Potato Harvest Gets Underway In Munday

Local potato producers began harvesting their crop this week despite muddy ground and light showers. Early reports for this major cash crop point to a less than average yield due to adverse conditions during the growing season.

Dwight Colville of Colville and Wilson said they would be digging potatoes through the end of June. The quality of the first potatoes is good, he said, but yields are running light to average.

Munday Vegetable Growers

began their potato harvest a few days ago and a spokesman echoed Colville's statements. "The quality is good so far," said Gene Thompson, one of the co-op members. "But it looks like we will have about a two-thirds (of normal) yield."

Larry Smith of TXS Vegetable Producers said he would probably try to dig some potatoes the latter part of the week, and other growers are expected to get their harvest operations underway in the near future.

Knox County Receives Unnecessary Soaking

Agricultural activities in the area came to a temporary standstill last week when heavy rains fell Tuesday night, soaking fields, yards and gardens with over four inches of rain.

Munday's official U.S. Weather Observer, Goodson Sellers, measured 4.39 in his gauge last week, and other reports reached as

high as six inches. Rivers throughout a large part of the state became raging torrents as floodwaters rose, causing a great deal of damage in some areas.

The rain brings our total for the year to 17.55 inches. In contrast, a year ago, we had received 3.82 inches.

After suffering through our first days of 100+ temperatures, highs during the past week varied from 71 on Wednesday to 95 later in the week, with a much increased humidity percentage.

At press time Tuesday, early-morning threats of another down-pour had blown over and the sun was shining. Farmers are beginning to get back into their fields, and most of them, especially potato producers, were hoping for several days of drying weather to get vegetable harvest well on its way.

Pete Beecher at the North Central Texas Municipal Water Authority said Miller Creek Reservoir is up a good bit. After gaining two and one-half feet during spring rains, last week's cloudburst dumped another three feet of water in the lake. With the new spillway extension, Beecher said the lake is still more than five feet from being at the running over stage, but is in good shape to provide water to members of the authority and those towns that purchase water.

Motion Picture On Depression To Be Shown This Sunday

Depression is an enemy of millions of Americans. A new motion picture from Evangelical Films entitled "Happiness Is A Choice" discusses the symptoms, causes, and cure for depression. It is based on the work of Drs. Paul Meier and Dr. Frank Minirth, two of the most prominent Christian psychiatrists of our day. It is prepared for laymen and avoids technical terminology.

This informative and enjoyable motion picture is being premiered at selected sights around the country this summer. It can be seen at the First Baptist Church of Munday at 8 p.m. Sunday, June 16. Pastor Jim Way invites you to come to the showing to become better equipped to handle depression-whether it might strike you or someone you love.

Munday Florists Set Grand Opening

Munday is a two flower shop town again, with the opening of Munday Florist. This shop is located in the old Moppet Shop building beside the Fair Store, and is operated by Shirley Welch and Becky Offutt.

Mrs. Welch has closed her Knox City shop, Plants Etc., Too, and has moved the stock to the new business in Munday. The original Plants, Etc., building burned last fall.

Grand opening for the new business will be Friday, June 14, and the ladies invite everyone to come in and see their new home. Prizes will be given to the first five customers in the morning and the first five after lunch, and refreshments will be served all day.

The store's new location has special meaning to its owners. Longtime Munday residents will remember the old Eiland Drug Store that used to occupy that spot, and Mrs. Offutt said she and her sister had their first jobs there as teenagers, just a few years ago!

Commodity Distribution Scheduled In Knox County

The Aspermont Small Business Development Center will distribute USDA surplus commodities at the following dates, times, and locations:

Friday, June 14, Truscott, 10:00-10:30 a.m. at Community Center; Gilliland, 11-11:30 a.m. at school house; Vera, 12-12:30 p.m. at Methodist Church; Benjamin, 1-2 p.m. at Courthouse.

Each person must present identification before receiving commodities. For further information call the Aspermont Small Business Development Center, Inc., at (817) 989-3538.

Area Rebate Checks Reflect Increases

Munday received a check for \$2,818.30 from State Comptroller Bullock for its share of the sales tax rebating this month. The city's total of \$23,601.46 for 1985 is up 1.51 percent from last year's rebates at this point.

Knox City's rebate check was \$4,850.69, giving that city a yearly total of \$38,940.69, a 5.20 percent increase from 1984.

Goree, Benjamin and Weinert did not receive rebate checks this month. The June checks are for taxes collected on sales made in April.

Nursing Center To Honor Fathers

Local residents are issued a special invitation to visit the Nursing Center on Friday, June 14, when we will honor our fathers at the home. The men will receive bouquets, and refreshments will be served at 2:30 p.m. We hope you will come and help our men celebrate an early Father's Day.

LANCE CYPERT, left, son of Mr. and Mrs. Lyndol Cypert of Knox City, is presented a plaque by Knox County Extension agent David Tunmire for winning the first \$50 Brazos Valley Young Farmers agriculture scholarship. The salutarian of the 1985 graduating class at Knox City High School, Lance will attend South Plains Junior College in Levelland.

Local Girl Wins State 4-H Food Show Award

Angie Partridge, 14, daughter of Mr. and Mrs. Wendell Partridge of Munday, placed third in the breads and cereals division of the state 4-H food show, one of the events in the State 4-H Round-up held last week in College Station.

Angie's dish was strawberry bread, with which she won county and district food show titles. Angie represented District 3 4-H'ers at the state contest. Along with her recipe, she was judged on her knowledge of nutrients, a daily menu chart and a nutritional analysis of both the menu and recipe.

Angie has been involved in 4-H activities for several years, and is a member of the Knox County senior 4-H club. Only senior 4-H'ers are

ANGIE PARTRIDGE

eligible for the state contest, which encompassed 14 districts in Texas. The top food show winners in each district were Angie's competition.

She was accompanied to College Station by her mother, her sister, Cynthia Forbes, and county Extension agent Jane Lockname.

Dr. Neufeld Given Leave Of Absence By Hospital Board

A called meeting of the Knox County Hospital Board of Directors was called to order by board president, Vernal Zeissel at 8:35 p.m. Friday, May 31. The purpose of this meeting was to consider granting Dr. Newton D. Neufeld a leave of absence.

