VOLUME XXIII

MUNDAY, KNOX COUNTY, TEXAS, AUGUST 25, 1927.

Number 21

## Road Problems To Be Discussed Here

### County Judges and Commissioners Will Devote Time to Discussion Problems Saturday

Highway and road problems will be the principal topic for discussion with the County Judges and Commissioners Association of the Thirtieth Congressional District, which convenes in Munday on Saturday morning at ten o'clock, according to the program of the meeting, which has been sent to members of the association by Judge W. F. Parsley of Graham, president of the association.

An outline of the program to be carried out at the meeting Saturday is as follows:

"State Highway Commission and Its Relation to the Counties." Discussion led by Commissioner Bundy of Wichita Falls and County Judge of Clay County.

"Proper Equipment and Maintenance of Turnpikes and Dirt Roads." Discussion led by Commissioner Bird of Olney and County Judge of Wise County.

"Three to Ten Year Roads—Thirty Year Bonds, and What Is the Remedy?" Discussion led by H. C. McClure, County Judge of Jack County, and County Judge of Cook County.

"Legislative Needs. By Hon. D. B. Sartin, Ex-County Judge of Wichita County, and County Judge of Stephens County.

"A More Adequate Plan for Equalization of Texas. Discussion led by County Judge of Wichita County and County Judge of Hardeman County.

While the discussions of these subjects will be led by these named judges, Parsley states that every official in attendance will have an opportunity to speak on the subjects and he is looking forward to the Munday meeting with the anticipation that it will be the most profitable one that has ever been held by the association.

Plans are well under way for the entertainment of the visitors while in our city. A banquet will be tendered the officials at noon Saturday by the Munday Chamber of Commerce, and a reception committee will be named to meet the visitors on their arrival and extend to them a hearty welcome to our city, and nothing will be overlooked that will add to the enjoyment of the members of this association to Munday.

## Chevrolet Caravan Visits Munday On Tour of West Texas

The Chevrolet caravan which is touring all portions of West Texas, arrived in Munday on schedule time Tuesday morning and after parading the main thoroughfare of the city the cars were assembled along the streets of the city and were viewed by many interested spectators.

In the caravan was every kind of body that might be required on a car of this character. There were all-purpose farm bodies, school buses, gravel bodies, lumber trailers, closed delivery models, touring cars, roadsters and all the standard models of Chevrolet cars in the display, and in the caravan were seventeen different model bodies, including a body for every conceivable use as well as all passenger models.

But the car that attracted the greatest amount of attention and comment was that equipped with a complete fire-fighting apparatus, including a hose carrying compartment, ladders, chemical equipment, with a pump attached onto the engine of the car, which was operated from the main crankshaft of the engine and was attached to the front of the engine. This equipment was demonstrated here and when tied onto a fire plug with two springs of hose attached to the pump the force was such as to throw the water about one hundred feet into the air.

The demonstration was one of the most unique that has ever been staged here, and many comments have been heard upon the excellent display of body models displayed, and representatives of various body manufacturers accompanied the caravan to give facts and figures concerning their particular body.

Mr. W. R. Moore, of the Bell-Moore Chevrolet Company, local Chevrolet dealer, was well pleased with the demonstration and with the interest shown by local people.

Mr. and Mrs. E. Y. Cornelius have returned to their home at Dallas after a visit with her parents, Mr. and Mrs. A. E. Whittemore, and other relatives, and were accompanied home by Mr. Whittemore, who will visit them there for a few days.

Miss Ozella Brock returned on Tuesday from Wichita Falls, where she had visited relatives for several days.

## County Hospital To Open September 1st; Superintendent Named

At a meeting of the board of directors of the Knox County Hospital held on Tuesday at Benjamin, Mrs. Bertie Lee Kelly was elected superintendent, and arrangements were completed for the opening of the institution on about September 1st.

Mrs. Kelly is a graduate nurse of the Wesley Hospital at Oklahoma City, and for some time has been connected with the hospital at Stamford, and comes highly recommended to the board in charge of the county hospital and they hope to open the institution with a full corps of nurses.

