of Munday; three sisters, Mrs. S. H. Nance of Cisco, Mrs. J. M. Alexander of Wilmer and Mrs. Elmer St. Clair of Burleson; seven grandchildren and 11 great-grandchildren.

Funeral services were held from the First Methodist Church in Munday at 3 p.m. Tuesday with the pastor, Rev. Rex L. Mauldin, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Serving as pallbearers were Wallace Reid, Chester Bowden, Levi Bowden, Charles Baker, Tom Oustad and Aaron Edgar.

District Attorney A. W. Davis Resigns

A. W. Davis of Paducah, district attorney of the 50th judicial district, has resigned this office effective September 1. In announcing his resignation last Monday, Davis made the following statement to this newspaper: "I have served the people of the 50th Judicial District of this State as their District Attorney since January 1, 1955.

"It is only after deliberate consideration of the matter that I have decided to resign this office to enter the practice of law in Bryan-College Station, Texas."

"Accordingly I have this day informed Judge Lewis M. Williams and Governor Connally that I will resign effective September 1, 1963.

"During my tenure of office I have attempted in all matters to discharge the duties thereof in a manner that would bring honor and credit to the office and to the people of this District and State. It is my hope that I have at least been somewhat successful in this endeavor.

"No statement or words of which I am capable could begin to express my deep appreciation to the Court, the officers of the Court, and to the people of this District for their support, assistance and many kindnesses extended to me over the past years.

"I would, of course, want to extend to the Court, the people of the district, and to my successor in office my very best wishes in every way for the future."

NOW START DRILLING

So you have an idea you can get rich quick drilling a wildcat oil well. You are right, if you drill in the right spot. But take a look at the following figures before you mortgage your house to raise drilling money. Then you can get an idea of why a crude oil producer is granted a depletion allowance as a credit on his federal income tax. If he didn't get it you would be paying a substantially higher price for gasoline.

A new study containing a six-year analysis of the more than 8,000 new-field wildcat wells drilled in 1956 shows that less than 2 per cent uncovered commercial quantities of oil or natural gas. A new-field wildcat—also known as a rank wildcat—is a well drilled in an area where oil or gas has never before been found.

The American Association of Petroleum Geologists, which maintains six-year records of such wells in order to determine how many eventually become profitable, recently released its report on wildcat wells drilled in 1956.

A well is considered profitable if it discovers reserves of at least 1 million barrels of oil or 6 billion cubic feet of natural gas.

The geologists' study found that of the 8,436 new-field wildcats drilled in 1956, 159—or 1.88 per cent—later proved to be profitable discoveries, a ratio of about 1 in 53.

Now start hunting your drilling spot to make your million.

A NEW DIMENSION

By Presidential proclamation, National Aviation Day will be observed on August 19. The very name turns the mind back to that most daring and romantic of modern eras, when the Wrights and their intrepid successors were proving to a skeptical world that manned flight was possible. It turns, too, to the fabled "circuses" of the First World War, when a gallantry in combat that has gone out of the world was shown.

It moves on, to the amazing planes of the present, that will whisk around the world in a matter of hours, almost confounding the sun itself. Then it looks to a future the scientists blueprint for us, in which passenger flights will move at thousands of miles an hour and the cities of Europe and Asia and South America will be, in point of time, as close as the next town.

The aircraft has added a new dimension to life. May that dimension, in all the years to come, be one of peace and service to the human race.

Chairman Joseph C. Swidler of the Federal Power Commission says: "I have every reason to believe that the Atomic Energy Commission would not approve any nuclear power plant unless it was absolutely safe."

THE MASS IDEA

Studies of how things will look 30 or 40 years from now place emphasis on doing things in a mass way for the masses. For example, there will be a mass of young people, a massive group of middle-aged people, and a massive group of older people—popularly known as "senior citizens." There are plans for massive care of these so-called senior citizens. The concept of family responsibility seems to be giving way to a chromium plated scheme under which people are painlessly introduced into pleasant but segregated surroundings where they may be cared for as dependents.

There is just one thing wrong with the picture. This country was founded and has been built on the ideal of individualism. If the illusory logic of "massism" destroys the freedom of the individual and his pride in and need of providing for himself it will kill America's promise and reason for existence. Millions of free people, yes—a stereotyped mass life, no.

According to the American Red Cross, farming is the third most dangerous occupation in the country, exceeded only by mining and quarrying, and the building industry. In one recent year, there was a total of 8,700 deaths and 800,000 injuries from accidents to farm residents. The Red Cross emphasizes that safety consciousness and accident prevention knowledge for farm people can be acquired in the courses taught by its chapters throughout the country.

Executive Vice President Lee Shield of the American Life Convention warns: "Slavery can be the lot of any people who drift far enough down the road of government-in-business. When government combines economic power with a vast political power, it has the means of telling us where we will work, where we will live, and what we will say and do."

