We were plumb disappointed in Hurricane Allen!

At first, as he began frolicking around in the Caribbean, he was just an embryo of a hurricane, a sort of "colt in the scheme of things, a tiny whirlwind type of disturbance what wasn't worthy of a name.

But, as he grew in strength and stature, he got the attention of hurricane watchers, etc., and when his "breath" got up to 39 miles an hour, forecasters began thinking of a name.

It wasn't until Friday, August 1, that this smart alec of a youth received a name. Tropical storms, we read, become hurricanes if their sustained winds reach 74 mph.

They named him "Hurricane Allen!"

A short time later, we were in the business of Andrade and Caram when the topic of Hurricane Allen came up. "Why did they give him a male name," we inquired. "We thought they always named one for a female."

In the group was a young lady, Susan Kuehler, who was smarter than we were. At least, she had kept up with current events better.

"Why," she said, "don't you know it's women's lib. Women just got mad because they gave those vicious winds women's names." They demanded equal rights.

So the men got their "equal rights" in this instance. It seems they decided men would share their names with the ladies. This one was named Allen. The next one, according to talk we listened to, will be named Bonnie!

So Allen decided if he was to receive the name of a he-man, he would become a vicious one.

He began cutting capers in the Caribbean; and soon, he was breathing death, and destruction, and disaster to those islands in that body of water.

Those hurricane watchers soon determined that Hurricane Allen was headed for the mainland; and, unless something caused him to change his course, he would vent his ire on the coast of Texas. He was some 1,600 miles away at this time, but he received the classification of "one of the most vicious hurricanes of the century."

Approximately 10 days after he was "born", he hit land in an uninhabited portion of the famous King Ranch. But the force of his fury was felt over a wide area around Corpus Christi and Brownsville. He caused high tidal waves and flooding; he spawned tornadoes and other means of destruction.

Fortunately, he cut his antics on the islands long enough that residents of the coastal areas had time to evacuate after having received storm warnings. Allen was credited with only two lives in Texas, but damage from his unwell-comed visit ran into over \$600 million.

Why were we disappointed?

We didn't have fear, here in Munday, for the destruc-

AFTER WORK-OUT WITH ROTAN

Moguls Host Cooper Jr. Varsity On Friday

The 1980 edition of the Munday Moguls will host Abilene Cooper High School Junior Varsity to a scrimmage on Scruggs field here, on Friday, August 29, at 8 p.m.

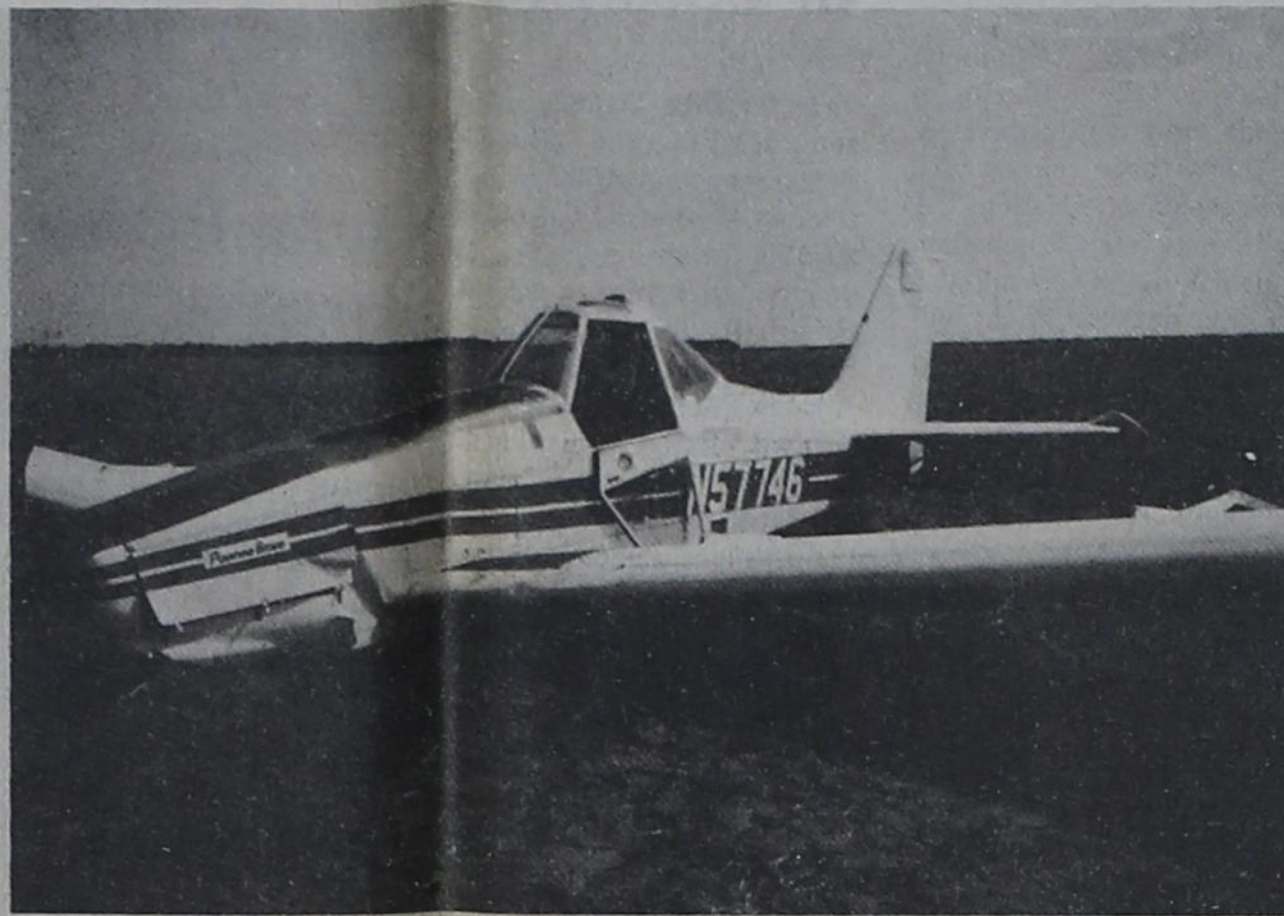

The Moguls had a very good work-out on the scrimmage field with the Rotan Yellowhammers there on Friday, August 22. Both teams ran basically the same defense and offense. However, Rotan has worked on these plays for six years and the Mogul team has practiced them for about two weeks. Rotan is rated fourth in the state in Class AA.

