Record Rainfall Received

"April Showers bring May flowers!"

This time-worn quote has been applicable to weather almost anywhere, with the exception of Munday and 1980. April showers (if any) this year have been very few and far between. But the weatherman made up for it during the month that followed.

According to records of rainfall for Munday dating back to 1972 as released in a Rolling Plains Economic Program for Knox County recently, May of 1980 has been a record month for rainfall.

The month of May started out with a total of 1.70 inches of rain being recorded locally for the first four months of 1980, and drought conditions took on a serious hue. The May showers started on the 1st, with .21, repeated on the second with .25, then skipped to the fifth, when .20 fell. During the month two deluges came, and May ended with a total of 10.35 inches.

And this was a record for the 9-year period! Records showed rainfall for Munday during the month of May as follows: 1972, 3.71; 1973, .77; 1974, 1.35; 1975, 6.04; 1976, .57; 1977, 3.20; 1978, 1.75; and 1979, 2.30.

Rhineland Co-op Gin Holds Annual Meeting

With approximately 150 people in attendance, the annual stockholders meeting of Rhineland Co-op Gin was held Monday night, June 2, at the Columbus Club Hall in Rhineland.

Guests were welcomed by board president, Elvis Blake. He then introduced James M. Castagna of Seymour, auditor for the Co-op. Mr. Castagna reviewed the past year's business and read the audit to the group. He stated, "Last year was good to the cotton farmer and in turn it of course, made the gin have a good year."

He stated that at the end of the Co-op's fiscal year, March 31, 13,465 bales of cotton had been ginned. This is an increase from last year of about 4000 bales.

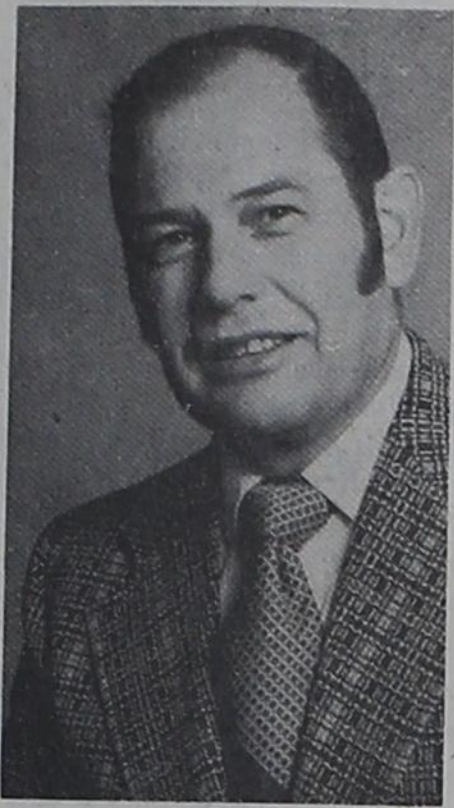

Dividends were paid to the stockholders on a 500 pound bale basis, with \$8.00

Adjusters Keep Busy Schedule

Insurance adjusters arrived in Munday early last week, following the destructive hail of Sunday, May 25.

They immediately started a busy schedule of making inspections of homes, churches and business houses in Munday in order to arrive at damages sustained by local residents. Some continued their inspection, even into Sunday.

Early estimates were that scarcely a building in Munday escaped some sort of damage, and this has proven to be basically true as adjusters continue their work. This work is being continued until completion.

IVAN ALLEN

Rev. Allen Returned To Munday, Goree Churches

"I suppose you saw in the paper that Helen and I have been selected to occupy the church parsonage for another year, and that we will be serving the Munday and Goree Methodist churches as pastor. We are happy to have been returned to this charge, and we are looking forward to another enjoyable year with the splendid people of this area."

These, in substance, are the remarks made by Rev. Ivan Allen from the pulpit of the First United Methodist Church in Munday last Sunday. Rev. Allen was re-appointed to the Munday-Goree charge for his third year by the Northwest Texas Methodist Conference, which convened in Abilene last week.

During the past two

paid in cash and \$12.20 book credit.

In discussion on book credit, the motion was made to start legal proceedings needed to make the Rhineland Co-op Gin a tax-paying co-op. The motion carried with no opposition.

The term of Elvis Blake expired this year. He was re-elected for another three year term. Other directors are Kenneth Baker, Clarence Brown, Julius Penartz and Carl Coulston. The directors will meet in the near future to select officers for the coming year.

The menu was ham, brisket, and sausage with beans, potato salad, cabbage slaw, pickles, onions, bread and ice cream, and plenty of iced tea. The meal was catered by Dairyland of Jacksboro and was enjoyed by everyone present.

Door prizes were furnished by Reid's Hardware, Rhineland Co-op Gin, Zeissel Bros. Fertilizer and Seed, and The First National Bank. Drawings were held for the nice selection of gifts. Pens and tape measures were given to the ladies and Rhineland Co-op caps were presented to the men.

In closing, Tommy Decker, gin manager, expressed his appreciation for the cooperation of all the patrons and stated that repair work was minimal this year since new machinery and equipment had been installed last year. He said, "We will soon be doing work on the pipes which is one of the last jobs we tackle so you can see we are in good shape for this time of year. We will be ready to go when the cotton is."

REMEMBER - The Courier will be closed from June 28 through July 6.

Farmers Attempting To Salvage Crops

Following the destructive hail and wind storm of Sunday, May 25, followed by a "repeater" of May 27 to an area north of Munday, farmers have surveyed their losses, collected their wits and started their attempts to salvage a portion of their crops.

