Odd Bits Salvaged
By The Editor

"There's a blizzard coming on. How I'm wishing I wuz home."

We heard that song dedicated the morning of our coldest cold spell around January 10, and wondered how many people were caught in that predicament.

Naturally, there were a number of them—but we were happy to be hovering near the home fire-side. We think sometimes that the cold weather doesn't interfere with travelling so much these days, what with the good heaters on autos, etc., so long as there's no falling weather and icy roads.

Then, too, we get to thinking: "What if we should have a flat tire?" Naturally, a fellow would get uncomfortable changing a tire in the type of weather we've had the past two week ends. So we were contented to enjoy the comforts of home.

We felt kinda like Billy Cybert, who said the other day: "I sure was glad to hear that heater shut itself off Sunday, after running continuously since Friday night."

We'll all have something to fuss about, come February 1, rather than income taxes, high taxes, and such. We'll also have a high gas bill, or we miss our guess. Still, it's much better than having to get up on a frigid morning build a fire in an old wood or coal stove. We used to do that, you know—or are you too young to remember?

Noticed in Monday's paper where the legislators down at Austin were going to meet and talk about money. We're way ahead of them—we've been talking about it, and we've heard some friends talking about the scarcity of it, for some time, now.

What would your town be like without its bank and newspaper? A group of people not too far away was propounded with this question not long ago.

People of New York City are beginning to learn what it is to be without a newspaper, we suppose. For 45 days now, printers have been on strike on nine major newspapers in that metropolis. As one comedian stated a few nights ago, "For all the latest news from New York, just turn through any Philadelphia newspaper."

Longshoremen are on strike all along the eastern seaboard. We were told just Monday that wholesalers in Houston can look out their office windows and see a ship in the bay containing their merchandise; yet, they can't get the goods unloaded. Strikes don't just only effect the area of the strikes—they effect the economy of the nation.

We've never questioned the right of a worker to quit his job if the wages, or conditions, are unsatisfactory to him. But it's a sad day for everyone when he can quit and then prevent someone who is willing to work and needs to work from taking the job.

But it appears to be so with "big business." By the time a man satisfies the various taxing units, state and federal governments, labor unions, etc., the word "manager" becomes sort of meaningless to him.

County Agent Joe Doby is urging all farmers in Knox County to have their soils tested to determine their fertility. "Your soil is a living thing," he says, "and, like animals, it can be weak or strong. Soils, like men, differ in their ability to accomplish things."

A soil test, he explains, is the best way to make poor, but potentially productive, soils rich in plant nutrients. Such soils produce high crops at a low unit cost of production.

The soil testing program for Knox County received its kickoff on Wednesday at the annual Farm and Ranch Day here in Munday. For some two weeks, now, the emphasis will be on having your soil tested.

A soil test can save you money because it tells you: How much and what plant nutrients you have in your soil, what kind of fertilizer you need, how much you need, and where you need it. It appears to be a very worthwhile program.

Active Year Is Reported By PCA

STAMFORD—An active year in 1962, with one of its highest loan volumes on record, was reported by an official of the Stamford Production Credit Association in a year-end report of the agricultural financing institution, released this week.

Further increases in credit needs during 1963 were also foreseen in the association's eight-county area of West Texas.

"Our loan volume at the end of 1962 was nearly \$1,000,000 above the end of 1961. This increase is partially due to short crops in the territory and partially due to an increase in the overall credit demand, General Manager J. L. Hill Jr., said in his report.

Moisture conditions are excellent in the association's territory, he said, but small grains have received some damage from the recent extremely cold weather.

The insect damage to cotton has been heavy in the past year. The extent of this damage in 1963 is unpredictable, but otherwise, our general agricultural outlook is good," Hill stated, adding that ample loan funds will be available to qualified farmers and ranchers.

The Stamford Production Credit Association had a total loan volume of \$9,085,340 in 1962, compared to a 1961 total of \$8,355,118. The association's assets total \$6,112,825, and net worth is \$1,253,825.

The association is owned and operated in its entirety by 1,118 farmer and rancher stockholders in Dickens, Haskell, Jones, Kent, King, Knox, Shackelford and Stonevalley counties. "We have but one reason for our existence," Hill explained, "and that is to provide dependable agricultural credit in our area at the lowest possible cost."

Since its organization in January 1934, the association has provided more than \$120,000,000 (Continued on Last Page)

Take Tax Refunds In Savings Bonds

If you're in line for a refund on your 1962 Federal income tax return, County Savings Bonds Chairman W. E. Braly has a word for you. Two words, in fact—Buy Bonds.

This year for the first time, Mr. Braly points out, Uncle Sam is making it possible for you to take your refund in Series E Savings Bonds by the simple expedient of putting an "X" in the appropriate box on the tax form. Last year some 40 million taxpayers received cash refunds on their taxes. Judging from samplings of opinion, a lot of them would have preferred to get their money in Savings Bonds if they had a chance. Bond Chairman Braly, who is president of the First National Bank in Munday, wants to make sure any of them who live in Knox County know they now have that chance.

The way the bond option works is simple: The Treasury will issue the smallest possible number of E Bonds of the largest possible denominations to cover the amount of the refund. If there's anything left over, a check will be written for the balance. The one complication comes if the cash balance from one to 99 cents, since the check-issuing apparatus can't handle anything less than a dollar. Details are given in the instructions.

What about joint returns? Mr. Braly gave the answer to that one, too. "John and Mary Smith" on the tax return becomes "John or Mary Smith" on the bond registration, making them co-owners.

