## SNOW COVERS NORTH TEXAS FOR APPROPRIATE CLIMAX TO EXTENDED COLD WAVE

A fitting climax to the extended cold wave that has swept the entire north and central United States since the middle of January came Wednesday as snow fell throughout Wednesday to cover this vicinity with a white blanket.

Beginning about 7:30 Wednesday morning the snow began falling, and by mid-afternoon had completely covered the ground. Temperatures for the last week have been considerably lower than normal, ranging from freezing down to as low as 10 degrees. The mercury probably dropped to its lowest mark early Sunday morning, and a cold north wind added to the severity of the cold.

The cold wave has extended as far south as the Rio Grande Valley with freezing weather, a low mark for that section of the country.

Snow and sleet fell briskly in Houston, Beaumont, and Corsicana Monday as the mercury hovered slightly below the freezing mark.

Not a lengthy break of warm weather has interrupted the cold winds and cloudy skies since the first snow fell Friday night, January 17.

The zero weather that has prevailed in the northern United States during the last two weeks has caused many deaths, and has been the cause of food shortages and blocked transportation in many sections.

## CROWELL LADY SUCCUMBS TO LONG ILLNESS

The death of Mrs. H. C. Smith occurred early Monday morning, Jan. 27, the home of her son, Eli Smith, where she and her husband had resided since coming to Crowell in 1928. Mrs. Smith had been in ill health for the past twenty years, but her death came unexpectedly.

Funeral services were held at the First Baptist Church Tuesday afternoon at 2:30 o'clock conducted by the pastor, Rev. W. B. Fitzgerald, assisted by Rev. Geo. E. Turlette, Methodist pastor. A vocal solo, "Does Jesus Care?" was sung by Mrs. Adolphus Wright.

Funeral bearers were: H. K. Edwards, John Rasor, Alton Bell, Decker Moore, Claude McLaughlin and Pete Bell. Mrs. Maggie French, Mrs. Hubert Brown, Mrs. Tom Russell, Mrs. Claude McLaughlin, Mrs. O. R. Boman, Mrs. Roy Archer and Mrs. John Rasor, served as flower bearers.

Survivors include her husband and 6 children as follows: Mrs. Geo. Spradlin of Jacksonville, Ill.; Mrs. Willard Underwood of Montone, Texas; W. B. Smith of Latham, Kansas; Geo. R. Smith of Indianapolis, Ind.; Mrs. J. H. Yoho of Coahoma, Texas, and Eli Smith of Crowell. Only two of the out-of-town children were able to be present for the funeral, Mrs. Underwood and husband of Montone, and Mrs. Yoho and husband of Coahoma. She is also survived by 17 grandchildren and one great grandchild.

Mrs. Smith, nee Nancy Jane Burke, was born in Monticello, Ky., Jan. 29, 1858, and had lived two more days she would have been 78 years old. She was married to H. C. Smith in Monticello on Oct. 21, 1885. Eight children were born to this union. Mr. and Mrs. Smith came to Texas in 1918, locating at Ranger, Texas. They came to Crowell in 1928 and have resided here since that time.

Mrs. Smith had been a member of the Baptist Church for sixty years, having joined when she was 18. She was a devoted, lovable and faithful Christian, character and spent a long life in the service of her Master, her family and others with whom she came in contact. She was a patient sufferer during a long period of ill health.

Out-of-town friends attending the funeral were, Mrs. Dink Cramer, Mrs. Harry Zonker, Mrs. J. E. Rowe and Mrs. Joe Clanton of Coahoma; Miss Elizabeth Keller of Wichita Falls, Miss Eddie Mae Oliphant of Vernon, Earl Morley, J. C. Randle, Jack Seale and Dan Castles of Quanah, employees of the West Texas Utilities Co.

## Auto Licenses To Go On Sale February 1

Automobile licenses will go on sale Saturday, February 1, and may be obtained at the tax collector's office, according to information from the collector's office Tuesday.

Although the license plates may be obtained February 1, they are not to be put on the cars until March 1. However, they must be on the cars by April 1.

Drivers' licenses may be obtained at the office of R. J. Thomas, Foard county sheriff, tax collector-assessor, after February 14.

Every application for an operator's or chauffeur's license shall be made upon approved form furnished by the Department of Public Safety.

## NEW VEHICLES

Licenses issued for new cars and trucks from the tax collector's office during the week include: A. F. Wright, Chevrolet Master; Tip De Armon, Chevrolet Master; L. G. Beard, Chevrolet Standard; W. V. Cooper, Chevrolet Standard; G. C. Whitfield, Plymouth Sedan; T. B. Klepper, Ford Sedan.

## Tarpley is Appointed Truscott Postmaster

A. S. Tarpley took charge of the post office at Truscott this week. He received the appointment as postmaster two weeks ago, but did not receive his commission to take charge until this week.

Miss Lucile Jones has been acting postmaster since K. M. Moore's resignation last year.

The Truscott post office, which is to become third class July 1, was left without an official postmaster last year when K. M. Moore resigned to become an employee of the United States Treasury department. Miss Jones, who was a clerk in the post office at that time, was appointed acting postmaster until an examination was held and a new postmaster was appointed.

## Poll Taxes Must Be Paid by Tomorrow

January 31, tomorrow, is the last day for the payment of poll taxes, according to information received Wednesday from the tax collector's office. After that date no poll tax receipts will be issued.

