## Halloween Carnival Set For Tuesday Night

The seventh annual Community Halloween Carnival will be held on Tuesday, October 28, in Munday Elementary School gym. Activities will begin at 6:30 p.m. and last until 9:30 p.m.

This is family styled entertainment and all ages

will find enjoyment. Preschoolers should be accompanied by a parent or guardian. Whether you are a "kid" of four or well over that mark, plan now to attend.

Once again a Variety Show is planned which is always a favorite of all ages. Another popular feature is the House of Horrors and is guaranteed to produce some screams. Other attractions include ball toss, cake walk, fishing pond, spider shoot, milk bottle throw, spinning wheel, and animal walk.

A concession stand will be provided for you to purchase all the "goodies" necessary to complete a good time.

This activity is sponsored by Munday Chamber of Commerce and Agriculture. Proceeds will be channeled into various community projects.

## The Old Timepiece

MOVE IT BACK AN  
HOUR NEXT SUNDAY!

This is a chore a majority of people enjoy - that of moving the old clock back one hour (to "sensible" time) on the last Sunday in October. Falling back in the fall is more enjoyable, generally, than springing forward in the spring!

If you're a stickler for being "official", then you must awaken next Sunday morning at 2 a.m. and move your clocks back to 1 a.m. To be realistic, however, it's best to run the old timepiece back an hour when retiring Saturday night, then enjoy sleeping that extra hour on Sunday morning.

We'll then be on Central Standard Time, instead of Central Daylight Savings Time.

We're supposed to have saved enough daylight to last us until next Spring, when we'll begin getting up an hour earlier again!

## Burnett, Waggoner Win Local Handicap Tourney

Bobby Burnett and Marion Waggoner, who paired off in the all-member handicap tourney held last Saturday and Sunday, and were winners of first place with a combined score of 117.

Second place winners were Keith Offutt and Oscar Cypert, with 124; third place went to Troy Nuckols and

## FFA Fruit Sales Time Is Here

The local chapter of the Future Farmers of America began their annual fruit sale on Oct. 21 and it will continue through Nov. 14. The profit from this sale will be used for chapter activities.

The FFA Chapter, consisting of 67 members, will conduct a city-wide solicitation. The fruit will arrive in Munday the first part of December by refrigerated truck directly from the Rio Grande Valley of Texas. The members will deliver the fruit to each purchaser's home. Anyone wishing more information please contact an FFA member.

## Weather

For seven days ending at 5 p.m. October 20, 1980, as compiled by Goodson Sellers, U. S. Weather Observer.

TEMPERATURES	
DATE	HIGH LOW
Oct. 14	88 50
Oct. 15	86 68
Oct. 16	80 56
Oct. 17	79 55
Oct. 18	80 57
Oct. 19	75 44
Oct. 20	70 43
Rainfall to date	21.43 in.
Rainfall this week	.25 in.

## It's Melon 'Seed' Harvest Time On Partridge Farm Near Munday

People in the Munday area have enjoyed the flavor of seedless watermelons for a number of years and in fact, take pride in the melons being grown in this farming community.

During the last week and a half, another type of harvest has been in progress having to do with melon-seed harvesting. These

hybrid seed are being reaped from melons grown on the H. H. Partridge farm, Dr. O. J. Eigsti, the "father" of the seedless melon and his associate, Robert Weaver, carry on the harvesting procedure after workers gather the melons from the field. Mrs. Eigsti is here with her husband and brother and is obviously an asset to the men. Another brother of Mrs. Eigsti, Joseph Weaver, is also an associate in the business known as American Seedless Watermelon Seed Corporation, located in Goshen, Indiana.

Mr. Partridge has forty acres of seed melons to harvest and Dr. Eigsti and Mr. Weaver will harvest an additional eighty acres in Indiana. Mr. Partridge has raised melons for seed since 1976. As people in this area know, he grows the seedless melon too. He has increased his acreage in melons for seed as the demand has increased.

Normally a seed yield of ten pounds per acre is produced. A dry year such as we have experienced has also been experienced in Indiana and may lessen the yield to some degree.

These seed melons are actually "parent" melons for the seedless variety. Planted together, these two specific parent melons, very carefully chosen, produce the hybrid seed necessary to grow the seedless fruit. When these hybrid seeds are planted, a limited number of "seedy melons" are also planted so pollination will occur and produce the marvelous "all heart" melon we in this community have loved from the first delicious bite.