Some 250 or 300 Lions and their ladies are expected to participate in the annual conference and cabinet meeting to be held at the student union building of Hardin-Simmons University in Abilene next Saturday.

District Governor P. E. "Pete" Shotwell heads up the district, which covers 22 counties and consisting of 51 clubs and 2,700 members. While Lions are conducting their business, the ladies will be entertained at a luncheon, style show and other diversions directed by Mrs. Shotwell and her committees.

Jim M. Cherry of Columbia, S. C., international director, will be principal speaker at the evening banquet. Attending from Munday will be Mr. and Mrs. Paul Pendleton, Mr. and Mrs. Goodson Sellers and Mr. and Mrs. Charles Baker.

Governor John Connally proclaims February 16-23 FFA Week in Texas. L-R: Jerry Clark, president, Texas FFA Association, Governor John Connally, and Clemon Montgomery, executive secretary, Texas FFA.

Miss Karen Johnson Is Selected As Candidate for Homemaker of Tomorrow

Karen Johnson is Homemaker of Tomorrow for the Munday school in the 1963 Betty Crocker Search for the American Homemaker of Tomorrow. Having achieved the highest score in a knowledge and attitude test given senior girls December 4, she now is eligible, along with winners in other state high schools, for the title of state Homemaker of Tomorrow.

The state Homemaker of Tomorrow is awarded a \$1,500 scholarship by General Mills, sponsor of the program. The runner-up receives a \$500 scholarship. The school of each state Homemaker of Tomorrow is awarded a complete set of Encyclopaedia Britannica.

The state Homemaker of Tomorrow, accompanied by her school advisor, also will join with other state winners in an expense-paid educational tour of New York City, Washington, D. C., and Colonial Williamsburg, Va., next spring. During the tour, the 1963 All-American Homemaker of Tomorrow and national runner-up will be named. The Betty Crocker All-American Homemaker of Tomorrow will have her scholarship raised to \$5,000, with second, third and fourth place winners being awarded scholarships of \$4,000, \$3,000, and \$2,000, respectively.

Basis for selection of local and state winners is a test prepared and scored by Science Research Associates, Chicago. Personal observation and interviews are added factors in determining national winners.

The 1963 Betty Crocker Search reached another all-time high in enrollment, with 410,466 girls in 12,964 schools participating. In the program's nine years, nearly three million girls have been enrolled.

Karen is very active in her school activities. This year she holds the following offices: president of the Chorus, president of the Mogulenes, secretary-treasurer of the Senior Class, and second vice president of the Munday Future Homemakers of America.

Mrs. B. R. Winchester, Home-making Teacher, sponsored the 1963 Betty Crocker Search for the American Homemaker of Tomorrow in the Munday High School.

Ernest Machen, operator of the Texaco Service Station, said he needed about a month's vacation, anyway, so he'll be rested up for operating a new station.

Work of demolishing the Texaco station was started Tuesday, with demolition crews making quick work of this job.

A completely new and modern station will be constructed on the site and will be completed as soon as possible.

There are two things in this income tax business that are important. First, it is important to know where you are going. For example, it is important to determine how much tax you owe before you sell your home or make a business move.

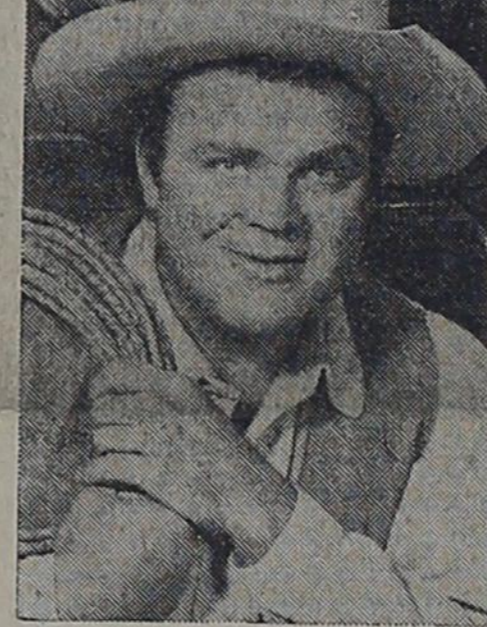

It is equally important to know where you have been. Keeping a record of your business helps every taxpayer when it comes income tax filing time.

BROTHER OF LOCAL RESIDENT DIES

Jack Dean, brother of M. H. Dean, of Munday, passed away at his home in Fort Worth Tuesday night suffering from cancer. Mr. Dean had been gravely ill the past two months. Mrs. Clarice Mitchell and Mrs. Billy Mitchell attended market in Dallas the first of this week.

Blocker Named Texan Of Year

Dan Blocker, above, a really "big" man, will receive the Texas Press Association's 1963 "Texan of the Year" award next Saturday evening at the mid-winter meeting in San Antonio.

Blocker, known on TV as Hoss Cartwright, was born in Bowie County, Texas, on December 10, 1929. He grew up in the Texas Panhandle and received his education in Texas.

Weighing 14 pounds at birth, he pulled the scales to 105 pounds by the time he entered grade school. He became known among his friends as "The Big'n." At age 10 he worked alongside grown men at grain elevators and could whip any of the local toughs, regardless of age.

He attended Texas Military Institute at San Antonio, Hardin-Simmons University in Abilene, then Sul Ross State College at Alpine on a football scholarship. Selection of the "Texan of the Year" is made from nominations by Texas editors and publishers.

Fireman Answer 2 Alarms This Week

Members of the Munday Fire Department answered two alarms during the past week, according to M. M. Booe, member of the department.