EL DORADO, KAN., TIMES: "Today, more people are on relief than in the great depression. The cost of relief far exceeds \$100 a year per tax-paying family. This has occurred despite Social Security, unemployment compensation and other welfare measures. The drop in crime that was to accompany liberalized relief hasn't materialized. It's time to clean up the mess—but who will start the cleaning?"

Local people will accept their responsibility for supporting the local school system provided it does a good job and the community is kept constantly aware of it, according to an official of the American Oil Company who was formerly a school-board president.

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Miss Barbara Kuchan of Midland was a recent visitor in the home of her parents, Mr. and Mrs. Carlo Kuchan.

Mrs. Luther Christian has returned home after a vacation trip to Taos, Santa Fe and Albuquerque, N. M., with her children, Mrs. Jack Bentley of Ft. Worth and Mr. and Mrs. David Patterson and children of Arlington. The group also visited with Mr. and Mrs. Bob Couch and little daughter, Elizabeth, in Hartley and with Mrs. Vertie Hutchinson in Dalhart.

Mr. and Mrs. Pete Ray accompanied their son, Mr. and Mrs. Anson Ray and girls of Amarillo, to a family reunion at Stephenville over the week end.

Lee Wayne Feemster was a recent visitor of his parents, Mr. and Mrs. Lee Feemster. He was accompanied home by his little son, Mike, who had been spending the week with his grandparents.

Mr. and Mrs. Paul Weiss visited Wednesday and Thursday with their daughter, Mr. and Mrs. Jack Robertson, in Dallas.

Mr. and Mrs. Jim Coxwell of Mineral Wells visited Sunday with her mother, Mrs. John Welch, and Mr. and Mrs. L. D. Allen.

Mrs. Clarence Allen of Abilene spent Thursday with Mrs. Jim Hughes and Mr. and Mrs. E. S. Allen. She was accompanied home by Mrs. Hughes who will visit a few days in her home.

Mrs. Bob McGaughey and Jenni, of Lubbock were recent visitors in the home of Mrs. J. N. McGaughey.

Week end guests of Mr. and Mrs. Ernest Beck, Sr., were Mr. and Mrs. John Dud Alford of Wichita Falls and Mr. and Mrs. Dewey Elliott of Dallas.

Mrs. Earlene Richardson and little son, Mark, of Abilene visited last Thursday with her grandmother, Mrs. Viola Sanders. Also visiting with Mrs. Sanders on Sunday was Mrs. Orville Lee Jernigan and son, Gary, of Leveland.

Mr. and Mrs. K. B. Ritchie attended church services in Stephenville on Sunday then visited with Mr. and Mrs. Aubrey Ritchie in Weatherford.

Mr. and Mrs. C. L. Erwin and daughter, Kathie, of Kansas City, Mo., have been spending a few days with her sister, Mr. and Mrs. Clelan Russell and children.

Week end visitors in the home of Mr. and Mrs. E. C. Hardin were their children, Mr. and Mrs. Calvin Hardin and sons of Phoenix, Ariz., Mr. and Mrs. Emory Hardin and children of Ardmore, Okla., and Mr. and Mrs. L. V. Fisher and family of Hurst.

Miss Brenda Beck has accompanied Mr. Joseph Alford and children of Dallas, to Cuchara, Colo., for a two weeks vacation. Quel Hughes was a business

visitor in Eules on Friday.

Fred Rabe of Odessa visited Saturday and Sunday with Mr. and Mrs. Carl Coulston and Vicki.

Rev. and Mrs. Don Yarbrough and children were business visitors in Lamesa a few days last week.

Mr. and Mrs. Clifford Roberson have been visiting with Mr. and Mrs. Bud Roberts and family and Mr. and Mrs. Buddy Tuggle in Tulsa.

Mr. and Mrs. Don Alexander and daughter, Donna Lynn, visited relatives in Viga Park over the week end. The Alexanders are living in the Mattie Russell house.

Miss Judy Roberson spent the week end with Miss Sue Duke in Benjamin.

Mr. and Mrs. Clyde Beck and children, Russe and Cozette, visited over the week end with Mr. and Mrs. Maurice Hughes and children in Albuquerque, N. M.

Mr. and Mrs. Claudell Bratcher, Larry and Bert, visited with friends in Duncan and toured other points of interest in Oklahoma over the week end.

Week end guests of Mr. and Mrs. Willis Paddy were their children, Mr. and Mrs. Jack Paddy and children of Midland, Mr. and Mrs. Buster Paddy and daughter of Lubbock and Mr. Paddy's cousin, Mr. and Mrs. Don Kirksey of Holliday.

Mr. and Mrs. Ernest Albright were recent visitors in the home of their daughter, Mrs. Loraine Burton, and sons in Amarillo.

