

## Kracker KrumbS Odds Bits Salvaged at Random

The rain during the week end was welcomed in more ways than one.

It brought us nigh onto two inches of moisture, which is an aid to wheat prospects, had a tendency to settle the dust, and proved to us that rain is not an impossibility in West Texas.

It also brought cooler temperatures, which is quite a relief from that mid-summer heat wave we had here in the beginning of fall.

It brought a halt to the cotton harvest, which in turn brought the cotton pickers into town in great numbers for a good Saturday business for local merchants.

Farm Bureau members in Knox County started their Farm Bureau membership week on Monday night with a "kick-off" supper at the school lunch room. Paul Edwards, executive secretary of the Southern Life Insurance Co., Jackson, Miss., was the principal speaker.

And, now, the slogan among Farm Bureau members this week is: "Join The Farm Bureau."

Another thing the rain brought was lots of dirt on our city's streets.

But we don't mind that, much, so long as we receive the needed moisture.

When everything is dried up again—which it will be sometime—our new street sweeper will make quick work of cleaning up the dirt brought in by automobiles.

Tragedy still stalks our highways.

Only last week we carried a story of a man who was reared in Munday being taken by a tragic highway accident.

Then Saturday night, a Goree youth met death suddenly and unexpectedly on the highway, while a Munday man was painfully injured in another accident.

With farm trucks, farm laborers' trucks, farm trailers, etc., traveling the highways during the rush of the cotton harvest, motorists need to use greater diligence than ever before.

Which reminds us of an article released by the Texas Safety Association which is very timely. Here it is:

There's a special magic about October . . . a magic that touches the leaves with vibrant color . . . gives the days a crisp, cool zest . . . makes the world seem more ALIVE.

But October spins a reverse kind of magic, too . . . a Black Magic that steals across the highways at early dusk . . . shrouding familiar objects in darkness . . . casting deceptive shadows across the motorists' and pedestrians' paths . . . luring them to DEATH.

The thing that makes this black magic so potent is that it catches pedestrians and motorists unaware. Accustomed to the long, light evenings of a Texas summer, they're not prepared for the shorter fall days ahead. So in the early evening hours people proceed at the same speed and with the same amount of caution as they did in the summer months.

The result is often disaster. Whenever visibility is decreased, danger is increased. In an average year the Texas Safety Association estimates that—on a mileage basis—two to three times as many traffic fatalities occur at night as in daylight.

The only way to cut down on the high traffic accident toll during the early evening hours is to combat lowered visibility with decreased speed and increased vigilance.

"Wake up and Slow Down at Sundown!" is a slogan that will keep you safe.

## Farm Bureau Gets Membership Drive Under Way

Leaders in the Knox County Farm Bureau are "teamed up" this week in soliciting membership in the organization for another year. It is hoped the Knox County membership will become larger this year than ever before.

The kick-off supper in this drive was held Monday evening at the school lunch room. A feature of this supper was a talk by Paul Edwards, executive secretary of the Southern Farm Bureau Insurance Company of Jackson, Miss., who pointed out many advantages farmers have in belonging to the organization. O. K. Hoyle of Vernon, area representative, was also present and gave some pointers on the membership drive.

Nearly every community in the county was represented at this meeting, and leaders teamed up Monday night to begin their membership drive the next morning.

## Greyhounds Get Scared Stiff, But Win From Moguls

Scared half way out of their wits, the highly rated Throckmorton Greyhounds had to come from behind last Friday night to edge out the scrappy Moguls by a score of 27 to 18 on the Throckmorton field. It was the first District 8-A game for both teams.

The inspired Moguls went on the field rated as underdogs, but it wasn't long until the host team saw they had a hard battle to wage. All the Moguls played their hearts out, only to have victory snatched from them in the last quarter. Two fourth quarter touchdowns gave the Greyhounds the edge over the local boys.

The Moguls forged ahead in the first period after intercepting a pass on their own 30. They marched 70 yards for six points, which Gerald Tidwell chalked up when he skidded over from the one yard line.

Munday added another score in the second quarter before the Hounds could get started. Another interception on the Throckmorton 30 set up the score, and four plays later Glenn Amerson dived over from the one.

Just before the half ended Throckmorton scored when Taylor hit fullback Max Hibbits with a 11-yard toss in the end zone. His extra point was good, and the Moguls led at the half 12 to 7.

Early in the third, the local boys rushed across another score when William Allred raced 43 yards behind good blocking to put the Moguls ahead 18 to 7.

Before the quarter ended the Greyhounds scored after recovering a fumble on the Mogul 13. In the eventful fourth period Taylor intercepted a Mogul toss, and five plays later the Hounds were leading 21 to 18. With four minutes left in the game, Taylor returned a Mogul kick for 87 yards to set up the game.

The Moguls showed better form than at any time this season, and this defeat is by no means a discredit to their fine playing.

## Mother Of Mrs. Paul Pendleton Passes At Pittsburg October 4

Mr and Mrs. Paul Pendleton were called to Pittsburg, Texas Sunday because of the death of Mrs. Pendleton's mother, Mrs. J. O. Spencer, who passed away Sunday morning.

Mrs. Spencer, who was 82 years of age, had been in failing health for some time. She had visited in Munday on several occasions and was known to a number of local people.

Funeral services were held at Pittsburg at 3 p. m. Monday. Besides Mrs. Pendleton, she is survived by five other children.

Mr. and Mrs. Joe Duke and Joan of Dallas visited her parents, Mr. and Mrs. A. B. Warren from Tuesday night through Sunday and attended the funeral of Mrs. Duke's brother, Lewis Warren, on Thursday morning.

## Knox City Fire Damages Legion Hall And Clinic

Fire late Friday afternoon destroyed the temporary quarters of the Knox City Clinic in the American Legion Hall. The clinic was destroyed in the tornado on March 13, which wrecked many homes in Knox City, and temporary quarters were then set up in the American Legion building.

Extent of the damage was not readily determined, but an employee said damage to the clinic and contents were very heavy. The clinic, operated by four medical partners, occupied the upper portion of the Legion building. Only water and smoke damage was done in the half basement of the building.

The fire was discovered at 6:10 p. m., and firemen had to travel only across the street to battle the blaze. It took more than an hour to bring the fire under control. All employees had left the building at 6 p. m., and no one was injured.

Heat and smoke prevented entry into the building, and only ledgers containing patients' accounts were saved. Firemen with gas masks reached through a window to save the records. All business machines, such as typewriters and adding machines, were said to be molten metal. Extent of damage to the extensive X-ray machine was not learned.

Doctors and employees were making plans to move into the new clinic building, which is just being completed, possibly this week.

## Methodist Church Host To Pastors Of Area Wednesday

The First Methodist Church in Munday was host to the Methodist pastors of this area on Wednesday afternoon of last week. Rev. Marshall Rhew, District Superintendent of the Stamford District conducted the Bible Study and presided at the business meeting. Major items of business were the consideration of the McMurry College Living Endowment program and the continuing Evangelistic campaign of the Methodist churches throughout the world in 1954. Plans were made for a speaker representing McMurry College to speak in the Munday church on Sunday evening, November 15.

Those attending the meeting were Dr. Gordon Bennett, vice president of McMurry College; Rev. Ellis Todd of Plainview, worker in the McMurry College Living Endowment Campaign; Rev. J. P. Cole, Vera; Rev. C. C. Lamb, Weintert; Rev. Rollo Davidson, Seymour; Rev. James E. Price, Rochester; Rev. Oscar Bruce, Knox City; Rev. J. B. Thompson, Haskell; Rev. Marshall Rhew, District Superintendent from Stamford, and the host pastor, Rev. H. Doyle Ragle.

## Bargain Store To Open Friday

The Munday Bargain Store, located in the old post office building, will hold its formal opening on Friday of this week, the owners stated. Doors will open at 9 a. m., with a store full of merchandise.

"We are offering you some exceptional bargains during our opening sale," the owners stated, "and we invite you to take advantage of the savings offered. Quantities are limited on some items, so we urge you to come early for choice selections."

## ANOTHER GRANDBABY IN TUGGLE FAMILY

Mr. and Mrs. Ben Tuggle received word last week that they are grandparents again. Their son, Sgt. Bobby Joe Tuggle, and wife are announcing the arrival of a baby boy born on September 3rd at a hospital in Germany. He weighed 8 pounds and 12 1/2 ounces and they named him Robert Coy.

Sgt. Tuggle is stationed at Metz, France, and is with the 223rd Quartermaster Company.

Drive carefully. The life you save may be your own.

## Legionnaires To Honor Graham POW

JAMES P. HORANEY

HARLAN SLOAN

GRAHAM — Legionnaires of the 13th Congressional District will honor Sergeant Harvey Barnhart, for 22 months a prisoner of war in the Korean conflict, as a feature of the annual fall district convention to be held here Saturday and Sunday, October 10 and 11.

District Commander James P. Horaney of Archer City will pre-

side at the two day meeting. Principal speaker will be Harlan Sloan, Fort Worth insurance executive and fourth division commander of the American Legion.

Graham Legionnaires, headed by Commander Don Ray of the local Ligon-Daniel Post No. 34 have arranged an outstanding entertainment program.

## Grade Students In Program On Friday

Grades 6A and 6B gave a program on "How Ancient Greece gave us Democracy, Love of Beauty and Freedom of Mind" last Friday.

Several sixth grade mothers contributed to the payment on a 4x8 bulletin board and two individual reading racks.

Those attending were Mmes. L. A. Parks, J. C. Elliott, A. O. Brazell, and Janette, J. Weldon Smith, Paul Pruitt, Jerry Kane and Sue, Joel Massey, J. B. Rineau, Jr., and Frances, Clyde Burnett, Nedra McCauley, J. A. Sahadi, H. B. Stubblefield, Bill Galthier, Austin Tomlinson, David and Karen, A. C. Boggs, Sharon and Chris, C. N. Howard, Herman Floyd, H. B. Gilmore, Mrs. Orville and Mrs. Glenn.

—Judy Boggs and Evelyn Green, reporters.

## Rain Improves Grain Prospects

Rainfall which covered large portions of the state also furnished Knox County with a generous portion which boosted prospects for the 1954 grain crop.

The county received between one and two inches in all of the communities, and extended to the south and southeast, north and northwest. Several communities of the county reported about two inches.

The moisture kept pickers out of the cotton fields for several days, but it is not believed cotton is damaged much by the rain since there was no continued wet spell. The moisture is a boost to small grain prospects, since it will bring up wheat that has been dry planted and will enable other farmers to plant.

## RECEIVES DISCHARGE

Lt. Harry Cowan received his discharge from the U. S. Army on September 25 at Camp Rucker, Ala., where he has been stationed the past year. Harry is visiting his parents, Mr. and Mrs. H. H. Cowan, and other relatives at the present time.

Mrs. Doug Moore, who is attending Hardin-Simmons University in Abilene, spent the week end here with her mother, Mrs. Maurysie Blacklock, and other relatives.

## Weather Report

For seven days ending 7 P. M. October 7, 1953, as compiled by H. P. Hill, U. S. Weather Observer.

Oct. 4.....	57	61
Oct. 5.....	50	55
Oct. 6.....	46	49
Oct. 7.....	41	34

Precipitation to date, 1953 24.53 in.  
Precipitation to this date, 1952 11.08 in.  
Precipitation this week 1.72 in.

## Benjamin Approves New Water District

Voters in Benjamin and surrounding territory approved the creation of a Knox County Water Control and Improvement District in the election held last Saturday.

Totals in the voting box in Benjamin showed 85 votes for and one against. In the other box outside of Benjamin the results were 25 for and 10 against.

Preliminary estimates are that the water project will cost about \$125,000.

Next action of the board of directors will be to secure a competent engineer to make estimates of cost of the project. When completed, a hearing will be held to inform the people of this cost, and if the project is deemed feasible by the board of directors a bond election will be ordered.

## Bank Deposits Show Decline

Deposits in the First National Bank of Munday, although still at a high figure, showed a slight drop during the past three months, according to the bank's financial statement issued this week.

The past three months, when the area showed very heavy farm expenses and very little income from the farms, were expected to show a drain. With the cotton harvest season getting in full swing, the deposits will continue to increase for several weeks.

The statement issued at the close of business on September 30 showed a total of \$3,473,841.29 on deposit. On June 30 the deposits were \$3,828,027.83.

## 1953 State Fair In A Few Words

The State Fair of Texas, Oct. 10 thru 25, Dallas, America's largest annual exposition.