One call was at 1 a.m. Saturday, when cotton trailers at the Paymaster Gin at Weintert caught fire. Only minor damage was done.

At 2 p.m. Tuesday, firemen were called to extinguish a grass fire in the northeast part of town which was threatening a residence.

Worthy Matron To Visit O.E.S. Chapter

A called meeting of the Munday chapter, Order of Eastern Star, will be held at 7:30 p.m. Tuesday, January 29, at the Masonic hall.

The purpose of this meeting is for the official visit of the Deputy Grand Matron. All members are urged to attend.

UNDERGOES SURGERY

Jean Knutson, principal of Munday High School, underwent emergency appendectomy at the Hendrick Memorial Hospital in Abilene last Sunday morning. He is reported to be recuperating nicely.

Soil Testing Program Getting Under Way; Samples Of All Farms Are Urged

The soil fertility committee, John Crownover, Chairman, met recently and drew up plans for a soil testing campaign in Knox County. The dates for the drive are Jan. 23 to Feb. 6. The goal is to obtain a soil sample from every farm in the county that has not had one recently.

Members of the Committee are Leon Burkham and Fuller Shannon, Knox City; James Smith, M. L. Wiggins, Munday; Orville Burgess, Gilliland; Lester Hickman, Truscott and Charlie Groves, Benjamin.

The drive was officially opened at the Farm and Ranch Day in Munday, Wednesday, January 23. The Commissioner's Court is furnishing a pickup to take the collected samples to Seymour.

Receiving stations will be set up over the county to supply

farmers with soil sample boxes, information sheets and soil probes. The samples can be taken back to these same stations and they will be picked up and hauled to Seymour.

The Vocational Agriculture Chapters at Benjamin, Knox City, Munday and Goree are cooperating in the drive. The FFA boys will be glad to help you with taking the samples or returning them to the stations.

Gardeners and flower growers are urged to take samples also. The only difference between a sample from a garden or yard than a field is a different form to be filled out. These can be obtained at the stations also.

After the samples are delivered to the soil laboratory at Seymour, it will take 10 days to two weeks to complete the testing. Each person sending in a sample will receive the results back by mail within three weeks.

The stations are located at the following places: Munday—Knox Prairie Seeds, Farmer's Coop Gin; Knox City—ASCS Office, B. & C. Chemical; Benjamin—County Agent's Office, FFA Shop; Truscott—Lester Hickman Elevator; Gilliland—Gin; Goree—Gin, FFA Shop; Rhineland—Gin; Vera—General Store.

Mrs. Hughes, 82 Knox City Woman Dies At Merkel

Mrs. Annie Hughes, 82, of Knox City, passed away at 2:45 p.m. Saturday at a Merkel rest home, where she had been a patient for about a year.

The former Annie Lackey, she was born in 1881 in Jones County and married L. E. Hughes in Stamford in July, 1898.

Funeral services were held from the First Baptist Church in Knox City at 2 p.m. Monday with the pastor, Rev. Tony Longval, officiating. Burial was in Knox City Cemetery.

Survivors include one daughter, Mrs. Helen Robbins of San Francisco, Calif.; two sons, L. L. Hughes of Wichita Falls, and L. E. Hughes of 1873 Elmwood Dr. in Abilene; her mother, Mrs. C. W. Pulley, 96, of Knox City; one grandson, and two great-grandchildren.

Baptist Men's Day To Feature Lay Speakers

Baptist Men's Day will be observed on Sunday, January 27, at the First Baptist Church in Munday, with laymen speaking at all services.

An early morning breakfast will be held at 7:30 o'clock for the men. F. D. Emerson of O'Brien, president of the Haskell-Knox Associational Brotherhood, will be speaker for the breakfast. Mr. Emerson has been invited to the evangelistic crusade in Japan.

Dr. W. H. Stewart will be in charge of the morning service and will introduce Dewayne Harper of Goldthwaite, who will bring the morning message. Mr. Harper has also been invited to participate in the evangelistic crusade in Japan in April.

Edward Smith will be in charge of the evening service and will introduce Tommie B. Harper, local lay speaker, who will bring the evening message.

A good many local men will also participate in the program, including a men's choir at both services, a male quartet at the morning service, and short talks by some of the laymen.

Rev. John Street, pastor, extends a cordial invitation to everyone to attend these services.

Former Editor Dies In Florida

Roy Ruff, a former editor of the Munday Times and cousin of Press Phillips of Munday, passed away last Thursday in Coral Gables, Fla. Burial was in Troup, Texas, on Saturday.

Mr. Ruff, who was 80 years of age, had suffered from leukemia for the past two years. He served as editor of the Munday Times around 1906, old timers recall.

RETURN TO MUNDAY

Mr. and Mrs. Garon Tidwell and children moved here over the week end from Odessa to make their home here. Garon has been working as a chemist for an oil company in Odessa. He taught school in Lubbock before moving to Odessa. He will be engaged in farming but is substitute teacher for Mr. Knutson in the Munday School this week. The Tidwells have two children. A son, Gary, who started in the first grade this year and Linda Gail who is three years old.

C. of C. Membership Drive Opens Monday

The annual Chamber of Commerce membership drive will begin on Monday, January 28, and end February 2, it was announced this week. Letters are being mailed each member concerning the drive, and the membership committee will make personal contacts during the week.

Each member will be asked to fill out a short questionnaire and have on hand for the committee member.

A program of work will be set up at the beginning of the new fiscal year, at which time the budget for the coming year will be made.

