RESOLUTION OF RESPECT

WHEREAS, It has pleased Almighty God to take from our midst one of the few remaining charter members of our club, Lion Joe Choucair, and

WHEREAS, We are deeply grieved by the loss of this dedicated Lion, we honor his memory for the loyalty he has shown this club during the years since its inception in February, 1953. We recall many instances of his dedication, the phases of his service to the club, both personal and in his capacity as an officer and member, the inspiration he has given us by attendance at our meetings, and

WHEREAS, His daily conduct as a businessman and citizen of the community has been such as to bring honor to the club, his deep compassion for those less fortunate than himself, and his service to his church and community in many capacities has gained the respect of those with whom he has come into contact,

BE IT RESOLVED: That we as members of the Munday Lions Club do hereby, both personally and collectively, extend sincere condolences to members of his immediate family: Selma, Ramsey, Omar, Mona and Salwa; and that we share with them our own feelings of personal loss in his passing.

PASSED and approved at the regular meeting of the Munday Lions Club on this, the second day of September, A. D. 1980.

Norman Anderson, Pres.
J. Weldon Smith, Secy.

This columnist has known Joe Choucair almost from the day he landed in Munday in 1948. He became associated with his brother, George Salem, in the operation of The Fair Store.

We realized at the time that this was no ordinary man; and, as the years passed, he proved himself to be a person of deep compassion for others, one who dealt fairly with his friends and customers, and one who asked nothing of anyone other than an opportunity to make a way for himself.

His dedication to his job paid off in the long run; for, as the years passed, he had opportunity for partnership in the store, later becoming full owner and operator of the business.

We've experienced instances when he gave us a discount on merchandise after we had agreed to the purchase price and he was filling out a check.

We were in his store one time when he took in exchange a garment that had already been worn and laundered!

We experienced the joy and happiness in his heart when, after a period of study and preparation, he appeared in the U. S. District Court in Wichita Falls that day in 1955 and was pronounced a citizen of the United States of America!

We've found him willing and ready to accompany us to an out-of-town meeting of Lions Clubs when it would have been more convenient to have remained at home.

Yes, we have "rubbed shoulders" with Joe Choucair.

Moguls Benefit From Cooper Session

Moguls Open Season At Anson On Friday

With Seymour and Munday being in the same district this year, they will not play their traditional season opener as opponents. Munday will face Anson in the first game of the season. The game will be in Tiger Stadium, beginning at 8 p.m. on Friday, September 5.

The Anson Tigers have several key personnel returning, including all-district defensive end Danny Blankenship. The Tigers had a good off-season program, Coach Bourland says, and the Tigers are bigger and stronger physically. Coach Lowrey stated that Anson has looked strong in their scrimmages with Haskell and Colorado City.

Coach Lowrey has intro-

duced defense and offense plays which are new to the Moguls, and they are mastering them. The Moguls have experience in key positions and are working hard on the split six defense.

The Moguls have practiced steadily since the beginning session on August 11. Coach Lowrey has expressed his appreciation for the team's attitude. He and his coaching staff are real pleased with the way the boys are working out.

Seniors returning to the squad are Randy Routon, qb; Rupert Martinez, flanker; Steven Kuehler, flanker; Craig Paylor, back; Greg Norman, back; Allen Brown, center; Joey Kuehler, end; and Kevin Smith, split end.

Juniors on the varsity roster this year are Moses Dena, back; Robert Murray, back; Gary Adams, guard; Jessie Andrade, guard; Kelly Allred, tackle; Stan Decker, tackle; Lester Adams, tackle; John Mints, split end; and Victor Shields, end.

Five sophomores are in the Mogul Varsity picture for this season. They are Chris Moore, QB; Lawrence Collier, back; Terry Hendrix, tackle; Bryan Kuehler, guard; and Eustacio Ramirez, center, tackle.

On Junior Varsity are tackle, Carlos Aldaco, a Junior; James Tidwell, flanker; Joy Robert Jones, flanker; Dave Hunter, split end; Danny Sloan, back;

Abel Sanchez, guard; Tim Kuehler, guard; Steven Smith, guard; Ray Serrato, tackle; and Danny Hertel, end; all sophomores.