Members present were Vernal Zeissel, Bernard Brown, Ray Lynn Hardin, Maurine Reeder, Buster Lowrey and hospital administrator, Jerry Burleson.

Greg Clonts and Benny Grill were not present. The board in its desire to be fair to all concerned, discussed the request of Neufeld. After lengthy discussion, Maurine Reeder made a motion to grant Dr. Newton D. Neufeld a leave of absence. Bernard Brown seconded the motion, which passed with no opposition.

With no further business to discuss, Ray Lynn Hardin moved that the meeting adjourn. Maurine Reeder seconded the motion which passed unanimously. The meeting adjourned at 9:00 p.m.

Promotion Night To Kick Off Festival

Promotion Night activities for the Knox County Vegetable Festival are scheduled for Friday, June 14, and everyone in the community is invited to come out and join the fun.

A parade will begin at 5:30 p.m. Entries will assemble at 4:30 at the west side of the football field, and the parade will make its way through the downtown area. Cash prizes will be awarded for the judges' favorite entry, the most creative, best comedy entry and the best vegetable depiction. Businesses, civic organizations and individuals are urged to enter the event, according to Betty Kramp, chairman. For more information call her at 422-4779 days and 422-4287 evenings or Paula Schur at 422-4631.

The crowd will then move to the football field for the bed races, which will take place in the street between the field and the school. Bill Williams is in charge of this popular event, and entry fee is \$5 per team. Call him at 422-4937 for details.

The Munday Gym-Dandeez, coached by John Mix of Graham, will demonstrate their ability with an exhibition on the football field. This will be followed by the stick horse races, which will also be held on the field. The age limit for this event has been lowered, and there will be two age groups competing,

one for 4-7-year-olds, and the other for youngsters age 8-12. Call Janice Dutton at 422-4967 or Gail Ramirez at 422-5507 or 422-4100 to enter this contest.

Persons entering the contests are reminded that they must furnish their own beds and stick horses. Trophies will be awarded to the best decorated entry in each race, as well as to the first, second and third place winners.

Townpeople should beware of coming out of their homes Friday unless they are wearing some sort of 1985 festival identification. A jail will be open on the city hall square from 9 a.m. until Promotion Night festivities are completed, and persons not sporting the necessary identification will be jailed with much fanfare and publicity. A booth for purchasing promotional items will be set up near the jail for persons who wish to purchase their "bail" before it is needed. If you would like to purchase a t-shirt, pin or other Vegetable Festival item before Friday, they are available at T-Shirts, Too in Munday.

The Munday Ambulance Service volunteers will be cooking hamburgers at their stand during Promotion Night, and the ladies auxiliary of the Munday Fire Department will sell lemonade, popcorn, brownies and cookies.

Youngsters Will Find Lots To Do At Vegetable Festival

While adults are browsing through markets, sales and exhibits at the Knox County Vegetable Festival, there will be plenty of games and contests for youngsters, who were certainly not left out when the planning was going on.

The "Veg-o-lympics" will be held on the west side of the city hall lawn from 9-11 a.m. Saturday. Aimed at 2-12 year olds, these events will be set up in booths. Event titles and coordinators include onion golf, Sherry Jones and Judy Lain; onion target, Vickie Claborn, Vickie Huffman and Mary Huffman; Mr. Potato head, Frieda Brown and Mickie Hutchinson; potato toss, Judy Wilde and Nancy Beaty; cabbage hoop, Dayle Kuehler and Janice Vacek; and cabbage bowl, Tracee Herring.

During the afternoon hours, "Madcap Mania" teams of five will compete between 2-4 p.m. Entry fee for each team is \$5, and the deadline for entering is Thursday, June 20.

These races are designed for fifth through eighth graders and include the three-legged sack race, directed by Angela Meers; the scavenger hunt, Frances Parker and Charlotte Jackson; the light-weight relay, Pat Owens and Karen Logan; the three-wheeler relay, Becky Offutt; and the obstacle course, Rose Burks and David and Valree Milson.

Individual trophies will be presented to members of first, second and third place teams.

Fresh Vegetables Draw Crowds To County's Festival

A vegetable festival could not be possible if it were not for one very important commodity - the vegetables. Visitors to this year's festival will have ample opportunity to purchase vegetables fresh from the fields at the producers' market.

Producers' booths will be set up on the east side of city hall lawn during the festival, and a wide variety of vegetables will be available, including potatoes, tomatoes, squash and many others. Hanging baskets will also be on display.

Gary Kuehler is in charge of the market this year.

Hunt For Vegetable Leads To Riches

Treasure seekers throughout the county are deciphering clues that

will lead to \$50 savings bonds for four winners in the Green Onion hunt promoting the Knox County Vegetable Festival.

An onion is hidden in four of the county's towns, Munday, Goree, Knox City and Benjamin, and clues have been posted each day on the post offices in these cities. All six clues will be posted Thursday (today), June 13, and everyone is invited to take part in the hunt.

If you find the green onion in your locale, call Mickie Hutchinson at 422-4119. Clues and hiding places are different in each town.

The winners will receive their savings bonds during Promotion Night festivities Friday, June 14, in Munday.

Wanted

Good entertainers to perform during the Knox County Vegetable Festival on Saturday, June 22, on the city hall lawn in Munday.

Dunking Booth Will Make Big Splash At Vegetable Festival

Would you pay to see local business people get soaked?

The Munday Chamber has devised an ingenious way for visitors at the Knox County Vegetable Festival to reap revenge on that "certain someone" with whom they would love to get even!

Business persons, coaches, preachers, etc., will be asked to wear price tags during the day of the festival. If you would like to get back at one of these persons, look to see if they are wearing a tag and how much it will take to get them into the dunking booth.

If you have a particular candidate in mind, call the Chamber and they will tell you if that person is in line for a dunking. Anyone who would like to volunteer for this event should contact Jan Zeissel at 422-5272 or 422-4698, or Callie Ann Combs at the Chamber office.

Announcement

The Munday Fire Department will test its emergency alarm system at 8 p.m. Monday, June 17, during their weekly meeting. Persons in town are advised to remember this date so as not to be concerned when the alarm is sounded at that time.