LOCALS

Mr. and Mrs. Joe Massey visited their daughter and family, Dr. and Mrs. Wayne Smith and Tracy, in Irving from Wednesday until Sunday. Mrs. Smith and Tracy returned home with them for a visit.

Mr. and Mrs. J. B. Scott of Spur attended the funeral of Mrs. A. E. Womble here on Tuesday.

Mr. and Mrs. Coy B. Jennings visited his mother, Mrs. L. P. Reppond, in Borger over the week end. Their daughter, Barbara, who spent two and one half months with her grandmother, returned home with them.

Mrs. Ella Cloudis returned to her home in Abilene last Wednesday after several weeks visit here with her son, Jack Cloudis, and daughter, Mrs. Floyd Searcey, and their families.

Mr. and Mrs. Ben Yarbrough spent the week end with Mr. and Mrs. Joe Duke in Wichita Falls.

Mr. and Mrs. Buddy Gafford and children of Wichita Falls visited their parents, Mr. and Mrs. Worth Gafford, over the week end.

FARM FIRES INCREASING

The Texas Safety Association reports that property losses from farm fires in the nation have increased steadily since 1940. In 1961 the total was \$163 million, an increase of 155 per cent in 22 years.

An idea from the Valley Sportsmen Club at Harlingen. Members of the Club will attempt to collect a dollar for each deer killed by Valley hunters during the past hunting season as a contribution to the Screwworm Eradication Program. Spokesmen for the Club hope other clubs over Texas will undertake similar campaigns to keep the screwworm program going.

 BUYS MORE
 THAN EVER BEFORE**

How much is your monthly electric service bill? Probably more than in years past. But that's because you use more electricity today and NOT because the rate is higher.

Truth of the matter is that as the cost of living has gone up and up, the average cost of a kilowatt hour of electricity used in West Texas homes is 17% less than 10 years ago.

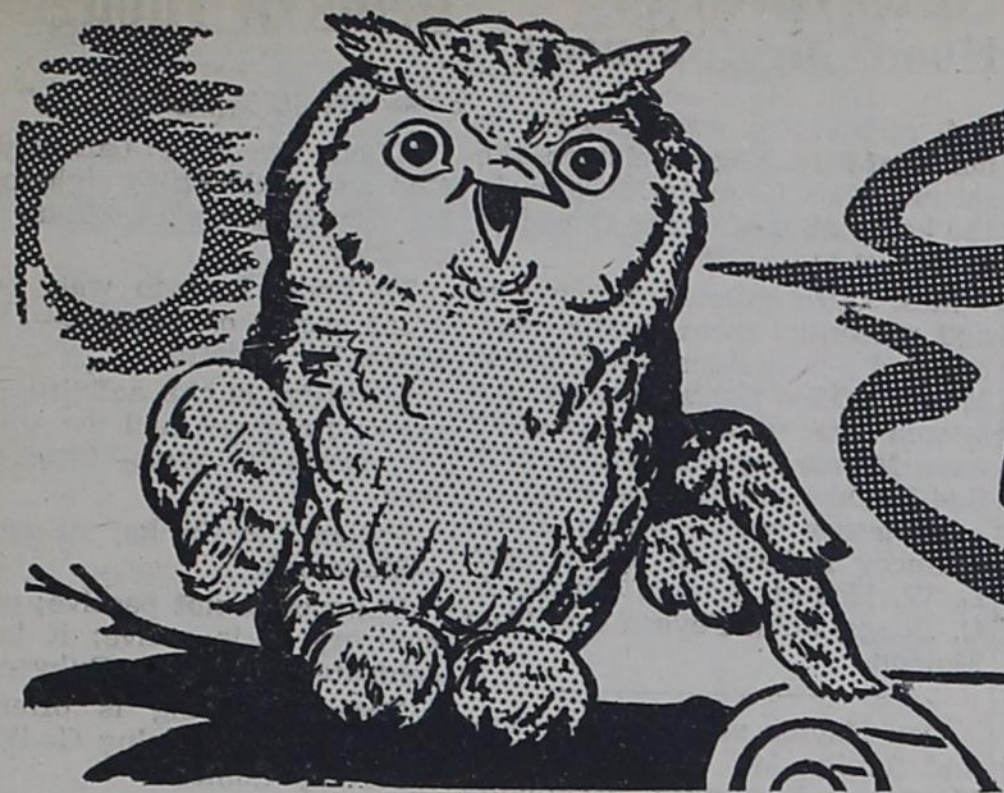

But the USE of electricity has increased; many homes today are using twice as much. Using more and getting more customer benefits, for today there are 166 wonderful electric ways to bring more comfort and convenience into the home, to save time and to eliminate drudgery. Use in the long summer months may be even heavier, because of continuous use of air conditioning.