Daily Events: Ethel Merman Show, Ice Cycles of 1954, Aut Swenson Thrillcade, Dancing Waters, Trip to the Moon, Midway rides and shows, Fashion Roundup, Sky Revue, the Great Christie, television shows, band concerts.

Exhibits: Agriculturama, Regulus guided missile, antique autos, electric show, farm implements, model home, natural gas show, science show, automobile show, Aquarium, Health, Fire Arts, and Natural History museums, Hall of State.

Livestock: Hereford, Brahman, Santa Gertrudis, Shorthorn, Aberdeen-Angus beef cattle; Jersey, Holstein, Guernsey, Milking Shorthorn dairy cattle; Quarter horses, Palominos, Shetland ponies; sheep and Angora goats; chickens and turkeys.

Mr. and Mrs. C. N. Howard received word this week that their son, Pfc. Eugene Howard, who is stationed in Kaneohe, Hawaii, is pulling inspection on vehicles in the Motor Pool Marine Corps. Pfc. Hward has been in Kaneohe about a month. He writes that he is doing fine and likes Hawaii.

Miss Hazel Snyder was a week end guest of Miss Carol Goodwin.

## Goree Boy Dies In Headon Crash During Rain Storm Saturday Night

### J. F. Simpson, 86 Dies Suddenly Here On Monday

James Floyd Simpson, beloved local retired farmer, passed away at about 3:15 Monday at the home of his son, Otis Simpson, two and one-half miles east of Munday.

Mr. Simpson had been to the post office Monday morning and was visiting his son. He was apparently feeling fine; however, he had undergone a medical checkup for high blood pressure some two weeks ago.

He was born August 30, 1876 in Pickens County, Alabama, and was 86 years, one month and five days of age. He was married to the former Lucretia Matthews on January 15, 1888, and the couple observed their 65th wedding anniversary last January.

Mr. Simpson retired from active farm operations several years ago, and he and Mrs. Simpson moved to Munday from Rule sixteen years ago. He was a consecrated Christian gentleman and a deacon in the Baptist church for many years.

Surviving him are a daughter and three sons, Mrs. Sam Crawford of Stamford, Floyd Simpson of Burleson, Guy Simpson of Chandler, Ariz., and Otis Simpson of Munday; 18 grandchildren and 38 great grandchildren.

Funeral services were held from the First Baptist Church in Munday at two o'clock Wednesday afternoon, with the pastor, Rev. Huron A. Polnac, officiating. He was assisted by Rev. H. Doyle, Methodist pastor.

Pallbearers were J. O. Bowden, B. L. Blacklock, D. L. Thigpen, C. M. Thompson, E. L. Goolsby and Ray Holcomb. Deacons in local Baptist church were named honorary pallbearers.

Burial was in the Stamford cemetery under the direction of Mahan-McCauley Funeral Home.

## Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Knox County was well represented at the Texas-Oklahoma Fair last week. Five Knox County 4-H Club Boys brought back 17 ribbons, including three Champion Rosettes and a good share of the prize money.

The Fair this year was a great success, with a lot of quality animals in most every division.

4-H boys who entered livestock in the show, and their placings were as follows:

Samuel Garrett from Munday, first place Hereford steer in the heavy division and Champion Hereford steer of the show. Samuel's steer was bred by Mr. Sidney Winchester, Munday, Texas.

Charles Todd from Truscott, first place aged Hampshire ram and Champion Hampshire ram of the show, fourth, fifth and seventh place Hampshire Ewes and fifth place Hampshire fat lamb.

Carroll Chowning from Truscott, first and second place lambs and Champion Romney lamb of the show. Carroll also had a Southdown fat lamb that placed fifteenth in a class of twenty-three quality lambs.

Robert Beck from Munday, had two fat Hampshire lambs that placed eighth and ninth in their class.

Freddie Carma from Gilliland, placed seventh and tenth with his two Hampshire fat lambs.

These 4-H boys spent a lot of time with their livestock and I think we can all be proud of the record they made at the Fair.

## SPEAKS AT ROCHESTER

The Rev. H. Doyle Ragle, pastor of the First Methodist Church in Munday, was the speaker for the regular weekly meeting of the Rochester Rotary Club on Monday evening. His subject was "What I learned about people while serving as a chaplain."

Roy John Oliver, 18-year-old Goree boy was killed instantly at about eight o'clock last Saturday night when his car collided headon with a truck carrying Mexican cotton pickers on Highway 277, three and one-half miles west of Goree.

He was the son of Roy Oliver, who operates a jewelry store in Goree.

Homer T. Melton, sheriff of Knox County, who investigated the accident, said the youth's car pulled into the path of the truck after leaving the shoulder of the highway during a hard rain storm. Oliver's car was headed toward Munday, and the truck was going toward Goree when the accident occurred, investigating officers said.

Oliver was employed at McSwain's garage in Goree at the time of his death.

His body was picked up by the Mahan-McCauley Funeral Home and was later taken to Henderson Funeral Home in Vernon. Burial was in Montague, where his father's parents are buried.

## Munday-Knox City Game Expected To Attract Many Fans

The annual football classic between the Munday Moguls and Knox City Greyhounds, which will be played on the Knox City field next Friday night, is expected to attract many football fans in this area.

Mogul fans, enthusiastic over the good showing our boys made at Throckmorton, will be backing them Friday night to announce their first win of the season. Knox City, playing out of class in the non-conference and with the loss of one of its most valuable players injured in an oil rig accident, also be out to down the Moguls.

This annual classic resumed last year when the hounds entered the ball for a few years.

## Local Theatres To Increase Adult Admission Prices

TO OUR PATRONS: The Mason Bill removing the 20% federal tax on movies was passed by congress without a dissenting vote. However, the president vetoed the bill, explaining that it was due to the financial condition of our country.

By the same token, we know the financial condition of our business.

Our expenses have more than doubled since 1942, but we have held our admission prices down with the hope that the admission tax on movies would be repealed and that it would not be necessary to change our prices.

We find it necessary to make the following admission charges starting Friday, October 9:

Roy Theatre, adults, 50 cents. Children will remain 14 cents.

Roxy, Friday nights and Saturday matinees, 40 cents; Saturday night through remainder of the week, adults 50 cents. No change will be made in children's admission.

—The Management.

## City Feed And Hatchery Opens

A new business, the City Feed and Hatchery, has opened in Munday, being in the location occupied by the Munday Sanitary Hatchery.

Although the name is new, the management is well known in Munday. Carl George, who operated the hatchery here and who has been employed in Fort Worth for several months, will serve as manager.

Mr. George stated the hatching season is near at hand, and he wants to buy hatching eggs. The firm, which will serve as Red Chain feed dealer, will have a good stock of feeds and chick remedies and supplies.

Mrs. Harry Gilmore of Artesia, N. M., and Miss Dianne Gaither were visitors in Abilene one day last week.

### THE LAND MUST PRODUCE

The population of the United States is increasing by 7,000 persons a day. By 1975, government experts forecast, we will have to be capable of feeding five people for every four who sat down at the table in 1950.

There are two ways this can be accomplished. One is to proportionately increase our croplands. The other is to make better use of the land we now have.

So far as the first of these solutions is concerned, it is estimated that, if our present standard of living is to be maintained through 1975, the huge total of 100,000,000 fertile acres will have to be brought into production. So far as anyone can see now, this is an impossible goal. At present we are bringing in only 2,000,000 acres a year, and more than half of this is being offset by the expansion of communities and industrial areas.

Therefore the population problem can be met only by producing much more food, feed and fiber from an acreage which will be but moderately increased.

That, luckily for America's future, can be done through the application of proven scientific production practices along with better land conservation and utilization. And here agriculture has a mighty ally in farm machinery. The machine is the key to making the land yield more—and, at the same time, preserving and improving that land for future generations.

### MASTER OF OUR ECONOMY

It is often said that the extent of our production determines whether times are good or bad in the country.

A somewhat different view is taken in a new book by Paul Mazur, a partner in the old investment-banking firm of Lehman Bros. The book is entitled "The Standards We Raise," and Harper is the publisher. In it, Mr. Mazur says: "It is consumption, not production, that in fact is the master of our economy—and it is a master which holds all factors to account with rigid discipline . . .

Reduce mass distribution . . . or fail to make commensurate with our mass production . . . the entire economic system bogs down into a recession or breaks down into a depression."

No one minimizes the importance of American mass production. It is regarded, and rightly so, as one of the modern wonders of the world. But

without mass distribution, which was pioneered by the chain stores and successfully adopted by other types of retailing, the production machine would swiftly slow and stall. Our employment, our incomes, and our living standards are all dependent on getting incredible masses of goods into the hands and homes of consumers. And that is what mass distribution does with amazing efficiency and economy.

### INVESTMENT IN SUCCESS

In a recent speech, some advice to retailers was given by Charles M. Edwards, Jr., dean of the school of retailing at New York University.

In conclusion he said, "Through a favorable location you carry your store to the people. Through well-planned, well-prepared advertising you must bring the people to you store. Literally, through advertising you must reach out to buy customers before you can expect customers to buy your merchandise."

Long ago progressive retailers—like other businessmen—stopped thinking of advertising as a necessary evil or an expense that cuts into profits. They know that advertising is a basic investment in success.

From the consumer's point of view, advertising certainly is not an expense which increases the prices he must pay. To the contrary, it holds down prices, even as it results in more and better products, by increasing the volume of business done on both the producing and retailing levels and by stimulating competition.

### BUMPS AS WELL AS REWARDS

"Preservation of the U. S. free enterprise system depends upon our intelligent acceptance of a few bumps along with the tremendous rewards," says the Ontario, California, Report.

That's worth memorizing. It means that on one can expect to always get more and more to return for less and less work. It means that booms aren't necessarily a permanent state of affairs, and that it's only wise to expect occasional setbacks. And, of great importance right now, it means that if we are to have efficient and economical government, which is the only kind of government that can assure the perpetuation of free enterprise and the other freedoms, all of us must willingly accept cuts in unnecessary tax spending that affect our pocketbooks, no less than the pocketbook of the other fellow.

### FOLLOWING THE STAR

" . . . and, lo the star, which they saw in the east, went before them, till it came and stood over where the young child was." Matt. 2:9.

From the action of the wise men we get the suggestion that it is an indication of wisdom to seek the Christ. In every century since His birth wise men have sought Him. All men seek something. Those with lesser wisdom seek only the perishable things of time—things which do not satisfy in this world and offer no promise of satisfaction in the world to come. The truly wise seek the eternal Christ, who gives the greatest possible satisfaction here and perfect satisfaction hereafter.

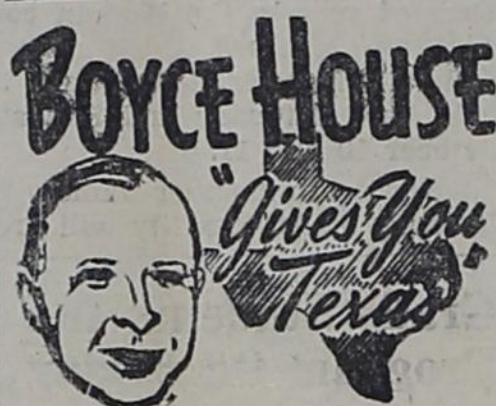

The Christ being divine, it is reasonable to suppose that a divine guide is given those who seek Him. The wise men were given a divine guide upon that momentous occasion. This divine guide was not within those who were guided. It was not feeling, emotion, nor conscience. These faculties of man, though important, were not then and are not now sufficient guides to direct men to Christ. We do find Christ, or know that we have found Him, merely by some feeling that we may experience, or even by the possession of a satisfied conscience.

We have a divine guide, a star, to lead us to the Christ today. It is the Bible—the Word of God. David said, "Thy word is a lamp unto my feet and a light unto my path." \*Psalms 119-105. Jesus said, "Thy word is truth." John 17-17. The word of God is all inclusive, the complete, the perfect guide to our Lord. To stop short of its direction will leave us short of our destination. To go beyond its teachings, will take us away from the Christ. When the wise men found the Christ they worshipped Him Though Mary was there, it was Christ they worshipped. It has always been an indication of wisdom to seek and worship the Christ.

### MUNDAY CHURCH OF CHRIST

Bx 211 — Phone 6151

CLIFFORD WILSON, Evangelist

The arrival of the railroad changed Fort Worth from a halting place along the cattle trail to the goal of the drives. Cattle pens were built and the city became the shipping point.

Fort Worth had become Cowtown.