## CAMP FIRE GIRLS

The Camp Fire Girls held their second weekly meeting on the lawn of Mrs. W. H. Chapman's home. Miss Vivian Rogers was elected temporary president and Miss Christine Chapman temporary secretary.

As we are waiting for material from Camp Fire Headquarters with which to begin our active work, we are not able to progress as fast as we would like to but by next meeting we are sure to have the necessary material and the meeting will be devoted to filling out our application for a charter, selecting an Indian name for our group as well as individual Camp Fire names. We also want to learn at least one Camp Fire song.

On Thursday evening, August 25, 1927, the girls will meet at the Methodist church and go on their first picnic. Camp Fire uniforms are not necessary this time but it is hoped that all girls will have them for our next outing. A special program will be rendered after we reach our destination, after which the pleasure of a picnic spread will be put into effect.

Reporter.

The Times has been somewhat handicapped this week on account of the illness of Mr. R. L. Lair, our linotype operator, who was stricken with an attack of appendicitis on Wednesday night of last week, but we are glad to report that he has sufficiently recovered to resume his duties.

Miss Ozella Brock returned on Tuesday from Wichita Falls, where she had visited relatives for several days.

## Farmers Invited to Visit Experiment Farms on Monday

County Agent W. O. Logan is anxious to have a number of farmers and business men accompany him to Iowa Park on Monday of next week where they will visit the experiment station and observe some of the results of irrigation, and after spending some time there they will go to the experiment station at Chillicothe, where dry farming will be studied for a day. Those who attend this meeting will be entertained by the Wichita Falls Chamber of Commerce on the entire trip and all that one needs to carry is his bedding. Mr. Logan requests that anyone desiring to make the trip phone him at Benjamin or phone this office in order that arrangements may be made for the entertainment of all who make the trip.

Indictments were returned against Jim Watson and George Burman in connection with the robbery of the First Bank of Truscott in June, and they will be brought to trial at Benjamin during the week of September 5th.

## BAPTIST CHURCH

The meeting at Gillespie is attracting great crowds. We have a wonderful prospect for a revival. An adequate supply will be arranged for the pulpit here next Sunday. We hope to have Bro. Boulet of Houston for supply. Let us gird up our armor for a vigorous fall program.

P. D. O'Brien.

State Superintendent of Public Instruction was in the city on Thursday afternoon of last week, having come over from Benjamin, where he made an address before the school trustees of the county. Superintendent Marrs is devoting much of his time in an effort to bring about better educational facilities in rural districts, and his address to the school trustees was directed along this line. While in the city he paid this office a very pleasant visit.

Engineer P. A. Welty of Wichita Falls was here on Monday feeling out the sentiment of the citizenship of this section with reference to irrigation. Mr. Welty has been engaged as an engineer on the great irrigation project in Wichita county and is vitally interested in the conservation of the water rights on all Texas streams for agriculture purposes, and was one of the interested spectators at the Abilene meeting last week and states that much good will accrue to the agricultural interests of the state from this gathering. Mr. Welty believes that one of the greatest irrigation projects in the United States can be developed from the floodwaters of the Brazos river in this section of the state.

Rev. W. I. Caughran and family will arrive the latter part of this week from Indianapolis, Indiana, for a visit with his mother, Mrs. Caughran, and other relatives, and old time friends. Rev. Caughran is pastor of one of the largest Congregationalist churches in Indianapolis, where he has been located for a number of years. His many friends of former days will be glad to greet him.

Mr. and Mrs. J. W. Land returned some days ago from a visit with Mrs. Land's father in Comanche county, and within a very short time after their arrival home they received a message advising them of his death, which resulted from an attack of acute indigestion. The sad news came as a great shock to them, as they had left him seemingly in perfect health despite his advanced age, he being 78 years of age, and Mrs. Land has the sincere sympathy of her many friends in her bereavement.