People in this part of the country observe cotton strippers, combines, potato diggers and module builders and count them "common". It may be however, that few of us have observed a "melon crusher, scrubber or dryer" in action. These machines were designed by Dr. Eigsti and built to harvest melon seed.

## Goree Plans Dinner On Sunday

E. B. Hosea, superintendent of Goree Schools, announced that a barbecue dinner will be held in the Goree School cafeteria on Sunday, October 25. Serving time is from 11:30 a.m. to 1:30 p.m. Proceeds will be given to Munday Area United Fund.

Meats and beans for the dinner will be cooked by Curley Awalt. Ladies of the Goree school cafeteria staff will prepare the rest of the food.

The menu planned is ham, sausage, brisket, beans, potato salad, slaw, homemade rolls, cobbler and cake.

Tickets are available at First National Bank and the Munday Chamber of Commerce office and from E. B. Hosea in Goree. Tickets are \$3.50 for adults and \$2.50 for children twelve years of age and under.

All area people are invited to attend this dinner and help the United Fund reach its goal.

DR. O. J. EIGSTI is pictured above with a sample of seedless melon picked only minutes before. Dr. Eigsti, the "father" of the seedless melon is in the Munday area this week harvesting melon seed from the H. H. Partridge farm.

## Quannah Humbles Moguls In Decisive 41-12 Score

Four quick touchdowns by the visiting Quannah Indians stunned the fighting Munday Moguls last Friday night and led the way to a 41 to 12 victory for the Indians.

These scores came on turnovers, three of which were in the first quarter of this initial District 7-AA game for each team. A fourth score in the second quarter left the Moguls smarting under a one-sided 28-0 score at the half.

After these disappointing setbacks, the Moguls continued to put up a fight, holding the Indians to a scoreless second and third period, then adding 12 points of their own and giving up 13 more to the Indians in the fourth period.

Overall, the Moguls lost three fumbles and had three passes intercepted. Their record for the year is now 3-2-1. The Indians now stand at 5-1 and are ranked eighth in the state in the Harris Rating System.

The first Mogul fumble, in the opening quarter, led to a Quannah score on a 15-yard run by Adam Barker. Lantony Wallace intercepted a Mogul pass and returned it 60 yards for another Quannah touchdown.

Another first quarter fumble by the Moguls led to a 35-yard pass from Zachery Choat to Wallace for a score. These two players connected later in the first period on an 83-yard pass-run play.

The Moguls opened the third quarter with dogged determination. Both teams were scoreless in this period. At one point the Indians were on the 4-yard line with first down, and the Moguls held them solid.

In the fourth quarter, Choat hit Bridges for a nine-yard Indian touchdown pass. Following the kickoff, Lawrence Collier received the ball and furnished Mogul fans with a thriller, when he scampered 87 yards for a touchdown.

When Munday received the ball again, Keith Melton intercepted a pass for Quannah and returned it nine yards for the final Indian score.

After working the ball inside the 10, Randy Routon hit Kevin Smith on a nine-yard touchdown pass for Munday's final score.

Statistics were more impressive than the score; however, it's the score that always counts!

### COACH LOWREY COMMENTS

You can make mistakes against an average team early in the game and overcome them, but with a good team like Quannah it is awfully difficult.

After the first quarter which was a nightmare of fumbles and pass interceptions, the game was played on a fairly even basis. I believe the Moguls were well prepared for the ball game mentally and physically, but it is very difficult to come back from a first quarter 28-0 deficit.

I can't give our boys enough credit for the type of character they displayed in the game against Quannah. It would have been very easy to quit when down 28-0 in the first quarter but we came back in the second quarter and had a tremendous goal line stand and held Quannah on first and goal from the two yard line.

We came on the field in the second half determined to play the best we could and scored twice in this period of play. Our opponents scored twice. I really don't feel the score gave a true indication of how hard the game was played.

The coaching staff and

## Moguls Face Paducah There Friday

This Friday night the Munday Moguls travel to Paducah Dragon country. Thus far, Paducah has experienced a 4-2 season. They have defeated Chillicothe, Rochester, Spur and Norte Dame, and lost to Motley County and Crowell.

Coach Jerry Lowrey commented, "Paducah is a much stronger team than they were last year.

"Paducah runs from a wish bone formation on offense and runs a number of different defenses which will cause a lot of problems for the Mogul offensive line-men."