Stage coaches carried passengers and mail to points beyond. One line operated between Fort Worth and Fort Concho (San Angelo). In 1877, a contract was let by the Postoffice Department for a line between Fort Worth and Fort Yuma, Arizona, the longest daily stage coach line in the world—approximately 1,500 miles. Thirteen days were required to make the run. Holdups and attacks by Indians were frequent so, on part of the route, the coaches had an escort of troops.

After the T. & P. reached the city, Jay Gould, railroad magnate and famous Wall Street figure, was a visitor.

ure, was a visitor.

The city's first street car line was built in 1876—from the courthouse to the T. & P. station and service was provided by mule-drawn cars. The gas works were built the same year. (The gas was, of course, artificial.) By 1878, an elevator had been established and Fort Worth began to be a grain center.

Two Indian chiefs visited Fort Worth at the invitation of Burk Burnett, great cattleman. Upon retiring for the night, they blew out the gas in their hotel room. Yellow bear died. Quannah Parker, son of Cynthia Parker, recovered.

Sam Bass raced his "Denton Mare" in Fort Worth, and after the holdup of the Union Pacific train in Nebraska, in which \$60,000 in gold was obtained, he and the other five robbers divided into pairs and started home. Sam and his partner drove a horse-and-buggy into Fort Worth. Then Bass' gang held up two stage coaches near Mary's Creek but decided that train robbery was more lucrative and moved into a new field.

### LOCALS

Miss Shirley Hill, who is a student at NTSC in Denton, was home over the week end with her parents, Mr. and Mrs. L. J. Hill.

Miss Marguerite Hammett, student at Hardin-Simmons University in Abilene was a week end guest of her parents, Mr. and Mrs. G. B. Hammett.

Week end guests in the home of Mr. and Mrs. Leland Hannah were Mr. and Mrs. Jim Choate of El Paso and Mr. and Mrs. Troy Denham and daughter, Nancy, of Lueders.

## Gwyna Lee Smith, Thomas G. Parker Marry In Double Ring Church Rites

Gwyna Lee Smith, daughter of Mr. and Mrs. Aubrey L. Smith, of Munday, became the bride of Thomas Gordon Parker in a formal candlelight ceremony at the First Baptist Church at 4:30 p. m. Sunday, October 4. Rev. Huron A. Polnac officiated in the double ring ceremony.

The bride, given in marriage by her father, was gowned in crystal white Chantilly lace bridal gown over tulle and satin. Her dress was fashioned with a drop shoulder satin yoke with a slit V neckline, and the basque bodice of the lace frosted over satin was defined with lace sleeves that tapered to petal points over the bride's hands. The very full gathered skirt of lace fell from a tiny scalloped hip yoke and flowed into a circular train.

Her bouquet was a cascade arrangement of stephanotis centered with small white roses.

Attendants to the bride were gowned in frost white taffeta dresses with a shirred boat neckline, and scalloped hip line that flowed to bouffant formal skirts. Matching gauntlets completed their dresses, and they also wore matching frost white taffeta headdresses composed of leaves.

The bridesmaids carried cascade arrangements of pom poms which were deep rose in color.

Serving as matron of honor to the bride was Mrs. Hansel C. Kennedy of Bay City. Bridesmaids included Mrs. Jim Choate of El Paso (the former Carolyn Hannah daughter of Mr. and Mrs. Leland Hannah); Mrs. A. L. Smith, Jr., of Dallas, sister-in-law of the bride; Mrs. Jarrell F. McCracken of Waco, and two Baylor students, Miss Billie Ruth Hurst of Lufkin and Miss Nancy Legg of Mount Pleasant.

Best man to the groom was Dale Parker of Baylor and Belton, his only brother. Groomsmen were Bill Hercher of Waco, A. L. Smith, Jr., of Dallas, the bride's brother; Wayland Stephens of Slaton, Bill Harris of Harlingen and Ted Wilson Whitlow of Belton.

Wayne and Waymon Smith, brothers of the bride, were candelighters. They and Howard Collins of Lubbock assisted with ushering duties.

Furnishing music for the wedding was Miss Charlotte Hannah of Hardin-Simmons University and Munday as organist, and Wanda Lou Petty of Baylor and Big Spring as soloist, who sang "Because" and "I Love Thee" before nuptial vows were exchanged. After the wedding

MRS. THOMAS GORDON PARKER

prayer she sang "Savior Like A Shepherd Lead Us."

The church was decorated with baskets of white mums, palm trees of emerald leaves, wrought iron candelabra with white tapers, and gladioluses. White taffeta bows adorned the pews.

At the reception which immediately followed in the church social hall, the bride and groom were assisted in receiving by her parents, Mr. and Mrs. A. L. Smith; his parents, Mr. and Mrs. Carlos G. Parker of Belton, and the bridesmaids.

The traditional wedding cake stood three tiers high, and was topped with roses of white icing. White gladioluses decorated the tables and room.

Mrs. Howard Collins of Lubbock acted as reception hostess in receiving the guests. Miss Julie Massey of McMurry College and Munday presided at the bride's book. Alternating at the punch bowls were Mrs. C. P. Parker, Mrs. Leland Hannah and Mrs. Don Boyles. Mrs. Chan Hughes and Miss Marjorie Hudgins of Waco cut the wedding cake. Other members of the house party included Mrs. Joseph Borden of Wichita Falls, Mrs. J. W. Massey and Mrs. W. E. Reynolds of Munday, Misses Pat Goodman, Charlotte McNulty, Jane Bonds and Sue Pate, all of Baylor University.

Out of town guests included Mr. and Mrs. M. F. Robinson of Temple; Mrs. T. J. Culp of Belton; David Hughes, Mrs. Bert Hughes, Miss Jodis Bryant and Mr. and Mrs. G. E. Hughes, all of Fort Worth; Mrs. R. O. Burnett, Stephenville; Mr. and Mrs. Ray O. Howard, Midland; Mr. and Mrs. Raith Smith, Cooper; Mr. and Mrs. Elmer McPherson, Plainview; Mr. and Mrs. Fred H. Guffey and Fred, Jr., Belton; Mr. and Mrs. A. C. Pierson, Mr. and Mrs. Charles Conner and Mrs. John Payne, all of Haskell; Mr. and Mrs. Grady Roberts, Wichita Falls; Mr. and Mrs. A. N. Russell, Benjamin.

Mrs. Parker, a graduate of Munday High School, received her A. B. degree in journalism from Baylor University in June, 1953. At Baylor, she served as editor of The Lariat, campus daily newspaper; a member and secretary of the Student Congress; president of the Athenaeum Club, and was elected by popular vote to Who's Who for two years.

She was also a member of Theta Sigma Phi and the Board of Publication. She was elected as most representative girl of Baylor for 1953, and spoke as a representative for her class at the graduation Ring-Out ceremonies.

The groom, a graduate of Belton High School, received his B. B. A. degree in finance from Baylor in 1951. He now serves

as permanent president of Baylor's class of 1951. While there he was president of Delta Sigma Pi, a member of Who's Who Among Students in American Colleges and Universities, and was president of his class during his senior year.

He received the Wall Street Journal award for being the outstanding student in the School of Finance, and represented his class at Ring-Out ceremonies during 1951 graduation.

For her going away suit, the bride chose navy blue faille with navy accessories. She wore a corsage of small white roses.

After a two weeks wedding trip to Colorado, the couple will be at home at 1720 North 30th Street, Waco. The groom is assistant bank examiner for the Waco district, U. S. Treasury Department.

## Airman Williams Honored At Party On Tuesday Night

Mr. and Mrs. H. G. Williams, of Goree, honored their son, Airman Charles G. Williams of Nellis Air Force Base, Las Vegas, Nev., with a going-away party on Tuesday night.

Delicious refreshments were served to relatives of Airman Williams, who was on his way to California.

Mrs. Charles G. Williams and little son were also week end guests in the H. G. Williams home.

## SALLY GOES CASUAL

Movie actress Sally Forrest is no different from other fashion-minded young girls. She loves to don a tailored corduroy jacket and slim skirt in darker cotton corduroy for casual wear. The blonde actress is one of MGM's rising new stars.

## LOCALS

Mr. and Mrs. Terry Harrison and Terry Don, Mr. and Mrs. Verbon Voss and son and Mrs. Emil Hoff and son attended the funeral of Mrs. Roy Parnell in Abilene last Saturday. Mrs. Parnell was a sister-in-law to Mrs. Terry Harrison.

Mrs. E. B. Littlefield and son and Mrs. D. C. Eiland and son were Wichita Falls visitors last Saturday.

Mr. and Mrs. Gene Harrell visited in Wichita Falls last Thursday.

Mrs. J. C. Harpham and Claire were Wichita Falls visitors last Saturday.

Mrs. Cecil McGraw left Tuesday for her home in Wylie after a week's visit here with her mother, Mrs. Doshia Hill.

Mrs. Doshia Hill and Mrs. Cecil McGraw were visitors in Wichita Falls last Friday.

Danny Newsom of Marlow, Okla., visited his aunt, Mrs. Donna Hill, several days last week.

Mrs. Harry Gilmore of Artesia, N. M., is visiting in the home of her sister, Mrs. Bill Gaither, and family this week.

Miss Opal Booe underwent minor surgery at the Bethania Hospital in Wichita Falls last Monday. She returned home on Wednesday and is doing fine.

Miss Pat Cook, freshman student at NTSC in Denton, was a week end visitor with her parents, Mr. and Mrs. I. V. Cook.

Miss Patsy Morrow of Abilene spent the week end here with her mother, Mrs. Freddie Morrow.

## Local Dodge Dealer Announces New Luxury Model Showing For 1954

A new super deluxe series known as the Royal V-8 highlights the line-up of 1954 Dodge passenger cars now being displayed in the showroom of Reeves Motor Company.

J. E. Reeves, partner of Reeves Motor Company, said the 1954 Dodge also introduces completely new interior styling, more than a dozen body beautifications and several major engineering advancements in its entire line consisting of 20 different models.

Mr. Reeves said the 20 different models are in three series—the new Royal V-8, the Coronet V-8 and Six and the Meadowbrook V-8 and Six. They are being offered in 11 new body colors and 14 two-tone combinations that are keyed to harmonize with the completely new interior styling.

Mr. Reeves announced that the 1954 Dodge line also offers such mechanical advancements as the economy-and-endurance tested Red Ram V-8 engine stepped up to 150 h. p. and a 7.5 to 1 compression ratio; PowerFlite a new fully automatic transmission; and a new full-time power steering unit. Meadowbrook V-8 models will continue at 140 h. p. The horsepower of the six-cylinder engines has been raised to 110 and the compression ratio to 7.25 to 1.

Although the new Royal V-8 features super deluxe appointments and fittings, Mr. Reeves pointed out that the entire 1954 Dodge line is marked by many new styling changes.

On the exterior, a new spear-like chrome moulding accents the low, sweeping lines. Combined with a four-inch increase in the overall length of four-door and club coupe models, and a five-inch increase in the sport coupe and convertible, the new exterior trim lends a smooth, modern look to the entire line.

Other major body changes include the grille design and front end. The new grille is lower, wider and has a more massive appearance. The traditional ram hood ornament has been streamlined, and a distinct, new styling has been given the V-8 crest and chrome-lined air scoop. Headlights have been redesigned and bumper guards have been modified.

In restyling the interiors of the entire line, Mr. Reeves revealed that Dodge had contracted for all available mill capacity on a new type of upholstery fabric known as Jacquard.

"Although new to the automotive industry," Mr. Reeves said, "Jacquard is a class of exclusive fabrics previously used only for rich tapestries and expensive furniture. Jacquard has been chosen for the 1954 Dodge because it is adaptable to unusual and elaborate patterns that contribute an entirely new feeling to our interiors."

The interior fabrics, named after a special loom and weaving process invented by Joseph Marie Jacquard in 1801, is tightly woven to provide wear resistance. At the same time it enables designers to incorporate double patterns by using a raised nap. Three basic color tones—green, blue and red—are featured in the patterns designed for use on 1954 models.

