CHEVROLET CO. HOUSE ROBBED; GET NO MONEY

Life Is Damaged; Cash Register Found on Vacant Lot

The M. & S. Chevrolet Company was burglarized Wednesday night, and the burglar broke into the safe, but no money was taken. The robbery was first noticed Thursday morning by J. H. The front door of the building was standing open. It had been broken open. The combination on the safe had been broken and the door to the safe opened. Although there was some money in the safe, it was not taken. One or two of the small papers inside the safe were broken and some of the papers in the safe had been handled. The cash register was taken from the building and it was found on a vacant lot south of the building. It was damaged beyond repair.

In explaining the value of terraces as a control of water erosion, the assessor-collector said that terraces conserve soil.

RETURN FROM VALLEY

Mr. and Mrs. Ben Hinds returned Thursday last week from Raymondville in the Rio Grande Valley where they had gone to get Mrs. Hinds' parents, Mr. and Mrs. C. D. Stephenson, who had spent five months with another daughter, Mrs. W. C. Baker, and husband. They were accompanied to San Antonio by Mrs. Jim Shook who visited her father, A. T. Miller, and other relatives. On the return trip Mr. and Mrs. Hinds and Mr. and Mrs. Stephenson visited one night in the homes of Mr. Miller and Mr. and Mrs. Jesse Moore of San Antonio.

Extra Will Appear April 9 for Jubilee

A special edition of The Foard County News will be published Thursday, April 9, in dedication to Foard County's Forty-fifth Anniversary Jubilee.

HUMBLE WELL GOES TO DEPTH OF 2,625 FEET

The Humble Oil and Refining Company wildcat well, Burnett No. 1 reached a depth of 2,625 feet Tuesday. The original contract for the drilling called for a 4,000-foot well, but the depth of the well has been extended to 4,250 feet.

Will "Blow Lid Off" In Foard if Producer, Say Oil Men

Over twenty-five hundred feet of pipe have been placed in the hole. Tuesday the drillers were under-reaming with a hole full of water. This is their third encounter with water since spudding in. They are now drilling in a sandy line.

The well is located 15 miles west of Crowell in the northeastern part of Section 16, block "L," S. P. Ry. Co. Survey. The drilling block embraces 2,560 acres for which the Humble Company paid about \$10,000 before spudding in January 15.

It is the general opinion of geologists and oil men of this section that the bringing in of this well will "blow the lid off" in Foard County. It is being watched with interest by oil representatives.

The log of the well shows very similar results to the logs of the producing wells of the Texas Company field eight miles southwest. A heavy gas sand is expected at about 3,200 feet.

FIRE DAMAGES HATCHERY AND BUILDING HERE

The Hough hatchery and iron building in which it was located were swept by fire Saturday night about 7 o'clock. It was estimated that the hatchery equipment was damaged about \$400, and the building owned by George Allison was damaged almost beyond repair.

Three thousand chicks were killed and thirteen thousand eggs were ruined by the flames. Fifteen hens in the building were also burned to death.

C. H. Hough, owner of the hatchery equipment, stated that the incubator would be repaired at once and more eggs would be set. Neither Mr. Hough nor Mr. Allison carried insurance on the property.

Chorus Will Present Concert Here April 2

The Hardin-Simmons University chorus and a capella choir will present a program in the Crowell High School auditorium Thursday afternoon, April 2, at 3:30 o'clock under the auspices of the local Parent-Teacher organization.

Declamation, Story Telling Contests Are Staged Monday Night

Tryouts for first and second grade story telling, sub-junior boys' and girls' declamation, and junior girls' and boys' declamation were held in the Crowell High School auditorium Monday night. The winners will represent Crowell in the county Interscholastic League meet to be held here this week-end.

The tryouts lasted from 7:30 to 9:30. Joe Harris scales won first place in the first grade story telling contest for boys. Allen Hardy Sanders was second and Vance Nelson third.

Billie Billington was first in the first grade girls' story telling division. LaRue Graves was second and Bobbie McDaniels was third.

Bobbie Cooper was placed first in the second grade division of the boys' division of the story telling contest. John Calvin Carter was second and Jim Black was third.

Ada Jane Magee was first. Patsy Ketchersid was second and Avalon Jane Smith third.

Declamation. Mabel Clapp was first in the sub-junior girls' declamation contest. Evelyn Jean Scales was second and Joyelle Tysinger was third. In the sub-junior boys' division Ray Burrow was first, Jerry Caldwell and Billy Scott Bruce were second and third.

June Billington won the junior girls' declamation. Wanda Ross Liles and Frances Henry Johnson were second and third. Joe Wallace Beverly placed first in the junior boys' division. He was the only contestant.

BIRTHS. To Mr. and Mrs. R. L. Morris of Foard City, March 9, a daughter, Doris Lee. To Mr. and Mrs. Aubrey A. Manning, of Foard City, March 17, a daughter, Carla June.

OIL LEASES. Frank Hendrix leased 143 acres on sub-division No. 18 of the F. D. Hendrix pasture survey from Roy T. Ellison.

FOARD COUNTY FARMERS FIGHT EROSION WITH TERRACES

of Terracing In Control of Soil Erosion; Lines on 1,500 Acres

Since January 15 more than 1,500 acres of farm land in Foard County have been marked for terracing by County Agent John Nagy. Terraces have already been constructed on 75 or 80 per cent of this land.

The terraces form a safeguard to hundreds of acres of valuable land against water erosion, and increase the rate of production and conserve the soil at the same time. They prevent the water from washing out gulleys on the land and hold the water so that it does not run off the soil.

Cost Is Low. Estimates by Foard County landowners as to the actual worth of the terraces to the land range up to \$14 per acre. The actual cost of terracing the land per acre ranges from 50c to \$1.25. The terracing is estimated to have increased the value of the land by thousands of dollars. Although there has been some terracing in this county for a number of years, the idea of extensive terracing is comparatively new.

Farmers throughout West Texas are turning to more modern methods of farming and taking steps to conserve the land and guard against soil erosion. Figures given by C. W. Mullins, contributor of an article on erosion to the Farmer-Stockman, show that during the last year farmers in West Texas have done more to control this county of East Texas have done in 40 years.