Freshmen Junior Varsity team members are Paul Mints, QB; Quincy Adams, back; Quinn Smith, back; Johnny Collier, center; Pat Angerer, tackle; Paul Wright, end; Jeff Ramirez, flanker; and Kent Josselet, flanker.

The scrimmage on Friday night with members of the Cooper Junior Varsity team proved very beneficial to the Moguls. Coach Lowrey stated, "I was looking for improvement from the Rotan scrimmage, and it was definitely there. Our level of competition was extremely high with the boys from Cooper. This gave the coaching staff more encouragement as to the performance of the Moguls. Our boys held Cooper to one touchdown. The Moguls were in good condition with no serious injuries when play ended. Cooper's total yardage was 167 to Munday's 128. I restricted the work-out to our varsity because Cooper had no freshmen participating.

"Our defense showed the greatest amount of improvement. Offensively, the Moguls had a problem only because of the stunning defense Cooper was running. Over all, we were very pleased with the Moguls over the week before."

Benjamin

Head Coach Ben Grill, who has been coach at Benjamin for seven years, and assistant Tracy Beaty in his second year there, have been "getting their Mustangs ready" to open the season with Woodson on September 5. They will play this game on Woodson territory.

The Mustangs have two all-district picks returning, Mark Oxford and Eric Redder. Three other starters are back with other boys shaping up to fill the needs of the team.

Weinert

The Weinert Bulldogs will play Divide at Weinert on September 12, to open their season. Game time is 8 p.m.

Head Coach Chet Forehand is in his thirteenth year of coaching the Bulldogs. Assistant Tommy Meredith is beginning his third year.

With eight boys out for the team this year, there are only two starters returning. Coach Forehand feels their inexperience will show but they are working hard. They should be an enjoyable season if no serious injuries jeopardize their performance.

Goree

The Goree Wildcats will open their season with Northwest Christian as their opponents on September 12, at Goree.

The Wildcats will be adjusting to six-man football after playing eleven-man for several years. However, adjustment is not new to them. They changed from eight-man to eleven-man in the past and did real fine.

Head coach Gus Dormier is in his eleventh year with the Wildcats. Assistant Coach Napoleon Johnson joined them this year. "It is looking good" for the

Wildcats this year even though none of the players have ever played six-man and Dormier has never coached it. Several fine returners are on the roster and they should have a rewarding year. Twenty out of twenty-three boys enrolled in Goree High School, are participating in football so this tells you what football means to the Wildcats.

JOE CHOUCAIR

Joe Choucair, Dry Goods Merchant, Dies

Joseph A. (Joe) Choucair, 65, well known and respected dry goods merchant of Munday, passed away at 3:30 a.m. Tuesday, August 26, in the Knox County Hospital.

He was born June 15, 1915, in Arson, Lebanon; and, as a young man, moved to Palestine and later to Sudan, where he was employed as a government official with the YMCA for several years.

He moved to Munday in 1948 and became associated with his brother, George Salem, in operation of The Fair Store. He later became a partner, then sole owner of the business.

Some seven years after coming to Munday, Joe received his American citizenship papers. Within a year, he returned to Lebanon to claim his bride, Selma, whom he married August 5, 1956, in Arson.

His years in Munday became fruitful ones, as he engaged in many facets of community life. He was a member of the First United Methodist Church, Knox Lodge No. 851, A F&M, in Munday, and was active in the Munday Chamber of Commerce.

He was a charter member of the Munday Lions Club, organized in February, 1953,

and served as vice president of the club on two or more occasions. He was one of the three remaining charter members.

He served on the official board of his church, and as president of the Methodist Men's Club. He had a smile for all and compassion for his fellowmen.

Funeral services were held from the First United Methodist Church in Munday at 10 a.m. Thursday, with the pastor, Rev. Ivan Allen, and Raja Hassen of Haskell officiating. Mr. Hassen paid a glowing tribute to the deceased, citing his loyalty and concern for his church and community and his many areas of service.