"If the Chamber of Commerce programs are to be planned effectively in efforts to promote the economic growth of Munday, it will be necessary to have the support and cooperation of every citizen," the officers stated. "Everyone is urged to take part in this all-out effort to contribute to the needs of the community and to assist in making suggestions you feel are important to its growth."

Serving on the committee are: Charles Baker, chairman; Hugh Beatty, J. C. Harpham and Bobby Hutchinson, with other members assisting.

Munday Boy, 10 Dies At Olney

Tony Sosa, 10, son of Mr. and Mrs. Blaz Sosa of Munday, passed away at 7:30 p.m. Monday in Olney, where he had been hospitalized after becoming ill while passing through the town.

His parents were taking him to Dallas, where he was scheduled to receive a medical checkup.

He was born in Seymour on February 11, 1952, and had lived in Munday all his life. He was a third grade student in the Munday schools.

Funeral services were held at 9:30 a.m. Wednesday from the Santa Rosa Catholic Church in Knox City with Father Gerrardi, pastor, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Survivors include his parents; three sisters, Gloria, Martha, and Rosa, all of the home; two brothers, Joe and Albert, both of the home; paternal grandparents, Mr. and Mrs. Martin Sosa of Munday; maternal grandparents, Mr. and Mrs. Pomfilo Reyna of Austin.

Moguls Lose To Paducah; Girls Win In Overtime Game

The Munday Moguls dropped a hard fought basketball game, 52 to 41, to the Paducah Dragons here Tuesday night. It was a District 11-A contest.

Paducah is now 1-2 in the loop, while Munday is 0-3. Allen Greer led Paducah with 20 points, and Pete Alcalá sank 23 for Munday.

The Munday girls emerged victors, 38 to 36, in a game which went overtime, as the teams were tied at the end of regulation play. Pat Penick was high with 34 points. Paula Rogers and Letha Gibbs each had 13 for Paducah.

A CAUSE OF UNEMPLOYMENT

During November there was a sudden, substantial and unexpected increase in unemployment among teen-agers. Some 150,000 of them started looking for jobs, according to press reports. This was a puzzle to the Department of Labor, which instigated an investigation into the reasons.

One reason, which is given much less blame for such developments than it deserves, is the present federal wage-hour law.

Over the years, the minimum wage has been steadily increased. The number and classifications of workers covered have been steadily broadened. Regulation has been imposed upon regulation. The invariable result has been a decline in job opportunities for the unskilled and the beginner.

This is particularly notable in certain service industries. Retailing is a prime example. By the nature of the business, it can employ, often on a part-time, week-end and after-school basis, considerable numbers of people whose productive value is small. The employment provides them with an opportunity to develop skills and experience which will qualify them for better jobs later. But if law-imposed costs of such employment become excessively high, the stores will pare it to the limit. And then the opportunity to learn is lost.

No one can say with certainty how much of the rise in teen-age unemployment this winter was due to the cause. But there can be small doubt that it was an important factor.

TRAGIC FAILURE

This modern world provides the best example in recorded history of the ancient saying that, "that government is best which governs least."

The "most governed" nations are in the communist bloc. These are the nations that threaten not only the peace of the world but the very existence of mankind. The masses of their people certainly are not warmongers. They, like peoples everywhere, want peace, happiness, a good life. But, living under an all-powerful government, they have nothing to say about what is to happen. A power drunk dictator need only order a button pushed and Armageddon comes.

And the sins of big government certainly are

not confined to the dictatorships. In our own country, as in England and other free nations, big government has saddled us with a debt of almost unimaginable size along with cruel taxes. We cannot blame all this on past, present and possible future wars, whether hot or cold. The Welfare State philosophy, which holds that government should be all things to all men, and should exercise more and more control over our lives and destiny while providing a dubious cradle to the grave security, must bear much of the blame.

The people by endorsing more and more government encroachment on their lives and activities, steadily restrict their opportunities as free men.

DIETS AND NONSENSE

A great deal of nonsense has been making the rounds concerning diet. And it is dangerous nonsense too.

The faddists say, for example, that we should avoid meat or some other primary food. This, in the vast majority of cases, is totally at variance with what nutritional authorities have learned through research and experiment over a great many years. For instance, the American Medical Association points out that there are four basics to a nutritionally balanced meal. These are: Milk and dairy products; vegetables and fruits; meat, fowl, fish or eggs; bread and cereals.

It is of course true that some people, suffering from various ailments require specialized diets. But these should be followed only under a physician's direction. The great majority, whatever their age, require a balanced meal of the kind the AMA describes. Meat, to mention it again, is a primary source of protein, and is generally essential to both physical and mental vigor and alertness.

The point is a simple one. Don't unwittingly, starve yourself to death—which is what a fad diet can do.

Transportation excise taxes of more than \$10 billion will have been paid out by U. S. passengers and shippers by midnight of November 15, when most of these taxes end.

Farm Facts

The 1962 honey crop set a new record and it was produced by fewer colonies of bees, the U. S. Department of Agriculture reports. There were some 5,480,000 colonies, about 1% fewer colonies than were on hand in 1961.

Honey production, estimated at 274,814,000 pounds for 1962, was slightly more than the previous record crop in 1961 and 12% more than the 1956-60 average output.

Production per colony averaged 50.1 pounds, compared with 49.7 for 1961 and with an average of 45.5 pounds for the 1956-60 period.

The 10 leading honey-producing states in 1962 (in order of production) were: California, Minnesota, Florida, Texas, Wisconsin, Ohio, New York, Iowa, Indiana, and Illinois. These states accounted for 57% of the crop.