The collector's office urges that all who are eligible to vote pay their poll taxes before that date, as this is a year for a presidential vote and many important elections will be held. Numerous county, state and national officers will be on the official ballot in the elections this year.

Not only are ex-service men interested in the payment of the bonus, but all lines of business are anxiously awaiting the compensation. The passage of the measure will increase the buying power and start a wave of spending, business men predict.

In some areas better business bureaus have issued warnings to veterans against an excess of spending and becoming victimized.

Upon questioning a few former service men in Crowell the first of the week, it was found that the money received here will be put to various uses. Several stated they will purchase new automobiles, one will spend two or three hundred dollars remodeling his home, another will invest in "Baby Bonds," some will let it draw interest, another stated he will pay off the indebtedness on his home, and still others will just "buy up a few things which they need."

## WILDCATS TO MEET ELECTRA FRIDAY NIGHT

The Crowell Wildcats entertain the Electra basketball team on Friday night. Two games have been scheduled with the visitors, one with the high school team and one with the juniors.

The visiting Tigers come to seek revenge for the loss they contributed to Crowell more than two weeks ago. In the Electra Jan. 14 the Wildcats battered the Tigers to a 40 to 26 count.

The game is a conference affair. The loss of the home quintet Tuesday night to Vernon left Vernon and Crowell tied for second place. The Foard County boys will be fighting to hold their tie with the Vernon Lions.

The Electra cagemen, though members of the Northwest Conference, are not serious contenders for the title, and the game should be won by Crowell. However, if the Wildcat center, Austin Wiggins, and guard, Patterson, are still on the sick list, the game should be a more closely contested match.

The junior squad of the Wildcat organization will tackle a visiting squad before the main bout. The Kittens' struggle will begin at 6:45. The high boys will clash at 7:30.

The local junior squad has seen this much of the present basketball season without a loss. They will enter the game tomorrow night with a perfect record.

Crowell cagers will invade Quanah Monday night. The Indians at present lead the Big Five conference without a loss, and are the leading contenders for the conference title and a good bet for the district winners.

If the Wildcats manage to oust the Indians and another member of the conference take the Redskins, the conference will be in a three-way tie with Crowell, Vernon and Quanah on top.

The younger Foard basketball team will accompany the main stringers to Quanah to match power with the Little Indians Monday.

The game with Quanah has been postponed several times. It was postponed last time because of a conflict with the Matador tournament.

The official game for the county championship will be played between Crowell and Thalia February 6. The winner of that game gets the county title.

## NEW TEACHER TO ARRIVE AT END OF WEEK

Garland Martin, who will replace Walker P. Todd as teacher of science and general agriculture in the Crowell High school, will arrive the latter part of next week to take over his duties as the faculty.

Mr. Martin received his degree in science from West Texas State Teachers College, Canyon, this week. He formerly taught in Briscoe County.

Walker P. Todd and his family will leave tomorrow to take up his work at Texas A. & M. He will receive a Smith-Hughes certificate at the end of the summer session in A. & M. and will return to Crowell next September for the beginning of the next school year.

## CRITICALLY ILL

T. J. Cates was returned home Monday from Marlin where he had been sent to a hospital in that city for several weeks. His condition remains critical, according to reports.

## 750 TEACHERS ATTEND EDUCATIONAL MEET IN CROWELL SATURDAY; GRAVES IS OFFICER

## FOARD COUNTY VETERANS TO GET \$93,000.00

The final passage of the bonus bill Monday by the Senate by more than a two-thirds majority insured the World War veterans of Foard County approximately \$93,323. The veterans of Texas will receive \$83,500,000 it is estimated. The bill received the two-thirds majority with votes to spare in both houses to override President Roosevelt's veto.

Not only are ex-service men interested in the payment of the bonus, but all lines of business are anxiously awaiting the compensation. The passage of the measure will increase the buying power and start a wave of spending, business men predict.

In some areas better business bureaus have issued warnings to veterans against an excess of spending and becoming victimized.

Upon questioning a few former service men in Crowell the first of the week, it was found that the money received here will be put to various uses. Several stated they will purchase new automobiles, one will spend two or three hundred dollars remodeling his home, another will invest in "Baby Bonds," some will let it draw interest, another stated he will pay off the indebtedness on his home, and still others will just "buy up a few things which they need."

The average amount due to each veteran has been estimated at slightly more than \$550. Original service compensation certificates averaged to the soldiers between \$1,000 and \$1,500, but the majority have borrowed around half of that amount.

Forms for making application for payment of the soldier's bonus are expected to arrive here Saturday, February 8, officials of the Gordon Ford Post of the American Legion, said Wednesday.

The American Legion of Crowell is making arrangements to assist all veteran soldiers of Foard County in making out applications, according to J. E. Long, post adjutant.

It will not be necessary to write to Washington for forms. An office will be arranged at Bursley-Long Implement Company for this purpose.

J. E. Long and C. B. Graham will be in charge of this work. Soldiers will be required to bring discharge papers, and if a loan has been granted against their portion, it will be necessary to bring the pink slips.

## Dogs or Wolves Kill 14 of Kincaid's Sheep

Wolves or dogs entered Dr. R. L. Kincaid's sheep pens one mile south of town and killed outright five sheep Monday night. Nine others were so mangled that they had to be butchered immediately.

The animals broke into the pens close to the house occupied by J. E. Brown, but did not arouse anybody.

Mr. Kincaid said he did not know whether it was dogs or wolves. He is scattering poison to kill wolves.