Terracing makes possible and practical contour farming. C. O. Nichols of Foard County, who is an advocate of contour farming, said, "Since my first field was terraced, the soil hasn't blown away to speak of. There were some gulleys I couldn't cross. Now they are filled up." The production of Mr. Nichols' farm shows an increase of 35 per cent in the last 10 years, and production cost has decreased considerably. He gives as the reason for this improvement his system of contour farming.

Conserves Soil. In explaining the value of terraces as a control of water erosion, the assessor-collector said that terraces conserve soil.

Blue Bonnet Is Adopted by Committee as Official Head Dress for Women at 45th Anniversary Jubilee

"Blue bonnets will soon be blooming on the streets of Crowell," states Mrs. M. S. Henry, chairman of the committee on women's dress for the Forty-fifth Anniversary Jubilee of Foard County. At a meeting of the committee Saturday afternoon a "blue bonnet" was adopted as the official head dress for the women to wear before and during the Jubilee.

The bonnet may be made of blue crepe paper, organdy or any blue material desired. A pattern may be obtained from Mrs. Tip Edgin at the court house. The bonnet may be lined with pink or may not, as the wearer desires.

The committee urges that the women make the bonnets right away and wear them by way of advertising the Jubilee from the women's standpoint.

As to the dress to be worn, the committee did not adopt any particular mode, but left that to the taste and preference of the individual. However, it is hoped that every woman in Foard County will dress so as to reflect the pioneer spirit and emphasize the styles worn by the women of that day.

Those ladies who are fortunate enough to have hats and dresses in their possession which they have worn in past years, are urged to wear them on this occasion.

FOARD COUNTY FARMERS FIGHT EROSION WITH TERRACES

M. S. Henry, extreme left, has had terraces built on his farm three miles southwest of Crowell. The actual cost of the terracing, he has estimated, was about 75c per acre. He estimated that it

RADIO STARS TO PLAY FOR CELEBRATION

Members of the general committee in charge of Foard County's Forty-fifth Anniversary Jubilee have received replies from the Light Brand Doughboys of Fort Worth and Bird Brand Cowboys of Dallas that they will be in Crowell to take part in the celebration.

The Light Brand Doughboys, entertainers for the Burrus Mills, of Fort Worth will attend the Jubilee Monday, April 27, with their \$12,000 sound truck and equipment. They will play on the streets and at the rodeo and "will raise Cain in general," they said.

The Doughboys play over station WBAP in Fort Worth every weekday from 12:30 to 12:45 p. m.

The Bird Brand Cowboys who represent the Armstrong Packing Company in Dallas will attend the celebration Tuesday night, April 28, the second day of the Jubilee. The Bird Brand boys play over station WFAA on Mondays and Tuesdays of every week at 12:15 to 12:30 p. m.

The White Swan Parade has announced they will dedicate a program to the celebration sometime between April 15 and the date of the Jubilee. The White Swan parade program is on the air every morning over station WFAA from 7:45 to 8 o'clock.

MUSIC CONTEST IN AUDITORIUM TONIGHT AT 7:30

Literary Events To Be Held Friday; Track Meet Saturday

The Foard County Interscholastic League meet will be held here Thursday night, Friday and Saturday of this week, according to information from the committee directing the tournament in this county.

The program for the scholastic meet was worked out by I. T. Graves, general director of the Interscholastic League in this county, is as follows:

Thursday, Mar. 26, 7:30 P. M. A musical program with songs pertaining to Texas will be given by the choral groups from the schools participating in the music contests. The program will include duets, quartets, primary choruses, intermediate choruses, and high school choruses. A small admission will be charged for the program tonight.

The musical program will not only be the county contest, but will be the tryouts to determine the singers who will make the trip to the Centennial in the summer.

The numbers used in the contests are typical cowboy songs and patriotic songs of Texas.

Friday Morning. At 9 o'clock the essay contest for all divisions will be held in room 106 of the Crowell high school building. Spelling for fourth and fifth grades will be in room 102. High school spellers will convene in room 103. Typing contest will be in room 104. Sixth and seventh grade spelling will be held in room 102.

All divisions of tennis contestants will meet on the tennis courts east of the gymnasium at 9 o'clock Friday morning.

9:30 A. M. to 12 Noon. Beginning at 9:30 in the auditorium extemporaneous speaking and junior declamation for grammar grades and rural schools will take place. The rural choruses will also have their contest there. The arithmetic contests, which will be held at 10:30, will be in room 202.

Friday Afternoon. At 1 o'clock Friday afternoon all divisions of playground ball will meet for the competition in that event. Both boys' and girls' teams will enter the contest. A twelve-inch ball will be used and the distance between the bases will be 45 feet. Pitcher's box will be 38 1/2 feet from the batter's box. If more than four teams

ROOKIES' VETS' ANNUAL MATCH TO BE APRIL 13

Probable Line-Up for Senior Eleven Is Named. The date for the football game between the candidates for the 1936 Crowell High School eleven and the seniors on last year's squad has been set for Monday night, April 13.

The game will conclude the six weeks spring training season for the Wildcats.

The probable starting line-up for the senior squad is: Bob Lilly, center; Albert Dunagan and Oliver Brisco, guards; John Cogdell and Austin Wiggins, tackles; James Stone and Mark Saunders, ends; and Aldon Horn, James Joy, Goodloe Meason and Sam Crews in the backfield. All these men are veterans who lettered last year with the exception of James Stone. He was a reserve on the 1935 squad, but did not receive a letter.

The line-up for the 1936 candidates has not been announced by Coach Grady Graves.

The game will be played in the Wildcat stadium beneath the flood lights. An admission charge will be made to take care of the expenses and to pay for spring training equipment.

Raymond Gibson, candidate for the fullback position on next year's squad has been showing up well. Mr. Graves said. He passes very well and can carry the ball, he said. Gilbert Lanford, a blocking back, is showing promise. In the line Glen Don Reeder is showing up like a veteran at center.

Loss of Color In Leaves Caused by Chlorosis Disease

The yellowing or loss of color in leaves of some plants in your garden or some of your ornamental or orchard trees or even on spots of your field crops is probably a condition called chlorosis, resulting from a nutritional disturbance. Chlorosis is different from the common plant diseases that are caused by fungi or bacteria and cannot be successfully treated by the methods used for those diseases. It does not spread from plant to plant and while the yellowing plants are often found in groups, that is because the soil area contains too much or too little of any of several mineral substances.