California had a good flow of honey from orange, safflower, and buckwheat crops. In Florida an excellent nectar

There are nearly 5 1/2 million bee colonies in the U.S.

flow was produced from citrus and tupelo blossoms. A very good yield was obtained from alfalfa, goldenrod, and basswood in western New York. Domestic consumption of honey averages about 20 million gallons a year.

Notes From Knox Farms, Ranches

By Joe W. Doby, Knox County Agent

ANSWERS TO QUESTIONS ON SOIL TESTING

What is a Soil Test?

It is a scientific method for determining the fertility needs of a particular area. A sample of soil representing a particular farm field is analyzed by chemical means to determine the soil reaction (pH), organic matter, phosphorus, potassium, calcium and soluble salts. The results of this soil analysis are used to recommend lime and fertilizer in amounts necessary to produce economical crop yields.

Why Make Soil Tests?

Why should you check the oil in your car or truck? To determine whether oil is needed. A soil test is the fertility gauge for your farm. It tells you these important things: (1) How much and what major plant nutrients you have in your soil; (2) How much fertilizer and lime you need for profitable production; and (3) Where you need it.

How to Take Samples

A soil test is as accurate as the sample sent to the soil testing laboratory. Therefore, it is very important that a representative soil sample be made.

1. Take a separate sample from each uniform area of soil.
2. Take at least 10-15 samplings scattered over the field for each sample being taken.
3. Taking the sample—each sampling should be about plow depth (5 to 7 inches deep) and placed in a clean bucket or some other clean container. All of the samplings of the field being tested should be thoroughly mixed and a portion placed in a soil bag.

4. Tools to use—any tool that will take a thin vertical slice of soil about 6" deep is suitable—a shade, soil tube or soil auger will do the job.

5. Information sheet—fill out the information sheet giving past cropping history, previous liming and fertilization and type of crops to be grown on fields tested, as well as other information requested. The soil testing laboratories must have this information to make accurate lime and fertilizer recommendations.

Where Do I Send It?

The soil sample and the filled out information sheet may be brought to one of the stations listed in this issue. It will be taken to Seymour to be analyzed at the Soil Testing Laboratory.

Soil Test Bags and Information Sheets

These can be obtained at the county agent's office or the receiving stations at no cost.

When Should Samples Be Taken?

A soil sample can be taken any time of the year. The soil sample should be sent to the soil testing laboratories at least one month before planting time of the crop to be grown. This will allow suf-

ficient time to obtain the results of the soil test and to purchase any necessary lime and fertilizer before planting.

For Spring plantings, take samples in November, December, January and February. For fall plantings, take samples in June, July and August.

How Accurate Is Soil Testing?

If the soil sample sent in is truly representative of the farm field, the lime and fertilizer recommendation will correct any soil deficiencies of the nutrients tested. Following the soil test, lime and fertilizer recommendations should result in economical crop yields.

What Is The Cost?

There is a charge of \$2.00 for each sample analyzed. This fee must accompany the information sheet sent in with the sample.

CARD OF THANKS

I want to thank all my friends and neighbors for the nice cards and letters, flowers and prayers during my stay in the hospital and the nurses for being so nice and kind to me and my neighbors for the fine dinner served me and my family the day I came home. God bless you all.
 Mrs. A. T. Parks 11p

LOCALS

Glen Amerson left last Sunday for Dallas where he will be employed.

Mr. and Mrs. H. D. Henson and their daughter, Mrs. Billy Joe Pruitt, and granddaughters, Judy and Debbie, all of Wichita Falls visited Mr. and Mrs. Glen D. Henson and sons in McCamey during the week end.

Jerry Bowden of N. T. S. U. in Denton came in last Tuesday to spend the between semester holidays with his parents, Mr. and Mrs. Levi Bowden.

Jerry Jetton of N. T. S. U. in Denton came in Wednesday to spend the between semester holidays with his parents, Mr. and Mrs. Ed Jetton.

Mr. and Mrs. Herby Peek visited Mr. and Mrs. A. P. Moore in Seymour last Sunday.

Miss Joanna Partridge of T. W. U. in Denton came in Wednesday to spend the between semester holidays with her parents, Mr. and Mrs. Harold Partridge, and other relatives and friends.

Mrs. Ritchie Smith of Stamford visited her parents, Mr. and Mrs. C. J. Albus, last Tuesday.

Mr. and Mrs. L. H. Jackson of Vernon visited Mr. and Mrs. C. V. Williams last Friday.

Don Whitworth of Odessa and Richard Whitworth of Lubbock spent the week end with their parents, Mr. and Mrs. D. E. Whitworth.

Mrs. Bobby Hutchinson, Mrs. Lester Hutchinson and Mrs. Alvin Hines and children were visitors in Abilene last Monday.

Tony Hobert of Texas Tech in Lubbock was a guest of his parents, Mr. and Mrs. Chalmer Hobert, over the week end.

 ZENA H. WALDRON, County Clerk
 L. A. PARKER, County Judge
 * Overdrawn

FREE Soil Sample Bags FREE

We have available for your use a supply of "Soil Sample Bags" to be used in taking your soil samples for soil tests. These are small, wax lined, paper bags which you can put your soil samples in to take to the County Extension Office for testing.

Instructions for taking the soil sample are printed on the bags, and there is a place for you to write your name and other information on them.

The County Extension Office reports that it takes a minimum of 10 days for them to complete a soil test, and longer if they are rushed as they usually are just prior to planting time. Soil samples should be taken to them as soon as possible so that they will have time to make the tests before you are ready to apply the fertilizer.