*** KNOX COUNTY KONNECTIONS ***

L. Jane Locknane
County Extension Agent - Home Economics

The June 22 Knox County Vegetable Festival is rapidly approaching. Again this year, a part of the festival will include divisions for baked foods and preserved foods. I want to invite and encourage everyone from age six up to participate.

If you plan to enter preserved foods (this includes canned and dried items), now is the time to start. You may also want to bake some items for the baked division now and keep them in the freezer until the festival.

Registration for these two divisions will be held June 22 from 8 a.m. to 9 a.m. in the Munday fire hall meeting room. Age divisions in each group are junior youth (6-11 years of age), senior youth (12-18 years of age) and adult (over 18 years of age). Each person may enter two items in each class. Awards will be presented in each class in each division.

The baked foods division will include the following classes:
Quick Breads - 4 rolls or 1 loaf
Yeast Breads - 4 rolls or 1 loaf
Bar Cookies - 6 cookies
Drop Cookies - 6 cookies
Cut Cookies - 6 cookies
Tube/Bundt Cakes - 1 cake
Layer/Sheet Cakes - 1 cake
Loaf Cake - 1 loaf
Decorated Cakes - 1 cake
Pies - any kind (no meringue or chiffon due to lack of refrigeration) 1 whole pie.

Candies - any kind, 6-8 slices, pieces or squares
The preserved foods division will include:
Canned vegetables - all kinds
Canned Fruits - whole or sliced

Canned Pickles
Canned Pickled Okra
Canned Relishes
Jams, preserves and marmalades
Jellies
Dried fruit, vegetables and fruit leathers

A complete copy of the rules may be obtained by calling the county Extension office, 454-2651. We will also be happy to answer any questions you might have.

Once again, I hope you will enter some items in this part of the festival. If you are unable to get your entries to Munday the morning of the festival, call the extension office and we will make arrangements to have your entries picked up the day before.

Graveside Rites Held For Area Man

Floyd Lather Owen, 72, died Tuesday, June 4, in the Brazos Valley Nursing Home in Knox City. Graveside services were at 10 a.m. Friday, June 7, at Knox City Cemetery with Rev. Dave Stone, pastor of the Knox City Foursquare Church, officiating. Smith Funeral Home was in charge of arrangements.

He was born September 13, 1912, in Knox County, and was a member of the Methodist Church.

Survivors include a son, Joe of Knox City; two daughters, Tommie Mae Lively of Fritch and Mary Ann Owen of Pampa; two sisters, Maude Blain of Fort Worth and Sue Fanning of Scotland, Calif.; ten grandchildren and five great-grandchildren.

National Catholic Group Calls For Farm Tax Reforms

The National Catholic Rural Life Conference (NCRLC) has called for major tax reform in areas impacting U.S. agriculture. In a newly released major policy paper approved at the semi-annual Board of Directors meeting, the NCRLC cited nine separate reforms which it deems urgently needed. The conference believes that our present federal tax code so heavily favors the already large farmer and the wealthy non-farming investor that the family farm system of agriculture is threatened with extinction.

"Rather than acquiesce to a tax system which contributes to the destruction of this important and valuable way of life, we need to fight for a just tax policy which will contribute to the vitality of family farm agriculture, as well as bar from entry into farming those whose only interest is speculation and greed," stated Rev. Lynn Clancy, president of the Diocesan Rural Life Director's Association and chair of the NCRLC committee that prepared the tax policy paper.

Among the changes called for by

the NCRLC are:

- Elimination of cash accounting.

- Restriction of unlimited deduction of interest as farm business expense to farmers active in the day-to-day operation of their farms.

- Repeal of accelerated depreciation provisions.

- Taxing capital gains at 50 percent of income, and the annual limitation of the amount any one individual gains.

- Placing a ceiling of \$2,000 on the tax credits allowable in any one year, and that the credit be allowed to bonafide sales between parents and children.

- Taxing incorporated farming operations in the same manner as partnerships.

- Freezing the unified estate gift tax credit at the 1985 level.

- Instituting tax incentives to transfer farmland to beginning farmers.

"This paper identifies five specific injustices in agriculture which occur due to our current tax system," stated Greg Cusack, executive director of NCRLC.

They are: absentee ownership of the land, concentration of resource ownership, a more capital intensive and less labor intensive agricultural system and the prioritization of short-range values over long-range values.

"Our proposals, if implemented," Cusack commented, "would

go a long way towards rectifying these inequities."

Clancy added, "The NCRLC calls for these changes because government, in the Christian tradition, acts on behalf of the community by seeking the common good, which ought to be the ultimate goal of all government activity. Tax policy, too, can be an instrument of justice!"

Miss Shake, Kevin Allen Wed In Abilene Ceremony

Linda Marie Shake and Kevin Hill Allen exchanged wedding vows at 7 o'clock in the evening on Friday, June 7, in the South 11th and Willis Church of Christ in Abilene. Roy Shake, the bride's father, officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Roy Shake of Abilene and Mr. and Mrs. Taylor Allen of Goree.

The couple stood before a setting of three arched candelabras interspersed with greenery and two tree candelabras decorated with flowers in spring colors. Candle pew markers lined the aisle. Lighting candles were the bride's uncle, Dale Sargent of League City, and her brother, Tim Shake of Abilene.

Acapella wedding music was presented by Mr. and Mrs. Ed George, Mr. and Mrs. Steve Austin, Bill Parker, David Brock and Mark Riggs.

Given in marriage by her father, the bride wore a formal gown designed with an Empire waistline and fitted bodice appliqued with lace. A sheer ruffle framed the Queen Anne neckline and the stand-up lace collar, and long sheer sleeves were cuffed and appliqued with matching lace. Both bodice and cuffs closed with small covered buttons. The long skirt was dotted with appliques and bordered at the hem with two wide rows of gathered lace which extended around the edge of the chapel length train. Her illusion veil was caught to a pearl and lace headpiece and sprinkled with lace appliques and pearls.

The bride carried an arm bouquet of phalaenopsis orchids, yellow enchantment lilies, pink alstroemeria, pink gerbera daisies and stephanotis.

Suzette Cox of Abilene was maid of honor. Her blue bustle-back gown of sheer polyester was lined

with acetate taffeta and featured a slightly raised waistline. The collar was ruffled in front and back to form capelet sleeves, and a soft

fabric flower marked the back waist. The flared skirt was accented with a flounced hem. She carried an arm bouquet of pink snapdragons, pink alstroemeria, dark pink gerbera daisies and yellow enchantment lilies.