Research workers at the Texas Experiment Station state that the most common cause of chlorosis is an excess of lime in certain soils which prevents the iron in the soil from being available to the plant. Other causes include the deficiency of potash or nitrogen, zinc, or manganese, excess of alkali, or defective conditions of the roots or of the whole tree. Chlorosis becomes apparent when the production of green chlorophyll or coloring matter in the leaves has been distributed. These chlorophyll bodies when acted upon by sunlight, manufacture the food for the nourishment of the plant and the production of these chlorophyll bodies depends upon the availability of nitrogen, magnesium and iron. There are two methods of attacking chlorosis, (1) the actual mechanical application of iron into or on the plant and (2) soil treatment to render the iron already in the soil available to the plant. The quickest way of finding out which is needed is to spray the leaves with iron sulphate or zinc sulphate or manganese sulphate. The one needed will turn the leaves green within two weeks.

Under Texas conditions many chlorotic plants will respond to treatment of the soil with iron sulphate (copperas). The best application is 1 part copperas to 1 to 5 parts superphosphate or manure applied in holes a foot deep and 1 inch in diameter filling each hole. These holes are scattered around the plant from a few inches in the case of small plants to 3 to 6 feet in the case of trees, the number of holes varying with the size of the plant. Usually about 1 pound of copperas for each inch in diameter of the tree trunk is sufficient. In the case of roses or other shrubs four holes a foot away from the plant should be sufficient. The iron sulphate, when concentrated in the holes in this manner does not become dissipated by the action of lime in the soil so quickly as if the materials were spread in the soil, thus available supplies to the roots of the plants remain longer; however sulphur and manure supplemented by iron sulphate may be effective in correcting the soil conditions that cause iron starvation. Pulverized sulphur with manure should be worked into the top soil about the plant and allowed to undergo oxidation

for several months after which the iron sulphate-superphosphate mixture may be applied, thus avoiding some of the interference of the lime. Such a treatment will ordinarily remove the need for spraying.

Treatment of the plants with iron is quite successful. A generous spraying of the leaves, leaving no spots unsprayed, with a solution of 1 pound of copperas to 3 or 4 gallons of water will furnish the leaves with iron and cause them to take on a green color. When foliage is tender this may be too strong. Tender citrus foliage was injured by a 1 per cent solution but a .5 per cent solution was effective and did not harm the foliage. Only the leaves touched by the spray will be restored therefore a good job must be done. Foliage appearing after

Did Youself of Kidney Poisons

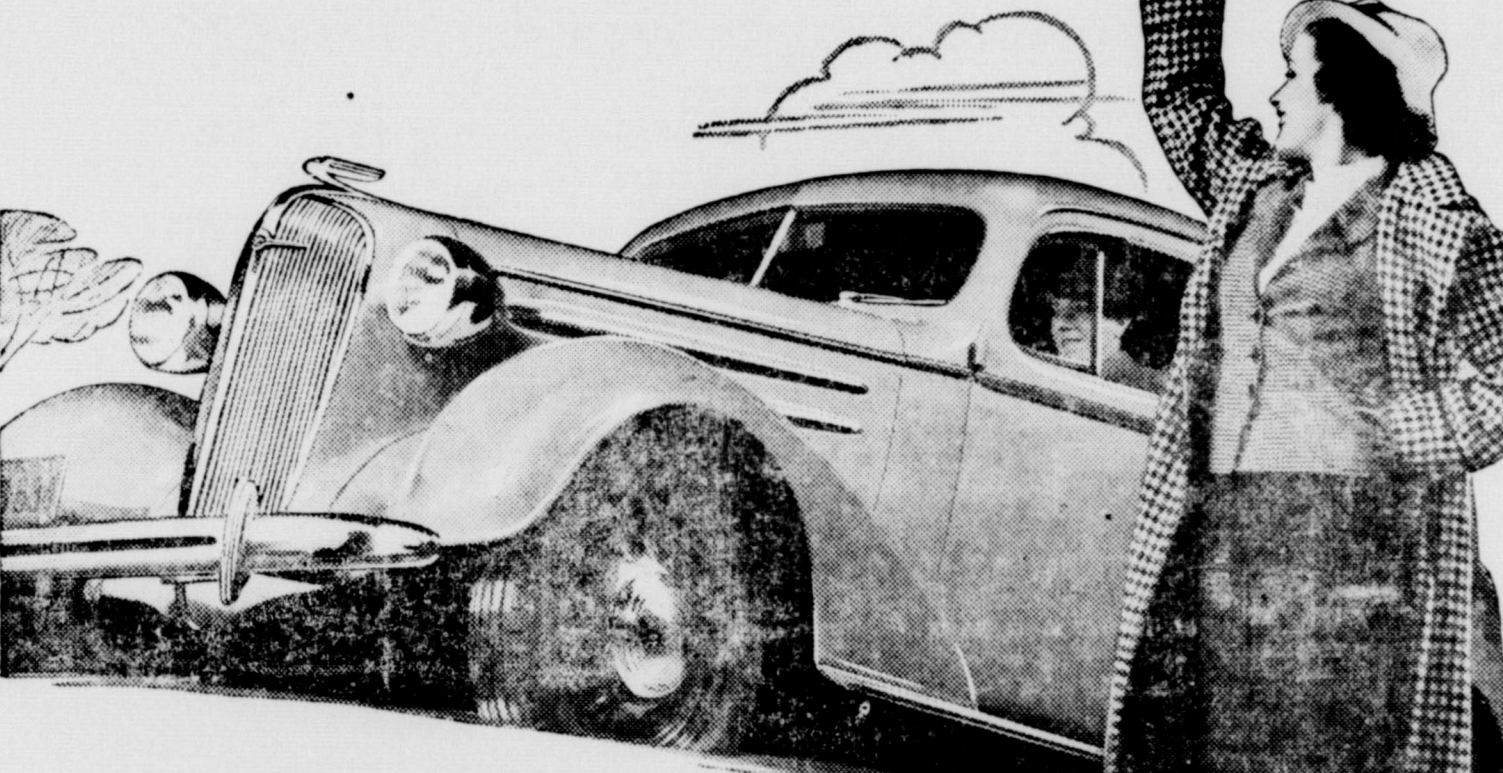

Do you suffer burning, scanty, or
too frequent urination; backache,
headache, dizziness, loss of energy,
leg pains, swellings and puffiness
under the eyes? Are you tired, nerv-
ous—feel all unstrung and don't
know what is wrong?