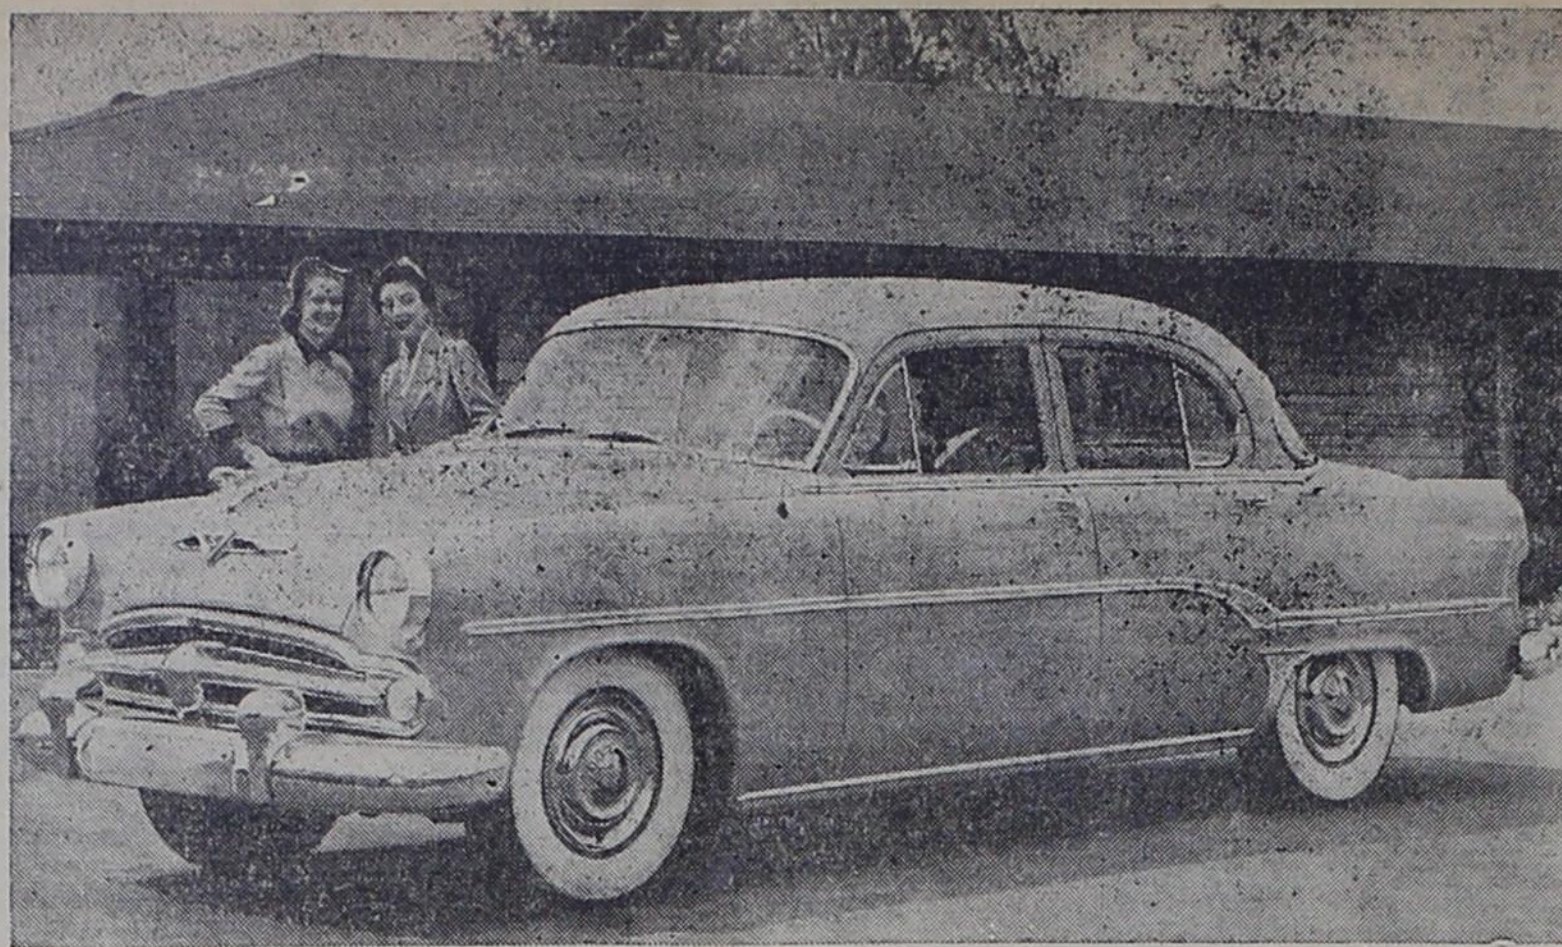

As part of the interior styling on the Dodge line, all trim harmonizes with the upholstery colors. Items such as the instrument panel, garnish moulding, deep-pile carpeting, head lining and steering wheel are finished in the same basic color as the upholstery fabric. In turn, all of the interior color schemes are in harmony with the exterior body colors.

Another interior feature is the instrument panel, which not only is a matching color, but introduces a new automotive finish, known as "Leathertex." The top portion of the instrument panel has a grainy or leather-type finish to reduce glare, while the glare, while the bottom has a soft, smooth finish in the same color.

A new benefit to the driver was described by Mr. Reeves as "four-corner contact." He explained it as a feature that allows the average driver to maintain visual contact with all four fender lines.

"It is accomplished in the front," Mr. Reeves related, "through a combination of chair-high front seats that rise as they move forward, sloping hood and large one-piece windshield. In the rear it is made possible by the chair-high seats, wrap-around

## Dodge Offers New Royal V-8 for 1954

Highlight of the 1954 Dodge line is the new super deluxe series known as the Royal V-8. A completely new interior styling is keyed to harmonize with 11 different body colors and 14 two-tone combinations. The Royal V-8 series is keynoted by Jacquard upholstery fabric, previously used only for rich tapestries and expensive furniture. On the exterior, a new spear-like chrome moulding accents the low, sweeping lines and lends a smooth, modern look. There

also is a new grille design and treatment of headlights, taillights and wheel covers. The 1954 Dodge line also introduces such engineering advancements as PowerFlite, a new fully-automatic transmission; the economy-and-endurance tested Red Ram V-8 engine stepped up to 150 h.p. and 7.5 to 1 compression ratio; and a new type full-time power steering unit. The Coronet Six and Meadowbrook Six have been stepped up to 110 h.p. and 7.25 to 1 compression ratio.

rear window and newly designed chrome fins that accent the rear fender lines."

Mr. Reeves also said that the 1954 Dodge line has a choice of two transmissions. In addition to the new, fully-automatic PowerFlite drive, Dodge is making available the standard three-speed transmission, either with or without automatic overdrive.

PowerFlite, which requires no clutch pedal, combines a torque converter and a two-speed planetary gearbox in a smooth-flowing driving operation. It is 100 pounds lighter than the heaviest competitive unit and contains some 110 fewer parts than the most complicated of these. Dodge engineers claim that it will deliver more accelerating power more smoothly than any other transmission.

Operation of PowerFlite is simplified for the driver by the slotted design of the selector lever. Neutral and drive positions are on one level of the selector lever. Reverse and low gears, on a higher level, are selected by a

slight lifting of the lever and sliding left or right. This makes it possible to select a driving range by "feel," without looking at the pointer. Also, because reverse is adjacent to neutral, it eliminates the dangerous practice of shifting through a forward gear when backing up.

The new Dodge full-time power steering unit has direct control and is of the "linkage" type. It is less complicated, more compact, easier to service and has fewer parts than other systems. Dodge officials state that it eliminates about 80 percent of steering strain for the driver and always functions smoothly, regardless of hand pressure. In the event of power failure, full

mechanical control of steering is maintained.

Of the 20 models being introduced, four are Royal V-8's. They are the four-door, club coupe, sport coupe (hardtop) and convertible. In the two Coronet series there is a four-door club-coupe in a choice of V-8 or Six, plus a sport coupe and convertible in V-8 only. The two Coronet series also offer a combination of six different station wagon models. A four-door and a club coupe make up the Meadowbrook series in a choice of either V-8 or six-cylinder power.

Station wagons may be obtained as the Sierra four-door in either a six-passenger model with two full seats, or as an eight-

passenger version with three seats, and with a choice of either the V-8 or six cylinder engine. The other two station wagon models are the Suburban two-door with a choice of engines.

Mr. and Mrs. O. H. Spann, Jr., and daughter, Cindy, of Sweetwater visited relatives and friends here over the week end.

Miss Charlotte Williams of Dallas was a week end guest in the home of her parents, Mr. and Mrs. P. V. Williams.

Dr. Joe Croley visited relatives in Dallas last Sunday.

### NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mr. and Mrs. Dalton Morgan of Lubbock visited with the Crow Parhams this past week end. Mrs. Morgan is the former Louise Parham.

Mr. and Mrs. Morris Christian of Wichita Falls spent Sunday with the Luther Christians.

The J. R. Hensons are now residing on the Clifford Robertson farm. Mrs. Henson's daughter, Gelika, has enrolled in the seventh grade at school.

Mr. and Mrs. Tom Russell visited Sunday with R. W. Witty, who is a patient in the Lubbock hospital.

Mr. and Mrs. Muggins Bullock of Fort Worth visited Mrs. Mae Murphree recently.

Mr. and Mrs. Wayne Feemster and family spent the week end with Wayne's mother, Mrs. Frank Feemster. Also visiting Mrs. Feemster was her daughter, Mattie Jo, and husband of Fort Worth.

Lt. Billy Dan Richards is with his wife and children and her parents at Santo, Texas now.

Mr. and Mrs. Lee Feemster shopped in Wichita Falls Saturday. They were accompanied by their son and wife, Mr. and Mrs. Lee Wayne Feemster of Abilene.

J. O. Archer and Levoy Kinnibrugh have gone to South Plains to work in the feed harvest. J. O. came home over the week end to be with his family.

The George Suttons are driving a new '53 Plymouth.

Mr. and Mrs. Jimmy Randolph of Winters visited friends here Monday and Tuesday of last week.

Johnny Gore was operated on Tuesday in the Memorial Hospital at Midland. His parents, Mr. and Mrs. H. H. Gore and Travis Gore of Wichita Falls, left Monday to be with him at this time. Linda Burgess spent Sunday

with her grandmother, Lucille Couch.

Mr. and Mrs. Bill Doss visited Mrs. Doss' parents, Mr. and Mrs. J. E. Miller, and other relatives in Odessa last week.

The Buster Jacksons and Clyde Becks spent Sunday in Lubbock visiting with Gerald and Donald Joe.

Mr. and Mrs. Jim Doss of Seymour and Mrs. Robert Sparks of Wichita Falls visited in the Bill Doss home last Sunday. Mrs. Sparks is Bill's sister.

Mr. and Mrs. Fred Brown and children went to Abilene Saturday to visit with Mrs. Brown's parents.

Visiting with the J. T. Browns Sunday was their granddaughter, Mrs. Elvin Pake and family of Hobbs, New Mexico.

Puttard Boyd has taken his trucks to Sudan to do some seed and feed hauling.

Mrs. Joe Sweatt and children of Wichita Falls are spending this week with her parents, Mr. and Mrs. Henry Patterson.

Paint Creek beat Vera last Thursday night 48 to 28. This week's game, October 8, is with Mattson, here. Next week's, October 15, is with Benjamin, here.

Only the High School and the 7th and 8th grades attended the Iowa Park Fair last Friday. Afterward, Supt. and Mrs. Robins, accompanied by some of the football boys, drove over to Lockett to see the game there.

Mr. and Mrs. Hyde Peddy and children of Stratford visited the Willis Peddys over the week end.

Junior Hardin is stationed at Camp Hood near Killeen, Texas now.

Mrs. Tom Dennis of Lubbock and niece, Mrs. James Hawkins, and family of Wichita Falls and Mrs. Vera Keen of Sunland, California were recent visitors in the H. A. Patterson home. Mrs. Keen is a former resident of Vera and had been visiting her aged mother in Wichita Falls.

Mr. and Mrs. Marvin Porter of Eunice, N. M., visited Saturday and Sunday in the home of their daughter, Mrs. Don Robbins. Mrs. Robbins accompanied her parents to Duncan, Okla., to visit relatives a few days.

A pleasant surprise to some of the older residents of Vera has been a visit by Kenneth Glover of Roswell, N. M. Mr. Glover spent two days renewing old acquaintances after an absence of 42 years.

#### CARD OF THANKS

The burden of sorrow we suffered in the tragic loss of our loved one was made much lighter by the noble way our many friends came to minister to our comfort and needs. You did everything you could to help share our sorrow and to relieve our burden. Our prayer is that God will richly bless you all.