## BUSINESS CHANGE

A change in the ownership of Womack Bros. local furniture dealers and undertaking was made this week when W. R. Womack, senior member of the firm, bought the interest of his brother, Edgar Womack, junior member. The partnership was formed in June, 1915.

W. R. Womack will be sole owner and manager of the business. He will be assisted in the operation of the business by his wife, who is a licensed funeral director; his daughter, Miss Bertha Womack, assistant bookkeeper, and Ernest Patton, salesman.

Edgar Womack, retiring member of the firm, has not announced his future plans, but he expects to take a needed rest for the next few weeks.

## Miss Jackson Joins Faculty at Truscott

Miss Thelma Jackson assumed her duties as a member of the Truscott High School faculty Monday. She is filling the vacancy left by Miss Johnnie Pveatt who was recently married to Ira Jenkins of Lubbock.

Miss Jackson, whose home is in Orange, Texas, will be an instructor in the department of business administration.

Mr. and Mrs. Jenkens will make their home in Lubbock.

## NOVA TURNS PRO

Louis Nova, twenty-one, six feet two, weighing 200 pounds, world's amateur heavyweight boxing champion, who, after two years as a semi-professional, has turned to professional boxing. As an amateur he rolled up six knockouts in sixteen fights.

## TODD DENIES HE WILL LEAVE TEXAS A. & M.

In a letter to George White, sports writer for the Dallas News, Dick Todd, former Crowell football star, denied all rumors that he would not be back in school at Texas A. & M. next fall.

The letter written to White was in his column and said that he had heard no such rumor.

"I have noticed in several newspapers and have heard from many different sources that I would not be back at Texas A. & M. next fall, but planned transferring to Ohio State University.

"Replying to this, and to those who are making such statements, I would like to say this report is absolutely false and unfounded. Before entering college last fall, I gave careful and serious thought to several schools in the state and to others outside. After months of deliberation, I decided on Texas A. & M. I would like for you and the whole state to know that I am perfectly satisfied here, and expect to live and die for the Aggies. This is a great institution. A better one could not be found anywhere. We have a great bunch of boys here, and there is a wonderful spirit and attitude prevailing on the different athletic teams. I again assure you that nothing could cause me to leave here."

Later in the column White reminds readers of the Dallas News that Todd "is the tall, lanky, single-handed scorer over 300 points in football for Crowell High in 1934 and who has a fine chance to develop into the greatest gridiron of this State ever boasted if reports on him are even half correct."

## Henry Is Selected Vice President of Hardware Dealers

M. S. Henry, manager of M. S. Henry & Co. hardware, was elected vice president of the Texas Retail Hardware and Implement Association at its meeting in Dallas January 21 to 23. Clyde Somlinson, Hillsboro, was made president of the association.

Mrs. Henry accompanied her husband to the convention.

Fifty manufacturers sponsored exhibits in the Adolphus Hotel, the center of this year's convention. More than 600 hardware and implement dealers of Texas attended the meeting.

## Impressions of Iowa Visitors

Mr. and Mrs. John Avis of Cedar Rapids, Iowa, spent a week in Crowell and upon the eve of their departure expressed themselves as never having enjoyed a better vacation period.

Mr. Avis said "I have never felt better in my life and regret to go back to the sub-zero weather awaiting me in the north." They were sincere in their appreciation of their cordial reception and the courteous hospitality from all the citizens of Crowell with whom they came in contact.

## MARRIAGE LICENSES

A marriage license was issued to Henry Avery and Louise Johnson in the county clerk's office Saturday, January 25.

## OUSTED DIPLOMAT

Alexander Minkin, Soviet minister to Uruguay, who was given his passport when Uruguay severed relations with Russia. South American newspapers charged that Minkin was responsible for the uprisings in Brazil and other parts of the continent.

## VERNON TAKES CROWELL 20-13 IN CAGE MATCH

The Crowell Wildcat basketball team bowled to the Vernon Lions Tuesday night on foreign territory to the score of 20 to 13. The loss to the Vernon squad left the two teams tied for second place in the Big Five conference, each having lost two games.

In spite of the fact that the Wildcats staged a sensational rally shortly after the opening of the second half and kept it up consistently throughout the final half of the contest, they were never able to overcome the lead chalked up by the Lions in the first two periods.

The baskets netted by the two teams were exactly the same for the last half. Had the handicapped Wildcats been able to break even during the first part of the game, they might have been able to change the outcome of the fray. The two quintets, each rung the basket for 11 points during the last half.

During the first few minutes of play, the Vernon basketballers hit the basket frequently. Shortly after (Continued on Page Five)

## 100 Scouts Attend Court of Honor In Gymnasium Friday

Approximately 160 Boy Scouts attended the District Court of Honor held in the Crowell gymnasium Friday night, January 24. Scouts from Odell, Vernon and Crowell held the Scout jamboree.

The meeting was the first of a series to be held at the three places. The initial meeting was in charge of the Boy Scouts of Vernon and the district commissioner, Asa E. Hill.

Games and contests were held between the various troops. Rev. J. H. Hamblen, pastor of the First Methodist Church of Vernon, addressed the boys.

Robert Saunders and Jimmy Williams of Crowell were awarded patrol certificates.

At the meeting Friday night Troop No. 5 of Vernon won first place with 215 points. Troop No. 7 of Vernon was second with 135 points.

A Court of Honor will be held in the local Boy Scout hall Thursday evening for the Scouts. Scoutmaster Henry Black has announced.