Coach Lowrey stated that the Moguls are determined to go up to Paducah and break their two game losing streak.

Kenny Phillips of Dallas, visited Mr. and Mrs. Murray Phillips on Saturday while his mother, Naomi Phillips, visited her mother, Mrs. Sam Hampton, in Seymour.

players are all somewhat frustrated though not with each other. We are going to vent these frustrations on Paducah Friday night.

STATISTICS

## Two Houses Burn At Same Time

Munday volunteer firemen answered a fire call at 1:30 a.m. on Tuesday. A vacant farm house approximately one mile west of Munday was seen in flames by City policeman Gene Nix who alerted the fire department by telephone.

As the firemen approached the blazing structure they noticed another fire south of Dr. Stewart's Animal Hospital. The fire was another vacant farm house. Firemen from Knox City aided the Munday firemen in distinguishing the fires.

Fire Chief Ray Lynn Hardin expressed concern in regards to the fires. He and the other firemen feel these fires were purposely set, and Knox County Sheriff's Department is investigating.

## The Swans Move To Munday

Larry and Nancy Swan moved to Munday last week from Kingston, Oklahoma. Larry is the new minister for the local Church of Christ, Dan Cox, former minister, and his wife, Pam, moved to Stamford recently.

Reared in Crowell, Larry is a 1974 graduate of Lubbock Christian College. He preached for the Church of Christ in Crowell three years before going to Kingston. He was minister at the Church of Christ in Kingston until he accepted the work in Munday.

The Swans have a three year old son named Corey.

## United Fund In Full Swing

The Munday Area United Fund Drive for 1981 is now in full swing. Several workers have completed their contacts and approximately \$823 has been raised so far.

Moulton Wiggins, drive chairman, stated, "We are off to a great start. Let's keep up the good work. The drive will conclude October 31, and we want to be over the top of our goal of \$6,525."

Mr. Wiggins urges the volunteers to make their contacts as soon as possible.

## Halloween Carnival Set At Benjamin

The Benjamin School will hold their annual Halloween Carnival on Saturday, October 25, beginning at 6 p.m.

There will be booths sponsored by each class. Included in the variety of activities planned are cake walk, a food booth, and all kinds of games with prizes awarded.

A special program and coronation will be presented following the carnival.

The Benjamin folks invite all area people to attend the carnival.

THE KICKOFF COFFEE for the 1981 United Fund Drive was held at 10 a.m. on Wednesday, October 15. Several of the volunteers who attended the coffee are pictured above as they receive details on the campaign from drive chairman, M. L. Wiggins.

(Continued From Page 1)  
**MELLON SEED**

exceeding 100 degrees. This drying time is approximately four hours, depending on the volume of seeds being dried and the humidity.

At the dry stage the seed naturally turns a lighter shade with the moisture removed. When the experts deem the seed dry, the bits of rind and pulp left are so brittle they break when pressed beneath the finger and thumb.

The seed are sacked at this point, ready for their ride to the Goshen plant. There the bits of rind and small white seeds are divided from the hybrid seed as any chaff would be. Germination tests are made and the seeds are prepared for shipment to the various outlets. These receivers have ordered in April and their requests are filled in November.

Seed catalogs have marketed seed for the seedless watermelon since 1955, with Joseph Harris Seed Co. of Rochester, N. Y. being the genesis of such a market. Other seed companies offering the seeds to the home gardener are George Park Seed Co., Greenwood, So. Carolina; W. Atlee Burpee

Seed Co., Warminster, Penn.; Abbott and Cobb, Feasterville, Penn.; Gurnee Seed Co., Yorkston, S. D.; Earl May Co., and Henry Field Seed Co., both of Shanadoah, Iowa. Southern California has possibly the highest production of seedless melons in the nation. Winter crops of the melons are being planted in Old Mexico.

Yes, the seedless melon has definitely become a part of the melon lover's diet. It is no stranger to Munday and neither is Dr. Eigsti. He has been making trips to Munday since 1970, when he first introduced it here. Articles in the local paper, reported experimentation here on several farms near Munday. They told of the discovery by Dr. Eigsti in 1937 of the chemical, Colchicine, which is necessary to double the chromosome number, necessary to produce the seedless melon. Since this discovery, Dr. Eigsti's research has centered around the watermelon.