There is no charge for these bags, and we would be happy for you to come in and get some of them for your needs.

Auctions Support Screwworm Program

The livestock auction markets of Texas are throwing their full support behind the financially-strained Southwest Screwworm Eradication Program by collecting and contributing funds to the project this month.

Most of the auction participation will come to a climax during the period of January 21-26 which has been designated as S-O-S Week or Stamp-Out-Screwworms Week in Texas. Many of the more than 175 livestock auctions in Texas will turn part of their commissions on sales for that week over to the Southwest Animal Health Research Foundation, which represents the livestock producers in the program. The markets will also assist in collecting funds from individual producers.

Participation in the fund raising drive by auction markets is an outgrowth of the October resolution of the board of directors of the Texas Livestock Auction Association wherein support for the program was pledged.

The Foundation recently announced that the eradication program might have to be terminated if additional funds were not collected. At least half of the estimated \$12 million cost for the three-year program must be borne by non-federal sources.

Miss Patte Patterson of Cisco Junior College visited her mother, Mrs. Vera Patterson, Dicke and Kim, over the week end.

Mr. and Mrs. Ed Bell of Livingston, N. M., visited her mother, Mrs. Kate Browning, last Sunday.

Mr. and Mrs. J. B. Scott and Mr. and Mrs. Rhiney Redder visited Mr. and Mrs. Ray Snyder and Paula in Wichita Falls last Saturday.

Everything piles up handsomely in a Chevy II including savings

Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way

this one goes and goes on a gallon. They grow with brakes that adjust themselves. An exhaust system that lasts longer. And a Delco generator that keeps battery reserve power up. Want to hear more? How about a low price, natty interiors, Body by Fisher craftsmanship—and a talk with your Chevrolet dealer soon!

Knox Prairie Philosopher Warns Newspaper Strike Should Be Ended Before It Becomes Embarrassing

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek takes an odd view this week, which we are printing only in the interest of freedom of the press.

Dear editor:
I have a ticklish subject to discuss this week, as you will see when you read a little further.
As I understand it, New York City has been without any newspapers for over a month now due to a strike, and it is my opinion the thing ought to be settled quickly before it's too late.
The reason it ought to be settled is that if it's not, those New York publishers may find themselves in the same boat with us farmers—they may find there were too many in the first place.
Understand, I'm not saying the nine dailies in New York aren't needed, still at the same time, the last thing a newspaper wants to do is to give its readers an opportunity to get along without it. A newspaper is a valuable asset to a town, not see many good towns without one, but it's a truth that should be hammered away at constantly, not put to a month-long newspaper-less test just to find out. It's sort of like a man with a good job in a big company. He's needed all right, he earns his salary, but it's not a good idea to take off for six months to prove how essential he is. The firm might survive without him.
Farmers know they're essential if the country is to keep eating, but you aren't going to catch me shutting down this Johnson grass farm to put the thing to a test.
By the way, to change the subject, did you know that Mr. Khrushchev is now wearing shirts with French cuff links and has his son-in-law on the government payroll? And that Castro is still smoking long cigars and eating well, regardless of how the rest of the Cubans are making out?

Mr. and Mrs. Wallace Moorhouse, and family of Dallas visited his parents, Mr. and Mrs. H. P. Decker, over the week end.
Mrs. Margaret Hensley and Jacqueline of Sherman and Mr. and Mrs. C. A. Womble and sons of Plainview were week end guests of their grandmother, Mrs. A. E. Womble, and Mr. and Mrs. Joe Bailey King.
Mr. Frank Scott have been in the Seymour hospital last week. Rev. Johnson of Haskell visit friends here Sunday after attending his church in Goree. Let us all pray that God's will be done.

Mr. and Mrs. Donald Decker and family of Dallas visited his parents, Mr. and Mrs. H. P. Decker, over the week end.
Mrs. Margaret Hensley and Jacqueline of Sherman and Mr. and Mrs. C. A. Womble and sons of Plainview were week end guests of their grandmother, Mrs. A. E. Womble, and Mr. and Mrs. Joe Bailey King.
Mr. Frank Scott have been in the Seymour hospital last week. Rev. Johnson of Haskell visit friends here Sunday after attending his church in Goree. Let us all pray that God's will be done.

Mr. and Mrs. Herbert Taber and son, Michael, of Comanche and Dolan Taber of Cisco Junior College visited their parents, Mr. and Mrs. Artie L. Taber, over the week end.

Mr. and Mrs. Charles Pruitt and Carol of Dimmitt visited her sister and husband, Mr. and Mrs. Troy Moore, and other relatives over the week end.

Miss Donna Kay Partridge of Texas University in Austin spent the between semester holidays with her parents, Mr. and Mrs. Herbert Partridge.

Mrs. Bob Brown and Sandy attended the funeral of Novis Rodgers in Snyder last Sunday. Mr. Rodgers was the father of Sandy's roommate at Texas Tech in Lubbock.

Mr. and Mrs. Jim Welch visited relatives in Vernon last Sunday.

George Salem and Joe Choucair attended market in Dallas the first of this week.

Mr. and Mrs. Ralph Watkins, Rene and Paul, of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. W. E. Reynolds.

Sied Waheed attended market in Dallas the first of this week.

Miss Ann Moorhouse of Amarillo Junior College spent the week end with her parents, Mr.

and Mrs. Wallace Moorhouse.
Mr. and Mrs. Donald Decker and family of Dallas visited his parents, Mr. and Mrs. H. P. Decker, over the week end.
Mrs. Margaret Hensley and Jacqueline of Sherman and Mr. and Mrs. C. A. Womble and sons of Plainview were week end guests of their grandmother, Mrs. A. E. Womble, and Mr. and Mrs. Joe Bailey King.
Mr. Frank Scott have been in the Seymour hospital last week. Rev. Johnson of Haskell visit friends here Sunday after attending his church in Goree. Let us all pray that God's will be done.