Bridesmaids were Mrs. Roger Shake of Dallas, Misti Shake of Abilene, the bride's sister, and Brenda Lobley of San Antonio. Their costumes were fashioned like that of the maid of honor except in suede rose, blue and suede rose, respectively, and they carried the same flowers.

Gina Marie Harvey of Abilene was flower girl. She wore a blue dress matching those of the other attendants and carried a basket of spring flowers.

Mike Echols of Munday was best man, and groomsmen were Roger, Dan and Gary Shake of Abilene, all

brothers of the bride. The candle-lighters and groomsmen served as ushers.

The bride's parents hosted a reception in the church fellowship room after the ceremony. A floor-length lace cloth covered the bride's table, which held a four-tiered cake decorated with fresh flowers. Fresh flowers also trimmed the groom's tiered chocolate cake. All the tables were centered with spring flowers arranged with silver candelabras.

Registering guests was Barbara Peterson of Abilene. Gwen Cundiff, Mrs. Scott McGaha and Lisa Wheeler, all of Abilene, served at the bride's table, and Mrs. Greg Melton and Denise Burris of Haskell presided at the groom's table.

The groom's parents were hosts for the rehearsal dinner at the Kiva Inn in Abilene on Thursday, June 6. Tables were decorated with arrangements of flowers in spring shades.

The bride is a 1980 graduate of Abilene High School and received a bachelor of science degree in elementary education from Abilene Christian University in 1984. The groom, a 1978 graduate of Goree High School, attended Midwestern State University and West Texas State University.

After a wedding trip to New Mexico, the couple will make their home in Munday, where the groom is self-employed in the ranching business.

It's A Boy!

My name is Zackery Wade Struck. I arrived on June 8 at a Ft. Worth hospital, and I weighed in at 6 lbs. 9 ozs. and was 19 inches long. I arrived early so I could really surprise my mommie and dad, who are really proud of me. They are Kenneth and Tonia Struck of Ft. Worth. I am so lucky, I have two big brothers, Kenny and Scott, and a sister, Karla, to care for me. Maybe Scott will share his toys with me. My big brother will teach me how to be tough, and my sister will baby me although she wanted a sister.

My grandparents are Mr. and Mrs. Bob Cryer of Irving, Mrs. Zoe Cryer of Bedford, and Archie and Irene Struck of Goree, who are so anxious to meet me. But I have many relatives on both sides that are wanting to see me and start spoiling me!

Julie Smith Is Spring Graduate Of Hardin-Simmons

Julie N. Smith of Munday recently completed requirements for a bachelor of business administration degree from Hardin-Simmons University and received a diploma during spring commencement exercises held Saturday, May 11.

Julie is the daughter of Mr. and Mrs. James Smith of Munday. A finance major at Hardin-Simmons, she is employed by the home office of Olney Federal Savings and Loan in a two-year management training program.

Local Resident's Sister-In-Law Dies

Mrs. Maurice (Little Bit) Jennings of Munday learned Tuesday of the death of her sister-in-law, Bonnell Stovall of Vernon, who died suddenly Monday while on vacation.

Services were at 2 p.m. Wednesday at Sullivan Funeral Home in Vernon. She is survived by her husband, Marvin Stovall, who is Mrs. Jennings' twin brother.

Farmers Call For Checkoff Program On Grain Sorghum

Farmers throughout Texas have decided the key to their economic recovery is in their own hands. They have called for a referendum on a statewide checkoff on grain sorghum to provide funding for development and expansion of markets for their grain. A survey conducted by Texas A&M University Extension Service confirmed that a majority of farmers who responded favored a grain sorghum checkoff for this purpose. In calling for the referendum, dozens of farmers expressed the opinion that it is up to farmers, themselves, to do something about slumping demand and depressed prices.

U.S. grain sorghum, as a commodity, has some unique marketing problems. Its quality and value are not universally accepted. Most of the world's sorghum production is of a high tannin type which is poor in nutritional value. To overcome prejudice toward sorghum in general, it is necessary to demonstrate that U.S. sorghum is different. Every grain importer in the world is a potential customer for U.S. sorghum but the producers must prove that it is better than the poor quality sorghum most of the world knows. This proof must be demonstrated in feeding trials and

projects throughout the world. Texas already has a grain sorghum checkoff in a twenty-nine county area of the High Plains. It was established in a 1969 referendum and is called Texas Grain Sorghum Producers Board (TGSPB). TGSPB collects an assessment on sorghum at the time of its first sales transaction. Producers who do not wish to participate, simply request and promptly receive a refund. Last year, more than 95 percent of the farmers in the TGSPB area supported the checkoff.

The referendum which established TGSPB provided that the program would remain under the control of farmers who produce within the referendum area. Producers elect a board of directors who set the rate of the assessment within limits approved by the farmers. The board administers collection procedures and projects.

Since 1969, TGSPB market development projects have produced dramatic increases in sorghum sales. For example, this month TGSPB is assisting the National Grain Sorghum Producers Association in financing and shipping 30 tons of sorghum to Egypt for trial in livestock feeding tests. The Egyptian government will not issue an import license for U.S. sorghum until the results of these tests are known. TGSPB is assisting with the shipment of grain for a similar demonstration in Algeria and is just concluding one in the PRC. To buy the grain and make special shipping arrangements is costly but these countries can be good markets for Texas sorghum in the future.

"We see a potential for grain sorghum sales in more than a dozen countries right now," said TGSPB's executive director, Elbert Harp. "But we must limit our efforts to one or two markets at a time because we simply don't have financial resources from our 29-county checkoff for the rest. That really is too bad," Harp continued, "because we can prove that every sorghum farmer in the nation received at least 15 cents per hun-

dredweight more for their grain last year as a direct result of TGSPB's work."