Mr. and Mrs. J. Elmer Smith of Rotan were here Sunday visiting relatives and friends.

T. R. Edwards of Birmingham, Alabama, is here visiting his parents, Mr. and Mrs. J. E. Edwards. Mr. Edwards was for many years a resident of this city, but has been in Birmingham for the past four years.

M. E. Perry and sister, Mrs. A. R. Toombs, of Merkel, Texas, are guests this week of their cousin, J. H. McAfee and family. Mr. Perry states that the oil boom around Merkel has about passed over, and that business conditions have been somewhat depressed for some months.

Mrs. E. E. Akers returned Saturday from Gorman, where she spent several days visiting her daughters, Mesdames J. M. Macon and E. Donna David.

## Grand Jury Adjourns After Returning 43 Bills of Indictment

The Knox county grand jury adjourned on Tuesday of this week after spending more than a week in looking into law violations in the county, and forty-three indictments were returned, all but three of which were misdemeanors, and most of which involve violations of the liquor laws.

Indictments were returned against Jim Watson and George Burman in connection with the robbery of the First Bank of Truscott in June, and they will be brought to trial at Benjamin during the week of September 5th.

## INTEREST GROWING IN EVANGELISTIC CAMPAIGN

The evangelistic campaign now in progress at the Presbyterian church has had a very encouraging beginning and the interest is increasing each night. The leader of song is winning much favor with all who have heard him, and he has organized a Booster band that is a remarkable attraction for the children.

Evangelist Lewis P. Kopp is giving sermons that are interesting educational and outstanding in their inspirational value to all who hear him. He is such a speaker as the member of any church will listen to most gladly and receive a real blessing from the message.

The following are some of the subjects, we have been told, will be discussed during the remaining days of the meeting: Opening the Will of Jesus. The Lord's Table—A Study. The Five Kingdoms of the New Birth.

The following are some of the subjects, we have been told, will be discussed during the remaining days of the meeting: Opening the Will of Jesus. The Lord's Table—A Study. The Five Kingdoms of the New Birth.

## PENNY SOCIAL

On last Thursday evening the Y. W. A. of the Baptist church gave a penny social on the lawn of the West Texas Utilities Co. Upon arriving the guests were ushered to the booth where they were registered and paid their pennies for each year of age they were.

They were then served delicious punch by Leona Keel, after which Ozella Brock, Della Mathews and Orva Harris provided to good entertainers by furnishing games until a late hour, after which ice cold watermelon was served to the following: Ray Worthington, Leona Keel, Pete Chamberlain, Maggie Keel, Marvin Warren, Lloyd Bowden, Gladys Williams, Selena Edwards, Ozella Brock, Faye Edwards, Della Mathews, Annie Mae Tate, Ilene Bowden, Royce Stogner, Otis Burnett, Delphine Hendrix, Earl Clayburn, Lucille Collins, J. C. Ewing, Ara Harris, Chandler Hughes, Lorene Parker, Christine Burton, Loise Langford, Joe W. Burton, Welton Parker, Fred Frick, Bert McConnell, Frank Greer, Julian McDee, Lois Bowden and we had as our guest Miss Lowe from Rochester.

Everyone departed saying they had spent a most delightful evening.

Reporter.

Mr. and Mrs. R. A. Highaw with their son, Paul, came in from Collin county last Saturday, and after spending Sunday with their daughter, Mrs. Jack McGraw, left Monday morning for Clarendon, where they will visit friends.

## Fifth Monday Meeting of Federated Church Societies Program

Following is the program that will be rendered at the fifth Monday meeting of the Federated Church Societies of Munday, which will be held on Monday afternoon at 4:00, at the Baptist church:

Leader—Mrs. R. B. Freeman. Song—Selected by leader. Devotional—Mrs. Fred Broach.

Prayer. Special music—Mrs. M. F. Billingsley.

"Some Things We Do as Local Societies"—Mrs. P. V. Williams, Mrs. M. H. Reeves.