Activities of The Colored People

By Fannie Mae Johnson
Sunday School was well attended at all churches Sunday. Service was poorly attended on account of the weather.
Mrs. Georgia Mae Toliver is on the sick list.
Mrs. Annie Williams is some better. Yet she is poorly. May have to go to the hospital any day.
M. J. Johnson of Wichita Falls visit here Sunday.
Mr. and Mrs. Willie Lee Scott of Knox City visit her parents, Mr. and Mrs. Willie Toliver, on the week end.
Rev. George Wilson was not here Sunday on account of the bad weather but we all are looking forward to his coming this week.
West Beulah is yet asking the membership to continue to show their cooperation in doing their

NOTE OF APPRECIATION
I take this means of expressing my sincere appreciation to members of the Munday Volunteer Fire Department for their valuable work in helping extinguish the fire at the Paymaster Gin in Weinert. Many thanks to you for braving the cold weather to render your aid.

In agricultural credit. Loan funds are received through the sale of bonds on the nation's commercial money market.

Serving on the Stamford PCA's board of directors are President C. G. Burson of Haskell, Vice President J. F. McCulloch of Stamford, Lasater Hensley of Guthrie, J. C. Moorhouse of Benjamin and Mack T. Claburn of Anson.

Offices are operated in Stamford, Anson, Haskell, Munday and Spur. Office personnel includes General Manager Hill, Assistant Managers J. R. Gleaton and R. C. Cobb, Accountant Joe Hanson and Clerk Mrs. Estelle Moritz, all of the Stamford central office.

Also Field Representative Royce L. Williams and Assistant Mrs. Allie Belle Smith of Haskell; Field Representative Bill L. Glenn and Assistant Mrs. Juanita Hagins of Spur; Field Representative Clint J. Norman and Assistant Mrs. Altha Edgar of Munday and Field Representative Sam C. Ferguson Jr. and Assistant Mrs. Juanita Womack of Anson.

Since their organization in 1933 and 1934, the 37 Production Credit Associations in Texas has loaned more than \$3 billion to farmers and ranchers throughout the state's 254 counties.

Rhineland School News

Supt. George Petrus has announced the following students have made the A honor roll for the mid term: Suzan Kuehler, Verna Bellinghausen, Judy and Carol Bruggeman. Making the B honor roll were Janice Kuehler, Sharon Birkenfeld and Marion Kuehler.

Eight proud students are now wearing their R. H. S. jackets. Those lettering are: Seniors, Marion Kuehler; juniors, Charles Decker and Gene Brown; sophomores, Janice and Suzan Kuehler, Judy Bruggeman, Dorothy Edrington and Billy Fetsch.

The Rhineland teams will host their 6th district basketball game Friday night against the Goree teams.—Suzan Kuehler and Carol Bruggeman, reporters.

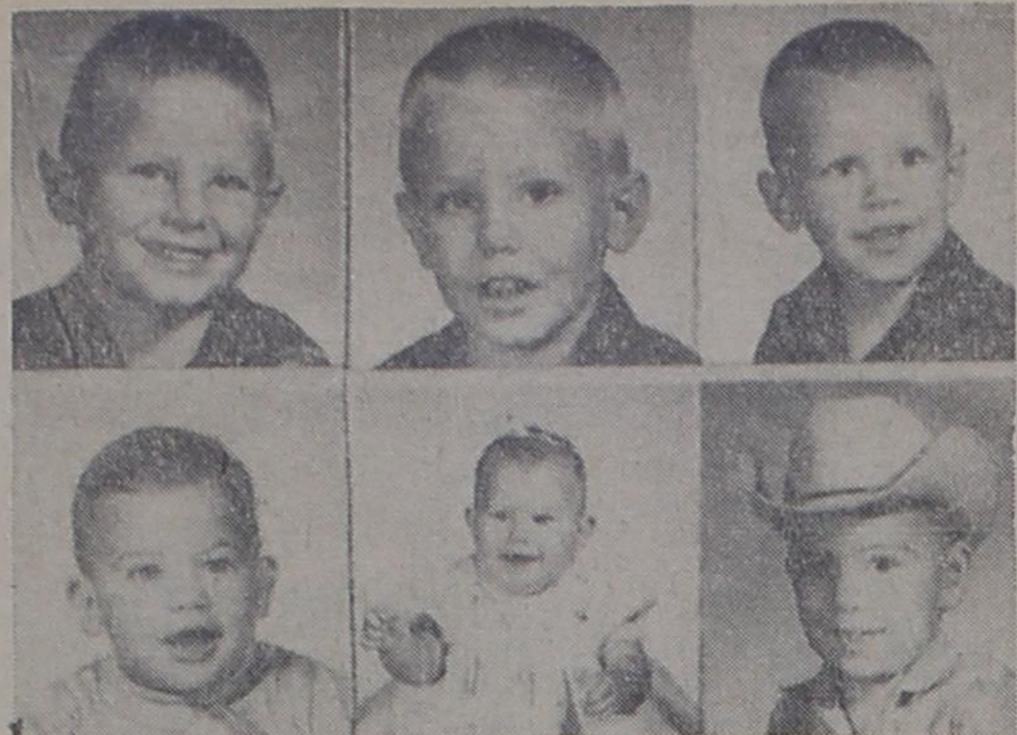

LOCALS

Mrs. Addie Hopper of Norman, Okla., is spending this week with her sister, Mrs. Tennie Suggs.