In response to the requests of producers throughout the state and the results of the Extension Service survey, a referendum will be conducted under the authority of Texas Commodity Referendum Law between July 15 and August 15. Texas sorghum farmers outside of the twenty-nine county area of the High Plains will vote to determine if they will join those already participating in the TGSPB checkoff. On the same ballot, they will choose directors for the fifteen member board to administer the program. Ballots will be mailed to more than 50,000 Texas sorghum farmers whose names are listed by ASCS. Any sorghum producer who does not receive a ballot in the mail by August 1 may pick one up at his

county Extension office or from the Texas Grain Sorghum Producers Board at Box R, Abernathy, Texas 79311.

Goree Native Named To Spot On National Farm Bureau Board

Texas Farm Bureau President S.M. True of Plainview has been named to the American Farm Bureau Federation board of directors.

True, who attended the AFBF Board meeting June 3-5, at Monterey, Calif., will serve in an appointive capacity until the AFBF annual meeting, Jan. 12-16, 1986, at Atlanta, Ga.

True was appointed to the AFBF Board in place of North Carolina Farm Bureau president John Sledge who died in April.

A cotton and grain producer, True has been president of the TFB since 1982. He was elected to the TFB Board of Directors in 1975 and served two years as secretary-treasurer and three years as vice president.

True was recently renamed to the Cotton Board for a second three-year term. He also is a director of the National Livestock and Meat Board.

True has served on the Governor's Task Force on Immigration, the Joint Committee on Farmworkers' Insurance and the Texas Family Farm and Ranch Advisory Committee.

A native of Goree in Knox County, True has been active in Farm Bureau since the early 1950s, serving in various offices in the Hale County Farm Bureau.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

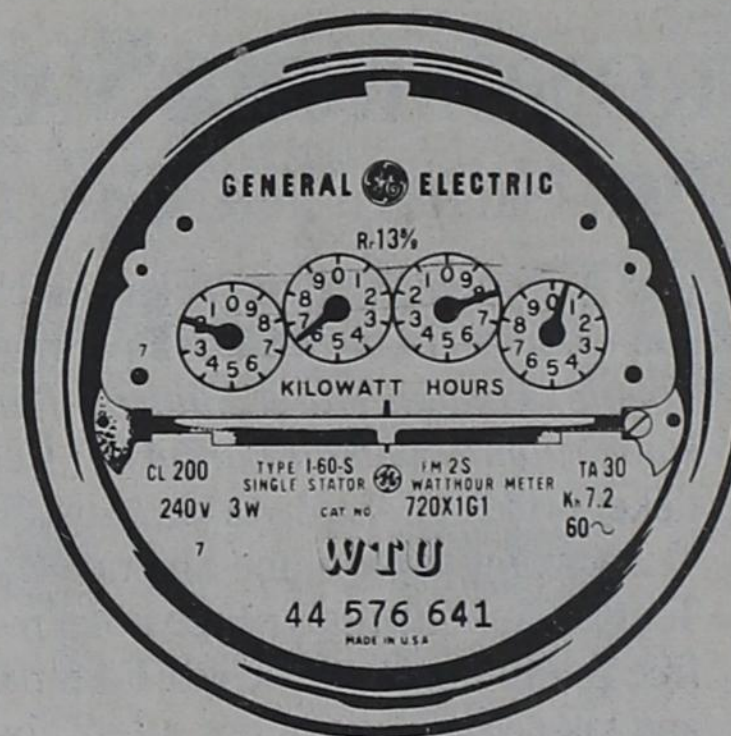

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

The Way We Live Makes Our Electric Meters Run Faster!

IN TODAY'S BUSY LIFESTYLES, IT'S OFTEN EASY TO FORGET THE SIMPLE THINGS THAT HELP MAKE OUR ELECTRIC METERS RUN FASTER — AND MAKE OUR ELECTRIC BILLS HIGHER! PRACTICE THE FOLLOWING CONSERVATION TIPS TO HELP SLOW YOUR ELECTRIC METER DOWN AND TO HELP YOU SAVE MONEY THIS SUMMER.

- Set your thermostat on 78° or higher.
- Keep all outside doors tightly closed when your air conditioning system is on.
- Don't leave unnecessary lights on — they add heat to the room and consume unnecessary energy.
- Use fans with air conditioning, to increase comfort at thermostat settings over 78°. Remember to turn fans off when you leave the room.
- Don't leave your refrigerator door open for an extended amount of time.
- Remember to close draperies, blinds, or shades to block the sunlight on hot summer days.
- Use exhaust fans in the bathroom, kitchen, or laundry to help move heat and humidity outside, but remember to turn them off when their job is done.
- Use major heat-producing appliances, like ranges and dryers, during the cooler part of the day.

By Mrs. Thelma Coulston

The home of Mr. and Mrs. Hollis Gore was the scene of a reunion with three of her sisters, recently. The last get-together for the ladies was last year at the home of the sister in California. Sisters present were Mr. and Mrs. August Sechase of Ollwein, Iowa; Mr. and Mrs. Andy Johnson of Prescott, Ariz.; and Mr. and Mrs. Doug Epperson of Salinas, Calif. One sister, Mrs. Florence Schlick of Eldon, Missouri, was unable to attend. Hollis and Viola entertained the ladies and some of their local friends with a fish fry one evening. Attending were Mr. and Mrs. Dalton Gore, Mr. and Mrs. Clifford Boone, Mrs. Dara Trainham and Kennon, of Vera, Mr. and Mrs. Larry Dan Gore

and a grandson of Wichita Falls, Mrs. Ruby Gaither of Ft. Worth, Sandy Davidson of Amarillo and Mrs. Willie Jennings of Rule. Viola's sisters expressed their appreciation for the hospitality of a small, quiet town. Visitors in the home of Mr. and Mrs. Harold Beck have been Mrs. Brenda Hawley, Shane and Becky of Austin, Mr. and Mrs. Kent Beck, Josh, Elizabeth and Adam of Duncan, Okla., and Debrah Beck of Bridgeport. Shane, Becky, Josh and Elizabeth remained for an extended visit with their grandparents. Mrs. Frances Kuchan returned home Sunday from a two weeks visit in the home of her daughter, Mr. and Mrs. Kenneth Hodges and