Yes, the dollar you spend for electricity buys more than ever before. It's today's best value, biggest bargain.

Amarillo Doctor Gets Jail Sentence

An Amarillo doctor has been sentenced to serve six months in jail. On July 31, Federal Judge Joe Dooley at Amarillo sentenced Dr. Harvey K. Jackson to 18 months in jail, with six months to serve and one year suspended sentence. He placed Dr. Jackson on probation for two years and fined him \$500.00.

On August 24, 1962, Dr. Jackson took his gun and placed three Internal Revenue Officers under "citizen's arrest" when they called at his office to collect two delinquent tax accounts.

Dr. Jackson was indicted by a Federal Grand Jury in Lubbock,

Texas on May 13, 1963, and was found guilty after a two-day trial, on June 28, 1963.

The Doctor has appealed his sentence and has been released under \$2,000 bond.

Jungman Reunion Is Held July 28th

The 27th annual John J. Jungman family reunion was held in the parish hall at Pep, Texas, on Sunday, July 28. Guests began arriving around 7:30. At noon and again at 5 p.m. a most delicious basket lunch was served cafeteria style.

At special request, Rev. Father Stanley Crocchio welcomed the

NEW RESEALABLE BREAD WRAPPER—A new bread package now in the stores features a pressure-sensitive end seal that can be re-sealed each time bread is taken from the package. End seal pulls open easily and closes with just a touch of the finger.

guests in a very interesting way.

A total of 111 relatives and friends registered from Fort Worth, Corpus Christi, Bismarck, Cameron, Buckholts, Munday, Seymour, Rhineland, Plainview, Bryan, Hamlin, Midland, Threeway, Littlefield and Pep, in Texas, and Medesta, Calif.

Coffee, tea and soft drinks were served during the day.

Officers elected for another year are: Ted F. Hertel, president; Adolph G. Jungman, vice president, and Walter A. Jungman, secretary and treasurer.

The next meeting will be at Rhineland on the last Sunday in July, 1964.

A nice and very much welcomed rain of 1.50 inches early Sunday morning cooled things off, so the day was very pleasant and everyone enjoyed it very much. Most of the guests returned home Sunday evening, while some spent the night with relatives and returned home Monday.

Mr. and Mrs. Joe Jungman and family, Mrs. Wille Randerman and son, Wille, Jr., with his wife and two girls, motored to the Carlsbad Caverns in New Mexico.

ATTEND SCOUT CAMP

Max Anderson, Stan Key and Bobby Baker left last Monday for Camp Philmont where they will attend Boy Scout camp for two weeks.

Mr. and Mrs. Marshall Barnes and children of Houston were Wednesday guests of Mr. and Mrs. Floyd Searcy.

Mr. and Mrs. Donald Hobert and daughters visited her sister, Mrs. M. L. Bird, and family in Dallas recently.

New Easy-Open And Re-Sealable Label Big Improvement

Housewives demanded it. And now it's here. A new bread wrapper that opens easily and can be re-sealed each time bread is taken from the package.

The new wrapper is the latest development in modern packaging. It is as big a step forward in bread packaging as the zipper was for clothing.

No longer is it necessary to tear open the package to get into the bread. The new wrapper has a pressure-sensitive end seal that opens easily and can be re-sealed with just a touch of the finger. The feature housewives like best is that it re-seals tightly time after time.

"After a few slices have been removed, this new label permits the housewife to re-seal the package," said Odie Clark, general manager of Mrs. Baird's Bakery. "This keeps the loaf fresh for the next use."

"The new label is a real and needed improvement in bread packaging," Mr. Clark added.

Mr. and Mrs. Vester Bowman attended the funeral services of her sister-in-law, Mrs. Jack Poer, in Tucumcari, N. M., on Tuesday of last week.

Carl Roddy Griffith, who has been stationed in Biloxi, Miss., left on Wednesday of last week for San Antonio, where he will be stationed at Randolph Field. Carl Roddy spent his leave with relatives and friends here.

Mrs. Lillian Graham of Perrin visited her niece, Mrs. Roddy Griffith, last week.

Weaver-Jackson Rites Are Read In Goree Last Monday

Miss Shirley Fay Weaver of Munday and Wayland Kieth Jackson of Lubbock were married Monday at 6 o'clock in the First Baptist Church parsonage in Goree.

Parents of the couple are Mr. and Mrs. Homer Weaver of Munday and Mr. and Mrs. Ray Jackson.

The Rev. Benny Hagen, pastor, read the double ring ceremony.

The bride wore a dress of white polished cotton and satin shoes.

They will reside in Lubbock following a wedding trip to the New Mexico mountains.

The bride is a 1962 graduate of Munday High School where she was a member of the band for four years, a member of the Spanish Club, and secretary of the Band Club. She completed a beauty course in Amarillo and was employed by The Carasual in Munday.