Many potato farmers sprayed their fields as early as possible last week in efforts to retard deterioration of the spuds as much as possible while awaiting a

drying out period in preparation for digging.

Many worked in the belief that by digging as early as possible more of the crops can be salvaged.

Bill Kingston, manager of the Munday Vegetable Growers Co-op., stated that digging operations were underway Monday on the Garon Tidwell crop. "We're not having any trouble with mud," he said, "but we find the yield affected by hail. We're having to cull very closely for damaged potatoes; which, of necessity, is causing the yield to be short."

Next on the list is Keith Offutt, Kingston said, "and we hope to be in the Chalmer Hobert fields later this week."

Elevator operators reported the wheat still too wet for harvesting. A sample was brought into the elevator at Goree early this week, and it contained too much moisture for storing.

Elevators at Munday had not received any wheat for testing by noon Monday.

"Our trouble is not just wet fields," they said, "although the ground is too

soft for combines to operate, but the wheat itself is still too wet to be accepted by the elevators". It is hoped wheat harvest may begin by

FIRST WHEAT COMES TO FARMERS GRAIN!

The dry wind came Monday and a surprised Sonny Moore at Farmers Grain Co-op received two loads of wheat on Monday! Earlier in the day he felt none would be received when he was contacted by The Courier.

Tuesday morning, he reported a load coming in on Monday by Ray and Glenn Herring, testing 13.3 which is good. The bushel weight was 60 lbs., and the yield was 7 1/2 bushels to the acre. This was dry land wheat.

Herbert Partridge brought in a load also on Monday afternoon that was irrigated wheat. It tested 12.7.

Sonny was expecting a load from Ida Jo Adams farm on Tuesday since testing had been dry. Other elevators will probably be in business too, by mid-week.

the latter part of this week. Many farmers within the "disaster area" started planting cotton early this week, some of them for the

third time this year. They are hoping for favorable weather so the chore can be completed as soon as possible.

Benjamin Homecoming Slated June 13-14-15

Preparations are being made and people in Benjamin are looking forward to hosting a community homecoming on Friday, Saturday and Sunday, June 13-14-15. Festivities will begin at the Benjamin Memorial Center.

Hosting a visiting session beginning at three p.m. when the scheduled program begins, are R. B. and Mae Tucker, Buster and Louella Tolson and Judy Shipman. Registration will then begin at 5 p.m.

Everyone is welcome to "stick around from six until eight for free snacks. Son Propps and others will present a musical at the building from 6 p.m. to 8 p.m., also. A square dance on the square is planned to begin at 8 p.m.

The community building will be open at 9:00 a.m. on Saturday. Hosting the beginning session are Joy Sams Spikes, Lois Spikes, Allie Moorhouse, and Frank Williams and Bertha Driver. Early morning cowboys can go to the roping arena at 7 a.m. Activities include

roping, races and games. The concession will open at 11 a.m. with registration at 1:00 p.m.

A parade is planned for 3:00 in the afternoon. At 4 o'clock a business session will be held.

A barbecue supper will be served from 5:30 to 7:30 p.m. Prices for the meal are \$4.00 for adults and \$2.50 for children 12 years of age and under.

Toe tapping time will come around at 8 p.m. when the Westernaires present a musical in the Club Room. The Kuntry Kings will play for a dance beginning at 9:00 p.m. and lasting until 1 a.m. The admission is \$5.00 per person.

Church services are scheduled at 11 o'clock a.m. in the District Court Room in the Benjamin Courthouse, with the noon meal catered at the community building at 12:30 p.m.

The citizens who have put this homecoming together invite area friends and former Benjamin residents to come and take part in any or all of the activities.

Munday Band Members Fare Well In State Competition

There was no disappointment in the voice of Jerry Frazier, Munday band director, when he told how the Munday band members came out at state competition in Austin on Saturday, May 31.

The stage band received a two rating as did Lynn West with an alto clarinet solo and Mona Choucair with a

twirling solo.

Also participating and doing well were Robin Elliott, piano solo; Kelly Fisher, clarinet solo; Philda Sloan, twirling solo; and Susie Esquivel, oboe solo.

The polka band performed but the Munday group did not get to wait for the results. Time was a factor and they had to start home. The results will be called to Mr. Frazier.

MEDICAL SEARCH COMMITTEE REPORT

The Chamber of Commerce and Agriculture announces their Medical Search Committee has been hosts to two medical doctors in the past week who might be interested in moving to Munday. Both doctors will make return visits to Munday during the month.

In addition, three others have indicated their interest by mail. The Committee is pleased with the number of contacts they have received within the past three weeks.

The pessimist would be happy to "have a good day", if he could only find one.

All Munday Citizens To Vote At Community Center

There will be one voting place only for the citizens of Munday to vote in the Democratic party second primary election on Saturday, June 7, 1980. The polls will be open at the Munday Community Center from 7 a.m. to 7 p.m. Mrs. Merle Anderson will serve as election judge.

Three candidates will be

Burglars Hit Twice In Same Place

Knox County officials are continuing their investigation of two different break-ins at Dr. W. H. Stewart's animal hospital just outside the city limits of Munday.

In the first burglary, cash was taken with very little else disturbed. Approximately a week later, entry was gained once more with "animal" drugs being taken.

Wedding Vows Unite Jerry Wilde and Nancy Patterson

Nancy Jean Patterson and Jerry Wayne Wilde were united in marriage on Saturday, May 31, at three o'clock in the afternoon, in a double ring candlelight service at Saint Joseph's Catholic Church in Rhineland. Rev. Brendan McGuire officiated.