## Fox and Thomson Buy Out O'Connell

The fixtures of the O'Connell Tea Room were sold this week to Henry Earl Thomson and Crockett Fox, M. O'Connell, manager of the tea room, announced Monday. The new owners are to take charge of the business Saturday.

The new business will include a cafe in connection with the tea room.

Before and After Treatment

Before and After Case of infantile paralysis handled at the Texas Scottish Rite Hospital for Crippled Children.

Jazz music will be used for ammunition in the fight against the ravages of infantile paralysis, when in every city and town in the United States, a million people dance for the Birthday Ball of the President, January 30. Texas, according to a report from the National Committee at Washington, D. C., on the Birthday Ball for the President, is leading the nation in its preparation for this war against disease. To keep this top place, every community in the State must push its own dance to the utmost, says Col. Henry L. Doherty, national chairman. The South is particularly interested in this humanitarian warfare this year, because, for the first time in history, 1935 showed an epidemic of the disease in this section. According to agreement with President Roosevelt, every community keeps 70 cents out of each of the one dollar tickets to this biggest birthday in the world. The only request that President Roosevelt makes is that all of the money raised at his birthday party be used directly for this same nation-wide fight to eradicate infantile paralysis. Says Col. Doherty: "Despite the fresh financial ammunition given to combat the scourge, the 47 hospitals, less than one for every State in the Union, were inundated in a new torrent of ailing humanity flowing through their doors from the epidemic of 1935." He says further that there hos-

H. D. Nelson to Run For Public Weigher Of Precinct No. 1

H. D. Nelson has authorized The News to announce his candidacy for the office of Public Weigher of Precinct No. 1, the Crowell precinct. In making his announcement Mr. Nelson has the following to say: "I have been a citizen of Crowell for many years and need no introduction to the people of this precinct. I am making the race for public weigher because I want the office and feel that I am fully qualified to handle the work in a satisfactory manner. "I expect to make a thorough canvass of the voters of this precinct, but before doing that, I am taking this method of letting you know I am in the race and ask that you give my candidacy due consideration and solicit your support and vote in the Democratic primaries in July."

Turkey Eggs Received Three Months Earlier

Sand Springs, Okla.—(Special) Pointing to the possibilities of securing early turkey eggs in the southwest to supply the northeast, north and northwest markets, the Sand Springs Home Farms announce they have, by improved management and breeding, secured Bronze eggs this year beginning with January 2. "In the north and east turkeys are becoming a year around edible and therefore poultrymen in these sections are willing to pay premium prices for turkey eggs in January, February and March when they are unable to obtain them from their own flocks. "The average flock in the south-

west does not get turkey eggs until the first of April at present by an improved breeding plan and better management the tryman can obtain sufficient from early eggs to pay the cost of his turkey hens. This the eggs he obtains for his flock free of cost and that enables him to realize greater profits. "Sand Springs Home Farms picked 220 of the best pullets, 1,000 turkeys in November and mated these with superior birds in December. They are fed rice mash and morning light used. The matings were small pens, 20 hens and 2 to a pen. There is a small hen each pen, closed on three. From the start these turkeys access to laying mash and to what scratch grain they will clean up before going to each evening."

**Beef Cattle in Texas Show Improvement**

College Station.—The Government purchase of cattle during the drought enabled the ranchmen and farmers of Texas to cull their herds which has resulted in a better class of beef cattle, according to George W. Barnes, Extension animal husbandman.

Barnes in outlining a few things to be done in 1936 for further improvement of Texas beef cattle, also said, "County agricultural agents are taking advantage of the Government culling job and are encouraging the use of better registered sires."

The Extension animal husbandman went on to outline a few tips on raising good beef animals. He said, "The better the quality of the calf the longer it can profitably be fed. A six months' feed will be required to fatten well bred 400 pound steer calves. If calves are as light as 350 pounds when started on feed, seven months will be required. Heifer calves of the same weight and quality will finish 30 to 50 days earlier than steer calves."

"More rapid gains may be secured on steer calves the second 90 to 100 days of feeding than the first. In the fattening period a calf should at least double his weight. A gain of two pounds per day may be considered satisfactory. The amount of feed necessary to fatten a calf will depend upon the condition, quality and weight of the calf and the ability of the feeder. Under ordinary farm conditions, it will take 1,500 pounds of shelled grain, or one ton of grain sorghum heads or ear corn, 300 pounds of cottonseed meal and from three-fourths to one ton of roughage per head.

Grain should be fed in limited amounts at the start of the feeding period and gradually increased until calves are on full feed. Briefly, the whole feeding process consists of starting calves on a little grain and a lot of roughage and gradually changing to a little roughage and a lot of grain. The skill with which a person makes these changes largely determines his success as a feeder."

"Silage may be used as part of the roughage for calves. Silage alone will not produce a satisfactory finish. Silage may be mixed with a full amount of cottonseed meal as the sole feed for at least 30 days to give fill and develop stomachs. As grain is increased, cut down on silage. Two pounds of dry roughage per head per day is advisable."

"Calves fed in open bunks should clean up feed daily with very little feed left in bunk over night. Feed should be ground fine enough to crack sorghum grains and to crack shelled corn into four or five pieces. All feeds should be thoroughly mixed to prevent bolting, and stale feed discarded promptly or fed to other

Dan Tapley of Truscott arrived in Crowell Saturday to join the news gathering staff of The Foard County News. Dan was born and reared in our neighboring town, Truscott, and is not entirely a stranger to many Crowell people. He was graduated from the journalism department of Hardin-Simmons University of Abilene with the class of 1935 and during his senior year was editor-in-chief of the college paper, The Brand. He was a member of the Hardin-Simmons Cowboy Band during the four years he was a student in that institution.