The bridegroom is a 1962 graduate of Goree High School and is attending Texas Technological College.

Stewart Reunion Is Held At Cisco

The Stewart family annual reunion was held at the Cisco Park Sunday, August 4th with approximately 200 relatives in attendance.

A picnic lunch was spread at the noon hour and was enjoyed by all. Swimming, skating, miniature golf, renewing old acquaintances and just plain visiting provided amusement for the day.

Attending from Knox county and close by were Mr. and Mrs. J. N. Stewart and sons, Mrs. Neal Stewart and sons, Mr. and Mrs. N. M. Stewart, Pete Stewart, Mr. and Mrs. Lester Bryan, Mr. and Mrs. Jack Stewart and children and Miss Sheryl Jetton of Munday; Miss Janice Stewart of O'Brien; Mr. and Mrs. E. G. Ivy and Mr. and Mrs. Roy Stewart and Tammy of Knox City; Miss Delores Raynes of Weinert and Mr. and Mrs. Virgil Stevens of Wichita Falls.

Mrs. Roy Gayle Berry and son, Kelly, of Winnsboro, La., visited her sister, Mrs. Roddy Griffith, and family several days this week.

Mr. and Mrs. Jack Benton and sons, Mike and Pat, of Lamesa are spending this week with her father, J. D. Crockett.

Coffee Given To Honor Mrs. Johnson

A gift coffee was given in honor of Mrs. Roger Johnson, the former Miss Laquata Morgan, in the home of Mrs. Omar Cure last Saturday morning.

Mrs. Cure greeted the guests and presented them to the honoree and her mother, Mrs. Edgar Morgan. Miss Suzie Phillips registered the guests and serving were Misses Jerrylan Duke, Billi Sue Walker and Martha Ford.

Hostesses were Mmes. Cure, Chancey Hobert, Al Cartwright, L. W. Hobert, Lonnie Offutt, A. C. Boggs, John Peysen and Tom Morton.

Don Haynie visited his brother and family, Mr. and Mrs. Lloyd Haynie and children, in Wichita Falls over the week end.

Gary and Debbie Simpson of Abilene spent last week with their grandparents, Mr. and Mrs. Otis Simpson. Their mother, Mrs. James Simpson, came for them on Saturday.

Mr. and Mrs. Leo Reddell and children of O'Donnell are spending this week of their vacation with relatives and friends here. Mrs. Reddell also visited her father, Alonzo Poe of O'Brien, at the Hendrick Memorial Hospital in Abilene. Mr. Poe is recuperating from recent surgery.

Gems Of Thought

"Wait Patiently . . ."

When we wait patiently on God and seek Truth righteously, He directs our path.—Mary Baker Eddy

To know how to wait is the great secret of success.—Joseph Marie De Maistre

Beautiful is the activity that works for good, and the stillness that waits for good.—Robert Collyer

Patience is the key of content.—Mahomet

Patience is not passive; on the contrary it is active; it is concentrated strength.—Bulwer

Patience waiting is often the highest way of doing God's will.—Jeremy Collier

Mrs. Roddy Griffith and Chuck visited her sister and family, Mr. and Mrs. C. M. Phillips, Mike, Donald, Becky and Sam, in Fort Worth last Sunday and Monday. Mike, Donald and Becky returned home with them for a few days visit.

Mr. and Mrs. Gene Roland Haynie and children visited his sister and family, Mr. and Mrs. Ed Segars and Sarah Jane, in Fort Worth last Sunday and Monday. Their daughter, Cindy, who spent last week there, returned home with them.

LONE STAR AGRICULTURE

COMMON MARKET AFFECTS TEXAS POULTRY

Western Europe's Common Market has given a "thumbs down" sign to U. S. poultry and the repercussions are being felt in the broiler producing areas of Texas.

The "chicken war" began when the Common Market inaugurated high tariffs against imported broilers as a protection to its own fledgling broiler industry in West Germany and other countries. When the market outlet in Europe dried up from the excessive tariff, the U. S. broiler industry lost some \$50 million worth of trade a year. The big production areas of East and South Texas were immediately

caught in the backwash of the tariff decision.

The first effect was a near "glut" of the domestic poultry market since growers were not able to quickly cut back production. But the long range prospect is even more ominous—not only in poultry but in many other fields of agriculture.

Originally, the Common Market was conceived and regarded as a giant stride in European recovery after the ravages of war. Its ultimate goal was to lower tariffs and promote freer trade. In many cases, this has been one of the best achievements of the six-country organization. But it is feared that the new "chicken war" may be only the first of

THAT'S A FACT

NON-MILITARY

ONE OF THE REAL HEROES OF THE AMERICAN REVOLUTION WAS JOHN STARK, "THE KING OF NEW HAMPSHIRE." HE ACTUALLY NEVER JOINED THE CONTINENTAL ARMY, ALTHOUGH HE AND HIS MEN (THE NEW HAMPSHIRE MILITIA) WON A DECISIVE BATTLE OVER BURGOINE'S FORCES.