The bride is the daughter of Mr. and Mrs. L. B. Patterson Jr. Parents of the groom are Mr. and Mrs. John Ed Wilde.

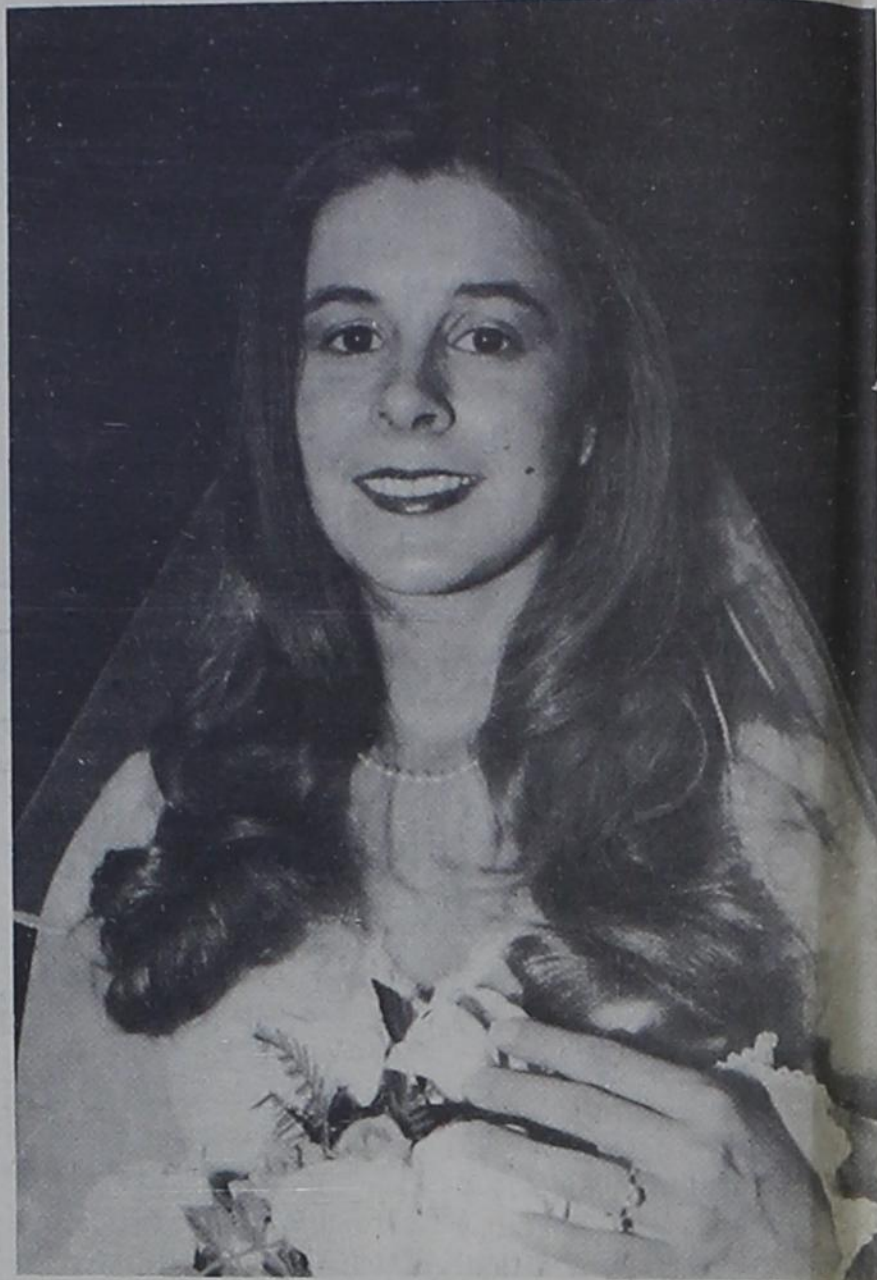

Given in marriage by her father, the bride wore an original gown by Michele Peccione for Alfred Angelo of crystal organza in white. The fitted bodice of re-embroidered Alencon lace had a Queen Anne neckline with Bishop sleeves edged with tiny pleating. The long full skirt, with deep crystal pleated flounce, fell into a chapel train.

A lace cap held her long veil of illusion that was enhanced with appliques of Alencon lace, traced with seed pearls. Pearls were repeated around the veil. Her bouquet was miniature rose buds of white and apricot, with streamers of pearl beads and satin ribbon.

Mrs. Mike Hord of Goree was Matron of Honor and bridesmaids were Mrs. John Lee Wilde and Miss Susan Kuehler of Munday. They were dressed identical in long dresses of Qiana in peppermint. The fitted bodice was accented with a deep berth of chiffon draped to the side with a cabbage rose.

Serving the groom as best man was Ray Herring. Mark Reed and Danny Gulley were groomsmen. They wore western styled tuxedos in beige.

Ushers were Gary and John Lee Wilde, brothers of

MRS. JERRY WILDE
...nee Nancy Patterson

the groom, Brent Patterson of Dallas, and Boyd Patterson of Arlington, brothers of the bride. Servers were Gary Birkenfeld and Stephen Schumacher. Bernadette Kuehler registered guests.

The bride's mother was attired in a long dress of sky blue chiffon. The fitted bodice had a crystal pleated berth and an accordin pleated skirt. A soft sash defined the waistline.

The mother of the groom chose a long dress of chiffon in apricot. The bodice and long full sleeves were accented with shiffley embroidery. The skirt was accordin pleated.