family, in Hackett, Arkansas. She was accompanied home by a granddaughter, Celia, who is spending a few days. Mrs. J. Winston Feemster visited her mother, Mrs. Edna Sullivan, in Woodson, last Monday thru Saturday. While there, the ladies also visited her uncle, Clarence Sullivan. Bob McCaughey of Lubbock spent several days recently at his home here in Vera. Mrs. Jerrill Trainham and Minka, Mrs. Sabra Rice and Mrs. Carl Coulston were business visitors in Wichita Falls on Friday. Mr. and Mrs. K.B. Ritchie were visitors in the home of Mr. and Mrs. Cecil Welch in Anson. They attended the funeral of K.B.'s sister, Mrs. Louis Richard, in Dickens on Sunday at the First Baptist Church. Burial was in Dickens cemetery. Mrs. Clifford Boone and Mrs. Frances Kuchan were in Abilene Tuesday to be with their brother, Doyce Clouse, who underwent surgery in Hendrick Medical Center Tuesday morning. A benefit concert, sponsored by the Knox City unit of the Cancer Society, will be held at 7 p.m. this Friday evening, June 21, at the Memorial Building in Benjamin. There will be a cake walk, bake sale and concession stand. At 8 p.m., the "Imitation Stats" of Seymour will present a concert. Anyone wishing to donate a baked item should get in touch with a member of the Knox County cancer society. Representatives in the Vera community are Mrs. Loyd Clark, Mrs. Olen Coffman, Mrs. George McKinney, Mrs. Loran Patterson and Mrs. Armon Smith. Jud Lane of Archer City is spending a few days in the home of his grandparents, Mr. and Mrs. Olen Coffman. Other visitors in the Coffman home on Sunday were Mrs. Les Jameson of Goree and Cheryl Dickson of Littlefield.

LOSING WEIGHT WITHOUT LOSING MONEY

Many Americans feel the need to lose weight. Some people turn to weight loss clinics, hoping that a special program will provide the help they need to get those extra pounds off. Unfortunately, some of these businesses are designed to take more than just pounds—they want a good portion of your money also.

Be especially wary of weight control programs that are new in town. Or, if a particular clinic has recently changed its name, you should try to find out what happened to the old clinic. Are the same people still working there? What happened to the customers from the previous operation?

WEIGHT LOSS SCAMS

You may have seen advertising that promises "Lose 20 pounds for only \$69." My Consumer Protection attorneys tell me that in some cases the \$69 you pay is only the beginning. In order to stay in the program, the would-be thin person is required to make weekly payments for various unnecessary products, such as "protein drinks." These products are frequently very costly to the consumer, having been marked up by 300 per cent or more by the clinic. In addition, some of the products have no nutritional value.

If a weight loss program uses the word "medical" in its title or advertising, then it should have a doctor on call for consumers at all times. A drastic change in your eating habits may cause fatigue, headaches, or worse symptoms. It is best, in fact, to ask a doctor what kind of diet is best for you. Unfortunately, most commercial weight loss establishments do not tailor the diet to the individual. The diet that helped your next door neighbor may not be the right one for you.

THE CONTRACT

Before you sign a contract with any weight loss organization, ask what the company will do if you do not lose weight or if you are dissatisfied with the program. If there is no refund policy, look elsewhere. If there is a refund policy, get it in writing. Find out how long the company has been in business and whether it has more than one location. Ask your local BBB or the Attorney General's Office if they have any unresolved complaints about the company.

If you have had a problem with a weight loss clinic or other kind of weight loss program, you may get help from the Attorney General's Consumer Protection Division. We also offer a free brochure on selecting a health spa, and many other consumer brochures.

FOR MORE HELP

If you need more help or information on this or other consumer problems, contact your nearest Attorney General Consumer Protection Office (in Austin, Dallas, El Paso, Houston, Lubbock, McAllen, and San Antonio). The Attorney General's Office is the people's law firm. We're here to help you.

Former Resident Is Buried At Gillespie

Mary Alice Smith, 93, a former Munday resident, died at 3 p.m. Sunday, June 9, in the Haskell Memorial Hospital. Services were at 2 p.m. Tuesday, June 11, at Gillespie Baptist Church with Temple Lewis of Tye officiating. Burial was at Gillespie Cemetery under direction of McCauley-Smith Funeral Home. Pallbearers were Jackie Gruben, Gary Gruben, Lynn Gray, Lee Gray, Paul Hubbard, Art Smith, Tim Smith and Greg Turnbow. Mrs. Smith was born December 16, 1891, in Temple, and moved to Munday in 1905. She married Ezra Smith September 17, 1911, in Haskell County. A resident of a Haskell nursing home for several years, she was preceded in death by her husband and two sons.

Survivors include three daughters, Pauline Gruben of Weatherford, Faye Gray of Haskell and Billie Hubbard of Fort Worth; a son, James Smith of Carbon; 18 grandchildren, 32 great-grandchildren and seven great-great-grandchildren.

Heroin: A Deadly Love Affair

So now little man you've grown tired of grass, L.S.D., acid, cocaine and hash, And someone pretending to be a true friend said, "I'll introduce you to Miss Heroin." Well, Honey, before you start fooling with me just let me inform you of how it will be. For I will seduce you and make you my slave, I've sent men much stronger than you to their graves.

You think you could never become a disgrace And end up addicted to poppyseed waste. So you'll start inhaling me one afternoon; You'll take me into your arms very soon.

And once I have entered deep down in your veins, The craving will nearly drive you insane. You'll need lots of money (as you've well been told) For darling, I'm much more expensive than gold.

You'll swindle your mother and, just for a buck, You'll turn into something vile and corrupt. You'll mug and you'll steal for my narcotic charm, And you'll feel contentment when I'm in your arms.

The day when you realize the monster you've grown, You'll solemnly promise to leave me alone. If you find that you've the mystical knack, Then, sweetie, just try getting me off your back.