Coach Lowrey made these comments about his team, "The boys showed real well. I have no apology for their

performance and am in no way disappointed in them. They have a good attitude overall and they got out on the field and worked. Most of our mistakes were technical and will be worked out. I will be looking for improvement in the upcoming scrimmage with Abilene Cooper."

Coach Lowrey and his staff invite all Mogul fans to come to the scrimmage on Friday and watch the boys perform. Encouragement and support from the community mean a great deal to the coaches and the team.

A team roster will be published before the Moguls battle Anson in Tiger territory on September 5.

THIS PIPER BRAVE, property of Christensen Aviation, Inc., "bit the dirt" on Saturday with owner Chris Christensen at the controls. Thunderstorms caused the plane to hit a down draft and brought it to the ground. The pilot was uninjured.

Christensen Lands One The Hard Way

Chris Christensen having his Piper Brave airplane loaded with insecticide for "the last load of the day" went airborne from Knox City airport last Saturday afternoon, headed for the Red Springs area.

Taking off, Christensen was flying east when he encountered thunderstorms and light rain appearing to be about two miles in width and moving rapidly to the northwest. Then came the turbulent boiling dust, and he tried to turn away, but the plane hit a tremendous down draft and went down. Extensive damage was done to the plane. In Christensen's words, "It is probably totaled." However, Christensen was uninjured.

He sat in his plane until the rain stopped. He then walked to a dirt road and was picked up by a "good samaritan" and taken back to the airport. What then? Chris Christensen and crew

took the cargo from the wrecked plane and loaded it into another one. Chris

climbed aboard and piloted the plane to Red Springs and unloaded his wares!

Farm Bureau Expresses Thanks With Checks

The Goree Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Bobby Blankenship.

The money will be used for their loss prevention program.

The Texas Farm Bureau

Insurance Companies pay fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes fire departments have contributed to reduce the amount of loss involved by fire and more importantly, to prevent fires. It is their hope this money will help the Goree Volunteer Fire Department in their program.

Munday Volunteer Fire Department received a check for \$35.00 for assisting in the rural fire.

Rhineland CCD Classes To Begin

According to Father Brendan McGuire, pastor of St. Joseph Church, Rhineland, registration for the 1980-81 CCD Classes will be held at the Convent, August 28 and 29 from 9:30 a.m. to 5:00 p.m.

Regular classes will begin on Monday, September 8. The tentative schedule is Monday, 6:00 p.m., grades 1, 2, and 3; Tuesday, 6:00 p.m., grades 4, 5, and 6; Wednesday at 6:00 p.m., grades 7, 8 and 9 and at 7:00 p.m., grades 10, 11 and 12. Sister Bernadette Hurter and Sister Isabelle Hurter are coordinators of the CCD program.

Services Set For Local Merchant

Funeral services for Joseph A. (Joe) Choucair will be held at ten o'clock on Thursday morning, August 28, 1980, in the First United Methodist Church in Munday.

Mr. Choucair, a long time resident and merchant in Munday, passed away at 3:30 a.m. Tuesday morning. A complete obituary will follow in the next issue of The Courier.

Jamboree At Goree To Benefit Muscular Dystrophy

Everyone is invited to attend the County Music Jamboree Friday, August 29 at 8 p.m. in the Goree High School auditorium. This will be a benefit performance with all proceeds going to the Muscular Dystrophy Association.

Guest artists on the program will include: Tommy Shaw and the Shawnees, Ft. Worth; Fonda Crawford, Big Spring; Loyd Morris and crew, Bowie; Kenneth and Sonya Harman, and Jake Wallace, with his fiddle, Munday; the Angle Sisters, Knox City; Joyce Greenwood and Kenna Cotton,

Goree; and Larry Conner, Truscott.

Gary Hale will serve as 'master of ceremonies' with George Cotton assistant M. C. and auctioneer. Various items and services have been donated for the auction which will be included in the happenings.

Admission for adults is \$3.50 and \$2.00 for children age 6-12. There is no charge for children under six years old.

The Friday Jamboree should provide an enjoyable evening entertainment with a wide variety of talent and your donation will be going for a very worthy cause.

Merchants To Have Holiday!

Let's have a holiday! That's what the merchants of Munday have agreed upon for Monday, September 1. It's Labor Day, you know.

This is one of the five holidays selected by merchants of the town as "closing day", and this will give management and employees of local stores a long holiday week-end to "do their thing", either go places, or seek the comforts

of home air-conditioning. Practically all business places, except perhaps farm supply firms, will be closed. Area people are asked to keep the closing date in mind and transact their business accordingly.

The Courier wants your advertising and news items as far ahead of Monday as possible, please!

Call your news to The Courier office on Monday of each week, 422-4314.

Annexation Application Accepted By Council

The City Council of the City of Munday met on August 12, 1980, at the Munday City Hall at 9 p.m. in regular session.

Members present: Aldermen Donald Hobert, M. M. Booe, Larry Smith and A. Dale Selzer.

Members absent: Mayor James W. Reid and Ray Lynn Hardin.

Mayor Pro-Tem Hobert called the meeting to order. Minutes of the July 8th regular meeting and July 15th special meeting were read by City Secretary Hertel. No alterations. Mayor Pro-Tem Hobert stated the minutes are approved as written.

An easement granting a water pipeline R. O. W. from Mrs. Ada Hill, William Stanley Hill, Jr. and Billy True Nickols to the City of Munday for a 10 ft. R. O. W. described as follows was read: South 10 ft. and the West 10 ft. of the North 251 ft. of the South 407 ft. of Lot 3, in Block 6 of the West Mdy. Addition to the town of Munday in Knox County, Texas. Selzer moved the easement be accepted, a full copy be recorded in the easement files and that a 2" water line be installed as soon as possible to correct a pressure deficiency to the area West. Smith seconded. All members voted for.