Then give some thought to your
kidneys. Be sure they function prop-
erly for functional kidney disorder
permits excess waste to stay in the blood,
and to poison and upset the whole
system.

Use Doan's Pills. Doan's are for the
kidneys only. They are recommended
the world over. You can get the
genuine, time-tested Doan's at any drug

THE Foard County News
T. B. KLEPPER, Editor-Owner.
 Entered at the Post Office at Crowell, Texas, as second class matter.
 Crowell, Texas, March 26, 1936

Although the Federal Government has spent staggering sums for the past four years in a supreme effort toward recovery, private business has for the past five years drawn on its reserves for an amount that more than doubles that spent by the government. Business has spent 26 1/2 billion dollars and the government 12 1/2 billion, making a total of 39 billion.

In the case of the Government the money has been borrowed and will be paid back with future taxes with the exception of the amount that has been put into loans that are expected to be repaid to the Treasury. Granting that the Government has made many mistakes, the expenditure of this money has gone far in the relief of distress and the continuation of business, even if it has not been as good as we want and hope for, and the money can be repaid when prosperity does return.

Private business enterprises were indeed fortunate to have wisely stored up reserves for use in an emergency and had this not been the case nobody knows what might have happened during the past four years.

Conditions have improved greatly, according to the most accurate information obtainable, and we believe prosperity will return as it has always done in the past history of the nation.

Texas Centennial Exposition Radio Broadcast Sunday

"Tall" as well as true stories about Texas and its 1936 Centennial Exposition will feature Carveth Wells' third "Exploring America" radio broadcast of the season, Sunday, March 22.

Wells, internationally known reporter and explorer who makes truth sound stranger than fiction, is conducting his present series of programs for Continental Oil Company and may be heard over 20 of the nation's largest stations.

A member of the famous "Chuck Wagon Gang" of Wichita Falls, Texas, Wells has announced that he will describe the Lone Star state's size, history and vacation attractions in the humorous style of the typical Texan.

"Speaking of size," says he, "if all the steers in Texas were one big steer, he would stand with his front feet in the Gulf of Mexico and his hind feet in the Arctic Ocean, while his tail would brush the mist from the Aurora Borealis!"

Local listeners who wish to hear Wells on Sunday, March 22, may do so by dialing station WFAA, Dallas, at 12:15 to 12:45 p. m. o'clock.

GALVESTON IS RESORT

Galveston, one of the Texas Centennial celebration cities this year, was named for Count Bernardo de Galvez. It is located on Galveston island, sometimes called Treasure Island, and is Texas' largest coast resort. Jean LaFitte once used Galveston Island as a base for his piratical expeditions into the Gulf of Mexico.

GEORGETOWN PLANS

Economic and educational advancement will be portrayed in an historic Texas community when Georgetown stages its Agricultural and Cultural fete on April 10 and 11 as a Centennial celebration.

Letters

The following excerpts are taken from letters received by the invitation committee for the 45th Anniversary Jubilee committee:

From John Hendrix (Abilene)

"I have received the kind invitation from you to be present at the 45th anniversary celebration. I will be there unless I break a leg, or my horses get out the night before. I note that you have let the bars down on reminiscing, which is a dangerous thing to do with a fellow like me, for I become reminiscent at the least invitation—authentically or unauthentically—as the customer will stand for. I spent the happiest years of my life on a little ranch in the western part of Foard County. It was not the largest ranch in the country, by no means, but we had a good title to it, for Jack Roberts made the abstracts in long hand. That, I think, was in 1897 when Jack did not have a typewriter to his name. I was not the wisest cowboy or the best one who ever lived in Foard County, but I had an opportunity to get in the way when they were working some of the best cowhands who ever lived—Ed Bomar, Jimmie Olds, John Jones, and dozens of others equally as good. I had opportunity to learn of the cow business from some of the best cowmen who were ever in the business—Jim McAdams, Bill Richards, Frank and Ben Easley, and others whom I met and listened to.

"Two years of the time I batched and feel now that I must have been the original 'Lonesome Cowboy' less ukelele and cowboy songs. I got so lonesome I would search for covered wagons passing through the pasture north of the house, as that was about the time the Lamesa and Plains country were filling up with farmers. Later, Ransom Haskey and I batched for a year or two, Ransom, in his prime, was one of the best specimens of manhood I have ever known, and could jerk a bronc around like he was a milk pen calf.

"The first time I was in Crowell they were building the Thacker building from rock hauled from the Sheffield place northwest of town. I want to be there for the memorial service and rodeo. During the memorial service I will be thinking of old-timers like Crowell, Witherspoon, Thacker, Cheek and the other early folk who competed with the rattlesnakes in catching cotton tails during the years it did not rain. As the rodeo goes on I will be thinking of Jimmie Olds popping the cedar bushes and jumping the red gullies to head or catch an old STV cow, or the rest of the good ropers that country was noted for. During the bronc riding, I shall probably be thinking of the little paint horse that busted Henry Ferguson wide open down at the Nines one cool morning, and of Mexican Taylor and Negro Sam who broke horses for the old Witherspoon outfit.

"It ought to be a good time and I trust you will be able to bring as many of the old-timers together as possible."

From Alanzo Bain (Dallas)

"I am writing to express my appreciation for the thoughtfulness on the part of your Centennial Committee in sending to me an invitation to come to Crowell at the time of the 45th Anniversary celebration.

"I can think of nothing that would afford me more genuine pleasure, and I will be there if it is at all possible."

From Bud Thompson (Roswell, N. M.)

"I would be very proud to be among the old-timers and friends of Foard County's hospitable celebration, but due to an emergency trip and operation expense, it will be impossible for me to come."

From Ed Bomar (Henrietta)

"I will be there on the first day, but can't stay but one day. Saw Rob Wood and he is coming. Ed Worsham's coming."

From F. T. Collingsworth (Shamrock)

"I am glad to have a chance to be at your celebration. Will enjoy meeting all the old-timers. I came to the county in 1889 and was there when they moved the county seat to Quanah. I was there when the jack rabbits, prairie dogs and rattle snakes tried to take the country. Doves of antelopes roamed the country."