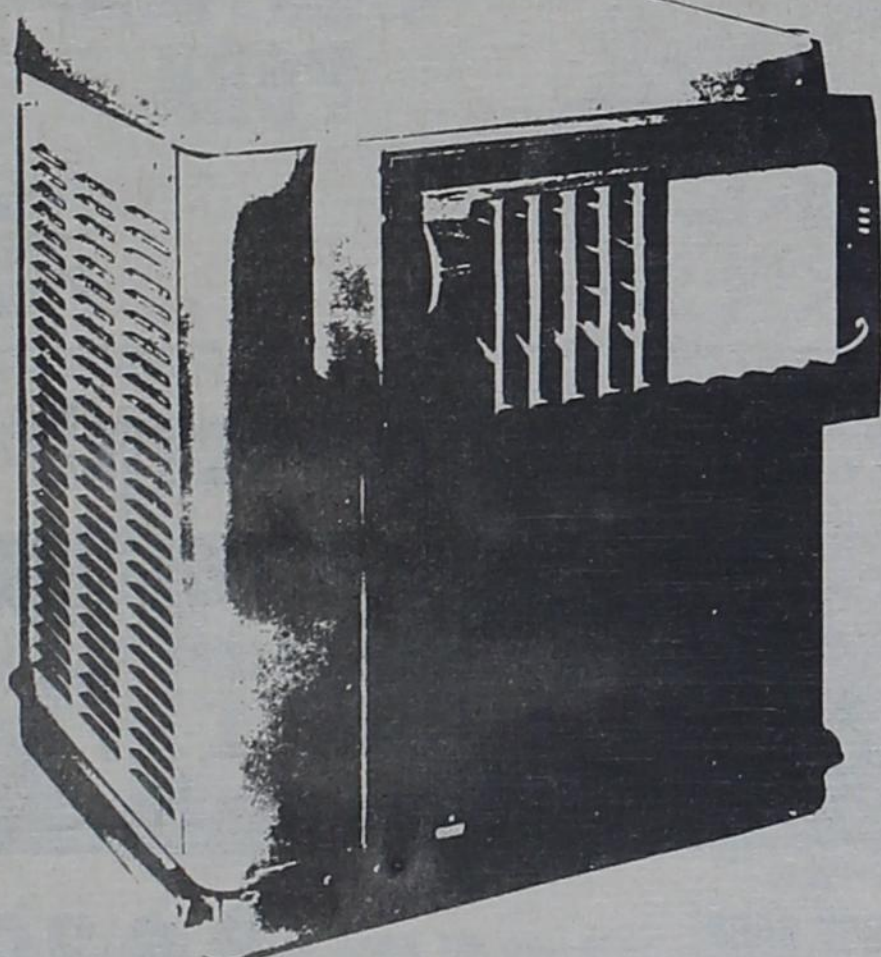

The vomit, the cramps, your gut tied in knots, The jangling nerves screaming for just one more shot. The hot chills, the cold sweat, the withdrawal pains, Can only be saved by my little white grains.

There's no other way, and there's no need to look; For deep down inside, you still know you're hooked. You'll desperately run to the pusher and then, You'll welcome me back to your arms once again.

And when you return (just as I foretold), I know that you'll give me your body and soul. You'll give up your morals, your conscience, your heart, And you will be mine until DEATH DO US PART.

ATTEND REUNION

JAY RUTHERFORD, son of Mr. and Mrs. J.B. Rutherford of Knox City and grandson of Mr. and Mrs. Truman Cypert of Munday, received a bachelor of science degree in agricultural economics from Texas Tech University in May 11 commencement exercises. Rutherford graduated magna cum laude with a grade point average of 3.89. He will attend the University of Texas School of Law this fall.

On Sunday, Ozelle Kilgore and Galen, accompanied by Evelyn Roberts, and Mildred Fitzgerald of Seymour, Wynelle Craft of Post, and Mildred Draper of O'Brien, attended the Jonas reunion in Jacksboro. All reported having a very enjoyable day.

HERE AND THERE

Gloria West attended the Yarrow family reunion in Andrews during the weekend.

Peggy Brown of Lubbock has been a recent guest of her mom, Audrey Nolan, and her sister and

husband, Don and Virginia Griffith.

Kim and Ricky Trepanier are spending several days with their sister and niece, Kathy Tower and Sandy, in Iowa Park.

Wanda West of Cisco was a weekend guest of Edith West.

Jack and Kathie Waldron returned home Monday after several days vacation to points of interest in Colorado and New Mexico.

John and Barbara Cox and sons, John, Carl and Cormac, who have been living in Tennessee, visited her mother, Gertrude Brannan, the first of the week. They were enroute to Anchorage, Alaska where they will be living.

Vickie Stephens and daughters, Shelly and Lauri Lee of Dallas, visited relatives briefly here on Friday. They were enroute to Amarillo for a visit. Julia Propps accompanied them to Amarillo.

Rose Ellen Albus and Laurie of Lubbock were weekend guests of Nora Hertel and the Don Hertels. Nora returned home with them for a visit.

Munday Ambulance Report For May

Munday Ambulance Service director Bobby Hutchinson reported a total of only 14 ambulance calls during the month of May, 1985. This brings the number of calls for the year to a low 90.

Charges for the month's calls are \$1,363. About half of the \$7,387.50 worth of charges levied in 1985 have been paid.

DEADLINE FOR BRUSH CONTROL FIELD DAY REGISTRATION

Registration deadline for the Knox County Brush Control Field Day planned for Monday, June 17 is fast approaching. Producers planning to attend have until 4 p.m., June 13 to register. You can register by calling either the Knox County Extension Office at 454-2651 or the Soil Conservation Service at 658-3526. The field day is being organized by the Knox County Livestock and Range Committee and Wichita Brazos Soil and Water Conservation District.

ROLLING PLAINS 4-H HORSE SHOW AHEAD

Top young riders from throughout the Rolling Plains District will match their skills June 14-15, in the annual Rolling Plains District 4-H Horse Show in Vernon.

More than 125 4-H'ers will compete in showmanship, roping, reining, halter, western pleasure, western riding, western horsemanship, pole bending, barrel racing, stake race and futurity classes. In addition to prizes and ribbons, winners will represent the district in the state 4-H horse show later this year on July 22-26.

Judging the events will be George Sossamon, Jr., from Ft. Worth. Representing Knox County will be Leah Boone, Justin Emerson and J. Emerson, all of Knox City.

Competition will be held at the Wilbarger County 4-H arena. Registration will begin at 9 a.m., June 14. Preliminaries in roping will begin at 10 a.m. and reining at 12 noon.

Opening ceremonies for the show will be at 12:45 p.m., Friday, June 14, followed by finals for the roping and reining competition. Showmanship classes begin at 2 p.m., followed by halter events.

Saturday events begin at 8 a.m. with western pleasure and futurity classes.