WHAT WILL HAPPEN NEXT?

There is a deep interest in the question often asked now. What is to become of the unemployed when government aid quits or what is to become of the future generations with science and invention increasing the lessening need of labor? Looking back over the history of ages in comparison to our present situation it is evident there is not and never has been any need of a world depression. They have come and gone in irregular succession of years measured always by the relentless indiscretion of the people of the age in which the depression occurred. There is an abundance of labor needed now and there always has been. The law that governs necessary production is shortened only by the people of the age who have wasted or wrongly used surpluses in better times. If every improvement, repair or construction needed or desired now could be taken care of, that is, if the people who desired to have work done could afford to have it done and pay for it, there would be little unemployment especially if people worked on a more equal basis of hours and wages.

Problem of Proving Age Faces Old Age Pension Applicants

Austin, Texas.—Facing old-age assistance applicants will be the difficulty of proving their ages. Orville S. Carpenter, executive director of the Old Age Assistance Commission, said today when asked what he thought the most difficult problem of old people making application.

Application forms will be distributed to cities and towns over the State and will be available to all who want them February 14, when the law goes into effect. As required by the new law, certain facts must be established by the applicant. The law grants assistance to the aged who are 65 years of age or more, and each applicant must definitely and conclusively prove his or her age.

"There are many ways by which a person can establish his age," Director Carpenter stated. "The Commission will consider any evidence that proves or helps to establish definitely the age of the applicant. However, it will be necessary in each case for the applicant to establish to the satisfaction of the Commission, by whatever means he can, that he is 65 years of age."

A number of kinds of evidence to be used in proving age are the following: Birth certificates; Marriage certificates giving the ages of both parties; Birth certificates of children giving age of parents; Ages of sons and daughters when they were sufficiently advanced; Naturalization papers giving age at time of applying for same; Passports; Service books of immigrants; County records; Baptismal certificates; Insurance papers; Employment records; School records; Records of trade unions, fraternal societies, or other organizations; Federal or State records in the case of those who have been in military service; U. S. A. R. U. D. C., Daughters of Texas Revolution, etc.; Hospital records, or those of physicians; Vaccination certificates; Poll tax receipts that show the actual age of voter and not mere fact that he has passed a certain age; Local census records which may give birth date and place; National Census Records, Dept. of Census, Washington, D. C.; Old license records of various kinds (such as hunting, fishing, and liquor licenses) sometimes carrying age; Tombstone records which show the date of death; Entries in a family bible or other genealogical records or memoranda of families of applicants; Bills of sale as a slave in the case of aged negroes; Such other records as the Old Age Assistance Commission may approve.

"Our unrighteousness, judgment and manner of dealing with each other. The most unfortunate thing about the whole matter is that there are those who are not guilty who must of a consequence suffer along with the guilty. The future generation will either suffer or change conditions of social service.—Advertiser, Eldon, Mo.

Lack of Vaccination Endangers Schools

Austin, Texas.—Smallpox epidemics would never occur if everyone, especially children, could be effectively vaccinated, stated Dr. John W. Brown, State Health Officer. At present there is an increasing lack of vaccination among school children and this constitutes a menace.

Modern safeguards have removed every legitimate objection to vaccination. The virus now made from calves, and consequently is incapable of transmitting human blood diseases. Among some ten million vaccinations performed in the Philippine Islands, there was no loss of life or limb or demonstrable injury to health.

A primary vaccination with one successful revaccination will, as a rule, protect throughout life from the milder forms of smallpox, but this is not true in the severer types of this disease. Therefore, be vaccinated and revaccinated at least every five years, so that you will have the greatest protection possible and the least chance of being sick. Revaccination should also be done after each time you have been near a known case of smallpox, for you know that the old vaccination protects if the new one fails to "take." Vaccination is not to be feared but rather to be sought as the only safe, positive, harmless and absolutely certain safeguard against smallpox. See your doctor today and be sure that you are protected.

**SMALLER HOGS WANTED**

During the holiday season papers made many comments on the fact that turkeys now have to be smaller than they used to be, in order to match smaller ovens and smaller families. Smaller hogs are also in demand, and we find The Progressive Farmer saying:

"A medium fat hog is most desirable for home-dressed meat. A 225-pound hog moderately fat will yield hams and three-rib shoulders weighing about 16 pounds each, bacon strips and loins weighing 19 to 22 pounds—cuts of desirable size to cure and store after smoking and that can be cut into satisfactory economical slices or roasts for cooking. Heavier hogs normally produce a greater proportion of lard and bacon and hams that some families consider too fat."

Roy Gardner parked his car on a street in Brockton, Mass., closed the windows, locked all the doors, and went to sleep. When he awoke his wallet with \$64 was gone.

**Mothers read the answer to all your bowel troubles**

Three Steps to Relieving Constipation

A cleansing dose today; a quantity tomorrow; less castor oil until bowels need no help.

Why do people come home from hospital with bowels working well-regulated watch?

The answer is simple, and the answer to all your bowel troubles is to use only the liquid laxative and hospital use a liquid laxative. If you knew what a doctor would use only the liquid laxative, gradually reduced doses, the dosage is the secret of any freedom from constipation.

Ask a doctor about this liquid drug; how very popular laxatives have become. They are right kind of help, and right kind of help. The liquid laxative used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, natural laxatives that can be habit, even in children. So, Pepsin. You just take regular doses till Nature restores herself.