From Guy Hunter (Wheeler)

"I wish to thank you for the invitation to your celebration. If possible, I will be there."

From Mrs. J. W. Cope (Dallas)

"I would not miss our 45th Jubilee for anything. I am counting the days. Have a big pot of coffee."

From Mrs. Marvin Johnson (Marvin Daughtry, Sulphur Springs)

"Would be glad to accept invitation to celebration, but at this time it seems doubtful that I shall be able to do so. However, should I be able later to so arrange things that one or both of those days could be spent at dear old Crowell, I shall be happy to greet you all."

From Tom Baker (Elsinore, Cal.)

"I surely appreciate you sending me an invitation. I don't see how I, or we, can be there as I do

not get my vacation until June or July. I would give my right arm to be there to see all the old boys. I was not born when Foard County was organized, it was a year later that I was born across the river from Old Margaret and I feel that I am almost a native of Foard County.

"Although I work for the Standard Oil Co., I still keep a good saddle made by my Dad, Harve Baker, and a pair of shop-made boots and when I get a chance I ride a horse."

From Belle Wingo Hurst (Dexter, N. M.)

"I thank you so much for your kind invitation to attend your anniversary jubilee and can sincerely say that I can think of nothing that would give me greater pleasure than attending your party, however, that pleasure is not mine to have at this time."

From W. B. (Walter) Raney (Ringgold)

"I am writing acceptance of invitation to attend anniversary celebration. I will be there if I can for I hope it will be the best event in the history of Foard County."

From Miss Leona Young (Dallas)

"I was very happy to have your most cordial invitation to attend the 45th Anniversary Jubilee. I shall be happier still if I can arrange it so I can be there. As you know, it is not always easy to get away from an office, but I'll do my best as nothing would please me more than to be among the pioneers who are responsible for the settlement and growth of our beloved city."

From F. M. Edwards (Lubbock)

"I will not be able to attend the celebration, as the fall I had from a windmill two years ago which broke my hip, left me badly crippled. I am on crutches and get about very well, but don't think it advisable to come. Will be represented as part of my family expect to attend."

"While I was not one of the first settlers, I was one of the first to introduce cotton into the county. Living 12 miles southwest of Crowell in the Cottonwood neighborhood, I settled the place now owned by J. H. McDaniel in the spring of 1892. In 1893 my neighbor, Toy Mosley, and I planted a small patch of cotton both of us together made enough to make a bale and had it ginned at Quanah. In the meantime a gin had been built at Crowell and I had the first bale that was ginned by this gin. The next year I also had the first bale of the season. Both bales were ginned free."

From Otis Teague (Fort Worth)

"If the Lord is willing I will be at the celebration with bells on, but I am coming for entertainment and not to entertain, as the amusing incidents are on us and better not be made too public, and I have never become a public speaker either."

From J. M. Patton (Pampa)

"Pampa, the dust bowl of Texas. Thanks for the invitation. As I killed the rattle snakes out there in 1889, I think I am eligible to attend. So saddle Old Paint for I will be there. Will bring old man there can manage to fill him up.

"I will be disappointed in one respect, as you folks still have a bootleg town. Will hate to have to go back to homebrew."

From Wanda Denton Speight

"Thanks for the invitation to attend Foard County's forty-fifth anniversary and will be glad to accept unless something unforeseen happens. My father, J. M. Denton, moved there in 1890 with his family and resided there until 1911 when he moved to Halingen."

Featherston Is Given Ranger's Commission To Get Cow Rustlers

C. H. Featherston of Wichita Falls, who is now living on his ranch seven miles west of Truscott, has been given a special ranger's commission by Governor James V. Alfred as a further step toward curtailing activity of cattle thieves in that district.

Mr. Featherston moved to the ranch several years ago, and has been active in cattle breeding. Extensive stealing of cattle, usually with the aid of motor trucks, has been under way throughout this part of the state for several years, the Governor stated. Recent developments in the Knox County area resulted in the commissioning of Mr. Featherston as a special ranger, it was explained.

Terracing—

(Continued from Page One)

John Nagy, Foard County farm agent, said, "While the terracing is preventing the formation of gulleys, it is also checking the rate of flow and decreasing the volume of water as it advances down the slope during and immediately after a heavy rainfall. It leads the run-off water to one side, checking its speed, before it has done anything like the maximum damage that it could do in sheet erosion. Furthermore, a large part of the silt it has picked up in its downward course is deposited as soon as the rate of flow is checked when it reaches the terrace. In this way a large part of the soil particles are left in the field instead of being carried off to the bottom, creek or river."

Two Aldermen Will Be Chosen April 7; Group Met March 18

An election for two city aldermen will be held in Crowell Tuesday, April 7, with G. A. Mitchell as presiding judge.

Candidates for the places to be left vacant with the expiration of Aldermen R. J. Roberts' and B. F. Ivie's terms must have their names filed with City Secretary J. T. Billington not later than March 31.

This is an "off-year" in the election of members of the city council in that only two new members will be elected. In odd years three aldermen and the mayor are elected. The regular term of office is two years.

The election was officially called at the regular meeting of the council February 19. Regular business was taken care of at the last meeting of the council which convened Wednesday night, March 18.

Haney-Razor and Cash-Way Stores Are Consolidated

The Cash-Way Grocery and the Haney-Razor Grocery consolidated Tuesday and both stores were incorporated into one store, the Haney-Razor Grocery. The stock of the old Cash-Way and the Cash-Way Meat Market were moved to the Haney-Razor store on the north side of the square.

John Razor and T. S. Haney were managers of the two stores and have been in partnership since April, 1924. Mr. Razor was manager of the Haney-Razor and Mr. Haney was manager of the Cash-Way before the merger.

Mr. Razor and Mr. Haney will continue their partnership of the store, and there will be no change in the regular staff of employes.

Revival Will Start at Margaret Sunday

A revival meeting to be held at the Margaret Methodist Church by Rev. Hubert Thomson of Tolbert will start Sunday night, March 29. Rev. Thomson will not be there for the first sermon, but will deliver the sermons from Monday day night throughout the meeting. Rev. Thomson is well-known here, having held a meeting in the local Methodist Church in 1934.

Annual Wolf Hunt to Be Held at Quanah

The Texas-Oklahoma Wolf Hunters Association voted to hold its annual wolf hunt this year on the C. T. Watkins ranch and surrounding territory south of Quanah. The exact date for the hunt has not been set.