Special song—Mrs. J. D. Kethley, Mrs. W. E. Reynolds, Mrs. C. H. McKinney and Mrs. S. E. McStay.

Business session. Benediction.

Miss Mamie Maxwell has returned home from a vacation trip to Colorado where she was accompanied by Miss Julia Kelly of Seymour and three other young ladies, and she reports that their party had a most enjoyable trip and saw some real wild Indians.

Superintendent and Mrs. J. E. Rhodes arrived in the city the latter part of last week, and are now comfortably situated in residence formerly occupied by Rev. and Mrs. James M. McLean. Mr. Rhodes states that an announcement pertaining to the opening of the school will be made in the next issue of The Times.

Mr. and Mrs. G. W. Haney left Sunday for a week's visit with relatives and friends at Lone Oak, Texas.

Mr. and Mrs. E. F. Sparks and children returned to their home at Rising star on Wednesday after a pleasant visit with Mrs. Sparks' mother, Mrs. A. J. Glasgow.

Last week we made a grievous error in reporting the visit of local druggists to Sweetwater to attend the convention of the West Texas Druggists Association. We stated that R. B. Davy attended the meeting, but failed to learn that he was accompanied by Mrs. Davy, and we failed to learn that Mr. and Mrs. Leland Hannah also attended the meeting.

## AT METHODIST CHURCH SUNDAY, AUGUST 28TH

Looking forward to the opening of school, our Sunday school is taking on new life. We are getting back from our vacation now and are coming strong. Come and join us 9:45 a. m.—everyone on time.

Preaching 11:00 a. m. Subject, "Adaption—How?" Another one of those fundamental Bible doctrines which Methodists believe and accept.

Preaching also at 8:30 p. m. You are always welcome at the Methodist church.

—R. B. Freeman, Pastor.

## W. A. Hopper Brings In First Bale; Gets \$67.00 Premium Money

J. W. Hopper, farming on the Grover Jones place four miles southeast of Munday in the Grasshopper community brought in the first bale of cotton on Friday afternoon of last week. The bale was ginned complimentary by the Pendleton Cotton Company. The bale weighed 465 and was of high grade lint.

This was the first bale of cotton that Mr. Hopper had produced in six years, and he was highly elated over having achieved the accomplishment of bringing in bale No. 1. While he was reared on a farm in Red River county, Mr. Hopper has spent the past six years on the Pacific coast and had been employed as motorman on interurban cars out of Los Angeles, and only came here last winter to engage in farming.

A premium of \$67.00 was made up for Mr. Hopper, and was contributed by the following firms and individuals:

First National Bank	\$2.50
The Rexall Store	2.00
Pendleton Cotton Co.	2.50

## Keep Your Dollars at Home

There are ample business reasons for buying at home aside from loyalty to your home community. Your home merchant is paying taxes to support local schools, good roads and good government, and he is contributing his share to church and lodge and charity, and supports the local Chamber of Commerce. He pays rent to some property owner; he furnishes employment to local people who probably trade with you; he is entitled to your first consideration. You owe it as a duty to yourself and to your town to try your home merchants first. If he can offer you the same selection, quality, price and service that you can find elsewhere, it is not only your duty but good business to give him the benefit of your trade. In fact, you should be lenient and trade with him if he is almost equal to any other store you may be able to reach in another town. He is your fellow townsman; he is helping you to build this community and to establish values.

The retail merchant is the backbone of any business community. He is the man who is called upon to go out on community work, to establish a band, to improve the roads, to build the church, to work up sentiment for the bonds for a school house. He is the man who contributes to the charity fund and who is called on every day for some form of contribution to help this community.

The mail order house in some distant city does not help your schools, does not put heart's blood and energy into church and lodge and Chamber of Commerce, and the mail order house does not pay any taxes to help support this community.

Did you ever stop to think what this community would be if all the merchants used by all the people should be bought by mail order in some other city? Stores would be vacant, property would go down in value; there would not be enough taxes to keep the wheels of government going. In fact, all that would need would be a railway station with a flag stop and a post office to receive the mail orders. How long would your community last with such a condition?