Spring pastels, the bride's chosen colors, were used in the church decorations. Votive candles marked the family pews. Two spiral candelabras were placed at either side of the bride and groom with two smaller candelabras at the altar.

Organist was Charles Dickey of Abilene and soloist was Charles Decker of Amarillo, accompanying himself on the guitar. He sang "Walk Through This World With Me", as the bridesmaids entered and "Welcome To My World". A reception was held in

the Rhineland Columbus Club Hall. The bride's table had a white lace overlay. Appointments of silver and

crystal were used. The punch bowl and bride and groom glasses belonged to the groom's grandmother, the late Mrs. S. E. Williamson. Centering the bride's table was a pastel floral arrangement of silk set in a crystal container. Serving at the bride's table were Mrs. Doyle Ellis of Crosbyton, cousin of the bride, and Mrs. Ray Herring.

The groom's table was covered with a beige cloth. All silver appointments were used. The silver forks and coffee service also belonged to his grandmother. Groom's table assistants were Mrs. Gary Wilde and Mrs. Jamie Welborn, both of Munday.

A beautiful waterfall foundationed the three-tiered wedding cake. Yellow roses and lace butterflys in apricot fittingly ornamented the cake, with double wedding bells on top.

The groom's parents hosted a rehearsal party at the Ranch House restaurant.

A graduate of Munday High School and McMurry College in Abilene, the bride is employed as a teacher in the Goree Independent School District. The groom is also a graduate of Munday High School and is engaged in farming.

After their wedding trip, the couple will make their home in the Rhineland community.

The first game will begin at 6 p.m. Coaches for the Bears are Alan Hutchens and Dan Cox. Freddie Caram and Darron Parker will coach the Dodger team. The Moguls are coached by Jessie Andrade and M. L. Waggoner. David Bordovsky and Richard Hassel will coach the Rangers.

The PeeWee league began their season a little late. They will play each Tuesday and Friday night. You are welcome to attend their games.

YARD OF THE MONTH selected by Munday Garden Club is the yard belonging to Mrs. W. R. Moore Sr. The overall neatness and shrubs helped the judges make their decision. Mrs. Moore's yard weathered the hail storm better than some yards but all were damaged to some extent.

Activities of Colored People

By ALINE JOHNSON

SS was good and enjoyed by all. Pastor and wife, Bro. Murry, Supt, and mother were on time and our Assistant Pastor and family. A beautiful subject: The Recurring Need For Freedom.

Bible Basis: Lesson scripture: II Chronicles 29:3-6; 10:30; 23, 27. Background scripture: II Kings 18-20; II

Chronicles 29:32.

Bible Truth: God is pleased when His people purify themselves and renew their devotion to Him.

Bible verse: He trusted in the Lord God of Israel so that after him was none like him among all the Kings of Judah, nor any that were before him. II Kings 18:5.

Lesson aim: That you open your hearts to repentance, cleansing and renewal.

Lesson scripture: II Chronicle 29:3-6, 10:30, 23-27.

Read your lesson where you will get a perfect understanding. You know it's very hard for us to sanctify what we give to God. Think it over and see how we will get along in the world. You know this is true not many give theirs back to God. But it's true.

He told us to love one another. Now if we haven't got perfect love in our heart we just as well take out because God is love. If we are not like we should it's too bad.

Every girl and boy should read what God says about disobedient children to their parents. He said they wouldn't live their number of days out. It's true.

We are grateful for Miss Betty Moore to be here and in service with the Church of God in Christ. Also glad Daniel from serve is visiting his father, Mr. Alvin Adams, and brother and sister, D. D. Tolliver is home now.

I say you live your best and ask what you will or may and God will give you the desire of your heart but a clean life.

Don't forget to ask God to give our good Dr. Newsom his heart's desire and that he will soon be home. I know that's true, God does hear and answer prayers.

Prayer band was in the home of Mrs. Bradley Monday of last week. Mrs. Luke, Mrs. Murry, Mrs. Hayard, Mrs. Stafford, Mrs. Johnson and Mrs. Dockins. Prayer is a sincere desire of the heart.

Charlie Fly and wife, Cathern, and mother-in-law, a cousin of mine, came from Knox City and brought me a very nice supply of fresh vegetables from their garden. How I thank them.

Farm And Ranch News

By JIM MAZURKIEWICZ

WHAT'S THE STATE OF TEXAS AGRICULTURE

That will be determined from information provided by many Texas farmers and ranchers in a questionnaire from the Texas Crop and Livestock Reporting Service over the next few weeks. A select number of producers will also be interviewed.

Information gathered through these questionnaires and interviews provides the basis for determining acreage devoted to various crops and midyear livestock numbers.

Resulting crop and livestock reports developed from these surveys provide a dependable unbiased picture of Texas agriculture. Estimates derived from these reports serve as tools for farmers and ranchers in working out their planting, breeding, feeding, storing, producing and marketing plans.

Farm organizations and legislatures use this data in planning agricultural programs. The estimates are also used in establishing various government program acreage and payment levels to farmers for the state and county.

Extension Service economists and private firms use this information as a basis for advising farmers and ranchers. Accurate statistics make the job of forecasting more reliable

and useful. All this means that farmers and ranchers are encouraged to promptly and accurately complete the survey forms. These estimates can only be as accurate as the responses.

CHURCH OF CHRIST YOUTHS MEET

The young people of the Church of Christ enjoyed a volleyball game after the evening church services last Sunday. They all journeyed to Mike and Tammy Sloan's home for refreshments after the volleyball workout.