Mrs. Lewis Warren  
Mr. and Mrs. A. B. Warren  
Mr. and Mrs. Joe Duke and Joan

Mrs. Lena Welch returned to her home in Cleburne last Sunday after two weeks visit here with her brother and sister-in-law, Mr. and Mrs. Ben Tuggle.

Mrs. Evelyn Elliott and sons of Haskell were Sunday guests in the home of her parents, Mr. and Mrs. Ben Tuggle.

### Activities of The Colored People

The first quarterly conference of Friendship C. M. E. Church was held last Sunday evening with Rev. C. R. Rutherford, presiding elder, in charge. Evening services were also held at the Church of God in Christ, with Elder Brooks, pastor, at his post. Regular meeting of the P. T. A. was held Tuesday night. We appreciate the interest being manifested by our parents. We are looking forward to the Halloween carnival the last of the month. We plan for this effort to clear the indebtedness on our lineoum.

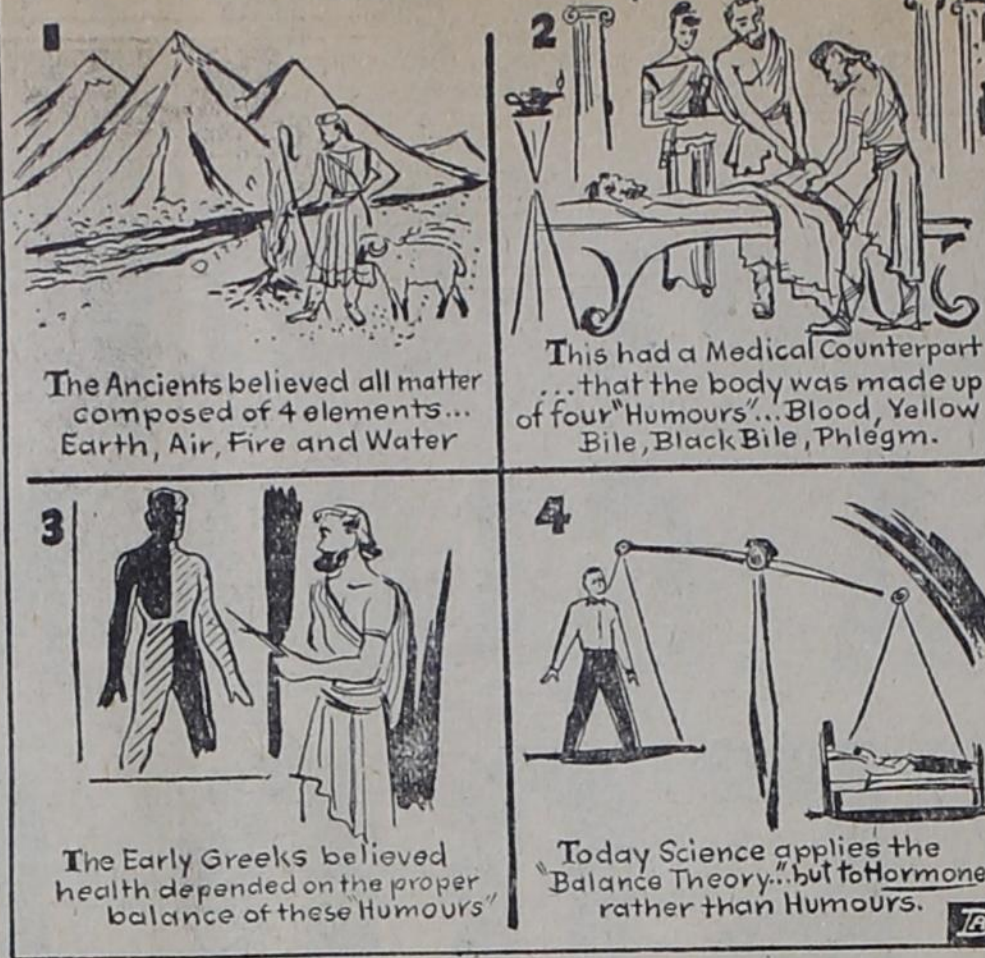

We wish to thank Mrs. C. L. Mayes for the magazines donated us.

We also appreciate the mirror donated the school by Mrs. Georgia Tolliver.

Gus Johnson returned from San Antonio last Sunday.

### Science & Your Health

#### Hormones and Bodily Balance

The Ancients believed all matter composed of 4 elements... Earth, Air, Fire and Water

This had a Medical Counterpart... that the body was made up of four Humours... Blood, Yellow Bile, Black Bile, Phlegm.

The Early Greeks believed health depended on the proper balance of these Humours

Today Science applies the Balance Theory... but to Hormones rather than Humours.

#### by Science Features

Some 50 years ago, the general medical conception was that the nervous system was the only coordinating mechanism in the body. At that time the functions of the various organs were explained in terms of their connections with the nerves.

Today we know that there is another coordinating system in the body, one which depends on the blood rather than the nerves to carry its messengers through the body. This system is made up of hormones, chemicals that are formed in a specific organ, course through the body in the blood stream, and induce other organs to act in certain ways.

These hormones play an important part in making you the individual you are, in regulating your growth, your emotions—in short, your well-being.

The hormone-producing organs (there are five of them—the pituitary, the thyroid, the pancreas, the adrenals, and the male and female gonads) operate in a delicate balance. If one overproduces or falls short of its requirements, there is a corresponding change in bodily functions, a change which

may range from merely an embarrassing one, like too much hair to mar the female complexion, to a dangerous one, like diabetes (when the pancreas falls down on the job of releasing the hormone insulin, which disposes of excess sugar).

The job of medical science in these cases is clear. It must provide more of the hormone in short supply or counter the action of the oversupplied hormone. Substitution is just one facet of hormone therapy, however. Male hormones, for example, are sometimes given to women, to counter certain conditions which cannot be treated merely by restoring balance of female hormones. A male hormone drug, Neodrol, was used recently in such a manner, to treat cancer of the breast, and brought improvement of symptoms in 87% of the cases tested.

The most famous of the hormones, cortisone, is produced by the adrenals, but can be made both synthetically and by fermentation chemistry. Today it is one of medicine's most important weapons in the treatment of arth-

### LOCALS

Mr. and Mrs. Richard Kirkland and Larry of Fort Worth were week end guests in the home of her parents, Mr. and Mrs. Ben Tuggle.

Mrs. Ida Calloway and Mrs. Ruby Mahurin of Cleburne, visited their daughters and sister, Mrs. Ben Tuggle and Mrs. H. E. Walker, over the week end. Mrs. Calloway remained for a longer visit.

Mrs. C. C. Jones spent the week end in Fort Worth with her son, Doyle Jones, and family. Doyle has recently moved to Fort Worth and has accepted a

position at the Convair as test engineer in the research department.

#### HERE FOR FUNERAL

Out of town relatives who were here to attend the funeral of Lewis Warren last Thursday morning were Mr. and Mrs. Frank Burton of El Paso, Walter Medley and Mrs. Joe Jackson of Santa Rosa, N. M., Mr. and Mrs. J. F. Welch of Anson, Mr. and Mrs. Joe Welch of Abilene, Mr. and Mrs. Cassie Welch of Sweetwater, Miss Dorothy Welch and Van Welch of Fort Worth and a number of other relatives and friends.

Drive carefully. The life you save may be your own.

## FUNERAL HELD FOR JOHN ROY OLLIVER

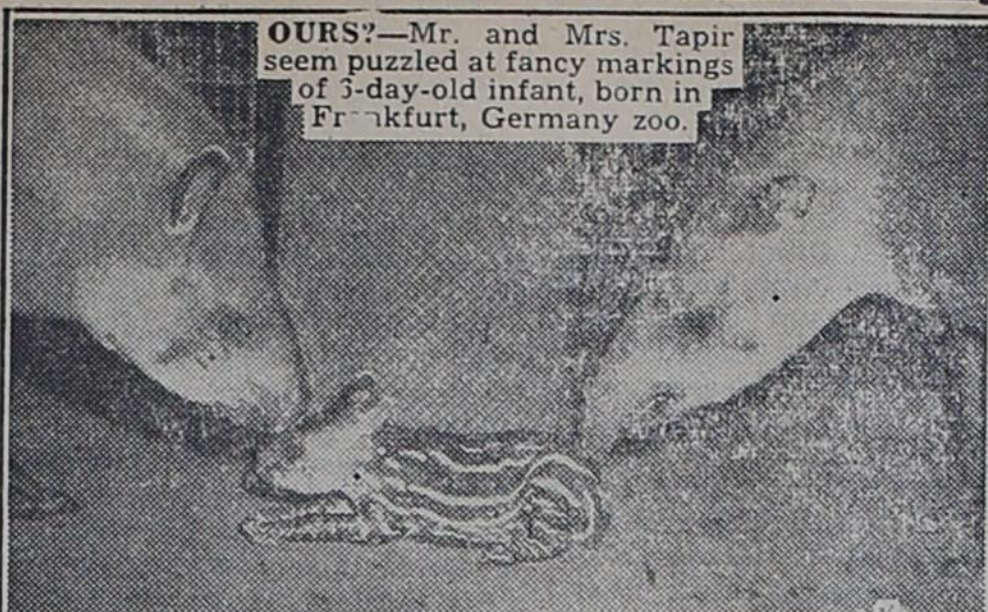

Funeral services for John Roy Olliver, 18 year old son of Goree jeweler were held in the Olliver home in Goree Wednesday at 10:00 a. m. with George Hunt, student preacher, officiating, assisted by Rev. Kenneth Arlington, pastor of the 23rd and Grace Church of Christ, Wichita Falls. A quartet from the same church sang.

After the service the body was taken to Montague for burial, where his grandparents, the late Mr. and Mrs. George Olliver, are buried.

Roy John, who was born August 24, 1935, at Vernon, was killed instantly Saturday night about 8:00 o'clock when his car collided with a Mexican truck in a rain storm between Goree and Monday.

He is survived by his father, Roy E. Olliver of Goree, his mother, Mrs. Johnnie Olliver, of Santa Anna, Calif., one brother, J. B. Hart, a grandmother, Mrs. Ella Ratliff of Santa Anna, Cal-

ifornia.

Other relatives attending the funeral were Mr. and Mrs. R. B. Coulston and son, Derald, Mr. and Mrs. R. L. Schultz, Mr. and Mrs. Perry Benson, all of Wichita Falls; Kenneth Coulston of Childress; Mrs. Luanna Olliver and son, Larry, of Munday; Mrs. R. P. Wilson of Santa Anna, Calif.; and Cecil Olliver of Dallas.

Mrs. Johnnie Olliver, accompanied by her sister, Mrs. Robert P. Wilson, came in by plane Monday from Santa Anna after receiving word of the accident.

Rev. Walter Hadley, pastor of the Goree Methodist Church, who is attending school in S. M. U. in Dallas, five days each week, brought a fellow student named Su Mon from Lucknow, United Provinces, India, home with him for the week end and spoke at the Methodist Church Sunday evening. Su Mon was a teacher in one of the Christian colleges over there and is a crusade student at S. M. U., working on his doctor's degree.

J. J. Roberts returned home from a visit with his son, Norman Roberts, and family in Vega.

Mr. and Mrs. Ira Stalcup visited Mr. and Mrs. Beverly King and children in Graham last Sunday.

Mr. and Mrs. Hill Allen of Throckmorton and Mrs. W. S. Yates and daughter, Alma, have returned from a trip to Beaumont and Paris, Texas.

Doug Goode of Wichita Falls was a Goree visitor Tuesday. Ward Cooksey, who is attending school in Abilene spent the week end with home folks.

Mr. and Mrs. Robert Huckabee of Hobbs, N. M., spent the week end with their parents, Mr. and Mrs. L. L. Huckabee in Munday and Mr. and Mrs. T. W. Searcy. Mrs. Huckabee remained for a longer visit.

Mr. and Mrs. Ferris Mobley spent part of last week in Wichita Falls where their grandbaby underwent surgery in a Wichita hospital.

The last meeting of the Goree Cemetery Association until March, will be held Monday night, October 12, at the Memorial Building at 7:30. All members are urged to attend.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

**AUSTIN—Nursing home operators from all over Texas will convene in Austin October 19 for a two-day discussion on how they can give the best care to the old folks whom fate has placed in their hands.**

The meeting, to be held in the auditorium of the State Department of Health, will open at 10 a. m. on Monday, October 19 and last through the following day. State Health Officer Geo. W. Cox, long-time champion of Texas' oldsters, promised that operators who attend will hear an outstanding panel of speakers cover the various problems associated with running a nursing home.