Dr. Eigsti co-authored a book with Professor Pierre Dustin Jr. of the University of Brussels in Belgium, entitled "Colchicine". Dr. Eigsti retired as professor of Botany and Genetics at Chicago State University in 1976. He now resides in Indiana.

This learned man has accomplished much in the field of education and research and yet on this given day of "seed harvesting" he was found dressed in coveralls and a bright orange cap, displaying a friendly smile as he did his chores at the scrubber and dryer. After a visit with his wife and Mr. Weaver, one came away thinking, "What delightful people!"

Chad Curry of Lubbock is staying with his grandparents, Mr. and Mrs. Bob Jarvis, while his mother, Connie Curry, is ill. She is in room 300 in Methodist Hospital in Lubbock.

## 8th Grade and JV Lose To Quanah; 7th Grade Wins

THIS WEEK'S GAME HERE WITH PADUCAH

Munday seventh grade, eighth grade, and Junior Varsity team battled Quanah for the second time this season. The games last week were played at Quanah.

The seventh grade team racked up a win of 8-6. Quanah defeated the 8th grade boys 20-14 and the Munday JV team was beaten 16-6.

**COMMENTS FROM COACH DENNIS 7th GRADE GAME**

We saw more improvement in our boys than Quanah showed from playing them earlier in the year. This proved to be the margin difference in the game. The Braves brought their scoring in during the third quarter. Our defense showed up real good and stopped Quanah on their two point try.

**8th GRADE GAME**

Our boys lost 20-14 but came from a 20-0 game at one point. Some key turnovers were the difference in the ball game. Two fumbles inside the 15 hurt the Braves.

One pass that possibly could have been caught right before half-time could have brought us a score. However, I felt real proud of the character of the kids coming back when the score board showed 20-0. Our two touchdowns came in the fourth quarter. One was the result of a pass play from Dent Offutt to Frankie Stinnett and the two point conversion failed.

We held them on defense and got possession of the ball again and moved some 50 yards. The next scoring drive was finalized by a pass from Dent Offutt to Terry Lowrey. The two point conversion was a pass from Dent Offutt to Robert Hemphill.

I felt we really didn't get

**ATTEND REUNION**

Attending the Johnson reunion held October 18 and 19 at the Community Center were:

Mrs. Iola Hudson, LaRue Patton, Perry and Walter, Mr. and Mrs. Wayne Iley, Mr. and Mrs. Richard Iley, Mr. and Mrs. Ivan Page, Mr. and Mrs. Wade Stevens and Bryan, Mr. Alan Stevens, Mr. and Mrs. Pink Haley, Mr. and Mrs. Rick Markewski and Emily Taylor;

Also Burl Johnson, Mr. and Mrs. Delbert Bauchamp and Rachel, Tommy Lynn Hunter, Tim Hunter, Penny and Eddie Bovemomn, Mr. and Mrs. Skip Lane, Kevin, Stuart and Mandi, Mr. and Mrs. Mike Lane and Michael, Mona Cook and her daughter, Ann Shelton, Mr. and Mrs. George Rowlett, Sibyl Chandler, Betty John Chandler, Ellis Johnson, Jimmie and Steve, Mr. and Mrs. Jim Sonders, Doris Walton;

Also Mr. and Mrs. Joe Lane, Mrs. E. Y. Johnson, Maurine Stevens, Mr. and Mrs. W. B. Johnson, Mr. and Mrs. Doris Dickerson, Billie Jo Dickerson, Mr. and Mrs. J. B. Reneau Sr., Charles Reneau, Mr. and Mrs. John Reneau Jr. and Robin, Jae Jae and Missy, Mr. and Mrs. Edwin Johnson.

\*\*\*\*\*

**LOCAL**

Mr. and Mrs. D. E. Whitworth spent an enjoyable weekend at Boerne visiting family and friends at the Whitworth family reunion.

\*\*\*\*\*

**COMPARING FERTILE AND NONFERTILE EGGS**

Which are best for you, fertile or nonfertile eggs?

"Actually, there's no difference between the two as far as nutrition is concerned," points out Dr. Dave Mellor, poultry marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Today there are essentially no fertile eggs sold as table eggs. Most producers remove roosters from hens producing table eggs due to possible blood ring development in fertile eggs.

Volunteer United Fund workers are now calling on Munday residents - please give generously.

beat - the time just ran out on us.

This week Paducah comes to see us and they have a big strong team, both 7th and 8th. As far as I know their 8th grade has only been defeated by Crowell.