Next business was an application for annexation of approximately 5 acre tract of land from Gary and Paula Schur. The annexation application would extend the Munday City Limits by adding a 150 ft x 150 ft. tract adjacent and West of the Golden addition, North of the U. J. Bellinghausen tract and being out of the S. E. part of the west 160 acres of Section 74, Blk. 2, D & W R. Co. Survey, Town of Munday, Knox County, Texas. After reading the annexation application of Gary and Paula Schur, Booe moved it be accepted, that a public hearing be ordered for the next regular City Council meeting, and that full text of the petition be filed in the City's annexation file; also that a 2" water line be installed by boring under Highway 222 (as soon as a permit is secured from the Texas Highway Dept.; to a

point east of the property being annexed (in the alley). Smith seconded the motion. Voting for was Booe, Smith, Selzer, and Hobert, Noes, none. Carried.

After discussion, Selzer moved that the City Council again sponsor the Boy Scouts for another year and to authorize the Mayor to sign necessary agreements. Booe seconded. All for.

Centex Cable Service was discussed. Hobert moved that Walter Hertel, City Administrator, notify Jerry Smith of several cable customers dissatisfaction with the service and to see if this can be improved. Also, several customers are still wanting to be connected to the system. Answer is to be reported to the Council at the next meeting. Booe seconded. All for.

Smith moved that the Mayor be authorized to sign necessary papers to accept the police department radios from the West Central Texas Council of Governments. They were purchased at a total cost of \$3,771.80 with the City paying \$942.95. No additional charges are to be made. Selzer seconded. All voted for.

Selzer next made a motion that the 1980 tax rate for the City of Munday be set at \$1.00 per \$100 of value with .40c to go to Interest and

A Year Makes A Difference!

What a difference a year makes!

Those of you who might like to be comforted by a refreshing shower may receive some comfort by turning back the pages to a year ago. We can't report showers for Munday this last week in August, but look what we had in our last issue in August, 1979:

"August 21, '80; August 23, '03; August 25, '40; August 26, '03; Rhineland and Gilliland, better than two inches; Ike Gresham farm, 2.50; Goree, 2.3.

Wonderful, wasn't it? Wish we could report more for August, 1980!

Once Blind, He Now Works For The Blind

An old yellow bus-type vehicle was displayed in Munday during the week-end, and all day Monday. It had two speakers mounted on top, from which sounds of "good ole days" music was heard at intervals. It was parked all day Monday near the Cottage Inn building.

Driver of the vehicle was a tall, slender, elderly man wearing thick glasses, who had a warm smile, a friendly handshake, and a "thank you Lord" prayer in his heart.

He is Robert (Bob) Price, a native of Hollywood, Calif., who "once was blind, but now I see!" and who was chatting briefly with people of our town concerning the Lions Club Eye Bank Program. He was asking not for money or donations of any kind, except for signatures of those who would donate their eyes after death that others might see!

Bob Price had an interesting and miraculous story behind his special interest in this program.

He was totally blind for 20 years before receiving a corneal transplant some three years ago through the Lions Eye Bank program. "I know what it is like to be able to see, suddenly lose my sight, then see again," he said. He has been doing this work for the blind for 2 1/2 years, since regaining his eyesight, and has personally signed up 7,500 people and received 9,000 donor cards with signatures of those who offered to donate their eyes that others might see again.

In his younger days, Price was a "sound man" on the movie sets of Hollywood, and was following this work at the time of the accident that deprived him of his eyesight. "All I remember," he said "was an explosion. One minute I could see; the next I couldn't!"

He had to live with blindness, and recalled his progress to the point that he obtained a seeing eye dog. "I couldn't believe," he said, "that the Lord intended for

me to spend the rest of my life in blindness." Then he received a corneal transplant, and could see again!

The transplant came from an unidentified 18-year-old girl who had signed a donor card, like Price was explaining while in Munday.

Inside the old bus was some of the equipment that radio stations used in years gone by. Carefully catalogued are many records which he played over the loud speaker system. "It's some of the good old time music that people really like to hear," Price said, showing the original equipment used in cutting these records.

Price was sharing his story with anyone he happened to meet on the streets of Munday, and who would listen. He has travelled over all the United States with his "eye bank" story, attending rodeos, state or county fairs, grand openings of businesses, etc.,

HELPING THE BLIND! Robert (Bob) Price, center, was here last Monday in his voluntary work of helping the blind to see again. Blind for 20 years, he regained his sight by corneal transplant, then became a "goodwill ambassador" in blind work. He is pictured with Norman Anderson, left, president, and J. Weldon Smith, secretary of the Munday Lions Club.

tiveness of Allen. We had hoped he would have a change of heart and bring us some benefits.

Like rain, for instance! We have long felt that hurricanes of Allen's type resulted in rain for Knox County as they subsided. Not so this time. Allen was a rascal!

WILDFIRE THREATENS RANGELAND

Drouth and the extremely hot summer have greatly increased the threat of wildfires, says a range specialist with the Texas Agricultural Extension Service, Texas A&M University System. Everyone is urged to use extreme caution to prevent wildfires which can do untold damage to forage crops, wildlife, air and water quality, and recreational areas.

ONCE BLIND

(Continued From Page 1)

doing anything that will attract people's attention to the Lions Eye Donor Program.

Although working at present with "an eye" to the future, Bob Price has many fond memories of the past.

He was sound man for such radio favorites as Fanny Brice and her rendition of "Baby Snooks". One of his best friends is Red Skelton, and he also worked with Fibber McGee and Molly.

One of his favorite shows to work was the "Lucky Strike Hour". "I was there in the early days of Jack Benny, and Bing Crosby", he recalls. "Though I wasn't around John Wayne much, The Duke knew me well enough to speak."

He then returns to the purpose of his visit to Munday, and all area towns, large and small, that of corneal transplants and sight conservation. "Turn in those old eye glasses you aren't using anymore to some member of your Lions Club," he admonishes, "but most important of all, fill out a donor card so another blind person will be able to see again."

I know what it's like to be blind, then be able to see again," he said. "I've been there. It's wonderful!"

Price agreed to return to Munday in two weeks and present his program at the regular meeting of the Munday Lions Club.

He has been "taped" for the "Real People" television show, which will appear early in September.

Price has assumed the voluntary role of "good will ambassador" in this work for the blind, asking for no donations at all. "I can never do enough to repay for the restoration of my eyesight," he exclaimed. Lions clubs of the places he visits do help with his actual expenses, however.