Specifically urged to attend are home operators who have been granted a temporary li-

Deere tractor and 2-row equipment. C. A. Wiskur, Vera, Texas. 10-2tp

**FOR SALE—Used army tents, 16x16, \$42.50; tarps, 8 cents per square foot.** Tuck Whitworth. 10-tfc

cense under terms of the nursing home licensing law passed by the last legislature.

Subjects to be discussed during the 2-day meeting include an interpretation of the licensing law; medical and nursing services in homes; sanitation and building standards; the problems of nutrition among the aged; and general standards, rules and regulations of acceptable operation.

Dr. Cox called the problem of handling aged citizens "one of the most pressing facing our leaders today."

"These people belong to a generation which time is shoving harshly aside," the health official said, "They deserve something better than to be forgotten."

The State Legislature apparently agrees with that sentiment. During its last session, a mandatory licensing law was enacted for all nursing and convalescent homes.

Designed to raise the standard of care given home residents, the law gives the State Department of Health authority to inspect all homes for health, safety and humane treatment of all residents.

Failure to comply means loss of license, without which the home must close its doors.

Attendance at the October 19 meeting will acquaint home operators with what is expected of them, Dr. Cox said.

## THEATRES IN TEXAS RAISE \$67,551.21 FOR U. S. KOREAN FOUNDATION

It was announced by Kyle Rorex, Executive Director of the Texas Council of Motion Picture Organizations (COMPO) that R. I. Payne, Chairman of the Texas COMPO-Korean Drive had dispatched a check in the amount of \$67,551.21 to Dr. Milton Eisenhower, President of the American Korean Foundation.

This amount represents funds raised by audience collections in theatres in the Texas territory. Speaking for the motion picture industry in Texas, Payne expressed appreciation to Dr. Eisenhower for the privilege of participating in this noteworthy activity.

The Roxy Theatre of this city held audience collections for this fund.

## Weinert Methodist Church Is Scene Of Smith-Earp Wedding On Saturday

WEINERT—An arch of greenery formed a background for the double ring wedding ceremony uniting Miss Marilynn Jenell Smith and John Wesley Earp III at the Methodist Church here Saturday. Rev. Max Copeland officiated.

The former Miss Smith is the daughter of Mr. and Mrs. Chester Smith of Weinert. Mr. Earp's parents are Mr. and Mrs. J. W. Earp, also of Weinert.

Miss Ann Derr and Miss Sue Guess were bridesmaids and Mrs. Alfon Dunnam, sister of the groom, acted as matron of honor. Best man was Wilburn Earp, brother of the groom, of Tampa.

The niece of the groom, Miss Vickie Heiskell of Pampa and the cousin of the bride, Phil Strickland of Abilene, were candlelighters. Kay Blackwood, cousin of the bride, of Dallas, was flower girl.

Nuptial music was furnished by Mrs. Connor Horton, pianist, and Diema Lewis, soloist, who sang "Always" and "Because."

Ushers were Delton Smith, brother of the bride, Joe Don Hullin of Breckenridge, cousin of the bride, and Alfon Dunnam, brother-in-law of the groom.

Besides the arch of greenery,

baskets of white cysanthemums and candleabra with white tapers decorated the church.

### Lovely Bride

The bride, given in marriage by her father, was gowned in white satin lavished with scalloped imported French lace. The floor length dress featured lace on the fitted bodice and seed pearls embroidery. The lace appliqued sleeves, the lace panels in the full, gathered skirt and sweetheart neckline highlighted her frock.

Her fingertip veil of illusion was caught under a cap of white satin with lace applique border and embroidering in seed pearls. Stephanotis and a white orchid formed the bride's bouquet.

Two matching net overskirts were attached to the strapless rose taffeta dress worn by the matron of honor. Small shoulder capes fastened at the neck. She wore a bonnet of matching net.

In pale pink and dark pink, the bridesmaids' dresses were styled identical to that worn by the matron of honor. Their colonial bouquets were of cysanthemums.

The net and taffeta dress worn by the flower girl was identical to the bride's gown in design. She carried a basket of rose petals.

### Reception

Crystal candelabra, greenery, and the bridesmaids' bouquets decorated the white serving table during the reception held after the ceremony in the home of the bride's parents.

For a wedding trip to Colorado Springs and Denver, the bride wore navy wool gabardine with navy accessories. Her corsage was a white orchid.

The bride and groom are grad-

MRS. JOHN WESLEY EARP, III

uates of Weinert High School. Mrs. Earp attended Hardin-Simmons University and Midwestern University. Mr. Earp attended Hardin-Simmons prior to 14 months in the armed service in Germany. He received his discharge in October, 1952.

The couple will make their home in Weinert.

Out of town guests were present from Fort Worth, Dallas, Pampa, Abilene, Breckenridge, and Childress.

### BATH TOWELS GAIN FASHION APPEAL

Not too long ago bath towels were just plain, ordinary items made to serve a practical need. Not so any longer! Today towels have entered the realm of home fashions and now play a colorful part in the bathroom decorating schemes.

Towels get high-style treatment these days. Inspiration for their designs comes from many sources, just as for fashion fabrics. One new towel recently put on the market has a design inspired by the delicate grid of a

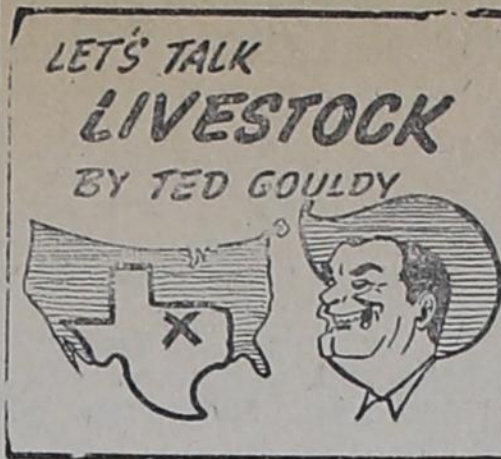

tennis racket. Called "racquet club," this design comes in delicate colors of azalea, lilac, and aqua and in tweedy shades of nutmeg and charcoal.

One home decorating expert even suggests the use of colorful towels for bathroom curtains. Just sew rings to one hem of a pair of matching towels, she says, and hang them on an ordinary rod. The towels drape gracefully without pleating and they absorb steam moisture without growing limp. The towel curtains can be washed frequently and require no ironing.

Joe Lynn Phillips, student at A. C. C. in Abilene, spent the week end with his grandparents, Mr. and Mrs. J. C. Phillips.

Week end guests of Mr. and Mrs. Royce Hardy and daughter were his parents, Mr. and Mrs. W. O. Hardy, and children of Stamford.

Mrs. J. B. Gillespie of Atlanta, Ga., spent last week here with Mr. and Mrs. C. L. Mayes and other relatives.

FORT WORTH — Movement of livestock to market at the start of the week was moderate at Southwestern markets, but heavy at midwest and Western centers. Denver reported a huge sheep run, and Omaha had almost 30,000 cattle on Monday.

Prices were stable at Fort Worth Monday. Some interests bid easier prices on cows and bulls, but were unable to get many bought that way. Steers, yearlings and stockers were firm. Some tippy fat calves sold up to \$15 to \$15.50, and a few to \$16 were definitely higher.

Good and choice slaughter steers and yearlings sold from \$17 to \$22, and choice to prime cattle were quotable to \$25 or better, some club steers late last week selling to \$26. Common and medium grassers sold for \$10 to \$15, and cutter grades sold from \$7 to \$9.

Fat cows cleared at \$9 to \$11, with some heiferish kinds at \$12. Canners and cutters drew 5.50 to \$9, some old shells down to \$5. Bulls drew \$8 to \$12, odd head above and below that range.

Fat calves of good and choice kinds sold mainly from \$12.50 to \$15, with some around 500 pounds or over strictly fat kinds to \$15.50 and \$16. Common and

medium sorts sold from \$9 to \$12, with culls from \$6 to \$9.

Good and choice stocker steer calves sold from \$12 to \$16.50, and plainer kinds sold around \$9 to \$11. Stocker and feeder steers and yearlings cashed at \$9 to \$15.50. Stocker cows were slow at \$8 to \$22.

Many financial backers of stock men are dropping broad hints at this time to the effect that feed bills of the size paid last year cannot be financed by them this year.

This situation may result in heavier than planned liquidation of herds in many cases. It will surely result in increased pressure for cheap food through a government program.

The financiers take the stand that a cow or a ewe that already is carrying a heavy feed bill from the past two or three years of dry weather can very easily "eat her entire value up between now and Spring."

Hog prices were 25 cents lower at Fort Worth Monday. Shippers and small packers paid the higher prices, while major packers followed the Northern trend into a lower market.

The hogs sold for \$24 to \$25 at Fort Worth, this compares with a top of \$23 to \$23.60 at Chicago the same day. Sows at Fort Worth drew \$20 to \$22, and were 50 cents off.

Lambs climbed 50 cents again at Fort Worth Monday and topped at \$19. These lambs came from Brewster County and weighed 82 pounds.

Good and choice lambs sold from \$17 to \$19, cull, common to medium kinds drew \$10 to \$16. Feeders sold around \$12, and are quotable to \$13.50. Old ewes

drew \$4.25 to \$6. Old wethers and two's sold from \$7 to \$9. Fat yearlings drew \$11 to \$12.

By the way, last week some lambs from Brewster County (Big Bend Country) and a long way from Fort Worth, came in and sale weight was within a pound and a half of the weight when they left home. They really took to the alfalfa hay and water to make a remarkable small shrink like that.

# DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's GM's Lowest Priced Eight!

## Quality Proves It!

Quality shows up in Pontiac wherever you look: In size—with its long, road-leveling 122-inch wheelbase . . . unmatched at the price! In beauty—with smart Silver Streak styling and surprising luxury. In the unseen quality of engine and chassis—features that reveal themselves in the long, economical life Pontiac cars always deliver.

## Performance Proves It!

Simply come in and drive a Pontiac. You'll feel the eager response of America's best-proved high-compression engine. You'll see how Pontiac's power reserve supplies all the pep you'll ever need for town traffic, a velvety smoothness that makes highway driving a pleasure. And with Pontiac dependability, you can go on and on like this—with an absolute minimum of service.

## Price Proves It!

All of Pontiac's extra value is yours for just a few dollars more than the smallest, lowest-priced cars! And Pontiac ranks with the leaders year-in and year-out in resale value. That's our final reason why, dollar for dollar, you can't beat a Pontiac. Now come in and let this handsome Pontiac prove it's the best buy for you, too!

BROACH EQUIPMENT

Munday, Texas

By JOHN C. WHITE, Commissioner

**INSECT PROGRESS REPORT**

Pink bollworm, the cotton insect which makes Louisiana and Oklahoma entomologists eye Texas fields with apprehension, is believed to be on the decline this year.

Texas is generally regarded as the gateway of the destructive pest for its entry into the U. S. from Mexico. This was particularly true last year when we faced the heaviest infestation in history. But due to strict state control measures, the latest progress report on the eradication program is encouraging.

The reduction is attributed to efforts of state entomologists, cotton growers and others, plus hot, dry weather. In some northern areas of Texas, however, the pink bollworm population remains uncomfortably high. The treat in those areas still is not as serious as it would be in the extreme southern portion of the state where the growing season is longer and more favorable for the insect.

In the South Texas counties of Kleberg and Nueces, cotton gin trash examinations are showing greatly reduced numbers of pink bollworm. A recent seasonal examination found an average of only 49 worms per bushel of gin trash as compared to an average of 6,156 per bushel in the same area last year. In Nueces County, the average gin trash count has dropped from 5,020 per bushel in 1952, to 153 this year.

The prolonged dry spell during the summer gave most farms good opportunity to clean their fields in the Rio Grande Valley. But near the very end of the gathering season, the heavy rains delayed the harvest in some sections. The prompt use of defoliants on the plants may have offset any losses in the eradication program, however.

Planting and plow-up deadlines are still in effect in 61 south and central Texas counties. Farming operations are controlled in this large area to prevent the spread of the insect into other parts of the state.

The pink bollworm threat is not confined to those counties alone. In all, some evidence of infestation has been found in 239 counties. Only 15 counties in the

northern Panhandle have no restrictions on cotton growth or treatment.

**KITCHEN COMMENT**

After laundering and starching cottons, smooth and shake them before hanging to dry. This prevents a concentration of starch in seams, collars and cuffs.