MUNDAY SCREENING CLINIC JUNE 11

A Screening Clinic sponsored by the Texas Department of Health will be held at the Munday Community Center, Munday, Texas on Wednesday, June 11, 1980, from 9:00 a.m. till 12:00 noon.

The following screening tests will be offered: blood pressure, diabetes, anemia, skin disorders, height and weight. If an abnormality is found, the person will be referred to the physician of their choice.

Mr. and Mrs. Phil Curtis of San Marcos, are spending several days with her mother, Mrs. Blanche Tidwell.

and producers have a big stake in the outcome.

As always, individual farm and ranch information will be kept strictly confidential, and only state and county summaries become part of the final published reports.

Letters to the Editor

Dear Editor,
I would like for my subscription to The Munday Courier to be renewed.
I miss my friends up there in Goree and Munday. I have made friends here, and have my church work. I still miss Goree and the people in the First Baptist Church.
From a friend,
Mrs. Stella Peterson

4. We use potassium (Grand Ma's lye soap).
5. We use magnesium.
6. We use sodium.
I asked Mr. Beecher if he was a chemist, and he said that he was not. I said, Mr. Beecher you are using water softeners. He did not agree with that. I have been a chemistry teacher and I know quite a bit about water analysis.
Here are the chemical terms:

our fathers bought and gave it to us for almost anything that we were sick with. They bought it by the pound. It will tear anything apart.

6. Sodium is sodium carbonate, like lime, that breaks down the gyp. This is good information and I thought that you, the Public, should know. Our lake water has more chemicals in it than our town water. It is much softer. I believe that it will break up the solid gypgy stuff that chokes down our hot water heaters. Perhaps they will not have to be cleaned out so much. It will save on parts also.

Dear Editor,
I am sending a check to renew my subscription to The Courier. Since subscribing to the paper two or three years ago, I have been interested in activities that I remember something of when I was a young boy.

I lived with my grandparents, Mr. and Mrs. I. B. Phillips, who helped pioneer the town of Goree. Dr. Heard and Dr. Taylor attended my mother when I was born there on February 22, 1915. I attended the Goree school before the old building burned. Ollie Mae Phillips is my mother.
I started to school when I was seven years of age and finished the 7th grade under Mrs. Bardwell. Mr. Bardwell was basketball coach, and Mr. H. D. Arnold was superintendent.

The town of Goree was a thriving, prosperous town, with two theatres, and all merchants were doing a thriving business. I com-

municate with old family friends, Mrs. W. R. Couch and Mrs. Lonma Lae Lowrance, at times. There are many friends who were in school during 1922 to 1929, who have left Goree, who I'm interested in renewing friendship with.

I am especially interested in R. D. Thomas and his sister, Louise, children of Ed and Effie Thomas. Ed was section foreman on the railroad. Contact me at Box 522, Parkview Station, Newport News, Va., 23605, as I would like to revive a little of my boyhood days in Goree.

I recall such historic events as the big water tank being built, the highway being paved, etc., as I was big enough to drive a Model-T truck, and was mule skinner at the freight yard.

My one special memory was the E. W. Hutchens grocery store, as my grandfather bought lots of groceries there. He and other ranchers would enjoy eating in back of the store, with canned goods, cheese and crackers and red sodapop on the big butcher block.

Another interesting event happened each Saturday when money prizes were given away. Guineas were turned loose from atop one of the buildings and the scramble to catch them. Others would pitch silver dollars in a game played on main street.

Proof Of Identity Needed When Applying For SS Card

Everyone who applies for a social security number must provide evidence of age, identity, and U. S. citizenship or lawful admission status, including young children, James Harper, Social Security Branch Manager in Vernon, said recently.

Parents sometimes have difficulty finding the required evidence for their children, Mr. Harper said. They especially have trouble with the idea of providing evidence of identity.

Proof of age is relatively easy - public or hospital record of birth recorded before age 6 or religious record of birth or baptism recorded before age 5. One of these documents will also establish citizenship, Mr. Harper said.

Documents which will establish a young child's identity, and which are usually available to most families, include: report card, school identification card, baby's hospital wrist band, newspaper birth announcement, baby book, court order for name change, church membership or confirmation record, doctor or hospital records, vaccination certificate, day care or nursery school records, or child's membership in Boy Scouts, Girl

identity.

Mr. Harper said at least two documents must be presented - one to establish age or citizenship and one to establish identity. Only original or copies certified by the issuing agency can be used.

For more information, contact the Vernon Social Security Office. The people

there have a free leaflet, "Applying for a social security number." The office is located at 1701 Cumberland and the telephone number is 817-552-9346. People who live in Childress, Quanah, or Paducah may call toll-free by dialing the operator and asking for enterprise 6-5013.

Dear Editor,
I went to the office of Mr. Pete Beecher, manager of the Miller Creek Dam water supply. I asked to know the treatment of the water at the dam's mixing tank. Mr. Beecher was very nice in giving the information. He said that they could not sell the water without treatment.

Mr. Beecher said that they used three germicides in the water.

1. We use chlorine there, as you use in your city.
2. We use ammonia.
3. Manganese. These are the germicides.

1. The chlorine is little cakes of calcium chloride which dissolve in the water-germicide.

2. The ammonia is ammonium hydroxide - a good germicide.

3. The potassium per manganate, a good germicide that veterinarians and others use to wash and disinfect their instruments.

4. The potassium is potassium hydroxide. (The basic ingredient in Grand Ma's Lye Soap and active in breaking down gypgy materials.)