Price is a member of the Lions Club of Hobbs, N. M.

J. C. Elliott is now home, after having surgery in Hendrick Medical Center in Abilene.

Annual Funday Planned To Honor Stenholm

Friends and supporters of Congressman Charles Stenholm are invited to the Second Annual Funday Festivities, Saturday, September 6, 1980, at the Ericksdahl Picnic Grounds near Stamford.

Stenholm and his wife, Cindy, along with their children, Chris, Cary, and Courtney Ann, will return to Texas for the September 6 festivities sponsored by Friends of Charlie and the Stenholm '80 Committee.

Congressman Stenholm will address the gathering of friends and supporters of the thirty-three county 17th Congressional District. A down-home fried chicken picnic will begin serving at 5 p.m. Live entertainment will also be planned.

Tickets for Funday are \$10.00 each and can be purchased by contacting the Stenholm '80 Committee

Former Goree Man Dies

J. C. Lambeth, 62, of Las Vegas, Nevada, passed away on Wednesday, August 13, 1980 in a Las Vegas hospital. He was reared in the Hefner and Goree communities. His parents, the late Mr. and Mrs. John Lambeth, were long time residents of this area. Born on December 22, 1917 in Poolville, Texas, Mr. Lambeth moved from Goree to Las Vegas in 1941. He married the former Billie Holder, daughter of the late Mr. and Mrs. Ben Holder of Goree.

Services were held in Las Vegas on Monday, August 18.

Survivors include his wife; two sons, Lynn and Larry, both of Las Vegas; one daughter, Mrs. Robert Fry of Belton, Missouri; two sisters, Evelyn Van Horn of Huntsville and Imogene Land of Snyder; four brothers, Wayne Lambeth of Henet, Calif., John Loyd (Sandy) Lambeth of Munday, Lyndel Lambeth of Goree, and C. A. Hicks of Clovis, Calif.

Services For Scott Infant In Crosbyton

Private graveside services for John Daniel, infant son of Vic and Tammy Scott, who was stillborn at 1 p.m. on Wednesday, August 20, 1980, were held at 9 a.m. on Friday, August 22, at Crosbyton Cemetery. Services were directed by Adams Funeral Home.

Lloyd Hall, minister of Crosbyton Church of Christ, officiated.

Survivors include the parents; grandparents, Mr. and Mrs. Charles Hudman and Jerry and Donna Scott, all of Crosbyton; great-grandparents, Mr. and Mrs. S. C. Hudman of Post, Mr. and Mrs. J. B. Scott of Memphis, and Mr. and Mrs. John Phillips of Munday; and two aunts.

Young Farmers To Organize August 28

Jack Campsey and Greg Rawdon, local FFA advisors and Ag teachers, are very pleased with the interest shown thus far by area men, in organizing a chapter of Texas Young Farmers Association in Munday.

All men who are interested, are urged to attend an organizational meeting on Thursday, August 28, at 8 p.m., in the Ag Shop of the Munday School.

Officers will be elected at this meeting. The program will be brought by the Iowa Park Chapter of Young Farmers.

Cindy Harlan Receives Scholarship

Cindy Harlan of Goree, has been awarded a scholarship from the E. Paul and Helen Buck Waggoner Scholarship Fund. Cindy is in her final year of nursing school at Midwestern University in Wichita Falls.

She is a graduate of Goree High School, and is the daughter of Mrs. Doris Harlan of Goree.

CITY COUNCIL MINUTES

(Continued From Page 1)

Sinking funds; .05c to Cemetery and .55c to Operating funds, as recommended previously in the budget. Booe seconded. All members voted for.

Cemetery transfer papers were examined. After discussion, Selzer moved that all funds, records, duties, etc. be transferred to Johnson Memorial Cemetery Association, a volunteer group, with membership as follows: M. L. Wiggins, Euris Reid, Merle Dings, J. L. Stodghill, Maurayse Stone, Edwin Johnson, E. C. Thompson, James N. Smith, and Charles Baker. Transfer is made also to their successors in office. Each fund and various duties are to be transferred from the City of Munday as the group is ready to assume that portion of the operation. Booe seconded. All for. A copy of transfer papers is to be filed in Johnson Cemetery files in the City Hall.

The Council instructed the administrator to begin David Gonzales social security payments at the time of full time employment.

Smith moved that changes requested by F.A.A. on July 23, 1980 and T.A.C. on July 21, 1980 (by mail) be incorporated into the agreements for airport leases with the Christensens Flying

Service and Petty Flying Service so that leases will conform with their requirements of both entities and not violate previous City commitments to them. After corrections, Mayor Reid is authorized to sign both agreements and they are to be delivered to Mr. Christensen and Mr. Cottingham upon completion of signing before a notary and payment as provided in the leases. Selzer seconded. All in favor.

Selzer moved that bills be authorized for payment as follows: Airport Funds, \$35.83; Ambulance Fund, \$136.58; Swimming Pool Funds, \$400.22; and Opera-

ting Funds, \$24,106.99. Smith seconded. All members voted for.

Selzer moved the meeting adjourn. Hobert seconded. All in favor.

The Courier has Eaton stationary in stock.

Texas Wheat Producers Quarterly Meeting Held In Munday

Board members of the Texas Wheat Producers Board and Association held their quarterly meeting in the First National Bank in Munday, on Wednesday, August 19.

Gary Schur, Munday Chamber of Commerce president and president of First National Bank, graciously offered the facilities of the bank to the board. Members expressed their appreciation to Mr. Schur for hosting the group.

The board meets regularly in Amarillo and has one meeting annually on other "Texas territory". This is the first time a meeting has convened in Munday.

In attendance were board members, Otis Harmon, Tulsa; Ken Kendrick, Stratford; Wiley Tabor, Quanah; Robert Graves, Perryton; W. R. Moore, Munday; and Leo Witkowski, chairman, of Hereford. Dwight Hamilton of Olney, E. L. Edwards of

Panhandle and Troy Sloan of Spearman, are members who were unable to attend.

Also in attendance, were Doug Murfield with Texas Crop and Livestock Reproduction Service of Austin; Bill Nelson, executive vice-president, of Amarillo; and Jim Allison, executive assistant of Amarillo.

At these scheduled meetings, discussion is held on what has happened in the previous three months to affect wheat growers and plans are made for the next three months.