Burial was in Johnson Memorial Cemetery under direction of McCauley-Smith Funeral Home. Serving as pallbearers were Jeff Anderson, E. B. Littlefield, Leo Koenig, Douglas Myers, Dwight C. Key and Wendell Partridge.

Surviving him are his wife, Selma, of the home; two sons, Ramsey Choucair of Dallas and Omar Choucair of Munday; two daughters, Mona and Salwa Choucair of the home; a brother, Abraham Choucair and a sister, Lella Choucair, both of Brazil.

1,153 Students Enrolled In Schools

At the close of enrollment periods in the various schools of Knox County, it was revealed that a total of 1,153 students have become enrolled in the five area schools.

This is close to the same enrollment as in the past, although in some instances the figures are slightly less. The figures may be increased some in the immediate future, as there is a possibility of a few late enrollees.

Enrollment by schools, as reached from reports made to The Courier, are as follows:

Munday, 438, with nine new teachers employed.

Knox City-O'Brien, 391, and 11 new teachers.

Weinert, 80 students, one new teacher.

Benjamin, 94 students, one new teacher.

Goree, 150 enrollees, four new teachers.

The Texas Employment Commission office located at Farmers Grain Co-op in Munday, as been temporarily closed.

Plans are to open the office in the spring of 1981, as needed.

At the present time, the Vernon office will serve the people of this area. Call Mrs. Boyd at 817-552-9381 in Vernon.

Welcomed Rainfall!

Have you ever stood and watched rain pouring down a short distance away; yet, none right where you are? That's the way these summer thundershowers mess us up on the amount of rainfall received!

Best we can do is report the official rainfall as recorded by our local U. S. weather observer, Goodson Sellers, who reported:

.52 of an inch on Thursday; .38 of an inch Monday evening, making a total of .90 for the week. These showers barely make a dent in our prolonged drought and heat wave, but a "dent", however small, is welcomed.

Sellers also reported: A total of 57 days, including every single day in July, in which the temperatures reached 100 degrees or above.

Makes you want to head for the mountains, doesn't it?

Lions Plan Active Year

Under the leadership of Norm Anderson, president, the Munday Lions Club is initiating plans for a very active year for 1980-81.

Tuesday being set aside for business, members of the club discussed a number of projects for the year. These were divided into eight service projects, and eight fund raising projects. Members voted on three in each category that should be given priority.

The first fund raising project is the annual Lions Broom Sale, which is scheduled for Tuesday, October 7, beginning at 8 a.m. Those who usually look forward to this event to purchase their brooms and household items are asked to keep the date in mind.

As a further reminder, Lions voted to again assume the duty of wearing whisk-brooms for an entire week preceding the sale. They will be subject to fines if caught without them at any time during the work-day.

Two new members: Bill Schumate and Bob McWhorter, have recently been added to the club.

Collision Involves Three Men

A collision involving an automobile driven by Jerry Pennartz and a pickup driven by James Carden, caused Pennartz to have several stitches in the back of his head and Angel Munoz, passenger in the pickup, to spend several days in the hospital.

The impact occurred on the Rhineland highway at the intersection adjacent to the Exxon station, on Wednesday, August 27. Mr. Munoz is unable to work after being released from the Knox County Hospital on Friday. His condition is not serious, however, it will take time for healing.

Pennartz was traveling on the side road when his brakes failed to hold, causing his car to enter the highway traffic lane.

Rev. and Mrs. Milton Thompson of Skelleytown visited his brother, Mr. and Mrs. Everett Thompson and other relatives last week.

BIG PURPLE CLOUD members are "hard at it" in one hundred degree plus weather. This photo was taken when they were on the practice field at 2:00 p.m. one day last week. The band members and their director, Ben Hoaldrige, have been putting in a number of hours preparing for their half-time performance at the game this Friday night with Anson.

Hospital Auxiliary Needs Munday Members

An organizational meeting of Knox County Hospital Auxiliary was held on July 28, 1980. Since that time the ladies who were in attendance have been busy setting up projects and outlining the work of the auxiliary.

"Ladies from several area towns, including Benjamin, Knox City and Rochester, are now involved in the auxiliary," stated Mrs. Betty Albus. "However, as of yet we do not have ladies from Munday working with the program and we invite them to be a part of this very vital organization."