It is probable that the date will be in September. The meeting was held at Quanah last year, and the members voted to return here for the meet this year.

Plans and discussion at the meeting indicated the members expect several hundred hunters and their dogs from throughout the two states.

TERRACE LINES

Terrace lines were run this week on 240 acres of land in Foard County by County Farm Agent John Nagy.

Lines were laid on 100 acres of land owned by J. E. Fish of the Vivian community. One hundred acres of land ten miles south of Crowell owned by C. R. Ferguson were also marked for terracing. Lines were laid on 40 acres of land 20 miles west of Crowell. The land belonged to W. O. Fish.

SCATTERING BLESSINGS

The joy resulting from the diffusion of blessings to all around us is the purest and sublimest that can ever enter the human mind, and can be conceived only by those who have experienced it. Next to the consolations of divine grace, it is the most sovereign balm to the miseries of life, both in him who is the object of it, and in him who exercises it.

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
The public is cordially invited.
Sunday, March 29, 1936. Subject: "Reality."

Methodist Church
Church School Day will be observed with an appropriate program at 11 o'clock Sunday. Every worker of the Church School as well as members of the church not engaged in Sunday School activity at present is invited to be present.
The pastor will preach at 7:30 on "Power Through the Holy Spirit." We hope to have an important announcement next week. Look for it.
GEO. TURENTINE, Pastor.

East Side Church of Christ
Services are as follows: Bible study at 10 a. m. Worship at 11 a. m. Evening services: Young People's meeting at 6:30 p. m. and preaching at 7:30 p. m. Sermon subject, "Who, then can be saved?" Everyone is cordially invited to be at all of these services.

Truscott-Foard City M. E. Church
Last Sunday at Foard City the second quarterly conference for Truscott-Foard City church was held. Rev. J. E. Eldridge, presiding elder of Vernon District, preached at 11 a. m. and the Foard City people spread a sumptuous dinner after which the conference was held. The reports showed that progress was being made.

Next Sunday at 11 a. m. the pastor, Rev. M. W. Clark, will preach at Foard City. This is 5th Sunday and the pastor will divide the day with the two churches, being at Truscott for the evening hour.

At 7:30 p. m. at Truscott the W. M. Society will have charge of the services. For the last three months they have been studying the "Elective" Bible course given in the "Adult Student," "Jesus' Use of Scripture." This service will climax that study, with Mrs. M. W. Clark as the leader. We extend a cordial invitation to all to enjoy these services with us.
M. W. CLARK, Pastor.

Christian Science Services
"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 29.
The Golden Text is: "The word of the Lord endureth for ever. And this is the word which by the gospel is preached unto you" (I Peter 1:25).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Praise Him, ye heavens of heavens, and ye waters that be above the heavens. Let them praise the name of the Lord: for he commanded, and they were created. He hath also established them for ever, and ever." (Psalms 148:4, 5, 6.)

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made" (page 472.)

H. D. and 4-H CLUB ACTIVITIES

FOARD COUNTY HOME DEMONSTRATION COUNCIL
Mrs. A. L. Davis, Chairman Mrs. J. L. Hunter, V. Chairman
Miss Bonnie Schroeder, Secretary-Treasurer
Miss Myrna Holman, Home Demonstration Agent

9 Members of Vivian 4-H Club Lead County

The nine members of the Vivian 4-H Club who began work when the club was first re-organized in the fall are at present heading every other group in the county in the amount of work done.

All nine of these members have finished slips, the first goal set for their clothing work. Seven of them have finished equipping work boxes and all of them are working on two other clothing goals set, keeping a record of the clothing bought and checking a personality chart.

All nine of the girls have made garden plans and are waiting to plant as soon as weather permits. Four of these report that they have canned 45 quarts this year.

Six of the club members gave reports of their work the previous year and four have furnished material for news stories.

Three new members have been added to their ranks during the past month and these are working with them on goals assigned at present.

In addition to their work in completing goals, these girls have taken an active part in club meetings, secured demonstrators for each phase of the work, and have an active sponsor who works with them.

GOOD CREEK H. D. CLUB
A Centennial program was given by a committee composed of Mrs. R. L. Thomas, Mrs. A. L. Davis, Mrs. W. L. Scott and Mrs. G. L. Scott at an all-day meeting of the Good Creek Home Demonstration Club Friday, March 20, at the home of Mrs. C. W. Collins with Mrs. G. L. Scott as hostess.

A quilt was quilted in the morning and a lunch was served at noon to members of the club and four visitors, Mrs. J. T. Cox, Mrs. Chas. Lloyd, Mrs. Claude Vessel and Mrs. C. W. Collins. There was one new member, Mrs. L. R. Scott.

The next meeting will be an all-day meeting Friday, April 3, at the home of Mrs. C. H. Groomer.

LEADS 4-H MEMBERS

With 1325 points to her credit, Leota Murphy of the Margaret 4-H Club is in the lead at present in the County 4-H Club contest to check on the girls doing the most outstanding work.

These points were secured by

completing three assigned goals on time, canning 22 containers, writing a record and history of club work, furnishing material for a news story, reporting on her work, and taking part on club programs.

Second Place
With 1,100 points gained Anita Traweck of the Foard City 4-H Club holds second place in the county contest.

Anita has completed three goals, two of them on time, canned 21 containers, gave reports on the work done and wrote a record and history of her club work.

BLACK 4-H CLUB
The Black 4-H Club met at the home of Miss Helen Wisdom Wednesday, March 18. The club was entertained with a Centennial program.

Texas songs and a review of Texas history were features of the program. Dresses to be worn in the Pioneer Parade to be held as a part of Foard County's 45th Anniversary Jubilee April 27-28, were planned.

The next meeting of the club will be held April 1 at the home of Miss Helen Wisdom.

GAMBLEVILLE H. D. CLUB
Echoes from the Texas Centennial celebration were the answers to the roll call by the Gambleville Club March 19, at the home of Miss Mildred Sollis.

A committee was appointed by the president to make plans for a float to be entered in the Foard County celebration parade. One visitor, Mrs. Garnet Jones, was present.

The next meeting will be April 2, with Mrs. A. F. Derrington as hostess.

H. D. REPRESENTATIVES
Each Home Demonstration Club of the county was represented at the meeting of the H. D. Council Saturday, March 20, in the District court room.