Crowell Loses—

(Continued from Page One)

ter the opening whistle the Lions brought first blood, and were never in serious danger throughout the scrap.

By the time the tardy Wildcats had tallied with a field goal, the Lions were well on their way to victory.

As the bell sounded to end the first quarter, the score stood 5 to 2 for the opposition. As time was called for the intermission at the half the Lions had held the visitors for no gain and the score was 9 to 2, to blot the chances of the Wildcats.

At the beginning of the third quarter the Crowell representatives opened with a dazzling offensive that netted them 4 points to break even with Vernon during the quarter.

Allee touched the basket for two field goals and a gratis shot and Dunagan sank a shot to again tie with the Vernon team in the final period.

To lead the scoring sprees of the night Jack Taylor bagged nine of the Lion points. He was trailed by Earnest Schur with five points. The Foard County offensive was led by Merrill Allee with five points, all of them coming in the final frame.

The invaders were severely handicapped by the absence of two main stringers who were out because of sickness. Wiggins, first string center and all-round star, was missing at the pivot position. Patterson, guard, was also out of the line-up.

Men's Toilet Being Built in Courthouse

Work was begun Wednesday morning on a men's toilet in the basement of the Foard County court house along the east side with an entrance from the outside through the east basement door. The contracts for the job were let Monday morning by the Foard County Commissioners' Court to L. I. Saunders and O. O. Hollingsworth. Saunders is in charge of the carpentering and construction work. Hollingsworth received the contract for the plumbing.

"The toilet will be an up-to-date modern affair, completely equipped with commodes, lavatories, mirrors, etc.," Saunders said. The job will be completed by February 12 or 15, the contractors said.

Southwestern Football Rise is Partly Due to Tech Coaching Schools

Lubbock, Texas.—"The Texas Tech coaching school has caused the sudden rise of Southwestern football, high school or college, more than any other one thing," Elmer Layden, head coach and athletic director at Notre Dame, told several hundred coaches and sports authorities from every section of the country at the annual meeting of the American Football Coaches association in New York City December 26 to 28, Coach Pete Cawthon, athletic director at Texas Tech, stated upon his return from the session.

Not only Layden but many others were impressed with the method in which the summer coaching school was carried on, Cawthon said that Bernie Bierman, head coach at Minnesota, one of the instructors at the school last summer, and the retiring president of the association, backed Layden's statements with the following comment in a speech before the assembly:

"It (the Tech coaching school) is the finest place a coach can go. . . . He can learn a lot of football, if he's a mind to, at the regular classes or at the lobby and private room conferences."

Coach Cawthon announced that Tech would sign for a two-year contract with Villanova university for games in 1937 and '38 in a short time. A change in the Tech football schedule for next fall, by which the Matadors will play Detroit university in Detroit September 19, was made at the meeting. A game with Oklahoma City university was carded for October 3 in Lubbock.

"Steamboat 'Round Bend" Ends Friday Crowell Girl Assists In Baylor Publicity

Only two more days remain for the theatre-goers of Crowell to see Will Rogers in one of his last pictures, "Steamboat Round the Bend." The famous movie which opened here Tuesday night at the preview shows for its last time here Friday night.

As a rival riverman of the Mississippi Irvin S. Cobb, the "Sage of Paducah," adds much to this classic starring Will Rogers.

Supporting Will Rogers and Irvin S. Cobb are Ann Shirley, Eugene Pallette, Stepin Fetchit, and a host of others you always enjoy seeing.

"Steamboat Round the Bend" is a show that you will never regret seeing. It will give you an enduring and pleasing memory of the immortal actor and humorist, Will Rogers.

Believe First Press Came to Texas in 1813

Austin.—Research by Ike Moore, instructor in history at the University of Texas, has brought to light that the first printing press was brought to Texas in 1813, and it is probable that the first newspaper was published that same year.

In an article, "The Earliest Printing and First Newspaper in Texas," in a recent issue of the Southwestern Historical Quarterly, Moore discusses evidence of the publication of a newspaper in 1813, six years earlier than the date other records have shown and 23 years before Texas gained her independence.

Moore gives an account of the struggles against the Spanish government which resulted in the publishing of three newspapers: "Mina's Manifesto, 1817; the Texas Republican, 1819; and El Mijicano. It is the last which Moore believes was the paper published in 1813. The publisher of El Mijicano is believed to have been Jose Alvarez de Toledo, Moore says.

Included in his article is a statement from "The North American" by Henry A. Bullard, secretary and aide-de-camp to Toledo and later a prominent Louisiana citizen. Bullard writes that Toledo, a Cuban who came to Texas to aid the filibustering expedition of Gutierrez-Magee in 1813, carried with him a small printing press and set it up in Nacogdoches, and it was on this press that he printed his paper, Moore asserts.

**Canadian Indians Always Grew Varieties of Corn**

When the early explorers came in contact with the native Indians, in different parts of the country, according to a writer in the Montreal Herald, they found that there was quite a difference in the varieties of corn they grew. This is what we might reasonably expect, when we come to think of the vast extent of country on which it was growing. From South America across Central America and up to latitude fifty north, in Canada, it grows. Some of the French missionaries who did a great deal of the early exploration in North America have left records of how they found the Indians growing small patches of Indian corn. In south and tropical parts was found the large juicy type that we know as "dent" corn. As it becomes ripe, it dries and shrinks with a wrinkle and a dent in the end of the grain. As it goes yet farther north the corn becomes smaller and drier and harder in the grain. This is what we know as the "flint."