5. The magnesium is magnesium sulfate, commonly called Epsom Salts

Little League Results

Friday night's schedule started with the Yankees facing the Braves. It was the Yankee's victory when they racked up 13 runs to 3 runs for the Braves. Nine hits came from the Yankee team and 3 hits from the Braves. Tim Collier knocked a home run for the Braves.

In the final game Friday night, the Red Sox opposed the Cardinals. The Cards were the winning team in that game with 7 runs, 7 hits. The Red Sox team followed closely, however, with 5 runs, 7 hits. A home run was hit by Terry Shields, for the Red Sox.

The Cardinals withstood the Braves in the first game on Monday night, with a final score of 12-3. The winning Cards had 5 hits

while the Braves garnered 3 hits. The Yankees attained

victory in the second game on Monday. They downed the Red Sox 3-1. The Yankees collected 8 hits while their opponents were only able to get 2 hits.

Background Information On Reserve Police Program

Police Chief Gerald Saffel has furnished the following information to be used by The Courier to better inform the local public of the police reserve program which has been activated in Munday only recently:

The Reserve Law of Texas was passed in 1971. This law permits cities and counties to establish police reserves and reserve constables and deputy sheriffs. But each city and county must first pass ordinances or commissioner court orders before the reserves are actually peace officers. The City of Munday passed their ordinance September 11, 1979.

The reserve program is really not new. The laws of Texas have always allowed a sheriff the right to call a posse, or a group of citizens in the time of need. These laws have also allowed that any peace officer could call any citizen of his county for his assistance in a time of crisis. It is a violation of law for the citizen to refuse.

As early as 1902 men were appointed as deputies on part-time basis and issued badges and guns. In the

1940's in Houston reserve or part-time law officers were paid \$5.00 per shift, when they replaced or assisted full time officers. To call a citizen from the streets to assist an officer is now a risky business. The laws have changed so much that a person needs some training to know how far he can go in his assistance.

Therefore, the answer to this 20th Century dilemma is trained reserve officers. Many cities and counties had adopted this answer. There are 5,677 reserve officers in Texas. Even in a small town like Munday, there are several potentially dangerous situations every week. Many times the mere presence of more than one officer makes the difference between hostility and peace.

Also many people don't realize that Munday has been designated by the State as one of the host areas for the Dallas, Fort Worth Metropolitan area. The City of Munday is to be ready to accommodate 7,000 people in a time of crisis. Problems of food, shelter, clothing, water and com-

munications would be critical. Law enforcement, protection of people and property would be impossible for two officers. But with the help of seven reserves, the ratio of law men to population could be brought back to its present level. Now the ratio is two officers to 1700 population; in a crisis it would be nine officers to 8,700.

Most small cities have long realized that they could not afford enough paid firemen to handle the fire calls in their communities. They have, therefore, depended strongly on volunteer citizens. Most small communities can not afford the number of full time ambulance personnel they need, and must depend on volunteer help.

In Munday, there is a strong, well trained volunteer fire department. There is also a group of citizens who have taken emergency medical training to assist the one person, who is a paid professional, in the ambulance department. Therefore, the police reserves are a natural outgrowth of concerned citizens being involved and trained to assist in the safety and peace of their community.

BENJAMIN 4-H CLUB HAS MEETING

On May 22, the Benjamin 4-H Club held a special meeting. The motion concerning camp at Brownwood, from the May 13 meeting, was amended so as each club member participating in the 4-H camp at Texas 4-H Center near Brownwood, will be sponsored by the club in the amount of \$15.00.

All club members have not turned in their skate-athon money. The club expresses their gratitude to their community for supporting 4-H projects in Benjamin.

In attendance were S-Lynn Oxford, Kim Cash, Lori Rolston, Kemp Jones, Becky, Amy and Lori Griffith, Sue and Lana Gideon, Shane Spinks, Misty Pierce, Beverly Tolson, Debbie Bufkin, Stacia Ryder, Sharon Book, Jim Mazurkiewicz, Linda Griffith, Janice Tolson and Gay Spinks.

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C. — A constituent from Tahoka recently asked me whether the automatic Cost-of-Living Adjustments (COLA), which many public and a few private pension plans are tied to, is not directly one cause of the increase in inflation. He also suggested that this question might be one that is considered "too hot to handle" by some elected officials.

I would have to agree with both propositions. COLA, based on an unrealistic Consumer Price Index (CPI), is one direct cause of today's crippling inflation and that is a statement that most politicians would think twice about before admitting out loud. Privately, it is easy to agree that the American taxpayer just can't take much more, but to call the shots as you see them — especially when some of your own voters are directly in the line of fire — is politically "unwise."

I, for one, think it is time all of us, both politician and voter, stopped thinking in protectionist terms of "don't gore my own ox" and get the cards out on the table. Without facing problems such as this, we can never begin to solve them. In recent weeks, I addressed the inflation-generated crisis facing the Social Security System. Private pension systems, which millions of Americans are depending on to supplement Social Security benefits, are facing even more immediate disaster, if we can't move to "control inflation now."

Business Week recently came up with the startling fact that at a 12 percent inflation rate, a fixed pension would lose two-thirds of its value in only 10 years and would be

rendered practically worthless in 20 years, devalued a sobering 90 percent.

Yet, at the same time, those pensions protected by COLA, including hundreds of thousands of Federal retirees, are costing the taxpayer an estimated \$30 for every \$7 contributed by the Federal worker. It might seem surprising, but many Federal retirees themselves have begun to question the system that has been charged with providing "unjust enrichment" for CPI cost-of-living benefit recipients.