Information from the council delegates showed that the clubs had their work well organized and club demonstrators at work on their projects.

A parliamentary drill on amending motions was conducted by Miss Holman. A more frequent use of this privilege would stimulate initiative on the part of its members.

The council will have its next meeting April 18.

SENIORS' HOBBIES
The hobbies of the Crowell High School seniors are many and varied.
Mary E. Hughton says her hobby is dancing, so I guess we can believe her.
The future Ben Bernie is Sam Crews with his music.
There are many other hobbies which the seniors have: Motorcycling is James Joy's; basketball is John Cogdell's; and Juanita Boman says love making.

Lobbying Investigations

Senator Black's Lobby Investigating committee held the spotlight last week and promises to continue to do so because of their earnest efforts to secure information in spite of the fact that many of the different holding companies burned or destroyed their records to prevent any one from knowing to what extent they went to try to block the Wheeler Rayburn bill.

War Department Appropriations

The Senate debated the War Department appropriations bill most of last week and spent two days debating whether or not they would accept the writer's 10 percent curbing amendment.

President's Relief Message

The President last week sent up his relief message asking Congress for another one and one-half billion dollars work relief money for the next year.

Wildlife Conference To Be Held in Austin

Austin, Texas, March 25.—Call for a general meeting of representatives of organizations and individuals to hold a Texas Wildlife Conference in Austin, March 27 and 28, has been issued by Governor Jas. V. Allred. The conference is to be of the same nature as the North American Wildlife Conference held in Washington early in February.

Wildlife Conference To Be Held in Austin

Gov. Allred said, "The urgent need for wildlife conservation and restoration was stressed at the North American Wildlife Conference, assembled in the National Capital, February 3rd to 7th, in response to the call of President Franklin D. Roosevelt. It was agreed by the delegates assembled from all sections of the Continent that the first effective step required is the organization and unification of all of the forces in each of the separate states, primarily interested in any phase of wildlife conservation.

tion of all of the forces in each of the separate states, primarily interested in any phase of wildlife conservation. "In no other state of the Union is there greater need for an awakened sentiment and effort for preservation of the lures of our out-of-doors, than in our great State of Texas. No other state can contribute so much to the national wildlife restoration movement. Here an army of hunters, fishermen and trappers, unwise land use, destruction of forests and many other obvious factors are threatening the security of our wildlife supply.

Wildlife Conference To Be Held in Austin

Speakers of national and international note, including J. N. Darling, president of the General Wildlife Federation and noted cartoonist; Frank Bell, U. S. Commissioner of Fisheries; Carl D. Shoemaker, secretary of the U. S. State Wildlife committee; Juan Ninsler, chief of game administration of the Republic of Mexico, and Roswell P. Rosenbren, vice president of the United States Junior Chamber of Commerce, are among those from out of the state who have places on the program of the Texas meeting.

Wildlife Conference To Be Held in Austin

Representatives of sportsmen's groups, land owners' organizations, all departments of the government interested in any phase of wildlife development, educational institutions and civic groups are being urged to attend the meeting.

Agriculture estimates that the annual direct and indirect values of the wildlife resources of Texas is in excess of ninety millions of dollars. Texas hunters and fishermen are pouring into the channels of trade more than \$25,000,000 annually.

Rural Mothers and Faculty Entertained By Parent-Teachers

Tuesday, March 17, was the high point in achievement for the Crowell Parent-Teacher Association for the year. The faculty of the school and the rural mothers were honor guests for the day. About 90 invitations were sent out to the mothers whose children come in from the rural communities on the buses.

During the morning, the mothers visited the rooms of their children and at noon they and the teachers were invited into the home economics room where the members of the local P. T. A. had arranged a covered dish dinner. The table was beautifully decorated with flowers and loaded with good things to eat.

At 1 p. m. the visitors repaired into the assembly hall where a special Centennial program was carried out. Particular features were the primary and intermediate choruses and the reading of the prize essay by Banks Campbell. His subject was "Pease City," and this essay is one of four to be entered by the Crowell school in the State-wide contest for the best essay on a local historical subject. Lieut. Woodul originated the contest and offered the state prizes. Another outstanding feature was "A Colorful History of Foard County" by Mrs. C. R. Ferguson.

A study course will be conducted early in April for members of the P. T. A. This course will complete the number of points needed to give the association a superior standing. The following slate of officers was submitted by the nominating committee composed of Mrs. N. J. Roberts, Mrs. Hubert Brown and Mrs. W. C. McKown, and was unanimously elected for the year 1936-37: Mrs. E. E. Smith, president; Mrs. Bill Short, vice president; Mrs. Tom Russell, secretary; Mrs. P. D. Moseley, treasurer; Mrs. Ted Burrow, finance chairman; Mrs. John Carter, hospitality; Mrs. Nora Bell, membership; Mrs. A. R. Sanders, program; Mrs. Roy Steele, publicity; Mrs. O. W. Orr, publications; Mrs. Decker Magee, health; Mrs. Dee Roberts, room sponsors; Miss Mildred Cogdell, magazine leader.

The local P. T. A. is entitled to 11 delegates to the district convention to be held in Olney April 14 and 15, and the entire staff of incoming officers were elected as delegates.

Mrs. H. Schindler to Be Representative to Garden Club Meet

The Crowell Garden Club met March 13 at the American Legion hall. With the president in charge the formal business was transacted.

The National Garden Club Federation will meet in Dallas, April 20-22, and the Garden Club president, Mrs. H. Schindler, will attend as a delegate. On invitation of the State President, Mrs. Ben G. ONeal, Mrs. Schindler will act as hostess on April 21 for the session in the Baker Hotel at Dallas.

The Civic Committee reported that the commissioners' court had cooperated in planting shrubs on the court house lawn, and that three corners of the lawn had been landscaped and planted. It should be the pride of every citizen of Foard County to make and keep the court house lawn a place of beauty. First impressions are often lasting and the public square is usually responsible for the first impressions formed by visitors and passers-by.

A clean-up campaign is now on. It is hoped that every citizen of Crowell will heartily co-operate and clean every corner of his premises and help his neighbors in cleaning rubbish from near-by vacant lots. Business places, filling stations, and, especially, wrecking yards, are urged to make their places as clean and attractive as possible. There is still time to plant vines, flowers and shrubs that will lend beauty to the local surroundings and to the town as a whole.