Some time in September, a thrift store will be opened in Knox City. The business will be operated by members of Knox County Hospital Auxiliary. New members are needed to assist in this operation, as well as working in the hospital.

If you have a preference of working in the store or the hospital, your choice will be honored. Some of the duties while giving of your time in the hospital will be delivering mail, getting iced water, delivering flowers, or perhaps seeing a patient gets to x-ray or lab. From one to two hours a day will be accepted as your volunteer time and if you are unable to work every day, you can volunteer for only the hours you are able to participate.

There are three types of membership. If you can be an active worker in the auxiliary, your dues are \$1.00 per year. You may

become a contributing member for \$10.00 per year, if you are unable to volunteer your time. You can become a lifetime member with a contribution of \$100.00; there being no other dues.

Ladies interested in joining the auxiliary may call Mrs. Betty Albus at 658-3926 or contact Mrs. Melba Pharr at Knox County Hospital.

Mrs. Albus also stated that people could help who are not able to be a member

Special guests this year will be Rev. and Mrs. Jarrell H. Sharp. Rev. Sharp is the Superintendent of the Seymour District, the district in which Munday is included. Following the meal, Rev. Sharp will speak to the group in the church sanctuary. He has been serving as district superintendent

Date Set For School Pictures

On Monday, September 8, all students attending Munday Schools will have their individual pictures taken. Elementary, Junior High and High School students will all "be snapped" on this day.

Remember, students, when you wake on that particular morning you need to put an extra sparkle in your eye, smile on your lips and "primp" so you will look your best.

On Tuesday, September 9, group pictures for the school annual will be taken.

since June 1975, and he will be reflecting on some of the things that have happened during his term as district superintendent, and will also share something of what he sees ahead for the church.

The Rev. Ivan E. Allen, church pastor, said: "We are pleased to have Jarrell and Bertha with us for this special time together. They have endeared themselves to many people in the Munday Church as well as in the entire Seymour District."

In addition to serving more than five years as District Superintendent Rev. Sharp has served pastorates in Knox City and Stamford in this area.

of the auxiliary in the mentioned areas. If you have articles of value such as good clothing, arts and crafts, household items etc., the hospital auxiliary would appreciate your donating them to the thrift store. Mrs. Albus stated, "Anything of value will be accepted. Of course we can't sell junk but there will be no definite category of things sold - so anything you might have that you feel would sell, we would be glad to have it."

TWO LADY MISSIONARIES for the Church of Jesus Christ of Latter Day Saints will be working in this area for the next five months. They will live in Munday. These ladies are at left, Cheryl Hillhouse and Ruby Eihert.

Two Lady Missionaries Locate In Munday Area

Sister Ruby Eihert of Coeur d'Alene, Idaho and Sister Cheryl Hillhouse of North Hollywood, California have arrived in Munday to

serve as missionaries for the Church of Jesus Christ of Latter-Day Saints.

The ladies will make their home in Munday for approximately five months. While living in Munday, they will serve a large Texas area including Seymour, Knox City, Haskell, Benjamin, Throckmorton, Weinert, Rule, Vera, Crowell, Goree, Guthrie, Stamford and Rochester.

The ladies stated that they are available to speak or show films to any organization. They have non-denominational films as well as films of their own religious faith.

Totally self-supported, their mission for their church is for the most part door-to-door. However, they also do some work on referral basis.

"While the public often thinks of men as missionaries, it is not unusual to find women dedicated to the work of the Lord as missionaries," stated Sister Eihert.

Both of the ladies invited anyone interested in their work to call them at 422-4834. "Also, area people are welcome to attend Sunday services at 540 North 5th St., in Munday, held at 10:00 a.m.," they said.

Guests in the home of Mr. and Mrs. Earl McNeill during the weekend were Mr. and Mrs. Hazen E. Carlson, Dallas, Miss Bertha McNeill, Wichita Falls, Mrs. Alice Moore and Mary, and Mr. and Mrs. Bob French, all of Garland.