HIGH TIME

GORR JOE AIELLO OF THE BRONX, N.Y., FELL 3000 FEET WHEN HIS PARACHUTE FAILED TO OPEN—AND LIVED TO TELL THE TALE. HE LANDED IN A TREE!

YOUR SAVINGS...

... WILL WORK FOR YOUR COUNTRY WHILE THEY WORK FOR YOU. START TODAY AND INVEST IN U.S. SAVINGS BONDS—AND PLAN TO HELP BUILD FOR THE FUTURE!

WITH EVERY DOLLAR...

... YOU INVEST IN U.S. SAVINGS BONDS YOU MAKE A DIRECT INVESTMENT IN YOUR COUNTRY—AND WHAT BETTER INVESTMENT CAN AN AMERICAN MAKE?

other "protective" acts which will react against U. S. agriculture.

This nation normally exports some \$1.2 billion worth of farm commodities to the European member nations. A gradual increase in tariffs could choke off market outlets for other goods the same as has been done against chickens. Although poultry is the first Texas commodity to be affected, our cotton market could also lose in an all-out tariff war. Much of the Texas cotton production leaves the ports of Galveston and Houston each year for Europe. Rice and feed grain also depend on Common Market outlets.

It is hoped that the poultry war is an isolated incident. But agricultural officials are keeping a close watch on the EEC to anticipate any regressive trade measures. The Common Market has been, and still is, one of Texas' major farm goods outlets. It can continue to be a great boon for Texas provided it does not become a "protective society" prohibiting imports from the United States.

GREETING THE WORLD!

Hi! My name is Rene Denise and what a welcome I received when I arrived at Kimble County Hospital on July 31st at 11:30 p.m. Everyone around seem pretty nervous, especially my daddy, but I noticed the scales straining as I read 8 lbs. 5 oz.

My parents, Mr. and Mrs. Vincent Loran are making an awful fuss over me. I also have some wonderful grandparents: Mr. and Mrs. C. H. Herring and Mr. Liberatus Loran of Munday, Texas; and some great-grandparents: Mr. and Mrs. W. A. Jungman and Mr. and Mrs. F. J. Herring—they're from Munday, too. I hope I'm not much trouble because I plan to stay for quite a while and go to know these folks a little better.

Mrs. Clayton Wren and Erwin and Miss Merle Dingus and Henry Clay Dingus vacationed in San Marcos from Sunday until Tuesday.

Mrs. Gladys Webb of Stamford and Mrs. Roy Webb of Farmington, N. M., were Thursday guests of Mrs. Roddy Griffith.

IT PAYS TO ADVERTISE

Howry Reunion Is Held August 3-4

The children and grandchildren of the late Mr. and Mrs. Neal Howry of Goree met in Estancia, N. M., Saturday and Sunday for a family reunion.

Attending the reunion were Mr. and Mrs. Roy Howry and children, Mr. and Mrs. C. B. Howry and children and Mr. and Mrs. Charles Gregston and family of Yuma, Ariz., Mr. and Mrs. James Lancaster and Jimmie and Mr. and Mrs. A. Higgins of Pampa; Mr. and Mrs. L. V. Hamilton and family, Ft. Worth and Mr. and Mrs. Eldon McSwain and Marion, Mr. and Mrs. Earl Howry and family and Mr. and Mrs. Millard McSwain and family all of Goree.

Mr. and Mrs. Earl Howry, Tommy and Evelyn, and Mr. and Mrs. Eldon McSwain and grandchildren, Lonnie McSwain and grandchildren, Lonnie McSwain

and Becky Hawkins, of Ft. Worth went on to Mountainair, N. M., and visited the old home place of Mr. and Mrs. Neal Howry and family. The Howry family moved from there in 1924, in a covered wagon. This was the first time the children had been back since that time.

Work on the Great Wall of China began in 255 B.C.

Activities of The Colored People

By Fannie Mae Johnson

Sunday School was well attended at all churches Sunday.

Brother George Wilson was at his post of duty Sunday morning.

Some of the West Beulah members and pastor attended the anniversary service of Brother and Sister Foster of Rule Sunday eve-

ning where Brother George Wilson preach out of his soul. The members and pastor of Church of God in Christ also attended the anniversary at Rule.

Mr. and Mrs. Walter Jones visit in East Texas this week.

Mrs. Elnora Hendrick certainly do thank Mrs. Jeff Anderson for the clothes she gave her for Williams family that had they home burn some few weeks ago.

Rev. Harrel of Abilene is the proud pastor of the Church of God in Christ.