Efforts are still being made to have several road-side parks in the county.

A yard contest was discussed and the civic committee was given authority to offer prizes and formulate rules for a contest to begin now and close in the fall. Members are invited to enter their yards in the contest.

The citizens of Crowell are trying to beautify the town and one obstacle is the destruction caused by dogs, cows, cats, chickens and even thoughtless children. It was pointed out in the discussion. A concerted effort should be made to have just as little of this trouble as possible. Everyone should help to enforce the stock and chicken laws and try to keep dogs and cats out of the lily ponds and fish basins. Children should look forward to the beauty of the town and lend a hand in protecting flowers, hedges and trees. Beautiful yards belong to all and should be the joy and pride of every citizen.

COLUMBIAN CLUB

An annual occasion in the Columbian Club program took place last Wednesday when each member had as her guest a pioneer mother of Foard County at a covered dish luncheon held at the home of Mrs. R. L. Kincaid, with

THALIA-MARGARET W. M. S. HAS JOINT MEETING

Mrs. C. C. Lindsey was hostess to the Margaret and Thalia Methodist Missionary Societies in her home Monday afternoon in a joint meeting.

The Margaret ladies presented a very fine program with Mrs. L. L. Owens as leader. Those taking part on the program were Mrs. John Wesley, Mrs. Frank Dunn, Mrs. Jimmie Larue and Mrs. John L. Hunter Jr. Mrs. J. K. Langley led the closing prayer, and then a very pleasant social hour was enjoyed in games and contests directed by Miss Minnie Wood of the Thalia Society. There were 12 Thalia ladies present and 13 Margaret ladies as follows, Mesdames Geo. Wesley, John Wesley, O. E. Hase-Jill, Jimmie Larue, J. L. Hunter Jr., Arthur Bell, Frank Dunn, W. A. Dunn, Luke Bledsoe, S. J. Bowen, J. H. Taylor, L. L. Owens, M. G. Brotherton and Mrs. J. D. Mahoney of Quanah.

The food was arranged on the dining table, which had a beautiful centerpiece of cut flowers. At another table, attractive with lace cover and with bouquets, Mrs. Bert Self and Mrs. Agnes McLaughlin poured tea and coffee. The guests were seated at quartet tables.

Following the luncheon, a short program was given with Mrs. M. L. Hughston as leader. In appropriate words she welcomed those present and spoke of this entertainment of them as an honor felt by the entire club. Mrs. J. M. Allee responded on behalf of the guests. Mrs. T. L. Hughston gave an interesting sketch of the life of Mrs. Percy Pennybacker. The pioneers were then called upon to tell of their early experiences and their response was hearty and enjoyed by all.

About forty-two were present upon this occasion.

Members of the Business and Professional Women's Club entertained their "bosses" Thursday night with a banquet in the DeLuxe Cafe. Thirty-nine attended the affair.

"Bosses" Are Given Banquet Thursday by B. & P. W. Club

Members of the Business and Professional Women's Club entertained their "bosses" Thursday night with a banquet in the DeLuxe Cafe. Thirty-nine attended the affair.

Mrs. H. Schindler, chairman of the program committee, was toastmistress. Other members of the committee were Miss Mayme Lee Collins and Mrs. H. Schindler.

The program was opened with club songs after which Mrs. Henry Borchardt, president of the club, gave the welcome address. Following the welcome, each member of the club introduced her invited guest or guests with a jingle.

Miss Gusta Davis gave a toast to the bosses. Miss Mayme Lee Collins presented a musical reading, "My Salary," and Leon Solomson, accompanied at the piano by Mrs. Alva Spencer, played several violin solos.

St. Patrick's day furnished the motif for the colors and the interior decorating. Bowls of white sweet peas were center pieces with near blossoms also used in the decorations.

Members who attended the meeting and their guests were: Mrs. Alice Bell and M. S. Henry, Mr. and Mrs. J. R. Beverly, Mrs. Henry Borchardt and husband and Herbert Edwards, Miss Mayme Lee Collins and Mrs. M. S.

Birthday Celebration for Truscott Man

J. L. Bates of Truscott celebrated his seventy-fifth birthday Sunday with a dinner at his home. Fifty-seven relatives attended the affair.

Mr. Bates came to Knox County in 1908 from Temple and has been engaged in business since.

Thirty-two grandchildren and five great grandchildren were at Mr. Bates' home to attend the celebration dinner.

Henry, Miss Gusta Davis, Miss Annie Mae Ellis and J. H. Lang Jr., Miss Jim Lois Gafford, Dave Solis, Miss Florence Cuth and Jim Cates, Miss Bessie Hays and Virgil Peters, Mrs. Myrna Holman and Mrs. Margaret Curtis, Mrs. M. O'Connell and Thomas and S. T. Crews, Mrs. Mrs. H. Schindler, Mrs. Mae Swaim, Mrs. Inez Spencer and Miss Todd and A. F. Wright, Mrs. Mary C. Wright and husband, Mrs. Lennis Woods and Leo Spencer.

EXTEND TIME OF CLEAN-UP WEEK

Due to the fact that the town has been blown almost daily this week and has made it impossible for a clean-up campaign to be conducted as it should be, it has been considered necessary to extend the time for the clean-up campaign through the next week, according to Mrs. N. J. Roberts, Crowell Garden Club Beautification chairman. Also, next week, March 29-31, has been declared as Clean-Up Week and is Fire Prevention Week, so the extension time is amply justified. With other week in which to clean the premises, every citizen should co-operate with the plan to have a clean, attractive town.

MOVED TO GRAHAM

Mr. and Mrs. Clyde King have moved to Graham to live. They left last Thursday.

Celebrating Twelfth Birthday and Consolidation of Stores

The Cash-Way Grocery and Market have been moved this week and consolidated with our store on the north side of the square, the original Haney-Rasor Grocery, that we have operated for the past twelve years. This move has been made with the expectation that we will be better able to serve our customers with an enlarged stock of foodstuffs and a meat market in connection.

Thanks to Our Customers

We take this occasion to again express our sincere appreciation for the patronage that has made the existence of our business possible throughout the twelve years that will be completed April 1. We have worked hard to render a service that would merit your patronage and the success that we have achieved is due to the patronage and good-will of our customers.