Trips are made frequently to Washington and Austin on behalf of wheat growers. Also, in the last three months, board meetings of the National Wheat Growers Association has been attended as well as a meeting of the U. S. Wheat Association Inc., both held in Denver.

Jim Allison stated that the 1981 farm program

W. R. MOORE JR. is a board member of Texas Wheat Producers Board and Association. He was very pleased to have the board hold their quarterly meeting in Munday at First National Bank. This is the first time the group has met in Munday.

ject matter was the production of ethanol from agriculture products. The consensus of the group in the session was the need to get legislation passed to do away with road tax on gasohol. It is felt that before production, distribution and use can be feasible, the tax removal is an absolute

necessity. Mr. Allison urged farmers to support the Wheat Producers association in their endeavor to aid them. After Wednesday's meeting in Munday, the group traveled to Vernon and Amarillo for scheduled meetings with wheat farmers on Thursday and Friday.

Estimating SS Benefits Is A Bigger Job Now

People in the Vernon area often cannot understand why we have so much trouble giving them an estimate of their future benefit rate. It used to be pretty simple. You just took your actual earnings for years after 1950, picked out the high ones, added them together, and figured your average earnings. Then, you could look at a chart - the rates were right in the law - and find your benefit rate. Not so anymore.

Now, you still list your actual earnings for each year from 1951 on. But, a change made in the law in 1977 added a new step, one that makes things a lot different than they used to be. Now, earnings for each year after 1950 have to be adjusted for increases in wages since then. It's an easy job for the

computer. But it's a lot of arithmetic. This new step, which is in reality several steps in one, is more complex and time-consuming than before. For this reason it is difficult to give a person a quick benefit estimate.

Kelley Boone's Application At State Level

According to Knox County Extension Agent Jim Mazurkiewicz, Kelley Boone's application to serve as a delegate to the National 4-H Congress has been sent to College Station for consideration at the state level. Kelley was one of two District III 4-H'ers whose applications passed the district level.

Only six 4-H members from Texas will serve as state delegates to the National 4-H Congress in Washington, D. C., next spring.

Kelley has been active in 4-H for eight years and has served as an officer in the Knox City Club, as well as a district council delegate.

A senior at Knox City High School, Kelley is the son of Mr. and Mrs. Joe Boone.

Adult Leaders Discuss 4-H And FFA Activity Building

The Knox County 4-H Adult Leaders Association met at the Knox County Courthouse in Benjamin Tuesday night, August 19.

Reports on the activities of the county 4-H members during the summer months were given by Knox County Extension Agents Jim Mazurkiewicz and April Werley. Knox County 4-H'ers participated in 27 different activities and projects during the summer months.

The group complimented the county agents on their efforts and success in getting so many of the county's youth involved in 4-H programs.

A report was given by Richard Daniel of Knox City on his trip to Washington, D. C., on the 4-H Heritage Tour this summer.

Plans for the annual Achievement Awards Banquet were discussed.

The group voted to have welcome signs erected on all major highways into the county to be financed and put up by the various 4-H Clubs. A donation was made by the Truscott community to purchase and erect their sign, and it will be put in place as soon as possible.

Ed Daniel of Knox City was appointed by association president, Bob Cude of Goree, to represent the Adult Leaders Association

at the Knox County Livestock Show meeting Tuesday, and present the group's views on obtaining a County 4-H and FFA activity building and possible means of financing this project available at this time.

President Cude reminded the group that the district Adult Leaders meeting will be September 11 in Memphis. Knox County delegates are Linda Griffith of Benjamin and Wink Partridge of Munday. Any members of Adult Leaders Association who wish to attend the district meeting may do so. Anyone planning to attend should notify the county agent's office by September 5.

Consumer Tip!!! "OH, OH! THE BRAKE LIGHT CAME ON! WHAT SHOULD I DO?"

Well, for starters, don't jam on your brakes. But don't panic either. Most cars manufactured since 1968 have two separate hydraulic systems which control the front and rear brakes. If your brake light is lit, one of those systems has probably broken down. However, there should still be enough braking power in the second system to bring the car to a stop. Slow down, then gently test your brakes. Then drive—slowly—to a repair shop. And avoid sudden stops.

If your brakes do go totally out, shift into a lower gear to slow down, pull over and gradually apply the emergency brake. Do not try to drive on. Have your car towed to a repair shop.

So you think traffic safety laws are tough in Texas? Norway just outlawed skateboards... Seriously, the ban followed a government study of serious accidents caused by the little gizmos. ... We don't advocate making skateboarders outlaws, but caution would help. There were 375,000 skateboard related injuries in America last year. Lots of fractures.

Now You See It, Now You Don't Department: A car is stolen every nine minutes in Texas. Over 40 percent of them have the keys left in the ignition.

Do it yourself and save gas... A dirty, clogged air filter can rob your car of precious gas mileage. When car engines don't get enough air they burn more gasoline. Check your car's air filter by holding it up to a light. If you can't see light through it, replace it...

Weinert School Sets Meal Program Policy

Weinert Independent School District hereby announces its policy for free and reduced-price meals and free milk for children unable to pay the full price of meals and milk served under the

National school lunch, breakfast, and special milk programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

FAMILY ANNUAL INCOME		
FAMILY SIZE	FREE MEALS	REDUCED-PRICE MEALS
1	\$ 0 - 5,230	\$ 5,230 - 8,150
2	0 - 6,900	6,900 - 10,760
3	0 - 8,580	8,580 - 13,380
4	0 - 10,250	10,250 - 15,990
5	0 - 11,930	11,930 - 18,600
6	0 - 13,600	13,600 - 21,220
7	0 - 15,280	15,280 - 23,830
8	0 - 16,950	16,950 - 26,440

Each Additional Family Member \$1,680 \$2,610

Children from families whose income is at or below the levels shown are eligible for free or reduced-price meals or free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30% of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms will be sent home with all students in a letter to the parents. Additional copies are available at the superintendent's office. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy Supt. H. L. Guess will determine eligibility.

Prices for meals and milk for 1980-81 will be as follows: Lunch - regular price, .50c, adult price, .85c, reduced-price, .10c; breakfast - regular price, .25c, adult price, .45c, reduced-price, .10c; extra milk, .05c.