Paducah's Jr. High is running a 5-2 defense and wish bone offense as the Dragon Varsity team runs. Game time is at 5:00 p.m. and we invite the Munday people to come to the games. We are looking forward to playing Paducah.

**JR. VARSITY COMMENTS**  
By COACH LANKFORD

We played well throughout the whole ball game. We moved the ball consistently but the distance was always too great and we turned the ball over too many times.

The boys played very good defense with the exception of one series of downs. The turning point of the game was a safety by Quanah when the Mogul center snapped the ball over the punter's head and out of the end zone. There was controversy over the official's call on this play.

Munday scored in the second quarter and led 6-0. Then Quanah came back after a Mogul fumble and tied the score. Toward the end of the third quarter, Quanah scored a safety and the next time they touched the ball, they drove for another touchdown. Their two point conversions were good and left the score at 16-6.

Quanah J. V. beat Paducah and we face Paducah here Thursday. We feel we have a very good chance to win the game.

## Make This A Safe Halloween

On Friday, October 31, children all over will be celebrating one of their favorite holidays, Halloween. This being so, scores of miniature "monsters" will scamper through the neighborhoods of Texas. For many of them, "trick or treat" may well turn into tragedy.

Major C. W. Bell, Regional Commander for the Texas Department of Public Safety, Lubbock, suggests that a few precautions on the part of the motorists and parents could prevent such disasters this Halloween.

If your children go trick or treating, one of the parents should go with them to insure their safety. If you buy or make your child a costume, it should be of white or light colored material so it can be easily

seen at night by motorists. You could also have your child carry a flashlight to serve as a warning to motorists and as an added safety measure on poorly lighted streets and children should be instructed to use sidewalks whenever possible and the motorists, on their part, should be especially careful when driving the neighborhood streets as many of the youngsters will be crossing the streets haphazardly as they go from house to house.

Major Bell also stated that because Halloween falls on a Friday there will be added traffic as most area high schools will be having a

football game. If the parents and motorists will join together and think of the children's safety, we can turn this potentially dangerous evening into a safe and enjoyable one.

**KWIK KAR WASH**

## Two Local WTU Employees Accredited Technicians

Frank Jackson, local West Texas Utilities manager and Marshall Benner, long time employee of WTU, have qualified as accredited technicians for the West Texas Utilities Company, an authorized Frigidaire dealer.

The announcement has been made by Manuel Gomez, Southwest Regional Service Manager for the Frigidaire Parts and Service Company, a division of White Consolidated Industries, Inc., based in Arlington, Texas.

Mr. Jackson has qualified annually for five years and is a master technician. Mr.

Benner is in his first year.

Frigidaire rates the technicians on strict standards, such as appearance and good work habits. To qualify, a technician must have a minimum of two years experience with a Frigidaire dealer servicing major appliances. He must also complete a Frigidaire designated service training program, including customer relations training. "Service technicians must demonstrate the highest standards of service excellence," Gomez said, "if they are to hold an accredited rating from Frigidaire."

## News From Leisure Lodge

By MRS. MILDRED HENDRIX

CLARENCE FETSCH, DIANA METCALF  
...will wed November 29

### Engagement Announced

Mr. and Mrs. Bill Metcalf of Tyler are announcing the engagement and approaching marriage of their daughter, Diana Carol, to Clarence Fetsch, son of Mr. and Mrs. Albert Fetsch of Munday.

Clarence is a graduate of Munday High School and is employed by Safeway Stores, Inc. in Tyler.

The couple will exchange wedding vows on Saturday, November 29, 1980 in a Tyler church.

JUDY BUFKIN, DAVID NIELL  
...to marry

### Engagement Announced

Mr. and Mrs. Bob Hamilton of Munday announce the engagement and approaching marriage of their daughter, Judy Kay Bufkin, to David Allen Niell, son of Mr. and Mrs. Melvin Niell of Seymour.

The wedding is planned for Tuesday, November 11, 1980 at six o'clock in the evening in the home of Mr. and Mrs. Wayne Bufkin, 611 W. Irving, Munday.

Judy is self-employed as a babysitter in Seymour. David is employed at Melvin Niell Trucking of Seymour.

Grace Smith of Goree visited her aunt, Kate Glasgow, last Sunday.

Mrs. Tom Bursey and Mrs. Moody Bursey of Crowell visited Mrs. Ida Horne and Mrs. Maude Baird on Monday.