The Canadian farmers are still growing a variety known as Canada corn, that is almost identical with the corn the northern Indians were growing at the time they were first met with.

Brazil is said to have destroyed more than 35 million bags of coffee since 1931 in order to reduce the surplus.

**WHAT ARE YOU DOING FOR YOUR SCHOOL PAPER?**  
Although there may be many reporters and assistants in publishing the school paper, we will find that most of the work is done by one or two. It seems that the editor has the biggest job of all, as he has to go to the different reporters and get them to write up a certain item.  
We may classify the assistant editor next, for he has to be prepared at all times to take the place of the editor in getting the news from the reporters, and then having it typed. After all the news has been typed, he has to find a way to take it to the office to be put in the paper.

**SYNOPSIS**

Following his father's bitter criticism of his idle life, and the conviction that he need not expect any immediate financial assistance, Hal Ireland, only son of a wealthy banker, finds himself actually without funds but with promise of a situation in San Francisco, which city he must reach from New York, within a finite time limit. He takes passage on a cross-country auto-ry on a "share expense" basis with five others. Hal begins his journey. Four of his companions cite his interest: a young attractive girl, Barry Tafford; middle-aged Giles Kerrigan; Sister Anastasia, a nun; and a nondescript individual whom he ineffectively dials, Martin Crack. Barry's self-withdrawal annoys him. To Kerrigan he takes to task. The driver, Miller, attempts to abandon the party and abscond with their fares and baggage. Hal trusts Crack. Hal finds his insanity with Kerrigan ripening, though he makes little progress th Barry.

He tried the door and found it locked. A dim figure came toward the net-curtained window, and Hal tried to put down a quick resurgence of excitement. The door swung sidly open and the untidy young man's stage whisper scraped and its edge: "They're all in bed. I waited up for you. I'll just k up and show you where your room is. I was telling Daddy how ky it was you all could just fit, ne of you married and all. Daddy's a great one for talking. You'll be him in the morning. He likes angers. Oh no, but you're going early, aren't you, you won't him." And so on halfway up stairs, where she suddenly interrupted herself to hiss a harsh hhhh" at Hal.

There was a low light over the ding. Eyebrows raised, head nodding, she stabbed her finger vers times at the first door. "Good night," she whispered loudly like a conspirator.

Hal wished he weren't so wide ake; he'd be sorry in the morning. He opened the door gently, ping Kerrigan was too deeply eep to be disturbed. But the ht from the street lamp, striking upward on the white ceiling, ealed a broad and unoccupied ible bed against the wall. Good, ight Hal! He pressed the door shut with less care, shot e bolt under his hand, and found ight switch on the wall at first ock. The light clicked on, and y then he heard a breath quick- eaked behind him in the room. turned, and Barry's blue eyes, th a gleaming rim of wet along ch lower lid, were wide and xious on him.

Alarm—of a curiously prou- and quiet kind—deepened e clarity of her look as she got , turning one hand against her east to hide her crumpled hand- echief. Her golden hair was as u had hoped; the hair-shed- iberate waves to end in a rich icket of half-curled, their rioting nly disciplined at the edges of r smoothly modeled cheeks. ere was new, mature loveliness her straight young body—un- r deep-green satin, fitted to her m waist, spreading to a full ir, and tapered above to her ight shoulders.

The splendor of what he saw, thout moving his look from the ep alarm of her eyes, seemed eck the running of his blood that silent moment—like the adow of shock. And he heard mself say, very gravely: "I'm rry. She told me this was my om. She must have thought . . . wasn't important enough to ish in the expectant silence be- en them, round them, full in e room.

"It's all right," said Barry, her oice coming with reluctance. Something made him say, dely, respectfully, "I'm sorry, ve been crying."

The alarm stayed in her eyes— t a replenished thing, more like e solemn moment of it fixed there er the later business of her et head. She might not have rd him, except that her voice id hurriedly, "That's all right, a."

They stood looking at each oth- er, and new rounds of silence crept o into the room. She was ating for him to go. Hal knew t must turn and walk out at the or; and he must do this before e slow, strong force gathering ewhere deep in him showed elf in his enchanted eyes, be- e it unlocked his resolution, eed the warm words that al- dy stirred at his tongue. It was ace between his lagging com- and to still limbs, that they move, id his, headless authority car- ing forward to take charge e blood and flesh and hurl mind ay, like a dried rag, toward e morning.

He made his legs move him.

# Don't Guess But Know

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

## JUNIOR ADELPHIAN CLUB

The Alpha Junior Adelpian Club met at the home of Miss Mary Lou Fudge Wednesday afternoon.

After a business session and program, delicious refreshments were served to the members and the sponsors, Mrs. George Self and Miss Frankie Kirkpatrick.

## LOCAL SCHOOLS TO COMPETE IN ESSAY CONTEST

Crowell schools, both elementary and secondary, will compete in the Walter Woodul Historical Essay Contest which is being conducted in connection with the Texas Centennial, Superintendent I. T. Graves said this week.

The contest will be conducted through the English and history departments, he said, and every student will be required to write some sort of an essay.

The high school, the seventh grade, and the elementary school will not compete one with the other.

The winning essays will be selected and sent direct to Austin in competition with the winning essays of the other counties of Texas.