We all succeed or fail together. A man who draws his income from a community, whose wife and children enjoy the benefits of good neighbors, good government and all those things that go to make life worth while in a modern American community, and then spends his money in some other city far removed from his home town, is a sponge and a parasite. He is taking something out of the community without returning value for what he has received.

Remember that the dollar that is kept in this community returns again and again to your pocket in the regular round of business and trade. The dollar that is sent to Chicago or New York never comes back to your home town.

Try your home merchants first, for your own interest selfishly considered, and because you want to help improve the home town in which your children are growing up.

PUBLISHED WEEKLY EVERY THURSDAY

**WATER RIGHTS IN WEST TEXAS**

The meeting held last week at Abilene developed some facts that would be of interest and concern to every citizen of West Texas.

It was brought out in this meeting that the water rights on the Colorado river had been granted to a power concern by the State Board of Water Engineers, and that farmers residing along the Colorado or its tributaries could not impound the waters which fall on the watershed of the Colorado river for any purpose, or in any quantity.

That there is something wrong with the laws of our state that would permit any group of men making such grants to anyone for any purpose will require only a meagre amount of reasoning, but when it is considered that the water rights of this great stream have been granted to a power concern and agricultural interests must desist from converting not only the waters of the Colorado but from all its tributaries, it will be seen that the people of Texas have suffered an irreparable injustice, and no time should be lost in applying a remedy that would make such a gross injustice impossible in the future.

We of this section of Texas are not vitally concerned about the water rights along the Colorado, but, should the same body see fit to make a grant similar to this on the waters of the Brazos it would immediately become of great concern to us, and it is therefore our duty to lend every possible aid to those residing along the watershed of the Colorado and use our efforts toward rectifying a condition that has made such a wrong an impossibility.

That agriculture should have prior claim on the floodwaters of our streams is an undebatable fact, and the West Texas Chamber of Commerce has taken up the battle to restore to the people along the Colorado the water rights that have been wrongfully taken from them and to safeguard the agricultural

interests along all the streams of West Texas against a recurrence of what seems to be a usurpation of authority on the part of the State Board of Water Engineers, and we believe that every citizen of West Texas should lend this great organization their sympathies and support in their fight.

Anyway, we're thankful that our summer shirts have held out faithfully until the time has come when we can wear a coat without having comment directed our way.

Now that Sacco and Vanzetti have been executed in Massachusetts, just about seven years after their crime, perhaps some of the Yankee critics will cease to point a finger of shame at Texas for the lack of diligence in exacting penalties overnight.

Some critical visitor has suggested that it required a sense of humor to refer to the road between Munday and Goree as a highway, but we're glad to say now that something has been done to relieve the situation.

**SIDELIGHTS**

By Macey B. Darnall  
 Governor Hulow of South Dakota was recently criticized for making a speech attacking the administration with President Coolidge present. Later addressing the crowd at a beauty contest, the governor determined to avoid any bad breaks, so he said: "I did some talking lately and got into trouble, therefore I am going to play safe. It's a fine evening, isn't it? I am sure no one can disagree with that statement. Good night."

The Department of Agriculture has issued a warning against diet experts, which concludes with a tinge of humor: "If the deductions of many food faddists were really operative, it would be difficult to explain how the human race has survived."

Boy King Michael of Rumania, attending his first early communion, informed the priest: "I don't drink wine in the morning." After being assured by the priest that holy wine was different, and being reassured by a nod from his mother, Michael took a small sip from the chalice.

Mexican politicians are no more modest than the American variety, according to a recent report of a poster being distributed, bearing the portrait of General Arnulfo R. Gomez, candidate for president. Under the portrait is the general's name, with the inscription "El hombre sin vicios" (The man without vices.)

Well-meaning friends are as busy picking new jobs for President Coolidge as British ladies are selecting brides for the

the sport. Loading daily news-papers noted the exploit briefly.