Ina Scarborough and Mr. and Mrs. Curtis Seale of Goree visited Minnie Brooks and Maggie Gunn on Wednesday.

We extend our sympathy to the families of Florence Gaines and Mildred Warren. We loved these ladies, and will miss them.

Bill Goode of Seymour visited his mother, Dicie Goode.

Mrs. Helen Allen was here on Monday afternoon for the reading group. Everyone enjoyed this.

On Tuesday afternoon, Alta Bowden called bingo. Her partner, Ola Yost, was in the hospital, but Alta came on and everyone enjoyed the games and refreshments.

J. C. Watson of Goree visited his mother, Oma Watson.

Margie Allen of Goree visited her mother, Nettie Blankenship.

Everyone enjoyed the devotional that Pat Owens gave Tuesday morning. We are fortunate to have this lady take time out of a busy schedule to give us a devotional each week.

Mildred Hendrix is on vacation, and we appreciate Brenda Smith, Cindy Thompson and Jean Reneau for coming for game time Monday, Wednesday and Friday mornings. We all enjoy the games.

Bill and Norma Jean LaTuey of Crane visited Ida Lee Horne last Thursday.

On Tuesday afternoon, Betty Moore and Audrey Birkenfeld called bingo. Everyone won a nice prize, and all enjoyed the game.

Betty Jameson, Ruth Jameson and Rosemary Farley of Kerrville visited Mrs. Daisy Bates and Aunt Minnie Brooks, also Elizabeth Carnahan, recently.

Mr. and Mrs. C. L. Wood and Mr. and Mrs. Sam Wood

of Fort Worth, Mrs. Edna Jenkins of Cleburne and Mr. and Mrs. D. B. Myers visited Mrs. Ida Horne and Mrs. Maude Baird recently.

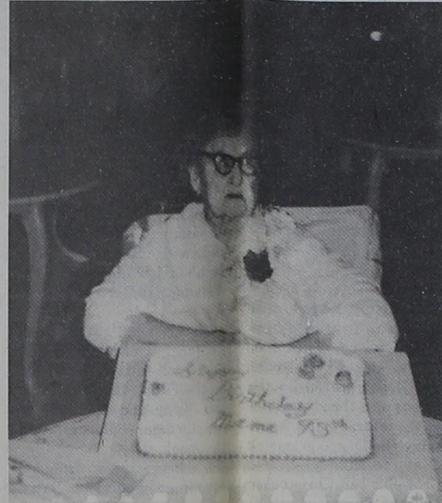

The Weinert Church of Christ held services for us Sunday afternoon, which everyone enjoyed.

Anna Homer went out with her daughter for church services and dinner last Saturday. She was visited Sunday by her grandchildren, Donna and Douglas Michalik of Lubbock.

Bro. Woolley, Ruby Myers, Docie Partridge held the Bible study Friday afternoon. Everyone enjoyed these services.

Ida Voss had a birthday

party on her 95th birthday on October 18 in Leisure Lodge. Children present were Joyce Hardin of Munday, Verlon and Maxine Voss of Stephenville, Joe and Leora Voss of Ranger, Cecil Voss of Wichita Falls, Reginald and Treasure Walling of Seymour, Mutt Stockton of O'Brien, Howard and Oleta Voss of Munday, Loyce, Sharon and Stacey Gage of Rockwall, Lyndon and Joyce Walling of Munday, Gerald and Dinna and Mandy Voss of Throckmorton and Pam Lewis and baby of Knox City. Cake and punch were served to all the family and residents and staff. Everyone had a good time.

MRS. IDA VOSS  
...95 Years Young

### Mrs. Voss Celebrates Birthday

Mrs. Ida Voss, a resident of Leisure Lodge in Munday, reached her 95th birthday on Sunday, October 19, 1980. A number of children, grandchildren and great grandchildren were present to honor her on this wonderful occasion with a party on Saturday evening, October 18.

Those attending were: Joe and Leona Voss, Graford; Cecil Voss, Wichita Falls; Verb and Maxine Voss, Stephenville; Mrs. Loyce Gage, Sharon and Stacy, Rockwall; Mr. and Mrs. Reginald Walling, Seymour; Gerald, Donna and Mandi Voss, Throckmorton;

Mrs. Leola Stockton, and granddaughters, Joni and Judi, O'Brien; Mrs. Pam Lewis and Justin, Knox City; Lendon and Joyce Walling, Joyce and Ray Lynn Hardin, and Howard and Oleta Voss, all of Munday.