Brushing molds with salad oil for any gelatin salads or desserts makes removing the mold-food an easier job.

A heavy load in the washing machine may save time on a busy day, but clothes come out cleaner if you give the machine a lighter load. A recent study at Ohio State College showed that all washers do a better job with a 7½-8 pound load. A typical assortment for an eight pound load would be: Two sheets, two pillow cases, two bath towels, two men's white shirts, two luncheon cloths, and about a pound of tea towels or other small items.

If your living room is a multipurpose room, you can maintain a feeling of spaciousness and at the same time isolate the several areas by grouping furniture for different uses around individual cotton rugs. Use one rug for the dining area, another for a living room conversation grouping, or still another for a TV corner.

**LOCALS**

I. V. Cook of Plainview visited relatives and friends here over the week end.

Mrs. L. J. Hill was a guest of Mrs. Mae Branch in Haskell one day last week.

Week end guests in the home of Mr. and Mrs. Press Phillips were Miss Helen Phillips of Abilene and Marion Phillips of Midland.

Delbert Montgomery of Fort Worth visited friends here last Saturday night and Sunday.

Mr. and Mrs. Jim Bowman and children visited relatives in Fort Worth over the week end.

**BENJAMIN NEWS**

(Mrs. Von R. Terry, Cor.)

Mrs. E. A. Darwin and boys of Lubbock and Mr. and Mrs. Elton Patterson of Pasadena were recent visitors in the home of Mr. and Mrs. J. C. Patterson.

Mr. and Mrs. J. G. Swaner of Wichita Falls were recent guests of Mrs. Myrtle Meinzer and Wylie Joe.

Malcolm Shipman was a business visitor in Flagler, Colo., last week.

Kenneth Benson, who has been home on leave the past two weeks, reported back to his base in Amarillo Thursday of last week.

Mrs. Kilcrease, who has been visiting friends in Mobeetie, returned to her home with Mr. and Mrs. J. D. Brown and Curtis last week.

Mrs. Ben Qualls and Mrs. A. L. Smith of Abilene visited friends and transacted business here last week.

**HISTORIC WELL STILL PRODUCING**

Do you think you could dig a hole thirty feet deep by hand if you knew you would end up with an oil well? That's what happened in the early days of searching for black gold in California.

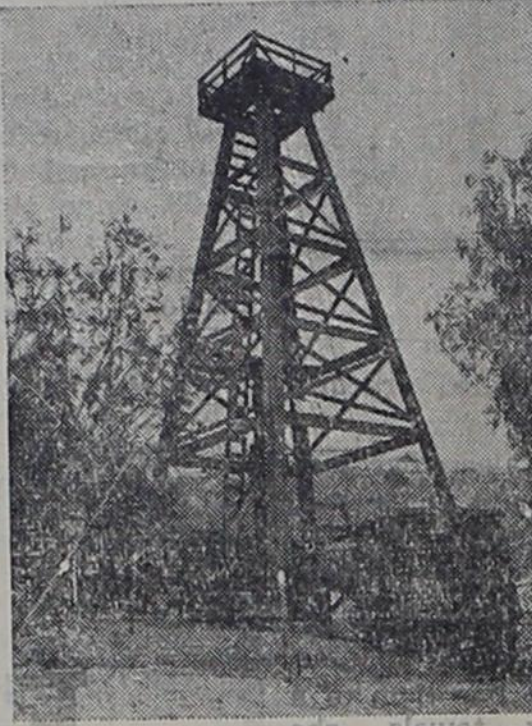

And if you dug one 800 feet deep in 1897 it might still be producing oil—that's what happened to the Santa Fe Railway.

Back in the early days, the railroads in California purchased a lot of their coal to operate their locomotives from New South Wales, Australia, at a cost of \$6.50 to \$7.00 per ton. The coal was shipped usually in sailing vessels that made the early passage from Europe to Australia. That is to say, a ship would sail with a cargo from some European port to Australia and if, on arriving, no return cargo were available, the vessel would load with coal for our Pacific coast. On reaching an American port, usually San Diego or San Francisco, the boat would discharge its cargo and reload with timber, wheat or minerals and sail back to Europe. Rather than sail in ballast from Australia to California it was considered better to carry coal at a comparatively low rate.

It is hard to say who first proved the practical value of oil as a locomotive fuel, yet, according to our present information, a man named Thomas Urquhart, superintendent of motive power of a European railroad, made the first successful experiments. By 1886, Urquhart had 143 locomotives burning fuel oil in regular daily service. American railroadmen seem to have become interested in this proposition, for at this time similar experiments were started on certain lines in the oil regions of western Pennsylvania. These experiments were disbanded, however, because of the vast

deposits of coal in that region. Santa Fe began experimenting with oil for locomotive fuel in the early 1890's. Successful experiments proved the practicability of oil for locomotive use but the remaining problem was to be assured of enough oil at a price that would warrant changing the engines from coal to oil.

About 1896 Santa Fe purchased 320 acres of oil land at Olinda, California, in Orange County, about eight miles northeast of Fullerton and started drilling operations. The first hole sunk was a successful well—and today, fifty-six years later, it is still producing! Started in March of 1897 it was completed in April and the old records show that 4,960 barrels of oil flowed from "Olinda No. 1" that year. Last year it produced 386 barrels, and although it has produced nearly 100,000 barrels.

When the equivalent of Olinda No. 1's production last year (386 barrels) is refined for diesel consumption approximately 3,864 gallons of fuel results. Each gallon of this refined oil will haul a ton of freight 625 miles or actually the 1952 production of the first Santa Fe well drilled in 1897 pushes a diesel locomotive today over 2,415,000 miles of rail. Daily production is good for 6,617 miles of a diesel unit operation, according to Electro-Motive Division of General Motors Experts.

Originally the Santa Fe's oil interests were conducted by two companies in California, the Petroleum Development Company and the Chanslor-Canfield Midway Oil Company. However, in 1921, the property of the Petroleum Development Company was sold to the Chanslor-Canfield Midway Oil Company which has handled the Santa Fe interest since that time.

Pete Barnett visited in the home of Mr. and Mrs. Arnon Chitty and family in Melissa Wednesday of last week.

Mrs. Allie Moorhouse visited in the home of her sister, Mrs. Homer Barham in Seymour Monday of last week.

Mr. and Mrs. Abe Watson of Knox City were in Benjamin on business last Thursday.

Mrs. Murry Rodgers and baby of Clairmont spent Monday in the home of her parents, Mr. and Mrs. Howard Barnett and family.

Mr. and Mrs. Charles Hertek and baby moved back to their home here last week after living in Seymour the past few months. Mr. and Mrs. Von Terry and Mrs. H. C. Stone were business visitors in Munday/Tuesday night of last week.

Mr. and Mrs. D. V. Gilbert and Mrs. O. V. Chitty transacted business in Knox City last Friday.

Mrs. Myrtle Meinzer and Mrs. Bert Marshall were in Knox City on business last Friday.

Jerald Barnett, who is in the Navy in San Diego, Calif., came home for a ten day leave with his parents, Mr. and Mrs. Howard Barnett, and family, and other relatives and friends, one

day last week. Mrs. Earl Sams and Delores Thompson were transacting business in Wichita Falls Saturday.

Mary Jane Melton and Louise Isbell were shopping in Wichita Falls last Saturday.

Mr. and Mrs. Burns Ray, Iva June and Jimmy Melton visited Mrs. Frank Hill in Munday last Sunday night.

Bill Bob Glen of Amarillo spent the week end here with his wife and baby.

Mr. and Mrs. Darr Snailum and baby of Pecos were week end visitors of his parents, Mr. and Mrs. Lee Snailum, and family.

Mr. and Mrs. Floyd Herndon and girls of Houston are visiting her parents, Mr. and Mrs. Clarence Littlepage, this week.

Horace Edwards transacted business in Knox City Thursday.

Volley Ressel of Trinidad, Colo., visited his parents, Mr. and Mrs. Theodore Ressel and family and Mr. and Mrs. W. T. Cartwright, other relatives and friends last week.

Mrs. A. S. Taylor of Fort Worth visited her daughter, Mrs. Carl Patterson Saturday. Mr. and Mrs. Patterson and Mrs.

Taylor then went on to Seminole to visit and aunt of Mrs. Patterson, who was ill.

Mr. and Mrs. Myers Ryder and girls were in Seymour on business Saturday.

Mrs. Wallace of Wichita Falls is visiting her mother, Mrs. R. L. Hendrick, and other relatives and friends.

Mr. and Mrs. Jess Boykin of Truscott visited in the home of Mr. and Mrs. W. E. Ryder, Sr., last Sunday.

Mrs. W. E. Ryder, Sr., Mrs. William Ryder and Mrs. Ann Hunt visited in the home of Mr. and Mrs. Jim Cash and boys in Gilliland last Friday.

**SOROSIS CLUB MEETS**

The Sorosis Club of Benjamin met in regular session on October 1st in the club room with Mrs. I. T. Wright as leader.

Many items of interest were mentioned in the roll call. A film on soil conservation was shown by the county agent, W. J. Bryan.

The hostesses were Mrs. Allie Moorhouse and Mrs. S. E. Reed.

Drive carefully. The life you save may be your own.

## Knox Prairie Philosopher Finds The U. S. Treasury And His Supply Of Winter Hay In About Same Shape

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek must think money is hay, his letter this week reveals.

Dear editor:

I was wanderin around over my pasture out here yesterday afternoon absorbin the October sunshine and sizin up my cows and wonderin how cold it'll get this winter and whether they can all make it through alive when I noticed a copy of a newspaper had blown against a corner post and since my corner posts ain't the strongest in the world I figured I'd better take the paper off to cut down on the wind resistance, I haven't got time to be repairin blown-over corner posts when there's even more work to be done on the posts in between, not to mention the wire, and since I had the paper in my hand when I pulled it off I took it home and

J. A.

picked out a comfortable spot on the south side of the barn and stretched out and looked it over.

What interested me right off was an article sayin the Secretary of the U. S. Treasury, George Humphrey, has checked up on the money on hand in Washington and has informed President Eisenhower that the government probably can scrape through the fall and winter without callin Congress back into session to raise some more.

He figures the government can cut a few corners and scratch around and meet its bills until January at least, when Congress is due back anyway.

I know exactly how it is, and I'm pleased to learn that me and the Secretary of the Treasury have some problems in common.

I have been checkin up on my supply of Johnson grass hay and I've figured if I cut some corners and scratch around enough, my cows ought to be able to make it to January too, and I'm gonna take the position that if the United States Treasury can do it, my cows ought to too. In fact, my cows are just gonna have to buckle down, recognize that's all the hay there is, and get by on it. This idea of pourin more and more hay to the cows and more and more money to the people can't go on forever. We got to call a halt somewhere and I'm proud that me and the Secretary of the Treasury see eye to eye on it.

Of course, the people have a little advantage over my cows. My cows don't have Congress comin back into session in January to take the pressure off, they've got to make it all the way to Spring grass along in April. My cows just don't have any machinery for callin me back into session in January. It's up to them to size up the hay in the barn and recognize that's all that's standin between them and the first blade of green grass six months from now. I don't know that they'll be better cows physically for the experience, but if they make it they'll have the satisfaction of comin through with stronger characters. I've heard President

### STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of the Munday Times, published weekly at Munday, Texas for October 1, 1953.

THE STATE OF TEXAS, COUNTY OF KNOX, ss:

Before me, a notary public, in and for the State of and county aforesaid, personally appeared Aaron Edgar, who, having been duly sworn according to law, deposes and says that he is the editor-publisher of The Munday Times and that the following is to the best of his knowledge and belief, a true statement (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager is: Aaron Edgar, Munday, Texas.
2. That the owners are Aaron Edgar, Munday, Texas; Grady F. Roberts, Wichita Falls, Texas.
3. That the known bondhold-

Eisenhower himself say we need to strengthen the moral fiber of this nation. Personally, I find a great satisfaction in knowin that the United States Treasury and my hay barn are in about the same shape.

Your faithfully,  
J. A.

ers, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other publication sold or distributed, securities, etc., are: none.

4. That the average number of copies of each issue of this publication, sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1650.

Sworn to and subscribed before me this 1st day of October, 1953.

(SEAL) G. B. HAMMETT,  
(My commission expires June, 1955.)

### IN PHYSICAL TRAINING SCHOOL AT FORT BRAGG

Private First Class Newton L. Norman, Hqts. Battery, 25th Field Artillery, Fort Riley, Kansas, son of Mr. and Mrs. N. L. Norman, Munday, Texas, is now a student in the Army Field Forces Training School at Fort Bragg. The school trains enlisted men and officers in the proper methods of instruction to keep the men of our army physically fit.