YOUTH NO LONGER YOUNG AT HEART

According to Dr. Glen Rogers of the University of Michigan, a national survey showed that people under the age of 30 are more likely than those who are older to describe their lots as "hard".

The study also found that persons under 30 feel more strongly than their elders that they are tied down, worried about life, especially financial difficulties, and concerned about having a nervous breakdown.

People over 65 years old, however, gave responses indicating more serenity and less worry in all of those categories.

These results contrast sharply with those of a similar survey conducted 20 years ago, which showed that young people were more likely than older ones to describe themselves as "very happy".

School Year Begins With 438 Enrolled

Classes are in "full swing" at Munday schools. Students and teachers alike are busy getting accustomed to their new schedules. Enrollment at the beginning of school was 438.

Enrollment totals by classes, announced by Douglas Myers, superintendent, are as follows:

ELEMENTARY
Early Childhood, 3; kindergarten, 38; first, 21; second, 36; third, 24; fourth, 29; fifth, 29. Elementary students total 180, compared with last year's number of 174, representing an increase of six students.

JUNIOR HIGH
Sixth, 40; seventh, 40; eighth, 29; totaling 109. Last year the Junior High total was 98. This shows an increase in this area of eleven students.

HIGH SCHOOL
Freshmen, 30; sophomores, 45; juniors, 34; seniors, 40; making a total of 149. Last year's total for high school was 174, showing a decrease of 25 students.

Mr. Myers stated, "We have several students who will be registering in the next few days that will increase this year's total some."

The combined total enrollment of 438 is seven students less than in the

beginning of the 1979-80 school term, which was 445. In 1976, school enrollment was 522, in 1977, 504, and in 1978, 470.

Water Authority Minutes

The board of directors of North Central Texas Municipal Water Authority met in regular session on Tuesday, August 12, 1980, at the Water Authority office in Munday.

Directors present were Willie B. Neighbours, Jack Beatty, Lee Bruce, Joe Clonts, Leon Burkham and Tom Watson. Directors absent were Clint Norman and R. C. Couch Jr. Others present in the meeting were Royce Adkins, Billy Harris and Pete Beecher.

In the absence of the Board President, Vice-president Joe Clonts presided. He called the meeting to order and asked for a reading of minutes from the previous meeting. There being no additions or corrections the minutes were approved as read.

The Board then reviewed the list of monthly bills. Approval was given that all bills be paid.

The Contract with the tax attorneys, McCreary &

Huey, was due to expire on August 28th. The attorneys had sent a proposed renewal of contract, under the same terms and conditions as their prior contract. The contract was for a two year agreement to expire on August 28, 1982. Mr. Burkham moved the Board renew the contract under the terms as written. A second was by Mr. Neighbours and the Board vote was unanimous in favor.

In a prior meeting the Board had requested the consulting engineers be contacted on the potential of increasing the reservoir capacity. A letter from the engineers stating a tertiary examination of the feasibility and cost had been made. Following discussions, the Board agreed to further study the feasibility and to have one of the engineers meet with the Board at a later date.

A budget was being prepared for the ensuing fiscal year beginning Octo-

ber 1st, and a request was made that a committee be appointed to review the budget before the next regular meeting. Mr. Clonts, Mr. Beatty, Mr. Couch and Mr. Bruce were appointed to review the budget at a meeting tentatively set for August 26th.

There being no further business before the Board, adjournment was at 9:29 p.m.

HAPPEN ON WEEKENDS

Weekends are the most dangerous driving period for Texans in terms of fatal accidents, according to DPS records. Night is much more dangerous than daylight; and the after-the-party hours are the most perilous of all. Friday, Saturday, and Sunday nights - 11 p.m. to 3 a.m. - produce more fatal accidents than any other time period.

Wheat Insurance Can Be Tailored To Needs

Recognizing that not all farmers have the same need for insurance protection, Federal Crop Insurance policies for 1981-crop wheat enable you to virtually "write your own insurance".

Jackie Harris, District Director of USDA's Federal Crop Insurance Corporation points out that Knox County wheat growers can select not only the yield level they want to be guaranteed, but also the amount of indemnity they want to be paid for each bushel a damaged crop falls short of the guaranteed production. The cost of the insurance depends on the amount of protection selected. In any case, Harris adds, the insurance premium is a fully tax-deductible business expense.

"With the flexibility that this year's policies provide, Harris notes that a wheat grower can insure up to the total investment in his crop or he can insure some portion of the total investment. Some producers, for example, may want to carry only enough insurance to cover specific expense items such as fertilizer and chemicals, or their mortgage

payments on land, or their current loan and interest obligations.

Depending on his financial circumstances, one farmer may choose a policy that combines a high yield guarantee with a relatively low indemnity payment for each bushel lost. Another may prefer a lower yield guarantee with a higher payment for each bushel of loss. Still another might choose a policy with both a high yield guarantee and a high indemnity payment.

"While it's obviously a

matter of getting what you pay for," says Harris, "it's also a matter of getting what you want." For more information on FCIC insurance for this year's wheat crop, including a no-obligation explanation of the various protection options, contact the local Knox County ASCS Office, 1101 E. Main Street, Knox City, Texas 79529, telephone 817-658-3537.

IN TOUCH

By DAN COX, MINISTER
CHURCH OF CHRIST

A child once quoted Mark 16:15 like this: "Go into all the world and preach the gospel to every 'Preacher.'" Although this is a humorous misquote, the truth seeps through. There is a great need for "converted preachers." The lost of the world are dependent upon those who will preach the word - correctly! Those who are lost, as well as some who feel saved, are ignorant that many false teachers exist. They can be "peddlers of God's word" (2 Cor. 2:17) or false prophets (Matt. 7:15).

Many of us have been deceived by those who insist that "doctrine" doesn't matter. Too many preachers today are compromising the truths in the Bible. The Scriptures insist there are truths which cannot be neglected nor compromised. "But for those who are factious and do not obey the truth, but obey wickedness, there will be wrath and fury" (Rom. 2:8). We need to define what is truth. "Sanctify them in the truth; thy word is truth" (John 17:17).