Charles Aldridge of Battersea, Eng., has completed a toy house in a match box after 35 years. It has four rooms, with tables, shelves, pictures on the walls, perfect in every detail.

New, powerful 6-cylinder engine—gear ratios to fit your needs—a specially built chassis for dump truck work. Chassis, f.o.b. Detroit **\$1645**

**3/4 TON COMMERCIAL CAR**  
 New speed, economy and ease of handling—the new 4-cylinder Dodge Brothers engine—smooth, quiet, dependable—for years the standard among light delivery cars—chassis, f.o.b. Detroit **\$670**

This new Graham Brothers Truck is being sold at the lowest price ever put on a 6-cylinder 2-Ton Truck—hundreds of dollars lower than most others.

It means higher speed for heavy loads with perfect safety.

It means power—abundant, smooth and instantly responsive.

It means more trips per day—more profit to owners.

Engineers proclaim it the most advanced motor truck... See it... Compare it with any other truck ever made.

See the entire new line... The new 124 engine in the lighter trucks... New cabs... New body lines... New standards of value.

# CHEVROLET

## World's Lowest Ton-Mile Cost

Tens of thousands of users have learned by actual comparison that Chevrolet provides the lowest ton-mile cost\* in the history of the commercial car industry! Come to our salesroom and learn for yourself how Chevrolet is designed and built to save you money. Note the advanced, modern engineering—typified by a powerful valve-in-head motor, with three-speed trans-

mission and sturdy single-plate disc-clutch. Mark the rugged, quality construction throughout, heavy channel steel frame—massive banjo-type rear axle—long extra-leaved, heavy steel springs, set parallel to the frame. Go for a trial load demonstration—and see how perfectly Chevrolet meets your own haulage requirements. If you do that, the next truck you buy will be a Chevrolet!

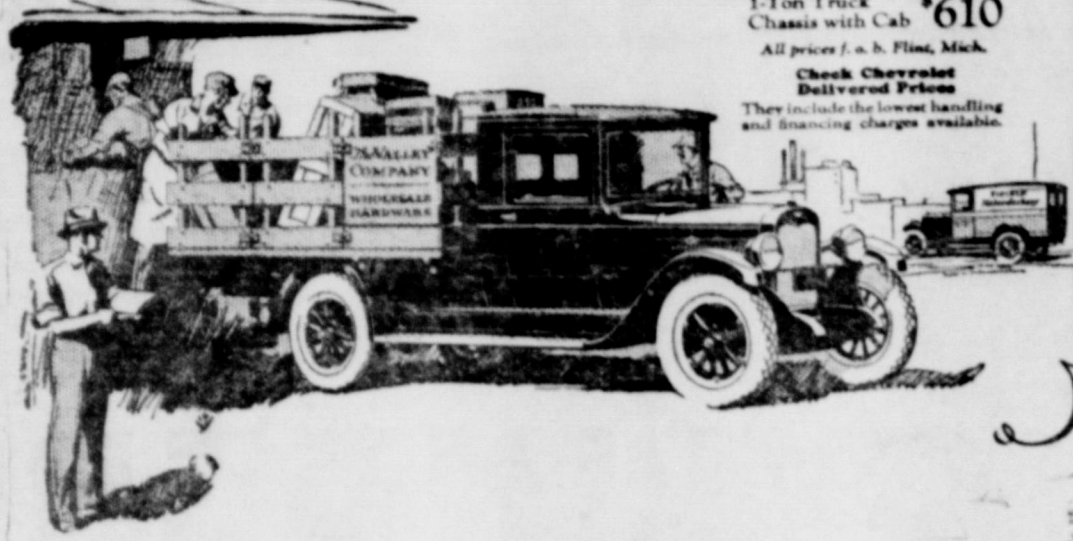

\*Ton-mile cost is the cost of transporting a ton of material one mile—or its equivalent.

1/2-Ton Truck Chassis **\$395**

1-Ton Truck Chassis **\$495**

1-Ton Truck Chassis with Cab **\$610**

Check Chevrolet Deliveries Prompt. They include the lowest handling and financing charges available.