As one retired federal employee recently wrote in Business Week, "This (COLA protection) means that I do not have to switch to pork, chicken, or even pasta, as others do, because the cost of beef and veal has gone up more in the last eight years than meat substitutes. I am entitled... to eat the same quantity and quality of beef and veal as I did in 1972-73 (the CPI base period), when it was cheap."

That overwhelmingly honest statement is true because the CPI cost-of-living adjustment is so distorted that those who do not collect government paychecks are facing, through their taxes, the overwhelming burden of supporting CPI-based COLA recipients, while seeing their own retirement plans go down the inflation drain.

I honestly believe that the majority of Federal workers are aware and concerned that we are all in this boat together and have all been caught up in the same economic whirlpool caused by inflation.

The problem (inflation) has been caused by Congress and it is now up to Congress to solve it.

Local Students Are Awarded National Honor

Doug Donoho, principal of Munday High School announced today that sixteen of their students have been inducted into The Society of Distinguished American High School Students.

Students awarded this honor include: Shanna Bryan, Omar Choucair, Julie Myers, Keith Sanders, Joy Shawver, Philda Sloan, Greg Walling, Lenny Welch, Corrine Kuehler, Caroline Myers, Julie Smith, Henry Sosa, Cathy Cartwright, Mona Choucair, Tena Jossel and Diedra Kuehler.

The Society, one of the nation's foremost high school honoraries, tapped these students because of their demonstrated excellence in scholastic leadership and civic achievement. Only 2% of all the students in the United States are accepted for membership. Nominations can only be

made through the student's school or church.

The Society's National Awards Program is sponsored by over ninety colleges and universities throughout the United States. Thousands of dollars in scholarship funds from these institutions are earmarked for Society members each year. The student's sponsor, Doug Donoho, received a National Appreciation Award from The Society on behalf of the students for the interest shown in honoring and rewarding excellence on the secondary school level.

The purpose of The Society is to promote both academic and civic achievement by recognizing students in its Membership Registry, which is published annually and distributed throughout the United States and parts of Europe.

News From Leisure Lodge

By MRS. MILDRED HENDRIX

Mr. and Mrs. J. C. Watson visited his mother, Oma Watson.

Mr. and Mrs. Bob Rogers, Azle, visited Mrs. Hunter over the weekend.

Grace Smith, Goree, visited Kate Glasgow.

Mr. and Mrs. Jerry Mocek of Seymour visited Vlasta Hlavaty.

Ruth Bates visited Mrs. Daisy Bates and Minnie Brooks.

Mr. and Mrs. Tony Hammons visited Aunt Kate.

We had a good group in reading class Monday afternoon. The activities director read from the Guidepost.

Everyone seemed to enjoy the articles. It was my pleasure to do the reading in the absence of Helen Allen.

Christine Nelson, Nina Elliott, and Grace Smith called and helped with Bingo, Tuesday. Everyone had an enjoyable time and enjoyed the refreshments.

Mrs. Evelyn Roberts and Robbin visited Jim Draper.

Lee Pippin, Fort Worth, and Jim Pippin, Austin, visited Dr. Newsom Saturday.

Pat McCoy, Wichita Falls, visited her mother, Mrs. Willie Jacobs. Also visiting Mrs. Jacobs was her daughter Louise Summerville.

Wednesday afternoon we all enjoyed a movie, thanks

to Edith Hobert, who gets our film strips and shows them. Allene Beaty helps most of the time, but since school is out the library is really a busy place.

We had a large group for Bingo Thursday. Everyone won prizes and had a delightful time together.

Bible study was well attended. Bro. Tom shared the word of God with us. We appreciate the time he puts in sharing with us.

The Saturday afternoon Sing-a-long is always a treat for us. We had a large group in attendance and enjoyed a lot of good singing.

St. Joseph's Catholic Church was in charge of the Sunday afternoon services. We had a worshipful experience together.

Mr. and Mrs. Larry Parks and Jessica, Lubbock, visited their grandmother, Erin McGraw.

Mrs. Laufana Eubanks was with her daughter, Shirley, Sunday afternoon. They made a drive along the country side. Mrs. Eubanks saw just what the hail and heavy rains did.

Mrs. Elsie Eiland's daughter, Maxine, visited her this week.

Margie Allen visited her mother, Mrs. Nettie Blankenship, this week.

Evelyn Roberts visited J. B. Draper recently.

Mrs. Gary Hale and girls visited Leisure Lodge this week.

LOCAL

Visiting in the home of Mr. and Mrs. Earl McNeill several days last week were their daughters from Garland, Mrs. Bob French and Mrs. Alice Moore and daughter, Mary. Also visiting the McNeills was his sister, Mrs. Bertha McNeill of Wichita Falls.

Attend Four Graduations? Some People Do Just That!

Most of us have at least one graduation exercise we feel we need to attend when the season is here. But, the Horace Oneals of Seymour, who a number of people from Munday and Goree know well, had a little bigger dose than one.

They traveled to Kansas on May 19 to see Mrs. Oneal's granddaughter, Dana Chamberlain, graduate from Newton High School, where she was an honor student. They also spent several days visiting her son and family, Mr. and Mrs. Gaylon Chamberlain, Dana and Scott.

Then on May 27, the couple were in Wichita Falls to see her grandson, John Craig Chamberlain, son of Keith Chamberlain of Germany and Pat Chamberlain of Wichita Falls, receive his diploma from Hirschi High School. He was valedictorian of the 1980 graduating class. John will attend college in Arlington.