"STUDY: DISCIPLINE OF THE CHRISTIAN FAITH"

School has just begun. Some greeted it with gladness because of the challenges it places before them and perhaps because of the daily association with friends. Others accepted it without enthusiasm and some possibly even hating it because the beginning of school means study. But study is a necessity in life whether we are students in school or not. In our technological world study is a necessity for all people and I believe it will be even more important in the future.

Study is also one of the disciplines of the Christian faith, a discipline for all who would be faithful to God. Jesus must have accepted study as a discipline in his life. At the age of twelve he went to Jerusalem with his family to participate in the "Feast of the Passover". When the celebration was over the family started home, but discovered that Jesus was not in the company of any of their family or friends. Like any parents, Joseph and Mary returned to Jerusalem in search for Jesus. After three days they found him in the Temple engaged in conversation with some learned

men. Jesus was scolded by his mother and he went with them to their home where he "grew both in body and wisdom, gaining favor with God and men." (Luke 2:52TEV).

Growth in the Christian faith is the desire God has for each of his children. If we are to grow we must accept the discipline of study as a continuing part of life. First, we need to study the Bible. It is the primary source of our faith in God. It is God's message to people as he spoke through various persons. As we read the Bible and study it we place ourselves in a position to hear God speak to us today. As we become involved in study, I am sure that we will have questions that will come to us, but through meditation and prayer, God will help us discover some answers and new truths will be revealed to us.

Second, we need to read and study other writings related to the Christian faith. There are a number of commentaries and resource books which have been prepared by men and women who have given years to a study of the Bible. There are also other books published by many writers who share insights they have gained and ideas that have come to them as they meditated on God's Word. We can learn from these people.

Third, we need to look carefully at life situations. What I mean by this is that we need to be aware of what is going on in the world, the community in which we live and especially in our own lives. Having an awareness of these, we must bring the tenets of the Christian faith to bear on all our experiences and relationships. Doing this will not be easy and determining "How?" is a question each person must answer for themselves.

Through study, evaluation, and prayer, we must endeavor to find Christian answers for the problems we face as individuals and as a community. Study is a discipline of the Christian faith.

LYNN WEST TAKES A TRIP TO EUROPE

By CORRINE KUEHLER
This summer Lynn West had the opportunity to travel to Europe with "America's Youth In Concert". She auditioned for the trip in the early spring of last year and left on the trip in July.

The group began the tour at Rider College in New Jersey. Practice sessions lasted 7 1/2 hours a day for a total of 4 days. They held their first concert at Carnegie Hall in New York City.

Immediately after the concert, they flew to London where the concert band and the chorus performed. On the Rome tour the orchestra and chorus presented the program. Throughout the tour they stayed in either college dormitories or in hotels. They visited the following cities: London, England; Paris, France; Strasbourg, France; Innsbruck, Austria; Venice, Florence and Rome, Italy.

On the tour they were

PEP SQUAD

By DEBBIE VALENCIA
With new yells and a new type of uniform, the Munday Mogulenes are ready to begin the football season with a cheer.

The members met Wednesday and Friday to learn the yells. They plan to work hard to improve their performances in the stands. We hope that their fans will pay special attention to this attractive group of young ladies. They are expected to follow certain rules in order to participate in this club. Mr. Donoho gave the young ladies a speech of conduct for them to follow.

This year their sponsor will be Mrs. Donoho. There are about thirty members. The officers are Nancy Fetsch, president; Corrine Kuehler, sec-treas.; Dee-Dee Kuehler, vice-pres., and Debbie Valencia, reporter.

Wednesday morning during activity period the Future Teachers of America were gathered together in a time of strictly business. During this period we decided to help the Muscular Dystrophy Telethon. There will be certain groups to answer phones and to go door-to-door taking donations. We hope everyone will provide donations to be collected by these hard working students.

Our next goal is to buy a book in memory of Mr. Joe Chouair. This book will be at the City Library of Munday.

We hope all residents of Munday will support our future projects. We also wish to thank all the seniors of 1980 for all their help that made Future Teachers of America a successful organization last year.

Gun Safety Rules Urged for Hunting

The fall hunting season is at hand once again. Hundreds of thousands of Americans are taking to the fields and woods this fall in search of game.