### Senior Supper Planned

The Munday High School senior class is sponsoring a barbeque supper on Friday, October 31, from 5 p.m. to 7 p.m. in the High School cafeteria.

Tickets are available from any senior class member.

### HOMEMADE YEAST BREADS

Homemade yeast breads come alive before your eyes. The action of the yeast and the rising of the dough make breads seem alive - and indeed they are alive. Thousands of minute organisms feed on the ingredients and produce fermentation to produce a light texture of the final products.

**FLOUR**  
All-purpose flour is used in most home bread making. It is a combination of hard and soft wheat containing sufficient gluten to produce a light framework.

Bread flour is also available for home use. It gives a larger loaf but requires more kneading than regular flour.

**LIQUIDS**  
Milk, tap water and potato water are the commonly used liquids in breads. Milk adds to the nutritional value and may delay staling. Potato water may speed action of the yeast but tends to darken breads.

**YEAST**  
Active dry yeast and compressed yeast are commonly used. Compressed yeast is perishable and must be kept in the refrigerator.

Sour dough starters are gaining in popularity and do require more experience to use than commercially obtained yeast.

Yeast develops best at 80-85 degrees F. The "sponge" method of mixing may recommend higher

temperatures, but excessive temperatures may kill the yeast. Too little heat slows the yeast action. Beginners may wish to use a kitchen thermometer until they can judge the correct temperature.

If a drop of liquid placed on the inside of the wrist feels neither warm or cool, it is probably 80-85 degrees F.

**SUGAR**  
Sugar works with the yeast to form carbon dioxide gas causing the dough to rise and gives the crust a golden brown color.

If sugar is increased in a recipe, also increase the amount of yeast, because large amounts of sugar act as a preservative delaying action of the yeast.

**SALT**  
Salt flavors the bread and helps control the rate of rise. Too much salt delays action of the yeast. Salt can be omitted in breads if salt is restricted in the diet.

**FAT**  
Fat is not essential in breads, but it does improve flavor, volume and contributes to a tender crust and an attractive sheen.

**OTHER INGREDIENTS**  
Other ingredients can be added to improve breads. Eggs increase food value, flavor and richness of the bread. They help produce a fine, delicate texture and a golden brown crust. For an open grain and thick crust, egg whites and water are used. Fruits, nuts, spices and cheeses add flavor and variety.

### Local Scouts Attend Camp At Quanah

Twelve boy scouts from Troop 11 in Munday and two adults, Charlie Cooks, leader and Boyd Baker, attended the Scout Camporee near Quanah on Saturday and Sunday.

The scouts entered into a number of planned activities and brought home first place in the rope pull. They slept in tents and cooked their own food. Mr. Baker brought a devotional on Sunday morning from the book of Ecclesiastes.

Mr. and Mrs. Douglas Myers attended the funeral of their son-in-law's father, Arnold Parchman, in Lorenzo on Thursday.

### "ONE STEP" IN MEMORY OF AGNES

In the early morning hours just before the break of day an Angel called from heaven and Agnes went away.

She will be lonely without her but I'll hold my grief at bay for she is with her God in heaven and just one step away.

One step is all we have to take one step and nothing more and we will be with Agnes once again in her beautiful golden shore.

Mildred Knippling, Nurse

## Vera Happenings

By MRS. THELMA COULSTON

Weekend visitors with Mr. and Mrs. George McKinney were his nephews, Mr. and Mrs. Donnie McKinney and family of Plainview and Mr. and Mrs. Braxton McKinney and children of Hale Center.

Mr. and Mrs. Gary Jernigan of Seminole spent Saturday night with his aunt, Mrs. Carlo Kuchan.

Mr. and Mrs. Clyde Beck and Russell were Saturday visitors with Mr. and Mrs. Edward Marek and Gregory in Wichita Falls.

Lee Wayne Feemster and sons, Randy and Edward, of Abilene visited his mother, Mrs. Glenn Feemster on Sunday.

Mr. and Mrs. Dalton Gore returned home Friday from a few days stay in the home of a daughter, Mr. and Mrs. Butch Young and family, in Grand Prairie.

Weekend guests of Mr. and Mrs. Hollis Gore were their daughter, Sandy, and friend, Craig Davidson, of Canyon.