During the Army Field Forces three week course Pfc. Norman will learn to instruct many rigorous though healthful exercises. He will learn to officiate and supervise such sports as baseball, football, and basketball.

Mr. and Mrs. Jerry Edwards and daughter, Christy, of Dallas were guests in the home of her parents, Mr. and Mrs. Chester Bowden, over the week end.

Mr. and Mrs. Jim Adams returned last week from Denver, Colo., where they have been living the past six weeks, to make their home in Munday. Mrs. Adams, the former Barbara Foshee, has accepted employment at the First National Bank.

## LOCALS

Mrs. Ronald Foshee and daughter, Linda, of Weatherford are visiting in the home of Mr. and Mrs. R. E. Foshee this week.

Mr. and Mrs. Gerald Doyle of Fort Worth were guests in the home of her parents, Mr. and Mrs. Joe Patterson, over the

week end.

Miss Lou Campsey, who is attending Hardin-Simmons University in Abilene, was a guest in the home of her parents, Mr. and Mrs. S. B. Campsey, over the week end.

Margie Lou Sargent of Dickens spent the week end with her grandparents, Mr. and Mrs. J. A. Hill.

A message to every prospective new car buyer:

You can have

the most popular automatic transmission to be found in any low-priced car

## Chevrolet's Famous 1953 Powerglide!\*

Much fleetier, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!

**Much More Economical**  
Chevrolet's 1953 Powerglide Automatic Transmission\*—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you *entirely new operating economy* in city driving and on long trips.

**Far Livelier Getaway**  
Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to legal traffic speed in seconds.

**Important New Gas Savings**  
You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a

more efficient use of engine power, make it extremely thrifty.

**Great New Passing Ability**  
The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

**Smoothest No-Shift Driving at Lowest Cost**  
Driving is almost incredibly easy, changes of speed almost unbelievably smooth... for this transmission gives simplest, smoothest, no-shift driving at lowest cost.

**Safe Eyes-on-the-Road Driving**  
Powerglide permits you to concentrate on driving, with hands on the steering wheel and eyes on the road.

**Full Engine Braking—Power on Hills**  
Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

**Rock Out of Trouble**  
Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. "LOW" and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

**Push-Proof Parking**  
Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

**Time-Proved, Owner-Proved Dependability**  
Come in. Drive a Chevrolet with this finer, more popular automatic transmission—time-proved by hundreds of thousands of owners in over a billion miles of driving!

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

### Safety In Traffic Good Citizenship

"Bing careful in traffic is good citizenship," Col. E. B. Tilley, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation told the boys and girls of Texas today.

Col. Tilley was speaking in connection with the September child traffic safety program being sponsored by the Texas Safety Association in cooperation with the National Safety Council.

"A driver who has to dodge a careless child may hit another car or a building, and cause a bad accident," he said.

And some times a motorist can't avoid hitting a child who runs into the street without looking, he pointed out.

"Boys and girls are being good citizens when they do their best to prevent such accidents by observing all traffic safety rules themselves, and by helping their friends to remember to do the same," he explained.

He reminded children that, to be safe in traffic, they always should follow five basic safety rules, which are:

1. Obey all traffic officers, school patrols, traffic signs and signals and pavement markings.
2. Use roller skates, tricycles, wagons and scooters on the sidewalk only.
3. Practice the rules they learn in school about crossing streets and playing in unsafe places.
4. Always take the safest route between school and home.
5. Walk on the left side of the road, facing traffic, if there are no sidewalks.

### TO STATE MEETING

Mrs. R. M. Almanrode came in Saturday from Galveston where she had attended the State meeting of the Texas Home Demonstration Association. The meeting was held in the Marine Room of the Pleasure Pier in Galveston, and 757 women registered for the meeting. Along with Mrs. Joseph Perkins of Eastland, Miss Iris Davenport, Nashville, Tenn., and Miss Mena Hogan, Washington, D. C., Mrs. Almanrode appeared on the program. Previous to the meeting, Mrs. Almanrode visited two days in Houston with friends. She is a member of the board of directors of the association, and in seven years has not missed a meeting.

### DELIVER CATTLE

Chas. and Deaton Moorhouse sold and delivered 208 Angus steer calves and 50 Hereford calves to Northern buyers at San Angelo and Barnhart last week. They reported good rains in that country.

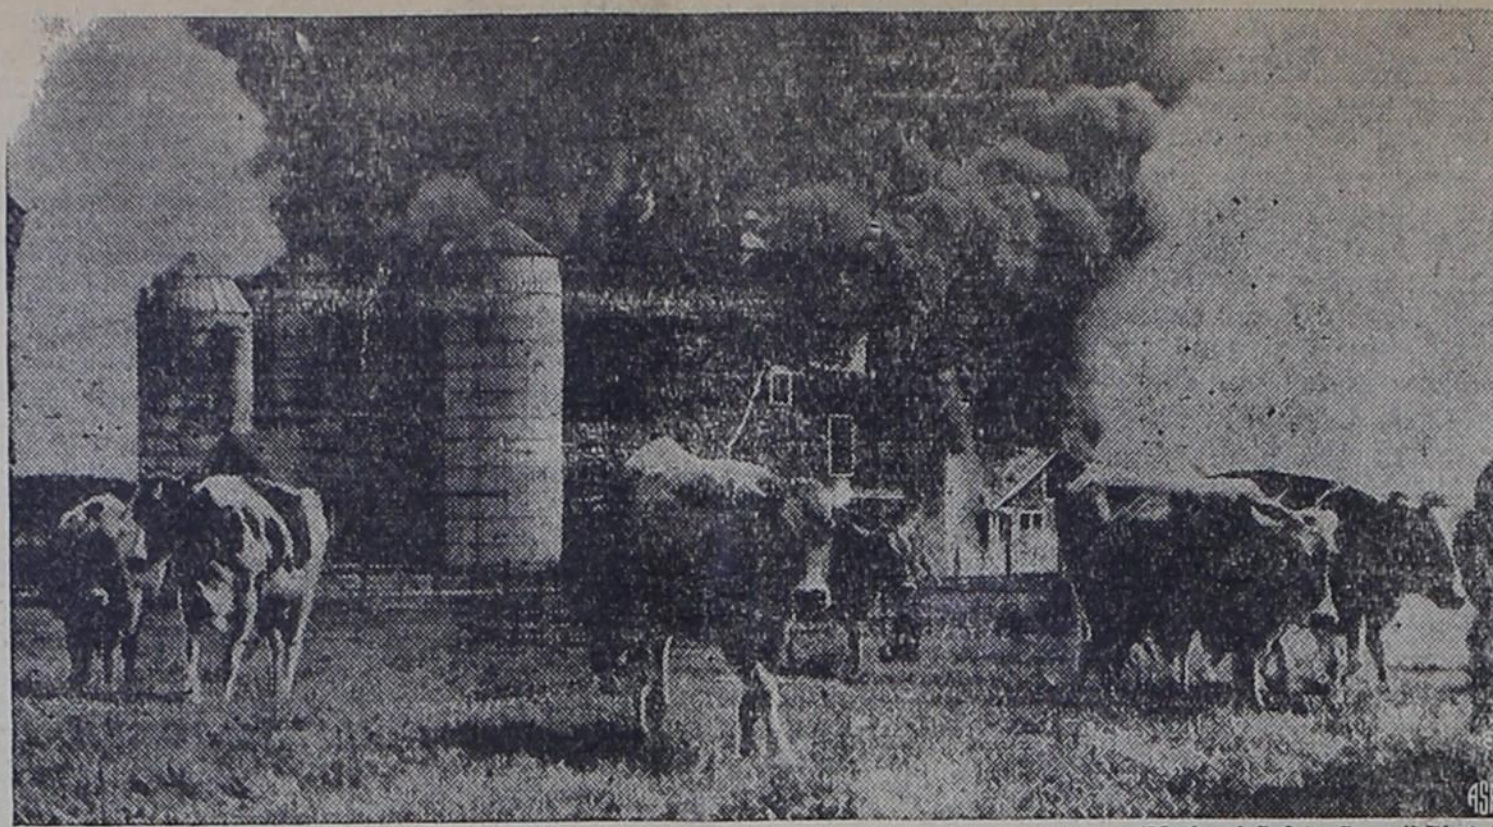

Drive carefully. The life you save may be your own.

### News From Goree

The Kittens suffered their first defeat of the year last Tuesday night when the Weinert Puppies bested them by one point. The game was a thriller from start to finish with the Puppies beating with a score of 21 to 20. The game was played at Goree.

Mr. and Mrs. Bob Moore of Borger are spending this week with their parents, Mr. and Mrs. Cody West and Mr. and Mrs. Earnest Moore.

### Farm Fire Loss Blamed on Neglect of Easy Rules

(National Safety Council Photo)

Last year fires like this cost American farmers 133 million dollars. Most could have been prevented or kept small. To prevent this kind of disaster on your farm, carry out these simple rules now: 1. When building or remodeling, use non-combustible materials. All-steel structures, such as Quonsets, minimize spread of fire. 2. Protect all your buildings (including those of steel) with well-distributed, properly grounded, tightly-connected lightning rods.

3. Make sure electrical wiring is in A-1 shape. 4. Put heating equipment and chimneys in good condition. Make sure that every person who turns on or regulates heating equipment knows how to do it. 5. Take no chances with damp hay. Dry hay properly in field or mow. Check temperature of hay for six weeks. 6. Put fire-fighting equipment in every building and make sure that everybody on the farm knows where it is and how to use it.

### Too Late to Classify

### LOCATED 4 MILES SOUTH OF ANSON, TEXAS

I am offering for sale, one of the BEST FARMS in Jones County. 161 acres mixed sandy loam, drought resisting land. My improvements consist of one 3 bedroom home, hardwood floors throughout. 1650 foot floor space, no sheetrock. Nice lawn, plenty shrubbery. All weather road, bus and mail route by the door. Good cistern, new garage with storage room built on. Two tin tractor sheds, one extra large, both concrete floors. New 4 room frame hand house. 1 large room cotton picking house, 1 seed bin, 2 feed bins, 2 brooder houses, a 2 large hen houses. Good soft water, plenty of it. Dug well 36 ft. deep, stands 18 feet of water at all times. Windmill and pressure pump. All buildings wired for electricity. Under this inflated times my farm is worth \$250.00 per acre. As I have property in Lubbock County that needs more attention than I can give it this far away, I am offering this farm, all in cultivation, for sale at the price of \$175.00 per acre. L. L. Lindsey, phone 7897, Anson, Texas. 11p

### LOCALS

E. J. Cude and Elmer Cude attended the funeral of Henry Boring in Austin last Saturday. Mr. Boring was a brother-in-law of E. J. Cude.

Joe Frank Bowley was a business visitor in Fort Worth last Thursday and Friday.

Deborah Kay, 5 months old daughter of Mr. and Mrs. Kelsie Nelson, entered the Haskell hospital last Sunday where she underwent surgery. She is reported to be doing fine at this time.

Mr. and Mrs. J. H. Amerson spent the week end in Denton visiting with their son, James, who is attending NTSC.

Mr. and Mrs. Ralph Geddy of Dallas are announcing a new boy in their home on September 26th. The little Geddy boy has been christened Dennis Michael. Dennis Michael has a 2½ year old sister who is very proud of her new brother.

Mr. and Mrs. Stanley Wardlaw visited their daughter, Mrs. E. L. Jetton, and family in Fort Worth over the week end. The Jettons and the Wardlaws visit-

ed with Mr. and Mrs. Ralph Geddy and the new grandson of the Wardlaws in Dallas during the week end.

Mr. and Mrs. C. J. Harpham of Plainville were Sunday visitors over the week end.

Miss Julie Massey, student in McMurry College in Abilene, was a week end guest in the home of her parents, Mr. and Mrs. J. W. Massey.

Mrs. Warren Rister and children spent the week end with her parents in Breckenridge.

Mr. and Mrs. Howard Collins of Lubbock were week end guests in the A. L. Smith home.

Miss Ilene McClaran of Wichita Falls spent the week end here with her mother, Mrs. Ann McClaran.

Last year farm fires destroyed a \$133,000,000 worth of property and took 3,000 lives. How much of this toll came from your community and what caused the fires? Records show that approximately 95 per cent of these fires resulted from carelessness and neglect.