The WORLD'S LARGEST BUILDER OF GEAR-SHIFT TRUCKS

### Your Child's Eyesight

The days grow shorter. Study hours under lamplight are again here. How about your child's eyesight? Is it being injured by close study and long reading hours?

The growing age of children is more often the time when eyesight is quite often abused, until permanent correction is never possible and the child later is forced to wear eyeglasses all through life. On the other hand, prompt attention to weakened eyesight in younger years, often results in complete overcoming of slight defects in vision and later, glasses can be put aside.

We specialize in examination of eyes and will tell you honestly whether glasses are needed or not. Protect the child against defective vision. Attend to the matter now as the new school opens.

## Cotton Picking Time Is Here

And we have everything for the harvest—pick sacks, knee pads, scale beams, wagon covers, ducking for making sacks, stoves—all kinds from the lowest price to the higher priced ones, in fact we can fit you with anything you will need to gather your all-round crop and a wagon in which to haul it off to market.

Let us show you through our big line of hardware and implements.

Guinn-Fritz Hardware Co.

### Senior B. Y. P. U. Entertained

On Tuesday night of this week the Senior B. Y. P. U. was delightfully entertained at the home of Mrs. J. O. Bowden. Had everyone seen the party in progress they would have probably thought it was a Junior B. Y. P. U. rather than the Senior. After playing leap frog, drop the handkerchief and several other new and fascinating games, refreshments were served to the following guests: Gladys Williams, Eurus Morgan, Ilene Bowden, Della Matthews, Leona Keel, Leona Ford, Nina Collins, Maxie Dingus, Cordiu Morgan, Inez Counts, Anabel Howell, Ola Mae Bradley, Gladys Hutchens, Lois Langford, Lois Bowden, Maggie Keel, Lucille Collins, Elmo Wilson, Cletus Stogner, Pete Chamberlain, Earl Clayborne, Julian Madole, H. D. Warren, Troy Warren, Walter Counts, Earl T. Sparks, Royce Stogner, W. L. Henderson, Chandler Hughes, Marvin Warren, Jesse Ferguson, Julian Ewing, Lloyd Bowden, and Jack West. It is needless to say that everyone had an enjoyable time.

Come to B. Y. P. U. at 7:30 Sunday evening.

F. L. Decker went to Wichita Falls Sunday for a visit with Mrs. Decker, who is still confined to a sanitarium there, and reports that she is getting along nicely and is on the road to recovery.

Mr. and Mrs. C. R. Elliott returned on Monday from Eddy and other points in central Texas, where they visited relatives.

Mrs. Jim Ashcroft of Bomarton was a guest of her sister, Mrs. L. E. Loveless, on Thursday of last week.

Mr. and Mrs. J. M. Terry left on Monday for Lamar, Missouri, in response to a telegram advising them of the critical illness of Victor Walters. Mr. Walters underwent a serious operation some weeks ago and his condition has continued to grow worse and the message to them conveyed the information that little hope was entertained for his recovery.

Prof. M. H. Stone, who has been teaching for the past two years at Hood, was a visitor to this office first of the week and requested that his paper be changed to Goree, and stated that he would teach at Hefner the coming year. Prof. Stone has taught at Hefner before and his many friends there will be glad to welcome him back to that community.

Mr. and Mrs. George Isbell returned Monday from Arkansas, where they visited relatives and friends.

Miss Louise Sherrill of Seymour is here visiting in the home of her sister, Mrs. Clayton Wren.

Miss Drucilla Wren has returned home from Seymour, where she spent some two weeks visiting her grand-parents, Mr. and Mrs. D. A. Sherill.

J. E. Reeves is in Dallas this week making purchases for the E. E. Akers Dry Goods Company.

Mr. and Mrs. D. T. Mauldin and children returned on Monday from a ten day's vacation trip in which they visited many points in south Texas and they report a most enjoyable trip.