## Subjects

The subjects for the Walter Woodul Historical Essay Contest are to be drawn from county history, persons, places, or events of significance in the development of the county. Contestants living in counties recently organized since in no way handicapped since one of the purposes of this contest is to obtain interesting information which heretofore has not been called to public attention.

## Rules

1. Essays must not be more than 500 words in length, and the title of the essay shall not contain more than five words.

2. The Centennial Advisory Board in each county shall work out details of contest procedure within that county, observing the following general directions:

a. All essays shall originate in the history and English classes of the schools, and the first contests shall be within the schools in order that the judges who select the county winners will have to handle only a relatively small number of manuscripts. Each rural elementary school, each rural high school, each independent district elementary school, and each independent district high school shall be limited to one entry in the county contests.

b. There shall be four sets of judges to determine the county winners, three judges for each division, and the decision of these judges shall in all cases be final. All judging shall be done according to the rules found in the Interscholastic League Bulletin on the Ready Writers Contest, page 42, section 7, which reads as follows:

"The Director shall select a committee of three properly qualified and impartial judges, exclusive of teachers whose schools are represented in the contest, to grade the compositions as to relative excellence in interest, organization, and correctness of style. Interest means originality of thought and freshness of treatment such as to get and hold the reader's attention whether the subject discussed be large or small. Organization implies clearness in plan of the composition as a whole, care for its unity and coherence, and also for the unity and coherence of the separate paragraphs. Correctness of style applies, first, to sentences, their proper punctuation and grammar, and second, to words, their proper usage and spelling. While the judges are to take into account all three of these elements in selecting the most effective composition, they shall stress the element of interest more than either of the other two, and the element of organization more than correctness of style."

3. When the county contest is over, the chairman of the County Centennial Advisory Board shall have the four first place essays prepared for entry in the State contest. The essays shall be typed, double-spaced, and with the title in capital letters about four spaces above the opening paragraph. They shall be labeled by county and division (no names).

4. Pecos County—Rural Elementary School. This shall be in the upper left-hand corner of each page. If there are two or three typewritten pages, the label shall be used on all pages in this manner:

Page 2

Pecos County—Rural Elementary School.

The pages shall be securely fastened together, and no protective or title sheets will be used. Address all county winners to:

Walter Woodul Historical Essay Contest, State Department of Publicity, Centennial Headquarters, Dallas, Texas.

5. The school contests shall be concluded sometime during Texas Week, March 1-7. This will give opportunity for an appropriate program honoring the winners. The county contests should be concluded early in April, 1936, so that manuscripts can be prepared for the State contest. The

naming of county winners should be accompanied by appropriate ceremonies and prizes arranged by the County Centennial Advisory Board. The final date for receiving the winning manuscripts at the Dallas office shall be May 1, 1936.

## Awards

The winners of first place in each of the four divisions shall receive \$200 each; of second place, \$100 each; of third place, \$50 each; and of fourth place, \$25 each.

## Inquiries

All inquiries and correspondence relative to this contest shall be addressed to Mrs. Elithe Hamilton Beal, Director Public School Division, State Department of Publicity, Centennial Headquarters, Dallas, Texas.

## State Judges

Committees for judging each of the four divisions will be appointed by Lieutenant-Governor Walter Woodul, and State winners will be announced after May 15, 1936.

## County Library Has Nine New Volumes

Nine new books have been added to the County Library according to Miss Maymie Lee Collins, librarian.

The most recent additions to the library include the following: "Skin Deep," Phillips; "Life Begins at Forty," Pitkin; "Silver in the Sun," Grace N. Crowell; "The Power to Kill," Hiehens; "Moon Shines Bright," Patterson; "Death Rides the Mesa," Gill; "Spring Came on Forever," Aldrich; "Vein of Iron," Glasgow.

## Granddaughter of Crowell Man Dies

Patsy Aleene Alexander, the infant daughter of Mr. and Mrs. D. Alexander, Vernon, and the granddaughter of Ben Kenner of Crowell, died at a Vernon hospital Friday night at 9 o'clock with pneumonia.

Funeral services were held Sunday afternoon at 2 o'clock from the Frost & Laxton Funeral Chapel of Vernon with Rev. T. W. McKeeley, pastor of the Calvary Baptist Church of Vernon, officiating.

The mother of the child, Mrs. Alexander, was formerly Marie Kenner, daughter of Ben Kenner, of Crowell.

## Marx Brothers Will Return with Comedy

Once again the Marx Brothers come to Crowell to delight theatergoers as they appear in "A Night at the Opera" Wednesday, Thursday and Friday of next week.

Groucho, Chico and Harpo are at their height of foolishness, fun, and comedy in this exceptional picture. Be sure and see them as they invade Crowell with an army of wise-cracks, crazy antics, and innumerable tricks.

## Thompson States He Is to Be in Race for Public Weigher

Charles W. Thompson authorized The Foard County News Wednesday to make public his announcement as a candidate for public weigher of Precinct 1.

"I have served in this capacity before, and I believe that I served well. On this basis I ask your support in my coming campaign for this office," he said.

"I am very grateful to the voters of Foard County for their cooperation in my former campaigns, and pledge my utmost service to make this precinct an efficient weigher if they see fit to elect me for the place."

"I shall try to see to it before the primary election if I fail, please accept my announcement as a statement of your support, and vote in the primary."

## ANNOUNCEMENT

Having sold my Womack Bros. to W. W. Tarver, I want to thank the many customers for the large patronage given in past years, and in future years and I want at this time my best wishes for a happy and prosperous life to the people in this community.

Sincerely yours,