We should pray that God will open the eyes of preachers everywhere to the truth. Eyes need to be opened to the Scriptural necessity of baptism. The Bible insists that baptism is for the "remission of sins" (Acts 2:38), or to "wash away sins" (Acts 22:16). The proper mode of baptism should be stressed. Colossians 2:12 and Romans 6:4 describe baptism as a burial. The word baptism literally means to dip, plunge or immerse. Acts 8:36, 37 shows that baptism requires water. Therefore, we see that in view of the Scriptural evidence baptism is a burial in water is for the remission of sins.

Preachers should be preaching the truth about apostasy. "Take care, brethren,

lest there be in you an unbelieving heart, leading you to fall away from the living God" (Heb. 3:12). Many will stray away from the truth. It will require sound gospel preaching to keep us in line with God's desires and commands.

Many today preach that the church in non-essential to salvation. This is a non-truth that can be corrected with sound preaching. Jesus thought the church was important enough to build it (Matt. 16:18), purchase it with his blood (Acts 20:28), and die for it (Ephesians 5:25). The church is composed of the saved, according to Acts 2:47, and Ephesians 5:23.

If Jesus cared so much for the church, it is foolish to say that the church is non-essential. Another point to consider: Jesus did not coin the phrase "attend the church of your choice." In John 17:20, 21 Jesus prayed for unity of believers, to be one with Christ. I Corinthians 1:10 and Ephesians 4:4-6 both speak of oneness in the worshippers of God.

Time and space fail me to speak of the unscriptural organization of the church under elders and deacons, problems with using instrumental music in the worship, lack of necessity for miracles and healings, or other problems which must be set straight by sound doctrinal preaching.

Indeed, the gospel needs to be preached to every preacher. You can't depend on preachers alone. You are warned in the Bible that false preachers exist (2 Peter 2:1-22). You are instructed to test them! Read Acts 17:11 and I John 4:1. It is the responsibility of every preacher to preach the truth, but it is also the responsibility of the hearer to check what is preached. Have you heard the truth?

Kids In Big Country Area Can Visit Kaleidoscope

Like Peter Pan's Never-Never Land, Kaleidoscope USA is an adventure for children only.

Kaleidoscope is coming to Abilene to visit children on September 10-19.

This adventure is a participatory arts program for children developed and presented by Hallmark Cards. In an hour's time, a child can compose a song on a musical computer, play a steel drum to an accompanying calypso tune, or draw and punch out his own jigsaw puzzle.

Abilene Fine Arts Museum is responsible for providing a facility to house the exhibit and securing the 125 volunteers needed to assist the children during the Kaleidoscope USA sessions.

Kaleidoscope USA will be open to school and civic groups Wednesday, September 10 through Friday, September 19 at the Mall of Abilene.

Designed for children 6 to 12 years of age, it will be open on the weekend to the public on a limited admis-

sion, first-come-first-served basis. The hour-long programs are scheduled from 9 a.m. til noon and 1 p.m. til 5 p.m. Saturday and from 1 p.m. til 5 p.m. Sunday.

Kaleidoscope USA can accommodate 50 children per session. There is no admission charge for tickets, which are available 30 minutes before each session. Sessions begin on the hour.

Kaleidoscope was conceived and created at the suggestion of Donald J. Hall, president of Hallmark Cards, after he saw a children's participatory art show in the late 1960s. Hallmark design teams expanded the concept into a traveling art exhibit workshop.

of the year." The entertainment spectacular, broadcast live from Del Webb's Hotel Sahara in Las Vegas, will be seen this year in the Big Country, starting at 8:00 p.m., Sunday, August 31, and ending at 5:30 p.m., Monday, September 1.

The annual 21 1/2 - hour marathon to benefit the Muscular Dystrophy Association (MDA) will again feature comedy, music, and dance by some of the biggest names in show business, in addition to reports on the progress being made in the fight against neuromuscular disease. For the eighth consecutive year Ed McMahon will back up Jerry as anchorman.

Telethon '80, the 15th Labor Day Telethon to benefit MDA's research and

medical service programs, will be carried by over 200 stations in the continental U. S., Alaska, Hawaii and Puerto Rico.

Last year's Telethon produced a record pledge total of over \$30 million, and Jerry Lewis predicts that this year's show will do even better. He says, "Our Labor Day Telethon is a love-in. It's an outpouring of concern and generosity unparalleled in any other American fund-raising

event. Young and old alike, people join together in a unified effort to help 'my kids.' Their faith and support give me the confidence to say we will win the fight against muscular dystrophy one day very soon."

LOCAL SOFTBALL TEAM PLACES 4th

Jessie Andrade, manager of the Lady Bugs softball team, is extremely proud of his players. They entered a tournament at Abilene this past weekend and were the only small town team participating.

The Lady Bugs played 4 games, against some very tough competitors. They won 2 of the games and received a 4th place trophy for their efforts.

MRS. BRUCE THOMAS BERNARDINI
...nee Doyle Inez Johnson

Bernardini, Johnson Wed In San Antonio Ceremony

Doyle Inez Johnson and Bruce Thomas Bernardini, both of San Antonio, were united in marriage on Saturday, July 26, 1980, at three o'clock in the afternoon, at the Margarite B. Parker Chapel at Trinity University in San Antonio. Rev. William Campbell of Houston, performed the ceremony.

Parents of the bride are Mr. and Mrs. Doyle D. Johnson of San Antonio and Mexico. Lt. Co. (ret.) and Mrs. Albert Bernardini, also of San Antonio, are parents of the groom. Mr. and Mrs. W. B. Johnson of Munday, are grandparents of the bride.

Given in marriage by her father, the bride wore a white cathedral gown designed by Jena, of imported reembodyed alencon lace with a Queen Anne collar and bishop sleeves. The bodice was a collage of applied lace and seed pearls. The gown was trimmed with silk Venetian lace and flowed into a cathedral train. The bride's cathedral veil was hand-made of alencon lace using three separate veils, a blusher, fingertip veil with lace trimmed edge, applied lace and an illusion veil with rolled edge. All three were attached to a wide band cap of alencon lace and seed pearls.

The bride wore her mother's wedding garters. She wore the wedding band that her grandmother, the late Mrs. Eva Cain of Haskell, received at her wedding in 1912. The bride also carried a fan in her

bouquet of white roses, orchids and daisies, belonging to her great grandmother, the late Mrs. Willie Johnson of Munday. She had a sixpence from England, in her shoe. The bride wore earrings and a necklace of opals and emeralds.