The American Medical Association reminds hunters once again that guns can kill. The paramount safety rule for the hunter is a simple one — before you pull the trigger, know what you're firing at.

Sporting arms, from a single-shot .22 calibre rifle to a heavy big game weapon to a fast-shooting automatic scattergun, are designed to kill birds and animals. They also can kill or wound humans.

Each fall some hunters return from fall outings via hearse. Others return with a load of bird shot or a rifle bullet to be dug out. Behind almost every hunting accident is one cause: carelessness. The hunter who blazes away at everything that

moves runs a big risk of bagging a fellow hunter.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and discharge. Unload first and reload after crossing. Don't shoot at a hard, flat surface. Ricocheting bullets can carry long distances with killing power.

Keep guns away from children. Never leave a weapon unattended without unloading it. Store guns and ammunition beyond reach of youngsters, preferably under lock and key.

Always carry a gun so that you can control the direction of the muzzle even if you stumble. Keep the safety catch on until ready to shoot. Always be sure the barrel is clear. A barrel clogged with mud or snow may burst.

Guns and alcohol don't mix. If you like a nip around camp, wait until you're through hunting for the day and all weapons are unloaded and cased.

Even a small-bore rifle has considerable range. Know where your bullet will stop before pulling the trigger. Treat guns with respect at all times. They may be loaded, despite all precautions. Thus never point a weapon at something unless you plan to shoot it.

Farm And Ranch News

By JIM MAZURKIEWICZ

COPING WITH FINANCIAL CRISIS

Texas farmers and ranchers continue to be caught in a severe cost-price squeeze. They have had to deal with sharp increases in the cost of energy, interest and other production inputs while farm prices have continued under pressure. To add to their misery, the state is now in the grips of a severe drought.

To cope with this crisis situation of economic survival, producers need to take a close look at possible adjustments in the areas of financing, marketing and production economics.

To curb rampaging inflation, the Federal Reserve Board and the federal government launched programs early this year to tighten money supplies and restrict credit. Resulting skyrocketing interest rates and tightening credit hit farmers and ranchers hard.

However, interest rates have started down recently, with a prime rate of 11-12 percent forecast by November. But interest rates on farm loans will likely fall more slowly than the prime rate, just as they lagged behind the prime rate when interest rates were increasing.

While producers have generally been able to obtain loans to cover operating costs, loans to finance capital expenditures have been hard to come by. Now, through the Economic Emergency Loan Program, \$1 billion has been made available to states (\$31,859,000 to Texas) to help farmers and ranches pay installments on existing debts, refinance existing farm debts, reorganize farms to make them more viable, or pay farm operating expenses. Where drought has severely reduced farm income, emergency loan funds are being expanded for use by eligible

producers.

The availability of loan funds to finance capital expenditures in 1981 will be influenced mainly by how well producers repay their 1980 debt commitments and by the projected farm income picture at that time. Many farmers may have a tough time qualifying for credit in 1981 due to their deteriorating net worth statement.

A side effect of the dry, hot weather, however, is less production and a higher price level for some commodities. This may contribute to a substantial improvement in 1981 income for many Texas farmers.

To help obtain financing for the year ahead, producers must know how to prepare financial statements and how to apply for emergency credit. Key tools necessary to negotiate financing of any type are the cash flow statement, income statement and balance sheet.

The cash flow statement provides a monthly summary of expected cash overflows (for operating expenses, debt servicing, necessary capital expenses and family living) and cash inflows (from farm product sales, off-farm income and other available sources).

The income statement provides a summary of operating expenses and income for the farm's

operation over a specified period, usually one year.

Finally, the balance sheet provides a financial summary of all assets and liabilities of the farm

business as of a specific date.

For in-depth information dealing with the current economic problems faced by farmers and ranchers, I suggest a copy of "Coping With Economic Crisis in Agriculture," available at the county extension office.