Mrs. A. G. Gordon has returned to her home at San Marcus, Texas after an extended visit with her parents, Mr. and Mrs. W. A. Smedley, and other relatives.

A. C. Brock, who has been doing jury duty at Benjamin, was here Tuesday, having been dismissed for the day.

Mr. and Mrs. A. T. Pace and little son of Alba, Texas, are here visiting her parents, Mr. and Mrs. E. McElyea.

Mr. and Mrs. Roy Cuthirth of Ebird, Texas, are guests in the home of her parents, Mr. and Mrs. T. C. Lowry.

FOR RENT—Light housekeeping rooms. Mrs. J. F. Bolander, Phone 70.

### FOR SALE

A cow that will give milk enough for the largest family in Knox county, be fresh in less than ten days. Perfectly gentle, seven years old. Milk continually. If you need a cow and get \$85.00 and see her you will buy at once.—George Isbell.

### Dr. E. M. Roberts, Jr. DENTIST

Office Over Eiland Drug Store

## Pangburn's Ice Cream

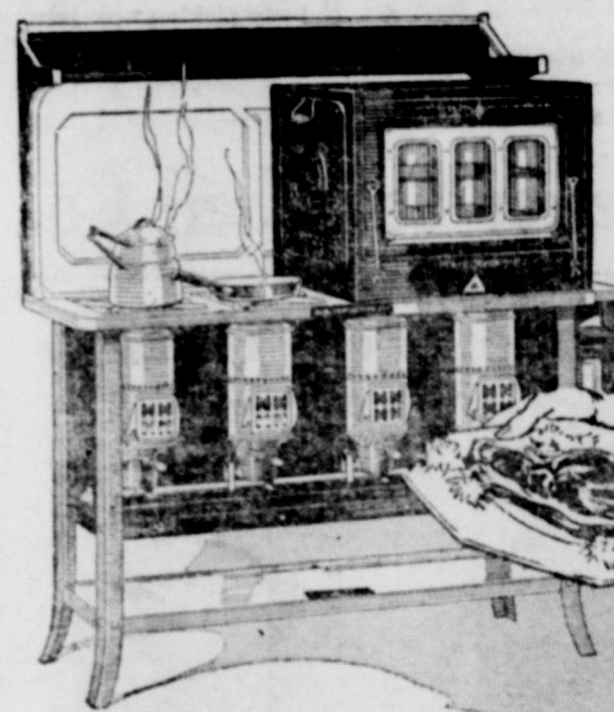

There's a great difference in ice creams, which accounts for the great popularity of Pangburn's cream. It is made of pure, rich sweet cream and is therefore superior. If you've tasted Pangburn's you've noticed the difference, and if you haven't you should.

We have it in a wide variety of pure fruit flavors—all good. Take home a quart, or visit our fountain and enjoy its deliciousness.

If its from Eiland's it's right"

# Steak sears instantly

- Rare—10 minutes
- Medium—12 minutes
- Well-done—15 minutes

Ready in 10 minutes

Steaks cook "right to your taste" on the latest Perfection Stove!

Touch a match to the wick. Intense, gas-like heat pours up the long chimney. Heat covers the entire cooking surface of skillet or broiler. It's not focused on one tiny spot.

That's why steak is always so well cooked on the newest Perfections.

Only 10 minutes to fry a steak 1 inch thick! For best results use a flame with yellow tip 1 1/2 inches high above the blue area.

Perfection Stoves give best results for all kinds of cooking—frying, broiling, toasting, boiling, baking. They burn kerosene, the safe fuel. Ask any dealer to demonstrate.

Miss Rosa Michaelis says—

"She cooks thoroughly, brown and juicy, on the Perfection Stove."

Miss Rosa Michaelis New Orleans Cooking Expert

New color combinations, many with porcelain enamel tops. Perfections are priced from \$7.25 for a one-burner stove to \$130 for a five-burner range.

PERFECTION STOVE COMPANY Dallas Branch—825 Truck Ave.