Mrs. Lear Thomas return home last week end from Ferris, Texas where she had been for over a week at the bedside of her brother, Mr. Mack Thompson.

Miss Viola Toliver return home Sunday night from Wichita Falls where she spent the week end visiting her sisters, Valerie, Patsy and Gracie Toliver.

We are asking the parent, girls and boys to please attend the Bible school. The Bible school will begin in the near future.

3" stalks and brush—a cinch!

Heavy duty, for sure! Has been demonstrated on rows of 4" x 4" posts. Easily cuts tough growth like bois d'arc, salt cedar, broom corn. Yet, fits lighter tractors: 20 to 40 HP. Fine shredding. Optional shredding attachment features patented intermeshing blades, makes fine litter of cotton and grain stalks to turn under for soil enrichment. Cuts 60" swath.

Fan-type blades available to lift light materials like corn stalks off ground.

A-shaped blade carrier and free swinging blades protect against stump damage. Extra heavy blades and carrier develop tremendous momentum, are the secret of the efficient "gyro action" cutting.

Also lift models and other sizes. 60" lift model fits all standard 3 pt. lift, 2 pt. Fast Hitch, and AC Snap Coupler. Larger models include 66", 84", 100".

PUBLIC NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963. SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars (\$350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas, performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finance. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars (\$350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or pur-

chasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys shall be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any such bonds comprising a part of said Fund to comply with his bid and accept and pay for any such bonds; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the provisions of the provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased thereby) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and retained in said Division for the purpose of retiring all such bonds, may be used for the purpose of paying the

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such sale shall be made for the discretion and direction of said Board; but there may be no such use of any moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purchase of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid in cash and in full by said Board. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby dedicated to be held for a governmental purpose, although the individual purchasers thereof may be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest, and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served in the United States for continuous days, unless sooner discharged by reason of a service-connected disability, or active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1945; and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or draft was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other costs necessary to incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such bonds, shall be added to the price of such lands when sold, or resold, by said Board for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1955, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside and retained in said Fund for the purpose of retiring all of such bonds, and when there are sufficient moneys to retire all of such

bonds, all of such moneys then remaining, or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided by law.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as here provided for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds, and all of such moneys shall be set aside for the retirement of any such bonds issued and sold, and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution adopted by said Board authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time all such moneys then remaining a part of said Fund shall be added to and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby expressed the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to designate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective on its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Knox Prairie Philosopher Admits He's Just Plain Confused About All The Talk About The Test Ban Treaty

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is worrying with the test ban treaty this week, his letter indicates.

Dear Editor:

I don't want to throw cold water on the hopes of man, but this test ban treaty everybody's talking about has me confused.

As I understand it, the United States, Russia and England will agree not to test any more nuclear bombs in the atmosphere, underground is all right, and this is a step in the right direction, but compared with the distance we've got to go, I'd say it covers the first two feet on a thousand-mile hike.

What I mean is, the United States alone now has, according to an article I read last night, enough bombs stored away to destroy every major city in the world 125 times. Russia has enough to do the same thing, and England has whatever number her credit with us will allow.

As you can see, that's enough to get not only all the cities but you and me and this Johnson grass farm too.

Agreeing not to test these any more is fine, since we already know they'll work anyway, but what I'd like to see is an agreement not to use them.

However, for those who're afraid Russia's word won't be any good, the treaty also includes a

J. A.

clause saying the ban can be broken merely by giving three-months notice. If some scientist thinks he's invented a newer type bomb that'll weigh half as much as the ones we've got and kill twice as many and he'd like to try it out, the treaty won't stand in the way of progress.

And as far as Russia's word goes, if she keeps it for three months, that's progress.

For all I know, Russia's word may be as good as her bond, but I don't believe I'd be interested in investing in Russian bonds.

Yours faithfully,
J. A.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963. SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the United States or of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Weekly Health LETTER

Issued by the State Health Department

Austin—When Texans are looking for fun, they are very likely to head for the water. And it should be no surprise to anyone that swimming tops the list of participant recreation. A recent Gallup Poll of sports participation of United States adults puts swimming first on the list. At least a third of the adults swim each year. No less than five million Texans use aquatic facilities annually.

Addition to the water apparently extends from coast to coast. More than 57,800 pools were built last year and 70,000 is the expected figure for 1963, an indication that pool construction is fast becoming a major industry. Some are complete with artificial sand beaches. Others have adjoining tennis courts and playgrounds.

Throughout all this accelerated interest in swimming runs hazards of life and limb and possibilities of disease transmission through contaminated water. That's why the State Department of Health stepped in with a plan for schooling swimming pool operators in the various skills of their jobs. The voluntary plan works like this:

Any pool operator may register for "short schools" being held according to announced schedules. The schools are sponsored

by the Department's Division of Sanitary Engineering and the Texas Beach and Pool Association. Operators who successfully complete the instruction and pass a written test will be awarded certificates of competency. Ordinances in some cities make attendance mandatory for its pool operators.