Mrs. Ardell Spelce and Kenneth returned home last Tuesday from a visit with relatives in Dallas. Mrs. Tennie Suggs accompanied them to Arlington and visited her son, Cecil Suggs, and family.

Mr. and Mrs. C. C. Jones and Mrs. Mattie Mae Couch were business visitors last Thursday. They also visited Clyde Hendrix, Jr., and Mrs. C. N. Smith at the Bethania Hospital.

J. L. Hunter of Texas Tech in Lubbock spent the week end with his parents, Mr. and Mrs. J. E. Hunter.

Pictured above are, top row: Bud, Mike and Tony, sons of Mr. and Mrs. Buddy Urbanczyk; bottom row: Scott, son of Mr. and Mrs. W. D. Cunningham; Janyce Kay and Ricky Joe, children of Mr. and Mrs. M. J. Berryman.

Farm And Ranch Day Is Attended By Large Crowd

Sponsors of the annual Farm and Ranch Day in Munday were encouraged by the good crowd that attended this annual event Wednesday, despite the bitter cold.

The program, held in the Munday school gymnasium, opened at 10 a.m., with H. H. Partridge serving as master of ceremonies. Rev. Rex L. Mauldin gave the invocation, and Mayor V. E. Moore extended a welcome to those present.

On the morning program were: Tom Hunter of Vernon, farm management specialist of the Extension Service, who spoke on the agricultural outlook for 1963; Paul Marion of the Spur Experiment Station, who spoke on the effects of different levels of nutrition in beef cattle; Gene Woodman of Altus, Okla., whose topic was "New Cotton Fabrics," and Billy Gunter of Lubbock, Extension Service agronomist, who discussed "Boll Weevil Research and Cotton Insect Control."

A round 200 people attended the free noonday luncheon which was sponsored by the following merchants: First National Bank, Production Credit Assn., Agricultural Chemicals, Cottonseed Delinting Co., Paymaster Gin, West Texas Utilities Co., Farmers Co-op. Gin, Chamber of Commerce, Knox Prairie Seeds, Inc., and the Knox County Farm Bureau.

Mr. Gunter was also on the afternoon program, discussing soil fertility.

Principal speaker was Dooley Dawson, head of the agricultural department, Bank of the Southwest in Houston, who gave an interesting talk on "Agriculture in the Future."

BIRTH ANNOUNCEMENT

Mr. and Mrs. James Styles proudly announce the arrival of a baby girl, Cynthia Elizabeth, on the 28th of December at 3:58 p.m. She weighed 7 pounds and 1/2 ounce and was 21 inches long. She has two brothers, Chris, 3, and Jeff, 1 1/2, who are very proud of their little sister. Grandparents are Mr. and Mrs. W. C. Hertel and Mr. and Mrs. D. F. Styles all of Seymour.

Some Beatitudes For The Farmer

Benefits to be obtained from an active crusade to improve soil fertility are many. County Agent Raymond Rossen of Washington county, Tennessee, wrote the following in Croplife:

"Blessed are we who have a business in an area of fertile fields.

"Blessed are they that mourn over low yields for they shall be comforted to know it wasn't the land's fault, but theirs.

"Blessed are they that are meek, but will work, seek information, and plan, for theirs will be a full life.

"Blessed are they which do hunger and thirst after knowledge, for they shall inherit the better land.

"Blessed are the charitable for they will be lenient with their fields and fertilize.

"Blessed are they who plant pure seed, for they shall see the Maker's handiwork in the harvest.

"Blessed are they that make peace with the soil, for they shall be called children of God's land.

"Blessed are they which are persecuted for being progressive, for theirs is the reward of good homes and happy youngsters.

"Blessed are ye when non-progressives shall criticize and say, 'Let good enough alone.'

"Rejoice and be exceedingly glad, for great is your reward in your community, for so criticized were they, the progressives, who were before you.

"Agriculture prepare a table for cities that are set on hills; and, may well informed stewards recognize the basic values of good land and inhabit it."

Yes—a crusade on soil fertility is needed in which leaders will rise from the farm, business and industry—men who are not willing to accept defeat—leaders who are willing to promote new ideas, to try new fertilizers, and to revive those soil fertility principles which can help make a permanent farm security. Such people will look at their county—know it for a good county—and all of them will feel the difference in their minds.

Seminar On Romans Is Held At Hamlin

Rev. Rex L. Mauldin of Munday served as pianist for the Seminar on Romans held recently at a Pastors' Retreat overnight at First Methodist Church in Hamlin, Texas.

Purpose of the sessions was to help prepare the pastors of the Stamford district for presenting the book of Romans in either study or sermon form, or both, in the next few months, in observance of the 225th anniversary of John Wesley at Aldersgate street in London.

Rev. Mauldin was a member of the Committee on Minutes for the last session of the Northwest Texas Annual Conference, as well as the Board of Ministerial Training and Qualifications for the same body; and is a member of the district committee on ministerial training. He is also district director of youth and is prominent in work on worship and music.

ATTEND DENTAL CLINIC

Dr. and Mrs. Delmon Alexander attended a dental clinic in Dallas last Monday and Tuesday. They also visited their daughter and family, Mr. and Mrs. Kenneth Searcey and children.

Mr. and Mrs. M. C. Hallmark were business visitors in Dallas last Monday.

Drive carefully. The life you save may be your own!