Pampa was their next graduation stop, on May 29 to attend the graduation of Mr. Oneal's granddaughter.

Cynthia Fought, from Pampa High School. While there, they visited Mr. Oneal's daughters, Mr. and Mrs. Jack Cooper and family, and Mr. and Mrs. M. D. Rowan.

On May 30th, Mrs. Oneal was in Amarillo to see her niece, Susan Clark, graduate from Tascosa High School, where she was an honor student. She will enter college this fall. Susan is the daughter of Mr. and Mrs. Ray Clark. (Mrs. Clark is the former Joy Kay Morton.)

Also present to see his granddaughter graduate were Mr. and Mrs. Jim Morton of California, and Susan's sister, Julia and husband from San Antonio.

When you have a function similar to a graduation to attend, you might remember the Oneals. Commenting on the excursions, Mrs. Oneal stated, "Needless to say, Horace and I feel real graduated."

"His Kids" Have Fun Day

Twenty-six members of the First Baptist Church children's choir, "His Kids", took time out for a fun day on Saturday, May 31. They left Munday at 6:30 a.m., traveling to the Fort Worth zoo for their first scheduled stop. After visiting all the animals and experiencing a great deal of "walking" and giggles, they enjoyed a picnic lunch together.

When their lunch settled, they journeyed to the Tandy Center for several hours of ice skating and "falling". Appetites running rampant after this excursion, they visited a McDonald's to refuel. Home was on the agenda - but not until 9:00 that night!

Keith Davis, choir director, and five other adults accompanied the group and all reported a real fine day!

The Hertels Graduate Three Sons

Mr. and Mrs. Don Hertel of Benjamin, experienced a situation that not too many parents go through at one time. This year all three of their children graduated.

Scotty received his degree from Midwestern University in Wichita Falls; Craig was a member of the 1980 graduating class at Benjamin High School; and Kent was an eighth grade graduate at Benjamin.

Scotty received his degree in Geology and is employed with a drilling company in Wichita Falls. Craig plans to enter Midwestern University this fall and Kent will "settle for" staying in Benjamin and entering high school this fall.

Annual Knox County 4-H Horse Show

The annual Knox County 4-H Horse Show will be held Saturday night, June 7 in Knox City at the Brazos Valley Arena at 5:00 p.m.

This show will consist of the various 4-H horse show performance and speed events which will qualify county participants to go to the district show being held this year in Stamford on June 26, 27 and 28. This year Knox County will be allowed to take 8 participants to the district show.

All Knox County youth are urged to participate in the county horse show whether you are new or experienced in the horse program.

HOMECOMING

The Benjamin Homecoming is fast approaching. The committees and all other interested parties (which includes nearly everyone in the Benjamin area) are working hard to make this the best homecoming ever.

There is an article elsewhere in the Courier with a complete schedule of events.

SCHOOL NEWS

Before we leave the 1979-80 school year entirely, I would like to recognize all the Benjamin students who won scholastic honors this past year and also those who received perfect attendance awards.

The following students maintained a 90 or above average for the year:

First grade - Rebekah Duke and Brandi Jones; second grade - Amy Pratt, Nora Balones, Shannon Parker; third grade - Sandra Balones, Francine Redder,

Youth Choir To Sing At Gilliland

The "Young Generation Singers", a youth choir composed of seventh and eighth graders from the Travis Avenue Baptist Church in Fort Worth, will sing at Gilliland Baptist Church on Friday night, June 6, at 8 p.m.

Kenny Bratton, son of Terry Bratton who is pastor of Gilliland Baptist Church, is a member of the choir. They are making a tour of various Texas towns and will spend the night in homes at Gilliland.

Terry Bratton has pastored the Gilliland Baptist Church for about two years. He commutes from Fort Worth each week where he is employed as Director of Computer Services at Southwestern Baptist Theological Seminary.

The public is invited to come and hear this talented youth choir on Friday night at Gilliland.

4-H Shooting Contest Set For June 22

A shooting contest for 4-Hers, age 9 to 19 years, will be held at 2 p.m. Sunday, June 22, at the League Ranch headquarters near Benjamin.

Steve Wilson will be the leader in charge, and he will be available for practice sessions each Sunday, it was stated. He may be contacted by phone: 454-2743.

Trophies and ribbons will be awarded in each division and to the over-all high individuals, County Agent Jim Mazurkiewicz said.

LOCAL

Kevin Robnett of Iowa Park, spent last week in Munday visiting his grandparents, Mr. and Mrs. Chalmer Hobert.

Sheryl Simmons.

The club voted to buy two see-saws for the playground and to continue working on funds for further playground improvement.

Dee Dee Meinzer was voted club delegate to council and Jan Wilson was voted club nominee to council for TEHA chairman. Cathy Mazurkiewicz was nominated for state TEHA voting delegate.

The Homecoming parade was discussed and committees were set up to finalize details. Debbie Stamps, Cathy Mazurkiewicz, Dee Dee Meinzer, and Patsy Meinzer will be in charge of the club float.

Next meeting will be at the League Ranch. A weiner roast, hosted by Susan Jones, is planned.

Sixteen members at-

tended this meeting.

MIKE McCORMICK JUDGE - COURT OF CRIMINAL APPEALS

The Texas Court of Criminal Appeals is the only court that decides appeals of convicted criminals. You deserve the most qualified judge who understands that victims and the people have rights too.

Mike McCormick will be that judge.

As a prosecutor and as executive director of the Texas District and Court Attorneys Association he has demonstrated his concern for all the people.