Mrs. Finis Bratcher and daughter, Shannon, of Bowie visited Sunday with Flo's sister, Mr. and Mrs. Claudell Bratcher.

Mr. and Mrs. Clifford Boone and John of Iran visited her sister, Mrs. Carlo Kuchan, Monday and Tuesday.

Stephanie Crooks of Seymour enjoyed a birthday party in the home of her grandmother, Mrs. Jerrell Trainham, Saturday afternoon. Attending were Mitzi Sturgeon, Raquel Smjstrala, Kim Gilstrap, Kari Coltharp, Shannon Ponder, Randi Warren, Shannon blankenship of Seymour and Minka Trainham.

Annette Parham and a friend, Tonya, students at Texas Tech University in Lubbock, were recent visitors with Annette's grandparents, Mr. and Mrs. K. B. Ritchie.

Visiting Mrs. Sabra Rice last Sunday were a sister, Mrs. Arthur Ferrell, and son, Mr. and Mrs. Dick Layfield of Justin, Texas.

Weston Parris is a patient in Seymour Hospital following a fall at his home recently.

Mr. and Mrs. Anson Ray and a grandson, Chris Hamilton, of Amarillo visited Mr. and Mrs. K. B.

Ritchie on Saturday. K. B. and Nina were in Wichita Falls Sunday where they attended services at the Salem Primitive Baptist Church.

### Knox Retired Teachers To Meet Oct. 28

Knox County Retired Teachers will meet in the Knox City Club building at 2:30 p.m. on Tuesday, October 28.

Mrs. Eurus Reid and Mrs. Maurysse Stone are in charge of the forthcoming program.

This group meets the last Tuesday of each month and invites all ex-teachers or retired teachers in this county to attend these meetings.

### Menyard Smith, Longtime Area Farmer, Dies Sunday

Menyard Smith, 70, well known area farmer for many years, passed away at 3:30 a.m. Sunday in General Hospital in Wichita Falls, following lung surgery which was performed some two weeks earlier. He had been in failing health for several years.

He was born May 30, 1910, in Comanche County, and moved from Rule to the Munday area in 1930. He retired from farming several years ago and moved into Munday.

He was married to Lucille Yates on October 9, 1936, in Munday. He was a member of the Goree Baptist Church.

Funeral services were held at 3 p.m. Monday from the First Baptist Church in Munday, with Rev. Bennie Hagen and Rev. Tom Robertson officiating.

Burial was in Johnson Memorial Cemetery under direction of McCauley-Smith Funeral Home. Serving as pallbearers were Reinhard Redder, Bobby Owens, Spike Bryan, T. J. Trainham, Pete Beecher and Burns Ray.

Surviving him are his wife, Lucille, of the home; a daughter, Mrs. Jeanette Anslley of Anson; five

### Goree Co-Op Receives Sales Achievement

Pioneer Hi-Bred International, Inc., recently honored Goree Producers Co-op Ass'n. of Goree for both outstanding sales achievement in 1980 and for 15 years service as a dealer for Pioneer brand seeds.

To acknowledge their accomplishments, Goree Producers Co-op Ass'n. was presented a specially designed Silver Dollar Award and a service award plaque.

The president of the Southwestern Division of Pioneer, Jim Lindsey, announced this year's award recipients and said that all the award winners should be proud of their achievement.

"Our dealers, just like our extensive research program, are a very important part of Pioneer. We appreciate the work Goree Producers Co-op Ass'n. has done, and know the farmers around Goree do, too," Lindsey stated.

sisters, Mrs. Elaine Gulley and Mrs. Ruth Griffith, both of Munday, Mrs. Frances Ridgewater of Hurst, Mrs. Mildred Habid of Corpus Christi and Mrs. Elizabeth Bodiford of Springtown; a brother, A. L. (Cotton) Smith of Munday; two grandchildren and one great-grandchild.

### LOOK WHO'S HERE!

Larry and Rhonda Hanks of Wheeler, Texas are happy to announce the birth of a daughter.

Little Miss Summer Brooke made her arrival at 4:25 p.m. on Friday, October 10, 1980 at Community Hospital, Elk City, Oklahoma. She weighed seven pounds and eight ounces and was 20 inches long.

Summer has one brother, Dustin, who is seven years old.

Her maternal grandparents are Mr. and Mrs. Vernis Lambeth of Goree.

The Courier has Eaton stationary in stock.