ENTER YOUR VEGETABLES AT THE VEGETABLE FESTIVAL

Home gardeners and commercial vegetable growers need to be checking those vegetables they plan to enter at the Vegetable Festival now. Entries for the vegetable exhibits will be accepted between 8 and 9 a.m., Saturday, June 22, at the

fireman's meeting room in the Munday City Hall.

Rules for entering vegetable exhibits are available at the Texas A&M University Research Station at Munday, Farm and Garden Supply in Knox City and the Knox County Extension office in Benjamin. A guide on preparing vegetables for show is also available with the rules.

A champion vegetable will be selected for the junior division, senior division and commercial division with first, second and third place ribbons awarded in each class. There will also be an award for the Best Overall Home Gardener.

Meat Nutrition Information Helpful

A new nutrition information program sponsored by the meat industry will be helpful to consumers, says Texas A&M University Agricultural Extension Service nutritionist Mary K. Sweeten. "Meat Nutri-Fact charts displayed in supermarket meat cases will be most helpful for people on low-fat or low-calorie diets," she says. "They'll be able to select a particular cut of meat that provides the calories or nutrients needed in their diet."

The charts provide calorie and nutrition information for a three-ounce cooked serving of a specific cut of meat. The method of cooking used is specified on the chart, as well as amounts of calories, total fat, cholesterol, sodium, protein, minerals and vitamins, the nutritionist says. The program is being coordinated by the National Livestock and Meat Board, the American Meat Institute and the Food Marketing Institute.

Letter To The Editor

Dear Editor:
Enclosed is my check for my annual subscription to the best home town paper in Texas. Thank you for a wonderful paper that devotes much to the local news that those away from Munday enjoy very much.

Sincerely yours,

DPS Head Cautions Summer Motorists

Vacation time is just around the corner. Many Texas motorists will be on the road taking advantage of the warm weather and the many vacation activities Texas has to offer. But, with more people driving more miles than ever before, there are a few precautions everyone needs to take before and during trips.

Before leaving on long trips, take a little time to check over your vehicles. A long stretch of unfamiliar road is no place for a breakdown. Checking simple items such as tires, cooling system, battery, belts and hoses can prevent unwanted and unnecessary breakdowns.

But nothing can spoil a vacation anymore than having an accident. Major Vernon Cawthon, regional commander of the Texas Department of Public Safety stated, "The number of vehicles on Texas highways is increasing each year, and unfortunately, traffic accidents are keeping pace. Many people think they will never be involved in an accident, but no one is immune from having an accident."

The best defense against the many hazards involved in driving is to drive 55 mph and use seat belts. Driving 55 is more important than ever before. Major Cawthon also said, "Besides giving you more precious time to react to danger, the lower speed reduces the risk of serious injury to you and your passengers if you are involved in an accident. It's just not worth the risk. Speeding up from 55 to 60 saves only 18 minutes for a 200 mile trip."

Induction Cooktops Ideal With Magnetic Bottom Pans

An innovation in energy-saving cooking equipment, the induction cooktop, is not the same thing as the smooth top ranges that have been on the market for several years.

"They both have a smooth glass top, but that's about the only similarity," says consumer economics specialist Bonnie L. Piernot.

Induction units, such as the cooktop, heat the cookware itself and the cookware heats the food. A high frequency induction circuit just below the cooktop surface will heat any pan with a magnetic bottom.

"The pan itself gets hot, not the cooktop," explains Piernot, a home economist with the Texas A&M University Agricultural Extension Service.

Because the unit creates heat in the pan, it uses energy more efficiently than conventional cooktops.

In addition, cleaning is easier

because the cooktop is not hot and splatters don't burn, Piernot notes.

The home economist advises using cookware with a ferrous metal, such as cast-iron or steel, on bottom. The cooktop operates on a magnetic attraction between the coils and the pan, so if the bottom of the pan attracts a kitchen magnet, you can use it on the induction top, she says.

Heating and cooking tests have shown that light-weight pans heat and cook quickly. Heavy-weight stainless steel cookware gives the most even cooking results, advises the specialist.

"Although widely available to consumers, induction cooktops are still relatively expensive," Piernot says. "But experts expect the cost of electrical components to continue falling and allow induction cooktops to become more price-competitive."

Heat-Resistant Blossoms Thrive In Summer Garden

With the heat of summer, the gardener and many plants tend to go on vacation, often leaving the landscape void of color.

However, some outstanding colorful summer annuals and perennials will provide color and beauty with a minimum of care during the hot days of summer, says a landscape horticulturist.

The vinca or periwinkle is one flower that thrives where many would perish, says Dr. Bill Welch with the Texas Agricultural Extension Service. This robust summer annual demands little attention, yet provides a mass of color all summer. The All-American variety "Polka Dot" will serve as a summer ground cover with its low mass of blooms while the deep lavender "Little Linda" and the pink and red "Delicata" provide variety.

Zinnias have a sure summer heat tolerance and ability to grow under adverse conditions, Welch notes. Even though zinnias have been around for many years, many new and improved varieties offer vivid colors and durability. Zinnia blooms now range in size from tiny border hybrids to giant Dahlia types. The Gloriosa daisy is a summer perennial, returning each summer to open its typical daisy blooms of rich orange, pink and mahogany. The large graceful heads of the Gloriosa daisy are supported on strong stems which are excellent for cutting, says the horticulturist.

Portulaca is unsurpassed as a summer border or rock garden plant, adds Welch. Often called moss rose, this summer annual prefers the sun and will tolerate dry, hot conditions to produce warm, vivid blankets of color. For continuous summer production, sow seed at six-week intervals.

Salvia is a persistent annual with bright scarlet or blue spikes of bloom throughout the hot summer until cut down by frost. The rich red varieties are most showy when displayed against a background of green or white, Welch suggests. Cut faded blooms often to encourage more growth.

Summer or late cosmos produces rich yellow or orange blooms from mid-summer to late fall and demands little or no care. "Sunset" and "Goldcrest" varieties produce brilliantly colored blooms. Cosmos may need staking in windy areas.

Marigolds may be planted from early spring well into summer. Many improved varieties offer a wide range of plant and bloom sizes as well as color variations. No other summer annual will provide the rich, clear vivid yellows and oranges of the French or large marigold, Welch says.