Laurie Davis of Houston, was matron of honor. Bridesmaids were Debra Davis of San Antonio and Laurel Thompson of Jacksboro, cousin of the bride. Attendants' dresses were of apricot color, accented with white daisies. They each carried a bouquet of roses of apricot color and white daisies.

Gary Bernardini, brother of the groom, of Dallas, served as best man. Serving as groomsmen were Robert Bernardini, brother of the groom, of Farmers Branch, and Ron Wilkins of Denton. Flower girls were Alethen Star Johnson and Becky Bernardini, nieces of the bride and groom. They carried baskets of apricot roses and white daisies.

Ushers were Dennis Johnson and Mark Johnson of Houston, brothers of the bride. Helen Beauchamp of Arlington, aunt of the bride, was soloist. Organist was Dr. Pryron of San Antonio. The bride's mother chose an aqua colored floor length gown and wore baby breath and white orchids in her hair. The groom's mother wore a long gown of dusty rose and her corsage was a white orchid.

Following the ceremony, a reception was held at the Northern Hills Country

Club. The bride's table was laid with a white lace cloth with candelabras of apricot roses and white daisies. Silver punch bowls were at each end of the table with the three tiered wedding cake in the center. The wedding cake was cut by the bride and groom with a silver antique knife from England.

The groom's table was covered with a gold cloth used at the bride's grandparents golden anniversary, the late Mr. and Mrs. J. Cain of Haskell. The cloth was also used at the golden anniversary of Mr. and Mrs. W. B. Johnson.

Serving in the houseparty were Liz Ann Johnson and Michelle Johnson of Houston, sisters-in-law of the bride; Amelia Dunlap of Jacksboro, Betty Gober of San Antonio, and Rachal Sue Beauchamp of Arlington, all cousins of the bride; and Martha Bernardini of Farmers Branch, sister-in-law of the groom.

The groom and friends provided musical entertainment during the reception.

Out of town guests included: Eve Caine-Touche, Colorado Springs, Colo.; Mr. and Mrs. Earls Wiseman of Sonora; Mr. and Mrs. R. L. Cain, Jacksboro; Mr. and Mrs. Jack Ellison of Pasadena; Mr. and Mrs. Jimmy Woodfin, La Porte; Mr. and Mrs. Randy Naal, Holly and Michale, Houston; Mr. and Mrs. David Thompkins of Houston; Mr. and Mrs. W. R. Sellers of Wichita Falls; Mr. and Mrs. D. K. Beauchamp, Arlington; Stacy and Holly of Jacksboro; Wendal and Brenda Thomson, Jacksboro.

Congratulatory telegrams were received by the couple from friends in various parts of the United States and also from England.

The couple will reside in Denton.

It's A Boy!

Mr. and Mrs. Mike Sloan are happy to announce the birth of their son, Dustin Kyle. He was born at 10:34 a.m. on Monday, August 18, 1980, in Haskell Memorial Hospital. He weighed eight pounds, one and one-half ounce and was twenty-two inches long.

Paternal grandparents are Mr. and Mrs. Harold Sloan of Merkel. Also of Merkel are his maternal grandparents, Mr. and Mrs. Paul Hudman.

Great-grandparents are Mr. and Mrs. Troy Sloan and Mr. and Mrs. Otis Foster, all of Merkel, and Mr. and Mrs. H. P. Hudman of Abilene.

Mr. and Mrs. Buddy Cypert, Cody and Jacy spent several days visiting the Larry Holdermans in Hico and Pat Steward in Ranger.

THE ADOLESCENT BETWIXT & BETWEEN

Adolescents are at a curious stage in life. Neither a child nor an adult, each adolescent has some characteristics of both life stages.

Adolescents are gradually moving away from adult guidance toward self-guidance.

They are developing a more concrete set of values and are experimenting with ideas, behavior and relationships.

A high school student wrote the following thoughts:

I am growing, world. I am reaching, touching, and searching and testing and finding new things. New and frightening things. I'm just growing, world, just now. I'm not tall, I'm not strong,

I'm not right. I'm just trying to be. I'm a person. I am me. Let me test, let me try, let me reach. Let me fly.

Push me out of my nest, but not too fast. There is much I don't know. There are things that I want - don't hide me from the sight of the world. Give me room, give me time. There are things I must change and there are things I am not frightened to try. Let me tumble and spring, let me go, let me be. Wait and see, I am growing, world. Water me with the wisdom of your tears.

Adolescents are betwixt and between childhood and adulthood. It is not an easy time of life for adolescents or their parents, but it can be a wonderful time of life, so enjoy it!

Rex Allen Returns Sept. 6 To Aid Rehab Round-Up

When cowboy movie star Rex Allen said "I do" to the idea of an annual West Texas telethon to help the handicapped, it was almost like a marriage made in heaven.

The veteran of the silver screen soon became the public spokesman for the West Texas Rehabilitation Center and its subsidiary, the annual Cattlemen's Round-Up for Crippled Children.

Rex Allen is returning to the land of "his roots" on Sept. 6th when the 21st annual Cattlemen's Round-Up for Crippled Children Kick-Off Barbecue debuts near San Angelo.

"My daddy grew up at Robert Lee and until he died he always talked about the good life around San Angelo", commented Allen. "I am looking forward to coming down on the Concho River."

WTRC executive director Shelley V. Smith went to San Antonio about 20 years ago while Allen was performing at the fat stock show rodeo and they talked about the Rehab Center. From that meeting the telethon was born and the CRCC program enhanced.

"Rex Allen is our national

honorary chairman for the Cattlemen's Round-Up," said Smith. "He talks the cowman's language."

CRCC directors, area and county chairmen, and livestock donors from across West Texas have been invited to the evening with Rex Allen at the Hollihan Acres, one mile east of Mertzon on Highway 67. The CRCC Kick-Off event is hosted by Jerry Stokes, the Handy Packing Company, and Hollihan Friends.

Mrs. Redder Dies Tuesday

Mrs. Emma Redder, of Rhineland, died at 8:50 a.m. Tuesday, August 26, 1980, in the Knox County Hospital. Funeral services for Mrs. Redder were incomplete at press time. A complete obituary will follow in The Courier next week.