GROESBECK

3 miles north on State Highway 14 is located Fort Parker — built in 1834 for protection from Indians. May, 1836, Comanches raided Fort Parker and killed a number of the inhabitants including Cynthia Ann Parker's father. She was kidnapped and raised as a Comanche. Pete Mocona, a tribal chief, chose her as his bride when she was 18. She was the mother of 2 sons, Pecon & Quannah, a daughter, Toposannah, or Prairie Flower. She was captured on the Pease River in 1860 and returned to her childhood home, where after 4 years she starved herself to death when Prairie Flower died of a fever. Her son Quannah was the last Great Chief of the Comanche.

Thursday afternoon

Activities of Colored People

By ALINE JOHNSON

SS opened with Brother Honsby and other. Sunday was 5th Sunday women's day and district. Sister Manual was present, Sis Rhodes and Sis Wilson.

Service opened we was glad for Eld. Y. Brooks of Breckenridge to be present. Once a pastor of Munday Church and very lovely pastor, also Sis Brooks, who has passed on to her sweet beyond.

A lovely service Eld. W. A. Ward, pastor Knox City and Aspermont pastor Blue and our own Supt. of this district, Eld. A. C. Bennitt of Abilene.

Lesson was great. Subject: God's judgement and mercy, Malachi.

With this lesson we conclude a fourteen Sunday study of "Judah's later history" from about 715 to 460 B. C., from the reign of Hezekiah to the prophecy of Malachi.

Because no Bible book tells the whole story we have to piece together from several books and history and books from prophecy, with the help of the Bible scholars we have been able to relate the preaching of each prophet to the problems of his times. We have also seen how Jewish history was related to nearly three centuries of secular history.

More important, we have the hard realities God's inevitable judgment above, with the offer of his reconciling love. It was a tragic story, and things actually became worse during much of the interbiblical period.

Ultimately, hope was born in Bethlehem. Now if your remembrance not well read your lessons the Bible one. Malachi 3: This Bible lesson is beautiful.

Parents please train your boys and girls to be somebody and do their best. We have too many now we need them because our boys and girls are getting old in the white house. How can we replace them anywhere

If you have any quims about a Nursing Home and would really like to know what it's all about let me share this with you:

You ask what it's like in a Nursing Home Well, nothing can ever be like your own. But it's just what life has always been; A mixture of trouble, pain and pleasure.

It's accepting the fact that youth is gone.

That help is needed to carry on.

It's instant help when the need has come.

It's loving concern from those still young;

It's a cheery wave, a hug or two

It's knowing someone cares for you.

It's finding fault and complaining alot,

It's the feeling of security that you've got.

It's wheelchairs, walkers, crutches, canes;

It's music, singing, parties, and games.

we mothers must think for them and tell them because we need good quality, good sense to take their places. Let's see to our girls be a lady, and our boys be somebody. See to it.

Each year more than 79 million overweight people spend \$10 billion trying to lose weight.

It's devotionals in the morning, a time for prayer

It's a feeling of sadness at a vacant chair,

So with dear ones gone, sick and alone,

It's thanking God for a Nursing Home.

These words were written by a Nursing Home resident. Who could better give us the inside story?

Pat McCord, Wichita Falls, visited her mother, Willie Jacobs.

Billie Jameson visited Mrs. Daisy Bates and Aunt Minnie Brooks on Thursday.

J. M. and Velma Ellis of Andrews visited her aunt, Mrs. Maude Baird, Saturday.

NEW TELEPHONE BOOKS ARE HERE!

The new Big Country Telephone Directory for Knox, Baylor, and Throckmorton counties has now been delivered. This directory includes Seymour, Knox City, Munday, Throckmorton, Benjamin, Elbert, Goree, Lake Kemp, Megargel, Truscott, and Woodson.

The new phone book is published annually by Associated Publishing Company in Abilene and is a handy reference of business buyers and sellers in this area. It is designed to be a complete source of information in both the white and yellow pages.

Geographically designed, one book covers an entire market area and is compact with easy reference. It is the most complete source of information on businesses and residences in this area. It is also available to guests at area motels. Particularly significant are the lower advertising rates, according to Jim Hilger, area manager.

As the Big Country Telephone Directory is put into daily use in the area, the Knox County Community will find it most useful and very convenient. If you have not received your free copy, pick one up at Christensen Aviation, downtown Munday, or at the Chamber of Commerce.