During the first part of 1963, 25 swimming pool operator's short schools were held in Texas. The total attendance hit the 1,350 mark; and 850 operator's certificates were issued. These short schools first began in 1956.

The ever-present possibility of drownings (there were 328 last year), accidents and disease—along with the phenomenal surge in popularity of water sports—are compelling reasons behind the Department's program for short schools for pool operators.

Swimming pools, real estate developers are finding, make new houses and buildings lots sell like the well known hot cakes. Tourist court owners have found pools to be an attractive drawing card. Even during periods of normal tourist flow, the courts with pools fill up first.

Although much is being done to prevent hazards for swimmers, the final burden rests on the individual. Swimming is fun; but swim where it's safe.

Guests of Mr. and Mrs. E. R. Ponder last week were his brother and wife, Mr. and Mrs. George Ponder of Detroit, Mich., and Frank Corba of Flint, Mich. Mr. Corba is an uncle of Mrs. George Ponder and is accompanying them to Globe, Ariz.

Cypert Reunion Is Held In Abilene

The annual Cypert reunion was held August 3 and 4 in the Abilene State Park.

Swimming, games of baseball, dominoes, cards, password, horse shoe pitching and plenty of reminiscing provided entertainment for the group. Saturday night a talent program of skits and acts were enjoyed by all.

Nearly all of the crowd camped out on Saturday night.

Some of the new officers are: president, Truman Cypert, Munday; vice president, Pinky Cypert, Merkel; secretary, Mrs. Truman Cypert; reporter, Mrs. J. B. Rutherford.

Those attending were from Munday, Weinert, Rochester, Odessa, Spur, Knox City, Wichita Falls, Fort Worth, Merkel, Abilene and Jal, N. M.

TO BE HERE TUESDAY

A representative of the Social Security Administration will be in Munday at the City Hall on Tuesday, August 13, 1963 from 10:00 a.m. until noon. You are invited to meet with the representative to file your claim or to obtain information or assistance concerning social security.

Mr. and Mrs. B. L. Blacklock left last Saturday for a visit with relatives in Ranger. While there they will attend the Blacklock family reunion.

Mr. and Mrs. Gerard Kuehler and son, Stevie, of Fort Worth visited their parents, Mr. and Mrs. A. J. Kuehler and Mr. and Mrs. Dale Phillips, over the week end.

Mr. and Mrs. I. V. Cook of Plainview visited friends here a while Tuesday.

Goree News

Mr. and Mrs. C. B. Howry and family of Yuma, Ariz., are visiting relatives in Goree this week.

Mr. and Mrs. Vestal Daughtry of Quanah were recent visitors in the John Broach home.

Mr. and Mrs. George Weber and Tom Weber visited in Wichita Falls Tuesday.

Mrs. Mary Darilek and daughters of Megargel visited her parents, Mr. and Mrs. T. M. Tucker, Saturday. Carla remained for a longer visit. Mr. and Mrs. Tucker took her home Monday.

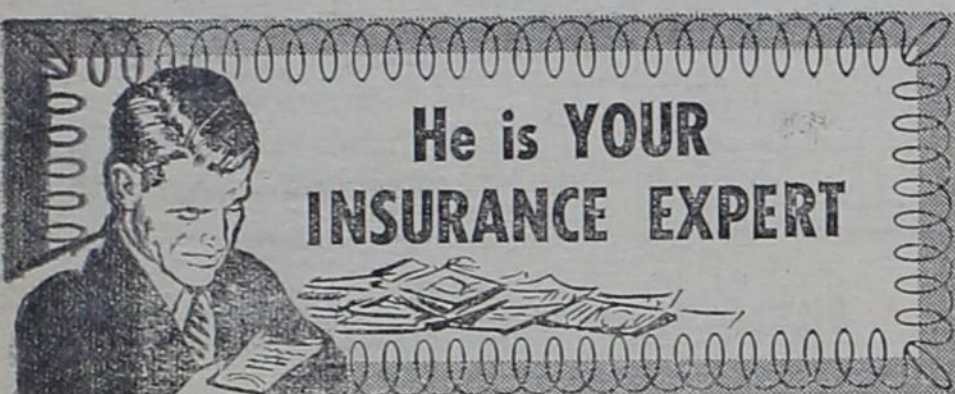

Mrs. John Broach was a Wichita Falls visitor Monday.

Texline, in the northern part of Texas, is closer to the capitol of Colorado, New Mexico, Oklahoma, Kansas, and Wyoming, than to Austin, the Texas capitol.

The "Great First of London" was in 1666.
